[Music]

2

what's up everybody

3
00:00:56,150 --> 00:00:53,750

glad you could join us

4
00:00:59,670 --> 00:00:56,160

we have a pretty

5
00:01:01,029 --> 00:00:59,680
great show because we have jay

6
00:01:02,869 --> 00:01:01,039

on the show

7
00:01:03,750 --> 00:01:02,879

and

8
00:01:06,070 --> 00:01:03,760

jay

9
00:01:08,789 --> 00:01:06,080
is my favorite person usually on

10
00:01:10,070 --> 00:01:08,799
wednesdays but today it's on thursday

11
00:01:11,510 --> 00:01:10,080
hey

12
00:01:12,550 --> 00:01:11,520
i'll take it

13
00:01:14,710 --> 00:01:12,560

any day

14

00:01:16,950 --> 00:01:14,720

if i saw you every day then i could say

15

00:01:18,950 --> 00:01:16,960

you're my favorite person every day oh

16

00:01:21,030 --> 00:01:18,960

man that's so bad beautiful that's so

17

00:01:22,950 --> 00:01:21,040

wonderful to hear i appreciate it

18

00:01:25,109 --> 00:01:22,960

you're not a poem but

19

00:01:27,510 --> 00:01:25,119

you're you're you're my favorite you're

20

00:01:30,149 --> 00:01:27,520

my favorite guy on wednesdays and

21

00:01:31,990 --> 00:01:30,159

thursdays and any day that i'd see you

22

00:01:34,390 --> 00:01:32,000

absolutely i agree yeah it's really

23

00:01:36,789 --> 00:01:34,400

sweet man what's going on that we keep

24

00:01:38,149 --> 00:01:36,799

it to only a couple days or

25

00:01:40,469 --> 00:01:38,159

our loved ones will probably get pretty

26

00:01:42,230 --> 00:01:40,479

irritated oh that

27

00:01:44,069 --> 00:01:42,240

yeah i could totally understand that i

28

00:01:46,389 --> 00:01:44,079

could totally understand that and you

29

00:01:47,749 --> 00:01:46,399

know for those that don't know

30

00:01:48,950 --> 00:01:47,759

um

31

00:01:51,510 --> 00:01:48,960

uh

32

00:01:53,990 --> 00:01:51,520

we shawn and i actually got to hang out

33

00:01:56,630 --> 00:01:54,000

in person for the very first time this

34

00:01:59,109 --> 00:01:56,640

last weekend in new york city which was

35

00:02:01,030 --> 00:01:59,119

in new jersey which was absolutely

36

00:02:02,389 --> 00:02:01,040

wonderful at least according to me i

37

00:02:05,590 --> 00:02:02,399

thought it was awesome

38

00:02:07,510 --> 00:02:05,600

it was fantastic i left my shoes at your

39

00:02:09,589 --> 00:02:07,520

house and that's the one part that

40

00:02:11,350 --> 00:02:09,599

pissed me off but i also kind of did it

41

00:02:13,270 --> 00:02:11,360

on purpose because then i could just get

42

00:02:14,229 --> 00:02:13,280

a new pair and i love buying new pairs

43

00:02:18,070 --> 00:02:14,239

of shoes

44

00:02:20,830 --> 00:02:18,080

well i'm happy to be an excuse generator

45

00:02:23,030 --> 00:02:20,840

for you in the shoe department that's

46

00:02:24,790 --> 00:02:23,040

absolutely a-okay

47

00:02:27,430 --> 00:02:24,800

it was really cool you know it was

48

00:02:29,430 --> 00:02:27,440

really cool i see kirsten in the chat we

49

00:02:33,110 --> 00:02:29,440

got to hang out with kirsten

50

00:02:35,589 --> 00:02:33,120

um we got to hang out with james iandoli

51
00:02:37,830 --> 00:02:35,599
from engaging the phenomenon

52
00:02:39,910 --> 00:02:37,840
we also got to hang out with priscilla

53
00:02:41,350 --> 00:02:39,920
the quantum witch herself which was

54
00:02:42,949 --> 00:02:41,360
which was incredible

55
00:02:45,270 --> 00:02:42,959
yes it was yeah

56
00:02:46,470 --> 00:02:45,280
it was pretty great um did you mention

57
00:02:48,229 --> 00:02:46,480
james

58
00:02:49,670 --> 00:02:48,239
yeah yeah

59
00:02:51,589 --> 00:02:49,680
but i'll mention him again because he

60
00:02:53,589 --> 00:02:51,599
rules

61
00:02:55,830 --> 00:02:53,599
weren't you surprised at how jacked

62
00:02:57,509 --> 00:02:55,840
james is when you uh when you saw him

63
00:03:00,390 --> 00:02:57,519

for the first time were you surprised

64

00:03:03,190 --> 00:03:00,400

because i was no i was surprised at his

65

00:03:04,550 --> 00:03:03,200

height but not his jackness i i expected

66

00:03:06,309 --> 00:03:04,560

him to be jacked

67

00:03:09,430 --> 00:03:06,319

um you can tell he's get that upper

68

00:03:11,030 --> 00:03:09,440

shoulder strength is is just

69

00:03:13,110 --> 00:03:11,040

can't compete nobody can compete with

70

00:03:14,949 --> 00:03:13,120

that so but i kind of figured he'd be

71

00:03:16,830 --> 00:03:14,959

about my my height but i saw him in

72

00:03:20,309 --> 00:03:16,840

person he's like what is he seven

73

00:03:22,869 --> 00:03:20,319

two something like that

74

00:03:25,270 --> 00:03:22,879

i think he's only like six four but

75

00:03:27,589 --> 00:03:25,280

at least but he's only six four and

76

00:03:30,550 --> 00:03:27,599

roughly like two and a half times the

77

00:03:33,350 --> 00:03:30,560

width of me his shoulders are you know i

78

00:03:35,910 --> 00:03:33,360

feel like if you just threw a bunch of

79

00:03:38,149 --> 00:03:35,920

a bunch of hair you know glue and hair

80

00:03:39,990 --> 00:03:38,159

at him he would have like a sasquatch

81

00:03:42,390 --> 00:03:40,000

costume like already

82

00:03:45,509 --> 00:03:42,400

kind of going you know i just wanted to

83

00:03:47,509 --> 00:03:45,519

start the james 7 2 rumor online oh

84

00:03:48,630 --> 00:03:47,519

that's a good idea

85

00:03:50,949 --> 00:03:48,640

yeah

86

00:03:52,949 --> 00:03:50,959

james and doley has a posse it could be

87

00:03:55,990 --> 00:03:52,959

like those old shepherd fairy bumper

88

00:03:57,670 --> 00:03:56,000

stickers about uh andre the giant so i

89

00:04:00,149 --> 00:03:57,680

mean we got

90

00:04:01,670 --> 00:04:00,159

i feel like so much is happening these

91

00:04:02,949 --> 00:04:01,680

days in

92

00:04:05,030 --> 00:04:02,959

um

93

00:04:06,869 --> 00:04:05,040

such a short amount of time

94

00:04:08,630 --> 00:04:06,879

uh for sure i mean even since the

95

00:04:10,550 --> 00:04:08,640

hearings we've we've had so much stuff

96

00:04:12,710 --> 00:04:10,560

and i i always love to

97

00:04:14,550 --> 00:04:12,720

talk about the little the little tidbits

98

00:04:17,189 --> 00:04:14,560

of people like elizondo talk about on

99

00:04:19,590 --> 00:04:17,199

interviews and uh ross coldheart uh

100

00:04:22,230 --> 00:04:19,600

which which i want to get to but

101

00:04:24,310 --> 00:04:22,240

um we also had a uh article from

102

00:04:26,830 --> 00:04:24,320

liberation times it was about how nasa

103

00:04:29,990 --> 00:04:26,840

wants to get in the uap game or is

104

00:04:31,510 --> 00:04:30,000

um and we have a scu conference coming

105

00:04:34,629 --> 00:04:31,520

up um

106

00:04:35,749 --> 00:04:34,639

we have james webb telescope unveiling

107

00:04:36,710 --> 00:04:35,759

their first

108

00:04:40,150 --> 00:04:36,720

uh

109

00:04:42,150 --> 00:04:40,160

there's so much photos next month

110

00:04:43,510 --> 00:04:42,160

so yeah what do you pick what do you

111

00:04:46,710 --> 00:04:43,520

want to start with

112

00:04:48,390 --> 00:04:46,720

gosh um well let's see well first of all

113

00:04:50,950 --> 00:04:48,400

i would like to say hi to everybody in

114

00:04:52,870 --> 00:04:50,960

the chat um because they're absolutely

115

00:04:54,469 --> 00:04:52,880

wonderful and uh

116

00:04:58,790 --> 00:04:54,479

it's always great to see folks like

117

00:05:00,469 --> 00:04:58,800

andres and elena and kirsten and anyo t

118

00:05:02,950 --> 00:05:00,479

and benji

119

00:05:04,070 --> 00:05:02,960

and jonathan and everybody else that

120

00:05:06,230 --> 00:05:04,080

happens to be over there right now

121

00:05:08,310 --> 00:05:06,240

robert robert goford and others uh

122

00:05:10,469 --> 00:05:08,320

thanks for joining us and thanks for

123

00:05:11,350 --> 00:05:10,479

keeping everything as

124

00:05:13,590 --> 00:05:11,360

uh

125

00:05:14,550 --> 00:05:13,600

wonderful and respectful over there as

126

00:05:17,590 --> 00:05:14,560

you do

127

00:05:20,790 --> 00:05:17,600

at every every time we get together

128

00:05:23,350 --> 00:05:20,800

um yes yes there's so much but you know

129

00:05:24,870 --> 00:05:23,360

so no spoilers but um why don't we uh do

130

00:05:26,550 --> 00:05:24,880

you want to hit the um do you want to

131

00:05:28,950 --> 00:05:26,560

hit the nasa news first because that

132

00:05:29,909 --> 00:05:28,960

might be one of the older things sure

133

00:05:31,990 --> 00:05:29,919

sure

134

00:05:34,550 --> 00:05:32,000

all the way from last friday well it's

135

00:05:36,870 --> 00:05:34,560

interesting it's interesting because you

136

00:05:38,469 --> 00:05:36,880

know it almost seemed like on purpose

137

00:05:39,670 --> 00:05:38,479

you have bill nelson coming out there

138

00:05:40,710 --> 00:05:39,680

talking about

139

00:05:43,189 --> 00:05:40,720

you know

140

00:05:46,710 --> 00:05:43,199

such and such other worlds have oceans

141

00:05:49,029 --> 00:05:46,720

and if they have oceans they have life

142

00:05:50,629 --> 00:05:49,039

you know and who are we to say that

143

00:05:52,950 --> 00:05:50,639

we're the only intelligent ones out

144

00:05:54,150 --> 00:05:52,960

there and and all that and

145

00:05:56,950 --> 00:05:54,160

um

146

00:05:58,870 --> 00:05:56,960

here we are uh lou alexander's dropping

147

00:06:00,469 --> 00:05:58,880

a little hint done

148

00:06:02,309 --> 00:06:00,479

uh you may be hearing some news from

149

00:06:04,790 --> 00:06:02,319

nasa and then

150

00:06:07,110 --> 00:06:04,800

uh we don't hear news directly from nasa

151

00:06:10,070 --> 00:06:07,120

but we heard it from uh christopher

152

00:06:12,469 --> 00:06:10,080

sharp on liberation times

153

00:06:14,629 --> 00:06:12,479

who who talked about this nasa story who

154

00:06:17,189 --> 00:06:14,639

basically they're going to help out

155

00:06:20,070 --> 00:06:17,199

apparently with the

156

00:06:20,870 --> 00:06:20,080

aoi msg or whatever you want to call it

157

00:06:25,029 --> 00:06:20,880

um

158

00:06:26,870 --> 00:06:25,039

in the the hunt for red october or uaps

159

00:06:29,909 --> 00:06:26,880

so

160

00:06:31,029 --> 00:06:29,919

it's pretty interesting and

161

00:06:32,870 --> 00:06:31,039

you know

162

00:06:34,790 --> 00:06:32,880

and they're going to interview like

163

00:06:35,909 --> 00:06:34,800

astronauts apparently that that head

164

00:06:38,710 --> 00:06:35,919

encounters

165

00:06:41,029 --> 00:06:38,720

which uh we you know we know of one

166

00:06:43,110 --> 00:06:41,039

well a few but my favorite uh

167

00:06:44,710 --> 00:06:43,120

unfortunately wouldn't be able to

168

00:06:45,830 --> 00:06:44,720

to discuss it even though he didn't see

169

00:06:49,029 --> 00:06:45,840

it i don't think when he was an

170

00:06:51,589 --> 00:06:49,039

astronaut but uh edward uh mitchell

171

00:06:53,589 --> 00:06:51,599

edgar mitchell yeah so

172

00:06:55,589 --> 00:06:53,599

um but i'd be interested

173

00:06:57,350 --> 00:06:55,599

you know the fact to me that they're

174

00:07:00,309 --> 00:06:57,360

gonna go back and review footage and

175

00:07:01,270 --> 00:07:00,319

talk to people like that um means to me

176

00:07:05,830 --> 00:07:01,280

that

177

00:07:09,830 --> 00:07:05,840

know

178

00:07:12,070 --> 00:07:09,840

are so to speak and maybe they're gonna

179

00:07:13,990 --> 00:07:12,080

put those on record um

180

00:07:15,749 --> 00:07:14,000

but i don't know uh what do you think i

181

00:07:17,909 --> 00:07:15,759

think we even we got a quote from a

182

00:07:20,950 --> 00:07:17,919

friend a show on this i believe

183

00:07:23,189 --> 00:07:20,960

we sure do we sure do yeah so

184

00:07:25,110 --> 00:07:23,199

yeah absolutely sean

185

00:07:27,510 --> 00:07:25,120

uh as christopher sharp was saying in

186

00:07:30,070 --> 00:07:27,520

the liberty liberation times article

187

00:07:31,510 --> 00:07:30,080

this move would make sense and assist

188

00:07:34,790 --> 00:07:31,520

aimsawg

189

00:07:36,629 --> 00:07:34,800

or aoi msg office with its legislated

190

00:07:39,589 --> 00:07:36,639

mission which includes coordination with

191

00:07:41,909 --> 00:07:39,599

nasa the department of homeland security

192

00:07:43,990 --> 00:07:41,919

the national oceanic and atmospheric

193

00:07:46,150 --> 00:07:44,000

administration and the department of

194

00:07:48,230 --> 00:07:46,160

energy

195

00:07:51,110 --> 00:07:48,240

and with the exception of nasa no word

196

00:07:52,950 --> 00:07:51,120

has come out of any other agency listed

197

00:07:55,270 --> 00:07:52,960

above as of yet

198

00:07:57,510 --> 00:07:55,280

so um it'll be interesting to pursue

199

00:07:59,189 --> 00:07:57,520

those leads in the weeks and months

200

00:08:00,550 --> 00:07:59,199

ahead

201
00:08:03,510 --> 00:08:00,560
now

202
00:08:06,230 --> 00:08:03,520
according to the daily mail source

203
00:08:08,550 --> 00:08:06,240
aoi msg has already requested footage

204
00:08:10,869 --> 00:08:08,560
from nasa cameras during space missions

205
00:08:12,629 --> 00:08:10,879
as part of its investigations

206
00:08:15,110 --> 00:08:12,639
now of course that's going to be

207
00:08:16,790 --> 00:08:15,120
interesting to anybody that has been

208
00:08:19,029 --> 00:08:16,800
looking into

209
00:08:21,029 --> 00:08:19,039
uap ufo videos

210
00:08:22,710 --> 00:08:21,039
for any length of time online because

211
00:08:24,309 --> 00:08:22,720
for many years

212
00:08:27,749 --> 00:08:24,319
one of the

213
00:08:31,350 --> 00:08:27,759

strongest candidates for where to look

214

00:08:34,709 --> 00:08:31,360

for reliable possibilities of ufo and

215

00:08:36,790 --> 00:08:34,719

uap footage has been those live casts

216

00:08:39,750 --> 00:08:36,800

that nasa has famously done from their

217

00:08:41,670 --> 00:08:39,760

missions for many many years and so you

218

00:08:44,550 --> 00:08:41,680

know there's been this long-standing

219

00:08:47,670 --> 00:08:44,560

story among researchers that nasa cuts

220

00:08:49,509 --> 00:08:47,680

its live fiat footage uh um from the

221

00:08:51,430 --> 00:08:49,519

international space station or any other

222

00:08:53,509 --> 00:08:51,440

space missions as soon as

223

00:08:56,070 --> 00:08:53,519

anything interesting shows up right in

224

00:08:59,910 --> 00:08:56,080

terms of anomalies and there have been

225

00:09:01,590 --> 00:08:59,920

and you know uh it seems

226

00:09:03,829 --> 00:09:01,600

if you're just walking into the field as

227

00:09:05,430 --> 00:09:03,839

if that might be kind of conspiratorial

228

00:09:07,350 --> 00:09:05,440

or odd or things like that but there

229

00:09:09,350 --> 00:09:07,360

have been noted

230

00:09:12,550 --> 00:09:09,360

situations where that did happen

231

00:09:15,350 --> 00:09:12,560

now you know is is that because

232

00:09:18,710 --> 00:09:15,360

they of a larger policy or is it

233

00:09:21,430 --> 00:09:18,720

specifically because of uaps

234

00:09:23,910 --> 00:09:21,440

um that yeah we we still don't know but

235

00:09:25,990 --> 00:09:23,920

the fact that the aoi msg office is

236

00:09:28,070 --> 00:09:26,000

requesting those tapes

237

00:09:31,269 --> 00:09:28,080

might give some validation to the people

238

00:09:32,630 --> 00:09:31,279

that have been scouring that footage for

239

00:09:34,630 --> 00:09:32,640

decades

240

00:09:37,269 --> 00:09:34,640

right and you know another thing that we

241

00:09:40,470 --> 00:09:37,279

could mention is or you know is the uap

242

00:09:42,310 --> 00:09:40,480

somehow cutting off the feed

243

00:09:44,550 --> 00:09:42,320

that's actually

244

00:09:46,470 --> 00:09:44,560

that's a great point i i've literally

245

00:09:48,630 --> 00:09:46,480

never thought about it that way but you

246

00:09:50,710 --> 00:09:48,640

know if they can turn off if they can

247

00:09:52,790 --> 00:09:50,720

turn off nukes at maelstrom then you

248

00:09:54,949 --> 00:09:52,800

know one would one would assume that

249

00:09:56,949 --> 00:09:54,959

they might be able to turn off a cctv

250

00:09:58,070 --> 00:09:56,959

camera on the international space

251
00:09:59,829 --> 00:09:58,080
station

252
00:10:01,509 --> 00:09:59,839
and there's all sorts of things that

253
00:10:04,949 --> 00:10:01,519
they screw with just electronics in

254
00:10:08,069 --> 00:10:04,959
general right yeah like car engines uh

255
00:10:10,550 --> 00:10:08,079
you know communication systems radios

256
00:10:13,750 --> 00:10:10,560
also all sorts of stuff so and it does

257
00:10:16,230 --> 00:10:13,760
seem like a lot of the time that uh uavs

258
00:10:19,750 --> 00:10:16,240
or ufos um

259
00:10:21,300 --> 00:10:19,760
prefer to i don't know

260
00:10:23,030 --> 00:10:21,310
be sneaky about it

261
00:10:25,670 --> 00:10:23,040
[Laughter]

