

**MILABS &
The Working Group
MELINDA LESLIE**

1
00:00:05,720 --> 00:00:21,109

[Music]

2
00:00:25,670 --> 00:00:23,269

what's up everybody happy thursday it's

3
00:00:27,830 --> 00:00:25,680

5 p.m central standard time

4
00:00:30,550 --> 00:00:27,840

and we have a very special guest melinda

5
00:00:33,110 --> 00:00:30,560

leslie today now she researches a whole

6
00:00:35,510 --> 00:00:33,120

lot of different topics

7
00:00:38,950 --> 00:00:35,520

but today i thought we could

8
00:00:40,790 --> 00:00:38,960

maybe hone in on a couple of those

9
00:00:42,869 --> 00:00:40,800

my labs military

10
00:00:45,750 --> 00:00:42,879

abduction so to speak

11
00:00:48,229 --> 00:00:45,760

and uh the working group a couple pieces

12
00:00:51,029 --> 00:00:48,239

uh that she focuses on

13
00:00:52,150 --> 00:00:51,039

for her research now until she gets here

14

00:00:55,510 --> 00:00:52,160

um

15

00:00:58,549 --> 00:00:55,520

i figured i could maybe talk about

16

00:01:02,150 --> 00:00:58,559

this whole um

17

00:01:04,789 --> 00:01:02,160

uh drone ufo pyramid scenario around the

18

00:01:06,469 --> 00:01:04,799

us navy ships in 2019

19

00:01:08,469 --> 00:01:06,479

now the drive's coming out with articles

20

00:01:10,390 --> 00:01:08,479

that are um

21

00:01:12,390 --> 00:01:10,400

where they're using the information that

22

00:01:14,870 --> 00:01:12,400

pretty much came from

23

00:01:17,030 --> 00:01:14,880

uh the government that that uh you know

24

00:01:19,830 --> 00:01:17,040

flat out says that these things are

25

00:01:21,590 --> 00:01:19,840

are uas or uav or drones and they

26

00:01:23,910 --> 00:01:21,600

release some videos

27

00:01:28,630 --> 00:01:23,920

uh recently which you know of course

28

00:01:30,310 --> 00:01:28,640

like most ufo videos leave a bit um

29

00:01:31,830 --> 00:01:30,320

you know to be desired so to speak

30

00:01:34,870 --> 00:01:31,840

they're they're nothing spectacular

31

00:01:36,870 --> 00:01:34,880

they're just like ufo videos

32

00:01:40,550 --> 00:01:36,880

they're they're blurry so you can kind

33

00:01:42,149 --> 00:01:40,560

of say that they probably are ufos

34

00:01:43,429 --> 00:01:42,159

in that regard right

35

00:01:45,270 --> 00:01:43,439

um but

36

00:01:46,230 --> 00:01:45,280

there's a whole lot of back and forth on

37

00:01:50,230 --> 00:01:46,240

uh

38

00:01:52,310 --> 00:01:50,240

moultrie said that they're

39

00:01:53,830 --> 00:01:52,320

that they're uas so that's what they are

40

00:01:55,030 --> 00:01:53,840

at the at the congressional hearings

41

00:01:57,429 --> 00:01:55,040

they said that

42

00:01:59,749 --> 00:01:57,439

and these uh this drive article comes

43

00:02:02,310 --> 00:02:01,109

and

44

00:02:04,230 --> 00:02:02,320

you know

45

00:02:05,990 --> 00:02:04,240

so that's what it is

46

00:02:07,030 --> 00:02:06,000

you know they're they're not ufos case

47

00:02:08,949 --> 00:02:07,040

closed

48

00:02:12,710 --> 00:02:08,959

but

49

00:02:15,350 --> 00:02:12,720

you know my take on this is

50

00:02:17,510 --> 00:02:15,360

and i know this happened in 1953 but

51
00:02:19,830 --> 00:02:17,520
i'll keep saying it is the robertson

52
00:02:22,470 --> 00:02:19,840
panel the robertson panel their main

53
00:02:25,750 --> 00:02:22,480
objective was to debunk

54
00:02:28,229 --> 00:02:25,760
uh ufos to make people feel like idiots

55
00:02:31,270 --> 00:02:28,239
if they reported to ufo

56
00:02:35,670 --> 00:02:31,280
to make people seem crazy if they talked

57
00:02:40,550 --> 00:02:37,190
and that stigma

58
00:02:43,030 --> 00:02:40,560
that that plan was very effective

59
00:02:46,309 --> 00:02:43,040
you know to to the point where they

60
00:02:47,110 --> 00:02:46,319
successfully made it a taboo

61
00:02:48,390 --> 00:02:47,120
uh

62
00:02:54,070 --> 00:02:48,400
subject

63
00:02:57,110 --> 00:02:54,080

you know and here we are in 2022

64

00:03:00,470 --> 00:02:57,120

uh with these

65

00:03:03,190 --> 00:03:00,480

these uh stories about uh the 2019 ships

66

00:03:04,869 --> 00:03:03,200

and the drone swarms or ufo swarms

67

00:03:06,949 --> 00:03:04,879

whatever you want to call it

68

00:03:08,869 --> 00:03:06,959

and they're giving us information the

69

00:03:10,790 --> 00:03:08,879

government is to

70

00:03:13,509 --> 00:03:10,800

verify pretty much what they're saying

71

00:03:18,390 --> 00:03:13,519

which is prosaic these things are prozac

72

00:03:22,149 --> 00:03:18,400

here's my thing even if that is true

73

00:03:28,070 --> 00:03:25,190

i'll never believe it i'll never believe

74

00:03:29,030 --> 00:03:28,080

it unless they show me

75

00:03:31,270 --> 00:03:29,040

unless

76
00:03:34,550 --> 00:03:31,280
they somehow teleport me back in time

77
00:03:36,630 --> 00:03:34,560
and put me there and i see it for myself

78
00:03:37,509 --> 00:03:36,640
and it's not because they are ufos or

79
00:03:42,869 --> 00:03:37,519
because

80
00:03:45,509 --> 00:03:42,879
they've muddied the water so much over

81
00:03:47,990 --> 00:03:45,519
the past few decades that i really have

82
00:03:51,830 --> 00:03:48,000
a hard time believing anything that they

83
00:03:59,350 --> 00:03:54,390
you know unless it's going to be

84
00:04:03,110 --> 00:04:00,949
and now they made their bed and they're

85
00:04:04,309 --> 00:04:03,120
lying in it and it's always going to be

86
00:04:08,070 --> 00:04:04,319
confused

87
00:04:10,229 --> 00:04:08,080
and it's not because of people like us

88
00:04:11,990 --> 00:04:10,239

trying to make something out of nothing

89

00:04:15,830 --> 00:04:12,000

it's because there's a real phenomenon

90

00:04:17,830 --> 00:04:15,840

that they've admitted to

91

00:04:21,990 --> 00:04:17,840

and have debunked for decades ridiculed

92

00:04:26,310 --> 00:04:24,390

and now they expect us just to

93

00:04:29,590 --> 00:04:26,320

believe

94

00:04:30,870 --> 00:04:29,600

what they say you know

95

00:04:33,590 --> 00:04:30,880

no these are drones here look at the

96

00:04:34,950 --> 00:04:33,600

paperwork was here it is look at it

97

00:04:37,350 --> 00:04:34,960

don't you believe me

98

00:04:38,790 --> 00:04:37,360

frankly no i don't believe you

99

00:04:40,629 --> 00:04:38,800

but that doesn't mean

100

00:04:44,710 --> 00:04:40,639

that i just think they're their pyramids

101
00:04:47,830 --> 00:04:45,749
you know

102
00:04:49,670 --> 00:04:47,840
like we're in this scenario well you

103
00:04:51,270 --> 00:04:49,680
either believe jeremy corbell and

104
00:04:52,710 --> 00:04:51,280
georgian airport or you believe the

105
00:04:55,430 --> 00:04:52,720
government

106
00:04:57,909 --> 00:04:55,440
which one is it

107
00:05:02,550 --> 00:04:57,919
i don't have to pick

108
00:05:05,110 --> 00:05:02,560
believe them you know i'm watching the

109
00:05:10,070 --> 00:05:07,270
and to me it's like two people

110
00:05:12,390 --> 00:05:10,080
boxing in a ring

111
00:05:14,710 --> 00:05:12,400
corbel throws his punches and throws out

112
00:05:18,790 --> 00:05:14,720
his evidence the government comes out

113
00:05:20,070 --> 00:05:18,800

and and you know shows their evidence

114

00:05:22,950 --> 00:05:20,080

you know

115

00:05:25,590 --> 00:05:22,960

but neither of them are conclusive

116

00:05:28,870 --> 00:05:25,600

evidence to the viewer

117

00:05:32,070 --> 00:05:29,909

you know

118

00:05:33,670 --> 00:05:32,080

and both sides of this can talk all they

119

00:05:35,590 --> 00:05:33,680

want about

120

00:05:38,629 --> 00:05:35,600

you know you're

121

00:05:40,230 --> 00:05:38,639

you're not looking at the facts man

122

00:05:42,710 --> 00:05:40,240

or you're making this what you want it

123

00:05:44,390 --> 00:05:42,720

to be man i'm personally i'm not making

124

00:05:46,790 --> 00:05:44,400

it anything i'm just watching them both

125

00:05:50,870 --> 00:05:46,800

go at it with things that aren't

126

00:05:59,749 --> 00:05:54,070

you know and it's both on them to

127

00:05:59,759 --> 00:06:06,710

so

128

00:06:11,909 --> 00:06:08,469

you know it

129

00:06:14,710 --> 00:06:11,919

it kind of is what it is at this point

130

00:06:16,550 --> 00:06:14,720

and it's unfortunate

131

00:06:23,590 --> 00:06:16,560

that that's uh the kind of environment

132

00:06:23,600 --> 00:06:28,230

but that's what we're in

133

00:06:32,070 --> 00:06:30,390

and it's the dod's fault and it's the

134

00:06:36,230 --> 00:06:32,080

air force's fault

135

00:06:37,670 --> 00:06:36,240

we're getting these waters so muddy

136

00:06:40,469 --> 00:06:37,680

that people have

137

00:06:40,479 --> 00:06:45,830

you know deciphering fact from fiction

138

00:06:50,870 --> 00:06:48,150

you know and that's not fair and that's

139

00:06:52,870 --> 00:06:50,880

why they have to do something about it

140

00:06:55,029 --> 00:06:52,880

the government that is which is be

141

00:06:56,629 --> 00:06:55,039

truthful and how are they going to get

142

00:06:58,870 --> 00:06:56,639

people to

143

00:07:01,029 --> 00:06:58,880

you know even believe

144

00:07:07,350 --> 00:07:01,039

they are being truthful when they are

145

00:07:13,029 --> 00:07:11,270

that we have to deal with and it stinks

146

00:07:16,390 --> 00:07:13,039

but

147

00:07:18,710 --> 00:07:16,400

it is what it is

148

00:07:20,870 --> 00:07:18,720

you know so you do have to

149

00:07:23,350 --> 00:07:20,880

try to seek some personal truth and all

150

00:07:24,710 --> 00:07:23,360

this because both sides just try to pull

151
00:07:26,950 --> 00:07:24,720
you

152
00:07:28,710 --> 00:07:26,960
armed arm from arm they just try to pull

153
00:07:31,270 --> 00:07:28,720
you back and forth

154
00:07:32,950 --> 00:07:31,280
you know

155
00:07:35,909 --> 00:07:32,960
but in my opinion you can't let him do

156
00:07:39,270 --> 00:07:37,670
you know i hope jeremy corbell comes out

157
00:07:41,029 --> 00:07:39,280
with stuff that is more

158
00:07:43,670 --> 00:07:41,039
definitive

159
00:07:44,469 --> 00:07:43,680
you know whether it be witness testimony

160
00:07:49,110 --> 00:07:44,479
or

161
00:07:51,350 --> 00:07:49,120
thing as a pyramid

162
00:07:53,909 --> 00:07:51,360
saying this thing is a pyramid i saw

163
00:07:55,830 --> 00:07:53,919

pyramids

164

00:07:56,830 --> 00:07:55,840

you know

165

00:08:03,270 --> 00:07:56,840

that would be

166

00:08:06,790 --> 00:08:04,869

and because he hasn't doesn't mean i

167

00:08:09,270 --> 00:08:06,800

think don't think they were either i

168

00:08:11,749 --> 00:08:09,280

don't think anything either way

169

00:08:14,309 --> 00:08:11,759

i'm just watching the show

170

00:08:18,550 --> 00:08:14,319

while i look up documents

171

00:08:23,510 --> 00:08:20,790

that the

172

00:08:29,430 --> 00:08:25,830

the air force the fb heads

173

00:08:33,430 --> 00:08:31,110

because it's a real phenomenon that they

174

00:08:35,110 --> 00:08:33,440

didn't just they didn't and still don't

175

00:08:39,990 --> 00:08:35,120

i think

176
00:08:45,750 --> 00:08:43,110
now what i'm going to do is

177
00:08:47,750 --> 00:08:45,760
i think we have a little

178
00:08:49,990 --> 00:08:47,760
melinda has some sort of

179
00:08:53,509 --> 00:08:50,000
problem right now

180
00:08:55,590 --> 00:08:53,519
so what i'm going to do is put up those

181
00:08:57,030 --> 00:08:55,600
uh videos because you know it's

182
00:09:00,070 --> 00:08:57,040
something to do while i call her trying

183
00:09:06,630 --> 00:09:03,350
to be quite honest with you so

184
00:09:09,190 --> 00:09:06,640
um that's what i will do so hang tight

185
00:09:10,870 --> 00:09:09,200
with me and i'll play those videos for

186
00:09:12,310 --> 00:09:10,880
you

187
00:09:49,670 --> 00:09:12,320
while i try to see what's up with

188
00:09:49,680 --> 00:10:13,350

tail numbers are unknown

189

00:10:17,990 --> 00:10:15,350

there's a snoopy team leader on board

190

00:10:20,870 --> 00:10:18,000

uss russell in position three two five

191

00:10:23,590 --> 00:10:20,880

eight eight north one one nine zero six

192

00:10:25,829 --> 00:10:23,600

west operating the social off area with

193

00:10:28,630 --> 00:10:25,839

core zero three four true speeds one

194

00:10:29,590 --> 00:10:28,640

five knots at time zero nine three seven

195

00:10:32,710 --> 00:10:29,600

zulu

196

00:10:35,350 --> 00:10:32,720

we have visual of one possible uas with

197

00:10:37,030 --> 00:10:35,360

course zero three four true contacts

198

00:10:38,550 --> 00:10:37,040

operating in a range of four thousand

199

00:10:39,990 --> 00:10:38,560

yards

200

00:10:47,130 --> 00:10:40,000

flashing red

201

00:10:47,140 --> 00:10:57,190

[Music]

