so close to another

9  
00:01:11,190 --> 00:01:07,830  
every friday

10  
00:01:14,310 --> 00:01:11,200  
i got some different digs today

11  
00:01:17,830 --> 00:01:16,390  
uh so i hope that's okay hope that's

12  
00:01:20,070 --> 00:01:17,840  
okay with you

13  
00:01:21,510 --> 00:01:20,080

that i'm casting from a different

14

00:01:23,030 --> 00:01:21,520

location

15

00:01:25,350 --> 00:01:23,040

i hope that doesn't throw you off too

16

00:01:27,270 --> 00:01:25,360

much i have a normal background by the

17

00:01:30,230 --> 00:01:27,280

way let me know if you prefer

18

00:01:32,710 --> 00:01:30,240

a normal background or do you prefer the

19

00:01:35,030 --> 00:01:32,720

green screen because some people like a

20

00:01:37,190 --> 00:01:35,040

fake background some people likes you

21

00:01:41,670 --> 00:01:37,200

know I natural route

22

00:01:44,469 --> 00:01:41,680

and i wouldn't be mad at you either way

23

00:01:47,510 --> 00:01:44,479

and first of all thanks everybody for

24

00:01:50,630 --> 00:01:47,520

uh joining the production today

25

00:01:51,429 --> 00:01:50,640

um it's been

26

00:01:53,749 --> 00:01:51,439

you know

27

00:01:55,030 --> 00:01:53,759

really it hasn't been that much time off

28

00:01:57,590 --> 00:01:55,040

that i've taken

29

00:01:59,429 --> 00:01:57,600

uh but it feels like a long time when

30

00:02:02,469 --> 00:01:59,439

you're doing this stuff

31

00:02:03,510 --> 00:02:02,479

sometimes four or five days a week and

32

00:02:05,590 --> 00:02:03,520

you take

33

00:02:09,589 --> 00:02:05,600

a good solid

34

00:02:10,869 --> 00:02:09,599

six seven days off it feels like a lot

35

00:02:13,190 --> 00:02:10,879

it really does

36

00:02:15,350 --> 00:02:13,200

um but i needed that time off i was

37

00:02:16,790 --> 00:02:15,360

getting a little frustrated especially

38

00:02:18,630 --> 00:02:16,800

with

39

00:02:22,229 --> 00:02:18,640

you know we had this big story come out

40

00:02:25,670 --> 00:02:22,239

with uh about um

41

00:02:26,550 --> 00:02:25,680

uh gary reed and all that

42

00:02:28,229 --> 00:02:26,560

and

43

00:02:30,550 --> 00:02:28,239

then you know it's just the typical

44

00:02:32,150 --> 00:02:30,560

stuff where there's people on

45

00:02:34,070 --> 00:02:32,160

you know twitter or whatever pushing

46

00:02:38,869 --> 00:02:34,080

back against that

47

00:02:41,350 --> 00:02:38,879

and it's you know in in some aspects

48

00:02:43,910 --> 00:02:41,360

rightfully so i would say but other

49

00:02:45,430 --> 00:02:43,920

aspects not so much you know

50

00:02:47,190 --> 00:02:45,440

so

51  
00:02:49,350 --> 00:02:47,200  
you know i just needed to take a step

52  
00:02:50,949 --> 00:02:49,360  
back and kind of

53  
00:02:52,949 --> 00:02:50,959  
look at everything

54  
00:02:54,630 --> 00:02:52,959  
with a fresh perspective you know i've

55  
00:02:56,150 --> 00:02:54,640  
been doing this so long

56  
00:02:57,910 --> 00:02:56,160  
you get into it

57  
00:02:59,190 --> 00:02:57,920  
so much that you kind of lose your

58  
00:03:01,750 --> 00:02:59,200  
perspective

59  
00:03:03,350 --> 00:03:01,760  
it's good to step outside of that bubble

60  
00:03:05,670 --> 00:03:03,360  
and take a wide look

61  
00:03:06,630 --> 00:03:05,680  
and and you know evaluate what's going

62  
00:03:07,750 --> 00:03:06,640  
on

63  
00:03:11,509 --> 00:03:07,760

you know

64

00:03:14,550 --> 00:03:11,519

um observe check it out so i did that

65

00:03:16,390 --> 00:03:14,560

and it was good it was healthy so

66

00:03:18,630 --> 00:03:16,400

uh thanks for

67

00:03:21,190 --> 00:03:18,640

you know

68

00:03:22,710 --> 00:03:21,200

being patient

69

00:03:26,470 --> 00:03:22,720

what's up everybody in the chat thanks

70

um the the david's

86

00:04:18,469 --> 00:04:15,760

from that so i can't wait to talk to

87

00:04:20,789 --> 00:04:18,479

them and i did get

88

00:04:23,590 --> 00:04:20,799

a screener for that i haven't watched it

89

00:04:26,710 --> 00:04:23,600

yet i'm about to probably after

90

00:04:28,629 --> 00:04:26,720

91

00:04:31,110 --> 00:04:28,639

can't get enough for william shatner you

92

00:04:33,110 --> 00:04:31,120

93

00:04:36,150 --> 00:04:33,120

of william shatner so what's up to

94

00:04:37,270 --> 00:04:36,160

everybody else dutch uap elena

95

00:04:39,110 --> 00:04:37,280

um

96

00:04:40,830 --> 00:04:39,120

witness citizen

97

00:04:43,510 --> 00:04:40,840

uh

98

00:04:45,350 --> 00:04:43,520

draycon i love all the different names

99

00:04:47,430 --> 00:04:45,360

some of you guys are so creative

100

00:04:50,950 --> 00:04:47,440

linda yep she's right

101  
00:04:52,230 --> 00:04:50,960  
the mib in brookfield got me

102  
00:04:53,909 --> 00:04:52,240  
not good

103  
00:04:55,510 --> 00:04:53,919  
but i escaped

104  
00:04:57,110 --> 00:04:55,520  
and i'm a free man

105  
00:04:59,749 --> 00:04:57,120  
so

106  
00:05:00,710 --> 00:04:59,759  
thankfully that happened i got away sam

107  
00:05:02,150 --> 00:05:00,720  
what's up

108  
00:05:03,990 --> 00:05:02,160  
benji

109  
00:05:05,830 --> 00:05:04,000  
if i missed anybody sorry about that

110  
00:05:08,629 --> 00:05:05,840  
xavier

111  
00:05:10,710 --> 00:05:08,639  
robert covert what's up

112  
00:05:12,020 --> 00:05:10,720  
william shatt

113  
00:05:14,310 --> 00:05:12,030

there

114

00:05:15,590 --> 00:05:14,320

[Laughter]

115

00:05:16,710 --> 00:05:15,600

is

116

00:05:17,510 --> 00:05:16,720

the bomb

117

00:05:20,390 --> 00:05:17,520

so

118

00:05:22,150 --> 00:05:20,400

yeah mib did buy me donuts though except

119

00:05:23,510 --> 00:05:22,160

they didn't get the kind i like

120

00:05:26,629 --> 00:05:23,520

unfortunately

121

00:05:28,550 --> 00:05:26,639

i like uh double chocolate

122

00:05:30,790 --> 00:05:28,560

and they got me

123

00:05:32,310 --> 00:05:30,800

uh strawberry frosted with with jimmy's

124

00:05:33,670 --> 00:05:32,320

which is okay

125

00:05:36,550 --> 00:05:33,680

you know i'm not hating on it bigger

126

00:05:37,670 --> 00:05:36,560

skippy choosers but you know

127

00:05:39,830 --> 00:05:37,680

so yeah

128

00:05:41,510 --> 00:05:39,840

so we had a a couple pretty cool

129

00:05:43,350 --> 00:05:41,520

interviews also

130

00:05:45,110 --> 00:05:43,360

um happened while i was away which was

131

00:05:48,950 --> 00:05:45,120

nice because i got to just you know take

132

00:05:50,550 --> 00:05:48,960

some time and watch those uh interviews

133

00:05:54,070 --> 00:05:50,560

and enjoy them

134

00:05:55,350 --> 00:05:54,080

one of which was mr gary nolan

135

00:05:57,670 --> 00:05:55,360

on

136

00:05:59,110 --> 00:05:57,680

theory of everything

137

00:06:01,270 --> 00:05:59,120

uh that was a great interview they

138

00:06:04,309 --> 00:06:01,280

talked for a long time

139

00:06:06,230 --> 00:06:04,319

that's for sure a lot of speculation

140

00:06:08,390 --> 00:06:06,240

but a lot of interesting things came up

141

00:06:09,670 --> 00:06:08,400

a lot of uh some of gary's experiences

142

00:06:10,629 --> 00:06:09,680

some of uh

143

00:06:11,040 --> 00:06:10,639

even

144

00:06:13,350 --> 00:06:11,050

um

145

00:06:15,270 --> 00:06:13,360

[Music]

146

00:06:16,950 --> 00:06:15,280

uh kurt's experiences which which are

147

00:06:19,510 --> 00:06:16,960

pretty intense

148

00:06:21,830 --> 00:06:19,520

and and they got into you know maybe the

149

00:06:23,830 --> 00:06:21,840

science of it the material science of it

150

00:06:25,670 --> 00:06:23,840

and a lot of that stuff so it's

151

00:06:26,629 --> 00:06:25,680

definitely worth watching

152

00:06:29,270 --> 00:06:26,639

um

153

00:06:30,870 --> 00:06:29,280

like everything it it leaves you wanting

154

00:06:31,670 --> 00:06:30,880

wanting more right

155

00:06:34,710 --> 00:06:31,680

um

156

00:06:37,029 --> 00:06:34,720

everything's so tantalizing

157

00:06:39,430 --> 00:06:37,039

but you just want that you want that

158

00:06:42,150 --> 00:06:39,440

truth right you want that truth

159

00:06:43,510 --> 00:06:42,160

um and you feel sometimes that you're so

160

00:06:45,909 --> 00:06:43,520

close

161

00:06:47,749 --> 00:06:45,919

but just not quite there so

162

00:06:49,830 --> 00:06:47,759

um but it's definitely a great interview

163

00:06:52,710 --> 00:06:49,840

gary is obviously a brilliant guy i

164

00:06:54,309 --> 00:06:52,720

noticed gary nolan's dog has a twitter

165

00:06:55,189 --> 00:06:54,319

account now

166

00:06:58,150 --> 00:06:55,199

um

167

00:07:00,830 --> 00:06:58,160

which is which is cool

168

00:07:03,270 --> 00:07:00,840

so i would do that for my dogs

169

00:07:05,430 --> 00:07:03,280

but you know sweeping cowboy they're

170

00:07:06,230 --> 00:07:05,440

great dogs i don't know that they would

171

00:07:09,189 --> 00:07:06,240

be

172

00:07:10,950 --> 00:07:09,199

that popular though you know and their

173

00:07:12,230 --> 00:07:10,960

takes probably wouldn't go over very

174

00:07:13,270 --> 00:07:12,240

well at least with the other twitter

175

00:07:14,790 --> 00:07:13,280

dogs

176

00:07:17,430 --> 00:07:14,800

um they got kind of their own thing

177

00:07:19,350 --> 00:07:17,440

going on and

178

00:07:21,510 --> 00:07:19,360

you know that could stir the pot and i'm

179

00:07:23,350 --> 00:07:21,520

not looking to do that so

180

00:07:25,830 --> 00:07:23,360

twitter's got enough going on

181

00:07:30,870 --> 00:07:27,189

um

182

00:07:35,430 --> 00:07:32,629

that i must say

183

00:07:37,749 --> 00:07:35,440

uh was pretty fantastic i watched today

184

00:07:39,670 --> 00:07:37,759

was with a

185

00:07:42,230 --> 00:07:39,680

post-disclosure

186

00:07:44,150 --> 00:07:42,240

uh ryan robinson is his name

187

00:07:46,150 --> 00:07:44,160

and lou elizando i thought it was

188

00:07:49,110 --> 00:07:46,160

fantastic i love

189

00:07:50,869 --> 00:07:49,120

uh his ryan's uh

190

00:07:51,990 --> 00:07:50,879

passion his fire

191

00:07:53,830 --> 00:07:52,000

you know

192

00:07:56,830 --> 00:07:53,840

and and he

193

00:08:00,710 --> 00:07:56,840

you know integrates and melds that with

194

00:08:02,710 --> 00:08:00,720

um intelligence and

195

00:08:04,469 --> 00:08:02,720

wonderful kind of

196

00:08:06,469 --> 00:08:04,479

you know and i don't mean this in a in a

197

00:08:09,350 --> 00:08:06,479

bad way or anything in a wonderful

198

00:08:10,550 --> 00:08:09,360

perspective an obvious perspective you

199

00:08:12,550 --> 00:08:10,560

know what i mean

200

00:08:14,150 --> 00:08:12,560

like pointing out the fact that we have

201  
00:08:16,390 --> 00:08:14,160  
all these systems

202  
00:08:17,990 --> 00:08:16,400  
you know these radars aegis system all

203  
00:08:19,670 --> 00:08:18,000  
this different stuff we've had

204  
00:08:23,189 --> 00:08:19,680  
satellites

205  
00:08:26,550 --> 00:08:23,199  
in space for god knows how long

206  
00:08:28,790 --> 00:08:26,560  
you know we have data on this stuff it's

207  
00:08:30,469 --> 00:08:28,800  
just share it share the data

208  
00:08:38,550 --> 00:08:30,479  
you know

209  
00:08:40,149 --> 00:08:38,560  
frustrated he is because i think in the

210  
00:08:42,949 --> 00:08:40,159  
end we all get that frustrated because

211  
00:08:46,070 --> 00:08:42,959  
we know that there's more available than

212  
00:08:48,389 --> 00:08:46,080  
uh is being shared with us you know

213  
00:08:51,269 --> 00:08:48,399

and

214

00:08:53,590 --> 00:08:51,279

you know it's just got to get to a point

215

00:08:56,389 --> 00:08:53,600

where enough is enough you know if

216

00:09:00,790 --> 00:08:58,230

they can help people move on with their

217

00:09:02,710 --> 00:09:00,800

lives in different ways you know

218

00:09:04,870 --> 00:09:02,720

people who are committed to this topic

219

00:09:07,110 --> 00:09:04,880

and whether it be transparency or

220

00:09:09,110 --> 00:09:07,120

investigating for themselves

221

00:09:10,949 --> 00:09:09,120

dedicate their lives to this stuff and

222

00:09:13,269 --> 00:09:10,959

here the government is sitting on

223

00:09:15,350 --> 00:09:13,279

information data

224

00:09:17,110 --> 00:09:15,360

twiddling their thumbs

225

00:09:19,350 --> 00:09:17,120

just basically

226

00:09:21,590 --> 00:09:19,360

seemingly laughing at us and that's you

227

00:09:24,470 --> 00:09:21,600

know to be frank that's just bull

228

00:09:26,710 --> 00:09:24,480

[\h\_\_\h] so

229

00:09:28,150 --> 00:09:26,720

and i wish i could insert ross cole hard

230

00:09:30,070 --> 00:09:28,160

any time i wanted to say [\h\_\_\h]