262
00:10:27,590 --> 00:10:25,680
absolutely for whatever reason so

263
00:10:28,870 --> 00:10:27,600

you know absolutely

264

00:10:31,190 --> 00:10:28,880

they could have their own reasons that's

265

00:10:32,630 --> 00:10:31,200

one thing i think we miss out on not to

266

00:10:34,069 --> 00:10:32,640

go too far down this road because we

267

00:10:36,710 --> 00:10:34,079

have other stuff to hit but that's one

268

00:10:38,949 --> 00:10:36,720

thing i feel like um

269

00:10:41,829 --> 00:10:38,959

you know that doesn't get talked about

270

00:10:44,870 --> 00:10:41,839

enough as if disclosure is going to be

271

00:10:46,470 --> 00:10:44,880

up to us or a government entity

272

00:10:48,470 --> 00:10:46,480

you know when we have something as

273

00:10:49,590 --> 00:10:48,480

sophisticated and technologically

274

00:10:52,069 --> 00:10:49,600

advanced

275

00:10:53,910 --> 00:10:52,079

um as as the uap and the different

276

00:10:55,110 --> 00:10:53,920

beings that are out there like who's to

277

00:10:57,350 --> 00:10:55,120

say that

278

00:10:59,590 --> 00:10:57,360

we have anything to do with disclosure

279

00:11:00,949 --> 00:10:59,600

and it's not completely up to

280

00:11:01,829 --> 00:11:00,959

whenever

281

00:11:02,790 --> 00:11:01,839

um

282

00:11:04,710 --> 00:11:02,800

you know

283

00:11:06,470 --> 00:11:04,720

they would want it to happen themselves

284

00:11:08,230 --> 00:11:06,480

you know

285

00:11:09,670 --> 00:11:08,240

i would tend to agree there are a couple

286

00:11:11,350 --> 00:11:09,680

of interesting quotes here and then

287

00:11:14,949 --> 00:11:11,360

we've got a quote of our own for the day

288

00:11:17,430 --> 00:11:14,959

that's an exclusive um christopher got a

289

00:11:19,670 --> 00:11:17,440

quote from kevin knuth who's associate

290

00:11:23,750 --> 00:11:19,680

professor of physics

291

00:11:26,550 --> 00:11:23,760

and a former nasa research scientist and

292

00:11:29,430 --> 00:11:26,560

kevin also took part in the scientific

293

00:11:31,350 --> 00:11:29,440

work um on the tear in the sky project

294

00:11:33,509 --> 00:11:31,360

recently um

295

00:11:34,949 --> 00:11:33,519

with the the documentary that was

296

00:11:37,190 --> 00:11:34,959

documenting

297

00:11:40,470 --> 00:11:37,200

probable tic tacs and other anomalies

298

00:11:42,870 --> 00:11:40,480

over the area near the catalina island

299

00:11:44,550 --> 00:11:42,880

right and kevin says i'm excited to hear

300

00:11:47,030 --> 00:11:44,560

that nasa may be about to become

301
00:11:48,710 --> 00:11:47,040
involved in uap studies it's about time

302
00:11:50,710 --> 00:11:48,720
that scientists start taking the subject

303
00:11:52,470 --> 00:11:50,720
seriously especially since there's a

304
00:11:54,790 --> 00:11:52,480
potential for paradigm shifting

305
00:11:57,110 --> 00:11:54,800
implications i'd be very interested in

306
00:12:00,069 --> 00:11:57,120
knowing whether nasa astronauts

307
00:12:02,389 --> 00:12:00,079
have had any encounters with uaps like

308
00:12:03,430 --> 00:12:02,399
us navy pilots

309
00:12:05,910 --> 00:12:03,440
so

310
00:12:07,030 --> 00:12:05,920
kevin seems to be tipping his his hand

311
00:12:10,629 --> 00:12:07,040
towards

312
00:12:11,990 --> 00:12:10,639
the stories like those of edgar mitchell

313
00:12:14,629 --> 00:12:12,000

and um

314

00:12:17,350 --> 00:12:14,639

those that edgar mitchell collected and

315

00:12:18,949 --> 00:12:17,360

say uh like gordon cooper gordon cooper

316

00:12:21,910 --> 00:12:18,959

was also a figure that who was an

317

00:12:23,269 --> 00:12:21,920

astronaut that um had a sighting himself

318

00:12:25,269 --> 00:12:23,279

and actually

319

00:12:27,829 --> 00:12:25,279

uh according to him took some

320

00:12:29,110 --> 00:12:27,839

photographic evidence of a landing at

321

00:12:30,310 --> 00:12:29,120

one point

322

00:12:32,470 --> 00:12:30,320

right um

323

00:12:34,629 --> 00:12:32,480

and there have been other astronaut um

324

00:12:36,790 --> 00:12:34,639

cases as well and you know maybe that's

325

00:12:38,870 --> 00:12:36,800

fodder for for a future episode with us

326

00:12:41,269 --> 00:12:38,880

is looking at just astronaut cases which

327

00:12:43,910 --> 00:12:41,279

would be super cool sure yeah and i mean

328

00:12:46,949 --> 00:12:43,920

i've even hit on

329

00:12:50,310 --> 00:12:46,959

nasa you know um tipping their toes in

330

00:12:53,590 --> 00:12:50,320

the water of ufos in the past for sure i

331

00:12:56,790 --> 00:12:53,600

mean one everything from a case of 64

332

00:12:58,870 --> 00:12:56,800

where they had uh dr paul sippl coined

333

00:13:01,030 --> 00:12:58,880

the term um

334

00:13:02,470 --> 00:13:01,040

windchill actually investigated a

335

00:13:04,150 --> 00:13:02,480

landing case out there he was a

336

00:13:06,470 --> 00:13:04,160

scientific attache at the time in

337

00:13:09,269 --> 00:13:06,480

australia it was canberra

338

00:13:11,350 --> 00:13:09,279

i believe it was in a couple of nasa

339

00:13:14,069 --> 00:13:11,360

engineers that were located out there

340

00:13:15,990 --> 00:13:14,079

investigating the scene uh documents are

341

00:13:16,710 --> 00:13:16,000

in blue book and

342

00:13:22,550 --> 00:13:16,720

the

343

00:13:25,350 --> 00:13:22,560

but um you know i post on twitter i did

344

00:13:28,230 --> 00:13:25,360

a definite uh forum where they were

345

00:13:30,790 --> 00:13:28,240

investigating uh ufos and

346

00:13:32,470 --> 00:13:30,800

um space vehicle fragments and

347

00:13:34,710 --> 00:13:32,480

everything you know by you know and i

348

00:13:36,550 --> 00:13:34,720

got that by way of clifford stone who is

349

00:13:37,430 --> 00:13:36,560

actually the original foya king by the

350

00:13:38,389 --> 00:13:37,440

way

351

00:13:44,790 --> 00:13:38,399

um

352

00:13:46,150 --> 00:13:44,800

for sure you're absolutely right you're

353

00:13:48,629 --> 00:13:46,160

absolutely right

354

00:13:49,829 --> 00:13:48,639

and it's and it's really important to to

355

00:13:51,269 --> 00:13:49,839

remember

356

00:13:53,910 --> 00:13:51,279

because um

357

00:13:55,509 --> 00:13:53,920

you know often the history of our field

358

00:13:59,189 --> 00:13:55,519

gets scrubbed

359

00:14:01,030 --> 00:13:59,199

uh for its more wild and wooly elements

360

00:14:03,030 --> 00:14:01,040

right because

361

00:14:05,030 --> 00:14:03,040

for for better for worse a lot of people

362

00:14:07,350 --> 00:14:05,040

think that it's it's important to be as

363

00:14:09,670 --> 00:14:07,360

buttoned up as possible and clifford

364

00:14:12,150 --> 00:14:09,680

stone in many ways was anything but

365

00:14:14,230 --> 00:14:12,160

buttoned up after he left the service uh

366

00:14:16,629 --> 00:14:14,240

he was a really really interesting guy

367

00:14:18,389 --> 00:14:16,639

that uh put his fingers in all sorts of

368

00:14:20,389 --> 00:14:18,399

different directions was an experimenter

369

00:14:23,910 --> 00:14:20,399

himself and a highly controversial

370

00:14:27,269 --> 00:14:23,920

figure and a lot to some certain uh

371

00:14:29,350 --> 00:14:27,279

factions in ufology but boy was he an

372

00:14:31,670 --> 00:14:29,360

incredible researcher and an incredible

373

00:14:35,110 --> 00:14:31,680

collector of documents and yeah yeah the

374

00:14:38,150 --> 00:14:35,120

original foia king for sure um uh

375

00:14:41,350 --> 00:14:38,160

you want to play the the the clip from

376

00:14:45,350 --> 00:14:41,360

uh mr sure science science bob mcguire

377

00:14:47,990 --> 00:14:45,360

sure yeah um we got a we got a i got a

378

00:14:51,670 --> 00:14:48,000

quote from bob earlier to to play on the

379

00:14:53,910 --> 00:14:51,680

show it's just a little clip and

380

00:14:55,829 --> 00:14:53,920

here we go part of it is

381

00:14:58,949 --> 00:14:55,839

he was we had an earlier conversation we

382

00:15:00,870 --> 00:14:58,959

were trying to map out like um because

383

00:15:03,110 --> 00:15:00,880

nasa was trying to underline that they

384

00:15:05,350 --> 00:15:03,120

were not opening their own office but

385

00:15:07,509 --> 00:15:05,360

they were going to be coordinating and

386

00:15:09,269 --> 00:15:07,519

bob had a couple things to say earlier

387

00:15:11,430 --> 00:15:09,279

in a private conversation with me about

388

00:15:13,990 --> 00:15:11,440

why that might be why they might not

389

00:15:17,670 --> 00:15:14,000

have their own office so this quote is

390

00:15:19,670 --> 00:15:17,680

in relation to that uh real quick uh who

391

00:15:23,269 --> 00:15:19,680

who's who's bob mcguire right yeah right

392

00:15:27,269 --> 00:15:23,279

there we go okay so uh science bob dr

393

00:15:29,670 --> 00:15:27,279

bob mcguire um has had a long history

394

00:15:32,389 --> 00:15:29,680

we've had him on the show before

395

00:15:35,990 --> 00:15:32,399

he has a long history of working in the

396

00:15:37,749 --> 00:15:36,000

intelligence community uh specifically

397

00:15:40,310 --> 00:15:37,759

he works in

398

00:15:43,910 --> 00:15:40,320

detection signal protection and has a

399

00:15:45,430 --> 00:15:43,920

long-standing history of doing work

400

00:15:47,670 --> 00:15:45,440

with um

401
00:15:48,629 --> 00:15:47,680
satellites in orbit

402
00:15:53,030 --> 00:15:48,639
and so

403
00:15:56,230 --> 00:15:53,040
he uh he co-founded co-created

404
00:15:57,670 --> 00:15:56,240
hawkeye 360 which is a surveillance

405
00:15:58,629 --> 00:15:57,680
company

406
00:16:00,069 --> 00:15:58,639
and

407
00:16:02,230 --> 00:16:00,079
that works

408
00:16:03,749 --> 00:16:02,240
in their range of radio frequency

409
00:16:05,910 --> 00:16:03,759
detection

410
00:16:07,829 --> 00:16:05,920
so that you know you could make

411
00:16:10,230 --> 00:16:07,839
reasonable assumptions about why would

412
00:16:12,710 --> 00:16:10,240
we look for radio frequency detection

413
00:16:14,470 --> 00:16:12,720

facing the earth maybe in

414

00:16:15,269 --> 00:16:14,480

in terms of troop movements things like

415

00:16:16,550 --> 00:16:15,279

that

416

00:16:19,110 --> 00:16:16,560

so anyway

417

00:16:21,670 --> 00:16:19,120

uh so i happened to phone a friend in

418

00:16:25,030 --> 00:16:21,680

that phone of friends of ours uh she's a

419

00:16:27,350 --> 00:16:25,040

guy who's a literal space entrepreneur

420

00:16:29,590 --> 00:16:27,360

he knows how this stuff works he knows

421

00:16:31,350 --> 00:16:29,600

how this stuff works okay yeah and he

422

00:16:33,829 --> 00:16:31,360

also has a really charming southern

423

00:16:35,350 --> 00:16:33,839

accent so here's bro here's bob mcguire

424

00:16:42,069 --> 00:16:35,360

let's see if this place let's queue it

425

00:16:47,910 --> 00:16:44,790

in their charter there's no line item in

426

00:16:50,310 --> 00:16:47,920

their budget to allow it but scientists

427

00:16:53,670 --> 00:16:50,320

can be assigned

428

00:16:57,110 --> 00:16:53,680

by other to other entities to work in

429

00:17:00,310 --> 00:16:57,120

things that are supporting areas so

430

00:17:03,269 --> 00:17:00,320

another agency can transfer money to

431

00:17:05,270 --> 00:17:03,279

nasa a thing called a member and have

432

00:17:07,750 --> 00:17:05,280

nasa work in its own spaces but it's

433

00:17:11,029 --> 00:17:07,760

still on behalf of another agency under

434

00:17:14,949 --> 00:17:11,039

that agency's charter and budget so it's

435

00:17:21,270 --> 00:17:14,959

just nasa needs to get congress to act

436

00:17:25,189 --> 00:17:23,590

all right yeah i i think you guys maybe

437

00:17:27,029 --> 00:17:25,199

heard half of that should i play it

438

00:17:29,110 --> 00:17:27,039

again or did you get that yeah

439

00:17:31,270 --> 00:17:29,120

okay cool yeah do one more time close up

440

00:17:33,430 --> 00:17:31,280

all right like over here on the axis was

441

00:17:36,710 --> 00:17:33,440

that working okay yeah

442

00:17:38,630 --> 00:17:36,720

okay here let's do it again now

443

00:17:43,029 --> 00:17:38,640

this is great for me i'm sorry you guys

444

00:17:44,470 --> 00:17:43,039

uh and and ladies um but

445

00:17:47,510 --> 00:17:44,480

now i get to hear his accent again which

446

00:17:50,950 --> 00:17:47,520

is great

447

00:17:53,430 --> 00:17:50,960

nasa does not have search for uap or the

448

00:17:55,990 --> 00:17:53,440

equivalent in their charter there's no

449

00:17:59,669 --> 00:17:56,000

line item in their budget to allow it

450

00:18:02,950 --> 00:17:59,679

but scientists can be assigned

451
00:18:06,230 --> 00:18:02,960
by other to other entities to work in

452
00:18:09,350 --> 00:18:06,240
things that are supporting areas so

453
00:18:12,230 --> 00:18:09,360
another agency can transfer money to

454
00:18:14,230 --> 00:18:12,240
nasa in a thing called a mipper and have

455
00:18:16,630 --> 00:18:14,240
nasa work in its own spaces but it's

456
00:18:19,830 --> 00:18:16,640
still on behalf of another agency under

457
00:18:23,510 --> 00:18:19,840
that agency's charter and budget so it's

458
00:18:25,590 --> 00:18:23,520
just nasa needs to get congress to act

459
00:18:30,150 --> 00:18:25,600
and the president to sign it before they

460
00:18:32,950 --> 00:18:31,909
he really does a good job at the end too

461
00:18:35,669 --> 00:18:32,960
with that

462
00:18:37,830 --> 00:18:35,679
a uap office yeah he really stuck the

463
00:18:38,950 --> 00:18:37,840

landing i appreciated that

464

00:18:41,590 --> 00:18:38,960

yeah

465

00:18:44,070 --> 00:18:41,600

i mean that's interesting i wonder if

466

00:18:47,350 --> 00:18:44,080

you know some of uh the article or the

467

00:18:49,029 --> 00:18:47,360

hubbub or the rumor or whatever is is to

468

00:18:49,830 --> 00:18:49,039

generate

469

00:18:54,310 --> 00:18:49,840

or

470

00:18:56,710 --> 00:18:54,320

things in motion you know way of letting

471

00:18:58,789 --> 00:18:56,720

the public know hey we're interested

472

00:19:00,549 --> 00:18:58,799

you know we want to do something

473

00:19:01,909 --> 00:19:00,559

i think there's been a lot of that

474

00:19:04,310 --> 00:19:01,919

happening in a lot of different

475

00:19:07,190 --> 00:19:04,320

directions lately i think it's it seems

476

00:19:07,990 --> 00:19:07,200

that it's it's a really common strategy

477

00:19:11,029 --> 00:19:08,000

um

478

00:19:12,710 --> 00:19:11,039

to to float these kinds of articles uh

479

00:19:14,710 --> 00:19:12,720

to get those kinds of conversations

480

00:19:17,430 --> 00:19:14,720

going you know sometimes people float

481

00:19:19,029 --> 00:19:17,440

whole books to get funding um yeah you

482

00:19:20,070 --> 00:19:19,039

know right um

483

00:19:23,350 --> 00:19:20,080

that's true

484

00:19:25,990 --> 00:19:23,360

so um so it's really interesting and

485

