1
00:00:09,030 --> 00:00:07,349
uh that there have been uap observed and

2
00:00:10,310 --> 00:00:09,040
interacting with and flying over

3
00:00:12,709 --> 00:00:10,320
sensitive military facilities

4
00:00:14,470 --> 00:00:12,719
particularly not just ranges but uh some

5
00:00:16,390 --> 00:00:14,480
facilities housing our strategic nuclear

6
00:00:18,310 --> 00:00:16,400
forces one such incident allegedly

7
00:00:20,310 --> 00:00:18,320
occurred

8
00:00:21,830 --> 00:00:20,320
at malmstrom air force base in which 10

9
00:00:23,670 --> 00:00:21,840
of our nuclear icbms were rendered

10
00:00:25,109 --> 00:00:23,680
inoperable in terms of just tracking

11
00:00:26,550 --> 00:00:25,119
what may be in the media that says that

12
00:00:27,830 --> 00:00:26,560
something occurred at this time at this

13
00:00:29,349 --> 00:00:27,840

place

14

00:00:30,550 --> 00:00:29,359

there are probably a lot of leads that

15

00:00:31,910 --> 00:00:30,560

we would have to follow up on i don't

16

00:00:32,950 --> 00:00:31,920

think we were resourced to do that right

17

00:00:35,750 --> 00:00:32,960

now

18

00:00:37,830 --> 00:00:35,760

good morning my name is robert salas

19

00:00:39,910 --> 00:00:37,840

proudly served in the u.s air force and

20

00:00:42,150 --> 00:00:39,920

we're witnesses to those uh that

21

00:00:43,750 --> 00:00:42,160

phenomenon with respect to nuclear

22

00:00:47,830 --> 00:00:43,760

weapons

23

00:00:50,310 --> 00:00:47,840

march 16 1967

24

00:00:54,470 --> 00:00:50,320

the ufo rendered america's nuclear

25

00:00:58,310 --> 00:00:56,150

it happened at mount strum air force

26
00:01:01,029 --> 00:00:58,320
base located in central montana

27
00:01:03,670 --> 00:01:01,039
witnessed by many

28
00:01:06,230 --> 00:01:03,680
since then it has become

29
00:01:09,190 --> 00:01:06,240
one of the most world renowned

30
00:01:11,190 --> 00:01:09,200
uav encounters

31
00:01:16,460 --> 00:01:11,200
we're about to get after it

32
00:01:16,470 --> 00:01:48,469
[Music]

33
00:01:48,479 --> 00:01:54,069
what's up everybody

34
00:01:54,079 --> 00:01:58,310
got a haircut

35
00:02:03,190 --> 00:01:59,760
saw the old

36
00:02:05,590 --> 00:02:03,200
[Music]

37
00:02:08,150 --> 00:02:05,600
barber

38
00:02:09,589 --> 00:02:08,160

he was busy but uh he was able to fit me

39

00:02:11,470 --> 00:02:09,599

in

40

00:02:13,190 --> 00:02:11,480

so that is good

41

00:02:16,949 --> 00:02:13,200

[Laughter]

42

00:02:18,790 --> 00:02:16,959

what's up to everybody uh brent uh benji

43

00:02:22,630 --> 00:02:18,800

um andres e.t pearson what's up uap

45

00:02:26,390 --> 00:02:24,000

curiosity

46

00:02:29,910 --> 00:02:26,400

lara what's up

47

00:02:33,110 --> 00:02:29,920

um everybody uh laura salsa

48

00:02:35,430 --> 00:02:33,120

what's up llc

49

00:02:38,150 --> 00:02:35,440

love to see subscribers in here love to

50

00:02:39,110 --> 00:02:38,160

see my fam in here

51

00:02:40,550 --> 00:02:39,120

um

52

00:02:43,030 --> 00:02:40,560

everybody i do appreciate you guys

53

00:02:46,150 --> 00:02:43,040

hanging out and being so

54

00:02:49,110 --> 00:02:46,160

kind in the chat jd what's up

55

00:02:53,430 --> 00:02:51,990

jt what's happening everybody uh for

56

00:02:56,309 --> 00:02:53,440

hanging out we're gonna get after this

57

00:02:59,430 --> 00:02:56,319

mouse room incident which is

58

00:03:01,589 --> 00:02:59,440

uh uh pretty good but you know like

59

00:03:03,430 --> 00:03:01,599

robert what's up man

60

00:03:05,430 --> 00:03:03,440

uh every time

61

00:03:07,350 --> 00:03:05,440

you know i get into this stuff and i

62

00:03:09,350 --> 00:03:07,360

start looking at like different

63

00:03:12,869 --> 00:03:09,360

uh cases

64

00:03:16,070 --> 00:03:12,879

i always find myself

65

00:03:21,030 --> 00:03:18,949

i guess distracted but in a good way

66

00:03:23,430 --> 00:03:21,040

because i wind up finding other cases

67

00:03:25,350 --> 00:03:23,440

and other very interesting info

68

00:03:27,509 --> 00:03:25,360

that

69

00:03:29,190 --> 00:03:27,519

you know it's interesting because

70

00:03:31,589 --> 00:03:29,200

you go back to this time in this

71

00:03:34,470 --> 00:03:31,599

maelstrom instant is probably one of the

72

00:03:36,949 --> 00:03:34,480

more well-known cases

73

00:03:38,070 --> 00:03:36,959

most definitely

74

00:03:40,710 --> 00:03:38,080

and

75

00:03:45,350 --> 00:03:40,720

you know when that happens

76

00:03:49,509 --> 00:03:47,270

i don't know get pushed to the wayside

77

00:03:51,350 --> 00:03:49,519

when maybe they shouldn't or maybe they

78

00:03:52,630 --> 00:03:51,360

should i don't know

79

00:03:54,149 --> 00:03:52,640

but

80

00:03:55,270 --> 00:03:54,159

and we're gonna get after some of that

81

00:03:56,550 --> 00:03:55,280

stuff

82

00:04:00,309 --> 00:03:56,560

um but

83

00:04:02,149 --> 00:04:00,319

the first thing i think that we should

84

00:04:04,630 --> 00:04:02,159

um get after

85

00:04:06,789 --> 00:04:04,640

is the actual mouse from case

86

00:04:08,550 --> 00:04:06,799

and i found

87

00:04:10,149 --> 00:04:08,560

a pretty good

88

00:04:11,830 --> 00:04:10,159

synopsis so

89

00:04:13,670 --> 00:04:11,840

i'm just going to go through that with

90

00:04:15,830 --> 00:04:13,680

you

91

00:04:17,189 --> 00:04:15,840

and

92

00:04:18,150 --> 00:04:17,199

you know we can kind of just take it

93

00:04:19,909 --> 00:04:18,160

from there because it's pretty

94

00:04:21,509 --> 00:04:19,919

interesting so

95

00:04:23,510 --> 00:04:21,519

you know basically there was there were

96

00:04:26,550 --> 00:04:23,520

two incidences

97

00:04:27,590 --> 00:04:26,560

uh with maelstrom

98

00:04:29,909 --> 00:04:27,600

and

99

00:04:32,629 --> 00:04:29,919

you know it's one gets kind of all all

100

00:04:35,110 --> 00:04:32,639

the uh attention so to speak you know

101
00:04:38,230 --> 00:04:35,120
maybe rightfully so or not i don't know

102
00:04:42,150 --> 00:04:38,240
uh but because uh robert salas was

103
00:04:43,749 --> 00:04:42,160
um the guy who really

104
00:04:45,749 --> 00:04:43,759
uh took on

105
00:04:47,990 --> 00:04:45,759
all the

106
00:04:49,830 --> 00:04:48,000
attention and all had you know he took

107
00:04:51,590 --> 00:04:49,840
it upon himself and took strength and

108
00:04:53,590 --> 00:04:51,600
tried to get this out there and and did

109
00:04:56,230 --> 00:04:53,600
different press conferences he did one

110
00:04:57,830 --> 00:04:56,240
not too long ago um you know with the

111
00:05:00,390 --> 00:04:57,840
help of steve bassett

112
00:05:03,350 --> 00:05:00,400
who's an awesome guy by the way

113
00:05:08,230 --> 00:05:05,270

you know and people just kind of hear a

114

00:05:10,070 --> 00:05:08,240

lot of uh what's talked about media wise

115

00:05:10,790 --> 00:05:10,080

and and what's highlighted and all that

116

00:05:14,629 --> 00:05:10,800

and

117

00:05:16,870 --> 00:05:14,639

the hearings for instance

118

00:05:19,110 --> 00:05:16,880

you know the

119

00:05:21,590 --> 00:05:19,120

in kind of uh the chatter afterwards

120

00:05:22,710 --> 00:05:21,600

maybe you would only know about that

121

00:05:25,029 --> 00:05:22,720

incident

122

00:05:26,790 --> 00:05:25,039

and the one robert zales uh

123

00:05:29,749 --> 00:05:26,800

you know

124

00:05:31,909 --> 00:05:29,759

uh went through so

125

00:05:33,430 --> 00:05:31,919

but there's

126

00:05:35,270 --> 00:05:33,440

another one that

127

00:05:36,950 --> 00:05:35,280

there's a lot of others actually that

128

00:05:39,350 --> 00:05:36,960

happened around that time and others

129

00:05:41,590 --> 00:05:39,360

that happened around missile silos so

130

00:05:44,150 --> 00:05:41,600

we're going to look at those too

131

00:05:46,150 --> 00:05:44,160

but first i wanted to

132

00:05:49,670 --> 00:05:46,160

go over this uh quick

133

00:05:53,189 --> 00:05:49,680

uh synopsis here so to speak

134

00:05:56,150 --> 00:05:53,199

and i'm just going to uh read this

135

00:05:57,510 --> 00:05:56,160

because it's you know it's

136

00:05:59,189 --> 00:05:57,520

it's better to

137

00:06:01,110 --> 00:05:59,199

just read from this to kind of make it

138

00:06:05,510 --> 00:06:01,120

up on my own right

139

00:06:07,749 --> 00:06:05,520

invisible college has just you know

140

00:06:09,830 --> 00:06:07,759

is just so right there should be 44

141

00:06:11,830 --> 00:06:09,840

likes right there there really should be

142

00:06:15,029 --> 00:06:11,840

i mean

143

00:06:18,790 --> 00:06:15,990

maybe

144

00:06:21,590 --> 00:06:18,800

not all 44 people like

145

00:06:24,870 --> 00:06:21,600

the video yet i mean

146

00:06:29,029 --> 00:06:27,430

but who cares if you like it or not just

147

00:06:30,710 --> 00:06:29,039

hit the thumb man

148

00:06:31,990 --> 00:06:30,720

jeez

149

00:06:34,710 --> 00:06:32,000

gosh

150

00:06:36,870 --> 00:06:34,720

and we have a new segment today uh that

151
00:06:38,550 --> 00:06:36,880
that i'm bringing into the mix which i'm

152
00:06:40,309 --> 00:06:38,560
sure you'll enjoy

153
00:06:42,380 --> 00:06:40,319
and it's called

154
00:06:45,749 --> 00:06:42,390
um you didn't even know that

155
00:06:48,390 --> 00:06:45,759
[Laughter]

