

UFO
RESEARCHER
ROBERT
KOFORD

1
00:00:06,470 --> 00:00:03,750
what's up everybody happy tuesday we

2
00:00:08,870 --> 00:00:06,480
have a very special guest today

3
00:00:11,749 --> 00:00:08,880
uh mr robert coford

4
00:00:14,870 --> 00:00:11,759
he's been with the show uh watching

5
00:00:17,910 --> 00:00:14,880
participating um and is has been a

6
00:00:20,710 --> 00:00:17,920
friend for for a while now so and he was

7
00:00:21,990 --> 00:00:20,720
on the show a while back a couple times

8
00:00:23,509 --> 00:00:22,000
but it's been a while since we've been

9
00:00:25,349 --> 00:00:23,519
able to have him back so i look forward

10
00:00:26,230 --> 00:00:25,359
to having him back and we're going to

11
00:00:31,349 --> 00:00:26,240
talk

12
00:00:32,470 --> 00:00:31,359
about sports or something like that but

13
00:00:34,310 --> 00:00:32,480

i doubt it

14

00:00:35,430 --> 00:00:34,320

but um just in case robert if you're

15

00:00:37,830 --> 00:00:35,440

listening you

16

00:00:39,590 --> 00:00:37,840

open the sports page in the newspaper

17

00:00:41,190 --> 00:00:39,600

be prepared in case i throw you some

18

00:00:42,790 --> 00:00:41,200

curveballs

19

00:00:44,790 --> 00:00:42,800

get it careful

20

00:00:46,950 --> 00:00:44,800

all right so

21

00:01:18,390 --> 00:00:46,960

hang tight in a second we'll be back

22

00:01:18,400 --> 00:01:43,109

so

23

00:01:48,069 --> 00:01:44,550

i'm back

24

00:01:51,990 --> 00:01:48,079

all right so without further ado let me

25

00:01:53,749 --> 00:01:52,000

bring in the man at the legend the myth

26

00:01:56,389 --> 00:01:53,759

the culford

27

00:01:57,670 --> 00:01:56,399

of robert how are you hey hey

28

00:02:01,590 --> 00:01:57,680

good to see you

29

00:02:03,510 --> 00:02:01,600

i not breaking up or anything no sounds

30

00:02:05,830 --> 00:02:03,520

good like the t-shirt too

31

00:02:08,229 --> 00:02:05,840

oh yeah you know standard black classic

32

00:02:10,790 --> 00:02:08,239

black nothing like standard black man

33

00:02:13,350 --> 00:02:10,800

yeah well i had my work shirt on and but

34

00:02:15,030 --> 00:02:13,360

i'm at home now doing a podcast

35

00:02:16,070 --> 00:02:15,040

i had to get more cozy

36

00:02:20,869 --> 00:02:16,080

so

37

00:02:23,670 --> 00:02:20,879

since we talked we've had uh

38

00:02:26,390 --> 00:02:23,680

uh congressional hearings we've had

39

00:02:27,830 --> 00:02:26,400

uh nasa enter the game apparently to to

40

00:02:29,270 --> 00:02:27,840

study ufos

41

00:02:32,229 --> 00:02:29,280

i don't know if you've been watching but

42

00:02:33,670 --> 00:02:32,239

we've also had uh an announcement from a

43

00:02:34,790 --> 00:02:33,680

soviet

44

00:02:37,750 --> 00:02:34,800

um

45

00:02:39,589 --> 00:02:37,760

or not soviet but

46

00:02:41,509 --> 00:02:39,599

they used to be this

47

00:02:43,350 --> 00:02:41,519

but a russia uh

48

00:02:45,509 --> 00:02:43,360

like the head of their you know version

49

00:02:49,430 --> 00:02:45,519

of nasa basically come out and say

50

00:02:51,110 --> 00:02:49,440

they're starting to do a ufo uh study

51
00:02:52,869 --> 00:02:51,120
and he believes that some of them might

52
00:02:54,229 --> 00:02:52,879
be of extraterrestrial

53
00:02:57,270 --> 00:02:54,239
uh life

54
00:02:59,270 --> 00:02:57,280
and uh china just came out recently uh

55
00:03:02,070 --> 00:02:59,280
today an article came out

56
00:03:04,149 --> 00:03:02,080
uh where they are getting some signals

57
00:03:06,470 --> 00:03:04,159
from outer space

58
00:03:09,110 --> 00:03:06,480
apparently um you know that we hear that

59
00:03:10,790 --> 00:03:09,120
a lot but they say these are different

60
00:03:12,470 --> 00:03:10,800
these are different there could be

61
00:03:13,270 --> 00:03:12,480
something there so

62
00:03:15,350 --> 00:03:13,280
uh

63
00:03:17,990 --> 00:03:15,360

you know being a long-time ufo

64

00:03:21,270 --> 00:03:18,000

researcher as you are

65

00:03:23,190 --> 00:03:21,280

what is your take of the current

66

00:03:26,789 --> 00:03:23,200

disclosure climate do you think we're

67

00:03:31,270 --> 00:03:26,799

any closer uh to any type of disclosure

68

00:03:32,550 --> 00:03:31,280

is this all hogwash if it is hogwash why

69

00:03:34,390 --> 00:03:32,560

um

70

00:03:36,470 --> 00:03:34,400

it's it's kind of

71

00:03:38,309 --> 00:03:36,480

well you know i feel disclosure happened

72

00:03:40,040 --> 00:03:38,319

a long time ago it's just

73

00:03:44,149 --> 00:03:40,050

nobody likes to read

74

00:03:46,710 --> 00:03:44,159

[Laughter]

75

00:03:48,070 --> 00:03:46,720

right so it took a lot longer and uh

76

00:03:50,149 --> 00:03:48,080

so they have to it's kind of like they

77

00:03:51,270 --> 00:03:50,159

have to force everybody to

78

00:03:53,750 --> 00:03:51,280

see this

79

00:03:55,750 --> 00:03:53,760

in a way i mean you know as well as i do

80

00:03:57,190 --> 00:03:55,760

there's some people even family members

81

00:03:59,509 --> 00:03:57,200

you could talk to all day don't know

82

00:04:01,589 --> 00:03:59,519

they they nod and then they go on

83

00:04:04,789 --> 00:04:01,599

they don't think it's important and

84

00:04:06,869 --> 00:04:04,799

right i guess i'm a fool but i've always

85

00:04:08,789 --> 00:04:06,879

felt it was impo well always ever since

86

00:04:10,229 --> 00:04:08,799

i got involved felt this importance

87

00:04:12,229 --> 00:04:10,239

about it

88

00:04:14,390 --> 00:04:12,239

i know my dad whichever one of my dads

89

00:04:15,830 --> 00:04:14,400
was with me in that first sighting

90

00:04:17,590 --> 00:04:15,840
i know they felt

91

00:04:19,030 --> 00:04:17,600
funny about it and

92

00:04:19,990 --> 00:04:19,040
yeah

93

00:04:21,670 --> 00:04:20,000
there's

94

00:04:23,590 --> 00:04:21,680
too much stigma

95

00:04:26,830 --> 00:04:23,600
so this has got to happen because we

96

00:04:28,790 --> 00:04:26,840
have to remove the stigma all the way

97

00:04:31,510 --> 00:04:28,800
yeah can't be anything left

98

00:04:32,310 --> 00:04:31,520
because it's too weird as it is

99

00:04:36,150 --> 00:04:32,320
yeah

100

00:04:37,990 --> 00:04:36,160
so

101
00:04:40,070 --> 00:04:38,000
many still too many experts that we

102
00:04:42,390 --> 00:04:40,080
can't check you know i don't want to

103
00:04:43,830 --> 00:04:42,400
hear them anymore unless they want to

104
00:04:45,830 --> 00:04:43,840
start

105
00:04:48,310 --> 00:04:45,840
offering documents or whatever for

106
00:04:50,150 --> 00:04:48,320
everything they say which is why i

107
00:04:51,749 --> 00:04:50,160
appreciate you so much because that's

108
00:04:54,070 --> 00:04:51,759
that's really what's needed right now

109
00:04:55,749 --> 00:04:54,080
more than ever and people have to

110
00:04:57,670 --> 00:04:55,759
understand that because there's really

111
00:04:59,830 --> 00:04:57,680
no other way for us to check the

112
00:05:00,950 --> 00:04:59,840
validity of what they're telling us

113
00:05:03,110 --> 00:05:00,960

right

114

00:05:05,189 --> 00:05:03,120

well let me ask you if people were to

115

00:05:05,990 --> 00:05:05,199

say like uh richard dottie for instance

116

00:05:08,150 --> 00:05:06,000

right

117

00:05:09,830 --> 00:05:08,160

now like i make stuff up he pulls it out

118

00:05:11,990 --> 00:05:09,840

of his butt sometimes i'm pretty sure

119

00:05:13,670 --> 00:05:12,000

and serves it on a platter to people

120

00:05:15,749 --> 00:05:13,680

some people just go for it hook line and

121

00:05:17,110 --> 00:05:15,759

sinker even though he's been kind of

122

00:05:19,189 --> 00:05:17,120

debunked

123

00:05:21,189 --> 00:05:19,199

as the source in the past why do you

124

00:05:23,590 --> 00:05:21,199

think people do that

125

00:05:25,350 --> 00:05:23,600

because in reality people want to hear

126

00:05:27,990 --> 00:05:25,360

something fantastic

127

00:05:30,150 --> 00:05:28,000

and some people and they just want to

128

00:05:31,029 --> 00:05:30,160

accept it as it is

129

00:05:33,590 --> 00:05:31,039

and

130

00:05:35,270 --> 00:05:33,600

you know he's a pet peeve of mine i mean

131

00:05:36,629 --> 00:05:35,280

i have nothing against him in person

132

00:05:37,510 --> 00:05:36,639

maybe he's a nice guy and everything

133

00:05:39,029 --> 00:05:37,520

although

134

00:05:40,550 --> 00:05:39,039

after i read

135

00:05:42,070 --> 00:05:40,560

years ago what they did to that

136

00:05:44,070 --> 00:05:42,080

scientist

137

00:05:45,670 --> 00:05:44,080

uh and then i don't know how he can live

138

00:05:46,870 --> 00:05:45,680

with himself and just make light of it

139

00:05:49,670 --> 00:05:46,880

and make it sound like oh i was just

140

00:05:52,469 --> 00:05:49,680

doing my job just yes as far as i'm

141

00:05:53,749 --> 00:05:52,479

concerned you ruined somebody's life and

142

00:05:55,590 --> 00:05:53,759

then you come back and you want to be

143

00:05:57,670 --> 00:05:55,600

the expert we all listen to

144

00:05:59,350 --> 00:05:57,680

and and you tell us and you tell us that

145

00:06:00,950 --> 00:05:59,360

but it's all just we have to take your

146

00:06:02,070 --> 00:06:00,960

word for it i'm not going to take your

147

00:06:03,110 --> 00:06:02,080

word for it

148

00:06:07,510 --> 00:06:03,120

trust me

149

00:06:10,309 --> 00:06:07,520

for a reason too

150

00:06:12,390 --> 00:06:10,319

yeah no i i can't the other ones are

151
00:06:14,309 --> 00:06:12,400
like that too i'd like to believe some

152
00:06:16,469 --> 00:06:14,319
of them but they never really produce

153
00:06:18,950 --> 00:06:16,479
anything substantial

154
00:06:21,189 --> 00:06:18,960
some of them offer some things but

155
00:06:22,790 --> 00:06:21,199
a lot of it is just so

156
00:06:25,909 --> 00:06:22,800
piercy-ish

157
00:06:28,150 --> 00:06:25,919
i just yeah deal with it anymore

158
00:06:30,469 --> 00:06:28,160
you can't deal with it it's stressing

159
00:06:32,390 --> 00:06:30,479
you out

160
00:06:34,469 --> 00:06:32,400
that's why i just think you know people

161
00:06:36,550 --> 00:06:34,479
get bored with it but

162
00:06:38,230 --> 00:06:36,560
now more than ever we need the document

163
00:06:40,629 --> 00:06:38,240

whatever documentation we have that's

164

00:06:42,230 --> 00:06:40,639

valid that's proved that we know it's

165

00:06:44,469 --> 00:06:42,240

real we don't have to question it like

166

00:06:47,189 --> 00:06:44,479

the majestic documents everything we

167

00:06:49,990 --> 00:06:47,199

have like that we should have people

168

00:06:51,430 --> 00:06:50,000

that immerse themselves in it so we can

169

00:06:53,270 --> 00:06:51,440

lean on them

170

00:06:55,110 --> 00:06:53,280

like me and other people that have done

171

00:06:57,990 --> 00:06:55,120

this we need this

172

00:06:59,589 --> 00:06:58,000

because if they say something that we

173

00:07:01,110 --> 00:06:59,599

need to know if it's the truth or not

174

00:07:03,510 --> 00:07:01,120

how are we gonna know are we gonna test

175

00:07:05,029 --> 00:07:03,520

them if we don't have people

176

00:07:08,390 --> 00:07:05,039

that have done their homework you know

177

00:07:09,670 --> 00:07:08,400

ahead of time yes yeah

178

00:07:12,870 --> 00:07:09,680

we got you

179

00:07:15,990 --> 00:07:12,880

i no i hear you i hear you and you know

180

00:07:17,270 --> 00:07:16,000

for i agree for the most part so i don't

181

00:07:19,430 --> 00:07:17,280

i can't think of anything i wouldn't

182

00:07:22,070 --> 00:07:19,440

agree with there so

183

00:07:23,830 --> 00:07:22,080

it's like rachel he always brings up

184

00:07:26,230 --> 00:07:23,840

he always comes up with his attitude you

185

00:07:30,150 --> 00:07:26,240

know i try to tell people they just

186

00:07:32,150 --> 00:07:30,160

don't listen to me and every time

187

00:07:35,350 --> 00:07:32,160

come on and then you keep saying there

188

00:07:37,510 --> 00:07:35,360

were two roswell crashes one in 1949 but

189

00:07:39,830 --> 00:07:37,520

noah come on we present the

190

00:07:42,070 --> 00:07:39,840

documentation when we talk

191

00:07:44,070 --> 00:07:42,080

yeah we do the same thing he's he was

192

00:07:45,749 --> 00:07:44,080

with the afosi he should have lots of

193

00:07:48,390 --> 00:07:45,759

documentation

194

00:07:49,909 --> 00:07:48,400

yeah most definitely you would think

195

00:07:51,749 --> 00:07:49,919

you would think

196

00:07:53,270 --> 00:07:51,759

um

197

00:07:54,390 --> 00:07:53,280

but it's pretty easy to say what you

198

00:07:56,550 --> 00:07:54,400

want when you don't have to bring

199

00:07:58,230 --> 00:07:56,560

documents right like i could totally say

200

00:07:59,830 --> 00:07:58,240

but you know robert now's the time i'm

201
00:08:01,430 --> 00:07:59,840
going to tell you

202
00:08:05,029 --> 00:08:01,440
i'm actually

203
00:08:07,510 --> 00:08:05,039
retired osi agent for the air force and

204
00:08:09,350 --> 00:08:07,520
i just want to tell you that area 51 was

205
00:08:12,309 --> 00:08:09,360
the place we had crash vehicles there

206
00:08:14,710 --> 00:08:12,319
one crash in 1978 you know it was a

207
00:08:15,830 --> 00:08:14,720
classic flying saucer but i'm telling

208
00:08:20,309 --> 00:08:15,840
you

209
00:08:24,070 --> 00:08:20,319
[Laughter]

210
00:08:26,230 --> 00:08:24,869
yeah

211
00:08:28,150 --> 00:08:26,240
you know that's the real reason right

212
00:08:29,909 --> 00:08:28,160
there because you know what i do that's

213
00:08:31,189 --> 00:08:29,919

a that's always been a bad problem it

214

00:08:33,029 --> 00:08:31,199

was a bad problem when i first got

215

00:08:35,269 --> 00:08:33,039

involved in this were

216

00:08:36,630 --> 00:08:35,279

yeah you get excited it's kind of like

217

00:08:38,310 --> 00:08:36,640

when you first become a believer as a

218

00:08:40,469 --> 00:08:38,320

christian or any other religion you get

219

00:08:41,909 --> 00:08:40,479

all excited and bubbly and you think

220

00:08:44,070 --> 00:08:41,919

everybody wants to hear what you have to

221

00:08:45,990 --> 00:08:44,080

say and you just every five seconds

222

00:08:47,990 --> 00:08:46,000

you're talking about it but

223

00:08:49,030 --> 00:08:48,000

no one else yeah

224

00:08:51,430 --> 00:08:49,040

but no one cares

225

00:08:52,150 --> 00:08:51,440

[Laughter]