202

00:11:00,150 --> 00:10:58,710

this is uss paul hamilton collecting

203

00:11:02,470 --> 00:11:00,160

visual information today's date is 30

204

00:11:04,230 --> 00:11:02,480

july 2019 zulu time is zero nine three

205

00:11:06,389 --> 00:11:04,240

zero we're in vicinity of three two five

206

00:11:17,030 --> 00:11:06,399

four three six one north one one nine

207

00:11:21,670 --> 00:11:20,150

to west on course 2270 at speed 5 knots

208

00:11:39,590 --> 00:11:21,680

there are multiple uas and vicinity of

209

00:11:39,600 --> 00:11:50,949

cpa 100 feet in altitude off the bow

210

00:11:57,509 --> 00:11:53,670

so as you can see those videos kind of

211

00:11:59,829 --> 00:11:57,519

stink right

212

00:12:02,470 --> 00:11:59,839

what do they do for anybody absolutely

213

00:12:04,949 --> 00:12:02,480

nothing but yet they give these out to

214

00:12:07,110 --> 00:12:04,959

the drive and whoever and go here i told

215

00:12:08,710 --> 00:12:07,120

you so

216

00:12:10,949 --> 00:12:08,720

can't you tell

217

00:12:13,110 --> 00:12:10,959

no i can't tell

218

00:12:15,269 --> 00:12:13,120

i can't tell at all so just freaking get

219

00:12:17,430 --> 00:12:15,279

lost until you have something a little

220

00:12:19,509 --> 00:12:17,440

more definitive would you

221

00:12:20,949 --> 00:12:19,519

all right so

222

00:12:23,430 --> 00:12:20,959

um

223

00:12:25,269 --> 00:12:23,440

melinda has showed up she had some

224

00:12:27,430 --> 00:12:25,279

issues with the log in

225

00:12:29,670 --> 00:12:27,440

could be my fault i'll blame it on

226

00:12:31,110 --> 00:12:29,680

stream yard it's all their fault

227

00:12:34,310 --> 00:12:31,120

they don't want her here for some reason

228

00:12:37,829 --> 00:12:34,320

but we got through it and she's here so

229

00:12:39,750 --> 00:12:37,839

without further ado i will bring in the

230

00:12:42,949 --> 00:12:39,760

one the only

231

00:12:44,629 --> 00:12:42,959

oh leslie how are you hi there good oh

232

00:12:46,710 --> 00:12:44,639

lighting's not good but here i'll close

233

00:12:49,350 --> 00:12:46,720

a curtain one moment guys i'll close the

234

00:12:51,030 --> 00:12:49,360

curtain because that lighting

235

00:12:54,230 --> 00:12:51,040

is making me

236

00:12:56,870 --> 00:12:54,240

not good oh it's okay

237

00:12:59,110 --> 00:12:56,880

yeah well it's my nose open here

238

00:13:01,670 --> 00:12:59,120

and i have to close it

239

00:13:10,230 --> 00:13:01,680

yeah no problem all right yeah that'll

240

00:13:14,550 --> 00:13:12,470

well i'm glad you're here yeah i'm glad

241

00:13:16,870 --> 00:13:14,560

to be here you guys sorry i had a

242

00:13:18,629 --> 00:13:16,880

problem signing in i couldn't

243

00:13:20,550 --> 00:13:18,639

get in the way i was going in i tried

244

00:13:22,790 --> 00:13:20,560

another way and finally got it to work

245

00:13:24,949 --> 00:13:22,800

okay it's a streamy

246

00:13:26,470 --> 00:13:24,959

yeah i'm wondering if it was whatever it

247

00:13:28,550 --> 00:13:26,480

was

248

00:13:30,790 --> 00:13:28,560

the link on the email didn't work but

249

00:13:32,150 --> 00:13:30,800

luckily you'd give me another link and i

250

00:13:34,790 --> 00:13:32,160

was able to cut and paste it into

251

00:13:37,910 --> 00:13:34,800

messenger and get it from there

252

00:13:40,470 --> 00:13:37,920

all right fair enough that's awesome so

253

00:13:41,670 --> 00:13:40,480

um now that you're here yeah

254

00:13:43,910 --> 00:13:41,680

how are you

255

00:13:46,150 --> 00:13:43,920

i'm doing great sorry about all that i

256

00:13:47,829 --> 00:13:46,160

just uh don't apologize you know a

257

00:13:49,829 --> 00:13:47,839

little bit of emergency that made me get

258

00:13:51,750 --> 00:13:49,839

set up just on time and then it took me

259

00:13:53,670 --> 00:13:51,760

10 minutes to get in so

260

00:13:55,590 --> 00:13:53,680

well no i'm glad you're here and i was

261

00:13:57,509 --> 00:13:55,600

telling them that that you know you have

262

00:14:00,230 --> 00:13:57,519

a plethora of different things that you

263

00:14:03,189 --> 00:14:00,240

research and and look at but i figured

264

00:14:05,509 --> 00:14:03,199

today we would um try to focus on a

265

00:14:07,350 --> 00:14:05,519

couple topics which yeah you know where

266

00:14:09,269 --> 00:14:07,360

my lab's military abductions now i know

267

00:14:11,670 --> 00:14:09,279

you don't like the term we'll get into

268

00:14:13,110 --> 00:14:11,680

that later yeah and then and then

269

00:14:14,870 --> 00:14:13,120

there's uh

270

00:14:17,829 --> 00:14:14,880

the working group

271

00:14:20,310 --> 00:14:17,839

and i thought we could discuss the

272

00:14:21,269 --> 00:14:20,320

working group sure

273

00:14:25,509 --> 00:14:21,279

now

274

00:14:27,430 --> 00:14:25,519

research that you put into this

275

00:14:34,550 --> 00:14:27,440

and we got to fit it in in about a half

276

00:14:38,550 --> 00:14:36,629

you know tell me a little bit about that

277

00:14:42,069 --> 00:14:38,560

research how it started what the working

278

00:14:43,750 --> 00:14:42,079

group is and and where it's at now

279

00:14:46,470 --> 00:14:43,760

hold on i'm just trying to get position

280

00:14:48,389 --> 00:14:46,480

here because everything's set up funny

281

00:14:49,990 --> 00:14:48,399

um for doing this

282

00:14:52,310 --> 00:14:50,000

sorry about that

283

00:14:58,150 --> 00:14:52,320

okay um

284

00:15:00,949 --> 00:14:58,160

um what do you want to know first

285

00:15:03,509 --> 00:15:00,959

well yeah so how did you why did you

286

00:15:06,150 --> 00:15:03,519

start uh researching the working group

287

00:15:07,509 --> 00:15:06,160

you know who's involved with it and

288

00:15:10,710 --> 00:15:07,519

where is it now

289

00:15:15,030 --> 00:15:11,670

it's

290

00:15:18,069 --> 00:15:15,040

all started with um

291

00:15:20,870 --> 00:15:18,079

i'm also a trained remote viewer

292

00:15:23,750 --> 00:15:20,880

and i went to

293

00:15:25,750 --> 00:15:23,760

hear a talk at mufon los angeles when i

294

00:15:28,230 --> 00:15:25,760

was living in southern california i was

295

00:15:31,350 --> 00:15:28,240

very active and move on la and mufon

296

00:15:32,790 --> 00:15:31,360

orange county move on mutual ufo network

297

00:15:34,230 --> 00:15:32,800

and i want to hear

298

00:15:36,949 --> 00:15:34,240

a talk

299

00:15:38,550 --> 00:15:36,959

by ed dames

300

00:15:41,829 --> 00:15:38,560

and uh

301

00:15:43,749 --> 00:15:41,839

famous remote viewer

302

00:15:46,389 --> 00:15:43,759

and uh

303

00:15:48,069 --> 00:15:46,399

at the end of the talk i had had my

304

00:15:50,230 --> 00:15:48,079

training from couple different people

305

00:15:52,629 --> 00:15:50,240

not from him

306

00:15:55,269 --> 00:15:52,639

at the end of the talk i brought up

307

00:15:57,110 --> 00:15:55,279

how his training was different from jack

308

00:15:58,710 --> 00:15:57,120

calc one of the people i'd had drinking

309

00:16:01,509 --> 00:15:58,720

with

310

00:16:02,790 --> 00:16:01,519

and he kind of said oh he does it

311

00:16:04,550 --> 00:16:02,800

completely different it's not the same

312

00:16:05,749 --> 00:16:04,560

blah blah blah

313

00:16:07,269 --> 00:16:05,759

and then i brought up the training of

314

00:16:08,230 --> 00:16:07,279

someone else i had it from oh different

315

00:16:10,069 --> 00:16:08,240

you know and that was during the

316

00:16:11,590 --> 00:16:10,079

question and answer period standing at

317

00:16:14,389 --> 00:16:11,600

the the mic

318

00:16:16,710 --> 00:16:14,399

well as the event ended i'm trying to

319

00:16:17,590 --> 00:16:16,720

get better position here

320

00:16:18,710 --> 00:16:17,600

sorry

321

00:16:20,949 --> 00:16:18,720

oh yeah

322

00:16:25,670 --> 00:16:20,959

yeah yeah as the event

323

00:16:29,749 --> 00:16:27,509

everybody pours out of the back of the

324

00:16:31,910 --> 00:16:29,759

room and out into the parking lot and i

325

00:16:34,150 --> 00:16:31,920

stayed late to talk to some people that

326

00:16:35,990 --> 00:16:34,160

i knew that were there and i had plans

327

00:16:37,910 --> 00:16:36,000

to go meet up with a bunch of people

328

00:16:39,829 --> 00:16:37,920

afterwards at denny's you know coffee

329

00:16:41,110 --> 00:16:39,839

shop

330

00:16:43,189 --> 00:16:41,120

and

331

00:16:45,749 --> 00:16:43,199

as i was about to go through the the the

332

00:16:47,670 --> 00:16:45,759

gate where this place was had a vine

333

00:16:48,949 --> 00:16:47,680

colored tall fence

334

00:16:51,269 --> 00:16:48,959

and you had to go through this narrow

335

00:16:54,230 --> 00:16:51,279

opening to get to the parking lot from

336

00:16:55,910 --> 00:16:54,240

this lawn and garden area

337

00:16:57,350 --> 00:16:55,920

and so as i waited to get through there

338

00:16:59,269 --> 00:16:57,360

a bunch of people were still there

339

00:17:02,790 --> 00:16:59,279

talking to ed and this was

340

00:17:04,949 --> 00:17:02,800

quite a bit after um

341

00:17:06,870 --> 00:17:04,959

you know he he had ended it had to be at

342

00:17:08,150 --> 00:17:06,880

least a half hour later and i was

343

00:17:09,829 --> 00:17:08,160

surprised they were still there but

344

00:17:12,309 --> 00:17:09,839

people had cornered him and were talking

345

00:17:14,789 --> 00:17:12,319

to him and i go to pass

346

00:17:16,069 --> 00:17:14,799

and he kind of stops me and goes

347

00:17:17,510 --> 00:17:16,079

because i'm just trying to get to my car

348

00:17:19,270 --> 00:17:17,520

and he kind of says were you the person

349

00:17:20,949 --> 00:17:19,280

that asked about jack i go yeah he goes

350

00:17:22,789 --> 00:17:20,959

you're taking remote viewing and i go

351

00:17:24,949 --> 00:17:22,799

yeah he goes you know him and i go yeah

352

00:17:27,189 --> 00:17:24,959

he goes how well do you know him and it

353

00:17:28,630 --> 00:17:27,199

started this thing anyways kind of long

354

00:17:30,390 --> 00:17:28,640

story short

355

00:17:33,029 --> 00:17:30,400

he ended up saying are you going to see

356

00:17:35,190 --> 00:17:33,039

jack again soon

357

00:17:36,710 --> 00:17:35,200

well but i wasn't about to tell ed is i

358

00:17:38,230 --> 00:17:36,720

had another class with jack the very

359

00:17:40,789 --> 00:17:38,240

next night

360

00:17:42,150 --> 00:17:40,799

after this but i said yeah yeah i might

361

00:17:43,830 --> 00:17:42,160

see him soon

362

00:17:46,549 --> 00:17:43,840

and he said well you pass on something

363

00:17:50,630 --> 00:17:46,559

from me and i go oh okay

364

00:17:53,590 --> 00:17:50,640

and he proceeds to just blow my mind i

365

00:17:55,750 --> 00:17:53,600

feel like he's telling me about mj12

366

00:17:56,789 --> 00:17:55,760

like he says well i was part of this

367

00:17:58,470 --> 00:17:56,799

group

368

00:18:01,190 --> 00:17:58,480

and it was called the advanced

369

00:18:03,430 --> 00:18:01,200

theoretical physics working group and

370

00:18:05,350 --> 00:18:03,440

and and he goes into this thing and he

371

00:18:07,909 --> 00:18:05,360

lists a bunch of names and all the names

372

00:18:10,549 --> 00:18:07,919

he lists are just blowing my mind

373

00:18:12,230 --> 00:18:10,559

and and and people are kind of gathered

374

00:18:14,390 --> 00:18:12,240

around us but he's really just talking

375

00:18:16,070 --> 00:18:14,400

to me so they're slowly kind of trailing

376

00:18:17,909 --> 00:18:16,080

off like people are lost you know what

377

00:18:19,830 --> 00:18:17,919

we're talking about

378

00:18:21,430 --> 00:18:19,840

and he goes

379

00:18:24,630 --> 00:18:21,440

um

380

00:18:26,230 --> 00:18:24,640

you do me a favor and

381

00:18:29,270 --> 00:18:26,240

mention something to jack about it but

382

00:18:32,310 --> 00:18:29,280

you know like i said i felt like he just

383

00:18:34,630 --> 00:18:32,320

told me something classified you know um

384

00:18:36,310 --> 00:18:34,640

he went into it he named names i'm like

385

00:18:38,789 --> 00:18:36,320

if what he's telling me is true it's

386

00:18:41,590 --> 00:18:38,799

like why the hell is he telling me this

387

00:18:43,669 --> 00:18:41,600

and i knew i'm being set up ed's using

388

00:18:46,549 --> 00:18:43,679

me

389

00:18:48,789 --> 00:18:46,559

out and i thought

390

00:18:50,310 --> 00:18:48,799

but i've got asked jack

391

00:18:52,549 --> 00:18:50,320

and the next day it was like bugging me

392

00:18:54,310 --> 00:18:52,559

all day so i go to the class and after

393

00:18:55,750 --> 00:18:54,320

the class i was staying back then to

394

00:18:57,990 --> 00:18:55,760

help

395

00:19:00,390 --> 00:18:58,000

you know put stuff away after the class

396

00:19:03,029 --> 00:19:00,400

and help jack gather up stuff

397

00:19:06,630 --> 00:19:03,039

and i said

398

00:19:09,830 --> 00:19:08,390

i went and heard ed dames give a lecture

399

00:19:12,230 --> 00:19:09,840

last night

400

00:19:13,669 --> 00:19:12,240

and he goes oh

401
00:19:15,110 --> 00:19:13,679
yeah about remote viewing oh what'd he

402
00:19:16,710 --> 00:19:15,120
say and i we're talking about that for a

403
00:19:18,950 --> 00:19:16,720
little while

404
00:19:20,950 --> 00:19:18,960
and i and then he's putting stuff in a

405
00:19:22,310 --> 00:19:20,960
box he has this back to me

406
00:19:24,549 --> 00:19:22,320
he brings a lot of literature he's

407
00:19:28,710 --> 00:19:24,559
stacking it in a box with his back to me

408
00:19:31,830 --> 00:19:30,549
and any and i said there's something

409
00:19:33,110 --> 00:19:31,840
else he goes

410
00:19:35,510 --> 00:19:33,120
oh

411
00:19:37,430 --> 00:19:35,520
and i said

412
00:19:38,870 --> 00:19:37,440
he told me about some he goes oh he did

413
00:19:40,390 --> 00:19:38,880

and i said

414

00:19:41,430 --> 00:19:40,400

jack what can you tell me about

415

00:19:44,870 --> 00:19:41,440

something called the advanced

416

00:19:50,230 --> 00:19:46,710

and there's this long pause and he has a

417

00:19:52,630 --> 00:19:50,240

big stack of stuff in his hands

418

00:19:54,549 --> 00:19:52,640

and now i know jack hauck for years i've

419

00:19:56,630 --> 00:19:54,559

never sitting seeing him get emotional

420

00:19:59,270 --> 00:19:56,640

he's a very mild-mannered guy he takes

421

00:20:01,990 --> 00:19:59,280

this big stack of stuff and slams it

422

00:20:03,190 --> 00:20:02,000

down on the table

423

00:20:06,470 --> 00:20:03,200

and i'm like

424

00:20:08,870 --> 00:20:06,480

oh my god you know and and

425

00:20:11,830 --> 00:20:08,880

and he turns around and he goes and he's

426

00:20:13,750 --> 00:20:11,840

like fuming and i'm like going uh oh

427

00:20:15,350 --> 00:20:13,760

now i knew what ed told me because when

428

00:20:17,270 --> 00:20:15,360

he gave me this list of names and said

429

00:20:19,430 --> 00:20:17,280

what this group did i was like

430

00:20:21,669 --> 00:20:19,440

what i mean literally it was like at the

431

00:20:23,110 --> 00:20:21,679

time i thought he was telling me like

432

00:20:25,029 --> 00:20:23,120

him and jack and these other people are

433

00:20:26,789 --> 00:20:25,039

members of mg12 or something you know

434

00:20:29,669 --> 00:20:26,799

that's what it sounded like i'm like

435

00:20:32,830 --> 00:20:29,679

what now i'm saying literally guys no

436

00:20:36,950 --> 00:20:32,840

one say oh my god she thinks that no no

437

00:20:39,190 --> 00:20:36,960

no please you know no it's it but the

438

00:20:40,630 --> 00:20:39,200

time i'm like they're part of some top

439

00:20:41,350 --> 00:20:40,640

secret thing you know what the heck is

440

00:20:43,110 --> 00:20:41,360

this

441

00:20:45,830 --> 00:20:43,120

and and why is that telling me and then

442

00:20:47,190 --> 00:20:45,840

jack slams the stuff down turns around

443

00:20:50,390 --> 00:20:47,200

and he goes

444

00:20:52,149 --> 00:20:50,400

why would he tell anybody why

445

00:20:54,310 --> 00:20:52,159

why and he's hitting the he's still

446

00:20:55,750 --> 00:20:54,320

hitting that table with his hand why and

447

00:20:57,270 --> 00:20:55,760

i've never seen him get mad he's like

448

00:20:59,270 --> 00:20:57,280

why would i tell why would he tell

449

00:21:01,110 --> 00:20:59,280

anybody and then he turned and he comes

450

00:21:04,630 --> 00:21:01,120

over and leans to my face and goes most

451

00:21:09,590 --> 00:21:08,070

i'm like i don't know but i knew that

452

00:21:11,590 --> 00:21:09,600

eddie told me something important from

453

00:21:13,270 --> 00:21:11,600

this emotional rather emotional reaction

454

00:21:14,870 --> 00:21:13,280

from jack

455

00:21:16,950 --> 00:21:14,880

and he said what did he say and i go on

456

00:21:18,870 --> 00:21:16,960

to say stuff and he's still getting mad

457

00:21:21,830 --> 00:21:18,880

do you say who was involved yeah okay

458

00:21:23,590 --> 00:21:21,840

who you know and he's like uh you know

459

00:21:25,110 --> 00:21:23,600

and he's like

460

00:21:26,789 --> 00:21:25,120

you're talking to him in a parking lot i

461

00:21:28,630 --> 00:21:26,799

go yeah you know and he said all this

462

00:21:31,110 --> 00:21:28,640

stuff

463

00:21:33,430 --> 00:21:31,120

and and i realized i

464

00:21:35,029 --> 00:21:33,440

at the time i

465

00:21:37,110 --> 00:21:35,039

kind of figured out

466

00:21:39,750 --> 00:21:37,120

ed had been shut out or thrown out of

467

00:21:41,669 --> 00:21:39,760

the group he wasn't happy about it and

468

00:21:44,630 --> 00:21:41,679

he used me to piss them off

469

00:21:46,470 --> 00:21:44,640

and boy did it work

470

00:21:48,310 --> 00:21:46,480

and jet but jack who i've known for

471

00:21:50,710 --> 00:21:48,320

years

472

00:21:52,310 --> 00:21:50,720

ends up going okay okay

473

00:21:55,110 --> 00:21:52,320

sis me down the chair i'd gotten up or

474

00:21:56,630 --> 00:21:55,120

whatever it says me back down says

475

00:21:58,070 --> 00:21:56,640

that subject that you have so much

476

00:22:00,630 --> 00:21:58,080

interest in you and another friend of

477

00:22:01,669 --> 00:22:00,640

mine that knows jack too he said you and

478

00:22:04,149 --> 00:22:01,679

this other friend you know that you have

479

00:22:05,990 --> 00:22:04,159

so much interested in he goes i know all

480

00:22:07,750 --> 00:22:06,000

about it fact

481

00:22:09,830 --> 00:22:07,760

i know more about it than you could

482

00:22:11,029 --> 00:22:09,840

possibly dream anybody could know about

483

00:22:13,350 --> 00:22:11,039

it

484

00:22:15,750 --> 00:22:13,360

i'm like okay and he proceeds to tell me

485

00:22:18,470 --> 00:22:15,760

a few things now not a lot but he was

486

00:22:21,190 --> 00:22:18,480

confirming things that ed had said

487

00:22:22,549 --> 00:22:21,200

and tells me a little more

488

00:22:23,990 --> 00:22:22,559

um

489

00:22:29,110 --> 00:22:24,000

and

490

00:22:31,190 --> 00:22:29,120

it's a lot more involved but that's but

491

00:22:33,909 --> 00:22:31,200

that's how i first learned and then

492

00:22:35,590 --> 00:22:33,919

shortly after that i kept meeting

493

00:22:37,909 --> 00:22:35,600

other members i knew

494

00:22:39,029 --> 00:22:37,919

bob wood who was also part of it

495

00:22:44,710 --> 00:22:39,039

and i

496

00:22:46,630 --> 00:22:44,720

researcher bob wood quite well and that

497

00:22:48,789 --> 00:22:46,640

within a week of that i went to a move

498

00:22:51,270 --> 00:22:48,799

on orange county meeting where i knew

499

00:22:52,789 --> 00:22:51,280

i'd likely see bob and i did and bob

500

00:22:54,789 --> 00:22:52,799

sitting in just the row of fun in front

501
00:22:56,149 --> 00:22:54,799
of me during this lecture and during a

502
00:22:57,830 --> 00:22:56,159
break i lean forward and he has this

503
00:22:59,909 --> 00:22:57,840
little notepad he's always taking notes

504
00:23:03,430 --> 00:22:59,919
and i said um

505
00:23:05,510 --> 00:23:03,440
what do you know about something called

506
00:23:07,430 --> 00:23:05,520
the advanced theoretical physics working

507
00:23:09,510 --> 00:23:07,440
group and he stops

508
00:23:10,789 --> 00:23:09,520
and he long paused and goes never heard

509
00:23:12,070 --> 00:23:10,799
of it

510
00:23:14,230 --> 00:23:12,080
well i knew i was on to something

511
00:23:16,149 --> 00:23:14,240
because jack

512
00:23:19,190 --> 00:23:16,159
ed and jack had both mentioned his name

513
00:23:20,549 --> 00:23:19,200

that's uh atp or it's colonel alexander

514

00:23:22,950 --> 00:23:20,559

just yeah

515

00:23:25,430 --> 00:23:22,960

mentioned somewhere recently yeah yeah

516

00:23:29,669 --> 00:23:25,440

exactly so um

517

00:23:32,630 --> 00:23:29,679

and uh and and anyway so it goes on to

518

00:23:33,510 --> 00:23:32,640

eventually in talking to bob we talked

519

00:23:35,990 --> 00:23:33,520

more

520

00:23:37,669 --> 00:23:36,000

after the presentation he ended up

521

00:23:39,430 --> 00:23:37,679

admitting he was involved and telling me

522

00:23:41,830 --> 00:23:39,440

a bunch more after

523

00:23:43,590 --> 00:23:41,840

from then on after ed told me it's like

524

00:23:45,909 --> 00:23:43,600

everybody else denied it like three or

525

00:23:47,990 --> 00:23:45,919

four times before i knew enough stuff to

526

00:23:49,669 --> 00:23:48,000

get him to talk to me so first jack

527

00:23:51,750 --> 00:23:49,679

denied it until i knew enough stuff but

528

00:23:53,190 --> 00:23:51,760

he got so emotional it was because at

529

00:23:55,110 --> 00:23:53,200

first i was saying do you know anything

530

00:23:56,950 --> 00:23:55,120

about it he said no and i said are you

531

00:23:58,630 --> 00:23:56,960

sure you know and he goes no and i said

532

00:24:00,870 --> 00:23:58,640

told me this and what the more and more

533

00:24:02,310 --> 00:24:00,880

i said that ed said so jack didn't

534

00:24:03,830 --> 00:24:02,320

immediately get emotional at first he

535

00:24:06,070 --> 00:24:03,840

was playing like he didn't know and so

536

00:24:07,669 --> 00:24:06,080

he denied it three or four times before

537

00:24:08,710 --> 00:24:07,679

he slammed his stuff down and got all

538

00:24:10,470 --> 00:24:08,720

that

539

00:24:11,750 --> 00:24:10,480

because i because obviously i knew a lot

540

00:24:14,070 --> 00:24:11,760

like he thought he could just deny it

541

00:24:15,990 --> 00:24:14,080

and move on and you know downplay it and

542

00:24:18,390 --> 00:24:16,000

then bob tried that with me but i said

543

00:24:20,470 --> 00:24:18,400

look bob uh ed and both jack mentioned

544

00:24:22,310 --> 00:24:20,480

your name you know and so i went on and

545

00:24:24,549 --> 00:24:22,320

then he talked to me outside privately

546

00:24:26,789 --> 00:24:24,559

and told me a bunch and then i proceeded

547

00:24:27,990 --> 00:24:26,799

to meet some of the other members al

548

00:24:30,149 --> 00:24:28,000

pudov

549

00:24:31,990 --> 00:24:30,159

i did not originally talk to about it

550

00:24:34,390 --> 00:24:32,000

but three different researchers

551
00:24:36,549 --> 00:24:34,400
including someone who was working on

552
00:24:39,750 --> 00:24:36,559
with hal on a project at the time and

553
00:24:42,390 --> 00:24:39,760
going to to texas to meet without

554
00:24:44,070 --> 00:24:42,400
uh where house offices um

555
00:24:45,510 --> 00:24:44,080
that person was very interesting he said

556
00:24:47,510 --> 00:24:45,520
look i'm gonna see how next week i'll

557
00:24:48,549 --> 00:24:47,520
ask him and then i had two other people

558
00:24:50,630 --> 00:24:48,559
so hal

559
00:24:52,230 --> 00:24:50,640
got asked back to back by three

560
00:24:53,750 --> 00:24:52,240
different people

561
00:24:56,149 --> 00:24:53,760
which he knew

562
00:24:57,590 --> 00:24:56,159
and they all got back to me and said

563
00:24:59,350 --> 00:24:57,600

uh

564

00:25:00,549 --> 00:24:59,360

he confirmed everything you said you

565

00:25:02,310 --> 00:25:00,559

know and

566

00:25:04,630 --> 00:25:02,320

asked how we learned about it and we

567

00:25:07,029 --> 00:25:04,640

said you and you know so i got up on

568

00:25:08,390 --> 00:25:07,039

house on the radar pretty quick you know

569

00:25:11,430 --> 00:25:08,400

anyways this very fight but you guys

570

00:25:14,470 --> 00:25:11,440

this is how it happened and and it it

571

00:25:16,470 --> 00:25:14,480

it led to one thing after another and at

572

00:25:17,350 --> 00:25:16,480

the time i'd become very good friends

573

00:25:18,950 --> 00:25:17,360

with

574

00:25:21,909 --> 00:25:18,960

somebody attending i was putting on a

575

00:25:23,909 --> 00:25:21,919

lecture series in southern california

576
00:25:25,750 --> 00:25:23,919
and a gentleman who was coming all the

577
00:25:27,590 --> 00:25:25,760
time randy copang and i became friends

578
00:25:29,510 --> 00:25:27,600
and started to share research and i

579
00:25:31,669 --> 00:25:29,520
started to share this with him well

580
00:25:34,710 --> 00:25:31,679
randy's an amazing researcher so long

581
00:25:36,310 --> 00:25:34,720
story short randy kopang and i have now

582
00:25:39,110 --> 00:25:36,320
been researching this

583
00:25:40,310 --> 00:25:39,120
this particular subject for 30 years

584
00:25:41,909 --> 00:25:40,320
wow so

585
00:25:43,830 --> 00:25:41,919
how does that work once once you find

586
00:25:45,350 --> 00:25:43,840
that out like it

587
00:25:47,590 --> 00:25:45,360
seems like uh

588
00:25:49,510 --> 00:25:47,600

did anyone tell you to you know keep it

589

00:25:51,430 --> 00:25:49,520

to yourself or

590

00:25:53,510 --> 00:25:51,440

you know no

591

00:25:55,350 --> 00:25:53,520

it had gone beyond that you know

592

00:25:57,029 --> 00:25:55,360

they were more i think it was more like

593

00:25:58,789 --> 00:25:57,039

i'll tell you a few things and defuse it

594

00:26:00,950 --> 00:25:58,799

make it sound not important not a big

595

00:26:01,750 --> 00:26:00,960

deal like they would downplay it you

596

00:26:04,310 --> 00:26:01,760

know

597

00:26:07,510 --> 00:26:04,320

even when i first

598

00:26:09,990 --> 00:26:07,520

met john alexander about it he was

599

00:26:12,390 --> 00:26:10,000

giving a lecture in san diego california

600

00:26:14,310 --> 00:26:12,400

i wasn't able to make the lecture i got

601
00:26:15,510 --> 00:26:14,320
there for the end i heard the very end

602
00:26:17,350 --> 00:26:15,520
of it

603
00:26:19,190 --> 00:26:17,360
and i was too

604
00:26:21,430 --> 00:26:19,200
uncomfortable to ask it in a question

605
00:26:22,470 --> 00:26:21,440
session so at the end i went out and i

606
00:26:24,789 --> 00:26:22,480
was out

607
00:26:28,470 --> 00:26:24,799
at the front like walkway going into

608
00:26:30,789 --> 00:26:28,480
this place and i caught him coming out

609
00:26:32,230 --> 00:26:30,799
and john denied it

610
00:26:34,070 --> 00:26:32,240
like four different times i mean they

611
00:26:36,390 --> 00:26:34,080
all did he denied it

612
00:26:39,830 --> 00:26:36,400
till i knew more and i said more and

613
00:26:40,950 --> 00:26:39,840

then john eventually stops and goes okay

614

00:26:43,669 --> 00:26:40,960

all right

615

00:26:45,590 --> 00:26:43,679

yeah it was my group i was the director

616

00:26:47,669 --> 00:26:45,600

after he denied it like four times but i

617

00:26:49,350 --> 00:26:47,679

knew so much because i'd at that point i

618

00:26:52,800 --> 00:26:49,360

had the three people who talked to hal

619

00:26:57,029 --> 00:26:55,430

[Music]

