00:00:57,590 --> 00:00:11,530

[Music]

2
00:01:03,270 --> 00:01:01,750

what is up everybody uh happy tuesday i

3
00:01:06,230 --> 00:01:03,280

was kind of on the fence about doing a

4
00:01:07,670 --> 00:01:06,240

show uh whether i should or should not

5
00:01:09,750 --> 00:01:07,680

um but

6
00:01:10,830 --> 00:01:09,760

you know i checked into

7
00:01:12,390 --> 00:01:10,840

uh this

8
00:01:13,510 --> 00:01:12,400

article

9
00:01:15,510 --> 00:01:13,520

um

10
00:01:18,070 --> 00:01:15,520

that i posted in the description there

11
00:01:20,149 --> 00:01:18,080

uh that was written on medium

12
00:01:21,990 --> 00:01:20,159

uh by nick

13
00:01:24,550 --> 00:01:22,000

and i thought it was pretty interesting

14

00:01:27,510 --> 00:01:24,560

and kind of

15

00:01:31,350 --> 00:01:27,520

excuse me

16

00:01:32,550 --> 00:01:31,360

just uh got done drinking um a acai

17

00:01:37,030 --> 00:01:32,560

latte

18

00:01:39,270 --> 00:01:37,040

that's right but i make them myself

19

00:01:41,109 --> 00:01:39,280

because i used to be a barista so i

20

00:01:43,429 --> 00:01:41,119

ain't spending too much money on that

21

00:01:45,190 --> 00:01:43,439

crap

22

00:01:47,350 --> 00:01:45,200

make it myself

23

00:01:49,350 --> 00:01:47,360

what's up everybody in the chat but

24

00:01:50,710 --> 00:01:49,360

anyways that article got kind of tickled

25

00:01:51,830 --> 00:01:50,720

myself

26

00:01:55,190 --> 00:01:51,840

um

27

00:01:58,469 --> 00:01:55,200

josh what is up with you here we got the

28

00:02:00,789 --> 00:01:58,479

uap x movie coming out soon we got an

29

00:02:02,870 --> 00:02:00,799

interview uh with a couple of the stars

30

00:02:03,910 --> 00:02:02,880

coming up by the way so that should be

31

00:02:06,950 --> 00:02:03,920

cool

32

00:02:08,389 --> 00:02:06,960

um and interesting point about data if i

33

00:02:09,350 --> 00:02:08,399

can remember i'll talk about that in a

34

00:02:12,070 --> 00:02:09,360

little bit

35

00:02:13,910 --> 00:02:12,080

uh thanks haircut i appreciate it i did

36

00:02:17,110 --> 00:02:13,920

it myself

37

00:02:18,070 --> 00:02:17,120

mikey loving the guitar thank you i did

38

00:02:19,750 --> 00:02:18,080

that

39

00:02:21,750 --> 00:02:19,760

you know i always have this issue where

40

00:02:23,910 --> 00:02:21,760

i i want to do something new before the

41

00:02:25,830 --> 00:02:23,920

show it's like an hour before show time

42

00:02:28,869 --> 00:02:25,840

and i start working on it so i literally

43

00:02:32,869 --> 00:02:28,879

just did it in like 30 minutes and i was

44

00:02:37,509 --> 00:02:35,670

thank you so much um i appreciate that

45

00:02:39,750 --> 00:02:37,519

thank you for saying that

46

00:02:42,309 --> 00:02:39,760

um

47

00:02:45,110 --> 00:02:42,319

i'm not going to try to

48

00:02:46,470 --> 00:02:45,120

padocious biker did i say that right

49

00:02:48,790 --> 00:02:46,480

um

50

00:02:51,830 --> 00:02:48,800

robert cowford

51
00:02:52,869 --> 00:02:51,840
what's happening he's looking into billy

52
00:02:59,830 --> 00:02:52,879
goat

53
00:03:03,750 --> 00:02:59,840
what is up

54
00:03:05,110 --> 00:03:03,760
steve shaw we got coming in the house

55
00:03:08,149 --> 00:03:05,120
awesome

56
00:03:10,229 --> 00:03:08,159
we got joe's as always

57
00:03:11,910 --> 00:03:10,239
sunsaver what's happening

58
00:03:12,949 --> 00:03:11,920
i really appreciate everyone being here

59
00:03:15,110 --> 00:03:12,959
today

60
00:03:16,710 --> 00:03:15,120
um i really do i really do appreciate it

61
00:03:18,390 --> 00:03:16,720
so thanks for sticking around we're

62
00:03:21,270 --> 00:03:18,400
gonna get into some interesting stuff so

63
00:03:22,149 --> 00:03:21,280

first of all the the article i posted

64

00:03:27,509 --> 00:03:22,159

um

65

00:03:29,350 --> 00:03:27,519

mr

66

00:03:31,430 --> 00:03:29,360

nick madrid

67

00:03:33,350 --> 00:03:31,440

hopefully i pronounced his

68

00:03:35,990 --> 00:03:33,360

um

69

00:03:37,589 --> 00:03:36,000

his name correctly there

70

00:03:40,710 --> 00:03:37,599

it's pretty great

71

00:03:42,229 --> 00:03:40,720

um so he has the classified briefings

72

00:03:44,550 --> 00:03:42,239

there's been much speculation regarding

73

00:03:45,430 --> 00:03:44,560

why congress after decades of silence

74

00:03:47,990 --> 00:03:45,440

has

75

00:03:50,070 --> 00:03:48,000

decided to introduce legislation into

76

00:03:51,509 --> 00:03:50,080

the ndaa

77

00:03:54,229 --> 00:03:51,519

to address unidentified aerial

78

00:03:55,990 --> 00:03:54,239

phenomenon and now we may know who in

79

00:03:57,589 --> 00:03:56,000

numerous interviews louis lozano has

80

00:03:59,509 --> 00:03:57,599

discussed the high definition videos and

81

00:04:02,550 --> 00:03:59,519

associated sensor data that were

82

00:04:04,229 --> 00:04:02,560

analyzed by the by atip that exhibit the

83

00:04:06,309 --> 00:04:04,239

five observables there's always been

84

00:04:09,030 --> 00:04:06,319

speculation that congress committees had

85

00:04:12,470 --> 00:04:09,040

seen high resolution videos of uap yet

86

00:04:14,070 --> 00:04:12,480

uh never substantiated until now uh ryan

87

00:04:15,429 --> 00:04:14,080

robbins post-disclosure world

88

00:04:16,949 --> 00:04:15,439

interviewed lou

89

00:04:18,629 --> 00:04:16,959

um matt robbins

90

00:04:20,789 --> 00:04:18,639

i leave motivated and determined to get

91

00:04:21,590 --> 00:04:20,799

an answer asked lou what is congress

92

00:04:24,710 --> 00:04:21,600

seeing

93

00:04:26,629 --> 00:04:24,720

uh elizondo went to state uh what

94

00:04:28,629 --> 00:04:26,639

congress is seeing and what they're

95

00:04:30,150 --> 00:04:28,639

hearing is very compelling uh what

96

00:04:32,150 --> 00:04:30,160

they're getting in some cases and

97

00:04:34,390 --> 00:04:32,160

certainly their staff i know that to be

98

00:04:36,550 --> 00:04:34,400

a fact which is interesting if the staff

99

00:04:38,950 --> 00:04:36,560

is getting stuff compelling i'm gonna be

100

00:04:40,390 --> 00:04:38,960

like hey you better show me that

101
00:04:42,550 --> 00:04:40,400
you know

102
00:04:45,189 --> 00:04:42,560
you better show me that stuff you're

103
00:04:47,350 --> 00:04:45,199
showing my staff you're my staff show it

104
00:04:49,270 --> 00:04:47,360
to me

105
00:04:51,189 --> 00:04:49,280
um

106
00:04:52,230 --> 00:04:51,199
just kind of you know interesting i

107
00:04:55,430 --> 00:04:52,240
thought

108
00:04:56,870 --> 00:04:55,440
uh receiving hd videos uh photographs

109
00:04:59,430 --> 00:04:56,880
and things taken from very sensitive

110
00:05:00,870 --> 00:04:59,440
platforms every week every week can you

111
00:05:02,390 --> 00:05:00,880
believe that they're getting new

112
00:05:05,029 --> 00:05:02,400
information and this week alone we have

113
00:05:06,469 --> 00:05:05,039

two more very interesting incidents

114

00:05:09,350 --> 00:05:06,479

we touched on that a little bit

115

00:05:13,830 --> 00:05:11,830

um and then he talks about fade to black

116

00:05:17,830 --> 00:05:13,840

we're talking about the 23 minute high

117

00:05:19,990 --> 00:05:17,840

def uap footage video which was

118

00:05:23,029 --> 00:05:20,000

first mentioned

119

00:05:24,550 --> 00:05:23,039

on this very show by the way

120

00:05:27,270 --> 00:05:24,560

we always get

121

00:05:29,110 --> 00:05:27,280

this the snub on that

122

00:05:29,990 --> 00:05:29,120

everybody knows about the 23 minute

123

00:05:31,670 --> 00:05:30,000

video

124

00:05:32,870 --> 00:05:31,680

hardly anyone

125

00:05:34,469 --> 00:05:32,880

knows

126
00:05:35,749 --> 00:05:34,479
that it was first talked about and he

127
00:05:39,749 --> 00:05:35,759
first told

128
00:05:41,029 --> 00:05:39,759
the world on this show

129
00:05:45,749 --> 00:05:41,039
um

130
00:05:48,230 --> 00:05:45,759
it was many uh that atip had analyzed

131
00:05:50,710 --> 00:05:48,240
and so basically they

132
00:05:52,550 --> 00:05:50,720
quote a little more of that

133
00:05:55,110 --> 00:05:52,560
appears several crafts were involved

134
00:05:56,790 --> 00:05:55,120
certainly big enough from our context

135
00:05:58,870 --> 00:05:56,800
additionally multiple discussions

136
00:06:00,390 --> 00:05:58,880
regarding a triangular shaped uap video

137
00:06:02,230 --> 00:06:00,400
emerging from the ocean and photographs

138
00:06:04,390 --> 00:06:02,240

are allegedly being passed around

139

00:06:06,309 --> 00:06:04,400

military intelligence and dod officials

140

00:06:08,390 --> 00:06:06,319

these videos exist congress has seen

141

00:06:09,830 --> 00:06:08,400

them it would certainly leave an

142

00:06:12,070 --> 00:06:09,840

indelible impression and likely

143

00:06:15,830 --> 00:06:12,080

contribute to the language in the ndaa

144

00:06:21,909 --> 00:06:19,350

so we got some anti-gravity lift

145

00:06:24,390 --> 00:06:21,919

you know all the stuff no surfaces

146

00:06:24,400 --> 00:06:29,110

flight surfaces such as wings

147

00:06:33,270 --> 00:06:31,350

sudden and instantaneous of the

148

00:06:35,189 --> 00:06:33,280

observables here

149

00:06:36,790 --> 00:06:35,199

after decades of silence congressional

150

00:06:38,550 --> 00:06:36,800

motivation to understand the phenomenon

151
00:06:40,469 --> 00:06:38,560
and control the narrative was likely

152
00:06:42,870 --> 00:06:40,479
reached from the classic classified

153
00:06:45,590 --> 00:06:42,880
report and is evident in their obvious

154
00:06:47,590 --> 00:06:45,600
urgency to obtain eligible

155
00:06:50,790 --> 00:06:47,600
intelligence through the ndaa

156
00:06:55,350 --> 00:06:52,710
um and then it talks about dr bob

157
00:06:57,430 --> 00:06:55,360
mcguire who

158
00:06:59,589 --> 00:06:57,440
we

159
00:07:01,110 --> 00:06:59,599
had on this show before so he was kind

160
00:07:03,830 --> 00:07:01,120
of in the middle of all this triangle

161
00:07:05,990 --> 00:07:03,840
talk and that was kind of you know some

162
00:07:08,469 --> 00:07:06,000
drama at the time

163
00:07:11,110 --> 00:07:08,479

and the video that i posted in there

164

00:07:14,150 --> 00:07:13,110

um

165

00:07:16,150 --> 00:07:14,160

the video that i posted in the

166

00:07:18,070 --> 00:07:16,160

description of this really lays it out

167

00:07:21,589 --> 00:07:18,080

bob has a nice beard in one of the clips

168

00:07:25,189 --> 00:07:21,599

very jealous of that beard by the way

169

00:07:28,070 --> 00:07:26,390

he's a

170

00:07:31,029 --> 00:07:28,080

professor of virginia tech former chief

171

00:07:33,110 --> 00:07:31,039

scientist at the hume center

172

00:07:35,749 --> 00:07:33,120

probably said that wrong

173

00:07:37,990 --> 00:07:35,759

it could be humane

174

00:07:40,629 --> 00:07:38,000

i was a phd in applied mathematics brown

175

00:07:43,990 --> 00:07:40,639

university

176

00:07:47,350 --> 00:07:44,000

and comments april 2021

177

00:07:49,510 --> 00:07:47,360

maguire who holds a security clearance

178

00:07:51,110 --> 00:07:49,520

but was not president present at a

179

00:07:54,469 --> 00:07:51,120

national security council classified

180

00:07:55,909 --> 00:07:54,479

briefing told spaced out radio i know

181

00:07:57,670 --> 00:07:55,919

several people who were in the national

182

00:07:59,350 --> 00:07:57,680

security council meeting and the best

