[Music]

2
00:00:23,910 --> 00:00:14,890
the same as a brother

3
00:00:23,920 --> 00:00:32,249
so close to another

4
00:00:32,259 --> 00:00:35,590
[Music]

5
00:00:35,600 --> 00:00:41,590
it's the same as my brother

6
00:00:53,270 --> 00:00:43,940
with days

7
00:00:53,280 --> 00:01:01,160
constitutes a a different form of life

8
00:01:01,170 --> 00:01:10,390
[Music]

9
00:01:13,670 --> 00:01:12,789
what's up everybody happy to have you

10
00:01:16,710 --> 00:01:13,680
here

11
00:01:18,469 --> 00:01:16,720
and you know what day it is it's the day

12
00:01:19,749 --> 00:01:18,479
that we've all been waiting for me

13
00:01:20,870 --> 00:01:19,759

especially

14

00:01:23,670 --> 00:01:20,880

because

15

00:01:26,070 --> 00:01:23,680

our wednesday friend joins us

16

00:01:26,950 --> 00:01:26,080

his official name is not wednesday

17

00:01:29,109 --> 00:01:26,960

friend

18

00:01:31,109 --> 00:01:29,119

however i've petitioned

19

00:01:32,550 --> 00:01:31,119

for it to be

20

00:01:34,710 --> 00:01:32,560

i will update you

21

00:01:38,830 --> 00:01:34,720

as soon as possible

22

00:01:41,109 --> 00:01:38,840

for now i'll call him by his lawful name

23

00:01:43,109 --> 00:01:41,119

jay christopher

24

00:01:46,310 --> 00:01:43,119

king how are you

25

00:01:48,069 --> 00:01:46,320

i'm doing well it's great to see you

26

00:01:50,550 --> 00:01:48,079

probably

27

00:01:52,310 --> 00:01:50,560

never weird everybody off by now

28

00:01:53,429 --> 00:01:52,320

oh

29

00:01:55,030 --> 00:01:53,439

i mean

30

00:01:56,950 --> 00:01:55,040

if they would have been weirded out by

31

00:01:57,749 --> 00:01:56,960

you it would have happened months ago

32

00:01:58,950 --> 00:01:57,759

right

33

00:02:00,469 --> 00:01:58,960

i mean

34

00:02:01,990 --> 00:02:00,479

you figure right

35

00:02:04,789 --> 00:02:02,000

i think yeah

36

00:02:06,069 --> 00:02:04,799

i uh between the news today and i i just

37

00:02:08,869 --> 00:02:06,079

picked up

38

00:02:10,150 --> 00:02:08,879

my copy of above top secret by tim good

39

00:02:10,600 --> 00:02:10,160

which is gonna be

40

00:02:12,630 --> 00:02:10,610

our uh

41

00:02:14,150 --> 00:02:12,640

[Music]

42

00:02:16,229 --> 00:02:14,160

the same guy i know

43

00:02:17,750 --> 00:02:16,239

yeah it's so weird because uh we're both

44

00:02:21,350 --> 00:02:17,760

in uap book club together and we're

45

00:02:25,589 --> 00:02:23,430

maybe we should tell them about how we

46

00:02:28,390 --> 00:02:25,599

cloned mine

47

00:02:30,550 --> 00:02:28,400

that's right yeah

48

00:02:32,949 --> 00:02:30,560

very dolly the sheep kind of situation

49

00:02:34,390 --> 00:02:32,959

yeah it was really kind of uh mr rendell

50

00:02:35,589 --> 00:02:34,400

to suggest

51
00:02:36,869 --> 00:02:35,599
a book

52
00:02:39,750 --> 00:02:36,879
that's uh

53
00:02:41,110 --> 00:02:39,760
you know 584

54
00:02:43,430 --> 00:02:41,120
five

55
00:02:46,150 --> 00:02:43,440
592 pages

56
00:02:48,150 --> 00:02:46,160
you know to just casually

57
00:02:50,309 --> 00:02:48,160
dive into amidst all the other work that

58
00:02:52,869 --> 00:02:50,319
we've got going on did he say something

59
00:02:55,110 --> 00:02:52,879
to about like oh don't worry the last

60
00:02:58,070 --> 00:02:55,120
150 pages are just like pictures or

61
00:03:00,309 --> 00:02:58,080
something so it's really only 400.