226

00:08:53,590 --> 00:08:52,160

so

227

00:08:56,389 --> 00:08:53,600

you know when

228

00:08:59,030 --> 00:08:56,399

when you first uh was it your sighting

229

00:09:00,389 --> 00:08:59,040

that uh got you first into

230

00:09:02,150 --> 00:09:00,399

you know saying hey i want to try to

231

00:09:04,870 --> 00:09:02,160

figure something out

232

00:09:07,430 --> 00:09:04,880

yeah it was what that that night with

233

00:09:09,269 --> 00:09:07,440

like like i've said before i think you

234

00:09:12,070 --> 00:09:09,279

talk about it you go through it again if

235

00:09:13,990 --> 00:09:12,080

you don't mind my my brother and my mom

236

00:09:15,750 --> 00:09:14,000

and i have all talked since then you

237

00:09:17,590 --> 00:09:15,760

know and we tried to figure out which

238

00:09:20,389 --> 00:09:17,600

dad it was because uh

239

00:09:22,230 --> 00:09:20,399

my real dad shipped to vietnam he was uh

240

00:09:24,070 --> 00:09:22,240

north north carolina we lived at fort

241

00:09:26,150 --> 00:09:24,080

bragg north carolina and that's where he

242

00:09:27,110 --> 00:09:26,160

was stationed with special forces

243

00:09:29,750 --> 00:09:27,120

so

244

00:09:31,670 --> 00:09:29,760

the army lied to my mom

245

00:09:34,310 --> 00:09:31,680

and told her that he wasn't coming back

246

00:09:36,550 --> 00:09:34,320

because he gambled away his

247

00:09:38,949 --> 00:09:36,560

his return papers or something like that

248

00:09:41,670 --> 00:09:38,959

and something just crazy and my mom

249

00:09:44,230 --> 00:09:41,680

believed it they divorced

250

00:09:46,470 --> 00:09:44,240

and my stepdad you know comes on

251
00:09:49,509 --> 00:09:46,480
but the thing is they both weirdly they

252
00:09:52,310 --> 00:09:49,519
both have the same color automobile

253
00:09:54,949 --> 00:09:52,320
and in my memory of this event i always

254
00:09:57,350 --> 00:09:54,959
see the back end of the blue car

255
00:09:59,670 --> 00:09:57,360
and it's the exact color but it could

256
00:10:01,430 --> 00:09:59,680
have been my dad's corvair or it could

257
00:10:03,190 --> 00:10:01,440
have been my step-dad's old mobile i

258
00:10:05,350 --> 00:10:03,200
mean they were exact same but i don't

259
00:10:07,590 --> 00:10:05,360
know and that if i could that would kind

260
00:10:09,590 --> 00:10:07,600
of place which guy which dad it was it

261
00:10:10,949 --> 00:10:09,600
was with me when it happened because i

262
00:10:12,069 --> 00:10:10,959
never see him i always know he's just

263
00:10:13,670 --> 00:10:12,079

behind me

264

00:10:15,750 --> 00:10:13,680

to my left and i don't know why we're

265

00:10:18,230 --> 00:10:15,760

out of the car but we're pulled over

266

00:10:20,630 --> 00:10:18,240

it's dark it looks like the territory

267

00:10:23,190 --> 00:10:20,640

around both georgia and north carolina

268

00:10:25,030 --> 00:10:23,200

with two lane highways and it's forest

269

00:10:26,870 --> 00:10:25,040

on one side and a glade and then a

270

00:10:29,269 --> 00:10:26,880

forest on the other

271

00:10:30,870 --> 00:10:29,279

and all i remember is i'm at the left

272

00:10:32,630 --> 00:10:30,880

rear bumper

273

00:10:34,710 --> 00:10:32,640

and i see the blue car

274

00:10:36,790 --> 00:10:34,720

and i know my dad's behind me

275

00:10:38,230 --> 00:10:36,800

and i look up and there's what's like a

276

00:10:39,430 --> 00:10:38,240

goodyear blimp

277

00:10:42,150 --> 00:10:39,440

like thing

278

00:10:44,790 --> 00:10:42,160

hovering right over us and it's got big

279

00:10:47,190 --> 00:10:44,800

picturesque windows going down the side

280

00:10:49,350 --> 00:10:47,200

and i remember seeing silhouettes of

281

00:10:50,550 --> 00:10:49,360

people inside and i waved my hand like

282

00:10:53,030 --> 00:10:50,560

this wow

283

00:10:54,949 --> 00:10:53,040

and somebody waved back and at that

284

00:10:56,150 --> 00:10:54,959

incident my dad grabbed my shoulder and

285

00:10:57,509 --> 00:10:56,160

told me to get back in the car and

286

00:10:59,190 --> 00:10:57,519

that's all i remember about that

287

00:11:01,829 --> 00:10:59,200

incident wow

288

00:11:03,590 --> 00:11:01,839

you it waved to aliens

289

00:11:05,030 --> 00:11:03,600

yeah i went whoever they were i waved

290

00:11:07,910 --> 00:11:05,040

and they waved back

291

00:11:08,870 --> 00:11:07,920

wow did it did you remember how it took

292

00:11:10,470 --> 00:11:08,880

off

293

00:11:12,870 --> 00:11:10,480

no because that's all i remember is my

294

00:11:14,790 --> 00:11:12,880

dad ordering me back into the car i i

295

00:11:17,430 --> 00:11:14,800

think i remember him shoving me into the

296

00:11:19,750 --> 00:11:17,440

front seat but that may be just i may

297

00:11:22,150 --> 00:11:19,760

have added that because my last clear

298

00:11:25,190 --> 00:11:22,160

memory is him yelling pretty much get

299

00:11:27,750 --> 00:11:25,200

back in the car bobby and yeah

300

00:11:31,910 --> 00:11:27,760

and ever since then you had i don't know

301
00:11:33,670 --> 00:11:31,920
ufo flying saucer fever i guess yeah bad

302
00:11:36,389 --> 00:11:33,680
because i tried to ask

303
00:11:37,829 --> 00:11:36,399
uh my dad my dad my step-dad

304
00:11:39,190 --> 00:11:37,839
you know and he just would never he

305
00:11:41,030 --> 00:11:39,200
would never talk to me about anything it

306
00:11:42,389 --> 00:11:41,040
took him years to tell me about his

307
00:11:44,550 --> 00:11:42,399
involvement with

308
00:11:46,790 --> 00:11:44,560
strategy you know the uh studies and

309
00:11:48,870 --> 00:11:46,800
observations group in vietnam he just

310
00:11:51,030 --> 00:11:48,880
wouldn't talk about anything

311
00:11:53,190 --> 00:11:51,040
even on his deathbed he wouldn't talk

312
00:11:55,269 --> 00:11:53,200
about anything he kept it all in

313
00:11:56,629 --> 00:11:55,279

side so i don't know i wish you would

314

00:11:58,790 --> 00:11:56,639

have bought me

315

00:12:00,870 --> 00:11:58,800

yeah well apparently uh

316

00:12:03,509 --> 00:12:00,880

there's some ufos seen in vietnam too

317

00:12:05,509 --> 00:12:03,519

right they're called enemy helicopters

318

00:12:07,590 --> 00:12:05,519

6768

319

00:12:08,870 --> 00:12:07,600

time period that i know of there might

320

00:12:10,710 --> 00:12:08,880

have been others but

321

00:12:12,870 --> 00:12:10,720

yeah the ones i checked on you know

322

00:12:14,629 --> 00:12:12,880

barry greenwood published it i think the

323

00:12:15,509 --> 00:12:14,639

first time in his book

324

00:12:17,269 --> 00:12:15,519

uh

325

00:12:19,430 --> 00:12:17,279

forgot the title

326

00:12:21,269 --> 00:12:19,440

but it's a good book

327

00:12:23,990 --> 00:12:21,279

so you have this sighting you can't

328

00:12:25,110 --> 00:12:24,000

really talk uh to your dad about it or

329

00:12:26,629 --> 00:12:25,120

anything

330

00:12:28,550 --> 00:12:26,639

you know as far as you're concerned

331

00:12:30,949 --> 00:12:28,560

you've waved to some sort of entities

332

00:12:33,670 --> 00:12:30,959

that you have no idea what they are

333

00:12:35,269 --> 00:12:33,680

uh in a vehicle any

334

00:12:36,470 --> 00:12:35,279

in some sort of vehicle that you don't

335

00:12:40,310 --> 00:12:36,480

understand

336

00:12:42,470 --> 00:12:40,320

so um take me to what happens

337

00:12:44,790 --> 00:12:42,480

what happens next is there a book that

338

00:12:45,590 --> 00:12:44,800

you get or a movie that you see or how

339

00:12:47,350 --> 00:12:45,600

do you

340

00:12:48,550 --> 00:12:47,360

like other people

341

00:12:51,110 --> 00:12:48,560

there are

342

00:12:53,670 --> 00:12:51,120

scattered memories from that point on

343

00:12:55,269 --> 00:12:53,680

until until we moved out to california

344

00:12:56,550 --> 00:12:55,279

but that's what's weird i never

345

00:12:57,670 --> 00:12:56,560

mentioned this

346

00:13:01,430 --> 00:12:57,680

uh

347

00:13:02,150 --> 00:13:01,440

when we were in georgia with my stepdad

348

00:13:04,310 --> 00:13:02,160

the

349

00:13:06,310 --> 00:13:04,320

he was stationed at hunter army airfield

350

00:13:08,150 --> 00:13:06,320

there in georgia savannah georgia and

351

00:13:11,030 --> 00:13:08,160

that's where they were training huey

352

00:13:13,269 --> 00:13:11,040

pilots for vietnam and the cobra was

353

00:13:15,670 --> 00:13:13,279

being worked on they were testing the

354

00:13:18,230 --> 00:13:15,680

kiwi cobra there in fact my one of my

355

00:13:20,389 --> 00:13:18,240

best buddies dad got killed test buying

356

00:13:22,230 --> 00:13:20,399

the cobra he crashed in the marsh

357

00:13:24,389 --> 00:13:22,240

outside of the base

358

00:13:27,509 --> 00:13:24,399

wow i remember my mom

359

00:13:29,750 --> 00:13:27,519

was the designated person terrible job

360

00:13:31,509 --> 00:13:29,760

in the military she had to go to

361

00:13:33,350 --> 00:13:31,519

she was once people to go to people's

362

00:13:34,870 --> 00:13:33,360

houses and ring the bell and tell them

363

00:13:37,350 --> 00:13:34,880

we're sorry to tell you your husband's

364

00:13:40,230 --> 00:13:37,360

but i'll never forget oh my god it was

365

00:13:42,389 --> 00:13:40,240

so traumatic but

366

00:13:44,310 --> 00:13:42,399

my brother and i it was a big thing for

367

00:13:46,310 --> 00:13:44,320

us to go my dad sometimes would take us

368

00:13:47,269 --> 00:13:46,320

and we'd watch as the hueys came in and

369

00:13:48,710 --> 00:13:47,279

i mean the

370

00:13:50,710 --> 00:13:48,720

massive numbers of them would come in

371

00:13:52,389 --> 00:13:50,720

one after another you know and it was

372

00:13:53,670 --> 00:13:52,399

really cool to watch so we were really

373

00:13:54,550 --> 00:13:53,680

into that

374

00:13:55,670 --> 00:13:54,560

and

375

00:13:59,269 --> 00:13:55,680

when

376

00:14:01,430 --> 00:13:59,279

blue book files

377

00:14:03,189 --> 00:14:01,440

i i tried to find out

378

00:14:05,189 --> 00:14:03,199

i looked up hunter army airfield and

379

00:14:06,790 --> 00:14:05,199

sure enough there were sightings there

380

00:14:08,550 --> 00:14:06,800

and it happened

381

00:14:10,230 --> 00:14:08,560

i tried to get my brother what year did

382

00:14:11,269 --> 00:14:10,240

we leave hunter and he

383

00:14:13,430 --> 00:14:11,279

were stuck

384

00:14:14,829 --> 00:14:13,440

it was probably somewhere in the late

385

00:14:17,269 --> 00:14:14,839

60s

386

00:14:19,509 --> 00:14:17,279

68-ish maybe in the same general time

387

00:14:20,710 --> 00:14:19,519

versus weird stuff we know about

388

00:14:23,350 --> 00:14:20,720

and

389

00:14:25,750 --> 00:14:23,360

i know that in that general time period

390

00:14:27,990 --> 00:14:25,760

or maybe a year afterwards

391

00:14:30,949 --> 00:14:28,000

hunter army airfield itself was deluged

392

00:14:33,030 --> 00:14:30,959

with flying discs this one night causing

393

00:14:33,990 --> 00:14:33,040

a major security

394

00:14:35,829 --> 00:14:34,000

thing

395

00:14:38,310 --> 00:14:35,839

so i wonder you know it made me think ah

396

00:14:39,990 --> 00:14:38,320

i wonder what that was the same night

397

00:14:41,509 --> 00:14:40,000

we were if only i could remember what

398

00:14:44,870 --> 00:14:41,519

nobody seems to remember what year we

399

00:14:47,829 --> 00:14:44,880

moved out here i don't know why

400

00:14:49,430 --> 00:14:47,839

it was very close it's the 60s man

401
00:14:50,150 --> 00:14:49,440
so i think maybe uh

402
00:14:58,790 --> 00:14:50,160
they

403
00:15:01,829 --> 00:14:58,800
hey where'd you get that little kid go

404
00:15:04,069 --> 00:15:01,839
yeah pro probably but you know my dad

405
00:15:05,750 --> 00:15:04,079
did have a lot of weird memories too

406
00:15:08,550 --> 00:15:05,760
growing up that's why i always suspected

407
00:15:10,550 --> 00:15:08,560
it was him because he used to come home

408
00:15:12,389 --> 00:15:10,560
sometimes and say he had

409
00:15:13,910 --> 00:15:12,399
unbelievable weird fear that somebody

410
00:15:16,310 --> 00:15:13,920
was going to pull him over sometimes and

411
00:15:19,030 --> 00:15:16,320
he had no idea where that came from

412
00:15:20,230 --> 00:15:19,040
and this is a top-notch tough military

413
00:15:21,750 --> 00:15:20,240

guy you know

414

00:15:23,750 --> 00:15:21,760

through vietnam

415

00:15:26,230 --> 00:15:23,760

right

416

00:15:28,230 --> 00:15:26,240

yeah that's interesting and you know

417

00:15:30,550 --> 00:15:28,240

there's people get these kind of weird

418

00:15:31,829 --> 00:15:30,560

intuition vibes

419

00:15:33,590 --> 00:15:31,839

throughout their life and i wonder

420

00:15:36,230 --> 00:15:33,600

sometimes what that's about if it has

421

00:15:38,389 --> 00:15:36,240

anything to do with ufos or is it

422

00:15:40,550 --> 00:15:38,399

paranormal or

423

00:15:42,949 --> 00:15:40,560

or is it about me because

424

00:15:44,470 --> 00:15:42,959

you've got your ufo signing and now

425

00:15:46,069 --> 00:15:44,480

well i don't know maybe beforehand too

426

00:15:47,829 --> 00:15:46,079

but the dream thing i mean that same

427

00:15:50,629 --> 00:15:47,839

stuff has been happening with me since

428

00:15:53,430 --> 00:15:50,639

since that sighting i've had so many

429

00:15:55,030 --> 00:15:53,440

snippets of dreams that have come true

430

00:15:57,829 --> 00:15:55,040

you know and it's been so frustrating

431

00:16:00,310 --> 00:15:57,839

for me because i never can do anything

432

00:16:01,509 --> 00:16:00,320

about it i'll see a plane crash

433

00:16:03,189 --> 00:16:01,519

and then i'll see it on the news the

434

00:16:04,710 --> 00:16:03,199

next day but it's not like i can phone

435

00:16:05,590 --> 00:16:04,720

somebody go hey there's gonna be a plane

436

00:16:08,710 --> 00:16:05,600

crash

437

00:16:11,110 --> 00:16:08,720

right right never happens okay sir would

438

00:16:12,150 --> 00:16:11,120

you just relax

439

00:16:13,749 --> 00:16:12,160

yeah

440

00:16:15,509 --> 00:16:13,759

wow so

441

00:16:17,269 --> 00:16:15,519

helpful they're not helpful dreams

442

00:16:19,189 --> 00:16:17,279

they're just they're already following

443

00:16:20,629 --> 00:16:19,199

the term that it's showing me

444

00:16:23,590 --> 00:16:20,639

it's obviously showing me something

445

00:16:27,110 --> 00:16:23,600

about time that maybe time truly is like

446

00:16:29,030 --> 00:16:27,120

this spiral or or a circle or something

447

00:16:31,110 --> 00:16:29,040

interesting the spiral thing i don't

448

00:16:33,990 --> 00:16:31,120

know if you watch that skin walker show

449

00:16:37,430 --> 00:16:34,000

but that spiral thing is is uh

450

00:16:38,629 --> 00:16:37,440

kind of popular and native american lure

451
00:16:40,870 --> 00:16:38,639
and everything and it has something to

452
00:16:43,030 --> 00:16:40,880
do with like portals and stuff pretty

453
00:16:44,790 --> 00:16:43,040
pretty interesting stuff

454
00:16:46,629 --> 00:16:44,800
but they're you know you possibly see

455
00:16:48,150 --> 00:16:46,639
something ahead of time

456
00:16:51,990 --> 00:16:48,160
even a snippet

457
00:16:54,550 --> 00:16:52,000
how could that be it donates me man

458
00:16:56,069 --> 00:16:54,560
if time is linear it hasn't happened yet

459
00:16:58,629 --> 00:16:56,079
so how could we see something ahead of

460
00:16:59,670 --> 00:16:58,639
time so obviously time can't be totally

461
00:17:00,550 --> 00:16:59,680
linear

462
00:17:03,030 --> 00:17:00,560
right

463
00:17:06,390 --> 00:17:03,040

it has in your consciousness has to

464

00:17:08,470 --> 00:17:06,400

basically be able to travel through time

465

00:17:10,309 --> 00:17:08,480

it has to be something like that yeah

466

00:17:12,390 --> 00:17:10,319

time travel like somebody on the comment

467

00:17:13,669 --> 00:17:12,400

section one time when i was on watching

468

00:17:16,630 --> 00:17:13,679

one of your shows said something like

469

00:17:19,029 --> 00:17:16,640

that and it did ring with me

470

00:17:21,909 --> 00:17:19,039

time travel will be consciousness we'll

471

00:17:24,390 --> 00:17:21,919

be doing it with our consciousness

472

00:17:27,750 --> 00:17:24,400

yeah that makes a lot of sense actually

473

00:17:29,909 --> 00:17:27,760

well i mean as much as it can

474

00:17:32,789 --> 00:17:29,919

we've seen hints of it already with this

475

00:17:34,230 --> 00:17:32,799

uh remote viewing stuff that kind of

476
00:17:36,310 --> 00:17:34,240
hints at it

477
00:17:38,070 --> 00:17:36,320
i'm bringing up this uh document here

478
00:17:39,750 --> 00:17:38,080
because he mentioned

479
00:17:42,230 --> 00:17:39,760
uh hunter

480
00:17:45,950 --> 00:17:45,270
i thought i would bring this up

481
00:17:47,830 --> 00:17:45,960
it is

482
00:17:51,510 --> 00:17:47,840
[Music]

483
00:17:53,830 --> 00:17:51,520
oh crap no i lost where it was

484
00:17:56,070 --> 00:17:53,840
but uh this was

485
00:17:57,510 --> 00:17:56,080
at hunter air force base

486
00:18:01,990 --> 00:17:57,520
sorry i'm just scrolling through this

487
00:18:06,950 --> 00:18:04,070
um on my page

488
00:18:09,110 --> 00:18:06,960

i lost my page

489

00:18:12,230 --> 00:18:09,120

unfortunately well we'll keep talking

490

00:18:13,669 --> 00:18:12,240

while i try to find it again but it it

491

00:18:15,590 --> 00:18:13,679

looked pretty interesting at the start

492

00:18:18,710 --> 00:18:15,600

and involved two boys

493

00:18:21,510 --> 00:18:18,720

i was like um i wonder if robertsonville

494

00:18:24,310 --> 00:18:21,520

so you're looking through this blue

495

00:18:25,510 --> 00:18:24,320

1968.

496

00:18:27,669 --> 00:18:25,520

yeah

497

00:18:30,230 --> 00:18:27,679

oh here it is i found it again

498

00:18:32,870 --> 00:18:30,240

that's interesting oh there's

499

00:18:34,820 --> 00:18:32,880

guess what they said it was

500

00:18:38,230 --> 00:18:34,830

a balloon yes

501
00:18:49,029 --> 00:18:38,240

[Laughter]

502
00:18:54,310 --> 00:18:51,029

this is to report the sighting of an

503
00:18:55,830 --> 00:18:54,320

unusual aerial object on april 4th 1968

504
00:18:58,470 --> 00:18:55,840

over thunderbolt

505
00:19:00,549 --> 00:18:58,480

georgia at 7 40 pm two boys were using a

506
00:19:02,070 --> 00:19:00,559

small telescope on the lawn of a

507
00:19:03,590 --> 00:19:02,080

residence

508
00:19:06,310 --> 00:19:03,600

the boy not observing through the

509
00:19:07,990 --> 00:19:06,320

telescope suddenly exclaimed to the

510
00:19:09,990 --> 00:19:08,000

other to the effect that something

511
00:19:11,270 --> 00:19:10,000

unusual was moving in the sky both boys

512
00:19:14,310 --> 00:19:11,280

then observed the object until it

513
00:19:15,270 --> 00:19:14,320

disappeared a view behind the trees

514

00:19:17,029 --> 00:19:15,280

wow

515

00:19:19,350 --> 00:19:17,039

and then when the boys related this to

516

00:19:21,270 --> 00:19:19,360

me i separated them and asked each one

517

00:19:23,029 --> 00:19:21,280

to draw the object he had seen while

518

00:19:25,830 --> 00:19:23,039

they were making the drawings i called

519

00:19:27,909 --> 00:19:25,840

hunter army airfield

520

00:19:29,909 --> 00:19:27,919

and reported the sighting to the officer

521

00:19:32,310 --> 00:19:29,919

with whom i was connected when i asked

522

00:19:34,390 --> 00:19:32,320

for a ufo officer the boys finished the

523

00:19:35,990 --> 00:19:34,400

drawing drawings within 10 minutes after

524

00:19:38,549 --> 00:19:36,000

seeing the object

525

00:19:40,470 --> 00:19:38,559

i was moving almost due north along a

526

00:19:42,070 --> 00:19:40,480

south north line about 80 degrees but

527

00:19:44,390 --> 00:19:42,080

the west horizon it was moving much

528

00:19:47,029 --> 00:19:44,400

faster than a jet aircraft that had

529

00:19:49,510 --> 00:19:47,039

passed overhead shortly before

530

00:19:52,310 --> 00:19:49,520

left no trail interesting so

531

00:19:53,909 --> 00:19:52,320

um oh they made drawings

532

00:19:57,190 --> 00:19:53,919

beautiful definitely things going on at

533

00:19:59,029 --> 00:19:57,200

that time there so if that adds to it oh

534

00:20:01,430 --> 00:19:59,039

that's because that's the difference

535

00:20:03,270 --> 00:20:01,440

than the one i read there's another one

536

00:20:05,990 --> 00:20:03,280

at the actual air force at the actual

537

00:20:07,909 --> 00:20:06,000

air base oh okay

538

00:20:09,909 --> 00:20:07,919

yeah you know what's interesting that

539

00:20:11,029 --> 00:20:09,919

that people don't

540

00:20:12,870 --> 00:20:11,039

you know you're right when you say

541

00:20:14,390 --> 00:20:12,880

disclosure kind of already has happened

542

00:20:15,590 --> 00:20:14,400

but people don't like to read so much

543

00:20:17,190 --> 00:20:15,600

because

544

00:20:19,430 --> 00:20:17,200

you know just like this document for

545

00:20:22,149 --> 00:20:19,440

instance

546

00:20:26,630 --> 00:20:22,159

if most people read that they would stop

547

00:20:29,660 --> 00:20:26,640

it wait what a a ufo officer

548

00:20:33,430 --> 00:20:29,670

excuse me there were ufo officers

549

00:20:36,549 --> 00:20:33,440

[Laughter]