183

00:08:01,909 --> 00:07:59,360

comment i heard was

184

00:08:04,629 --> 00:08:01,919

what we had was 40 minutes of science

185

00:08:06,710 --> 00:08:04,639

fiction movies we were all gobsmacked

186

00:08:08,550 --> 00:08:06,720

there were 70 pages and 14 videos they

187

00:08:11,270 --> 00:08:08,560

got to see the good stuff there was a

188

00:08:13,830 --> 00:08:11,280

full classified report 14 videos but the

189

00:08:18,550 --> 00:08:13,840

committees and the white house

190

00:08:24,629 --> 00:08:21,749

so it's a pretty

191

00:08:28,869 --> 00:08:24,639

awesome article

192

00:08:34,709 --> 00:08:32,230

that you look at the

193

00:08:36,230 --> 00:08:34,719

uh video i posted uh in the description

194

00:08:39,750 --> 00:08:36,240

when you have a chance that kind of

195

00:08:42,709 --> 00:08:39,760

helps put things into context you know

196

00:08:44,470 --> 00:08:42,719

um especially about this 23 minute video

197

00:08:47,430 --> 00:08:44,480

thing right so

198

00:08:50,389 --> 00:08:47,440

bob's talking about

199

00:08:52,790 --> 00:08:50,399

um he saw like a little snippet of a

200

00:08:55,430 --> 00:08:52,800

slide of

201

00:08:57,509 --> 00:08:55,440

this 23 minute video and

202

00:08:59,430 --> 00:08:57,519

uh basically danny silva tries pinning

203

00:09:01,030 --> 00:08:59,440

him down

204

00:09:04,150 --> 00:09:01,040

you know getting him to say that it was

205

00:09:05,910 --> 00:09:04,160

the pyramid video and more or less

206

00:09:08,389 --> 00:09:05,920

you know he didn't say yes it was the

207

00:09:11,910 --> 00:09:08,399

pyramid video but uh when you watch that

208

00:09:13,190 --> 00:09:11,920

it's pretty much what he says so

209

00:09:16,630 --> 00:09:13,200

if that's true

210

00:09:18,949 --> 00:09:16,640

that 23 minute video in the infamous

211

00:09:19,910 --> 00:09:18,959

triangle picture or whatever

212

00:09:22,070 --> 00:09:19,920

are the

213

00:09:24,150 --> 00:09:22,080

one of the same which is very

214

00:09:28,870 --> 00:09:24,160

interesting

215

00:09:30,949 --> 00:09:28,880

if that's the case

216

00:09:34,550 --> 00:09:30,959

do we know

217

00:09:36,790 --> 00:09:34,560

i don't know that we know but

218

00:09:38,230 --> 00:09:36,800

i would say that video puts together a

219

00:09:39,269 --> 00:09:38,240

nice case

220

00:09:42,230 --> 00:09:39,279

that

221

00:09:44,230 --> 00:09:42,240

uh the 23 minute video is the triangle

222

00:09:46,870 --> 00:09:44,240

but i'm not sure

223

00:09:48,710 --> 00:09:46,880

interestingly about like congress and

224

00:09:51,590 --> 00:09:48,720

what they've seen

225

00:09:55,590 --> 00:09:51,600

when lou elizon was on the show

226

00:10:00,070 --> 00:09:57,430

you know i basically told him about how

227

00:10:01,030 --> 00:10:00,080

my wife saw that a news story on tv

228

00:10:03,990 --> 00:10:01,040

about

229

00:10:07,430 --> 00:10:04,000

uh the uap preliminary report and how

230

00:10:10,949 --> 00:10:07,440

they only identified like 144 and then

231

00:10:13,670 --> 00:10:10,959

he goes in and makes a comment regarding

232

00:10:13,680 --> 00:10:17,030

some details

233

00:10:22,389 --> 00:10:19,829

of those uap

234

00:10:24,710 --> 00:10:22,399

um reports that they could not identify

235

00:10:26,150 --> 00:10:24,720

he's not against it we did see something

236

00:10:28,710 --> 00:10:26,160

together but she's not like me she

237

00:10:30,069 --> 00:10:28,720

doesn't have a podcast but um the news

238

00:10:33,030 --> 00:10:30,079

comes on

239

00:10:35,190 --> 00:10:33,040

they talk about the report um i come

240

00:10:37,430 --> 00:10:35,200

home later ask her about it what was

241

00:10:39,590 --> 00:10:37,440

your takeaway and she says well i guess

242

00:10:41,670 --> 00:10:39,600

they only identified one out of what a

243

00:10:42,790 --> 00:10:41,680

hundred something

244

00:10:43,990 --> 00:10:42,800

and i'm like

245

00:10:46,630 --> 00:10:44,000

yes

246

00:10:47,829 --> 00:10:46,640

right that's exactly right honey exactly

247

00:10:50,710 --> 00:10:47,839

by the way some of these things were

248

00:10:51,590 --> 00:10:50,720

really really close so you know you tell

249

00:10:55,269 --> 00:10:51,600

me

250

00:10:57,670 --> 00:10:56,790

so right there

251
00:11:00,069 --> 00:10:57,680
you know

252
00:11:02,550 --> 00:11:00,079
one out of 144

253
00:11:04,069 --> 00:11:02,560
right and he goes

254
00:11:06,310 --> 00:11:04,079
yeah by the way some of those were

255
00:11:07,590 --> 00:11:06,320
really really close so

256
00:11:09,750 --> 00:11:07,600
think about that

257
00:11:15,590 --> 00:11:09,760
so other ones they couldn't identify

258
00:11:21,269 --> 00:11:19,110
that's what he's saying so part of those

259
00:11:24,710 --> 00:11:21,279
instances

260
00:11:27,030 --> 00:11:24,720
in the 144 or whatever uap reports some

261
00:11:29,990 --> 00:11:27,040
of those were very very close

262
00:11:33,430 --> 00:11:30,000
is what he says crazy yeah oh what are

263
00:11:35,430 --> 00:11:33,440

we going to see that 50 foot away pic

264

00:11:37,829 --> 00:11:35,440

man that's not up to me but

265

00:11:39,910 --> 00:11:37,839

uh yeah there's a couple there that will

266

00:11:42,310 --> 00:11:39,920

that'll that'll rattle you pretty good

267

00:11:44,230 --> 00:11:42,320

um yeah there's one i i'm not we'll go

268

00:11:47,269 --> 00:11:44,240

to detail but the video is about 23

269

00:11:50,389 --> 00:11:47,279

minutes long it's it's one day

270

00:11:52,470 --> 00:11:50,399

yeah yeah it's uh it's uh pretty good

271

00:11:55,269 --> 00:11:52,480

man popcorn

272

00:11:57,509 --> 00:11:55,279

uh yeah popcorn and some 3d glasses and

273

00:11:59,030 --> 00:11:57,519

maybe some some coca-cola or something

274

00:12:01,590 --> 00:11:59,040

coca-cola

275

00:12:04,389 --> 00:12:01,600

and a diaper

276

00:12:10,150 --> 00:12:07,110

would you um get one of these things and

277

00:12:12,150 --> 00:12:10,160

fly around town if you could nope no

278

00:12:14,150 --> 00:12:12,160

i'll let someone braver than me do it

279

00:12:18,069 --> 00:12:14,160

you know you know

280

00:12:22,230 --> 00:12:20,629

so he wouldn't get in and fly it but uh

281

00:12:24,710 --> 00:12:22,240

you know

282

00:12:26,949 --> 00:12:24,720

i thought that uh was a really telling

283

00:12:28,550 --> 00:12:26,959

clip right there there's a lot in that

284

00:12:31,750 --> 00:12:28,560

clip

285

00:12:34,710 --> 00:12:31,760

you get a little bit of a hint at what

286

00:12:36,470 --> 00:12:34,720

where it was you know in that uap report

287

00:12:37,509 --> 00:12:36,480

so basically he said that some of those

288

00:12:39,670 --> 00:12:37,519

are really close and they couldn't

289

00:12:40,790 --> 00:12:39,680

identify i mean they only identified one

290

00:12:42,949 --> 00:12:40,800

as a balloon

291

00:12:45,110 --> 00:12:42,959

and

292

00:12:47,110 --> 00:12:45,120

he would have said one of those you know

293

00:12:48,150 --> 00:12:47,120

if it was possible that the balloon by

294

00:12:49,670 --> 00:12:48,160

you know

295

00:12:50,790 --> 00:12:49,680

for whatever reason was the one that was

296

00:12:52,470 --> 00:12:50,800

really close

297

00:12:54,150 --> 00:12:52,480

it would be

298

00:12:56,069 --> 00:12:54,160

one of those

299

00:12:59,750 --> 00:12:56,079

who was really close

300

00:13:03,829 --> 00:12:59,760

but he didn't he said some selma means

301
00:13:08,150 --> 00:13:03,839
more than one so

302
00:13:09,829 --> 00:13:08,160
i thought um you know

303
00:13:11,670 --> 00:13:09,839
there's always you know there's always

304
00:13:14,629 --> 00:13:11,680
the chance that we're all just being

305
00:13:17,110 --> 00:13:14,639
taken for big ruse but if not

306
00:13:19,269 --> 00:13:17,120
i think we learned a lot right there so

307
00:13:21,829 --> 00:13:19,279
what's up jay thanks for hanging out i

308
00:13:23,670 --> 00:13:21,839
appreciate you uh by the way brandi

309
00:13:24,629 --> 00:13:23,680
phillips thank you so much for coming

310
00:13:26,790 --> 00:13:24,639
lara

311
00:13:30,389 --> 00:13:26,800
andres

312
00:13:33,110 --> 00:13:30,399
appreciate it uplifting tweets

313
00:13:34,949 --> 00:13:33,120

awesome appreciate you

314

00:13:37,030 --> 00:13:34,959

thanks for coming aboard

315

00:13:40,069 --> 00:13:37,040

so

316

00:13:45,829 --> 00:13:41,750

you know

317

00:13:47,269 --> 00:13:45,839

staying on the topic of uh triangles

318

00:13:49,269 --> 00:13:47,279

if you go back

319

00:13:50,870 --> 00:13:49,279

and watch uh the research video that we

320

00:13:53,670 --> 00:13:50,880

put together

321

00:13:57,189 --> 00:13:53,680

you'll learn how i found what i'm

322

00:13:59,829 --> 00:13:57,199

what i'm about to share today which is

323

00:14:02,550 --> 00:13:59,839

um some pretty fantastic

324

00:14:05,829 --> 00:14:02,560

well i have two cases but one

325

00:14:08,550 --> 00:14:05,839

of which is just a really

326

00:14:10,470 --> 00:14:08,560

really extremely interesting

327

00:14:12,389 --> 00:14:10,480

triangle

328

00:14:14,389 --> 00:14:12,399

uh case

329

00:14:16,550 --> 00:14:14,399

i must say

330

00:14:17,990 --> 00:14:16,560

so that's what we're going to look at

331

00:14:20,629 --> 00:14:18,000

today

332

00:14:23,269 --> 00:14:20,639

and it's pretty cool because the the one

333

00:14:25,829 --> 00:14:23,279

includes like a secret

334

00:14:28,710 --> 00:14:25,839

like pretty much a secret letter to the

335

00:14:32,310 --> 00:14:28,720

witness corroborating uh the guy's

336

00:14:36,629 --> 00:14:35,670

let's get into that quick this first one

337

00:14:38,470 --> 00:14:36,639

we have

338

00:14:40,790 --> 00:14:38,480

so i wanted to get what old one was like

339

00:14:42,069 --> 00:14:40,800

what was this some of the first

340

00:14:44,310 --> 00:14:42,079

you know

341

00:14:46,710 --> 00:14:44,320

triangle or pyramid sightings basically

342

00:14:50,389 --> 00:14:46,720

right this one we have

343

00:14:55,189 --> 00:14:50,399

going all the way back to january 7th 19

344

00:14:59,829 --> 00:14:57,189

19 20 eastern time i don't know what

345

00:15:03,350 --> 00:14:59,839

time that is

346

00:15:07,030 --> 00:15:05,269

so we have uh the weather at the time

347

00:15:09,509 --> 00:15:07,040

light scattered clouds with a haze

348

00:15:11,910 --> 00:15:09,519

towards the southwest james hudson on

349

00:15:13,509 --> 00:15:11,920

duty in the control tower at the time

350

00:15:15,189 --> 00:15:13,519

the object was cited it was called to

351

00:15:17,829 --> 00:15:15,199

our attention by the dispatcher and

352

00:15:20,550 --> 00:15:17,839

operations he asked us to see if it was

353

00:15:22,550 --> 00:15:20,560

an air aircraft flare when we

354

00:15:23,750 --> 00:15:22,560

we then looked at it with the field

355

00:15:25,670 --> 00:15:23,760

glasses

356

00:15:27,829 --> 00:15:25,680

at the time first sighted the object was

357

00:15:30,150 --> 00:15:27,839

white and it turned red there was only

358

00:15:32,230 --> 00:15:30,160

one object the real shape of it could

359

00:15:35,110 --> 00:15:32,240

not be distinguished from this station

360

00:15:37,910 --> 00:15:35,120

until the object descended when it did

361

00:15:40,949 --> 00:15:37,920

