00:00:10,480 --> 00:00:20,190
do

2
00:00:37,810 --> 00:00:22,790
[Music]

3
00:01:25,350 --> 00:00:37,820
do

4
00:01:29,990 --> 00:01:27,109
what's up everybody

5
00:01:31,270 --> 00:01:30,000
happy wednesday early evening late

6
00:01:34,069 --> 00:01:31,280
afternoon

7
00:01:35,830 --> 00:01:34,079
whatever's clever it's up to you

8
00:01:38,069 --> 00:01:35,840
i got the light kind of bright today you

9
00:01:39,350 --> 00:01:38,079
can see this little white straggler

10
00:01:41,030 --> 00:01:39,360
right here it's a little white here in

11
00:01:42,469 --> 00:01:41,040
my beard

12
00:01:45,749 --> 00:01:42,479
but it's okay because it matches my

13
00:01:46,630 --> 00:01:45,759

earbuds and my shirt

14

00:01:48,550 --> 00:01:46,640

so

15

00:01:51,109 --> 00:01:48,560

without further ado you know it's kind

16

00:01:52,710 --> 00:01:51,119

of weird when you say jokes like that

17

00:01:55,190 --> 00:01:52,720

you know but

18

00:01:56,870 --> 00:01:55,200

you don't hear like laughter

19

00:01:58,870 --> 00:01:56,880

so you have to imagine it then you feel

20

00:02:00,550 --> 00:01:58,880

kind of crazy so that's when you bring

21

00:02:02,310 --> 00:02:00,560

in

22

00:02:04,469 --> 00:02:02,320

the person that helps you out with that

23

00:02:05,350 --> 00:02:04,479

weirdness and that is mr j christopher

24

00:02:06,870 --> 00:02:05,360

king

25

00:02:08,869 --> 00:02:06,880

that's right

26
00:02:10,060 --> 00:02:08,879
he's got two thumbs and can be the laugh

27
00:02:11,830 --> 00:02:10,070
track for for

28
00:02:14,470 --> 00:02:11,840
[Laughter]