620

00:26:59,029 --> 00:26:57,039

who is a member and of course bob and

621

00:27:01,269 --> 00:26:59,039

others you know so by that point i knew

622

00:27:02,230 --> 00:27:01,279

so much so he said okay okay you know

623

00:27:03,750 --> 00:27:02,240

like

624

00:27:07,029 --> 00:27:03,760

i mean he really tried to absolutely

625

00:27:08,630 --> 00:27:07,039

deny it john did and and i just kept

626
00:27:10,310 --> 00:27:08,640
saying more like we were walking i just

627
00:27:11,990 --> 00:27:10,320
kept saying more

628
00:27:16,710 --> 00:27:12,000
eventually stopped and just looked at me

629
00:27:21,430 --> 00:27:19,590
absolutely so uh so that's that's how it

630
00:27:23,830 --> 00:27:21,440
happened um

631
00:27:26,870 --> 00:27:23,840
you know that's how it happened and uh

632
00:27:27,669 --> 00:27:26,880
um and i ended up uh uh

633
00:27:29,110 --> 00:27:27,679
you know

634
00:27:30,630 --> 00:27:29,120
just just knowing a lot from what

635
00:27:32,870 --> 00:27:30,640
everyone told me and then i started to

636
00:27:34,789 --> 00:27:32,880
look into it and so did randy and then

637
00:27:37,430 --> 00:27:34,799
from that point forward all we need to

638
00:27:39,750 --> 00:27:37,440

do was follow the players and everything

639

00:27:41,510 --> 00:27:39,760

they were doing now one point we looked

640

00:27:44,070 --> 00:27:41,520

into it a bunch and then all of a sudden

641

00:27:46,230 --> 00:27:44,080

a researcher by name of howard bloom put

642

00:27:47,110 --> 00:27:46,240

a a book out i think it's called out

643

00:27:49,669 --> 00:27:47,120

there

644

00:27:51,190 --> 00:27:49,679

and uh and if i remember correctly and i

645

00:27:52,389 --> 00:27:51,200

have it on my lecture notes and

646

00:27:54,070 --> 00:27:52,399

everything you guys i just don't have a

647

00:27:57,590 --> 00:27:54,080

that up in front of me so this is all

648

00:28:01,190 --> 00:27:57,600

this is all about memory today

649

00:28:03,909 --> 00:28:01,200

yeah yeah yeah and and and he

650

00:28:07,350 --> 00:28:03,919

wrote about it and outed the group and i

651

00:28:10,549 --> 00:28:07,360

i don't know i i i was talking to both

652

00:28:13,269 --> 00:28:10,559

tom whitmore famous uh on the board for

653

00:28:16,310 --> 00:28:13,279

mufon and known for um doing extensive

654

00:28:18,710 --> 00:28:16,320

mj 12 research today and he had attended

655

00:28:20,230 --> 00:28:18,720

the scu conference online i knew he

656

00:28:23,029 --> 00:28:20,240

wasn't going to be there

657

00:28:25,990 --> 00:28:23,039

and then um in addition i had a long

658

00:28:28,310 --> 00:28:26,000

conversation today with bob mcguire who

659

00:28:30,710 --> 00:28:28,320

was there at the seo conference with me

660

00:28:33,029 --> 00:28:30,720

um clarifying some stuff with them so

661

00:28:35,990 --> 00:28:33,039

some things would be present and on my

662

00:28:38,549 --> 00:28:36,000

mind and you know and clear uh so i

663

00:28:40,310 --> 00:28:38,559

could talk about them um

664

00:28:42,310 --> 00:28:40,320

because there was a major

665

00:28:45,029 --> 00:28:42,320

thing that happened today that i was

666

00:28:48,070 --> 00:28:45,039

glad came out because uh it was perfect

667

00:28:49,510 --> 00:28:48,080

timing and that was what came out the

668

00:28:52,549 --> 00:28:49,520

the release of a

669

00:28:54,389 --> 00:28:52,559

piece of john alexander's talk from scu

670

00:28:56,710 --> 00:28:54,399

and it was yeah and then it was that

671

00:28:59,750 --> 00:28:56,720

little clip uh everyone that's on my

672

00:29:01,750 --> 00:28:59,760

twitter uh and probably on yours now too

673

00:29:03,830 --> 00:29:01,760

but it's the it's a little and a lot of

674

00:29:05,430 --> 00:29:03,840

people are sharing it um a little clip

675

00:29:08,230 --> 00:29:05,440

from john alexander's talk where he was

676

00:29:12,470 --> 00:29:08,240

taking questions where he mentioned the

677

00:29:16,870 --> 00:29:12,480

uh the davis wilson notes and mj 12 and

678

00:29:20,389 --> 00:29:16,880

some other stuff in his questions and um

679

00:29:22,870 --> 00:29:20,399

it was uh bryce sable and rasa cole hart

680

00:29:23,669 --> 00:29:22,880

who put that out today a little clip and

681

00:29:25,190 --> 00:29:23,679

um

682

00:29:28,470 --> 00:29:25,200

and immediately people started

683

00:29:30,950 --> 00:29:28,480

commenting and what not on it um but

684

00:29:33,590 --> 00:29:30,960

again you know i knew that tom had

685

00:29:36,070 --> 00:29:33,600

watched it online and bob was there

686

00:29:38,310 --> 00:29:36,080

and uh and tom being an mj what 12

687

00:29:41,909 --> 00:29:38,320

research i wanted to talk to him about

688

00:29:44,470 --> 00:29:41,919

his reaction to that and and uh and then

689

00:29:45,669 --> 00:29:44,480

bob you know and being at the conference

690

00:29:47,990 --> 00:29:45,679

um

691

00:29:50,630 --> 00:29:48,000

now i was there at scu i actually missed

692

00:29:51,830 --> 00:29:50,640

john's talk because i was actually

693

00:29:54,789 --> 00:29:51,840

interviewing and you know full

694

00:29:56,710 --> 00:29:54,799

disclosure here i was interviewing a new

695

00:29:59,110 --> 00:29:56,720

millab case that was someone at the

696

00:30:01,990 --> 00:29:59,120

conference that i met there and she's a

697

00:30:04,470 --> 00:30:02,000

very detailed advanced case with covert

698

00:30:05,830 --> 00:30:04,480

human involvement and and

699

00:30:07,590 --> 00:30:05,840

she really wanted to talk to me and we

700

00:30:10,549 --> 00:30:07,600

talked during lunch well carried further

701
00:30:12,549 --> 00:30:10,559
beyond that and next thing i knew i hear

702
00:30:14,710 --> 00:30:12,559
pausing in the audience anyways long

703
00:30:17,669 --> 00:30:14,720
story short we had missed the john's

704
00:30:19,510 --> 00:30:17,679
talk but um

705
00:30:21,190 --> 00:30:19,520
but i had everybody telling me about

706
00:30:23,590 --> 00:30:21,200
things that he said

707
00:30:26,549 --> 00:30:23,600
i'm gonna of course watch it uh online

708
00:30:28,950 --> 00:30:26,559
i've been given the code now to do so um

709
00:30:32,389 --> 00:30:28,960
at the time but

710
00:30:33,830 --> 00:30:32,399
but the um yeah so people who were there

711
00:30:37,029 --> 00:30:33,840
you know can watch and i think maybe

712
00:30:38,630 --> 00:30:37,039
other people can um yeah like if a

713
00:30:40,470 --> 00:30:38,640

friend of theirs maybe gives them the

714

00:30:42,950 --> 00:30:40,480

code

715

00:30:45,269 --> 00:30:42,960

i'm just kidding

716

00:30:46,630 --> 00:30:45,279

later

717

00:30:49,110 --> 00:30:46,640

i'll get in trouble from those guys

718

00:30:51,430 --> 00:30:49,120

though that's for sure yeah no no

719

00:30:52,870 --> 00:30:51,440

so gary voorhees will be watching this

720

00:30:53,669 --> 00:30:52,880

and he'll go rich is going to be mad at

721

00:30:56,710 --> 00:30:53,679

you

722

00:30:58,549 --> 00:30:56,720

rich hoffman anyways but um anyways yeah

723

00:31:00,070 --> 00:30:58,559

i was hanging out there a lot with

724

00:31:01,830 --> 00:31:00,080

vorhees and rich hoffman and everybody

725

00:31:04,230 --> 00:31:01,840

yeah with everybody i mean it was it was

726
00:31:06,549 --> 00:31:04,240
an amazing event and quite a who's who

727
00:31:08,710 --> 00:31:06,559
of who's wasn't it yeah it looked like

728
00:31:10,549 --> 00:31:08,720
it from the pictures oh yeah and even

729
00:31:13,190 --> 00:31:10,559
some real surprise people were there

730
00:31:15,909 --> 00:31:13,200
some really big wigs you know anyway so

731
00:31:17,750 --> 00:31:15,919
um it was quite remarkable but we um

732
00:31:19,669 --> 00:31:17,760
going back to i don't know i've lost my

733
00:31:22,230 --> 00:31:19,679
train of thoughts yeah me too that's

734
00:31:25,509 --> 00:31:22,240
okay we were we were um

735
00:31:26,950 --> 00:31:25,519
it turned into uh alexander's saying

736
00:31:28,870 --> 00:31:26,960
um that he was the head of the thing

737
00:31:31,029 --> 00:31:28,880
yeah yeah you know that does is this

738
00:31:34,310 --> 00:31:31,039

still going on in you know do you know

739

00:31:37,509 --> 00:31:34,320

who's you know in this working group now

740

00:31:38,710 --> 00:31:37,519

and or what do you what are they doing

741

00:31:40,630 --> 00:31:38,720

over time

742

00:31:42,310 --> 00:31:40,640

so um

743

00:31:43,909 --> 00:31:42,320

and it may pre

744

00:31:45,590 --> 00:31:43,919

that's one thing

745

00:31:48,310 --> 00:31:45,600

bob and i and tom and i were talking

746

00:31:49,909 --> 00:31:48,320

about today it uh because i was on the

747

00:31:51,750 --> 00:31:49,919

phone with both of them all morning well

748

00:31:53,990 --> 00:31:51,760

you know i did all i did like four hours

749

00:31:54,789 --> 00:31:54,000

of research today just for you

750

00:31:56,149 --> 00:31:54,799

oh

751

00:31:58,070 --> 00:31:56,159

thank you very much

752

00:31:59,350 --> 00:31:58,080

um

753

00:32:01,110 --> 00:31:59,360

well you know we're talking about

754

00:32:04,710 --> 00:32:01,120

everything but um

755

00:32:07,990 --> 00:32:06,870

they was i saying um

756

00:32:09,990 --> 00:32:08,000

uh

757

00:32:11,110 --> 00:32:10,000

oh god i'm sorry i'm losing my train of

758

00:32:12,549 --> 00:32:11,120

thought again you know what it is i need

759

00:32:14,710 --> 00:32:12,559

something to drink that's what i'm gonna

760

00:32:16,950 --> 00:32:14,720

do yeah no that's okay

761

00:32:19,029 --> 00:32:16,960

yeah we're just kind of talking

762

00:32:20,950 --> 00:32:19,039

changing names i think yeah yeah okay

763

00:32:24,230 --> 00:32:20,960

yeah i'm changing the name sorry sorry

764

00:32:26,710 --> 00:32:24,240

that's okay it's being distracted by

765

00:32:30,149 --> 00:32:26,720

by a dry mouth in the desert and things

766

00:32:33,350 --> 00:32:31,269

sorry

767

00:32:37,590 --> 00:32:33,360

tell them to knock it off

768

00:32:41,430 --> 00:32:39,830

so i met i met where i work at the

769

00:32:44,789 --> 00:32:41,440

center for new age but there was stuff

770

00:32:45,750 --> 00:32:44,799

going on okay um

771

00:32:47,669 --> 00:32:45,760

so

772

00:32:49,350 --> 00:32:47,679

in in the group

773

00:32:53,190 --> 00:32:49,360

originally and i'll first of all talk

774

00:32:54,389 --> 00:32:53,200

about the change of names of the group

775

00:32:56,230 --> 00:32:54,399

and what we were talking about today

776

00:32:58,870 --> 00:32:56,240

that's why i brought both of them is

777

00:33:01,909 --> 00:32:58,880

that it was pre-existing

778

00:33:03,669 --> 00:33:01,919

even the i know for sure about going

779

00:33:05,430 --> 00:33:03,679

back to 85

780

00:33:07,750 --> 00:33:05,440

because that's when they had a meeting

781

00:33:08,870 --> 00:33:07,760

at bdm corporation in virginia in a

782

00:33:10,310 --> 00:33:08,880

skiff

783

00:33:13,029 --> 00:33:10,320

you know a

784

00:33:15,430 --> 00:33:13,039

secure room and that's where they

785

00:33:17,909 --> 00:33:15,440

uh planned this and you know and was

786

00:33:20,389 --> 00:33:17,919

kind of first kickoff but i i had reason

787

00:33:23,029 --> 00:33:20,399

to believe that it existed for about

788

00:33:25,830 --> 00:33:23,039

five years before that

789

00:33:27,350 --> 00:33:25,840

for a multitude of reasons

790

00:33:30,950 --> 00:33:27,360

um the group

791

00:33:32,470 --> 00:33:30,960

was given a nickname by researchers

792

00:33:34,470 --> 00:33:32,480

uh jamie

793

00:33:36,470 --> 00:33:34,480

chanduray and bill moore

794

00:33:37,830 --> 00:33:36,480

and that nickname was the aviary so

795

00:33:40,070 --> 00:33:37,840

that's the same thing that we're talking

796

00:33:42,230 --> 00:33:40,080

about sure okay okay that's and they

797

00:33:45,190 --> 00:33:42,240

gave it that nickname because they were

798

00:33:47,269 --> 00:33:45,200

interfacing with these guys over the mj

799

00:33:48,630 --> 00:33:47,279

12 documents and other things

800

00:33:50,630 --> 00:33:48,640

um

801
00:33:53,110 --> 00:33:50,640
and uh so long story short there but

802
00:33:54,549 --> 00:33:53,120
that was the whole bill more story if

803
00:33:56,870 --> 00:33:54,559
people out there aren't familiar with it

804
00:33:57,669 --> 00:33:56,880
i recommend you research it

805
00:34:00,070 --> 00:33:57,679
um

806
00:34:02,549 --> 00:34:00,080
it's a whole another thing i'm not an

807
00:34:05,669 --> 00:34:02,559
expert on it but i know the basics

808
00:34:07,909 --> 00:34:05,679
and uh it's quite an involved thing but

809
00:34:10,069 --> 00:34:07,919
and then also i do recommend that people

810
00:34:11,750 --> 00:34:10,079
watch my full presentation it's

811
00:34:13,669 --> 00:34:11,760
available online

812
00:34:15,430 --> 00:34:13,679
and sean when we're done i can give you

813
00:34:18,389 --> 00:34:15,440

the link and you should put it

814

00:34:19,349 --> 00:34:18,399

underneath you know a whole presentation

815

00:34:21,430 --> 00:34:19,359

um

816

00:34:23,750 --> 00:34:21,440

on the working group because it's a two

817

00:34:27,030 --> 00:34:23,760

and a half hour long very detailed

818

00:34:29,589 --> 00:34:27,040

presentation um i think the last time i

819

00:34:31,669 --> 00:34:29,599

gave it was about two years ago but it's

820

00:34:33,270 --> 00:34:31,679

so it's not immediately up to the moment

821

00:34:35,510 --> 00:34:33,280

because it's you know so much has

822

00:34:38,230 --> 00:34:35,520

happened the last year even but it's

823

00:34:40,230 --> 00:34:38,240

it's fairly common uh fairly current i

824

00:34:42,230 --> 00:34:40,240

should say but going back to so the name

825

00:34:43,829 --> 00:34:42,240

of the change of the group was

826
00:34:46,710 --> 00:34:43,839
origin we don't know what the name was

827
00:34:48,389 --> 00:34:46,720
we were all talking about that today um

828
00:34:50,790 --> 00:34:48,399
particularly my conversation with tom

829
00:34:53,589 --> 00:34:50,800
whitmore is is we have reason to believe

830
00:34:56,230 --> 00:34:53,599
it pre-existed i was even telling him

831
00:34:58,790 --> 00:34:56,240
today that at one time

832
00:35:00,550 --> 00:34:58,800
when colonel corso was still alive and

833
00:35:03,270 --> 00:35:00,560
the book the day after roswell came out

834
00:35:05,190 --> 00:35:03,280
his co-author bill burns william burns

835
00:35:08,550 --> 00:35:05,200
well known in the ufo field and

836
00:35:12,630 --> 00:35:08,560
published ufo magazine for a long time

837
00:35:15,510 --> 00:35:12,640
and i knew bill quite well and i had

838
00:35:19,270 --> 00:35:15,520

shared with him about the group and he

839

00:35:21,910 --> 00:35:20,790

looking into a little bit he knew some

840

00:35:24,150 --> 00:35:21,920

stuff because he's extremely

841

00:35:26,470 --> 00:35:24,160

knowledgeable and when corso was still

842

00:35:29,670 --> 00:35:26,480

alive he went and

843

00:35:31,589 --> 00:35:29,680

said something to corso about it

844

00:35:33,990 --> 00:35:31,599

asking if he knew anything about it or

845

00:35:36,630 --> 00:35:34,000

heard anything or a precursor

846

00:35:39,109 --> 00:35:36,640

well corso did and corso said actually i

847

00:35:41,430 --> 00:35:39,119

was a member of one of the precursors to

848

00:35:42,630 --> 00:35:41,440

it and he went in to this whole thing

849

00:35:44,310 --> 00:35:42,640

with bill

850

00:35:46,710 --> 00:35:44,320

and he said how did you learn all this

851
00:35:48,390 --> 00:35:46,720
and bill burns told him about me

852
00:35:50,870 --> 00:35:48,400
and i got one of the best compliments in

853
00:35:53,109 --> 00:35:50,880
my life because corso said to bill burns

854
00:35:54,950 --> 00:35:53,119
you go tell that young lady she's got

855
00:35:56,470 --> 00:35:54,960
some serious cojones looking into these

856
00:36:01,430 --> 00:35:56,480
guys

857
00:36:05,270 --> 00:36:03,349
and that came directly from corso and

858
00:36:06,550 --> 00:36:05,280
and it was when now i know

859
00:36:08,790 --> 00:36:06,560
later there was kind of a falling out

860
00:36:10,390 --> 00:36:08,800
between him and stuff but this was

861
00:36:11,990 --> 00:36:10,400
shortly after the book coming out bill

862
00:36:14,950 --> 00:36:12,000
was very involved with course so they're

863
00:36:17,030 --> 00:36:14,960

very close and um et cetera et cetera

864

00:36:19,589 --> 00:36:17,040

and so um

865

00:36:22,310 --> 00:36:19,599

but and so again there is this

866

00:36:25,109 --> 00:36:22,320

history possibly back prior to the first

867

00:36:28,390 --> 00:36:25,119

meeting which is again bdm corporation

868

00:36:30,630 --> 00:36:28,400

in virginia 1985 and that there's

869

00:36:32,710 --> 00:36:30,640

evidence to show that it went back

870

00:36:34,630 --> 00:36:32,720

before then i'm aware of maybe five

871

00:36:36,630 --> 00:36:34,640

years so i i say i've been doing 30

872

00:36:39,910 --> 00:36:36,640

years of research on a 40-year history

873

00:36:41,829 --> 00:36:39,920

of the group which is about right but

874

00:36:44,150 --> 00:36:41,839

with this corso story

875

00:36:47,349 --> 00:36:44,160

uh tom knew some others there's reason

876

00:36:48,710 --> 00:36:47,359

to believe it went back even before

877

00:36:53,670 --> 00:36:48,720

and

878

00:36:56,150 --> 00:36:53,680

like um

879

00:36:59,670 --> 00:36:56,160

like john alexander like kit green they

880

00:37:03,349 --> 00:36:59,680

have been involved all along um

881

00:37:05,430 --> 00:37:03,359

and uh and others you know so so um and

882

00:37:07,990 --> 00:37:05,440

how you know maybe some others were more

883

00:37:11,030 --> 00:37:08,000

involved earlier on and then different

884

00:37:13,829 --> 00:37:11,040

members over time came and go went but

885

00:37:15,349 --> 00:37:13,839

but then it bdm corporation so that's

886

00:37:17,990 --> 00:37:15,359

the history forward that i'm well

887

00:37:19,829 --> 00:37:18,000

familiar with and it was known as the

