

1
00:00:08,470 --> 00:00:05,510
what is up everybody

2
00:00:12,789 --> 00:00:11,669
day is it it's thursday right wow what a

3
00:00:16,070 --> 00:00:12,799
week

4
00:00:18,950 --> 00:00:16,080
it has been just a pretty uh loco

5
00:00:20,390 --> 00:00:18,960
yesterday we had mr steven basset for

6
00:00:24,310 --> 00:00:20,400
two hours

7
00:00:26,150 --> 00:00:24,320
and he um laid it on us he gave us a lot

8
00:00:28,870 --> 00:00:26,160
of good dirt on

9
00:00:30,950 --> 00:00:28,880
disclosure and what that process looks

10
00:00:32,150 --> 00:00:30,960
like and

11
00:00:34,870 --> 00:00:32,160
what

12
00:00:37,750 --> 00:00:34,880
a lot of kind of

13
00:00:40,630 --> 00:00:37,760

behind-the-scenes information about a

14

00:00:42,470 --> 00:00:40,640

lot of things everything from tsa to

15

00:00:43,830 --> 00:00:42,480

to louis zondo and why things are

16

00:00:46,069 --> 00:00:43,840

happening with the congressional

17

00:00:48,150 --> 00:00:46,079

hearings what to expect and all that

18

00:00:51,350 --> 00:00:48,160

um so i really appreciate his time he's

19

00:00:54,869 --> 00:00:51,360

he's uh entertaining as always

20

00:00:57,750 --> 00:00:54,879

and he's such an easy interview um it's

21

00:00:59,830 --> 00:00:57,760

he's just a pleasure to hang out with

22

00:01:02,150 --> 00:00:59,840

talk with and

23

00:01:03,510 --> 00:01:02,160

and so on and so forth and we had mr j

24

00:01:04,549 --> 00:01:03,520

christopher king

25

00:01:07,190 --> 00:01:04,559

um

26

00:01:08,149 --> 00:01:07,200

it's always a pleasure to have him of

27

00:01:09,350 --> 00:01:08,159

course

28

00:01:11,590 --> 00:01:09,360

as he is

29

00:01:13,670 --> 00:01:11,600

just a phenomenal person

30

00:01:16,230 --> 00:01:13,680

um what's up to everybody in the chat

31

00:01:19,510 --> 00:01:16,240

right now uh we're waiting on our guest

32

00:01:21,910 --> 00:01:19,520

mr ryan burns uh he has not um

33

00:01:22,789 --> 00:01:21,920

showed up here yet um so we're waiting

34

00:01:24,469 --> 00:01:22,799

on that

35

00:01:26,710 --> 00:01:24,479

but

36

00:01:28,310 --> 00:01:26,720

when he gets here we will bring him

37

00:01:30,390 --> 00:01:28,320

straight in

38

00:01:33,429 --> 00:01:30,400

um hello to everybody in the chat we

39

00:01:34,310 --> 00:01:33,439

have lauren uh robert vapid

40

00:01:38,789 --> 00:01:34,320

um

41

00:01:41,270 --> 00:01:38,799

steve shaw what's up craig what's up

42

00:01:43,590 --> 00:01:41,280

everybody else uh make sure to like the

43

00:01:45,109 --> 00:01:43,600

video

44

00:01:46,550 --> 00:01:45,119

and subscribe if you haven't i

45

00:01:49,429 --> 00:01:46,560

appreciate it

46

00:01:50,710 --> 00:01:49,439

um that would be fantastic and uh today

47

00:01:53,429 --> 00:01:50,720

we had

48

00:01:57,190 --> 00:01:53,439

uh the news about uh nasa getting in on

49

00:02:00,310 --> 00:01:57,200

the game of studying uaps

50

00:02:03,510 --> 00:02:00,320

which is very interesting

51
00:02:06,830 --> 00:02:05,429
i would say

52
00:02:10,309 --> 00:02:06,840
kind

53
00:02:13,110 --> 00:02:10,319
of left a bit to be

54
00:02:14,630 --> 00:02:13,120
desired the initial like press release

55
00:02:15,589 --> 00:02:14,640
but

56
00:02:18,309 --> 00:02:15,599
the

57
00:02:20,830 --> 00:02:18,319
subsequent uh presser that i pull that i

58
00:02:23,589 --> 00:02:20,840
post on this page here

59
00:02:25,350 --> 00:02:23,599
um was a little bit better

60
00:02:27,350 --> 00:02:25,360
in my opinion they

61
00:02:30,229 --> 00:02:27,360
you know that the the interesting thing

62
00:02:31,670 --> 00:02:30,239
about this is is this whole time

63
00:02:33,190 --> 00:02:31,680

that they're doing this with the press

64

00:02:34,949 --> 00:02:33,200

release and

65

00:02:36,949 --> 00:02:34,959

and the presser is they're talking about

66

00:02:40,390 --> 00:02:36,959

nasa's

67

00:02:43,110 --> 00:02:40,400

you know astrobiology efforts and

68

00:02:45,270 --> 00:02:43,120

you know trying to find life

69

00:02:46,869 --> 00:02:45,280

uh elsewhere in the universe and how

70

00:02:49,110 --> 00:02:46,879

they've been doing that for a long time

71

00:02:50,630 --> 00:02:49,120

and and they put a lot of resources and

72

00:02:51,990 --> 00:02:50,640

efforts to that

73

00:02:54,550 --> 00:02:52,000

and that's true

74

00:02:57,350 --> 00:02:54,560

they definitely do do that

75

00:02:59,589 --> 00:02:57,360

but why do you

76

00:03:04,869 --> 00:02:59,599

stress that

77

00:03:12,630 --> 00:03:04,879

in

78

00:03:15,509 --> 00:03:12,640

have any sort of

79

00:03:16,869 --> 00:03:15,519

um i don't know intelligent life

80

00:03:20,070 --> 00:03:16,879

along with it

81

00:03:21,430 --> 00:03:20,080

you know so i mean here's the article if

82

00:03:22,710 --> 00:03:21,440

you haven't read it you can also go on

83

00:03:24,789 --> 00:03:22,720

my twitter page

84

00:03:29,589 --> 00:03:24,799

and read it for yourself i'll put it in

85

00:03:33,830 --> 00:03:31,110

there it is

86

00:03:36,869 --> 00:03:33,840

oh that's the wrong

87

00:03:38,869 --> 00:03:36,879

um that is the wrong link i just give

88

00:03:40,229 --> 00:03:38,879

you a link to come into the video if you

89

00:03:41,910 --> 00:03:40,239

want

90

00:03:43,190 --> 00:03:41,920

but

91

00:03:45,110 --> 00:03:43,200

you could try

92

00:03:47,910 --> 00:03:45,120

but i'm not going to let you do it

93

00:03:48,869 --> 00:03:47,920

i'll kick you out

94

00:03:51,190 --> 00:03:48,879

um

95

00:03:53,270 --> 00:03:51,200

but yeah

96

00:03:55,509 --> 00:03:53,280

the the article is pretty interesting i

97

00:03:56,949 --> 00:03:55,519

mean we're waiting for for truth is what

98

00:03:58,789 --> 00:03:56,959

i'm really waiting for and they were

99

00:04:00,390 --> 00:03:58,799

definitely bouncing around it

100

00:04:03,190 --> 00:04:00,400

um pretty much

101

00:04:04,470 --> 00:04:03,200

all day so hopefully

102

00:04:06,309 --> 00:04:04,480

you know like

103

00:04:08,309 --> 00:04:06,319

hopefully they just get to the point and

104

00:04:10,390 --> 00:04:08,319

they uh you know

105

00:04:12,550 --> 00:04:10,400

give us the deal

106

00:04:14,550 --> 00:04:12,560

as far as what is actually

107

00:04:16,949 --> 00:04:14,560

uh happening in the skies and they stop

108

00:04:19,670 --> 00:04:16,959

uh kind of

109

00:04:24,870 --> 00:04:21,590

going around it

110

00:04:29,430 --> 00:04:25,670

so

111

00:04:31,189 --> 00:04:29,440

um we have our guest

112

00:04:32,950 --> 00:04:31,199

sorry for babbling i just had to delete

113

00:04:34,710 --> 00:04:32,960

that stream yard link in there so we

114

00:04:35,830 --> 00:04:34,720

don't get any bozo showing up

115

00:04:37,670 --> 00:04:35,840

unannounced

116

00:04:39,990 --> 00:04:37,680

uh but we have our guests in the chat so

117

00:04:43,510 --> 00:04:40,000

when i get back we will bring

118

00:04:45,270 --> 00:04:43,520

uh mr ryan burns in and we will get on

119

00:04:46,390 --> 00:04:45,280

with the show

120

00:04:49,830 --> 00:04:46,400

cool

121

00:04:56,950 --> 00:04:49,840

witness

122

00:04:56,960 --> 00:05:04,450

citizens

123

00:05:16,520 --> 00:05:14,460

[Music]

124

00:05:20,710 --> 00:05:16,530

[Applause]

125

00:05:23,870 --> 00:05:20,720

[Music]

126
00:05:29,029 --> 00:05:23,880
say that the recent sightings are

127
00:05:30,710 --> 00:05:29,039
[Music]