156
00:06:51,430 --> 00:06:48,400
and i made it just a fantastic song for

157
00:06:54,870 --> 00:06:51,440
it so uh it's gonna be great

158
00:06:56,790 --> 00:06:54,880
so here we go so this is this i'm gonna

159
00:06:58,070 --> 00:06:56,800
play narrator a little bit here so and

160
00:07:00,390 --> 00:06:58,080
i'm gonna read the whole thing because

161
00:07:02,230 --> 00:07:00,400
it because we have to so uh this is the

162
00:07:04,469 --> 00:07:02,240
story of extraordinary events that

163
00:07:06,870 --> 00:07:04,479

happened in 1967 to us air force

164

00:07:08,950 --> 00:07:06,880

strategic air command uh missile combat

165

00:07:10,230 --> 00:07:08,960

officers and other enlisted personnel

166

00:07:11,510 --> 00:07:10,240

missile air is assigned to operate

167

00:07:13,110 --> 00:07:11,520

maintain and protect minutemen

168

00:07:14,710 --> 00:07:13,120

intercontinental ballistic missiles an

169

00:07:16,870 --> 00:07:14,720

essential part of america's cold war

170

00:07:18,950 --> 00:07:16,880

strategic nuclear deterrent

171

00:07:21,670 --> 00:07:18,960

uh the web page

172

00:07:27,189 --> 00:07:21,680

presents an abbreviated version of 16th

173

00:07:31,270 --> 00:07:29,029

is that too small can you read that

174

00:07:33,270 --> 00:07:31,280

probably can't read that even hey

175

00:07:36,309 --> 00:07:33,280

i mean i just really

176

00:07:37,909 --> 00:07:36,319

i got a haircut so i was like maybe

177

00:07:39,589 --> 00:07:37,919

you know

178

00:07:40,950 --> 00:07:39,599

maybe get my hair in there a little more

179

00:07:42,830 --> 00:07:40,960

but you guys probably don't care about

180

00:07:44,390 --> 00:07:42,840

that

181

00:07:51,029 --> 00:07:44,400

so

182

00:07:53,430 --> 00:07:51,039

people don't really talk to or talk

183

00:07:55,430 --> 00:07:53,440

about very much is this echo flight one

184

00:07:58,390 --> 00:07:55,440

in central montana uh

185

00:07:59,990 --> 00:07:58,400

thursday morning march 16 1967 captain

186

00:08:02,469 --> 00:08:00,000

eric carlson first lieutenant walt

187

00:08:05,430 --> 00:08:02,479

figuel uh the echo flight missile combat

188

00:08:07,430 --> 00:08:05,440

crew were below ground in the e flight

189

00:08:10,230 --> 00:08:07,440

launch control center or capsular

190

00:08:13,110 --> 00:08:10,240

capsule the echo flight lcc was located

191

00:08:15,270 --> 00:08:13,120

between winford and helga about 15 miles

192

00:08:17,350 --> 00:08:15,280

north of lewistown missile maintenance

193

00:08:19,670 --> 00:08:17,360

crews and security teams were cramped

194

00:08:21,189 --> 00:08:19,680

out at two of the launch facilities

195

00:08:23,350 --> 00:08:21,199

having performed some of the work during

196

00:08:26,070 --> 00:08:23,360

the previous day and

197

00:08:28,230 --> 00:08:26,080

stayed there overnight

198

00:08:29,749 --> 00:08:28,240

during the early morning hours more than

199

00:08:31,749 --> 00:08:29,759

one report came in from the security

200

00:08:34,790 --> 00:08:31,759

patrols and maintenance crews that they

201
00:08:37,029 --> 00:08:34,800
had seen at ufos the ufo was reported

202
00:08:39,750 --> 00:08:37,039
directly above one of the e flight lf or

203
00:08:41,509 --> 00:08:39,760
silos it turned out that at least one

204
00:08:44,149 --> 00:08:41,519
security policeman was so affected by

205
00:08:47,990 --> 00:08:44,159
this encounter that he never again

206
00:08:50,870 --> 00:08:48,000
returned it to missile security duty

207
00:08:55,829 --> 00:08:53,269
around 8 30 a.m

208
00:08:57,990 --> 00:08:55,839
feigl feel i don't know the deputy crew

209
00:09:00,150 --> 00:08:58,000
commander i was briefing the carlson the

210
00:09:02,389 --> 00:09:00,160
crew commander uh on the plate status

211
00:09:03,990 --> 00:09:02,399
when the alarm horn sounded one of the

212
00:09:06,790 --> 00:09:04,000
metaman missiles they supervised had

213
00:09:08,630 --> 00:09:06,800

gone off alert become inoperable it was

214

00:09:11,509 --> 00:09:08,640

one of the two sites where maintenance

215

00:09:12,949 --> 00:09:11,519

crews had camped out on-site upset

216

00:09:15,110 --> 00:09:12,959

thinking that the maintenance personnel

217

00:09:16,870 --> 00:09:15,120

had failed to notify him as required by

218

00:09:19,350 --> 00:09:16,880

procedure when maintenance work is done

219

00:09:21,509 --> 00:09:19,360

on a missile that missile was going off

220

00:09:23,430 --> 00:09:21,519

alert status ragel immediately called it

221

00:09:23,800 --> 00:09:23,440

the missile site

222

00:09:25,030 --> 00:09:23,810

um

223

00:09:26,710 --> 00:09:25,040

[Music]