231

00:09:31,590 --> 00:09:30,080

because he just says it the best you

232

00:09:33,350 --> 00:09:31,600

know

233

00:09:35,430 --> 00:09:33,360

i can't even imitate it but if you want

234

00:09:38,230 --> 00:09:35,440

a good [\h\_\_\h]

235

00:09:42,070 --> 00:09:38,240

look up ross goldhart

236

00:09:44,150 --> 00:09:42,080

no one says that word better than him

237

00:09:45,269 --> 00:09:44,160

most definitely but that was a that was

238

00:09:47,750 --> 00:09:45,279

a great

239

00:09:49,030 --> 00:09:47,760

um dense interview

240

00:09:51,110 --> 00:09:49,040

somebody pointed out there was only

241

00:09:53,269 --> 00:09:51,120

three questions that's all you needed

242

00:09:54,710 --> 00:09:53,279

you know

243

00:09:55,829 --> 00:09:54,720

and there were more than three questions

244

00:09:58,470 --> 00:09:55,839

you just

245

00:10:00,870 --> 00:09:58,480

you know combined a couple

246

00:10:03,110 --> 00:10:00,880

and let lou talk so i thought that was

247

00:10:04,949 --> 00:10:03,120

great it's great timing as i put in the

248

00:10:07,670 --> 00:10:04,959

description here

249

00:10:10,230 --> 00:10:07,680

uh another piece came out about

250

00:10:13,030 --> 00:10:10,240

um gary reed

251  
00:10:14,870 --> 00:10:13,040  
and the daily mail which uh friend of

252  
00:10:19,350 --> 00:10:14,880  
joe christopher sharp i believe

253  
00:10:20,550 --> 00:10:19,360  
worked on that with the daily mail

254  
00:10:21,750 --> 00:10:20,560  
and

255  
00:10:23,590 --> 00:10:21,760  
you know it was pretty intense they

256  
00:10:25,110 --> 00:10:23,600  
outed employee one from the original

257  
00:10:26,150 --> 00:10:25,120  
complaint for those of you been paying

258  
00:10:27,110 --> 00:10:26,160  
attention

259  
00:10:29,190 --> 00:10:27,120  
um

260  
00:10:30,710 --> 00:10:29,200  
there was ig complaint about gary reed

261  
00:10:34,550 --> 00:10:30,720  
and you know

262  
00:10:38,470 --> 00:10:34,560  
um alleged uh sexual harassment

263  
00:10:44,069 --> 00:10:41,110

you know that's in the end found out

264

00:10:45,509 --> 00:10:44,079

that the edgy couldn't prove

265

00:10:48,949 --> 00:10:45,519

really anything one way or another

266

00:10:51,990 --> 00:10:48,959

although it was obvious that he was um

267

00:10:54,630 --> 00:10:52,000

playing favorites so to speak so

268

00:10:56,790 --> 00:10:54,640

you know stories come out about that and

269

00:10:59,110 --> 00:10:56,800

uh his botched role in afghanistan

270

00:11:01,269 --> 00:10:59,120

withdrawal and

271

00:11:03,829 --> 00:11:01,279

you know holding back uap transparency

272

00:11:07,190 --> 00:11:03,839

by basically harassing lou and

273

00:11:08,949 --> 00:11:07,200

um doing things of the sort so

274

00:11:12,150 --> 00:11:08,959

you know it's interesting because uh

275

00:11:13,190 --> 00:11:12,160

jasha you know contacts dod susan gao

276

00:11:15,670 --> 00:11:13,200

says

277

00:11:17,910 --> 00:11:15,680

uh no he still holds the same position

278

00:11:19,829 --> 00:11:17,920

brian bender from politico writes or

279

00:11:21,430 --> 00:11:19,839

writes an article

280

00:11:23,030 --> 00:11:21,440

pretty much kind of backs up more or

281

00:11:25,990 --> 00:11:23,040

less um

282

00:11:29,990 --> 00:11:26,000

what uh the debrief reported

283

00:11:31,430 --> 00:11:30,000

and then another uh piece gets written

284

00:11:33,829 --> 00:11:31,440

you know that i put in the description

285

00:11:35,110 --> 00:11:33,839

here that um you know where the source

286

00:11:36,069 --> 00:11:35,120

is somebody

287

00:11:40,710 --> 00:11:36,079

really

288

00:11:42,470 --> 00:11:40,720

um

289

00:11:45,670 --> 00:11:42,480

and kind of backs this up

290

00:11:47,350 --> 00:11:45,680

this stuff up uh again and it really it

291

00:11:50,150 --> 00:11:47,360

seems like what i would imagine would

292

00:11:51,670 --> 00:11:50,160

happen was gary well gary reed will wind

293

00:11:53,990 --> 00:11:51,680

up like resigning that's how the

294

00:11:55,110 --> 00:11:54,000

government works right

295

00:11:59,350 --> 00:11:55,120

people don't

296

00:12:01,509 --> 00:11:59,360

fired they resign

297

00:12:03,990 --> 00:12:01,519

but it's like a forced

298

00:12:06,069 --> 00:12:04,000

more or less resignation so then they

299

00:12:07,990 --> 00:12:06,079

out at employee number one

300

00:12:11,990 --> 00:12:08,000

uh i forget what her name is but you can

301  
00:12:15,590 --> 00:12:13,750  
and the thing is she takes over dude's

302  
00:12:17,269 --> 00:12:15,600  
shop

303  
00:12:18,710 --> 00:12:17,279  
and that's what kind of pisses me off so

304  
00:12:20,470 --> 00:12:18,720  
all this stuff is going on with gary

305  
00:12:24,150 --> 00:12:20,480  
reed this employee one

306  
00:12:26,069 --> 00:12:24,160  
is like is his right-hand lady

307  
00:12:28,710 --> 00:12:26,079  
he's getting pushed into a forced

308  
00:12:30,310 --> 00:12:28,720  
resignation more or less it seems like

309  
00:12:32,710 --> 00:12:30,320  
and who takes over

310  
00:12:35,509 --> 00:12:32,720  
his sidekick

311  
00:12:37,190 --> 00:12:35,519  
so to me that goes to show like

312  
00:12:38,790 --> 00:12:37,200  
shit's still going on there and it's not

313  
00:12:40,389 --> 00:12:38,800

completely figured out or she wouldn't

314

00:12:42,470 --> 00:12:40,399

be the one in charge

315

00:12:44,629 --> 00:12:42,480

you know she wouldn't be the one being

316

00:12:46,230 --> 00:12:44,639

put in that position now maybe she is

317

00:12:47,910 --> 00:12:46,240

out of convenience because it's a big

318

00:12:49,750 --> 00:12:47,920

role that he had

319

00:12:52,389 --> 00:12:49,760

counterintelligence across the entire

320

00:12:53,829 --> 00:12:52,399

country who's gonna know more about you

321

00:12:56,870 --> 00:12:53,839

know his systems and what he did than

322

00:13:00,069 --> 00:12:56,880

somebody like that but come on

323

00:13:01,829 --> 00:13:00,079

you know like that's not

324

00:13:02,790 --> 00:13:01,839

that's not how to do it that's not what

325

00:13:03,990 --> 00:13:02,800

you do

326

00:13:05,509 --> 00:13:04,000

you know

327

00:13:06,790 --> 00:13:05,519

and at this point

328

00:13:08,790 --> 00:13:06,800

you know it seems like both of those

329

00:13:10,150 --> 00:13:08,800

people have lost enough credibility to

330

00:13:12,550 --> 00:13:10,160

where you got to get somebody new in

331

00:13:17,829 --> 00:13:15,350

what's up kristin boulder colorado that

332

00:13:21,670 --> 00:13:17,839

sounds awesome

333

00:13:24,470 --> 00:13:21,680

sounds super cool i wish i was there

334

00:13:26,550 --> 00:13:24,480

um and then the interview with lou

335

00:13:28,310 --> 00:13:26,560

pretty much talked about how you know

336

00:13:30,230 --> 00:13:28,320

he's a he's a

337

00:13:31,590 --> 00:13:30,240

a piece of a larger problem

338

00:13:33,269 --> 00:13:31,600

he did say that there's more people

339

00:13:34,710 --> 00:13:33,279

pushing for transparency than there are

340

00:13:35,829 --> 00:13:34,720

people fighting against it and that's

341

00:13:37,350 --> 00:13:35,839

the good news

342

00:13:39,350 --> 00:13:37,360

and yada yada but

343

00:13:41,189 --> 00:13:39,360

um there's there's a lot more to do and

344

00:13:45,030 --> 00:13:41,199

you know the interesting thing is

345

00:13:46,710 --> 00:13:45,040

lose seems you know from the the little

346

00:13:47,509 --> 00:13:46,720

piece that he did with daily mail and

347

00:13:49,509 --> 00:13:47,519

then

348

00:13:51,509 --> 00:13:49,519

the interview with ryan who really seems

349

00:13:54,150 --> 00:13:51,519

like he still

350

00:13:56,550 --> 00:13:54,160

has a lot of information as far as what

351

00:13:58,790 --> 00:13:56,560

is going on on the inside doesn't he i

352

00:14:01,430 --> 00:13:58,800

mean in ryan's interview he said

353

00:14:02,710 --> 00:14:01,440

about uap encounters that they just got

354

00:14:04,710 --> 00:14:02,720

two

355

00:14:06,790 --> 00:14:04,720

more encounters interesting encounters

356

00:14:09,430 --> 00:14:06,800

within like the last week now how would

357

00:14:12,470 --> 00:14:09,440

he know that

358

00:14:15,189 --> 00:14:13,509

you know

359

00:14:18,470 --> 00:14:15,199

somehow involved or someone's giving

360

00:14:21,509 --> 00:14:18,480

them information right

361

00:14:23,350 --> 00:14:21,519

and then you think about him being

362

00:14:24,870 --> 00:14:23,360

a contractor for the government which

363

00:14:26,230 --> 00:14:24,880

jesus admitted right

364

00:14:28,710 --> 00:14:26,240

now

365

00:14:31,269 --> 00:14:28,720

what i wonder is has anyone ever thought

366

00:14:37,269 --> 00:14:31,279

about maybe his role as a contractor for

367

00:14:37,279 --> 00:14:41,990

just thinking just thinking out loud

368

00:14:45,910 --> 00:14:43,670

but i wonder

369

00:14:47,990 --> 00:14:45,920

if that's the case

370

00:14:49,829 --> 00:14:48,000

that could make a lot of sense now it

371

00:14:50,629 --> 00:14:49,839

could be wrong

372

00:14:53,509 --> 00:14:50,639

but

373

00:14:56,629 --> 00:14:53,519

just

374

00:14:59,350 --> 00:14:56,639

he's obviously got info on the inside

375

00:15:00,790 --> 00:14:59,360

and um you know he's able to take care

376

00:15:02,949 --> 00:15:00,800

of business by getting rid of people

377

00:15:04,470 --> 00:15:02,959

that you know frankly seemingly should

378

00:15:05,509 --> 00:15:04,480

be there so

379

00:15:07,030 --> 00:15:05,519

um

380

00:15:08,870 --> 00:15:07,040

that's fantastic and hopefully that

381

00:15:12,949 --> 00:15:08,880

train keeps rolling

382

00:15:15,750 --> 00:15:12,959

you know uap or not uap like if people

383

00:15:19,030 --> 00:15:15,760

are you know

384

00:15:22,470 --> 00:15:19,040

sexually harassing whim employees

385

00:15:24,710 --> 00:15:22,480

you know botching withdrawals

386

00:15:27,189 --> 00:15:24,720

like from afghanistan and all that like

387

00:15:29,030 --> 00:15:27,199

they shouldn't be there you know

388

00:15:30,870 --> 00:15:29,040

and if the things like lou says are true

389

00:15:33,749 --> 00:15:30,880

about how he tried briefing him on a

390

00:15:35,670 --> 00:15:33,759

different uh portfolio that he had which

391

00:15:37,030 --> 00:15:35,680

was basically around 9 11 and the guy

392

00:15:39,430 --> 00:15:37,040

didn't really seem to care one way or

393

00:15:40,470 --> 00:15:39,440

another like get the guy out of there

394

00:15:42,710 --> 00:15:40,480

like

395

00:15:48,870 --> 00:15:42,720

whatever the case is

396

00:15:48,880 --> 00:15:51,509

so

397

00:15:55,990 --> 00:15:53,749

that hopefully that whole thing keeps

398

00:15:58,629 --> 00:15:56,000

rolling i i really do hope that keeps

399

00:16:01,189 --> 00:15:58,639

going and i hope that people keep on it

400

00:16:03,509 --> 00:16:01,199

like chris sharpe and and others

401  
00:16:05,430 --> 00:16:03,519  
who are boldly going out there