550

00:20:38,230 --> 00:20:36,559

yes there were can you believe it

551
00:20:41,430 --> 00:20:38,240
and trust me do that if there were no

552
00:20:43,590 --> 00:20:41,440
ufos right it i mean or they'd call them

553
00:20:44,710 --> 00:20:43,600
balloon officers right that's true they

554
00:20:47,750 --> 00:20:44,720
should be

555
00:20:49,990 --> 00:20:47,760
probable balloon officers

556
00:20:52,149 --> 00:20:50,000
quite possibly so you're so you're

557
00:20:54,470 --> 00:20:52,159
looking through these blue book files um

558
00:20:56,470 --> 00:20:54,480
going back a little bit um

559
00:20:58,310 --> 00:20:56,480
you know what was your

560
00:21:00,549 --> 00:20:58,320
you know i feel like when i got into the

561
00:21:03,990 --> 00:21:00,559
into the blue book files i

562
00:21:06,470 --> 00:21:04,000
kind of it there's a lot there so it's

563
00:21:08,630 --> 00:21:06,480

like how do you hone in and focus on

564

00:21:10,390 --> 00:21:08,640

this or that or how do you not just get

565

00:21:11,750 --> 00:21:10,400

lost in it you know at first you're

566

00:21:13,830 --> 00:21:11,760

getting excited about everything you

567

00:21:15,750 --> 00:21:13,840

read and then you realize that a lot of

568

00:21:16,950 --> 00:21:15,760

them are prozac how do you filter them

569

00:21:19,750 --> 00:21:16,960

out what do you do

570

00:21:21,430 --> 00:21:19,760

so what was your first like um what did

571

00:21:23,110 --> 00:21:21,440

you latch on to first when you were

572

00:21:24,390 --> 00:21:23,120

looking at these blue book files like

573

00:21:25,669 --> 00:21:24,400

what were the first things that were

574

00:21:27,669 --> 00:21:25,679

coming to your head

575

00:21:29,510 --> 00:21:27,679

i i did kind of what you

576

00:21:30,950 --> 00:21:29,520

just mentioned first you know i just

577

00:21:32,230 --> 00:21:30,960

started

578

00:21:33,990 --> 00:21:32,240

going through them

579

00:21:35,270 --> 00:21:34,000

i looked up a couple of dates you know

580

00:21:37,750 --> 00:21:35,280

files

581

00:21:39,590 --> 00:21:37,760

but then i realized

582

00:21:41,190 --> 00:21:39,600

this is what i always wanted ever since

583

00:21:43,430 --> 00:21:41,200

i was little to be able to access all

584

00:21:44,870 --> 00:21:43,440

these files so

585

00:21:46,549 --> 00:21:44,880

i started

586

00:21:48,630 --> 00:21:46,559

i just started reading

587

00:21:50,149 --> 00:21:48,640

and then reading and reading because i

588

00:21:52,310 --> 00:21:50,159

figured

589

00:21:54,310 --> 00:21:52,320

as i got to meet other people in the ufo

590

00:21:56,390 --> 00:21:54,320

field and some of them we know about

591

00:21:59,190 --> 00:21:56,400

they're famous some of them not but

592

00:22:01,669 --> 00:21:59,200

i began to meet more and more of them

593

00:22:04,390 --> 00:22:01,679

and i began to realize a lot of them

594

00:22:05,830 --> 00:22:04,400

they were reading these files i assumed

595

00:22:08,070 --> 00:22:05,840

they had read the files or they were

596

00:22:09,029 --> 00:22:08,080

reading it really

597

00:22:11,110 --> 00:22:09,039

yeah

598

00:22:13,190 --> 00:22:11,120

i took it upon myself quietly to just

599

00:22:15,110 --> 00:22:13,200

read as much as i could all the time

600

00:22:17,669 --> 00:22:15,120

whenever i had free time

601
00:22:19,350 --> 00:22:17,679
and then eventually i got so into it i'm

602
00:22:20,390 --> 00:22:19,360
sure you know it's like three in the

603
00:22:22,710 --> 00:22:20,400
morning

604
00:22:25,350 --> 00:22:22,720
and my wife's going what are you doing

605
00:22:28,230 --> 00:22:25,360
oh i just read the rest of this document

606
00:22:30,310 --> 00:22:28,240
it was a lot of that

607
00:22:33,430 --> 00:22:30,320
because after you get to that certain

608
00:22:35,350 --> 00:22:33,440
level you realize holy you know

609
00:22:37,270 --> 00:22:35,360
camoly there's something really weird

610
00:22:39,430 --> 00:22:37,280
going on here

611
00:22:40,470 --> 00:22:39,440
the many times you see that same wave

612
00:22:42,390 --> 00:22:40,480
where

613
00:22:44,630 --> 00:22:42,400

you read a bunch of comments in the

614

00:22:46,070 --> 00:22:44,640

documents and you go oh see it was all

615

00:22:48,230 --> 00:22:46,080

nothing

616

00:22:50,310 --> 00:22:48,240

two documents later you go what

617

00:22:52,149 --> 00:22:50,320

they did for coupon they just said it

618

00:22:54,149 --> 00:22:52,159

was nothing and then you keep reading

619

00:22:56,789 --> 00:22:54,159

and that's what sucks you in you realize

620

00:22:59,270 --> 00:22:56,799

there's a trick going on here you know

621

00:23:02,070 --> 00:22:59,280

you can't trust what they say i hate to

622

00:23:04,230 --> 00:23:02,080

say that but they were lying

623

00:23:06,789 --> 00:23:04,240

and that's wrong you know these are

624

00:23:09,350 --> 00:23:06,799

government officials and we pay their

625

00:23:11,029 --> 00:23:09,360

salaries literally and i know there's

626

00:23:13,350 --> 00:23:11,039

secret stuff that goes on but when you

627

00:23:16,870 --> 00:23:13,360

look deeply into this you realize we've

628

00:23:18,950 --> 00:23:16,880

been snowballed big time

629

00:23:20,070 --> 00:23:18,960

really good people have been snowballed

630

00:23:21,990 --> 00:23:20,080

by this

631

00:23:24,710 --> 00:23:22,000

yeah it's not right

632

00:23:25,510 --> 00:23:24,720

you're exactly correct because um you

633

00:23:27,590 --> 00:23:25,520

know

634

00:23:29,590 --> 00:23:27,600

when i first started reading the files

635

00:23:31,029 --> 00:23:29,600

you read so many where they're like yeah

636

00:23:32,950 --> 00:23:31,039

it turns out it was a balloon you're

637

00:23:33,830 --> 00:23:32,960

like oh okay and

638

00:23:35,510 --> 00:23:33,840

you know

639

00:23:38,310 --> 00:23:35,520

they determined it was an aircraft oh

640

00:23:40,070 --> 00:23:38,320

okay maybe there's not much here

641

00:23:41,750 --> 00:23:40,080

like the the one from yesterday that

642

00:23:44,230 --> 00:23:41,760

they called the balloon then

643

00:23:47,110 --> 00:23:44,240

at edwards air force base and he but and

644

00:23:48,710 --> 00:23:47,120

if i were to stop reading then i'd go

645

00:23:51,350 --> 00:23:48,720

away thinking

646

00:23:53,190 --> 00:23:51,360

it was a balloon but if you keep reading

647

00:23:55,269 --> 00:23:53,200

all 100 documents in there all of a

648

00:23:58,070 --> 00:23:55,279

sudden you find yourself on the air

649

00:23:59,110 --> 00:23:58,080

force uh flight test center page where

650

00:24:00,470 --> 00:23:59,120

they're like

651
00:24:02,070 --> 00:24:00,480
uh no

652
00:24:05,029 --> 00:24:02,080
it's not a balloon it's highly

653
00:24:07,110 --> 00:24:05,039
improbable this sighting is unknown

654
00:24:09,350 --> 00:24:07,120
if you're like what the hell

655
00:24:11,110 --> 00:24:09,360
think about all of the experts over

656
00:24:12,710 --> 00:24:11,120
those years all the years

657
00:24:15,110 --> 00:24:12,720
where they finally you know

658
00:24:17,029 --> 00:24:15,120
even before condon everything people had

659
00:24:19,350 --> 00:24:17,039
looked in and then they come away the

660
00:24:21,269 --> 00:24:19,360
air force gave me a fact sheet and

661
00:24:22,950 --> 00:24:21,279
i find there's really nothing going on

662
00:24:24,149 --> 00:24:22,960
and they've been doing a good job

663
00:24:26,149 --> 00:24:24,159

investigating

664

00:24:26,870 --> 00:24:26,159

that's what they keep doing and we can

665

00:24:28,390 --> 00:24:26,880

see

666

00:24:31,110 --> 00:24:28,400

what it is they were looking at you know

667

00:24:32,950 --> 00:24:31,120

they weren't being shown the real files

668

00:24:34,390 --> 00:24:32,960

they were being shown

669

00:24:36,070 --> 00:24:34,400

like you know the files remember when

670

00:24:38,470 --> 00:24:36,080

they tried to get rid of the program in

671

00:24:40,470 --> 00:24:38,480

59 and 60 and they were trying to

672

00:24:42,070 --> 00:24:40,480

parse it out to research development

673

00:24:44,149 --> 00:24:42,080

command and they were oh

674

00:24:46,310 --> 00:24:44,159

current you know

675

00:24:47,750 --> 00:24:46,320

ferguson's going uh we can't take this

676
00:24:49,510 --> 00:24:47,760
on right now and

677
00:24:51,350 --> 00:24:49,520
uh they just

678
00:24:52,950 --> 00:24:51,360
those documents you see a lot of that in

679
00:24:55,269 --> 00:24:52,960
those when they're doing the history of

680
00:24:57,510 --> 00:24:55,279
the program you'll read down and you'll

681
00:24:59,590 --> 00:24:57,520
see like paragraph five just totally

682
00:25:01,909 --> 00:24:59,600
whacked out it's like not true at all

683
00:25:03,430 --> 00:25:01,919
and then paragraph eight not true

684
00:25:04,549 --> 00:25:03,440
there's tons of that throughout and

685
00:25:07,269 --> 00:25:04,559
those are what they were showing the

686
00:25:09,350 --> 00:25:07,279
experts who were making decisions on how

687
00:25:10,710 --> 00:25:09,360
should we proceed with this so that is

688
00:25:11,990 --> 00:25:10,720

one other thing that might be different

689

00:25:17,750 --> 00:25:12,000

now

690

00:25:19,990 --> 00:25:17,760

right at the beginning

691

00:25:22,470 --> 00:25:20,000

at the starting gate maybe they won't be

692

00:25:24,950 --> 00:25:22,480

able to do that so easily now

693

00:25:26,870 --> 00:25:24,960

right you said once to me something

694

00:25:28,390 --> 00:25:26,880

about um how

695

00:25:30,630 --> 00:25:28,400

you know basically how they keep their

696

00:25:32,549 --> 00:25:30,640

secrets and it's you know they they

697

00:25:33,750 --> 00:25:32,559

bring in new people every three years or

698

00:25:36,390 --> 00:25:33,760

so

699

00:25:38,070 --> 00:25:36,400

to start fresh explain to me what you're

700

00:25:40,870 --> 00:25:38,080

what you mean with that well you can see

701
00:25:43,190 --> 00:25:40,880
it in the history of the ufo program

702
00:25:45,269 --> 00:25:43,200
like the the refreshing of addict

703
00:25:46,549 --> 00:25:45,279
personnel in 49

704
00:25:50,230 --> 00:25:46,559
you

705
00:25:51,750 --> 00:25:50,240
in that case they brought them in

706
00:25:54,950 --> 00:25:51,760
because they said they had to up the

707
00:25:56,310 --> 00:25:54,960
qualifications of the engineers etc and

708
00:25:57,669 --> 00:25:56,320
some of the people that were currently

709
00:25:59,350 --> 00:25:57,679
working there didn't

710
00:26:01,669 --> 00:25:59,360
meet those new qualifications so they

711
00:26:02,950 --> 00:26:01,679
were reassigned or whatever new people

712
00:26:06,070 --> 00:26:02,960
brought in

713
00:26:08,789 --> 00:26:06,080

but you can see how

714

00:26:10,630 --> 00:26:08,799

like the original as we move into sign

715

00:26:12,230 --> 00:26:10,640

the original estimate and everything how

716

00:26:13,990 --> 00:26:12,240

that was so

717

00:26:15,350 --> 00:26:14,000

important and that's why they developed

718

00:26:17,750 --> 00:26:15,360

project sign

719

00:26:19,029 --> 00:26:17,760

because there was a lot of really unique

720

00:26:21,510 --> 00:26:19,039

cases that

721

00:26:23,590 --> 00:26:21,520

colonel garrett put forth you know to

722

00:26:24,870 --> 00:26:23,600

the committee

723

00:26:26,710 --> 00:26:24,880

and then

724

00:26:29,750 --> 00:26:26,720

they designed project sign but we also

725

00:26:31,269 --> 00:26:29,760

see in the history of the documents how

726

00:26:32,710 --> 00:26:31,279

other people come in and they're the

727

00:26:34,230 --> 00:26:32,720

ones saying there's

728

00:26:36,549 --> 00:26:34,240

nothing really and you hear the internal

729

00:26:39,190 --> 00:26:36,559

memos and they're saying these flying

730

00:26:41,909 --> 00:26:39,200

saucer people you know that they always

731

00:26:44,630 --> 00:26:41,919

want to believe in it

732

00:26:46,630 --> 00:26:44,640

yeah that's not the way it started

733

00:26:49,110 --> 00:26:46,640

it did not start like that it was very

734

00:26:51,430 --> 00:26:49,120

serious and it was the army that was in

735

00:26:53,269 --> 00:26:51,440

control of it all of that time

736

00:26:55,909 --> 00:26:53,279

and it's you know that's what i feel

737

00:26:58,230 --> 00:26:55,919

it's this is part of the mystery it's

738

00:26:59,430 --> 00:26:58,240

it's really because the army had a

739

00:27:03,669 --> 00:26:59,440

secret

740

00:27:05,430 --> 00:27:03,679

from world war ii

741

00:27:07,750 --> 00:27:05,440

right when the air force comes in

742

00:27:10,470 --> 00:27:07,760

they're kind of laying on top of that

743

00:27:11,190 --> 00:27:10,480

so they're kind of more used by the army

744

00:27:12,789 --> 00:27:11,200

and

745

00:27:14,950 --> 00:27:12,799

intelligence division

746

00:27:16,470 --> 00:27:14,960

as their clearinghouse they were just

747

00:27:19,669 --> 00:27:16,480

using the air force as a clearinghouse

748

00:27:21,190 --> 00:27:19,679

of all the reports etc and then

749

00:27:23,669 --> 00:27:21,200

as you know they had a top secret

750

00:27:26,149 --> 00:27:23,679

control a 1917 in the intelligence

751

00:27:28,149 --> 00:27:26,159

division where they sent the really hot

752

00:27:30,149 --> 00:27:28,159

stuff where military people were

753

00:27:31,430 --> 00:27:30,159

involved everything but you don't read

754

00:27:33,350 --> 00:27:31,440

that stuff in the

755

00:27:34,710 --> 00:27:33,360

blue book files generally

756

00:27:36,470 --> 00:27:34,720

when you get with

757

00:27:38,549 --> 00:27:36,480

even jl and hynek type people when they

758

00:27:40,070 --> 00:27:38,559

were talking to us it's always the same

759

00:27:42,549 --> 00:27:40,080

big cases

760

00:27:44,710 --> 00:27:42,559

same old same own

761

00:27:47,510 --> 00:27:44,720

that's not where the meat is

762

00:27:49,750 --> 00:27:47,520

that's true that's true you do notice

763

00:27:51,190 --> 00:27:49,760

they talk about the same old cases and i

764

00:27:53,110 --> 00:27:51,200

kind of take that back i don't know if

765

00:27:55,990 --> 00:27:53,120

you feel the same way but i kind of go

766

00:27:57,909 --> 00:27:56,000

back to uh the robertson panel with that

767

00:27:59,350 --> 00:27:57,919

where they talk about

768

00:28:01,669 --> 00:27:59,360

you know taking

769

00:28:04,149 --> 00:28:01,679

you know the the cases where there's

770

00:28:06,870 --> 00:28:04,159

there's you know this mystery at first

771

00:28:09,350 --> 00:28:06,880

and then forcefully debunking it in to

772

00:28:11,510 --> 00:28:09,360

the public and they probably stick to

773

00:28:13,269 --> 00:28:11,520

certain cases because they can do that

774

00:28:15,029 --> 00:28:13,279

with those exactly the ones that are

775

00:28:17,909 --> 00:28:15,039

easier

776

00:28:18,870 --> 00:28:17,919

i still recommend this book heavily

777

00:28:20,310 --> 00:28:18,880

uh

778

00:28:22,950 --> 00:28:20,320

in fact it would be a great book for you

779

00:28:25,590 --> 00:28:22,960

guys to do on your book review show with

780

00:28:28,149 --> 00:28:25,600

uh yeah zilla

781

00:28:28,950 --> 00:28:28,159

roy craig because it's not super long

782

00:28:31,669 --> 00:28:28,960

but

783

00:28:34,630 --> 00:28:31,679

what it really shows the same

784

00:28:35,909 --> 00:28:34,640

uh the same pattern where his book is

785

00:28:38,630 --> 00:28:35,919

like

786

00:28:41,190 --> 00:28:38,640

one minute he's debunking stuff

787

00:28:42,789 --> 00:28:41,200

and then for two pages he's writing as

788

00:28:44,630 --> 00:28:42,799

if he's believing there's a conspiracy

789

00:28:47,350 --> 00:28:44,640

in the background and then he goes on to

790

00:28:48,950 --> 00:28:47,360

like a debunking thing and then it's see

791

00:28:51,590 --> 00:28:48,960

he just keeps going back and forth like

792

00:28:54,310 --> 00:28:51,600

it's it's the same pattern what book is

793

00:28:56,470 --> 00:28:54,320

that called it's called ufos an

794

00:28:58,389 --> 00:28:56,480

insider's view of the official quest for

795

00:28:59,830 --> 00:28:58,399

evidence on the condom

796

00:29:01,350 --> 00:28:59,840

uh

797

00:29:02,630 --> 00:29:01,360

okay who wrote it

798

00:29:04,389 --> 00:29:02,640

roy craig

799

00:29:05,350 --> 00:29:04,399

right crazy

800

00:29:07,190 --> 00:29:05,360

okay

801
00:29:09,750 --> 00:29:07,200
awesome yeah i will

802
00:29:11,510 --> 00:29:09,760
i'll uh wreck try try my best to

803
00:29:12,950 --> 00:29:11,520
recommend it i don't know if they'll

804
00:29:14,220 --> 00:29:12,960
listen to me but i can at least

805
00:29:17,350 --> 00:29:14,230
recommend it yeah you can

806
00:29:19,510 --> 00:29:17,360
[Laughter]