224

00:09:27,829 --> 00:09:26,720

when figuel spoke on the unsecurity

225

00:09:30,630 --> 00:09:27,839

guard

226

00:09:32,070 --> 00:09:30,640

reported that

227

00:09:33,590 --> 00:09:32,080

they had not yet performed any

228

00:09:35,509 --> 00:09:33,600

maintenance that morning he also stated

229

00:09:37,670 --> 00:09:35,519

that a ufo had been hovering over the

230

00:09:39,829 --> 00:09:37,680

site he recalls i think the guard must

231

00:09:43,350 --> 00:09:39,839

have been drinking something here we go

232

00:09:46,150 --> 00:09:43,360

again always were you drinking

233

00:09:47,590 --> 00:09:46,160

man if uh

234

00:09:49,910 --> 00:09:47,600

you know there would be a lot more

235

00:09:51,829 --> 00:09:49,920

sightings of ufos if it was just the

236

00:09:53,269 --> 00:09:51,839

people up to people drinking and

237

00:09:56,710 --> 00:09:53,279

wisconsin

238

00:09:59,750 --> 00:09:56,720

would be like the jackpot for ufos

239

00:10:03,030 --> 00:10:01,110

because there's a bar on like every

240

00:10:05,269 --> 00:10:03,040

corner

241

00:10:07,670 --> 00:10:05,279

the flaps would be just in the suburbs

242

00:10:10,069 --> 00:10:07,680

too it would be intense uh within

243

00:10:12,069 --> 00:10:10,079

seconds the entire flight of 10 icbms

244

00:10:15,350 --> 00:10:12,079

was down all of their missiles reported

245

00:10:17,269 --> 00:10:15,360

a no-go condition one by one across the

246

00:10:18,870 --> 00:10:17,279

board each missile had become inoperable

247

00:10:20,790 --> 00:10:18,880

when the checklist procedure had been

248

00:10:22,949 --> 00:10:20,800

completed for each missile site it was

249

00:10:25,190 --> 00:10:22,959

discovered that each of the missiles had

250

00:10:28,230 --> 00:10:25,200

gone off alert status due to guidance

251
00:10:30,630 --> 00:10:28,240
and control system power had not been

252
00:10:33,069 --> 00:10:30,640
lost to the sites the missiles simply

253
00:10:35,030 --> 00:10:33,079
were not operational because for some

254
00:10:36,310 --> 00:10:35,040
unexplainable reason

255
00:10:38,389 --> 00:10:36,320
each of their guidance and control

256
00:10:40,949 --> 00:10:38,399
systems had malfunctioned

257
00:10:42,310 --> 00:10:40,959
uh two set strike teams were dispatched

258
00:10:44,470 --> 00:10:42,320
from echo to those sites where the

259
00:10:47,350 --> 00:10:44,480
maintenance crews were present

260
00:10:49,509 --> 00:10:47,360
if i had not informed the strike teams

261
00:10:52,630 --> 00:10:49,519
that uh one of the on-site guards that

262
00:10:58,389 --> 00:10:54,870
probably because you know the whole

263
00:11:00,069 --> 00:10:58,399

stigma thing which is you know

264

00:11:01,269 --> 00:11:00,079

just don't get me started on that again

265

00:11:04,630 --> 00:11:01,279

i guess

266

00:11:07,990 --> 00:11:05,990

so but

267

00:11:10,870 --> 00:11:08,000

you know then in comes this uh captain

268

00:11:11,990 --> 00:11:10,880

don crawford and his crew is relieved

269

00:11:13,670 --> 00:11:12,000

the crew

270

00:11:15,190 --> 00:11:13,680

relieved the echo flight crew later

271

00:11:17,430 --> 00:11:15,200

relieved that occult

272

00:11:18,949 --> 00:11:17,440

flight crew later that morning crawford

273

00:11:21,110 --> 00:11:18,959

recalls that both carlson and raquel

274

00:11:23,509 --> 00:11:21,120

were both visibly shaken

275

00:11:25,590 --> 00:11:23,519

by what had occurred

276

00:11:27,030 --> 00:11:25,600

uh crawford also recalled that the

277

00:11:28,630 --> 00:11:27,040

maintenance crews worked on the missiles

278

00:11:31,430 --> 00:11:28,640

the entire day and late into the night

279

00:11:34,310 --> 00:11:31,440

during his shift to bring them all back

280

00:11:36,710 --> 00:11:34,320

on alert not only had missiles been lost

281

00:11:38,949 --> 00:11:36,720

to our deterrent forces but had remained

282

00:11:40,710 --> 00:11:38,959

out of service for an entire

283

00:11:42,470 --> 00:11:40,720

day

284

00:11:44,310 --> 00:11:42,480

because of this unique incident an

285

00:11:45,990 --> 00:11:44,320

ex-miss layer describes it all hell

286

00:11:47,430 --> 00:11:46,000

broke loose

287

00:11:49,190 --> 00:11:47,440

among the many calls to and from the

288

00:11:51,190 --> 00:11:49,200

e-flight lcc

289

00:11:53,190 --> 00:11:51,200

was to the m

290

00:11:55,030 --> 00:11:53,200

triple c of the oscar flight which

291

00:11:57,110 --> 00:11:55,040

thanks to the equally dramatic story of

292

00:11:59,829 --> 00:11:57,120

what happened in another

293

00:12:02,470 --> 00:11:59,839

lcc that same morning

294

00:12:05,350 --> 00:12:02,480

incomes oscar flight

295

00:12:07,430 --> 00:12:05,360

the oscar flight lcc was located a mile

296

00:12:10,389 --> 00:12:07,440

or two south of the town of roy about 20

297

00:12:12,710 --> 00:12:10,399

miles southeast of the echo flight lcc

298

00:12:15,910 --> 00:12:12,720

the following is as told by robert salas

299

00:12:17,509 --> 00:12:15,920

who was the dmcc in old flight that

300

00:12:21,030 --> 00:12:17,519

morning

301

00:12:21,990 --> 00:12:21,040

my rec i should do it in his uh his uh

302

00:12:25,829 --> 00:12:22,000

accent

303

00:12:27,990 --> 00:12:25,839

my recollection is that i was on duty

304

00:12:30,230 --> 00:12:28,000

i can't do it

305

00:12:32,949 --> 00:12:30,240

as a deputy missile combat crew

306

00:12:34,949 --> 00:12:32,959

commander below the ground in the lcc

307

00:12:36,949 --> 00:12:34,959

during the morning hours of 16 march

308

00:12:40,069 --> 00:12:36,959

1967

309

00:12:41,910 --> 00:12:40,079

outside above the subterranean lsc

310

00:12:43,829 --> 00:12:41,920

capsule it was a

311

00:12:46,870 --> 00:12:43,839

typical clear

312

00:12:48,710 --> 00:12:46,880

cold montana night sky

313

00:12:50,629 --> 00:12:48,720

there were a few inches of snow on the

314

00:12:53,030 --> 00:12:50,639

ground

315

00:12:55,190 --> 00:12:53,040

where we were there were no city lights

316

00:12:56,389 --> 00:12:55,200

to detract from the spectacular array of

317

00:12:58,629 --> 00:12:56,399

stars

318

00:12:59,829 --> 00:12:58,639

and it was not uncommon to see shooting

319

00:13:02,790 --> 00:12:59,839

stars

320

00:13:04,230 --> 00:13:02,800

montana isn't called big sky country for

321

00:13:06,710 --> 00:13:04,240

no reason

322

00:13:08,550 --> 00:13:06,720

an airman on duty topside probably spent

323

00:13:10,550 --> 00:13:08,560

some of their time outside looking up at

324

00:13:12,949 --> 00:13:10,560

the stars

325

00:13:15,590 --> 00:13:12,959

it was one of those airmen who first saw

326
00:13:16,629 --> 00:13:15,600
what at first appeared to be a star

327
00:13:19,190 --> 00:13:16,639
begin to

328
00:13:20,870 --> 00:13:19,200
zigzag across the sky

329
00:13:23,030 --> 00:13:20,880
then he saw another light do the same

330
00:13:24,949 --> 00:13:23,040
thing and this time it was larger and

331
00:13:27,829 --> 00:13:24,959
closer

332
00:13:29,590 --> 00:13:27,839
he has his flight security controller

333
00:13:31,590 --> 00:13:29,600
in charge of launch control center site

334
00:13:33,430 --> 00:13:31,600
security to come and take a look they

335
00:13:35,509 --> 00:13:33,440
both stood there watching the lights

336
00:13:37,670 --> 00:13:35,519
streak directly above them stop change

337
00:13:40,069 --> 00:13:37,680
directions at high speed and return

338
00:13:41,590 --> 00:13:40,079

overhead nco ran into the building and

339

00:13:43,990 --> 00:13:41,600

phoned me at the station in the

340

00:13:45,430 --> 00:13:44,000

underground capsule he reported to me

341

00:13:48,069 --> 00:13:45,440

that there had

342

00:13:50,710 --> 00:13:48,079

that they had been seeing lights making

343

00:13:52,710 --> 00:13:50,720

strange maneuvers over the facility and

344

00:13:55,269 --> 00:13:52,720

that they weren't aircraft i replied

345

00:13:59,590 --> 00:13:55,279

great you just keep watching them

346

00:14:04,230 --> 00:14:01,750

i did not take this report seriously and

347

00:14:06,150 --> 00:14:04,240

directed him to report back if anything

348

00:14:08,470 --> 00:14:06,160

more significant happened at the time i

349

00:14:09,750 --> 00:14:08,480

believe this first call to be a joke

350

00:14:11,350 --> 00:14:09,760

still that

351

00:14:14,069 --> 00:14:11,360

sort of behavior was definitely out of

352

00:14:17,030 --> 00:14:14,079

character for air security policemen his

353

00:14:18,870 --> 00:14:17,040

communications were with us were usually

354

00:14:20,949 --> 00:14:18,880

very professional

355

00:14:22,790 --> 00:14:20,959

a few minutes later the security nco

356

00:14:25,670 --> 00:14:22,800

called this time he was clearly

357

00:14:26,949 --> 00:14:25,680

frightened and was shouting his words

358

00:14:28,790 --> 00:14:26,959

sir

359

00:14:32,790 --> 00:14:28,800

there's one hovering outside the front

360

00:14:33,990 --> 00:14:32,800

gate one what a ufo it's just sitting

361

00:14:35,910 --> 00:14:34,000

there

362

00:14:37,509 --> 00:14:35,920

we're all just looking at it what do you

363

00:14:39,110 --> 00:14:37,519

want us to do

364

00:14:40,629 --> 00:14:39,120

well what

365

00:14:43,110 --> 00:14:40,639

what does it look like

366

00:14:45,990 --> 00:14:43,120

i can't really describe it's glowing red

367

00:14:47,990 --> 00:14:46,000

what are we supposed to do

368

00:14:50,550 --> 00:14:48,000

make sure the site is secure

369

00:14:52,870 --> 00:14:50,560

and i'll phone the command post

370

00:14:56,069 --> 00:14:52,880

sir i have to go now one of the guys

371

00:15:00,629 --> 00:14:58,150

before i could ask about the injury he

372

00:15:03,430 --> 00:15:00,639

was offline i immediately went over to

373

00:15:05,350 --> 00:15:03,440

my commander to lieutenant fred mywall

374

00:15:07,110 --> 00:15:05,360

who was on the scheduled sleep period i

375

00:15:08,949 --> 00:15:07,120

woke him and began to brief him about

376

00:15:10,710 --> 00:15:08,959

the phone calls and what was going on

377

00:15:12,389 --> 00:15:10,720

top side

378

00:15:14,949 --> 00:15:12,399

in the middle of this conversation we

379

00:15:15,829 --> 00:15:14,959

both heard the first alarm

380

00:15:18,310 --> 00:15:15,839

uh

381

00:15:19,829 --> 00:15:18,320

klaxon resound through the confined

382

00:15:22,389 --> 00:15:19,839

space of the capsule and both

383

00:15:24,310 --> 00:15:22,399

immediately looked over at the panel of

384

00:15:27,910 --> 00:15:24,320

the

385

00:15:30,230 --> 00:15:27,920

station

386

00:15:32,069 --> 00:15:30,240

a no gold light and two red security

387

00:15:34,310 --> 00:15:32,079

lights were lit indicating problems at

388

00:15:36,310 --> 00:15:34,320

one of our missile sites

389

00:15:38,150 --> 00:15:36,320

fred jumped up to the query of the

390

00:15:40,629 --> 00:15:38,160

system to determine the cause of the

391

00:15:43,430 --> 00:15:40,639

problem before he could do so another

392

00:15:44,550 --> 00:15:43,440

alarm went off at another site then

393

00:15:47,910 --> 00:15:44,560

another

394

00:15:49,910 --> 00:15:47,920

simultaneously

395

00:15:52,710 --> 00:15:49,920

within the next few seconds we had lost

396

00:15:55,910 --> 00:15:52,720

six to eight missiles to a no-go

397

00:15:58,949 --> 00:15:57,509

after reporting this incident to the

398

00:16:01,030 --> 00:15:58,959

command post

399

00:16:03,430 --> 00:16:01,040

for my security guard he said that the

400

00:16:06,069 --> 00:16:03,440

man who had approached the ufo had not

401
00:16:08,949 --> 00:16:06,079
been injured seriously but was being

402
00:16:10,310 --> 00:16:08,959
evacuated by a helicopter to the base

403
00:16:12,150 --> 00:16:10,320
you know first of all i gotta jump in

404
00:16:14,150 --> 00:16:12,160
here and say i'm sorry if i'm going from

405
00:16:15,910 --> 00:16:14,160
lake southern to

406
00:16:18,949 --> 00:16:15,920
i don't know what you know just hang

407
00:16:22,790 --> 00:16:21,030
i don't do accents but

408
00:16:25,110 --> 00:16:22,800
uh

409
00:16:27,990 --> 00:16:25,120
he repeated that it had been immediately

410
00:16:30,629 --> 00:16:28,000
outside the front gate hovering silently

411
00:16:32,230 --> 00:16:30,639
we sent a security patrol to our lfs

412
00:16:35,509 --> 00:16:32,240
after the shutdown and they reported

413
00:16:37,829 --> 00:16:35,519

citing another ufo during that patrol

414

00:16:42,710 --> 00:16:37,839

they also lost radio contact with their

415

00:16:47,269 --> 00:16:44,870

when we were relieved by our scheduled

416

00:16:51,110 --> 00:16:47,279

replacement crew later that morning the

417

00:16:53,910 --> 00:16:51,120

missiles had not been brought online by

418

00:16:57,030 --> 00:16:53,920

on-site maintenance teams

419

00:17:00,710 --> 00:16:57,040

again ufos had been cited by security

420

00:17:03,749 --> 00:17:00,720

personnel at or about the time minuteman

421

00:17:06,949 --> 00:17:03,759

strategic missiles shut down

422

00:17:09,750 --> 00:17:06,959

the investigation so

423

00:17:12,230 --> 00:17:09,760

the investigation is

424

00:17:14,549 --> 00:17:12,240

just about all of it so they had boeing

425

00:17:16,789 --> 00:17:14,559

come in

426

00:17:18,069 --> 00:17:16,799

and boeing

427

00:17:19,750 --> 00:17:18,079

tried figuring out what the heck the

428

00:17:21,350 --> 00:17:19,760

deal is why would these things go

429

00:17:22,789 --> 00:17:21,360

offline

430

00:17:24,390 --> 00:17:22,799

you know of course they're not thinking

431

00:17:26,150 --> 00:17:24,400

oh ufos

432

00:17:28,230 --> 00:17:26,160

right why would they think that it's not

433

00:17:30,310 --> 00:17:28,240

like they saw ufos when this happened

434

00:17:31,669 --> 00:17:30,320

right

435

00:17:35,750 --> 00:17:31,679

no of course no why would they think

436

00:17:40,310 --> 00:17:36,870

and

437

00:17:43,430 --> 00:17:42,230

the only thing that they could do

438

00:17:45,190 --> 00:17:43,440

as you can see here in the second

439

00:17:47,190 --> 00:17:45,200

paragraph the most

440

00:17:50,390 --> 00:17:47,200

that could be done was to reproduce the

441

00:17:52,230 --> 00:17:50,400

effects by introducing a 10 volt poles

442

00:17:53,990 --> 00:17:52,240

onto a data line

443

00:17:56,230 --> 00:17:54,000

another boeing company engineer on the

444

00:17:58,630 --> 00:17:56,240

team robert came up with this pulse that

445

00:18:01,750 --> 00:17:58,640

repeated the shutdown effects 80 percent

446

00:18:03,029 --> 00:18:01,760

of the time but only when directly

447

00:18:05,590 --> 00:18:03,039

injected

448

00:18:08,710 --> 00:18:05,600

at the logic coupler no explanation can

449

00:18:10,950 --> 00:18:08,720

be found for a source of such a pulse or

450

00:18:12,630 --> 00:18:10,960

noise occurring in the field and getting

451
00:18:14,470 --> 00:18:12,640
inside the shielded missile system

452
00:18:16,310 --> 00:18:14,480
equipment so

453
00:18:17,830 --> 00:18:16,320
this explanation that they kind of found

454
00:18:20,470 --> 00:18:17,840
not really

455
00:18:21,830 --> 00:18:20,480
the 10 volt poles

456
00:18:24,150 --> 00:18:21,840
they would have had to

457
00:18:25,270 --> 00:18:24,160
i'm guessing be inside and directly

458
00:18:26,830 --> 00:18:25,280
inject it

459
00:18:29,029 --> 00:18:26,840
with this

460
00:18:31,350 --> 00:18:29,039
pulse you know

461
00:18:32,870 --> 00:18:31,360
which wasn't happening needless to say

462
00:18:37,350 --> 00:18:32,880
at the time

463
00:18:40,470 --> 00:18:37,360

and it was there was a ufo seen outside

464

00:18:42,630 --> 00:18:40,480

like six feet up or whatever it is

465

00:18:44,390 --> 00:18:42,640

you know

466

00:18:47,430 --> 00:18:44,400

i don't

467

00:18:53,909 --> 00:18:52,150

a ufo somehow did that i'm i'm guessing

468

00:18:55,510 --> 00:18:53,919

and when we get into this other missile

469

00:18:57,750 --> 00:18:55,520

site that i have

470

00:19:00,230 --> 00:18:57,760

uh that actually experienced some some

471

00:19:01,590 --> 00:19:00,240

crazy ufo stuff earlier than this

472

00:19:04,630 --> 00:19:01,600

believe it or not

473

00:19:06,710 --> 00:19:04,640

around nike missiles

474

00:19:10,789 --> 00:19:06,720

there was also some communication

475

00:19:12,789 --> 00:19:10,799

breakdown in communication failure

476

00:19:14,470 --> 00:19:12,799

so here at the bottom we have several

477

00:19:15,990 --> 00:19:14,480

military activities and other

478

00:19:18,390 --> 00:19:16,000

engineering firms participate in the

479

00:19:20,230 --> 00:19:18,400

investigation but no positive cause for

480

00:19:22,470 --> 00:19:20,240

the shutdown was ever found despite

481

00:19:24,870 --> 00:19:22,480

extensive and concentrated effort

482

00:19:26,789 --> 00:19:24,880

one conclusion was that the only way a

483

00:19:29,270 --> 00:19:26,799

pulse or noise could be sent in from the

484

00:19:32,150 --> 00:19:29,280

outside the shielded system was through

485

00:19:34,710 --> 00:19:32,160

an electro electromagnetic pulse emp

486

00:19:36,710 --> 00:19:34,720

from an unknown source the technology of

487

00:19:40,070 --> 00:19:36,720

the day made

488

00:19:41,830 --> 00:19:40,080

generating an emp of sufficient

489

00:19:44,310 --> 00:19:41,840

magnitude entered the shielded system

490

00:19:46,390 --> 00:19:44,320

was a very difficult proposition going

491

00:19:48,150 --> 00:19:46,400

large heavy bulky equipment the source

492

00:19:49,990 --> 00:19:48,160

of the actual pulse that caused the

493

00:19:54,470 --> 00:19:50,000

missile shutdowns remains a mystery to

494

00:19:58,390 --> 00:19:56,630

and then here under underneath below

495

00:20:02,549 --> 00:19:58,400

that they show a couple other sightings

496

00:20:06,470 --> 00:20:02,559

this one took place february 8th 1967.