the object took a form of a cone or a

362

00:15:44,150 --> 00:15:40,959

upside-down triangle

363

00:15:45,829 --> 00:15:44,160

when it climbed it was right side up

364

00:15:48,069 --> 00:15:45,839

the above is to my observation and

365

00:15:52,230 --> 00:15:48,079

opinion

366

00:15:55,269 --> 00:15:52,240

could not determine but it was much

367

00:15:56,949 --> 00:15:55,279

larger than any star uh on its client

368

00:15:58,310 --> 00:15:56,959

it's like these people know that people

369

00:16:00,389 --> 00:15:58,320

are gonna go are you sure it wasn't a

370

00:16:01,189 --> 00:16:00,399

star because they always say that like

371

00:16:04,069 --> 00:16:01,199

it was

372

00:16:08,150 --> 00:16:04,079

a lot larger than a star

373

00:16:09,509 --> 00:16:08,160

it's like oh crap he took our star

374

00:16:12,230 --> 00:16:09,519

uh excuse

375

00:16:13,670 --> 00:16:12,240

darn it on its climate descent

376

00:16:15,590 --> 00:16:13,680

it appeared to have a green mist

377

00:16:17,910 --> 00:16:15,600

following it very interesting the speed

378

00:16:19,910 --> 00:16:17,920

i could not determine in miles per hour

379

00:16:22,310 --> 00:16:19,920

before it hovered at what appeared to be

380

00:16:23,509 --> 00:16:22,320

one spot then it moved it moved with

381

00:16:25,269 --> 00:16:23,519

great speed

382

00:16:27,990 --> 00:16:25,279

its maneuvers are as follows from the

383

00:16:33,350 --> 00:16:31,110

so he has a sketch of it

384

00:16:35,110 --> 00:16:33,360

then it headed southwest at great speed

385

00:16:36,629 --> 00:16:35,120

and disappeared

386

00:16:40,310 --> 00:16:36,639

the distance from the field when first

387

00:16:41,749 --> 00:16:40,320

sighted estimated uh 15 to 20 miles

388

00:16:44,470 --> 00:16:41,759

there's no sound

389

00:16:45,910 --> 00:16:44,480

a trail maybe from exhaust is green from

390

00:16:47,829 --> 00:16:45,920

the field glasses

391

00:16:50,310 --> 00:16:47,839

glasses have a coated

392

00:16:52,389 --> 00:16:50,320

lens which may change the color some at

393

00:16:54,790 --> 00:16:52,399

one time during the time cloud passed

394

00:16:56,150 --> 00:16:54,800

under it and the light shown through

395

00:16:58,710 --> 00:16:56,160

okay

396

00:17:00,629 --> 00:16:58,720

so just so you know you can find this in

397

00:17:02,470 --> 00:17:00,639

the description i put a link

398

00:17:05,270 --> 00:17:02,480

to triangle

399

00:17:07,110 --> 00:17:05,280

sightings

400

00:17:09,110 --> 00:17:07,120

in

401
00:17:10,390 --> 00:17:09,120
the description at the archive so you

402
00:17:12,230 --> 00:17:10,400
just click on that it'll take you to

403
00:17:15,590 --> 00:17:12,240
triangle

404
00:17:20,390 --> 00:17:15,600
it

405
00:17:23,029 --> 00:17:20,400
but

406
00:17:23,039 --> 00:17:25,829
so

407
00:17:31,590 --> 00:17:27,669
before i get to this

408
00:17:33,750 --> 00:17:31,600
so

409
00:17:38,070 --> 00:17:33,760
this moving on to like the next case

410
00:17:38,080 --> 00:17:41,510
i want to

411
00:17:46,710 --> 00:17:44,310
show you this here

412
00:17:49,590 --> 00:17:46,720
if i can find the first page sorry about

413
00:17:53,830 --> 00:17:51,909

all right so

414

00:17:55,350 --> 00:17:53,840

this is a project sign

415

00:17:56,549 --> 00:17:55,360

um

416

00:17:58,230 --> 00:17:56,559

investigation which is pretty

417

00:18:01,510 --> 00:17:58,240

interesting

418

00:18:03,350 --> 00:18:01,520

at least i thought i saw that details uh

419

00:18:06,789 --> 00:18:03,360

we have

420

00:18:11,590 --> 00:18:06,799

boise idaho looks like

421

00:18:14,630 --> 00:18:11,600

unidentified aerial object nampa idaho

422

00:18:16,310 --> 00:18:14,640

at approximately 1600 hours so we'll

423

00:18:18,630 --> 00:18:16,320

just go to number four to his verbal

424

00:18:21,350 --> 00:18:18,640

account of the sighting on the 24th of

425

00:18:24,230 --> 00:18:21,360

july 49 he was flying his paper clipper

426
00:18:26,230 --> 00:18:24,240
aircraft from ogden to utah and route to

427
00:18:29,510 --> 00:18:26,240
nampa idaho

428
00:18:31,990 --> 00:18:29,520
uh he was flying 10 000 feet

429
00:18:33,510 --> 00:18:32,000
altitude with a heading of 270 degrees

430
00:18:34,470 --> 00:18:33,520
10 miles from

431
00:18:37,029 --> 00:18:34,480
home

432
00:18:39,590 --> 00:18:37,039
idaho when he sighted seven flying

433
00:18:41,750 --> 00:18:39,600
objects at about seven o'clock knows of

434
00:18:43,190 --> 00:18:41,760
his plane used at 12 o'clock for the

435
00:18:44,470 --> 00:18:43,200
reference

436
00:18:47,029 --> 00:18:44,480
flying it

437
00:18:48,549 --> 00:18:47,039
a parallel course but about 500 feet

438
00:18:50,950 --> 00:18:48,559

lower

439

00:18:52,630 --> 00:18:50,960

for an instant

440

00:18:55,909 --> 00:18:52,640

he said he believed the objects to be

441

00:18:56,710 --> 00:18:55,919

f51s or a26 and the second glance he

442

00:18:58,549 --> 00:18:56,720

said

443

00:19:00,230 --> 00:18:58,559

he knew they were nothing that they had

444

00:19:02,150 --> 00:19:00,240

ever seen before

445

00:19:04,950 --> 00:19:02,160

objects overtook his aircraft passing on

446

00:19:07,190 --> 00:19:04,960

the left south side at about 1500 feet

447

00:19:09,110 --> 00:19:07,200

distance at approximately 500 feet lower

448

00:19:11,029 --> 00:19:09,120

9 500 feet

449

00:19:12,710 --> 00:19:11,039

altitude the objects were flying perfect

450

00:19:15,029 --> 00:19:12,720

formation two rows of three line of

451

00:19:17,190 --> 00:19:15,039

breast and the seven slightly it to the

452

00:19:19,990 --> 00:19:17,200

rear and maybe slightly above the rest

453

00:19:21,990 --> 00:19:20,000

stated that the formation was very tight

454

00:19:23,510 --> 00:19:22,000

being about one third of the object span

455

00:19:26,070 --> 00:19:23,520

distance from tip

456

00:19:28,070 --> 00:19:26,080

of one object to the tip of the other

457

00:19:30,310 --> 00:19:28,080

the same distance line uh when the

458

00:19:31,990 --> 00:19:30,320

objects had passed aircraft

459

00:19:34,870 --> 00:19:32,000

they made a turn to the right passing

460

00:19:36,710 --> 00:19:34,880

about 1500 feet in front 500 feet below

461

00:19:40,150 --> 00:19:36,720

the objects again turned to the right

462

00:19:41,750 --> 00:19:40,160

and passed on at the right north side

463

00:19:43,750 --> 00:19:41,760

he said that the objects made perfect

464

00:19:45,590 --> 00:19:43,760

formation turns

465

00:19:47,909 --> 00:19:45,600

and in so doing they neither banked or

466

00:19:49,669 --> 00:19:47,919

skidded

467

00:19:52,310 --> 00:19:49,679

stated that when the objects first

468

00:19:54,549 --> 00:19:52,320

turned he thought they meant to ram him

469

00:19:56,230 --> 00:19:54,559

very interesting

470

00:19:57,909 --> 00:19:56,240

as soon as the objects passed to his

471

00:20:00,150 --> 00:19:57,919

right turned his aircraft so that he

472

00:20:01,669 --> 00:20:00,160

might keep the objects in view he stated

473

00:20:04,149 --> 00:20:01,679

that the objects remain imbued for

474

00:20:05,909 --> 00:20:04,159

approximately one to two minutes

475

00:20:08,630 --> 00:20:05,919

and all and that their speed was

476
00:20:09,590 --> 00:20:08,640
estimated between 450 and 550 miles an

477
00:20:11,029 --> 00:20:09,600
hour

478
00:20:12,789 --> 00:20:11,039
said that he watched the object suddenly

479
00:20:14,070 --> 00:20:12,799
disappeared approximately 10 miles

480
00:20:15,669 --> 00:20:14,080
distance from

481
00:20:17,590 --> 00:20:15,679
describing the objects he said they were

482
00:20:19,830 --> 00:20:17,600
delta shaped flying wings

483
00:20:22,789 --> 00:20:19,840
he estimated their span as being between

484
00:20:23,669 --> 00:20:22,799
that of a f51 and a26 aircraft their

485
00:20:25,590 --> 00:20:23,679
length

486
00:20:28,390 --> 00:20:25,600
knows the trailing edge at about 20 to

487
00:20:32,310 --> 00:20:28,400
30 feet their thickness at from two to

488
00:20:36,149 --> 00:20:33,750

said the objects were a light color

489

00:20:38,470 --> 00:20:36,159

except for a circle of dark color for

490

00:20:40,070 --> 00:20:38,480

approximately 12 feet in diameter which

491

00:20:41,669 --> 00:20:40,080

was placed midway between the tips of

492

00:20:43,430 --> 00:20:41,679

the object

493

00:20:46,070 --> 00:20:43,440

and which extended to the trailing edge

494

00:20:46,080 --> 00:20:50,870

so we'll get to the sketch

495

00:20:54,549 --> 00:20:52,870

and again you can uh

496

00:20:56,070 --> 00:20:54,559

look at this document for yourself a

497

00:20:57,909 --> 00:20:56,080

little bit he talks

498

00:20:59,909 --> 00:20:57,919

a little bit about the physicalities of

499

00:21:03,110 --> 00:20:59,919

it

500

00:21:04,710 --> 00:21:03,120

there were shades of

501
00:21:06,789 --> 00:21:04,720
white and black that he had never seen

502
00:21:08,149 --> 00:21:06,799
before that's interesting

503
00:21:12,070 --> 00:21:08,159
how are there shades of white and black

504
00:21:16,710 --> 00:21:14,149
it's either like

505
00:21:17,990 --> 00:21:16,720
a little dirty white or

506
00:21:19,430 --> 00:21:18,000
you know

507
00:21:21,270 --> 00:21:19,440
not so black

508
00:21:24,630 --> 00:21:21,280
i guess

509
00:21:27,430 --> 00:21:25,990
said that the top of the object was

510
00:21:29,430 --> 00:21:27,440
perfectly flat and that the bottom of

511
00:21:31,990 --> 00:21:29,440
the object was flat except for a shallow

512
00:21:34,149 --> 00:21:32,000
dome-like protrusion

513
00:21:35,669 --> 00:21:34,159

approximately 12 to 15 feet in diameter

514

00:21:37,430 --> 00:21:35,679

that's pretty big

515

00:21:38,789 --> 00:21:37,440

with a depth of approximately two to

516

00:21:40,630 --> 00:21:38,799

five feet stated that he saw no

517

00:21:42,710 --> 00:21:40,640

propeller arcs and saw no jet exhaust

518

00:21:44,470 --> 00:21:42,720

fumes or smoke

519

00:21:47,029 --> 00:21:44,480

so far as he could tell there were no

520

00:21:48,950 --> 00:21:47,039

air intakes or jetta rocket openings

521

00:21:50,950 --> 00:21:48,960

instead the objects flew with unusual

522

00:21:53,110 --> 00:21:50,960

stability and appeared to be under

523

00:21:55,830 --> 00:21:53,120

absolute control

524

00:21:57,510 --> 00:21:55,840

at all times

525

00:21:59,590 --> 00:21:57,520

went on to say the nose of the objects

526

00:22:01,750 --> 00:21:59,600

came to a needle point but that the

527

00:22:03,750 --> 00:22:01,760

trailing edges were square

528

00:22:04,950 --> 00:22:03,760

this will saw it off leaving a flat

529

00:22:06,470 --> 00:22:04,960

surface

530

00:22:09,110 --> 00:22:06,480

the thickness of the object as a

531

00:22:11,909 --> 00:22:09,120

trailing edge

532

00:22:14,789 --> 00:22:11,919

he stated that when first sighted by him

533

00:22:17,110 --> 00:22:14,799

he noticed an oscillation of

534

00:22:18,789 --> 00:22:17,120

part of a part of the outer panels of

535

00:22:20,950 --> 00:22:18,799

the object said this oscillation

536

00:22:22,950 --> 00:22:20,960

decreased as the objects approached

537

00:22:24,630 --> 00:22:22,960

stated that was a smooth oscillation out

538

00:22:26,549 --> 00:22:24,640

of flutter re-emphasize the fact that

539

00:22:28,710 --> 00:22:26,559

when the objects turned they did so

540