807
00:29:21,190 --> 00:29:19,520
yeah the condom report was interesting

808
00:29:22,710 --> 00:29:21,200
that's for sure so you're you're looking

809
00:29:25,830 --> 00:29:22,720
at these uh you're looking at these

810
00:29:27,190 --> 00:29:25,840
files no i know you know a lot of people

811
00:29:28,789 --> 00:29:27,200
some people may know this some people

812
00:29:32,389 --> 00:29:28,799
may not but um

813
00:29:36,269 --> 00:29:32,399

uh robert's focus of of research is the

814

00:29:41,750 --> 00:29:39,269

1948 which

815

00:29:43,190 --> 00:29:41,760

is the the day that the

816

00:29:45,909 --> 00:29:43,200

um

817

00:29:47,190 --> 00:29:45,919

saucer crash in aztec new mexico uh

818

00:29:49,590 --> 00:29:47,200

frank scully

819

00:29:50,389 --> 00:29:49,600

wrote a book on it and told the story of

820

00:29:53,750 --> 00:29:50,399

that

821

00:29:56,389 --> 00:29:53,760

so tell me about how you came into the

822

00:29:59,029 --> 00:29:56,399

aztec story and

823

00:30:02,070 --> 00:29:59,039

from there we can go into

824

00:30:04,470 --> 00:30:02,080

why you focus on march 25th 1948 because

825

00:30:07,590 --> 00:30:04,480

i don't know of any other ufo researcher

826

00:30:08,950 --> 00:30:07,600

where their focus of study is a date

827

00:30:10,870 --> 00:30:08,960

yeah and

828

00:30:13,269 --> 00:30:10,880

thanks uh

829

00:30:15,190 --> 00:30:13,279

i feel it's very important because i i

830

00:30:17,750 --> 00:30:15,200

i'm feeling more and more like that date

831

00:30:19,510 --> 00:30:17,760

is a very significant date in the whole

832

00:30:20,870 --> 00:30:19,520

history of the program

833

00:30:22,789 --> 00:30:20,880

and

834

00:30:24,950 --> 00:30:22,799

it it keeps showing up with that well

835

00:30:27,269 --> 00:30:24,960

how it started was as i was saying

836

00:30:29,990 --> 00:30:27,279

before you know i got to meet different

837

00:30:31,510 --> 00:30:30,000

ufo researchers over time i got friends

838

00:30:32,470 --> 00:30:31,520

with some of them

839

00:30:33,430 --> 00:30:32,480

and

840

00:30:35,669 --> 00:30:33,440

when i

841

00:30:37,990 --> 00:30:35,679

started hearing about aztec

842

00:30:39,269 --> 00:30:38,000

like most people i read most i looked

843

00:30:41,430 --> 00:30:39,279

into a little bit of the look and i came

844

00:30:43,029 --> 00:30:41,440

away think that it's it seems like it

845

00:30:45,110 --> 00:30:43,039

was a hoax i mean i don't know why they

846

00:30:46,389 --> 00:30:45,120

did that but and that was my attitude

847

00:30:49,269 --> 00:30:46,399

for many years

848

00:30:52,310 --> 00:30:49,279

until i heard about scott ramsey and

849

00:30:53,750 --> 00:30:52,320

their aztec book

850

00:30:55,750 --> 00:30:53,760

and that information that they got and

851
00:30:57,029 --> 00:30:55,760
so i i looked into a little bit a friend

852
00:30:59,350 --> 00:30:57,039
of mine had

853
00:31:01,509 --> 00:30:59,360
uh william steinman's book on aztec and

854
00:31:04,789 --> 00:31:01,519
he let me thumb through it

855
00:31:06,789 --> 00:31:04,799
and i after i realized uh

856
00:31:09,669 --> 00:31:06,799
if there they came with a date you know

857
00:31:11,909 --> 00:31:09,679
march 25th 1948 uh

858
00:31:13,909 --> 00:31:11,919
frank scully didn't have a date

859
00:31:16,549 --> 00:31:13,919
the closest he ever said was the summer

860
00:31:18,549 --> 00:31:16,559
of 1949 which was

861
00:31:19,990 --> 00:31:18,559
that's when he was first told about it

862
00:31:22,310 --> 00:31:20,000
in a car ride

863
00:31:23,990 --> 00:31:22,320

across the desert with the

864

00:31:25,590 --> 00:31:24,000

tv executive

865

00:31:28,470 --> 00:31:25,600

and um

866

00:31:29,909 --> 00:31:28,480

and mr or dr gee and

867

00:31:30,950 --> 00:31:29,919

silas newton they're all in a car

868

00:31:33,190 --> 00:31:30,960

together

869

00:31:35,990 --> 00:31:33,200

and that's but he never actually

870

00:31:40,149 --> 00:31:36,000

set a date so i didn't hear the date 25

871

00:31:41,269 --> 00:31:40,159

march 1948 until the ramsey team's book

872

00:31:43,430 --> 00:31:41,279

so

873

00:31:44,630 --> 00:31:43,440

i just started one day i was looking and

874

00:31:47,110 --> 00:31:44,640

i thought

875

00:31:48,789 --> 00:31:47,120

well if that really happened on march

876

00:31:50,470 --> 00:31:48,799

don't you think something else would

877

00:31:53,110 --> 00:31:50,480

have i mean there should be some kind of

878

00:31:55,110 --> 00:31:53,120

signs that right in history or something

879

00:31:57,669 --> 00:31:55,120

should be some kind of glimpse that

880

00:31:59,350 --> 00:31:57,679

something really did happen so

881

00:32:01,430 --> 00:31:59,360

i just started poking around in my free

882

00:32:04,389 --> 00:32:01,440

time here and there until

883

00:32:05,269 --> 00:32:04,399

i ran into uh i was on

884

00:32:06,190 --> 00:32:05,279

um

885

00:32:09,590 --> 00:32:06,200

project

886

00:32:11,669 --> 00:32:09,600

1947's web page they're historical

887

00:32:13,990 --> 00:32:11,679

people project history

888

00:32:15,269 --> 00:32:14,000

i figure but it's they had a list of

889

00:32:17,590 --> 00:32:15,279

documents

890

00:32:19,909 --> 00:32:17,600

and i was going through it and i saw

891

00:32:21,509 --> 00:32:19,919

the rylvianis document listed there it

892

00:32:24,070 --> 00:32:21,519

was didn't have much information but it

893

00:32:26,389 --> 00:32:24,080

said 25 march 1948

894

00:32:28,870 --> 00:32:26,399

rns or whatever side that oh

895

00:32:31,350 --> 00:32:28,880

i'd like to try to find that document so

896

00:32:33,430 --> 00:32:31,360

it took me a long time i was going back

897

00:32:35,190 --> 00:32:33,440

through the blue book files and

898

00:32:36,789 --> 00:32:35,200

every search you would think should

899

00:32:38,789 --> 00:32:36,799

bring it up it wasn't bringing it up i

900

00:32:40,630 --> 00:32:38,799

wasn't finding a name right until one

901
00:32:43,110 --> 00:32:40,640
day i don't remember how i was going

902
00:32:45,830 --> 00:32:43,120
through massive documents and then boom

903
00:32:48,789 --> 00:32:45,840
there was the ryliana's document arch

904
00:32:51,430 --> 00:32:48,799
march 25th 94 and it went holy cow

905
00:32:54,310 --> 00:32:51,440
so i saved it as two-page directive

906
00:32:56,389 --> 00:32:54,320
i saved it and that started because

907
00:32:58,630 --> 00:32:56,399
i figured and that's what started the

908
00:33:01,669 --> 00:32:58,640
phase two too the army intelligence

909
00:33:03,350 --> 00:33:01,679
division i wasn't really con considering

910
00:33:04,549 --> 00:33:03,360
them really ever

911
00:33:06,310 --> 00:33:04,559
it just

912
00:33:09,029 --> 00:33:06,320
the way it was

913
00:33:10,470 --> 00:33:09,039

uh what i was gonna bring up here just

914

00:33:12,870 --> 00:33:10,480

uh for

915

00:33:15,750 --> 00:33:12,880

i don't have the actual uh directive but

916

00:33:17,029 --> 00:33:15,760

we can see that it was used

917

00:33:18,710 --> 00:33:17,039

um

918

00:33:19,909 --> 00:33:18,720

right here

919

00:33:22,710 --> 00:33:19,919

so we have

920

00:33:23,830 --> 00:33:22,720

uh this is um i think it was fort bliss

921

00:33:25,430 --> 00:33:23,840

this is but

922

00:33:27,269 --> 00:33:25,440

anyway anyways they're saying to the

923

00:33:29,669 --> 00:33:27,279

commanding general uh air material

924

00:33:31,190 --> 00:33:29,679

command reference letter reference

925

00:33:35,230 --> 00:33:31,200

letter intelligence division general

926
00:33:42,630 --> 00:33:40,389
csgid 452.1 25th of march 1948 subject

927
00:33:43,750 --> 00:33:42,640
unconventional aircraft into control

928
00:33:46,710 --> 00:33:43,760
number a

929
00:33:48,549 --> 00:33:46,720
1917 which we talked about before too

930
00:33:50,630 --> 00:33:48,559
enclosed report of incident number 15

931
00:33:53,750 --> 00:33:50,640
regarding sighting of light over camp

932
00:33:56,470 --> 00:33:53,760
hood texas date can't put okay dated

933
00:33:58,389 --> 00:33:56,480
first april 1949.

934
00:34:00,950 --> 00:33:58,399
so um that's what you're talking about

935
00:34:03,110 --> 00:34:00,960
march 20th yeah that's right

936
00:34:04,070 --> 00:34:03,120
and it that did two things as you can

937
00:34:04,870 --> 00:34:04,080
see

938
00:34:09,270 --> 00:34:04,880

it

939

00:34:11,030 --> 00:34:09,280

was already in existence because there's

940

00:34:15,589 --> 00:34:11,040

a handwritten note on a

941

00:34:18,069 --> 00:34:15,599

1947 document where somebody wrote 452.1

942

00:34:19,829 --> 00:34:18,079

so obviously that filing system

943

00:34:23,109 --> 00:34:19,839

was already in place for unconventional

944

00:34:25,669 --> 00:34:23,119

aircraft in the army id right but on 25

945

00:34:29,149 --> 00:34:25,679

march 1948 what that directive did was

946

00:34:30,869 --> 00:34:29,159

it instituted that top secret control a

947

00:34:33,750 --> 00:34:30,879

1917.

948

00:34:35,510 --> 00:34:33,760

which 1917 is where the air staff of the

949

00:34:36,950 --> 00:34:35,520

army idea was first

950

00:34:38,550 --> 00:34:36,960

uh created

951
00:34:39,990 --> 00:34:38,560
right

952
00:34:42,389 --> 00:34:40,000
so that's obviously what that's talking

953
00:34:43,190 --> 00:34:42,399
about a 1970s air staff

954
00:34:44,629 --> 00:34:43,200
yeah

955
00:34:46,389 --> 00:34:44,639
so

956
00:34:48,869 --> 00:34:46,399
i mean

957
00:34:52,069 --> 00:34:48,879
essentially uh your theory is is that

958
00:34:53,589 --> 00:34:52,079
something crashed um is aztec new mexico

959
00:34:56,149 --> 00:34:53,599
and this directive came out what other

960
00:34:57,910 --> 00:34:56,159
what other signs around uh the date now

961
00:34:59,589 --> 00:34:57,920
i have your notes here but

962
00:35:00,630 --> 00:34:59,599
unfortunately i can't send them to my

963
00:35:04,150 --> 00:35:00,640

computer

964

00:35:04,950 --> 00:35:04,160

what the direction i ended up going was

965

00:36:10,829 --> 00:35:04,960

i

966

00:36:13,910 --> 00:36:10,839

the closed world

967

00:36:17,510 --> 00:36:13,920

and he wrote about

968

00:36:19,750 --> 00:36:17,520

uh in on the morning of march 25th 1948

969

00:36:21,510 --> 00:36:19,760

general karl spotts declared

970

00:36:23,510 --> 00:36:21,520

an immediate

971

00:36:27,190 --> 00:36:23,520

air defense emergency

972

00:36:29,349 --> 00:36:27,200

for 24 hour a day emergency and

973

00:36:31,910 --> 00:36:29,359

uh there's a

974

00:36:34,390 --> 00:36:31,920

reference to it to another book so i

975

00:36:36,150 --> 00:36:34,400

chased that reference and it led me to

976

00:36:38,230 --> 00:36:36,160

the emerging shield i won't go grab it

977

00:36:39,190 --> 00:36:38,240

but the emerging shield is pretty much

978

00:36:41,109 --> 00:36:39,200

the

979

00:36:42,790 --> 00:36:41,119

class a book you could get on

980

00:36:44,710 --> 00:36:42,800

continental air defense history in the

981

00:36:46,950 --> 00:36:44,720

united states you know there's a lot of

982

00:36:48,470 --> 00:36:46,960

other material you can get but it's

983

00:36:49,910 --> 00:36:48,480

interesting because i tried to be

984

00:36:51,990 --> 00:36:49,920

realistic about that i tried to go to

985

00:36:54,950 --> 00:36:52,000

different places to get this material

986

00:36:57,270 --> 00:36:54,960

once i found this march 25th emergency

987

00:36:58,470 --> 00:36:57,280

uh information yeah and what's

988

00:37:00,550 --> 00:36:58,480

interesting is

989

00:37:03,829 --> 00:37:00,560

the even according to the air force

990

00:37:07,109 --> 00:37:03,839

history office uh the emerging shield is

991

00:37:10,710 --> 00:37:07,119

the it's the most comprehensive and well

992

00:37:13,270 --> 00:37:10,720

documented source you can get right

993

00:37:15,829 --> 00:37:13,280

that one is the only place

994

00:37:17,750 --> 00:37:15,839

where march 25th 1948 is guaranteed

995

00:37:21,349 --> 00:37:17,760

that's the date it started

996

00:37:24,150 --> 00:37:21,359

other air intelligence i mean uh air uh

997

00:37:25,910 --> 00:37:24,160

defense history pieces yeah air force

998

00:37:27,910 --> 00:37:25,920

people from army people

999

00:37:29,109 --> 00:37:27,920

they use their they skip the 25th

1000

00:37:30,470 --> 00:37:29,119

they'll either say it started on the

1001
00:37:33,270 --> 00:37:30,480
26th

1002
00:37:34,870 --> 00:37:33,280
or the 28th of all things

1003
00:37:37,430 --> 00:37:34,880
and

1004
00:37:40,069 --> 00:37:37,440
we know that's not right because

1005
00:37:41,589 --> 00:37:40,079
uh captain schaeffel who authored the

1006
00:37:43,910 --> 00:37:41,599
book with his team

1007
00:37:44,550 --> 00:37:43,920
has a a footnote

1008
00:37:46,950 --> 00:37:44,560
and

1009
00:37:48,550 --> 00:37:46,960
did you think is that kenneth chiefly

1010
00:37:52,310 --> 00:37:48,560
yes okay

1011
00:37:54,870 --> 00:37:52,320
and uh in the footnote it says

1012
00:37:57,670 --> 00:37:54,880
interstaff memo between general

1013
00:37:59,990 --> 00:37:57,680

timberlake and anderson so he cites why

1014

00:38:02,150 --> 00:38:00,000

he says march 25th 1948 is the date

1015

00:38:04,310 --> 00:38:02,160

because he has a memo

1016

00:38:07,910 --> 00:38:04,320

stating it so they they talk about you

1017

00:38:09,670 --> 00:38:07,920

know about uh general spot's order so i

1018

00:38:11,670 --> 00:38:09,680

know for sure the 20 bit is the right

1019

00:38:13,670 --> 00:38:11,680

date so that's just a

1020

00:38:16,870 --> 00:38:13,680

slight other question

1021

00:38:20,790 --> 00:38:18,630

yeah after a 10-day exercise in the

1022

00:38:22,390 --> 00:38:20,800

northwest in early 1949 proved the

1023

00:38:24,390 --> 00:38:22,400

competence of weapons controllers and

1024

00:38:26,230 --> 00:38:24,400

air crews to perform successful

1025

00:38:28,790 --> 00:38:26,240

intercepts yeah so

1026

00:38:30,390 --> 00:38:28,800

there's one that's uh that's a quote

1027

00:38:32,950 --> 00:38:30,400

if we could find the

1028

00:38:34,550 --> 00:38:32,960

quote two or quote one if you pull up

1029

00:38:37,109 --> 00:38:34,560

quote one there's something

1030

00:38:38,870 --> 00:38:37,119

people can see that would really uh so

1031

00:38:40,630 --> 00:38:38,880

again for people just tuning in we're

1032

00:38:43,829 --> 00:38:40,640

talking about the date

1033

00:38:46,630 --> 00:38:43,839

um march 25th 1948.