00:19:27,590 --> 00:19:26,000

really great reporting on part of our of

486

00:19:29,909 --> 00:19:27,600

chris sharp so we'll see in the days

487

00:19:33,190 --> 00:19:29,919

ahead how nasa's able to do this and of

488

00:19:34,390 --> 00:19:33,200

course you know again also um

489

00:19:36,950 --> 00:19:34,400

towards

490

00:19:39,190 --> 00:19:36,960

in terms of like ufo history ufology

491

00:19:40,870 --> 00:19:39,200

history it's important to recognize that

492

00:19:42,470 --> 00:19:40,880

um you know there's been a lot of

493

00:19:44,549 --> 00:19:42,480

bewildering

494

00:19:47,190 --> 00:19:44,559

status with regard to like secret space

495

00:19:49,669 --> 00:19:47,200

programs because of of people that have

496

00:19:51,990 --> 00:19:49,679

tried to come out as as being involved

497

00:19:53,669 --> 00:19:52,000

in time travel programs and all manner

498

00:19:56,070 --> 00:19:53,679

of things but it's important to

499

00:19:58,390 --> 00:19:56,080

recognize that there that there has been

500

00:19:59,750 --> 00:19:58,400

the the space command that has had

501
00:20:03,350 --> 00:19:59,760
confidential

502
00:20:04,710 --> 00:20:03,360
um missions since at least 1986. i mean

503
00:20:07,350 --> 00:20:04,720
we know that you can find that on

504
00:20:09,669 --> 00:20:07,360
wikipedia that's common knowledge and

505
00:20:12,310 --> 00:20:09,679
and part of why space force exists right

506
00:20:15,430 --> 00:20:12,320
now is to kind of have a more above

507
00:20:17,350 --> 00:20:15,440
board sense of what supposedly of what's

508
00:20:20,630 --> 00:20:17,360
going on in terms of space-faring

509
00:20:21,909 --> 00:20:20,640
missions so nasa being a public face of

510
00:20:23,029 --> 00:20:21,919
this and

511
00:20:24,630 --> 00:20:23,039
uh it

512
00:20:26,950 --> 00:20:24,640
there's an element of pr that's

513
00:20:28,950 --> 00:20:26,960

happening here but uh you know i welcome

514

00:20:30,950 --> 00:20:28,960

any transparency whatsoever as i'm sure

515

00:20:32,630 --> 00:20:30,960

you do as well yeah most definitely it's

516

00:20:35,110 --> 00:20:32,640

interesting that you mentioned uh space

517

00:20:37,909 --> 00:20:35,120

command 2 because it kind of

518

00:20:39,510 --> 00:20:37,919

um it it makes me think of you know a

519

00:20:42,710 --> 00:20:39,520

place we've all been hearing about a lot

520

00:20:45,190 --> 00:20:42,720

lately which is a huntsville alabama

521

00:20:46,870 --> 00:20:45,200

um and space command

522

00:20:48,230 --> 00:20:46,880

moving there

523

00:20:50,789 --> 00:20:48,240

thank you

524

00:20:53,190 --> 00:20:50,799

um and

525

00:20:55,510 --> 00:20:53,200

um it's a it's a very interesting area

526
00:20:56,390 --> 00:20:55,520
for a variety of reasons

527
00:20:58,230 --> 00:20:56,400
um

528
00:21:00,630 --> 00:20:58,240
one of which is a story that's been kind

529
00:21:03,750 --> 00:21:00,640
of popping about lately which is

530
00:21:07,110 --> 00:21:03,760
a scientist uh doctor i'm gonna screw

531
00:21:09,830 --> 00:21:07,120
the name up uh ningli perhaps it is

532
00:21:11,590 --> 00:21:09,840
that's right that's right um it's really

533
00:21:13,190 --> 00:21:11,600
interesting to bring that up yeah i mean

534
00:21:15,669 --> 00:21:13,200
huntsville alabama has been coming up

535
00:21:19,029 --> 00:21:15,679
for a whole lot of reasons lately you're

536
00:21:22,870 --> 00:21:19,039
it's absolutely true um in part starting

537
00:21:23,830 --> 00:21:22,880
tomorrow the scu conference is actually

538
00:21:29,270 --> 00:21:23,840

um

539

00:21:32,630 --> 00:21:29,280

the scientific conference on

540

00:21:33,669 --> 00:21:32,640

anomalous aerospace phenomena

541

00:21:38,710 --> 00:21:33,679

by

542

00:21:40,070 --> 00:21:38,720

for uap studies it's starting tomorrow

543

00:21:42,870 --> 00:21:40,080

it's running through the weekend we can

544

00:21:44,870 --> 00:21:42,880

come back to that in a minute but one

545

00:21:48,950 --> 00:21:44,880

important thing to talk about here is is

546

00:21:50,950 --> 00:21:48,960

yeah basically um there's always been

547

00:21:53,029 --> 00:21:50,960

or almost always as far as i know

548

00:21:56,390 --> 00:21:53,039

there's there's

549

00:21:58,470 --> 00:21:56,400

the the tagline for huntsville is um

550

00:22:00,549 --> 00:21:58,480

rocket city they're kind of they're kind

551
00:22:02,230 --> 00:22:00,559
of named for themselves as rocket city

552
00:22:04,149 --> 00:22:02,240
uh it's often been a place where

553
00:22:07,430 --> 00:22:04,159
experimental uh

554
00:22:08,630 --> 00:22:07,440
uh flight technology has been worked out

555
00:22:13,430 --> 00:22:08,640
and

556
00:22:16,390 --> 00:22:13,440
keith basterfield lately have been doing

557
00:22:18,630 --> 00:22:16,400
a lot of good digging with regard to

558
00:22:21,430 --> 00:22:18,640
what's been happening in huntsville in

559
00:22:23,830 --> 00:22:21,440
the last 20 years because it seems like

560
00:22:27,190 --> 00:22:23,840
there has been a lot that has been

561
00:22:30,390 --> 00:22:27,200
hidden from public view and that it

562
00:22:31,909 --> 00:22:30,400
seems that there are some notable hires

563
00:22:34,789 --> 00:22:31,919

that have been happening lately in

564

00:22:36,230 --> 00:22:34,799

huntsville that would seem to indicate

565

00:22:39,190 --> 00:22:36,240

that

566

00:22:43,190 --> 00:22:39,200

different defense contractors

567

00:22:43,990 --> 00:22:43,200

working in huntsville are keenly aware

568

00:22:45,909 --> 00:22:44,000

that

569

00:22:47,350 --> 00:22:45,919

their projects can't necessarily hide

570

00:22:49,270 --> 00:22:47,360

any longer

571

00:22:53,029 --> 00:22:49,280

in terms of what they're doing out there

572

00:22:55,990 --> 00:22:53,039

interesting yeah and dr eric davis

573

00:22:57,830 --> 00:22:56,000

uh wilson uh davis notes he works for uh

574

00:22:59,590 --> 00:22:57,840

aerospace company i believe it's called

575

00:23:01,350 --> 00:22:59,600

right for europe

576

00:23:03,750 --> 00:23:01,360

aerospace corporation that's absolutely

577

00:23:04,950 --> 00:23:03,760

right it's located out there i believe

578

00:23:15,029 --> 00:23:04,960

uh

579

00:23:16,390 --> 00:23:15,039

that's right he just got hired yeah

580

00:23:18,470 --> 00:23:16,400

that's really interesting there's

581

00:23:19,990 --> 00:23:18,480

there's a company called radiance

582

00:23:22,070 --> 00:23:20,000

technologies

583

00:23:23,590 --> 00:23:22,080

um that's out there and they have

584

00:23:25,029 --> 00:23:23,600

recently hired

585

00:23:26,870 --> 00:23:25,039

um both

586

00:23:28,789 --> 00:23:26,880

i and this was pointed out this is this

587

00:23:29,830 --> 00:23:28,799

story was actually um

588

00:23:34,310 --> 00:23:29,840

uh

589

00:23:37,510 --> 00:23:34,320

week and people have been doing some

590

00:23:39,909 --> 00:23:37,520

follow-up uh research on this but dr

591

00:23:42,310 --> 00:23:39,919

travis taylor who we

592

00:23:44,149 --> 00:23:42,320

might mainly know from the skinwalker

593

00:23:45,909 --> 00:23:44,159

ranch television program he's also been

594

00:23:47,909 --> 00:23:45,919

on ancient aliens heck he's even part of

595

00:23:48,830 --> 00:23:47,919

the ancient aliens live

596

00:23:52,310 --> 00:23:48,840

like

597

00:23:55,029 --> 00:23:52,320

theater to me would just be fantastic i

598

00:23:56,070 --> 00:23:55,039

mean oh my gosh just seeing tt in the

599

00:23:57,990 --> 00:23:56,080

flesh

600

00:24:01,029 --> 00:23:58,000

uh that would just that would be the

601
00:24:03,909 --> 00:24:01,039
bee's knees um the the nina

602
00:24:05,430 --> 00:24:03,919
apologies to any people from the south

603
00:24:07,590 --> 00:24:05,440
um you know

604
00:24:08,789 --> 00:24:07,600
travis taylor is a great

605
00:24:11,830 --> 00:24:08,799
great um

606
00:24:13,350 --> 00:24:11,840
uh example of a brilliant person who

607
00:24:14,549 --> 00:24:13,360
just happens to have a southern accent

608
00:24:17,110 --> 00:24:14,559
and we know that there are millions of

609
00:24:18,789 --> 00:24:17,120
these people so but it's just too fun of

610
00:24:22,549 --> 00:24:18,799
an accent not to do right

611
00:24:23,549 --> 00:24:22,559
it's a fun accent and then lady worked

612
00:24:29,029 --> 00:24:23,559
on

613
00:24:30,950 --> 00:24:29,039

so um yes and i did a little looking up

614

00:24:34,149 --> 00:24:30,960

on her i found actually a couple of

615

00:24:36,310 --> 00:24:34,159

articles one was like she'd been rather

616

00:24:37,750 --> 00:24:36,320

quiet and and and the guy says that

617

00:24:39,350 --> 00:24:37,760

makes sense she's been rather quiet

618

00:24:41,590 --> 00:24:39,360

lately i haven't heard from her in some

619

00:24:43,110 --> 00:24:41,600

time but did see a recent funding

620

00:24:45,110 --> 00:24:43,120

request that appears to have been

621

00:24:47,590 --> 00:24:45,120

fulfilled by the department of defense

622

00:24:50,149 --> 00:24:47,600

so it seems they may be financing part

623

00:24:51,350 --> 00:24:50,159

of the research and um the person says

624

00:24:53,029 --> 00:24:51,360

well they did and i was a part of the

625

00:24:55,430 --> 00:24:53,039

oversight committee it was done by the

626

00:24:58,310 --> 00:24:55,440

us army and uh redstone arsenal in

627

00:25:00,789 --> 00:24:58,320

huntsville uh ningli is the name she's a

628

00:25:02,310 --> 00:25:00,799

brilliant scientist um

629

00:25:05,029 --> 00:25:02,320

and

630

00:25:08,230 --> 00:25:05,039

she's she's done that work uh through a

631

00:25:11,350 --> 00:25:08,240

company actually called ac gravity

632

00:25:13,269 --> 00:25:11,360

uh llc which was her company

633

00:25:14,950 --> 00:25:13,279

um she's no longer with us unfortunately

634

00:25:16,310 --> 00:25:14,960

she passed away last year

635

00:25:19,350 --> 00:25:16,320

um but

636

00:25:21,269 --> 00:25:19,360

so people are kind of wondering um

637

00:25:24,230 --> 00:25:21,279

i guess you know there's just a lot of

638

00:25:26,789 --> 00:25:24,240

mystery around it you could say but um

639

00:25:29,909 --> 00:25:26,799

you know the but anyways the the

640

00:25:32,230 --> 00:25:29,919

agreement that her company ac gravity uh

641

00:25:34,549 --> 00:25:32,240

i'll see got um

642

00:25:38,230 --> 00:25:34,559

it was the title of the agreement

643

00:25:40,310 --> 00:25:38,240

was uh gravito electromagnetic super con

644

00:25:42,870 --> 00:25:40,320

conductivity experiment um and the

645

00:25:44,630 --> 00:25:42,880

awarding office was us army aviation and

646

00:25:47,750 --> 00:25:44,640

missile command so

647

00:25:49,029 --> 00:25:47,760

and that was effective in 2001 at the

648

00:25:50,630 --> 00:25:49,039

time i believe

649

00:25:52,710 --> 00:25:50,640

or a little bit before i think actually

650

00:25:54,870 --> 00:25:52,720

in 1999 there was a quote from her

651
00:25:56,950 --> 00:25:54,880
saying that she had

652
00:25:58,950 --> 00:25:56,960
gotten whatever she was working on and

653
00:26:00,950 --> 00:25:58,960
it's you know the the terms aren't as

654
00:26:02,149 --> 00:26:00,960
specific as anti-gravity it's it's

655
00:26:05,029 --> 00:26:02,159
something

656
00:26:06,870 --> 00:26:05,039
that pretty much is describing you know

657
00:26:07,909 --> 00:26:06,880
what makes anti-gravity possible

658
00:26:09,909 --> 00:26:07,919
basically

659
00:26:12,630 --> 00:26:09,919
um and she said they were about like

660
00:26:15,830 --> 00:26:12,640
five years out from it being a realistic

661
00:26:19,830 --> 00:26:15,840
possibility and i'm thinking like man 99

662
00:26:22,149 --> 00:26:19,840
2000 one two three 2004 and we have the

663
00:26:24,070 --> 00:26:22,159

tic-tac event in 2004 my mind starts

664

00:26:27,029 --> 00:26:24,080

racing i'm like what the heck is going

665

00:26:29,430 --> 00:26:27,039

on but you know there's there's better

666

00:26:30,950 --> 00:26:29,440

investigators out there than me that are

667

00:26:32,870 --> 00:26:30,960

that are working this this is just a

668

00:26:35,269 --> 00:26:32,880

quick dig that i did today

669

00:26:36,549 --> 00:26:35,279

um so she's a very interesting lady for

670

00:26:38,710 --> 00:26:36,559

sure so

671

00:26:40,630 --> 00:26:38,720

well it's it's interesting that you that

672

00:26:43,029 --> 00:26:40,640

you bring this up because

673

00:26:45,110 --> 00:26:43,039

there was a um

674

00:26:47,669 --> 00:26:45,120

you know keith basterfield he just put

675

00:26:51,110 --> 00:26:47,679

up a new article yesterday last night

676

00:26:52,470 --> 00:26:51,120

late and uh i got a ping from him uh

677

00:26:54,310 --> 00:26:52,480

after he put it up he's really good

678

00:26:55,430 --> 00:26:54,320

about stuff like that which is awesome

679

00:26:56,630 --> 00:26:55,440

um

680

00:26:58,070 --> 00:26:56,640

and uh

681

00:27:00,549 --> 00:26:58,080

and so

682

00:27:02,630 --> 00:27:00,559

folks can go to keith basterfield's blog

683

00:27:04,230 --> 00:27:02,640

spot if they if they'd like to look into

684

00:27:05,830 --> 00:27:04,240

this a little bit more i highly

685

00:27:08,149 --> 00:27:05,840

recommend

686

00:27:10,390 --> 00:27:08,159

i'll mention something uh here that ties

687

00:27:12,870 --> 00:27:10,400

it back to our show last week but for

688

00:27:16,390 --> 00:27:12,880

those that don't know keith basterfield

689

00:27:18,870 --> 00:27:16,400

is a gem of a researcher he's often

690

00:27:22,389 --> 00:27:18,880

so far ahead of the curve in terms of

691

00:27:24,870 --> 00:27:22,399

the story um that the public narrative

692

00:27:26,870 --> 00:27:24,880

of the story of ufology he's so far

693

00:27:29,190 --> 00:27:26,880

ahead you know he's one of these guys

694

00:27:30,710 --> 00:27:29,200

that's so far ahead of you on the earth

695

00:27:32,149 --> 00:27:30,720

in terms of these cycles that sometimes

696

00:27:34,870 --> 00:27:32,159

it feels like he's actually standing

697

00:27:36,310 --> 00:27:34,880

right behind you you know what i mean

698

00:27:39,110 --> 00:27:36,320

because he doesn't mess around with like

699

00:27:39,990 --> 00:27:39,120

twitter or interviews he just does his

700

00:27:42,149 --> 00:27:40,000

work

701
00:27:44,389 --> 00:27:42,159
yep it's a it's absolutely true he's

702
00:27:47,110 --> 00:27:44,399
really sweet he's a sweetheart though um

703
00:27:50,789 --> 00:27:47,120
so back in 2019

704
00:27:51,590 --> 00:27:50,799
okay he did a really interesting article

705
00:27:52,549 --> 00:27:51,600
um

706
00:27:59,789 --> 00:27:52,559
and

707
00:28:02,789 --> 00:27:59,799
a conference that happened in

708
00:28:05,190 --> 00:28:02,799
2003 now you might have been referencing

709
00:28:06,870 --> 00:28:05,200
part of this part of this conference

710
00:28:08,789 --> 00:28:06,880
um

711