62
00:03:02,390 --> 00:03:00,319
i mean they're all it's like reference

63
00:03:05,350 --> 00:03:02,400

appendices it actually does seem kind of

64

00:03:06,710 --> 00:03:05,360

important but anyway it'll be great yeah

65

00:03:09,990 --> 00:03:06,720

on

66

00:03:11,030 --> 00:03:10,000

looking forward to it it's a good book

67

00:03:14,390 --> 00:03:11,040

but

68

00:03:17,030 --> 00:03:14,400

big big news day yeah i woke up and

69

00:03:19,350 --> 00:03:17,040

you know it's like the headline of a

70

00:03:20,869 --> 00:03:19,360

lifetime and first of all if tim ever

71

00:03:23,350 --> 00:03:20,879

gets around to watching this i want to

72

00:03:25,110 --> 00:03:23,360

thank him profusely for coming up with

73

00:03:28,070 --> 00:03:25,120

the title of that

74

00:03:29,910 --> 00:03:28,080

because it's an attention grabber and

75

00:03:31,350 --> 00:03:29,920

we're using it so

76

00:03:33,750 --> 00:03:31,360

we'll probably benefit from that a

77

00:03:35,830 --> 00:03:33,760

little bit you know so

78

00:03:37,990 --> 00:03:35,840

sex lies in ufos

79

00:03:39,750 --> 00:03:38,000

that's gotta be a new tv show or

80

00:03:41,750 --> 00:03:39,760

something at some point

81

00:03:43,589 --> 00:03:41,760

i mean i'm i'm guessing it will be i

82

00:03:45,430 --> 00:03:43,599

mean it just keeps getting better from

83

00:03:47,509 --> 00:03:45,440

there through the course of the headline

84

00:03:49,990 --> 00:03:47,519

too sex lies and ufos

85

00:03:52,070 --> 00:03:50,000

pentagon's head of counter intelligence

86

00:03:53,910 --> 00:03:52,080

and security ousted

87

00:03:57,589 --> 00:03:53,920

um a really

88

00:03:59,509 --> 00:03:57,599

a really wild course of events today um

89

00:04:02,149 --> 00:03:59,519

tim says that they've been

90

00:04:03,270 --> 00:04:02,159

they've been he's been researching

91

00:04:04,710 --> 00:04:03,280

um

92

00:04:07,110 --> 00:04:04,720

this article

93

00:04:08,309 --> 00:04:07,120

the the kind of the story going into

94

00:04:10,229 --> 00:04:08,319

this and

95

00:04:13,270 --> 00:04:10,239

and what's been preceding this story

96

00:04:15,750 --> 00:04:13,280

coming out for upwards of two years now

97

00:04:17,830 --> 00:04:15,760

and and he's been kind of hinting at it

98

00:04:19,110 --> 00:04:17,840

for a little while

99

00:04:19,990 --> 00:04:19,120

and of course

100

00:04:21,909 --> 00:04:20,000

um

101
00:04:24,790 --> 00:04:21,919
this story doesn't have everything to do

102
00:04:26,629 --> 00:04:24,800
with lou elizondo or the uap task force

103
00:04:28,550 --> 00:04:26,639
but of course we'll be looking at it

104
00:04:30,790 --> 00:04:28,560
from that angle as well over the course

105
00:04:33,270 --> 00:04:30,800
of the day today right um

106
00:04:34,550 --> 00:04:33,280
so we can sit go through the article a

107
00:04:36,950 --> 00:04:34,560
little bit give people a little bit of

108
00:04:39,749 --> 00:04:36,960
context and then um

109
00:04:41,670 --> 00:04:39,759
here in about 25 minutes or so we have a

110
00:04:44,230 --> 00:04:41,680
special guest coming on chris sharp from

111
00:04:46,469 --> 00:04:44,240
the liberation times is joining us to do

112
00:04:49,510 --> 00:04:46,479
a little

113
00:04:50,629 --> 00:04:49,520

analysis about uh current events and the

114

00:04:52,790 --> 00:04:50,639

article that we're going to talk about

115

00:04:54,390 --> 00:04:52,800

today yep sounds good and you're you're

116

00:04:56,629 --> 00:04:54,400

breaking up just a little bit here and

117

00:04:59,270 --> 00:04:56,639

there but you you seem to be

118

00:05:01,189 --> 00:04:59,280

zapping right back when that happens so

119

00:05:03,670 --> 00:05:01,199

just letting you know in case something

120

00:05:04,790 --> 00:05:03,680

happens everything's okay

121

00:05:06,790 --> 00:05:04,800

all right

122

00:05:09,830 --> 00:05:06,800

i'll do whatever kind of whammies i can

123

00:05:12,230 --> 00:05:09,840

to to stay on board here

124

00:05:13,670 --> 00:05:12,240

yeah i mean the article

125

00:05:16,230 --> 00:05:13,680

first of all i put it in the description

126

00:05:18,230 --> 00:05:16,240

for people if they want to check it out

127

00:05:21,189 --> 00:05:18,240

for themselves which you know i do

128

00:05:23,510 --> 00:05:21,199

always recommend that people do

129

00:05:25,990 --> 00:05:23,520

um and as he said

130

00:05:27,670 --> 00:05:26,000

it a couple years in the making when

131

00:05:29,189 --> 00:05:27,680

you're working on something for that

132

00:05:30,390 --> 00:05:29,199

long

133

00:05:32,710 --> 00:05:30,400

um

134

00:05:34,150 --> 00:05:32,720

man a lot of work goes into it a lot of

135

00:05:35,830 --> 00:05:34,160

patience

136

00:05:37,270 --> 00:05:35,840

uh a lot of thought

137

00:05:39,029 --> 00:05:37,280

and

138

00:05:41,029 --> 00:05:39,039

you know it's

139

00:05:42,710 --> 00:05:41,039

i can't imagine you know working on

140

00:05:45,270 --> 00:05:42,720

something for that long even like songs

141

00:05:48,870 --> 00:05:45,280

or albums or whatever even when i try to

142

00:05:51,830 --> 00:05:48,880

sit on things for too long i just

143

00:05:54,870 --> 00:05:51,840

get too impatient so like kudos to dude

144

00:05:55,830 --> 00:05:54,880

um tim mcmillan for doing that

145

00:05:57,350 --> 00:05:55,840

um

146

00:05:58,629 --> 00:05:57,360

you know he put a lot of effort into it

147

00:06:00,950 --> 00:05:58,639

and i think it really paid off because

148

00:06:04,150 --> 00:06:00,960

he really captured a lot of what was

149

00:06:05,350 --> 00:06:04,160

going on behind the scenes as far as uap

150

00:06:06,390 --> 00:06:05,360

definitely

151

00:06:08,550 --> 00:06:06,400

um

152

00:06:11,510 --> 00:06:08,560

but other really important things that

153

00:06:13,189 --> 00:06:11,520

kind of are important to our our world

154

00:06:16,309 --> 00:06:13,199

in general like

155

00:06:17,270 --> 00:06:16,319

sexual harassment and you know

156

00:06:18,710 --> 00:06:17,280

men

157

00:06:22,390 --> 00:06:18,720

you know

158

00:06:24,469 --> 00:06:22,400

kind of using their power uh over women

159

00:06:25,350 --> 00:06:24,479

and other people um

160

00:06:28,230 --> 00:06:25,360

to

161

00:06:30,469 --> 00:06:28,240

just be kind of cocky [h__h] and i

162

00:06:32,230 --> 00:06:30,479

think we've all gotten to the point uh

163

00:06:34,309 --> 00:06:32,240

in this day and age where we are just

164

00:06:35,749 --> 00:06:34,319

like kind of sick and tired of that

165

00:06:37,670 --> 00:06:35,759

because

166

00:06:39,189 --> 00:06:37,680

you know no one deserves that first of

167

00:06:40,870 --> 00:06:39,199

all um

168

00:06:43,510 --> 00:06:40,880

and

169

00:06:44,950 --> 00:06:43,520

it gives other people a bad name as well

170

00:06:48,469 --> 00:06:44,960

in a bad rep

171

00:06:50,309 --> 00:06:48,479

um and women are just you know

172

00:06:51,270 --> 00:06:50,319

a lot smarter than us

173

00:06:54,710 --> 00:06:51,280

so

174

00:06:58,309 --> 00:06:54,720

that the better

175

00:07:00,710 --> 00:06:58,319

absolutely well and and the article also

176
00:07:03,589 --> 00:07:00,720
in this story also wraps in

177
00:07:05,189 --> 00:07:03,599
a complete botched ending

178
00:07:07,589 --> 00:07:05,199
to a uh

179
00:07:10,550 --> 00:07:07,599
to a 20-year war

180
00:07:12,710 --> 00:07:10,560
uh in afghanistan as well and so there's

181
00:07:14,710 --> 00:07:12,720
there's a lot about kind of

182
00:07:17,749 --> 00:07:14,720
the life in the day and age that we're

183
00:07:19,270 --> 00:07:17,759
in um that this article and the story

184
00:07:20,710 --> 00:07:19,280
really references

185
00:07:21,670 --> 00:07:20,720
so

186
00:07:24,469 --> 00:07:21,680
true

187
00:07:27,029 --> 00:07:24,479
so yeah i love that meme i saw benji

188
00:07:28,070 --> 00:07:27,039

posted earlier today and uh that was

189

00:07:29,029 --> 00:07:28,080

really cute

190

00:07:31,110 --> 00:07:29,039

um

191

00:07:32,469 --> 00:07:31,120

so we're talking about a guy named gary

192

00:07:34,469 --> 00:07:32,479

reed right

193

00:07:35,990 --> 00:07:34,479

we're talking about gary reed not harry

194

00:07:37,589 --> 00:07:36,000

reid the

195

00:07:40,309 --> 00:07:37,599

uh dearly

196

00:07:43,909 --> 00:07:40,319

beloved uh former senator

197

00:07:45,749 --> 00:07:43,919

um who was a guest on witness citizen

198

00:07:48,390 --> 00:07:45,759

months before he passed

199

00:07:50,150 --> 00:07:48,400

but we're talking about gary reed who

200

00:07:53,029 --> 00:07:50,160

apparently um

201
00:07:55,189 --> 00:07:53,039
helped botch our exit from afghanistan

202
00:07:57,510 --> 00:07:55,199
who was

203
00:08:00,390 --> 00:07:57,520
according to tim mcmillan a

204
00:08:02,469 --> 00:08:00,400
serial sexual harasser

205
00:08:03,589 --> 00:08:02,479
at in his office

206
00:08:07,110 --> 00:08:03,599
and

207
00:08:13,749 --> 00:08:10,469
do a lot in terms of of slow walking

208
00:08:14,629 --> 00:08:13,759
disclosure efforts um via the uap task

209
00:08:16,710 --> 00:08:14,639
force

210
00:08:19,029 --> 00:08:16,720
and even the new office

211
00:08:22,790 --> 00:08:19,039
yeah which is

212
00:08:26,790 --> 00:08:22,800
so it's it's just a bombshell article a

213
00:08:28,390 --> 00:08:26,800

real jaw dropper to see here you know um

214

00:08:30,390 --> 00:08:28,400

as it says at the beginning as the

215

00:08:32,630 --> 00:08:30,400

pentagon's director for defense

216

00:08:34,709 --> 00:08:32,640

intelligence and the senior executive in

217

00:08:37,190 --> 00:08:34,719

the office of the under secretary of

218

00:08:39,750 --> 00:08:37,200

defense for intelligence and security

219

00:08:42,310 --> 00:08:39,760

gary reed was in charge of all counter

220

00:08:44,470 --> 00:08:42,320

intelligence security and law

221

00:08:48,070 --> 00:08:44,480

enforcement operations with the

222

00:08:50,710 --> 00:08:48,080

department of defense so this is a very

223

00:08:52,150 --> 00:08:50,720

very senior official here before his

224

00:08:54,070 --> 00:08:52,160

ousting

225

00:08:56,790 --> 00:08:54,080

reid had been the subject of a nearly

226

00:08:58,150 --> 00:08:56,800

two year long investigation by the d

227

00:08:59,910 --> 00:08:58,160

brief

228

00:09:02,550 --> 00:08:59,920

um

229

00:09:04,710 --> 00:09:02,560

you know in 2020 the ig office found

230

00:09:06,870 --> 00:09:04,720

that reid had violated joint ethics

231

00:09:09,030 --> 00:09:06,880

regulations by creating an appearance of

232

00:09:10,870 --> 00:09:09,040

an inappropriate relationship or

233

00:09:13,790 --> 00:09:10,880

preferential treatment with a female

234

00:09:16,470 --> 00:09:13,800

subordinate in mishandling of controlled

235

00:09:17,590 --> 00:09:16,480

unclassified information

236

00:09:20,150 --> 00:09:17,600

he was

237

00:09:22,230 --> 00:09:20,160

sending a work email from his personal

238

00:09:24,630 --> 00:09:22,240

account that had that had classified

239

00:09:27,030 --> 00:09:24,640

information

240

00:09:29,190 --> 00:09:27,040

so basically i mean they call her

241

00:09:31,509 --> 00:09:29,200

employee one and this employee one he

242

00:09:33,670 --> 00:09:31,519

was giving her uh

243

00:09:35,269 --> 00:09:33,680

the preferential treatment they had

244

00:09:37,590 --> 00:09:35,279

secret lunches where they closed the

245

00:09:40,389 --> 00:09:37,600

door they'd take trips out to europe

246

00:09:42,150 --> 00:09:40,399

together um and he tried to say that he

247

00:09:43,829 --> 00:09:42,160

was like her mentor or whatever and he

248

00:09:48,790 --> 00:09:43,839

gave her like kisses on the cheek and

249

00:09:50,470 --> 00:09:48,800

hugs and that lady apparently um wasn't

250

00:09:53,350 --> 00:09:50,480

you know she was

251
00:09:55,670 --> 00:09:53,360
seemingly okay with it and they were

252
00:09:57,190 --> 00:09:55,680
doing this thing together and even

253
00:09:58,790 --> 00:09:57,200
you know later on you learned that both

254
00:10:02,470 --> 00:09:58,800
of them seemingly headed out for louis

255
00:10:04,630 --> 00:10:02,480
elizondo um because lou elizondo wound

256
00:10:07,750 --> 00:10:04,640
up going over his head

257
00:10:09,350 --> 00:10:07,760
uh with the with the uap um stuff

258
00:10:11,509 --> 00:10:09,360
because he couldn't trust gary because

259
00:10:13,269 --> 00:10:11,519
of stuff like this that he was doing in

260
00:10:15,910 --> 00:10:13,279
the store you also hear about an

261
00:10:19,350 --> 00:10:15,920
employee number two employee number two

262
00:10:21,110 --> 00:10:19,360
was a gal who was um getting hugged and

263
00:10:22,150 --> 00:10:21,120

like kissed on the cheek and did not

264

00:10:23,190 --> 00:10:22,160

like it

265

00:10:24,949 --> 00:10:23,200

um

266

00:10:31,350 --> 00:10:24,959

so

267

00:10:33,110 --> 00:10:31,360

that it was sexual harassment

268

00:10:36,949 --> 00:10:33,120

and um

269

00:10:39,670 --> 00:10:36,959

you know the interesting thing to me is

270

00:10:42,790 --> 00:10:39,680

wow what a jerk off some guys in here

271

00:10:43,829 --> 00:10:42,800

calling that lady a name

272

00:10:44,870 --> 00:10:43,839

what a

273

00:10:47,350 --> 00:10:44,880

douche

274

00:10:49,110 --> 00:10:47,360

wow um

275

00:10:50,790 --> 00:10:49,120

and that lady

276

00:10:57,430 --> 00:10:50,800

was

277

00:11:02,470 --> 00:11:00,470

that this gary reed

278

00:11:04,550 --> 00:11:02,480

you know said she never said anything

279

00:11:06,870 --> 00:11:04,560

about like minding the the kiss on the

280

00:11:10,230 --> 00:11:06,880

cheek or the hugs or anything like that

281

00:11:11,509 --> 00:11:10,240

and that is so like

282

00:11:13,990 --> 00:11:11,519

pathetic

283

00:11:16,870 --> 00:11:14,000

like

284

00:11:18,710 --> 00:11:16,880

why would you ever need to give a girl

285

00:11:20,470 --> 00:11:18,720

like a kiss on the cheek or anything

286

00:11:22,550 --> 00:11:20,480

that works for you or anything like that

287

00:11:24,150 --> 00:11:22,560

like there's no reason to do that we're

288

00:11:26,069 --> 00:11:24,160

not in france it's not how you greet

289

00:11:29,750 --> 00:11:26,079

people like it's just completely

290

00:11:32,630 --> 00:11:29,760

inappropriate to to do that you know so

291

00:11:34,710 --> 00:11:32,640

he admitted it in even saying

292

00:11:36,470 --> 00:11:34,720

you know that she didn't mind so

293

00:11:39,110 --> 00:11:36,480

that happened

294

00:11:41,670 --> 00:11:39,120

apparently a lot of other people uh had

295

00:11:45,190 --> 00:11:41,680

negative things to say about him as well

296

00:11:46,790 --> 00:11:45,200

macmillan doctor lots of people up to 14

297

00:11:47,829 --> 00:11:46,800

or something like that and the majority

298

00:11:50,069 --> 00:11:47,839

of them

299

00:11:51,269 --> 00:11:50,079

did not say kind things in one way shape

300

00:11:52,389 --> 00:11:51,279

or form

301

00:11:55,110 --> 00:11:52,399

um

302

00:11:56,629 --> 00:11:55,120

and you know then later on the story

303

00:11:58,870 --> 00:11:56,639

also mentioned and talked about

304

00:12:02,150 --> 00:11:58,880

afghanistan and how he botched that and

305

00:12:04,710 --> 00:12:02,160

essentially put the whole mission of you

306

00:12:06,710 --> 00:12:04,720

know getting our troops out of there on

307

00:12:08,790 --> 00:12:06,720

hold just for the fact

308

00:12:11,269 --> 00:12:08,800

so he could come in and let everybody

309

00:12:14,230 --> 00:12:11,279

know that he was the one in charge which

310

00:12:15,509 --> 00:12:14,240

to me is just pretty darn awful talk

311

00:12:16,710 --> 00:12:15,519

about ego

312

00:12:18,870 --> 00:12:16,720

and

313

00:12:19,990 --> 00:12:18,880

you know sacrificing

314

00:12:22,790 --> 00:12:20,000

um

315

00:12:26,150 --> 00:12:22,800

people's lives for your ego so

316

00:12:29,030 --> 00:12:26,160

um from what we've read and everything

317

00:12:31,110 --> 00:12:29,040

good riddance i'm glad the guy's gone

318

00:12:32,870 --> 00:12:31,120

um he was also

319

00:12:35,190 --> 00:12:32,880

you know holding back this uap stuff

320

00:12:37,110 --> 00:12:35,200

making louis elizando's life pretty much

321

00:12:39,350 --> 00:12:37,120

a nightmare apparently coaching susan

322

00:12:40,629 --> 00:12:39,360

gao on what to say about luella zondo

323

00:12:42,150 --> 00:12:40,639

which was

324

00:12:43,670 --> 00:12:42,160

pretty much lying about him to the

325

00:12:46,550 --> 00:12:43,680

public to us

326

00:12:47,430 --> 00:12:46,560

um in making his battle with what he was

327

00:12:49,750 --> 00:12:47,440

doing

328

00:12:51,829 --> 00:12:49,760

with fighting for uap transparency which

329

00:12:53,750 --> 00:12:51,839

is hardened in and of itself

330

00:12:55,750 --> 00:12:53,760

even harder

331

00:12:59,190 --> 00:12:55,760

you know

332

00:13:02,470 --> 00:12:59,200

and subsequently we see all these people

333

00:13:05,430 --> 00:13:02,480

um whatever media outlet you want to use

334

00:13:06,790 --> 00:13:05,440

that use the thing susan gao said

335

00:13:08,790 --> 00:13:06,800

like

336

00:13:10,629 --> 00:13:08,800

you know he had no business with atip or

337

00:13:13,430 --> 00:13:10,639

whatever

338

00:13:14,790 --> 00:13:13,440

you know using that to continue

339

00:13:17,509 --> 00:13:14,800

to try to pull

340

00:13:19,910 --> 00:13:17,519

elizondo down

341

00:13:22,150 --> 00:13:19,920

who in my opinion is not as good man

342

00:13:22,949 --> 00:13:22,160

doing good work

343

00:13:25,509 --> 00:13:22,959

so

344

00:13:28,150 --> 00:13:25,519

just putting it into context there

345

00:13:30,470 --> 00:13:28,160

oh absolutely and

346

00:13:33,509 --> 00:13:30,480

along those lines you know this

347

00:13:35,829 --> 00:13:33,519

this this guy gary reed apparently as it

348

00:13:37,750 --> 00:13:35,839

says in the debrief article and of

349

00:13:39,509 --> 00:13:37,760

course this is a developing story so

350

00:13:41,189 --> 00:13:39,519

we're going to find out more details in

351
00:13:44,470 --> 00:13:41,199
the days to come we're going to be doing

352
00:13:47,509 --> 00:13:44,480
the best analysis that we can do day of

353
00:13:49,189 --> 00:13:47,519
today in kind of looking at analyzing

354
00:13:50,710 --> 00:13:49,199
the story and bringing chris in to talk

355
00:13:52,710 --> 00:13:50,720
about it

356
00:13:54,310 --> 00:13:52,720
but gary reed apparently according to

357
00:13:57,110 --> 00:13:54,320
tim mcmillan and according to this

358
00:13:59,189 --> 00:13:57,120
article he did honorable service in the

359
00:14:01,509 --> 00:13:59,199
delta force in the army when he was

360
00:14:03,829 --> 00:14:01,519
younger and according to various people

361
00:14:05,910 --> 00:14:03,839
that didn't necessarily want to be named

362
00:14:07,750 --> 00:14:05,920
uh it was when he

363
00:14:08,949 --> 00:14:07,760

came to the pentagon that things started

364

00:14:11,670 --> 00:14:08,959

to go awry

365

00:14:15,110 --> 00:14:11,680

right right and if it was if it was just

366

00:14:17,350 --> 00:14:15,120

in a consensual workplace relationship

367

00:14:19,350 --> 00:14:17,360

you know in 2022

368

00:14:22,150 --> 00:14:19,360

um it sounds like from the tenor of the

369

00:14:23,990 --> 00:14:22,160

article that a lot of people would have

370

00:14:26,389 --> 00:14:24,000

generally speaking turned a blind eye to

371

00:14:28,230 --> 00:14:26,399

that but it was more the

372

00:14:31,829 --> 00:14:28,240

the call the whole constellation of

373

00:14:34,389 --> 00:14:31,839

things and in a way that way it's it's

374

00:14:35,829 --> 00:14:34,399

it's shocking in its own right that in

375

00:14:37,990 --> 00:14:35,839

this day and age

376

00:14:39,189 --> 00:14:38,000

that it takes an inappropriate

377

00:14:43,030 --> 00:14:39,199

relationship

378

00:14:46,150 --> 00:14:43,040

a unwanted unwanted sexual advances

379

00:14:48,710 --> 00:14:46,160

and the complete botched exit of a

380

00:14:49,829 --> 00:14:48,720

20-year war in afghanistan

381

00:14:52,870 --> 00:14:49,839

uh

382

00:14:55,430 --> 00:14:52,880

all of those things for a guy to to get

383

00:14:57,430 --> 00:14:55,440

booted in a senior position like his

384

00:14:59,350 --> 00:14:57,440

uh yeah you know like it doesn't seem

385

00:15:02,150 --> 00:14:59,360

like it it should have to take that much

386

00:15:03,509 --> 00:15:02,160

but it also apparently took a an

387

00:15:04,550 --> 00:15:03,519

and ig

388

00:15:07,750 --> 00:15:04,560

uh

389

00:15:08,470 --> 00:15:07,760

that um lou elizondo and danny sheehan

390

00:15:10,629 --> 00:15:08,480

uh

391