1034

00:38:48,630 --> 00:38:46,640

um that is robert's um source of

1035

00:38:51,349 --> 00:38:48,640

interest in uh

1036

00:38:54,230 --> 00:38:51,359

investigations

1037

00:38:57,589 --> 00:38:54,240

and that is also

1038

00:39:01,109 --> 00:38:57,599

the date we think um the saucer crashed

1039

00:39:03,109 --> 00:39:01,119

in aztec new mexico

1040

00:39:05,109 --> 00:39:03,119

so here it is okay this is good this is

1041

00:39:06,870 --> 00:39:05,119

probably the best quote

1042

00:39:07,910 --> 00:39:06,880

if you want to read it and then

1043

00:39:09,589 --> 00:39:07,920

i'll go

1044

00:39:12,069 --> 00:39:09,599

back and analyze this quote would be

1045

00:39:14,390 --> 00:39:12,079

helpful i think okay so we got from the

1046

00:39:15,430 --> 00:39:14,400

emerging shield by kent kennedy schaeffel

1047

00:39:17,349 --> 00:39:15,440

here

1048

00:39:20,870 --> 00:39:17,359

after moving from the west coast to

1049

00:39:23,589 --> 00:39:20,880

participate in the war games the 505th

1050

00:39:25,109 --> 00:39:23,599

or the 505 whatever they whatever those

1051

00:39:27,510 --> 00:39:25,119

people call it

1052

00:39:29,750 --> 00:39:27,520

was expected to remain in the east adc

1053

00:39:31,750 --> 00:39:29,760

planned to concentrate its meager radar

1054

00:39:33,349 --> 00:39:31,760

warning and control resources in the

1055

00:39:35,430 --> 00:39:33,359

northeastern united states pending

1056

00:39:36,390 --> 00:39:35,440

approval and funding of the radar fence

1057

00:39:42,470 --> 00:39:36,400

plan

1058

00:39:44,310 --> 00:39:42,480

drastically altered late in march 1948

1059

00:39:45,990 --> 00:39:44,320

with no advance warning headquarters at

1060

00:39:47,589 --> 00:39:46,000

united states air force in the pacific

1061

00:39:50,150 --> 00:39:47,599

northwest

1062

00:39:51,510 --> 00:39:50,160

uh shortly after

1063

00:39:54,230 --> 00:39:51,520

wait did i skip something there

1064

00:39:56,390 --> 00:39:54,240

headquarters directed the emergency air

1065

00:39:59,270 --> 00:39:56,400

defense system be established to operate

1066

00:40:01,190 --> 00:39:59,280

around the clock in alaska

1067

00:40:03,109 --> 00:40:01,200

and the pacific northwest

1068

00:40:05,109 --> 00:40:03,119

shortly after first air force in the

1069

00:40:07,589 --> 00:40:05,119

east was ordered to put its fighter

1070

00:40:09,829 --> 00:40:07,599

units on alert the usefulness of this

1071

00:40:12,069 --> 00:40:09,839

move was uncertain

1072

00:40:14,309 --> 00:40:12,079

since first air force did not yet

1073

00:40:16,630 --> 00:40:14,319

control the services of the 505 unless

1074

00:40:19,190 --> 00:40:16,640

lacked any type of radar warning and

1075

00:40:22,550 --> 00:40:19,200

control capability

1076

00:40:24,550 --> 00:40:22,560

these events began march 25th when spat

1077

00:40:26,710 --> 00:40:24,560

suddenly informed the air staff that he

1078

00:40:29,030 --> 00:40:26,720

wanted alaskan air defenses augmented

1079

00:40:31,030 --> 00:40:29,040

immediately

1080

00:40:33,510 --> 00:40:31,040

the following day a top secret message

1081

00:40:36,230 --> 00:40:33,520

over his signature went to alaskan air

1082

00:40:38,390 --> 00:40:36,240

command directing it to place existing

1083

00:40:42,069 --> 00:40:38,400

radar warning units on continuously

1084

00:40:43,990 --> 00:40:42,079

operating basis by uh for april 121 so

1085

00:40:45,670 --> 00:40:44,000

we can see on the 25th march it was a

1086

00:40:47,109 --> 00:40:45,680

pretty big day

1087

00:40:49,349 --> 00:40:47,119

oh wait we got some more in here

1088

00:40:50,710 --> 00:40:49,359

skipping the the last paragraph sorry

1089

00:40:52,950 --> 00:40:50,720

about that

1090

00:40:56,550 --> 00:40:52,960

spats initiated emergency air defense

1091

00:40:57,430 --> 00:40:56,560

measures in march 1948 to 25th actually

1092

00:40:59,190 --> 00:40:57,440

we're in

1093

00:41:02,230 --> 00:40:59,200

for a number of reasons first it is

1094

00:41:04,790 --> 00:41:02,240

clear that contrary to the views of the

1095

00:41:07,349 --> 00:41:04,800

cia established in 47 under the

1096

00:41:09,030 --> 00:41:07,359

provisions of the national security act

1097

00:41:11,270 --> 00:41:09,040

and by the intelligence divisions of the

1098

00:41:13,510 --> 00:41:11,280

army and navy air force intelligence

1099

00:41:16,550 --> 00:41:13,520

believe the united states in danger of

1100

00:41:18,630 --> 00:41:16,560

surprise attack from the soviet union

1101

00:41:20,870 --> 00:41:18,640

okay so there we go there's some key

1102

00:41:22,230 --> 00:41:20,880

issues here first of all the first quote

1103

00:41:25,109 --> 00:41:22,240

after moving from the west coast to

1104

00:41:27,990 --> 00:41:25,119

participating in war games that war game

1105

00:41:31,349 --> 00:41:28,000

had been planned for months it was the

1106

00:41:33,670 --> 00:41:31,359

largest war game ever conducted or was

1107

00:41:36,309 --> 00:41:33,680

to be the largest warrior ever conducted

1108

00:41:38,550 --> 00:41:36,319

to test our air defense systems and

1109

00:41:40,069 --> 00:41:38,560

everything and coordinate people it was

1110

00:41:41,910 --> 00:41:40,079

a huge deal

1111

00:41:44,710 --> 00:41:41,920

they had to cancel it because of the

1112

00:41:45,910 --> 00:41:44,720

march 25th incident whatever happened

1113

00:41:48,150 --> 00:41:45,920

that morning

1114

00:41:49,510 --> 00:41:48,160

they had to cancel this and he declared

1115

00:41:50,309 --> 00:41:49,520

an emergency

1116

00:41:53,349 --> 00:41:50,319

right

1117

00:41:54,470 --> 00:41:53,359

so don't tell me nothing happened

1118

00:41:56,150 --> 00:41:54,480

i wouldn't

1119

00:41:58,069 --> 00:41:56,160

no

1120

00:42:00,230 --> 00:41:58,079

is there any chance that something

1121

00:42:02,950 --> 00:42:00,240

happened i don't know the day before

1122

00:42:04,069 --> 00:42:02,960

or during was it kind of more protocol

1123

00:42:05,910 --> 00:42:04,079

where

1124

00:42:08,309 --> 00:42:05,920

well i guess there's not protocols for

1125

00:42:09,990 --> 00:42:08,319

emergencies so to speak or something

1126
00:42:11,750 --> 00:42:10,000
you're not expecting but

1127
00:42:13,829 --> 00:42:11,760
yeah it was like something unexpected

1128
00:42:16,550 --> 00:42:13,839
happened yeah why would you suddenly

1129
00:42:17,990 --> 00:42:16,560
declare as you know as as schaeffel puts

1130
00:42:20,230 --> 00:42:18,000
it you know he quite

1131
00:42:22,470 --> 00:42:20,240
suddenly and unexpectedly

1132
00:42:23,589 --> 00:42:22,480
declares this emergency and then this

1133
00:42:24,870 --> 00:42:23,599
last

1134
00:42:28,230 --> 00:42:24,880
paragraph

1135
00:42:29,910 --> 00:42:28,240
the cia so after i read that i said okay

1136
00:42:32,790 --> 00:42:29,920
let me look into that like you do i went

1137
00:42:33,990 --> 00:42:32,800
to the cia's foia website you know and i

1138
00:42:36,150 --> 00:42:34,000

started pouring through that for

1139

00:42:36,950 --> 00:42:36,160

historical information i got to the

1140

00:42:39,109 --> 00:42:36,960

march

1141

00:42:41,030 --> 00:42:39,119

war scare as you asked me about earlier

1142

00:42:43,030 --> 00:42:41,040

i started reading a lot about that read

1143

00:42:45,910 --> 00:42:43,040

a lot of different memos what i found

1144

00:42:47,910 --> 00:42:45,920

out was because spots declared that

1145

00:42:50,470 --> 00:42:47,920

emergency

1146

00:42:53,190 --> 00:42:50,480

the air force and his staff and general

1147

00:42:55,270 --> 00:42:53,200

chamberlain of all people of the army id

1148

00:42:56,550 --> 00:42:55,280

they're the only ones that are

1149

00:42:58,390 --> 00:42:56,560

like this they're the only ones that

1150

00:43:00,550 --> 00:42:58,400

think the russians are about ready to

1151
00:43:02,390 --> 00:43:00,560
attack us so

1152
00:43:04,870 --> 00:43:02,400
within the central intelligence agency

1153
00:43:06,150 --> 00:43:04,880
there was an ad hoc group or was is i

1154
00:43:08,710 --> 00:43:06,160
don't know if they still exist called

1155
00:43:10,309 --> 00:43:08,720
the global survey group and they were an

1156
00:43:12,710 --> 00:43:10,319
ad hoc group that would do special

1157
00:43:15,430 --> 00:43:12,720
studies for the office of reports and

1158
00:43:16,230 --> 00:43:15,440
estimates of the cia

1159
00:43:19,750 --> 00:43:16,240
and

1160
00:43:22,069 --> 00:43:19,760
estimates the most important office

1161
00:43:24,230 --> 00:43:22,079
within the ca they are the

1162
00:43:28,790 --> 00:43:24,240
the ones who get the ball rolling for

1163
00:43:30,950 --> 00:43:28,800

the initial job with the caa's job is to

1164

00:43:33,910 --> 00:43:30,960

gather and disseminate

1165

00:43:35,589 --> 00:43:33,920

uh national intelligence in quote that's

1166

00:43:37,910 --> 00:43:35,599

the term all right they're the ones

1167

00:43:39,589 --> 00:43:37,920

responsible for that and they delineate

1168

00:43:41,109 --> 00:43:39,599

it to the certain people involved in the

1169

00:43:43,270 --> 00:43:41,119

intelligence community

1170

00:43:44,550 --> 00:43:43,280

so national intelligence is the cia's

1171

00:43:49,430 --> 00:43:44,560

specific

1172

00:43:51,589 --> 00:43:49,440

okay so why do we later have a national

1173

00:43:54,150 --> 00:43:51,599

intelligence director in a separate

1174

00:43:56,150 --> 00:43:54,160

office if that's the cia's job so that's

1175

00:43:59,670 --> 00:43:56,160

kind of an interesting question

1176
00:44:01,030 --> 00:43:59,680
anyway to get back to my investigation

1177
00:44:04,390 --> 00:44:01,040
i found

1178
00:44:06,630 --> 00:44:04,400
the the the uh report that the global

1179
00:44:07,829 --> 00:44:06,640
survey group did for the ore

1180
00:44:10,230 --> 00:44:07,839
was

1181
00:44:12,470 --> 00:44:10,240
22-48

1182
00:44:15,109 --> 00:44:12,480
and that just the classification it was

1183
00:44:18,790 --> 00:44:15,119
report 22 from this ad [\h__\h] group in

1184
00:44:19,589 --> 00:44:18,800
1948 so i i got i found that file i read

1185
00:44:24,550 --> 00:44:19,599
it

1186
00:44:25,829 --> 00:44:24,560
in one of these

1187
00:44:37,190 --> 00:44:25,839
they

1188
00:44:39,109 --> 00:44:37,200

another 60-day study because

1189

00:44:41,910 --> 00:44:39,119

they were sure

1190

00:44:43,910 --> 00:44:41,920

general spots was clueless i mean

1191

00:44:47,829 --> 00:44:43,920

nobody knew what he was talking about

1192

00:44:49,270 --> 00:44:47,839

nobody nobody in officialdom agreed that

1193

00:44:50,950 --> 00:44:49,280

the russians were about ready to

1194

00:44:52,390 --> 00:44:50,960

surprise attack us there was just there

1195

00:44:54,470 --> 00:44:52,400

was absolutely no way they were going to

1196

00:44:55,829 --> 00:44:54,480

do that because we were the only ones

1197

00:44:56,950 --> 00:44:55,839

that had the atomic bomb and could

1198

00:44:57,910 --> 00:44:56,960

deliver it

1199

00:45:00,150 --> 00:44:57,920

right

1200

00:45:02,390 --> 00:45:00,160

yeah why would they do that especially

1201
00:45:04,309 --> 00:45:02,400
yeah after showing you know the damage

1202
00:45:07,030 --> 00:45:04,319
pretty much of what that bomb does so

1203
00:45:10,230 --> 00:45:07,040
this is quote number three

1204
00:45:13,430 --> 00:45:10,240
yeah uh a memorandum for the director

1205
00:45:19,030 --> 00:45:15,349
yeah 2248 that's what you were talking

1206
00:45:21,349 --> 00:45:19,040
about that's a bob note yeah

1207
00:45:23,030 --> 00:45:21,359
we've certainly never seen any air force

1208
00:45:24,950 --> 00:45:23,040
estimate that could be described as

1209
00:45:27,109 --> 00:45:24,960
likely to involve this country in war

1210
00:45:29,430 --> 00:45:27,119
nor did we see any estimate on soviet

1211
00:45:31,910 --> 00:45:29,440
intentions to attack scandinavia as

1212
00:45:33,829 --> 00:45:31,920
reported by alsops i think he was

1213
00:45:35,670 --> 00:45:33,839

secretary of uh

1214

00:45:37,750 --> 00:45:35,680

lewis also i can't remember what his

1215

00:45:38,790 --> 00:45:37,760

post was at that it is quite true

1216

00:45:40,550 --> 00:45:38,800

however

1217

00:45:42,390 --> 00:45:40,560

that at the time of the preparation of

1218

00:45:45,910 --> 00:45:42,400

the 60-day estimate for the second

1219

00:45:49,030 --> 00:45:45,920

meeting of the iac directors and of ore

1220

00:45:53,589 --> 00:45:49,040

2248 the air force elements were far

1221

00:45:59,109 --> 00:45:56,230

interesting and there this isn't the

1222

00:46:01,750 --> 00:45:59,119

only report because in an h1 they came

1223

00:46:03,990 --> 00:46:01,760

up with the same conclusion no

1224

00:46:06,230 --> 00:46:04,000

no ways is russians

1225

00:46:08,870 --> 00:46:06,240

so it is yeah

1226
00:46:10,950 --> 00:46:08,880
and that carries throughout these

1227
00:46:12,069 --> 00:46:10,960
investigations i mean i found something

1228
00:46:15,990 --> 00:46:12,079
as

1229
00:46:18,470 --> 00:46:16,000
know which is where records for the most

1230
00:46:20,870 --> 00:46:18,480
part kind of stop unfortunately

1231
00:46:22,630 --> 00:46:20,880
but uh they're talking about how

1232
00:46:24,150 --> 00:46:22,640
it's implausible that it could be the

1233
00:46:26,230 --> 00:46:24,160
soviet union

1234
00:46:30,630 --> 00:46:26,240
you know sending how they described it

1235
00:46:32,790 --> 00:46:30,640
one way one way is uh vehicle missions

1236
00:46:35,190 --> 00:46:32,800
basically one only reconnaissance

1237
00:46:37,270 --> 00:46:35,200
vehicles have been a suicide mission

1238
00:46:39,030 --> 00:46:37,280

yeah to do that

1239

00:46:42,630 --> 00:46:39,040

so yeah that's pretty interesting and i

1240

00:46:45,990 --> 00:46:42,640

read one thing that was about

1241

00:46:49,829 --> 00:46:46,000

recently it was about a sighting um

1242

00:46:52,870 --> 00:46:49,839

during the project twinkle late 40s

1243

00:46:55,270 --> 00:46:52,880

uh where they estimated if something

1244

00:46:56,870 --> 00:46:55,280

came from the soviet union

1245

00:46:59,750 --> 00:46:56,880

um or

1246

00:47:01,349 --> 00:46:59,760

russia over to that area where like um

1247

00:47:02,870 --> 00:47:01,359

that you know the south

1248

00:47:07,109 --> 00:47:02,880

southwest was

1249

00:47:09,510 --> 00:47:07,119

it would have arrived in uh 15 minutes

1250

00:47:13,190 --> 00:47:09,520

so i i don't think any technology

1251
00:47:14,950 --> 00:47:13,200
existed for uh something to travel that

1252
00:47:16,470 --> 00:47:14,960
quickly

1253
00:47:19,750 --> 00:47:16,480
at that time

1254
00:47:20,790 --> 00:47:19,760
so so they're like it has to be if it's

1255
00:47:21,910 --> 00:47:20,800
you know

1256
00:47:24,870 --> 00:47:21,920
the only thing they could think of

1257
00:47:26,950 --> 00:47:24,880
basically was like an american like

1258
00:47:27,990 --> 00:47:26,960
testing missiles over their own

1259
00:47:28,870 --> 00:47:28,000
uh

1260
00:47:30,700 --> 00:47:28,880
right

1261
00:47:32,390 --> 00:47:30,710
you know sensitive installations

1262
00:47:35,030 --> 00:47:32,400
[Laughter]

