3. After repeated attempts to contact [redacted] by telephone on 4, 5, and 6 February 1965, an appointment was made by me to interview him at his home at 1100L on 8 February 1965.

4. [redacted] met me at the appointed time when I landed at the Watsonville Airport which is located about 5 miles from his home. He introduced me to Mr. [redacted], a member of the local press, who stated that he had seen the Air Force C-47 in the traffic pattern and had stopped by out of curiosity. [redacted] asked me some leading questions about the purpose of my visit to see [redacted] and I referred him to the Hamilton Information Office.

5. [redacted] drove me to a spot on the beach about 2 blocks from his home where he said the space craft had landed and related the following story to me:

a. He often awakes early in the morning and can't go back to sleep so works his ham radio or takes walks on the beach. Between 0155L and 0205L on 30 January 1965 he was walking on the beach when he heard a steady but not loud noise that got increasingly louder as he listened. He then noticed the space craft at about 30° above the horizon on a heading of 220° from his position and it appeared to be moving slowly toward him and descending. The craft had no external lights and seemed to be about 50 feet wide and 30 feet high as it ultimately hovered

of all the files

3
00:00:10,150 --> 00:00:07,680
that have

4
00:00:12,310 --> 00:00:10,160
been in blue book in the air force over

5
00:00:17,269 --> 00:00:12,320
the years

6
00:00:20,710 --> 00:00:17,279
of ufo investigations ufo reports

7
00:00:22,950 --> 00:00:20,720
that hardly any of us know about

8
00:00:25,109 --> 00:00:22,960
there's so many

9
00:00:27,349 --> 00:00:25,119
and the ones that often got discredited

10
00:00:30,790 --> 00:00:27,359
were the contact reports

11
00:00:32,790 --> 00:00:30,800
mr patrick is 45 years of age his high

12
00:00:35,030 --> 00:00:32,800
school education was on active duty in

13
00:00:36,549 --> 00:00:35,040

the air force during world war ii and is

14

00:00:37,830 --> 00:00:36,559

currently a member of the air force

15

00:00:40,470 --> 00:00:37,840

reserve

16

00:00:43,830 --> 00:00:40,480

he is a private pilot with 600 flying

17

00:00:48,709 --> 00:00:43,840

hours and a ham radio

18

00:00:52,950 --> 00:00:51,189

he appears to be of above average

19

00:00:54,630 --> 00:00:52,960

intelligence with an excellent

20

00:00:56,150 --> 00:00:54,640

vocabulary and command of the english

21

00:00:59,110 --> 00:00:56,160

language

22

00:01:01,270 --> 00:00:59,120

he is a guild talker he operates a tv

23

00:01:06,630 --> 00:01:01,280

and radio repair business and lives in a

24

00:01:06,640 --> 00:01:11,350

this report was filed by mr patrick

25

00:01:17,590 --> 00:01:13,670

of la salva beach santa cruz county

26
00:01:17,600 --> 00:01:27,109
encounter happened on january 30th 1965.