00:22:30,870 --> 00:22:28,720

without a banker's kit he also said that

541

00:22:33,430 --> 00:22:30,880

it appeared that the objects had used

542

00:22:35,669 --> 00:22:33,440

his aircraft as a turning point

543

00:22:37,669 --> 00:22:35,679

maintaining a standard turn about his

544

00:22:39,430 --> 00:22:37,679

aircraft at approximately a quarter mile

545

00:22:40,870 --> 00:22:39,440

distance

546

00:22:42,789 --> 00:22:40,880

he stated that when the objects

547

00:22:44,870 --> 00:22:42,799

disappeared from sight they disappeared

548

00:22:47,110 --> 00:22:44,880

all of the sudden

549

00:22:55,590 --> 00:22:47,120

just like fravor said all of a sudden it

550

00:22:59,750 --> 00:22:58,070

there is no gradual fading from view

551
00:23:02,230 --> 00:22:59,760
first estimated the speed of the objects

552
00:23:04,149 --> 00:23:02,240
is somewhere between 550 650 miles per

553
00:23:06,230 --> 00:23:04,159
hour then stated that maybe they were

554
00:23:09,510 --> 00:23:06,240
traveling not quite that fast probably

555
00:23:11,750 --> 00:23:09,520
hard to tell also he stated that the

556
00:23:14,630 --> 00:23:11,760
circle in the center of the object

557
00:23:16,390 --> 00:23:14,640
changed color slightly from time to time

558
00:23:18,710 --> 00:23:16,400
that the oscillation or movement of the

559
00:23:20,870 --> 00:23:18,720
outer panels

560
00:23:22,710 --> 00:23:20,880
was down to about 30 degrees then to a

561
00:23:25,270 --> 00:23:22,720
flush position stated that he had a good

562
00:23:26,310 --> 00:23:25,280
view from all angles except below to the

563
00:23:29,590 --> 00:23:26,320

left

564

00:23:30,870 --> 00:23:29,600

man this is a really good sighting

565

00:23:32,310 --> 00:23:30,880

i mean

566

00:23:35,029 --> 00:23:32,320

the guy's really given a great

567

00:23:36,390 --> 00:23:35,039

description here

568

00:23:39,110 --> 00:23:36,400

stated as

569

00:23:40,630 --> 00:23:39,120

that as he passed the flight path of the

570

00:23:42,789 --> 00:23:40,640

objects he expected a great amount of

571

00:23:45,510 --> 00:23:42,799

turbulence and that he was surprised

572

00:23:46,870 --> 00:23:45,520

when he felt nothing

573

00:23:48,390 --> 00:23:46,880

yeah you would think you'd get

574

00:23:52,470 --> 00:23:48,400

turbulence

575

00:23:55,190 --> 00:23:52,480

especially if it's you know a normal

576
00:23:57,269 --> 00:23:55,200
ramjet type engine as soon as he passed

577
00:23:59,430 --> 00:23:57,279
the object's flight path however he

578
00:24:00,950 --> 00:23:59,440
noticed that his engine began running

579
00:24:04,789 --> 00:24:00,960
rough

580
00:24:07,510 --> 00:24:04,799
aircraft and engine were brand new

581
00:24:08,710 --> 00:24:07,520
his engine is a lie coming four cylinder

582
00:24:13,190 --> 00:24:08,720
opposed

583
00:24:15,029 --> 00:24:13,200
soon after he landed he had one of his

584
00:24:16,630 --> 00:24:15,039
mechanics inspect the engine

585
00:24:23,110 --> 00:24:16,640
and it was found that all of his spark

586
00:24:27,430 --> 00:24:24,950
these plugs except for one that could

587
00:24:29,430 --> 00:24:27,440
not be located

588
00:24:30,870 --> 00:24:29,440

were forwarded directly from mount home

589

00:24:33,590 --> 00:24:30,880

air force base to wright-patterson air

590

00:24:36,390 --> 00:24:33,600

force base dayton ohio on the 28th of

591

00:24:38,070 --> 00:24:36,400

july 1949 for analysis in accordance

592

00:24:39,510 --> 00:24:38,080

with their instructions only seven of

593

00:24:41,909 --> 00:24:39,520

the original

594

00:24:43,669 --> 00:24:41,919

eight plugs were forwarded because

595

00:24:45,830 --> 00:24:43,679

he had

596

00:24:47,350 --> 00:24:45,840

discarded all eight prior to the arrival

597

00:24:48,789 --> 00:24:47,360

of the writer

598

00:24:53,830 --> 00:24:48,799

and the subsequent search for them

599

00:24:58,149 --> 00:24:56,149

men in black coming and taking one

600

00:24:59,909 --> 00:24:58,159

perhaps

601
00:25:02,549 --> 00:24:59,919
soon after he had lost sight of the

602
00:25:04,710 --> 00:25:02,559
objects at approximately 12 to 12 hours

603
00:25:07,590 --> 00:25:04,720
on standard time he called boise uh

604
00:25:09,350 --> 00:25:07,600
radio going field

605
00:25:10,870 --> 00:25:09,360
and told them that it was an emergency

606
00:25:12,950 --> 00:25:10,880
transmission and that he asked them to

607
00:25:16,549 --> 00:25:12,960
check for any aircraft in this vicinity

608
00:25:18,149 --> 00:25:16,559
he's later notified by boise radio

609
00:25:20,310 --> 00:25:18,159
um okay

610
00:25:22,390 --> 00:25:20,320
going up

611
00:25:23,510 --> 00:25:22,400
he had been checked and no no aircraft

612
00:25:25,750 --> 00:25:23,520
have been

613
00:25:26,710 --> 00:25:25,760

near his aircraft at the time of his

614

00:25:28,950 --> 00:25:26,720

sighting

615

00:25:31,909 --> 00:25:28,960

wow

616

00:25:33,750 --> 00:25:31,919

blake further stated that the sky was

617

00:25:35,029 --> 00:25:33,760

less than

618

00:25:36,549 --> 00:25:35,039

i don't know

619

00:25:38,549 --> 00:25:36,559

10th cupboard

620

00:25:40,149 --> 00:25:38,559

and there was no mr haze the only clouds

621

00:25:41,269 --> 00:25:40,159

being

622

00:25:44,390 --> 00:25:41,279

tufts

623

00:25:46,789 --> 00:25:44,400

approximately 12 000 14 000 feet

624

00:25:49,269 --> 00:25:46,799

stated that he's been flying for 21

625

00:25:54,350 --> 00:25:51,990

he produced a log book that indicated

626
00:25:57,830 --> 00:25:54,360
that he had 13

627
00:26:00,390 --> 00:25:57,840
933 hours air time all civilian time

628
00:26:02,310 --> 00:26:00,400
holds commercial license

629
00:26:04,390 --> 00:26:02,320
flight instructor

630
00:26:06,549 --> 00:26:04,400
he's got a flight examiner license an

631
00:26:09,190 --> 00:26:06,559
airplane and engine license it is

632
00:26:13,510 --> 00:26:09,200
concluded from this that

633
00:26:13,520 --> 00:26:17,269
wow what a sighting

634
00:26:17,279 --> 00:26:22,549
what a sighting what else we got here

635
00:26:26,470 --> 00:26:24,789
flight service center mccord air force

636
00:26:28,789 --> 00:26:26,480
base washington received call on the

637
00:26:30,870 --> 00:26:28,799
24th of july 1949 from flight service

638
00:26:33,430 --> 00:26:30,880

boise idaho regarding aircraft and

639

00:26:36,470 --> 00:26:33,440

vicinity of omaha check of records

640

00:26:37,669 --> 00:26:36,480

revealed no military aircraft in the

641

00:26:40,310 --> 00:26:37,679

vicinity

642

00:26:44,070 --> 00:26:40,320

mount home on the 24th of july

643

00:26:44,080 --> 00:26:50,789

interesting

644

00:26:54,789 --> 00:26:51,669

um

645

00:26:54,799 --> 00:27:00,070

a little more from the air force's side

646

00:27:00,080 --> 00:27:04,870

not really saying anything different

647

00:27:09,909 --> 00:27:07,029

just kind of um

648

00:27:14,390 --> 00:27:09,919

putting what he said in their words

649

00:27:19,350 --> 00:27:16,549

and this is like the secret letter which

650

00:27:20,789 --> 00:27:19,360

is pretty interesting

651
00:27:27,350 --> 00:27:20,799
so

652
00:27:29,430 --> 00:27:27,360
he's base intelligence officer

653
00:27:31,269 --> 00:27:29,440
spokane air force base

654
00:27:33,430 --> 00:27:31,279
he writes

655
00:27:35,590 --> 00:27:33,440
dear sir this letter is to inform you of

656
00:27:37,990 --> 00:27:35,600
possible aircraft or lewiston

657
00:27:40,470 --> 00:27:38,000
lewiston last night

658
00:27:42,230 --> 00:27:40,480
it is probably useless information but

659
00:27:43,750 --> 00:27:42,240
after reading the associated press

660
00:27:46,310 --> 00:27:43,760
report of a boise

661
00:27:48,470 --> 00:27:46,320
pilot seeing flying objects over

662
00:27:49,590 --> 00:27:48,480
southern idaho yesterday i decided to

663
00:27:52,230 --> 00:27:49,600

send you

664

00:27:54,870 --> 00:27:52,240

this report anyways

665

00:27:56,710 --> 00:27:54,880

i am a weather observer at the weather

666

00:27:59,190 --> 00:27:56,720

bureau office at the

667

00:28:01,750 --> 00:27:59,200

lewiston municipal airport

668

00:28:05,430 --> 00:28:01,760

it was on duty yesterday from 1600 to

669

00:28:07,510 --> 00:28:05,440

2400 about 2301 i went outside to see if

670

00:28:08,870 --> 00:28:07,520

there were any clouds in the sky the sky

671

00:28:10,630 --> 00:28:08,880

was clear

672

00:28:11,909 --> 00:28:10,640

as i was about to go back inside i heard

673

00:28:13,590 --> 00:28:11,919

a faint noise that sounded like a

674

00:28:16,389 --> 00:28:13,600

formation of several aircraft at high

675

00:28:18,070 --> 00:28:16,399

altitude west the airport the noise

676

00:28:21,110 --> 00:28:18,080

increased and decreased in volume

677

00:28:22,630 --> 00:28:21,120

intermittently as if they were circling

678

00:28:24,389 --> 00:28:22,640

after about five minutes of this the

679

00:28:25,830 --> 00:28:24,399

noise faded gradually and i returned to

680

00:28:27,510 --> 00:28:25,840

the office

681

00:28:31,110 --> 00:28:27,520

while listening i was also looking for

682

00:28:33,029 --> 00:28:31,120

aircraft lights but saw none

683

00:28:35,269 --> 00:28:33,039

if there were any it probably would have

684

00:28:37,750 --> 00:28:35,279

been easy to miss

685

00:28:39,590 --> 00:28:37,760

against the background of bright stars

686

00:28:41,909 --> 00:28:39,600

and as i said before the noises seem to

687

00:28:43,110 --> 00:28:41,919

come from a high altitude i've told

688

00:28:45,269 --> 00:28:43,120

nobody

689

00:28:48,230 --> 00:28:45,279

except in this letter

690

00:28:49,990 --> 00:28:48,240

about what i heard and i do not intend

691

00:28:52,310 --> 00:28:50,000

to tell anybody

692

00:28:54,230 --> 00:28:52,320

also i will not tell anybody about this

693

00:28:56,310 --> 00:28:54,240

letter

694

00:28:58,230 --> 00:28:56,320

in case you are interested here is my

695

00:28:59,990 --> 00:28:58,240

military experience served with the air

696

00:29:01,510 --> 00:29:00,000

force

697

00:29:05,430 --> 00:29:01,520

42-46

698

00:29:09,430 --> 00:29:07,269

if you have any questions i'll be glad

699

00:29:10,830 --> 00:29:09,440

to cooperate

700

00:29:19,830 --> 00:29:10,840

that's

701
00:29:19,840 --> 00:29:23,990
says

702
00:29:27,269 --> 00:29:25,269
that uh

703
00:29:28,310 --> 00:29:27,279
hey i heard these things i couldn't see

704
00:29:30,549 --> 00:29:28,320
anything

705
00:29:32,470 --> 00:29:30,559
now we're told that you know there's

706
00:29:34,710 --> 00:29:32,480
typically no sound with this stuff but

707
00:29:36,870 --> 00:29:34,720
you know the interesting part is

708
00:29:38,630 --> 00:29:36,880
the airport said there were no aircrafts

709
00:29:40,230 --> 00:29:38,640
in his vicinity when he was flying there

710
00:29:44,230 --> 00:29:40,240
and the military said there's no

711
00:29:49,909 --> 00:29:46,789
oh you know we're missing

712
00:29:52,710 --> 00:29:49,919
sorry i missed the best part here

713
00:29:59,110 --> 00:29:55,669

let me bring it back up quick

714

00:30:01,350 --> 00:29:59,120

let me bring it back up

715

00:30:02,950 --> 00:30:01,360

almost screwed that one up

716

00:30:05,190 --> 00:30:02,960

man

717

00:30:06,070 --> 00:30:05,200

stupid

718

00:30:11,029 --> 00:30:06,080

but

719

00:30:13,110 --> 00:30:11,039

get a visual

720

00:30:18,149 --> 00:30:13,120