1263
00:47:37,030 --> 00:47:35,040

well last night i saw them testing one

1264

00:47:39,589 --> 00:47:37,040

of the new final airplanes it was right

1265

00:47:41,670 --> 00:47:39,599

over my house

1266

00:47:44,549 --> 00:47:41,680

they're testing missiles over at their

1267

00:47:46,470 --> 00:47:44,559

laboratories

1268

00:47:48,390 --> 00:47:46,480

hey where should we test these things i

1269

00:47:52,069 --> 00:47:48,400

don't know we got los alamos over there

1270

00:47:54,230 --> 00:47:52,079

why don't we throw a couple over there

1271

00:47:56,790 --> 00:47:54,240

we look at you know we've covered some

1272

00:48:01,030 --> 00:47:56,800

of the what i found and

1273

00:48:02,309 --> 00:48:01,040

i go back and i read scott ramsey's book

1274

00:48:04,230 --> 00:48:02,319

and

1275

00:48:05,750 --> 00:48:04,240

there are several witnesses he's talked

1276
00:48:06,630 --> 00:48:05,760
to

1277
00:48:07,750 --> 00:48:06,640
and

1278
00:48:10,870 --> 00:48:07,760
they all

1279
00:48:13,670 --> 00:48:10,880
use that same date

1280
00:48:15,430 --> 00:48:13,680
and there's just no way

1281
00:48:17,109 --> 00:48:15,440
you're going to convince me that all of

1282
00:48:19,430 --> 00:48:17,119
those different witnesses

1283
00:48:21,910 --> 00:48:19,440
were doing research on air defense

1284
00:48:24,549 --> 00:48:21,920
history and happened to come across that

1285
00:48:26,309 --> 00:48:24,559
that order by general spots

1286
00:48:28,950 --> 00:48:26,319
to declare an emergency on that morning

1287
00:48:31,990 --> 00:48:28,960
there's just no way right so how would

1288
00:48:34,549 --> 00:48:32,000

they just happen to have that same date

1289

00:48:37,349 --> 00:48:34,559

i just can't get over that i'm not

1290

00:48:41,109 --> 00:48:37,359

it's not that i believe the aztec story

1291

00:48:43,750 --> 00:48:41,119

outright it's that this stuff shows me

1292

00:48:45,430 --> 00:48:43,760

something huge did happen that morning

1293

00:48:47,349 --> 00:48:45,440

and if it wasn't that it was something

1294

00:48:48,470 --> 00:48:47,359

as as important

1295

00:48:50,309 --> 00:48:48,480

right

1296

00:48:52,150 --> 00:48:50,319

yeah well

1297

00:48:55,390 --> 00:48:52,160

to me too like that the kicker is that

1298

00:48:59,829 --> 00:48:55,400

they have the directive okay

1299

00:49:02,309 --> 00:48:59,839

452.1 march 25th 1948 that comes out and

1300

00:49:04,150 --> 00:49:02,319

it's all over blue book reports it's the

1301
00:49:06,309 --> 00:49:04,160
directive to investigate unconventional

1302
00:49:07,589 --> 00:49:06,319
aircraft yeah why do they make that they

1303
00:49:08,870 --> 00:49:07,599
have a reason

1304
00:49:09,750 --> 00:49:08,880
we had a reason

1305
00:49:12,790 --> 00:49:09,760
and

1306
00:49:15,990 --> 00:49:12,800
another little twist i got on

1307
00:49:17,190 --> 00:49:16,000
a very well respected and i respect him

1308
00:49:20,870 --> 00:49:17,200
too is uh

1309
00:49:23,829 --> 00:49:20,880
from the old schools uh dr mike swartz

1310
00:49:27,270 --> 00:49:23,839
yes we used to swear

1311
00:49:29,670 --> 00:49:27,280
and i sent him a very disjointed i can

1312
00:49:31,030 --> 00:49:29,680
be disjointed when i'm writing sometimes

1313
00:49:32,309 --> 00:49:31,040

and

1314

00:49:34,549 --> 00:49:32,319

it

1315

00:49:36,950 --> 00:49:34,559

he didn't take kylie to my

1316

00:49:38,630 --> 00:49:36,960

believing in aztec it didn't seem like

1317

00:49:40,790 --> 00:49:38,640

and and i know that's because there's a

1318

00:49:42,150 --> 00:49:40,800

lot of bad blood between the

1319

00:49:43,990 --> 00:49:42,160

the uh

1320

00:49:45,270 --> 00:49:44,000

you know ramsay team and some of the

1321

00:49:47,190 --> 00:49:45,280

other

1322

00:49:48,710 --> 00:49:47,200

old ufo people

1323

00:49:51,270 --> 00:49:48,720

uh

1324

00:49:54,230 --> 00:49:51,280

not old ufo people older crowd of the

1325

00:49:55,270 --> 00:49:54,240

older history of them sure

1326

00:50:00,790 --> 00:49:55,280

and

1327

00:50:02,549 --> 00:50:00,800

got to try hard not to take sides

1328

00:50:03,750 --> 00:50:02,559

because i but i love the ramsey's in

1329

00:50:05,589 --> 00:50:03,760

their team i've gotten to know them

1330

00:50:07,750 --> 00:50:05,599

pretty well never met him in person but

1331

00:50:09,270 --> 00:50:07,760

we've talked for years now and on the

1332

00:50:10,870 --> 00:50:09,280

phone it's kind of like you and me i

1333

00:50:12,790 --> 00:50:10,880

mean i i consider you a pretty good

1334

00:50:15,430 --> 00:50:12,800

friend but we have yet we have never met

1335

00:50:17,270 --> 00:50:15,440

each other in person yeah

1336

00:50:18,710 --> 00:50:17,280

yeah

1337

00:50:21,190 --> 00:50:18,720

it can't be

1338

00:50:22,950 --> 00:50:21,200

avoided that there are massive numbers

1339

00:50:24,069 --> 00:50:22,960

and growing every day more that i look

1340

00:50:25,589 --> 00:50:24,079

into this

1341

00:50:26,790 --> 00:50:25,599

that something weird happened on that

1342

00:50:28,069 --> 00:50:26,800

morning

1343

00:50:30,549 --> 00:50:28,079

and

1344

00:50:32,470 --> 00:50:30,559

i just like i said i have a hard time

1345

00:50:34,309 --> 00:50:32,480

disassociating the date these people

1346

00:50:37,430 --> 00:50:34,319

have come up with for the date that

1347

00:50:39,750 --> 00:50:37,440

saucer landed on the mesa yeah and

1348

00:50:41,270 --> 00:50:39,760

the fact that i i can now confirm yes

1349

00:50:43,430 --> 00:50:41,280

something really big did happen that

1350

00:50:47,349 --> 00:50:43,440

morning and it was so big they declared

1351

00:50:48,950 --> 00:50:47,359

an emergency over it right um

1352

00:50:51,670 --> 00:50:48,960

you know it's interesting too general

1353

00:50:52,829 --> 00:50:51,680

vandenberg and general they they didn't

1354

00:50:54,790 --> 00:50:52,839

see eye to

1355

00:50:55,910 --> 00:50:54,800

eye and it's interesting that general

1356

00:50:57,510 --> 00:50:55,920

spots

1357

00:50:59,109 --> 00:50:57,520

he got the job as chief of staff of the

1358

00:51:01,670 --> 00:50:59,119

air force because he promised general

1359

00:51:03,349 --> 00:51:01,680

arnold half arnold that he would because

1360

00:51:04,630 --> 00:51:03,359

the biggest thing going at the end of

1361

00:51:06,870 --> 00:51:04,640

the war was

1362

00:51:08,549 --> 00:51:06,880

we need a separate air force we need a

1363

00:51:11,109 --> 00:51:08,559

totally separate air force

1364

00:51:12,950 --> 00:51:11,119

that's not part of the army and so that

1365

00:51:14,390 --> 00:51:12,960

was pretty much agreed upon and it was

1366

00:51:15,910 --> 00:51:14,400

spot's job

1367

00:51:18,630 --> 00:51:15,920

to get that done

1368

00:51:20,230 --> 00:51:18,640

so he gets that done and on april 1st he

1369

00:51:22,790 --> 00:51:20,240

retires

1370

00:51:24,870 --> 00:51:22,800

and vanderberg takes over and what's the

1371

00:51:27,430 --> 00:51:24,880

first thing vanderberg did

1372

00:51:28,390 --> 00:51:27,440

he he dissolved the emergency

1373

00:51:29,430 --> 00:51:28,400

wow

1374

00:51:31,030 --> 00:51:29,440

yeah

1375

00:51:34,230 --> 00:51:31,040

that is interesting

1376

00:51:36,950 --> 00:51:34,240

and he's apparently a part of the

1377

00:51:38,630 --> 00:51:36,960

majestic 12.