29
00:02:17,110 --> 00:02:14,480
it's right here yeah thanks for joining

30
00:02:19,510 --> 00:02:17,120
me today is it hot over by you i feel

31
00:02:21,589 --> 00:02:19,520
like it's not everywhere it's crazy hot

32
00:02:22,949 --> 00:02:21,599
it's yeah it turns out the whole earth

33
00:02:24,550 --> 00:02:22,959
is getting hotter that's what i hear

34
00:02:27,430 --> 00:02:24,560
anyway i know it's controversial

35
00:02:30,229 --> 00:02:27,440
position amongst some in our community

36
00:02:32,229 --> 00:02:30,239
uh but um in fact i think it's 96

37
00:02:33,589 --> 00:02:32,239
degrees outside today here and it's

38
00:02:35,270 --> 00:02:33,599

supposed to be

39

00:02:36,790 --> 00:02:35,280

96

40

00:02:38,949 --> 00:02:36,800

for like the next four or five like

41

00:02:40,869 --> 00:02:38,959

basically through the weekend um which

42

00:02:41,750 --> 00:02:40,879

is pretty crazy especially considering

43

00:02:44,070 --> 00:02:41,760

that

44

00:02:46,229 --> 00:02:44,080

you know new york in new jersey it's a

45

00:02:49,509 --> 00:02:46,239

pretty pedestrian

46

00:02:51,830 --> 00:02:49,519

uh area and so people are just basically

47

00:02:53,990 --> 00:02:51,840

frying like bacon on the sidewalks i i

48

00:02:56,710 --> 00:02:54,000

look outside and it's

49

00:02:59,110 --> 00:02:56,720

a little brutal but uh yeah how's it out

50

00:03:01,350 --> 00:02:59,120

there in milwaukee it's hot it's out

51
00:03:02,790 --> 00:03:01,360
here too um it seems like it was

52
00:03:04,869 --> 00:03:02,800
starting to cool off a little bit today

53
00:03:06,869 --> 00:03:04,879
because we got some cloud coverage um

54
00:03:08,390 --> 00:03:06,879
but yeah the last couple days and i

55
00:03:11,670 --> 00:03:08,400
think even

56
00:03:14,710 --> 00:03:11,680
later this tomorrow everything

57
00:03:16,869 --> 00:03:14,720
too hot humid it's like well

58
00:03:18,550 --> 00:03:16,879
i know it's really humid and hot when i

59
00:03:20,309 --> 00:03:18,560
get out of the car and right away my

60
00:03:22,070 --> 00:03:20,319
glasses fog up

61
00:03:24,070 --> 00:03:22,080
because yeah that's like the temperature

62
00:03:26,710 --> 00:03:24,080
difference is that massive

63
00:03:28,710 --> 00:03:26,720

from like putting the air the ac on in

64

00:03:30,949 --> 00:03:28,720

the car and then getting out and that

65

00:03:33,910 --> 00:03:30,959

like thick humid

66

00:03:36,229 --> 00:03:33,920

heat is just like

67

00:03:38,550 --> 00:03:36,239

i hate it but i gotta say it could be

68

00:03:40,229 --> 00:03:38,560

worse because uh it sounds like you have

69

00:03:42,630 --> 00:03:40,239

it worse and

70

00:03:44,710 --> 00:03:42,640

uh other people uh

71

00:03:46,630 --> 00:03:44,720

on the other side of the uh pond there

72

00:03:49,910 --> 00:03:46,640

have it word sorry i had a little little

73

00:03:52,949 --> 00:03:49,920

tiny spider climbing on the camera oh

74

00:03:54,710 --> 00:03:52,959

nice oh cute little spider um yeah well

75

00:03:56,470 --> 00:03:54,720

it's you know it's not a competition we

76

00:03:57,429 --> 00:03:56,480

don't we don't have to like

77

00:04:00,789 --> 00:03:57,439

you know

78

00:04:02,309 --> 00:04:00,799

well good because i hate losing

79

00:04:04,390 --> 00:04:02,319

right yeah

80

00:04:07,110 --> 00:04:04,400

but uh for those of you across the pond

81

00:04:08,550 --> 00:04:07,120

or maybe even in canada i think 96

82

00:04:11,190 --> 00:04:08,560

equals about

83

00:04:13,350 --> 00:04:11,200

38 degrees celsius something along those

84

00:04:16,229 --> 00:04:13,360

lines somewhere right around there uh so

85

00:04:18,150 --> 00:04:16,239

just to give you uh some a rough idea of

86

00:04:19,509 --> 00:04:18,160

what's going on i was gonna say like

87

00:04:22,390 --> 00:04:19,519

they're all complaining over there and

88

00:04:24,710 --> 00:04:22,400

i'm seeing temps in the high 30s low 40s

89

00:04:27,270 --> 00:04:24,720

like that is cold

90

00:04:29,189 --> 00:04:27,280

right yeah indeed it's great to see some

91

00:04:31,909 --> 00:04:29,199

familiar faces over in the chat today

92

00:04:34,469 --> 00:04:31,919

like anne tyler and robert cowford

93

00:04:39,749 --> 00:04:37,030

yeah yeah andres a bunch of folks up

94

00:04:41,830 --> 00:04:39,759

here i see and tyler wants to see

95

00:04:42,710 --> 00:04:41,840

my uh experiencer group shirt so there

96

00:04:43,830 --> 00:04:42,720

you go

97

00:04:46,790 --> 00:04:43,840

cool

98

00:04:49,110 --> 00:04:46,800

that's a uh that's a prototype

99

00:04:50,469 --> 00:04:49,120

got a new member here christian awesome

100

00:04:52,790 --> 00:04:50,479

thanks bro

101
00:04:53,749 --> 00:04:52,800
andres water lily

102
00:04:56,629 --> 00:04:53,759
um

103
00:04:58,230 --> 00:04:56,639
oh christian hachey yeah she's uh she's

104
00:05:01,029 --> 00:04:58,240
a um christian

105
00:05:02,310 --> 00:05:01,039
okay yeah um danielle

106
00:05:07,029 --> 00:05:02,320
yeah

107
00:05:08,710 --> 00:05:07,039
garvin's linda

108
00:05:11,110 --> 00:05:08,720
i mean we could take up a whole show

109
00:05:12,870 --> 00:05:11,120
with this stuff i know just just saying

110
00:05:14,390 --> 00:05:12,880
with the citizen

111
00:05:16,870 --> 00:05:14,400
citizens there

112
00:05:18,870 --> 00:05:16,880
that guy i know freaking literally here

113
00:05:20,710 --> 00:05:18,880

thanks everyone for for

114

00:05:22,870 --> 00:05:20,720

joining us for this for another

115

00:05:24,950 --> 00:05:22,880

wonderful wednesday here so we had this

116

00:05:27,830 --> 00:05:24,960

episode uh

117

00:05:30,950 --> 00:05:27,840

um last week right uh and we talked

118

00:05:33,189 --> 00:05:30,960

about the recent uh congressional um

119

00:05:35,510 --> 00:05:33,199

uh language that was used for the ndaa

120

00:05:38,390 --> 00:05:35,520

uap language and such and i thought it

121

00:05:40,870 --> 00:05:38,400

was pretty great but the very next day

122

00:05:44,230 --> 00:05:40,880

came out uh some senate language which

123

00:05:45,990 --> 00:05:44,240

was even uh better and stronger

124

00:05:47,510 --> 00:05:46,000

and so

125

00:05:49,749 --> 00:05:47,520

you know there there's a lot in there

126

00:05:51,189 --> 00:05:49,759

but the gist of it is you know a couple

127

00:05:55,029 --> 00:05:51,199

things first of all they're gonna look

128

00:05:57,590 --> 00:05:55,039

back starting january 1st 1947 at uf at

129

00:05:58,710 --> 00:05:57,600

the history of ufos and uaps

130

00:06:00,629 --> 00:05:58,720

and

131

00:06:02,790 --> 00:06:00,639

i thought i would just show here the

132

00:06:03,990 --> 00:06:02,800

audience a couple

133

00:06:05,189 --> 00:06:04,000

um

134

00:06:07,590 --> 00:06:05,199

just a little

135

00:06:09,189 --> 00:06:07,600

a couple quick tidbits here

136

00:06:13,110 --> 00:06:09,199

from the language

137

00:06:15,510 --> 00:06:13,120

which i thought was pretty fantastic

138

00:06:18,390 --> 00:06:15,520

and it's a little small for me here so

139

00:06:20,469 --> 00:06:18,400

let me just make sure i can read

140

00:06:22,790 --> 00:06:20,479

what i'm putting up because boy that

141

00:06:24,710 --> 00:06:22,800

would just be

142

00:06:26,790 --> 00:06:24,720

uber embarrassing right but basically it

143

00:06:27,830 --> 00:06:26,800

says uh efforts to

144

00:06:29,510 --> 00:06:27,840

um

145

00:06:31,029 --> 00:06:29,520

and i got this off of dean johnson's

146

00:06:32,950 --> 00:06:31,039

page so if you're on twitter follow dean

147

00:06:35,189 --> 00:06:32,960

johnson because he's got a great lowdown

148

00:06:36,790 --> 00:06:35,199

on all this congressional action so

149

00:06:37,909 --> 00:06:36,800

you're probably the best person to

150

00:06:39,029 --> 00:06:37,919

follow there

151
00:06:41,029 --> 00:06:39,039
um

152
00:06:43,830 --> 00:06:41,039
efforts to recover

153
00:06:47,029 --> 00:06:43,840
or transfer related technologies to

154
00:06:48,550 --> 00:06:47,039
united states based industry or national

155
00:06:51,029 --> 00:06:48,560
laboratories

156
00:06:52,070 --> 00:06:51,039
yeah that's huge you know efforts to

157
00:06:54,150 --> 00:06:52,080
recover

158
00:06:55,749 --> 00:06:54,160
ufo technology

159
00:06:57,749 --> 00:06:55,759
um and

160
00:07:00,870 --> 00:06:57,759
related technologies

161
00:07:03,189 --> 00:07:00,880
and transfer it to

162
00:07:04,390 --> 00:07:03,199
united space industry right so a lot

163
00:07:06,469 --> 00:07:04,400

like uh

164

00:07:08,309 --> 00:07:06,479

you want to think like a lockheed martin

165

00:07:09,430 --> 00:07:08,319

or something or you know or like a

166

00:07:11,749 --> 00:07:09,440

boeing

167

00:07:13,670 --> 00:07:11,759

or or something order national

168

00:07:16,550 --> 00:07:13,680

laboratories like um

169

00:07:18,629 --> 00:07:16,560

los alamos transfer the technology to

170

00:07:21,029 --> 00:07:18,639

like a laboratory there and and hide it

171

00:07:23,830 --> 00:07:21,039

basically or work on it you know reverse

172

00:07:25,830 --> 00:07:23,840

engineer something like that so

173

00:07:27,990 --> 00:07:25,840

that's right yeah

174

00:07:28,950 --> 00:07:28,000

in fact you know just this whole this

175

00:07:30,629 --> 00:07:28,960

whole

176

00:07:33,430 --> 00:07:30,639

section here do you mind if i read

177

00:07:36,150 --> 00:07:33,440

what's right around it i can't yeah

178

00:07:39,350 --> 00:07:36,160

do it bro sure so it says for the period

179

00:07:41,589 --> 00:07:39,360

beginning on january 1st 1947 and ending

180

00:07:43,830 --> 00:07:41,599

on the date on which the comptroller

181

00:07:46,550 --> 00:07:43,840

general completes activities under the

182

00:07:48,869 --> 00:07:46,560

subsection compile and itemize a

183

00:07:51,350 --> 00:07:48,879

complete historical record of the

184

00:07:53,909 --> 00:07:51,360

intelligence community's involvement

185

00:07:55,110 --> 00:07:53,919