402  
00:16:09,189 --> 00:16:05,440  
and writing these stories

403  
00:16:11,110 --> 00:16:09,199  
just to basically get a

404  
00:16:13,829 --> 00:16:11,120  
lot of pushback from people

405  
00:16:18,069 --> 00:16:16,550  
uh from one person or another yeah you

406  
00:16:19,430 --> 00:16:18,079  
know who they are like greenwald that

407  
00:16:22,710 --> 00:16:19,440  
was the first guy to come out with the

408  
00:16:24,389 --> 00:16:22,720  
dod statement saying this story is

409  
00:16:26,470 --> 00:16:24,399  
absolutely incorrect other people are

410  
00:16:28,230 --> 00:16:26,480  
calling chris like lazy and all this

411  
00:16:30,470 --> 00:16:28,240  
kind of stuff like that just has no

412  
00:16:32,550 --> 00:16:30,480  
place in this the guy's doing his job

413  
00:16:34,389 --> 00:16:32,560

he's got his sources he's got his ways

414

00:16:35,990 --> 00:16:34,399

of doing business and if you don't like

415

00:16:38,870 --> 00:16:36,000

that that's fine but you know what do

416

00:16:40,230 --> 00:16:38,880

your job and do it better than him

417

00:16:41,990 --> 00:16:40,240

that's how that's how you're supposed to

418

00:16:44,230 --> 00:16:42,000

do it

419

00:16:47,269 --> 00:16:44,240

you know um

420

00:16:48,790 --> 00:16:47,279

petty this or petty that uh and remarks

421

00:16:50,470 --> 00:16:48,800

about somebody who's just doing their

422

00:16:52,310 --> 00:16:50,480

thing living their life

423

00:16:53,990 --> 00:16:52,320

there's just no need for that and what

424

00:16:55,829 --> 00:16:54,000

that means to me is

425

00:16:59,430 --> 00:16:55,839

you know what you can't do your job

426

00:17:01,189 --> 00:16:59,440

better than he can and so you resort to

427

00:17:03,189 --> 00:17:01,199

you know remarks like that about

428

00:17:05,590 --> 00:17:03,199

somebody

429

00:17:07,510 --> 00:17:05,600

so i would suggest go out there and get

430

00:17:09,110 --> 00:17:07,520

your own information get better

431

00:17:12,309 --> 00:17:09,120

information and more accurate

432

00:17:15,110 --> 00:17:12,319

information if you think

433

00:17:18,789 --> 00:17:15,120

uh that's possible

434

00:17:19,669 --> 00:17:18,799

because everybody knows

435

00:17:22,069 --> 00:17:19,679

that

436

00:17:24,069 --> 00:17:22,079

um you know actually speak louder than

437

00:17:25,990 --> 00:17:24,079

words

438

00:17:29,110 --> 00:17:26,000

right

439

00:17:30,390 --> 00:17:29,120

and so go out there do some actions and

440

00:17:32,070 --> 00:17:30,400

show your worth

441

00:17:33,990 --> 00:17:32,080

show that you're right so that you're

442

00:17:37,270 --> 00:17:34,000

better

443

00:17:40,549 --> 00:17:38,789

you know those remarks against people

444

00:17:41,830 --> 00:17:40,559

like christopher sharp just kind of you

445

00:17:44,310 --> 00:17:41,840

might as well flush them down the toilet

446

00:17:46,470 --> 00:17:44,320

because what that shows to me is hey you

447

00:17:50,549 --> 00:17:46,480

can't do it

448

00:17:52,470 --> 00:17:50,559

pissed about it

449

00:17:56,390 --> 00:17:52,480

so

450

00:17:59,510 --> 00:17:58,070

you know another thing you can do when

451

00:18:01,669 --> 00:17:59,520

you look at the different characters in

452

00:18:04,230 --> 00:18:01,679

this business right is you know in the

453

00:18:05,510 --> 00:18:04,240

different sides to this right and and

454

00:18:07,669 --> 00:18:05,520

how do they act when a piece of

455

00:18:09,909 --> 00:18:07,679

information comes out or whatever

456

00:18:12,310 --> 00:18:09,919

it's like but look at the people that

457

00:18:15,909 --> 00:18:12,320

are immature about certain things right

458

00:18:17,510 --> 00:18:15,919

whether it be you know a name calling or

459

00:18:21,590 --> 00:18:17,520

bullying or whatever

460

00:18:24,070 --> 00:18:21,600

when i see that it emboldens you know my

461

00:18:26,310 --> 00:18:24,080

own self and that i'm on the right side

462

00:18:28,390 --> 00:18:26,320

of this because guess what i don't want

463

00:18:30,950 --> 00:18:28,400

to be on the side that does stuff like

464

00:18:32,870 --> 00:18:30,960

that you know regardless of anything

465

00:18:34,789 --> 00:18:32,880

else

466

00:18:37,990 --> 00:18:34,799

you know

467

00:18:39,669 --> 00:18:38,000

i'm not i'm not on the bully side

468

00:18:41,430 --> 00:18:39,679

you know and

469

00:18:43,029 --> 00:18:41,440

you can really gauge a lot from who

470

00:18:44,549 --> 00:18:43,039

people are and just how they act

471

00:18:46,470 --> 00:18:44,559

regardless of the information or

472

00:18:48,710 --> 00:18:46,480

whatever they're talking about like when

473

00:18:51,909 --> 00:18:48,720

people come out and act like that it's

474

00:18:54,310 --> 00:18:51,919

clear that they're on the wrong side

475

00:18:57,909 --> 00:18:54,320

they're on the bad side

476

00:19:01,669 --> 00:18:57,919

you know because of that character

477

00:19:07,350 --> 00:19:03,909

you know and and that's uh a pretty good

478

00:19:11,029 --> 00:19:08,230

so

479

00:19:14,549 --> 00:19:11,039

that being said

480

00:19:17,350 --> 00:19:14,559

this week on twitter i have posted

481

00:19:19,669 --> 00:19:17,360

a good amount of uh documents yet that i

482

00:19:22,310 --> 00:19:19,679

think are pretty pretty good

483

00:19:25,510 --> 00:19:22,320

and when i show these documents it's

484

00:19:27,270 --> 00:19:25,520

you know i hope you know that i don't

485

00:19:29,029 --> 00:19:27,280

i don't pick just random documents

486

00:19:32,470 --> 00:19:29,039

because you know i think it's fun or

487

00:19:34,470 --> 00:19:32,480

entertaining i try to pick these because

488

00:19:36,230 --> 00:19:34,480

it proved a point to me when i first

489

00:19:38,070 --> 00:19:36,240

looked at these and i hope it proves the

490

00:19:40,870 --> 00:19:38,080

point to other people that this stuff

491

00:19:43,430 --> 00:19:40,880

has been going on for a long long long

492

00:19:44,590 --> 00:19:43,440

time you know and some of these cases

493

00:19:47,590 --> 00:19:44,600

are

494

00:19:50,470 --> 00:19:47,600

spectacular cases in it

495

00:19:53,510 --> 00:19:50,480

should infuriate infuriate you as much

496

00:19:56,789 --> 00:19:53,520

as it did me that has been going on this

497

00:19:58,950 --> 00:19:56,799

long without any action

498

00:20:00,950 --> 00:19:58,960

you know and and we get pushback from

499

00:20:02,630 --> 00:20:00,960

different people talking about it could

500

00:20:04,789 --> 00:20:02,640

be a balloon or this or that as far as

501  
00:20:06,390 --> 00:20:04,799  
like the the navy videos or whatever but

502  
00:20:09,029 --> 00:20:06,400  
like forget that

503  
00:20:12,470 --> 00:20:09,039  
like okay can you solve

504  
00:20:13,990 --> 00:20:12,480  
the thousands of other cases

505  
00:20:15,510 --> 00:20:14,000  
since

506  
00:20:16,710 --> 00:20:15,520  
you know documented with our government

507  
00:20:18,549 --> 00:20:16,720  
47

508  
00:20:20,470 --> 00:20:18,559  
but really what i think since the

509  
00:20:22,310 --> 00:20:20,480  
beginning of time

510  
00:20:24,630 --> 00:20:22,320  
stuff has been documented

511  
00:20:27,270 --> 00:20:24,640  
going back centuries

512  
00:20:33,430 --> 00:20:30,070  
but information has gotten a lot better

513  
00:20:36,230 --> 00:20:33,440

you know within the past you know

514

00:20:38,310 --> 00:20:36,240

you know 80 years or so with radars and

515

00:20:42,149 --> 00:20:38,320

and and all that so

516

00:20:42,870 --> 00:20:42,159

that match up with visual testimony

517

00:20:44,710 --> 00:20:42,880

and

518

00:20:46,549 --> 00:20:44,720

you know information has been withheld

519

00:20:49,430 --> 00:20:46,559

with us from so

520

00:20:51,990 --> 00:20:49,440

freaking long case in point

521

00:20:54,870 --> 00:20:52,000

right now what we're doing is

522

00:20:56,710 --> 00:20:54,880

dealing with congress right and who is

523

00:20:59,590 --> 00:20:56,720

not

524

00:21:02,149 --> 00:20:59,600

really participating

525

00:21:04,950 --> 00:21:02,159

and continues to obfuscate information

526  
00:21:06,789 --> 00:21:04,960  
what's the air force

527  
00:21:12,549 --> 00:21:06,799  
so i thought this document was very

528  
00:21:15,510 --> 00:21:13,590  
and they're talking about a

529  
00:21:17,110 --> 00:21:15,520  
congressional investigation into the air

530  
00:21:19,350 --> 00:21:17,120  
force and how they handle the ufo

531  
00:21:21,430 --> 00:21:19,360  
problem

532  
00:21:23,909 --> 00:21:21,440  
all the way back then

533  
00:21:26,710 --> 00:21:23,919  
way back back back back back not even

534  
00:21:30,070 --> 00:21:26,720  
the way back machine

535  
00:21:32,230 --> 00:21:30,080  
if you know what that is

536  
00:21:34,549 --> 00:21:32,240  
pull this up

537  
00:21:37,350 --> 00:21:34,559  
so this is from blue book the blue book

538  
00:21:42,870 --> 00:21:38,870

and you can see here if you read it for

539

00:21:47,430 --> 00:21:45,190

that they're talking about

540

00:21:50,950 --> 00:21:47,440

this congressional

541

00:21:54,950 --> 00:21:53,110

and there's

542

00:21:56,950 --> 00:21:54,960

you know this is basically the points

543

00:22:01,750 --> 00:21:56,960

that the air force is trying to make if

544

00:22:05,830 --> 00:22:03,750

a couple interesting things in the the

545

00:22:10,390 --> 00:22:05,840

most interesting one will be on the next

546

00:22:14,630 --> 00:22:12,789

i propose to conduct the investigation

547

00:22:17,270 --> 00:22:14,640

along the following lines

548

00:22:19,029 --> 00:22:17,280

i proposed mr heinz and provided you

549

00:22:20,870 --> 00:22:19,039

agree bring him to your office for

550

00:22:23,110 --> 00:22:20,880

introduction and then conduct the

551  
00:22:25,669 --> 00:22:23,120  
discussion in my office so right here

552  
00:22:28,070 --> 00:22:25,679  
the air force is really trying to

553  
00:22:30,789 --> 00:22:28,080  
control

554  
00:22:35,029 --> 00:22:30,799  
the possible investigation right and

555  
00:22:37,270 --> 00:22:35,039  
this isn't that important this one is

556  
00:22:39,510 --> 00:22:37,280  
really telling

557  
00:22:45,430 --> 00:22:39,520  
of what we're still dealing with

558  
00:22:50,149 --> 00:22:47,110  
saf

559  
00:22:54,310 --> 00:22:50,159  
ll's present efforts are directed toward

560  
00:22:59,830 --> 00:22:56,549  
your efforts are towards heading off the

561  
00:23:04,950 --> 00:23:02,950  
if you have nothing to hide why

562  
00:23:09,830 --> 00:23:04,960  
you should want the investigation

563  
00:23:11,990 --> 00:23:09,840

because it will validate your efforts

564

00:23:14,070 --> 00:23:12,000

people can say yeah they really are

565

00:23:15,909 --> 00:23:14,080

doing the best they can they're not

566

00:23:18,470 --> 00:23:15,919

hiding anything

567

00:23:21,350 --> 00:23:18,480

this is exactly what you would want

568

00:23:23,270 --> 00:23:21,360

if that was the case