888

00:37:22,310 --> 00:37:19,839

advanced theoretical physics working

889

00:37:24,150 --> 00:37:22,320

group at that time if not prior but

890

00:37:26,950 --> 00:37:24,160

certainly like i said um

891

00:37:27,990 --> 00:37:26,960

bill got a near full from colonel corso

892

00:37:30,150 --> 00:37:28,000

all about it

893

00:37:32,230 --> 00:37:30,160

um and then

894

00:37:34,790 --> 00:37:32,240

and again may have kind of changed names

895

00:37:38,390 --> 00:37:34,800

but some similar members and kind of the

896

00:37:40,310 --> 00:37:38,400

same thing uh but then a new reformation

897

00:37:41,750 --> 00:37:40,320

like i said in 85 and then it went

898

00:37:44,069 --> 00:37:41,760

forward as the advanced theoretical

899

00:37:45,670 --> 00:37:44,079

physics working group and and known as

900

00:37:47,750 --> 00:37:45,680

the aviary now i don't think they ever

901
00:37:49,829 --> 00:37:47,760
called themselves the avery

902
00:37:51,190 --> 00:37:49,839
but that's what maureen

903
00:37:52,870 --> 00:37:51,200
who said we're dealing with these guys

904
00:37:54,870 --> 00:37:52,880
we're having phone calls with them and i

905
00:37:56,150 --> 00:37:54,880
think emails back then

906
00:37:58,230 --> 00:37:56,160
and they said

907
00:38:00,790 --> 00:37:58,240
you know um for us to know who we're

908
00:38:02,550 --> 00:38:00,800
talking about but nobody else

909
00:38:04,310 --> 00:38:02,560
they said let's come up with

910
00:38:05,910 --> 00:38:04,320
like code names you know because some of

911
00:38:07,990 --> 00:38:05,920
these people are well known let's come

912
00:38:11,430 --> 00:38:08,000
up with names and stuff

913
00:38:13,750 --> 00:38:11,440

and um and then let's also um

914

00:38:15,510 --> 00:38:13,760

so they came up with bird names and they

915

00:38:18,310 --> 00:38:15,520

said as a group we'll call them aviary

916

00:38:21,829 --> 00:38:18,320

meaning the bunch of birds you know

917

00:38:26,950 --> 00:38:25,190

i believe the owl is put off

918

00:38:29,510 --> 00:38:26,960

appreciates help it up that's what i

919

00:38:31,190 --> 00:38:29,520

heard yeah yeah and and then there was

920

00:38:33,510 --> 00:38:31,200

scott jones

921

00:38:36,390 --> 00:38:33,520

and uh

922

00:38:37,750 --> 00:38:36,400

valet yeah cb scott jones jacques valet

923

00:38:40,230 --> 00:38:37,760

was a part of it

924

00:38:41,030 --> 00:38:40,240

at that time um

925

00:38:42,470 --> 00:38:41,040

uh

926
00:38:45,829 --> 00:38:42,480
like i said moore and chandra were in

927
00:38:46,630 --> 00:38:45,839
touch with them and and then you had um

928
00:38:47,349 --> 00:38:46,640
uh

929
00:38:51,990 --> 00:38:47,359
rick

930
00:38:53,589 --> 00:38:52,000
time robert

931
00:38:55,829 --> 00:38:53,599
rick doty and robert collins were

932
00:38:58,150 --> 00:38:55,839
involved at dames um

933
00:39:00,630 --> 00:38:58,160
but then he gets into um you know like i

934
00:39:02,230 --> 00:39:00,640
said hal put off jacques valet

935
00:39:04,710 --> 00:39:02,240
kit green

936
00:39:07,990 --> 00:39:04,720
and then over the years it changed so so

937
00:39:09,990 --> 00:39:08,000
it morphed into then

938
00:39:11,270 --> 00:39:10,000

for a while i don't know if they didn't

939

00:39:13,430 --> 00:39:11,280

have a name

940

00:39:15,510 --> 00:39:13,440

or what they were calling themselves

941

00:39:18,230 --> 00:39:15,520

other than maybe just the working group

942

00:39:21,270 --> 00:39:18,240

until the formation of nids

943

00:39:23,750 --> 00:39:21,280

and this is when they got now

944

00:39:25,589 --> 00:39:23,760

already bigelow robert bigelow was

945

00:39:27,430 --> 00:39:25,599

already involved with them in funding

946

00:39:29,829 --> 00:39:27,440

some projects and stuff but at that

947

00:39:32,870 --> 00:39:29,839

point with bigelow they started ned's

948

00:39:35,190 --> 00:39:32,880

national institute of discovery science

949

00:39:36,790 --> 00:39:35,200

and john kind of headed that up and and

950

00:39:38,790 --> 00:39:36,800

and it was done in conjunction with

951

00:39:40,550 --> 00:39:38,800

funding from bigelow

952

00:39:43,109 --> 00:39:40,560

and then it continued as nids for a

953

00:39:44,630 --> 00:39:43,119

while and nids eventually morphed into

954

00:39:47,270 --> 00:39:44,640

and you guys many of these that i'm

955

00:39:48,470 --> 00:39:47,280

about to talk about overlapped were

956

00:39:49,430 --> 00:39:48,480

times

957

00:39:51,990 --> 00:39:49,440

they were

958

00:39:53,670 --> 00:39:52,000

as far as i can tell they either went

959

00:39:56,150 --> 00:39:53,680

briefly without a name or were using

960

00:39:58,470 --> 00:39:56,160

both names it gets a little convoluted

961

00:39:59,829 --> 00:39:58,480

and maybe that's some minor holes in my

962

00:40:02,470 --> 00:39:59,839

research now when i do my full

963

00:40:04,630 --> 00:40:02,480

presentation or it's on purpose i have

964

00:40:07,349 --> 00:40:04,640

that too yeah i have a timeline yeah

965

00:40:10,470 --> 00:40:07,359

exactly like they tip us app thing was

966

00:40:12,150 --> 00:40:10,480

on purpose you know so um so it goes

967

00:40:15,270 --> 00:40:12,160

into from

968

00:40:16,630 --> 00:40:15,280

again so basically what i know is is

969

00:40:18,790 --> 00:40:16,640

is um

970

00:40:20,069 --> 00:40:18,800

maybe you know it was called a bigelow

971

00:40:21,750 --> 00:40:20,079

group or something for a little while i

972

00:40:24,950 --> 00:40:21,760

i don't know for sure but there was a

973

00:40:27,430 --> 00:40:24,960

transition there from uh

974

00:40:29,670 --> 00:40:27,440

again the um

975

00:40:30,870 --> 00:40:29,680

atp as you said the advanced theoretical

976

00:40:33,430 --> 00:40:30,880

physics group

977

00:40:36,790 --> 00:40:33,440

to the working group to bigelow's

978

00:40:38,550 --> 00:40:36,800

working group to nids okay national

979

00:40:39,829 --> 00:40:38,560

discovery science and then from nids it

980

00:40:43,990 --> 00:40:39,839

went into

981

00:40:46,550 --> 00:40:44,000

uh becoming bass b-a-a-s-s

982

00:40:49,109 --> 00:40:46,560

bigelow aerospace advanced uh science

983

00:40:50,390 --> 00:40:49,119

studies that was bass and then from bass

984

00:40:58,230 --> 00:40:50,400

into

985

00:41:02,230 --> 00:41:00,309

wow yeah and they're all kind of the

986

00:41:03,750 --> 00:41:02,240

same people now some people are going to

987

00:41:05,670 --> 00:41:03,760

go oh well just john

988

00:41:07,109 --> 00:41:05,680

only hal put off someone that remained

989

00:41:11,109 --> 00:41:07,119

not true

990

00:41:11,990 --> 00:41:11,119

and um there was a lot of overlap like

991

00:41:14,870 --> 00:41:12,000

um

992

00:41:18,230 --> 00:41:14,880

i knew an aerospace person who was

993

00:41:20,069 --> 00:41:18,240

involved in a project with bigelow for

994

00:41:22,309 --> 00:41:20,079

ossap

995

00:41:24,630 --> 00:41:22,319

and at that time

996

00:41:26,870 --> 00:41:24,640

at that time they had meetings not at

997

00:41:28,390 --> 00:41:26,880

bigelow somewhere else and at bigelow

998

00:41:29,910 --> 00:41:28,400

that were with

999

00:41:32,230 --> 00:41:29,920

luella zondo

1000

00:41:35,030 --> 00:41:32,240

so well zonda was president those so

1001

00:41:37,030 --> 00:41:35,040

that places him there um

1002

00:41:38,950 --> 00:41:37,040

now lou says about how long he was

1003

00:41:41,510 --> 00:41:38,960

involved so it was during that time

1004

00:41:42,390 --> 00:41:41,520

that's you know what i'm just saying so

1005

00:41:44,950 --> 00:41:42,400

um

1006

00:41:47,430 --> 00:41:44,960

again i have this detailed timeline and

1007

00:41:49,910 --> 00:41:47,440

i also have a list of all the players

1008

00:41:51,430 --> 00:41:49,920

but one of the guys at the original and

1009

00:41:55,109 --> 00:41:51,440

jack hauck who was at the original me

1010

00:41:57,589 --> 00:41:55,119

now jack didn't stay with it he had

1011

00:41:59,750 --> 00:41:57,599

occasionally involvement with these guys

1012

00:42:02,390 --> 00:41:59,760

well into stuff but by by the time it

1013

00:42:05,270 --> 00:42:02,400

reached the knits era i'm not sure that

1014

00:42:10,230 --> 00:42:05,280

jack was involved i think mostly for

1015

00:42:13,109 --> 00:42:12,230

and different other people you know so

1016

00:42:15,349 --> 00:42:13,119

um

1017

00:42:17,750 --> 00:42:15,359

again i have i if you watch my whole

1018

00:42:20,710 --> 00:42:17,760

presentation i have here and we'll link

1019

00:42:23,030 --> 00:42:20,720

to it yeah three powerpoint slides that

1020

00:42:26,710 --> 00:42:23,040

list everyone's names and if you really

1021

00:42:29,910 --> 00:42:26,720

want me to i can um i can uh bring it up

1022

00:42:33,270 --> 00:42:29,920

in the background no that's okay yeah i

1023

00:42:34,470 --> 00:42:33,280

we'll link to it in the description

1024

00:42:36,630 --> 00:42:34,480

but um

1025

00:42:39,270 --> 00:42:36,640

but in there and people when they watch

1026
00:42:41,030 --> 00:42:39,280
it can stop and look at it and read but

1027
00:42:43,030 --> 00:42:41,040
there's three separate slides because

1028
00:42:44,470 --> 00:42:43,040
the list is that long it takes three

1029
00:42:47,510 --> 00:42:44,480
full slides

1030
00:42:48,870 --> 00:42:47,520
and i have this chart that shows

1031
00:42:50,870 --> 00:42:48,880
everybody's

1032
00:42:52,230 --> 00:42:50,880
uh involvement their

1033
00:42:54,390 --> 00:42:52,240
positions

1034
00:42:56,470 --> 00:42:54,400
what their affiliations were

1035
00:42:58,470 --> 00:42:56,480
i have them all mapped out in there let

1036
00:43:01,109 --> 00:42:58,480
me ask you this is um

1037
00:43:04,069 --> 00:43:01,119
were all these groups related to

1038
00:43:05,910 --> 00:43:04,079

uh the dia or were some of them some of

1039

00:43:07,750 --> 00:43:05,920

them were some of them were different

1040

00:43:09,910 --> 00:43:07,760

aerospace companies some of them were

1041

00:43:12,790 --> 00:43:09,920

intelligence people some of them were

1042

00:43:13,990 --> 00:43:12,800

dia some of them did a little bit of all

1043

00:43:16,470 --> 00:43:14,000

those things

1044

00:43:18,470 --> 00:43:16,480

that's why as i did the research randy

1045

00:43:20,630 --> 00:43:18,480

and i as we figured out

1046

00:43:23,349 --> 00:43:20,640

what are their connections

1047

00:43:25,910 --> 00:43:23,359

on that on that graph i made

1048

00:43:27,510 --> 00:43:25,920

have all their names and then i have a

1049

00:43:30,309 --> 00:43:27,520

list of different

1050

00:43:32,309 --> 00:43:30,319

uh connections and affiliates okay sure

1051
00:43:34,550 --> 00:43:32,319
and and and then i have a little like

1052
00:43:36,470 --> 00:43:34,560
check mark in each one so you can go

1053
00:43:38,790 --> 00:43:36,480
okay you know they were part of this and

1054
00:43:40,470 --> 00:43:38,800
part of this and part of this and if i

1055
00:43:43,030 --> 00:43:40,480
randy and i only tried to check it off

1056
00:43:44,150 --> 00:43:43,040
if we kind of verified that they were

1057
00:43:46,550 --> 00:43:44,160
part of that

1058
00:43:49,349 --> 00:43:46,560
and uh so whether they were like if they

1059
00:43:51,270 --> 00:43:49,359
were at the original meeting in 85 we

1060
00:43:53,430 --> 00:43:51,280
have the check mark there if they

1061
00:43:56,309 --> 00:43:53,440
weren't but they came involved later

1062
00:43:58,550 --> 00:43:56,319
like like a doctor gary nolan or eric

1063
00:43:59,589 --> 00:43:58,560

davis who get involved later you know

1064

00:44:01,430 --> 00:43:59,599

kind of thing

1065

00:44:04,069 --> 00:44:01,440

although eric pretty early on you know

1066

00:44:07,190 --> 00:44:04,079

so different people came and left but as

1067

00:44:08,870 --> 00:44:07,200

they were involved you know we we added

1068

00:44:11,670 --> 00:44:08,880

them to our list and we tried to figure

1069

00:44:14,470 --> 00:44:11,680

out where in the timeline they came in

1070

00:44:16,230 --> 00:44:14,480

and what their affiliations were and

1071

00:44:18,790 --> 00:44:16,240

some of them

1072

00:44:21,349 --> 00:44:18,800

had a different interest in the ufo

1073

00:44:23,990 --> 00:44:21,359

subject more from the technology one

1074

00:44:28,069 --> 00:44:24,000

thing also what got me interested in

1075

00:44:30,550 --> 00:44:28,079

these guys from the get go

1076

00:44:34,069 --> 00:44:30,560

was

1077

00:44:35,670 --> 00:44:34,079

realizing early on like right away

1078

00:44:37,829 --> 00:44:35,680

whether it was something ed originally

1079

00:44:40,069 --> 00:44:37,839

said which i think he did and it was

1080

00:44:42,790 --> 00:44:40,079

always there prevalent in the research

1081

00:44:45,510 --> 00:44:42,800

was that they had a huge huge interest

1082

00:44:47,589 --> 00:44:45,520

in abductions and abductees i mean

1083

00:44:49,670 --> 00:44:47,599

move into the middle labs from this

1084

00:44:53,030 --> 00:44:49,680

yeah yeah exactly so they

1085

00:44:55,030 --> 00:44:53,040

they had a huge interest now because of

1086

00:44:58,230 --> 00:44:55,040

my millaps research which i've also been

1087

00:44:59,589 --> 00:44:58,240

doing at the same time for 30 years

1088

00:45:02,829 --> 00:44:59,599

is

1089

00:45:06,069 --> 00:45:02,839

i realized there was crossover

1090

00:45:07,829 --> 00:45:06,079

there and i thought who were these guys

1091

00:45:10,390 --> 00:45:07,839

that they have an interest

1092

00:45:12,550 --> 00:45:10,400

now over time i realized these guys

1093

00:45:14,870 --> 00:45:12,560

weren't really involved in the mill lab

1094

00:45:18,390 --> 00:45:14,880

thing with the exception of one key

1095

00:45:19,510 --> 00:45:18,400

player that might have crossed over

1096

00:45:21,589 --> 00:45:19,520

one or two

1097

00:45:24,150 --> 00:45:21,599

but the rest i'm going okay i can't

1098

00:45:25,910 --> 00:45:24,160

really see a connection but

1099

00:45:27,670 --> 00:45:25,920

the fact that they always had an

1100

00:45:29,829 --> 00:45:27,680

interest in abduction so everyone talks

1101

00:45:32,950 --> 00:45:29,839

about for instance

1102

00:45:35,030 --> 00:45:32,960

the davis wilson nodes okay

1103

00:45:37,829 --> 00:45:35,040

when those came out everyone also talks

1104

00:45:40,150 --> 00:45:37,839

about the emails between the different

1105

00:45:42,870 --> 00:45:40,160

people with nids on their board and the

1106

00:45:45,030 --> 00:45:42,880

science advisory board for nids

1107

00:45:47,670 --> 00:45:45,040

that document which to print out of

1108

00:45:50,470 --> 00:45:47,680

those emails came out the same time

1109

00:45:51,750 --> 00:45:50,480

and and a memo which people confused

1110

00:45:53,670 --> 00:45:51,760

with the notes so that you know it gets

1111

00:45:57,190 --> 00:45:53,680

very confusing so there's a email memo

1112

00:45:59,990 --> 00:45:57,200

right and and emails and then also

1113

00:46:02,309 --> 00:46:00,000

the notes the wilson davis notes but

1114

00:46:04,230 --> 00:46:02,319

then there was another document actually

1115

00:46:06,069 --> 00:46:04,240

in the original that we

1116

00:46:08,069 --> 00:46:06,079

that the researchers who were given

1117

00:46:10,630 --> 00:46:08,079

these have i've seen it

1118

00:46:12,470 --> 00:46:10,640

the original on

1119

00:46:14,390 --> 00:46:12,480

on uh

1120

00:46:16,710 --> 00:46:14,400

nids national institute of discovery

1121

00:46:17,750 --> 00:46:16,720

science with bigelow corporation on it

1122

00:46:21,510 --> 00:46:17,760

too

1123

00:46:23,430 --> 00:46:21,520

on that on the nids um uh uh my choice

1124

00:46:24,470 --> 00:46:23,440

letterhead you know actually on printed

1125

00:46:27,270 --> 00:46:24,480

letterhead

1126
00:46:30,309 --> 00:46:27,280
is this document and this letter and and

1127
00:46:31,829 --> 00:46:30,319
this multiple page document all about

1128
00:46:33,990 --> 00:46:31,839
the abduction research they were doing

1129
00:46:36,069 --> 00:46:34,000
at the time and i'm like no one talks

1130
00:46:38,309 --> 00:46:36,079
about that and that was found with the

1131
00:46:40,390 --> 00:46:38,319
other things it's just as important it

1132
00:46:42,390 --> 00:46:40,400
was found with the other things now

1133
00:46:44,870 --> 00:46:42,400
granted the the meat and you know

1134
00:46:47,030 --> 00:46:44,880
gravitas if you will what is contained

1135
00:46:50,150 --> 00:46:47,040
in the wilson davis notes

1136
00:46:51,829 --> 00:46:50,160
is is you know is so meaty but

1137
00:46:53,190 --> 00:46:51,839
but i think everyone overlooks this

1138
00:46:54,950 --> 00:46:53,200

because they're talking about abduction

1139

00:46:57,190 --> 00:46:54,960

stuff but they're talking about

1140

00:46:59,270 --> 00:46:57,200

different abduction cases and it went

1141

00:47:02,390 --> 00:46:59,280

out to everyone on their board and the

1142

00:47:04,069 --> 00:47:02,400

science advisory board which is what dr

1143

00:47:06,309 --> 00:47:04,079

edgar mitchell was on the science

1144

00:47:08,390 --> 00:47:06,319

advisory board

1145

00:47:10,790 --> 00:47:08,400

and and you know and everyone goes well

1146

00:47:12,550 --> 00:47:10,800

who else would have the

1147

00:47:14,790 --> 00:47:12,560

wilson davis notes

1148

00:47:16,870 --> 00:47:14,800

everybody on the science advisory board

1149

00:47:18,630 --> 00:47:16,880

and the board at the time

1150

00:47:21,510 --> 00:47:18,640

and i have a timeline where we can kind

1151
00:47:24,549 --> 00:47:21,520
of piece together who might be on and

1152
00:47:26,470 --> 00:47:24,559
jacques valet in his books forbidden

1153
00:47:28,630 --> 00:47:26,480
science you know and it's forbidden

1154
00:47:30,790 --> 00:47:28,640
science four everybody talks about he

1155
00:47:33,190 --> 00:47:30,800
has timelines in there and that this

1156
00:47:35,030 --> 00:47:33,200
timeline would be like the next book so

1157
00:47:38,150 --> 00:47:35,040