with unidentified aerospace and undersea

186

00:07:58,070 --> 00:07:55,120

phenomena

187

00:08:00,390 --> 00:07:58,080

including successful or unsuccessful

188

00:08:02,790 --> 00:08:00,400

efforts to identify and track

189

00:08:05,990 --> 00:08:02,800

unidentified aerospace undersea

190

00:08:08,710 --> 00:08:06,000

phenomena efforts to recover or transfer

191

00:08:10,790 --> 00:08:08,720

related technologies to united states

192

00:08:13,110 --> 00:08:10,800

based industry or national laboratories

193

00:08:15,830 --> 00:08:13,120

as you were saying and any intelligence

194

00:08:18,230 --> 00:08:15,840

community efforts to obfuscate

195

00:08:21,749 --> 00:08:18,240

manipulate public opinion

196

00:08:24,390 --> 00:08:21,759

hide or otherwise provide unclassified

197

00:08:27,110 --> 00:08:24,400

or classified misinformation

198

00:08:29,909 --> 00:08:27,120

about unidentified aerospace undersea

199

00:08:32,790 --> 00:08:29,919

phenomena or related activities based on

200

00:08:35,509 --> 00:08:32,800

the review conducted under paragraph one

201
00:08:38,949 --> 00:08:35,519
so this is actually i mean it's you know

202
00:08:40,949 --> 00:08:38,959
it goes even wider in terms of the reach

203
00:08:44,070 --> 00:08:40,959
of of what they're really trying to do

204
00:08:45,350 --> 00:08:44,080
here which is frankly astonishing you

205
00:08:47,030 --> 00:08:45,360
know i mean

206
00:08:47,990 --> 00:08:47,040
if nothing else you know

207
00:08:49,030 --> 00:08:48,000
getting

208
00:08:52,310 --> 00:08:49,040
folks

209
00:08:54,630 --> 00:08:52,320
within politics within capitol hill to

210
00:08:57,509 --> 00:08:54,640
even kind of approach the topic of

211
00:08:58,710 --> 00:08:57,519
misinformation or disinformation

212
00:09:00,070 --> 00:08:58,720
you know

213
00:09:01,190 --> 00:09:00,080

like how much

214

00:09:03,350 --> 00:09:01,200

how much

215

00:09:05,509 --> 00:09:03,360

conversation and haggling

216

00:09:07,350 --> 00:09:05,519

you know was was there in back rooms

217

00:09:09,430 --> 00:09:07,360

over the last couple years before this

218

00:09:10,230 --> 00:09:09,440

before this came out you know

219

00:09:11,350 --> 00:09:10,240

yeah

220

00:09:13,910 --> 00:09:11,360

and and

221

00:09:16,470 --> 00:09:13,920

really what it does too is it puts

222

00:09:18,949 --> 00:09:16,480

it should it won't but it should put a

223

00:09:20,949 --> 00:09:18,959

lot of the the naysayers or you know

224

00:09:22,870 --> 00:09:20,959

debunkers or people who are out there

225

00:09:25,030 --> 00:09:22,880

saying a lot of this is misinformation

226

00:09:27,590 --> 00:09:25,040

this is so stupid right kind of to bed

227

00:09:29,670 --> 00:09:27,600

because that's what we're looking at

228

00:09:32,630 --> 00:09:29,680

right

229

00:09:33,430 --> 00:09:32,640

yeah so relax

230

00:09:35,910 --> 00:09:33,440

yeah

231

00:09:38,070 --> 00:09:35,920

and i mean and as many people have

232

00:09:40,310 --> 00:09:38,080

pointed out you know at the beginning of

233

00:09:43,590 --> 00:09:40,320

this section it says you know for the

234

00:09:44,550 --> 00:09:43,600

period beginning january 1st 1947

235

00:09:46,949 --> 00:09:44,560

and

236

00:09:48,790 --> 00:09:46,959

um you know many people including

237

00:09:53,190 --> 00:09:48,800

christopher sharp who was on the show

238

00:09:54,870 --> 00:09:53,200

last week and did a great um article

239

00:09:56,949 --> 00:09:54,880

kind of about this language and the

240

00:09:59,190 --> 00:09:56,959

liberation times was published the very

241

00:10:01,750 --> 00:09:59,200

next day last friday

242

00:10:03,430 --> 00:10:01,760

after this senate language came out

243

00:10:05,910 --> 00:10:03,440

you know he was pointing out some

244

00:10:07,990 --> 00:10:05,920

anonymous sources at the dod i'm like

245

00:10:09,990 --> 00:10:08,000

put it i'm like

246

00:10:11,910 --> 00:10:10,000

i'm like yanking my thumb over my

247

00:10:14,150 --> 00:10:11,920

shoulder as if christopher sharp or the

248

00:10:16,069 --> 00:10:14,160

past is like right here and in fact it's

249

00:10:17,829 --> 00:10:16,079

not but you get what i'm talking about

250

00:10:20,550 --> 00:10:17,839

so it says you know for the period

251
00:10:22,470 --> 00:10:20,560
beginning january 1st 1947

252
00:10:24,550 --> 00:10:22,480
uh chris sharp and some unnamed folks

253
00:10:26,150 --> 00:10:24,560
were saying yes in fact that's a very

254
00:10:28,470 --> 00:10:26,160
specific

255
00:10:30,630 --> 00:10:28,480
you know demarcating point and it's for

256
00:10:32,949 --> 00:10:30,640
obvious reasons they're talking about

257
00:10:35,190 --> 00:10:32,959
the possibility of crash retrievals or

258
00:10:38,630 --> 00:10:35,200
retrieve technology and they're trying

259
00:10:40,470 --> 00:10:38,640
to back it up to before the point of

260
00:10:42,310 --> 00:10:40,480
roswell right

261
00:10:44,389 --> 00:10:42,320
and um and

262
00:10:46,550 --> 00:10:44,399
people seem to be indicating that that's

263
00:10:49,509 --> 00:10:46,560

that's for a very specific reason which

264

00:10:52,870 --> 00:10:49,519

in and of itself you know that would be

265

00:10:56,790 --> 00:10:52,880

you know in any other year up until now

266

00:10:58,389 --> 00:10:56,800

or at least up until 2020 or so um that

267

00:11:01,430 --> 00:10:58,399

would have been like the headline of the

268

00:11:03,590 --> 00:11:01,440

whole ufological year and in fact this

269

00:11:06,230 --> 00:11:03,600

and now it's just a wednesday do you

270

00:11:09,190 --> 00:11:06,240

know what i mean which is crazy

271

00:11:12,069 --> 00:11:09,200

well i just have a sneaking suspicion

272

00:11:13,990 --> 00:11:12,079

that the uh atomic energy

273

00:11:15,269 --> 00:11:14,000

commission might have something to do

274

00:11:17,910 --> 00:11:15,279

with this

275

00:11:19,350 --> 00:11:17,920

um they were messing around at los

276

00:11:22,310 --> 00:11:19,360

alamos

277

00:11:26,550 --> 00:11:22,320

we had a lot going on at that time um

278

00:11:27,590 --> 00:11:26,560

with the atomic energy commission um so

279

00:11:29,750 --> 00:11:27,600

and

280

00:11:32,069 --> 00:11:29,760

i think all the like military nuclear

281

00:11:33,350 --> 00:11:32,079

stuff manhattan etc was all uh

282

00:11:34,230 --> 00:11:33,360

transferred

283

00:11:36,069 --> 00:11:34,240

uh

284

00:11:38,790 --> 00:11:36,079

around that time and it might even be

285

00:11:40,550 --> 00:11:38,800

january 1st 1947

286

00:11:43,030 --> 00:11:40,560

uh so

287

00:11:44,870 --> 00:11:43,040

i would keep an eye on that

288

00:11:47,870 --> 00:11:44,880

so well let's let's and let's also pray

289

00:11:51,910 --> 00:11:47,880

to god it wasn't december 31st 1946

290

00:11:53,269 --> 00:11:51,920

[Laughter]

291

00:11:57,350 --> 00:11:53,279

maybe it is

292

00:11:59,910 --> 00:11:57,360

you got somebody in there up to no good

293

00:12:01,910 --> 00:11:59,920

messing around

294

00:12:03,269 --> 00:12:01,920

just kind of well

295

00:12:05,910 --> 00:12:03,279

you know

296

00:12:07,990 --> 00:12:05,920

yeah january 1st is good yeah yeah

297

00:12:12,150 --> 00:12:08,000

that's good good enough it's good enough

298

00:12:13,190 --> 00:12:12,160

this very interesting note um

299

00:12:14,230 --> 00:12:13,200

at the

300

00:12:17,509 --> 00:12:14,240

bottom

301
00:12:19,990 --> 00:12:17,519
of that which is pretty interesting

302
00:12:22,470 --> 00:12:20,000
shining a historical light on uaps is

303
00:12:24,389 --> 00:12:22,480
here the ic delivered on a promise told

304
00:12:25,910 --> 00:12:24,399
the first public hearing on uap in more

305
00:12:27,509 --> 00:12:25,920
than half a century the hearing included

306
00:12:29,910 --> 00:12:27,519
newly declassified information about

307
00:12:31,430 --> 00:12:29,920
uaps including never before seen video

308
00:12:32,710 --> 00:12:31,440
footage

309
00:12:34,550 --> 00:12:32,720
and data

310
00:12:36,790 --> 00:12:34,560
from subject matter experts in order to

311
00:12:37,509 --> 00:12:36,800
support the work to unravel uap mystery

312
00:12:41,190 --> 00:12:37,519
so

313
00:12:43,190 --> 00:12:41,200

2023 iaa directs the gao

314

00:12:44,550 --> 00:12:43,200

uh to study historical classified

315

00:12:46,069 --> 00:12:44,560

information that made further the

316

00:12:48,470 --> 00:12:46,079

broader ic effort to understand and

317

00:12:50,230 --> 00:12:48,480

explain uaps including the implications

318

00:12:51,430 --> 00:12:50,240

they may have for our national security

319

00:12:53,829 --> 00:12:51,440

so

320

00:12:56,470 --> 00:12:53,839

gao general accounting office one thing

321

00:12:57,350 --> 00:12:56,480

they did that was uh pretty big

322

00:12:59,670 --> 00:12:57,360

um

323

00:13:01,910 --> 00:12:59,680

with ufos before where they were

324

00:13:05,750 --> 00:13:01,920

actually tasked to look into the

325

00:13:08,550 --> 00:13:05,760

uh roswell situation and to try and find

326

00:13:10,389 --> 00:13:08,560

any other documents that might exist

327

00:13:12,790 --> 00:13:10,399

on that um

328

00:13:16,150 --> 00:13:12,800

and they only found one

329

00:13:18,829 --> 00:13:16,160

which was a fbi document so

330

00:13:21,590 --> 00:13:18,839

you know if you think there's a cover-up

331

00:13:24,629 --> 00:13:21,600

um i don't know how you'd feel about

332

00:13:26,310 --> 00:13:24,639

that right but uh hopefully they they uh

333

00:13:27,670 --> 00:13:26,320

you know do what they're supposed to i

334

00:13:29,990 --> 00:13:27,680

don't know why they don't just ask me to

335

00:13:31,829 --> 00:13:30,000

do it because you know i already this

336

00:13:33,670 --> 00:13:31,839

stuff is already my freaking head man

337

00:13:35,170 --> 00:13:33,680

you know just talk to me for an hour or

338

00:13:37,110 --> 00:13:35,180

two i'll tell you

339

00:13:40,150 --> 00:13:37,120

[Laughter]