00:15:13,030 --> 00:15:10,639

you know filed a complaint right and

392

00:15:16,629 --> 00:15:13,040

that that that really helped um

393

00:15:19,110 --> 00:15:16,639

precipitate his exit apparently which is

394

00:15:21,030 --> 00:15:19,120

which is pretty fascinating you know

395

00:15:23,189 --> 00:15:21,040

yeah it's about yeah like you said i

396

00:15:25,509 --> 00:15:23,199

think you hit the nail on the head like

397

00:15:27,590 --> 00:15:25,519

all of the things that were mentioned in

398

00:15:29,430 --> 00:15:27,600

that article it was an all-encompassing

399

00:15:31,590 --> 00:15:29,440

thing that kind of booted in his butt

400

00:15:33,189 --> 00:15:31,600

out the door you know versus one thing

401
00:15:35,590 --> 00:15:33,199
or another and

402
00:15:37,590 --> 00:15:35,600
you know um

403
00:15:39,749 --> 00:15:37,600
it should be enough if he's hugging and

404
00:15:42,310 --> 00:15:39,759
kiss girls on the cheek that don't want

405
00:15:44,470 --> 00:15:42,320
it to to get rid of the guy you know

406
00:15:49,110 --> 00:15:44,480
unfortunately that wasn't the case

407
00:15:52,230 --> 00:15:49,120
he had his claws deep in his position

408
00:15:54,310 --> 00:15:52,240
you know seemingly in the pentagon so

409
00:15:57,990 --> 00:15:54,320
regardless i'm glad he is out of there

410
00:16:01,110 --> 00:15:58,000
now i guess the the flip side of this is

411
00:16:03,509 --> 00:16:01,120
you know how much did he really

412
00:16:05,910 --> 00:16:03,519
you know this is a ufo show

413
00:16:07,189 --> 00:16:05,920

more or less how much did he actually

414

00:16:10,949 --> 00:16:07,199

hold back

415

00:16:13,829 --> 00:16:10,959

you know uap transparency um

416

00:16:16,310 --> 00:16:13,839

obviously he did because he had some

417

00:16:18,389 --> 00:16:16,320

sort of vendetta against elizondo as far

418

00:16:20,310 --> 00:16:18,399

as we know that was the only reason i

419

00:16:21,430 --> 00:16:20,320

think maybe it's not as black and white

420

00:16:24,150 --> 00:16:21,440

as that

421

00:16:25,829 --> 00:16:24,160

although i'm sure that is a reason

422

00:16:27,590 --> 00:16:25,839

there could be others as well like what

423

00:16:30,870 --> 00:16:27,600

we hear about people being demonic i

424

00:16:33,590 --> 00:16:30,880

remember lou elizondo telling someone

425

00:16:35,030 --> 00:16:33,600

asking someone about it frank and it was

426

00:16:37,269 --> 00:16:35,040

somebody above him that told him we

427

00:16:38,550 --> 00:16:37,279

already know what it is it's demons you

428

00:16:40,470 --> 00:16:38,560

know

429

00:16:43,030 --> 00:16:40,480

it was he one of those guys too i don't

430

00:16:45,509 --> 00:16:43,040

know that's speculation but

431

00:16:47,910 --> 00:16:45,519

you know i think it has to be

432

00:16:50,230 --> 00:16:47,920

a sample size of what probably is a

433

00:16:53,189 --> 00:16:50,240

larger problem within the dod especially

434

00:16:54,150 --> 00:16:53,199

if this guy was able to get a uh

435

00:16:55,350 --> 00:16:54,160

get

436

00:16:57,910 --> 00:16:55,360

um

437

00:16:59,829 --> 00:16:57,920

you know get by doing that for so long

438

00:17:01,430 --> 00:16:59,839

i bet there were instigators and people

439

00:17:03,350 --> 00:17:01,440

that would prop them up and support that

440

00:17:05,029 --> 00:17:03,360

kind of behavior but

441

00:17:07,429 --> 00:17:05,039

yeah sure

442

00:17:09,429 --> 00:17:07,439

yeah as it says in the article according

443

00:17:11,189 --> 00:17:09,439

to elizondo and several current and

444

00:17:13,510 --> 00:17:11,199

former defense officials that the

445

00:17:16,309 --> 00:17:13,520

debrief spoke with the pentagon's

446

00:17:18,870 --> 00:17:16,319

inconsistent messaging on elizondo's

447

00:17:21,829 --> 00:17:18,880

involvement in atip and general aversion

448

00:17:24,309 --> 00:17:21,839

to being open about its interest in uip

449

00:17:26,789 --> 00:17:24,319

is in large part due to one person lou

450

00:17:29,750 --> 00:17:26,799

elizondo's former boss

451

00:17:31,830 --> 00:17:29,760

or as one current senior intelligence

452

00:17:35,430 --> 00:17:31,840

official worded it when speaking with

453

00:17:36,630 --> 00:17:35,440

the debrief quote gary [h__h] read

454

00:17:38,310 --> 00:17:36,640

unquote

455

00:17:39,909 --> 00:17:38,320

right yeah

456

00:17:42,870 --> 00:17:39,919

yeah oh

457

00:17:45,110 --> 00:17:42,880

clearly upset reid wanted to know what

458

00:17:47,029 --> 00:17:45,120

he should do with elizondo's resignation

459

00:17:49,110 --> 00:17:47,039

letter and demanded he come to see him

460

00:17:51,190 --> 00:17:49,120

at the pentagon when elizondo declined

461

00:17:52,710 --> 00:17:51,200

the invitation reid reportedly

462

00:17:55,029 --> 00:17:52,720

threatened him saying he would tell

463

00:17:57,029 --> 00:17:55,039

people you're crazy and it might impact

464

00:17:59,669 --> 00:17:57,039

your security clearance

465

00:18:03,029 --> 00:17:59,679

so clearly there was there seemed to be

466

00:18:05,190 --> 00:18:03,039

a personal vendetta and also i mean

467

00:18:07,510 --> 00:18:05,200

we're also you know we're looking at the

468

00:18:09,830 --> 00:18:07,520

case of one particular person here but

469

00:18:12,789 --> 00:18:09,840

it it deserves mentioning that we're

470

00:18:14,549 --> 00:18:12,799

also looking at a potentially

471

00:18:17,190 --> 00:18:14,559

um

472

00:18:21,029 --> 00:18:17,200

a huge

473

00:18:23,270 --> 00:18:21,039

procedural or structural problem

474

00:18:25,909 --> 00:18:23,280

with regard to disclosure and

475

00:18:28,070 --> 00:18:25,919

transparency efforts when it comes to

476

00:18:30,230 --> 00:18:28,080

anomalous studies when it comes to uap

477

00:18:34,710 --> 00:18:30,240

when it comes to ufos because what we're

478

00:18:37,350 --> 00:18:34,720

looking at is is is gary susan others

479

00:18:38,710 --> 00:18:37,360

that that are tasked with counter

480

00:18:42,470 --> 00:18:38,720

intelligence

481

00:18:45,029 --> 00:18:42,480

uh handling the uap task force office

482

00:18:48,390 --> 00:18:45,039

and handling the current office

483

00:18:50,789 --> 00:18:48,400

right and so and so this it deserves to

484

00:18:52,950 --> 00:18:50,799

just be completely transparent and

485

00:18:54,870 --> 00:18:52,960

looked at from the community at large

486

00:18:56,710 --> 00:18:54,880

that you know if we're gonna sit here

487

00:18:59,750 --> 00:18:56,720

and we're going to

488

00:19:00,950 --> 00:18:59,760

look at this as an uphill battle you

489

00:19:02,950 --> 00:19:00,960

know we always knew it was going to be

490

00:19:04,470 --> 00:19:02,960

an uphill battle trying to get

491

00:19:06,630 --> 00:19:04,480

transparency

492

00:19:08,390 --> 00:19:06,640

from the pentagon and from this office

493

00:19:10,230 --> 00:19:08,400

but when you think about it from a

494

00:19:13,110 --> 00:19:10,240

counterintelligence perspective this

495

00:19:14,950 --> 00:19:13,120

uphill battle becomes like you look down

496

00:19:16,789 --> 00:19:14,960

and it's like you're not even on a hill

497

00:19:18,870 --> 00:19:16,799

you're on whatever they decided you're

498

00:19:20,070 --> 00:19:18,880

on you know what i mean you're in a hall

499

00:19:22,950 --> 00:19:20,080

of mirrors

500

00:19:25,590 --> 00:19:22,960

right yeah definitely

501
00:19:27,510 --> 00:19:25,600
well yeah and just how we read about um

502
00:19:30,150 --> 00:19:27,520
dude coach and susan gallo on what to

503
00:19:33,350 --> 00:19:30,160
say um you know to

504
00:19:35,590 --> 00:19:33,360
for like media responses or whatever

505
00:19:36,390 --> 00:19:35,600
you know it's um

506
00:19:42,390 --> 00:19:36,400
that

507
00:19:44,789 --> 00:19:42,400
sense for so many people you know and

508
00:19:46,630 --> 00:19:44,799
i would recommend looking back at some

509
00:19:48,789 --> 00:19:46,640
of the other characters

510
00:19:50,150 --> 00:19:48,799
that are involved in ufo twitter who

511
00:19:52,549 --> 00:19:50,160
have really

512
00:19:54,630 --> 00:19:52,559
taken the lines like that

513
00:19:56,950 --> 00:19:54,640

that susan gao has used

514

00:19:59,909 --> 00:19:56,960

that were given and she was coached to

515

00:20:02,149 --> 00:19:59,919

use by this person against lou elizondo

516

00:20:03,750 --> 00:20:02,159

and who is pushing those lines and it's

517

00:20:05,270 --> 00:20:03,760

important to remember that stuff going

518

00:20:06,630 --> 00:20:05,280

forward so you can have a clear head

519

00:20:08,390 --> 00:20:06,640

when you're looking at all this kind of

520

00:20:09,270 --> 00:20:08,400

information because

521

00:20:10,149 --> 00:20:09,280

that

522

00:20:11,350 --> 00:20:10,159

is

523

00:20:13,830 --> 00:20:11,360

important

524

00:20:15,270 --> 00:20:13,840

you know that's to me one of the more

525

00:20:17,669 --> 00:20:15,280

important things that came out of the

526

00:20:19,590 --> 00:20:17,679

uap part of this story

527

00:20:21,750 --> 00:20:19,600

and then this

528

00:20:22,710 --> 00:20:21,760

you know that's right that's right yeah

529

00:20:28,310 --> 00:20:22,720

yeah

530

00:20:31,430 --> 00:20:28,320

was jt parker on twitter that that

531

00:20:33,190 --> 00:20:31,440

highlighted this this is this is um from

532

00:20:35,669 --> 00:20:33,200

robert hastings

533

00:20:36,549 --> 00:20:35,679

and uh pointing out here

534

00:20:38,470 --> 00:20:36,559

um

535

00:20:41,110 --> 00:20:38,480

just throwing that yeah by surprise i

536

00:20:44,070 --> 00:20:41,120

hope you don't mind yeah no that's great

537

00:20:45,830 --> 00:20:44,080

but but basically what this okay just a

538

00:20:48,549 --> 00:20:45,840

little bit of context before going to

539

00:20:50,470 --> 00:20:48,559

that is that in uh tim mcmillan

540

00:20:53,590 --> 00:20:50,480

mentioned in this article that the new

541

00:20:55,590 --> 00:20:53,600

person who's going to be taking over or

542

00:20:58,870 --> 00:20:55,600

who has already taken over at least in

543

00:21:00,870 --> 00:20:58,880

the interim the aoi msg office now again

544

00:21:02,870 --> 00:21:00,880

that's that's not like a chinese food

545

00:21:05,190 --> 00:21:02,880

ingredient that is the new

546

00:21:08,149 --> 00:21:05,200

kind of version of the uap task force

547

00:21:09,830 --> 00:21:08,159

office right um that has been given a

548

00:21:11,190 --> 00:21:09,840

name that is

549

00:21:13,190 --> 00:21:11,200

very difficult to remember and it's

550

00:21:14,310 --> 00:21:13,200

definitely not astro which is what we

551
00:21:17,350 --> 00:21:14,320
thought we were going to have for a

552
00:21:20,310 --> 00:21:17,360
little while right um and so now we have

553
00:21:23,110 --> 00:21:20,320
aoi msg and for the interim that is

554
00:21:24,789 --> 00:21:23,120
going to be overseen by a guy named

555
00:21:29,669 --> 00:21:24,799
aaron prupus

556
00:21:31,669 --> 00:21:29,679
force major general who most recently

557
00:21:33,909 --> 00:21:31,679
served as the director for intelligence

558
00:21:35,510 --> 00:21:33,919
and information of the united states

559
00:21:37,190 --> 00:21:35,520
northern command

560
00:21:40,950 --> 00:21:37,200
prior to that he held the same position

561
00:21:44,710 --> 00:21:43,350
that's right in april 2021 he was

562
00:21:46,710 --> 00:21:44,720
assigned to become the director of

563
00:21:49,029 --> 00:21:46,720

defense intelligence for war fighter

564

00:21:52,070 --> 00:21:49,039

support at the office of the under

565

00:21:55,110 --> 00:21:52,080

secretary of defense for intelligence so

566

00:21:57,270 --> 00:21:55,120

that's when he had to move back uh to dc

567

00:21:59,430 --> 00:21:57,280

it sounds like now i can't

568

00:22:01,350 --> 00:21:59,440

now you know to the guy's credit and

569

00:22:03,669 --> 00:22:01,360

thinking of all of us as human beings i

570

00:22:05,750 --> 00:22:03,679

can imagine that that was a very

571

00:22:07,830 --> 00:22:05,760

difficult conversation that he may have

572

00:22:09,669 --> 00:22:07,840

had with his wife that day and telling

573

00:22:14,630 --> 00:22:09,679

her that they're gonna have to move from

574

00:22:15,990 --> 00:22:14,640

colorado to washington dc however

575

00:22:19,750 --> 00:22:16,000

this is a guy

576

00:22:21,830 --> 00:22:19,760

um that you know when in talking about

577

00:22:24,630 --> 00:22:21,840

disclosure efforts and uap efforts in

578

00:22:26,470 --> 00:22:24,640

general and talking about cases you know

579

00:22:29,430 --> 00:22:26,480

if you've watched any more than one

580

00:22:32,390 --> 00:22:29,440

episode of witness citizen or have have

581

00:22:33,909 --> 00:22:32,400

done some some of the reading

582

00:22:37,110 --> 00:22:33,919

you would know that

583

00:22:39,669 --> 00:22:37,120

probably the most difficult

584

00:22:41,669 --> 00:22:39,679

branch of the military to get data from

585

00:22:44,149 --> 00:22:41,679

with regard to disclosure efforts and

586

00:22:45,110 --> 00:22:44,159

with regards to ufo's new ips is the air

587

00:22:47,190 --> 00:22:45,120

force

588

00:22:48,950 --> 00:22:47,200

right so having a guy

589

00:22:50,230 --> 00:22:48,960

that was that was one of the big wigs

590

00:22:53,029 --> 00:22:50,240

that nora had

591

00:22:54,950 --> 00:22:53,039

out at uh peterson air force base

592

00:22:56,950 --> 00:22:54,960

uh in colorado

593

00:22:58,070 --> 00:22:56,960

um you know what do you think about that

594

00:23:01,029 --> 00:22:58,080

sean

595

00:23:03,590 --> 00:23:01,039

well i think it's very interesting um

596

00:23:06,470 --> 00:23:03,600

you know as much research as i have

597

00:23:09,029 --> 00:23:06,480

put into you know older um

598

00:23:11,510 --> 00:23:09,039

you know investigations of ufo reports

599

00:23:13,430 --> 00:23:11,520

uh one thing is has been clear to me

600

00:23:15,590 --> 00:23:13,440

throughout that time and even i'm sure

601

00:23:18,549 --> 00:23:15,600

up until now is that norway

602

00:23:20,549 --> 00:23:18,559

uh gets a lot of ufo reports and has

603

00:23:24,149 --> 00:23:20,559

gotten a lot of ufo reports most of

604

00:23:26,390 --> 00:23:24,159

which we have never even seen you know

605

00:23:29,029 --> 00:23:26,400

and there are no reds listed on a lot of

606

00:23:31,510 --> 00:23:29,039

blue book reports as well you know

607

00:23:34,630 --> 00:23:31,520

um they have what's called

608

00:23:36,830 --> 00:23:34,640

janapp 146 which is basically a service

609

00:23:39,510 --> 00:23:36,840

report

610

00:23:42,710 --> 00:23:39,520

s-c-i-r-v-i-s which is their version

611

00:23:47,430 --> 00:23:42,720

norad's version of um you know

612

00:23:48,390 --> 00:23:47,440

not just ufos but an incident report

613

00:23:49,990 --> 00:23:48,400

and

614

00:23:52,549 --> 00:23:50,000

you know it's a joint thing with canada

615

00:23:53,510 --> 00:23:52,559

but we've never gotten any you know

616

00:23:56,070 --> 00:23:53,520

um

617

00:23:58,789 --> 00:23:56,080

you know disclosure or information from

618

00:24:00,390 --> 00:23:58,799

them on any of these ufo reports

619

00:24:02,630 --> 00:24:00,400

and that's the person that's walking

620

00:24:07,269 --> 00:24:02,640

into here and i also saw

621

00:24:08,950 --> 00:24:07,279

an affiliation with an ai uh sc perhaps

622

00:24:11,750 --> 00:24:08,960

uh which was

623

00:24:13,909 --> 00:24:11,760

basically what attic blue book you know

624

00:24:17,269 --> 00:24:13,919

foreign technology division

625

00:24:18,630 --> 00:24:17,279

all the way up to that and aisc it's all

626

00:24:22,470 --> 00:24:18,640

been the same and it's all been at ray

627

00:24:25,430 --> 00:24:22,480

patterson air force base so to me

628

00:24:27,190 --> 00:24:25,440

you know if precedence has anything to

629

00:24:29,750 --> 00:24:27,200

do with what we'll see in the future it

630

00:24:32,789 --> 00:24:29,760

could quite possibly be the same i don't

631

00:24:35,590 --> 00:24:32,799

know as far as uap transparency somebody

632

00:24:38,950 --> 00:24:35,600

could be a good person be nice to his

633

00:24:43,269 --> 00:24:38,960

co-workers and still be a jerk as far as

634

00:24:45,750 --> 00:24:43,279

uh disclosing ufo information so

635

00:24:46,870 --> 00:24:45,760

yeah absolutely absolutely i mean the

636

00:24:48,390 --> 00:24:46,880

fact that he was director of

637

00:24:51,510 --> 00:24:48,400

intelligence and information for air

638

00:24:53,750 --> 00:24:51,520

combat command it feeds into that screen

639

00:24:55,430 --> 00:24:53,760

grab that you're about to show and for

640

00:24:57,510 --> 00:24:55,440

context for people out there along with

641

00:24:59,590 --> 00:24:57,520

norad you know peterson air force base

642

00:25:02,789 --> 00:24:59,600

is kind of crucial you mentioned wright

643

00:25:05,510 --> 00:25:02,799

patterson and peterson air force base

644

00:25:07,990 --> 00:25:05,520

has now been transformed into one of

645

00:25:10,549 --> 00:25:08,000

this the major space force branches

646

00:25:12,390 --> 00:25:10,559

right or one of the major sites for the

647

00:25:14,630 --> 00:25:12,400

space force and of course wright

648

00:25:15,590 --> 00:25:14,640

patterson is also

649

00:25:21,430 --> 00:25:15,600

um

650

00:25:23,590 --> 00:25:21,440

not the same but similar in that right

651
00:25:24,870 --> 00:25:23,600
patterson also covers a lot of space

652
00:25:28,470 --> 00:25:24,880
force issues

653
00:25:31,110 --> 00:25:28,480
through there so um so it's important to

654
00:25:33,909 --> 00:25:31,120
note that when thinking about um this

655
00:25:37,029 --> 00:25:33,919
individual aaron prupus um

656
00:25:39,350 --> 00:25:37,039
overseeing the new aoi msg office that

657
00:25:41,830 --> 00:25:39,360
he's a guy who was director of

658
00:25:44,390 --> 00:25:41,840
intelligence through norad that he was

659
00:25:47,029 --> 00:25:44,400
handling um what's

660
00:25:49,669 --> 00:25:47,039
he was adjacent to a lot of the

661
00:25:51,750 --> 00:25:49,679
classified space programs that was those

662
00:25:53,350 --> 00:25:51,760
being operated through the air force and

663
00:25:55,269 --> 00:25:53,360

was also

664

00:25:56,710 --> 00:25:55,279

instrumental in

665

00:25:59,269 --> 00:25:56,720

and the

666

00:26:01,190 --> 00:25:59,279

in defense operations that would be

667

00:26:02,870 --> 00:26:01,200

carried out through norad so missile

668

00:26:05,269 --> 00:26:02,880

defense and things like this

669

00:26:07,190 --> 00:26:05,279

so it's it that's key to think about

670

00:26:13,510 --> 00:26:07,200

before going into the screenshot now

671

00:26:17,190 --> 00:26:15,029

i mean it's a little bit older and

672

00:26:19,909 --> 00:26:17,200

basically it just uh talks about a

673

00:26:21,669 --> 00:26:19,919

crackdown and not looking well on uh air

674

00:26:22,789 --> 00:26:21,679

force pilots who are making these

675

00:26:24,950 --> 00:26:22,799

reports

676

00:26:26,950 --> 00:26:24,960

and you know it's all kind of stuff that

677

00:26:28,950 --> 00:26:26,960

we know but it's in particular around an

678

00:26:30,710 --> 00:26:28,960

incident that happened at uh warren air

679

00:26:32,230 --> 00:26:30,720

force base where we have minutemen

680

00:26:33,269 --> 00:26:32,240

nuclear bombs

681

00:26:34,310 --> 00:26:33,279

um

682

00:26:36,950 --> 00:26:34,320

but

683

00:26:39,029 --> 00:26:36,960

i think we may transition here

684

00:26:40,950 --> 00:26:39,039

into

685

00:26:42,549 --> 00:26:40,960

christopher sharp time

686

00:26:44,870 --> 00:26:42,559

because i see him

687

00:26:46,870 --> 00:26:44,880

i see him in a little window down there

688

00:26:49,750 --> 00:26:46,880

and he's

689

00:26:52,070 --> 00:26:49,760

got his hair looking really nice

690

00:26:54,149 --> 00:26:52,080

and he's got my favorite oh excellent

691

00:26:55,830 --> 00:26:54,159

he's got my favorite suit on

692

00:26:57,830 --> 00:26:55,840

and he's got his collar just the way i

693

00:26:59,990 --> 00:26:57,840

like to see it

694

00:27:01,590 --> 00:27:00,000

oh here he is i love this guy

695

00:27:03,510 --> 00:27:01,600

okay

696

00:27:06,149 --> 00:27:03,520

christopher sharpe it's great to see you

697

00:27:09,190 --> 00:27:06,159

man it's been a little yeah not too bad

698

00:27:11,590 --> 00:27:09,200

thanks guys not too bad at all just um

699

00:27:13,510 --> 00:27:11,600

yeah just uh being a busy busy day been

700

00:27:15,269 --> 00:27:13,520

doing my daytime job today trying to

701
00:27:22,310 --> 00:27:15,279
keep up with everything that's going on

702
00:27:22,320 --> 00:27:27,110
[Music]