00:28:10,470 --> 00:28:08,799
it could be no actually this is in the

712
00:28:12,710 --> 00:28:10,480
this is in the new article i'm sorry i

713
00:28:13,750 --> 00:28:12,720

got it mixed up so yes

714

00:28:16,789 --> 00:28:13,760

his

715

00:28:19,990 --> 00:28:16,799

ningley's funding uh was highlighted in

716

00:28:21,990 --> 00:28:20,000

that 2019 uh

717

00:28:25,430 --> 00:28:22,000

uh report that he did that blog post

718

00:28:28,470 --> 00:28:25,440

that he did and in this new post uh it

719

00:28:30,310 --> 00:28:28,480

points out that ningli presented at a

720

00:28:32,070 --> 00:28:30,320

2003

721

00:28:35,510 --> 00:28:32,080

conference called the mitre

722

00:28:37,190 --> 00:28:35,520

gravitational wave conference okay now

723

00:28:39,750 --> 00:28:37,200

um now

724

00:28:42,950 --> 00:28:39,760

people are on the hunt for the paper

725

00:28:44,710 --> 00:28:42,960

that she presented that day it's really

726

00:28:50,870 --> 00:28:44,720

in

727

00:28:53,830 --> 00:28:50,880

remember that the wilson davis notes

728

00:28:56,870 --> 00:28:53,840

happened in the beginning of october of

729

00:29:00,070 --> 00:28:56,880

2002 right and and some of that was

730

00:29:01,510 --> 00:29:00,080

about davis finding out about um about

731

00:29:04,310 --> 00:29:01,520

the potentialities of reverse

732

00:29:07,430 --> 00:29:04,320

engineering and walt wilson hitting a

733

00:29:10,230 --> 00:29:07,440

wall right right now this conference

734

00:29:12,710 --> 00:29:10,240

happened in 2003 this gravitational wave

735

00:29:14,950 --> 00:29:12,720

conference in 2003 well

736

00:29:16,870 --> 00:29:14,960

guess who else was at the conference and

737

00:29:18,950 --> 00:29:16,880

who actually presented at that

738

00:29:23,669 --> 00:29:18,960

conference eric davis

739

00:29:25,269 --> 00:29:23,679

eric davis and hal put off wow

740

00:29:27,990 --> 00:29:25,279

holy crap

741

00:29:30,230 --> 00:29:28,000

yeah and so there's there's there's a

742

00:29:33,510 --> 00:29:30,240

little bit of circumstantial evidence

743

00:29:35,830 --> 00:29:33,520

that that seems to suggest that you know

744

00:29:38,870 --> 00:29:35,840

they were following some really serious

745

00:29:42,310 --> 00:29:38,880

leads there and got themselves really

746

00:29:44,230 --> 00:29:42,320

enmeshed in in um in the dialogue that

747

00:29:46,630 --> 00:29:44,240

was happening at the time with

748

00:29:48,389 --> 00:29:46,640

and uh you know and so it's really

749

00:29:51,029 --> 00:29:48,399

interesting to kind of look through this

750

00:29:54,470 --> 00:29:51,039

and again this this story

751

00:29:56,710 --> 00:29:54,480

just kind of getting into it um it's

752

00:29:58,710 --> 00:29:56,720

there's going to be a lot of reporting

753

00:30:01,830 --> 00:29:58,720

that'll probably come out in the next in

754

00:30:04,149 --> 00:30:01,840

the next month covering ning li what

755

00:30:06,789 --> 00:30:04,159

happens down in huntsville this weekend

756

00:30:08,710 --> 00:30:06,799

with the scu conference and what what

757

00:30:11,190 --> 00:30:08,720

else is happening with regard to places

758

00:30:13,430 --> 00:30:11,200

like aerospace corporation and all of

759

00:30:14,950 --> 00:30:13,440

the other defense contractors that are

760

00:30:16,710 --> 00:30:14,960

collected down there in huntsville

761

00:30:17,510 --> 00:30:16,720

alabama right

762

00:30:19,590 --> 00:30:17,520

yeah

763

00:30:21,990 --> 00:30:19,600

and i've said it before but the earth's

764

00:30:24,870 --> 00:30:22,000

crust is just about thickest around

765

00:30:27,110 --> 00:30:24,880

huntsville alabama and that turns into

766

00:30:28,230 --> 00:30:27,120

magnetic anomalies so whatever that

767

00:30:29,269 --> 00:30:28,240

means

768

00:30:31,350 --> 00:30:29,279

that's right

769

00:30:34,310 --> 00:30:31,360

next so what else we got on the news

770

00:30:36,149 --> 00:30:34,320

thing that's right um okay so

771

00:30:37,990 --> 00:30:36,159

after that um would you like to talk

772

00:30:40,310 --> 00:30:38,000

about the the

773

00:30:42,230 --> 00:30:40,320

representative tim burchard uh lou

774

00:30:43,830 --> 00:30:42,240

elizondo interview

775

00:30:45,750 --> 00:30:43,840

yeah

776
00:30:48,310 --> 00:30:45,760
you know i was thinking about that and

777
00:30:50,789 --> 00:30:48,320
and there wasn't a whole lot uh that i

778
00:30:51,909 --> 00:30:50,799
haven't heard before there

779
00:30:54,389 --> 00:30:51,919
i think

780
00:30:55,269 --> 00:30:54,399
he's more stout on um

781
00:30:56,950 --> 00:30:55,279
you know

782
00:30:58,149 --> 00:30:56,960
these things not being russian or

783
00:31:00,389 --> 00:30:58,159
chinese

784
00:31:02,549 --> 00:31:00,399
which is nice right and i think we

785
00:31:03,509 --> 00:31:02,559
talked about that briefly in the past

786
00:31:05,110 --> 00:31:03,519
um

787
00:31:07,190 --> 00:31:05,120
and but the

788
00:31:09,110 --> 00:31:07,200

overall just my take away from that is

789

00:31:10,149 --> 00:31:09,120

is it's nice to see

790

00:31:14,230 --> 00:31:10,159

uh

791

00:31:16,389 --> 00:31:14,240

championing this and and taking the time

792

00:31:19,110 --> 00:31:16,399

to interview a person like louisando and

793

00:31:20,950 --> 00:31:19,120

and hoping that he gets up to testify uh

794

00:31:22,310 --> 00:31:20,960

otherwise the interview itself i feel

795

00:31:25,669 --> 00:31:22,320

like we've heard

796

00:31:28,149 --> 00:31:25,679

um pretty much all that before right

797

00:31:30,710 --> 00:31:28,159

well the one thing that i thought was

798

00:31:33,830 --> 00:31:30,720

was the kind of highlight for me

799

00:31:36,230 --> 00:31:33,840

um a as as

800

00:31:37,990 --> 00:31:36,240

representative bridget had had mentioned

801
00:31:39,830 --> 00:31:38,000
previously in a couple other interviews

802
00:31:43,509 --> 00:31:39,840
he's really psyched on the idea of louis

803
00:31:44,950 --> 00:31:43,519
alzondo uh testifying in in a future uh

804
00:31:47,509 --> 00:31:44,960
committee hearing uh in front of

805
00:31:49,110 --> 00:31:47,519
congress and we know from plenty of

806
00:31:50,950 --> 00:31:49,120
interviews as you said that lou's

807
00:31:52,950 --> 00:31:50,960
psyched about the possibility of do that

808
00:31:55,590 --> 00:31:52,960
doing that or at least he says yes uh

809
00:31:57,669 --> 00:31:55,600
birch it is other people are so you know

810
00:32:00,470 --> 00:31:57,679
that's out on the table one thing that i

811
00:32:02,870 --> 00:32:00,480
found interesting is that i believe it

812
00:32:06,710 --> 00:32:02,880
may have been the first time that lou

813
00:32:09,750 --> 00:32:06,720

elizondo actually mentioned the name of

814

00:32:10,710 --> 00:32:09,760

the second in command at the uap task

815

00:32:13,430 --> 00:32:10,720

force

816

00:32:14,470 --> 00:32:13,440

so which is which is absolutely

817

00:32:17,669 --> 00:32:14,480

incredible

818

00:32:19,029 --> 00:32:17,679

so this is this is this is actually

819

00:32:21,029 --> 00:32:19,039

what's his name

820

00:32:22,470 --> 00:32:21,039

his name is john

821

00:32:24,789 --> 00:32:22,480

uh jay

822

00:32:28,230 --> 00:32:24,799

stratton it's nice

823

00:32:30,070 --> 00:32:28,240

he's uh regularly referred to as jay um

824

00:32:32,389 --> 00:32:30,080

real jays like myself would call him a

825

00:32:34,630 --> 00:32:32,399

fake j because he's actually a john but

826

00:32:37,830 --> 00:32:34,640

we don't have to get into that today uh

827

00:32:41,110 --> 00:32:37,840

he's it's j stratton uh a really

828

00:32:45,190 --> 00:32:41,120

interesting fellow who many people okay

829

00:32:49,190 --> 00:32:45,200

a j stratton has has recently gotten

830

00:32:51,190 --> 00:32:49,200

hired uh and by radiance technologies

831

00:32:53,029 --> 00:32:51,200

along with travis taylor and so

832

00:32:55,029 --> 00:32:53,039

presumably he's going to be working out

833

00:32:57,990 --> 00:32:55,039

of huntsville uh if he hasn't been

834

00:33:01,350 --> 00:32:58,000

already so that's very interesting news

835

00:33:03,430 --> 00:33:01,360

um but uh according to some people now i

836

00:33:06,310 --> 00:33:03,440

don't know this to be for sure and you

837

00:33:08,070 --> 00:33:06,320

don't know this to be for sure but many

838

00:33:11,430 --> 00:33:08,080

um many people

839

00:33:14,789 --> 00:33:11,440

uh within the community uh have tied j

840

00:33:16,149 --> 00:33:14,799

stratton's name to who the pseudonym

841

00:33:19,830 --> 00:33:16,159

axelrod

842

00:33:21,830 --> 00:33:19,840

that um that uh was used in the uh

843

00:33:23,190 --> 00:33:21,840

skinwalkers at the pentagon book and

844

00:33:25,110 --> 00:33:23,200

elsewhere right

845

00:33:27,509 --> 00:33:25,120

sounds like a juicy rumor

846

00:33:29,990 --> 00:33:27,519

absolutely right so

847

00:33:32,310 --> 00:33:30,000

but um but j j stratton really

848

00:33:34,070 --> 00:33:32,320

interesting guy i'm kind of like

849

00:33:36,789 --> 00:33:34,080

spinning my wheels here while i bring up

850

00:33:39,269 --> 00:33:36,799

his bio but um that's okay yeah a little

851

00:33:41,590 --> 00:33:39,279

birdie actually told me um

852

00:33:43,590 --> 00:33:41,600

that uh you may be hearing from this

853

00:33:45,350 --> 00:33:43,600

person and then in the near future so

854

00:33:47,509 --> 00:33:45,360

i'm looking forward to that

855

00:33:50,070 --> 00:33:47,519

yeah and this little birdie is usually

856

00:33:51,590 --> 00:33:50,080

pretty accurate so um i think that's

857

00:33:53,830 --> 00:33:51,600

probably gonna happen

858

00:33:55,509 --> 00:33:53,840

i yeah i would think so the fact that

859

00:33:57,190 --> 00:33:55,519

lube actually mentioned his name that

860

00:33:59,269 --> 00:33:57,200

george did the reporting on radiance

861

00:34:01,990 --> 00:33:59,279

technologies george doesn't usually

862

00:34:04,789 --> 00:34:02,000

bring up people's names and until

863

00:34:06,549 --> 00:34:04,799

until like maximum relevancy

864

00:34:08,629 --> 00:34:06,559

uh kind of peaks

865

00:34:10,950 --> 00:34:08,639

so i wouldn't be surprised at all if jay

866

00:34:13,030 --> 00:34:10,960

stratton comes out more in the future

867

00:34:15,270 --> 00:34:13,040

he's uh he's he works for the office of

868

00:34:16,950 --> 00:34:15,280

naval intelligence that fits along with

869

00:34:18,710 --> 00:34:16,960

what people have said about axelrod he's

870

00:34:20,550 --> 00:34:18,720

a senior analyst at the nimitz

871

00:34:22,629 --> 00:34:20,560

operational intelligence center that's

872

00:34:25,190 --> 00:34:22,639

not the nimitz ship it's just a

873

00:34:27,829 --> 00:34:25,200

similarly named intelligence center

874

00:34:29,909 --> 00:34:27,839

within the office of naval intelligence

875

00:34:32,550 --> 00:34:29,919

um i thought i could bring this question

876

00:34:34,389 --> 00:34:32,560

up not to interrupt but to interrupt

877

00:34:35,430 --> 00:34:34,399

just before i forget uh because it's

878

00:34:39,030 --> 00:34:35,440

often

879

00:34:41,669 --> 00:34:39,040

heard it uh kind of mentioned before is

880

00:34:42,869 --> 00:34:41,679

it the same axe route as in penetration

881

00:34:44,710 --> 00:34:42,879

no

882

00:34:46,950 --> 00:34:44,720

that's right that's right thanks for

883

00:34:49,190 --> 00:34:46,960

asking kristin for for clarification

884

00:34:49,990 --> 00:34:49,200

yeah um however

885

00:34:52,629 --> 00:34:50,000

um

886

00:34:55,829 --> 00:34:52,639

george knapp and colin keller her have

887

00:34:59,430 --> 00:34:55,839

said that they were actually inspired by

888

00:35:02,710 --> 00:34:59,440

the pseudonym axelrod in ingoswan's

889

00:35:05,670 --> 00:35:02,720

penetration and used that pseudonym uh

890

00:35:07,829 --> 00:35:05,680

for this person uh and skin walkers at

891

00:35:10,550 --> 00:35:07,839

the pentagon as an homage

892

00:35:12,230 --> 00:35:10,560

right yeah so super great thing to bring

893

00:35:14,550 --> 00:35:12,240

up though um

894

00:35:18,230 --> 00:35:14,560

absolutely if you have his bio we you

895

00:35:19,510 --> 00:35:18,240

can go through it otherwise we could um

896

00:35:21,109 --> 00:35:19,520

sure

897

00:35:23,349 --> 00:35:21,119

the brazilian uap earnings would be

898

00:35:26,550 --> 00:35:23,359

great too we can hit that afterwards

899

00:35:27,510 --> 00:35:26,560

sure yeah absolutely and so um

900

00:35:29,510 --> 00:35:27,520

so

901
00:35:31,750 --> 00:35:29,520
mr stratton entered senior executive

902
00:35:34,310 --> 00:35:31,760
service in september 2018 he's

903
00:35:36,790 --> 00:35:34,320
accumulated over 32 years of experience

904
00:35:39,349 --> 00:35:36,800
in progressively responsible positions

905
00:35:41,670 --> 00:35:39,359
with u.s army air force reserve federal

906
00:35:44,790 --> 00:35:41,680
civil service mr stratton is currently

907
00:35:47,430 --> 00:35:44,800
the senior analyst well this is a bio

908
00:35:49,349 --> 00:35:47,440
from just about six months ago i think

909
00:35:52,069 --> 00:35:49,359
currently the senior analyst nimitz

910
00:35:54,470 --> 00:35:52,079
operational intelligence center office

911
00:35:56,310 --> 00:35:54,480
of naval intelligence as the center

912
00:35:58,710 --> 00:35:56,320
senior analyst he's responsible for

913
00:36:00,550 --> 00:35:58,720

delivering comprehensive intelligence to

914

00:36:02,390 --> 00:36:00,560

navy leadership and representing the

915

00:36:04,150 --> 00:36:02,400

navy as a senior member of the

916

00:36:08,870 --> 00:36:04,160

intelligence committee

917

00:36:11,349 --> 00:36:08,880

prior to that he has an insane

918

00:36:13,109 --> 00:36:11,359

list of appointments including being j-2

919

00:36:15,750 --> 00:36:13,119

director of intelligence with a joint

920

00:36:17,829 --> 00:36:15,760

warfare analysis center

921

00:36:19,030 --> 00:36:17,839

deputy director executive support with

922

00:36:21,030 --> 00:36:19,040

office of the

923

00:36:24,069 --> 00:36:21,040

deputy chief of naval operations for

924

00:36:26,150 --> 00:36:24,079

information warfare director air warfare

925

00:36:28,950 --> 00:36:26,160

spear with the nimitz operational

926
00:36:31,670 --> 00:36:28,960
intelligence center chief of air and

927
00:36:33,670 --> 00:36:31,680
space warfare at the defense warning

928
00:36:35,990 --> 00:36:33,680
office for the dia

929
00:36:38,550 --> 00:36:36,000
and many other appointments

930
00:36:40,630 --> 00:36:38,560
but it doesn't mention in his bio that

931
00:36:43,270 --> 00:36:40,640
he was also lu alzhonda apparently

932
00:36:45,100 --> 00:36:43,280
luella sanders number two in

933
00:36:46,670 --> 00:36:45,110
uh in atip

934
00:36:49,829 --> 00:36:46,680
[Music]

935
00:36:51,510 --> 00:36:49,839
[Laughter]