340

00:13:43,110 --> 00:13:40,160

so uh roswell asked what the or nigel

341

00:13:45,430 --> 00:13:43,120

roswell asks what nigel situation nigel

342

00:13:47,350 --> 00:13:45,440

that's what roswell's situation uh this

343

00:13:49,990 --> 00:13:47,360

was uh years ago

344

00:13:52,870 --> 00:13:50,000

a while ago general accounting office

345

00:13:55,030 --> 00:13:52,880

gao put together a report on roswell in

346

00:13:56,949 --> 00:13:55,040

an effort to try and

347

00:14:00,470 --> 00:13:56,959

dig up any documents that might exist

348

00:14:03,030 --> 00:14:00,480

about the roswell ufo thing so

349

00:14:05,189 --> 00:14:03,040

but that being said there's also some

350

00:14:07,030 --> 00:14:05,199

breaking news that came out

351
00:14:09,910 --> 00:14:07,040
literally

352
00:14:11,670 --> 00:14:09,920
uh right before we were about to start

353
00:14:13,350 --> 00:14:11,680
this stream

354
00:14:15,829 --> 00:14:13,360
luckily jay

355
00:14:18,470 --> 00:14:15,839
is always looking for the latest

356
00:14:21,509 --> 00:14:18,480
greatest uap news

357
00:14:22,949 --> 00:14:21,519
and it comes straight from the dod

358
00:14:25,350 --> 00:14:22,959
website here

359
00:14:27,269 --> 00:14:25,360
which is a name change

360
00:14:28,150 --> 00:14:27,279
so aoi

361
00:14:29,750 --> 00:14:28,160
well

362
00:14:33,030 --> 00:14:29,760
i think it's probably a name change but

363
00:14:35,189 --> 00:14:33,040

the aoi msg and i can just uh read this

364

00:14:38,150 --> 00:14:35,199

here but dod announces the establishment

365

00:14:42,550 --> 00:14:38,160

of the all domain anomaly

366

00:14:44,150 --> 00:14:42,560

resolution office or aero

367

00:14:45,750 --> 00:14:44,160

let's just go ahead and call it arrow

368

00:14:48,069 --> 00:14:45,760

right they're going to call it arrow

369

00:14:50,310 --> 00:14:48,079

they won't call it ro right that sounds

370

00:14:53,430 --> 00:14:50,320

like ikea swedish furniture or something

371

00:14:55,430 --> 00:14:53,440

like that well all domain could be

372

00:14:56,829 --> 00:14:55,440

at a row

373

00:14:58,550 --> 00:14:56,839

i'm going to go with

374

00:14:59,910 --> 00:14:58,560

arrow sweet

375

00:15:02,230 --> 00:14:59,920

all right cool

376

00:15:04,949 --> 00:15:02,240

arrow we're coining it right here it's

377

00:15:06,470 --> 00:15:04,959

called arrow it's called arrow dang it

378

00:15:07,269 --> 00:15:06,480

all right so

379

00:15:11,030 --> 00:15:07,279

um

380

00:15:13,509 --> 00:15:11,040

so on july 15th uh as you let's all read

381

00:15:15,430 --> 00:15:13,519

it together uh deputy secretary of

382

00:15:17,670 --> 00:15:15,440

defense kathleen hicks in coordination

383

00:15:20,150 --> 00:15:17,680

with the director of national

384

00:15:21,670 --> 00:15:20,160

intelligence dni amended her original

385

00:15:23,990 --> 00:15:21,680

direction to the under secretary of

386

00:15:25,269 --> 00:15:24,000

defense for intelligence and security

387

00:15:26,710 --> 00:15:25,279

we're going to come back to that by the

388

00:15:29,030 --> 00:15:26,720

way because this is important by

389

00:15:31,030 --> 00:15:29,040

renaming and expanding the scope of the

390

00:15:33,910 --> 00:15:31,040

airborne object identification and

391

00:15:36,629 --> 00:15:33,920

management group aimsog they called it

392

00:15:39,509 --> 00:15:36,639

to the all domain anomaly resolution

393

00:15:41,350 --> 00:15:39,519

office or hero we'll say due to the

394

00:15:44,870 --> 00:15:41,360

enactment of the national defense

395

00:15:46,870 --> 00:15:44,880

authorization act for fiscal 2022 which

396

00:15:49,389 --> 00:15:46,880

included a provision to establish an

397

00:15:51,509 --> 00:15:49,399

office in coordination with dni with

398

00:15:54,310 --> 00:15:51,519

responsibilities that were broader than

399

00:15:55,430 --> 00:15:54,320

those originally assigned to the aim

400

00:15:57,110 --> 00:15:55,440

song

401
00:16:00,310 --> 00:15:57,120
today oh

402
00:16:03,829 --> 00:16:00,320
our today usd ins

403
00:16:04,870 --> 00:16:03,839
uh honorable ronald moultrie who by the

404
00:16:07,749 --> 00:16:04,880
way

405
00:16:10,870 --> 00:16:07,759
participated in the subcommittee

406
00:16:13,509 --> 00:16:10,880
intelligence uh house hearing um that we

407
00:16:15,829 --> 00:16:13,519
live casted back in may uh with a bunch

408
00:16:20,389 --> 00:16:15,839
of our friends and was that kind of big

409
00:16:23,189 --> 00:16:20,399
first uh historical uap hearing uh for

410
00:16:25,430 --> 00:16:23,199
congress so ron moultrie informed the

411
00:16:27,590 --> 00:16:25,440
department of the establishment of arrow

412
00:16:29,990 --> 00:16:27,600
within the office of the undersecretary

413
00:16:32,150 --> 00:16:30,000

of defense for intelligence and security

414

00:16:34,550 --> 00:16:32,160
and named dr sean m

415

00:16:36,790 --> 00:16:34,560
kirkpatrick most recently the chief

416

00:16:39,189 --> 00:16:36,800
scientist at the defense intelligence

417

00:16:41,990 --> 00:16:39,199
agency's missile and space intelligence

418

00:16:44,870 --> 00:16:42,000
center as the director of arrow the

419

00:16:47,269 --> 00:16:44,880
mission of the the arrow okay it's the

420

00:16:50,870 --> 00:16:47,279
arrow now will be to synchronize efforts

421

00:16:52,790 --> 00:16:50,880
across the dod and with other us federal

422

00:16:54,790 --> 00:16:52,800
departments and agencies to detect

423

00:16:57,509 --> 00:16:54,800
identify and attribute objects of

424

00:16:59,829 --> 00:16:57,519
interest in on or near military

425

00:17:02,470 --> 00:16:59,839
installations operating areas training

426
00:17:05,510 --> 00:17:02,480
areas special use airspace and other

427
00:17:07,909 --> 00:17:05,520
areas of interest and as necessary

428
00:17:09,669 --> 00:17:07,919
to mitigate any associated threats to

429
00:17:12,309 --> 00:17:09,679
safety of operations and national

430
00:17:14,630 --> 00:17:12,319
security this includes anomalous

431
00:17:17,189 --> 00:17:14,640
unidentified space airborne submerged

432
00:17:20,630 --> 00:17:17,199
and trans-medium objects

433
00:17:22,390 --> 00:17:20,640
okay the arrow executive council

434
00:17:24,390 --> 00:17:22,400
arrow exec

435
00:17:26,230 --> 00:17:24,400
led by undersecretary of defense for

436
00:17:28,150 --> 00:17:26,240
intelligence and security ron moultrie

437
00:17:30,310 --> 00:17:28,160
will provide oversight and direction to

438
00:17:32,549 --> 00:17:30,320

the arrow along these primary lines of

439

00:17:35,029 --> 00:17:32,559

effort one surveillance collection and

440

00:17:37,830 --> 00:17:35,039

reporting two system capabilities in

441

00:17:41,350 --> 00:17:37,840

design three intelligence operations and

442

00:17:43,510 --> 00:17:41,360

analysis four mitigation and defeat

443

00:17:44,950 --> 00:17:43,520

five governance six science and

444

00:17:46,630 --> 00:17:44,960

technology

445

00:17:50,150 --> 00:17:46,640

and then we've got a couple links to

446

00:17:51,190 --> 00:17:50,160

memos including and uh dr kirkpatrick's

447

00:17:52,230 --> 00:17:51,200

bio

448

00:17:55,750 --> 00:17:52,240

right

449

00:17:57,029 --> 00:17:55,760

do you want to read those or look at

450

00:18:00,070 --> 00:17:57,039

those at home

451
00:18:01,750 --> 00:18:00,080
yeah we could let's see um i didn't get

452
00:18:03,830 --> 00:18:01,760
any

453
00:18:06,150 --> 00:18:03,840
code over there yeah it looks like the

454
00:18:07,669 --> 00:18:06,160
same thing so um

455
00:18:10,470 --> 00:18:07,679
so what do you think about this i mean

456
00:18:12,950 --> 00:18:10,480
it kind of feeds really well into

457
00:18:15,590 --> 00:18:12,960
in a lot of ways into

458
00:18:18,549 --> 00:18:15,600
the article that chris sharp wrote last

459
00:18:20,230 --> 00:18:18,559
friday um which is basically

460
00:18:22,390 --> 00:18:20,240
you know highlighting something that we

461
00:18:23,270 --> 00:18:22,400
touched on briefly in the episode last

462
00:18:27,430 --> 00:18:23,280
week

463
00:18:30,950 --> 00:18:27,440

which is that you know the o o u s or

464

00:18:33,669 --> 00:18:30,960

the usdi and s office

465

00:18:36,710 --> 00:18:33,679

that is establishing this aero office

466

00:18:39,110 --> 00:18:36,720

is the same it's the same people

467

00:18:40,310 --> 00:18:39,120

that louis elizondo quit and a half

468

00:18:42,950 --> 00:18:40,320

years ago

469

00:18:45,350 --> 00:18:42,960

you know and they're just they they keep

470

00:18:47,830 --> 00:18:45,360