569

00:23:25,190 --> 00:23:23,280

look they did investigations they went

570

00:23:28,789 --> 00:23:25,200

deep they looked and everything look

571

00:23:32,549 --> 00:23:30,390

but you know what

572

00:23:34,390 --> 00:23:32,559

as people suspected

573

00:23:38,470 --> 00:23:34,400

since the beginning of all this you know

574

00:23:43,029 --> 00:23:40,310

the efforts are directed toward heading

575

00:23:45,350 --> 00:23:43,039

off investigation or

576

00:23:49,590 --> 00:23:45,360

if it is duker having it take place in

577

00:23:52,149 --> 00:23:49,600

washington dc with their contractor

578

00:23:55,510 --> 00:23:52,159

dr j allen heineck consultant to the

579

00:24:00,789 --> 00:23:57,510

why wouldn't why don't they want it at

580

00:24:02,630 --> 00:24:00,799

wright-patterson air force base

581

00:24:04,789 --> 00:24:02,640

where the project is

582

00:24:06,950 --> 00:24:04,799

why do they want it to be in dc

583

00:24:11,350 --> 00:24:06,960

what are they hiding at wright-patterson

584

00:24:15,750 --> 00:24:13,669

that's what i wonder

585

00:24:17,110 --> 00:24:15,760

to see the whole documents

586

00:24:18,630 --> 00:24:17,120

you can simply

587

00:24:19,909 --> 00:24:18,640

go to

588

00:24:21,830 --> 00:24:19,919

my twitter

589

00:24:24,870 --> 00:24:21,840

or my website

590

00:24:27,830 --> 00:24:24,880

and you can find under witness files

591

00:24:29,750 --> 00:24:27,840

ufos in congress and i have about like

592

00:24:32,230 --> 00:24:29,760

six or seven packets

593

00:24:34,149 --> 00:24:32,240

of information as far as past

594

00:24:34,950 --> 00:24:34,159

congressional inquiries

595

00:24:36,950 --> 00:24:34,960

and

596

00:24:38,789 --> 00:24:36,960

insider baseball

597

00:24:43,029 --> 00:24:38,799

as far as that goes but this is the most

598

00:24:50,470 --> 00:24:46,789

another document i posted

599

00:24:53,070 --> 00:24:50,480

on twitter that seemed to get some buzz

600

00:24:56,470 --> 00:24:53,080

was this one dating back to october 14

601  
00:24:58,549 --> 00:24:56,480  
1949 los alamos new mexico

602  
00:25:00,710 --> 00:24:58,559  
little did the public know all these

603  
00:25:03,510 --> 00:25:00,720  
people now i know it's you know not the

604  
00:25:05,350 --> 00:25:03,520  
best text here it's an old document

605  
00:25:07,029 --> 00:25:05,360  
but you can see on the right hand side

606  
00:25:08,390 --> 00:25:07,039  
all the different people that were part

607  
00:25:12,070 --> 00:25:08,400  
of this

608  
00:25:14,630 --> 00:25:12,080  
um you know meeting so to speak

609  
00:25:18,630 --> 00:25:14,640  
about aerial phenomenon in the southwest

610  
00:25:18,640 --> 00:25:24,070  
i traveled this way

611  
00:25:29,110 --> 00:25:26,789  
you can see all the different people

612  
00:25:31,110 --> 00:25:29,120  
we have someone from osi air force

613  
00:25:34,630 --> 00:25:31,120

professor of meteorics

614

00:25:36,950 --> 00:25:34,640

uh scientific advisory board

615

00:25:41,510 --> 00:25:36,960

uh branch intelligence office of the

616

00:25:43,590 --> 00:25:41,520

army geophysical research fbi fbi

617

00:25:45,110 --> 00:25:43,600

security operations branch

618

00:25:49,350 --> 00:25:45,120

los alamos

619

00:25:58,470 --> 00:25:53,350

director for weapon development

620

00:26:02,470 --> 00:26:00,390

and look what they say after careful

621

00:26:04,390 --> 00:26:02,480

discussion it was concluded that

622

00:26:09,669 --> 00:26:04,400

real phenomena

623

00:26:14,230 --> 00:26:12,310

here we are 2022

624

00:26:18,390 --> 00:26:14,240

still trying to get information

625

00:26:24,230 --> 00:26:20,870

this kind of goes along the same lines

626

00:26:31,510 --> 00:26:25,990

this is regarding a one particular

627

00:26:35,669 --> 00:26:34,549

there's at least 100 total sightings

628

00:26:37,909 --> 00:26:35,679

of these

629

00:26:40,230 --> 00:26:37,919

of this phenomena which there was really

630

00:26:42,070 --> 00:26:40,240

a lot more than that

631

00:26:43,909 --> 00:26:42,080

probably

632

00:26:46,950 --> 00:26:43,919

upwards to a thousand there was one case

633

00:26:49,269 --> 00:26:46,960

where dr lapaz and others canvassed the

634

00:26:54,710 --> 00:26:49,279

area for miles

635

00:27:00,070 --> 00:26:56,630

pretty intense in all these places el

636

00:27:03,669 --> 00:27:00,080

paso albuquerque look at this socorro

637

00:27:07,430 --> 00:27:03,679

other locations roswell

638

00:27:14,630 --> 00:27:11,510

what was going on

639

00:27:18,149 --> 00:27:14,640

pretty

640

00:27:25,190 --> 00:27:22,549

and that's really you know um

641

00:27:27,269 --> 00:27:25,200

that part of the ufo history is often

642

00:27:30,710 --> 00:27:27,279

overlooked

643

00:27:32,549 --> 00:27:30,720

is the green fireball phenomenon

644

00:27:34,470 --> 00:27:32,559

of the early 40s

645

00:27:35,430 --> 00:27:34,480

late 40s early 50s

646

00:27:37,990 --> 00:27:35,440

why

647

00:27:40,549 --> 00:27:38,000

i'm not sure because they did not decide

648

00:27:42,070 --> 00:27:40,559

that it was a meteorite

649

00:27:43,830 --> 00:27:42,080

because first of all there would have

650

00:27:46,070 --> 00:27:43,840

been hundreds of them

651  
00:27:46,830 --> 00:27:46,080  
in a very small amount of time in the

652  
00:27:48,470 --> 00:27:46,840  
same

653  
00:27:50,549 --> 00:27:48,480  
location

654  
00:27:52,230 --> 00:27:50,559  
dr lapaz who headed up project twinkle

655  
00:27:55,669 --> 00:27:52,240  
back then

656  
00:27:57,430 --> 00:27:55,679  
thought and still thinks well you know

657  
00:27:59,190 --> 00:27:57,440  
not still because he's dead but you know

658  
00:28:01,430 --> 00:27:59,200  
later in his life thought it was some

659  
00:28:03,029 --> 00:28:01,440  
sort of secret uh

660  
00:28:05,190 --> 00:28:03,039  
project

661  
00:28:08,389 --> 00:28:05,200  
or american weapon or something and a

662  
00:28:12,070 --> 00:28:08,399  
lot of the people from those days went

663  
00:28:15,750 --> 00:28:12,080

on to work on secret projects

664

00:28:18,470 --> 00:28:16,549

why

665

00:28:21,269 --> 00:28:18,480

i don't know

666

00:28:22,710 --> 00:28:21,279

but it's interesting to me that that uh

667

00:28:28,149 --> 00:28:22,720

part of this

668

00:28:34,710 --> 00:28:30,230

in one document i actually read how dr

669

00:28:37,190 --> 00:28:34,720

lapaz was commenting to ellen heineck

670

00:28:38,789 --> 00:28:37,200

about uh jacquez

671

00:28:39,830 --> 00:28:38,799

jacques vale's

672

00:28:41,590 --> 00:28:39,840

book

673

00:28:45,990 --> 00:28:41,600

uh

674

00:28:49,430 --> 00:28:46,000

phenomenon or something like that he

675

00:29:00,310 --> 00:28:51,669

that he was pissed off because he he

676

00:29:04,950 --> 00:29:02,230

what does that mean i have no idea but i

677

00:29:09,269 --> 00:29:04,960

thought it was interesting

678

00:29:13,669 --> 00:29:11,430

so

679

00:29:14,950 --> 00:29:13,679

this kind of brings me

680

00:29:17,110 --> 00:29:14,960

to

681

00:29:18,710 --> 00:29:17,120

something new before we switch and go

682

00:29:22,630 --> 00:29:18,720

into a different

683

00:29:28,310 --> 00:29:24,630

and this is

684

00:29:32,149 --> 00:29:28,320

one of the more interesting cases

685

00:29:37,190 --> 00:29:34,310

really ever come across

686

00:29:39,669 --> 00:29:37,200

in the blue book files

687

00:29:41,830 --> 00:29:39,679

it's this case about air force pilot

688

00:29:44,149 --> 00:29:41,840

who's at tonopa nevada and he's going

689

00:29:46,870 --> 00:29:44,159

through survival training and he's

690

00:29:48,549 --> 00:29:46,880

driving he's on the road and he stops

691

00:29:50,310 --> 00:29:48,559

and he sees four

692

00:29:51,909 --> 00:29:50,320

basically bright discs

693

00:29:53,029 --> 00:29:51,919

and he comes in pretty close contact

694

00:29:55,830 --> 00:29:53,039

with them

695

00:29:56,950 --> 00:29:55,840

and his bosses basically are freaking

696

00:30:00,149 --> 00:29:56,960

out about it

697

00:30:01,750 --> 00:30:00,159

and they call it basically an emergency

698

00:30:04,470 --> 00:30:01,760

and they're trying to get somebody to

699

00:30:06,710 --> 00:30:04,480

look at this case like asap but they

700

00:30:08,630 --> 00:30:06,720

also are worried because whoever they

701  
00:30:11,990 --> 00:30:08,640  
get to look at the case has to be read

702  
00:30:13,430 --> 00:30:12,000  
into something whatever that means

703  
00:30:15,750 --> 00:30:13,440  
and are they going to be able to read in

704  
00:30:18,310 --> 00:30:15,760  
this person on time they wind up finding

705  
00:30:20,149 --> 00:30:18,320  
a person named dr pitts

706  
00:30:23,430 --> 00:30:20,159  
dr pitts

707  
00:30:25,590 --> 00:30:23,440  
worked on stuff for them uh a while ago

708  
00:30:27,830 --> 00:30:25,600  
i can't say for certain when it was but

709  
00:30:29,029 --> 00:30:27,840  
i've seen them in like um evaluation

710  
00:30:31,669 --> 00:30:29,039  
reports

711  
00:30:33,990 --> 00:30:31,679  
um years before this

712  
00:30:35,029 --> 00:30:34,000  
the interesting thing about this dr

713  
00:30:37,029 --> 00:30:35,039

pitts

714

00:30:40,389 --> 00:30:37,039

is they hounded him he wouldn't return

715

00:30:43,990 --> 00:30:42,149

they basically stalked the guy called

716

00:30:46,630 --> 00:30:44,000

him every day

717

00:30:48,870 --> 00:30:46,640

until he said okay

718

00:30:50,789 --> 00:30:48,880

i'll look at the case which basically is

719

00:30:53,190 --> 00:30:50,799

just a few uh documents and the

720

00:30:54,789 --> 00:30:53,200

documents they treated then they spoke

721

00:30:57,509 --> 00:30:54,799

about it in

722

00:31:01,110 --> 00:30:57,519

the uh documents how sensitive they were

723

00:31:05,509 --> 00:31:03,990

it's very interesting and this dr pitts

724

00:31:08,149 --> 00:31:05,519

i looked him up a little bit and it

725

00:31:09,190 --> 00:31:08,159

turns out he at that time that he looked

726

00:31:11,269 --> 00:31:09,200

at this case and i'll get to the

727

00:31:12,870 --> 00:31:11,279

documents but at that time that he

728

00:31:15,509 --> 00:31:12,880

looked at this case

729

00:31:17,430 --> 00:31:15,519

he was part of this group

730

00:31:19,350 --> 00:31:17,440

i forget what the name of it is but this

731

00:31:20,389 --> 00:31:19,360

group of psychiatrists which is what he

732

00:31:24,950 --> 00:31:20,399

was

733

00:31:27,029 --> 00:31:24,960

integrate humans

734

00:31:29,110 --> 00:31:27,039

with technology

735

00:31:33,029 --> 00:31:29,120

you know so basically some of the things

736

00:31:36,789 --> 00:31:33,039

that he would do were to make like the

737

00:31:38,710 --> 00:31:36,799

um different uh pieces on a on a plane's

738

00:31:40,789 --> 00:31:38,720

dashboard you know

739

00:31:42,310 --> 00:31:40,799

um like the altitude and everything the

740

00:31:44,310 --> 00:31:42,320

meter is like where are they on the

741