everybody's gonna ask dr lay jacques

1158
00:47:41,670 --> 00:47:38,160
valet was on the science advisory board

1159
00:47:43,990 --> 00:47:41,680
at the time of the wilson davis so eric

1160
00:47:46,950 --> 00:47:44,000
i mean dr edgar mitchell got a copy of

1161
00:47:50,150 --> 00:47:46,960
those notes right uh you guys jacques

1162
00:47:52,470 --> 00:47:50,160
valet got a copy of those notes well

1163
00:47:54,390 --> 00:47:52,480

i think we have a good list of who we

1164

00:47:55,829 --> 00:47:54,400
need to testify

1165

00:47:56,710 --> 00:47:55,839
yeah and others

1166

00:48:01,829 --> 00:47:56,720
yeah

1167

00:48:03,750 --> 00:48:01,839
you know who was there got a copy of

1168

00:48:08,470 --> 00:48:03,760
those notes you know

1169

00:48:13,829 --> 00:48:11,109
if you watch that little clip

1170

00:48:16,069 --> 00:48:13,839
colonel john alexander outed

1171

00:48:17,910 --> 00:48:16,079
eric davis you know

1172

00:48:18,630 --> 00:48:17,920
and during the questions yeah right

1173

00:48:22,069 --> 00:48:18,640
right

1174

00:48:23,910 --> 00:48:22,079
he's asked about uh it was

1175

00:48:25,750 --> 00:48:23,920
uh jonathan davies

1176

00:48:28,549 --> 00:48:25,760

asked the question he wasn't present but

1177

00:48:30,710 --> 00:48:28,559

he asked it online and they were putting

1178

00:48:32,230 --> 00:48:30,720

those out and you know and rich hoffman

1179

00:48:34,150 --> 00:48:32,240

was asking them

1180

00:48:36,150 --> 00:48:34,160

and so rich hoffman's at the podium and

1181

00:48:38,470 --> 00:48:36,160

john alexander's sitting there

1182

00:48:40,069 --> 00:48:38,480

and and uh and

1183

00:48:43,990 --> 00:48:40,079

and rich reads the question from

1184

00:48:47,589 --> 00:48:44,000

jonathan davies you know saying um

1185

00:48:49,270 --> 00:48:47,599

you know saying to him uh uh uh were you

1186

00:48:50,150 --> 00:48:49,280

copied on those

1187

00:48:52,230 --> 00:48:50,160

notes

1188

00:48:54,630 --> 00:48:52,240

and he doesn't really answer that but

1189

00:48:55,910 --> 00:48:54,640

but he but rich he should have asked

1190

00:48:58,309 --> 00:48:55,920

should have broken down the questions

1191

00:49:00,150 --> 00:48:58,319

individually asked like one whole thing

1192

00:49:01,990 --> 00:49:00,160

so john only had to give one response

1193

00:49:04,230 --> 00:49:02,000

but he went on to say you know were you

1194

00:49:07,190 --> 00:49:04,240

copied and cece and were other people

1195

00:49:08,549 --> 00:49:07,200

and and um

1196

00:49:09,589 --> 00:49:08,559

you know and

1197

00:49:10,950 --> 00:49:09,599

you know did the meeting happen or

1198

00:49:13,910 --> 00:49:10,960

whatever like that

1199

00:49:15,510 --> 00:49:13,920

and and john's response was

1200

00:49:16,630 --> 00:49:15,520

well why don't you ask eric he's sitting

1201
00:49:19,030 --> 00:49:16,640
right here

1202
00:49:21,430 --> 00:49:19,040
right and he said he wrote them he said

1203
00:49:22,870 --> 00:49:21,440
he wrote them exactly yeah and then he

1204
00:49:23,829 --> 00:49:22,880
says he wrote them

1205
00:49:26,710 --> 00:49:23,839
you know

1206
00:49:29,589 --> 00:49:26,720
and and then smiles like a big cheshire

1207
00:49:31,589 --> 00:49:29,599
greening grinning cat has this big smile

1208
00:49:33,829 --> 00:49:31,599
and i've rewatched it a bunch of times

1209
00:49:35,510 --> 00:49:33,839
and i talked to bob and bob was

1210
00:49:37,510 --> 00:49:35,520
re-watching it and so was tom whitmore

1211
00:49:38,950 --> 00:49:37,520
to say

1212
00:49:40,710 --> 00:49:38,960
that big smile what do you think was

1213
00:49:42,309 --> 00:49:40,720

going on and they both they both said

1214

00:49:43,750 --> 00:49:42,319

this you know because i asked for like

1215

00:49:44,870 --> 00:49:43,760

their response before i told them what

1216

00:49:46,470 --> 00:49:44,880

mine was

1217

00:49:48,790 --> 00:49:46,480

and they said

1218

00:49:51,430 --> 00:49:48,800

no that he wasn't kidding in fact he was

1219

00:49:53,030 --> 00:49:51,440

like looking at air going ah like i just

1220

00:49:55,589 --> 00:49:53,040

did that

1221

00:49:57,670 --> 00:49:55,599

you know like every to everyone at scu

1222

00:49:59,750 --> 00:49:57,680

and the big names in this thing like ah

1223

00:50:01,990 --> 00:49:59,760

that's right you wrote them you know

1224

00:50:04,470 --> 00:50:02,000

yeah so i figure

1225

00:50:05,750 --> 00:50:04,480

now i always said um

1226

00:50:06,870 --> 00:50:05,760

they

1227

00:50:08,069 --> 00:50:06,880

i had

1228

00:50:09,990 --> 00:50:08,079

let me get this whole thing about how i

1229

00:50:13,030 --> 00:50:10,000

know jim semivan

1230

00:50:15,829 --> 00:50:13,040

he's a player uh and uh and

1231

00:50:18,710 --> 00:50:15,839

and jim semivan who i've have a

1232

00:50:21,990 --> 00:50:18,720

friendship with i once had a 43-minute

1233

00:50:24,829 --> 00:50:22,000

long non-denial conversation with him

1234

00:50:26,390 --> 00:50:24,839

about the wilson davis notes

1235

00:50:31,589 --> 00:50:26,400

and

1236

00:50:34,710 --> 00:50:31,599

explained how if anything in there

1237

00:50:37,270 --> 00:50:34,720

is confidential at all they can't talk

1238

00:50:38,870 --> 00:50:37,280

about so but his going on and on about

1239

00:50:40,549 --> 00:50:38,880

the confidential and their inability to

1240

00:50:42,710 --> 00:50:40,559

talk about it and everything told me

1241

00:50:44,950 --> 00:50:42,720

that these guys and he said there we had

1242

00:50:46,069 --> 00:50:44,960

a meeting about it so that told me these

1243

00:50:48,710 --> 00:50:46,079

guys

1244

00:50:50,630 --> 00:50:48,720

gathered the wagons and teamed up with

1245

00:50:53,589 --> 00:50:50,640

what they were gonna like say and not

1246

00:50:55,270 --> 00:50:53,599

say about it uh dolan talked to richard

1247

00:50:58,549 --> 00:50:55,280

dolan talked to kate green and hal put

1248

00:51:00,069 --> 00:50:58,559

off about it got the same response uh

1249

00:51:02,230 --> 00:51:00,079

i know joe

1250

00:51:03,030 --> 00:51:02,240

merja you know was talking of course to

1251

00:51:04,870 --> 00:51:03,040

uh

1252

00:51:08,630 --> 00:51:04,880

to eric davis about it getting the same

1253

00:51:11,589 --> 00:51:08,640

response etc people talk to gary nolan

1254

00:51:13,190 --> 00:51:11,599

about it etc so these guys had clearly

1255

00:51:15,910 --> 00:51:13,200

the working group guys you know whatever

1256

00:51:18,470 --> 00:51:15,920

had kind of uh like i said gathered the

1257

00:51:20,470 --> 00:51:18,480

wagons and you know and circled them and

1258

00:51:23,750 --> 00:51:20,480

realized you know they had to kind of

1259

00:51:27,030 --> 00:51:23,760

say the same thing and and basically

1260

00:51:29,510 --> 00:51:27,040

give these non-denials so nobody was

1261

00:51:31,990 --> 00:51:29,520

denying the meeting took place with the

1262

00:51:33,030 --> 00:51:32,000

exception of wilson himself let me ask

1263

00:51:34,710 --> 00:51:33,040

you this

1264

00:51:36,309 --> 00:51:34,720

what does this every group do like

1265

00:51:38,790 --> 00:51:36,319

what's the point of the group do they

1266

00:51:40,150 --> 00:51:38,800

just study it and kind of a non-official

1267

00:51:41,589 --> 00:51:40,160

posse or

1268

00:51:46,150 --> 00:51:41,599

yeah

1269

00:51:47,349 --> 00:51:46,160

that's time when i had this tom and i

1270

00:51:49,030 --> 00:51:47,359

just talked for two hours trying to

1271

00:51:51,910 --> 00:51:49,040

figure that out actually

1272

00:51:54,230 --> 00:51:51,920

but i didn't tell you the truth okay

1273

00:51:56,630 --> 00:51:54,240

how do i explain this um

1274

00:51:58,790 --> 00:51:56,640

in their original meeting minutes and an

1275

00:52:01,270 --> 00:51:58,800

agenda in 85 which

1276
00:52:04,710 --> 00:52:01,280
which i got from jack out now jacked him

1277
00:52:06,870 --> 00:52:04,720
again to me after he passed hi linda

1278
00:52:08,790 --> 00:52:06,880
glad you're here

1279
00:52:12,230 --> 00:52:08,800
that's awesome um

1280
00:52:14,069 --> 00:52:12,240
after he passed his wife gave my

1281
00:52:15,349 --> 00:52:14,079
friend and research associate steve

1282
00:52:17,270 --> 00:52:15,359
paula doris

1283
00:52:20,150 --> 00:52:17,280
these file boxes that were jacks from

1284
00:52:22,069 --> 00:52:20,160
his home files now he had an office

1285
00:52:24,069 --> 00:52:22,079
he worked for a long time in aerospace

1286
00:52:26,470 --> 00:52:24,079
but after that he brought a lot of files

1287
00:52:28,390 --> 00:52:26,480
on his personal files and stuff home

1288
00:52:31,030 --> 00:52:28,400

after he passed of course the family

1289

00:52:32,470 --> 00:52:31,040

took out anything personal but his wife

1290

00:52:34,230 --> 00:52:32,480

said to steve look i know you have an

1291

00:52:35,670 --> 00:52:34,240

interest in these things we've gone

1292

00:52:37,750 --> 00:52:35,680

through we've taken out everything we

1293

00:52:39,510 --> 00:52:37,760

want to keep do you want any of this or

1294

00:52:42,069 --> 00:52:39,520

i'm going to shred it

1295

00:52:44,150 --> 00:52:42,079

and gave like two file boxes to

1296

00:52:46,150 --> 00:52:44,160

to steve

1297

00:52:48,710 --> 00:52:46,160

steve went through them and immediately

1298

00:52:51,030 --> 00:52:48,720

some things flagged him now fortunately

1299

00:52:52,870 --> 00:52:51,040

unfortunately jack was no longer with

1300

00:52:55,109 --> 00:52:52,880

the group in any way would not have been

1301

00:52:56,950 --> 00:52:55,119

copied on the wilson davis

1302

00:52:58,710 --> 00:52:56,960

unfortunately because you think i

1303

00:53:01,109 --> 00:52:58,720

wouldn't be flagging that thing all over

1304

00:53:02,950 --> 00:53:01,119

if i had it you know but yeah but what

1305

00:53:06,309 --> 00:53:02,960

he did have is this

1306

00:53:08,950 --> 00:53:06,319

his uh meeting agenda and minutes and

1307

00:53:11,910 --> 00:53:08,960

overhead projector notes and handwritten

1308

00:53:14,390 --> 00:53:11,920

notes from his early involvement with

1309

00:53:16,870 --> 00:53:14,400

mids and the you know and i'm not mids

1310

00:53:18,390 --> 00:53:16,880

i'm sorry with uh uh

1311

00:53:20,630 --> 00:53:18,400

sorry with the advanced theoretical

1312

00:53:22,230 --> 00:53:20,640

physics working group atp

1313

00:53:24,150 --> 00:53:22,240

yeah yeah i know with the atp i know

1314

00:53:26,630 --> 00:53:24,160

even my head starts to go wee you know

1315

00:53:40,829 --> 00:53:26,640

people like getting straight i'm like

1316

00:53:45,349 --> 00:53:42,710

yeah no but it's it's called doing the

1317

00:53:48,150 --> 00:53:45,359

research for 30 years and thank god for

1318

00:53:51,270 --> 00:53:48,160

randy copeland my research associate who

1319

00:53:52,870 --> 00:53:51,280

has a steel trap mind i always say

1320

00:53:54,390 --> 00:53:52,880

randy remembers anything he's also

1321

00:53:56,950 --> 00:53:54,400

really good friends with daniel sheehan

1322

00:53:59,109 --> 00:53:56,960

for the same reason you need you know

1323

00:54:01,349 --> 00:53:59,119

richard hoagland years ago used to say

1324

00:54:03,670 --> 00:54:01,359

randy koppen was everybody's you know

1325

00:54:05,270 --> 00:54:03,680

swiss army knife of researchers you keep

1326
00:54:07,349 --> 00:54:05,280
in your back pocket whenever you need

1327
00:54:09,190 --> 00:54:07,359
anything you know because because he

1328
00:54:12,549 --> 00:54:09,200
also remembers stuff like that you know

1329
00:54:15,030 --> 00:54:12,559
at his fingertips is amazing so so i

1330
00:54:20,150 --> 00:54:15,040
don't have to remember like i haven't

1331
00:54:23,430 --> 00:54:21,829
everybody needs that friend that's true

1332
00:54:25,750 --> 00:54:23,440
but you know luckily i remember stuff

1333
00:54:28,549 --> 00:54:25,760
pretty good but you know uh but luckily

1334
00:54:30,790 --> 00:54:28,559
for randy so but and i and as i started

1335
00:54:33,270 --> 00:54:30,800
saying 30 years of doing this oh say so

1336
00:54:34,950 --> 00:54:33,280
going back to uh uh

1337
00:54:37,829 --> 00:54:34,960
oh gosh

1338
00:54:39,430 --> 00:54:37,839

my drain of thought uh going back to um

1339

00:54:41,750 --> 00:54:39,440

uh

1340

00:54:47,589 --> 00:54:44,549

hi gosh um oh so so

1341

00:54:49,910 --> 00:54:47,599

the meeting minutes had um

1342

00:54:52,950 --> 00:54:49,920

and handwritten notes and by the way you

1343

00:54:56,230 --> 00:54:52,960

guys when i was first shown

1344

00:54:57,270 --> 00:54:56,240

by the gentleman who first

1345

00:54:59,510 --> 00:54:57,280

okay

1346

00:55:01,670 --> 00:54:59,520

the wilson davis notes were in the files

1347

00:55:03,990 --> 00:55:01,680

of dr edgar mitchell

1348

00:55:04,630 --> 00:55:04,000

a gentleman in australia was working on

1349

00:55:06,789 --> 00:55:04,640

a

1350

00:55:09,670 --> 00:55:06,799

book with dr mitchell

1351

00:55:11,109 --> 00:55:09,680

he passes the family gives him is my

1352

00:55:13,030 --> 00:55:11,119

understanding if i have any of this a

1353

00:55:15,750 --> 00:55:13,040

lot but i'm pretty sure i got this right

1354

00:55:18,069 --> 00:55:15,760

the family then gives him some files for

1355

00:55:20,390 --> 00:55:18,079

him to continue working on this book

1356

00:55:22,549 --> 00:55:20,400

that he had already started or was

1357

00:55:24,309 --> 00:55:22,559

in a lot of deep conversation with dr

1358

00:55:26,309 --> 00:55:24,319

mittell about doing so it's going to be

1359

00:55:28,630 --> 00:55:26,319

a book about dr mittell's life mostly

1360

00:55:30,390 --> 00:55:28,640

nasa and all that so he's so the family

1361

00:55:32,630 --> 00:55:30,400

says here are some of his personal files

1362

00:55:35,109 --> 00:55:32,640

about nasa and everything

1363

00:55:36,950 --> 00:55:35,119

well but also in there was this other

1364

00:55:39,270 --> 00:55:36,960

stuff now this guy

1365

00:55:40,470 --> 00:55:39,280

my understanding is at a conference he

1366

00:55:43,829 --> 00:55:40,480

met

1367

00:55:45,910 --> 00:55:43,839

a researcher in australia that was a

1368

00:55:49,430 --> 00:55:45,920

casual ufo researcher that many of us

1369

00:55:51,430 --> 00:55:49,440

are friends with okay he met him at a

1370

00:55:54,710 --> 00:55:51,440

conference and so they stayed in touch

1371

00:55:58,309 --> 00:55:54,720

so apparently when he said do you want

1372

00:56:01,510 --> 00:55:58,319

to eat any of this stuff much like how

1373

00:56:03,510 --> 00:56:01,520

how uh jack hawk's wife said to us to

1374

00:56:04,789 --> 00:56:03,520

steve and i do any of this stuff i'm

1375

00:56:06,710 --> 00:56:04,799

going to shred it was like the family

1376
00:56:08,950 --> 00:56:06,720
said here's some stuff for your you know

1377
00:56:11,109 --> 00:56:08,960
book and then this then the guy who had

1378
00:56:13,190 --> 00:56:11,119
that said to this other australian

1379
00:56:14,630 --> 00:56:13,200
researcher do you want any of this and

1380
00:56:16,710 --> 00:56:14,640
let him go through it

1381
00:56:18,870 --> 00:56:16,720
and only game apparently he only had a

1382
00:56:20,390 --> 00:56:18,880
couple hours to go through it but this

1383
00:56:22,710 --> 00:56:20,400
stuff flagged him because he knew what

1384
00:56:25,589 --> 00:56:22,720
nids was and he knew the names and so he

1385
00:56:27,990 --> 00:56:25,599
grabbed all this stuff out of the files

1386
00:56:30,150 --> 00:56:28,000
which again ends up being the wilson

1387
00:56:31,190 --> 00:56:30,160
notes and all the documents associated

1388
00:56:33,829 --> 00:56:31,200

with it

1389

00:56:37,109 --> 00:56:33,839

the email notes and memo and all those

1390

00:56:40,309 --> 00:56:37,119

documents and this multiple page thing

1391

00:56:42,069 --> 00:56:40,319

on ned's letterhead about their interest

1392

00:56:44,950 --> 00:56:42,079

in abductees and what they're looking

1393

00:56:47,589 --> 00:56:44,960

into with specific abduction cases

1394

00:56:49,750 --> 00:56:47,599

and so he gathers all that

1395

00:56:52,390 --> 00:56:49,760

and he shows up

1396

00:56:54,309 --> 00:56:52,400

uh first off he he my understanding is

1397

00:56:56,829 --> 00:56:54,319

now now you can probably help me with

1398

00:56:59,109 --> 00:56:56,839

this because you just

1399

00:57:00,870 --> 00:56:59,119

interviewed um

1400

00:57:04,230 --> 00:57:00,880

um

1401
00:57:05,829 --> 00:57:04,240
cameron

1402
00:57:07,109 --> 00:57:05,839
no or danny silva

1403
00:57:08,630 --> 00:57:07,119
danny silly thank you thank you but

1404
00:57:09,990 --> 00:57:08,640
speaking of great cameron we're going to

1405
00:57:12,630 --> 00:57:10,000
see them

1406
00:57:14,630 --> 00:57:12,640
i'm about to mention that so so at that

1407
00:57:17,510 --> 00:57:14,640
point

1408
00:57:19,750 --> 00:57:17,520
um our friend in australia gives them to

1409
00:57:21,190 --> 00:57:19,760
danny silva right and my understanding

1410
00:57:23,109 --> 00:57:21,200
is danny silva was the one who put him

1411
00:57:24,230 --> 00:57:23,119
on reddit did i have that right

1412
00:57:27,109 --> 00:57:24,240
no he

1413
00:57:29,829 --> 00:57:27,119

they found out that somebody had put it

1414

00:57:30,789 --> 00:57:29,839

on reddit and they had these notes and

1415

00:57:32,870 --> 00:57:30,799

they're like

1416

00:57:35,349 --> 00:57:32,880

well the guy the guy

1417

00:57:37,270 --> 00:57:35,359

my friend in australia maybe he's not

1418

00:57:38,069 --> 00:57:37,280

given who that guy is but he gave it to

1419

00:57:42,390 --> 00:57:38,079

the

1420

00:57:44,710 --> 00:57:42,400

understanding and i thought that was

1421

00:57:47,270 --> 00:57:44,720

danny silva that's why i said i need to

1422

00:57:49,349 --> 00:57:47,280

clarify that i know danny so i can i can

1423

00:57:50,069 --> 00:57:49,359

ask him clarify but

1424

00:57:50,700 --> 00:57:50,079

but

1425

00:57:57,780 --> 00:57:50,710

he didn't

1426

00:57:57,790 --> 00:58:05,589

[Laughter]