of what the

721

00:30:22,630 --> 00:30:19,669

so

722

00:30:23,590 --> 00:30:22,640

this is interesting because i've seen a

723

00:30:27,669 --> 00:30:23,600

lot

724

00:30:31,350 --> 00:30:29,110

at this point

725

00:30:35,029 --> 00:30:31,360

and i have never seen one like this

726

00:30:38,950 --> 00:30:36,789

and his sighting

727

00:30:41,190 --> 00:30:38,960

is also pretty unique

728

00:30:43,909 --> 00:30:41,200

you don't run into

729

00:30:45,830 --> 00:30:43,919

um that level of detail from a pilot

730

00:30:48,630 --> 00:30:45,840

like that

731

00:30:50,389 --> 00:30:48,640

who's describing the craft so

732

00:30:52,549 --> 00:30:50,399

um you would have to assume this is a

733

00:30:56,470 --> 00:30:52,559

pretty accurate um

734

00:30:58,710 --> 00:30:56,480

description of what what the guy saw

735

00:30:59,990 --> 00:30:58,720

so it's a it's a fantastic case it

736

00:31:01,350 --> 00:31:00,000

really is and

737

00:31:03,430 --> 00:31:01,360

just kind of got lucky because i was

738

00:31:05,350 --> 00:31:03,440

looking up the triangle thing and and

739

00:31:06,950 --> 00:31:05,360

saw this and

740

00:31:10,070 --> 00:31:06,960

man

741

00:31:13,830 --> 00:31:12,149

so and then we have

742

00:31:16,870 --> 00:31:13,840

the side view which is interesting

743

00:31:18,549 --> 00:31:16,880

because the side view

744

00:31:21,430 --> 00:31:18,559

kind of looks like it would be like a

745

00:31:23,350 --> 00:31:21,440

saucer right

746

00:31:24,630 --> 00:31:23,360

so sometimes i wonder if these saucers

747

00:31:26,230 --> 00:31:24,640

and triangles

748

00:31:28,230 --> 00:31:26,240

could be the same or if these things

749

00:31:32,230 --> 00:31:28,240

change shapes you know

750

00:31:32,240 --> 00:31:35,990

you know something we hear too is

751
00:31:39,669 --> 00:31:37,830
something we hear is you know about like

752
00:31:41,590 --> 00:31:39,679
time travel which i which i think about

753
00:31:43,350 --> 00:31:41,600
sometimes

754
00:31:44,789 --> 00:31:43,360
is

755
00:31:47,029 --> 00:31:44,799
i forget you know it's something like

756
00:31:48,870 --> 00:31:47,039
the faster you go the slower time moves

757
00:31:50,789 --> 00:31:48,880
or whatever i wonder is there a

758
00:31:53,430 --> 00:31:50,799
possibility

759
00:31:56,710 --> 00:31:53,440
for something to go so fast

760
00:31:57,669 --> 00:31:56,720
that it goes back in time

761
00:31:59,190 --> 00:31:57,679
you know

762
00:32:00,549 --> 00:31:59,200
like thinking like in 50 years or

763
00:32:03,350 --> 00:32:00,559

something we create something that just

764

00:32:05,190 --> 00:32:03,360

goes so fast is it possible like oops

765

00:32:06,789 --> 00:32:05,200

we went back in time and that's what

766

00:32:09,029 --> 00:32:06,799

they're seeing is this like little

767

00:32:12,310 --> 00:32:09,039

moment when they're like

768

00:32:16,149 --> 00:32:12,320

kind of bending time

769

00:32:21,590 --> 00:32:18,149

like alien spaceships so to speak it's

770

00:32:25,909 --> 00:32:24,389

you know stuff going super fast and like

771

00:32:28,470 --> 00:32:25,919

bending time

772

00:32:30,230 --> 00:32:28,480

and showing up in a

773

00:32:32,310 --> 00:32:30,240

in a different decade or something i

774

00:32:33,830 --> 00:32:32,320

don't know

775

00:32:38,389 --> 00:32:33,840

probably not but

776
00:32:44,870 --> 00:32:41,269
interesting to

777
00:32:49,590 --> 00:32:45,909
so

778
00:32:51,750 --> 00:32:49,600
that was our case

779
00:32:53,350 --> 00:32:51,760
i thought it was pretty dang

780
00:32:55,350 --> 00:32:53,360
good case

781
00:32:58,950 --> 00:32:55,360
that's for sure

782
00:32:58,960 --> 00:33:01,830
a little bit different

783
00:33:01,840 --> 00:33:05,750
and

784
00:33:08,950 --> 00:33:07,750
what it's going to be

785
00:33:12,450 --> 00:33:08,960
is

786
00:33:20,090 --> 00:33:12,460
little elongated version of

787
00:33:20,100 --> 00:33:25,669
[Music]

788
00:33:29,590 --> 00:33:27,110

that's right

789

00:33:30,789 --> 00:33:29,600

a little elongated version of what the

790

00:33:32,070 --> 00:33:30,799

heck is that

791

00:33:34,149 --> 00:33:32,080

because

792

00:33:36,950 --> 00:33:34,159

what we're doing

793

00:33:39,350 --> 00:33:36,960

instead of looking at youtube clips

794

00:33:41,029 --> 00:33:39,360

trying something a little different

795

00:33:43,830 --> 00:33:41,039

and we're gonna look

796

00:33:45,430 --> 00:33:43,840

at some triangle videos i found online

797

00:33:47,110 --> 00:33:45,440

this one is the sun

798

00:33:48,870 --> 00:33:47,120

you know say what you will about the sun

799

00:33:50,870 --> 00:33:48,880

whatever they had a triangle video so

800

00:33:53,029 --> 00:33:50,880

here we are

801

00:33:55,110 --> 00:33:53,039

they're glow uh

802

00:33:57,269 --> 00:33:55,120

there they glow triangle there they glow

803

00:33:59,029 --> 00:33:57,279

that's pretty good we should add that

804

00:34:01,509 --> 00:33:59,039

what the heck is that there they glow

805

00:34:03,350 --> 00:34:01,519

triangle-shaped ufo spotted

806

00:34:04,310 --> 00:34:03,360

uh flying past international space

807

00:34:08,310 --> 00:34:04,320

station

808

00:34:08,320 --> 00:34:14,629

let's check it out

809

00:34:20,550 --> 00:34:16,950

oh my god i hate that

810

00:34:22,149 --> 00:34:20,560

that's stupid add stuff you know

811

00:34:50,550 --> 00:34:22,159

they really screw up the flow of the

812

00:34:50,560 --> 00:35:00,069

i don't see anything

813

00:35:00,079 --> 00:35:20,870

oh there it is

814

00:35:20,880 --> 00:35:32,870

hmm

815

00:35:32,880 --> 00:35:50,950

to close up i made

816

00:35:50,960 --> 00:36:10,390

interesting

817

00:36:15,030 --> 00:36:12,470

okay that's where we stop it yeah you

818

00:36:18,470 --> 00:36:15,040

know then the guys just

819

00:36:23,589 --> 00:36:18,480

i can only handle so much of that guy

820

00:36:27,190 --> 00:36:25,990

man why don't it doesn't let me go full

821

00:37:40,470 --> 00:36:27,200

screen with this stuff i don't

822

00:37:44,550 --> 00:37:42,230

very interesting

823

00:37:47,589 --> 00:37:44,560

uh i'm gonna wait for this dumb ad to

824

00:37:48,829 --> 00:37:47,599

stop playing and then i'll cue in

825

00:37:50,550 --> 00:37:48,839

the last

826
00:37:57,910 --> 00:37:50,560
one

827
00:37:57,920 --> 00:38:57,910
man

828
00:39:01,750 --> 00:38:59,270
you can't hear it

829
00:39:04,550 --> 00:39:01,760
can't hear it he says

830
00:39:06,950 --> 00:39:04,560
let me try it again

831
00:39:12,390 --> 00:39:06,960
real quick

832
00:39:16,660 --> 00:39:14,710
i'll have to try something different

833
00:39:18,069 --> 00:39:16,670
but that's okay

834
00:39:20,630 --> 00:39:18,079
[Music]

835
00:39:26,390 --> 00:39:20,640
i got it

836
00:39:39,510 --> 00:39:31,829
i swear all right just hold on one sec

837
00:39:43,109 --> 00:39:41,030
gotta go through the stupid head again

838
00:39:44,710 --> 00:39:43,119

you know look at it look at those donuts

839

00:39:49,270 --> 00:39:44,720

it's all free

840

00:39:56,470 --> 00:39:51,109

yeah yeah yeah you can't hear it i got

841

00:40:01,510 --> 00:39:58,470

oh and i can go full screen now too

842

00:40:03,030 --> 00:40:01,520

google chrome rocks

843

00:40:04,950 --> 00:40:03,040

looks like we captured some type of

844

00:40:06,710 --> 00:40:04,960

incident that was going on outside and

845

00:40:08,710 --> 00:40:06,720

it was pretty late and early morning yes

846

00:40:10,870 --> 00:40:08,720

sir um

847

00:40:12,150 --> 00:40:10,880

tell me what do you think it is and tell

848

00:40:14,710 --> 00:40:12,160

me why

849

00:40:17,190 --> 00:40:14,720

honestly um from as far as i can tell it

850

00:40:19,190 --> 00:40:17,200

was a bright object in the sky i noticed

851

00:40:22,470 --> 00:40:19,200

at about 11 30 last night

852

00:40:24,630 --> 00:40:22,480

um really i don't have any earthly idea

853

00:40:27,670 --> 00:40:24,640

what it could be um

854

00:40:30,390 --> 00:40:27,680

as far as i can tell it was just it was

855

00:40:33,829 --> 00:40:30,400

a bright light it was uh flashing like a

856

00:40:36,150 --> 00:40:33,839

beacon it seemed to me um

857

00:40:37,990 --> 00:40:36,160

i'm not sure other than that what it

858

00:40:40,870 --> 00:40:38,000

what it could be it seemed to be a craft

859

00:40:43,030 --> 00:40:40,880

of some sort uh it did appear from where

860

00:40:45,030 --> 00:40:43,040

i was standing to be in front of the

861

00:40:47,270 --> 00:40:45,040

clouds as it was illuminating it did

862

00:40:48,710 --> 00:40:47,280

seem to be lighting up the clouds around

863

00:40:51,510 --> 00:40:48,720

it as well

864

00:40:53,270 --> 00:40:51,520

very cool um so at the same time you saw

865

00:40:54,309 --> 00:40:53,280

this uh not really sure what it is i

866

00:40:55,349 --> 00:40:54,319

mean uh

867

00:40:57,430 --> 00:40:55,359

um

868

00:40:59,349 --> 00:40:57,440

if you had to guess i mean do you think

869

00:41:00,470 --> 00:40:59,359

this could be some foreign object i mean

870

00:41:02,069 --> 00:41:00,480

well let's just call it for what it is

871

00:41:03,349 --> 00:41:02,079

do you think this might be the u.s yes

872

00:41:05,030 --> 00:41:03,359

if you had to guess something in the

873

00:41:07,829 --> 00:41:05,040

military i know

874

00:41:09,109 --> 00:41:07,839

um tell us i think it's alien it was

875

00:41:13,990 --> 00:41:09,119

military

876

00:41:16,150 --> 00:41:14,000

think that it was an unidentified craft

877

00:41:17,510 --> 00:41:16,160

of some sort and of course you know in

878

00:41:23,109 --> 00:41:17,520

gulf breeze i mean you know we've had

879

00:41:26,630 --> 00:41:24,790

you know for ufos and everything so it's

880

00:41:27,270 --> 00:41:26,640

not uncommon for them to come back if it

881

00:41:31,670 --> 00:41:27,280

is

882

00:41:33,270 --> 00:41:31,680

mean

883

00:41:34,390 --> 00:41:33,280

what what are the odds of you actually

884

00:41:36,069 --> 00:41:34,400

capturing this thing i mean how would

885

00:41:37,829 --> 00:41:36,079

that make you feel uh it was definitely

886

00:41:39,829 --> 00:41:37,839

starting startling for me it was the

887

00:41:43,030 --> 00:41:39,839

first time i've ever had any any type of

888

00:41:44,390 --> 00:41:43,040

experience like this firsthand um that's

889

00:41:45,750 --> 00:41:44,400

the first time i've ever seen anything

890

00:41:48,150 --> 00:41:45,760

like this out of the ordinary and i'm an

891

00:41:49,670 --> 00:41:48,160

avid sky watcher me and my son both will

892

00:41:51,589 --> 00:41:49,680

usually set them back in my pickup truck

893

00:41:52,309 --> 00:41:51,599

at night and watch the stars in the moon

894

00:41:55,670 --> 00:41:52,319

so

895

00:41:58,069 --> 00:41:55,680

is the first time i've ever seen

896

00:42:00,150 --> 00:41:58,079

anything odd and out of the ordinary so

897

00:42:01,510 --> 00:42:00,160

it definitely caught my attention

898

00:42:03,750 --> 00:42:01,520

what'd you think to see something like

899

00:42:05,030 --> 00:42:03,760

this i was startled and perplexed that's

900

00:42:07,030 --> 00:42:05,040

why the first thing i did was run and

901
00:42:07,460 --> 00:42:07,040
grab a camera

902
00:42:09,349 --> 00:42:07,470
um

903
00:42:11,510 --> 00:42:09,359
[Music]