00:31:46,870 --> 00:31:44,320

dashboard that are best suited for a

742

00:31:48,310 --> 00:31:46,880

human to capture all that in at the same

743

00:31:51,590 --> 00:31:48,320

time

744

00:31:53,669 --> 00:31:51,600

you know in designing it like that in

745

00:31:55,590 --> 00:31:53,679

uh acclimating humans with the

746

00:31:58,230 --> 00:31:55,600

technology they come up with and making

747

00:31:59,590 --> 00:31:58,240

it uh basically the best version of a

748

00:32:03,110 --> 00:31:59,600

human

749

00:32:06,630 --> 00:32:04,630

which is interesting and that's the

750

00:32:09,110 --> 00:32:06,640

psychiatrist

751  
00:32:14,630 --> 00:32:11,669  
they have look at this case

752  
00:32:16,470 --> 00:32:14,640  
of this air force guy who had close

753  
00:32:19,029 --> 00:32:16,480  
contact with

754  
00:32:20,070 --> 00:32:19,039  
four desks

755  
00:32:22,950 --> 00:32:20,080  
after

756  
00:32:27,269 --> 00:32:25,110  
now this video i'm going to show you

757  
00:32:30,630 --> 00:32:27,279  
it's just a real short video

758  
00:32:33,190 --> 00:32:30,640  
uh but it's basically a quick

759  
00:32:40,789 --> 00:32:33,200  
kind of description of uh what

760  
00:32:45,269 --> 00:32:42,870  
this kind of business is the unusually

761  
00:32:46,710 --> 00:32:45,279  
permissive atmosphere and the interest

762  
00:32:49,110 --> 00:32:46,720  
in ideas

763  
00:32:51,029 --> 00:32:49,120

but their work isn't all guest work as

764

00:32:53,990 --> 00:32:51,039

shown by this experiment on the

765

00:32:56,230 --> 00:32:54,000

attention span needed for safe driving

766

00:32:58,950 --> 00:32:56,240

the experimenter is against director

767

00:33:02,389 --> 00:32:58,960

psychologist john sanders

768

00:33:04,950 --> 00:33:02,399

driving along the section of route 128

769

00:33:06,470 --> 00:33:04,960

and i'm trying to get an estimate of the

770

00:33:10,470 --> 00:33:06,480

demand driver

771

00:33:13,190 --> 00:33:10,480

by this particular section of road

772

00:33:16,230 --> 00:33:13,200

the speed of the car is constant

773

00:33:17,430 --> 00:33:16,240

and as the road varies from moment to

774

00:33:20,230 --> 00:33:17,440

moment

775

00:33:21,590 --> 00:33:20,240

in the demand that it makes upon me

776

00:33:22,789 --> 00:33:21,600

i must look

777

00:33:26,470 --> 00:33:22,799

more often

778

00:33:29,509 --> 00:33:26,480

or less often as the case may be

779

00:33:32,230 --> 00:33:29,519

the visor completely occludes my view

780

00:33:36,310 --> 00:33:32,240

during the period that it's down and i

781

00:33:39,190 --> 00:33:36,320

must rely on some stored image or memory

782

00:33:40,549 --> 00:33:39,200

of what the road was before the visor

783

00:33:42,950 --> 00:33:40,559

went down

784

00:33:44,870 --> 00:33:42,960

the half second look that i have is

785

00:33:46,470 --> 00:33:44,880

enough to restore

786

00:33:48,710 --> 00:33:46,480

all the information

787

00:33:50,870 --> 00:33:48,720

that i should need in order to drive

788

00:33:53,269 --> 00:33:50,880

down the road

789

00:33:55,350 --> 00:33:53,279

the records that we get over the time

790

00:33:57,830 --> 00:33:55,360

between looks at the road

791

00:33:59,669 --> 00:33:57,840

give us a direct measure

792

00:34:02,549 --> 00:33:59,679

of the difficulty

793

00:34:05,190 --> 00:34:02,559

presented to the driver by the road from

794

00:34:07,350 --> 00:34:05,200

moment to moment as we drive down it the

795

00:34:09,430 --> 00:34:07,360

shorter the interval between looks the

796

00:34:10,629 --> 00:34:09,440

more difficult that segment of road is

797

00:34:13,190 --> 00:34:10,639

to drive

798

00:34:15,510 --> 00:34:13,200

on those periods as you saw where the

799

00:34:16,950 --> 00:34:15,520

interval was very long the road was

800

00:34:20,149 --> 00:34:16,960

indeed easy

801  
00:34:22,550 --> 00:34:20,159  
the interval then gives us a direct and

802  
00:34:26,389 --> 00:34:22,560  
quantitative measure of this rather

803  
00:34:29,030 --> 00:34:26,399  
elusive thing called difficulty

804  
00:34:32,389 --> 00:34:29,040  
southwest bakersfield a 23 abc viewer

805  
00:34:37,829 --> 00:34:35,510  
good point

806  
00:34:39,750 --> 00:34:37,839  
sure sex is

807  
00:34:40,180 --> 00:34:39,760  
uh this method would not be approved

808  
00:34:43,909 --> 00:34:40,190  
today

809  
00:34:45,750 --> 00:34:43,919  
[Laughter]

810  
00:34:47,909 --> 00:34:45,760  
it's basically going blind back and

811  
00:34:49,829 --> 00:34:47,919  
forth to to test you know the memory

812  
00:34:51,829 --> 00:34:49,839  
that he has stored in his brain after

813  
00:34:53,909 --> 00:34:51,839

looking at the thing so whatever that

814

00:34:55,589 --> 00:34:53,919

was just like a brief gist of of who

815

00:34:57,589 --> 00:34:55,599

this person is

816

00:34:58,630 --> 00:34:57,599

uh dr pitts that they

817

00:35:01,829 --> 00:34:58,640

had

818

00:35:04,390 --> 00:35:01,839

desperately got to look at this ufo case

819

00:35:05,750 --> 00:35:04,400

form interestingly enough it does make

820

00:35:08,150 --> 00:35:05,760

sense because

821

00:35:10,390 --> 00:35:08,160

uh this guy was

822

00:35:13,190 --> 00:35:10,400

at the

823

00:35:15,670 --> 00:35:13,200

university of ohio

824

00:35:17,349 --> 00:35:15,680

and that's

825

00:35:19,430 --> 00:35:17,359

someone that the air force did have a

826

00:35:23,190 --> 00:35:19,440

contract with so

827

00:35:23,200 --> 00:35:28,310

now i kind of actually explained

828

00:35:34,870 --> 00:35:31,349

the whole case to you

829

00:35:35,829 --> 00:35:34,880

but i am going to just look at

830

00:35:39,910 --> 00:35:35,839

the

831

00:35:39,920 --> 00:35:46,790

just to prove that i'm not full of [h\_\_\h]

832

00:35:49,670 --> 00:35:48,069

so

833

00:35:52,230 --> 00:35:49,680

this is his drawing

834

00:35:54,470 --> 00:35:52,240

this is dude's drawing

835

00:35:55,990 --> 00:35:54,480

it's memory sketch sighted near tanopa

836

00:35:59,990 --> 00:35:56,000

nevada if you're not familiar with

837

00:36:01,349 --> 00:36:00,000

tonova it's actually a very sensitive

838

00:36:03,270 --> 00:36:01,359

area

839

00:36:07,270 --> 00:36:03,280

at least it is now where they have a lot

840

00:36:07,280 --> 00:36:12,950

so

841

00:36:17,750 --> 00:36:15,270

what i will do and they they basically

842

00:36:20,150 --> 00:36:17,760

were trying to get mr pitts and and they

843

00:36:22,470 --> 00:36:20,160

wound up uh succeeding getting mr pitts

844

00:36:23,430 --> 00:36:22,480

to say it was uh

845

00:36:25,589 --> 00:36:23,440

uh

846

00:36:27,750 --> 00:36:25,599

a mirage a

847

00:36:29,670 --> 00:36:27,760

psychotic type of thing

848

00:36:32,310 --> 00:36:29,680

which is just uh

849

00:36:34,150 --> 00:36:32,320

very unfortunate but the main thing here

850

00:36:35,589 --> 00:36:34,160

you know a couple other main things i

851  
00:36:37,589 --> 00:36:35,599  
guess you could say is

852  
00:36:40,550 --> 00:36:37,599  
you can see here

853  
00:36:42,630 --> 00:36:40,560  
request a discrete full-scale osi

854  
00:36:45,270 --> 00:36:42,640  
investigation of lieutenant long's

855  
00:36:47,349 --> 00:36:45,280  
actions whereabouts tendencies physical

856  
00:36:49,510 --> 00:36:47,359  
and mental condition and other aspects

857  
00:36:50,950 --> 00:36:49,520  
for the period proceeding in sighting to

858  
00:36:52,829 --> 00:36:50,960  
provide the air force with further

859  
00:36:56,550 --> 00:36:52,839  
factual or confirming information

860  
00:36:58,230 --> 00:36:56,560  
necessary to form more valid conclusions

861  
00:37:01,910 --> 00:36:58,240  
consequences if the investigation

862  
00:37:04,870 --> 00:37:01,920  
supports the fatigue road hypnosis

863  
00:37:06,630 --> 00:37:04,880

optical illusion hypothesis

864

00:37:09,270 --> 00:37:06,640

what the hell is that

865

00:37:10,870 --> 00:37:09,280

by the way officer would probably accept

866

00:37:14,390 --> 00:37:10,880

the findings in the air force

867

00:37:16,470 --> 00:37:14,400

conclusions would be strengthened

868

00:37:18,710 --> 00:37:16,480

if investigations disclose deliberate

869

00:37:21,510 --> 00:37:18,720

attempts at hoaxes exaggeration or

870

00:37:23,190 --> 00:37:21,520

publicity seeking for personal gain at a

871

00:37:25,430 --> 00:37:23,200

later date legal action against the

872

00:37:28,630 --> 00:37:25,440

officer might be necessary

873

00:37:31,030 --> 00:37:28,640

so that's what we're talking about

874

00:37:32,310 --> 00:37:31,040

right when people say

875

00:37:34,390 --> 00:37:32,320

that

876

00:37:38,390 --> 00:37:34,400

you know air force folks or whatever

877

00:37:40,470 --> 00:37:38,400

like uh reported citing

878

00:37:42,470 --> 00:37:40,480

look at this

879

00:37:44,710 --> 00:37:42,480

if investigations disclose deliberate

880

00:37:47,109 --> 00:37:44,720

attempts at hoax's exaggerations or

881

00:37:49,349 --> 00:37:47,119

publicity seeking for personal gain at a

882

00:37:51,910 --> 00:37:49,359

later date legal action against the

883

00:37:53,829 --> 00:37:51,920

officer might be necessary

884

00:37:55,510 --> 00:37:53,839

with probable adverse publicity to the

885

00:37:57,750 --> 00:37:55,520

air force as well as an opportunity for

886

00:38:02,150 --> 00:37:57,760

ufo clubs desiring to exploit the

887

00:38:05,910 --> 00:38:03,430

i don't know if you hear that but that's

888

00:38:09,190 --> 00:38:05,920

my dog barking

889

00:38:09,200 --> 00:38:11,670

so

890

00:38:14,630 --> 00:38:13,430

like robert says those are the only two

891

00:38:16,069 --> 00:38:14,640

options

892

00:38:17,589 --> 00:38:16,079

you know

893

00:38:20,470 --> 00:38:17,599

so either

894

00:38:22,870 --> 00:38:20,480

the guy is trying to seek publicity

895

00:38:34,950 --> 00:38:25,990

he's got fatigue road hypnosis optical

896

00:38:41,190 --> 00:38:37,270

and basically they're sweating

897

00:38:46,630 --> 00:38:43,190

to basically

898

00:38:48,310 --> 00:38:46,640

find a way to discredit him

899

00:38:50,390 --> 00:38:48,320

an hour by our accountability of the

900

00:38:52,069 --> 00:38:50,400

72-hour period preceding the alleged

901  
00:38:54,069 --> 00:38:52,079  
sighting with full consideration given

902  
00:38:57,510 --> 00:38:54,079  
to those points specifically

903  
00:39:03,829 --> 00:38:57,520  
recommended in dr uh pitts or is it fits

904  
00:39:07,990 --> 00:39:05,750  
number five this matter is concert

905  
00:39:09,990 --> 00:39:08,000  
considered urgent for the manifold

906  
00:39:12,150 --> 00:39:10,000  
reasons found in the attached case file

907  
00:39:16,230 --> 00:39:12,160  
it particularly if subject officer

908  
00:39:17,990 --> 00:39:16,240  
completes his tour of duty or otherwise

909  
00:39:19,990 --> 00:39:18,000  
severs his relations with the air force

910  
00:39:28,990 --> 00:39:20,000  
before investigations to determine the

911  
00:39:32,550 --> 00:39:30,870  
[Music]