936
00:36:54,069 --> 00:36:51,520
well um

937
00:36:56,870 --> 00:36:54,079
so uh really interesting guy and lou

938
00:36:57,670 --> 00:36:56,880

elizondo not just mentioned his name but

939

00:36:59,750 --> 00:36:57,680

said

940

00:37:01,910 --> 00:36:59,760

uh to representative bridgette that he

941

00:37:03,990 --> 00:37:01,920

would be really interested that lou

942

00:37:06,550 --> 00:37:04,000

would be really interested in stratton

943

00:37:08,310 --> 00:37:06,560

getting called to testify as well well i

944

00:37:09,829 --> 00:37:08,320

don't think lou elizondo would be doing

945

00:37:12,310 --> 00:37:09,839

that if it meant that he's throwing his

946

00:37:13,670 --> 00:37:12,320

number two under the bus i think that

947

00:37:16,069 --> 00:37:13,680

they probably

948

00:37:17,030 --> 00:37:16,079

have been talking about it and it sounds

949

00:37:19,349 --> 00:37:17,040

as if

950

00:37:21,510 --> 00:37:19,359

mr stratton may be very interested in

951
00:37:23,510 --> 00:37:21,520
testifying himself well i think that

952
00:37:24,870 --> 00:37:23,520
would just be

953
00:37:27,349 --> 00:37:24,880
awesome

954
00:37:31,190 --> 00:37:27,359
so speaking of testifying in front of a

955
00:37:32,470 --> 00:37:31,200
senate uh up up on june 24th

956
00:37:36,390 --> 00:37:32,480
segway

957
00:37:38,950 --> 00:37:36,400
the brazilian senate is actually going

958
00:37:42,310 --> 00:37:38,960
to do their own public hearings

959
00:37:43,589 --> 00:37:42,320
on on uap on unidentified aerial

960
00:37:44,710 --> 00:37:43,599
phenomena

961
00:37:46,069 --> 00:37:44,720
and uh

962
00:37:47,750 --> 00:37:46,079
did you want to mention who's who's

963
00:37:49,109 --> 00:37:47,760

going to be presenting well i mean first

964

00:37:50,630 --> 00:37:49,119

of all talk about getting your crap

965

00:37:53,510 --> 00:37:50,640

together right

966

00:37:56,470 --> 00:37:53,520

right here here we are like we have a

967

00:37:59,109 --> 00:37:56,480

hearing with with two guys who think uh

968

00:38:01,670 --> 00:37:59,119

maelstrom is a sandwich about yay big

969

00:38:03,910 --> 00:38:01,680

and they don't really know anything

970

00:38:06,069 --> 00:38:03,920

um and we have these brazilian hearings

971

00:38:07,829 --> 00:38:06,079

and they're like well yeah let's do it

972

00:38:10,790 --> 00:38:07,839

louis zondo check

973

00:38:12,310 --> 00:38:10,800

robert salas mouse from check

974

00:38:14,790 --> 00:38:12,320

you know the other interesting thing to

975

00:38:15,750 --> 00:38:14,800

me is uh that james fox's

976

00:38:18,950 --> 00:38:15,760

uh

977

00:38:20,150 --> 00:38:18,960

had made his documentary um in in in

978

00:38:21,829 --> 00:38:20,160

brazil

979

00:38:24,230 --> 00:38:21,839

and sometimes

980

00:38:26,550 --> 00:38:24,240

i kind of wonder like i wonder if that

981

00:38:28,870 --> 00:38:26,560

has anything to do with this you know i

982

00:38:31,589 --> 00:38:28,880

wonder if the revelations that came from

983

00:38:33,510 --> 00:38:31,599

from fox's work kind of maybe helped

984

00:38:37,270 --> 00:38:33,520

push the ball a little forward too who

985

00:38:39,589 --> 00:38:37,280

knows um but yeah um elizondo is doing

986

00:38:41,829 --> 00:38:39,599

some sort of presentation i think uh

987

00:38:43,829 --> 00:38:41,839

solace is going there and i think that's

988

00:38:45,910 --> 00:38:43,839

just awesome because

989

00:38:47,750 --> 00:38:45,920

you know robert salas like come on dude

990

00:38:49,829 --> 00:38:47,760

let the guy testify i can't believe he's

991

00:38:51,750 --> 00:38:49,839

not testifying here i mean he's been

992

00:38:54,390 --> 00:38:51,760

telling the story

993

00:38:55,670 --> 00:38:54,400

like it's his his life's go you know

994

00:38:58,790 --> 00:38:55,680

like work

995

00:39:01,109 --> 00:38:58,800

telling what happened there you know

996

00:39:02,950 --> 00:39:01,119

and um you know

997

00:39:04,870 --> 00:39:02,960

he gets mentioned

998

00:39:07,030 --> 00:39:04,880

you know from this gallagher guy but i

999

00:39:09,270 --> 00:39:07,040

don't know if anything's changed but uh

1000

00:39:10,710 --> 00:39:09,280

gallagher never called him back he you

1001

00:39:12,870 --> 00:39:10,720

know i called him a couple times he

1002

00:39:14,230 --> 00:39:12,880

never called me back about solace and

1003

00:39:16,230 --> 00:39:14,240

then here he is in the brazilian

1004

00:39:17,990 --> 00:39:16,240

hearings and he's going he's going to

1005

00:39:19,430 --> 00:39:18,000

brazil

1006

00:39:21,349 --> 00:39:19,440

you know like

1007

00:39:24,310 --> 00:39:21,359

what a workhorse

1008

00:39:27,270 --> 00:39:24,320

yeah i mean you know if anybody wants to

1009

00:39:29,510 --> 00:39:27,280

fly me to brazil or you to brazil

1010

00:39:31,670 --> 00:39:29,520

for to talk about anything i think we're

1011

00:39:33,510 --> 00:39:31,680

up for it too

1012

00:39:35,510 --> 00:39:33,520

yeah right but um well you know

1013

00:39:37,430 --> 00:39:35,520

portuguese so no it doesn't sound like

1014

00:39:39,190 --> 00:39:37,440

you're bad as it does that's right it

1015

00:39:41,589 --> 00:39:39,200

doesn't sound like a bad assignment you

1016

00:39:43,109 --> 00:39:41,599

know i i kind of enjoy the idea that

1017

00:39:46,390 --> 00:39:43,119

robert salas has been basically

1018

00:39:48,790 --> 00:39:46,400

petitioning to to speak in

1019

00:39:52,550 --> 00:39:48,800

in in an official capacity and being

1020

00:39:55,349 --> 00:39:52,560

able to brief a congress brief congress

1021

00:39:57,910 --> 00:39:55,359

and uh and the first invite he gets it

1022

00:40:00,710 --> 00:39:57,920

happens to be an absolutely gorgeous

1023

00:40:03,430 --> 00:40:00,720

south american country like brazil so

1024

00:40:05,589 --> 00:40:03,440

uh you know uh

1025

00:40:07,829 --> 00:40:05,599

congratulations on that on that award

1026
00:40:09,990 --> 00:40:07,839
but on that reward but you know i think

1027
00:40:11,349 --> 00:40:10,000
that it's interesting that that salus

1028
00:40:13,670 --> 00:40:11,359
you know he's going to be talking

1029
00:40:15,990 --> 00:40:13,680
presumably about the malmstrom case for

1030
00:40:17,990 --> 00:40:16,000
those of you that that don't know that's

1031
00:40:21,030 --> 00:40:18,000
that was in 1967 he

1032
00:40:24,390 --> 00:40:21,040
personally witnessed a situation where

1033
00:40:25,829 --> 00:40:24,400
a uap appeared over a nuclear site

1034
00:40:28,069 --> 00:40:25,839
and uh

1035
00:40:31,109 --> 00:40:28,079
i believe it was 10 nuclear muscle

1036
00:40:35,190 --> 00:40:31,119
missiles were brought offline

1037
00:40:38,069 --> 00:40:35,200
while the uap was sitting there and um

1038
00:40:39,990 --> 00:40:38,079

in an anomalous way right and this is

1039

00:40:41,589 --> 00:40:40,000

not the only time this has happened but

1040

00:40:43,589 --> 00:40:41,599

he's one of the most prominent people

1041

00:40:45,589 --> 00:40:43,599

that has gone on record talking about

1042

00:40:46,550 --> 00:40:45,599

something like this happening

1043

00:40:48,470 --> 00:40:46,560

um

1044

00:40:50,150 --> 00:40:48,480

so as far as the national security

1045

00:40:53,510 --> 00:40:50,160

debate and things like this this is a

1046

00:40:55,829 --> 00:40:53,520

very concrete example for why why people

1047

00:40:57,030 --> 00:40:55,839

in congress might want to be hearing

1048

00:40:59,589 --> 00:40:57,040

totally or

1049

00:41:01,990 --> 00:40:59,599

about about this case or be interested

1050

00:41:03,510 --> 00:41:02,000

in unidentified aerial phenomena in

1051

00:41:06,150 --> 00:41:03,520

general right

1052

00:41:08,710 --> 00:41:06,160

yeah and you know i just uh posted again

1053

00:41:12,230 --> 00:41:08,720

on my twitter page a document from 1952

1054

00:41:14,790 --> 00:41:12,240

august 14th the c i a osi document that

1055

00:41:18,870 --> 00:41:14,800

states that the uh

1056

00:41:21,270 --> 00:41:18,880

unknown uh cases attic attic also known

1057

00:41:22,870 --> 00:41:21,280

as project sign grudge or whatever

1058

00:41:25,270 --> 00:41:22,880

actually took the unknown cases and

1059

00:41:26,790 --> 00:41:25,280

charted them out on a map

1060

00:41:29,190 --> 00:41:26,800

and in this document they said they put

1061

00:41:31,910 --> 00:41:29,200

them on a map and where they were were

1062

00:41:34,670 --> 00:41:31,920

clustered around nuclear facilities and

1063

00:41:36,309 --> 00:41:34,680

strategic air command basis this is in

1064

00:41:38,790 --> 00:41:36,319

1952

1065

00:41:41,190 --> 00:41:38,800

you know so like this is just

1066

00:41:43,109 --> 00:41:41,200

old hat enough is enough let's get on

1067

00:41:45,109 --> 00:41:43,119

with the show hello people what's wrong

1068

00:41:47,349 --> 00:41:45,119

with you why do you have to wait for a

1069

00:41:49,270 --> 00:41:47,359

disaster or a worst case scenario for

1070

00:41:51,750 --> 00:41:49,280

something to happen what is wrong with

1071

00:41:54,230 --> 00:41:51,760

you people

1072

00:41:55,829 --> 00:41:54,240

you know it's just

1073

00:41:57,349 --> 00:41:55,839

like you know if they would have done

1074

00:41:59,030 --> 00:41:57,359

something earlier who knows maybe they

1075

00:42:00,790 --> 00:41:59,040

couldn't do anything maybe it's beyond

1076

00:42:03,109 --> 00:42:00,800

their realm of scientific knowledge at

1077

00:42:04,309 --> 00:42:03,119

the time and up del salas's encounter

1078

00:42:06,150 --> 00:42:04,319

but maybe

1079

00:42:07,270 --> 00:42:06,160

that didn't have to happen you know

1080

00:42:09,030 --> 00:42:07,280

maybe

1081

00:42:10,630 --> 00:42:09,040

robert salas didn't have to spend his

1082

00:42:11,510 --> 00:42:10,640

whole life championing this event

1083

00:42:13,510 --> 00:42:11,520

because

1084

00:42:15,430 --> 00:42:13,520

they took it seriously to begin with and

1085

00:42:16,470 --> 00:42:15,440

figured something out i don't know you

1086

00:42:17,349 --> 00:42:16,480

know but

1087

00:42:18,550 --> 00:42:17,359

um

1088

00:42:21,030 --> 00:42:18,560

you know

1089

00:42:22,870 --> 00:42:21,040

we definitely can't get answers uh you

1090

00:42:24,870 --> 00:42:22,880

know from the government so

1091

00:42:27,109 --> 00:42:24,880

to answer that question hopefully we do

1092

00:42:29,349 --> 00:42:27,119

in the future though i guess but yeah

1093

00:42:30,470 --> 00:42:29,359

and and hopefully along these lines you

1094

00:42:32,790 --> 00:42:30,480

know hopefully

1095

00:42:35,910 --> 00:42:32,800

this this brazilian senate hearing with

1096

00:42:39,030 --> 00:42:35,920

louis zondo giving a video presentation

1097

00:42:41,349 --> 00:42:39,040

and and salus um going down there in

1098

00:42:43,589 --> 00:42:41,359

person and presumably answering some

1099

00:42:44,950 --> 00:42:43,599

questions as well you know

1100

00:42:47,190 --> 00:42:44,960

hopefully

1101
00:42:49,349 --> 00:42:47,200
this it'll be interesting to see if this

1102
00:42:52,069 --> 00:42:49,359
happens before the next

1103
00:42:55,349 --> 00:42:52,079
uh congressional committee hearing on

1104
00:42:57,030 --> 00:42:55,359
uap in our country um gets scheduled

1105
00:42:59,270 --> 00:42:57,040
because there's been a lot of rumors

1106
00:43:02,309 --> 00:42:59,280
floating around that the next

1107
00:43:05,030 --> 00:43:02,319
the next um committee hearing on uap

1108
00:43:06,309 --> 00:43:05,040
issues is going to happen rather soon or

1109
00:43:08,150 --> 00:43:06,319
at least yeah

1110
00:43:08,950 --> 00:43:08,160
the date's going to get announced rather

1111
00:43:11,589 --> 00:43:08,960
soon

1112
00:43:14,470 --> 00:43:11,599
so even we even heard about possibly

1113
00:43:15,349 --> 00:43:14,480

this week but you know um unfortunately

1114

00:43:17,750 --> 00:43:15,359

we've

1115

00:43:18,950 --> 00:43:17,760

had a pretty nasty event in our country

1116

00:43:20,390 --> 00:43:18,960

that

1117

00:43:22,550 --> 00:43:20,400

i think

1118

00:43:24,150 --> 00:43:22,560

you know everybody's minds are on at the

1119

00:43:25,990 --> 00:43:24,160

time so maybe

1120

00:43:28,309 --> 00:43:26,000

people are just distracted but

1121

00:43:30,630 --> 00:43:28,319

distracted rightfully so from

1122

00:43:32,630 --> 00:43:30,640

from wrapping their heads uh around

1123

00:43:34,470 --> 00:43:32,640

anything else you know since the event

1124

00:43:36,309 --> 00:43:34,480

in texas but

1125

00:43:38,829 --> 00:43:36,319

sure you know

1126

00:43:42,630 --> 00:43:38,839

so but you always have to deal with

1127

00:43:44,470 --> 00:43:42,640

um you know real life stuff

1128

00:43:45,910 --> 00:43:44,480

and juggle things and try to make a

1129

00:43:48,630 --> 00:43:45,920

brief decisions

1130

00:43:50,550 --> 00:43:48,640

you know um which is is never easy in

1131

00:43:52,470 --> 00:43:50,560

this case

1132

00:43:54,069 --> 00:43:52,480

you know there's so much uh around the

1133

00:43:55,670 --> 00:43:54,079

world that's just happening one thing

1134

00:43:58,870 --> 00:43:55,680

after the other

1135

00:43:59,670 --> 00:43:58,880

uh that is really hard

1136

00:44:04,069 --> 00:43:59,680

to

1137

00:44:05,750 --> 00:44:04,079

i could imagine but

1138

00:44:08,870 --> 00:44:05,760

you know in the end hopefully

1139

00:44:11,109 --> 00:44:08,880

you know we do see uh some hearings

1140

00:44:13,670 --> 00:44:11,119

oh absolutely sooner or later

1141

00:44:15,190 --> 00:44:13,680

absolutely and you know that's it's a

1142

00:44:16,950 --> 00:44:15,200

horrible tragedy what happened down

1143

00:44:17,990 --> 00:44:16,960

there and also

1144

00:44:19,109 --> 00:44:18,000

you know

1145

00:44:20,710 --> 00:44:19,119

we also

1146

00:44:23,750 --> 00:44:20,720

pay these people to juggle a bunch of

1147

00:44:25,109 --> 00:44:23,760

different topics at once and and

1148

00:44:27,190 --> 00:44:25,119

you know we're

1149

00:44:28,950 --> 00:44:27,200

not surprised when they fail miserably

1150

00:44:30,710 --> 00:44:28,960

at it often

1151
00:44:34,309 --> 00:44:30,720
in terms of

1152
00:44:37,030 --> 00:44:34,319
but um you know i think

1153
00:44:40,870 --> 00:44:37,040
when i like i i'm hopeful and i'm

1154
00:44:42,790 --> 00:44:40,880
optimistic that um you know

1155
00:44:45,190 --> 00:44:42,800
it's kind of burned in my skull that

1156
00:44:47,589 --> 00:44:45,200
idea that you know there's never a right

1157
00:44:49,430 --> 00:44:47,599
time there's never there's never a wrong

1158
00:44:51,030 --> 00:44:49,440
time and there's never there's never a

1159
00:44:53,430 --> 00:44:51,040
wrong time to be talking about these

1160
00:44:55,829 --> 00:44:53,440
issues because in in many ways this is

1161
00:44:57,510 --> 00:44:55,839
just this is always an evergreen topic

1162
00:44:59,510 --> 00:44:57,520
we're always talking about some of the

1163
00:45:01,670 --> 00:44:59,520

biggest questions that you could ask

1164

00:45:04,069 --> 00:45:01,680

so i i

1165

00:45:06,470 --> 00:45:04,079

i look forward to being able to have

1166

00:45:08,150 --> 00:45:06,480

those conversations and

1167

00:45:10,550 --> 00:45:08,160

i look forward to

1168

00:45:12,309 --> 00:45:10,560

the topic breaching water again on terms

1169

00:45:14,309 --> 00:45:12,319

of like the nightly news i think it's

1170

00:45:16,870 --> 00:45:14,319

always great when that happens oh man

1171

00:45:19,990 --> 00:45:16,880

yeah and i think you know after the the

1172

00:45:23,990 --> 00:45:20,000

big um kind of stinker the last hearings

1173

00:45:25,829 --> 00:45:24,000

or i don't i i would think that if if uh

1174

00:45:26,710 --> 00:45:25,839

if and when i should say more hearings

1175

00:45:28,950 --> 00:45:26,720

happen

1176

00:45:31,430 --> 00:45:28,960

uh you know there will be probably some

1177

00:45:34,230 --> 00:45:31,440

sort of uh concerted effort to make sure

1178

00:45:35,190 --> 00:45:34,240

it's not a complete stinker again but

1179

00:45:36,710 --> 00:45:35,200

you know

1180

00:45:38,069 --> 00:45:36,720

time will tell

1181

00:45:39,910 --> 00:45:38,079

um

1182

00:45:42,390 --> 00:45:39,920

i don't think we have anything else on

1183

00:45:43,510 --> 00:45:42,400

the news tap we had the the cold heart

1184

00:45:45,030 --> 00:45:43,520

in uh

1185

00:45:47,670 --> 00:45:45,040

and uh jimmy church interviewed there

1186

00:45:49,430 --> 00:45:47,680

wasn't a whole lot as far as news other

1187

00:45:50,950 --> 00:45:49,440

than you know cole hair talking about

1188

00:45:52,309 --> 00:45:50,960

his anonymous sources

1189

00:45:54,630 --> 00:45:52,319

one of which i believe is a us

1190

00:45:57,109 --> 00:45:54,640

representative who uh he said he talked

1191

00:45:58,630 --> 00:45:57,119

to that saw the 23 minute video that

1192

00:46:00,309 --> 00:45:58,640

left

1193

00:46:02,470 --> 00:46:00,319

basically saying it changed their life

1194

00:46:05,510 --> 00:46:02,480

the 23 minute video that was

1195

00:46:07,349 --> 00:46:05,520

um first mentioned on this channel ding

1196

00:46:09,109 --> 00:46:07,359

ding ding ding that people don't seem to

1197

00:46:11,109 --> 00:46:09,119

talk about but that's okay

1198

00:46:14,710 --> 00:46:11,119

because it's not about me but still be

1199

00:46:17,990 --> 00:46:15,829

but uh

1200

00:46:19,750 --> 00:46:18,000

but yeah um

1201
00:46:21,589 --> 00:46:19,760
that's right so that's interesting to

1202
00:46:23,910 --> 00:46:21,599
hear and you know how they picked the

1203
00:46:25,589 --> 00:46:23,920
the stupid feeling the hearings it's the

1204
00:46:27,109 --> 00:46:25,599
freaking worst one and they're just

1205
00:46:29,190 --> 00:46:27,119
trying to get away with this bull crap

1206
00:46:31,430 --> 00:46:29,200
and it pisses me off and i love hearing

1207
00:46:33,349 --> 00:46:31,440
ross coldheart say [h__h] it's my

1208
00:46:36,390 --> 00:46:33,359
favorite thing because every time he

1209
00:46:39,109 --> 00:46:36,400
says that i go yeah [h__h]