904
00:42:15,030 --> 00:42:11,520
can we see the footage now please there

905
00:42:16,790 --> 00:42:15,040
are people out there oh my god this

906
00:42:19,510 --> 00:42:16,800
the controversy case this thing is going

907
00:42:21,030 --> 00:42:19,520
to say it's either military or or you're

908
00:42:22,630 --> 00:42:21,040
probably going to get some backers that

909
00:42:23,910 --> 00:42:22,640
are you know that are ufo avid people

910
00:42:26,230 --> 00:42:23,920
that are probably going to stand behind

911
00:42:27,910 --> 00:42:26,240
you i mean

912
00:42:29,589 --> 00:42:27,920
how are you going to feel when this

913
00:42:32,790 --> 00:42:29,599

actually goes out and people are talking

914

00:42:36,550 --> 00:42:35,349

i'm i'm i'm ready i'll i'll answer any

915

00:42:38,470 --> 00:42:36,560

and all the questions

916

00:42:39,910 --> 00:42:38,480

but all you can say is honestly for you

917

00:42:42,150 --> 00:42:39,920

it's like hey it is what it is and this

918

00:42:45,349 --> 00:42:42,160

is all i saw and yeah i didn't say it is

919

00:42:46,870 --> 00:42:45,359

what it is i i can't answer this guy is

920

00:42:48,390 --> 00:42:46,880

really

921

00:42:51,030 --> 00:42:48,400

chopping this video up like it's going

922

00:42:52,870 --> 00:42:51,040

to be something spectacular you know you

923

00:42:54,630 --> 00:42:52,880

people are going to die you ready for

924

00:42:55,990 --> 00:42:54,640

this what are you going to do what are

925

00:42:57,510 --> 00:42:56,000

you going to say

926

00:42:59,270 --> 00:42:57,520

but you know what

927

00:43:01,270 --> 00:42:59,280

it's like we don't even know about this

928

00:43:03,190 --> 00:43:01,280

so how good could it be i don't know

929

00:43:05,030 --> 00:43:03,200

we'll see answer any questions that i

930

00:43:08,150 --> 00:43:05,040

don't have the answers to i saw what i

931

00:43:09,430 --> 00:43:08,160

saw uh i zoomed in as far as i could you

932

00:43:11,349 --> 00:43:09,440

know um

933

00:43:13,270 --> 00:43:11,359

i'm not sure what it was

934

00:43:15,190 --> 00:43:13,280

it confused me i'm sure it'll confuse

935

00:43:16,710 --> 00:43:15,200

many other people now where did you see

936

00:43:19,349 --> 00:43:16,720

this at did you say this was over the

937

00:43:20,790 --> 00:43:19,359

gulf uh it seemed to be

938

00:43:22,550 --> 00:43:20,800

it was in the southern sky i'm not sure

939

00:43:25,190 --> 00:43:22,560

if it was out over the water or over

940

00:43:27,910 --> 00:43:25,200

land but i was standing in my front yard

941

00:43:29,030 --> 00:43:27,920

in midway gulf breeze in the bar area

942

00:43:30,710 --> 00:43:29,040

and it was

943

00:43:33,430 --> 00:43:30,720

bright it was the brightest object in

944

00:43:34,790 --> 00:43:33,440

the sky brighter than any stars so

945

00:43:35,990 --> 00:43:34,800

if you were out last night you couldn't

946

00:43:38,470 --> 00:43:36,000

have missed it

947

00:43:41,750 --> 00:43:38,480

so what would your thoughts be if it was

948

00:43:43,430 --> 00:43:41,760

just a military exercise i mean um

949

00:43:47,829 --> 00:43:43,440

oh

950

00:43:51,190 --> 00:43:49,750

so even if it was a military training i

951
00:43:53,109 --> 00:43:51,200
mean it's still pretty impressive

952
00:43:54,950 --> 00:43:53,119
absolutely

953
00:43:56,710 --> 00:43:54,960
and would that hurt your feelings at all

954
00:43:58,550 --> 00:43:56,720
you know i mean because you know we we

955
00:44:00,630 --> 00:43:58,560
have so many bases in the areas we have

956
00:44:03,349 --> 00:44:00,640
so many things oh my gosh this guy did

957
00:44:04,630 --> 00:44:03,359
that even would this hurt your feelings

958
00:44:11,670 --> 00:44:04,640
what

959
00:44:13,589 --> 00:44:11,680
want it to be alien so bad and to find

960
00:44:15,990 --> 00:44:13,599
out that his military and catch him

961
00:44:17,349 --> 00:44:16,000
crying on tv that's exactly what this

962
00:44:19,109 --> 00:44:17,359
guy wants to do

963
00:44:20,550 --> 00:44:19,119

i hate this interview guys sorry it

964

00:44:22,069 --> 00:44:20,560

crossed your mind at first you know

965

00:44:23,670 --> 00:44:22,079

thinking i wonder if this is a military

966

00:44:24,950 --> 00:44:23,680

training with the new plane or it could

967

00:44:26,870 --> 00:44:24,960

have been an osprey you know the ones

968

00:44:28,150 --> 00:44:26,880

that float or some type of helicopter or

969

00:44:30,950 --> 00:44:28,160

anything i mean

970

00:44:31,910 --> 00:44:30,960

i've never seen a light this bright in

971

00:44:33,030 --> 00:44:31,920

my life

972

00:44:34,550 --> 00:44:33,040

it was

973

00:44:38,069 --> 00:44:34,560

lighting up the sky like nothing i've

974

00:44:40,150 --> 00:44:38,079

ever seen before i mean it

975

00:44:42,790 --> 00:44:40,160

it was amazing

976

00:44:44,790 --> 00:44:42,800

so besides us uh have you contacted

977

00:44:46,790 --> 00:44:44,800

anybody else i have attempted content to

978

00:44:49,349 --> 00:44:46,800

mufon i haven't resp i haven't had a

979

00:44:51,910 --> 00:44:49,359

call back yet uh

980

00:44:56,470 --> 00:44:51,920

i will contact the faa i've heard that a

981

00:45:01,430 --> 00:44:58,069

what are the odds if you did capture a

982

00:45:05,589 --> 00:45:03,270

i i don't i don't know

983

00:45:08,069 --> 00:45:05,599

it slim to none maybe but i it's always

984

00:45:09,990 --> 00:45:08,079

a possibility you know the truth is out

985

00:45:12,550 --> 00:45:10,000

there i guess

986

00:45:27,030 --> 00:45:12,560

anything else you want us to know

987

00:45:32,150 --> 00:45:29,670

it's not even on the page

988

00:45:34,550 --> 00:45:32,160

oh my god

989

00:45:37,589 --> 00:45:34,560

what a waste

990

00:45:42,710 --> 00:45:40,470

uh maybe i can find it somehow

991

00:45:49,190 --> 00:45:42,720

i can't believe that

992

00:45:49,200 --> 00:45:53,910

that is so dumb

993

00:45:58,230 --> 00:45:55,589

we'll find it

994

00:46:00,069 --> 00:45:58,240

we will find it

995

00:46:04,710 --> 00:46:00,079

you know oh here it is i found it

996

00:46:09,109 --> 00:46:07,430

unless it's that same freaking report

997

00:46:13,990 --> 00:46:09,119

guy i'm watching that again just to see

998

00:46:14,000 --> 00:46:16,790

ain't doing that

999

00:46:21,030 --> 00:46:19,750

because i just couldn't handle it

1000

00:46:23,430 --> 00:46:21,040

i couldn't

1001
00:46:24,470 --> 00:46:23,440
freaking handle it

1002
00:46:26,069 --> 00:46:24,480
but

1003
00:46:27,589 --> 00:46:26,079
it'll be worth seeing it we got to watch

1004
00:46:29,829 --> 00:46:27,599
it now

1005
00:46:31,349 --> 00:46:29,839
you know i mean the interview oh my gosh

1006
00:46:33,270 --> 00:46:31,359
it's the same interview

1007
00:46:36,230 --> 00:46:33,280
on a different news channel

1008
00:46:38,710 --> 00:46:36,240
but nobody shows the freaking video

1009
00:46:40,950 --> 00:46:38,720
what the heck is this stuff

1010
00:46:42,790 --> 00:46:40,960
what a rip-off

1011
00:46:47,270 --> 00:46:42,800
oh you know what

1012
00:46:54,309 --> 00:46:50,470
and they took it down

1013
00:47:00,230 --> 00:46:55,589

but i think it's going to be the same

1014

00:47:04,150 --> 00:47:02,230

wow

1015

00:47:05,589 --> 00:47:04,160

would that be crazy

1016

00:47:08,309 --> 00:47:05,599

this guy's interview is all over the

1017

00:47:12,630 --> 00:47:08,319

place but you can't

1018

00:47:12,640 --> 00:47:15,430

the video

1019

00:47:15,440 --> 00:47:22,150

what would that be about

1020

00:47:27,670 --> 00:47:25,990

yep it's the same freaking interview

1021

00:47:30,150 --> 00:47:27,680

wow

1022

00:47:33,270 --> 00:47:30,160

and nobody shows the video

1023

00:47:38,710 --> 00:47:35,990

we'll have to put some effort into

1024

00:47:41,030 --> 00:47:38,720

finding it i suppose

1025

00:47:43,109 --> 00:47:41,040

but that is weird to me

1026

00:47:46,309 --> 00:47:43,119

that this guy's interview is all over

1027

00:47:51,670 --> 00:47:47,750

but

1028

00:47:55,910 --> 00:47:52,790

is

1029

00:47:57,910 --> 00:47:55,920

pretty much nowhere to be found

1030

00:47:59,829 --> 00:47:57,920

i mean you know how hard did i really

1031

00:48:02,230 --> 00:47:59,839

look right but it should

1032

00:48:03,829 --> 00:48:02,240

but it should be somewhere

1033

00:48:06,309 --> 00:48:03,839

so i don't know

1034

00:48:07,510 --> 00:48:06,319

um i'll have to report back to you on

1035

00:48:09,829 --> 00:48:07,520

that but

1036

00:48:11,829 --> 00:48:09,839

we're all pretty excited at this point

1037

00:48:13,430 --> 00:48:11,839

so especially after that interview man

1038

00:48:14,630 --> 00:48:13,440

that was something

1039

00:48:19,030 --> 00:48:14,640

else

1040

00:48:23,430 --> 00:48:21,510

um

1041

00:48:27,109 --> 00:48:23,440

video

1042

00:48:30,870 --> 00:48:27,119

this one will be a little less painless

1043

00:48:35,109 --> 00:48:33,030

and some of you might have seen this too

1044

00:48:46,069 --> 00:48:35,119

but

1045

00:48:46,079 --> 00:48:51,109

kind of unreal

1046

00:48:55,750 --> 00:48:53,109

very very good there's definitely not a

1047

00:48:57,829 --> 00:48:55,760

draw on a drone i mean i was flying a

1048

00:48:59,670 --> 00:48:57,839

drone

1049

00:49:00,870 --> 00:48:59,680

when it came in for a landing and i saw

1050

00:49:03,990 --> 00:49:00,880

this thing

1051

00:49:10,549 --> 00:49:06,630

our drones they can't really last this

1052

00:49:10,559 --> 00:49:13,990

it's just sitting there

1053

00:49:19,190 --> 00:49:17,349

not doing anything

1054

00:49:19,910 --> 00:49:19,200

i wanted to do something you know i had

1055

00:49:21,829 --> 00:49:19,920

to

1056

00:49:25,990 --> 00:49:21,839

whiz by

1057

00:49:30,390 --> 00:49:27,829

i love this guy

1058

00:49:32,150 --> 00:49:30,400

i wanted to do something

1059

00:49:33,190 --> 00:49:32,160

of course we we all wanted to do

1060

00:49:35,750 --> 00:49:33,200

something

1061

00:49:41,829 --> 00:49:35,760

i can hardly now see it wait his eyes

1062

00:49:45,829 --> 00:49:43,750

he keeps talking about his i being naked

1063

00:49:55,430 --> 00:49:45,839

that's kind of weird

1064

00:50:05,190 --> 00:49:57,829

it's like i wonder how much time passed

1065

00:50:10,710 --> 00:50:06,950

hope i don't waiting for it busted for

1066

00:50:14,710 --> 00:50:12,710

i'm gonna sit here it's just it's very

1067

00:50:15,829 --> 00:50:14,720

dark in this object yeah we got that

1068

00:50:18,230 --> 00:50:15,839

much

1069

00:50:20,390 --> 00:50:18,240

and it is getting dark i'm not sure if

1070

00:50:22,150 --> 00:50:20,400

i'll be able to see it

1071

00:50:37,109 --> 00:50:22,160

i'm gonna skip ahead a little bit see if

1072

00:50:42,150 --> 00:50:38,710

it's a little closer here went to the

1073

00:50:45,270 --> 00:50:43,910

i can't get that guy's voice on here

1074

00:50:47,030 --> 00:50:45,280

i'll get busted

1075

00:50:48,870 --> 00:50:47,040

up

1076
00:50:54,069 --> 00:50:48,880
i don't even monetize my stuff and

1077
00:51:04,230 --> 00:50:55,829
like the news channels and stuff first

1078
00:51:06,829 --> 00:51:06,150
so

1079
00:51:09,910 --> 00:51:06,839
you

1080
00:51:14,240 --> 00:51:09,920
know maybe not the best what the heck is

1081
00:51:21,870 --> 00:51:14,250
that segment we've had but it still was

1082
00:51:21,880 --> 00:51:26,549
[Music]