reestablishing names and keep changing

471

00:18:51,909 --> 00:18:47,840

around the names but essentially

472

00:18:54,830 --> 00:18:51,919

um we're dealing with the same office

473

00:18:58,549 --> 00:18:54,840

um that has been

474

00:19:01,270 --> 00:18:58,559

um charged basically with obfuscation

475

00:19:03,430 --> 00:19:01,280

this whole entire time and his timing

476
00:19:05,830 --> 00:19:03,440
tons of efforts um

477
00:19:08,950 --> 00:19:05,840
at clarity what do you think sean

478
00:19:11,990 --> 00:19:08,960
well i think uh a lot

479
00:19:13,909 --> 00:19:12,000
is is tbd right i think

480
00:19:17,909 --> 00:19:13,919
it's clear to me

481
00:19:20,470 --> 00:19:17,919
that uh congress is is not going away

482
00:19:22,870 --> 00:19:20,480
the senate not going away language is

483
00:19:24,870 --> 00:19:22,880
getting stricter and tougher and then

484
00:19:27,909 --> 00:19:24,880
all of a sudden we have a name change

485
00:19:30,789 --> 00:19:27,919
right that would all do you know

486
00:19:32,870 --> 00:19:30,799
i mean to to be honest uh moultrie uh

487
00:19:35,029 --> 00:19:32,880
touched on that in in the hearings that

488
00:19:37,510 --> 00:19:35,039

they may change the name i believe

489

00:19:41,350 --> 00:19:37,520

um but it's just an interesting

490

00:19:44,230 --> 00:19:41,360

progression right and and how uh close

491

00:19:45,990 --> 00:19:44,240

these events are to each other right

492

00:19:48,549 --> 00:19:46,000

but it's almost like they're like okay

493

00:19:50,870 --> 00:19:48,559

just relax we'll rename it you know just

494

00:19:53,510 --> 00:19:50,880

can you slow down for a second all right

495

00:19:54,470 --> 00:19:53,520

it's arrow jesus leave me alone

496

00:19:56,630 --> 00:19:54,480

all right

497

00:19:59,190 --> 00:19:56,640

you know because

498

00:20:01,110 --> 00:19:59,200

think about it congress puts in this uh

499

00:20:04,230 --> 00:20:01,120

language right about trans medium

500

00:20:07,350 --> 00:20:04,240

aerospace phenomena right so what good

501
00:20:09,750 --> 00:20:07,360
is an airborne object identification

502
00:20:14,149 --> 00:20:09,760
whatever it gonna do

503
00:20:16,149 --> 00:20:14,159
when it's obviously not gonna tackle um

504
00:20:17,430 --> 00:20:16,159
you know what the language asks them to

505
00:20:20,149 --> 00:20:17,440
tackle

506
00:20:22,710 --> 00:20:20,159
right because oh we otherwise it's like

507
00:20:24,950 --> 00:20:22,720
uh oh you just deal with airborne stuff

508
00:20:27,830 --> 00:20:24,960
we're asking to look at transmedium and

509
00:20:29,510 --> 00:20:27,840
aerospace stuff you know they have to

510
00:20:31,190 --> 00:20:29,520
change the name so they almost like

511
00:20:34,149 --> 00:20:31,200
force their hand there if you want to

512
00:20:36,230 --> 00:20:34,159
keep doing this with your little ragtag

513
00:20:38,390 --> 00:20:36,240

of people over in that dusty office over

514

00:20:40,470 --> 00:20:38,400

there change the name at least make it

515

00:20:42,230 --> 00:20:40,480

respectable

516

00:20:44,230 --> 00:20:42,240

you know have it represent what you're

517

00:20:45,510 --> 00:20:44,240

supposed to do at least which you know

518

00:20:48,149 --> 00:20:45,520

it's something

519

00:20:49,750 --> 00:20:48,159

so but what they actually do is is to be

520

00:20:53,909 --> 00:20:49,760

determined i mean these are the very

521

00:20:55,750 --> 00:20:53,919

people uh moultrie bray you know that um

522

00:20:57,430 --> 00:20:55,760

completely didn't do anything they did

523

00:21:00,310 --> 00:20:57,440

jack crap

524

00:21:01,990 --> 00:21:00,320

you know for for a long time and

525

00:21:04,070 --> 00:21:02,000

as far as we know the only thing they

526
00:21:05,270 --> 00:21:04,080
have done so far has changed the name

527
00:21:07,430 --> 00:21:05,280
and that wasn't even them that was

528
00:21:09,990 --> 00:21:07,440
kathleen hicks you know

529
00:21:12,390 --> 00:21:10,000
that's right and since the establishment

530
00:21:14,630 --> 00:21:12,400
of of amesog anyway it seemed like the

531
00:21:16,470 --> 00:21:14,640
uap task force was kind of getting

532
00:21:19,350 --> 00:21:16,480
somewhere and so they we can move over

533
00:21:21,110 --> 00:21:19,360
to amsog we us we'd get

534
00:21:22,070 --> 00:21:21,120
you know situated

535
00:21:27,830 --> 00:21:22,080
in

536
00:21:30,710 --> 00:21:27,840
with gary reed who was the guy that

537
00:21:33,510 --> 00:21:30,720
that ticked off louis alzondo enough to

538
00:21:36,310 --> 00:21:33,520

leave and then you know uh had a big

539

00:21:39,270 --> 00:21:36,320

expose earlier this year and got fired

540

00:21:40,470 --> 00:21:39,280

or reassigned in a big sexual harassment

541

00:21:41,430 --> 00:21:40,480

situation

542

00:21:44,470 --> 00:21:41,440

um

543

00:21:45,270 --> 00:21:44,480

and you know it was infinite this year

544

00:21:47,590 --> 00:21:45,280

i'm glad they aren't going to

545

00:21:49,990 --> 00:21:47,600

discriminate against trans media

546

00:21:51,190 --> 00:21:50,000

i couldn't help but i left yeah

547

00:21:54,390 --> 00:21:51,200

thanks robert

548

00:21:58,390 --> 00:21:57,029

no no we'll look at you

549

00:22:00,310 --> 00:21:58,400

no yeah

550

00:22:01,669 --> 00:22:00,320

no it's and it's also true though it's

551
00:22:03,669 --> 00:22:01,679
like you know there's there's such a

552
00:22:05,270 --> 00:22:03,679
binary when and we've complained about

553
00:22:06,789 --> 00:22:05,280
this before where it's like okay if it's

554
00:22:08,789 --> 00:22:06,799
up in the air we'll pay attention to it

555
00:22:10,630 --> 00:22:08,799
okay if it's if it's under the water

556
00:22:12,789 --> 00:22:10,640
we'll pay attention to it well you know

557
00:22:14,310 --> 00:22:12,799
there's more than a binary associated

558
00:22:16,710 --> 00:22:14,320
with this and so

559
00:22:18,789 --> 00:22:16,720
the whole idea of making a trans trans

560
00:22:20,070 --> 00:22:18,799
medium joke by robert cofort is actually

561
00:22:21,110 --> 00:22:20,080
extraordinarily appropriate in this

562
00:22:23,110 --> 00:22:21,120
situation

563
00:22:24,310 --> 00:22:23,120

but um you know there's not there's not

564

00:22:28,390 --> 00:22:24,320

only two

565

00:22:31,029 --> 00:22:28,400

two types in in of of uh anomalous

566

00:22:33,990 --> 00:22:31,039

uh craft or or object hood

567

00:22:36,390 --> 00:22:34,000

so anyway um so yeah i completely agree

568

00:22:38,950 --> 00:22:36,400

yeah right and so we've got so you know

569

00:22:40,470 --> 00:22:38,960

there's gary reed and basically we've

570

00:22:42,870 --> 00:22:40,480

had this situation and we've been

571

00:22:45,750 --> 00:22:42,880

crossing our fingers for months now that

572

00:22:48,950 --> 00:22:45,760

you know that you know melon elizondo

573

00:22:50,470 --> 00:22:48,960

and others and tim burchette and all of

574

00:22:52,789 --> 00:22:50,480

these other folks that are that are

575

00:22:54,789 --> 00:22:52,799

working around capitol hill behind the

576

00:22:57,190 --> 00:22:54,799

scenes and from in front of the cameras

577

00:22:58,630 --> 00:22:57,200

um to kind of funnel efforts for

578

00:23:00,549 --> 00:22:58,640

transparency

579

00:23:02,310 --> 00:23:00,559

you know there's still this issue where

580

00:23:05,029 --> 00:23:02,320

they're still funneling it through an

581

00:23:06,149 --> 00:23:05,039

office that also handles disinformation

582

00:23:07,190 --> 00:23:06,159

campaigns

583

00:23:10,630 --> 00:23:07,200

right

584

00:23:13,909 --> 00:23:10,640

and so you know we keep waiting

585

00:23:15,669 --> 00:23:13,919

we keep hoping anticipating that there's

586

00:23:18,070 --> 00:23:15,679

some greater chess move that's going to

587

00:23:21,270 --> 00:23:18,080

happen that is going to flip the ball

588

00:23:22,870 --> 00:23:21,280

over to another side of the court right

589

00:23:24,549 --> 00:23:22,880

and and

590

00:23:26,310 --> 00:23:24,559

and should we

591

00:23:29,270 --> 00:23:26,320

you know i think it's an it's a great

592

00:23:30,789 --> 00:23:29,280

time to ask you know like okay when is

593

00:23:33,110 --> 00:23:30,799

what are we doing here

594

00:23:34,630 --> 00:23:33,120

yeah when is when is the pawn gonna get

595

00:23:36,310 --> 00:23:34,640

flipped out for the queen do you know

596

00:23:39,669 --> 00:23:36,320

what i mean like when is that actually

597

00:23:41,830 --> 00:23:39,679

gonna happen and do we really trust

598

00:23:44,310 --> 00:23:41,840