1210
00:46:40,790 --> 00:46:39,119
so so for those of us so for those out

1211
00:46:42,550 --> 00:46:40,800
there listening that that aren't aware

1212
00:46:46,550 --> 00:46:42,560
of this there's been a long rumored

1213
00:46:47,990 --> 00:46:46,560

23-minute um uh confidential like top

1214

00:46:50,470 --> 00:46:48,000

secret or i don't know what the

1215

00:46:53,510 --> 00:46:50,480

clearance level is on this puppy but um

1216

00:46:55,910 --> 00:46:53,520

but there's apparently a 23-minute

1217

00:46:56,790 --> 00:46:55,920

craft video out there that is in crystal

1218

00:46:57,670 --> 00:46:56,800

clear

1219

00:47:01,670 --> 00:46:57,680

um

1220

00:47:05,109 --> 00:47:01,680

uh hd resolution if not better and and

1221

00:47:06,069 --> 00:47:05,119

it is an extraordinary detail

1222

00:47:08,829 --> 00:47:06,079

and

1223

00:47:11,990 --> 00:47:08,839

um has been shown in

1224

00:47:14,309 --> 00:47:12,000

in closed door hearings

1225

00:47:16,230 --> 00:47:14,319

on capitol hill for a while now and

1226
00:47:17,589 --> 00:47:16,240
louis lozando's mentioned it for a while

1227
00:47:20,390 --> 00:47:17,599
other people have mentioned it ross

1228
00:47:23,829 --> 00:47:20,400
coldheart's talking about it and

1229
00:47:25,510 --> 00:47:23,839
um apparently it's incredibly convincing

1230
00:47:27,430 --> 00:47:25,520
there's other convincing footage that's

1231
00:47:28,870 --> 00:47:27,440
out there

1232
00:47:30,630 --> 00:47:28,880
but

1233
00:47:32,710 --> 00:47:30,640
that i've heard about and you have

1234
00:47:34,150 --> 00:47:32,720
probably as well but this 23 minute

1235
00:47:35,910 --> 00:47:34,160
video

1236
00:47:38,470 --> 00:47:35,920
keeps getting highlighted keeps getting

1237
00:47:42,150 --> 00:47:38,480
highlighted and we hope that it sees the

1238
00:47:42,950 --> 00:47:42,160

light of day sometime soon right yeah um

1239

00:47:44,230 --> 00:47:42,960

yeah

1240

00:47:46,069 --> 00:47:44,240

absolutely

1241

00:47:47,109 --> 00:47:46,079

and interestingly you know some of these

1242

00:47:49,430 --> 00:47:47,119

videos

1243

00:47:50,710 --> 00:47:49,440

i've heard you know that that some of

1244

00:47:51,589 --> 00:47:50,720

these videos

1245

00:47:53,910 --> 00:47:51,599

um

1246

00:47:55,990 --> 00:47:53,920

have loose enough clearance

1247

00:47:57,829 --> 00:47:56,000

that that you can just if you have

1248

00:47:59,430 --> 00:47:57,839

j-wicks which is basically like the

1249

00:48:00,950 --> 00:47:59,440

confidential version of the internet

1250

00:48:01,750 --> 00:48:00,960

that anybody with a security clearance

1251
00:48:04,710 --> 00:48:01,760
has

1252
00:48:06,069 --> 00:48:04,720
um or most as far as i know uh i think

1253
00:48:08,790 --> 00:48:06,079
there's two different versions but if

1254
00:48:12,150 --> 00:48:08,800
you've got jwix you can literally just

1255
00:48:15,670 --> 00:48:12,160
search for uap videos and you can find

1256
00:48:17,990 --> 00:48:15,680
better videos than what we've got and so

1257
00:48:20,470 --> 00:48:18,000
you know the fact that you know i mean

1258
00:48:22,950 --> 00:48:20,480
we understand that that things work this

1259
00:48:25,990 --> 00:48:22,960
way sometimes but some of these these

1260
00:48:28,790 --> 00:48:26,000
better uap videos are not you know

1261
00:48:30,790 --> 00:48:28,800
hidden in a drawer at nasa in some

1262
00:48:32,390 --> 00:48:30,800
office that nobody's ever going to find

1263
00:48:34,470 --> 00:48:32,400

on the outskirts of boise idaho or

1264

00:48:36,470 --> 00:48:34,480

something like that like they're

1265

00:48:38,069 --> 00:48:36,480

literally on their confidential version

1266

00:48:40,870 --> 00:48:38,079

of the internet just sitting there

1267

00:48:42,790 --> 00:48:40,880

waiting to be like keyworded in

1268

00:48:44,150 --> 00:48:42,800

um so

1269

00:48:47,430 --> 00:48:44,160

it makes it a little bit maddening

1270

00:48:49,349 --> 00:48:47,440

sometimes yeah sure totally right yeah

1271

00:48:52,549 --> 00:48:49,359

but yeah i thought that was interesting

1272

00:48:54,470 --> 00:48:52,559

you know and ross uh you know has a lot

1273

00:48:56,470 --> 00:48:54,480

of juicy gossip from anonymous sources

1274

00:48:58,309 --> 00:48:56,480

including that we have programs to shoot

1275

00:49:01,510 --> 00:48:58,319

and take down uap which i think is a

1276

00:49:03,109 --> 00:49:01,520

terrible idea you know probably but

1277

00:49:04,950 --> 00:49:03,119

you know we've been trying to do it for

1278

00:49:07,190 --> 00:49:04,960

years i mean ever since the battle of

1279

00:49:10,069 --> 00:49:07,200

l.a as far as i can know you know right

1280

00:49:12,390 --> 00:49:10,079

back in 1942 we you know made the cover

1281

00:49:15,349 --> 00:49:12,400

of the newspaper out in la you know that

1282

00:49:18,230 --> 00:49:15,359

that um there was an a ufo that showed

1283

00:49:20,309 --> 00:49:18,240

up during world war ii over los angeles

1284

00:49:22,470 --> 00:49:20,319

and because of war preparedness and not

1285

00:49:23,990 --> 00:49:22,480

knowing what the germans or the japanese

1286

00:49:25,030 --> 00:49:24,000

had um

1287

00:49:28,150 --> 00:49:25,040

uh

1288

00:49:30,549 --> 00:49:28,160

the military just shelled the living

1289

00:49:32,230 --> 00:49:30,559

[h__\h] out of it over la and you know

1290

00:49:33,589 --> 00:49:32,240

thousands and thousands of people watch

1291

00:49:35,829 --> 00:49:33,599

this and just hovered there there's

1292

00:49:38,150 --> 00:49:35,839

pictures you know people just throwing

1293

00:49:40,549 --> 00:49:38,160

whatever they could at it uh in terms of

1294

00:49:42,870 --> 00:49:40,559

firepower and it not being even

1295

00:49:45,910 --> 00:49:42,880

seemingly dinged and then disappearing

1296

00:49:47,030 --> 00:49:45,920

right so we have a long-standing

1297

00:49:47,910 --> 00:49:47,040

you know

1298

00:49:49,510 --> 00:49:47,920

saying

1299

00:49:51,190 --> 00:49:49,520

if anybody especially during that

1300

00:49:52,790 --> 00:49:51,200

sub-community hearing saying like oh

1301
00:49:55,510 --> 00:49:52,800
yeah we've never done that we don't do

1302
00:49:57,829 --> 00:49:55,520
that it's hogwash it's ridiculous

1303
00:50:00,230 --> 00:49:57,839
it is watching especially if you read

1304
00:50:01,190 --> 00:50:00,240
all the the blue book reports about how

1305
00:50:03,109 --> 00:50:01,200
they're

1306
00:50:05,030 --> 00:50:03,119
you know i can't even

1307
00:50:07,190 --> 00:50:05,040
i can't even remember count how many

1308
00:50:09,910 --> 00:50:07,200
blue book reports i've read where

1309
00:50:11,349 --> 00:50:09,920
they've you know vectored planes

1310
00:50:14,069 --> 00:50:11,359
over bogeys

1311
00:50:16,549 --> 00:50:14,079
that were unidentified

1312
00:50:19,510 --> 00:50:16,559
you know absolutely the thing is

1313
00:50:21,190 --> 00:50:19,520

uh they just can't catch them

1314

00:50:26,470 --> 00:50:21,200

because

1315

00:50:27,910 --> 00:50:26,480

know at least probably a hundred hundred

1316

00:50:29,349 --> 00:50:27,920

plus years ahead of us probably

1317

00:50:30,870 --> 00:50:29,359

thousands

1318

00:50:32,069 --> 00:50:30,880

um so

1319

00:50:33,510 --> 00:50:32,079

you know what are you gonna do you can

1320

00:50:36,069 --> 00:50:33,520

try all you want but you're shooting at

1321

00:50:38,710 --> 00:50:36,079

the air at the end because you just

1322

00:50:41,510 --> 00:50:38,720

can't do it

1323

00:50:43,750 --> 00:50:41,520

because you're just not uh capable

1324

00:50:45,349 --> 00:50:43,760

of it with with our technology but who

1325

00:50:48,230 --> 00:50:45,359

knows if

1326

00:50:51,109 --> 00:50:48,240

you know um that stuff changes which i'm

1327

00:50:52,069 --> 00:50:51,119

i'm sure it will if it hasn't already so

1328

00:50:56,309 --> 00:50:52,079

yeah

1329

00:50:57,990 --> 00:50:56,319

interesting

1330

00:51:00,150 --> 00:50:58,000

uh contact cases that we were going to

1331

00:51:02,390 --> 00:51:00,160

talk about today as well yeah yeah it's

1332

00:51:04,549 --> 00:51:02,400

a good time to get to that sp speaking

1333

00:51:07,589 --> 00:51:04,559

of advanced technology and the

1334

00:51:10,870 --> 00:51:07,599

possibilities of being misunderstood and

1335

00:51:12,870 --> 00:51:10,880

the dangers of maybe coming too close to

1336

00:51:15,190 --> 00:51:12,880

some of these crafts sometimes and other

1337

00:51:16,710 --> 00:51:15,200

such things um do you would you want to

1338

00:51:19,510 --> 00:51:16,720

start with yours and then i can roll

1339

00:51:21,670 --> 00:51:19,520

into mine sure yeah the the one i have

1340

00:51:22,710 --> 00:51:21,680

is um

1341

00:51:24,390 --> 00:51:22,720

well

1342

00:51:27,109 --> 00:51:24,400

yeah i mean excited about this by the

1343

00:51:28,470 --> 00:51:27,119

way it it's a great case it really is

1344

00:51:30,150 --> 00:51:28,480

and i was thinking about doing a

1345

00:51:31,109 --> 00:51:30,160

different case until

1346

00:51:33,510 --> 00:51:31,119

um

1347

00:51:35,190 --> 00:51:33,520

you know i got on this one

1348

00:51:36,710 --> 00:51:35,200

and

1349

00:51:40,630 --> 00:51:36,720

it's an interesting

1350

00:51:43,030 --> 00:51:40,640

story because i kind of just ran into it

1351

00:51:46,150 --> 00:51:43,040

so to speak i was looking up

1352

00:51:48,390 --> 00:51:46,160

um cases on a faded disc where they have

1353

00:51:49,430 --> 00:51:48,400

like audio testimony of different cases

1354

00:51:51,670 --> 00:51:49,440

and stuff

1355

00:51:54,069 --> 00:51:51,680

and i was on this one that happened in

1356

00:51:56,390 --> 00:51:54,079

uh january 1979

1357

00:51:58,390 --> 00:51:56,400

and this uh air force captain actually

1358

00:52:00,790 --> 00:51:58,400

calls into the ufo hotline saying this

1359

00:52:02,470 --> 00:52:00,800

person called him

1360

00:52:05,270 --> 00:52:02,480

and you know

1361

00:52:07,910 --> 00:52:05,280

gave him his story about how uh he saw

1362

00:52:09,750 --> 00:52:07,920

the ship and two beings came out

1363

00:52:11,190 --> 00:52:09,760

and and so on and so forth but the

1364

00:52:13,670 --> 00:52:11,200

recording wound up being kind of too

1365

00:52:15,510 --> 00:52:13,680

crummy and you know i couldn't really

1366

00:52:18,069 --> 00:52:15,520

take listening to too much more of it

1367

00:52:19,270 --> 00:52:18,079

but because i did that i then googled up

1368

00:52:21,109 --> 00:52:19,280

googled and tried to look more

1369

00:52:24,069 --> 00:52:21,119

information on it and i found the case

1370

00:52:25,270 --> 00:52:24,079

that that really is amazing and it's val

1371

00:52:26,150 --> 00:52:25,280

johnson

1372

00:52:28,950 --> 00:52:26,160

um

1373

00:52:30,390 --> 00:52:28,960

in marshall county minnesota 1979 in

1374

00:52:32,390 --> 00:52:30,400

august

1375

00:52:36,630 --> 00:52:32,400

but i am gonna play just a little clip

1376

00:52:38,630 --> 00:52:36,640

that describes it and before that um is

1377

00:52:41,910 --> 00:52:38,640

a little bit of the audio testimony of

1378

00:52:43,750 --> 00:52:41,920

what i described from kingsman arizona

1379

00:52:47,190 --> 00:52:43,760

and there's similarities in these two

1380

00:52:49,270 --> 00:52:47,200

cases both of them are in 1979

1381

00:52:52,309 --> 00:52:49,280

and both of them have

1382

00:52:55,030 --> 00:52:52,319

uh physical injuries which i just find

1383

00:52:56,470 --> 00:52:55,040

a little too uh coincidental so i'm just

1384

00:52:57,910 --> 00:52:56,480

gonna play that it's about three minutes

1385

00:53:00,069 --> 00:52:57,920

long i'm playing it because it gives you

1386

00:53:02,470 --> 00:53:00,079

a great breakdown of the case and we can

1387

00:53:05,349 --> 00:53:02,480

discuss afterwards so i'm psyched

1388

00:53:10,309 --> 00:53:08,230

air force base in arizona

1389

00:53:12,470 --> 00:53:10,319

i just received i'm in the command

1390

00:53:13,670 --> 00:53:12,480

center here i just received a call from

1391

00:53:16,150 --> 00:53:13,680

a gentleman

1392

00:53:18,470 --> 00:53:16,160

at kingman arizona that i think may be

1393

00:53:20,549 --> 00:53:18,480

interesting enough for you to look into

1394

00:53:23,510 --> 00:53:20,559

okay do you have his name sir

1395

00:53:25,990 --> 00:53:23,520

i do his name is

1396

00:53:28,390 --> 00:53:26,000

he claims to have

1397

00:53:30,710 --> 00:53:28,400

seen a couple of lights

1398

00:53:33,030 --> 00:53:30,720

off the road between

1399

00:53:34,710 --> 00:53:33,040

bullhead city on the colorado river and

1400

00:53:37,670 --> 00:53:34,720

kingman

1401
00:53:39,829 --> 00:53:37,680
and stopped to investigate

1402
00:53:40,870 --> 00:53:39,839
and to have seen

1403
00:53:43,510 --> 00:53:40,880
two

1404
00:53:46,069 --> 00:53:43,520
very small individuals dressed in white

1405
00:53:48,230 --> 00:53:46,079
suits that were reflective

1406
00:53:48,870 --> 00:53:48,240
and had some type of communication with

1407
00:53:51,030 --> 00:53:48,880
them

1408
00:53:53,829 --> 00:53:51,040
and that they then retreated from him

1409
00:53:55,510 --> 00:53:53,839
and the lights

1410
00:53:58,069 --> 00:53:55,520
went straight up

1411
00:54:00,790 --> 00:53:58,079
he sounded rational

1412
00:54:04,069 --> 00:54:00,800
and sober

1413
00:54:06,390 --> 00:54:04,079

and the nature of his

1414

00:54:08,710 --> 00:54:06,400

conversation over the phone at least

1415

00:54:11,829 --> 00:54:08,720

made it sound like he was pulling a

1416

00:54:14,150 --> 00:54:11,839

practical joke so i think maybe at least

1417

00:54:15,750 --> 00:54:14,160

it would be worth some type of check all

1418

00:54:19,109 --> 00:54:15,760

right sir could i get your name again

1419

00:54:20,950 --> 00:54:19,119

yes this is major gents jnson

1420

00:54:23,109 --> 00:54:20,960

by the way uh

1421

00:54:25,750 --> 00:54:23,119

he stated he's gonna be at his house

1422

00:54:28,390 --> 00:54:25,760

this evening but he won't be available

1423

00:54:30,390 --> 00:54:28,400

tomorrow due to some traveling

1424

00:54:32,069 --> 00:54:30,400

and

1425

00:54:33,829 --> 00:54:32,079

he mentioned he did have an appointment

1426

00:54:36,549 --> 00:54:33,839

with a doctor in the morning to check

1427

00:54:38,789 --> 00:54:36,559

some type of burns that he has on his

1428

00:55:22,069 --> 00:54:38,799

body that he thinks came from this

1429

00:55:26,390 --> 00:55:24,390

i traveled about a mile

1430

00:55:28,870 --> 00:55:26,400

and the light seemed to

1431

00:55:30,069 --> 00:55:28,880

intercept me so to speak

1432

00:55:32,710 --> 00:55:30,079

came the

1433

00:55:34,150 --> 00:55:32,720

came right upon me it was painful the

1434

00:55:36,470 --> 00:55:34,160

light was extremely brilliant and

1435

00:55:38,230 --> 00:55:36,480

painful i closed my eyes and i

1436

00:55:40,549 --> 00:55:38,240

heard the sound of breaking glass and

1437

00:55:42,470 --> 00:55:40,559

that's the last i remember is truly

1438

00:55:50,309 --> 00:55:42,480

unexplainable to me or

1439

00:55:54,069 --> 00:55:51,670

listen closely

1440

00:55:56,069 --> 00:55:54,079

407 uh what is your condition

1441

00:55:58,549 --> 00:55:56,079

i don't know

1442

00:56:01,430 --> 00:55:58,559

someone just hit my car

1443

00:56:05,670 --> 00:56:03,510

strange

1444

00:56:07,270 --> 00:56:05,680

are you uh what's your condition are you

1445

00:56:09,990 --> 00:56:07,280

okay

1446

00:56:12,549 --> 00:56:10,000

something attacked my car

1447

00:56:13,990 --> 00:56:12,559

i heard the glass breaking and the locks

1448

00:56:21,829 --> 00:56:14,000

the

1449

00:56:25,910 --> 00:56:23,910

my eyes were extremely painful as if i'd

1450

00:56:27,829 --> 00:56:25,920

been subjected to uh

1451

00:56:30,230 --> 00:56:27,839

something like arc welder burn or

1452

00:56:31,270 --> 00:56:30,240

something

1453

00:56:33,510 --> 00:56:31,280

my uh

1454

00:56:35,430 --> 00:56:33,520

there's some stuff put in my eyes and

1455

00:56:38,069 --> 00:56:35,440

they were covered with an adhesive

1456

00:56:39,910 --> 00:56:38,079

bandage but in a matter of six to eight

1457

00:56:42,230 --> 00:56:39,920

hours it cleared up

1458

00:56:44,470 --> 00:56:42,240

the request was made by mr allen henry

1459

00:56:46,309 --> 00:56:44,480

to ford motor company and

1460

00:56:47,910 --> 00:56:46,319

through the normal chain of command down

1461

00:56:49,750 --> 00:56:47,920

to the glass division

1462

00:56:51,670 --> 00:56:49,760

i as the

1463

00:56:52,549 --> 00:56:51,680

so-called glass expert

1464

00:56:54,069 --> 00:56:52,559

was

1465

00:56:55,589 --> 00:56:54,079

asked to come out and examine the

1466

00:57:00,309 --> 00:56:55,599

windshield

1467

00:57:03,190 --> 00:57:00,319

are not unusual in themselves any one of

1468

00:57:05,829 --> 00:57:03,200

which i could reproduce

1469

00:57:07,109 --> 00:57:05,839

myself in the laboratory

1470

00:57:10,470 --> 00:57:07,119

but

1471

00:57:13,510 --> 00:57:10,480

as a group they're unusual

1472

00:57:15,430 --> 00:57:13,520

i'm convinced that the fractures as we

1473

00:57:17,670 --> 00:57:15,440

see here were made by

1474

00:57:20,390 --> 00:57:17,680

some type of a blow from the outside of

1475

00:57:21,430 --> 00:57:20,400

the glass by some

1476

00:57:23,589 --> 00:57:21,440

firm

1477

00:57:25,510 --> 00:57:23,599

uh probably hard object

1478

00:57:27,910 --> 00:57:25,520

but with not sufficient

1479

00:57:29,990 --> 00:57:27,920

force to crush the glass but enough

1480

00:57:31,349 --> 00:57:30,000

force to bend the glass to the point of

1481

00:57:32,630 --> 00:57:31,359

breaking it

1482

00:57:33,589 --> 00:57:32,640

i have not seen anything like this

1483

00:57:36,069 --> 00:57:33,599

before

1484

00:57:38,230 --> 00:57:36,079

they are extremely unusual

1485