1083
00:51:33,510 --> 00:51:29,349
a couple interesting things about um

1084
00:51:35,829 --> 00:51:33,520
in looking for a triangle ufo right

1085
00:51:38,790 --> 00:51:35,839
uh when i go to youtube and look for

1086
00:51:41,270 --> 00:51:38,800
triangle ufos like

1087
00:51:44,150 --> 00:51:41,280
you can't just

1088
00:51:45,430 --> 00:51:44,160

i just simply typed in triangle ufo cell

1089

00:51:47,589 --> 00:51:45,440

phone or whatever

1090

00:51:50,069 --> 00:51:47,599

it's like you can't get it it's really

1091

00:51:51,910 --> 00:51:50,079

tough to find one first of all which is

1092

00:51:54,309 --> 00:51:51,920

very interesting to me

1093

00:51:56,069 --> 00:51:54,319

because they've been reported

1094

00:51:57,990 --> 00:51:56,079

and

1095

00:52:00,150 --> 00:51:58,000

you know another interesting thing is

1096

00:52:01,589 --> 00:52:00,160

the corbell video is like all over the

1097

00:52:03,349 --> 00:52:01,599

place

1098

00:52:05,190 --> 00:52:03,359

like for the first three pages there's

1099

00:52:06,069 --> 00:52:05,200

different like news

1100

00:52:08,710 --> 00:52:06,079

you know

1101
00:52:10,710 --> 00:52:08,720
pieces or whatever on those pyramids

1102
00:52:12,630 --> 00:52:10,720
interesting to me

1103
00:52:15,109 --> 00:52:12,640
uh when you google it you can still find

1104
00:52:16,150 --> 00:52:15,119
a couple things um like the things we

1105
00:52:18,710 --> 00:52:16,160
found

1106
00:52:20,630 --> 00:52:18,720
but it's interesting like the one guy

1107
00:52:23,510 --> 00:52:20,640
his videos his interviews all over the

1108
00:52:25,030 --> 00:52:23,520
place but the actual video isn't there

1109
00:52:27,030 --> 00:52:25,040
and you can tell

1110
00:52:28,950 --> 00:52:27,040
like at some point it must have been

1111
00:52:31,430 --> 00:52:28,960
there because the like the beginning of

1112
00:52:32,549 --> 00:52:31,440
the video has like a frame of it it

1113
00:52:33,990 --> 00:52:32,559

looks like

1114

00:52:36,309 --> 00:52:34,000

you know

1115

00:52:39,270 --> 00:52:36,319

but then they never show it so

1116

00:52:40,230 --> 00:52:39,280

that's interesting what's up with that

1117

00:52:42,309 --> 00:52:40,240

you know

1118

00:52:43,190 --> 00:52:42,319

did somebody make sure that was taken

1119

00:52:44,630 --> 00:52:43,200

down

1120

00:52:46,790 --> 00:52:44,640

did the guy

1121

00:52:50,390 --> 00:52:46,800

the witness or something

1122

00:52:51,910 --> 00:52:50,400

ask for it to be taken down i don't know

1123

00:52:52,950 --> 00:52:51,920

it's very

1124

00:52:54,950 --> 00:52:52,960

very

1125

00:52:56,950 --> 00:52:54,960

interesting to me

1126

00:52:59,510 --> 00:52:56,960

so i'm gonna look into that a little bit

1127

00:53:02,230 --> 00:52:59,520

more if the mib doesn't come and make

1128

00:53:03,990 --> 00:53:02,240

sure that doesn't happen

1129

00:53:04,790 --> 00:53:04,000

is what it is

1130

00:53:06,549 --> 00:53:04,800

uh

1131

00:53:08,950 --> 00:53:06,559

the one in pakistan is interesting

1132

00:53:10,150 --> 00:53:08,960

although it just seems to sit there you

1133

00:53:11,510 --> 00:53:10,160

know

1134

00:53:13,510 --> 00:53:11,520

um

1135

00:53:15,750 --> 00:53:13,520

that to me seems like a balloon

1136

00:53:19,750 --> 00:53:15,760

doesn't it

1137

00:53:21,910 --> 00:53:19,760

something like that like if it was a ufo

1138

00:53:24,470 --> 00:53:21,920

you know i'm no alien and i don't know

1139

00:53:26,230 --> 00:53:24,480

any aliens unfortunately but

1140

00:53:29,510 --> 00:53:26,240

i would imagine they'd be moving around

1141

00:53:31,670 --> 00:53:29,520

they wouldn't just be sitting there

1142

00:53:33,349 --> 00:53:31,680

you know but you know obviously they

1143

00:53:36,069 --> 00:53:33,359

hovered too but

1144

00:53:37,510 --> 00:53:36,079

i don't know seems kind of weird

1145

00:53:39,510 --> 00:53:37,520

so

1146

00:53:42,150 --> 00:53:39,520

the best video i think that we saw was

1147

00:53:43,829 --> 00:53:42,160

the one in the clouds on twitter that

1148

00:53:45,829 --> 00:53:43,839

one was really good

1149

00:53:47,910 --> 00:53:45,839

i think it was uh like taken in china or

1150

00:53:49,750 --> 00:53:47,920

something which is interesting because

1151

00:53:51,349 --> 00:53:49,760

apparently lou on his latest interview

1152

00:53:53,670 --> 00:53:51,359

that i don't think has been released yet

1153

00:53:56,390 --> 00:53:53,680

on that ufo podcast

1154

00:53:58,630 --> 00:53:56,400

it was stated that china was trying to

1155

00:54:01,349 --> 00:53:58,640

bring disclosure to the u.n last year or

1156

00:54:02,950 --> 00:54:01,359

something like that

1157

00:54:05,270 --> 00:54:02,960

but

1158

00:54:07,349 --> 00:54:05,280

it was

1159

00:54:09,589 --> 00:54:07,359

didn't take

1160

00:54:12,470 --> 00:54:09,599

which if you listen to china

1161

00:54:15,349 --> 00:54:12,480

you don't need the u.n just do it

1162

00:54:18,150 --> 00:54:15,359

what do you need the u.n for

1163

00:54:20,390 --> 00:54:18,160

you know if you if you have

1164

00:54:22,309 --> 00:54:20,400

evidence

1165

00:54:24,549 --> 00:54:22,319

to disclose this stuff

1166

00:54:27,510 --> 00:54:24,559

uh what are you waiting for the u.n for

1167

00:54:31,750 --> 00:54:29,430

you know it's still gonna suck that

1168

00:54:34,630 --> 00:54:31,760

you're communist and and you're pretty

1169

00:54:36,150 --> 00:54:34,640

uh mean to your people um

1170

00:54:37,510 --> 00:54:36,160

the uyghurs and all that stuff that

1171

00:54:39,589 --> 00:54:37,520

still sucks

1172

00:54:40,789 --> 00:54:39,599

how you treat taiwan and all that still

1173

00:54:44,630 --> 00:54:40,799

sucks but

1174

00:54:49,349 --> 00:54:46,470

you know that there's et life i guess

1175

00:54:53,270 --> 00:54:51,670

you know it'd be maybe in the next 100

1176

00:54:56,069 --> 00:54:53,280

years you could

1177

00:54:58,230 --> 00:54:56,079

you know get some respectability

1178

00:55:00,309 --> 00:54:58,240

and not the people of china people of

1179

00:55:03,109 --> 00:55:00,319

china are great just like the people

1180

00:55:05,190 --> 00:55:03,119

of every country um pretty much you know

1181

00:55:08,710 --> 00:55:05,200

as far as i know i have great people in

1182

00:55:10,470 --> 00:55:08,720

it um but you know the communist party

1183

00:55:12,309 --> 00:55:10,480

or whatever i don't people get that

1184

00:55:13,430 --> 00:55:12,319

mixed up

1185

00:55:15,270 --> 00:55:13,440

so

1186

00:55:17,430 --> 00:55:15,280

you know is what it is

1187

00:55:19,829 --> 00:55:17,440

is what it is but we saw a pretty good

1188

00:55:21,270 --> 00:55:19,839

case today at least uh from project blue

1189

00:55:24,710 --> 00:55:21,280

book you can click on the link and look

1190

00:55:26,470 --> 00:55:24,720

at other triangle cases if you'd like

1191

00:55:28,710 --> 00:55:26,480

a couple interesting things coming up

1192

00:55:30,630 --> 00:55:28,720

corbell where's his videos i can't wait

1193

00:55:32,390 --> 00:55:30,640

for that to come out you know it's like

1194

00:55:35,510 --> 00:55:32,400

everybody complains until there's

1195

00:55:37,750 --> 00:55:35,520

nothing then you're like where's corbell

1196

00:55:39,270 --> 00:55:37,760

give me some of that stuff

1197

00:55:40,710 --> 00:55:39,280

hopefully

1198

00:55:42,789 --> 00:55:40,720

you know what i'd really like this to

1199

00:55:44,470 --> 00:55:42,799

get some official videos that that

1200

00:55:45,430 --> 00:55:44,480

congress has seen i mean that would be

1201
00:55:46,829 --> 00:55:45,440

great

1202
00:55:51,349 --> 00:55:46,839

you know

1203
00:55:54,069 --> 00:55:51,359

elizondo said don't quote me on this on

1204
00:55:55,589 --> 00:55:54,079

the podcast will be coming out is these

1205
00:55:57,030 --> 00:55:55,599

things are being reported on a daily

1206
00:55:59,190 --> 00:55:57,040

basis like

1207
00:56:01,589 --> 00:55:59,200

that's the case man like

1208
00:56:02,390 --> 00:56:01,599

we should know about that

1209
00:56:04,390 --> 00:56:02,400

you know

1210
00:56:06,150 --> 00:56:04,400

even if they're drones like we should

1211
00:56:08,470 --> 00:56:06,160

know about that you know and the drone

1212
00:56:10,630 --> 00:56:08,480

talk is uh ticking up quite a bit i

1213
00:56:12,470 --> 00:56:10,640

would have to say

1214

00:56:15,109 --> 00:56:12,480

and not from like the usual characters i

1215

00:56:17,109 --> 00:56:15,119

mean but like unofficial news sources

1216

00:56:18,540 --> 00:56:17,119

um

1217

00:56:19,829 --> 00:56:18,550

you know about

1218

00:56:21,910 --> 00:56:19,839

[Applause]

1219

00:56:23,510 --> 00:56:21,920

you'll just have to look look into it go

1220

00:56:25,990 --> 00:56:23,520

on twitter search

1221

00:56:27,430 --> 00:56:26,000

drone china you'll find something

1222

00:56:29,190 --> 00:56:27,440

so

1223

00:56:30,789 --> 00:56:29,200

and one of them was around actually like

1224

00:56:33,270 --> 00:56:30,799

nuclear facilities in great britain

1225

00:56:35,270 --> 00:56:33,280

something like that so

1226
00:56:37,510 --> 00:56:35,280
you know

1227
00:56:40,069 --> 00:56:37,520
always those waters

1228
00:56:41,670 --> 00:56:40,079
being so muddy

1229
00:56:43,190 --> 00:56:41,680
you know because we already know ufos

1230
00:56:46,230 --> 00:56:43,200
are real

1231
00:56:48,309 --> 00:56:46,240
we know that like i've

1232
00:56:49,349 --> 00:56:48,319
i hate saying what i've seen as ufo you

1233
00:56:51,349 --> 00:56:49,359
know it

1234
00:56:53,349 --> 00:56:51,359
i don't know if it was a ship or

1235
00:56:55,510 --> 00:56:53,359
something because it just looked like a

1236
00:57:00,390 --> 00:56:55,520
freaking charge of plasma like a plasma

1237
00:57:03,589 --> 00:57:02,150
james morrow comes in with the the

1238
00:57:06,069 --> 00:57:03,599

plasma rifle

1239

00:57:08,230 --> 00:57:06,079

maybe that's what it was

1240

00:57:13,190 --> 00:57:08,240

um

1241

00:57:16,069 --> 00:57:13,200

so we know weird things exist

1242

00:57:17,270 --> 00:57:16,079

in this guy um i don't think it's

1243

00:57:19,430 --> 00:57:17,280

we know what

1244

00:57:19,850 --> 00:57:19,440

they are necessarily

1245

00:57:22,309 --> 00:57:19,860

um

1246

00:57:23,990 --> 00:57:22,319

[Music]