128
00:05:32,870 --> 00:05:30,720
so yeah we're going to get this off we

129
00:05:35,430 --> 00:05:32,880
got mr ryan burns with space wolf

130
00:05:39,110 --> 00:05:35,440
research it's another effort just on the

131
00:05:41,990 --> 00:05:39,120
other side of skinwalker ranch um and mr

132
00:05:43,749 --> 00:05:42,000
ryan has been at it for a bit now so i'm

133
00:05:45,749 --> 00:05:43,759
interested to get his take on everything

134
00:05:47,510 --> 00:05:45,759
going on at that ranch

135
00:05:50,070 --> 00:05:47,520
and uh hear what he has to offer so

136
00:05:51,510 --> 00:05:50,080
without further ado let me bring him in

137
00:05:52,390 --> 00:05:51,520
uh mr

138
00:05:54,070 --> 00:05:52,400

ryan

139

00:05:56,550 --> 00:05:54,080

how are you today sir

140

00:05:58,390 --> 00:05:56,560

doing okay how are you doing

141

00:06:00,629 --> 00:05:58,400

good good thanks for joining us i do

142

00:06:03,029 --> 00:06:00,639

appreciate it are you streaming in from

143

00:06:06,309 --> 00:06:03,039

from uh from the research lab

144

00:06:07,270 --> 00:06:06,319

i am not i am

145

00:06:08,870 --> 00:06:07,280

oh

146

00:06:10,629 --> 00:06:08,880

that's even better

147

00:06:11,749 --> 00:06:10,639

even more freaky stuff happening over

148

00:06:13,909 --> 00:06:11,759

there

149

00:06:19,189 --> 00:06:13,919

yeah

150

00:06:21,990 --> 00:06:19,199

um really i was just bouncing around and

151

00:06:24,629 --> 00:06:22,000

and looking at um the different aspects

152

00:06:26,629 --> 00:06:24,639

of a skinwalker ranch and you know the

153

00:06:29,430 --> 00:06:26,639

triangle thing there that they have a

154

00:06:32,150 --> 00:06:29,440

lot of anomalies around there and this i

155

00:06:34,870 --> 00:06:32,160

saw space wolf research

156

00:06:37,350 --> 00:06:34,880

i was like what the heck is this

157

00:06:39,830 --> 00:06:37,360

so i did a little uh

158

00:06:41,749 --> 00:06:39,840

not too much did a little digging um and

159

00:06:43,189 --> 00:06:41,759

got in touch with you

160

00:06:45,749 --> 00:06:43,199

and i thought uh you had some

161

00:06:47,270 --> 00:06:45,759

interesting stories so i wanted to bring

162

00:06:49,589 --> 00:06:47,280

it on and i i thank you for doing that i

163

00:06:52,710 --> 00:06:49,599

guess my uh first question would be

164

00:06:53,589 --> 00:06:52,720

um tell us a little bit about yourself

165

00:06:54,469 --> 00:06:53,599

and

166

00:06:56,469 --> 00:06:54,479

um

167

00:06:57,990 --> 00:06:56,479

you know what got you in into that

168

00:07:01,430 --> 00:06:58,000

property and

169

00:07:04,230 --> 00:07:01,440

investigating uh anomalous events there

170

00:07:06,550 --> 00:07:04,240

yeah it is um sort of a strange story i

171

00:07:08,790 --> 00:07:06,560

was working back in the late 90s as a

172

00:07:10,390 --> 00:07:08,800

fly fishing guide in the area

173

00:07:13,830 --> 00:07:10,400

nearby

174

00:07:16,550 --> 00:07:13,840

and i had injured myself

175

00:07:18,950 --> 00:07:16,560

and could not work so i was looking for

176
00:07:21,670 --> 00:07:18,960
some fresh water to fish

177
00:07:23,830 --> 00:07:21,680
and i found a

178
00:07:26,469 --> 00:07:23,840
bottle hollow reservoir and

179
00:07:31,029 --> 00:07:26,479
wandered down below it on a in those

180
00:07:33,430 --> 00:07:31,039
days this is before anybody had any idea

181
00:07:35,350 --> 00:07:33,440
of anything related to skinwalkers in

182
00:07:37,110 --> 00:07:35,360
the area there was no media attention

183
00:07:39,670 --> 00:07:37,120
there was no

184
00:07:41,670 --> 00:07:39,680
nothing out there that would pinpoint it

185
00:07:43,189 --> 00:07:41,680
as a hot spot

186
00:07:44,309 --> 00:07:43,199
and

187
00:07:47,110 --> 00:07:44,319
i uh

188
00:07:48,550 --> 00:07:47,120

yeah i followed this random ranch road

189

00:07:50,869 --> 00:07:48,560

and i saw

190

00:07:52,869 --> 00:07:50,879

a elderly what appeared to be an elderly

191

00:07:54,390 --> 00:07:52,879

native american coming down off a red

192

00:07:55,670 --> 00:07:54,400

rock bluff

193

00:07:58,629 --> 00:07:55,680

it's kind of out in the middle of

194

00:08:00,550 --> 00:07:58,639

nowhere and so i rolled down the window

195

00:08:03,189 --> 00:08:00,560

to my truck and asked them if they

196

00:08:04,070 --> 00:08:03,199

needed a ride somewhere

197

00:08:05,990 --> 00:08:04,080

they

198

00:08:07,430 --> 00:08:06,000

stepped into the vehicle never really

199

00:08:09,670 --> 00:08:07,440

responding

200

00:08:12,790 --> 00:08:09,680

however i'm just kind of mumbling

201
00:08:15,270 --> 00:08:12,800
stepped into the vehicle and i remember

202
00:08:17,670 --> 00:08:15,280
that they had a very necrotic look about

203
00:08:19,430 --> 00:08:17,680
them very greasy very dead looking very

204
00:08:20,309 --> 00:08:19,440
old couldn't tell if it was a man or a

205
00:08:23,270 --> 00:08:20,319
woman

206
00:08:24,710 --> 00:08:23,280
covered in a native american blanket

207
00:08:27,029 --> 00:08:24,720
and

208
00:08:28,230 --> 00:08:27,039
almost within about three seconds i

209
00:08:30,309 --> 00:08:28,240
would say

210
00:08:33,509 --> 00:08:30,319
this thing

211
00:08:35,269 --> 00:08:33,519
is what i would call it now uh

212
00:08:38,310 --> 00:08:35,279
kind of started going through the

213
00:08:40,630 --> 00:08:38,320

rolodex of my mind archonically sort of

214

00:08:42,389 --> 00:08:40,640

feeding on the highs and lows of my life

215

00:08:43,509 --> 00:08:42,399

anything positive anything super

216

00:08:44,470 --> 00:08:43,519

negative

217

00:08:46,630 --> 00:08:44,480

um

218

00:08:47,910 --> 00:08:46,640

and i was in i was in tears within about

219

00:08:50,310 --> 00:08:47,920

three seconds

220

00:08:53,190 --> 00:08:50,320

and that really wasn't my thing back

221

00:08:54,470 --> 00:08:53,200

then that was uh at the prime of my life

222

00:08:56,310 --> 00:08:54,480

um

223

00:08:58,389 --> 00:08:56,320

strong in every way

224

00:08:59,750 --> 00:08:58,399

and i was broken down like i said within

225

00:09:01,750 --> 00:08:59,760

seconds

226

00:09:03,829 --> 00:09:01,760

fast forward about three hours i lost

227

00:09:05,829 --> 00:09:03,839

about three hours of time

228

00:09:08,310 --> 00:09:05,839

and i was found by the bureau of indian

229

00:09:10,230 --> 00:09:08,320

affairs again at bottle hollow reservoir

230

00:09:12,550 --> 00:09:10,240

in the parking lot near there

231

00:09:14,389 --> 00:09:12,560

and i

232

00:09:16,710 --> 00:09:14,399

told they kind of had to wake me up i

233

00:09:19,110 --> 00:09:16,720

was being held into my truck by my seat

234

00:09:20,790 --> 00:09:19,120

belt i was in a catatonic state

235

00:09:21,590 --> 00:09:20,800

they kind of had to shake me to wake me

236

00:09:23,829 --> 00:09:21,600

up

237

00:09:25,829 --> 00:09:23,839

and when i told them what had happened

238

00:09:27,829 --> 00:09:25,839

to the best of my ability

239

00:09:29,269 --> 00:09:27,839

they kind of huddled up and said you

240

00:09:32,070 --> 00:09:29,279

know this guy got nabbed by the

241

00:09:33,910 --> 00:09:32,080

skinwalker i had never heard that term

242

00:09:35,590 --> 00:09:33,920

before and

243

00:09:41,269 --> 00:09:35,600

uh

244

00:09:43,590 --> 00:09:41,279

been in i've been involved with and it

245

00:09:45,110 --> 00:09:43,600

has kind of been in my mind uh since

246

00:09:47,430 --> 00:09:45,120

then

247

00:09:49,829 --> 00:09:47,440

yeah i mean i could say once once you

248

00:09:52,389 --> 00:09:49,839

have like kind of an odd experience

249

00:09:54,550 --> 00:09:52,399

which is putting it mildly

250

00:09:55,590 --> 00:09:54,560

you know in in respect with your

251
00:09:58,470 --> 00:09:55,600
experience

252
00:10:00,710 --> 00:09:58,480
uh it's really difficult to get it out

253
00:10:03,430 --> 00:10:00,720
of your mind so

254
00:10:05,829 --> 00:10:03,440
um i i can definitely understand so

255
00:10:06,870 --> 00:10:05,839
at that point

256
00:10:12,550 --> 00:10:06,880
um

257
00:10:14,550 --> 00:10:12,560
what put you in the spot to where you

258
00:10:16,790 --> 00:10:14,560
were like i want to get further into

259
00:10:18,550 --> 00:10:16,800
this and and start investigating the

260
00:10:20,150 --> 00:10:18,560
area i suppose

261
00:10:21,430 --> 00:10:20,160
yeah

262
00:10:22,389 --> 00:10:21,440
initially

263
00:10:29,829 --> 00:10:22,399

i

264

00:10:33,350 --> 00:10:29,839

yeah and

265

00:10:34,389 --> 00:10:33,360

i i decided to move up to the area full

266

00:10:35,750 --> 00:10:34,399

time

267

00:10:37,910 --> 00:10:35,760

um

268

00:10:39,590 --> 00:10:37,920

near the epicenter of activity where

269

00:10:40,790 --> 00:10:39,600

this took place

270

00:10:43,269 --> 00:10:40,800

and

271

00:10:45,509 --> 00:10:43,279

research it full time uh figure out what

272

00:10:46,389 --> 00:10:45,519

i would do as far as work and stuff

273

00:10:48,310 --> 00:10:46,399

later

274

00:10:50,150 --> 00:10:48,320

and that all just kind of came it

275

00:10:52,550 --> 00:10:50,160

circled all the way around

276

00:10:53,670 --> 00:10:52,560

i uh

277

00:10:56,310 --> 00:10:53,680

i

278

00:10:58,150 --> 00:10:56,320

researched just about every day was out

279

00:11:00,949 --> 00:10:58,160

there looking for stuff caught some

280

00:11:02,630 --> 00:11:00,959

amazing things back then unbeknownst to

281

00:11:05,030 --> 00:11:02,640

me at the time

282

00:11:08,069 --> 00:11:05,040

was the government military involvement

283

00:11:09,990 --> 00:11:08,079

that everybody now knows is declassified

284

00:11:11,750 --> 00:11:10,000

um and

285

00:11:13,829 --> 00:11:11,760

it uh

286

00:11:16,069 --> 00:11:13,839

it was interesting because i've since

287

00:11:17,750 --> 00:11:16,079

befriended the guards that were in the

288

00:11:18,790 --> 00:11:17,760

area at the time

289

00:11:21,430 --> 00:11:18,800

and

290

00:11:22,949 --> 00:11:21,440

you know i at the time i i would say you

291

00:11:24,550 --> 00:11:22,959

know talking to family and friends you

292

00:11:27,350 --> 00:11:24,560

know it's kind of strange i've got these

293

00:11:29,590 --> 00:11:27,360

black suburbans outside of my house and

294

00:11:31,509 --> 00:11:29,600

and this seems to uh they seem to be

295

00:11:34,389 --> 00:11:31,519

kind of focused on me

296

00:11:36,710 --> 00:11:34,399

and uh later on as i befriended these

297

00:11:38,550 --> 00:11:36,720

people this is

298

00:11:40,790 --> 00:11:38,560

many many many years later they said

299

00:11:42,710 --> 00:11:40,800

yeah that was us that was us you know

300

00:11:46,069 --> 00:11:42,720

you weren't being paranoid that was us

301
00:11:49,350 --> 00:11:46,079
that was just our job so

302
00:11:50,470 --> 00:11:49,360
they weren't what were they doing

303
00:11:53,269 --> 00:11:50,480