1427

00:58:08,950 --> 00:58:06,870

maybe okay

1428

00:58:11,270 --> 00:58:08,960

okay so um i should have watched your

1429

00:58:13,109 --> 00:58:11,280

interview with danny i apologize see you

1430

00:58:14,710 --> 00:58:13,119

know i've been so busy working i can't

1431

00:58:17,990 --> 00:58:14,720

keep up on everything

1432

00:58:19,430 --> 00:58:18,000

the true i just i'm too busy too busy um

1433

00:58:23,030 --> 00:58:19,440

okay

1434

00:58:24,150 --> 00:58:23,040

regardless coming into town look at that

1435

00:58:25,270 --> 00:58:24,160

area

1436

00:58:27,430 --> 00:58:25,280

and the guys

1437

00:58:29,670 --> 00:58:27,440

not public yet may never be public it's

1438

00:58:30,630 --> 00:58:29,680

not danny thank you joe appreciate that

1439

00:58:32,230 --> 00:58:30,640

good

1440

00:58:33,990 --> 00:58:32,240

daddy's probably in here too going what

1441

00:58:37,510 --> 00:58:34,000

the hell really sorry i missed the

1442

00:58:39,030 --> 00:58:37,520

interview i apologize okay okay so but

1443

00:58:40,630 --> 00:58:39,040

the guy we know in australia and i'm

1444

00:58:42,950 --> 00:58:40,640

leaving his name out because i don't

1445

00:58:44,549 --> 00:58:42,960

think he wants it far and wide

1446

00:58:48,069 --> 00:58:44,559

um

1447

00:58:50,950 --> 00:58:48,079

he put it on emger okay imgur okay

1448

00:58:53,589 --> 00:58:50,960

okay put it on him tomato tomato

1449

00:58:56,870 --> 00:58:55,430

yeah well hey if we're going to be

1450

00:58:58,950 --> 00:58:56,880

accurate about this he put it on in the

1451

00:59:01,670 --> 00:58:58,960

garden but it still came from this

1452

00:59:04,470 --> 00:59:01,680

friend of ours who i do know in

1453

00:59:07,910 --> 00:59:04,480

australia okay so it came from him it

1454

00:59:11,270 --> 00:59:07,920

gets leaked out now this same guy

1455

00:59:13,829 --> 00:59:11,280

often goes to paula harris's conferences

1456

00:59:15,990 --> 00:59:13,839

in laughlin nevada

1457

00:59:17,670 --> 00:59:16,000

he goes to palace conference

1458

00:59:21,270 --> 00:59:17,680

and gives a copy to grant so that's the

1459

00:59:25,190 --> 00:59:21,280

first time greg cameron sees it

1460

00:59:28,150 --> 00:59:25,200

he also gave me a copy at grant when he

1461

00:59:30,710 --> 00:59:28,160

showed it to grant cameron

1462

00:59:32,470 --> 00:59:30,720

because he knew grant did that research

1463

00:59:33,910 --> 00:59:32,480

and

1464

00:59:35,589 --> 00:59:33,920

maybe it wasn't that year it might have

1465

00:59:37,510 --> 00:59:35,599

been the next year that he showed it to

1466

00:59:38,870 --> 00:59:37,520

me for the first time i'd i almost have

1467

00:59:40,230 --> 00:59:38,880

to ask grant and said did i see it that

1468

00:59:41,910 --> 00:59:40,240

first year or the next year but does

1469

00:59:44,470 --> 00:59:41,920

almost doesn't matter because he did

1470

00:59:47,190 --> 00:59:44,480

show it to to grant and grant knew right

1471

00:59:49,430 --> 00:59:47,200

away the name oak shannon so first off

1472

00:59:51,829 --> 00:59:49,440

he's looking at it and that jumped out

1473

00:59:54,470 --> 00:59:51,839

because grant has

1474

00:59:58,309 --> 00:59:54,480

like i have jack house agenda and

1475

01:00:00,710 --> 00:59:58,319

meeting in it from 1985 from bdm

1476

01:00:04,870 --> 01:00:00,720

he has greg cameron

1477

01:00:06,390 --> 01:00:04,880

apparently a family member of this guy

1478

01:00:08,309 --> 01:00:06,400

o'shannon

1479

01:00:09,750 --> 01:00:08,319

approached grant knowing grant did

1480

01:00:12,069 --> 01:00:09,760

research into these things and had

1481

01:00:14,470 --> 01:00:12,079

talked about it so apparently somebody

1482

01:00:16,390 --> 01:00:14,480

came forward to grant with the agenda

1483

01:00:18,470 --> 01:00:16,400

and the meeting minutes from the meeting

1484

01:00:21,589 --> 01:00:18,480

and he had ones that were actually oak

1485

01:00:24,710 --> 01:00:21,599

shannon's copy from his family that's my

1486

01:00:28,630 --> 01:00:24,720

understanding i had mine from jack hauck

1487

01:00:31,190 --> 01:00:28,640

now oak's name wasn't printed on mine

1488

01:00:33,829 --> 01:00:31,200

there were only a few names printed on

1489

01:00:35,190 --> 01:00:33,839

it but jack as people were talking

1490

01:00:38,789 --> 01:00:35,200

apparently are doing this meeting was

1491

01:00:40,829 --> 01:00:38,799

taking notes and wrote down names

1492

01:00:43,430 --> 01:00:40,839

now i have some names on my

1493

01:00:46,950 --> 01:00:43,440

documentation from that original thing

1494

01:00:49,430 --> 01:00:46,960

that weren't published by howard bloom

1495

01:00:51,750 --> 01:00:49,440

but later when john alexander did write

1496

01:00:54,390 --> 01:00:51,760

about it in his first book

1497

01:00:57,030 --> 01:00:54,400

um was it ufo myths and conspiracies

1498

01:00:59,589 --> 01:00:57,040

okay so when he wrote that he did put

1499

01:01:01,109 --> 01:00:59,599

the list of names and it's the same name

1500

01:01:03,910 --> 01:01:01,119

as bloom as

1501
01:01:05,349 --> 01:01:03,920
howard bloom had but plus a few more i

1502
01:01:07,349 --> 01:01:05,359
do not know

1503
01:01:08,789 --> 01:01:07,359
how howard bloom came across this

1504
01:01:09,589 --> 01:01:08,799
originally

1505
01:01:12,069 --> 01:01:09,599
and

1506
01:01:13,190 --> 01:01:12,079
came across names um

1507
01:01:15,589 --> 01:01:13,200
but

1508
01:01:17,589 --> 01:01:15,599
in my notes from jack hauck he had

1509
01:01:19,430 --> 01:01:17,599
written on one of them

1510
01:01:21,829 --> 01:01:19,440
oak shannon blah blah blah blah so

1511
01:01:23,670 --> 01:01:21,839
i knew that name and what oak shannon's

1512
01:01:26,470 --> 01:01:23,680
position was you know

1513
01:01:29,190 --> 01:01:26,480

and so right away when i saw it i knew

1514

01:01:31,589 --> 01:01:29,200

that that name was significant when our

1515

01:01:34,390 --> 01:01:31,599

my australian friend showed them to me

1516

01:01:37,589 --> 01:01:34,400

so i was like i knew right away and when

1517

01:01:39,589 --> 01:01:37,599

richard dolan started talking about it

1518

01:01:41,190 --> 01:01:39,599

now first he only was given like two

1519

01:01:42,630 --> 01:01:41,200

pages back

1520

01:01:43,670 --> 01:01:42,640

by

1521

01:01:45,349 --> 01:01:43,680

uh

1522

01:01:47,270 --> 01:01:45,359

i'm not even sure originally if he got

1523

01:01:48,710 --> 01:01:47,280

them from my australian friend or

1524

01:01:49,910 --> 01:01:48,720

someone else you know but he'd

1525

01:01:52,870 --> 01:01:49,920

originally had two pages and then

1526

01:01:54,309 --> 01:01:52,880

eventually when it showed up on inger so

1527

01:01:56,069 --> 01:01:54,319

everyone out there if you know part of

1528

01:01:58,630 --> 01:01:56,079

the story like those guys just jumped in

1529

01:02:00,390 --> 01:01:58,640

and helped us out thank you you know uh

1530

01:02:02,950 --> 01:02:00,400

joe or anybody else you can feel free to

1531

01:02:05,109 --> 01:02:02,960

jump in so my understanding is

1532

01:02:06,950 --> 01:02:05,119

dolan only had had two pages but when it

1533

01:02:07,990 --> 01:02:06,960

was on inger then it was you know the

1534

01:02:09,910 --> 01:02:08,000

whole thing

1535

01:02:11,750 --> 01:02:09,920

and dolan started talking about it again

1536

01:02:13,589 --> 01:02:11,760

he had mentioned it in passing in wait

1537

01:02:15,910 --> 01:02:13,599

years before but now he would start

1538

01:02:17,029 --> 01:02:15,920

talking about it and i call them because

1539

01:02:18,549 --> 01:02:17,039

he said

1540

01:02:22,069 --> 01:02:18,559

we don't know where these originally

1541

01:02:23,029 --> 01:02:22,079

came from we know well he said i knew

1542

01:02:24,789 --> 01:02:23,039

how they

1543

01:02:25,670 --> 01:02:24,799

came up online he knew that at that

1544

01:02:28,309 --> 01:02:25,680

point

1545

01:02:30,630 --> 01:02:28,319

but i called richard and said

1546

01:02:31,670 --> 01:02:30,640

it's nids and explained oak shannon to

1547

01:02:33,589 --> 01:02:31,680

him because he didn't know who that name

1548

01:02:35,510 --> 01:02:33,599

was there's no reason he would i mean

1549

01:02:37,670 --> 01:02:35,520

that was a unique thing that grant and i

1550

01:02:39,829 --> 01:02:37,680

both had versions of the meeting minutes

1551
01:02:41,430 --> 01:02:39,839
from that first meeting different people

1552
01:02:42,549 --> 01:02:41,440
from different people that were both in

1553
01:02:44,630 --> 01:02:42,559
attendance

1554
01:02:46,470 --> 01:02:44,640
that's pretty good evidence yeah from

1555
01:02:48,950 --> 01:02:46,480
both you know that we're in attendance

1556
01:02:50,549 --> 01:02:48,960
so i i called dolan and then dog gave me

1557
01:02:52,710 --> 01:02:50,559
a lot of credit for quite a while he was

1558
01:02:54,789 --> 01:02:52,720
saying you know melinda told me he was

1559
01:02:56,870 --> 01:02:54,799
the first to tell me and explain the the

1560
01:02:59,589 --> 01:02:56,880
history of the group and you know and at

1561
01:03:02,069 --> 01:02:59,599
that point that helped convince

1562
01:03:05,109 --> 01:03:02,079
everyone's like why is dolan so

1563
01:03:06,870 --> 01:03:05,119

steadfast on this it's because

1564

01:03:08,630 --> 01:03:06,880

he knew when he knew that background and

1565

01:03:10,630 --> 01:03:08,640

then he also talked to the australian

1566

01:03:12,390 --> 01:03:10,640

guy so he said i know the whole history

1567

01:03:14,390 --> 01:03:12,400

of these i know where they came from it

1568

01:03:16,870 --> 01:03:14,400

makes perfect sense a guy's writing a

1569

01:03:18,549 --> 01:03:16,880

book with dr edgar mitchell mitchell

1570

01:03:20,870 --> 01:03:18,559

passes the family says you want some

1571

01:03:23,670 --> 01:03:20,880

files to finish the project gives the

1572

01:03:24,630 --> 01:03:23,680

files to the guy

1573

01:03:26,390 --> 01:03:24,640

the guy

1574

01:03:28,230 --> 01:03:26,400

says to another australian researcher

1575

01:03:31,190 --> 01:03:28,240

you want some of this he finds the

1576

01:03:33,510 --> 01:03:31,200

documents he gets them put out there

1577

01:03:35,589 --> 01:03:33,520

he shows up gives them to grant he shows

1578

01:03:37,510 --> 01:03:35,599

up gives gives them to me

1579

01:03:40,150 --> 01:03:37,520

gives them to danny danny puts them on

1580

01:03:41,910 --> 01:03:40,160

inger you know and dolan sees the whole

1581

01:03:43,430 --> 01:03:41,920

thing and you know so there you go it's

1582

01:03:45,349 --> 01:03:43,440

no it's that you guys it's no big

1583

01:03:47,750 --> 01:03:45,359

mystery and all the people out there who

1584

01:03:49,510 --> 01:03:47,760

are going oh it's a script or something

1585

01:03:51,750 --> 01:03:49,520

it's like you guys they're from edgar

1586

01:03:53,910 --> 01:03:51,760

mitchell's file with a bunch of other

1587

01:03:55,990 --> 01:03:53,920

knit stuff at the same time

1588

01:03:58,309 --> 01:03:56,000

you know it's no mystery that this came

1589

01:03:59,990 --> 01:03:58,319

from nids what kind of script is gonna

1590

01:04:01,510 --> 01:04:00,000

put these guys names in there too

1591

01:04:03,829 --> 01:04:01,520

anyways right there are they gonna have

1592

01:04:05,270 --> 01:04:03,839

fake names

1593

01:04:07,510 --> 01:04:05,280

and and and

1594

01:04:09,510 --> 01:04:07,520

and then that unique thing where grant

1595

01:04:11,190 --> 01:04:09,520

and i both had i had

1596

01:04:13,270 --> 01:04:11,200

meeting minutes with handwritten notes

1597

01:04:15,589 --> 01:04:13,280

that say oak shannon and he has meeting

1598

01:04:18,710 --> 01:04:15,599

men's agenda that come from oak shannon

1599

01:04:20,390 --> 01:04:18,720

you know so there you go so we both knew

1600

01:04:23,029 --> 01:04:20,400

wait this is legit because that's such

1601
01:04:24,950 --> 01:04:23,039
an obscure name to have on there we knew

1602
01:04:28,069 --> 01:04:24,960
and then dolan knew that's so obscure

1603
01:04:29,589 --> 01:04:28,079
you know and and i and i so i called you

1604
01:04:31,029 --> 01:04:29,599
know when i first

1605
01:04:32,069 --> 01:04:31,039
knew all this and heard dolan talking

1606
01:04:34,549 --> 01:04:32,079
about and

1607
01:04:36,069 --> 01:04:34,559
i said don't say stuff i have answers to

1608
01:04:38,470 --> 01:04:36,079
like he was asking questions so i called

1609
01:04:40,549 --> 01:04:38,480
him i said richard i know those answers

1610
01:04:42,069 --> 01:04:40,559
here you know

1611
01:04:43,910 --> 01:04:42,079
and um

1612
01:04:45,109 --> 01:04:43,920
and you know i didn't mean to get

1613
01:04:47,670 --> 01:04:45,119

involved in this name way it just

1614

01:04:48,950 --> 01:04:47,680

happened because i had those original

1615

01:04:51,190 --> 01:04:48,960

because i studied the working group for

1616

01:04:55,270 --> 01:04:51,200

30 years so

1617

01:04:57,109 --> 01:04:55,280

and i knew the name of shannon and even

1618

01:04:59,510 --> 01:04:57,119

even the guy in australia when he first

1619

01:05:01,510 --> 01:04:59,520

showed him to me and he he grant had the

1620

01:05:02,950 --> 01:05:01,520

same reaction he didn't know who oak

1621

01:05:04,630 --> 01:05:02,960

shannon was

1622

01:05:08,630 --> 01:05:04,640

but grant and i went oh my god this is

1623

01:05:10,069 --> 01:05:08,640

legit have that obscured of a name

1624

01:05:12,470 --> 01:05:10,079

there's a lot of

1625

01:05:13,430 --> 01:05:12,480

obscure things in those

1626

01:05:16,390 --> 01:05:13,440

david

1627

01:05:18,789 --> 01:05:16,400

davis notes that uh you can't just

1628

01:05:20,549 --> 01:05:18,799

look up on google and find like and i

1629

01:05:22,870 --> 01:05:20,559

always go to this person named judith

1630

01:05:24,630 --> 01:05:22,880

daley who's mentioned in those nuts yeah

1631

01:05:26,870 --> 01:05:24,640

and i remember when i first read those

1632

01:05:29,430 --> 01:05:26,880

and i was like i'm gonna look

1633

01:05:31,910 --> 01:05:29,440

everybody up you know what they did and

1634