00:57:40,549 --> 00:57:38,240

i've been in law enforcement for about

1486

00:57:41,910 --> 00:57:40,559

15 years i've been the chief deputy

1487

00:57:43,670 --> 00:57:41,920

sheriff in

1488

00:57:44,549 --> 00:57:43,680

marshall county for eight years and i

1489

00:57:46,309 --> 00:57:44,559

was

1490

00:57:48,710 --> 00:57:46,319

elected sheriff of

1491

00:57:51,430 --> 00:57:48,720

marshall county last january first so

1492

00:57:54,069 --> 00:57:51,440

i've been in office about a year now

1493

00:57:55,430 --> 00:57:54,079

the car the car itself had the busted

1494

00:57:57,349 --> 00:57:55,440

headlights

1495

00:57:58,950 --> 00:57:57,359

the windshield was broke

1496

00:58:00,150 --> 00:57:58,960

one of the red lights on top of the roof

1497

00:58:03,030 --> 00:58:00,160

was wrong

1498

00:58:04,470 --> 00:58:03,040

the antennas were bent backward where if

1499

00:58:05,990 --> 00:58:04,480

an object would have strengthened and

1500

00:58:06,950 --> 00:58:06,000

struck them they should have been bent

1501
00:58:08,470 --> 00:58:06,960
forward

1502
00:58:10,470 --> 00:58:08,480
but they were bent the opposite way as

1503
00:58:11,829 --> 00:58:10,480
if some force had vented

1504
00:58:13,990 --> 00:58:11,839
well it's uh

1505
00:58:15,829 --> 00:58:14,000
it's uh brought our family union unit

1506
00:58:18,230 --> 00:58:15,839
closer together well there was a lot of

1507
00:58:20,710 --> 00:58:18,240
people confused about it and a lot of uh

1508
00:58:22,549 --> 00:58:20,720
unusual stories that came out about it

1509
00:58:24,390 --> 00:58:22,559
uh but

1510
00:58:26,710 --> 00:58:24,400
it's brought us closer together as a

1511
00:58:28,710 --> 00:58:26,720
family unit upon reflection afterwards

1512
00:58:30,309 --> 00:58:28,720
it's been about six months now upon

1513
00:58:32,549 --> 00:58:30,319

reflection

1514

00:58:33,430 --> 00:58:32,559

we've kind of come to the conclusion

1515

00:58:35,109 --> 00:58:33,440

that

1516

00:58:36,710 --> 00:58:35,119

perhaps the creator has made other

1517

00:58:38,549 --> 00:58:36,720

things that we can't readily see or

1518

00:58:48,950 --> 00:58:38,559

readily identify and perhaps this is one

1519

00:58:53,829 --> 00:58:51,670

yeah so that so that's it that's a

1520

00:58:56,309 --> 00:58:53,839

amazing case you can you can hear from

1521

00:58:57,910 --> 00:58:56,319

the 911 call that the guy is uh

1522

00:58:59,829 --> 00:58:57,920

definitely startled

1523

00:59:02,630 --> 00:58:59,839

um

1524

00:59:04,470 --> 00:59:02,640

yeah he sounds dazed shocked even you

1525

00:59:05,670 --> 00:59:04,480

know uh

1526

00:59:06,870 --> 00:59:05,680

i uh

1527

00:59:10,710 --> 00:59:06,880

that was

1528

00:59:12,549 --> 00:59:10,720

vulnerable state he was in at the time

1529

00:59:15,190 --> 00:59:12,559

which is completely understandable on

1530

00:59:16,470 --> 00:59:15,200

tracks with so many other cases that we

1531

00:59:18,710 --> 00:59:16,480

hear about

1532

00:59:20,789 --> 00:59:18,720

so he's driving his cop car just down

1533

00:59:23,510 --> 00:59:20,799

the road a light comes at him

1534

00:59:26,390 --> 00:59:23,520

um and

1535

00:59:29,910 --> 00:59:26,400

basically smacks his car he's he

1536

00:59:32,870 --> 00:59:29,920

the brakes seize up on him he

1537

00:59:34,630 --> 00:59:32,880

ones up doing like a crazy turn and kind

1538

00:59:36,710 --> 00:59:34,640

of like stalling out

1539

00:59:39,349 --> 00:59:36,720

and he passes out

1540

00:59:42,230 --> 00:59:39,359

he passes out and i believe

1541

00:59:43,589 --> 00:59:42,240

it's i think it was when he woke up that

1542

00:59:44,829 --> 00:59:43,599

he made that call

1543

00:59:46,390 --> 00:59:44,839

um

1544

00:59:49,030 --> 00:59:46,400

but

1545

00:59:49,910 --> 00:59:49,040

it you know the his antennas are are

1546

00:59:52,710 --> 00:59:49,920

bent

1547

00:59:55,349 --> 00:59:52,720

there's uh his window is shattered

1548

00:59:57,829 --> 00:59:55,359

and he has like radiation burns

1549

01:00:00,230 --> 00:59:57,839

basically on his eyes and that's why i

1550

01:00:02,309 --> 01:00:00,240

played the the kingsman arizona case

1551
01:00:04,870 --> 01:00:02,319
because that person reported that too

1552
01:00:06,549 --> 01:00:04,880
and the interesting part about these

1553
01:00:08,870 --> 01:00:06,559
cases is

1554
01:00:10,630 --> 01:00:08,880
there are reputable honest people

1555
01:00:12,390 --> 01:00:10,640
there's there's some parts that i wanted

1556
01:00:13,510 --> 01:00:12,400
to put in that video that i didn't

1557
01:00:16,150 --> 01:00:13,520
because there was music in the

1558
01:00:17,670 --> 01:00:16,160
background and and i didn't want to

1559
01:00:19,990 --> 01:00:17,680
deal with that but

1560
01:00:21,990 --> 01:00:20,000
um you know that cop that other cop that

1561
01:00:24,390 --> 01:00:22,000
talked about him talks about what a what

1562
01:00:25,829 --> 01:00:24,400
a good person he is and what a family

1563
01:00:26,870 --> 01:00:25,839

man is

1564

01:00:29,109 --> 01:00:26,880

um

1565

01:00:30,789 --> 01:00:29,119

you know i read that all the time in

1566

01:00:32,309 --> 01:00:30,799

these cases is

1567

01:00:34,390 --> 01:00:32,319

they're they're not

1568

01:00:36,230 --> 01:00:34,400

the people that you know this person

1569

01:00:37,670 --> 01:00:36,240

wouldn't make something up you know like

1570

01:00:40,470 --> 01:00:37,680

like the air force

1571

01:00:41,670 --> 01:00:40,480

kingsman uh arizona case where this guy

1572

01:00:43,349 --> 01:00:41,680

does

1573

01:00:44,870 --> 01:00:43,359

he sounds like he's telling the truth

1574

01:00:46,789 --> 01:00:44,880

man you know

1575

01:00:49,109 --> 01:00:46,799

and i think it's about time we realize

1576

01:00:52,789 --> 01:00:49,119

that these people are telling the truth

1577

01:00:55,589 --> 01:00:52,799

and you know these people were affected

1578

01:00:56,390 --> 01:00:55,599

um physically by this

1579

01:00:57,670 --> 01:00:56,400

and

1580

01:00:58,470 --> 01:00:57,680

you know it's

1581

01:01:15,430 --> 01:00:58,480

the

1582

01:01:18,390 --> 01:01:15,440

he said our creator might have

1583

01:01:20,710 --> 01:01:18,400

other things that were made too you know

1584

01:01:21,750 --> 01:01:20,720

and we often talk about

1585

01:01:24,150 --> 01:01:21,760

uh

1586

01:01:26,870 --> 01:01:24,160

people often talk about disclosure and

1587

01:01:29,030 --> 01:01:26,880

it's changing people's paradigms and

1588

01:01:31,349 --> 01:01:29,040

something louis zondo and berchette

1589

01:01:33,109 --> 01:01:31,359

talked about is you know

1590

01:01:35,990 --> 01:01:33,119

will it change religion

1591

01:01:37,349 --> 01:01:36,000

or how people view this or that and

1592

01:01:40,150 --> 01:01:37,359

um

1593

01:01:41,990 --> 01:01:40,160

and how they didn't think it will and

1594

01:01:43,750 --> 01:01:42,000

you know we just look at this guy and

1595

01:01:46,230 --> 01:01:43,760

this is what i see happening from

1596

01:01:48,549 --> 01:01:46,240

something like disclosure

1597

01:01:51,109 --> 01:01:48,559

it brings people closer together it

1598

01:01:53,190 --> 01:01:51,119

brought his family closer together

1599

01:01:54,309 --> 01:01:53,200

you know and then you can go down the

1600

01:01:56,630 --> 01:01:54,319

road of

1601

01:01:58,390 --> 01:01:56,640

maybe he needed that

1602

01:02:00,870 --> 01:01:58,400

maybe he needed to be closer to his

1603

01:02:02,710 --> 01:02:00,880

family maybe this happened for some sort

1604

01:02:04,789 --> 01:02:02,720

of reason like that

1605

01:02:05,750 --> 01:02:04,799

you know

1606

01:02:09,990 --> 01:02:05,760

it's

1607

01:02:11,510 --> 01:02:10,000

think you put it brilliantly i think you

1608

01:02:14,069 --> 01:02:11,520

absolutely put it brilliantly i was

1609

01:02:15,510 --> 01:02:14,079

really struck by that as well that him

1610

01:02:17,270 --> 01:02:15,520

and of course you know that's a

1611

01:02:18,630 --> 01:02:17,280

situation where

1612

01:02:21,190 --> 01:02:18,640

um

1613

01:02:23,910 --> 01:02:21,200

you know he's on camera the officer he

1614

01:02:26,390 --> 01:02:23,920

you know he's got a tv host pointing a

1615

01:02:28,069 --> 01:02:26,400

microphone at him and he's sitting there

1616

01:02:30,789 --> 01:02:28,079

and he's trying to

1617

01:02:33,510 --> 01:02:30,799

and he there's an element where you can

1618

01:02:35,750 --> 01:02:33,520

tell that he's been

1619

01:02:36,789 --> 01:02:35,760

working through this in his own mind in

1620

01:02:39,510 --> 01:02:36,799

terms of

1621

01:02:42,549 --> 01:02:39,520

what you know what is my framework what

1622

01:02:45,510 --> 01:02:42,559

what world framework am i working with

1623

01:02:48,069 --> 01:02:45,520

here and and recognizing that when he

1624

01:02:50,150 --> 01:02:48,079

gets up there and he's got the tv lights

1625

01:02:51,670 --> 01:02:50,160

on him that he's going to have to

1626
01:02:53,910 --> 01:02:51,680
kind of

1627
01:02:56,309 --> 01:02:53,920
spit something out about

1628
01:02:59,510 --> 01:02:56,319
what what the framework might be and he

1629
01:03:00,309 --> 01:02:59,520
did a wonderful job of trying to kind of

1630
01:03:07,589 --> 01:03:00,319
in

1631
01:03:08,470 --> 01:03:07,599
the experience that he had

1632
01:03:10,470 --> 01:03:08,480
and

1633
01:03:12,789 --> 01:03:10,480
you know i mean that it's just such a

1634
01:03:15,670 --> 01:03:12,799
common situation of people trying to say

1635
01:03:17,109 --> 01:03:15,680
you know this doesn't necessarily

1636
01:03:19,029 --> 01:03:17,119
have to mean

1637
01:03:21,029 --> 01:03:19,039
that that

1638
01:03:23,029 --> 01:03:21,039

my religion is wrong or that my

1639

01:03:24,470 --> 01:03:23,039

spirituality is wrong maybe that you

1640

01:03:26,390 --> 01:03:24,480

know maybe

1641

01:03:29,109 --> 01:03:26,400

you know the creation is just bigger

1642

01:03:31,589 --> 01:03:29,119

than we anticipated it and

1643

01:03:34,789 --> 01:03:31,599

i think that that's that's a perfectly

1644

01:03:36,710 --> 01:03:34,799

cool and a perfectly acceptable and a

1645

01:03:38,390 --> 01:03:36,720

way to frame things you know personally

1646

01:03:40,789 --> 01:03:38,400

not that anybody needs to listen to me

1647

01:03:43,510 --> 01:03:40,799

but you know there's there's there's

1648

01:03:45,829 --> 01:03:43,520

that middle ground that a lot of people

1649

01:03:48,230 --> 01:03:45,839

are going to potentially be struggling

1650

01:03:51,270 --> 01:03:48,240

with over the course of the next years

1651

01:03:53,589 --> 01:03:51,280

in terms of looking at the reality of of

1652

01:03:55,990 --> 01:03:53,599

uaps and other paranormal phenomena

1653

01:03:58,230 --> 01:03:56,000

coming closer into focus other

1654

01:04:00,950 --> 01:03:58,240

civilizations potentially coming closer

1655

01:04:04,309 --> 01:04:00,960

into focus and then having to reconcile

1656

01:04:05,750 --> 01:04:04,319

that with um how you grew up and

1657

01:04:07,109 --> 01:04:05,760

the family structures you're in and

1658

01:04:10,069 --> 01:04:07,119

things like that

1659

01:04:13,349 --> 01:04:10,079

yeah and how can it be a bad thing to

1660

01:04:15,750 --> 01:04:13,359

look at the wider spectrum of of reality

1661

01:04:18,069 --> 01:04:15,760

you know how can it be a bad thing to

1662

01:04:20,150 --> 01:04:18,079

open your mind up to the possibilities

1663

01:04:21,990 --> 01:04:20,160

of the universe you know

1664

01:04:23,829 --> 01:04:22,000

i see a lot of people in the chat saying

1665

01:04:26,069 --> 01:04:23,839

it changed my life

1666

01:04:27,029 --> 01:04:26,079

when i had my thing and it changed mine

1667

01:04:31,670 --> 01:04:27,039

too

1668

01:04:33,750 --> 01:04:31,680

we wouldn't be here together

1669

01:04:36,150 --> 01:04:33,760

you know doing this show if if we each

1670

01:04:38,789 --> 01:04:36,160

didn't have our encounter so right there

1671

01:04:41,910 --> 01:04:38,799

is evidence that our lives were taken

1672

01:04:44,789 --> 01:04:41,920

from one uh path and put on a different

1673

01:04:47,270 --> 01:04:44,799

uh path and and maybe it's because

1674

01:04:49,029 --> 01:04:47,280

uh more humans need to start thinking

1675

01:04:50,630 --> 01:04:49,039

about the bigger

1676

01:04:52,470 --> 01:04:50,640

the bigger questions

1677

01:04:55,190 --> 01:04:52,480

you know and and start thinking about a

1678

01:04:56,950 --> 01:04:55,200

wider reality because honestly

1679

01:04:59,510 --> 01:04:56,960

for the most part we've all been slaves

1680

01:05:02,230 --> 01:04:59,520

to a night you know to living in a box

1681

01:05:03,910 --> 01:05:02,240

and set rules for far too long which

1682

01:05:05,829 --> 01:05:03,920

i've never thought life was supposed to

1683

01:05:07,829 --> 01:05:05,839

be that way when you spend your life

1684

01:05:10,309 --> 01:05:07,839

doing things that you don't really enjoy

1685

01:05:11,750 --> 01:05:10,319

for something like money i i don't think

1686

01:05:13,990 --> 01:05:11,760

that's the way the world's supposed to

1687

01:05:15,910 --> 01:05:14,000

work and who am i to say that that's why

1688

01:05:17,430 --> 01:05:15,920

i had my experience or other people do

1689

01:05:18,789 --> 01:05:17,440

but i think

1690

01:05:21,270 --> 01:05:18,799

you know when people start thinking

1691

01:05:23,829 --> 01:05:21,280

about the larger picture

1692

01:05:26,069 --> 01:05:23,839

you know things like that start to you

1693

01:05:28,710 --> 01:05:26,079

know rightfully so looking a little

1694

01:05:31,910 --> 01:05:28,720

silly and and we come together a little

1695

01:05:32,789 --> 01:05:31,920

bit a little bit more so yeah yeah i

1696

01:05:34,470 --> 01:05:32,799

agree

1697

01:05:36,870 --> 01:05:34,480

these things this can be really

1698

01:05:39,589 --> 01:05:36,880

challenging scenarios to go through but

1699

01:05:41,270 --> 01:05:39,599

you know when when i met you i met you

1700

01:05:44,150 --> 01:05:41,280

that the very day

1701

01:05:46,549 --> 01:05:44,160

that i went public as an experimenter via

1702

01:05:48,150 --> 01:05:46,559

ralph blumenthal's article that

1703

01:05:50,069 --> 01:05:48,160

eventually got published in in the

1704

01:05:53,589 --> 01:05:50,079

debrief you know it's just five hours

1705

01:05:55,990 --> 01:05:53,599

later that joe merja introduced us right

1706

01:05:57,510 --> 01:05:56,000

and that's been a wonderful thing for my

1707

01:05:59,829 --> 01:05:57,520

life you know doing the show with the

1708

01:06:02,309 --> 01:05:59,839

wonderful people here you know and

1709

01:06:05,029 --> 01:06:02,319

having this regular conversation that we

1710

01:06:07,270 --> 01:06:05,039

do you know we met last weekend you and

1711

01:06:09,670 --> 01:06:07,280

i in person for the first time

1712

01:06:12,230 --> 01:06:09,680

yes and there's so many there's so many

1713

01:06:13,109 --> 01:06:12,240

people in our community that we talk to

1714

01:06:16,470 --> 01:06:13,119

you know

1715

01:06:19,109 --> 01:06:16,480

when we're not streaming on youtube that

1716

01:06:21,910 --> 01:06:19,119

you know their lives became richer when

1717

01:06:23,510 --> 01:06:21,920

they decided to ask bigger questions you

1718

01:06:26,390 --> 01:06:23,520

know and

1719

01:06:28,309 --> 01:06:26,400

something that really rocked the world

1720

01:06:30,549 --> 01:06:28,319

may have happened before that or not you

1721

01:06:32,470 --> 01:06:30,559

know but the idea of engaging with these

1722

01:06:34,470 --> 01:06:32,480

questions um

1723

01:06:36,950 --> 01:06:34,480

is is often

1724

01:06:39,109 --> 01:06:36,960

it it becomes

1725

01:06:41,589 --> 01:06:39,119

you know the secret mindset of or being

1726

01:06:43,349 --> 01:06:41,599

able to like move through that it it

1727

01:06:45,910 --> 01:06:43,359

really um

1728

01:06:48,950 --> 01:06:45,920

it really broadens it runs her horizons

1729

01:06:51,190 --> 01:06:48,960

you know or it often does and you know

1730

01:06:52,470 --> 01:06:51,200

when people can really embrace that side

1731

01:06:53,510 --> 01:06:52,480

of the question

1732

01:06:56,069 --> 01:06:53,520

then

1733

01:06:58,069 --> 01:06:56,079

often something really beautiful happens

1734

01:07:00,630 --> 01:06:58,079

you know that actually can lead me

1735

01:07:03,430 --> 01:07:00,640

really well into into my case if you

1736

01:07:05,029 --> 01:07:03,440

don't mind is that okay yeah please okay

1737

01:07:06,950 --> 01:07:05,039

it'll be quick and

1738

01:07:08,390 --> 01:07:06,960

interestingly it has

1739

01:07:13,750 --> 01:07:08,400

a lot of themes that we're just talking

1740

01:07:15,510 --> 01:07:13,760

about and it also uh involves um the

1741

01:07:18,230 --> 01:07:15,520

a family getting together and talking

1742

01:07:20,630 --> 01:07:18,240

about anomalous experience now this is

1743

01:07:24,150 --> 01:07:20,640

from this is from abduction

1744

01:07:26,230 --> 01:07:24,160

it's from john max classic abduction um

1745

01:07:27,109 --> 01:07:26,240

dr john mack of course won a pulitzer

1746

01:07:29,829 --> 01:07:27,119

prize

1747

01:07:32,549 --> 01:07:29,839

uh not for this work but for for his

1748

01:07:35,270 --> 01:07:32,559

prior writing uh he was also the a

1749

01:07:38,870 --> 01:07:35,280

professor of psychiatry at harvard

1750

01:07:40,630 --> 01:07:38,880

medical school now um okay this is from

1751

01:07:42,950 --> 01:07:40,640

chapter five i'll just read a little bit

1752

01:07:44,309 --> 01:07:42,960

if that's okay and it's got a nice

1753

01:07:47,270 --> 01:07:44,319

little surprise ending that i think

1754

01:07:50,710 --> 01:07:47,280

people appreciate beautiful okay

1755

01:07:53,750 --> 01:07:50,720

so chapter five uh summer of 1992.