you know

304
00:11:55,269 --> 00:11:53,279
yeah just doing their job just uh they

305
00:11:57,750 --> 00:11:55,279
knew that there was some young kid out

306
00:11:59,590 --> 00:11:57,760
there and that he was

307
00:12:01,269 --> 00:11:59,600
uh

308
00:12:04,550 --> 00:12:01,279
within the parameters that they would

309
00:12:07,509 --> 00:12:04,560
consider an active epicenter of activity

310
00:12:10,710 --> 00:12:07,519
right and they

311
00:12:12,550 --> 00:12:10,720
figured out where i lived and it was

312
00:12:14,550 --> 00:12:12,560
nearby and they

313
00:12:16,150 --> 00:12:14,560

would post up from time to time and just

314

00:12:17,269 --> 00:12:16,160

kind of keep tabs

315

00:12:18,870 --> 00:12:17,279

and

316

00:12:21,190 --> 00:12:18,880

yeah that's about it just doing their

317

00:12:25,269 --> 00:12:22,550

yeah

318

00:12:27,030 --> 00:12:25,279

okay

319

00:12:28,949 --> 00:12:27,040

uh yeah i'd be a little paranoid it's

320

00:12:30,470 --> 00:12:28,959

like hey buzz off you know this is my

321

00:12:32,629 --> 00:12:30,480

property but

322

00:12:35,030 --> 00:12:32,639

here you take it a little better than

323

00:12:37,910 --> 00:12:35,040

than i would perhaps um

324

00:12:40,150 --> 00:12:37,920

so were you conducting your own kind of

325

00:12:43,430 --> 00:12:40,160

like experiments or

326

00:12:45,030 --> 00:12:43,440

um tests at the time and if so what was

327

00:12:47,269 --> 00:12:45,040

like your process what were some of the

328

00:12:49,030 --> 00:12:47,279

different experiments that you conducted

329

00:12:51,190 --> 00:12:49,040

and do conduct

330

00:12:55,509 --> 00:12:51,200

yeah back then uh like i said i was a

331

00:12:58,310 --> 00:12:55,519

young kid i was i was really um

332

00:13:00,870 --> 00:12:58,320

trying to do my best to

333

00:13:03,030 --> 00:13:00,880

engage with the phenomenon in a way

334

00:13:04,470 --> 00:13:03,040

that you would engage with an animal or

335

00:13:06,949 --> 00:13:04,480

um

336

00:13:08,870 --> 00:13:06,959

you know just hunkering down

337

00:13:11,030 --> 00:13:08,880

waiting for things in the badlands of

338

00:13:13,590 --> 00:13:11,040

the united base and to pop up and then

339

00:13:15,430 --> 00:13:13,600

just like uh stepping up with my night

340

00:13:18,310 --> 00:13:15,440

vision or my

341

00:13:21,829 --> 00:13:18,320

uh cameras or recorders and trying to to

342

00:13:24,230 --> 00:13:21,839

get it uh capture it at least uh in some

343

00:13:25,990 --> 00:13:24,240

sense sometimes you could other times

344

00:13:27,829 --> 00:13:26,000

you couldn't and

345

00:13:29,590 --> 00:13:27,839

some of the displays were amazing and

346

00:13:31,430 --> 00:13:29,600

nothing would show up other times the

347

00:13:32,829 --> 00:13:31,440

displays were amazing and something

348

00:13:34,790 --> 00:13:32,839

would show up

349

00:13:38,310 --> 00:13:34,800

so uh

350

00:13:39,430 --> 00:13:38,320

that was then now uh when when

351

00:13:41,269 --> 00:13:39,440

i

352

00:13:44,069 --> 00:13:41,279

found an area called the southern

353

00:13:46,550 --> 00:13:44,079

vantage point it was coined that term by

354

00:13:49,110 --> 00:13:46,560

previous investigators than myself

355

00:13:51,910 --> 00:13:49,120

i started getting in into the common

356

00:13:52,870 --> 00:13:51,920

channels talking to the veterans if you

357

00:13:56,389 --> 00:13:52,880

will

358

00:13:57,590 --> 00:13:56,399

uh that were investigating the property

359

00:13:59,910 --> 00:13:57,600

at the time

360

00:14:02,389 --> 00:13:59,920

and there was a property at that point

361

00:14:03,910 --> 00:14:02,399

it was an abandoned ranch a smaller

362

00:14:06,870 --> 00:14:03,920

ranch head i guess is what they would

363

00:14:09,350 --> 00:14:06,880

call it abandoned for many years

364

00:14:11,750 --> 00:14:09,360

and it was coined the southern vantage

365

00:14:12,629 --> 00:14:11,760

point because it was on a higher bluff

366

00:14:15,269 --> 00:14:12,639

than

367

00:14:17,670 --> 00:14:15,279

some of this verdant valley or the path

368

00:14:19,350 --> 00:14:17,680

of the skinwalker as they call it

369

00:14:20,710 --> 00:14:19,360

and you could see pretty much everything

370

00:14:22,629 --> 00:14:20,720

east to west

371

00:14:25,269 --> 00:14:22,639

all over the place at night it would

372

00:14:27,430 --> 00:14:25,279

transform to a very great location just

373

00:14:28,790 --> 00:14:27,440

a bird's eye view of everything

374

00:14:31,670 --> 00:14:28,800

so

375

00:14:33,350 --> 00:14:31,680

later on when this property became

376

00:14:34,629 --> 00:14:33,360

available for sale

377

00:14:38,150 --> 00:14:34,639

i

378

00:14:39,430 --> 00:14:38,160

took over a year

379

00:14:41,350 --> 00:14:39,440

to actually

380

00:14:43,990 --> 00:14:41,360

come to terms with the people that were

381

00:14:46,150 --> 00:14:44,000

selling it but i did purchase it and i

382

00:14:48,389 --> 00:14:46,160

purchased it just to uh

383

00:14:52,470 --> 00:14:48,399

start space wolf research

384

00:14:55,750 --> 00:14:52,480

and the idea there was just to uh

385

00:14:57,509 --> 00:14:55,760

basically get an idea of what's going on

386

00:14:59,670 --> 00:14:57,519

and use

387

00:15:02,150 --> 00:14:59,680

different technologies and sometimes

388

00:15:05,110 --> 00:15:02,160

lack thereof uh very

389

00:15:05,990 --> 00:15:05,120

very primitive technologies

390

00:15:07,509 --> 00:15:06,000

uh

391

00:15:09,670 --> 00:15:07,519

depending on you know what we were

392

00:15:11,750 --> 00:15:09,680

trying to engage with sometimes

393

00:15:14,150 --> 00:15:11,760

you know if you need to get

394

00:15:16,069 --> 00:15:14,160

aerial phenomena then you definitely i

395

00:15:17,030 --> 00:15:16,079

spoke with chris o'brien

396

00:15:18,870 --> 00:15:17,040

and

397

00:15:21,110 --> 00:15:18,880

they have a unique

398

00:15:23,430 --> 00:15:21,120

unidentified aerial phenomena tracking

399

00:15:24,949 --> 00:15:23,440

camera system that was placed on the

400

00:15:26,710 --> 00:15:24,959

property

401

00:15:30,269 --> 00:15:26,720

other things if you're more trying to

402

00:15:32,949 --> 00:15:30,279

engage with the uh more

403

00:15:35,189 --> 00:15:32,959

witchcraft-oriented trickster entities

404

00:15:38,230 --> 00:15:35,199

in the area then you use a totally

405

00:15:42,629 --> 00:15:38,240

different approach something much more

406

00:15:44,389 --> 00:15:42,639

basic and primal um things like uh

407

00:15:46,550 --> 00:15:44,399

and and you know and these are things

408

00:15:49,269 --> 00:15:46,560

that i got directly from the source i

409

00:15:51,110 --> 00:15:49,279

mean these are things that the previous

410

00:15:53,030 --> 00:15:51,120

researchers were using

411

00:15:55,269 --> 00:15:53,040

and uh yeah those would work so

412

00:15:57,030 --> 00:15:55,279

sometimes very primitive stuff other

413

00:15:59,030 --> 00:15:57,040

times very high tech

414

00:16:01,350 --> 00:15:59,040

when you say previous researchers are

415

00:16:02,790 --> 00:16:01,360

you talking about like bigelow and and

416

00:16:06,069 --> 00:16:02,800

all that

417

00:16:07,110 --> 00:16:06,079

absolutely uh bigelow is hats off to

418

00:16:08,949 --> 00:16:07,120

bigelow

419

00:16:11,990 --> 00:16:08,959

and there were previous researchers as

420

00:16:14,310 --> 00:16:12,000

well such as ryan leighton chris o'brien

421

00:16:15,910 --> 00:16:14,320

right uh junior hicks

422

00:16:17,509 --> 00:16:15,920

uh jack valet

423

00:16:20,550 --> 00:16:17,519

um

424

00:16:22,470 --> 00:16:20,560

frank salisbury yeah

425

00:16:25,269 --> 00:16:22,480

it's amazing how many people have put

426

00:16:27,829 --> 00:16:25,279

time into that so from you know your

427

00:16:29,670 --> 00:16:27,839

experience and in the different uh you

428

00:16:31,670 --> 00:16:29,680

know experiments and things that that

429

00:16:32,629 --> 00:16:31,680

you've done first of all it seems like

430

00:16:36,870 --> 00:16:32,639

you

431

00:16:39,030 --> 00:16:36,880

on um and it's not all one

432

00:16:40,870 --> 00:16:39,040

but um i would say

433

00:16:42,870 --> 00:16:40,880

you know expanding on that what's what's

434

00:16:44,389 --> 00:16:42,880

kind of your take on on what's happening

435

00:16:52,550 --> 00:16:44,399

there

436

00:16:53,990 --> 00:16:52,560

experimenting with the various research

437

00:16:55,030 --> 00:16:54,000

methods to

438

00:16:56,550 --> 00:16:55,040

detect

439

00:16:59,269 --> 00:16:56,560

anomalies and more importantly

440

00:17:00,629 --> 00:16:59,279

anticipate them because a lot of these

441

00:17:01,910 --> 00:17:00,639

anomalies

442

00:17:04,390 --> 00:17:01,920

tend to

443

00:17:06,309 --> 00:17:04,400

although they don't reproduce exactly in

444

00:17:08,789 --> 00:17:06,319

the same way or manifest exactly in the

445

00:17:10,549 --> 00:17:08,799

same way they seem to utilize many of

446

00:17:13,189 --> 00:17:10,559

the same locations

447

00:17:15,590 --> 00:17:13,199

which uh brings about the idea of

448

00:17:17,990 --> 00:17:15,600

portals or

449

00:17:21,590 --> 00:17:18,000

you know these area areas where there's

450

00:17:26,230 --> 00:17:21,600

a terror in uh the veil so to speak

451
00:17:28,870 --> 00:17:26,240
and you know whether it is um something

452
00:17:31,669 --> 00:17:28,880
mind-blowing like a portal manifesting

453
00:17:34,549 --> 00:17:31,679
or bodies piling up of various animals

454
00:17:36,150 --> 00:17:34,559
that shouldn't be in the area

455
00:17:39,510 --> 00:17:36,160
some of these things happen in the same

456
00:17:41,669 --> 00:17:39,520
points of interest so it's it's kind of

457
00:17:43,830 --> 00:17:41,679
kind of cool to try to

458
00:17:45,990 --> 00:17:43,840
not only detect the anomalies but

459
00:17:49,430 --> 00:17:46,000
anticipate them and see how closely you

460
00:17:51,350 --> 00:17:49,440
can anticipate them and there's a lot of

461
00:17:55,270 --> 00:17:51,360
a lot to be said there because

462
00:17:56,470 --> 00:17:55,280
there's a lot of consistencies and uh

463
00:17:58,630 --> 00:17:56,480

one

464

00:18:01,830 --> 00:17:58,640

example

465

00:18:04,549 --> 00:18:01,840

is there is a hilltop where various body

466

00:18:06,310 --> 00:18:04,559

parts of different animals that are not

467

00:18:07,510 --> 00:18:06,320

naturally occurring in the area would

468

00:18:10,390 --> 00:18:07,520

show up

469

00:18:11,190 --> 00:18:10,400

and in that same location you would have

470

00:18:13,350 --> 00:18:11,200

other

471

00:18:16,630 --> 00:18:13,360

light phenomena take place

472

00:18:18,840 --> 00:18:16,640

and this would typically happen on uh

473

00:18:20,390 --> 00:18:18,850

particular moon phases

474

00:18:21,190 --> 00:18:20,400

[Music]