27
00:01:32,069 --> 00:01:29,350
the salvametta air force officer and

28
00:01:34,149 --> 00:01:32,079
together they drove to a spot on the

29
00:01:35,749 --> 00:01:34,159
beach about two blocks from

30
00:01:38,230 --> 00:01:35,759
patrick's home where he said the

31
00:01:41,350 --> 00:01:38,240
spacecraft had landed and related the

32
00:01:43,190 --> 00:01:41,360
following story

33
00:01:46,069 --> 00:01:43,200
he often wakes early in the morning

34
00:01:47,749 --> 00:01:46,079
can't go back to sleep

35
00:01:51,190 --> 00:01:47,759
so he works the same radio or takes

36
00:01:55,190 --> 00:01:53,590
and that night on the 30th of january 65

37
00:01:57,910 --> 00:01:55,200
he was walking on the beach when he

38
00:01:59,749 --> 00:01:57,920

heard a steady but not loud noise

39

00:02:02,469 --> 00:01:59,759

that got increasingly louder as he

40

00:02:06,789 --> 00:02:04,789

he then noticed the spacecraft at about

41

00:02:09,830 --> 00:02:06,799

30 degrees above the horizon on a

42

00:02:11,830 --> 00:02:09,840

heading of 220 degrees from his position

43

00:02:15,750 --> 00:02:11,840

and it appeared to be moving slowly

44

00:02:20,470 --> 00:02:17,830

the craft had no external lights and

45

00:02:23,589 --> 00:02:20,480

seemed to be about 50 feet wide and 30

46

00:02:25,830 --> 00:02:23,599

feet high as it ultimately hovered

47

00:02:29,510 --> 00:02:25,840

over the beach at about one to two feet

48

00:02:33,270 --> 00:02:31,990

at this time the sky was clear with good

49

00:02:37,509 --> 00:02:33,280

visibility

50

00:02:42,869 --> 00:02:39,110

the wind was light to calm the

51

00:02:46,790 --> 00:02:42,879

spacecraft was of neutral color

52

00:02:50,630 --> 00:02:48,150

throughout the interview with the air

53

00:02:52,869 --> 00:02:50,640

force gentleman he stated that he was

54

00:03:00,550 --> 00:02:52,879

real scared at all times during this

55

00:03:04,949 --> 00:03:03,110

so then he ran about 150 feet towards

56

00:03:06,949 --> 00:03:04,959

his house but stopped when a male voice

57

00:03:11,190 --> 00:03:06,959

from the spaceship said do not be

58

00:03:23,509 --> 00:03:13,750

the voice had perfect clarity

59

00:03:27,509 --> 00:03:25,430

as the craft hovered close to the ground

60

00:03:29,509 --> 00:03:27,519

there was a large flash which lit up the

61

00:03:31,509 --> 00:03:29,519

entire

62

00:03:33,110 --> 00:03:31,519

countryside but there was no associated

63

00:03:35,509 --> 00:03:33,120

noise

64

00:03:38,630 --> 00:03:35,519

the voice emitting from the craft said

65

00:03:40,470 --> 00:03:38,640

you may come aboard

66

00:03:41,350 --> 00:03:40,480

and we assure you

67

00:03:43,270 --> 00:03:41,360

no

68

00:03:46,710 --> 00:03:43,280

harm

69

00:03:48,470 --> 00:03:46,720

so patrick overcame some of his fear

70

00:03:50,309 --> 00:03:48,480

because of curiosity and went aboard the

71

00:03:54,070 --> 00:03:50,319

craft through a sliding hatch that

72

00:03:59,110 --> 00:03:56,149

the compartment he entered was about six

73

00:04:04,070 --> 00:03:59,120

by eight feet was illuminated by a very

74

00:04:05,910 --> 00:04:04,080

bright blue white indirect lightning

75

00:04:08,309 --> 00:04:05,920

the voice said

76

00:04:11,509 --> 00:04:08,319

relax

77

00:04:16,229 --> 00:04:13,670

and a sliding door opened into another

78

00:04:19,509 --> 00:04:16,239

compartment

79

00:04:22,390 --> 00:04:19,519

he entered and saw man

80

00:04:23,909 --> 00:04:22,400

presumably the owner of the voice who

81

00:04:27,110 --> 00:04:23,919

said