you know the pr and disinformation

599

00:23:46,230 --> 00:23:44,320

office of the pentagon

600

00:23:49,110 --> 00:23:46,240

you know who by the way

601
00:23:51,590 --> 00:23:49,120
okay like you know if we think that like

602
00:23:54,230 --> 00:23:51,600
pitching them as bad guys is going to

603
00:23:56,390 --> 00:23:54,240
like make this problem go away like

604
00:23:58,630 --> 00:23:56,400
that's what their job is

605
00:24:00,870 --> 00:23:58,640
that's this job that they signed up for

606
00:24:02,870 --> 00:24:00,880
it was is to essentially like be the

607
00:24:05,190 --> 00:24:02,880
tough guy right yeah

608
00:24:07,750 --> 00:24:05,200
you know so like they don't they don't

609
00:24:09,430 --> 00:24:07,760
freaking like i can guarantee you you

610
00:24:11,909 --> 00:24:09,440
know that office doesn't freaking care

611
00:24:13,669 --> 00:24:11,919
if they look bad like that's that's the

612
00:24:15,350 --> 00:24:13,679
job that they signed up for right it's

613
00:24:17,430 --> 00:24:15,360

looking bad yeah

614

00:24:19,669 --> 00:24:17,440

so yeah right like this is the only

615

00:24:22,710 --> 00:24:19,679

instance where they look bad right

616

00:24:24,549 --> 00:24:22,720

yeah right yeah yeah the pentagon yeah

617

00:24:25,909 --> 00:24:24,559

no everybody loves the pentagon you know

618

00:24:27,430 --> 00:24:25,919

everybody in the world loves the

619

00:24:29,190 --> 00:24:27,440

pentagon for sure

620

00:24:31,750 --> 00:24:29,200

well you know

621

00:24:33,830 --> 00:24:31,760

although i do agree with you on this the

622

00:24:36,549 --> 00:24:33,840

one thing that i can say is that there

623

00:24:39,510 --> 00:24:36,559

is a progression towards um

624

00:24:40,470 --> 00:24:39,520

more albeit uh

625

00:24:43,590 --> 00:24:40,480

minimum

626

00:24:46,310 --> 00:24:43,600

tangible uh you know strong language

627

00:24:48,310 --> 00:24:46,320

like at least from the senate um and all

628

00:24:49,669 --> 00:24:48,320

this stuff so like if this law passes

629

00:24:51,190 --> 00:24:49,679

but the one thing i would say is they

630

00:24:53,430 --> 00:24:51,200

obviously didn't do anything with the

631

00:24:55,350 --> 00:24:53,440

last passage of the language right

632

00:24:56,789 --> 00:24:55,360

because here we are so who's to say

633

00:24:59,350 --> 00:24:56,799

they're gonna do anything with the next

634

00:25:00,390 --> 00:24:59,360

stuff right and that kind of brings me

635

00:25:04,149 --> 00:25:00,400

to

636

00:25:05,269 --> 00:25:04,159

uh what we really need right which is

637

00:25:06,789 --> 00:25:05,279

none of these

638

00:25:08,470 --> 00:25:06,799

people going off and saying we're

639

00:25:10,870 --> 00:25:08,480

studying things and and we're going to

640

00:25:12,789 --> 00:25:10,880

take care of it you just trust me i know

641

00:25:15,430 --> 00:25:12,799

the kind of report let you down but not

642

00:25:17,750 --> 00:25:15,440

this time we're gonna do it you know we

643

00:25:19,990 --> 00:25:17,760

need to have open public hearings you

644

00:25:22,870 --> 00:25:20,000

know military witnesses

645

00:25:25,029 --> 00:25:22,880

yes if you know i would even say other

646

00:25:26,470 --> 00:25:25,039

uh civilian witnesses that are highly

647

00:25:28,310 --> 00:25:26,480

corroborated

648

00:25:30,630 --> 00:25:28,320

you know um yeah you could even call

649

00:25:32,950 --> 00:25:30,640

them witness citizens if you wanted to

650

00:25:33,990 --> 00:25:32,960

you could call witness citizens if you

651
00:25:36,070 --> 00:25:34,000
want

652
00:25:37,830 --> 00:25:36,080
or witness militaries

653
00:25:40,390 --> 00:25:37,840
which doesn't have as

654
00:25:42,470 --> 00:25:40,400
much of a ring to it but

655
00:25:44,390 --> 00:25:42,480
you can still do that but you know like

656
00:25:47,190 --> 00:25:44,400
that's what we need to do we need to put

657
00:25:50,230 --> 00:25:47,200
this on uh the tv in front of the

658
00:25:53,750 --> 00:25:50,240
american people with people like uh ryan

659
00:25:54,710 --> 00:25:53,760
graves robert salas you know in others

660
00:25:57,909 --> 00:25:54,720
um

661
00:26:00,950 --> 00:25:57,919
you know if ryan graves like

662
00:26:02,870 --> 00:26:00,960
but you know like i was just

663
00:26:05,430 --> 00:26:02,880

you know something that was

664

00:26:08,070 --> 00:26:05,440

uh kind of struck me as very accurate

665

00:26:09,590 --> 00:26:08,080

was this little uh interview that jordan

666

00:26:12,470 --> 00:26:09,600

peelee did who's coming out with that

667

00:26:14,789 --> 00:26:12,480

movie nope this friday yeah this ufo

668

00:26:17,669 --> 00:26:14,799

movie look looks great right

669

00:26:20,950 --> 00:26:17,679

and he was talking about uh how we're

670

00:26:22,470 --> 00:26:20,960

all really just desensitized right like

671

00:26:24,310 --> 00:26:22,480

that's right how

672

00:26:26,310 --> 00:26:24,320

you know for i'm paraphrasing but

673

00:26:27,590 --> 00:26:26,320

decades ago if these navy videos came

674

00:26:30,070 --> 00:26:27,600

out or whatever the world would be

675

00:26:31,510 --> 00:26:30,080

flipped upside down right but here

676

00:26:33,190 --> 00:26:31,520

people just kind of shrug it off and

677

00:26:35,669 --> 00:26:33,200

move on right

678

00:26:38,230 --> 00:26:35,679

yeah and

679

00:26:40,789 --> 00:26:38,240

so what what is it really gonna take to

680

00:26:42,390 --> 00:26:40,799

change anything a world view or a

681

00:26:43,750 --> 00:26:42,400

paradigm shift to get people to

682

00:26:45,590 --> 00:26:43,760

understand that there really is

683

00:26:48,470 --> 00:26:45,600

something going on

684

00:26:49,510 --> 00:26:48,480

and not only believe it but to care

685

00:26:51,669 --> 00:26:49,520

you know

686

00:26:53,750 --> 00:26:51,679

what is it gonna take well

687

00:26:55,269 --> 00:26:53,760

will public hearings do it

688

00:26:56,710 --> 00:26:55,279

you know right

689

00:26:58,630 --> 00:26:56,720

yeah will

690

00:27:00,310 --> 00:26:58,640

what would do it would would a really

691

00:27:01,830 --> 00:27:00,320

great video do it i don't even know if

692

00:27:04,470 --> 00:27:01,840

that would do it

693

00:27:06,149 --> 00:27:04,480

you know because people would

694

00:27:09,190 --> 00:27:06,159

there's school shootings there's war

695

00:27:10,549 --> 00:27:09,200

going on there's uap in the in the air

696

00:27:12,390 --> 00:27:10,559

there's people having these crazy

697

00:27:13,750 --> 00:27:12,400

encounters people are struggling

698

00:27:16,630 --> 00:27:13,760

starving

699

00:27:18,630 --> 00:27:16,640

you know and nobody really cares

700

00:27:22,389 --> 00:27:18,640

they just look at their phone and try to

701
00:27:24,630 --> 00:27:22,399
come up with something cool to tweet

702
00:27:26,870 --> 00:27:24,640
you know make themselves look

703
00:27:28,870 --> 00:27:26,880
better and feel better about themselves

704
00:27:30,950 --> 00:27:28,880
you know

705
00:27:33,669 --> 00:27:30,960
and it's like

706
00:27:35,990 --> 00:27:33,679
what is the answer anymore

707
00:27:37,909 --> 00:27:36,000
yeah like this havana syndrome stuff i

708
00:27:39,669 --> 00:27:37,919
can't believe that that is not a bigger

709
00:27:42,470 --> 00:27:39,679
story

710
00:27:44,149 --> 00:27:42,480
right and i mean there's and it it

711
00:27:45,830 --> 00:27:44,159
should be a bigger story and there's so

712
00:27:48,230 --> 00:27:45,840
many different reasons why it should be

713
00:27:51,110 --> 00:27:48,240

a bigger story i mean as a brief aside

714

00:27:53,510 --> 00:27:51,120

here i think a let's let's put a pin and

715

00:27:56,789 --> 00:27:53,520

come back to that question of of what

716

00:27:57,990 --> 00:27:56,799

will really break the dam right because

717

00:27:59,269 --> 00:27:58,000

i think that there are a few great

718

00:28:01,110 --> 00:27:59,279

answers to that question and i think

719

00:28:02,630 --> 00:28:01,120

that's a super important question i

720

00:28:03,990 --> 00:28:02,640

think that's maybe one of the most

721

00:28:05,510 --> 00:28:04,000

critically important questions we could

722

00:28:07,269 --> 00:28:05,520

possibly be asking

723

00:28:09,269 --> 00:28:07,279

you know and

724

00:28:10,950 --> 00:28:09,279

i you know i

725

00:28:13,430 --> 00:28:10,960

i mean maybe we should just go for that

726

00:28:14,630 --> 00:28:13,440

you know i think

727

00:28:17,510 --> 00:28:14,640

when

728

00:28:19,510 --> 00:28:17,520