497

00:20:09,669 --> 00:20:08,230

uh it was the same

498

00:20:12,230 --> 00:20:09,679

during the same period that we have a

499

00:20:13,830 --> 00:20:12,240

colonel don crawford

500

00:20:15,270 --> 00:20:13,840

two persons said assigned an echo flight

501
00:20:17,029 --> 00:20:15,280
was performing a roofing check the

502
00:20:19,029 --> 00:20:17,039
missile launch facilities a few miles

503
00:20:20,390 --> 00:20:19,039
north of lewistown montana as they

504
00:20:22,230 --> 00:20:20,400
approached one of the launch facilities

505
00:20:23,750 --> 00:20:22,240
an astonishing site caused the driver to

506
00:20:25,830 --> 00:20:23,760
slam on his brakes

507
00:20:27,909 --> 00:20:25,840
stunned in amazement

508
00:20:29,990 --> 00:20:27,919
they watched as about 300 feet ahead of

509
00:20:32,230 --> 00:20:30,000
very large glowing object hovered

510
00:20:35,430 --> 00:20:32,240
silently directly over the launch

511
00:20:37,430 --> 00:20:35,440
facility one of them picked up his vhf

512
00:20:39,990 --> 00:20:37,440
hand microphone and called then the

513
00:20:41,830 --> 00:20:40,000

captured captain don crawford

514

00:20:45,190 --> 00:20:41,840
was on duty that evening sir you

515

00:20:46,390 --> 00:20:45,200
wouldn't believe what i'm looking at

516

00:20:47,990 --> 00:20:46,400
he described what they were seeing

517

00:20:50,310 --> 00:20:48,000
crawford didn't believe him at first but

518

00:20:52,390 --> 00:20:50,320
the young airmen insisted he was telling

519

00:20:53,830 --> 00:20:52,400
the truth his voice revealing his

520

00:20:55,909 --> 00:20:53,840
emotional state

521

00:20:57,270 --> 00:20:55,919
eventually crawford took him seriously

522

00:20:59,190 --> 00:20:57,280
enough to call the command post to

523

00:21:00,710 --> 00:20:59,200
report it the officer on duty at the

524

00:21:03,270 --> 00:21:00,720
command post refused to accept the

525

00:21:05,270 --> 00:21:03,280
report and simply stated we no longer

526

00:21:08,230 --> 00:21:05,280

take record of these kinds of reports

527

00:21:09,590 --> 00:21:08,240

you fool i added the last print

528

00:21:11,750 --> 00:21:09,600

indicating that he didn't want to hear

529

00:21:13,669 --> 00:21:11,760

about the ufo crawford unsure of what to

530

00:21:16,149 --> 00:21:13,679

tell the shaken security guard decided

531

00:21:18,230 --> 00:21:16,159

to give the guard his permission to fire

532

00:21:21,110 --> 00:21:18,240

his weapon at the object if it seemed

533

00:21:23,029 --> 00:21:21,120

hostile yeah thanks sir but i really

534

00:21:25,190 --> 00:21:23,039

don't think it'd do any good

535

00:21:26,390 --> 00:21:25,200

a few seconds later the object silently

536

00:21:27,830 --> 00:21:26,400

flew away

537

00:21:29,430 --> 00:21:27,840

there were sightings in the area before

538

00:21:31,270 --> 00:21:29,440

and after the missile shutdown incidents

539

00:21:35,190 --> 00:21:31,280

by military personnel

540

00:21:38,950 --> 00:21:36,710

so during the events for that morning at

541

00:21:40,870 --> 00:21:38,960

67 ufos were cited by security personnel

542

00:21:42,630 --> 00:21:40,880

at the oscar flight in the old flight

543

00:21:44,789 --> 00:21:42,640

and by other security and maintenance

544

00:21:46,950 --> 00:21:44,799

personnel at echo flight these sightings

545

00:21:48,310 --> 00:21:46,960

were reported separate separately to the

546

00:21:50,390 --> 00:21:48,320

capsule crews

547

00:21:52,470 --> 00:21:50,400

at or about the same time minuteman

548

00:21:55,430 --> 00:21:52,480

strategic missiles shut down at both

549

00:21:57,110 --> 00:21:55,440

sites the air force has confirmed that

550

00:21:59,190 --> 00:21:57,120

all of echo flight's missile shutdowns

551
00:22:02,070 --> 00:21:59,200
within seconds of each other and that no

552
00:22:03,430 --> 00:22:02,080
cause for this could be found

553
00:22:05,350 --> 00:22:03,440
for many years the air force has

554
00:22:07,990 --> 00:22:05,360
maintained that no reported ufo incident

555
00:22:09,669 --> 00:22:08,000
has ever affected national security

556
00:22:11,590 --> 00:22:09,679
it has established

557
00:22:14,149 --> 00:22:11,600
fact that a large number of air force

558
00:22:15,830 --> 00:22:14,159
personnel reported citing ufos

559
00:22:18,230 --> 00:22:15,840
at the time many of our strategic

560
00:22:21,590 --> 00:22:18,240
missiles became unlaughable

561
00:22:24,630 --> 00:22:21,600
the incidents described above clearly

562
00:22:27,190 --> 00:22:24,640
had national security implications

563
00:22:29,190 --> 00:22:27,200

and one previously classified message

564

00:22:31,590 --> 00:22:29,200

uh sac headquarters described the e

565

00:22:34,070 --> 00:22:31,600

flight incident as loss of strategic

566

00:22:36,310 --> 00:22:34,080

alert of all 10 missiles within 10

567

00:22:37,750 --> 00:22:36,320

seconds of each other for no apparent

568

00:22:43,430 --> 00:22:37,760

reason and a

569

00:22:46,710 --> 00:22:45,270

there's a great discrepancy between the

570

00:22:48,710 --> 00:22:46,720

united states air force's public

571

00:22:50,149 --> 00:22:48,720

position relative to ufos and national

572

00:22:52,310 --> 00:22:50,159

security and the established facts of

573

00:22:54,230 --> 00:22:52,320

this case we hope that the secretary air

574

00:22:57,029 --> 00:22:54,240

force will search for declassify and

575

00:22:59,510 --> 00:22:57,039

release all information in this case so

576

00:23:01,750 --> 00:22:59,520

and then here you have a couple things

577

00:23:06,830 --> 00:23:01,760

so first you have the kind of foia

578

00:23:13,990 --> 00:23:09,510

so they have a little cover history

579

00:23:19,750 --> 00:23:15,430

and i believe there's even more

580

00:23:23,270 --> 00:23:21,909

and you have this documented here the

581

00:23:30,950 --> 00:23:23,280

following is the investigation of the

582

00:23:34,710 --> 00:23:32,470

10 sites were then returned to a

583

00:23:37,669 --> 00:23:34,720

strategic alert without

584

00:23:42,149 --> 00:23:37,679

any lf equipment replacement which is

585

00:23:46,470 --> 00:23:44,549

you know it talks about boeing here too

586

00:23:48,070 --> 00:23:46,480

boeing company has not set any official

587

00:23:50,470 --> 00:23:48,080

date for an operational antenna to be

588

00:23:53,750 --> 00:23:50,480

demonstrated the estimated data

589

00:23:56,549 --> 00:23:53,760

blah blah blah blah blah so

590

00:24:00,149 --> 00:23:56,559

there's more documents here too

591

00:24:01,830 --> 00:24:00,159

i will make sure that you get those

592

00:24:03,510 --> 00:24:01,840

so you can read them for yourselves i'll

593

00:24:04,789 --> 00:24:03,520

paste that in the chat if anybody's

594

00:24:07,110 --> 00:24:04,799

watching

595

00:24:10,710 --> 00:24:07,120

um you can get what i'm looking at in

596

00:24:15,750 --> 00:24:12,549

so

597

00:24:17,750 --> 00:24:15,760

moral of the story what we have is

598

00:24:19,269 --> 00:24:17,760

an intense incident over mouse from air

599

00:24:21,350 --> 00:24:19,279

force base and

600

00:24:22,950 --> 00:24:21,360

in another place

601
00:24:24,470 --> 00:24:22,960
on the same day where they see these

602
00:24:27,430 --> 00:24:24,480
ufos

603
00:24:30,390 --> 00:24:27,440
and they go offline 20 missiles offline

604
00:24:34,789 --> 00:24:31,830
you know the interesting part too is

605
00:24:37,909 --> 00:24:34,799
thinking about when um

606
00:24:40,149 --> 00:24:37,919
when this happened and and

607
00:24:42,630 --> 00:24:40,159
you know the timeline of

608
00:24:45,590 --> 00:24:42,640
these missiles as well like you know put

609
00:24:47,830 --> 00:24:45,600
yourself in a ufo shoes right for

610
00:24:49,830 --> 00:24:47,840
instance

611
00:24:51,430 --> 00:24:49,840
at the beginning of january

612
00:24:54,070 --> 00:24:51,440
is when they first started delivering

613
00:24:56,549 --> 00:24:54,080

minuteman two missiles

614

00:25:02,549 --> 00:25:00,390

and i think it was uh march april is

615

00:25:06,310 --> 00:25:02,559

when a thousand minute man two missiles

616

00:25:10,789 --> 00:25:08,470

and if you believe john ramirez which i

617

00:25:13,430 --> 00:25:10,799

do he was on my show you know a little

618

00:25:15,430 --> 00:25:13,440

bit ago now but he told the story about

619

00:25:18,070 --> 00:25:15,440

how

620

00:25:19,750 --> 00:25:18,080

uh the day after that incident the fifth

621

00:25:21,110 --> 00:25:19,760

hundred minute man two missile was

622

00:25:25,669 --> 00:25:21,120

delivered to mouse room and they had a

623

00:25:30,870 --> 00:25:29,350

keeping all this in mind

624

00:25:32,549 --> 00:25:30,880

you know because sometimes people think

625

00:25:34,149 --> 00:25:32,559

why don't they do this again why don't

626
00:25:35,990 --> 00:25:34,159
you know how many times you need to do

627
00:25:38,310 --> 00:25:36,000
it you go there you're like boom we can

628
00:25:39,830 --> 00:25:38,320
do this we can render it inoperable

629
00:25:45,029 --> 00:25:39,840
what do we keep going back for we know

630
00:25:49,510 --> 00:25:46,789
and the whole emp thing about

631
00:25:50,870 --> 00:25:49,520
electromagnetic pulse i mean maybe now

632
00:25:53,110 --> 00:25:50,880
something like that could be more

633
00:25:54,870 --> 00:25:53,120
possible

634
00:25:56,710 --> 00:25:54,880
but i mean at the time they even said

635
00:25:58,390 --> 00:25:56,720
that you know like it would

636
00:25:59,990 --> 00:25:58,400
need a big

637
00:26:01,510 --> 00:26:00,000
bulky

638
00:26:04,630 --> 00:26:01,520

equipment

639

00:26:06,710 --> 00:26:04,640

to to be set up and then maybe possibly

640

00:26:08,390 --> 00:26:06,720

be able to do something like that which

641

00:26:10,789 --> 00:26:08,400

is possibly

642

00:26:13,669 --> 00:26:10,799

helicopters for instance didn't have an

643

00:26:15,510 --> 00:26:13,679

emp gun

644

00:26:17,029 --> 00:26:15,520

that would be capable of doing something

645

00:26:18,470 --> 00:26:17,039

like that

646

00:26:21,350 --> 00:26:18,480

you know

647

00:26:26,549 --> 00:26:21,360

for air force jet

648

00:26:33,510 --> 00:26:29,269

so it's interesting and you can

649

00:26:40,870 --> 00:26:35,990

and yet the warning isn't general in

650

00:26:46,390 --> 00:26:42,710

i'm not sure exactly what you're saying

651
00:26:48,950 --> 00:26:47,350
you know

652
00:26:51,510 --> 00:26:48,960
if you ask robert salas and you said

653
00:26:54,549 --> 00:26:51,520
this before like what do you think to

654
00:26:58,070 --> 00:26:54,559
mean you know took it as a as a message

655
00:27:01,430 --> 00:26:58,080
uh and this was in 1967.