912  
00:39:34,150 --> 00:39:32,560  
in brief the incident involved subject

913  
00:39:35,670 --> 00:39:34,160

officer who claims to have made close

914

00:39:37,670 --> 00:39:35,680

contact with what is commonly referred

915

00:39:39,430 --> 00:39:37,680

to as flying saucers a formal

916

00:39:41,190 --> 00:39:39,440

investigation requested by the center

917

00:39:43,750 --> 00:39:41,200

disclosed that subject officer left

918

00:39:45,589 --> 00:39:43,760

immediately upon completing the united

919

00:39:48,470 --> 00:39:45,599

states air force survival school at

920

00:39:50,470 --> 00:39:48,480

stead air force base traveled all night

921

00:39:52,550 --> 00:39:50,480

in route to las vegas and encountered

922

00:39:54,470 --> 00:39:52,560

the alleged objects the following day in

923

00:39:57,030 --> 00:39:54,480

this respect the case may be considered

924

00:39:59,349 --> 00:39:57,040

somewhat unprecedented the officer is a

925

00:40:01,510 --> 00:39:59,359

fighter pilot who is assumed to be

926  
00:40:02,870 --> 00:40:01,520  
familiar with both current and projected

927  
00:40:04,950 --> 00:40:02,880  
aircraft

928  
00:40:06,950 --> 00:40:04,960  
missile and helicopter designs as well

929  
00:40:09,190 --> 00:40:06,960  
as aerial phenomena that is often

930  
00:40:10,390 --> 00:40:09,200  
mistaken for unusual or unconventional

931  
00:40:13,430 --> 00:40:10,400  
airborne objects

932  
00:40:17,190 --> 00:40:13,440  
yet insisting in official testimony to

933  
00:40:19,910 --> 00:40:17,200  
have made the contact in question

934  
00:40:19,920 --> 00:40:26,230  
boom

935  
00:40:26,240 --> 00:40:41,349  
there it is

936  
00:40:41,359 --> 00:40:45,829  
so everything else is kind of rehash

937  
00:40:48,790 --> 00:40:47,270  
in this respect this case may be

938  
00:40:50,150 --> 00:40:48,800

considered somewhat unprecedented here

939

00:40:51,910 --> 00:40:50,160

we have a fighter pilot familiar with

940

00:40:53,670 --> 00:40:51,920

current and seemingly projected aircraft

941

00:40:56,710 --> 00:40:53,680

and missile designs considered

942

00:40:59,030 --> 00:40:56,720

completely reliable

943

00:41:00,069 --> 00:40:59,040

claiming close contact with the objects

944

00:41:01,990 --> 00:41:00,079

a question

945

00:41:03,829 --> 00:41:02,000

an official testimony and they're

946

00:41:07,430 --> 00:41:03,839

thinking about what they can do to

947

00:41:08,710 --> 00:41:07,440

discredit him

948

00:41:09,910 --> 00:41:08,720

if they can't

949

00:41:13,990 --> 00:41:09,920

take

950

00:41:22,069 --> 00:41:16,470

interesting

951  
00:41:26,150 --> 00:41:23,910  
because it's just

952  
00:41:28,470 --> 00:41:26,160  
yeah robert's got it so it's dr fitz not

953  
00:41:31,190 --> 00:41:28,480  
pits i i say uh

954  
00:41:33,430 --> 00:41:31,200  
probably dr pitts because uh seinfeld mr

955  
00:41:35,190 --> 00:41:33,440  
pitt probably

956  
00:41:36,309 --> 00:41:35,200  
but dr fitz

957  
00:41:40,309 --> 00:41:36,319  
yeah

958  
00:41:41,589 --> 00:41:40,319  
you know here this guy has this crazy

959  
00:41:44,550 --> 00:41:41,599  
encounter

960  
00:41:46,150 --> 00:41:44,560  
with four deaths he's a fighter pilot

961  
00:41:48,309 --> 00:41:46,160  
air force admits

962  
00:41:50,309 --> 00:41:48,319  
is unprecedented because this guy is

963  
00:41:52,870 --> 00:41:50,319

familiar with all sorts of

964

00:41:55,589 --> 00:41:52,880

aircraft even projected aircraft they

965

00:41:57,910 --> 00:41:55,599

said aircraft that is projected to be in

966

00:41:58,950 --> 00:41:57,920

the skies eventually familiar with it

967

00:42:01,109 --> 00:41:58,960

missiles

968

00:42:04,630 --> 00:42:01,119

balloons everything

969

00:42:08,150 --> 00:42:04,640

still has this encounter and reports it

970

00:42:10,550 --> 00:42:08,160

makes legal testimony of it

971

00:42:12,470 --> 00:42:10,560

and they they can't handle it

972

00:42:13,829 --> 00:42:12,480

they make an emergency call to this dr

973

00:42:15,349 --> 00:42:13,839

fitz now why didn't they get hynek

974

00:42:19,109 --> 00:42:15,359

involved why did they get

975

00:42:24,069 --> 00:42:21,750

why do they have to go to this person

976

00:42:26,470 --> 00:42:24,079

the psychiatrist

977

00:42:27,829 --> 00:42:26,480

in an emergency

978

00:42:29,510 --> 00:42:27,839

hassle the guy

979

00:42:34,710 --> 00:42:29,520

sweat the guys

980

00:42:38,470 --> 00:42:36,950

to discredit him

981

00:42:39,829 --> 00:42:38,480

maybe because

982

00:42:43,030 --> 00:42:39,839

heinick

983

00:42:46,630 --> 00:42:44,790

i don't know maybe you would maybe

984

00:42:48,069 --> 00:42:46,640

wouldn't i don't know

985

00:42:49,510 --> 00:42:48,079

but that's the kind of stuff that's been

986

00:42:50,870 --> 00:42:49,520

hidden from us for

987

00:42:52,630 --> 00:42:50,880

too long

988

00:42:57,190 --> 00:42:52,640

we look at these cases with fraver and

989

00:43:02,790 --> 00:43:00,390

but never forget

990

00:43:05,190 --> 00:43:02,800

that this stuff

991

00:43:08,710 --> 00:43:05,200

is old

992

00:43:11,910 --> 00:43:10,390

you know

993

00:43:13,829 --> 00:43:11,920

i think if most people knew that and

994

00:43:17,109 --> 00:43:13,839

were aware of that it would be more

995

00:43:18,150 --> 00:43:17,119

irritated and demand more transparency

996

00:43:18,870 --> 00:43:18,160

right

997

00:43:20,790 --> 00:43:18,880

so

998

00:43:22,470 --> 00:43:20,800

that's my show

999

00:43:25,109 --> 00:43:22,480

that being said we're going to

1000

00:43:29,270 --> 00:43:25,119

transition to a different part

1001

00:43:33,990 --> 00:43:31,349

and

1002

00:43:35,270 --> 00:43:34,000

we're going to play

1003

00:43:37,190 --> 00:43:35,280

it's going to be going to be on the same

1004

00:43:40,230 --> 00:43:37,200

tip we're going to play somebody

1005

00:43:42,550 --> 00:43:40,240

who's veteran pilot

1006

00:43:45,589 --> 00:43:42,560

went up and looked at this ufo

1007

00:43:48,790 --> 00:43:45,599

i think it was with other veteran pilots

1008

00:43:50,630 --> 00:43:48,800

it's going to be audio testimony

1009

00:43:52,230 --> 00:43:50,640

i put some of the documents over the top

1010

00:43:54,950 --> 00:43:52,240

because i found this testimony separate

1011

00:43:58,309 --> 00:43:54,960

then i went in blue book

1012

00:44:01,030 --> 00:43:58,319

and found the actual documents

1013

00:44:02,870 --> 00:44:01,040

so i pasted them and edited edited them

1014

00:44:04,309 --> 00:44:02,880

to make you know just make a little

1015

00:44:06,069 --> 00:44:04,319

video while you listen to the guy so you

1016

00:44:08,550 --> 00:44:06,079

can check that out if you want

1017

00:44:09,589 --> 00:44:08,560

after that we'll do what the heck is

1018

00:44:11,270 --> 00:44:09,599

that

1019

00:44:15,109 --> 00:44:11,280

so i'll be back it's about three and a

1020

00:44:19,910 --> 00:44:17,829

airport manager lake wells

1021

00:44:22,230 --> 00:44:19,920

wednesday afternoon at approximately

1022

00:44:25,990 --> 00:44:22,240

three o'clock i received a phone call

1023

00:44:27,670 --> 00:44:26,000

from an observer in lake wales

1024

00:44:30,309 --> 00:44:27,680

telling me that there was

1025

00:44:32,550 --> 00:44:30,319

an object in the sky at what he figured

1026  
00:44:33,510 --> 00:44:32,560  
was 20 000 feet

1027  
00:44:46,390 --> 00:44:33,520  
i

1028  
00:44:50,150 --> 00:44:46,400  
balloon

1029  
00:44:52,870 --> 00:44:50,160  
orlando radio had nothing reported

1030  
00:44:54,870 --> 00:44:52,880  
in the area and since it is practiced to

1031  
00:44:56,470 --> 00:44:54,880  
report these balloons

1032  
00:44:58,710 --> 00:44:56,480  
we decided that

1033  
00:45:00,550 --> 00:44:58,720  
we would go up and take a look at this

1034  
00:45:01,430 --> 00:45:00,560  
object

1035  
00:45:02,829 --> 00:45:01,440  
we

1036  
00:45:06,069 --> 00:45:02,839  
entered the piper

1037  
00:45:08,870 --> 00:45:06,079  
apache aircraft to an engine

1038  
00:45:10,470 --> 00:45:08,880

and proceeded to climb up to try and

1039

00:45:14,230 --> 00:45:10,480

view this object

1040

00:45:16,309 --> 00:45:14,240

we climbed to 16 500 feet

1041

00:45:20,309 --> 00:45:16,319

over haines city

1042

00:45:24,150 --> 00:45:20,319

and had the object in view all the time

1043

00:45:25,589 --> 00:45:24,160

at 16 500 feet the object appeared to be

1044

00:45:28,230 --> 00:45:25,599

50 to

1045

00:45:29,270 --> 00:45:28,240

60 000 feet above us

1046

00:45:31,750 --> 00:45:29,280

we

1047

00:45:34,069 --> 00:45:31,760

kept the object in sight circling it at

1048

00:45:35,990 --> 00:45:34,079

all times thereby

1049

00:45:37,990 --> 00:45:36,000

eliminating the chance possibility that

1050

00:45:42,230 --> 00:45:38,000

it might be a star

1051  
00:45:45,510 --> 00:45:42,240  
upon receiving a upper winds report

1052  
00:45:47,910 --> 00:45:45,520  
giving us winds that got at 50 000 feet

1053  
00:45:48,950 --> 00:45:47,920  
of 22 knots

1054  
00:45:50,950 --> 00:45:48,960  
we

1055  
00:45:52,870 --> 00:45:50,960  
disqualified the chance that it might be

1056  
00:45:55,750 --> 00:45:52,880  
a weather balloon because of the fact

1057  
00:45:57,349 --> 00:45:55,760  
that at 22 knots wind

1058  
00:45:58,950 --> 00:45:57,359  
a weather balloon would have been

1059  
00:46:01,829 --> 00:45:58,960  
drifting and this object stayed

1060  
00:46:04,309 --> 00:46:01,839  
stationary directly over haines city for

1061  
00:46:05,430 --> 00:46:04,319  
more than two hours as we were up from 3

1062  
00:46:06,550 --> 00:46:05,440  
30

1063  
00:46:09,910 --> 00:46:06,560

until

1064

00:46:11,510 --> 00:46:09,920

almost six o'clock circling this object

1065

00:46:12,710 --> 00:46:11,520

the object appeared

1066

00:46:17,190 --> 00:46:12,720

to have

1067

00:46:21,589 --> 00:46:19,349

fuselage type

1068

00:46:24,630 --> 00:46:21,599

design

1069

00:46:25,589 --> 00:46:24,640

it appeared to be oblong in shape

1070

00:46:29,589 --> 00:46:25,599

the

1071

00:46:31,430 --> 00:46:29,599

object was not visible at all times

1072

00:46:33,510 --> 00:46:31,440

probably due to

1073

00:46:35,510 --> 00:46:33,520

sunlight reflection

1074

00:46:37,349 --> 00:46:35,520

we discount the fact that it was could

1075

00:46:39,190 --> 00:46:37,359

have been a weather balloon

1076

00:46:41,190 --> 00:46:39,200

due to the fact that

1077

00:46:43,910 --> 00:46:41,200

the object was much too shiny weather

1078

00:46:45,990 --> 00:46:43,920

balloons are coated dull with a

1079

00:46:48,630 --> 00:46:46,000

powdery effect so that they will not

1080

00:46:51,349 --> 00:46:48,640

shine and reflect

1081

00:46:53,030 --> 00:46:51,359

we've uh all the people in the aircraft

1082

00:46:54,150 --> 00:46:53,040

with me at

1083

00:46:56,710 --> 00:46:54,160

during this

1084

00:46:58,630 --> 00:46:56,720

time were licensed pilots have been

1085

00:47:00,069 --> 00:46:58,640

flying for many years

1086

00:47:02,390 --> 00:47:00,079

and have seen

1087

00:47:05,190 --> 00:47:02,400

many such weather balloons

1088

00:47:08,069 --> 00:47:05,200

and therefore we discount the weather

1089

00:47:10,470 --> 00:47:08,079

balloon theory on the basis of our own

1090

00:47:13,510 --> 00:47:10,480

past experience

1091

00:47:15,990 --> 00:47:13,520

we kept the object in sight until

1092

00:47:17,510 --> 00:47:16,000

approximately 5

1093

00:47:18,950 --> 00:47:17,520

42

1094

00:47:20,870 --> 00:47:18,960

at which time

1095

00:47:22,470 --> 00:47:20,880

the object appeared to be ascending

1096

00:47:23,670 --> 00:47:22,480

rapidly

1097

00:47:26,150 --> 00:47:23,680

and

1098

00:47:28,309 --> 00:47:26,160

on our next circle of the object it had

1099

00:47:30,309 --> 00:47:28,319

completely disappeared

1100

00:47:32,790 --> 00:47:30,319

there appeared to be no descent

1101

00:47:39,109 --> 00:47:32,800

whatsoever to the object

1102

00:47:43,750 --> 00:47:41,030

pretty crazy i mean and that's just

1103

00:47:45,990 --> 00:47:43,760

another instance of

1104

00:47:47,750 --> 00:47:46,000

you know forget the testimony forget the

1105

00:47:51,109 --> 00:47:47,760

witness testimony

1106

00:47:55,190 --> 00:47:52,870

how in the world could it be a strange

1107

00:47:57,990 --> 00:47:55,200

object it must be a balloon even though

1108

00:48:04,150 --> 00:48:01,430

you know says him and these other pilots

1109

00:48:05,829 --> 00:48:04,160

they're going around these places flying

1110

00:48:09,750 --> 00:48:05,839

all the time they're familiar with the

1111

00:48:09,760 --> 00:48:13,190

it's not that men

1112

00:48:21,109 --> 00:48:15,510

doesn't matter

1113

00:48:24,069 --> 00:48:23,030

so

1114

00:48:24,910 --> 00:48:24,079

you know

1115

00:48:26,549 --> 00:48:24,920

what can you do

1116

00:48:28,309 --> 00:48:26,559

[Laughter]