1378

00:51:39,829 --> 00:51:38,640

you know i think you could agree with me

1379

00:51:42,390 --> 00:51:39,839

you know

1380

00:51:45,589 --> 00:51:42,400

as far as if there's an mj12 type group

1381

00:51:47,349 --> 00:51:45,599

it's got to be closely tied to the army

1382

00:51:51,589 --> 00:51:47,359

yeah and and what we've found out with

1383

00:51:53,589 --> 00:51:51,599

this 450 2.1 and a 1917 thing

1384

00:51:56,309 --> 00:51:53,599

because there's got to be a bunch of

1385

00:51:59,030 --> 00:51:56,319

files on that that aren't in blue book

1386

00:52:01,750 --> 00:51:59,040

that are all in the army id files or you

1387

00:52:04,390 --> 00:52:01,760

know sometimes well recently i've i've

1388

00:52:06,870 --> 00:52:04,400

had a hunch that the caa has a lot more

1389

00:52:09,670 --> 00:52:06,880

to do with this than we think because as

1390

00:52:11,910 --> 00:52:09,680

i tried to portray in that uh robertson

1391

00:52:14,470 --> 00:52:11,920

panel and i've found a couple more

1392

00:52:15,829 --> 00:52:14,480

documents to back up the point

1393

00:52:17,829 --> 00:52:15,839

is that

1394

00:52:20,309 --> 00:52:17,839

the robertson panel was put together by

1395

00:52:23,109 --> 00:52:20,319

the cia and what came out of that was a

1396

00:52:26,390 --> 00:52:23,119

debunking program um that the air force

1397

00:52:30,230 --> 00:52:26,400

was supposed to carry out and a month or

1398

00:52:32,309 --> 00:52:30,240

two months later in may 1953

1399

00:52:34,870 --> 00:52:32,319

it's they have a couple documents that

1400

00:52:35,990 --> 00:52:34,880

talk about how the cia

1401
00:52:37,109 --> 00:52:36,000
is now

1402
00:52:41,910 --> 00:52:37,119
uh

1403
00:52:45,030 --> 00:52:41,920
that goes in the

1404
00:52:47,270 --> 00:52:45,040
the physics and applied science division

1405
00:52:49,349 --> 00:52:47,280
and so another document i haven't been

1406
00:52:50,710 --> 00:52:49,359
able i found after the video because

1407
00:52:54,069 --> 00:52:50,720
that's how it always works right you

1408
00:52:57,109 --> 00:52:54,079
find more stuff after you do the job

1409
00:52:58,470 --> 00:52:57,119
but but this one says that uh the air

1410
00:53:01,190 --> 00:52:58,480
force

1411
00:53:03,190 --> 00:53:01,200
uh maintains the community

1412
00:53:09,510 --> 00:53:03,200
responsibility

1413
00:53:12,309 --> 00:53:09,520

and if it's um a

1414

00:53:14,470 --> 00:53:12,319

natural or aerial phenomenon it goes to

1415

00:53:18,710 --> 00:53:14,480

the cia physics

1416

00:53:20,710 --> 00:53:18,720

department but if it's a hardware

1417

00:53:22,549 --> 00:53:20,720

uh thing it goes to their applied

1418

00:53:24,870 --> 00:53:22,559

science division

1419

00:53:26,390 --> 00:53:24,880

so to me if there's

1420

00:53:28,950 --> 00:53:26,400

you know people say well why aren't

1421

00:53:32,790 --> 00:53:28,960

there any i've said this to you like

1422

00:53:34,150 --> 00:53:32,800

i've read 700 some new mexico ufo

1423

00:53:37,910 --> 00:53:34,160

documents

1424

00:53:40,829 --> 00:53:37,920

nothing on an aztec but in that document

1425

00:53:45,510 --> 00:53:40,839

also says that they are to

1426

00:53:48,390 --> 00:53:45,520

um take over ownership of specific

1427

00:53:49,270 --> 00:53:48,400

uh ufo files

1428

00:53:53,030 --> 00:53:49,280

you know

1429

00:53:54,710 --> 00:53:53,040

so if they're going to the applied

1430

00:53:56,870 --> 00:53:54,720

applied science and physics department

1431

00:54:00,230 --> 00:53:56,880

these ufo things said the cia they're

1432

00:54:02,790 --> 00:54:00,240

supposed to take over certain files

1433

00:54:04,870 --> 00:54:02,800

well if there's a crash craft

1434

00:54:08,950 --> 00:54:04,880

and they're going to be studying it

1435

00:54:14,230 --> 00:54:11,910

you know interesting too because

1436

00:54:16,390 --> 00:54:14,240

we see uh and i'm i'm sure you've seen

1437

00:54:19,589 --> 00:54:16,400

glimpses of it already too is

1438

00:54:21,910 --> 00:54:19,599

rosco helen cutter it's very interesting

1439

00:54:22,870 --> 00:54:21,920

to contemplate what he knew

1440

00:54:25,670 --> 00:54:22,880

because

1441

00:54:26,630 --> 00:54:25,680

it almost seems to me

1442

00:54:29,430 --> 00:54:26,640

like

1443

00:54:31,510 --> 00:54:29,440

far from being mj1

1444

00:54:32,470 --> 00:54:31,520

he was like more out of the loop at the

1445

00:54:33,430 --> 00:54:32,480

beginning

1446

00:54:35,750 --> 00:54:33,440

because

1447

00:54:36,870 --> 00:54:35,760

there are countless files while he's

1448

00:54:39,270 --> 00:54:36,880

director

1449

00:54:40,870 --> 00:54:39,280

where he is at odds with the army

1450

00:54:42,710 --> 00:54:40,880

intelligence division

1451
00:54:44,230 --> 00:54:42,720
over information that's being withheld

1452
00:54:45,829 --> 00:54:44,240
from him and he keeps asking him about

1453
00:54:47,750 --> 00:54:45,839
it he keeps asking about him

1454
00:54:50,309 --> 00:54:47,760
that does not change

1455
00:54:51,670 --> 00:54:50,319
until helen cutter is post he's removed

1456
00:54:53,910 --> 00:54:51,680
from his post

1457
00:54:57,670 --> 00:54:53,920
given a ship directors have to go over

1458
00:55:00,470 --> 00:54:57,680
in in korea right and how an army

1459
00:55:02,549 --> 00:55:00,480
officer takes over the cie uh general

1460
00:55:04,630 --> 00:55:02,559
walter beetle smith right very

1461
00:55:05,910 --> 00:55:04,640
interesting and so that's when all the

1462
00:55:08,950 --> 00:55:05,920
stuff you're trying that's when this all

1463
00:55:11,910 --> 00:55:08,960

starts when walter smith takes over

1464

00:55:13,270 --> 00:55:11,920

so they needed somebody on the inside

1465

00:55:15,349 --> 00:55:13,280

army

1466

00:55:16,710 --> 00:55:15,359

that had the secrets i mean this is me

1467

00:55:18,789 --> 00:55:16,720

talking but this is what it looked like

1468

00:55:20,950 --> 00:55:18,799

to me the army's controlling these

1469

00:55:23,430 --> 00:55:20,960

secrets like the crashes and stuff and

1470

00:55:25,349 --> 00:55:23,440

so helen carter's getting close so they

1471

00:55:26,789 --> 00:55:25,359

got to remove him

1472

00:55:29,910 --> 00:55:26,799

so helen cutter is removed from the

1473

00:55:31,910 --> 00:55:29,920

scene and an army general takes over and

1474

00:55:34,069 --> 00:55:31,920

what's the first thing first couple

1475

00:55:36,390 --> 00:55:34,079

steps they do robertson committees like

1476

00:55:38,150 --> 00:55:36,400

one of the first yeah the whole

1477

00:55:41,910 --> 00:55:38,160

direction changes

1478

00:55:44,549 --> 00:55:41,920

and he's the one that actually

1479

00:55:48,230 --> 00:55:44,559

pretty much uh bedell smith or walter

1480

00:55:51,589 --> 00:55:48,240

smith right that's his name um

1481

00:55:54,789 --> 00:55:51,599

i posted this on

1482

00:55:57,109 --> 00:55:54,799

um twitter of course uh but

1483

00:56:00,230 --> 00:55:57,119

and i don't have the document uh handy

1484

00:56:03,829 --> 00:56:00,240

right now but he basically says

1485

00:56:06,950 --> 00:56:03,839

that the phenomenon are real

1486

00:56:09,910 --> 00:56:06,960

and they he suggests that they start

1487

00:56:12,789 --> 00:56:09,920

studying it for potential offensive and

1488

00:56:15,109 --> 00:56:12,799

defensive psychological warfare

1489

00:56:16,470 --> 00:56:15,119

like opportunities

1490

00:56:19,349 --> 00:56:16,480

it sticks like that's all they care

1491

00:56:22,470 --> 00:56:19,359

about is psyops yeah mm-hmm

1492

00:56:24,870 --> 00:56:22,480

that's i i agree that is another strange

1493

00:56:28,069 --> 00:56:24,880

suspicious twist in the story but why

1494

00:56:30,710 --> 00:56:28,079

would if they were aware of something

1495

00:56:32,950 --> 00:56:30,720

else acquired they so consumed with

1496

00:56:35,510 --> 00:56:32,960

including hillen cotter though he was

1497

00:56:37,910 --> 00:56:35,520

the guy that started project bluebird

1498

00:56:39,030 --> 00:56:37,920

which was one of the early mind control

1499

00:56:40,470 --> 00:56:39,040

programs

1500

00:56:43,349 --> 00:56:40,480

although i don't think you could

1501
00:56:45,349 --> 00:56:43,359
consider it a minecraft it was more like

1502
00:56:47,190 --> 00:56:45,359
if he was aware of

1503
00:56:48,630 --> 00:56:47,200
abductions at that point you could say

1504
00:56:50,150 --> 00:56:48,640
maybe they were trying to figure out if

1505
00:56:52,230 --> 00:56:50,160
it was really true the aliens could

1506
00:56:53,589 --> 00:56:52,240
erase your memory because that's what

1507
00:56:55,030 --> 00:56:53,599
they were trying to do see if they could

1508
00:56:56,710 --> 00:56:55,040
selectively

1509
00:56:59,030 --> 00:56:56,720
erase your memory so you wouldn't

1510
00:57:00,549 --> 00:56:59,040
remember something you know it's kind of

1511
00:57:05,670 --> 00:57:00,559
uh

1512
00:57:08,069 --> 00:57:05,680
unfortunate is kind of going back to

1513
00:57:10,549 --> 00:57:08,079

what i was saying about you know certain

1514

00:57:12,069 --> 00:57:10,559

ufo files being in the cia and they're

1515

00:57:14,390 --> 00:57:12,079

in their basically their research

1516

00:57:16,789 --> 00:57:14,400

department osi office of scientific

1517

00:57:20,390 --> 00:57:16,799

intelligence and you find this document

1518

00:57:22,870 --> 00:57:20,400

here from 1956 february 9th

1519

00:57:24,390 --> 00:57:22,880

memorandum for uh office

1520

00:57:26,950 --> 00:57:24,400

responsibilities for non-conventional

1521

00:57:29,750 --> 00:57:26,960

types of air vehicles

1522

00:57:32,390 --> 00:57:29,760

and you scroll down well first of all it

1523

00:57:35,589 --> 00:57:32,400

says files will be maintained in asd

1524

00:57:38,069 --> 00:57:35,599

i don't know what that means asd

1525

00:57:39,750 --> 00:57:38,079

but in oncoming raw reports where in our

1526
00:57:41,589 --> 00:57:39,760
judgment the subject matter may provide

1527
00:57:43,670 --> 00:57:41,599
information bearing on foreign weapons

1528
00:57:45,670 --> 00:57:43,680
systems research or development

1529
00:57:47,670 --> 00:57:45,680
very interesting because the foreign

1530
00:57:52,309 --> 00:57:47,680
technology division as we know

1531
00:57:53,750 --> 00:57:52,319
investigated ufos foreign foreign

1532
00:57:55,190 --> 00:57:53,760
but then we go down here subject

1533
00:57:56,710 --> 00:57:55,200
responsibility

1534
00:58:00,549 --> 00:57:56,720
to

1535
00:58:05,030 --> 00:58:02,630
it has been recommended that the raw

1536
00:58:08,950 --> 00:58:05,040
intelligence and the obsolete finished

1537
00:58:10,789 --> 00:58:08,960
reports on ufo now filed and as i said

1538
00:58:12,390 --> 00:58:10,799

electronics division

1539

00:58:17,190 --> 00:58:12,400
which this is four years later than

1540

00:58:21,910 --> 00:58:20,470
isn't that interesting that sucks

1541

00:58:22,870 --> 00:58:21,920
and they shouldn't be destroying

1542

00:58:24,630 --> 00:58:22,880
anything

1543

00:58:26,950 --> 00:58:24,640
no

1544

00:58:29,030 --> 00:58:26,960
be destroyed why are they so interested

1545

00:58:32,390 --> 00:58:29,040
in getting rid of the evidence

1546

00:58:37,510 --> 00:58:34,470
so they can say we don't have any

1547

00:58:39,670 --> 00:58:37,520
yeah you think i think

1548