703
00:27:31,510 --> 00:27:29,669
so boring so boring oh that's good you

704
00:27:32,389 --> 00:27:31,520
can throw a little uap stuff in there so

705
00:27:35,510 --> 00:27:32,399
hey

706
00:27:37,110 --> 00:27:35,520
what do you think of the piece that came

707
00:27:37,990 --> 00:27:37,120
out today what are some of your initial

708
00:27:40,149 --> 00:27:38,000
thoughts

709
00:27:42,950 --> 00:27:40,159
oh i've got some takeaways especially

710
00:27:44,549 --> 00:27:42,960
prepare you guys

711
00:27:45,990 --> 00:27:44,559
so i think i think the first thing is

712
00:27:49,190 --> 00:27:46,000
there's a lot of nonsense going around

713
00:27:51,190 --> 00:27:49,200

and stuff people say oh it's because you

714

00:27:52,389 --> 00:27:51,200

know the affairs and misconduct and

715

00:27:54,630 --> 00:27:52,399

stuff like that

716

00:27:56,630 --> 00:27:54,640

that's the reason you know why

717

00:27:59,190 --> 00:27:56,640

um reid's no longer in position he's

718

00:28:01,029 --> 00:27:59,200

been ousted no no if you look at the

719

00:28:03,190 --> 00:28:01,039

report and from what

720

00:28:05,750 --> 00:28:03,200

tim is telling you in a report

721

00:28:06,870 --> 00:28:05,760

there is no clear we reason for his

722

00:28:08,710 --> 00:28:06,880

dismissal

723

00:28:11,590 --> 00:28:08,720

correct that is unclear

724

00:28:14,870 --> 00:28:11,600

however louis hondu and his quotations

725

00:28:17,510 --> 00:28:14,880

provided to the debrief is alluding to

726

00:28:20,070 --> 00:28:17,520

the uap issue as the reason why an

727

00:28:22,789 --> 00:28:20,080

observation of obfuscation and the way

728

00:28:23,590 --> 00:28:22,799

that he's been acting so i i think there

729

00:28:27,029 --> 00:28:23,600

is

730

00:28:29,669 --> 00:28:27,039

something going on here um

731

00:28:31,830 --> 00:28:29,679

and i it's been suggested it's been

732

00:28:34,310 --> 00:28:31,840

suggested to me that it is to do

733

00:28:36,630 --> 00:28:34,320

with uap as well so

734

00:28:38,950 --> 00:28:36,640

well look at it look at it this way if

735

00:28:40,470 --> 00:28:38,960

whatever the topic is or the situation

736

00:28:41,430 --> 00:28:40,480

right if

737

00:28:43,990 --> 00:28:41,440

you're

738

00:28:45,909 --> 00:28:44,000

um coaching people to basically make

739

00:28:48,070 --> 00:28:45,919

somebody look bad that used to work for

740

00:28:50,230 --> 00:28:48,080

you or try to do

741

00:28:52,310 --> 00:28:50,240

you know sheisty things that take away

742

00:28:54,070 --> 00:28:52,320

their security clearance or whatever it

743

00:28:56,710 --> 00:28:54,080

is like treating somebody like that out

744

00:29:00,149 --> 00:28:56,720

to get them have a vendetta for them

745

00:29:02,310 --> 00:29:00,159

whatever the topic is wherever you work

746

00:29:04,310 --> 00:29:02,320

that's a viable offense

747

00:29:05,909 --> 00:29:04,320

uh well the interesting thing is you've

748

00:29:08,389 --> 00:29:05,919

got away with it for so long remember

749

00:29:11,510 --> 00:29:08,399

there'd be multiple investigations that

750

00:29:12,470 --> 00:29:11,520

found that he was doing some really bad

751
00:29:13,590 --> 00:29:12,480
stuff

752
00:29:15,669 --> 00:29:13,600
however

753
00:29:19,669 --> 00:29:15,679
it was stated to the debrief that he had

754
00:29:22,470 --> 00:29:19,679
some friends in high places

755
00:29:27,669 --> 00:29:22,480
what does that tell you

756
00:29:30,549 --> 00:29:28,710
and

757
00:29:32,710 --> 00:29:30,559
yeah i don't know if he had friends in

758
00:29:34,310 --> 00:29:32,720
high places to protect him from these

759
00:29:36,230 --> 00:29:34,320
previous investigations which had

760
00:29:37,990 --> 00:29:36,240
nothing to do about uap

761
00:29:40,389 --> 00:29:38,000
what does that tell you about

762
00:29:43,110 --> 00:29:40,399
their agenda perhaps and were they

763
00:29:44,470 --> 00:29:43,120

protecting as well from

764

00:29:47,909 --> 00:29:44,480

where they give

765

00:29:50,310 --> 00:29:47,919

what yeah what was he just the guy he's

766

00:29:52,870 --> 00:29:50,320

taking the fall from for this are there

767

00:29:56,470 --> 00:29:52,880

people higher up who trying to kind of

768

00:29:58,870 --> 00:29:56,480

cover up the uap topic

769

00:30:01,029 --> 00:29:58,880

could yeah one thought i had is you know

770

00:30:03,590 --> 00:30:01,039

that somebody put him in charge of the

771

00:30:06,070 --> 00:30:03,600

the uap task force or office or

772

00:30:07,669 --> 00:30:06,080

something right yeah so

773

00:30:09,510 --> 00:30:07,679

who put them there that's what i'd like

774

00:30:11,029 --> 00:30:09,520

to know this is what i want to ask as

775

00:30:13,350 --> 00:30:11,039

well i want to know the protocols and

776

00:30:14,789 --> 00:30:13,360

procedures that led to him being put in

777

00:30:16,389 --> 00:30:14,799

that position because that's very very

778

00:30:18,789 --> 00:30:16,399

important because

779

00:30:20,070 --> 00:30:18,799

i i just find that actually just

780

00:30:24,630 --> 00:30:20,080

disturbing

781

00:30:27,350 --> 00:30:24,640

these claims that have been made about

782

00:30:29,110 --> 00:30:27,360

usdi and a certain individual who i

783

00:30:31,990 --> 00:30:29,120

think congress must have known about it

784

00:30:34,310 --> 00:30:32,000

was made clear in elizondo's complaint

785

00:30:37,750 --> 00:30:34,320

that it was gary reed we'd all heard of

786

00:30:39,190 --> 00:30:37,760

gary reed's name before um well not all

787

00:30:42,870 --> 00:30:39,200

of so sorry but a few people have heard

788

00:30:45,590 --> 00:30:42,880

of him before so how was he able to

789

00:30:48,389 --> 00:30:45,600

kind of you know head up the ai msg

790

00:30:50,470 --> 00:30:48,399

despite all these disturbing allegations

791

00:30:52,549 --> 00:30:50,480

around him that is just like it's

792

00:30:55,430 --> 00:30:52,559

breathtaking and does that not take you

793

00:30:56,789 --> 00:30:55,440

back to um gillibrand in her questioning

794

00:30:58,630 --> 00:30:56,799

of stalch

795

00:31:00,870 --> 00:30:58,640

yeah yeah because she was asking

796

00:31:03,029 --> 00:31:00,880

specifically about the ig investigation

797

00:31:04,710 --> 00:31:03,039

in the uaps and i was just thinking

798

00:31:06,230 --> 00:31:04,720

about that not too long ago like man

799

00:31:08,149 --> 00:31:06,240

it's been a while now

800

00:31:09,269 --> 00:31:08,159

since since i started i wonder what's up

801
00:31:10,870 --> 00:31:09,279
with that you know i've checked the

802
00:31:12,950 --> 00:31:10,880
website now and again

803
00:31:15,990 --> 00:31:12,960
um the other thing that we that we

804
00:31:19,190 --> 00:31:16,000
learned in there is that uh some of the

805
00:31:21,029 --> 00:31:19,200
intelligence um you know representatives

806
00:31:22,789 --> 00:31:21,039
house intelligence reps or whatever i've

807
00:31:26,149 --> 00:31:22,799
gotten briefings on this

808
00:31:28,470 --> 00:31:26,159
on the uap since uh 2019

809
00:31:30,149 --> 00:31:28,480
yes yes it was

810
00:31:31,830 --> 00:31:30,159
yeah i i

811
00:31:32,789 --> 00:31:31,840
kind of knew that but you don't need an

812
00:31:35,110 --> 00:31:32,799
official

813
00:31:37,430 --> 00:31:35,120

process whatever to actually have those

814

00:31:39,430 --> 00:31:37,440

so even at the moment for example you've

815

00:31:42,310 --> 00:31:39,440

got i think six briefings and reports

816

00:31:43,909 --> 00:31:42,320

this year but if they want a con gradual

817

00:31:45,430 --> 00:31:43,919

commit committee can just go and say

818

00:31:47,750 --> 00:31:45,440

that i want a briefing now can you give

819

00:31:49,190 --> 00:31:47,760

me a briefing

820

00:31:51,110 --> 00:31:49,200

unannounced but you know according to

821

00:31:53,430 --> 00:31:51,120

eric davis you know ate it never stopped

822

00:31:55,669 --> 00:31:53,440

so and i think he alluded to as well

823

00:31:59,190 --> 00:31:55,679

that a uap task force may be in place

824

00:32:03,590 --> 00:32:01,990

what the hell is going on man right

825

00:32:05,350 --> 00:32:03,600

now chris

826
00:32:08,149 --> 00:32:05,360
do you remember when you first heard

827
00:32:09,430 --> 00:32:08,159
about gary reed and earlier today you

828
00:32:10,630 --> 00:32:09,440
alluded to

829
00:32:13,509 --> 00:32:10,640
um

830
00:32:15,269 --> 00:32:13,519
that there might be some some follow-up

831
00:32:16,470 --> 00:32:15,279
coming from the liberation times is

832
00:32:18,789 --> 00:32:16,480
there anything that you'd like to say

833
00:32:20,630 --> 00:32:18,799
about that in terms of

834
00:32:22,310 --> 00:32:20,640
what may be coming up in terms of our

835
00:32:23,909 --> 00:32:22,320
follow-up information

836
00:32:25,990 --> 00:32:23,919
not at the moment i'm not until any

837
00:32:29,269 --> 00:32:26,000
everything um anything's confirmed

838
00:32:32,070 --> 00:32:29,279

obviously i've asked for for comments

839

00:32:34,230 --> 00:32:32,080

um regarding the story from various

840

00:32:36,230 --> 00:32:34,240

individuals um but i'm not sure who's

841

00:32:38,470 --> 00:32:36,240

going to speak about it um but it but

842

00:32:40,389 --> 00:32:38,480

the name has been brought up

843

00:32:42,630 --> 00:32:40,399

on occasion to me

844

00:32:43,669 --> 00:32:42,640

um from people

845

00:32:45,830 --> 00:32:43,679

let's say if you want to tell their

846

00:32:47,430 --> 00:32:45,840

stories but being fearful

847

00:32:49,669 --> 00:32:47,440

for telling their stories because of

848

00:32:53,029 --> 00:32:49,679

this one individual i mean this guy is

849

00:32:55,590 --> 00:32:53,039

like i mean he's former delta force

850

00:32:57,430 --> 00:32:55,600

he's a guy that you do not want to mess

851
00:32:58,630 --> 00:32:57,440
with in these guys these people's eyes

852
00:33:00,630 --> 00:32:58,640
you know that

853
00:33:02,149 --> 00:33:00,640
i wouldn't say they're afraid of him but

854
00:33:05,190 --> 00:33:02,159
they just don't want the trouble on that

855
00:33:07,029 --> 00:33:05,200
in their life i'd just say um

856
00:33:08,549 --> 00:33:07,039
and you have to be empathetic and

857
00:33:09,909 --> 00:33:08,559
understanding to that because you just

858
00:33:11,190 --> 00:33:09,919
don't know what it's like to be in their

859
00:33:13,990 --> 00:33:11,200
shoes and

860
00:33:15,990 --> 00:33:14,000
uh obviously it sounds like um he made

861
00:33:17,029 --> 00:33:16,000
people's lives pretty bad

862
00:33:18,710 --> 00:33:17,039
you know

863
00:33:21,029 --> 00:33:18,720

uh when they did things that he didn't

864

00:33:23,990 --> 00:33:21,039

like that can we read so

865

00:33:25,509 --> 00:33:24,000

um hopefully did do you see this kind of

866

00:33:26,789 --> 00:33:25,519

um

867

00:33:30,950 --> 00:33:26,799

you know

868

00:33:33,029 --> 00:33:30,960

segwaying to a sea change of of any bit

869

00:33:35,750 --> 00:33:33,039

of any sort do you expect kind of the

870

00:33:38,549 --> 00:33:35,760

the the same behavior what do you expect

871

00:33:40,870 --> 00:33:38,559

to see what are your feelings

872

00:33:42,070 --> 00:33:40,880

yeah yeah so i've asked

873

00:33:43,430 --> 00:33:42,080

some people

874

00:33:49,350 --> 00:33:43,440

um

875

00:33:50,389 --> 00:33:49,360

and it's it's basically

876

00:33:53,990 --> 00:33:50,399

you know

877

00:33:56,789 --> 00:33:54,000

how how how can ousd

878

00:33:57,830 --> 00:33:56,799

ins continue to be the home of aoi msg

879

00:33:59,509 --> 00:33:57,840

despite

880

00:34:01,350 --> 00:33:59,519

you know with the disturbing accusations

881

00:34:04,149 --> 00:34:01,360

surrounding reid and the fact he was

882

00:34:06,470 --> 00:34:04,159

able to get away with so long as well

883

00:34:07,590 --> 00:34:06,480

i mean how can this office be fit for

884

00:34:09,190 --> 00:34:07,600

purpose

885

00:34:10,069 --> 00:34:09,200

yeah you've got to be leading for that

886

00:34:12,389 --> 00:34:10,079

long

887

00:34:14,470 --> 00:34:12,399

i mean something's going on something is

888

00:34:16,710 --> 00:34:14,480

going on i think and um even the

889

00:34:18,950 --> 00:34:16,720

creation of it right

890

00:34:20,790 --> 00:34:18,960

yeah yeah i mean like it was right

891

00:34:23,030 --> 00:34:20,800

before

892

00:34:25,430 --> 00:34:23,040

the bill passed

893

00:34:28,230 --> 00:34:25,440

yeah absolutely it's just ridiculous and

894

00:34:29,990 --> 00:34:28,240

now and also elizondo mentioned as well

895

00:34:31,589 --> 00:34:30,000

that he'd heard that goth had been

896

00:34:34,230 --> 00:34:31,599

coached by

897

00:34:36,470 --> 00:34:34,240

um reed on responses as well i mean this

898

00:34:38,629 --> 00:34:36,480

guy's got his hands all over it and i i

899

00:34:40,149 --> 00:34:38,639

mean if i'm someone like susan goff or

900

00:34:41,589 --> 00:34:40,159

someone else who's involved this i'm

901
00:34:43,990 --> 00:34:41,599
probably scared at the moment because i

902
00:34:46,069 --> 00:34:44,000
think i i don't think it stops at reid i

903
00:34:48,230 --> 00:34:46,079
that is my opinion that is my opinion

904
00:34:50,710 --> 00:34:48,240
personal opinion but i do not think it

905
00:34:52,629 --> 00:34:50,720
stops it read i i i'm not going to name

906
00:34:54,629 --> 00:34:52,639
anyone but i just think it

907
00:34:55,990 --> 00:34:54,639
and also i'd mention as well that when

908
00:34:58,390 --> 00:34:56,000
people do

909
00:34:59,349 --> 00:34:58,400
you know receive responses from susan

910
00:35:01,430 --> 00:34:59,359
goff

911
00:35:02,950 --> 00:35:01,440
and they take her word for it her exact

912
00:35:05,589 --> 00:35:02,960
word for it

913
00:35:07,829 --> 00:35:05,599

i mean does this not prove now that

914

00:35:09,510 --> 00:35:07,839

these people are just

915

00:35:10,870 --> 00:35:09,520

very very

916

00:35:11,990 --> 00:35:10,880

that well let's say they should be

917

00:35:13,990 --> 00:35:12,000

reading

918

00:35:15,270 --> 00:35:14,000

between the lines and not taking her

919

00:35:16,950 --> 00:35:15,280

word for it they should be analytical

920

00:35:19,670 --> 00:35:16,960

they should be critical and they should

921

00:35:21,190 --> 00:35:19,680

be thinking to themselves why has the

922

00:35:24,310 --> 00:35:21,200

pentagon

923

00:35:26,870 --> 00:35:24,320

seem to go go back on in terms of what

924

00:35:28,710 --> 00:35:26,880

louis lozando's responsibilities were i

925

00:35:30,870 --> 00:35:28,720

mean there's something going on here you

926

00:35:32,790 --> 00:35:30,880

know people should not take

927

00:35:34,790 --> 00:35:32,800

susan they should not

928

00:35:36,710 --> 00:35:34,800

see it as gospel and a lot of people in

929

00:35:38,710 --> 00:35:36,720

the ufo community have seen what susan

930

00:35:40,790 --> 00:35:38,720

gothard said and said oh this came from

931

00:35:42,069 --> 00:35:40,800

an official person you know within the

932

00:35:43,349 --> 00:35:42,079

pentagon and thought oh yeah we've got

933

00:35:44,630 --> 00:35:43,359

to give this way

934

00:35:46,310 --> 00:35:44,640

i mean come on

935

00:35:48,470 --> 00:35:46,320

lou edison was telling the truth he's

936

00:35:51,030 --> 00:35:48,480

been vindicated

937

00:35:53,109 --> 00:35:51,040

yes absolutely and along those lines of

938

00:35:55,990 --> 00:35:53,119

of not of

939

00:35:58,950 --> 00:35:56,000

you know does it concern you having had

940

00:36:01,349 --> 00:35:58,960

senior counter intelligence officials

941

00:36:05,190 --> 00:36:01,359

overseeing the uap task force and real