656
00:27:02,789 --> 00:27:01,440
he took it as a message he took it as

657
00:27:04,789 --> 00:27:02,799
what are you people doing with this

658
00:27:08,549 --> 00:27:04,799
stuff what are you doing with nuclear

659
00:27:17,190 --> 00:27:13,669
you know

660
00:27:21,110 --> 00:27:17,200
something kind of similar happening in

661
00:27:23,350 --> 00:27:21,120
russia where they returned online

662
00:27:25,029 --> 00:27:23,360
uh robert says they don't stop war yeah

663
00:27:26,470 --> 00:27:25,039

so some people say

664

00:27:28,230 --> 00:27:26,480

you know this is them kind of showing

665

00:27:30,470 --> 00:27:28,240

off that they can control nuclear

666

00:27:33,590 --> 00:27:30,480

weapons or maybe they're trying to to

667

00:27:35,350 --> 00:27:33,600

help out or whatever and you know save

668

00:27:36,950 --> 00:27:35,360

ourselves from ourselves

669

00:27:38,870 --> 00:27:36,960

and that's kind of a new point i mean

670

00:27:41,510 --> 00:27:38,880

look what's going on now so many people

671

00:27:44,870 --> 00:27:41,520

are dead dying from just

672

00:27:46,830 --> 00:27:44,880

uh ridiculous violent behavior

673

00:27:53,350 --> 00:27:46,840

right i mean just think of

674

00:27:56,710 --> 00:27:55,269

it's just incredible

675

00:27:59,750 --> 00:27:56,720

christian it's funny that you say one

676

00:28:01,750 --> 00:27:59,760

false home because he doesn't

677

00:28:03,830 --> 00:28:01,760

i didn't find that place and he he says

678

00:28:05,430 --> 00:28:03,840

that he didn't actually witness it at

679

00:28:07,269 --> 00:28:05,440

the event so

680

00:28:08,549 --> 00:28:07,279

uh maybe that's something that did

681

00:28:09,830 --> 00:28:08,559

happen but

682

00:28:11,830 --> 00:28:09,840

i'm not

683

00:28:12,549 --> 00:28:11,840

privy to it at this point

684

00:28:13,430 --> 00:28:12,559

but

685

00:28:19,110 --> 00:28:13,440

you know

686

00:28:26,470 --> 00:28:21,029

so

687

00:28:31,110 --> 00:28:28,230

that incident took up much of the

688

00:28:32,549 --> 00:28:31,120

attention as far as the ufo incidents

689

00:28:34,389 --> 00:28:32,559

around that time

690

00:28:36,470 --> 00:28:34,399

but

691

00:28:42,710 --> 00:28:36,480

there is a lot of other stuff going on

692

00:28:42,720 --> 00:28:48,230

i'm going gonna rewind from 1967.