82

00:04:30,629 --> 00:04:27,120

please follow me

83

00:04:35,909 --> 00:04:30,639

you may not touch anything in this craft

84

00:04:39,909 --> 00:04:37,590

the space man looked like a perfect

85

00:04:43,430 --> 00:04:39,919

human specimen he was very erect and

86

00:04:45,110 --> 00:04:43,440

straight of stature five nine tall 145

87

00:04:47,030 --> 00:04:45,120

150 pounds

88

00:04:49,430 --> 00:04:47,040

clear skin no wrinkles or blemishes on

89

00:04:52,150 --> 00:04:49,440

face perfect fingernails and teeth and

90

00:04:54,950 --> 00:04:52,160

had dark care worn and a crew cut style

91

00:04:56,950 --> 00:04:54,960

but very long on top

92

00:05:00,629 --> 00:04:56,960

he was dressed in a very tight two-piece

93

00:05:04,950 --> 00:05:02,469

this basement invited him to ask

94

00:05:09,990 --> 00:05:04,960

questions and so he proceeded to ask the

95

00:05:15,430 --> 00:05:11,029

did you

96

00:05:19,189 --> 00:05:18,070

the whole of our spacecraft absorbs

97

00:05:21,590 --> 00:05:19,199

energy

98

00:05:25,990 --> 00:05:21,600

and will not allow a reflection or

99

00:05:30,550 --> 00:05:27,270

how is your

100

00:05:33,990 --> 00:05:30,560

ship constructed what is your speed

101
00:05:37,029 --> 00:05:34,000
what communications do you have

102
00:05:41,590 --> 00:05:38,790
he then asked

103
00:05:43,830 --> 00:05:41,600
where are you from

104
00:05:45,029 --> 00:05:43,840
our home is on the other side of a

105
00:05:46,710 --> 00:05:45,039
planet

106
00:05:49,749 --> 00:05:46,720
which you can observe

107
00:05:56,950 --> 00:05:51,830
are you human

108
00:06:02,790 --> 00:05:59,830
do you live like us

109
00:06:05,510 --> 00:06:02,800
we live in a similar manner to you but

110
00:06:08,469 --> 00:06:05,520
we are much more respectful to the

111
00:06:15,990 --> 00:06:12,309
how far is your home from us

112
00:06:19,990 --> 00:06:16,000
we are not in terms of miles or days we

113
00:06:23,110 --> 00:06:20,000

operate in terms of light

114

00:06:26,070 --> 00:06:23,120

long did it take you to get here

115

00:06:28,150 --> 00:06:26,080

many lights

116

00:06:29,029 --> 00:06:28,160

have you been here before

117

00:06:31,670 --> 00:06:29,039

yes

118

00:06:32,830 --> 00:06:31,680

to this planet

119

00:06:37,670 --> 00:06:32,840

why are you

120

00:06:44,309 --> 00:06:40,469

have you ever been attacked

121

00:06:44,319 --> 00:06:47,189

are you alone

122

00:06:50,230 --> 00:06:48,390

no

123

00:06:55,670 --> 00:06:50,240

look out this special window and you

124

00:07:00,550 --> 00:06:58,230

the navigation craft was observed to be

125

00:07:05,029 --> 00:07:00,560

a long distance away and high in the sky

126
00:07:10,550 --> 00:07:08,309
do you have a means of attacking anyone

127
00:07:12,550 --> 00:07:10,560
no not this craft but the navigation

128
00:07:14,790 --> 00:07:12,560
craft can counter attack from many

129
00:07:17,909 --> 00:07:14,800
lights away

130
00:07:19,589 --> 00:07:17,919
how did you pick me for this experience

131
00:07:21,589 --> 00:07:19,599
we did not pick you

132
00:07:23,350 --> 00:07:21,599
it was your choice

133
00:07:25,110 --> 00:07:23,360
you are the first person ever to come

134
00:07:27,589 --> 00:07:25,120
aboard this ship

135
00:07:31,189 --> 00:07:27,599
we have invited many before

136
00:07:32,950 --> 00:07:31,199
but they were frightened away

137
00:07:34,390 --> 00:07:32,960
if i were a scientist could i have

138
00:07:36,870 --> 00:07:34,400

learned more

139

00:07:40,710 --> 00:07:38,629

have you ever tried to communicate with