475

00:18:27,830 --> 00:18:21,200

the

476

00:18:29,110 --> 00:18:27,840

air like that drizzle that seems to

477

00:18:31,270 --> 00:18:29,120

energize

478

00:18:34,549 --> 00:18:31,280

a lot of the functionality of whatever

479

00:18:35,909 --> 00:18:34,559

it is uh is using those areas

480

00:18:38,390 --> 00:18:35,919

well

481

00:18:39,510 --> 00:18:38,400

so i would i would say you know do you

482

00:18:41,909 --> 00:18:39,520

have

483

00:18:43,430 --> 00:18:41,919

do you take videos of this stuff how do

484

00:18:44,870 --> 00:18:43,440

you document

485

00:18:47,190 --> 00:18:44,880

uh what's

486

00:18:49,270 --> 00:18:47,200

you know what happens

487

00:18:51,430 --> 00:18:49,280

you know um i'm not in it for the money

488

00:18:53,830 --> 00:18:51,440

and it's it's one of those things that i

489

00:18:57,029 --> 00:18:53,840

don't share a lot of what we do gather

490

00:19:00,549 --> 00:18:57,039

it's much much in the uh

491

00:19:02,710 --> 00:19:00,559

much like the bigelow era is kind of how

492

00:19:05,510 --> 00:19:02,720

you know if spacewolf research had a

493

00:19:07,590 --> 00:19:05,520

motto it is what would bob do

494

00:19:09,750 --> 00:19:07,600

and

495

00:19:10,870 --> 00:19:09,760

you know not broadcasting our findings

496

00:19:12,950 --> 00:19:10,880

in fact

497

00:19:16,390 --> 00:19:12,960

some of the findings are so phenomenal

498

00:19:18,310 --> 00:19:16,400

that uh well

499

00:19:20,549 --> 00:19:18,320

they're just so phenomenal that it's

500

00:19:21,669 --> 00:19:20,559

it's it's difficult not to broadcast

501
00:19:24,549 --> 00:19:21,679
them

502
00:19:26,710 --> 00:19:24,559
um as an example i will use this as an

503
00:19:28,230 --> 00:19:26,720
example i have not come forward with

504
00:19:31,110 --> 00:19:28,240
this information

505
00:19:33,590 --> 00:19:31,120
at all with anyone not even on any of my

506
00:19:37,029 --> 00:19:33,600
personal channels um

507
00:19:38,549 --> 00:19:37,039
and it is uh a mind blower uh so there

508
00:19:40,150 --> 00:19:38,559
is a

509
00:19:42,630 --> 00:19:40,160
there's a portion on the property it's a

510
00:19:44,150 --> 00:19:42,640
smaller property but it's quality not

511
00:19:47,190 --> 00:19:44,160
quantity for sure

512
00:19:49,430 --> 00:19:47,200
and there is uh there have been historic

513
00:19:51,590 --> 00:19:49,440

events on that property which

514

00:19:53,510 --> 00:19:51,600

phenomenalized my view of the area one

515

00:19:56,150 --> 00:19:53,520

one such event

516

00:19:58,549 --> 00:19:56,160

uh involved a gentleman named rich

517

00:19:59,830 --> 00:19:58,559

oliver another one named matt a girl

518

00:20:01,350 --> 00:19:59,840

named april

519

00:20:04,470 --> 00:20:01,360

and

520

00:20:07,750 --> 00:20:04,480

they all had probably one of the most

521

00:20:10,070 --> 00:20:07,760

traumatic dark experiences

522

00:20:11,909 --> 00:20:10,080

in this epicenter of activity

523

00:20:13,190 --> 00:20:11,919

and it was only years after i purchased

524

00:20:16,630 --> 00:20:13,200

the property that i found out it

525

00:20:19,110 --> 00:20:16,640

happened right on my property and

526

00:20:21,510 --> 00:20:19,120

rich has since passed due to brain

527

00:20:23,029 --> 00:20:21,520

cancer what's odd is that they all

528

00:20:24,549 --> 00:20:23,039

believe they were implanted with

529

00:20:26,310 --> 00:20:24,559

something in

530

00:20:28,950 --> 00:20:26,320

in their nasal cavities

531

00:20:31,270 --> 00:20:28,960

so uh they believed that this entity

532

00:20:33,750 --> 00:20:31,280

implanted these

533

00:20:36,630 --> 00:20:33,760

devices in their nasal cavities and then

534

00:20:38,630 --> 00:20:36,640

rich oliver past of brain cancer so

535

00:20:42,470 --> 00:20:38,640

there is some

536

00:20:44,149 --> 00:20:42,480

but getting back to some of the

537

00:20:45,430 --> 00:20:44,159

anomalies that i haven't shared with

538

00:20:47,270 --> 00:20:45,440

anybody

539

00:20:49,590 --> 00:20:47,280

and

540

00:20:51,350 --> 00:20:49,600

most recently this is this is

541

00:20:54,950 --> 00:20:51,360

fascinating

542

00:20:57,510 --> 00:20:54,960

a recent anomaly that took place

543

00:21:00,549 --> 00:20:57,520

happened in a in a similar area within

544

00:21:02,390 --> 00:21:00,559

just a few feet of where a 40-foot rv

545

00:21:04,789 --> 00:21:02,400

that i had purchased and put on the

546

00:21:06,630 --> 00:21:04,799

property as a

547

00:21:08,870 --> 00:21:06,640

base of operations

548

00:21:12,149 --> 00:21:08,880

uh it was vaporized in the middle of the

549

00:21:14,070 --> 00:21:12,159

day by a lightning bolt or what appeared

550

00:21:16,789 --> 00:21:14,080

to be a lightning bolt middle of the day

551
00:21:18,470 --> 00:21:16,799
just hit there vaporize nothing left

552
00:21:19,669 --> 00:21:18,480
except molten metal

553
00:21:22,789 --> 00:21:19,679
and

554
00:21:24,470 --> 00:21:22,799
uh it burned part of a cabin structure

555
00:21:26,549 --> 00:21:24,480
we had built there about half of it

556
00:21:28,710 --> 00:21:26,559
burned that half half of that down when

557
00:21:32,470 --> 00:21:28,720
we've rebuilt since

558
00:21:33,909 --> 00:21:32,480
however in this same location i decided

559
00:21:37,510 --> 00:21:33,919
to uh

560
00:21:39,830 --> 00:21:37,520
place a 40-foot storage container

561
00:21:42,390 --> 00:21:39,840
and this 40-foot storage container

562
00:21:44,870 --> 00:21:42,400
weighs roughly 8 700 pounds

563
00:21:46,070 --> 00:21:44,880

has a variety of technol technology

564

00:21:48,630 --> 00:21:46,080

inside of it

565

00:21:51,110 --> 00:21:48,640

and um the weight of the stuff inside of

566

00:21:54,390 --> 00:21:51,120

it obviously adds more weight to it

567

00:21:55,990 --> 00:21:54,400

and this is an interesting um dilemma

568

00:21:58,870 --> 00:21:56,000

because what i'm about to tell you like

569

00:22:00,310 --> 00:21:58,880

i said i have not shared with anyone

570

00:22:03,750 --> 00:22:00,320

this uh

571

00:22:05,350 --> 00:22:03,760

40 foot container that was facing

572

00:22:06,470 --> 00:22:05,360

east to west

573

00:22:08,470 --> 00:22:06,480

and

574

00:22:11,110 --> 00:22:08,480

was

575

00:22:15,190 --> 00:22:11,120

positioned in such a way to sort of

576
00:22:19,110 --> 00:22:17,909
we shut down the majority of the cameras

577
00:22:21,190 --> 00:22:19,120
other than game cameras and the

578
00:22:22,230 --> 00:22:21,200
periphery and stuff and that's when a

579
00:22:24,230 --> 00:22:22,240
lot of the

580
00:22:26,149 --> 00:22:24,240
best stuff happens is when you shut down

581
00:22:28,230 --> 00:22:26,159
the cameras because that's not the only

582
00:22:31,430 --> 00:22:28,240
type of evidence you can gather

583
00:22:33,830 --> 00:22:31,440
so we have this iron structure 40 feet

584
00:22:35,029 --> 00:22:33,840
by you know

585
00:22:37,590 --> 00:22:35,039
eight feet

586
00:22:41,590 --> 00:22:37,600
and um

587
00:22:43,830 --> 00:22:41,600
this is mind-blowing to even say

588
00:22:45,510 --> 00:22:43,840

i get a call from a gentleman at the

589

00:22:47,350 --> 00:22:45,520

property who

590

00:22:48,870 --> 00:22:47,360

checks on its security and he's also

591

00:22:52,070 --> 00:22:48,880

like a caretaker

592

00:22:54,870 --> 00:22:52,080

and i get a call from him this was just

593

00:22:57,270 --> 00:22:54,880

a few days ago and he says i see you

594

00:22:59,669 --> 00:22:57,280

moved the container

595

00:23:01,270 --> 00:22:59,679

and i said no i didn't move the

596

00:23:03,190 --> 00:23:01,280

container

597

00:23:04,470 --> 00:23:03,200

and he said well it's not in the same

598

00:23:06,870 --> 00:23:04,480

spot

599

00:23:09,750 --> 00:23:06,880

so immediately we both knew

600

00:23:13,190 --> 00:23:09,760

hold on let's start checking this out

601
00:23:15,510 --> 00:23:13,200
there were no uh he started checking the

602
00:23:17,590 --> 00:23:15,520
the ground there's absolutely no

603
00:23:19,350 --> 00:23:17,600
disturbance on the ground whatsoever no

604
00:23:20,470 --> 00:23:19,360
tire tracks

605
00:23:24,549 --> 00:23:20,480
no

606
00:23:26,390 --> 00:23:24,559
thought is somebody maybe drug it with a

607
00:23:29,029 --> 00:23:26,400
truck or something like that there's

608
00:23:31,029 --> 00:23:29,039
absolutely zero drag marks very heavy

609
00:23:34,310 --> 00:23:31,039
structure very soft ground it would

610
00:23:36,710 --> 00:23:34,320
leave something not even so much as a

611
00:23:37,830 --> 00:23:36,720
blade of grass is out of place

612
00:23:40,390 --> 00:23:37,840
and

613
00:23:42,870 --> 00:23:40,400

this container appears to have been

614

00:23:45,430 --> 00:23:42,880

airlifted by something

615

00:23:48,070 --> 00:23:45,440

or someone or some how

616

00:23:50,789 --> 00:23:48,080

airlifted from one position

617

00:23:53,590 --> 00:23:50,799

to another position and the other

618

00:23:56,230 --> 00:23:53,600

position it was facing east to west now

619

00:23:57,510 --> 00:23:56,240

it's facing north to south it's about 30

620

00:24:00,789 --> 00:23:57,520

feet away

621

00:24:03,110 --> 00:24:00,799

and it is so close to two structures

622

00:24:04,630 --> 00:24:03,120

that it seems impossible at least

623

00:24:06,710 --> 00:24:04,640

humanly possible

624

00:24:08,630 --> 00:24:06,720

to get a storage container that close to

625

00:24:09,750 --> 00:24:08,640

these two structures without damaging

626
00:24:11,750 --> 00:24:09,760
them

627
00:24:14,230 --> 00:24:11,760
it's within millimeters of another

628
00:24:16,710 --> 00:24:14,240
trailer and i mean you could barely put

629
00:24:19,909 --> 00:24:16,720
a piece of paper through there without

630
00:24:22,710 --> 00:24:19,919
getting it stuck and then it's about an

631
00:24:25,269 --> 00:24:22,720
inch from this cabin at the closest spot

632
00:24:28,870 --> 00:24:25,279
the only telltale sign that made us

633
00:24:30,630 --> 00:24:28,880
realize that it was moved

634
00:24:32,710 --> 00:24:30,640
somehow airlifted

635
00:24:35,990 --> 00:24:32,720
uh because there's nothing on the ground

636
00:24:37,909 --> 00:24:36,000
is that there was a dent a small dent

637
00:24:41,430 --> 00:24:37,919
coming from the top down

638
00:24:43,830 --> 00:24:41,440

on the roof of the cabin that is

639

00:24:46,149 --> 00:24:43,840

next to it that it is now one inch away

640

00:24:48,630 --> 00:24:46,159

from at the closest spot and it appears

641

00:24:49,830 --> 00:24:48,640

to have been dropped from the sky

642

00:24:51,590 --> 00:24:49,840

and it

643

00:24:55,269 --> 00:24:51,600

just happened to

644

00:24:57,190 --> 00:24:55,279

barely touch this tin roof and bend it

645

00:24:59,350 --> 00:24:57,200

in a way where you can tell it came from

646

00:25:01,430 --> 00:24:59,360

the top down so that's the kind of

647

00:25:03,669 --> 00:25:01,440

anomalous activity that

648

00:25:06,230 --> 00:25:03,679

is just mind-blowing yeah i mean what

649

00:25:08,549 --> 00:25:06,240

would even be the point of of something

650

00:25:09,269 --> 00:25:08,559

or whatever wanting to do that other

651
00:25:11,269 --> 00:25:09,279
than

652
00:25:12,830 --> 00:25:11,279
wanting to just screw with you

653
00:25:16,789 --> 00:25:12,840
exactly

654
00:25:17,669 --> 00:25:16,799
so

655
00:25:19,590 --> 00:25:17,679
well

656
00:25:21,669 --> 00:25:19,600
yeah i mean

657
00:25:24,630 --> 00:25:21,679
did you take a picture of like your your

658
00:25:26,789 --> 00:25:24,640
burnt rv and all that kind of stuff and

659
00:25:30,870 --> 00:25:26,799
you know the the different spots

660
00:25:32,470 --> 00:25:30,880
of of the container and all that and

661
00:25:33,830 --> 00:25:32,480
yeah how do you not want to just show

662