693

00:28:51,190 --> 00:28:49,909

yeah uh christian if you find the

694

00:28:53,029 --> 00:28:51,200

interview where he's talking about that

695

00:29:00,630 --> 00:28:53,039

post it in the chat so we can all check

696

00:29:06,710 --> 00:29:03,590

so then we have this in 1967. north

697

00:29:07,990 --> 00:29:06,720

dakota august

698

00:29:09,190 --> 00:29:08,000

first of all

699

00:29:10,950 --> 00:29:09,200

you know we're going to look at this

700

00:29:15,029 --> 00:29:10,960

real quick aircraft possible and we're

701
00:29:18,070 --> 00:29:16,230
why is this

702
00:29:24,190 --> 00:29:18,080
interesting

703
00:29:32,389 --> 00:29:25,750
1966

704
00:29:32,399 --> 00:29:37,909
at the air force bases um

705
00:29:41,190 --> 00:29:39,430
you know the kind of frustrating parts

706
00:29:42,630 --> 00:29:41,200
about these blue book papers is

707
00:29:46,070 --> 00:29:42,640
sometimes they're kind of out of order

708
00:29:48,630 --> 00:29:46,080
so excuse me if i just um

709
00:29:50,389 --> 00:29:48,640
skip to

710
00:29:52,149 --> 00:29:50,399
kind of get into things here but we have

711
00:29:53,830 --> 00:29:52,159
ufos here that are

712
00:29:57,029 --> 00:29:53,840
multiple ufos that are picked up on

713
00:30:01,269 --> 00:29:59,990

ufo so i'm going down here uh first

714

00:30:03,510 --> 00:30:01,279

paragraph right there where i

715

00:30:05,669 --> 00:30:03,520

highlighted ufo

716

00:30:08,389 --> 00:30:05,679

unidentified flying object was seen and

717

00:30:11,350 --> 00:30:08,399

reported by personnel at three different

718

00:30:21,590 --> 00:30:14,630

nearly a year before maelstrom

719

00:30:21,600 --> 00:30:27,750

and all sorts of people saw this

720

00:30:33,590 --> 00:30:29,830

alpha crew on duty so this is just kind

721

00:30:38,470 --> 00:30:35,990

they picked up the object 360 to 95

722

00:30:41,110 --> 00:30:38,480

miles 2400 no changing rain or

723

00:30:44,710 --> 00:30:41,120

azimuth mikey 4 reported

724

00:30:48,710 --> 00:30:46,789

under original um

725

00:30:53,909 --> 00:30:48,720

mike 6 reported object landed south of

726

00:30:53,919 --> 00:30:58,549

interesting huh object landed

727

00:30:58,559 --> 00:31:04,149

object appears to be glowing

728

00:31:08,470 --> 00:31:05,990

i thought maybe this was supposed to say

729

00:31:09,269 --> 00:31:08,480

nike six but it says mic six so i don't

730

00:31:12,549 --> 00:31:09,279

know

731

00:31:15,909 --> 00:31:12,559

i'm not sure

732

00:31:19,110 --> 00:31:15,919

uh personnel who saw object

733

00:31:21,110 --> 00:31:19,120

we got an airman first class

734

00:31:23,430 --> 00:31:21,120

airman second class airman first class

735

00:31:25,830 --> 00:31:23,440

airman second class airman third class

736

00:31:28,710 --> 00:31:25,840

airman first class technical sergeant

737

00:31:32,789 --> 00:31:28,720

airman third class airman third class

738

00:31:35,029 --> 00:31:32,799

a lot of witnesses right there

739

00:31:36,389 --> 00:31:35,039

to more missile sites emino air force

740

00:31:47,029 --> 00:31:36,399

base

741

00:31:47,039 --> 00:31:51,029

pretty interesting

742

00:31:54,950 --> 00:31:52,789

uh all sightings were being reported to

743

00:31:57,430 --> 00:31:54,960

captain smith inside one of the missile

744

00:31:58,830 --> 00:31:57,440

silos who reported to base operations

745

00:32:01,110 --> 00:31:58,840

airman third

746

00:32:06,230 --> 00:32:01,120

class who in turn reported that airman

747

00:32:09,909 --> 00:32:08,470

here's a drawing of the radar thing i

748

00:32:10,630 --> 00:32:09,919

guess

749

00:32:17,590 --> 00:32:10,640

it's

750

00:32:22,789 --> 00:32:19,110

drawn by

751
00:32:25,669 --> 00:32:22,799
angel camacho jr sergeant

752
00:32:26,830 --> 00:32:25,679
o is ufo

753
00:32:30,630 --> 00:32:26,840
so here's the

754
00:32:33,830 --> 00:32:32,230
oh darn it

755
00:32:38,310 --> 00:32:33,840
okay

756
00:32:42,070 --> 00:32:40,149
you know and this isn't the only one and

757
00:32:44,630 --> 00:32:42,080
it's which is interesting too about this

758
00:32:47,029 --> 00:32:44,640
is january 4th 1967

759
00:32:48,549 --> 00:32:47,039
is not when it happened but this is when

760
00:32:50,230 --> 00:32:48,559
this report came through or whatever and

761
00:32:52,950 --> 00:32:50,240
the information was requested by dr

762
00:32:56,389 --> 00:32:52,960
heineck and that starts off a whole slew

763
00:32:58,630 --> 00:32:56,399

of things in february glasglow montana

764

00:33:00,470 --> 00:32:58,640

glasgow whatever

765

00:33:01,750 --> 00:33:00,480

um

766

00:33:03,909 --> 00:33:01,760

there's

767

00:33:05,350 --> 00:33:03,919

ufos

768

00:33:06,230 --> 00:33:05,360

two

769

00:33:13,190 --> 00:33:06,240

on

770

00:33:16,710 --> 00:33:13,200

they called them actually unidentified

771

00:33:18,389 --> 00:33:16,720

which is like four hours uh i believe uh

772

00:33:21,990 --> 00:33:18,399

east

773

00:33:26,149 --> 00:33:22,000

of uh mountain's room

774

00:33:28,870 --> 00:33:27,750

around the same time and at this time

775

00:33:31,110 --> 00:33:28,880

we're talking about like february

776

00:33:34,389 --> 00:33:31,120

february 24th this happened glasgow air

777

00:33:37,350 --> 00:33:34,399

force base montana four hours east of

778

00:33:39,830 --> 00:33:37,360

maelstrom february which is like a month

779

00:33:43,590 --> 00:33:39,840

or so roughly a little less than a month

780

00:33:48,710 --> 00:33:46,389

at glasgow air force base they

781

00:33:50,830 --> 00:33:48,720

see two things on radar

782

00:33:54,710 --> 00:33:50,840

and

783

00:33:56,710 --> 00:33:54,720

before that

784

00:33:59,110 --> 00:33:56,720

or actually maybe even a little after

785

00:34:03,029 --> 00:33:59,120

that fargo north dakota these two kids

786

00:34:09,349 --> 00:34:06,389

they see um a couple objects right

787

00:34:11,669 --> 00:34:09,359

and they actually got photos of it

788

00:34:13,430 --> 00:34:11,679

and blue book called it other plasma you

789

00:34:15,510 --> 00:34:13,440

know they call it unidentified possible

790

00:34:17,270 --> 00:34:15,520

aircraft meteor whatever they called it

791

00:34:18,869 --> 00:34:17,280

plasma

792

00:34:20,950 --> 00:34:18,879

and there are actually pictures of this

793

00:34:22,550 --> 00:34:20,960

and pictures

794

00:34:24,550 --> 00:34:22,560

there's hundreds of pictures in the blue

795

00:34:26,230 --> 00:34:24,560

book files sketch guess which ones

796

00:34:29,349 --> 00:34:26,240

aren't there

797

00:34:36,869 --> 00:34:32,470

pretty crappy

798

00:34:36,879 --> 00:34:39,750

and then you have

799

00:34:39,760 --> 00:34:43,990

this siding

800

00:34:49,349 --> 00:34:46,950

belt montana unidentified

801
00:34:51,190 --> 00:34:49,359
march 24th observer was driving along a

802
00:34:54,230 --> 00:34:51,200
highway when he noticed

803
00:34:57,349 --> 00:34:54,240
um a dome-shaped object emitting an

804
00:34:59,349 --> 00:34:57,359
intense bright light land in a ravine

805
00:35:01,510 --> 00:34:59,359
the observer claimed he stopped the

806
00:35:03,510 --> 00:35:01,520
truck and got out to approach the object

807
00:35:05,349 --> 00:35:03,520
as he approached the object it lifted

808
00:35:06,470 --> 00:35:05,359
off the ground only to settle back in a

809
00:35:07,990 --> 00:35:06,480
ravine

810
00:35:09,829 --> 00:35:08,000
hidden from the highway attempts to

811
00:35:11,589 --> 00:35:09,839
locate the landing site were

812
00:35:13,270 --> 00:35:11,599
inconclusive

813
00:35:14,950 --> 00:35:13,280

ground and air search were completed

814

00:35:16,870 --> 00:35:14,960

with negative results no evidence was

815

00:35:18,630 --> 00:35:16,880

discovered that would indicate any kind

816

00:35:21,270 --> 00:35:18,640

of craft landed well guess what they

817

00:35:23,829 --> 00:35:21,280

called it unidentified and this was

818

00:35:24,630 --> 00:35:23,839

literally just days

819

00:35:26,470 --> 00:35:24,640

uh

820

00:35:35,430 --> 00:35:26,480

seemingly days after the maelstrom

821

00:35:39,990 --> 00:35:37,670

you know so yes we hear about robert

822

00:35:42,710 --> 00:35:40,000

salas in that incident and and we should

823

00:35:45,430 --> 00:35:42,720

that's an important one and

824

00:35:46,950 --> 00:35:45,440

includes missiles being

825

00:35:48,710 --> 00:35:46,960

you know taken offline rendered

826

00:35:52,710 --> 00:35:48,720

inoperable

827

00:35:52,720 --> 00:35:56,790

but the devil isn't the details here

828

00:36:01,030 --> 00:35:59,670

and we have by blue and it was extremely

829

00:36:02,950 --> 00:36:01,040

difficult

830

00:36:06,150 --> 00:36:02,960

by the way for blue book to call

831

00:36:08,710 --> 00:36:06,160

something unidentified like that was the

832

00:36:10,829 --> 00:36:08,720

last thing they ever wanted to do was

833

00:36:13,510 --> 00:36:10,839

call it unidentified they

834

00:36:16,870 --> 00:36:13,520

rather call it the moon

835

00:36:19,430 --> 00:36:16,880

they rather call it inconclusive

836

00:36:21,430 --> 00:36:19,440

you know not an insufficient data

837

00:36:23,430 --> 00:36:21,440

possibly a meteor

838

00:36:25,589 --> 00:36:23,440

possibly aircraft

839

00:36:27,670 --> 00:36:25,599

it was really difficult for them to call

840

00:36:30,230 --> 00:36:27,680

something unidentified and here they're

841

00:36:32,870 --> 00:36:30,240

calling this ufo reported that landed

842

00:36:35,030 --> 00:36:32,880

near belt montana a few days after the

843

00:36:40,790 --> 00:36:35,040

mouse room incident they call it

844

00:36:44,390 --> 00:36:42,390

they conducted a land search in a

845

00:36:45,910 --> 00:36:44,400

helicopter search

846

00:36:48,390 --> 00:36:45,920

you don't do that if you don't take it

847

00:36:51,510 --> 00:36:48,400

seriously

848

00:36:57,190 --> 00:36:51,520

if you don't think something's up

849

00:37:00,630 --> 00:36:59,030

here we got a follow-up report for ufo

850

00:37:02,230 --> 00:37:00,640

sighting mills from air force base this

851
00:37:04,390 --> 00:37:02,240
is a little bit separate grounded air

852
00:37:07,510 --> 00:37:04,400
search complete negative results

853
00:37:11,190 --> 00:37:09,510
then of course where does it go it was

854
00:37:15,270 --> 00:37:11,200
the condon committee

855
00:37:23,109 --> 00:37:15,280
which is pretty much the death

856
00:37:26,230 --> 00:37:24,550
so i'm scrolling through this in case

857
00:37:27,750 --> 00:37:26,240
you want to read it

858
00:37:31,829 --> 00:37:27,760
on your own time you can pause it or

859
00:37:35,990 --> 00:37:33,430
it's really easy to find yourself too if

860
00:37:38,310 --> 00:37:36,000
you go to my website witnesscitizen.com

861
00:37:39,589 --> 00:37:38,320
you can go to research tools

862
00:37:42,790 --> 00:37:39,599
and

863
00:37:47,589 --> 00:37:45,990

it's like the second or third one down

864

00:37:50,710 --> 00:37:47,599

it takes a

865

00:37:52,710 --> 00:37:50,720

150 000 plus blue book documents there's

866

00:37:55,430 --> 00:37:52,720

a search but it's a searchable database

867

00:37:58,069 --> 00:37:55,440

you can just literally

868

00:38:06,550 --> 00:37:58,079

search montana

869

00:38:13,030 --> 00:38:08,550

now this one is really interesting

870

00:38:17,750 --> 00:38:16,150

right so that's months after maelstrom

871

00:38:19,829 --> 00:38:17,760

this office has no knowledge of

872

00:38:21,109 --> 00:38:19,839

equipment malfunctions and abnormalities

873

00:38:23,670 --> 00:38:21,119

and equipment during the period of

874

00:38:25,190 --> 00:38:23,680

reported ufo sightings no validity can

875

00:38:27,030 --> 00:38:25,200

be established to the statement that a

876

00:38:28,790 --> 00:38:27,040

classified government experiment was in

877

00:38:31,109 --> 00:38:28,800

progress or that military and civilian

878

00:38:33,829 --> 00:38:31,119

personnel were requested not to discuss

879

00:38:37,430 --> 00:38:33,839

what they had seen a couple things wrong

880

00:38:41,670 --> 00:38:39,589

one thing very interesting so first they

881

00:38:42,870 --> 00:38:41,680

say no validity can be established to

882

00:38:48,150 --> 00:38:42,880

the statement that a classified

883

00:38:52,069 --> 00:38:50,230

the other is

884

00:38:58,710 --> 00:38:52,079

no knowledge of equipment malfunctions

885

00:38:58,720 --> 00:39:04,390

seems a little sketchy

886

00:39:07,589 --> 00:39:05,829

a written report on the events that

887

00:39:14,069 --> 00:39:07,599

transpired during the alleged ufo

888

00:39:17,510 --> 00:39:15,670

of this report was awarded to your

889

00:39:19,510 --> 00:39:17,520

office

890

00:39:21,990 --> 00:39:19,520

louis chase

891

00:39:23,670 --> 00:39:22,000

lewis chase and ufos

892

00:39:25,270 --> 00:39:23,680

lieutenant colonel united states air

893

00:39:27,829 --> 00:39:25,280

force

894

00:39:35,910 --> 00:39:30,470

interesting

895

00:39:37,670 --> 00:39:35,920

and i hope

896

00:39:41,190 --> 00:39:37,680

uh that

897

00:39:42,550 --> 00:39:41,200

i hope uh aim suck aimsic

898

00:39:45,990 --> 00:39:42,560

such

899

00:39:51,670 --> 00:39:49,589

i hope aimsig is checking this out

900

00:39:53,750 --> 00:39:51,680

probably not

901
00:39:55,030 --> 00:39:53,760
but maybe

902
00:39:57,750 --> 00:39:55,040
who knows

903
00:39:59,750 --> 00:39:57,760
but what we're gonna do

904
00:40:04,470 --> 00:39:59,760
before we get into

905
00:40:11,349 --> 00:40:07,030
so i don't know if you remember but uh

906
00:40:11,359 --> 00:40:16,550
yesterday we looked at um

907
00:40:22,630 --> 00:40:19,109
that um puerto rico case

908
00:40:25,349 --> 00:40:22,640
and a great um a friend of the show i

909
00:40:27,270 --> 00:40:25,359
guess i could say

910
00:40:29,589 --> 00:40:27,280
send me an email letting me know which

911
00:40:31,349 --> 00:40:29,599
maybe i should have already but

912
00:40:33,829 --> 00:40:31,359
i'm thankful that they sent me the email

913
00:40:34,870 --> 00:40:33,839

that um

914

00:40:36,790 --> 00:40:34,880

that

915

00:40:39,670 --> 00:40:36,800

case the puerto rico case i showed

916

00:40:41,910 --> 00:40:39,680

yesterday from uh 67 with the photo

917

00:40:44,710 --> 00:40:41,920

taken by padilla the air force guy

918

00:40:46,710 --> 00:40:44,720

at raymond air force base puerto rico

919

00:40:49,990 --> 00:40:46,720

was taken

920

00:40:56,390 --> 00:40:53,990

at the same spot as

921

00:41:01,349 --> 00:40:57,190

the

922

00:41:03,670 --> 00:41:01,359

at raphael hernandez airport which that

923

00:41:05,030 --> 00:41:03,680

video is somewhat known to be one of the

924

00:41:06,950 --> 00:41:05,040

best ua

925

00:41:10,230 --> 00:41:06,960

uap videos

926
00:41:15,829 --> 00:41:12,470
so

927
00:41:17,750 --> 00:41:15,839
evidence of

928
00:41:19,270 --> 00:41:17,760
something anomalous and unknown

929
00:41:21,430 --> 00:41:19,280
happening in the same spot at puerto

930
00:41:23,349 --> 00:41:21,440
rico so what we're going to do is we're

931
00:41:25,589 --> 00:41:23,359
going to check out that video

932
00:41:27,750 --> 00:41:25,599
as a little way to take a break

933
00:41:30,069 --> 00:41:27,760
for me to stop reading for a second and

934
00:41:31,829 --> 00:41:30,079
talking and we can watch it so

935
00:41:33,510 --> 00:41:31,839
but you know in the end we're still

936
00:41:36,140 --> 00:41:33,520
going to ask ourselves the same question

937
00:41:49,349 --> 00:41:36,150
as we do to all these videos and it's

938
00:41:49,359 --> 00:41:53,829

and is what the heck is that right

939

00:41:57,430 --> 00:41:55,270

he'd never

940

00:46:10,309 --> 00:41:57,440

pass up a good reason

941

00:46:14,309 --> 00:46:12,230

pretty cool video

942

00:46:16,069 --> 00:46:14,319

oh maybe there is sound now there's

943

00:46:17,670 --> 00:46:16,079

sound i'm getting a different one where

944

00:46:19,030 --> 00:46:17,680

there's sound

945

00:46:21,510 --> 00:46:19,040

well actually it's just someone

946

00:46:23,030 --> 00:46:21,520

narrating it maybe there is sound now

947

00:46:25,270 --> 00:46:23,040

there's sound i'm getting a different

948

00:46:35,140 --> 00:46:27,109

i actually it's just someone narrating

949

00:47:04,710 --> 00:46:42,600

950

00:47:08,630 --> 00:47:06,150

all right so now

951
00:47:11,109 --> 00:47:08,640
now what we're going to do is

952
00:47:13,270 --> 00:47:11,119
to finish up this show we got uh you

953
00:47:15,190 --> 00:47:13,280
know a few minutes left here and we got

954
00:47:17,750 --> 00:47:15,200
some pretty good information that i

955
00:47:19,750 --> 00:47:17,760
found in looking at this mouse from case

956
00:47:21,349 --> 00:47:19,760
and looking at the blue book files some

957
00:47:23,349 --> 00:47:21,359
other interesting things that really

958
00:47:24,950 --> 00:47:23,359
came up so

959
00:47:27,109 --> 00:47:24,960
um

960
00:47:29,349 --> 00:47:27,119
i wanted to look at that a little bit

961
00:47:30,470 --> 00:47:29,359
and show you guys some interesting

962
00:47:32,470 --> 00:47:30,480
things

963
00:47:35,109 --> 00:47:32,480

this first one here is a list of

964

00:47:37,670 --> 00:47:35,119

participants

965

00:47:40,549 --> 00:47:37,680

for the

966

00:47:44,390 --> 00:47:41,910

that happened at the university of

967

00:47:46,549 --> 00:47:44,400

colorado

968

00:47:48,390 --> 00:47:46,559

pertaining to the

969

00:47:50,630 --> 00:47:48,400

continent report

970

00:47:53,670 --> 00:47:50,640

you see this meeting the dates are 12th

971

00:47:55,589 --> 00:47:53,680

and 13th of june 1967 a couple months

972

00:47:59,750 --> 00:47:55,599

after the milestone incident

973

00:48:03,430 --> 00:47:59,760

and who do we have that's at the meeting

974

00:48:07,910 --> 00:48:05,510

what the heck we just read something

975

00:48:10,390 --> 00:48:07,920

from that guy

976
00:48:15,190 --> 00:48:10,400
chief operations division Phelps from

977
00:48:20,390 --> 00:48:17,430
he was on the list of participants at

978
00:48:23,750 --> 00:48:20,400
the ufo investigators meeting

979
00:48:24,950 --> 00:48:23,760
for the condom report Colorado

980
00:48:28,549 --> 00:48:24,960
now

981
00:48:32,069 --> 00:48:28,559
it's time for our new segment

982
00:48:32,079 --> 00:48:42,450
did you even know this

983
00:48:47,109 --> 00:48:44,710
[Music]

984
00:48:49,109 --> 00:48:47,119
that's right it's called

985
00:48:51,270 --> 00:48:49,119
did you know you didn't even know this

986
00:48:53,910 --> 00:48:51,280
so

987
00:48:56,069 --> 00:48:53,920
this is completely

988
00:48:58,150 --> 00:48:56,079

off topic so to speak but remember i

989

00:49:01,510 --> 00:48:58,160

mentioned that glasgow air force base

990

00:49:03,990 --> 00:49:01,520

montana episode red

991

00:49:06,589 --> 00:49:04,000

and i found something called

992

00:49:09,109 --> 00:49:06,599

within the paperwork here called project

993

00:49:10,470 --> 00:49:09,119

5992d which i still have to look up what

994

00:49:12,549 --> 00:49:10,480

that actually is

995

00:49:16,470 --> 00:49:12,559

but the name of it

996

00:49:19,910 --> 00:49:16,480

is freaking star trek

997

00:49:19,920 --> 00:49:24,710

i didn't know that

998

00:49:28,150 --> 00:49:26,710

star trek

999

00:49:32,230 --> 00:49:28,160

and

1000

00:49:34,870 --> 00:49:32,240

i found a document that actually

1001

00:49:38,870 --> 00:49:34,880

i believe is before the show started

1002

00:49:45,829 --> 00:49:43,750

which yeah july 4th 1966 star trek

1003

00:49:47,910 --> 00:49:45,839

boom so who's copying who the show

1004

00:49:50,549 --> 00:49:47,920

copying the air force project or is the

1005

00:49:52,390 --> 00:49:50,559

air force project copying in the show i

1006

00:49:55,710 --> 00:49:52,400

bet you didn't even know that

1007

00:50:00,360 --> 00:49:59,510

know this no you didn't know that that's

1008

00:50:02,710 --> 00:50:00,370

for sure so

1009

00:50:04,390 --> 00:50:02,720

[Laughter]

1010

00:50:06,710 --> 00:50:04,400

maybe it did i don't know

1011

00:50:08,630 --> 00:50:06,720

so moving on

1012

00:50:10,390 --> 00:50:08,640

so these are just little snippets uh

1013

00:50:13,910 --> 00:50:10,400

from what we talked about earlier so

1014

00:50:17,349 --> 00:50:13,920

this was february 24th 1967.