942

00:36:06,870 --> 00:36:05,200

recently aoi msg you know susan uh you

943

00:36:09,990 --> 00:36:06,880

know gary

944

00:36:10,950 --> 00:36:10,000

what does this say to you in terms of

945

00:36:19,190 --> 00:36:10,960

what

946

00:36:22,230 --> 00:36:19,200

yeah great question well susan goff was

947

00:36:24,069 --> 00:36:22,240

psyops psychological warfare um so all

948

00:36:25,829 --> 00:36:24,079

these people that have been accusing lou

949

00:36:27,750 --> 00:36:25,839

of running some kind of psyop operation

950

00:36:30,069 --> 00:36:27,760

or being part of it it's kind of like

951
00:36:32,550 --> 00:36:30,079
okay cool that's fine but you don't know

952
00:36:34,550 --> 00:36:32,560
what a counter-intelligence officer is

953
00:36:36,390 --> 00:36:34,560
go and read it up you know but if you

954
00:36:38,950 --> 00:36:36,400
actually do want to have a discussion

955
00:36:42,630 --> 00:36:38,960
about psyops okay look at the pentagon's

956
00:36:44,150 --> 00:36:42,640
official you know spokesperson on ua uap

957
00:36:45,270 --> 00:36:44,160
by the way if you if you ask the air

958
00:36:48,150 --> 00:36:45,280
force

959
00:36:50,069 --> 00:36:48,160
or you know department of uh national

960
00:36:53,109 --> 00:36:50,079
intelligence they'll tell you to go to

961
00:36:55,510 --> 00:36:53,119
golf she's a psyop operative that's her

962
00:36:58,790 --> 00:36:55,520
background i mean why are they those

963
00:37:00,069 --> 00:36:58,800

same people are criticizing louis psyop

964

00:37:01,510 --> 00:37:00,079

why are they not looking at why they're

965

00:37:03,270 --> 00:37:01,520

not questioning goth it makes you think

966

00:37:05,109 --> 00:37:03,280

doesn't it it really does make you think

967

00:37:07,109 --> 00:37:05,119

why they're not we're not questioning it

968

00:37:08,310 --> 00:37:07,119

their way around and yes it is worrying

969

00:37:10,790 --> 00:37:08,320

because these people do not have the

970

00:37:12,790 --> 00:37:10,800

skill set to actually undertake and

971

00:37:14,069 --> 00:37:12,800

perform the mission it needs to in my

972

00:37:17,190 --> 00:37:14,079

opinion it needs to go somewhere like

973

00:37:19,990 --> 00:37:17,200

space force um you you know and you want

974

00:37:22,550 --> 00:37:20,000

to make um you want to utilize it

975

00:37:25,750 --> 00:37:22,560

facilities such as norad for example

976
00:37:27,990 --> 00:37:25,760
and some some of the radar um radar and

977
00:37:29,910 --> 00:37:28,000
sensor technology which is available to

978
00:37:31,349 --> 00:37:29,920
you and people kind of who know what

979
00:37:33,030 --> 00:37:31,359
they're doing in terms of tracking these

980
00:37:34,829 --> 00:37:33,040
things and then you want an intelligence

981
00:37:37,430 --> 00:37:34,839
component as well perhaps in washington

982
00:37:40,069 --> 00:37:37,440
dc um that's what that's what you need

983
00:37:43,349 --> 00:37:40,079
um and and also they can't contract as

984
00:37:44,950 --> 00:37:43,359
well a usd ins cannot contract

985
00:37:47,750 --> 00:37:44,960
and that's an ability that you need to

986
00:37:49,270 --> 00:37:47,760
actually complete the mission so i

987
00:37:51,510 --> 00:37:49,280
i don't know where it goes from here but

988
00:37:53,510 --> 00:37:51,520

i just don't see how any senator looking

989

00:37:55,589 --> 00:37:53,520

at this story can be like

990

00:37:57,349 --> 00:37:55,599

yeah you know osdi

991

00:37:58,710 --> 00:37:57,359

and s have done a good job at the moment

992

00:38:00,470 --> 00:37:58,720

you know they're really really

993

00:38:02,230 --> 00:38:00,480

trustworthy we can trust them to kind of

994

00:38:04,230 --> 00:38:02,240

perform this mission that we've staked

995

00:38:06,390 --> 00:38:04,240

our reputations on how can any sit and

996

00:38:08,310 --> 00:38:06,400

senator of representatives stay that say

997

00:38:12,230 --> 00:38:08,320

that now especially as we know that this

998

00:38:14,069 --> 00:38:12,240

guy was basically in charge of aoi msg

999

00:38:16,550 --> 00:38:14,079

it's complete bonkers

1000

00:38:20,150 --> 00:38:16,560

i'd be really curious to know how that

1001

00:38:22,390 --> 00:38:20,160

the one uh classified briefing went it

1002

00:38:23,750 --> 00:38:22,400

do we know if that happened at all

1003

00:38:24,470 --> 00:38:23,760

because we're supposed to have one by

1004

00:38:26,150 --> 00:38:24,480

now

1005

00:38:28,390 --> 00:38:26,160

yeah so from my understanding there's no

1006

00:38:30,829 --> 00:38:28,400

reason to believe it didn't happen but

1007

00:38:32,790 --> 00:38:30,839

as they're still implementing looking to

1008

00:38:35,349 --> 00:38:32,800

implement um

1009

00:38:36,870 --> 00:38:35,359

the will of congress

1010

00:38:38,630 --> 00:38:36,880

not much progress has been made from my

1011

00:38:41,510 --> 00:38:38,640

understanding from understanding what

1012

00:38:43,910 --> 00:38:41,520

i've been told by susan goff um

1013

00:38:47,349 --> 00:38:43,920

currently the investigation

1014

00:38:49,589 --> 00:38:47,359

um is still at 2021 levels so basically

1015

00:38:52,950 --> 00:38:49,599

they're still just looking on military

1016

00:38:54,870 --> 00:38:52,960

ranges and stuff like that um

1017

00:38:57,910 --> 00:38:54,880

you know what's funny is that that that

1018

00:38:59,589 --> 00:38:57,920

nro document that came out um

1019

00:39:01,910 --> 00:38:59,599

kind of shows you

1020

00:39:03,510 --> 00:39:01,920

like what's possible they said

1021

00:39:06,550 --> 00:39:03,520

specifically like

1022

00:39:08,470 --> 00:39:06,560

basically you just have to tell us nro

1023

00:39:11,030 --> 00:39:08,480

what to look for

1024

00:39:13,430 --> 00:39:11,040

we'll look for it and we'll find it and

1025

00:39:15,589 --> 00:39:13,440

we'll report back on it you know like

1026

00:39:18,150 --> 00:39:15,599

that's how easy

1027

00:39:20,150 --> 00:39:18,160

or how this should really go but for

1028

00:39:21,990 --> 00:39:20,160

whatever reason whether they're not

1029

00:39:22,790 --> 00:39:22,000

telling them what to look for which i

1030

00:39:24,870 --> 00:39:22,800

doubt

1031

00:39:28,790 --> 00:39:24,880

and they are they're just not sharing it

1032

00:39:31,030 --> 00:39:28,800

with people you know the nro and nga was

1033

00:39:32,870 --> 00:39:31,040

listed in those emails and

1034

00:39:35,430 --> 00:39:32,880

it's so funny because you know john

1035

00:39:37,750 --> 00:39:35,440

ramirez told us that from the start

1036

00:39:40,069 --> 00:39:37,760

you know isn't that funny it's like

1037

00:39:42,390 --> 00:39:40,079

people questioning the guy right away

1038

00:39:45,030 --> 00:39:42,400

and he's told us um the

1039

00:39:46,390 --> 00:39:45,040

the story right away you know um they

1040

00:39:48,470 --> 00:39:46,400

control the satellites the spy

1041

00:39:50,550 --> 00:39:48,480

satellites and everything it's like so

1042

00:39:52,950 --> 00:39:50,560

we know where the information is just go

1043

00:39:54,710 --> 00:39:52,960

get it and give it to us what we can see

1044

00:39:56,150 --> 00:39:54,720

that's all i got to say yeah i'm kind of

1045

00:39:57,750 --> 00:39:56,160

hogging the mic but

1046

00:40:00,390 --> 00:39:57,760

no absolutely you've made a really good

1047

00:40:01,270 --> 00:40:00,400

point and john ramirez incredibly good

1048

00:40:03,349 --> 00:40:01,280

egg

1049

00:40:06,150 --> 00:40:03,359

i always manage and you managed as well

1050

00:40:07,750 --> 00:40:06,160

to um confirm he was who he said he was

1051
00:40:09,510 --> 00:40:07,760
as well i mean you didn't even need to

1052
00:40:10,790 --> 00:40:09,520
do that you just needed to actually talk

1053
00:40:13,190 --> 00:40:10,800
to him and know the level of knowledge

1054
00:40:14,870 --> 00:40:13,200
that he had to know he was who he was i

1055
00:40:17,109 --> 00:40:14,880
mean i'm really really questioning

1056
00:40:18,870 --> 00:40:17,119
certain people's analytical skills at

1057
00:40:21,109 --> 00:40:18,880
this point

1058
00:40:22,790 --> 00:40:21,119
it just boggles the mind there are some

1059
00:40:24,630 --> 00:40:22,800
really really bad eggs in this community

1060
00:40:26,230 --> 00:40:24,640
right now um

1061
00:40:28,550 --> 00:40:26,240
and it's time they take a really really

1062
00:40:30,069 --> 00:40:28,560
long good look at themselves because

1063
00:40:31,910 --> 00:40:30,079

they're really muddying the waters and

1064

00:40:33,349 --> 00:40:31,920

they're creating a toxic atmosphere and

1065

00:40:35,430 --> 00:40:33,359

it's time to call them out it's time to

1066

00:40:37,910 --> 00:40:35,440

call them out now i think this you know

1067

00:40:39,670 --> 00:40:37,920

this stuff around gary reed um it's

1068

00:40:41,670 --> 00:40:39,680

going to vindicate what what lou has

1069

00:40:42,790 --> 00:40:41,680

been saying all along and you know what

1070

00:40:45,190 --> 00:40:42,800

there's going to be a lot more of this

1071

00:40:46,710 --> 00:40:45,200

as well i think more i think more is

1072

00:40:49,190 --> 00:40:46,720

going to happen

1073

00:40:52,470 --> 00:40:49,200

definitely

1074

00:40:53,990 --> 00:40:52,480

now along those lines

1075

00:40:56,470 --> 00:40:54,000

what are your thoughts

1076

00:40:59,910 --> 00:40:56,480

we see that there's at least an interim

1077

00:41:03,750 --> 00:40:59,920

person aaron prupus that's going to be

1078

00:41:05,349 --> 00:41:03,760

taking over the aoi msg or

1079

00:41:08,710 --> 00:41:05,359

overseeing that

1080

00:41:10,870 --> 00:41:08,720

office now aaron is a again a united

1081

00:41:12,790 --> 00:41:10,880

states air force major general who most

1082

00:41:14,790 --> 00:41:12,800

recently served as the director for

1083

00:41:18,150 --> 00:41:14,800

intelligence and information of the

1084

00:41:20,950 --> 00:41:18,160

united states northern command

1085

00:41:24,470 --> 00:41:20,960

now have you heard anything about uh mr

1086

00:41:27,829 --> 00:41:24,480

prupus do you have any any thoughts or

1087

00:41:31,430 --> 00:41:27,839

or analysis about what it means

1088

00:41:34,309 --> 00:41:31,440

um moving kind of from the position that

1089

00:41:36,309 --> 00:41:34,319

that gary reed was coming from and into

1090

00:41:39,190 --> 00:41:36,319

the position of a senior air force

1091

00:41:40,550 --> 00:41:39,200

official um taking over at least for the

1092

00:41:42,390 --> 00:41:40,560

time being

1093

00:41:43,910 --> 00:41:42,400

well he's a career intel officer and he

1094

00:41:46,710 --> 00:41:43,920

was only assigned to his current

1095

00:41:49,430 --> 00:41:46,720

position he's got a moment this month

1096

00:41:51,910 --> 00:41:49,440

by the acting air force secretary um

1097

00:41:53,589 --> 00:41:51,920

john p roth um

1098

00:41:56,710 --> 00:41:53,599

so

1099

00:41:59,109 --> 00:41:56,720

i mean we can't just tar us air force

1100

00:42:00,870 --> 00:41:59,119

personnel i guess with with one bra with

1101
00:42:03,510 --> 00:42:00,880
one brush

1102
00:42:05,589 --> 00:42:03,520
but obviously when you see you know

1103
00:42:07,430 --> 00:42:05,599
us air force

1104
00:42:09,430 --> 00:42:07,440
you know on his um on his career

1105
00:42:12,150 --> 00:42:09,440
spectrum then that doesn't bode well but

1106
00:42:14,550 --> 00:42:12,160
look these guys are at the ig mean

1107
00:42:17,190 --> 00:42:14,560
business now i think if it is confirmed

1108
00:42:19,670 --> 00:42:17,200
that there was a large element of uap

1109
00:42:20,870 --> 00:42:19,680
being the reason before for reed's

1110
00:42:22,950 --> 00:42:20,880
ousting

1111
00:42:26,069 --> 00:42:22,960
then

1112
00:42:28,230 --> 00:42:26,079
i mean yeah try to obfuscate now try try

1113
00:42:30,550 --> 00:42:28,240

try what reid was doing you know and see

1114

00:42:32,550 --> 00:42:30,560

what happens to you so i think everyone

1115

00:42:34,790 --> 00:42:32,560

knows now that they mean business if

1116

00:42:37,270 --> 00:42:34,800

that is confirmed to be the case

1117

00:42:38,790 --> 00:42:37,280

obviously it's speculation that was uap

1118

00:42:40,950 --> 00:42:38,800

which was confirmed to be the large

1119

00:42:42,950 --> 00:42:40,960

aspect of why he was ousted but if it is

1120

00:42:45,910 --> 00:42:42,960

then yeah i would definitely watch my

1121

00:42:48,870 --> 00:42:45,920

back and um yeah in my opinion anyhow it

1122

00:42:51,910 --> 00:42:48,880

doesn't matter if um if pre-pass has got

1123

00:42:54,069 --> 00:42:51,920

this portfolio at the moment i'm hoping

1124

00:42:56,870 --> 00:42:54,079

really really hoping um i've asked this

1125

00:42:58,550 --> 00:42:56,880

question before whether the usdi and s

1126

00:43:02,309 --> 00:42:58,560

can actually really

1127

00:43:06,870 --> 00:43:02,319

um you know continue with ai msg it just

1128

00:43:11,349 --> 00:43:08,630

no it doesn't

1129

00:43:13,510 --> 00:43:11,359

go ahead jay if you get a question no no

1130

00:43:15,510 --> 00:43:13,520

you you for sure

1131

00:43:25,109 --> 00:43:15,520

um

1132

00:43:26,950 --> 00:43:25,119

this is more of something that i that i

1133

00:43:27,750 --> 00:43:26,960

want to say more than a question i guess

1134

00:43:29,109 --> 00:43:27,760

but

1135

00:43:30,630 --> 00:43:29,119

you know how

1136

00:43:33,270 --> 00:43:30,640

everything

1137

00:43:35,990 --> 00:43:33,280

can look so gross and look so messy and

1138

00:43:37,670 --> 00:43:36,000

look so nasty right

1139

00:43:40,550 --> 00:43:37,680

but think about a time in your life when

1140

00:43:43,030 --> 00:43:40,560

when you had to grow you know when you

1141

00:43:44,150 --> 00:43:43,040

had to take a hard step or make a hard

1142

00:43:47,349 --> 00:43:44,160

decision

1143

00:43:50,069 --> 00:43:47,359

to do the necessary thing that

1144

00:43:52,230 --> 00:43:50,079

allowed you to build on top of yourself

1145

00:43:54,870 --> 00:43:52,240

to be a better person right

1146

00:43:57,349 --> 00:43:54,880

when we look at this situation

1147

00:43:59,109 --> 00:43:57,359

i think it's important to know

1148

00:44:00,630 --> 00:43:59,119

that that's a process we're going

1149

00:44:03,990 --> 00:44:00,640

through right now

1150

00:44:04,790 --> 00:44:04,000

i don't think this situation is a

1151

00:44:07,270 --> 00:44:04,800

uh

1152

00:44:10,069 --> 00:44:07,280

yet maybe indicative of you know a

1153

00:44:11,109 --> 00:44:10,079

larger problem there but what it is is

1154

00:44:13,670 --> 00:44:11,119

it's

1155

00:44:15,910 --> 00:44:13,680

a process of growing

1156

00:44:17,990 --> 00:44:15,920

and taking out

1157

00:44:18,950 --> 00:44:18,000

the warts so to speak

1158

00:44:20,630 --> 00:44:18,960

you know

1159

00:44:23,589 --> 00:44:20,640

because that's the first process you

1160

00:44:25,750 --> 00:44:23,599

took out one of the jenga blocks you

1161

00:44:27,750 --> 00:44:25,760

know and hopefully the other ones will

1162

00:44:30,550 --> 00:44:27,760

start falling and that's a process that

1163

00:44:33,030 --> 00:44:30,560

will continue and things will get better

1164

00:44:34,790 --> 00:44:33,040

as it goes on and maybe that's why lou

1165

00:44:36,870 --> 00:44:34,800

sometimes says you know if you want

1166

00:44:38,790 --> 00:44:36,880

disclosure tomorrow go get a hobby go

1167

00:44:41,190 --> 00:44:38,800

get a job this might take a while

1168

00:44:43,910 --> 00:44:41,200

because doing things like that

1169

00:44:45,829 --> 00:44:43,920

like this person to macmillan to your

1170

00:44:47,589 --> 00:44:45,839