00:25:35,750 --> 00:25:33,840
people

663
00:25:37,750 --> 00:25:35,760

i know you know

664

00:25:39,110 --> 00:25:37,760

and and

665

00:25:41,350 --> 00:25:39,120

you know it's

666

00:25:43,029 --> 00:25:41,360

yeah we do document it all we do get

667

00:25:45,190 --> 00:25:43,039

pictures of it all

668

00:25:47,750 --> 00:25:45,200

we've had some help by neighbors you

669

00:25:49,269 --> 00:25:47,760

know that have witnessed things and

670

00:25:51,750 --> 00:25:49,279

um

671

00:25:53,750 --> 00:25:51,760

it's it's just very uh

672

00:25:54,549 --> 00:25:53,760

very interesting because we do document

673

00:26:00,070 --> 00:25:54,559

it

674

00:26:02,070 --> 00:26:00,080

that

675

00:26:04,710 --> 00:26:02,080

the fear is if you share it

676

00:26:07,269 --> 00:26:04,720

maybe um it will lose its potency and

677

00:26:08,710 --> 00:26:07,279

sometimes hanging on to some of that

678

00:26:11,830 --> 00:26:08,720

information

679

00:26:14,870 --> 00:26:11,840

you know as you said there is

680

00:26:18,470 --> 00:26:14,880

a trickster mentality to this phenomena

681

00:26:19,350 --> 00:26:18,480

and it appears to like to engage in a

682

00:26:21,510 --> 00:26:19,360

way

683

00:26:23,190 --> 00:26:21,520

that keeps you uneasy keeps you on your

684

00:26:24,950 --> 00:26:23,200

toes

685

00:26:27,029 --> 00:26:24,960

and we like to engage in a way that

686

00:26:30,310 --> 00:26:27,039

keeps it on its toes

687

00:26:32,710 --> 00:26:30,320

and so um it loves games it loves games

688

00:26:33,990 --> 00:26:32,720

whether that be child's toys placed in

689

00:26:38,230 --> 00:26:34,000

the vicinity

690

00:26:40,789 --> 00:26:38,240

um that will activate uh whether that be

691

00:26:44,470 --> 00:26:40,799

trinkets that are moved from one area to

692

00:26:46,789 --> 00:26:44,480

the next it just loves to play the game

693

00:26:48,549 --> 00:26:46,799

wow well

694

00:26:50,470 --> 00:26:48,559

what do you what do you think do you

695

00:26:52,470 --> 00:26:50,480

think it's like a dead soul or it's

696

00:26:53,430 --> 00:26:52,480

coming from you know

697

00:26:56,390 --> 00:26:53,440

a

698

00:26:58,470 --> 00:26:56,400

or

699

00:27:00,470 --> 00:26:58,480

do you think the land's just cursed from

700

00:27:02,549 --> 00:27:00,480

you know previous

701
00:27:03,909 --> 00:27:02,559
you know times or

702
00:27:06,230 --> 00:27:03,919
you know

703
00:27:07,909 --> 00:27:06,240
the the the trickster's got to get

704
00:27:09,510 --> 00:27:07,919
something out of this right like what is

705
00:27:11,830 --> 00:27:09,520
it getting out of this

706
00:27:14,310 --> 00:27:11,840
i don't understand yeah

707
00:27:16,470 --> 00:27:14,320
yeah i i think all of the above possibly

708
00:27:18,870 --> 00:27:16,480
there is a shift that happens when you

709
00:27:21,350 --> 00:27:18,880
engage with this phenomenon that you

710
00:27:22,230 --> 00:27:21,360
know much like that initial experience i

711
00:27:24,470 --> 00:27:22,240
had

712
00:27:26,310 --> 00:27:24,480
with um what seemed to be a

713
00:27:30,070 --> 00:27:26,320

shape-shifting witch

714

00:27:32,230 --> 00:27:30,080

this uh trickster apparently

715

00:27:34,789 --> 00:27:32,240

not only enjoys

716

00:27:37,029 --> 00:27:34,799

the game but they feed off of it somehow

717

00:27:39,750 --> 00:27:37,039

they feed off of

718

00:27:41,990 --> 00:27:39,760

these emotions this unscriptedness in an

719

00:27:45,029 --> 00:27:42,000

archonic way it appears

720

00:27:48,070 --> 00:27:45,039

and it really revitalizes it and uh

721

00:27:51,029 --> 00:27:48,080

it rises the more the more energy that

722

00:27:53,990 --> 00:27:51,039

you place into the scenario

723

00:27:55,350 --> 00:27:54,000

it it seems like the more energy it

724

00:27:58,389 --> 00:27:55,360

gathers from

725

00:28:00,389 --> 00:27:58,399

from the exchange and some of the some

726

00:28:02,389 --> 00:28:00,399

of the best minds in the field and some

727

00:28:06,950 --> 00:28:02,399

of the scientists that have been

728

00:28:08,230 --> 00:28:06,960

placed in this epicenter of activity

729

00:28:09,669 --> 00:28:08,240

have said

730

00:28:12,549 --> 00:28:09,679

that there is

731

00:28:14,950 --> 00:28:12,559

a very real exchange that takes place

732

00:28:17,669 --> 00:28:14,960

that every time you engage with this

733

00:28:19,669 --> 00:28:17,679

phenomena it takes a piece of you and

734

00:28:22,950 --> 00:28:19,679

now exactly what they mean by that i'm

735

00:28:24,310 --> 00:28:22,960

not sure but it enjoys it and it does in

736

00:28:26,789 --> 00:28:24,320

fact

737

00:28:30,549 --> 00:28:26,799

get something out of it

738

00:28:32,230 --> 00:28:30,559

man that's that's incredible but do you

739

00:28:33,590 --> 00:28:32,240

still like spend the night there and

740

00:28:34,870 --> 00:28:33,600

everything

741

00:28:36,470 --> 00:28:34,880

do you

742

00:28:38,230 --> 00:28:36,480

like find yourself

743

00:28:39,510 --> 00:28:38,240

maybe i just want to stay away from this

744

00:28:41,029 --> 00:28:39,520

or

745

00:28:43,110 --> 00:28:41,039

you know

746

00:28:46,389 --> 00:28:43,120

have you experienced the the old

747

00:28:51,190 --> 00:28:48,710

naturally i have experienced the

748

00:28:53,909 --> 00:28:51,200

hitchhiker effect something that you

749

00:28:55,669 --> 00:28:53,919

know luckily uh george knapp and colin

750

00:28:58,549 --> 00:28:55,679

kelleher in their new book skinwalkers

751
00:29:00,230 --> 00:28:58,559
at the pentagon have very they

752
00:29:02,230 --> 00:29:00,240
articulated this very well and i think

753
00:29:04,230 --> 00:29:02,240
they described it very well

754
00:29:06,149 --> 00:29:04,240
and it is something that people are now

755
00:29:09,350 --> 00:29:06,159
recognizing as a true

756
00:29:10,549 --> 00:29:09,360
phenomenon something that is in fact

757
00:29:12,870 --> 00:29:10,559
uh

758
00:29:14,710 --> 00:29:12,880
attaching itself to individuals and

759
00:29:16,230 --> 00:29:14,720
coming home with them regardless of the

760
00:29:17,510 --> 00:29:16,240
distance that they

761
00:29:18,870 --> 00:29:17,520
uh travel

762
00:29:20,549 --> 00:29:18,880
and

763
00:29:22,230 --> 00:29:20,559

it is it is

764

00:29:24,789 --> 00:29:22,240

something new that's emerging through

765

00:29:26,389 --> 00:29:24,799

all this a very quantum

766

00:29:29,430 --> 00:29:26,399

science because

767

00:29:32,630 --> 00:29:29,440

time and space seem to hold no

768

00:29:35,269 --> 00:29:32,640

boundaries to some of these entities and

769

00:29:36,630 --> 00:29:35,279

precognitive intelligences that

770

00:29:41,750 --> 00:29:36,640

can

771

00:29:43,669 --> 00:29:41,760

follow all right

772

00:29:46,710 --> 00:29:43,679

have you found any sort of closure since

773

00:29:48,310 --> 00:29:46,720

your your you know main experience that

774

00:29:52,470 --> 00:29:48,320

that brought you here to begin with that

775

00:29:53,590 --> 00:29:52,480

was with a potential skinwalker itself

776

00:29:55,350 --> 00:29:53,600

you know

777

00:29:56,389 --> 00:29:55,360

um some

778

00:29:59,430 --> 00:29:56,399

yes

779

00:30:02,310 --> 00:29:59,440

there's been some closure um i've kind

780

00:30:03,830 --> 00:30:02,320

of moved beyond that point of not

781

00:30:06,470 --> 00:30:03,840

knowing

782

00:30:07,750 --> 00:30:06,480

and it's one of those things that the

783

00:30:10,630 --> 00:30:07,760

more

784

00:30:15,909 --> 00:30:10,640

you go down the rabbit hole

785

00:30:18,310 --> 00:30:15,919

you you get to know uh more about

786

00:30:20,789 --> 00:30:18,320

the phenomenon but you don't

787

00:30:23,350 --> 00:30:20,799

there it almost causes more questions

788

00:30:24,870 --> 00:30:23,360

than answers as you get to know it

789

00:30:27,350 --> 00:30:24,880

because

790

00:30:28,630 --> 00:30:27,360

figuring out what makes it tick is

791

00:30:31,029 --> 00:30:28,640

really

792

00:30:33,669 --> 00:30:31,039

you know where that where that shift at

793

00:30:35,430 --> 00:30:33,679

least from a human perspective

794

00:30:37,990 --> 00:30:35,440

you you just have to wonder what is the

795

00:30:39,830 --> 00:30:38,000

supreme goal of

796

00:30:41,350 --> 00:30:39,840

some of these things are they just

797

00:30:42,549 --> 00:30:41,360

watching us

798

00:30:44,310 --> 00:30:42,559

are they

799

00:30:46,149 --> 00:30:44,320

somehow

800

00:30:48,470 --> 00:30:46,159

you know feeding our chronically just

801
00:30:49,350 --> 00:30:48,480
off of our emotions

802
00:30:51,029 --> 00:30:49,360
or

803
00:30:53,830 --> 00:30:51,039
is there something entirely different

804
00:30:55,350 --> 00:30:53,840
going on that the motives are where the

805
00:30:56,789 --> 00:30:55,360
quandary

806
00:30:58,549 --> 00:30:56,799
it begins

807
00:31:00,149 --> 00:30:58,559
do you have a feeling there's any kind

808
00:31:01,830 --> 00:31:00,159
of um

809
00:31:04,950 --> 00:31:01,840
you know maybe

810
00:31:06,710 --> 00:31:04,960
government stuff still going on there

811
00:31:09,269 --> 00:31:06,720
as in like maybe it's

812
00:31:11,590 --> 00:31:09,279
still some sort of like test bed for for

813
00:31:13,750 --> 00:31:11,600

different kinds of things

814

00:31:15,029 --> 00:31:13,760

i do psychotronic weapons or something

815

00:31:17,750 --> 00:31:15,039

perhaps

816

00:31:19,669 --> 00:31:17,760

i can only speak um

817

00:31:20,549 --> 00:31:19,679

unfortunately i've signed some

818

00:31:22,870 --> 00:31:20,559

some

819

00:31:24,789 --> 00:31:22,880

documents but i can only speak to what's

820

00:31:27,590 --> 00:31:24,799

been declassified

821

00:31:29,110 --> 00:31:27,600

publicly which is that in fact there

822

00:31:31,350 --> 00:31:29,120

were you know

823

00:31:32,950 --> 00:31:31,360

black budget projects taking place

824

00:31:34,549 --> 00:31:32,960

through plausible deniability and

825

00:31:35,509 --> 00:31:34,559

private enterprise

826
00:31:38,630 --> 00:31:35,519
and

827
00:31:41,029 --> 00:31:38,640
that was uh through the

828
00:31:42,389 --> 00:31:41,039
asap program the atip program which have

829
00:31:44,389 --> 00:31:42,399
now been

830
00:31:45,669 --> 00:31:44,399
at least publicly

831
00:31:46,710 --> 00:31:45,679
acknowledged

832
00:31:52,630 --> 00:31:46,720
so

833
00:31:53,750 --> 00:31:52,640
for sure

834
00:31:55,990 --> 00:31:53,760
um

835
00:31:58,149 --> 00:31:56,000
have you

836
00:32:01,430 --> 00:31:58,159
found yourself collaborating at all with

837
00:32:03,830 --> 00:32:01,440
uh researchers past and present

838
00:32:05,590 --> 00:32:03,840

from the ranch or otherwise on you know

839

00:32:06,950 --> 00:32:05,600

some of the things you find maybe some

840

00:32:08,789 --> 00:32:06,960

of the things they find kind of working

841

00:32:09,830 --> 00:32:08,799

together perhaps

842

00:32:11,350 --> 00:32:09,840

sure

843

00:32:12,710 --> 00:32:11,360

it's it's

844

00:32:14,789 --> 00:32:12,720

you know it's interesting that you

845

00:32:16,149 --> 00:32:14,799

mentioned the psychotronic weapons and i

846

00:32:18,470 --> 00:32:16,159

don't want to let that you know i don't

847

00:32:20,070 --> 00:32:18,480

want to just try to avoid that because

848

00:32:22,710 --> 00:32:20,080

yeah no go ahead

849

00:32:23,909 --> 00:32:22,720

yeah there's been a lot absolutely that

850

00:32:25,269 --> 00:32:23,919

has been

851
00:32:26,070 --> 00:32:25,279
insisted

852
00:32:28,389 --> 00:32:26,080
by

853
00:32:31,830 --> 00:32:28,399
members of the cia who believe they have

854
00:32:35,110 --> 00:32:31,840
been targeted by um psychotronic weapons

855
00:32:38,630 --> 00:32:37,430
much much will be learned i think um

856
00:32:40,389 --> 00:32:38,640
coming up

857