140

00:07:41,909 --> 00:07:40,720

the countries on earth

141

00:07:44,230 --> 00:07:41,919

no

142

00:07:47,830 --> 00:07:44,240

all nations have a tendency to attack

143

00:07:50,230 --> 00:07:47,840

unknown objects without warning

144

00:07:52,309 --> 00:07:50,240

will ever see you again

145

00:07:54,309 --> 00:07:52,319

we will return

146

00:07:57,029 --> 00:07:54,319

but will be undetected because we know

147

00:07:59,270 --> 00:07:57,039

the movements of your ships and aircraft

148

00:08:02,150 --> 00:07:59,280

and we always come by darkness or cloud

149

00:08:07,189 --> 00:08:02,160

cover we can see small movements

150

00:08:11,189 --> 00:08:08,550

he was then given a tour of the

151
00:08:14,150 --> 00:08:11,199
spacecraft and saw other spacemen one of

152
00:08:16,550 --> 00:08:14,160
whom he thought was a girl

153
00:08:18,309 --> 00:08:16,560
a board but did not talk to them as the

154
00:08:20,869 --> 00:08:18,319
original spaceman was the only one that

155
00:08:22,629 --> 00:08:20,879
could speak english

156
00:08:27,670 --> 00:08:22,639
during his tour he saw various

157
00:08:32,310 --> 00:08:29,670
when he and his escort

158
00:08:33,990 --> 00:08:32,320
entered the consultation room

159
00:08:35,909 --> 00:08:34,000
or the chapel

160
00:08:41,430 --> 00:08:35,919
in the craft the space man told them

161
00:08:47,030 --> 00:08:42,949
but are

162
00:08:51,670 --> 00:08:49,750
also that in their society there is no

163
00:08:55,110 --> 00:08:51,680

sickness or disease

164

00:08:57,190 --> 00:08:55,120

no police force everyone works together

165

00:09:01,750 --> 00:08:57,200

and that they must practice strict birth

166

00:09:06,230 --> 00:09:03,110

during the time he was aboard the

167

00:09:11,590 --> 00:09:06,240

spaceship took off and moved temporarily

168

00:09:15,430 --> 00:09:13,269

but there was no sense of movement or

169

00:09:17,190 --> 00:09:15,440

noise during the flight

170

00:09:19,269 --> 00:09:17,200

there was no loose items in the craft

171

00:09:23,110 --> 00:09:19,279

and everything had rounded corners and

172

00:09:26,870 --> 00:09:24,949

a couple hours later the spaceship

173

00:09:28,949 --> 00:09:26,880

deposited him back to the original

174

00:09:30,710 --> 00:09:28,959

landing spot as he disembarked he felt

175

00:09:34,829 --> 00:09:30,720

the surface of the craft

176

00:09:37,190 --> 00:09:34,839

and it had a highly polished smooth

177

00:09:40,389 --> 00:09:37,200

feeling during the time patrick was

178

00:09:41,590 --> 00:09:40,399

relating the above to me he frequently

179

00:09:43,990 --> 00:09:41,600

referred to the

180

00:09:45,509 --> 00:09:44,000

type written notes and provided me with

181

00:09:48,630 --> 00:09:45,519

drawings of this page

182

00:09:52,150 --> 00:09:50,470

mr patrick alluded to the fact that he

183

00:09:54,630 --> 00:09:52,160

is going to write a book or magazine

184

00:09:56,870 --> 00:09:54,640

article about his experience

185

with the spaceship

186

00:10:02,230 --> 00:09:59,360

it's my opinion that this is not a valid

187

00:10:03,829 --> 00:10:02,240

ufo contact but rather an attempt on mr

188

00:10:06,389 --> 00:10:03,839

patrick's part to get the air force

189

00:10:09,910 --> 00:10:06,399

190

00:10:12,230 --> 00:10:09,920

authenticity and credibility

191

00:10:14,949 --> 00:10:12,240

i recommend that no further

00:10:17,269 --> 00:10:14,959

local investigative action be taken and

193

00:10:19,990 --> 00:10:17,279

that this report be forwarded

194

00:10:21,829 --> 00:10:20,000