investigation

1171

00:44:50,630 --> 00:44:47,599

it might take a while

1172

00:44:51,670 --> 00:44:50,640

you know but it's okay

1173

00:44:53,510 --> 00:44:51,680

if

1174

00:44:56,150 --> 00:44:53,520

we continue to grow

1175

00:44:58,710 --> 00:44:56,160

and and weed out the bad eggs

1176
00:45:01,750 --> 00:44:58,720
uh such you know as people like gary

1177
00:45:05,190 --> 00:45:01,760
reed so um i think it's

1178
00:45:08,069 --> 00:45:05,200
as bad as it can look i think overall

1179
00:45:09,270 --> 00:45:08,079
this is a positive thing and it might be

1180
00:45:11,349 --> 00:45:09,280
hard to see

1181
00:45:13,670 --> 00:45:11,359
the future right now and what this is

1182
00:45:17,109 --> 00:45:13,680
going to look like but i think when we

1183
00:45:19,829 --> 00:45:17,119
do try to see it we can look at it

1184
00:45:23,190 --> 00:45:19,839
in a positive way

1185
00:45:25,270 --> 00:45:23,200
very very well said my friends

1186
00:45:26,790 --> 00:45:25,280
yeah and along those lines

1187
00:45:29,109 --> 00:45:26,800
along those lines i i think it's

1188
00:45:31,349 --> 00:45:29,119

probably important that it gives

1189

00:45:34,150 --> 00:45:31,359

it gives color and it gives nuance and

1190

00:45:37,109 --> 00:45:34,160

shape to the idea that we are not

1191

00:45:38,870 --> 00:45:37,119

um as as much as people would like to to

1192

00:45:42,069 --> 00:45:38,880

think of it this way sometimes we're not

1193

00:45:44,069 --> 00:45:42,079

dealing with a completely monolithic

1194

00:45:45,589 --> 00:45:44,079

uh organization you know what i mean

1195

00:45:46,550 --> 00:45:45,599

we're not dealing

1196

00:45:50,550 --> 00:45:46,560

with

1197

00:45:53,109 --> 00:45:50,560

a bureaucracy that is that is completely

1198

00:45:55,430 --> 00:45:53,119

well well sorted and well situated uh

1199

00:45:57,430 --> 00:45:55,440

we're often dealing with siloed

1200

00:45:59,030 --> 00:45:57,440

departments we're dealing with people

1201
00:46:00,710 --> 00:45:59,040
that don't necessarily get along with

1202
00:46:02,309 --> 00:46:00,720
each other they don't even necessarily

1203
00:46:04,309 --> 00:46:02,319
know what each other do

1204
00:46:06,309 --> 00:46:04,319
you know they could be in an office

1205
00:46:08,870 --> 00:46:06,319
across the hall from each other and have

1206
00:46:10,790 --> 00:46:08,880
absolutely no idea about about what that

1207
00:46:12,630 --> 00:46:10,800
person does in their day-to-day

1208
00:46:15,430 --> 00:46:12,640
day-to-day work you can even have

1209
00:46:17,829 --> 00:46:15,440
somebody like gary reed that uh is

1210
00:46:19,190 --> 00:46:17,839
ostensibly overseeing an office and not

1211
00:46:20,710 --> 00:46:19,200
necessarily know

1212
00:46:22,630 --> 00:46:20,720
everything that's going on in that

1213
00:46:25,750 --> 00:46:22,640

particular office which is kind of

1214

00:46:27,589 --> 00:46:25,760

fascinating right so in terms of of you

1215

00:46:30,230 --> 00:46:27,599

know the idea of palace intrigue or

1216

00:46:32,550 --> 00:46:30,240

something like this this is a this is it

1217

00:46:34,470 --> 00:46:32,560

can be bewildering to look at these

1218

00:46:36,550 --> 00:46:34,480

stories but how but

1219

00:46:39,430 --> 00:46:36,560

in a story like today

1220

00:46:41,910 --> 00:46:39,440

we get a little bit more understanding

1221

00:46:43,349 --> 00:46:41,920

of of what's what's going on here and

1222

00:46:44,710 --> 00:46:43,359

what to look forward to in the days

1223

00:46:45,990 --> 00:46:44,720

ahead

1224

00:46:47,990 --> 00:46:46,000

um

1225

00:46:49,349 --> 00:46:48,000

and along those lines i agree with you

1226
00:46:50,710 --> 00:46:49,359
sean and i agree with you christopher

1227
00:46:52,870 --> 00:46:50,720
that you know

1228
00:46:55,109 --> 00:46:52,880
or what i think i hear from both of you

1229
00:46:56,870 --> 00:46:55,119
and that you know we can't just think

1230
00:46:58,390 --> 00:46:56,880
that something's going to happen

1231
00:47:00,069 --> 00:46:58,400
tomorrow it's all going to come out

1232
00:47:02,550 --> 00:47:00,079
tomorrow or in the next or in the next

1233
00:47:05,510 --> 00:47:02,560
few days and also that it

1234
00:47:08,550 --> 00:47:05,520
to me what i see is that

1235
00:47:11,030 --> 00:47:08,560
it just kind of proves the the fact that

1236
00:47:13,829 --> 00:47:11,040
we need to be looking at this issue from

1237
00:47:16,069 --> 00:47:13,839
parallel tracks we can't focus all our

1238
00:47:17,910 --> 00:47:16,079

energy on susan gough you know what i

1239

00:47:21,349 --> 00:47:17,920

mean we can't focus all of our energy

1240

00:47:23,349 --> 00:47:21,359

necessarily on on on gary reed or even

1241

00:47:25,990 --> 00:47:23,359

luella zondo or people like this like

1242

00:47:27,910 --> 00:47:26,000

this is why it's important for academia

1243

00:47:30,150 --> 00:47:27,920

to be involved in situations like this

1244

00:47:32,710 --> 00:47:30,160

this is why project galileo is important

1245

00:47:34,870 --> 00:47:32,720

why it's important for for for science

1246

00:47:37,349 --> 00:47:34,880

innovators to to really adapt to this

1247

00:47:39,829 --> 00:47:37,359

field so that we so that we can look at

1248

00:47:41,829 --> 00:47:39,839

these situations from from more

1249

00:47:45,270 --> 00:47:41,839

independent minds that can really

1250

00:47:47,030 --> 00:47:45,280

approach the issue in a way that will

1251
00:47:48,309 --> 00:47:47,040
move things forward a little bit more

1252
00:47:51,190 --> 00:47:48,319
cleanly

1253
00:47:53,030 --> 00:47:51,200
what do you guys think about that

1254
00:47:55,030 --> 00:47:53,040
absolutely and i i would also say

1255
00:47:57,750 --> 00:47:55,040
experiences now as well

1256
00:47:58,250 --> 00:47:57,760
um i think you know sean

1257
00:48:00,549 --> 00:47:58,260
um

1258
00:48:03,030 --> 00:48:00,559
[Music]

1259
00:48:05,190 --> 00:48:03,040
sean sean has alluded to this

1260
00:48:08,470 --> 00:48:05,200
um sean cake has alluded to this before

1261
00:48:09,990 --> 00:48:08,480
that um soon people

1262
00:48:11,510 --> 00:48:10,000
like christopher wolford for instance

1263
00:48:14,309 --> 00:48:11,520

experiences

1264

00:48:15,829 --> 00:48:14,319

will have a large role a large part to

1265

00:48:16,870 --> 00:48:15,839

play in this as well

1266

00:48:19,030 --> 00:48:16,880

um

1267

00:48:20,630 --> 00:48:19,040

i think that may

1268

00:48:22,630 --> 00:48:20,640

start with um

1269

00:48:27,030 --> 00:48:22,640

military witnesses let's say

1270

00:48:30,069 --> 00:48:27,040

um as i said um a lot of um

1271

00:48:31,990 --> 00:48:30,079

a lot of people may have been quite

1272

00:48:33,270 --> 00:48:32,000

let's say not scared but they just

1273

00:48:35,990 --> 00:48:33,280

didn't want the trouble in their life

1274

00:48:37,750 --> 00:48:36,000

from coming out with information

1275

00:48:40,630 --> 00:48:37,760

because the fear of repercussions coming

1276

00:48:44,309 --> 00:48:40,640

from usd ins

1277

00:48:45,349 --> 00:48:44,319

so i i i really think that yeah i really

1278

00:48:46,069 --> 00:48:45,359

think that hopefully we're going to get

1279

00:48:49,030 --> 00:48:46,079

more

1280

00:48:50,710 --> 00:48:49,040

experiences from military and i mean

1281

00:48:52,870 --> 00:48:50,720

they will carry more weight at the end

1282

00:48:56,309 --> 00:48:52,880

of the day um uh

1283

00:48:58,790 --> 00:48:56,319

to the neutral public let's say um and

1284

00:49:00,710 --> 00:48:58,800

to a judge injury let's say as well then

1285

00:49:01,910 --> 00:49:00,720

just um your average joke because these

1286

00:49:05,030 --> 00:49:01,920

are these people in a lot of

1287

00:49:06,150 --> 00:49:05,040

circumstances are trained observers

1288

00:49:07,910 --> 00:49:06,160

and

1289

00:49:09,109 --> 00:49:07,920

they know all the classified technique

1290

00:49:10,230 --> 00:49:09,119

well not all the classical technology

1291

00:49:11,589 --> 00:49:10,240

but they're privy to the classified

1292

00:49:13,829 --> 00:49:11,599

technology as well

1293

00:49:16,390 --> 00:49:13,839

so i'm hoping that we we get them as

1294

00:49:18,069 --> 00:49:16,400

well but yeah we need holistic

1295

00:49:19,829 --> 00:49:18,079

view about this and you know as things

1296

00:49:22,870 --> 00:49:19,839

like the galileo project

1297

00:49:25,109 --> 00:49:22,880

um make progress the pressure will

1298

00:49:27,190 --> 00:49:25,119

grow as well on those

1299

00:49:30,870 --> 00:49:27,200

sections of the dod that are hiding

1300

00:49:37,030 --> 00:49:33,750

yeah i i can't wait to find out on that

1301

00:49:38,069 --> 00:49:37,040

note um jonathan davies um

1302

00:49:39,990 --> 00:49:38,079

um

1303

00:49:41,750 --> 00:49:40,000

you know it's a good question for you

1304

00:49:43,349 --> 00:49:41,760

here what are your uh what's your

1305

00:49:45,190 --> 00:49:43,359

opinion on the chances of public

1306

00:49:47,589 --> 00:49:45,200

hearings i would i would say you know if

1307

00:49:49,430 --> 00:49:47,599

you were not asking me but i would start

1308

00:49:51,910 --> 00:49:49,440

and say with the world as it is right

1309

00:49:53,910 --> 00:49:51,920

now uh maybe that's not something that

1310

00:49:55,670 --> 00:49:53,920

would would happen this year unless

1311

00:49:57,990 --> 00:49:55,680

things were you know

1312

00:50:00,069 --> 00:49:58,000

going to come down come down somehow

1313

00:50:01,829 --> 00:50:00,079

with world conflicts but that's just me

1314

00:50:03,430 --> 00:50:01,839

what do you think

1315

00:50:06,790 --> 00:50:03,440

it depends about

1316

00:50:08,790 --> 00:50:06,800

i think it's 50 50 for next year um

1317

00:50:10,790 --> 00:50:08,800

i mean in my mind

1318

00:50:13,910 --> 00:50:10,800

i'd hope it be this year if not enough

1319

00:50:14,790 --> 00:50:13,920

progress is made before midterms so that

1320

00:50:16,870 --> 00:50:14,800

um

1321

00:50:18,790 --> 00:50:16,880

senators and congressmen who

1322

00:50:20,870 --> 00:50:18,800

going up for re-election

1323

00:50:22,950 --> 00:50:20,880

um can have some ammunition there to say

1324

00:50:24,950 --> 00:50:22,960

look i've been championing this look

1325

00:50:27,109 --> 00:50:24,960

being vindicated in this so i'm hoping

1326
00:50:31,349 --> 00:50:27,119
to not a lot of progress is being made

1327
00:50:32,790 --> 00:50:31,359
in time for the unclassified um version

1328
00:50:34,309 --> 00:50:32,800
public report

1329
00:50:36,390 --> 00:50:34,319
on the uap is

1330
00:50:37,829 --> 00:50:36,400
made available in october i'm hoping

1331
00:50:39,990 --> 00:50:37,839
you'll have sooner but now i think

1332
00:50:42,069 --> 00:50:40,000
realistically it's 50 50 for next year

1333
00:50:44,870 --> 00:50:42,079
and in terms of um

1334
00:50:46,710 --> 00:50:44,880
what affects it i mean if biden

1335
00:50:48,630 --> 00:50:46,720
loses midterms

1336
00:50:50,870 --> 00:50:48,640
that kind of complicates it but it's a

1337
00:50:53,750 --> 00:50:50,880
bypass issue so i'm hoping it won't

1338
00:50:55,430 --> 00:50:53,760

affect it too much also it depends on

1339

00:50:56,309 --> 00:50:55,440

what's on the schedule of committees as

1340

00:50:57,349 --> 00:50:56,319

well

1341

00:51:00,069 --> 00:50:57,359

um

1342

00:51:02,790 --> 00:51:00,079

so like cars cars and andrew carson he

1343

00:51:04,950 --> 00:51:02,800

spoke about um hearings before he said

1344

00:51:06,710 --> 00:51:04,960

it's dependent on our schedule because

1345

00:51:07,990 --> 00:51:06,720

committees will have a schedule but

1346

00:51:09,829 --> 00:51:08,000

they're just going to discuss at each

1347

00:51:11,030 --> 00:51:09,839

meeting and stuff so if there's lots of

1348

00:51:12,069 --> 00:51:11,040

discussion they've already got things

1349

00:51:13,910 --> 00:51:12,079

planned

1350

00:51:15,270 --> 00:51:13,920

it's very very hard to change

1351

00:51:16,150 --> 00:51:15,280

proceedings

1352

00:51:17,910 --> 00:51:16,160

um

1353

00:51:19,510 --> 00:51:17,920

so it's dependent on that and one thing

1354

00:51:21,829 --> 00:51:19,520

i'd add as well which i said before is

1355

00:51:23,750 --> 00:51:21,839

that um you need to like you need to

1356

00:51:26,069 --> 00:51:23,760

plan these wearing advanced public

1357

00:51:28,309 --> 00:51:26,079

hearings you've got to know who you're

1358

00:51:30,470 --> 00:51:28,319

going to call up as witnesses it'd be a

1359

00:51:32,790 --> 00:51:30,480

huge deal everything yeah it's it's

1360

00:51:34,470 --> 00:51:32,800

going to be well planned

1361

00:51:37,030 --> 00:51:34,480

it's it's so important because you're

1362

00:51:39,510 --> 00:51:37,040

only one shot and if you make a mess out

1363

00:51:40,710 --> 00:51:39,520

of it you've screwed it for like a

1364

00:51:42,069 --> 00:51:40,720

generation

1365

00:51:44,470 --> 00:51:42,079

yeah you know we don't want to have to

1366

00:51:46,470 --> 00:51:44,480

do it again like that didn't go so well

1367

00:51:49,430 --> 00:51:46,480

but let's do it again in another 70

1368

00:51:52,069 --> 00:51:49,440

years we'll give it a go

1369

00:51:54,230 --> 00:51:52,079

so um i don't want to you know take up

1370

00:51:56,069 --> 00:51:54,240

too much uh more of your time here i

1371

00:51:57,030 --> 00:51:56,079

know you're a busy man with lots to do

1372

00:51:59,349 --> 00:51:57,040

so

1373

00:52:01,750 --> 00:51:59,359

first off i wanted to say thank you for

1374

00:52:02,549 --> 00:52:01,760

for everything you do i mean i know it's

1375

00:52:04,950 --> 00:52:02,559

um

1376

00:52:07,270 --> 00:52:04,960

a passion project and and you don't get

1377

00:52:09,270 --> 00:52:07,280

any um you know it's not something you

1378

00:52:10,950 --> 00:52:09,280

could live off of or even

1379

00:52:12,710 --> 00:52:10,960

probably have fun time on the weekends

1380

00:52:15,670 --> 00:52:12,720

off of and i'm right in the same boat

1381

00:52:18,549 --> 00:52:15,680

with you and jay and um but you know the

1382

00:52:20,870 --> 00:52:18,559

work you do is really important and i'm

1383

00:52:22,870 --> 00:52:20,880

so very appreciative and i know i speak

1384

00:52:24,870 --> 00:52:22,880

for you know the greater uh part of the

1385

00:52:27,349 --> 00:52:24,880

community when i say that so thank you

1386

00:52:30,150 --> 00:52:27,359

for everything you do i truly mean it

1387

00:52:32,390 --> 00:52:30,160

from the bottom of my heart um and with

1388

00:52:34,950 --> 00:52:32,400

that being said um is there anything

1389

00:52:35,670 --> 00:52:34,960

that you want to you know leave us with

1390

00:52:36,790 --> 00:52:35,680

or

1391

00:52:39,510 --> 00:52:36,800

anything you want to say about the

1392

00:52:41,109 --> 00:52:39,520

situation or anything else but before we

1393

00:52:42,630 --> 00:52:41,119

let you go

1394

00:52:46,549 --> 00:52:42,640

um

1395

00:52:48,950 --> 00:52:46,559

liberation times still got articles in

1396

00:52:51,270 --> 00:52:48,960

the works we're now focusing a lot on

1397

00:52:54,630 --> 00:52:51,280

exclusives they will still do the

1398

00:52:58,790 --> 00:52:54,640

analytical pieces um but the next story

1399

00:53:01,589 --> 00:52:58,800

that i release may not premiere on

1400

00:53:04,150 --> 00:53:01,599

liberation times let's say and um

1401
00:53:05,030 --> 00:53:04,160
i'll leave it at that

1402
00:53:08,710 --> 00:53:05,040
what

1403
00:53:09,750 --> 00:53:08,720
very interesting

1404
00:53:16,670 --> 00:53:09,760
all right

1405
00:53:16,680 --> 00:53:20,150
[Music]