1247

00:57:25,430 --> 00:57:24,000

but we also know drones exist and we

1248

00:57:26,470 --> 00:57:25,440

also know that those are two different

1249

00:57:28,630 --> 00:57:26,480

things

1250

00:57:30,950 --> 00:57:28,640

but constantly

1251
00:57:33,030 --> 00:57:30,960
like there's always the muddying of

1252
00:57:35,030 --> 00:57:33,040
waters of like

1253
00:57:35,990 --> 00:57:35,040
could it be this could it be that you

1254
00:57:39,190 --> 00:57:36,000
know

1255
00:57:43,589 --> 00:57:41,430
but that's just how it goes and that's

1256
00:57:46,069 --> 00:57:43,599
pretty much how it's always been

1257
00:57:49,349 --> 00:57:46,079
i mean yeah like flying shields

1258
00:57:51,510 --> 00:57:49,359
you go back to like

1259
00:57:52,829 --> 00:57:51,520
you know ancient drawings

1260
00:57:56,630 --> 00:57:52,839
all over the

1261
00:57:59,510 --> 00:57:56,640
world just things that look just like it

1262
00:58:01,349 --> 00:57:59,520
i have actually a pretty interesting

1263
00:58:03,829 --> 00:58:01,359

thing that i found

1264

00:58:07,829 --> 00:58:03,839

i would like to be more prepared

1265

00:58:10,549 --> 00:58:07,839

to get some more backstory on this but

1266

00:58:11,670 --> 00:58:10,559

basically i found it in this foia that

1267

00:58:13,670 --> 00:58:11,680

was done

1268

00:58:16,470 --> 00:58:13,680

for nasa emails what i'm about to show

1269

00:58:19,829 --> 00:58:16,480

you and this guy is sending this picture

1270

00:58:24,309 --> 00:58:21,670

and i forget what the

1271

00:58:25,990 --> 00:58:24,319

civilization was or what the i think it

1272

00:58:28,230 --> 00:58:26,000

was based in turkey whatever it was and

1273

00:58:29,430 --> 00:58:28,240

it was about 13 000 years ago or

1274

00:58:31,829 --> 00:58:29,440

something

1275

00:58:33,670 --> 00:58:31,839

and he was writing to them to nasa about

1276

00:58:35,109 --> 00:58:33,680

this

1277

00:58:36,950 --> 00:58:35,119

and trying to get some answers if they

1278

00:58:37,990 --> 00:58:36,960

knew anything about it and they wound up

1279

00:58:40,470 --> 00:58:38,000

telling them

1280

00:58:43,109 --> 00:58:40,480

to talk to the smithsonian

1281

00:58:45,670 --> 00:58:43,119

but look at this i mean

1282

00:58:46,549 --> 00:58:45,680

how many saucers look

1283

00:58:48,710 --> 00:58:46,559

just

1284

00:58:52,069 --> 00:58:48,720

like that

1285

00:58:56,069 --> 00:58:53,829

i like these

1286

00:58:57,430 --> 00:58:56,079

these uh

1287

00:58:59,030 --> 00:58:57,440

those hats

1288

00:59:01,910 --> 00:58:59,040

basically you know

1289

00:59:04,710 --> 00:59:01,920

so many pictures

1290

00:59:06,950 --> 00:59:04,720

and renditions of these things look just

1291

00:59:07,750 --> 00:59:06,960

like that

1292

00:59:11,349 --> 00:59:07,760

so

1293

00:59:13,109 --> 00:59:11,359

and this thing's like 13 000 years old

1294

00:59:15,510 --> 00:59:13,119

you know

1295

00:59:19,270 --> 00:59:15,520

pretty old

1296

00:59:23,990 --> 00:59:20,710

and what do they do you know they didn't

1297

00:59:25,190 --> 00:59:24,000

have sombreros then

1298

00:59:27,829 --> 00:59:25,200

so like

1299

00:59:31,670 --> 00:59:27,839

what the heck are they drawing

1300

00:59:34,870 --> 00:59:33,190

i i would love to

1301
00:59:36,710 --> 00:59:34,880
you know see if anything was figured out

1302
00:59:38,230 --> 00:59:36,720
with this thing or not

1303
00:59:39,670 --> 00:59:38,240
it's pretty interesting that nasa

1304
00:59:41,430 --> 00:59:39,680
actually responded and didn't tell him

1305
00:59:43,109 --> 00:59:41,440
to just go buzz off and they said hey go

1306
00:59:45,990 --> 00:59:43,119
talk to the smithsonian

1307
00:59:48,549 --> 00:59:46,000
this smithsonian has a very interesting

1308
00:59:51,750 --> 00:59:48,559
relationship by the way with ufos

1309
00:59:57,589 --> 00:59:54,630
like even in these blue book records

1310
00:59:59,510 --> 00:59:57,599
the smithsonian has

1311
01:00:01,190 --> 00:59:59,520
like gets these pieces of meteor

1312
01:00:04,230 --> 01:00:01,200
sometimes that would fall

1313
01:00:06,789 --> 01:00:04,240

and crash and you know they'd

1314

01:00:09,270 --> 01:00:06,799

moondust or whoever would go to the the

1315

01:00:12,230 --> 01:00:09,280

site to recover anything and and the

1316

01:00:15,670 --> 01:00:12,240

smithsonian would get it you know

1317

01:00:18,309 --> 01:00:15,680

actually the the i don't know if it was

1318

01:00:19,349 --> 01:00:18,319

the only but i think it was the first

1319

01:00:21,510 --> 01:00:19,359

uh

1320

01:00:23,109 --> 01:00:21,520

piece of meteorite that fell from this

1321

01:00:25,030 --> 01:00:23,119

guy

1322

01:00:26,870 --> 01:00:25,040

crashed through this lady's house

1323

01:00:29,270 --> 01:00:26,880

bounced off her tv and hit her in the

1324

01:00:33,510 --> 01:00:29,280

head i think it was her head

1325

01:00:42,230 --> 01:00:34,630

like

1326

01:00:43,829 --> 01:00:42,240

it being roped off and all that kind of

1327

01:00:45,910 --> 01:00:43,839

stuff and the the air force getting in

1328

01:00:47,750 --> 01:00:45,920

there and grabbing it and there's an

1329

01:00:50,150 --> 01:00:47,760

unidentified smithsonian man going

1330

01:00:52,230 --> 01:00:50,160

around the air base trying to get it and

1331

01:00:54,950 --> 01:00:52,240

all this stuff so it's some serious

1332

01:01:00,390 --> 01:00:56,950

oh we got a dumb and dumber uh quote

1333

01:01:02,549 --> 01:01:00,400

here slippy swamy samson

1334

01:01:04,549 --> 01:01:02,559

samsonite

1335

01:01:08,829 --> 01:01:04,559

it was way off

1336

01:01:13,430 --> 01:01:11,349

but so

1337

01:01:16,150 --> 01:01:13,440

yeah i guess i don't really have

1338

01:01:18,230 --> 01:01:16,160

anything else to talk about unless you

1339

01:01:19,910 --> 01:01:18,240

guys have any questions or

1340

01:01:23,589 --> 01:01:19,920

something that you want to talk about

1341

01:01:25,030 --> 01:01:23,599

we're at the hour mark i suppose

1342

01:01:26,630 --> 01:01:25,040

so maybe i'll just get out of here for

1343

01:01:28,309 --> 01:01:26,640

the day

1344

01:01:30,549 --> 01:01:28,319

um

1345

01:01:33,270 --> 01:01:30,559

yeah i'll just do that but

1346

01:01:36,309 --> 01:01:33,280

i don't know so hopefully uh some stuff

1347

01:01:38,789 --> 01:01:36,319

happens with this ufo crap you know

1348

01:01:41,270 --> 01:01:38,799

it's like going on too long and

1349

01:01:43,750 --> 01:01:41,280

and the world is changing

1350

01:01:45,829 --> 01:01:43,760

right before our eyes

1351
01:01:47,670 --> 01:01:45,839
you know war seems to be getting worse

1352
01:01:48,789 --> 01:01:47,680
in russia and ukraine and nuclear

1353
01:01:50,950 --> 01:01:48,799
threats are

1354
01:01:53,349 --> 01:01:50,960
getting bigger

1355
01:01:55,510 --> 01:01:53,359
between you know with

1356
01:01:57,910 --> 01:01:55,520
putin and stuff

1357
01:01:59,430 --> 01:01:57,920
technology is moving at an incredible

1358
01:02:02,230 --> 01:01:59,440
rate

1359
01:02:03,670 --> 01:02:02,240
elon musk but twitter

1360
01:02:05,510 --> 01:02:03,680
who also

1361
01:02:07,270 --> 01:02:05,520
you know has that freaking neuro

1362
01:02:09,349 --> 01:02:07,280
neuralink chip

1363
01:02:14,789 --> 01:02:09,359

that apparently really

1364

01:02:18,549 --> 01:02:16,789

but what you know

1365

01:02:20,309 --> 01:02:18,559

what i always think is what is he up to

1366

01:02:23,990 --> 01:02:20,319

does he want to combine these the

1367

01:02:27,589 --> 01:02:25,670

what is our world going to look like in

1368

01:02:29,589 --> 01:02:27,599

20 30 years you know and are we gonna

1369

01:02:31,670 --> 01:02:29,599

have one

1370

01:02:32,630 --> 01:02:31,680

are we gonna blow ourselves up you know

1371

01:02:37,430 --> 01:02:32,640

um

1372

01:02:39,510 --> 01:02:37,440

obviously is an

1373

01:02:41,349 --> 01:02:39,520

um but he

1374

01:02:42,630 --> 01:02:41,359

did this uh i saw this clip of an

1375

01:02:45,430 --> 01:02:42,640

interview

1376

01:02:47,190 --> 01:02:45,440

uh with piers morgan or something and uh

1377

01:02:49,750 --> 01:02:47,200

piers asked him

1378

01:02:51,990 --> 01:02:49,760

like what he would say to vladimir putin

1379

01:02:53,990 --> 01:02:52,000

right now if he could or what he did say

1380

01:02:56,390 --> 01:02:54,000

or something but he said this one thing

1381

01:02:57,670 --> 01:02:56,400

that really kind of freaked me out

1382

01:03:00,950 --> 01:02:57,680

and he said

1383

01:03:03,670 --> 01:03:00,960

there's one weapon especially

1384

01:03:05,670 --> 01:03:03,680

that would destroy everything

1385

01:03:07,510 --> 01:03:05,680

that we have

1386

01:03:10,710 --> 01:03:07,520

now i know we have nuclear bombs and

1387

01:03:12,069 --> 01:03:10,720

stuff but it didn't seem like that

1388

01:03:14,309 --> 01:03:12,079

seemed like it was a different kind of

1389

01:03:18,150 --> 01:03:14,319

weapon

1390

01:03:19,750 --> 01:03:18,160

i don't know it's interesting

1391

01:03:22,309 --> 01:03:19,760

and i always think back to when somebody

1392

01:03:24,069 --> 01:03:22,319

asked him about ufos and he goes i don't

1393

01:03:26,789 --> 01:03:24,079

know but i can tell you that we have the

1394

01:03:28,950 --> 01:03:26,799

the strongest military in the world

1395

01:03:31,750 --> 01:03:28,960

you know whatever

1396

01:03:33,990 --> 01:03:31,760

so interesting interesting things there

1397

01:03:35,510 --> 01:03:34,000

you know interesting things to think

1398

01:03:37,109 --> 01:03:35,520

about

1399

01:03:38,789 --> 01:03:37,119

but

1400

01:03:41,349 --> 01:03:38,799

you know hopefully some more uh

1401

01:03:43,510 --> 01:03:41,359

information uh comes out on this stuff

1402

01:03:46,630 --> 01:03:43,520

and from congress congress

1403

01:03:50,069 --> 01:03:48,630

you know an explanation on what they've

1404

01:03:51,829 --> 01:03:50,079

seen

1405

01:03:53,270 --> 01:03:51,839

and what they know

1406

01:03:56,829 --> 01:03:53,280

you know they're the elected

1407

01:04:02,470 --> 01:03:59,829

and i don't know how

1408

01:04:05,750 --> 01:04:02,480

need a lot more of us more awareness but

1409

01:04:07,430 --> 01:04:05,760

i wish we could make this uh uh

1410

01:04:09,190 --> 01:04:07,440

you know a part of their

1411

01:04:11,990 --> 01:04:09,200

their campaigning

1412

01:04:13,990 --> 01:04:12,000

i really wish we could

1413

01:04:15,270 --> 01:04:14,000

so if anybody is involved with this

1414

01:04:16,870 --> 01:04:15,280

stuff

1415

01:04:18,630 --> 01:04:16,880

you know campaigns or anything are you

1416

01:04:22,630 --> 01:04:18,640

going to be at a town hall where they're

1417

01:04:25,510 --> 01:04:22,640

debating which is a great idea i think

1418

01:04:28,150 --> 01:04:25,520

for us to go to if possible

1419

01:04:30,150 --> 01:04:28,160

and try to ask a question about it

1420

01:04:31,510 --> 01:04:30,160

make them campaign on this stuff because

1421

01:04:33,270 --> 01:04:31,520

then

1422

01:04:35,750 --> 01:04:33,280

they'll have to talk about it like all

1423

01:04:37,990 --> 01:04:35,760

these text messages came out from the

1424

01:04:41,589 --> 01:04:38,000

january 6 like riot thing

1425

01:04:45,109 --> 01:04:41,599

and all that like 6 thousand great cool

1426

01:04:48,549 --> 01:04:46,710

i was like where's our information on

1427

01:04:50,309 --> 01:04:48,559

this stuff why don't we get six thousand

1428

01:04:52,829 --> 01:04:50,319

texts on

1429

01:04:55,910 --> 01:04:52,839

these people who are holding this crap

1430

01:04:58,710 --> 01:04:55,920

back you know

1431

01:05:00,549 --> 01:04:58,720

why aren't people looking into that

1432

01:05:01,510 --> 01:05:00,559

i mean the capitol ride is a big deal i

1433

01:05:03,589 --> 01:05:01,520

know

1434

01:05:07,029 --> 01:05:03,599

but this is like

1435

01:05:08,549 --> 01:05:07,039

possible another life form

1436

01:05:12,150 --> 01:05:08,559

things flying around the sky that we

1437

01:05:16,390 --> 01:05:14,390

you know nobody's

1438

01:05:18,950 --> 01:05:16,400

digging deep on that like what the hell

1439

01:05:20,549 --> 01:05:18,960

get it together

1440

01:05:23,190 --> 01:05:20,559

so

1441

01:05:24,710 --> 01:05:23,200

i don't know i don't know that's all i

1442

01:05:26,950 --> 01:05:24,720

got all right yo i had a great time

1443

01:05:28,150 --> 01:05:26,960

today i thought it was a great show

1444

01:05:30,390 --> 01:05:28,160

um

1445

01:05:32,630 --> 01:05:30,400

i enjoyed hanging out with you uh make

1446

01:05:35,430 --> 01:05:32,640

sure you like the video

1447

01:05:37,190 --> 01:05:35,440

subscribe if you haven't

1448

01:05:39,349 --> 01:05:37,200

and

1449

01:05:40,870 --> 01:05:39,359

uh we'll see you next time i guess

1450

01:05:45,200 --> 01:05:40,880

appreciate it

1451

01:06:06,230 --> 01:05:53,160

[Music]

1452

01:06:20,680 --> 01:06:08,670

do