1117

00:48:29,510 --> 00:48:28,319

what are you gonna do

1118

00:48:31,990 --> 00:48:29,520

uh

1119

00:48:34,150 --> 00:48:32,000

i don't know it is frustrating though

1120

00:48:38,390 --> 00:48:34,160

all right so

1121

00:48:39,910 --> 00:48:38,400

it is that time of the show

1122

00:48:42,390 --> 00:48:39,920

where we sit back and we have a little

1123

00:48:44,710 --> 00:48:42,400

fun we look at some strange stuff

1124

00:48:46,580 --> 00:48:44,720

and we try to decide

1125

00:48:54,240 --> 00:48:46,590

what the heck it is

1126

00:48:54,250 --> 00:48:59,670

[Music]

1127

00:49:04,549 --> 00:49:02,309

you know that's a good point uh andre's

1128

00:49:07,910 --> 00:49:04,559

balloon it's default explanation i don't

1129

00:49:09,990 --> 00:49:07,920

know balloon and we looked at those nsa

1130

00:49:11,750 --> 00:49:10,000

documents uh

1131

00:49:12,630 --> 00:49:11,760

you know maybe was it last week or

1132

00:49:15,670 --> 00:49:12,640

something

1133

00:49:19,829 --> 00:49:15,680

every like not the ones i showed you but

1134

00:49:21,990 --> 00:49:19,839

i picked out ones from hundreds

1135

00:49:24,390 --> 00:49:22,000

because every time

1136

00:49:26,630 --> 00:49:24,400

without fail probably balloon

1137

00:49:29,510 --> 00:49:26,640

every time i should bring those up just

1138

00:49:31,190 --> 00:49:29,520

so we can make fun of it one day

1139

00:49:33,109 --> 00:49:31,200

probably balloon probably balloon

1140

00:49:35,910 --> 00:49:33,119

probably blue one probably blowing it's

1141

00:49:39,349 --> 00:49:37,829

damn man

1142

00:49:41,030 --> 00:49:39,359

so

1143

00:49:42,790 --> 00:49:41,040

back to the best part i

1144

00:49:44,549 --> 00:49:42,800

put this one on twitter and actually got

1145

00:49:46,390 --> 00:49:44,559

a lot of attention

1146

00:49:48,710 --> 00:49:46,400

although most people seem to decide that

1147

00:49:51,030 --> 00:49:48,720

this is just a bug

1148

00:49:55,430 --> 00:49:51,040

i can't say what it is you know i don't

1149

00:49:58,790 --> 00:49:56,950

at the end

1150

00:50:03,670 --> 00:49:58,800

you should be asking what the heck is

1151  
00:50:09,030 --> 00:50:06,470  
southwest bakersfield a 23abc viewer

1152  
00:50:11,349 --> 00:50:09,040  
sent this to our newsroom you tell us

1153  
00:50:12,790 --> 00:50:11,359  
what you think it is right here ready

1154  
00:50:14,549 --> 00:50:12,800  
right there

1155  
00:50:16,230 --> 00:50:14,559  
bakersfield resident tim harvey sent it

1156  
00:50:18,390 --> 00:50:16,240  
from his ring camera he lives in hagen

1157  
00:50:20,870 --> 00:50:18,400  
oaks off ming and versailles drive says

1158  
00:50:22,790 --> 00:50:20,880  
that the object descended from the south

1159  
00:50:24,230 --> 00:50:22,800  
beyond the trees

1160  
00:50:26,230 --> 00:50:24,240  
and as you could see it in that video

1161  
00:50:26,950 --> 00:50:26,240  
then sort of whips through the sky right

1162  
00:50:28,549 --> 00:50:26,960  
there

1163  
00:50:31,829 --> 00:50:28,559

in an instant

1164

00:50:33,349 --> 00:50:31,839

leaving some kind of trail behind

1165

00:50:35,190 --> 00:50:33,359

could it be a video effect or something

1166

00:50:37,349 --> 00:50:35,200

i don't know bpd and the ufo research

1167

00:50:38,790 --> 00:50:37,359

center have apparently been alerted

1168

00:50:41,510 --> 00:50:38,800

one more time

1169

00:50:43,910 --> 00:50:41,520

both are stumped right there

1170

00:50:48,470 --> 00:50:43,920

by the video

1171

00:50:53,750 --> 00:50:51,270

what is that six on your side had their

1172

00:50:55,910 --> 00:50:53,760

boots on the ground tonight after dozens

1173

00:50:58,390 --> 00:50:55,920

of distant sightings we had two

1174

00:51:00,549 --> 00:50:58,400

back-to-back close encounters of the

1175

00:51:03,030 --> 00:51:00,559

mysterious drones that flew less than

1176

00:51:08,230 --> 00:51:03,040

100 feet above our heads

1177

00:51:12,710 --> 00:51:11,349

it's a v it's got a v it's like

1178

00:51:15,030 --> 00:51:12,720

what the heck

1179

00:51:16,630 --> 00:51:15,040

most drones we saw stayed well away

1180

00:51:19,750 --> 00:51:16,640

hundreds of feet in the air and were

1181

00:51:21,589 --> 00:51:19,760

moving around 50 miles an hour according

1182

00:51:23,349 --> 00:51:21,599

to deputy kennebeck definitely it

1183

00:51:25,829 --> 00:51:23,359

definitely raises curiosity because it's

1184

00:51:27,750 --> 00:51:25,839

something i've never seen either

1185

00:51:29,190 --> 00:51:27,760

patrolling the county it's dark and you

1186

00:51:31,670 --> 00:51:29,200

see stars all the time you see something

1187

00:51:33,190 --> 00:51:31,680

in the sky that looks different

1188

00:51:34,870 --> 00:51:33,200

definitely raises

1189

00:51:37,750 --> 00:51:34,880

curiosity

1190

00:51:40,150 --> 00:51:37,760

then back to back

1191

00:51:42,710 --> 00:51:40,160

two drones we believe to be between four

1192

00:51:45,750 --> 00:51:42,720

and six feet flew close enough over our

1193

00:51:48,309 --> 00:51:45,760

heads we could hear this

1194

00:51:50,470 --> 00:51:48,319

that is wild that one looked bigger too

1195

00:51:52,870 --> 00:51:50,480

we adjusted the brightness and contrast

1196

00:51:55,829 --> 00:51:52,880

and slowed down the video and it appears

1197

00:51:58,470 --> 00:51:55,839

to be plain shaped witnesses we spoke to

1198

00:52:00,230 --> 00:51:58,480

are not fearful even though they say as

1199

00:52:01,910 --> 00:52:00,240

soon as they pulled out cameras the

1200

00:52:04,470 --> 00:52:01,920

drones would turn off their lights and

1201  
00:52:06,549 --> 00:52:04,480  
move away they just want to know why

1202  
00:52:18,230 --> 00:52:06,559  
they're hovering and flying over rural

1203  
00:52:23,510 --> 00:52:20,790  
spotted in the night sky orange light

1204  
00:52:26,069 --> 00:52:23,520  
again an orange light glowing brightly

1205  
00:52:28,710 --> 00:52:26,079  
and moving quickly from the southwest

1206  
00:52:31,430 --> 00:52:28,720  
headed northeast what is that whatever

1207  
00:52:33,750 --> 00:52:31,440  
that was was captured in this video by

1208  
00:52:35,190 --> 00:52:33,760  
kyle resident sal sanchez and i was

1209  
00:52:37,030 --> 00:52:35,200  
recording it the whole time just

1210  
00:52:39,030 --> 00:52:37,040  
thinking

1211  
00:52:41,190 --> 00:52:39,040  
what is this thing this was taken late

1212  
00:52:43,510 --> 00:52:41,200  
last month but it's not the first or

1213  
00:52:46,309 --> 00:52:43,520

only time he's seen it the first time

1214

00:52:48,790 --> 00:52:46,319

was in january it looks like a fireball

1215

00:52:51,270 --> 00:52:48,800

but with no noise though he doesn't have

1216

00:52:53,510 --> 00:52:51,280

it on video he says this sunday night

1217

00:52:55,190 --> 00:52:53,520

was the most dramatic lights show like

1218

00:52:56,870 --> 00:52:55,200

he wouldn't believe i mean you have to

1219

00:52:59,190 --> 00:52:56,880

have been here to see it one right after

1220

00:53:01,990 --> 00:52:59,200

another sanchez says from what he's seen

1221

00:53:03,750 --> 00:53:02,000

and heard or not heard there's no way

1222

00:53:05,030 --> 00:53:03,760

it's a drone so many videos that are out

1223

00:53:06,390 --> 00:53:05,040

there that

1224

00:53:09,750 --> 00:53:06,400

depict the same thing that i've been

1225

00:53:11,910 --> 00:53:09,760

seeing we decided to reach out to ufo

1226

00:53:15,430 --> 00:53:11,920

jane been doing this for over 10 years

1227

00:53:17,990 --> 00:53:15,440

i've seen a lot a texas ufologist who

1228

00:53:20,950 --> 00:53:18,000

started documenting ufo sightings across

1229

00:53:23,030 --> 00:53:20,960

the state online this video intrigued me

1230

00:53:25,030 --> 00:53:23,040

i first thought maybe this is a chinese

1231

00:53:27,670 --> 00:53:25,040

lantern but it is definitely not it

1232

00:53:29,030 --> 00:53:27,680

doesn't the videos for over a minute the

1233

00:53:32,150 --> 00:53:29,040

light is

1234

00:53:34,630 --> 00:53:32,160

solid the whole time she says she can't

1235

00:53:37,190 --> 00:53:34,640

rule out a drone but she also can't say

1236

00:53:39,910 --> 00:53:37,200

for certain that it is i can say that

1237

00:53:42,549 --> 00:53:39,920

people have seen objects like this

1238

00:53:44,150 --> 00:53:42,559

you know before 2006. i 10 news went

1239

00:53:45,750 --> 00:53:44,160

looking for answers after someone

1240

00:53:47,750 --> 00:53:45,760

snapped these pictures of an

1241

00:53:50,470 --> 00:53:47,760

unidentified object flying over the san

1242

00:53:51,829 --> 00:53:50,480

diego skyline now take a closer look at

1243

00:53:53,589 --> 00:53:51,839

the left-hand corner of your screen you

1244

00:53:57,109 --> 00:53:53,599

can see something there in the sky and

1245

00:53:59,109 --> 00:53:57,119

some are calling it santees area 51.