00:58:41,589 --> 00:58:39,680
when you looked at our files we didn't

1549

00:58:43,990 --> 00:58:41,599
find anything in the file there was a

1550

00:58:45,430 --> 00:58:44,000
ufo file but it was empty

1551

00:58:47,109 --> 00:58:45,440

there's nothing in it

1552

00:58:49,990 --> 00:58:47,119

yeah we we went straight to the

1553

00:58:51,670 --> 00:58:50,000

electronics division as you suggested

1554

00:58:53,430 --> 00:58:51,680

there's nothing there in fact there is

1555

00:58:56,549 --> 00:58:53,440

no electrons

1556

00:58:59,349 --> 00:58:56,559

yeah so that that's pretty irritating so

1557

00:59:01,910 --> 00:58:59,359

because obviously i mean i find out my

1558

00:59:04,630 --> 00:59:01,920

studies that cia office scientific

1559

00:59:07,510 --> 00:59:04,640

intelligence takes over a lot of the ufo

1560

00:59:09,589 --> 00:59:07,520

stuff for research uh purposes

1561

00:59:11,510 --> 00:59:09,599

and to find out four years later that

1562

00:59:13,030 --> 00:59:11,520

they destroyed the files you know or at

1563

00:59:13,910 --> 00:59:13,040

least they wrote that

1564

00:59:15,430 --> 00:59:13,920

you know

1565

00:59:17,030 --> 00:59:15,440

if they did or not who knows they could

1566

00:59:18,470 --> 00:59:17,040

have just wrote that you know because

1567

00:59:21,349 --> 00:59:18,480

they think somebody will see it and they

1568

00:59:22,870 --> 00:59:21,359

won't even ask now or something but

1569

00:59:25,510 --> 00:59:22,880

i don't know who knows those

1570

00:59:27,829 --> 00:59:25,520

psychological warfare doofuses

1571

00:59:29,030 --> 00:59:27,839

perhaps people they're crazy

1572

00:59:30,630 --> 00:59:29,040

yeah

1573

00:59:32,870 --> 00:59:30,640

you know if there was somebody in the

1574

00:59:35,829 --> 00:59:32,880

anybody in the chat if there's anything

1575

00:59:37,510 --> 00:59:35,839

in the chat that has access and time and

1576

00:59:39,270 --> 00:59:37,520

the ability to go to the archives

1577

00:59:41,190 --> 00:59:39,280

archives 2

1578

00:59:42,789 --> 00:59:41,200

i can't i've been in contact with them

1579

00:59:44,870 --> 00:59:42,799

and i know the files on the army

1580

00:59:45,670 --> 00:59:44,880

intelligence divisions intelligence

1581

00:59:47,910 --> 00:59:45,680

group

1582

00:59:49,349 --> 00:59:47,920

who was the ones in charge of this who

1583

00:59:51,910 --> 00:59:49,359

would have been in charge of the crash

1584

00:59:53,109 --> 00:59:51,920

stuff including march 25th they have the

1585

00:59:55,109 --> 00:59:53,119

files there

1586

00:59:57,430 --> 00:59:55,119

but you got to go there physically in

1587

00:59:58,630 --> 00:59:57,440

order to get anything they won't send it

1588

01:00:02,390 --> 00:59:58,640

through the mail

1589

01:00:04,630 --> 01:00:02,400

or via email oh man i gotta go

1590

01:00:05,990 --> 01:00:04,640

so there are files there i know there

1591

01:00:07,430 --> 01:00:06,000

are we need the files on the

1592

01:00:09,430 --> 01:00:07,440

intelligence group that was controlled

1593

01:00:11,430 --> 01:00:09,440

by colonel riley ennis

1594

01:00:13,069 --> 01:00:11,440

and that is gonna tell us

1595

01:00:17,270 --> 01:00:13,079

uh there's that's probably where the

1596

01:00:18,950 --> 01:00:17,280

452.1 and 80 1970 stuff could be i'm

1597

01:00:20,230 --> 01:00:18,960

going

1598

01:00:25,190 --> 01:00:20,240

it's settled

1599

01:00:26,870 --> 01:00:25,200

someone's going to go someone's got to

1600

01:00:28,789 --> 01:00:26,880

do it if we're going to get any deeper

1601

01:00:30,309 --> 01:00:28,799

into this somebody's got to do that

1602

01:00:31,750 --> 01:00:30,319

because we need to know what the army

1603

01:00:35,750 --> 01:00:31,760

intelligence division

1604

01:00:38,630 --> 01:00:35,760

knew about unconventional aircraft yeah

1605

01:00:44,390 --> 01:00:38,640

but 50 years later i'm like march 25th

1606

01:00:48,710 --> 01:00:46,309

yes but uh i'll go i'll go to the

1607

01:00:50,390 --> 01:00:48,720

frickin archives i should throw some

1608

01:00:54,470 --> 01:00:50,400

sort of fundraiser maybe so my wife

1609

01:00:58,309 --> 01:00:56,390

keep in touch with it as that has that

1610

01:01:00,549 --> 01:00:58,319

unfolded it would be really cool yeah

1611

01:01:02,309 --> 01:01:00,559

but i want to do that so and i've just

1612

01:01:04,710 --> 01:01:02,319

wanted to go to the archives again

1613

01:01:06,309 --> 01:01:04,720

anyways or not again but you know

1614

01:01:08,630 --> 01:01:06,319

actually go there for the first time and

1615

01:01:10,789 --> 01:01:08,640

see some of these files in person

1616

01:01:13,670 --> 01:01:10,799

yeah i was able to visit it years ago

1617

01:01:15,829 --> 01:01:13,680

one time it's an amazing place do they

1618

01:01:17,430 --> 01:01:15,839

have you know sometimes i i show those

1619

01:01:19,030 --> 01:01:17,440

pictures from foreign technology

1620

01:01:20,950 --> 01:01:19,040

division do they do you think they have

1621

01:01:22,309 --> 01:01:20,960

those like the original color versions

1622

01:01:25,270 --> 01:01:22,319

or anything

1623

01:01:27,670 --> 01:01:25,280

well i don't they uh what the [h__\h]

1624

01:01:29,670 --> 01:01:27,680

yeah i think that is their files you're

1625

01:01:31,670 --> 01:01:29,680

getting direct access to the archives

1626
01:01:33,349 --> 01:01:31,680
yeah and i think that would so whatever

1627
01:01:35,430 --> 01:01:33,359
you find physically

1628
01:01:36,950 --> 01:01:35,440
if we were going to find more stuff like

1629
01:01:38,390 --> 01:01:36,960
that which you're getting i think we

1630
01:01:40,230 --> 01:01:38,400
would have to look into the files of the

1631
01:01:41,589 --> 01:01:40,240
director of intelligence

1632
01:01:42,870 --> 01:01:41,599
uh during some of these periods because

1633
01:01:45,030 --> 01:01:42,880
i know

1634
01:01:46,390 --> 01:01:45,040
they uh there were definitely inquiries

1635
01:01:49,510 --> 01:01:46,400
you can read in the blue book files

1636
01:01:52,150 --> 01:01:49,520
where whether it was forney or

1637
01:01:54,710 --> 01:01:52,160
or uh repelt or some they were looking

1638
01:01:55,510 --> 01:01:54,720

for something right and they found out

1639

01:01:57,430 --> 01:01:55,520

that

1640

01:01:58,710 --> 01:01:57,440

all these files were missing and they

1641

01:02:01,029 --> 01:01:58,720

were right because they were with the

1642

01:02:03,750 --> 01:02:01,039

director of intelligence and he had a he

1643

01:02:07,510 --> 01:02:03,760

had his own files on it so probably

1644

01:02:09,029 --> 01:02:07,520

there too these people bogart files huh

1645

01:02:11,430 --> 01:02:09,039

it's just it's a common thing right

1646

01:02:13,990 --> 01:02:11,440

you're in charge of a secret yeah thing

1647

01:02:15,349 --> 01:02:14,000

and what's you're gonna make everything

1648

01:02:17,750 --> 01:02:15,359

what they didn't have internet they

1649

01:02:21,190 --> 01:02:17,760

couldn't share a google drive folder

1650

01:02:23,430 --> 01:02:21,200

what that's wrong with these people

1651
01:02:25,430 --> 01:02:23,440
man i would just love to be able to have

1652
01:02:26,789 --> 01:02:25,440
a week at the archives to go through all

1653
01:02:28,870 --> 01:02:26,799
this stuff

1654
01:02:30,710 --> 01:02:28,880
yeah i would do it i would just i would

1655
01:02:32,390 --> 01:02:30,720
say as long as i was allowed to stay and

1656
01:02:34,870 --> 01:02:32,400
i would just get they'd kick your ass

1657
01:02:36,870 --> 01:02:34,880
out mr gopher uh your wife's calling

1658
01:02:38,309 --> 01:02:36,880
again she expects you home soon i'm

1659
01:02:39,990 --> 01:02:38,319
gonna make mcdonald's wrong we'll be

1660
01:02:42,069 --> 01:02:40,000
right back

1661
01:02:45,109 --> 01:02:42,079
this guy's getting this greasy paws all

1662
01:02:49,349 --> 01:02:47,430
girl your white gloves

1663
01:02:51,190 --> 01:02:49,359

all right sir well i had a great time

1664

01:02:53,670 --> 01:02:51,200

talking with you oh me too it's good to

1665

01:02:56,470 --> 01:02:53,680

talk with you again yeah you too uh and

1666

01:02:59,910 --> 01:02:56,480

we will do it again um anything you want

1667

01:03:02,549 --> 01:02:59,920

to leave us with you know whether it be

1668

01:03:04,630 --> 01:03:02,559

you know an advice for new ufo

1669

01:03:07,029 --> 01:03:04,640

researchers or something you want to get

1670

01:03:08,230 --> 01:03:07,039

off your chest anything at all

1671

01:03:10,150 --> 01:03:08,240

um

1672

01:03:11,990 --> 01:03:10,160

i just i'm like everybody else i'm

1673

01:03:13,990 --> 01:03:12,000

seeing what's going on

1674

01:03:16,870 --> 01:03:14,000

and i'm trying really hard not to get

1675

01:03:18,470 --> 01:03:16,880

excited about it because we've the rug

1676
01:03:20,710 --> 01:03:18,480
has been pulled out from under us so

1677
01:03:22,870 --> 01:03:20,720
many times by

1678
01:03:24,390 --> 01:03:22,880
the left hand and the right hand not

1679
01:03:26,710 --> 01:03:24,400
working together

1680
01:03:30,309 --> 01:03:26,720
and we're still seeing that so i don't

1681
01:03:33,349 --> 01:03:30,319
know but it is true that these different

1682
01:03:35,589 --> 01:03:33,359
faculties are helping to smooth out

1683
01:03:36,549 --> 01:03:35,599
the rough edges if nothing else

1684
01:03:37,990 --> 01:03:36,559
and

1685
01:03:39,589 --> 01:03:38,000
the next step would be to be able to

1686
01:03:41,349 --> 01:03:39,599
have as many

1687
01:03:44,069 --> 01:03:41,359
military people as

1688
01:03:46,710 --> 01:03:44,079

they want as they personally would want

1689

01:03:49,190 --> 01:03:46,720

should be allowed to testify somehow

1690

01:03:50,309 --> 01:03:49,200

so we can build up a huge dossier of all

1691

01:03:54,069 --> 01:03:50,319

their

1692

01:03:55,589 --> 01:03:54,079

and then all of the files including the

1693

01:03:57,430 --> 01:03:55,599

old blue book buzz and all this so they

1694

01:03:59,670 --> 01:03:57,440

should all be pulled together

1695

01:04:02,150 --> 01:03:59,680

and put into a place where like the

1696

01:04:03,990 --> 01:04:02,160

archives but a special archives where

1697

01:04:06,150 --> 01:04:04,000

everybody is welcome to go visit and

1698

01:04:07,829 --> 01:04:06,160

research anytime they want yeah and

1699

01:04:09,910 --> 01:04:07,839

study anything they want i think that's

1700

01:04:11,190 --> 01:04:09,920

the way it should be all

1701

01:04:13,510 --> 01:04:11,200

should be all

1702

01:04:15,829 --> 01:04:13,520

housed in a single place unless it's

1703

01:04:17,349 --> 01:04:15,839

military stuff that are there's going to

1704

01:04:18,950 --> 01:04:17,359

be stuff they can't

1705

01:04:21,990 --> 01:04:18,960

share but

1706

01:04:24,470 --> 01:04:22,000

a lot of it is shareable and

1707

01:04:26,710 --> 01:04:24,480

it should be given to researchers to

1708

01:04:28,069 --> 01:04:26,720

to ponder and continue

1709

01:04:29,670 --> 01:04:28,079

right uh

1710

01:04:30,390 --> 01:04:29,680

you know that song

1711

01:04:31,829 --> 01:04:30,400

because

1712

01:04:32,610 --> 01:04:31,839

unfortunately we're the only ones

1713

01:04:34,470 --> 01:04:32,620

willing to do it

1714

01:04:35,990 --> 01:04:34,480

[Laughter]

1715

01:04:38,069 --> 01:04:36,000