1015

00:50:19,030 --> 00:50:17,359

the first object this was the glasgow uh

1016

00:50:22,470 --> 00:50:19,040

sighting the first object was observed

1017

00:50:24,870 --> 00:50:22,480

for a few minutes object number was two

1018

00:50:27,109 --> 00:50:24,880

object number two was observed for about

1019

00:50:29,510 --> 00:50:27,119

one hour by sergeant bonds henson and

1020

00:50:31,990 --> 00:50:29,520

airman miller first object was view on

1021

00:50:33,910 --> 00:50:32,000

radar the second object was outside of

1022

00:50:36,470 --> 00:50:33,920

the sweep range of the radar unit in

1023

00:50:37,750 --> 00:50:36,480

question therefore it did not show on

1024

00:50:39,990 --> 00:50:37,760

radar

1025

00:50:43,589 --> 00:50:40,000

tower personnel or contacted air

1026

00:50:45,510 --> 00:50:43,599

activity in the area was negative

1027

00:50:52,790 --> 00:50:45,520

so it wasn't any other planes or

1028

00:50:58,870 --> 00:50:54,950

so now this is

1029

00:51:04,230 --> 00:51:00,549

now i was talking about that plasma

1030

00:51:05,190 --> 00:51:04,240

thing and so i included i look i found

1031

00:51:06,470 --> 00:51:05,200

some

1032

00:51:09,990 --> 00:51:06,480

um

1033

00:51:12,390 --> 00:51:10,000

cases that included plasma which i find

1034

00:51:13,670 --> 00:51:12,400

pretty interesting

1035

00:51:16,069 --> 00:51:13,680

so you can see

1036

00:51:18,150 --> 00:51:16,079

it says other plasma and it the most

1037

00:51:20,150 --> 00:51:18,160

interesting part about this specific

1038

00:51:23,270 --> 00:51:20,160

case

1039

00:51:27,349 --> 00:51:23,280

is it was one page

1040

00:51:30,950 --> 00:51:29,190

observers noted starlight object that

1041

00:51:33,670 --> 00:51:30,960

made a very

1042

00:51:35,670 --> 00:51:33,680

something circle then a smaller circle

1043

00:51:38,150 --> 00:51:35,680

around a radiotard

1044

00:51:39,670 --> 00:51:38,160

no actually this isn't the one pager but

1045

00:51:42,309 --> 00:51:39,680

i'm getting to that slowly felt like a

1046

00:51:45,030 --> 00:51:42,319

leaf in rocking movement

1047

00:51:47,030 --> 00:51:45,040

downward behind some trees the object

1048

00:51:49,030 --> 00:51:47,040

was predominantly

1049

00:51:51,910 --> 00:51:49,040

white however at times red and green

1050

00:51:56,790 --> 00:51:53,750

we talked with one of the two observers

1051
00:52:00,309 --> 00:51:56,800
who know that the observer saw plasma

1052
00:52:02,790 --> 00:52:00,319
surrounding radio tower six times

1053
00:52:05,670 --> 00:52:02,800
and taking about five seconds each trip

1054
00:52:08,950 --> 00:52:05,680
around

1055
00:52:10,470 --> 00:52:08,960
july 3rd 1966

1056
00:52:13,270 --> 00:52:10,480
another thing that you can keep in mind

1057
00:52:16,829 --> 00:52:13,280
is this cigar incident

1058
00:52:21,589 --> 00:52:19,270
1966 so this stuff is starting to get

1059
00:52:25,109 --> 00:52:21,599
like really really intense more so than

1060
00:52:27,430 --> 00:52:25,119
previous years 1966 1967 then the kind

1061
00:52:29,270 --> 00:52:27,440
of committee comes in and like blows it

1062
00:52:31,750 --> 00:52:29,280
out of the water and it disappears and

1063
00:52:33,990 --> 00:52:31,760

according to moultrie or whatever he

1064

00:52:35,670 --> 00:52:34,000

doesn't know any others

1065

00:52:36,710 --> 00:52:35,680

studies in the government afterwards

1066

00:52:41,750 --> 00:52:36,720

until he

1067

00:52:43,349 --> 00:52:42,030

yeah

1068

00:52:44,630 --> 00:52:43,359

[Laughter]

1069

00:52:47,589 --> 00:52:44,640

right

1070

00:52:49,349 --> 00:52:47,599

oh man that's hilarious okay so fargo

1071

00:52:50,630 --> 00:52:49,359

north dakota this is the other one i was

1072

00:52:53,349 --> 00:52:50,640

talking about with the two kids where

1073

00:52:55,270 --> 00:52:53,359

they called it unidentified

1074

00:52:56,870 --> 00:52:55,280

two boys 16 to 18 years of age who

1075

00:52:58,710 --> 00:52:56,880

according to investigating officer and

1076
00:53:00,309 --> 00:52:58,720
heineck who personally invested the case

1077
00:53:02,470 --> 00:53:00,319
appear to have good reliability saw a

1078
00:53:04,470 --> 00:53:02,480
luminescence blob arise from the ground

1079
00:53:06,309 --> 00:53:04,480
and ascend with acceleration in a

1080
00:53:08,390 --> 00:53:06,319
northeasterly direction the night was

1081
00:53:10,390 --> 00:53:08,400
dark and partly cloudy photographs are

1082
00:53:12,230 --> 00:53:10,400
consistent with verbal account boys and

1083
00:53:14,549 --> 00:53:12,240
indicate diameter of roughly spherical

1084
00:53:16,710 --> 00:53:14,559
glow to be five feet or somewhat larger

1085
00:53:18,230 --> 00:53:16,720
two polaroid photographs were taken in

1086
00:53:20,470 --> 00:53:18,240
our appearance the glow resembled a

1087
00:53:23,510 --> 00:53:20,480
hypothetical plasma ball and this could

1088
00:53:25,589 --> 00:53:23,520

be the explanation if it can be shown

1089

00:53:29,829 --> 00:53:25,599

that such plasma balls

1090

00:53:36,549 --> 00:53:31,910

which we could play that clip for them

1091

00:53:36,559 --> 00:53:42,850

you know

1092

00:53:46,790 --> 00:53:45,109

[Laughter]

1093

00:53:49,750 --> 00:53:46,800

it's stuck trick

1094

00:53:56,069 --> 00:53:52,549

christian that's a great point and i've

1095

00:53:58,230 --> 00:53:56,079

realized this the other day on twitter

1096

00:54:00,870 --> 00:53:58,240

it looks like a flying disc

1097

00:54:06,630 --> 00:54:03,170

it was a dark and cloudy night

1098

00:54:08,829 --> 00:54:06,640

[Laughter]