okay we were gonna one thing that we're

729

00:28:20,389 --> 00:28:19,520

possibly gonna be talking about today

730

00:28:21,590 --> 00:28:20,399

you know

731

00:28:24,310 --> 00:28:21,600

um

732

00:28:27,190 --> 00:28:24,320

the travis taylor the recent travis

733

00:28:29,269 --> 00:28:27,200

taylor video right you know um uh where

734

00:28:30,389 --> 00:28:29,279

he was interviewed by by two guys on a

735

00:28:32,070 --> 00:28:30,399

radio show

736

00:28:33,510 --> 00:28:32,080

their names were like i don't know bubba

737

00:28:34,789 --> 00:28:33,520

and gump or something like that i don't

738

00:28:36,710 --> 00:28:34,799

know i can't remember

739

00:28:39,029 --> 00:28:36,720

bubba was one i'm not i'm not sure that

740

00:28:40,870 --> 00:28:39,039

trump was one but bubba was one yeah

741

00:28:45,190 --> 00:28:40,880

yeah i'm kind of playing around for fun

742

00:28:48,630 --> 00:28:47,350

that's what it was yep okay so

743

00:28:51,110 --> 00:28:48,640

so um

744

00:28:54,310 --> 00:28:51,120

you know by the way here i am busting my

745

00:28:56,470 --> 00:28:54,320

ass on this topic right for for for a

746

00:28:58,870 --> 00:28:56,480

good amount of time now doing over close

747

00:29:00,950 --> 00:28:58,880

to 400 shows reading thousands of

748

00:29:06,630 --> 00:29:00,960

accounts he doesn't go on my show he

749

00:29:06,640 --> 00:29:09,110

i mean

750

00:29:14,149 --> 00:29:09,990

that's

751
00:29:15,669 --> 00:29:14,159
you know he's got all those degrees so

752
00:29:18,230 --> 00:29:15,679
you know it's got university in the

753
00:29:20,070 --> 00:29:18,240
title he's got kind of an academic band

754
00:29:22,870 --> 00:29:20,080
and they get a whole lot more views than

755
00:29:25,909 --> 00:29:24,470
i mean i think he's probably going

756
00:29:28,310 --> 00:29:25,919
around and talking to different

757
00:29:29,909 --> 00:29:28,320
audiences right i'm sure that i'm sure

758
00:29:32,310 --> 00:29:29,919
that at some point we'll we'll have our

759
00:29:34,950 --> 00:29:32,320
opportunity to speak to dr taylor you

760
00:29:37,269 --> 00:29:34,960
know but like in that one of the key

761
00:29:38,549 --> 00:29:37,279
points that i that i was thinking about

762
00:29:40,470 --> 00:29:38,559
and this is getting back to that

763
00:29:43,029 --> 00:29:40,480

question of what could actually what

764

00:29:45,510 --> 00:29:43,039

could actually you know break this open

765

00:29:47,350 --> 00:29:45,520

and make people pay attention

766

00:29:49,110 --> 00:29:47,360

i think that that

767

00:29:51,430 --> 00:29:49,120

you know he was saying like one of the

768

00:29:53,190 --> 00:29:51,440

central things that he's trying to get

769

00:29:56,630 --> 00:29:53,200

young students

770

00:29:59,590 --> 00:29:56,640

to to understand you know with regard to

771

00:30:01,350 --> 00:29:59,600

skinwalker ranch and with regard to to

772

00:30:03,830 --> 00:30:01,360

other situations with regard to

773

00:30:04,630 --> 00:30:03,840

anomalies uaps and things like this is

774

00:30:06,470 --> 00:30:04,640

that

775

00:30:09,190 --> 00:30:06,480

he says he's been putting it to young

776

00:30:11,269 --> 00:30:09,200

students like this imagine

777

00:30:12,710 --> 00:30:11,279

there's like a star trek

778

00:30:14,389 --> 00:30:12,720

enemy ship

779

00:30:16,789 --> 00:30:14,399

that's cloaked

780

00:30:18,789 --> 00:30:16,799

and it's hanging out you know above the

781

00:30:21,750 --> 00:30:18,799

parking lot i like that

782

00:30:23,269 --> 00:30:21,760

and like how how do we figure out how to

783

00:30:25,830 --> 00:30:23,279

detect this stuff

784

00:30:27,510 --> 00:30:25,840

how do we detect that right and he spent

785

00:30:29,430 --> 00:30:27,520

a good time he spent a good amount of

786

00:30:32,070 --> 00:30:29,440

time like kind of like workshopping it

787

00:30:34,710 --> 00:30:32,080

and trying to show how difficult that

788

00:30:36,549 --> 00:30:34,720

problem is right now or how how

789

00:30:39,110 --> 00:30:36,559

difficult it's been

790

00:30:41,909 --> 00:30:39,120

and how and kind of like getting people

791

00:30:44,230 --> 00:30:41,919

up to speed on that and you know one of

792

00:30:47,029 --> 00:30:44,240

the hosts you know to his credit pointed

793

00:30:49,909 --> 00:30:47,039

out that on shows like star trek

794

00:30:51,750 --> 00:30:49,919

even if a craft is cloaked and seemingly

795

00:30:53,590 --> 00:30:51,760

invisible they would still look for

796

00:30:56,230 --> 00:30:53,600

patterns of exhaust

797

00:30:59,509 --> 00:30:56,240

in some way well you know for the most

798

00:31:01,830 --> 00:30:59,519

part a lot of uap you know uap craft

799

00:31:03,669 --> 00:31:01,840

don't really have an exhaust pattern in

800

00:31:05,830 --> 00:31:03,679

a way that we're used to

801
00:31:07,509 --> 00:31:05,840
and then it was also pointed out there

802
00:31:09,430 --> 00:31:07,519
that oh you know

803
00:31:11,990 --> 00:31:09,440
with radar and things like that you can

804
00:31:13,830 --> 00:31:12,000
often see kind of backscatter or

805
00:31:15,590 --> 00:31:13,840
reflections in a way that you normally

806
00:31:17,590 --> 00:31:15,600
wouldn't well that isn't necessarily

807
00:31:19,669 --> 00:31:17,600
happening here either but anyway what i

808
00:31:21,430 --> 00:31:19,679
was going to say is that you know

809
00:31:24,310 --> 00:31:21,440
hopefully

810
00:31:26,149 --> 00:31:24,320
you know what i'm thinking is you know

811
00:31:27,830 --> 00:31:26,159
i'm assuming that there might be

812
00:31:30,470 --> 00:31:27,840
something within the realm of black

813
00:31:32,870 --> 00:31:30,480

technology you know the black world that

814

00:31:36,630 --> 00:31:32,880

where something like this is more

815

00:31:38,710 --> 00:31:36,640

detectable i'm hoping right and then

816

00:31:40,950 --> 00:31:38,720

and then b

817

00:31:42,789 --> 00:31:40,960

when is that going to make it

818

00:31:44,070 --> 00:31:42,799

when is something like that going to

819

00:31:46,630 --> 00:31:44,080

make it

820

00:31:48,230 --> 00:31:46,640

out into the public eye you know because

821

00:31:50,070 --> 00:31:48,240

that that could be

822

00:31:52,789 --> 00:31:50,080

that doesn't have to necessarily be a

823

00:31:54,710 --> 00:31:52,799

military situation that could be like

824

00:31:57,029 --> 00:31:54,720

you know an outside of the box

825

00:31:58,149 --> 00:31:57,039

independent guy like a woman in a

826

00:32:00,149 --> 00:31:58,159

basement

827

00:32:02,630 --> 00:32:00,159

you know what i mean that could be like

828

00:32:04,470 --> 00:32:02,640

one venture capitalist situation away

829

00:32:06,630 --> 00:32:04,480

from from happening in an accurate

830

00:32:08,789 --> 00:32:06,640

framework right we've been saying for

831

00:32:11,509 --> 00:32:08,799

years that that

832

00:32:12,870 --> 00:32:11,519

you know given the way given all of the

833

00:32:15,029 --> 00:32:12,880

formulas everything we know about

834

00:32:18,389 --> 00:32:15,039

physics and stuff like that we can only

835

00:32:20,630 --> 00:32:18,399

account for five percent of the mass

836

00:32:23,430 --> 00:32:20,640

right um that that's that's happening

837

00:32:24,070 --> 00:32:23,440

around us so 95 percent

838

00:32:27,830 --> 00:32:24,080

of

839

00:32:29,269 --> 00:32:27,840

universe like we're just not we can't

840

00:32:31,190 --> 00:32:29,279

touch we can't see it we don't know

841

00:32:32,870 --> 00:32:31,200

what's going on there right yeah and

842

00:32:34,549 --> 00:32:32,880

it's like a fish in the water you know

843

00:32:38,149 --> 00:32:34,559

it doesn't see the water

844

00:32:40,710 --> 00:32:38,159

exactly and so if we what we need i you

845

00:32:43,590 --> 00:32:40,720

know it seems like we're getting right

846

00:32:45,909 --> 00:32:43,600

up to that edge that that precipice

847

00:32:48,950 --> 00:32:45,919

where we can all look and say like okay

848

00:32:50,950 --> 00:32:48,960

we need to see the rest of that 95 now

849

00:32:53,029 --> 00:32:50,960

and like it reminds me of back in the

850

00:32:54,389 --> 00:32:53,039

day there used to be an old comic books

851

00:32:55,830 --> 00:32:54,399

i used to collect comic books when i was

852

00:32:58,149 --> 00:32:55,840

a kid and in the back they used to have

853

00:32:59,830 --> 00:32:58,159

like all this bogus stuff you know that

854

00:33:01,590 --> 00:32:59,840

you could buy you know like like sea

855

00:33:03,669 --> 00:33:01,600