00:32:42,149 --> 00:32:40,399
and uh

858
00:32:44,950 --> 00:32:42,159
you know it's it's something people

859
00:32:47,430 --> 00:32:44,960
refer to as the havana syndrome

860
00:32:49,669 --> 00:32:47,440
and there have been cases

861
00:32:52,389 --> 00:32:49,679
near the epicenter of activity that have

862
00:32:56,310 --> 00:32:52,399
affected people's lives similarly

863
00:32:58,470 --> 00:32:56,320

and yeah it's a very real phenomenon

864

00:33:01,029 --> 00:32:58,480

uh

865

00:33:03,110 --> 00:33:01,039

and you know not not

866

00:33:05,909 --> 00:33:03,120

not to uh

867

00:33:09,350 --> 00:33:05,919

not to go off topic but

868

00:33:11,710 --> 00:33:09,360

you know this is technology that

869

00:33:14,950 --> 00:33:11,720

it would be

870

00:33:16,950 --> 00:33:14,960

irresponsible of our government to not

871

00:33:18,870 --> 00:33:16,960

want to understand

872

00:33:21,669 --> 00:33:18,880

what is taking place in a lot of these

873

00:33:25,350 --> 00:33:21,679

areas of high strangeness there is an

874

00:33:27,750 --> 00:33:25,360

intense interest in rising to the

875

00:33:30,149 --> 00:33:27,760

occasion and trying to

876

00:33:32,149 --> 00:33:30,159

not only

877

00:33:35,669 --> 00:33:32,159

figure out what's taking place and

878

00:33:38,710 --> 00:33:35,679

defend against it but also possibly

879

00:33:40,149 --> 00:33:38,720

weaponize from a defensive standpoint

880

00:33:41,509 --> 00:33:40,159

um

881

00:33:43,669 --> 00:33:41,519

so that

882

00:33:46,230 --> 00:33:43,679

it's not used by our enemies

883

00:33:47,590 --> 00:33:46,240

and this is this is super super

884

00:33:49,669 --> 00:33:47,600

prevalent you know

885

00:33:51,110 --> 00:33:49,679

throughout modern history

886

00:33:53,110 --> 00:33:51,120

we have

887

00:33:55,190 --> 00:33:53,120

you don't have to go back very far

888

00:33:57,110 --> 00:33:55,200

we have you know the germans that were

889

00:33:59,190 --> 00:33:57,120

very into the occult and using just

890

00:34:00,710 --> 00:33:59,200

about any trick in the book

891

00:34:03,110 --> 00:34:00,720

to weaponize

892

00:34:04,789 --> 00:34:03,120

and use on the battlefield whether that

893

00:34:07,110 --> 00:34:04,799

be

894

00:34:09,109 --> 00:34:07,120

drug drug-induced psychosis or i mean

895

00:34:12,470 --> 00:34:09,119

you name it they were using it and the

896

00:34:15,270 --> 00:34:12,480

same can be said of many other bad uh

897

00:34:16,790 --> 00:34:15,280

players in in the world stage a

898

00:34:18,790 --> 00:34:16,800

gentleman

899

00:34:21,510 --> 00:34:18,800

involved in intelligence um out of

900

00:34:23,109 --> 00:34:21,520

maryland was explaining to me one day

901
00:34:24,950 --> 00:34:23,119
just how many

902
00:34:27,589 --> 00:34:24,960
you know evil dark forces there are in

903
00:34:29,909 --> 00:34:27,599
the world today and and how vigilant our

904
00:34:32,790 --> 00:34:29,919
government has to be defensively

905
00:34:36,149 --> 00:34:32,800
just just to stay abreast just just to

906
00:34:38,230 --> 00:34:36,159
keep you know its population safe and

907
00:34:40,149 --> 00:34:38,240
you know act as a sentinel to keep other

908
00:34:41,589 --> 00:34:40,159
countries safe as well

909
00:34:43,030 --> 00:34:41,599
yeah i mean

910
00:34:44,710 --> 00:34:43,040
that's a great point i mean you you

911
00:34:46,950 --> 00:34:44,720
think about um

912
00:34:48,550 --> 00:34:46,960
you know some of the symptoms of havana

913
00:34:50,149 --> 00:34:48,560

syndrome which are

914

00:34:51,909 --> 00:34:50,159

very similar to

915

00:34:55,109 --> 00:34:51,919

you know a symptom maybe you would get

916

00:34:57,589 --> 00:34:55,119

from an emp type of attack and

917

00:34:59,589 --> 00:34:57,599

um you know even if you just watch the

918

00:35:01,030 --> 00:34:59,599

skin marker ranch show you know people

919

00:35:04,230 --> 00:35:01,040

getting headaches

920

00:35:05,430 --> 00:35:04,240

you know getting radiation burns

921

00:35:06,870 --> 00:35:05,440

you know

922

00:35:11,670 --> 00:35:06,880

it seems

923

00:35:13,109 --> 00:35:11,680

sure but you know then people tend to

924

00:35:16,390 --> 00:35:13,119

think well

925

00:35:17,510 --> 00:35:16,400

are these just bad people bad players

926
00:35:19,190 --> 00:35:17,520
and maybe

927
00:35:21,109 --> 00:35:19,200
you know some of them could be but maybe

928
00:35:23,349 --> 00:35:21,119
they've also you know weaponized it

929
00:35:26,550 --> 00:35:23,359
something that also exists as well which

930
00:35:28,470 --> 00:35:26,560
is some sort of odd ufo

931
00:35:30,550 --> 00:35:28,480
technology as well because you know

932
00:35:33,190 --> 00:35:30,560
those symptoms have been reported from

933
00:35:34,470 --> 00:35:33,200
ufos going back decades so

934
00:35:35,430 --> 00:35:34,480
um

935
00:35:40,150 --> 00:35:35,440
you know

936
00:35:44,310 --> 00:35:42,069
militaries governments want to stay

937
00:35:45,670 --> 00:35:44,320
powerful right and that could be part of

938
00:35:47,190 --> 00:35:45,680

the reason why they keep some of the

939

00:35:48,710 --> 00:35:47,200

secret

940

00:35:50,470 --> 00:35:48,720

is because they want to figure it out

941

00:35:52,550 --> 00:35:50,480

and use it for their own

942

00:35:54,150 --> 00:35:52,560

you know purposes how to

943

00:35:55,670 --> 00:35:54,160

weaponize it how to defend against

944

00:35:58,230 --> 00:35:55,680

somebody else who might weaponize it

945

00:36:00,470 --> 00:35:58,240

before they tell anybody about anything

946

00:36:03,030 --> 00:36:00,480

what is your take on that

947

00:36:06,230 --> 00:36:03,040

yeah you have to stay abreast of it and

948

00:36:08,470 --> 00:36:06,240

we have unique unique

949

00:36:11,190 --> 00:36:08,480

factors within the confines of the

950

00:36:15,190 --> 00:36:11,200

united states that have been

951
00:36:18,069 --> 00:36:15,200
just epic in our

952
00:36:22,710 --> 00:36:20,310
being you know a world power which cares

953
00:36:25,030 --> 00:36:22,720
about other countries as well and a

954
00:36:28,550 --> 00:36:25,040
really good example of that is you know

955
00:36:29,670 --> 00:36:28,560
the navajo code talkers that were used

956
00:36:31,109 --> 00:36:29,680
um

957
00:36:32,470 --> 00:36:31,119
back uh

958
00:36:35,109 --> 00:36:32,480
in the 40s

959
00:36:37,910 --> 00:36:35,119
and you know the indian

960
00:36:40,470 --> 00:36:37,920
code talkers uh very much often called

961
00:36:43,829 --> 00:36:40,480
the navajo code talkers

962
00:36:45,750 --> 00:36:43,839
they they were an asset that our enemies

963
00:36:48,710 --> 00:36:45,760

could not figure out

964

00:36:52,870 --> 00:36:48,720

and there has been

965

00:36:55,349 --> 00:36:52,880

a lot of other complex uh scenarios

966

00:36:57,670 --> 00:36:55,359

where native american

967

00:36:59,430 --> 00:36:57,680

and other

968

00:37:00,950 --> 00:36:59,440

assets that we have

969

00:37:02,150 --> 00:37:00,960

in this country

970

00:37:03,430 --> 00:37:02,160

provide

971

00:37:04,950 --> 00:37:03,440

kind of an

972

00:37:05,990 --> 00:37:04,960

unfair advantage

973

00:37:09,270 --> 00:37:06,000

um

974

00:37:10,950 --> 00:37:09,280

which we need because uh these these bad

975

00:37:12,470 --> 00:37:10,960

these bad

976

00:37:14,150 --> 00:37:12,480

darker

977

00:37:17,109 --> 00:37:14,160

forces out there

978

00:37:19,349 --> 00:37:17,119

um they they don't play by the rules so

979

00:37:21,510 --> 00:37:19,359

you kind of need an unfair advantage

980

00:37:23,829 --> 00:37:21,520

right that that's a good point it's like

981

00:37:25,829 --> 00:37:23,839

um you know you want to be

982

00:37:27,510 --> 00:37:25,839

um

983

00:37:29,829 --> 00:37:27,520

above board you want to you want to have

984

00:37:31,670 --> 00:37:29,839

your morals and integrity but you're

985

00:37:34,150 --> 00:37:31,680

fighting against an enemy that doesn't

986

00:37:36,150 --> 00:37:34,160

give two craps about that they just want

987

00:37:39,190 --> 00:37:36,160

to win

988

00:37:41,510 --> 00:37:39,200

they play dirty right they play dirty

989

00:37:43,510 --> 00:37:41,520

so tell me a little bit about uh

990

00:37:45,990 --> 00:37:43,520

your podcast you have a it's

991

00:37:46,790 --> 00:37:46,000

called hero paranormal uh yeah it's

992

00:37:48,870 --> 00:37:46,800

called

993

00:37:51,030 --> 00:37:48,880

yeah yeah what do you do there who do

994

00:37:52,390 --> 00:37:51,040

you interview folks do you just um talk

995

00:37:54,870 --> 00:37:52,400

about you know

996

00:37:56,589 --> 00:37:54,880

ufo stuff so let me have it

997

00:37:59,510 --> 00:37:56,599

sure um it's

998

00:38:01,990 --> 00:37:59,520

heroparanormal.com um not it it started

999

00:38:04,390 --> 00:38:02,000

out as the hyper anomalous esoteric

1000

00:38:07,030 --> 00:38:04,400

research organization podcast and that's

1001
00:38:08,710 --> 00:38:07,040
where hero comes from but i also try to

1002
00:38:09,910 --> 00:38:08,720
find people that are kind of heroes in

1003
00:38:10,870 --> 00:38:09,920
their field

1004
00:38:13,510 --> 00:38:10,880
and

1005
00:38:16,230 --> 00:38:13,520
people that have um

1006
00:38:17,829 --> 00:38:16,240
not the not the normal

1007
00:38:20,390 --> 00:38:17,839
story that you hear everywhere else in

1008
00:38:23,670 --> 00:38:20,400
mainstream media so everybody's got a

1009
00:38:25,829 --> 00:38:23,680
podcast these days it's a lot of fun and

1010
00:38:28,790 --> 00:38:25,839
it's a great example as i said i don't

1011
00:38:31,750 --> 00:38:28,800
do it for the money but it's a great

1012
00:38:33,270 --> 00:38:31,760
example that everybody is doing podcasts

1013
00:38:35,589 --> 00:38:33,280

because it it

1014

00:38:37,750 --> 00:38:35,599

affords you the opportunity to speak

1015

00:38:39,349 --> 00:38:37,760

with people at least myself

1016

00:38:41,670 --> 00:38:39,359

to speak with individuals i would

1017

00:38:44,069 --> 00:38:41,680

otherwise not have an excuse to contact

1018

00:38:45,670 --> 00:38:44,079

and want to discuss these items with

1019

00:38:47,430 --> 00:38:45,680

right it's a lot easier to say hey i've

1020

00:38:48,790 --> 00:38:47,440

got a podcast and i would like to talk

1021

00:38:51,030 --> 00:38:48,800

to you about this

1022

00:38:52,630 --> 00:38:51,040

than you know calling cold calling

1023

00:38:54,630 --> 00:38:52,640

somebody and saying hey i'm interested

1024

00:38:55,750 --> 00:38:54,640

in this can i talk to you for an hour

1025

00:38:57,670 --> 00:38:55,760

right

1026

00:38:59,349 --> 00:38:57,680

yeah if i didn't have the podcast angle

1027

00:39:00,550 --> 00:38:59,359

when i when i cold called you i don't

1028

00:39:03,829 --> 00:39:00,560

know that it would

1029

00:39:07,670 --> 00:39:03,839

would have went over at all so

1030

00:39:15,190 --> 00:39:09,270

um

1031

00:39:17,510 --> 00:39:15,200

tell me about some of your

1032

00:39:19,990 --> 00:39:17,520

your goals uh where do you see yourself

1033

00:39:22,390 --> 00:39:20,000

with uh space wolf research your podcast

1034

00:39:23,910 --> 00:39:22,400

as a person you know in the next three

1035

00:39:25,190 --> 00:39:23,920

to five years or so what do you what do

1036

00:39:27,030 --> 00:39:25,200

you hope to see what do you hope to

1037

00:39:30,310 --> 00:39:27,040

accomplish

1038

00:39:34,150 --> 00:39:30,320

you know um my goals

1039

00:39:36,470 --> 00:39:34,160

are not what they used to be and uh

1040

00:39:39,910 --> 00:39:36,480

i i think it was gandhi that said

1041

00:39:41,750 --> 00:39:39,920

whatever you do probably will whatever

1042

00:39:42,470 --> 00:39:41,760

you do probably won't matter much in the

1043

00:39:44,710 --> 00:39:42,480

end

1044