1246

00:54:01,030 --> 00:53:59,119

tennis reporter janet koch explains why

1247

00:54:04,309 --> 00:54:01,040

one local photographer says she has

1248

00:54:06,230 --> 00:54:04,319

proof we're not alone

1249

00:54:08,150 --> 00:54:06,240

one santee woman tells us her camera

1250

00:54:10,390 --> 00:54:08,160

broke just moments after she snapped

1251  
00:54:12,390 --> 00:54:10,400  
these photos of the object at this

1252  
00:54:14,870 --> 00:54:12,400  
historical barn that has some people

1253  
00:54:17,190 --> 00:54:14,880  
wondering about visitors from far far

1254  
00:54:21,750 --> 00:54:20,230  
it was tuesday on the afternoon

1255  
00:54:23,750 --> 00:54:21,760  
it was may 7th

1256  
00:54:25,910 --> 00:54:23,760  
when i zoomed on it more and then it was

1257  
00:54:27,670 --> 00:54:25,920  
clear it was certainly not a bug ellen

1258  
00:54:29,990 --> 00:54:27,680  
henry is convinced whatever she saw

1259  
00:54:32,069 --> 00:54:30,000  
hovering over santee's edgemoor barn is

1260  
00:54:33,910 --> 00:54:32,079  
not from this world she didn't want to

1261  
00:54:35,510 --> 00:54:33,920  
show us her face because she says she's

1262  
00:54:38,150 --> 00:54:35,520  
still a little spooked by what her

1263  
00:54:39,670 --> 00:54:38,160

camera captured what was it doing there

1264

00:54:41,030 --> 00:54:39,680

why was it there

1265

00:54:42,470 --> 00:54:41,040

you know what was it doing and i said

1266

00:54:45,030 --> 00:54:42,480

next time i come back the barn will be

1267

00:54:47,109 --> 00:54:45,040

beamed up

1268

00:54:49,349 --> 00:54:47,119

the barn sits under several flight paths

1269

00:54:51,109 --> 00:54:49,359

we called gillespie field and mcas

1270

00:54:53,109 --> 00:54:51,119

miramar neither could offer an

1271

00:54:54,870 --> 00:54:53,119

explanation there's no mysterious

1272

00:54:57,349 --> 00:54:54,880

objects flying above the barn tonight

1273

00:54:59,109 --> 00:54:57,359

but what some say flew overhead

1274

00:55:01,030 --> 00:54:59,119

is not out of the ordinary considering

1275

00:55:03,030 --> 00:55:01,040

what happens here below

1276

00:55:04,630 --> 00:55:03,040

we think somebody's come into the barn

1277

00:55:07,030 --> 00:55:04,640

and we get up to look and there's nobody

1278

00:55:09,430 --> 00:55:07,040

there cnt historical society which

1279

00:55:11,589 --> 00:55:09,440

oversees the barn turned museum says the

1280

00:55:14,069 --> 00:55:11,599

property used to be part of a poor farm

1281

00:55:16,230 --> 00:55:14,079

and hospital grounds drawing paranormal

1282

00:55:19,030 --> 00:55:16,240

investigators here for ghost sightings

1283

00:55:22,150 --> 00:55:19,040

enough to keep a ghost log but the idea

1284

00:55:23,990 --> 00:55:22,160

of a ufo hovering over a haunted barn

1285

00:55:26,230 --> 00:55:24,000

maybe a little area 51 thing going on

1286

00:55:28,870 --> 00:55:26,240

here yeah to strange it would choose cnt

1287

00:55:30,309 --> 00:55:28,880

over anything else in the world you know

1288

00:55:32,230 --> 00:55:30,319

i do believe we're not alone out here

1289

00:55:35,190 --> 00:55:32,240

that's for sure

1290

00:55:36,630 --> 00:55:35,200

doesn't it janet kwok 10 news i do

1291

00:55:39,030 --> 00:55:36,640

believe it all right we checked with the

1292

00:55:41,190 --> 00:55:39,040

national ufo reporting center there has

1293

00:55:43,589 --> 00:55:41,200

only been one other ufo sighting in san

1294

00:55:46,069 --> 00:55:43,599

diego this month and for another look at

1295

00:55:48,789 --> 00:55:46,079

that unidentified flying object you can

1296

00:55:50,710 --> 00:55:48,799

1301

00:56:01,109 --> 00:55:59,599

smooth earlier there was a minor crash

1302

00:56:02,390 --> 00:56:01,119

there that was blocking the shoulder but

1303

00:56:04,150 --> 00:56:02,400

1311

00:56:21,030 --> 00:56:19,280

emerson things are smooth earlier there

1312

00:56:22,549 --> 00:56:21,040

was a minor crash there that was

1313

00:56:24,710 --> 00:56:22,559

blocking the shoulder but as you a

1314

00:56:26,230 --> 00:56:24,720

little that little bit of extra time for

1315

00:56:28,230 --> 00:56:26,240

your morning but here's a look at how

1316

00:56:31,510 --> 00:56:28,240

things are doing on 95 and emerson

1317

00:56:34,309 --> 00:56:31,520

things are smooth only on news 5. a

1318

00:56:36,309 --> 00:56:34,319

family from custer county had several of

1319

00:56:38,950 --> 00:56:36,319

their animals die all within a short

1320

00:56:41,190 --> 00:56:38,960

period of time their search for animals

1321

00:56:42,870 --> 00:56:41,200

led them to contact a renowned ufo

1322

00:56:44,390 --> 00:56:42,880

investigator who's based in colorado

1323

00:56:46,230 --> 00:56:44,400

springs and he met with our andy cohen

1324

00:56:48,549 --> 00:56:46,240

just outside of west cliff for this

1325

00:56:50,789 --> 00:56:48,559

story about what might be happening to

1326

00:56:52,710 --> 00:56:50,799

animals in southern colorado

1327

00:56:54,630 --> 00:56:52,720

early this spring thomas walker had a

1328

00:56:57,510 --> 00:56:54,640

half dozen animals on his land outside

1329

00:57:00,390 --> 00:56:57,520

west cliff four of them died within days

1330

00:57:02,630 --> 00:57:00,400

pig was first i'm sorry okay uh

1331

00:57:04,870 --> 00:57:02,640

then two goats

1332

00:57:06,630 --> 00:57:04,880

then my mare a couple weeks later a

1333

00:57:27,750 --> 00:57:06,640

steer that his grandson was raising for

1334

00:57:32,230 --> 00:57:29,829

now to thomas was how they all looked

1335

00:57:33,589 --> 00:57:32,240

after they died i have never seen any

1336

00:57:36,710 --> 00:57:33,599

animal

1337

00:57:38,950 --> 00:57:36,720

just fall over dead and no scratch mark

1338

00:57:41,190 --> 00:57:38,960

no pollen no nothing

1339

00:57:43,190 --> 00:57:41,200

they tried to find a common explanation

1340

00:57:45,510 --> 00:57:43,200

steer had its own show feed the hog had

1341

00:57:47,030 --> 00:57:45,520

its own show feed the goats they ate

1342

00:57:49,030 --> 00:57:47,040

kind of everywhere

1343

00:57:50,789 --> 00:57:49,040

they also tested water samples but there

1344

00:57:52,950 --> 00:57:50,799

wasn't any contamination that would have

1345

00:57:54,870 --> 00:57:52,960

harmed animals you know

1346

00:57:56,789 --> 00:57:54,880

animals die yeah but when they start

1347

00:57:59,109 --> 00:57:56,799

coming after it one after another but by

1348

00:58:00,230 --> 00:57:59,119

time we put two and two together it we

1349

00:58:02,549 --> 00:58:00,240

couldn't have gotten anything on them

1350

00:58:04,549 --> 00:58:02,559

goats anyway frustrated they called ufo

1351  
00:58:06,390 --> 00:58:04,559  
investigator chuck czechowski when you

1352  
00:58:08,870 --> 00:58:06,400  
don't know

1353  
00:58:11,030 --> 00:58:08,880  
you try and check every avenue zukowski

1354  
00:58:13,349 --> 00:58:11,040  
is known nationwide for his theory about

1355  
00:58:15,190 --> 00:58:13,359  
the paranormal superhighway it's a

1356  
00:58:17,829 --> 00:58:15,200  
theory that started with animal

1357  
00:58:19,829 --> 00:58:17,839  
mutilation investigations i always kind

1358  
00:58:21,349 --> 00:58:19,839  
of draw the way the animal was laying

1359  
00:58:23,030 --> 00:58:21,359  
and what direction the animal was laying

1360  
00:58:24,789 --> 00:58:23,040  
i always put down

1361  
00:58:26,710 --> 00:58:24,799  
the gps coordinates he said he was

1362  
00:58:28,789 --> 00:58:26,720  
comparing notes on different cases and

1363  
00:58:32,069 --> 00:58:28,799

noticed that they tend to cluster around

1364

00:58:34,630 --> 00:58:32,079

37 degrees north latitude this case

1365

00:58:36,309 --> 00:58:34,640

matches that geographic profile and so

1366

00:58:38,150 --> 00:58:36,319

do some anomalies about the way the

1367

00:58:39,510 --> 00:58:38,160

horse died in particular even the

1368

00:58:40,789 --> 00:58:39,520

deputies said

1369

00:58:41,510 --> 00:58:40,799

that um

1370

00:58:42,390 --> 00:58:41,520

that

1371

00:58:44,069 --> 00:58:42,400

idea

1372

00:58:45,670 --> 00:58:44,079

and observed the anus had been removed

1373

00:58:48,230 --> 00:58:45,680

from the horses the edges appeared to be

1374

00:58:50,549 --> 00:58:48,240

very smooth those smooth cuts have been

1375

00:58:52,710 --> 00:58:50,559

a unique part of animal mutilation cases

1376

00:58:54,630 --> 00:58:52,720

in colorado going back decades

1377

00:58:57,589 --> 00:58:54,640

walker's horse was reportedly pregnant

1378

00:58:59,430 --> 00:58:57,599

when it died but no cult was ever found

1379

00:59:01,190 --> 00:58:59,440

in the necropsy the vet who performed

1380

00:59:03,030 --> 00:59:01,200

the necropsy told zakowski that there

1381

00:59:05,030 --> 00:59:03,040

have been several other animal deaths in

1382

00:59:06,470 --> 00:59:05,040

this part of the state and that's scary

1383

00:59:07,589 --> 00:59:06,480

to me because

1384

00:59:08,870 --> 00:59:07,599

um i know how to deal with the

1385

00:59:11,030 --> 00:59:08,880

paranormal stuff

1386

00:59:13,190 --> 00:59:11,040

but if it's getting too viral

1387

00:59:14,230 --> 00:59:13,200

or uh you know or something that's

1388

00:59:15,589 --> 00:59:14,240

airborne

1389

00:59:17,510 --> 00:59:15,599

you know the people that live in this

1390

00:59:19,589 --> 00:59:17,520

area they have a right to know they need

1391

00:59:21,349 --> 00:59:19,599

to know so we visited one of the ranches

1392

00:59:23,829 --> 00:59:21,359

where a large number of cows were

1393

00:59:25,750 --> 00:59:23,839

reported to have died the rancher would

1394

00:59:28,230 --> 00:59:25,760

not allow us to film on his land but

1395

00:59:30,470 --> 00:59:28,240

showed us that that wasn't the case he

1396

00:59:33,190 --> 00:59:30,480

had dumped the carcasses of three or

1397

00:59:35,510 --> 00:59:33,200

four cows in a ravine on his land they

1398

00:59:37,829 --> 00:59:35,520

all died from anaplasmosis a form of

1399

00:59:39,829 --> 00:59:37,839

yellow fever and that diagnosis was

1400

00:59:41,670 --> 00:59:39,839

backed up by the state veterinarian we

1401  
00:59:44,230 --> 00:59:41,680  
were aware of that diagnosis and there

1402  
00:59:45,510 --> 00:59:44,240  
were a number of people in the community

1403  
00:59:47,750 --> 00:59:45,520  
that i think

1404  
00:59:49,430 --> 00:59:47,760  
we're rightfully concerned the state vet

1405  
00:59:51,349 --> 00:59:49,440  
added that there was no common

1406  
00:59:53,349 --> 00:59:51,359  
explanation for the deaths of all of the

1407  
00:59:55,349 --> 00:59:53,359  
animals for example the cow that

1408  
00:59:57,109 --> 00:59:55,359  
walker's grandson was raising it was a

1409  
00:59:59,510 --> 00:59:57,119  
gift from those same ranchers the

1410  
01:00:02,309 --> 00:59:59,520  
necropsy didn't show anaplasmosis but

1411  
01:00:03,829 --> 01:00:02,319  
rather bloat zukowski said not all of

1412  
01:00:06,470 --> 01:00:03,839  
his investigations will come up

1413  
01:00:07,670 --> 01:00:06,480

unexplained there wasn't as many animals

1414

01:00:09,750 --> 01:00:07,680

that were

1415

01:00:11,109 --> 01:00:09,760

found dead

1416

01:00:13,589 --> 01:00:11,119

and they and

1417

01:00:15,910 --> 01:00:13,599

maybe not mysteriously but you never

1418

01:00:19,910 --> 01:00:15,920

know until you check watching out for

1419

01:00:26,829 --> 01:00:21,680

thanks andy

1420

01:00:30,630 --> 01:00:28,390

oh

1421

01:00:33,349 --> 01:00:30,640

well i i skipped a good party they get

1422

01:00:35,670 --> 01:00:33,359

an update on the anus part apparently

1423

01:00:36,630 --> 01:00:35,680

coyotes and such will chew on the soft

1424

01:00:37,990 --> 01:00:36,640

tissue

1425

01:00:40,230 --> 01:00:38,000

he said

1426

01:00:42,470 --> 01:00:40,240

um in other scavengers

1427

01:00:44,069 --> 01:00:42,480

so yeah

1428

01:00:45,990 --> 01:00:44,079

trying to explain the missing anus i

1429

01:00:48,150 --> 01:00:46,000

suppose i don't know

1430

01:00:49,990 --> 01:00:48,160

but uh yeah

1431

01:00:52,470 --> 01:00:50,000

i tried to switch it up to a couple

1432

01:00:54,710 --> 01:00:52,480

different kinds of videos um we got one

1433

01:00:56,870 --> 01:00:54,720

with the paranormal stuff and the saucer

1434

01:00:59,829 --> 01:00:56,880

which we hear about that a lot

1435

01:01:01,030 --> 01:00:59,839

um animal mutilation which it seems like

1436

01:01:05,270 --> 01:01:01,040

at the end

1437

01:01:05,990 --> 01:01:05,280

maybe not so much maybe maybe not but uh

1438

01:01:08,230 --> 01:01:06,000

some

1439

01:01:10,309 --> 01:01:08,240

explainable situations

1440

01:01:11,990 --> 01:01:10,319

and then some just uh genuinely weird

1441

01:01:13,589 --> 01:01:12,000

ones like the weather lady i thought

1442

01:01:14,950 --> 01:01:13,599

that was weird seemed like a spirit or

1443

01:01:17,030 --> 01:01:14,960

something

1444

01:01:20,069 --> 01:01:17,040

i don't know but hope you enjoyed them

1445

01:01:24,870 --> 01:01:23,589

felt good to be back

1446

01:01:28,069 --> 01:01:24,880

so

1447

01:01:31,960 --> 01:01:30,390

oh bummer i like the odd bummer oh

1448

01:01:35,670 --> 01:01:31,970

bummer was just a coyote

1449

01:01:37,990 --> 01:01:35,680

[Laughter]

1450

01:01:40,150 --> 01:01:38,000

like you wanted to be aliens that's so

1451

01:01:42,160 --> 01:01:40,160

funny i want aliens to mutilate our

1452

01:01:43,750 --> 01:01:42,170

freaking cattle what the heck

1453

01:01:45,030 --> 01:01:43,760

[Laughter]

1454

01:01:47,030 --> 01:01:45,040

it's funny

1455

01:01:48,789 --> 01:01:47,040

all right now i appreciate your time i

1456

01:01:50,870 --> 01:01:48,799

[Music]

1473

01:03:00,160 --> 01:03:08,500

it's the same as

1474

01:03:08,510 --> 01:03:14,829

[Music]

1475

01:03:17,829 --> 01:03:16,870

activity that some might