1099

00:54:11,109 --> 00:54:08,839

but that's interesting you know star

1100

00:54:13,670 --> 00:54:11,119

trek very interesting and what it was

1101

00:54:15,030 --> 00:54:13,680

was something that it's like the project

1102

00:54:17,030 --> 00:54:15,040

from first glance is some sort of

1103

00:54:19,030 --> 00:54:17,040

project that looks at the uh upper

1104

00:54:23,430 --> 00:54:19,040

atmosphere and takes uh some sort of

1105

00:54:29,349 --> 00:54:25,510

so this is really interesting so this

1106

00:54:32,230 --> 00:54:30,390

is

1107

00:54:33,030 --> 00:54:32,240

incredibly interesting

1108

00:54:35,910 --> 00:54:33,040

and

1109

00:54:36,870 --> 00:54:35,920

it has to do with these plasma type

1110

00:54:42,150 --> 00:54:36,880

balls

1111

00:54:45,349 --> 00:54:43,430

over the course of three years and they

1112

00:54:47,349 --> 00:54:45,359

had no idea what it is so we're going to

1113

00:54:49,109 --> 00:54:47,359

go down to the comments there bottom

1114

00:54:51,589 --> 00:54:49,119

left page and we're going to start there

1115

00:54:53,190 --> 00:54:51,599

comet's possibly a plastic bag balloon

1116

00:54:55,750 --> 00:54:53,200

it could be possible that the object was

1117

00:54:57,990 --> 00:54:55,760

bigger than plastic than is ordinarily

1118

00:55:00,630 --> 00:54:58,000

used with at least 20 candles instead of

1119

00:55:02,390 --> 00:55:00,640

the usual one

1120

00:55:04,069 --> 00:55:02,400

however it is interesting to note that

1121

00:55:05,670 --> 00:55:04,079

the lights went out instantly and

1122

00:55:07,910 --> 00:55:05,680

simultaneously

1123

00:55:09,190 --> 00:55:07,920

something that would be hard to achieve

1124

00:55:10,870 --> 00:55:09,200

with candles

1125

00:55:12,230 --> 00:55:10,880

wind direction while not exactly in the

1126

00:55:14,230 --> 00:55:12,240

same direction as the flight of the

1127

00:55:16,230 --> 00:55:14,240

object was in the same general direction

1128

00:55:18,230 --> 00:55:16,240

indeed uh may have been in the same

1129

00:55:20,150 --> 00:55:18,240

direction at mandi

1130

00:55:22,710 --> 00:55:20,160

well do you know or don't you enough

1131

00:55:24,870 --> 00:55:22,720

with the man deeds another possibility

1132

00:55:26,789 --> 00:55:24,880

an ordinary weather type balloon with

1133

00:55:27,670 --> 00:55:26,799

battery-powered light devices suspended

1134

00:55:29,750 --> 00:55:27,680

under it

1135

00:55:31,589 --> 00:55:29,760

okay the hula hoop effect may have been

1136

00:55:32,829 --> 00:55:31,599

caused by the suspension lines cutting

1137

00:55:34,470 --> 00:55:32,839

into the balloon

1138

00:55:36,870 --> 00:55:34,480

okay

1139

00:55:38,710 --> 00:55:36,880

their possibility a plasma of ionized

1140

00:55:41,270 --> 00:55:38,720

air the orange color is about the same

1141

00:55:43,190 --> 00:55:41,280

as a low energy plasma the manner in

1142

00:55:45,270 --> 00:55:43,200

which the lights went out might indicate

1143

00:55:47,109 --> 00:55:45,280

the plasma suddenly lost its electrical

1144

00:55:48,390 --> 00:55:47,119

charge

1145

00:55:49,670 --> 00:55:48,400

however

1146

00:55:52,150 --> 00:55:49,680

so

1147

00:55:54,069 --> 00:55:52,160

you know a couple things here

1148

00:55:56,069 --> 00:55:54,079

the orange color is about the same color

1149

00:55:57,670 --> 00:55:56,079

as the low energy plasma the manner in

1150

00:55:59,190 --> 00:55:57,680

which the lights went out might indicate

1151

00:56:00,630 --> 00:55:59,200

that the plasma suddenly lost its

1152

00:56:03,430 --> 00:56:00,640

electrical charge

1153

00:56:05,030 --> 00:56:03,440

at maelstrom the guy reported a

1154

00:56:06,309 --> 00:56:05,040

orange

1155

00:56:08,150 --> 00:56:06,319

glowing

1156

00:56:09,750 --> 00:56:08,160

orb

1157

00:56:11,910 --> 00:56:09,760

does that thing have enough electrical

1158

00:56:14,309 --> 00:56:11,920

charges to do what it did to the

1159

00:56:17,349 --> 00:56:14,319

nuke silos i don't know but it's an

1160

00:56:19,030 --> 00:56:17,359

interesting connection

1161

00:56:22,390 --> 00:56:19,040

and there is a cross effect to these

1162

00:56:27,589 --> 00:56:23,990

like this

1163

00:56:31,109 --> 00:56:29,030

however the cross effect might not be

1164

00:56:33,990 --> 00:56:31,119

equated with plasma phenomenon okay so

1165

00:56:36,309 --> 00:56:34,000

here four this is the kicker these ideas

1166

00:56:38,549 --> 00:56:36,319

are pure speculation

1167

00:56:39,589 --> 00:56:38,559

and at the moment cannot be supported by

1168

00:56:42,150 --> 00:56:39,599

evidence

1169

00:56:44,390 --> 00:56:42,160

similar lights although not cross-shaped

1170

00:56:46,549 --> 00:56:44,400

have been reported over the islands of

1171

00:56:49,750 --> 00:56:46,559

hawaii maui and

1172

00:56:51,750 --> 00:56:49,760

oahu during the last three years

1173

00:56:54,069 --> 00:56:51,760

in all instances they have been listed

1174

00:56:55,510 --> 00:56:54,079

as unknown since we could not find a

1175

00:56:57,670 --> 00:56:55,520

reason for them

1176

00:57:01,109 --> 00:56:57,680

indeed in most cases we ruled them

1177

00:57:06,230 --> 00:57:01,119

insignificant according to the criteria

1178

00:57:09,750 --> 00:57:08,630

oh yeah okay so maybe change the

1179

00:57:12,230 --> 00:57:09,760

criteria

1180

00:57:14,630 --> 00:57:12,240

freaking morons however they are being

1181

00:57:16,870 --> 00:57:14,640

seen by the public and we cannot find a

1182

00:57:19,270 --> 00:57:16,880

reasonable explanation

1183

00:57:20,789 --> 00:57:19,280

some of them may be hoaxes but not all

1184

00:57:24,230 --> 00:57:20,799

because the locations of some of the

1185

00:57:26,470 --> 00:57:24,240

sightings such as the remote sides of

1186

00:57:29,109 --> 00:57:26,480

volcanoes

1187

00:57:31,109 --> 00:57:29,119

and over water areas

1188

00:57:39,750 --> 00:57:31,119

between some of the islands are not

1189

00:57:44,390 --> 00:57:41,910

you get that right

1190

00:57:46,150 --> 00:57:44,400

there's a little bit more on that

1191

00:57:52,829 --> 00:57:46,160

shape illuminated cross cross pieces

1192

00:57:59,670 --> 00:57:54,470

um

1193

00:58:03,190 --> 00:58:01,990

there really i don't want to make make

1194

00:58:12,470 --> 00:58:03,200

sure i don't miss anything but i'm

1195

00:58:12,480 --> 00:58:17,190

okay so

1196

00:58:17,200 --> 00:58:21,270

there's something um

1197

00:58:27,109 --> 00:58:23,510

interesting that i also found and i

1198

00:58:30,950 --> 00:58:27,119

think maybe this is it yeah okay

1199

00:58:34,150 --> 00:58:30,960

um and it's from a dr menzel

1200

00:58:37,190 --> 00:58:34,160

and dr manziel around this time in 1967

1201
00:58:40,230 --> 00:58:37,200
started to kind of almost vying to be

1202
00:58:41,910 --> 00:58:40,240
the consultant

1203
00:58:43,750 --> 00:58:41,920
for blue book

1204
00:58:46,470 --> 00:58:43,760
rather than

1205
00:58:51,589 --> 00:58:46,480
um dr heineck

1206
00:58:55,589 --> 00:58:53,910
about um

1207
00:58:57,510 --> 00:58:55,599
i'm open-minded but that's probably some

1208
00:58:58,640 --> 00:58:57,520
space debris oh you're not very

1209
00:59:00,789 --> 00:58:58,650
open-minded then

1210
00:59:02,870 --> 00:59:00,799
[Laughter]

1211
00:59:04,950 --> 00:59:02,880
uh so manziel

1212
00:59:06,950 --> 00:59:04,960
started talking a lot of crap about uh

1213
00:59:08,789 --> 00:59:06,960

hynek basically saying i can't believe

1214

00:59:10,950 --> 00:59:08,799

that you're still working with this guy

1215

00:59:11,990 --> 00:59:10,960

or whatever right

1216

00:59:14,470 --> 00:59:12,000

and

1217

00:59:16,829 --> 00:59:14,480

you know throwing his his brazilian

1218

00:59:18,470 --> 00:59:16,839

explanations for everything

1219

00:59:22,069 --> 00:59:18,480

so

1220

00:59:24,150 --> 00:59:22,079

this little bit of letter

1221

00:59:26,150 --> 00:59:24,160

i wanted to show

1222

00:59:28,470 --> 00:59:26,160

because this menzel guy was working

1223

00:59:30,470 --> 00:59:28,480

directly with quintilla the air force

1224

00:59:32,630 --> 00:59:30,480

blue book guy

1225

00:59:34,150 --> 00:59:32,640

and you need to know what they're saying

1226

00:59:38,870 --> 00:59:34,160

about people

1227

00:59:41,510 --> 00:59:38,880

and it's the second paragraph no one

1228

00:59:43,030 --> 00:59:41,520

regarded the case of 14th of august 1968

1229

00:59:47,430 --> 00:59:43,040

after reading the record i'm completely

1230

00:59:50,470 --> 00:59:48,789

it has been my experience that when a

1231

00:59:52,549 --> 00:59:50,480

person says in effect the sighting

1232

00:59:53,430 --> 00:59:52,559

reminded me of but it could not have

1233

00:59:54,630 --> 00:59:53,440

been

1234

00:59:56,870 --> 00:59:54,640

because

1235

00:59:57,750 --> 00:59:56,880

then it almost always is

1236

01:00:01,750 --> 00:59:57,760

that

1237

01:00:03,190 --> 01:00:01,760

since because is invalid

1238

01:00:05,990 --> 01:00:03,200

this would not be the first time that

1239

01:00:08,630 --> 01:00:06,000

people have called the mona ufo i think

1240

01:00:10,230 --> 01:00:08,640

that many of the ufo investigations have

1241

01:00:11,829 --> 01:00:10,240

failed because the investigators take

1242

01:00:13,109 --> 01:00:11,839

the statements of witnesses at their

1243

01:00:15,750 --> 01:00:13,119

face value

1244

01:00:27,990 --> 01:00:15,760

under such circumstances i subscribe to

1245

01:00:32,470 --> 01:00:30,150

he subscribes to the motto

1246

01:00:39,190 --> 01:00:32,480

that people are dumb

1247

01:00:45,190 --> 01:00:41,430

consultant for hector quintilla

1248

01:00:53,750 --> 01:00:47,589

subscribes to the motto that people are

1249

01:00:53,760 --> 01:00:58,549

so

1250

01:01:02,309 --> 01:01:01,510

yeah here's dr menzel dr idiot

1251

01:01:05,109 --> 01:01:02,319

okay

1252

01:01:07,430 --> 01:01:05,119

and then um you know this iphone too

1253

01:01:12,069 --> 01:01:07,440

which is just kind of cute honolulu

1254

01:01:12,079 --> 01:01:18,789

so yeah

1255

01:01:22,309 --> 01:01:20,470

so

1256

01:01:25,270 --> 01:01:22,319

why did i really want to show that i

1257

01:01:26,950 --> 01:01:25,280

mean first of all if you've seen a ufo

1258

01:01:29,109 --> 01:01:26,960

that should really hurt your feelings it

1259

01:01:30,710 --> 01:01:29,119

hurt my feelings seeing it it pissed me

1260

01:01:33,910 --> 01:01:30,720

off

1261

01:01:33,920 --> 01:01:36,710

and

1262

01:01:41,589 --> 01:01:38,710

like if people

1263

01:01:42,870 --> 01:01:41,599

even around that time knew like uh

1264

01:01:44,950 --> 01:01:42,880

solace or

1265

01:01:47,270 --> 01:01:44,960

anybody else who was reporting ufos

1266

01:01:49,990 --> 01:01:47,280

during that time that were sent for

1267

01:01:51,829 --> 01:01:50,000

consultation from menzel should be

1268

01:01:54,710 --> 01:01:51,839

pissed off in the united states

1269

01:01:57,109 --> 01:01:54,720

government owes us an explanation for

1270

01:02:04,789 --> 01:01:57,119

working with people whose motto is

1271

01:02:04,799 --> 01:02:09,670

you know

1272

01:02:13,109 --> 01:02:11,670

and i think it's uh

1273

01:02:14,710 --> 01:02:13,119

disgusting

1274

01:02:17,109 --> 01:02:14,720

and i think they owe the american people

1275

01:02:19,990 --> 01:02:17,119

an explanation and a

1276

01:02:21,270 --> 01:02:20,000

service of actually investigating this

1277

01:02:27,670 --> 01:02:21,280

thoroughly

1278

01:02:27,680 --> 01:02:32,309

because i'm sorry but

1279

01:02:36,950 --> 01:02:34,789

it's my motto that people that can't

1280

01:02:39,750 --> 01:02:36,960

comprehend something outside of their

1281

01:02:42,150 --> 01:02:39,760

box enough to hold a conversation and be

1282

01:02:48,470 --> 01:02:42,160

open-minded enough to that possibility

1283

01:02:52,309 --> 01:02:50,069

because no matter how much they want to

1284

01:02:54,470 --> 01:02:52,319

live in their little box

1285

01:02:58,309 --> 01:02:54,480

that's not what life is

1286

01:03:02,230 --> 01:03:00,470

life is not normal life is not in a

1287

01:03:03,990 --> 01:03:02,240

little box it's not neat and it's not

1288

01:03:07,190 --> 01:03:04,000

nice

1289

01:03:09,349 --> 01:03:07,200

it's wild it's weird

1290

01:03:16,230 --> 01:03:09,359

and there's a whole bunch about this

1291

01:03:19,910 --> 01:03:18,230

if you look

1292

01:03:21,910 --> 01:03:19,920

looking at miracles

1293

01:03:24,309 --> 01:03:21,920

near-death experiences

1294

01:03:28,150 --> 01:03:24,319

look into

1295

01:03:32,069 --> 01:03:28,160

paranormal stuff ufos

1296

01:03:34,069 --> 01:03:32,079

there's something going on with it all

1297

01:03:37,270 --> 01:03:34,079

in the rebuttal of you believe

1298

01:03:39,750 --> 01:03:37,280

everything that you hear is dumb because

1299

01:03:43,109 --> 01:03:39,760

no none of us do we're all aware of

1300

01:03:45,750 --> 01:03:43,119

hoaxes we're all aware of liars

1301

01:03:50,950 --> 01:03:45,760

you know

1302

01:03:55,109 --> 01:03:52,470

it's about damn time we start taking

1303

01:03:56,390 --> 01:03:55,119

that seriously

1304

01:03:58,549 --> 01:03:56,400

so

1305

01:04:00,470 --> 01:03:58,559

with that

1306

01:04:02,549 --> 01:04:00,480

i'm getting out of here yo

1307

01:04:05,190 --> 01:04:02,559

and i appreciate everybody for hanging

1308

01:04:07,190 --> 01:04:05,200

out and being patient as i

1309

01:04:08,789 --> 01:04:07,200

go through

1310

01:04:10,870 --> 01:04:08,799

uh all this stuff

1311

01:04:12,789 --> 01:04:10,880

there's a lot of stuff

1312

01:04:14,710 --> 01:04:12,799

most definitely

1313

01:04:17,029 --> 01:04:14,720

it's a lot of documents i had a great

1314

01:04:21,510 --> 01:04:17,039

time doing it though

1315

01:04:26,470 --> 01:04:24,230

i'm going to leave you with this very

1316

01:04:30,630 --> 01:04:26,480

fun thing

1317

01:04:33,829 --> 01:04:30,640

it was during the 84 olympics

1318

01:04:36,870 --> 01:04:33,839

that they basically did a huge

1319

01:04:38,470 --> 01:04:36,880

ufo extravaganza

1320

01:04:40,630 --> 01:04:38,480

and it's pretty awesome so i'm going to

1321

01:04:42,069 --> 01:04:40,640

leave you with that hope you guys have a

1322

01:04:43,349 --> 01:04:42,079

great day not sure when i'm gonna be

1323

01:05:59,460 --> 01:05:58,250

[Music]

1345

01:06:01,330 --> 01:05:59,470

[Applause]

1346

01:06:02,670 --> 01:06:01,340

[Applause]

1352
01:06:22,410 --> 01:06:19,520
[Music]

1353
01:06:33,510 --> 01:06:22,420

[Music]

1366

01:08:39,189 --> 01:08:35,920

for almost 100 years you have celebrated

1367

01:08:42,950 --> 01:08:39,199

the best that humanity has to offer

1368

01:08:46,149 --> 01:08:42,960

you call it the olympic games and for

1369

01:08:49,360 --> 01:08:46,159

that stand with cities which have kept

1370

01:08:51,530 --> 01:08:49,370

the olympic ideal alive

1371

01:08:55,429 --> 01:08:51,540

[Music]

1372

01:08:56,660 --> 01:08:55,439

[Applause]