00:39:45,589 --> 00:39:44,720

but it's vitally important that you do

1045

00:39:46,550 --> 00:39:45,599

it

1046

00:39:49,109 --> 00:39:46,560

and

1047

00:39:51,430 --> 00:39:49,119

that's kind of my take on

1048

00:39:53,190 --> 00:39:51,440

all of this and my other goals

1049

00:39:55,589 --> 00:39:53,200

you have to set goals and you have to

1050

00:39:56,870 --> 00:39:55,599

attain those goals will it really make a

1051
00:39:59,990 --> 00:39:56,880
difference in the greater scheme of

1052
00:40:00,870 --> 00:40:00,000
things probably not but for

1053
00:40:02,870 --> 00:40:00,880
me

1054
00:40:04,790 --> 00:40:02,880
it will make a huge difference it will

1055
00:40:06,950 --> 00:40:04,800
keep me motivated it will keep me kind

1056
00:40:08,950 --> 00:40:06,960
of in the circle

1057
00:40:12,309 --> 00:40:08,960
if there's you know just a tidbit of

1058
00:40:13,829 --> 00:40:12,319
information that i can add to the soup

1059
00:40:15,910 --> 00:40:13,839
and it can

1060
00:40:17,990 --> 00:40:15,920
assist someone else in achieving their

1061
00:40:20,230 --> 00:40:18,000
goals then i've done my part

1062
00:40:21,750 --> 00:40:20,240
yeah great i love it

1063
00:40:24,470 --> 00:40:21,760

um

1064

00:40:25,990 --> 00:40:24,480

do you know you're in vegas so

1065

00:40:27,589 --> 00:40:26,000

what are you doing out in vegas is that

1066

00:40:30,630 --> 00:40:27,599

like uh your

1067

00:40:34,550 --> 00:40:30,640

your day jobs out there so to speak and

1068

00:40:35,820 --> 00:40:34,560

you're you're trying to be normal life

1069

00:40:44,150 --> 00:40:35,830

but trying to be normal

1070

00:40:48,069 --> 00:40:47,190

i moved down here about seven years ago

1071

00:40:49,670 --> 00:40:48,079

and

1072

00:40:54,230 --> 00:40:49,680

i

1073

00:40:55,510 --> 00:40:54,240

and um

1074

00:40:57,589 --> 00:40:55,520

amazingly

1075

00:40:59,270 --> 00:40:57,599

trying to figure out how to do something

1076

00:41:01,349 --> 00:40:59,280

in the uintah basin this is a great

1077

00:41:02,950 --> 00:41:01,359

example of how you never end up where

1078

00:41:04,470 --> 00:41:02,960

you think you're going to

1079

00:41:07,910 --> 00:41:04,480

trying to figure out what i would do for

1080

00:41:10,470 --> 00:41:07,920

work out there i just fell into

1081

00:41:13,190 --> 00:41:10,480

property management and

1082

00:41:14,630 --> 00:41:13,200

that's what i currently still do

1083

00:41:17,589 --> 00:41:14,640

i've done it

1084

00:41:20,390 --> 00:41:17,599

for many years now and it's not

1085

00:41:22,390 --> 00:41:20,400

at all what i ever thought i would be

1086

00:41:24,309 --> 00:41:22,400

doing so

1087

00:41:26,230 --> 00:41:24,319

um yeah i'm down here i moved down here

1088

00:41:27,990 --> 00:41:26,240

because my mom was here and then i met

1089

00:41:30,870 --> 00:41:28,000

my wife down here and now i have a

1090

00:41:32,950 --> 00:41:30,880

family down here i still uh

1091

00:41:35,589 --> 00:41:32,960

love to go to utah still have the

1092

00:41:37,349 --> 00:41:35,599

majority of my properties in utah

1093

00:41:39,109 --> 00:41:37,359

and

1094

00:41:40,790 --> 00:41:39,119

you know interestingly enough that

1095

00:41:43,270 --> 00:41:40,800

connection between utah and vegas

1096

00:41:45,910 --> 00:41:43,280

continues so yeah it's a

1097

00:41:47,829 --> 00:41:45,920

strange thing interesting hey uh since

1098

00:41:50,470 --> 00:41:47,839

city and the mormons what is up with

1099

00:41:52,309 --> 00:41:50,480

that i'm just kidding

1100

00:41:53,990 --> 00:41:52,319

um let me

1101

00:41:55,349 --> 00:41:54,000

what do you do like commercial

1102

00:41:57,589 --> 00:41:55,359

properties

1103

00:41:59,750 --> 00:41:57,599

or no no i don't do commercial i leave

1104

00:42:00,950 --> 00:41:59,760

that to the big boy

1105

00:42:02,950 --> 00:42:00,960

just checking

1106

00:42:05,750 --> 00:42:02,960

yeah i wish i did i heard there's a lot

1107

00:42:06,630 --> 00:42:05,760

of money in it oh really yeah well you

1108

00:42:13,829 --> 00:42:06,640

you

1109

00:42:17,750 --> 00:42:16,870

so um

1110

00:42:19,190 --> 00:42:17,760

it

1111

00:42:21,109 --> 00:42:19,200

you know i usually

1112

00:42:23,829 --> 00:42:21,119

i try to give opportunity to the guests

1113

00:42:25,430 --> 00:42:23,839

as well to you know talk about something

1114

00:42:26,710 --> 00:42:25,440

that they may want to talk about because

1115

00:42:29,030 --> 00:42:26,720

you know i'm not going to ask all the

1116

00:42:30,470 --> 00:42:29,040

right questions and maybe something

1117

00:42:32,630 --> 00:42:30,480

there's something that uh you want to

1118

00:42:33,430 --> 00:42:32,640

get off your chest or or discuss whether

1119

00:42:35,270 --> 00:42:33,440

it's

1120

00:42:36,390 --> 00:42:35,280

you know the nasa

1121

00:42:38,309 --> 00:42:36,400

saying they're

1122

00:42:40,630 --> 00:42:38,319

you know investigating umps the current

1123

00:42:42,710 --> 00:42:40,640

course of disclosure anything you want

1124

00:42:45,510 --> 00:42:42,720

um what what's on your mind anything out

1125

00:42:48,230 --> 00:42:45,520

there that you want to talk about

1126

00:42:51,750 --> 00:42:48,240

um you know there's been a lot of a

1127

00:42:55,910 --> 00:42:51,760

shift happening and i i like it

1128

00:43:01,430 --> 00:42:58,470

you know consciousness is now becoming

1129

00:43:03,510 --> 00:43:01,440

more mainstream and people are

1130

00:43:06,390 --> 00:43:03,520

influenced and motivated by

1131

00:43:08,870 --> 00:43:06,400

consciousness studies i i think that you

1132

00:43:11,750 --> 00:43:08,880

know the reality of artificial

1133

00:43:14,710 --> 00:43:11,760

intelligence quantum mechanics

1134

00:43:17,030 --> 00:43:14,720

consciousness and particular regions

1135

00:43:20,630 --> 00:43:18,390

this land

1136

00:43:22,069 --> 00:43:20,640

is more conducive to the study of all

1137

00:43:25,670 --> 00:43:22,079

those things

1138

00:43:27,750 --> 00:43:25,680

it just is kind of a trifecta of

1139

00:43:30,470 --> 00:43:27,760

importance we don't know exactly what

1140

00:43:32,710 --> 00:43:30,480

that importance is yet at least i don't

1141

00:43:34,950 --> 00:43:32,720

but it does seem as if those all those

1142

00:43:36,069 --> 00:43:34,960

factors work together in some way shape

1143

00:43:37,270 --> 00:43:36,079

or form

1144

00:43:39,510 --> 00:43:37,280

and

1145

00:43:41,990 --> 00:43:39,520

i recently as an example i don't know if

1146

00:43:43,910 --> 00:43:42,000

you've seen the new top gun movie

1147

00:43:46,710 --> 00:43:43,920

i haven't i want to

1148

00:43:48,390 --> 00:43:46,720

yeah it's great i highly recommend it

1149

00:43:49,589 --> 00:43:48,400

i just heard that they were

1150

00:43:51,109 --> 00:43:49,599

doing it

1151

00:43:53,030 --> 00:43:51,119

in one of these

1152

00:43:54,950 --> 00:43:53,040

i think it's 4dx theaters where the

1153

00:43:57,190 --> 00:43:54,960

seats move and the wind blows and the

1154

00:43:59,349 --> 00:43:57,200

things rumble and i was like oh

1155

00:44:00,790 --> 00:43:59,359

man

1156

00:44:01,670 --> 00:44:00,800

so much better

1157

00:44:04,710 --> 00:44:01,680

um

1158

00:44:05,510 --> 00:44:04,720

yeah that that show uh

1159

00:44:07,430 --> 00:44:05,520

it

1160

00:44:08,470 --> 00:44:07,440

pervades some of the more modern

1161

00:44:11,109 --> 00:44:08,480

technology

1162

00:44:13,589 --> 00:44:11,119

that our government is engaging with

1163

00:44:16,309 --> 00:44:13,599

and in speaking with a government

1164

00:44:19,190 --> 00:44:16,319

employee after i watched that show

1165

00:44:22,790 --> 00:44:19,200

they were mentioning to me that

1166

00:44:24,230 --> 00:44:22,800

our new fighter jets have a form of

1167

00:44:26,150 --> 00:44:24,240

artificial intelligence in the

1168

00:44:29,349 --> 00:44:26,160

instrument panel

1169

00:44:30,230 --> 00:44:29,359

where it can inform the pilots

1170

00:44:32,230 --> 00:44:30,240

of

1171

00:44:34,710 --> 00:44:32,240

when they see an unidentified aerial

1172

00:44:37,829 --> 00:44:34,720

phenomenon whether that is

1173

00:44:41,109 --> 00:44:37,839

a friendly a neutral or a threat

1174

00:44:42,150 --> 00:44:41,119

and that is kind of the type of stuff

1175

00:44:46,230 --> 00:44:42,160

that

1176

00:44:50,069 --> 00:44:46,240

yeah

1177

00:44:52,870 --> 00:44:50,079

there's multiple unidentified aerial

1178

00:44:56,790 --> 00:44:52,880

phenomena that could be neutral a threat

1179

00:45:03,190 --> 00:45:00,150

yeah fascinating stuff awesome um yeah i

1180

00:45:05,910 --> 00:45:03,200

i would uh tend to agree with you i love

1181

00:45:07,910 --> 00:45:05,920

i like that we're kind of trying to

1182

00:45:09,349 --> 00:45:07,920

expand consciousness at least study it

1183

00:45:10,550 --> 00:45:09,359

explore it

1184

00:45:12,550 --> 00:45:10,560

um

1185

00:45:13,910 --> 00:45:12,560

i've learned you know in doing that

1186

00:45:16,309 --> 00:45:13,920

myself

1187

00:45:19,510 --> 00:45:16,319

um at the very least

1188

00:45:22,069 --> 00:45:19,520

you you'll relax a little bit you know

1189

00:45:24,470 --> 00:45:22,079

and and you tend to enjoy the moments

1190

00:45:26,230 --> 00:45:24,480

the now the present versus spending so

1191

00:45:28,069 --> 00:45:26,240

much time looking forward or backwards

1192

00:45:29,670 --> 00:45:28,079

which we all do you know like we're

1193

00:45:32,630 --> 00:45:29,680

trained to do that

1194

00:45:34,710 --> 00:45:32,640

and we we kind of forget about this

1195

00:45:35,990 --> 00:45:34,720

exact very moment

1196

00:45:38,309 --> 00:45:36,000

you know

1197

00:45:41,190 --> 00:45:38,319

which i think is so crucial to do

1198

00:45:43,109 --> 00:45:41,200

instead of just basically

1199

00:45:44,309 --> 00:45:43,119

living in your imagination

1200

00:45:46,150 --> 00:45:44,319

you know

1201
00:45:48,630 --> 00:45:46,160
whether it's uh what happened before or

1202
00:45:50,309 --> 00:45:48,640
what's gonna happen it's just their

1203
00:45:51,349 --> 00:45:50,319
thoughts

1204
00:45:54,550 --> 00:45:51,359
you know

1205
00:45:56,390 --> 00:45:54,560
it's it's not uh the current so

1206
00:45:58,150 --> 00:45:56,400
you know i really can't appreciate that

1207
00:46:00,309 --> 00:45:58,160
and anyone else who can appreciate that

1208
00:46:01,589 --> 00:46:00,319
because uh to me that means that we're

1209
00:46:04,630 --> 00:46:01,599
we're on to

1210
00:46:05,829 --> 00:46:04,640
uh hopefully a different

1211
00:46:07,589 --> 00:46:05,839
worldview

1212
00:46:09,910 --> 00:46:07,599
you know which i think would be

1213
00:46:11,750 --> 00:46:09,920

fantastic i think we may even learn more

1214

00:46:13,430 --> 00:46:11,760

about this stuff the farther we go down

1215

00:46:14,630 --> 00:46:13,440

that road

1216

00:46:17,510 --> 00:46:14,640

but uh

1217

00:46:20,069 --> 00:46:17,520

time will tell i suppose so

1218

00:46:21,750 --> 00:46:20,079

a quick question for you here i'm just

1219

00:46:23,270 --> 00:46:21,760

kind of just popped in my brain as i was

1220

00:46:26,150 --> 00:46:23,280

talking but uh

1221

00:46:28,870 --> 00:46:26,160

um do you have any uh

1222

00:46:31,270 --> 00:46:28,880

religious background were you born and

1223

00:46:33,190 --> 00:46:31,280

raised like uh like catholic or anything

1224

00:46:33,990 --> 00:46:33,200

like that by chance

1225

00:46:36,390 --> 00:46:34,000

yep

1226

00:46:39,349 --> 00:46:36,400

born and raised catholic altar boy i was

1227

00:46:40,630 --> 00:46:39,359

born in costa rica um and there you know

1228

00:46:42,790 --> 00:46:40,640

that culture

1229

00:46:44,230 --> 00:46:42,800

in central america