01:05:32,789 --> 01:05:31,920

all this stuff and i looked up that lady

1635

01:05:37,270 --> 01:05:32,799

and

1636

01:05:39,349 --> 01:05:37,280

you know it took me a long time to to

1637

01:05:41,510 --> 01:05:39,359

not to find judith dalys those were all

1638

01:05:43,670 --> 01:05:41,520

over but to find one in the government

1639

01:05:45,829 --> 01:05:43,680

in the position that she was at

1640

01:05:48,470 --> 01:05:45,839

like on an actual government website and

1641

01:05:50,710 --> 01:05:48,480

it took a while but i found this weird

1642

01:05:53,190 --> 01:05:50,720

like kind of flow chart on this one

1643

01:05:55,750 --> 01:05:53,200

website and her name is really tiny

1644

01:05:57,430 --> 01:05:55,760

there but there it was yeah i followed

1645

01:05:58,789 --> 01:05:57,440

how the hell would anybody know i

1646

01:06:00,549 --> 01:05:58,799

followed when you were putting that

1647

01:06:02,309 --> 01:06:00,559

stuff out and talking about it i thought

1648

01:06:04,710 --> 01:06:02,319

that was really great research on your

1649

01:06:06,710 --> 01:06:04,720

point you know to look into that and

1650

01:06:07,670 --> 01:06:06,720

yeah no i i followed and i thought that

1651
01:06:08,470 --> 01:06:07,680
was great

1652
01:06:14,390 --> 01:06:08,480
because

1653
01:06:16,309 --> 01:06:14,400
about nids in the working group you know

1654
01:06:18,549 --> 01:06:16,319
um

1655
01:06:20,069 --> 01:06:18,559
did and i knew and i also knew the back

1656
01:06:20,950 --> 01:06:20,079
history of

1657
01:06:22,870 --> 01:06:20,960
of

1658
01:06:24,470 --> 01:06:22,880
grier and people

1659
01:06:26,150 --> 01:06:24,480
and the closed door sessions greer was

1660
01:06:27,510 --> 01:06:26,160
having with people you know so that was

1661
01:06:30,549 --> 01:06:27,520
known because greer was talking about

1662
01:06:32,630 --> 01:06:30,559
that so uh so i knew that so that part

1663
01:06:35,029 --> 01:06:32,640

of it made sense too

1664

01:06:37,510 --> 01:06:35,039

which is they came to

1665

01:06:42,950 --> 01:06:39,829

wilson because they they were sent to

1666

01:06:44,789 --> 01:06:42,960

ask wilson about it wilson said gee i

1667

01:06:47,349 --> 01:06:44,799

don't know but this is interesting and

1668

01:06:50,630 --> 01:06:47,359

then he went on and asked further and he

1669

01:06:52,630 --> 01:06:50,640

knew people that headed up the usapps so

1670

01:06:53,910 --> 01:06:52,640

with these folks that he knew through

1671

01:06:56,950 --> 01:06:53,920

his position

1672

01:06:59,510 --> 01:06:56,960

um as in the dia and stuff is how he was

1673

01:07:02,950 --> 01:06:59,520

able to find out who to go talk to i

1674

01:07:05,029 --> 01:07:02,960

mean it's it is such a logical trail

1675

01:07:07,750 --> 01:07:05,039

when anyone knows the whole story you go

1676

01:07:10,230 --> 01:07:07,760

this is this has got a complete logical

1677

01:07:13,589 --> 01:07:10,240

scene all the way through it

1678

01:07:14,950 --> 01:07:13,599

it's not a big mystery and now we have

1679

01:07:17,990 --> 01:07:14,960

alexander

1680

01:07:20,309 --> 01:07:18,000

at scu saying ask eric

1681

01:07:23,270 --> 01:07:20,319

those are his notes he wrote them

1682

01:07:24,150 --> 01:07:23,280

you know so there you go you know and

1683

01:07:26,150 --> 01:07:24,160

and then

1684

01:07:28,710 --> 01:07:26,160

i started to say is i think they were

1685

01:07:30,950 --> 01:07:28,720

circling the wagons originally but i'm

1686

01:07:32,950 --> 01:07:30,960

thinking because alexander did that at

1687

01:07:34,630 --> 01:07:32,960

scu so casually

1688

01:07:36,710 --> 01:07:34,640

and they were all there hanging out

1689

01:07:39,270 --> 01:07:36,720

together a bunch of these guys i mean i

1690

01:07:42,630 --> 01:07:39,280

have you know pictures of me in them

1691

01:07:44,789 --> 01:07:42,640

that you go wait a second

1692

01:07:47,029 --> 01:07:44,799

what if yeah back when i you know a year

1693

01:07:49,670 --> 01:07:47,039

ago they had circled the wagons you know

1694

01:07:51,270 --> 01:07:49,680

in the last two years and so and weren't

1695

01:07:52,710 --> 01:07:51,280

going to say anything about this but

1696

01:07:55,109 --> 01:07:52,720

once

1697

01:07:56,789 --> 01:07:55,119

um the congressman who brought it up and

1698

01:07:58,309 --> 01:07:56,799

read it into the record during the

1699

01:08:01,349 --> 01:07:58,319

congressional hearings

1700

01:08:05,190 --> 01:08:01,359

once that happened i think they realize

1701

01:08:06,150 --> 01:08:05,200

oh wait a second so now i think eric is

1702

01:08:08,470 --> 01:08:06,160

gonna

1703

01:08:10,950 --> 01:08:08,480

be willing to say something because john

1704

01:08:13,829 --> 01:08:10,960

said that that tells me and then

1705

01:08:15,190 --> 01:08:13,839

immediately bob mcguire said and i saw

1706

01:08:17,189 --> 01:08:15,200

them sitting out there but i wasn't

1707

01:08:18,550 --> 01:08:17,199

really paying enough attention to catch

1708

01:08:21,110 --> 01:08:18,560

on

1709

01:08:25,749 --> 01:08:21,120

immediately after john alexander's talk

1710

01:08:27,030 --> 01:08:25,759

john alexander eric davis gary nolan

1711

01:08:28,709 --> 01:08:27,040

and

1712

01:08:29,590 --> 01:08:28,719

um

1713

01:08:33,510 --> 01:08:29,600

tim

1714

01:08:43,669 --> 01:08:33,520

um

1715

01:08:47,990 --> 01:08:46,309

and bob and others who noticed this said

1716

01:08:50,709 --> 01:08:48,000

why is tim taylor a part of this

1717

01:08:53,269 --> 01:08:50,719

discussion that was weird because tim or

1718

01:08:58,870 --> 01:08:53,279

travis

1719

01:09:00,789 --> 01:08:58,880

tim i'm not sure i'm asking anybody

1720

01:09:02,870 --> 01:09:00,799

anyone who knows comment down below

1721

01:09:15,669 --> 01:09:02,880

please let us know it might be travis

1722

01:09:27,829 --> 01:09:17,669

travis okay

1723

01:09:32,709 --> 01:09:29,669

if i get one thing right and it's travis

1724

01:09:36,229 --> 01:09:34,390

why is he out there talking these guys

1725

01:09:38,709 --> 01:09:36,239

was kind of odd but anyways but

1726

01:09:42,789 --> 01:09:38,719

apparently

1727

01:09:45,669 --> 01:09:42,799

right after john alexander's talk

1728

01:09:48,070 --> 01:09:45,679

eric davis was

1729

01:09:50,229 --> 01:09:48,080

livid bob said he kept bob mcguire said

1730

01:09:53,030 --> 01:09:50,239

he kept you know cybot kept saying he

1731

01:09:55,669 --> 01:09:53,040

turned and kept watching

1732

01:09:57,430 --> 01:09:55,679

eric davis's face all through

1733

01:09:59,189 --> 01:09:57,440

all through you know john alexander's

1734

01:10:00,709 --> 01:09:59,199

talk because here's john alexander

1735

01:10:02,149 --> 01:10:00,719

saying oh there's no crash retrievals in

1736

01:10:03,910 --> 01:10:02,159

the talk

1737

01:10:06,470 --> 01:10:03,920

and eric apparently was getting very

1738

01:10:08,149 --> 01:10:06,480

upset about it so eric apparently they

1739

01:10:09,669 --> 01:10:08,159

immediately go outside they're sitting

1740

01:10:12,070 --> 01:10:09,679

outside yeah because it throws them

1741

01:10:14,070 --> 01:10:12,080

under the bus yeah it

1742

01:10:16,229 --> 01:10:14,080

and and and apparently they were having

1743

01:10:18,950 --> 01:10:16,239

a heated discussion and it was eric

1744

01:10:21,189 --> 01:10:18,960

davis gary nolan john alexander and

1745

01:10:23,430 --> 01:10:21,199

travis taylor so this heated heated

1746

01:10:25,030 --> 01:10:23,440

discussion is my understanding unless i

1747

01:10:26,229 --> 01:10:25,040

have the wrong name bob if you listen to

1748

01:10:28,390 --> 01:10:26,239

this i'm talking about the other wrong

1749

01:10:31,990 --> 01:10:28,400

person but but i i know for a fact

1750

01:10:35,430 --> 01:10:33,510

i don't want to be wrong you know i'm

1751

01:10:37,110 --> 01:10:35,440

pretty sure but but but they were

1752

01:10:39,030 --> 01:10:37,120

sitting out there and the thing was eric

1753

01:10:41,350 --> 01:10:39,040

davis had a heated discussion and

1754

01:10:43,510 --> 01:10:41,360

another lady there who i know

1755

01:10:45,830 --> 01:10:43,520

apparently was photographing this so bob

1756

01:10:48,149 --> 01:10:45,840

says there's photos like she took a

1757

01:10:50,550 --> 01:10:48,159

whole series of photos and you can see

1758

01:10:53,110 --> 01:10:50,560

eric looks fired up

1759

01:10:55,590 --> 01:10:53,120

and and now

1760

01:10:58,070 --> 01:10:55,600

and i said was there any apparent thing

1761

01:10:59,110 --> 01:10:58,080

to think that that eric was upset that

1762

01:11:00,630 --> 01:10:59,120

john

1763

01:11:01,750 --> 01:11:00,640

pointed at him and said those are your

1764

01:11:03,750 --> 01:11:01,760

notes

1765

01:11:04,709 --> 01:11:03,760

and everyone who kind of saw this said

1766

01:11:07,350 --> 01:11:04,719

no

1767

01:11:09,669 --> 01:11:07,360

they had been already tense between them

1768

01:11:13,030 --> 01:11:09,679

prior to this

1769

01:11:14,550 --> 01:11:13,040

and then um

1770

01:11:16,870 --> 01:11:14,560

but then

1771

01:11:19,510 --> 01:11:16,880

it appeared that it was about the crash

1772

01:11:21,270 --> 01:11:19,520

retrieval stuff you know and like you

1773

01:11:22,390 --> 01:11:21,280

said he was throwing him under the bus

1774

01:11:23,189 --> 01:11:22,400

and stuff so

1775

01:11:28,390 --> 01:11:23,199

but

1776

01:11:30,149 --> 01:11:28,400

got up there and said ask him they're

1777

01:11:32,390 --> 01:11:30,159

his notes

1778

01:11:33,990 --> 01:11:32,400

wasn't a joke everyone i know who was

1779

01:11:36,149 --> 01:11:34,000

there and sought didn't think he was

1780

01:11:38,630 --> 01:11:36,159

joking they thought he was just like

1781

01:11:40,390 --> 01:11:38,640

saying yeah eric's here ask him like he

1782

01:11:42,310 --> 01:11:40,400

wrote him so ask him

1783

01:11:43,910 --> 01:11:42,320

and but not as a joke i would have took

1784

01:11:46,490 --> 01:11:43,920

in that freaking microphone and went

1785

01:11:49,110 --> 01:11:46,500

right there davis well sir

1786

01:11:51,590 --> 01:11:49,120

[Laughter]

1787

01:11:53,510 --> 01:11:51,600

and i kicked myself

1788

01:11:54,390 --> 01:11:53,520

i miss this talk because i was

1789

01:11:56,310 --> 01:11:54,400

interviewing

1790

01:11:58,149 --> 01:11:56,320

a new mill lab case you know so i missed

1791

01:12:00,310 --> 01:11:58,159

it but

1792

01:12:02,310 --> 01:12:00,320

and and and so i need to go back and

1793

01:12:04,709 --> 01:12:02,320

watch the recording of it but luckily i

1794

01:12:07,590 --> 01:12:04,719

got that snippet posted today

1795

01:12:08,870 --> 01:12:07,600

and uh and then after seeing the snippet

1796

01:12:09,669 --> 01:12:08,880

posted by

1797

01:12:13,189 --> 01:12:09,679

uh

1798

01:12:16,470 --> 01:12:13,199

by bryce and rock and you know ross i

1799

01:12:18,630 --> 01:12:16,480

then after posted by them i then called

1800

01:12:21,590 --> 01:12:18,640

bob and said okay you were there

1801
01:12:24,470 --> 01:12:21,600
you know give me a breakdown and tom

1802
01:12:27,189 --> 01:12:24,480
because i wanted tom's feedback on what

1803
01:12:29,510 --> 01:12:27,199
he had said about mj12 so anyway so

1804
01:12:31,669 --> 01:12:29,520
there you go guys um

1805
01:12:34,229 --> 01:12:31,679
and um

1806
01:12:36,870 --> 01:12:34,239
you know i wasn't worried about missing

1807
01:12:38,950 --> 01:12:36,880
john's talk because he's infamous for

1808
01:12:41,030 --> 01:12:38,960
not necessarily being truthful in his

1809
01:12:42,550 --> 01:12:41,040
presentations

1810
01:12:45,830 --> 01:12:42,560
uh it's not the first time i've heard

1811
01:12:48,550 --> 01:12:45,840
that yeah yeah yeah that's but lightly

1812
01:12:51,189 --> 01:12:48,560
and i was and i was taking you know let

1813
01:12:53,510 --> 01:12:51,199

me see here a new my lab case with a

1814

01:12:55,669 --> 01:12:53,520

very advanced evidence-based case whose

1815

01:12:56,709 --> 01:12:55,679

husband is a scientist and you know this

1816

01:12:59,350 --> 01:12:56,719

big deal

1817

01:13:01,270 --> 01:12:59,360

uh spending time with her helping her or

1818

01:13:03,189 --> 01:13:01,280

listen to john hmm let me think about

1819

01:13:05,270 --> 01:13:03,199

this no you know no contest there you

1820

01:13:07,510 --> 01:13:05,280

know but then like i said i kicked

1821

01:13:10,470 --> 01:13:07,520

myself because john said a couple of

1822

01:13:12,630 --> 01:13:10,480

apparently very interesting things so um

1823

01:13:15,110 --> 01:13:12,640

i recommend everybody look at that

1824

01:13:16,470 --> 01:13:15,120

little clip again if if you follow me on

1825

01:13:26,870 --> 01:13:16,480

twitter it's there

1826

01:13:30,149 --> 01:13:28,470

that's right that's right

1827

01:13:40,709 --> 01:13:30,159

l-i-n-n-i-e

1828

01:13:43,669 --> 01:13:42,149

they posted it there because that's

1829

01:13:46,149 --> 01:13:43,679

where i saw it

1830

01:13:48,070 --> 01:13:46,159

with that uh let's save the mill labs

1831

01:13:49,669 --> 01:13:48,080

and do a part two

1832

01:13:50,550 --> 01:13:49,679

does that sound okay

1833

01:13:52,870 --> 01:13:50,560

okay

1834

01:13:55,189 --> 01:13:52,880

for another episode yeah i know i know

1835

01:13:57,669 --> 01:13:55,199

because this i mean the working group

1836

01:13:59,590 --> 01:13:57,679

i wonder what to

1837

01:14:02,310 --> 01:13:59,600

understand out there

1838

01:14:03,830 --> 01:14:02,320

i you know and shawn knows i i could go

1839

01:14:06,149 --> 01:14:03,840

for a whole day just on the working

1840

01:14:08,470 --> 01:14:06,159

group stuff i mean it's so much research

1841

01:14:11,350 --> 01:14:08,480

30 years i could go for a whole day just

1842

01:14:12,390 --> 01:14:11,360

on mill labs i mean it's so much

1843

01:14:15,750 --> 01:14:12,400

both of these things i've been

1844

01:14:16,709 --> 01:14:15,760

researching for 30 years and

1845

01:14:20,330 --> 01:14:16,719

and

1846

01:14:22,390 --> 01:14:20,340

a lot of episodes

1847

01:14:25,030 --> 01:14:22,400

[Laughter]