1406
00:53:26,630 --> 00:53:23,270
absolutely love you too christopher uh

1407
00:53:28,470 --> 00:53:26,640
please say hello to uh the wife and kid

1408
00:53:30,549 --> 00:53:28,480
for us and uh

1409
00:53:32,390 --> 00:53:30,559
and we uh look forward to seeing you

1410
00:53:33,750 --> 00:53:32,400
again in the days ahead thank you so

1411
00:53:35,910 --> 00:53:33,760
much for your analysis today it's been

1412
00:53:38,549 --> 00:53:35,920
absolutely crucial appreciate it you

1413
00:53:40,390 --> 00:53:38,559

guys thank you

1414

00:53:42,790 --> 00:53:40,400

see you bye

1415

00:53:45,670 --> 00:53:42,800

all right what are you going to make so

1416

00:53:47,430 --> 00:53:45,680

you're going to make me big oh come on

1417

00:53:48,710 --> 00:53:47,440

wait which way do i point to get to you

1418

00:53:51,270 --> 00:53:48,720

this way okay

1419

00:53:52,950 --> 00:53:51,280

we should we should

1420

00:53:55,109 --> 00:53:52,960

i like it when we're even steven there

1421

00:53:56,630 --> 00:53:55,119

we go that's better that's better you

1422

00:53:58,790 --> 00:53:56,640

know what view i hate

1423

00:54:01,109 --> 00:53:58,800

this one this one sucks

1424

00:54:03,910 --> 00:54:01,119

yeah i'm not i didn't even have that one

1425

00:54:05,910 --> 00:54:03,920

i don't know man i like the tron grid uh

1426
00:54:08,470 --> 00:54:05,920
down beneath i it really helps me to see

1427
00:54:10,630 --> 00:54:08,480
a horizon line anyway it's great to oh

1428
00:54:12,549 --> 00:54:10,640
don't do that come on man please you're

1429
00:54:14,950 --> 00:54:12,559
gonna make me dizzy you know what

1430
00:54:16,710 --> 00:54:14,960
happens when you get dizzy um

1431
00:54:18,950 --> 00:54:16,720
so it's great to see chris that's

1432
00:54:21,030 --> 00:54:18,960
absolutely wonderful uh yeah i'm glad

1433
00:54:23,430 --> 00:54:21,040
that he was able to jump in at the last

1434
00:54:24,710 --> 00:54:23,440
minute uh you know these

1435
00:54:26,150 --> 00:54:24,720
it's uh

1436
00:54:28,069 --> 00:54:26,160
for those out there in the chat and

1437
00:54:29,750 --> 00:54:28,079
those watching you know it's it's

1438
00:54:32,230 --> 00:54:29,760

interesting when these situations happen

1439

00:54:34,950 --> 00:54:32,240

where a big article comes out a big

1440

00:54:36,309 --> 00:54:34,960

story and it really drives the day and

1441

00:54:38,230 --> 00:54:36,319

you know if you

1442

00:54:39,750 --> 00:54:38,240

if we had plans for the show you just

1443

00:54:40,630 --> 00:54:39,760

kind of check them over your shoulder

1444

00:54:47,750 --> 00:54:40,640

and

1445

00:54:50,069 --> 00:54:47,760

just have to move them over to next week

1446

00:54:51,270 --> 00:54:50,079

or you know perhaps you know even after

1447

00:54:53,829 --> 00:54:51,280

that we'll see

1448

00:54:57,270 --> 00:54:53,839

but um i'm glad that we were able to

1449

00:54:59,589 --> 00:54:57,280

adapt to this i'm so glad that uh

1450

00:55:02,150 --> 00:54:59,599

i'm i i was glad to see this today you

1451

00:55:05,270 --> 00:55:02,160

know it helps it helps give nuance to

1452

00:55:07,109 --> 00:55:05,280

the conversation and i think yeah

1453

00:55:10,230 --> 00:55:07,119

and uh i'm sure that there'll be

1454

00:55:12,630 --> 00:55:10,240

follow-up reporting and hopefully

1455

00:55:13,589 --> 00:55:12,640

uh more analysis in the days to come of

1456

00:55:14,630 --> 00:55:13,599

course

1457

00:55:19,910 --> 00:55:14,640

to

1458

00:55:21,910 --> 00:55:19,920

from lou about how what what he he

1459

00:55:23,430 --> 00:55:21,920

thinks about this i'd even be curious to

1460

00:55:25,430 --> 00:55:23,440

hear what danny sheehan has to say about

1461

00:55:27,829 --> 00:55:25,440

this and right i saw that mentioned in

1462

00:55:30,309 --> 00:55:27,839

the chat a little bit i tried to reach

1463

00:55:31,910 --> 00:55:30,319

out to danny no luck yet if anyone has

1464

00:55:34,789 --> 00:55:31,920

his information or if he's watching

1465

00:55:37,910 --> 00:55:34,799

somehow get in touch with me man

1466

00:55:39,589 --> 00:55:37,920

i think it would be a great interview um

1467

00:55:41,829 --> 00:55:39,599

one thing i wanted to say and i know you

1468

00:55:44,230 --> 00:55:41,839

feel the same way about me before before

1469

00:55:45,430 --> 00:55:44,240

we get out of here is um

1470

00:55:46,470 --> 00:55:45,440

you know

1471

00:55:48,470 --> 00:55:46,480

this whole

1472

00:55:50,230 --> 00:55:48,480

kit green piece on the biological

1473

00:55:53,109 --> 00:55:50,240

effects and all this kind of stuff and

1474

00:55:55,910 --> 00:55:53,119

and you know people are saying he's

1475

00:55:59,190 --> 00:55:55,920

sourcing the inquirer or whatever it is

1476
00:56:01,589 --> 00:55:59,200
um everyone just needs to realize that

1477
00:56:03,109 --> 00:56:01,599
the biological effects have been

1478
00:56:06,309 --> 00:56:03,119
reported

1479
00:56:07,990 --> 00:56:06,319
to all sorts of different people for

1480
00:56:09,589 --> 00:56:08,000
decades

1481
00:56:12,230 --> 00:56:09,599
and if you watch my show a couple years

1482
00:56:13,829 --> 00:56:12,240
back we go through account after account

1483
00:56:16,069 --> 00:56:13,839
after account

1484
00:56:17,589 --> 00:56:16,079
some are even straight to the air force

1485
00:56:20,230 --> 00:56:17,599
you know

1486
00:56:22,230 --> 00:56:20,240
um so it's not a new

1487
00:56:22,530 --> 00:56:22,240
thing it's not something

1488
00:56:24,549 --> 00:56:22,540

um

1489

00:56:27,109 --> 00:56:24,559

[Music]