1230

00:46:46,230 --> 00:46:44,240

is um

1231

00:46:47,190 --> 00:46:46,240

right with high strangeness as well

1232

00:46:49,670 --> 00:46:47,200

there's these

1233

00:46:51,510 --> 00:46:49,680

strange stone costa rican balls that are

1234

00:46:54,630 --> 00:46:51,520

in the rain forest

1235

00:46:57,430 --> 00:46:54,640

ufos are more openly discussed there

1236

00:46:59,270 --> 00:46:57,440

witchcraft is more openly discussed so i

1237

00:47:00,870 --> 00:46:59,280

have kind of a different upbringing i

1238

00:47:02,710 --> 00:47:00,880

was definitely

1239

00:47:04,550 --> 00:47:02,720

my nut was cracked open a little bit

1240

00:47:06,550 --> 00:47:04,560

sooner than i think uh

1241

00:47:08,390 --> 00:47:06,560

it would have been if i wasn't raised in

1242

00:47:09,190 --> 00:47:08,400

a more western tradition

1243

00:47:12,230 --> 00:47:09,200

but

1244

00:47:14,550 --> 00:47:12,240

it is um yeah my background is catholic

1245

00:47:17,430 --> 00:47:14,560

and um my views have changed i'm

1246

00:47:19,829 --> 00:47:17,440

definitely more omnistic at this point

1247

00:47:21,670 --> 00:47:19,839

but uh there's uh

1248

00:47:23,589 --> 00:47:21,680

there's you know it i think it's one of

1249

00:47:26,069 --> 00:47:23,599

those things it doesn't matter what you

1250

00:47:27,109 --> 00:47:26,079

believe in as long as you believe

1251
00:47:28,710 --> 00:47:27,119
and

1252
00:47:30,630 --> 00:47:28,720
so that's that

1253
00:47:32,790 --> 00:47:30,640
yeah you know as long as you have

1254
00:47:36,230 --> 00:47:32,800
something that you believe in

1255
00:47:38,309 --> 00:47:36,240
that supports foundationally

1256
00:47:40,230 --> 00:47:38,319
a lot of other things in your life and i

1257
00:47:42,150 --> 00:47:40,240
i really appreciate that you say living

1258
00:47:45,109 --> 00:47:42,160
in the moment because we really don't

1259
00:47:47,190 --> 00:47:45,119
know what is going to happen we don't

1260
00:47:49,829 --> 00:47:47,200
i just found out today that a

1261
00:47:51,750 --> 00:47:49,839
friend of mine's brother his uh 16 year

1262
00:47:52,549 --> 00:47:51,760
old was hiking up in the mountains and

1263
00:47:54,150 --> 00:47:52,559

um

1264

00:47:56,150 --> 00:47:54,160

fell to her death and

1265

00:47:57,349 --> 00:47:56,160

you know it's just moments we just had a

1266

00:47:59,270 --> 00:47:57,359

moment

1267

00:48:00,870 --> 00:47:59,280

and you know she was here yesterday you

1268

00:48:02,549 --> 00:48:00,880

hear it all the time

1269

00:48:05,589 --> 00:48:02,559

and

1270

00:48:07,430 --> 00:48:05,599

you know the past illusion

1271

00:48:09,430 --> 00:48:07,440

the future fear

1272

00:48:10,549 --> 00:48:09,440

it's all

1273

00:48:12,870 --> 00:48:10,559

not

1274

00:48:14,870 --> 00:48:12,880

now and so i appreciate that you said

1275

00:48:15,829 --> 00:48:14,880

yeah living in the moment

1276

00:48:18,870 --> 00:48:15,839

yeah

1277

00:48:21,750 --> 00:48:18,880

no um it it's not that i'm good at it

1278

00:48:23,910 --> 00:48:21,760

but i know that i i tried to do it

1279

00:48:27,030 --> 00:48:23,920

you know because you you nailed it you

1280

00:48:29,190 --> 00:48:27,040

know fear of uh what could be and

1281

00:48:30,790 --> 00:48:29,200

um you know let in the past torture you

1282

00:48:32,069 --> 00:48:30,800

basically and what you think are

1283

00:48:33,349 --> 00:48:32,079

mistakes and

1284

00:48:35,670 --> 00:48:33,359

what you could have did or should have

1285

00:48:37,190 --> 00:48:35,680

did or or whatever you know

1286

00:48:38,870 --> 00:48:37,200

and um

1287

00:48:41,190 --> 00:48:38,880

i don't think life is supposed to be

1288

00:48:42,549 --> 00:48:41,200

about that right life is we got to find

1289

00:48:46,309 --> 00:48:42,559

a way to

1290

00:48:47,990 --> 00:48:46,319

uh manage to appreciate the present

1291

00:48:50,069 --> 00:48:48,000

right because the past is the past and

1292

00:48:52,309 --> 00:48:50,079

the future isn't here yet and those are

1293

00:48:54,069 --> 00:48:52,319

really just imagination thoughts in your

1294

00:48:57,030 --> 00:48:54,079

brain you know

1295

00:48:58,870 --> 00:48:57,040

um and how often does do things actually

1296

00:49:01,670 --> 00:48:58,880

transpire the way you think of it in the

1297

00:49:04,470 --> 00:49:01,680

future you know and actually how often

1298

00:49:06,549 --> 00:49:04,480

are things really what you make the past

1299

00:49:08,230 --> 00:49:06,559

out to be you know so many times

1300

00:49:10,870 --> 00:49:08,240

something bad will happen to you or you

1301

00:49:13,990 --> 00:49:10,880

take it as something bad and we don't

1302

00:49:15,990 --> 00:49:14,000

even realize that uh maybe the reason

1303

00:49:18,390 --> 00:49:16,000

we're here right now which we're

1304

00:49:21,190 --> 00:49:18,400

grateful you know for the moment is

1305

00:49:22,630 --> 00:49:21,200

because of that bad thing that happened

1306

00:49:24,950 --> 00:49:22,640

you know

1307

00:49:26,390 --> 00:49:24,960

that's something um i try to remember

1308

00:49:28,230 --> 00:49:26,400

all this time like whether it's an

1309

00:49:30,630 --> 00:49:28,240

ex-wife or whatever

1310

00:49:33,030 --> 00:49:30,640

ex-wife's a great one you know at the

1311

00:49:35,190 --> 00:49:33,040

time when you break up or whatever

1312

00:49:38,390 --> 00:49:35,200

you're like you think it's the worst

1313

00:49:40,390 --> 00:49:38,400

thing in the world you know but uh you'd

1314

00:49:43,750 --> 00:49:40,400

never imagine how you would feel

1315

00:49:46,950 --> 00:49:43,760

five years from that moment one you're

1316

00:49:48,230 --> 00:49:46,960

in love with somebody you actually do

1317

00:49:50,230 --> 00:49:48,240

belong with

1318

00:49:51,829 --> 00:49:50,240

and what that feels like

1319

00:49:53,990 --> 00:49:51,839

um

1320

00:49:55,910 --> 00:49:54,000

you know if you didn't know that you you

1321

00:49:57,349 --> 00:49:55,920

wouldn't shed one tear back then you

1322

00:49:58,710 --> 00:49:57,359

know you know

1323

00:50:00,710 --> 00:49:58,720

so

1324

00:50:02,309 --> 00:50:00,720

that's you know just uh bounce off of

1325

00:50:04,069 --> 00:50:02,319

your point a little bit we we don't know

1326

00:50:07,030 --> 00:50:04,079

what's going to happen in the future and

1327

00:50:07,910 --> 00:50:07,040

having some faith believing in something

1328

00:50:09,030 --> 00:50:07,920

um

1329

00:50:10,309 --> 00:50:09,040

you know

1330

00:50:11,510 --> 00:50:10,319

uh maybe you can put you in the right

1331

00:50:14,230 --> 00:50:11,520

place

1332

00:50:15,349 --> 00:50:14,240

you never know but

1333

00:50:17,270 --> 00:50:15,359

um

1334

00:50:18,870 --> 00:50:17,280

with that being said i know you said he

1335

00:50:21,589 --> 00:50:18,880

had 50 minutes here and we hit the

1336

00:50:23,349 --> 00:50:21,599

50-minute mark so uh i'll just say

1337

00:50:26,390 --> 00:50:23,359

anything else you want to leave us with

1338

00:50:28,470 --> 00:50:26,400

um contact information where to find you

1339

00:50:29,430 --> 00:50:28,480

uh anything like that

1340

00:50:31,270 --> 00:50:29,440

um

1341

00:50:33,829 --> 00:50:31,280

kind of uh i think we've covered most of

1342

00:50:36,870 --> 00:50:33,839

it heroparanormal.com

1343

00:50:39,990 --> 00:50:38,270

and

1344

00:50:41,270 --> 00:50:40,000

ryanpatrickburns.com you can get books

1345

00:50:43,109 --> 00:50:41,280

there so

1346

00:50:44,950 --> 00:50:43,119

cool sweet man well i added you on

1347

00:50:45,750 --> 00:50:44,960

twitter so i'll be looking for you there

1348

00:50:48,390 --> 00:50:45,760

too

1349

00:50:51,109 --> 00:50:48,400

so and uh don't be a stranger hopefully

1350

00:50:52,069 --> 00:50:51,119

you come back and we can talk more

1351

00:50:54,630 --> 00:50:52,079

so

1352

00:50:56,309 --> 00:50:54,640

um i really appreciated the time brother

1353

00:50:58,630 --> 00:50:56,319

thank you sean appreciate you and what

1354

00:50:59,510 --> 00:50:58,640

you're doing yeah thanks man you take

1355

00:51:02,710 --> 00:50:59,520

care

1356

00:51:07,190 --> 00:51:04,710

all right everybody uh that was fun that

1357

00:51:09,910 --> 00:51:07,200

was mr ryan burns from spacewolf

1358

00:51:11,190 --> 00:51:09,920

research it's been a long day that's for

1359

00:51:13,349 --> 00:51:11,200

sure

1360

00:51:17,030 --> 00:51:13,359

um and it was great to end on that note

1361

00:51:18,790 --> 00:51:17,040

with was such a good dude like him so

1362

00:51:21,030 --> 00:51:18,800

i appreciate you guys hanging out bob

1363

00:51:23,750 --> 00:51:21,040

laura elena craig

1364

00:51:25,829 --> 00:51:23,760

like the video share subscribe if you

1365

00:51:27,109 --> 00:51:25,839

can lord bass

1366

00:51:30,309 --> 00:51:27,119

um

1367

00:51:32,069 --> 00:51:30,319

bob mentioned

1368

00:51:34,470 --> 00:51:32,079

oh that song i don't think we're alone

1369

00:51:37,270 --> 00:51:34,480

he likes that one yeah i like that one

1370

00:51:39,670 --> 00:51:37,280

too that's fun

1371

00:51:41,670 --> 00:51:39,680

so um

1372

00:51:43,589 --> 00:51:41,680

yeah i appreciate it guys um i'm gonna

1373

00:51:44,390 --> 00:51:43,599

get out of here and get some rest we

1374

00:51:46,309 --> 00:51:44,400

have

1375

00:51:47,430 --> 00:51:46,319

uh danny silva on tomorrow at two

1376

00:51:49,109 --> 00:51:47,440

o'clock that was supposed to be on

1377

00:51:50,549 --> 00:51:49,119

saturday but it's actually going to be

1378

00:51:52,870 --> 00:51:50,559

tomorrow

1379

00:51:55,510 --> 00:51:52,880

uh which is great so i can't wait to

1380

00:51:57,270 --> 00:51:55,520

talk to him um go to his uh website

1381

00:51:59,510 --> 00:51:57,280

silverrecord.com

1382

00:52:01,190 --> 00:51:59,520

we're going to talk about uh that latest

1383

00:52:04,150 --> 00:52:01,200

piece that he put out regarding the

1384

00:52:05,829 --> 00:52:04,160

niagara balls ufo and i'm sure we'll

1385

00:52:07,910 --> 00:52:05,839

talk about the

1386

00:52:10,230 --> 00:52:07,920

uh nasa news as well

1387

00:52:12,710 --> 00:52:10,240

and then on saturday we have uap book

1388

00:52:15,470 --> 00:52:12,720

club on priscilla's channel um quantum

1389

00:52:19,109 --> 00:52:15,480

witch cafe which we are going to discuss

1390

00:52:21,349 --> 00:52:19,119

extraterrestrial by um avi loeb which

1391

00:52:23,030 --> 00:52:21,359

which is a pretty good book so

1392

00:52:25,030 --> 00:52:23,040

and you can find that on priscilla's

1393

00:52:27,750 --> 00:52:25,040

channel once again quantum witchcap 8

1394

00:52:31,670 --> 00:52:27,760

and that's at 2 pm central on saturday

1395

00:52:33,589 --> 00:52:31,680

so i can't wait to see you guys again

1396

00:52:35,910 --> 00:52:33,599

i always appreciate it

1397

00:52:38,710 --> 00:52:35,920

and i always cherish the time that we

1398

00:52:40,230 --> 00:52:38,720

have together so with that being said

1399

00:52:42,870 --> 00:52:40,240

i will

1400

00:52:47,589 --> 00:52:42,880

check you later

1401
00:53:10,670 --> 00:52:49,000
citizens

1402
00:53:12,730 --> 00:53:10,680
[Music]

1403
00:53:16,870 --> 00:53:12,740
[Applause]

1404
00:53:21,349 --> 00:53:19,829
say that the recent sightings are in no

1405
00:53:23,910 --> 00:53:21,359
way connected

1406
00:53:29,390 --> 00:53:23,920
with any secret development by any

1407
00:53:29,400 --> 00:53:40,309
[Music]

1408
00:53:40,319 --> 00:53:44,690
witnesses

1409
00:53:50,710 --> 00:53:47,750
[Music]

1410
00:53:54,680 --> 00:53:50,720
they will be focusing on

1411
00:54:00,790 --> 00:53:54,690
proactively identifying objects

1412
00:54:03,589 --> 00:54:02,549
the pentagon

1413
00:54:05,589 --> 00:54:03,599

they have