1848

01:14:27,750 --> 01:14:25,040

that's right well i um i just did a

1849

01:14:29,990 --> 01:14:27,760

little thing about my my lab more about

1850

01:14:31,750 --> 01:14:30,000

my experiences than my research

1851

01:14:33,430 --> 01:14:31,760

unfortunately because i wish it had been

1852

01:14:35,030 --> 01:14:33,440

more about the research

1853

01:14:37,590 --> 01:14:35,040

um

1854

01:14:39,750 --> 01:14:37,600

with uh another video i just did that

1855

01:14:41,669 --> 01:14:39,760

got posted yesterday i did a week ago

1856

01:14:44,550 --> 01:14:41,679

that got posted yesterday with dr

1857

01:14:46,229 --> 01:14:44,560

michael sala right so uh dr michael

1858

01:14:48,870 --> 01:14:46,239

salas so um

1859

01:14:50,790 --> 01:14:48,880

i'll i'll put that on twitter and

1860

01:14:52,870 --> 01:14:50,800

facebook and stuff but if you go to

1861

01:14:53,669 --> 01:14:52,880

michael salla on youtube

1862

01:14:55,189 --> 01:14:53,679

uh

1863

01:14:59,270 --> 01:14:55,199

you'll find that right away you know

1864

01:15:02,630 --> 01:14:59,280

michael sal on youtube and um and i go

1865

01:15:04,709 --> 01:15:02,640

quite a bit into the lab stuff but um

1866

01:15:06,390 --> 01:15:04,719

but it's it's so much fun to do

1867

01:15:08,790 --> 01:15:06,400

interview with you sean i look forward

1868

01:15:10,709 --> 01:15:08,800

to oh yeah questions about it you know

1869

01:15:13,830 --> 01:15:10,719

yeah no it was great talking with you

1870

01:15:16,950 --> 01:15:13,840

too um it i usually kind of go about an

1871

01:15:18,630 --> 01:15:16,960

hour at this hour 15 is not bad at all

1872

01:15:22,149 --> 01:15:18,640

but is that is that what we're at

1873

01:15:26,709 --> 01:15:22,159

already at hour and 15. yeah hopefully

1874

01:15:31,030 --> 01:15:28,870

did you have any last working group

1875

01:15:33,350 --> 01:15:31,040

questions or anyone in the audience

1876

01:15:34,709 --> 01:15:33,360

um ask me a specific working group

1877

01:15:37,270 --> 01:15:34,719

question real quick

1878

01:15:38,630 --> 01:15:37,280

i guess but uh i'll ask you a question

1879

01:15:40,950 --> 01:15:38,640

is

1880

01:15:43,189 --> 01:15:40,960

you know if somebody's in the ufology

1881

01:15:46,149 --> 01:15:43,199

well as we are or interested

1882

01:15:48,229 --> 01:15:46,159

how does this concern us should we be

1883

01:15:51,030 --> 01:15:48,239

paying attention and if so what should

1884

01:15:53,750 --> 01:15:51,040

we look for well

1885

01:15:56,390 --> 01:15:53,760

as far as the working group yeah

1886

01:15:58,709 --> 01:15:56,400

absolutely um they're such a part of the

1887

01:16:01,110 --> 01:15:58,719

history these are all big players that

1888

01:16:01,990 --> 01:16:01,120

have been in the field uh for quite a

1889

01:16:04,390 --> 01:16:02,000

while

1890

01:16:05,990 --> 01:16:04,400

um they've had this

1891

01:16:08,229 --> 01:16:06,000

group like you were saying earlier were

1892

01:16:11,030 --> 01:16:08,239

they doing research are they are they

1893

01:16:12,709 --> 01:16:11,040

manipulating you know ufology are they

1894

01:16:14,950 --> 01:16:12,719

doing research

1895

01:16:17,030 --> 01:16:14,960

both you know um

1896

01:16:19,750 --> 01:16:17,040

are they involved directly with this

1897

01:16:21,590 --> 01:16:19,760

current disclosure story right now yes

1898

01:16:24,149 --> 01:16:21,600

in every way because you're talking

1899

01:16:26,229 --> 01:16:24,159

about louis zondo and chris mellon and

1900

01:16:28,470 --> 01:16:26,239

you're talking about to the stars

1901

01:16:31,110 --> 01:16:28,480

academy and you're talking about how it

1902

01:16:32,870 --> 01:16:31,120

formed why it came up you know

1903

01:16:34,870 --> 01:16:32,880

how they approached along it's all part

1904

01:16:37,750 --> 01:16:34,880

of that then you go into the whole

1905

01:16:40,229 --> 01:16:37,760

skinwalker stuff because the

1906

01:16:43,590 --> 01:16:40,239

the skinwalker background is awesome

1907

01:16:46,070 --> 01:16:43,600

which was part of this right and asap

1908

01:16:49,510 --> 01:16:46,080

begot a tip so a tip and awesome same

1909

01:16:51,510 --> 01:16:49,520

thing asap was was bass

1910

01:16:53,350 --> 01:16:51,520

it was bigelow aerospace advanced

1911

01:16:54,950 --> 01:16:53,360

science studies getting funding from the

1912

01:16:57,270 --> 01:16:54,960

government so the change in names was

1913

01:16:58,470 --> 01:16:57,280

because it was no longer bigelow

1914

01:17:00,950 --> 01:16:58,480

so now it's

1915

01:17:03,110 --> 01:17:00,960

a name given to him by the pentagon so

1916

01:17:04,790 --> 01:17:03,120

it became a pentagon project

1917

01:17:07,350 --> 01:17:04,800

when they got funding from the pentagon

1918

01:17:08,229 --> 01:17:07,360

but it was just a transfer from bastog

1919

01:17:09,189 --> 01:17:08,239

sapp

1920

01:17:11,750 --> 01:17:09,199

and

1921

01:17:14,470 --> 01:17:11,760

was already doing skin walker that's

1922

01:17:16,709 --> 01:17:14,480

that history is well established

1923

01:17:19,189 --> 01:17:16,719

is well established and

1924

01:17:21,510 --> 01:17:19,199

and the second skinwalker book gets well

1925

01:17:24,390 --> 01:17:21,520

into it skin walkers at the pentagon

1926

01:17:26,390 --> 01:17:24,400

yeah and then and then you know and and

1927

01:17:28,390 --> 01:17:26,400

and it's jacques valet and his whole

1928

01:17:31,030 --> 01:17:28,400

background and his involvement with

1929

01:17:33,750 --> 01:17:31,040

these guys you know it's hal put off

1930

01:17:36,709 --> 01:17:33,760

it's kit green it's gary nolan it's you

1931

01:17:38,550 --> 01:17:36,719

know it's it come on you guys it's yeah

1932

01:17:40,229 --> 01:17:38,560

it's and it goes back there's one here

1933

01:17:42,550 --> 01:17:40,239

in history you know

1934

01:17:44,870 --> 01:17:42,560

there's one um

1935

01:17:46,790 --> 01:17:44,880

there's one person that's that's been on

1936

01:17:48,790 --> 01:17:46,800

my mind and i haven't and i have a

1937

01:17:51,110 --> 01:17:48,800

reason for this that's a pretty great

1938

01:17:53,350 --> 01:17:51,120

reason but i haven't been able to get uh

1939

01:17:55,510 --> 01:17:53,360

an answer from anybody on it and it's dr

1940

01:17:56,950 --> 01:17:55,520

michael dukin does that sound familiar

1941

01:17:58,550 --> 01:17:56,960

to you at all

1942

01:18:00,790 --> 01:17:58,560

well i've heard the name

1943

01:18:02,310 --> 01:18:00,800

it's not on my list of names on my

1944

01:18:03,750 --> 01:18:02,320

slides now i'm not saying it's not

1945

01:18:05,350 --> 01:18:03,760

involved because

1946

01:18:06,870 --> 01:18:05,360

i've occasionally had other people

1947

01:18:08,149 --> 01:18:06,880

coming forward saying i know of one or

1948

01:18:09,430 --> 01:18:08,159

two other people that's not on there

1949

01:18:11,510 --> 01:18:09,440

sure sure you know even though i have

1950

01:18:13,430 --> 01:18:11,520

like you know i would have got 60 75

1951

01:18:14,470 --> 01:18:13,440

names on there whatever it is yeah no no

1952

01:18:16,070 --> 01:18:14,480

that's okay

1953

01:18:19,110 --> 01:18:16,080

it's one of those where you'd probably

1954

01:18:22,149 --> 01:18:19,120

know or not so you know yeah so that

1955

01:18:23,750 --> 01:18:22,159

name i don't know now i'm not saying

1956

01:18:26,310 --> 01:18:23,760

it's not involved it could just be a

1957

01:18:29,030 --> 01:18:26,320

missing component and if anybody has any

1958

01:18:30,709 --> 01:18:29,040

other stuff to offer on this

1959

01:18:32,550 --> 01:18:30,719

you know if they look at my whole

1960

01:18:34,550 --> 01:18:32,560

presentation and my slides and they go

1961

01:18:37,110 --> 01:18:34,560

yeah we have we know more or something

1962

01:18:39,270 --> 01:18:37,120

else or your or your timeline is wrong

1963

01:18:41,669 --> 01:18:39,280

right here and here you know correct me

1964

01:18:43,990 --> 01:18:41,679

i'm i'm always learning and randy and i

1965

01:18:46,390 --> 01:18:44,000

every time we get new information we get

1966

01:18:48,310 --> 01:18:46,400

a new part we insert it in the timeline

1967

01:18:51,510 --> 01:18:48,320

we move things around you know it's it's

1968

01:18:54,470 --> 01:18:51,520

it's constantly evolving research and

1969

01:18:56,310 --> 01:18:54,480

and we got into it again because ed

1970

01:18:58,870 --> 01:18:56,320

james told me something that blew my

1971

01:19:00,950 --> 01:18:58,880

mind that turned out to be true

1972

01:19:01,830 --> 01:19:00,960

that caused me to start talking to these

1973

01:19:04,310 --> 01:19:01,840

guys

1974

01:19:06,070 --> 01:19:04,320

and then realizing all along they had

1975

01:19:08,390 --> 01:19:06,080

this interest in abductions and

1976

01:19:10,470 --> 01:19:08,400

abductees and they were funding that

1977

01:19:13,110 --> 01:19:10,480

bigelow was funding abduction research

1978

01:19:13,830 --> 01:19:13,120

studies the whole mufon carpenter affair

1979

01:19:16,149 --> 01:19:13,840

with

1980

01:19:18,790 --> 01:19:16,159

uh dr john carpenter and mufon buying

1981

01:19:21,189 --> 01:19:18,800

his files was nids and and bass and you

1982

01:19:24,149 --> 01:19:21,199

know pre-meds internets so you know you

1983

01:19:26,709 --> 01:19:24,159

go okay there's a history here and and

1984

01:19:29,430 --> 01:19:26,719

so i kept following what's their

1985

01:19:31,669 --> 01:19:29,440

interest in abduction so that was what

1986

01:19:34,070 --> 01:19:31,679

kept me really involved but i've learned

1987

01:19:35,430 --> 01:19:34,080

so much more along the way and the

1988

01:19:37,990 --> 01:19:35,440

importance for

1989

01:19:39,830 --> 01:19:38,000

ufology is realizing these people have

1990

01:19:42,149 --> 01:19:39,840

always had an interest in the abduction

1991

01:19:43,750 --> 01:19:42,159

subject and have spent a lot of money

1992

01:19:46,470 --> 01:19:43,760

researching it and researching abduction

1993

01:19:50,229 --> 01:19:46,480

cases and paying for major abduction

1994

01:19:53,270 --> 01:19:50,239

studies the whole um

1995

01:19:55,110 --> 01:19:53,280

you know transcription project um and

1996

01:19:58,229 --> 01:19:55,120

the uh uh

1997

01:20:00,790 --> 01:19:58,239

the mit stuff and then you go back to to

1998

01:20:02,790 --> 01:20:00,800

uh the um

1999

01:20:05,910 --> 01:20:02,800

unusual personal experiences which was

2000

01:20:07,830 --> 01:20:05,920

the results written up from the um roper

2001
01:20:09,750 --> 01:20:07,840
poll that was done that whole abduction

2002
01:20:11,590 --> 01:20:09,760
roper pull stuff that was all paid for

2003
01:20:13,669 --> 01:20:11,600
by bigelow i mean this is you know this

2004
01:20:15,510 --> 01:20:13,679
is established history and you go what's

2005
01:20:17,430 --> 01:20:15,520
their was

2006
01:20:19,910 --> 01:20:17,440
you can't study modern ufology without

2007
01:20:23,110 --> 01:20:19,920
coming across these guys and it leads

2008
01:20:25,750 --> 01:20:23,120
all the way up to what is going on right

2009
01:20:28,550 --> 01:20:25,760
now disco disclosure and elizondo and

2010
01:20:30,950 --> 01:20:28,560
melon meeting with congress and and the

2011
01:20:33,270 --> 01:20:30,960
military witnesses come for it and how

2012
01:20:36,310 --> 01:20:33,280
all those closed-door sessions had to

2013
01:20:37,990 --> 01:20:36,320

the gillibrand rubio amendment to

2014

01:20:39,669 --> 01:20:38,000

the formation of the permanent

2015

01:20:41,830 --> 01:20:39,679

department at the pentagon i mean you

2016

01:20:44,310 --> 01:20:41,840

guys it's all related

2017

01:20:47,270 --> 01:20:44,320

and these guys are closely related to

2018

01:20:49,510 --> 01:20:47,280

all of it and always have been

2019

01:20:52,629 --> 01:20:49,520

last question is it for the better

2020

01:20:56,390 --> 01:20:54,310

well

2021

01:20:59,110 --> 01:20:56,400

i was just having the same discussion

2022

01:21:00,149 --> 01:20:59,120

with bob and tom today exactly

2023

01:21:04,310 --> 01:21:00,159

i said would have been like we're going

2024

01:21:08,390 --> 01:21:06,390

they were a separate group originally i

2025

01:21:10,070 --> 01:21:08,400

also thought that they were very much in

2026

01:21:12,070 --> 01:21:10,080

it for technology stuff like they all

2027

01:21:13,510 --> 01:21:12,080

work for aerospace corporations while

2028

01:21:15,030 --> 01:21:13,520

they're involved in this thing and and

2029

01:21:17,189 --> 01:21:15,040

other corporations and i thought what's

2030

01:21:18,790 --> 01:21:17,199

this all about they're trying to learn

2031

01:21:20,229 --> 01:21:18,800

the technology and get the upper hand to

2032

01:21:21,830 --> 01:21:20,239

build stuff

2033

01:21:24,310 --> 01:21:21,840

which by the way is one of the major

2034

01:21:26,229 --> 01:21:24,320

factors why mill labs happen it's their

2035

01:21:28,950 --> 01:21:26,239

interest in the technology now i'm not

2036

01:21:31,430 --> 01:21:28,960

these guys are like outsiders with one

2037

01:21:34,550 --> 01:21:31,440

foot in or different times had different

2038

01:21:37,430 --> 01:21:34,560

covert positions but kind of remained as

2039

01:21:39,030 --> 01:21:37,440

an ad hoc group you know is my feeling

2040

01:21:40,709 --> 01:21:39,040

here okay

2041

01:21:42,470 --> 01:21:40,719

but

2042

01:21:44,470 --> 01:21:42,480

then you go well wait a second if they

2043

01:21:46,470 --> 01:21:44,480

brought us current disclosure if these

2044

01:21:48,470 --> 01:21:46,480

guys

2045

01:21:50,629 --> 01:21:48,480

teamed up with long and did this stuff

2046

01:21:52,149 --> 01:21:50,639

and and there's a connection going

2047

01:21:54,229 --> 01:21:52,159

forward into what we're getting out of

2048

01:21:56,310 --> 01:21:54,239

disclosure but you can look at that and

2049

01:21:58,470 --> 01:21:56,320

say yes the first time that's happened

2050

01:22:01,430 --> 01:21:58,480

in 53 years with open congressional

2051
01:22:03,669 --> 01:22:01,440
hearings and you know you can go that's

2052
01:22:05,189 --> 01:22:03,679
well it's not in the end like

2053
01:22:06,470 --> 01:22:05,199
tom whitmore and i were just discussing

2054
01:22:08,629 --> 01:22:06,480
at length today

2055
01:22:11,510 --> 01:22:08,639
it's it's steps towards disclosure it's

2056
01:22:13,830 --> 01:22:11,520
not disclosure yet but it's strong steps

2057
01:22:17,110 --> 01:22:13,840
and the biggest steps we've had in the

2058
01:22:19,350 --> 01:22:17,120
in 80 years history of formal ufology

2059
01:22:21,990 --> 01:22:19,360
you know so you go okay you know i never

2060
01:22:23,590 --> 01:22:22,000
expected i'm sure all of us could say we

2061
01:22:26,470 --> 01:22:23,600
never expected to see this in our

2062
01:22:29,110 --> 01:22:26,480
lifetimes you know so here we are

2063
01:22:31,430 --> 01:22:29,120

and see so so answer your question could

2064

01:22:32,950 --> 01:22:31,440

that be perceived as good yeah i don't

2065

01:22:34,709 --> 01:22:32,960

think you can see that as anything but

2066

01:22:37,430 --> 01:22:34,719

good it's not perfect

2067

01:22:40,229 --> 01:22:37,440

but it's taken us

2068

01:22:42,950 --> 01:22:40,239

right now but but for years were these

2069

01:22:44,229 --> 01:22:42,960

guys coming forward with what they knew

2070

01:22:48,229 --> 01:22:44,239

no

2071

01:22:50,229 --> 01:22:48,239

yes did they buy

2072

01:22:53,750 --> 01:22:50,239

mufon files and stuff and sit on them

2073

01:22:55,590 --> 01:22:53,760

absolutely yes so you go wait a second

2074

01:22:57,110 --> 01:22:55,600

this wasn't always about we're going to

2075

01:22:58,229 --> 01:22:57,120

share information

2076

01:23:00,070 --> 01:22:58,239

right

2077

01:23:01,910 --> 01:23:00,080

and what has been their agenda all along

2078

01:23:03,350 --> 01:23:01,920

well it's been about the technology and

2079

01:23:06,629 --> 01:23:03,360

abductions

2080

01:23:08,470 --> 01:23:06,639

you know so you go wait a second and and

2081

01:23:10,870 --> 01:23:08,480

so

2082

01:23:17,350 --> 01:23:10,880

but do we not you know bite the ham that

2083

01:23:17,360 --> 01:23:25,030

we forgive you for that though by the

2084

01:23:30,390 --> 01:23:27,669

to say okay we're getting disclosure

2085

01:23:31,910 --> 01:23:30,400

and and and yet these guys their history

2086

01:23:33,189 --> 01:23:31,920

is questionable

2087

01:23:34,709 --> 01:23:33,199

without a doubt

2088

01:23:36,070 --> 01:23:34,719

and um

2089

01:23:38,390 --> 01:23:36,080

and and

2090

01:23:39,910 --> 01:23:38,400

and not all of them are talking you know

2091

01:23:42,550 --> 01:23:39,920

right

2092

01:23:44,709 --> 01:23:42,560

for everything john alexander said at

2093

01:23:45,990 --> 01:23:44,719

scu

2094

01:23:47,669 --> 01:23:46,000

and everything gary knowle and

2095

01:23:49,430 --> 01:23:47,679

everything eric davis is saying how much

2096

01:23:51,030 --> 01:23:49,440

are they not saying you know what and i

2097

01:23:51,990 --> 01:23:51,040

gave them oh yeah

2098

01:23:54,390 --> 01:23:52,000

we're all talking about they all have

2099

01:23:56,470 --> 01:23:54,400

ndas we get we get it they have ndas

2100

01:23:59,189 --> 01:23:56,480

they still have security clearances and

2101
01:24:00,870 --> 01:23:59,199
that's holding back

2102
01:24:03,350 --> 01:24:00,880
but for years they had stuff they didn't

2103
01:24:06,390 --> 01:24:03,360
need to sit on and yet they did right

2104
01:24:08,629 --> 01:24:06,400
and i questioned that so there we go

2105
01:24:11,110 --> 01:24:08,639
i'm left asking the same questions is it

2106
01:24:13,110 --> 01:24:11,120
good or bad i what can we have a little

2107
01:24:13,830 --> 01:24:13,120
bit of both okay there you go yeah i

2108
01:24:16,390 --> 01:24:13,840
think

2109
01:24:19,590 --> 01:24:16,400
such is life right that's right

2110
01:24:21,270 --> 01:24:19,600
yeah all right melinda well um i really

2111
01:24:22,870 --> 01:24:21,280
appreciate your time it was a really

2112
01:24:25,030 --> 01:24:22,880
pleasure i i love your energy it's

2113
01:24:26,790 --> 01:24:25,040

really easy to talk with you and i have

2114

01:24:28,709 --> 01:24:26,800

a really great time doing it and and i

2115

01:24:30,310 --> 01:24:28,719

knew i'd have a good time doing this

2116

01:24:31,430 --> 01:24:30,320

with you and i knew your audience you

2117

01:24:34,149 --> 01:24:31,440

know hopefully i'm not being ripped

2118

01:24:35,110 --> 01:24:34,159

apart in the comments because you know

2119

01:24:37,110 --> 01:24:35,120

because

2120

01:24:39,910 --> 01:24:37,120

i thought your audience was going to

2121

01:24:41,990 --> 01:24:39,920

appreciate the information and um

2122

01:24:43,830 --> 01:24:42,000

you know i i was telling sean you guys

2123

01:24:45,990 --> 01:24:43,840

ahead of time i do get a hard time in

2124

01:24:47,110 --> 01:24:46,000

the field i i don't know if it's because

2125

01:24:49,590 --> 01:24:47,120

i'm

2126
01:24:50,870 --> 01:24:49,600
female and heavysset and

2127
01:24:54,629 --> 01:24:50,880
middle age

2128
01:24:56,390 --> 01:24:54,639
or or or a very strong minded opinion

2129
01:24:58,870 --> 01:24:56,400
or i talk about something that's scary

2130
01:25:00,229 --> 01:24:58,880
and uncomfortable you know i i whatever

2131
01:25:02,550 --> 01:25:00,239
it is

2132
01:25:04,950 --> 01:25:02,560
i think it's the latter i do and

2133
01:25:07,830 --> 01:25:04,960
confidence was something that's uh like

2134
01:25:10,070 --> 01:25:07,840
that that's scary and uncomfortable yeah

2135
01:25:11,750 --> 01:25:10,080
that may be a big part of it and yet

2136
01:25:13,669 --> 01:25:11,760
it's like you guys i've been doing the

2137
01:25:16,550 --> 01:25:13,679
i've been in the field for 32 years i've

2138
01:25:19,990 --> 01:25:16,560

been doing this research for 30 years

2139

01:25:21,669 --> 01:25:20,000

i i make a point to have all my research

2140

01:25:23,669 --> 01:25:21,679

be evidence-based

2141

01:25:25,430 --> 01:25:23,679

i kind of i i unfortunately get to the

2142

01:25:26,709 --> 01:25:25,440

point where i turn away 11 abduction

2143

01:25:29,189 --> 01:25:26,719

cases because they don't have evidence

2144

01:25:31,510 --> 01:25:29,199

because i'm because i have so much i'm

2145

01:25:33,750 --> 01:25:31,520

like i only focus now on the cases with

2146

01:25:35,189 --> 01:25:33,760

evidence um i mean i'll send them on to

2147

01:25:37,110 --> 01:25:35,199

other people don't get i make sure they

2148

01:25:38,790 --> 01:25:37,120

get help and if they need help and i

2149

01:25:41,669 --> 01:25:38,800

recommend therapists and stuff to them

2150

01:25:43,830 --> 01:25:41,679

of course but i'm saying as far as my

2151

01:25:45,669 --> 01:25:43,840

research for me to look at a case it's

2152

01:25:48,070 --> 01:25:45,679

got to have evidence

2153

01:25:50,070 --> 01:25:48,080

isn't it uh insane how much evidence

2154

01:25:51,830 --> 01:25:50,080

there is in this field oh there's so

2155

01:25:54,070 --> 01:25:51,840

much

2156

01:25:56,310 --> 01:25:54,080

i'm like it just frustrates yes i'm here

2157

01:25:57,590 --> 01:25:56,320

it frustrates the thank you sean i'm

2158

01:26:00,310 --> 01:25:57,600

with you it's frustrating people don't

2159

01:26:02,149 --> 01:26:00,320

like to read yeah amen they don't like

2160

01:26:04,470 --> 01:26:02,159

whatever either they don't like the

2161

01:26:06,390 --> 01:26:04,480

stuff they wanted handed it to him on a

2162

01:26:08,149 --> 01:26:06,400

platter and you guys they just want a

2163

01:26:09,510 --> 01:26:08,159

video and they don't realize when they

2164

01:26:12,149 --> 01:26:09,520

get the perfect video they're not going

2165

01:26:13,270 --> 01:26:12,159

to believe it anyways yeah yeah yeah you

2166

01:26:15,750 --> 01:26:13,280

guys

2167

01:26:18,070 --> 01:26:15,760

this field requires evidence it requires

2168

01:26:19,189 --> 01:26:18,080

reading it requires knowing your history

2169

01:26:21,750 --> 01:26:19,199

that's one thing in this current

2170

01:26:23,189 --> 01:26:21,760

disclosure thing every you know golden

2171

01:26:24,950 --> 01:26:23,199

[h__h] is about all time and other people

2172

01:26:27,830 --> 01:26:24,960

i agree with them we're not getting the

2173

01:26:30,550 --> 01:26:27,840

history you've got to know the history

2174

01:26:32,709 --> 01:26:30,560

you got to go back and do the work and

2175

01:26:34,790 --> 01:26:32,719

um and and it just takes following it

2176

01:26:37,750 --> 01:26:34,800

doing a lot of reading keeping up

2177

01:26:39,990 --> 01:26:37,760

keeping an open mind you know but

2178

01:26:42,149 --> 01:26:40,000

it does i've been in it for 32 years

2179

01:26:43,750 --> 01:26:42,159

it's a lot of work and and but i i

2180

01:26:46,310 --> 01:26:43,760

appreciate people like yourself young

2181

01:26:49,430 --> 01:26:46,320

people who are smart coming to the field

2182

01:26:50,629 --> 01:26:49,440

asking the right questions you know

2183

01:26:52,390 --> 01:26:50,639

and you not only are doing the

2184

01:26:54,229 --> 01:26:52,400

interviews which are research based but

2185

01:26:55,270 --> 01:26:54,239

you're presenting documents

2186

01:26:56,629 --> 01:26:55,280

i am

2187

01:26:58,790 --> 01:26:56,639

yeah

2188

01:27:00,950 --> 01:26:58,800

stuff too so i think the job

2189

01:27:02,470 --> 01:27:00,960

i appreciate you and it's perfect timing

2190

01:27:04,950 --> 01:27:02,480

because you're breaking up

2191

01:27:08,950 --> 01:27:04,960

and i got like 10 minutes till the pizza

2192

01:27:13,270 --> 01:27:11,350

we interrupt pizza

2193

01:27:15,030 --> 01:27:13,280

thanks uh thanks everybody in the chat

2194

01:27:16,709 --> 01:27:15,040

bob everybody else

2195

01:27:18,470 --> 01:27:16,719

uh you take care

2196

01:27:19,270 --> 01:27:18,480

i love doctor and we'll do it again real

2197

01:27:22,149 --> 01:27:19,280

soon

2198

01:27:24,390 --> 01:27:22,159

because i know we intended to today but

2199

01:27:27,110 --> 01:27:24,400

you guys this is just yeah i i knew once

2200

01:27:28,950 --> 01:27:27,120

we got into this stuff it's

2201

01:27:30,950 --> 01:27:28,960

i think i started with the right thing

2202

01:27:33,110 --> 01:27:30,960

yeah yeah is that that's good that's

2203

01:27:35,030 --> 01:27:33,120

good it's timely and it's exactly in

2204

01:27:36,149 --> 01:27:35,040

line with something's going on right now

2205

01:27:37,830 --> 01:27:36,159

um

2206

01:27:39,590 --> 01:27:37,840

but the mill lab stuff i can get into a

2207

01:27:41,189 --> 01:27:39,600

lot with the research and it dovetails

2208

01:27:43,350 --> 01:27:41,199

with this like i said these guys always

2209

01:27:45,110 --> 01:27:43,360

have an interest in abductees it does

2210

01:27:47,430 --> 01:27:45,120

dovetail so part two

2211

01:27:49,990 --> 01:27:47,440

part two that's right i look forward to

2212

01:27:52,229 --> 01:27:50,000

it sean thank you all right me too bye

2213

01:27:54,709 --> 01:27:52,239

bye

2214

01:27:57,270 --> 01:27:54,719

all right everybody i had a great time

2215

01:27:59,830 --> 01:27:57,280

with melinda i hope you did too

2216

01:28:02,709 --> 01:27:59,840

um i'll catch you on the flip side i did

2217

01:28:04,790 --> 01:28:02,719

four shows in a row this week that is

2218

01:28:06,709 --> 01:28:04,800

kind of insane

2219

01:28:09,350 --> 01:28:06,719

so i'm going to take a couple days off

2220

01:28:11,990 --> 01:28:09,360

and i'm sure i will see you

2221

01:28:13,990 --> 01:28:12,000

next week i'm up to my ears and fbi

2222

01:28:16,229 --> 01:28:14,000

documents at the moment which is just

2223

01:28:17,990 --> 01:28:16,239

proof after proof after proof after

2224

01:28:19,750 --> 01:28:18,000

proof so i can't wait to put those

2225

01:28:23,030 --> 01:28:19,760

together and share them with you and i

2226

01:28:25,990 --> 01:28:23,040

will do that soon but until then

2227

01:28:31,950 --> 01:28:26,000

have a great night a great few days