1756

01:07:55,670 --> 01:07:53,760

scott it's a pseudonym scott was 24 when

1757

01:07:58,309 --> 01:07:55,680

he first when we first met in november

1758

01:08:00,549 --> 01:07:58,319

1991 after he expressed interest in

1759

01:08:01,510 --> 01:08:00,559

joining my monthly abductee support

1760

01:08:03,190 --> 01:08:01,520

group

1761

01:08:05,270 --> 01:08:03,200

he was seeing a psychotherapist at the

1762

01:08:07,589 --> 01:08:05,280

time because of anxieties related to his

1763

01:08:09,190 --> 01:08:07,599

abduction experiences and she thought

1764

01:08:11,190 --> 01:08:09,200

the group could be helpful in giving him

1765

01:08:13,430 --> 01:08:11,200

the opportunity to meet other abduction

1766

01:08:16,149 --> 01:08:13,440

experiencers and then allowing him to

1767

01:08:17,990 --> 01:08:16,159

share the conflicts that had grown out

1768

01:08:21,030 --> 01:08:18,000

of his encounters

1769

01:08:22,950 --> 01:08:21,040

my policy then and now has been to meet

1770

01:08:25,030 --> 01:08:22,960

personally with abductees before

1771

01:08:27,030 --> 01:08:25,040

including them in the group

1772

01:08:29,430 --> 01:08:27,040

scott's case demonstrates the dramatic

1773

01:08:31,990 --> 01:08:29,440

personal transformations that possible

1774

01:08:34,630 --> 01:08:32,000

when an abductee directly confronts the

1775

01:08:37,110 --> 01:08:34,640

reality of his abduction experiences and

1776

01:08:39,749 --> 01:08:37,120

the powerful emotions associated with

1777

01:08:41,189 --> 01:08:39,759

them scott also

1778

01:08:43,669 --> 01:08:41,199

is uh

1779

01:08:46,070 --> 01:08:43,679

scott is a tall husky forthright young

1780

01:08:47,749 --> 01:08:46,080

man whose slightly breezy manner belies

1781

01:08:50,309 --> 01:08:47,759

his underlying thoughtfulness and

1782

01:08:53,910 --> 01:08:50,319

sensitivity qualities which have

1783

01:08:55,910 --> 01:08:53,920

expanded in the time i've known him

1784

01:08:58,309 --> 01:08:55,920

he's played the piano since childhood

1785

01:09:01,030 --> 01:08:58,319

he's an expiring songwriter he wanted to

1786

01:09:02,950 --> 01:09:01,040

be a pilot but all the medical stuff he

1787

01:09:04,950 --> 01:09:02,960

was put through as a result of his

1788

01:09:07,590 --> 01:09:04,960

abduction experience has made this

1789

01:09:09,669 --> 01:09:07,600

difficult he says

1790

01:09:11,430 --> 01:09:09,679

now in the summer of 1992 scott went

1791

01:09:13,510 --> 01:09:11,440

through a period in which his customary

1792

01:09:14,950 --> 01:09:13,520

vigilant animalistic and fear related

1793

01:09:18,070 --> 01:09:14,960

defensiveness

1794

01:09:19,990 --> 01:09:18,080

um calling himself a security freak

1795

01:09:21,189 --> 01:09:20,000

and fearing each night that he would be

1796

01:09:23,430 --> 01:09:21,199

abducted

1797

01:09:25,669 --> 01:09:23,440

scott hardwired the house where he lives

1798

01:09:27,669 --> 01:09:25,679

alone with a radio alarm he activated at

1799

01:09:30,070 --> 01:09:27,679

night mounted surveillance cameras in

1800

01:09:31,910 --> 01:09:30,080

several locations as a deterrent and a

1801
01:09:33,510 --> 01:09:31,920
microphone by the front door with a

1802
01:09:35,430 --> 01:09:33,520
speaker next to his bed for night

1803
01:09:37,910 --> 01:09:35,440
monitoring

1804
01:09:39,910 --> 01:09:37,920
that gave way for a time to more intense

1805
01:09:42,229 --> 01:09:39,920
feelings of vulnerability helplessness

1806
01:09:43,990 --> 01:09:42,239
and separateness from his family within

1807
01:09:46,550 --> 01:09:44,000
the experimenter group we often caught

1808
01:09:48,870 --> 01:09:46,560
talk about this as the the phenomenon of

1809
01:09:50,709 --> 01:09:48,880
hyper vigilance and it's a very very

1810
01:09:52,709 --> 01:09:50,719
common phenomena among a lot of

1811
01:09:54,390 --> 01:09:52,719
different types of experiencers that

1812
01:09:55,750 --> 01:09:54,400
have trouble sleeping at night because

1813
01:09:57,910 --> 01:09:55,760

of fear

1814

01:09:59,990 --> 01:09:57,920

i felt this is scott talking i felt

1815

01:10:02,790 --> 01:10:00,000

completely open to anybody to strike me

1816

01:10:04,550 --> 01:10:02,800

down or do whatever they wanted to do

1817

01:10:06,070 --> 01:10:04,560

instead of the controlled person he had

1818

01:10:08,550 --> 01:10:06,080

been scott discovered that the

1819

01:10:10,790 --> 01:10:08,560

uncontrolled person was the real thing i

1820

01:10:13,430 --> 01:10:10,800

was scared i mean i felt i could be

1821

01:10:16,550 --> 01:10:13,440

destroyed i did not feel safe at all it

1822

01:10:18,630 --> 01:10:16,560

was completely unpaved ground for me

1823

01:10:20,709 --> 01:10:18,640

it was this opening the surrender of

1824

01:10:22,790 --> 01:10:20,719

control that paved the way to the

1825

01:10:24,709 --> 01:10:22,800

transformation of scott's relationship

1826

01:10:26,950 --> 01:10:24,719

to his abduction experiences into

1827

01:10:30,070 --> 01:10:26,960

profound changes in his experience of

1828

01:10:33,110 --> 01:10:30,080

his own consciousness and identity

1829

01:10:35,830 --> 01:10:33,120

scott's sister was also an abductee

1830

01:10:40,709 --> 01:10:35,840

scott and lee that's his sisters scott

1831

01:10:45,270 --> 01:10:43,270

what is most remarkable about emily and

1832

01:10:47,910 --> 01:10:45,280

an important aspect of this case is the

1833

01:10:50,070 --> 01:10:47,920

extraordinary steadfastness and support

1834

01:10:51,669 --> 01:10:50,080

that she has given to her children

1835

01:10:54,070 --> 01:10:51,679

she's the only parent who comes

1836

01:10:56,149 --> 01:10:54,080

regularly to my support group meetings

1837

01:10:57,990 --> 01:10:56,159

says john mack and though she has

1838

01:11:00,149 --> 01:10:58,000

suffered deeply over her children's

1839

01:11:02,950 --> 01:11:00,159

abduction-related distresses

1840

01:11:05,270 --> 01:11:02,960

she's fully accepted the reality of her

1841

01:11:07,430 --> 01:11:05,280

children report they have been through

1842

01:11:09,189 --> 01:11:07,440

in addition she feels a deep intuitive

1843

01:11:11,990 --> 01:11:09,199

sense that the process that they are

1844

01:11:13,750 --> 01:11:12,000

undergoing is one of personal growth and

1845

01:11:15,910 --> 01:11:13,760

ultimate enlightenment

1846

01:11:18,630 --> 01:11:15,920

this attitude whether whatever its

1847

01:11:20,790 --> 01:11:18,640

ultimate truth may prove to be is unique

1848

01:11:22,310 --> 01:11:20,800

in my experience among the parents of

1849

01:11:24,870 --> 01:11:22,320

abductees

1850

01:11:26,149 --> 01:11:24,880

now i'll i'll do one more little quote

1851
01:11:28,310 --> 01:11:26,159
from here because i don't want to take

1852
01:11:30,790 --> 01:11:28,320
up too much time

1853
01:11:32,709 --> 01:11:30,800
he had his first experiences at three it

1854
01:11:34,709 --> 01:11:32,719
was a very common situation of being

1855
01:11:36,470 --> 01:11:34,719
brought up and medical examinations

1856
01:11:37,590 --> 01:11:36,480
happening same thing happening to his

1857
01:11:39,669 --> 01:11:37,600
sister

1858
01:11:41,910 --> 01:11:39,679
samples being taken and that this was

1859
01:11:42,790 --> 01:11:41,920
not a single thing the first experience

1860
01:11:44,310 --> 01:11:42,800
happened

1861
01:11:47,110 --> 01:11:44,320
in his recall when he was about three

1862
01:11:48,870 --> 01:11:47,120
years old and it happened periodically

1863
01:11:51,669 --> 01:11:48,880

after that point

1864

01:11:53,590 --> 01:11:51,679

now here towards the end at our support

1865

01:11:55,910 --> 01:11:53,600

group meeting on february 24th scott

1866

01:11:58,310 --> 01:11:55,920

just back from la spoke of the feeling

1867

01:12:00,070 --> 01:11:58,320

that we are being prepared for something

1868

01:12:02,310 --> 01:12:00,080

that there was perhaps a plan of some

1869

01:12:05,350 --> 01:12:02,320

sort that we are not in control and

1870

01:12:06,229 --> 01:12:05,360

someone else is running the show

1871

01:12:08,390 --> 01:12:06,239

quote

1872

01:12:10,229 --> 01:12:08,400

getting through the trauma part he said

1873

01:12:12,870 --> 01:12:10,239

has opened up the real stuff the

1874

01:12:14,550 --> 01:12:12,880

spiritual behind it and he spoke further

1875

01:12:17,270 --> 01:12:14,560

of a bigger power at work and his

1876

01:12:19,590 --> 01:12:17,280

experiences scott recalled that quote

1877

01:12:21,830 --> 01:12:19,600

when it happened to me as a kid

1878

01:12:23,669 --> 01:12:21,840

unquote he felt he had to work on being

1879

01:12:27,430 --> 01:12:23,679

quote able to stay in the same room

1880

01:12:29,590 --> 01:12:27,440

without panicking without fear

1881

01:12:31,669 --> 01:12:29,600

the april 1990 episode he said was a

1882

01:12:34,070 --> 01:12:31,679

step up in intensity majorly and almost

1883

01:12:36,950 --> 01:12:34,080

felt like testing but there's definitely

1884

01:12:39,430 --> 01:12:36,960

that anger

1885

01:12:41,189 --> 01:12:39,440

god anger just to lash out from being

1886

01:12:42,390 --> 01:12:41,199

touched from being under somebody else's

1887

01:12:44,229 --> 01:12:42,400

control

1888

01:12:46,550 --> 01:12:44,239

now later he said

1889

01:12:48,229 --> 01:12:46,560

there's a

1890

01:12:49,910 --> 01:12:48,239

scott spoke further in this meeting

1891

01:12:51,910 --> 01:12:49,920

about breaking through the trauma stuff

1892

01:12:53,510 --> 01:12:51,920

and of personal growth his abduction

1893

01:12:55,270 --> 01:12:53,520

experiences he said had made clear to

1894

01:12:57,030 --> 01:12:55,280

them that there's a massive amount of

1895

01:13:00,149 --> 01:12:57,040

information in my head that i can't even

1896

01:13:01,830 --> 01:13:00,159

understand the aliens he suggested are

1897

01:13:03,750 --> 01:13:01,840

quote helping us grow so we can

1898

01:13:05,350 --> 01:13:03,760

comprehend them they're getting us

1899

01:13:07,750 --> 01:13:05,360

trained to get us to a point where we

1900

01:13:12,149 --> 01:13:07,760

can deal with them unquote

1901

01:13:14,950 --> 01:13:12,159

now i want to read one quick quote

1902

01:13:17,189 --> 01:13:14,960

and follow up from ralph blumenthal's

1903

01:13:19,590 --> 01:13:17,199

book the believer which is a biography

1904

01:13:21,830 --> 01:13:19,600

on john mack of course he had access to

1905

01:13:25,590 --> 01:13:21,840

john mack's private notes and this is

1906

01:13:27,350 --> 01:13:25,600

okay to to mention um uh for sure

1907

01:13:29,189 --> 01:13:27,360

um

1908

01:13:31,030 --> 01:13:29,199

this is uh he's going back in the

1909

01:13:33,270 --> 01:13:31,040

history uh

1910

01:13:35,110 --> 01:13:33,280

uh ralph says of john his monthly

1911

01:13:37,590 --> 01:13:35,120

support group had recently started

1912

01:13:40,709 --> 01:13:37,600

working with a 24 year old aspiring

1913

01:13:43,669 --> 01:13:40,719

actor filmmaker pianist and songwriter

1914

01:13:45,830 --> 01:13:43,679

named randall nickerson a tom hanks look

1915

01:13:49,030 --> 01:13:45,840

alike with a fascinating family history

1916

01:13:51,750 --> 01:13:49,040

of abduction experiences who john whom

1917

01:13:53,510 --> 01:13:51,760

john mack would give the pseudonym scott

1918

01:13:55,750 --> 01:13:53,520

in his books

1919

01:13:58,149 --> 01:13:55,760

so that story that we just heard was

1920

01:13:59,990 --> 01:13:58,159

about randall nickerson the director of

1921

01:14:01,510 --> 01:14:00,000

the aerial phenomenon movie that just

1922

01:14:03,430 --> 01:14:01,520

came out

1923

01:14:06,229 --> 01:14:03,440

i thought that that was an absolutely

1924

01:14:07,990 --> 01:14:06,239

beautiful beautiful situation in terms

1925

01:14:10,709 --> 01:14:08,000

of how he was able to

1926

01:14:11,510 --> 01:14:10,719

move through 30 years and be able to

1927

01:14:13,430 --> 01:14:11,520

to

1928

01:14:15,350 --> 01:14:13,440

make something productive of what had

1929

01:14:19,430 --> 01:14:15,360

happened with him

1930

01:14:22,149 --> 01:14:19,440

i just got that chills all over my body

1931

01:14:23,910 --> 01:14:22,159

um that's beautiful man

1932

01:14:26,950 --> 01:14:23,920

it goes

1933

01:14:30,550 --> 01:14:26,960

goes to show that um

1934

01:14:32,709 --> 01:14:30,560

you know your initial thoughts about

1935

01:14:35,110 --> 01:14:32,719

you know your experience or something

1936

01:14:36,870 --> 01:14:35,120

dramatic doesn't have to be what it what

1937

01:14:39,510 --> 01:14:36,880

it uh really

1938

01:14:41,270 --> 01:14:39,520

ends up being for you you know maybe

1939

01:14:43,669 --> 01:14:41,280

maybe it takes some time

1940

01:14:45,350 --> 01:14:43,679

to work through things to

1941

01:14:46,870 --> 01:14:45,360

see yourself out on the other side and

1942

01:14:47,830 --> 01:14:46,880

something more beautiful because

1943

01:14:49,669 --> 01:14:47,840

apparent

1944

01:14:51,910 --> 01:14:49,679

you know um

1945

01:14:53,430 --> 01:14:51,920

aerial phenomenon um is a beautiful

1946

01:14:57,669 --> 01:14:53,440

movie

1947

01:14:58,790 --> 01:14:57,679

absolutely it's it's to me

1948

01:15:01,830 --> 01:14:58,800

uh

1949

01:15:03,110 --> 01:15:01,840

to me it captures

1950

01:15:07,189 --> 01:15:03,120

i don't

1951

01:15:09,830 --> 01:15:07,199

something that long you know like uh the

1952

01:15:11,590 --> 01:15:09,840

charac the person in aerial phenomenon

1953

01:15:13,430 --> 01:15:11,600

and all those kids

1954

01:15:15,750 --> 01:15:13,440

and how it's haunted them and that how

1955

01:15:18,630 --> 01:15:15,760

that girl has just drawn the same scene

1956

01:15:20,550 --> 01:15:18,640

over and over and over again her whole

1957

01:15:23,110 --> 01:15:20,560

life you know

1958

01:15:25,430 --> 01:15:23,120

um people don't

1959

01:15:27,430 --> 01:15:25,440

you know realize um

1960

01:15:28,390 --> 01:15:27,440

what people go through and how much it

1961

01:15:30,790 --> 01:15:28,400

weighs

1962

01:15:33,430 --> 01:15:30,800

on them and how much they think about it

1963

01:15:35,430 --> 01:15:33,440

and how they're basically

1964

01:15:37,510 --> 01:15:35,440

i i don't want to say slave to it but

1965

01:15:39,430 --> 01:15:37,520

basically just

1966

01:15:41,189 --> 01:15:39,440

that's them now

1967

01:15:43,430 --> 01:15:41,199

that's their life now

1968

01:15:44,950 --> 01:15:43,440

that's who they are now they don't have

1969

01:15:46,390 --> 01:15:44,960

a choice

1970

01:15:48,790 --> 01:15:46,400

that's right you know

1971

01:15:51,270 --> 01:15:48,800

they can't

1972

01:15:54,310 --> 01:15:51,280

choose don't see it

1973

01:15:55,910 --> 01:15:54,320

or unexperience it and go back

1974

01:15:58,070 --> 01:15:55,920

to you know

1975

01:15:59,350 --> 01:15:58,080

whatever it is they used to like

1976

01:16:01,189 --> 01:15:59,360

and used to do

1977

01:16:03,990 --> 01:16:01,199

you know

1978

01:16:05,510 --> 01:16:04,000

i mean you can still do that but i but

1979

01:16:08,550 --> 01:16:05,520

you know what i mean like

1980

01:16:11,030 --> 01:16:08,560

your obsession is is now this

1981

01:16:13,990 --> 01:16:11,040

because it's that impactful

1982

01:16:15,510 --> 01:16:14,000

and that's right and you can make

1983

01:16:18,709 --> 01:16:15,520

lemonade out of it

1984

01:16:20,630 --> 01:16:18,719

like uh mr nickerson did because

1985

01:16:23,189 --> 01:16:20,640

he's made one of uh the more beautiful

1986

01:16:25,510 --> 01:16:23,199

movies i've ever seen on this

1987

01:16:28,149 --> 01:16:25,520

on this subject so

1988

01:16:29,830 --> 01:16:28,159

and it should uh

1989

01:16:32,550 --> 01:16:29,840

you know makes me even more angry to

1990

01:16:34,630 --> 01:16:32,560

know uh how people complained about

1991

01:16:36,070 --> 01:16:34,640

the price and how he uh you know came

1992

01:16:37,750 --> 01:16:36,080

out with the movie and all that stuff

1993

01:16:40,390 --> 01:16:37,760

it's like

1994

01:16:42,870 --> 01:16:40,400

you know and he's too humble to even uh

1995

01:16:44,630 --> 01:16:42,880

tell his story

1996

01:16:48,470 --> 01:16:44,640

you know so people can

1997

01:16:50,550 --> 01:16:48,480

uh put that context along with this he's

1998

01:16:53,030 --> 01:16:50,560

he doesn't want it to be a part of it he

1999

01:16:54,070 --> 01:16:53,040

just releases the beautiful movie

2000

01:16:56,310 --> 01:16:54,080

you know

2001

01:16:57,990 --> 01:16:56,320

um such a humble a good person i would

2002

01:17:03,270 --> 01:16:58,000

love to meet him sometime

2003

01:17:05,030 --> 01:17:03,280

yeah yeah me too me too i um i just i

2004

01:17:06,550 --> 01:17:05,040

i'm really impressed that movie was

2005

01:17:08,550 --> 01:17:06,560

incredible the documentary for those

2006

01:17:09,510 --> 01:17:08,560

that haven't seen an aerial phenomenon

2007

01:17:11,510 --> 01:17:09,520

um

2008

01:17:14,070 --> 01:17:11,520

uh you know he's

2009

01:17:15,750 --> 01:17:14,080

it costs 20 online right now there's

2010

01:17:17,830 --> 01:17:15,760

talk about later on that it'll

2011

01:17:19,669 --> 01:17:17,840

eventually get to streaming services

2012

01:17:22,149 --> 01:17:19,679

maybe amazon prime so you can do

2013

01:17:24,550 --> 01:17:22,159

on-demand or things like that um yeah

2014

01:17:27,510 --> 01:17:24,560

and um but yeah

2015

01:17:29,350 --> 01:17:27,520

it's it's a really amazing

2016

01:17:31,350 --> 01:17:29,360

situation what happened with randall

2017

01:17:34,709 --> 01:17:31,360

nickerson and it's such a typical

2018

01:17:36,390 --> 01:17:34,719

scenario as an as an experimenter and you

2019

01:17:39,830 --> 01:17:36,400

know the fact that

2020

01:17:42,390 --> 01:17:39,840

that he was able to

2021

01:17:44,630 --> 01:17:42,400

you know through the work and through

2022

01:17:47,750 --> 01:17:44,640

through him doing the work himself

2023

01:17:49,990 --> 01:17:47,760

randall with john you know he became an

2024

01:17:51,669 --> 01:17:50,000

early reference point for many other

2025

01:17:53,830 --> 01:17:51,679

experiencers that were trying to deal

2026

01:17:56,149 --> 01:17:53,840

with their own situations and not only

2027

01:17:58,070 --> 01:17:56,159

that he became a pivotal early case of

2028

01:17:59,110 --> 01:17:58,080

how this happens often within family

2029

01:18:02,149 --> 01:17:59,120

groups

2030

01:18:03,750 --> 01:18:02,159

you know so even even while he was he

2031

01:18:06,149 --> 01:18:03,760

was dealing through the dealing with

2032

01:18:08,790 --> 01:18:06,159

this stuff himself he was being

2033

01:18:09,669 --> 01:18:08,800

incredibly giving in terms of being able

2034

01:18:12,790 --> 01:18:09,679

to

2035

01:18:16,390 --> 01:18:12,800

uh be used as

2036

01:18:19,350 --> 01:18:16,400

using his story an anonymized framework

2037

01:18:22,070 --> 01:18:19,360

um to to give voice to these issues and

2038

01:18:25,510 --> 01:18:22,080

so that john mack could really champion

2039

01:18:27,830 --> 01:18:25,520

the cause of experience or advocacy and

2040

01:18:31,189 --> 01:18:27,840

that these situations really occur

2041

01:18:33,990 --> 01:18:31,199

so yeah yeah um but you know what an

2042

01:18:34,870 --> 01:18:34,000

inspiring story i thought oh man

2043

01:18:37,510 --> 01:18:34,880

man

2044

01:18:38,830 --> 01:18:37,520

it's not a competition but if it was

2045

01:18:40,470 --> 01:18:38,840

first

2046

01:18:43,590 --> 01:18:40,480

place

2047

01:18:48,630 --> 01:18:46,310

right over there i mean man that that

2048

01:18:52,310 --> 01:18:48,640

yeah they took my breath away it made me

2049

01:18:53,350 --> 01:18:52,320

a little cry cry baby gave me chills all

2050

01:18:56,630 --> 01:18:53,360

over

2051

01:19:00,070 --> 01:18:56,640

uh it was really a beautiful

2052

01:19:02,950 --> 01:19:00,080

success story of somebody who can

2053

01:19:04,470 --> 01:19:02,960

um you know conquer the fear

2054

01:19:05,750 --> 01:19:04,480

you know get through that part of where

2055

01:19:07,510 --> 01:19:05,760

you're

2056

01:19:10,149 --> 01:19:07,520

you know um

2057

01:19:13,590 --> 01:19:10,159

get and maybe sucks experiences it but

2058

01:19:15,830 --> 01:19:13,600

the hyper vigilance aspect

2059

01:19:17,590 --> 01:19:15,840

you know because i would imagine

2060

01:19:19,669 --> 01:19:17,600

when you're in that

2061

01:19:21,750 --> 01:19:19,679

state of mind the hyper vigilance like

2062

01:19:24,709 --> 01:19:21,760

it's hard to break out of that and focus

2063

01:19:27,350 --> 01:19:24,719

on doing something artistic like he did

2064

01:19:29,669 --> 01:19:27,360

with the the movie a real phenomenon so

2065

01:19:31,590 --> 01:19:29,679

i would have to imagine that he found a

2066

01:19:33,750 --> 01:19:31,600

way to break through that hyper

2067

01:19:34,630 --> 01:19:33,760

vigilance and find focus

2068

01:19:37,350 --> 01:19:34,640

and

2069

01:19:38,950 --> 01:19:37,360

to do something good with his experience

2070

01:19:41,110 --> 01:19:38,960

that would help other people which is

2071

01:19:43,590 --> 01:19:41,120

just so amazing that somebody would even

2072

01:19:46,709 --> 01:19:43,600

take the time to do that first of all

2073

01:19:51,189 --> 01:19:48,390

which is another thing about a lot of

2074

01:19:52,950 --> 01:19:51,199

experiences is they are so giving and

2075

01:19:54,149 --> 01:19:52,960

all they want to do is help other people

2076

01:19:55,590 --> 01:19:54,159

that have been through dramatic

2077

01:19:56,950 --> 01:19:55,600

experiences

2078

01:19:57,830 --> 01:19:56,960

um

2079

01:19:59,590 --> 01:19:57,840

you know

2080

01:20:01,270 --> 01:19:59,600

to get the comfort that they need so i

2081

01:20:02,630 --> 01:20:01,280

don't know it's just an amazing story

2082

01:20:04,709 --> 01:20:02,640

all around

2083

01:20:06,070 --> 01:20:04,719

absolutely i won't be able to say the

2084

01:20:07,510 --> 01:20:06,080

right thing but

2085

01:20:09,110 --> 01:20:07,520

uh it's great

2086

01:20:12,149 --> 01:20:09,120

no that's all the right thing that's all

2087

01:20:14,390 --> 01:20:12,159

the right thing you know i mean

2088

01:20:17,110 --> 01:20:14,400

it's beautiful i um

2089

01:20:19,430 --> 01:20:17,120

well it's it's it's great to have the

2090

01:20:21,030 --> 01:20:19,440

laughs and the tears and the big

2091

01:20:23,510 --> 01:20:21,040

questions that we do

2092

01:20:25,510 --> 01:20:23,520

every week here together yeah so i

2093

01:20:27,430 --> 01:20:25,520

really i really appreciate this time

2094

01:20:30,629 --> 01:20:27,440

2096

01:20:34,709 --> 01:20:32,719

2097

01:20:36,709 --> 01:20:34,719

2098