1490

00:56:29,589 --> 00:56:27,119

you know it's time to just grow up and

1491

00:56:31,109 --> 00:56:29,599

realize that this happens

1492

00:56:32,470 --> 00:56:31,119

you know

1493

00:56:34,309 --> 00:56:32,480

because

1494

00:56:36,150 --> 00:56:34,319

people don't deserve this kind of

1495

00:56:37,430 --> 00:56:36,160

treatment that have gone through this

1496

00:56:39,030 --> 00:56:37,440

kind of stuff

1497

00:56:40,710 --> 00:56:39,040

and enough is enough they've been

1498

00:56:41,589 --> 00:56:40,720

through enough

1499

00:56:44,470 --> 00:56:41,599

you know

1500

00:56:46,710 --> 00:56:44,480

um and they just don't deserve that

1501
00:56:48,390 --> 00:56:46,720
and you know the other thing i'll say is

1502
00:56:50,630 --> 00:56:48,400
the air force treated people who

1503
00:56:52,470 --> 00:56:50,640
reported stuff like that historically

1504
00:56:54,950 --> 00:56:52,480
during blue book

1505
00:56:57,910 --> 00:56:54,960
uh like complete garbage calling them

1506
00:56:59,990 --> 00:56:57,920
hallucinations or imaginative

1507
00:57:02,309 --> 00:57:00,000
or what have you so

1508
00:57:03,349 --> 00:57:02,319
they couldn't report to the air force

1509
00:57:04,630 --> 00:57:03,359
anymore

1510
00:57:07,829 --> 00:57:04,640
because of that

1511
00:57:09,910 --> 00:57:07,839
you know so hence you know we see them

1512
00:57:11,430 --> 00:57:09,920
reporting in other places but

1513
00:57:13,670 --> 00:57:11,440

um so i think it's just important to

1514

00:57:16,950 --> 00:57:13,680

keep that in mind is is don't let people

1515

00:57:20,069 --> 00:57:16,960

bully these witnesses anymore or make uh

1516

00:57:22,390 --> 00:57:20,079

people feel lesser than thou for having

1517

00:57:24,390 --> 00:57:22,400

physical experiences because they might

1518

00:57:27,270 --> 00:57:24,400

be mentioned in in this publication or

1519

00:57:29,829 --> 00:57:27,280

that publication so absolutely i think

1520

00:57:31,990 --> 00:57:29,839

that's absolutely crucial i mean along

1521

00:57:34,309 --> 00:57:32,000

the lines of what you're saying yes you

1522

00:57:36,470 --> 00:57:34,319

know physical effects have been

1523

00:57:39,030 --> 00:57:36,480

happening since people

1524

00:57:41,349 --> 00:57:39,040

seemingly begin encountering

1525

00:57:43,430 --> 00:57:41,359

uh you know anomalous craft and

1526
00:57:44,710 --> 00:57:43,440
anomalous be and you know non-human

1527
00:57:47,109 --> 00:57:44,720
entities

1528
00:57:49,990 --> 00:57:47,119
and it's time to just kind of come out

1529
00:57:51,750 --> 00:57:50,000
in the open and discuss that for what it

1530
00:57:52,549 --> 00:57:51,760
is you know i mean

1531
00:57:55,109 --> 00:57:52,559
yeah

1532
00:57:57,030 --> 00:57:55,119
when the days of of saying like oh it

1533
00:57:59,910 --> 00:57:57,040
might be a russian drone those those

1534
00:58:01,510 --> 00:57:59,920
days are over you know those days

1535
00:58:03,349 --> 00:58:01,520
according to me anyway those days

1536
00:58:06,630 --> 00:58:03,359
shouldn't have been here to begin with

1537
00:58:09,670 --> 00:58:06,640
um yes that that was i i feel like that

1538
00:58:12,870 --> 00:58:09,680

that premise was inherently

1539

00:58:14,789 --> 00:58:12,880

problematic but you know a lot a lot of

1540

00:58:16,630 --> 00:58:14,799

people will jump into the conversation

1541

00:58:19,030 --> 00:58:16,640

and say this person or that person is

1542

00:58:20,470 --> 00:58:19,040

taking advantage of the ufo community

1543

00:58:22,230 --> 00:58:20,480

because of this or that or need to

1544

00:58:24,789 --> 00:58:22,240

believe or this or that but guess what

1545

00:58:26,789 --> 00:58:24,799

the people who feed you lines like

1546

00:58:29,910 --> 00:58:26,799

russian drones or this or that are

1547

00:58:33,270 --> 00:58:29,920

taking advantage of the innate um

1548

00:58:36,150 --> 00:58:33,280

desire for people to want to think that

1549

00:58:37,990 --> 00:58:36,160

things are normal you know as far as

1550

00:58:39,910 --> 00:58:38,000

these things don't exist

1551

00:58:42,069 --> 00:58:39,920

do you think that i

1552

00:58:45,109 --> 00:58:42,079

you know my life would be a whole lot

1553

00:58:47,190 --> 00:58:45,119

easier if i wasn't thinking about this

1554

00:58:48,950 --> 00:58:47,200

if i didn't have an experience if i

1555

00:58:50,549 --> 00:58:48,960

didn't feel like i had to try to figure

1556

00:58:52,470 --> 00:58:50,559

it out you know

1557

00:58:53,829 --> 00:58:52,480

it was a lot more simple

1558

00:58:55,829 --> 00:58:53,839

but i can't

1559

00:58:58,069 --> 00:58:55,839

you know and i'm looking further into

1560

00:59:00,309 --> 00:58:58,079

this and people who feed you lines like

1561

00:59:03,750 --> 00:59:00,319

drones or this or that are taking

1562

00:59:06,069 --> 00:59:03,760

advantage of uh people that

1563

00:59:07,589 --> 00:59:06,079

you know rather be lazy with their

1564

00:59:10,230 --> 00:59:07,599

thoughts

1565

00:59:13,589 --> 00:59:10,240

because it's easier to think that things

1566

00:59:15,829 --> 00:59:13,599

are mundane and also

1567

00:59:19,190 --> 00:59:15,839

russian drones exist

1568

00:59:23,109 --> 00:59:19,200

chinese drones exist u.s drones exist

1569

00:59:27,190 --> 00:59:23,119

but guess what so two unidentified

1570

00:59:29,430 --> 00:59:27,200

flying objects that come from places

1571

00:59:32,309 --> 00:59:29,440

that we are just unaware of

1572

00:59:33,430 --> 00:59:32,319

absolutely that seemed that very much

1573

00:59:36,150 --> 00:59:33,440

come from

1574

00:59:38,710 --> 00:59:36,160

civilizations that that

1575

00:59:41,109 --> 00:59:38,720

we are not very privy to

1576
00:59:43,109 --> 00:59:41,119
in day-to-day life um yeah you know and

1577
00:59:44,630 --> 00:59:43,119
and along the lines just before we get

1578
00:59:47,190 --> 00:59:44,640
out of here today along since you

1579
00:59:49,349 --> 00:59:47,200
brought up kid's paper i mean

1580
00:59:53,030 --> 00:59:49,359
it's important i think to also remember

1581
00:59:54,870 --> 00:59:53,040
that so many people

1582
00:59:56,870 --> 00:59:54,880
so many people that participate in the

1583
00:59:58,789 --> 00:59:56,880
online debate now these aren't the

1584
01:00:00,870 --> 00:59:58,799
experiences that you deal with you know

1585
01:00:03,109 --> 01:00:00,880
in your family in your interpersonal

1586
01:00:04,710 --> 01:00:03,119
life you know when you talk to somebody

1587
01:00:06,549 --> 01:00:04,720
and they say oh you know like i think i

1588
01:00:08,549 --> 01:00:06,559

saw something you know the way that you

1589

01:00:09,829 --> 01:00:08,559

and i talk to each other the way that i

1590

01:00:11,670 --> 01:00:09,839

speak with other members of the

1591

01:00:14,230 --> 01:00:11,680

experencer group things like that you

1592

01:00:16,309 --> 01:00:14,240

know when we're talking about the online

1593

01:00:17,910 --> 01:00:16,319

debate on uh

1594

01:00:19,589 --> 01:00:17,920

wherever the debate happens where it

1595

01:00:21,190 --> 01:00:19,599

happens on reddit where it happens on

1596

01:00:23,349 --> 01:00:21,200

twitter and things like this

1597

01:00:26,789 --> 01:00:23,359

sometimes you're dealing with people

1598

01:00:27,670 --> 01:00:26,799

that learned how to have this debate

1599

01:00:31,510 --> 01:00:27,680

through

1600

01:00:33,349 --> 01:00:31,520

counter intelligence people like susan

1601

01:00:35,270 --> 01:00:33,359

like gary reed

1602

01:00:37,750 --> 01:00:35,280

right you're you're dealing with people

1603

01:00:39,910 --> 01:00:37,760

that learned how to have this debate

1604

01:00:43,030 --> 01:00:39,920

through the rules that were given to

1605

01:00:45,270 --> 01:00:43,040

them by project blue book right where

1606

01:00:48,150 --> 01:00:45,280

it's like try to figure out how to spin

1607

01:00:50,390 --> 01:00:48,160

this stuff try to figure out how you can

1608

01:00:53,109 --> 01:00:50,400

have some kind of straw man attack some

1609

01:00:53,829 --> 01:00:53,119

kind of ad hominem attack

1610

01:00:58,309 --> 01:00:53,839

and

1611

01:01:00,630 --> 01:00:58,319

here is that if you can't

1612

01:01:03,270 --> 01:01:00,640

if you can't find a problem with the

1613

01:01:05,829 --> 01:01:03,280

central premise of a paper go and try to

1614

01:01:08,789 --> 01:01:05,839

attack one of the sources right this is

1615

01:01:10,789 --> 01:01:08,799

a very common strategy in academia this

1616

01:01:13,270 --> 01:01:10,799

is a pretty common strategy it's a it's

1617

01:01:16,150 --> 01:01:13,280

a way to to try to blow apart an

1618

01:01:17,910 --> 01:01:16,160

argument and a in a research paper and

1619

01:01:19,750 --> 01:01:17,920

you know and sometimes it can be really

1620

01:01:22,069 --> 01:01:19,760

effective but it's important to remember

1621

01:01:24,390 --> 01:01:22,079

that in this situation you know when

1622

01:01:26,710 --> 01:01:24,400

people say like oh you know there's a

1623

01:01:29,030 --> 01:01:26,720

reference to or or kit green was

1624

01:01:32,549 --> 01:01:29,040

referencing the national enquirer no

1625

01:01:35,430 --> 01:01:32,559

okay there were 49 references in kit

1626
01:01:37,270 --> 01:01:35,440
greens at the end of kit green's paper

1627
01:01:40,230 --> 01:01:37,280
on the physical effects that

1628
01:01:44,470 --> 01:01:40,240
experiencers have suffered through okay

1629
01:01:46,069 --> 01:01:44,480
and in those 49 references one of those

1630
01:01:50,309 --> 01:01:46,079
references

1631
01:01:54,390 --> 01:01:50,319
uh was a mufon report put together years

1632
01:01:57,270 --> 01:01:54,400
earlier and within that one reference

1633
01:01:59,190 --> 01:01:57,280
some of the references in that report

1634
01:01:59,990 --> 01:01:59,200
not even all of them yeah just that's

1635
01:02:02,870 --> 01:02:00,000
right

1636
01:02:04,549 --> 01:02:02,880
some of them were taken from the

1637
01:02:08,069 --> 01:02:04,559
inquirer okay

1638
01:02:09,910 --> 01:02:08,079

so you're dealing with a such a delusion

1639

01:02:13,270 --> 01:02:09,920

and if you're if you're hearing from

1640

01:02:15,750 --> 01:02:13,280

somebody online oh those those offset

1641

01:02:17,270 --> 01:02:15,760

papers the dirt papers those kid greens

1642

01:02:20,230 --> 01:02:17,280

paper whatever it's all from the

1643

01:02:23,029 --> 01:02:20,240

national enquirer no okay there are 38

1644

01:02:27,349 --> 01:02:23,039

papers inside one of those papers

1645

01:02:29,349 --> 01:02:27,359

amongst 49 references one reference

1646

01:02:30,230 --> 01:02:29,359

came from a paper

1647

01:02:31,829 --> 01:02:30,240

that

1648

01:02:33,990 --> 01:02:31,839

contained some reference from the

1649

01:02:36,470 --> 01:02:34,000

inquirer so you can see how deluded this

1650

01:02:38,549 --> 01:02:36,480

situation has become right

1651
01:02:40,870 --> 01:02:38,559
and so if you hear that if you hear that

1652
01:02:42,150 --> 01:02:40,880
from any particular person online

1653
01:02:44,390 --> 01:02:42,160
remember

1654
01:02:47,430 --> 01:02:44,400
what we're talking about here this is

1655
01:02:50,069 --> 01:02:47,440
not a totality this isn't even a

1656
01:02:52,950 --> 01:02:50,079
majority in one particular paper and it

1657
01:02:54,870 --> 01:02:52,960
certainly doesn't debate the phys

1658
01:02:57,430 --> 01:02:54,880
debase the physical effects that

1659
01:02:58,789 --> 01:02:57,440
experiencers have suffered through

1660
01:03:00,549 --> 01:02:58,799
uh for years

1661
01:03:02,309 --> 01:03:00,559
and we'll go into this in future weeks

1662
01:03:04,069 --> 01:03:02,319
and future episodes but of course there

1663
01:03:05,029 --> 01:03:04,079

are people that have had positive

1664

01:03:07,990 --> 01:03:05,039

effects

1665

01:03:09,910 --> 01:03:08,000

from encounters with with non-human and

1666

01:03:11,589 --> 01:03:09,920

entities and and with craft and things

1667

01:03:14,069 --> 01:03:11,599

like this and there are people that have

1668

01:03:16,309 --> 01:03:14,079

had negative situations and sometimes

1669

01:03:18,150 --> 01:03:16,319

you know it deserves to be thought about

1670

01:03:20,789 --> 01:03:18,160

you know uh

1671

01:03:22,230 --> 01:03:20,799

things don't always go into the box of

1672

01:03:24,390 --> 01:03:22,240

good and bad

1673

01:03:26,950 --> 01:03:24,400

and things are often more complex than

1674

01:03:28,549 --> 01:03:26,960

that and we're a bunch of adults or at

1675

01:03:30,789 --> 01:03:28,559

least we try to be

1676

01:03:33,270 --> 01:03:30,799

so when we try when we look at things

1677

01:03:35,430 --> 01:03:33,280

around us when we look at situations and

1678

01:03:37,190 --> 01:03:35,440

all we're doing is doing good bad

1679

01:03:38,950 --> 01:03:37,200

positive and negative

1680

01:03:41,109 --> 01:03:38,960

you know we're really doing ourselves a

1681

01:03:43,670 --> 01:03:41,119

disservice in terms of the way that we

1682

01:03:46,150 --> 01:03:43,680

characterize things sometimes

1683

01:03:47,190 --> 01:03:46,160

yeah i think that's that's beautiful uh

1684

01:03:48,950 --> 01:03:47,200

you know

1685

01:03:50,789 --> 01:03:48,960

uh i can't think

1686

01:03:54,230 --> 01:03:50,799

you know seldom are things really that

1687

01:03:57,430 --> 01:03:56,230

and i think we'll find at least in my

1688

01:04:00,950 --> 01:03:57,440

ufo

1689

01:04:03,589 --> 01:04:00,960

experience encounter um i've had both

1690

01:04:05,029 --> 01:04:03,599

i've had positive and i've had negative

1691

01:04:07,190 --> 01:04:05,039

you know

1692

01:04:09,270 --> 01:04:07,200

and i've had a mix of both

1693

01:04:12,230 --> 01:04:09,280

you know it's so it's like

1694

01:04:14,390 --> 01:04:12,240

it's just like it's not that one-sided

1695

01:04:16,470 --> 01:04:14,400

for me personally so i'd imagine it's

1696

01:04:18,150 --> 01:04:16,480

the same for other people

1697

01:04:20,870 --> 01:04:18,160

a hundred percent and you know i mean

1698

01:04:22,390 --> 01:04:20,880

i've i've used this before but you know

1699

01:04:24,069 --> 01:04:22,400

if i were to

1700

01:04:27,430 --> 01:04:24,079

say like oh

1701

01:04:29,750 --> 01:04:27,440

you know my my neighbor

1702

01:04:32,150 --> 01:04:29,760

he's you know he is terrible he is

1703

01:04:34,549 --> 01:04:32,160

absolutely naked he's a negative being

1704

01:04:36,630 --> 01:04:34,559

he's a horribly negative being you know

1705

01:04:38,549 --> 01:04:36,640

you might think that i'm lacking nuance

1706

01:04:41,190 --> 01:04:38,559

you know that i'm lacking some kind of

1707

01:04:43,430 --> 01:04:41,200

critical faculties if i were to say that

1708

01:04:45,270 --> 01:04:43,440

anybody around me was just a hundred

1709

01:04:48,069 --> 01:04:45,280

percent good or a hundred percent bad

1710

01:04:49,990 --> 01:04:48,079

you know uh where you know anytime

1711

01:04:52,950 --> 01:04:50,000

you're dealing with with

1712

01:04:56,470 --> 01:04:52,960

with a complex person you're dealing

1713

01:04:59,109 --> 01:04:56,480

with a complex range of motivations and

1714

01:04:59,990 --> 01:04:59,119

right so you know in any situation like

1715

01:05:02,150 --> 01:05:00,000

that

1716

01:05:04,710 --> 01:05:02,160

right so and aliens are other entities

1717

01:05:06,710 --> 01:05:04,720

right like what are the chances that

1718

01:05:08,630 --> 01:05:06,720

something like that that advance that

1719

01:05:10,549 --> 01:05:08,640

would be able to do what it's doing and

1720

01:05:13,109 --> 01:05:10,559

you know do with impunity whatever it

1721

01:05:16,390 --> 01:05:13,119

wants is going to come down to a

1722

01:05:17,990 --> 01:05:16,400

personality um that is either good or

1723

01:05:19,990 --> 01:05:18,000

bad

1724

01:05:22,069 --> 01:05:20,000

you know like

1725

01:05:24,630 --> 01:05:22,079

i'm i would guess that there would

1726

01:05:27,270 --> 01:05:24,640

probably be more um

1727

01:05:29,430 --> 01:05:27,280

diversity in an individual being or

1728

01:05:32,069 --> 01:05:29,440

whatever that looks like than we could

1729

01:05:34,390 --> 01:05:32,079

imagine you know and any

1730

01:05:36,950 --> 01:05:34,400

thing that it does you know might not

1731

01:05:40,710 --> 01:05:36,960

even be based on anything and known to

1732

01:05:42,549 --> 01:05:40,720

them as good or bad you know

1733

01:05:44,630 --> 01:05:42,559

um might be working on a complete

1734

01:05:46,309 --> 01:05:44,640

different scale than us it i think it's

1735

01:05:48,470 --> 01:05:46,319

just our

1736

01:05:50,630 --> 01:05:48,480

inability to imagine something that

1737

01:05:52,630 --> 01:05:50,640

could act um

1738

01:05:54,630 --> 01:05:52,640

non-human like and

1739

01:05:56,150 --> 01:05:54,640

and even thinking about what that means

1740

01:05:57,349 --> 01:05:56,160

you know

1741

01:05:59,190 --> 01:05:57,359

so yeah

1742

01:06:01,029 --> 01:05:59,200

absolutely and um

1743

01:06:01,910 --> 01:06:01,039

i was listening to

1744

01:06:05,029 --> 01:06:01,920

um

1745

01:06:05,990 --> 01:06:05,039

somebody earlier today and she was

1746

01:06:07,430 --> 01:06:06,000

saying

1747

01:06:11,430 --> 01:06:07,440

um i

1748

01:06:13,109 --> 01:06:11,440

i wish i could do this quote um well but

1749

01:06:15,349 --> 01:06:13,119

it's very much along the lines of john

1750

01:06:16,950 --> 01:06:15,359

mack and it was saying you know she was

1751

01:06:18,870 --> 01:06:16,960

saying

1752

01:06:23,589 --> 01:06:18,880

one of the central

1753

01:06:26,230 --> 01:06:23,599

qualities of human beings are that we

1754

01:06:27,109 --> 01:06:26,240

can take take pain and turn it into

1755

01:06:28,950 --> 01:06:27,119

beauty

1756

01:06:30,870 --> 01:06:28,960

right right yeah

1757

01:06:33,029 --> 01:06:30,880

and i think that that's an absolutely

1758

01:06:35,430 --> 01:06:33,039

important thing to remember in any

1759

01:06:37,029 --> 01:06:35,440

situation when we're looking at this

1760

01:06:39,270 --> 01:06:37,039

debate when we're thinking about

1761

01:06:41,589 --> 01:06:39,280

anomalous studies and anomalous

1762

01:06:43,589 --> 01:06:41,599

phenomena and how

1763

01:06:46,069 --> 01:06:43,599

wild and strange

1764

01:06:47,990 --> 01:06:46,079

this world around us can be or what

1765

01:06:50,789 --> 01:06:48,000

happens when we're even dealing with

1766

01:06:52,630 --> 01:06:50,799

consensus reality this reality that we

1767

01:06:55,430 --> 01:06:52,640

enter into when we go to work or the

1768

01:06:58,230 --> 01:06:55,440

grocery store or participate online in

1769

01:07:00,710 --> 01:06:58,240

these kinds of conversations you know um

1770

01:07:04,309 --> 01:07:00,720

we're we're we're we're dealing with

1771

01:07:05,670 --> 01:07:04,319

complex topics at a very complex time in

1772

01:07:08,549 --> 01:07:05,680

human history

1773

01:07:09,910 --> 01:07:08,559

and and we're working on it together and

1774

01:07:11,670 --> 01:07:09,920

i love what you're doing

1775

01:07:14,710 --> 01:07:11,680

i love what you said there about uh

1776

01:07:17,430 --> 01:07:14,720

turning uh pain into beauty i mean

1777

01:07:19,029 --> 01:07:17,440

someone once said to me a while ago um

1778

01:07:20,470 --> 01:07:19,039

that they'd be they'd be

1779

01:07:21,750 --> 01:07:20,480

they'd hate their life if they didn't

1780

01:07:23,990 --> 01:07:21,760

have pain

1781

01:07:25,829 --> 01:07:24,000

if there was no negativity in it

1782

01:07:29,270 --> 01:07:25,839

i mean because

1783

01:07:31,190 --> 01:07:29,280

sometimes you know and it you know

1784

01:07:33,589 --> 01:07:31,200

obviously not everything but you know

1785

01:07:35,829 --> 01:07:33,599

certain um types of pain

1786

01:07:37,829 --> 01:07:35,839

those are the things that fuel you that

1787

01:07:40,069 --> 01:07:37,839

either put the chip on your shoulder or

1788

01:07:42,309 --> 01:07:40,079

give you the creative juice you need to

1789

01:07:44,789 --> 01:07:42,319

make that beautiful thing whether it's

1790

01:07:46,470 --> 01:07:44,799

even a great day at work or a meal for

1791

01:07:50,789 --> 01:07:46,480

your loved one or

1792

01:07:53,430 --> 01:07:50,799

a song or being creative like sometimes

1793

01:07:54,470 --> 01:07:53,440

that pain is the juice it's the fuel you

1794

01:07:57,029 --> 01:07:54,480

know

1795

01:07:58,870 --> 01:07:57,039

that makes you say i'm not gonna give up

1796

01:08:00,630 --> 01:07:58,880

i'm not gonna quit i'm gonna fight and

1797

01:08:02,470 --> 01:08:00,640

that's the energy sometimes that takes

1798

01:08:04,950 --> 01:08:02,480

you over the top and puts you where you

1799

01:08:06,309 --> 01:08:04,960

need to be you know so it just made me

1800

01:08:08,950 --> 01:08:06,319

think that i thought that was a

1801

01:08:10,390 --> 01:08:08,960

beautiful thing to bring up and say so

1802

01:08:12,390 --> 01:08:10,400

um

1803

01:08:13,990 --> 01:08:12,400

guess what

1804

01:08:16,789 --> 01:08:14,000

sean's angry

1805

01:08:18,070 --> 01:08:16,799

i know you're hungry and it's about

1806

01:08:21,669 --> 01:08:18,080

working

1807

01:08:24,470 --> 01:08:21,679

and we are we are at

1808

01:08:26,550 --> 01:08:24,480

about eight past the hour so it's a good

1809

01:08:28,309 --> 01:08:26,560

time to wrap up this has been a

1810

01:08:30,229 --> 01:08:28,319

great conversation

1811

01:08:33,110 --> 01:08:30,239

i'm glad that we were able to digest and

1812

01:08:35,349 --> 01:08:33,120

analyze uh tim's work

1813

01:08:37,110 --> 01:08:35,359

together today i'm glad that we were

1814

01:08:39,590 --> 01:08:37,120

able to bring in our wonderful guest

1815

01:08:42,070 --> 01:08:39,600

christopher sharp i already look forward

1816

01:08:44,309 --> 01:08:42,080

to to getting analysis from him again in

1817

01:08:45,430 --> 01:08:44,319

the future it's so good to see everybody

1818

01:08:47,189 --> 01:08:45,440

in the chat

1819

01:08:48,630 --> 01:08:47,199

and uh thank you all for joining us

1820

01:08:51,590 --> 01:08:48,640