monkeys and stuff like this right like

856

00:33:05,269 --> 00:33:03,679

stuff that you'd send out for and you

857

00:33:06,950 --> 00:33:05,279

know you'd get some baby shrimp that you

858

00:33:09,110 --> 00:33:06,960

would die in a couple days it's like in

859

00:33:11,350 --> 00:33:09,120

a terrarium

860

00:33:13,190 --> 00:33:11,360

him or whatever and like they also had

861

00:33:15,190 --> 00:33:13,200

they would sell these things called ufo

862

00:33:17,509 --> 00:33:15,200

detectors all right all right and like

863

00:33:19,509 --> 00:33:17,519

and it was it was right and you send off

864

00:33:21,669 --> 00:33:19,519

your 399 or whatever and you get a ufo

865

00:33:23,990 --> 00:33:21,679

detector and what was actually it was

866

00:33:25,669 --> 00:33:24,000

like something that would detect strong

867

00:33:27,830 --> 00:33:25,679

like electromagnetism or something like

868

00:33:31,509 --> 00:33:27,840

that which is kind of right on

869

00:33:32,389 --> 00:33:31,519

right yeah it is kind of right on right

870

00:33:36,870 --> 00:33:32,399

so

871

00:33:38,950 --> 00:33:36,880

thinking you know if if basically you

872

00:33:42,149 --> 00:33:38,960

know these days people look you know

873

00:33:43,909 --> 00:33:42,159

people can buy 500 like infrared cameras

874

00:33:44,710 --> 00:33:43,919

those psionics cameras and stuff like

875

00:33:49,990 --> 00:33:44,720

that

876

00:33:53,590 --> 00:33:50,000

of a view and and people often report

877

00:33:55,909 --> 00:33:53,600

seeing like much more trans-medium craft

878

00:33:57,669 --> 00:33:55,919

and anomalies through ir than they do

879

00:33:59,990 --> 00:33:57,679

with the naked eye right

880

00:34:02,310 --> 00:34:00,000

well you know so one thing that i'm

881

00:34:04,710 --> 00:34:02,320

thinking is if if we can't see that rest

882

00:34:06,630 --> 00:34:04,720

of that 95 percent

883

00:34:09,030 --> 00:34:06,640

if we could democratize

884

00:34:10,950 --> 00:34:09,040

infrared to the point where we could all

885

00:34:12,869 --> 00:34:10,960

just walk around with that on our phones

886

00:34:14,470 --> 00:34:12,879

or something like that right

887

00:34:16,790 --> 00:34:14,480

if we were all

888

00:34:19,349 --> 00:34:16,800

yeah if we could all see just like even

889

00:34:21,270 --> 00:34:19,359

just five more percent you know than

890

00:34:24,069 --> 00:34:21,280

than the five percent that we do

891

00:34:26,470 --> 00:34:24,079

maybe that would be enough for people to

892

00:34:28,069 --> 00:34:26,480

you know i i wonder right

893

00:34:31,109 --> 00:34:28,079

i think you're on to something right

894

00:34:32,950 --> 00:34:31,119

because in reality what what we need is

895

00:34:34,950 --> 00:34:32,960

there to be a strength to pull right

896

00:34:36,389 --> 00:34:34,960

like the james wood telescope people who

897

00:34:38,149 --> 00:34:36,399

never think about space are super

898

00:34:39,750 --> 00:34:38,159

excited about that and want to keep

899

00:34:41,430 --> 00:34:39,760

funding stuff like that and looking

900

00:34:42,869 --> 00:34:41,440

farther and farther back because they

901
00:34:44,790 --> 00:34:42,879
know something's there right because

902
00:34:46,869 --> 00:34:44,800
they can see the stars

903
00:34:49,589 --> 00:34:46,879
so if there's something

904
00:34:52,629 --> 00:34:49,599
like that for i don't know our dimension

905
00:34:55,109 --> 00:34:52,639
perhaps or another dimension perhaps and

906
00:34:57,990 --> 00:34:55,119
that they can or you know something that

907
00:34:59,990 --> 00:34:58,000
they can't see as is right now with a

908
00:35:01,430 --> 00:35:00,000
tool that allows them to see a little

909
00:35:04,230 --> 00:35:01,440
more

910
00:35:06,230 --> 00:35:04,240
maybe that's the string you know that

911
00:35:08,310 --> 00:35:06,240
they can grab on and pull and want to

912
00:35:09,510 --> 00:35:08,320
see more and more you know

913
00:35:11,990 --> 00:35:09,520

who knows

914

00:35:14,310 --> 00:35:12,000

i think i think and i think along those

915

00:35:16,550 --> 00:35:14,320

lines you know there are a lot of people

916

00:35:18,550 --> 00:35:16,560

that kind of push back against

917

00:35:20,150 --> 00:35:18,560

um

918

00:35:22,230 --> 00:35:20,160

you know there are people that consider

919

00:35:23,750 --> 00:35:22,240

themselves within our field to be

920

00:35:25,670 --> 00:35:23,760

skeptical

921

00:35:28,150 --> 00:35:25,680

you know somewhere between skeptics and

922

00:35:30,230 --> 00:35:28,160

nuts and bolts people right

923

00:35:33,109 --> 00:35:30,240

there there are people that seemingly

924

00:35:34,790 --> 00:35:33,119

come into our field of ufology and the

925

00:35:38,390 --> 00:35:34,800

paranormal and anomalous studies in

926

00:35:40,630 --> 00:35:38,400

general specifically so because it's

927

00:35:42,950 --> 00:35:40,640

it's a realm where they don't feel crazy

928

00:35:44,950 --> 00:35:42,960

right it's as if like in the rest of the

929

00:35:46,870 --> 00:35:44,960

world they look at a world around them

930

00:35:48,230 --> 00:35:46,880

and the world is crazy or they look

931

00:35:50,470 --> 00:35:48,240

maybe they look at their families they

932

00:35:53,510 --> 00:35:50,480

look at their jobs and those look crazy

933

00:35:55,349 --> 00:35:53,520

or maybe more maybe they look crazy you

934

00:35:57,430 --> 00:35:55,359

know using the dreaded c word to other

935

00:35:59,829 --> 00:35:57,440

people around them well then they come

936

00:36:02,230 --> 00:35:59,839

into ufology and they're like here

937

00:36:04,470 --> 00:36:02,240

here i am not insane here i don't

938

00:36:05,990 --> 00:36:04,480

believe any of this but i don't believe

939

00:36:06,870 --> 00:36:06,000

because i don't believe any of this

940

00:36:08,710 --> 00:36:06,880

right

941

00:36:10,390 --> 00:36:08,720

and and then what do they do they just

942

00:36:12,630 --> 00:36:10,400

they're like a barnacle

943

00:36:14,150 --> 00:36:12,640

on like the side of our field for like

944

00:36:15,430 --> 00:36:14,160

the right you know we then we just have

945

00:36:17,349 --> 00:36:15,440

to sit around

946

00:36:18,950 --> 00:36:17,359

and there's a whole wing of our

947

00:36:20,950 --> 00:36:18,960

community that feels like there's this

948

00:36:22,390 --> 00:36:20,960

like no child left behind policy and we

949

00:36:24,390 --> 00:36:22,400

have to just talk at these people all

950

00:36:27,030 --> 00:36:24,400

day i don't believe that personally i

951
00:36:28,310 --> 00:36:27,040
don't believe that

952
00:36:30,310 --> 00:36:28,320
that's a good point because you have a

953
00:36:31,990 --> 00:36:30,320
lot of uh debunkers

954
00:36:34,069 --> 00:36:32,000
people who straight up call themselves

955
00:36:36,470 --> 00:36:34,079
debunkers in this community right and

956
00:36:38,630 --> 00:36:36,480
people feel the need to continue to

957
00:36:40,630 --> 00:36:38,640
either if they have shows or podcasts

958
00:36:42,630 --> 00:36:40,640
host them on their on their shows and

959
00:36:44,630 --> 00:36:42,640
talk to them and make them feel better

960
00:36:46,310 --> 00:36:44,640
about what they're doing and

961
00:36:49,030 --> 00:36:46,320
you know comment and fight back

962
00:36:51,829 --> 00:36:49,040
constantly about navy videos and it's

963
00:36:55,750 --> 00:36:51,839

rotating no it's not rotating yes it is

964

00:36:57,430 --> 00:36:55,760

rotating ufos are real no they're not

965

00:37:00,069 --> 00:36:57,440

you know that's basically what people

966

00:37:02,390 --> 00:37:00,079

are saying it's like uh you know

967

00:37:04,150 --> 00:37:02,400

it's a bigger fish to fry you know as

968

00:37:05,910 --> 00:37:04,160

far as i'm concerned and that comes in

969

00:37:07,910 --> 00:37:05,920

all sorts of different levels that's

970

00:37:08,950 --> 00:37:07,920

just one specific uh instance but

971

00:37:11,910 --> 00:37:08,960

there's all

972

00:37:13,750 --> 00:37:11,920

uh all sorts of other ways that that

973

00:37:15,829 --> 00:37:13,760

happens you know

974

00:37:19,109 --> 00:37:15,839

we don't have to

975

00:37:21,510 --> 00:37:19,119

you don't have to do that as as he said

976
00:37:22,470 --> 00:37:21,520
you know you don't have to

977
00:37:24,550 --> 00:37:22,480
um

978
00:37:26,069 --> 00:37:24,560
take everybody's opinion

979
00:37:28,230 --> 00:37:26,079
into account when you're forming your

980
00:37:30,230 --> 00:37:28,240
own opinion basically

981
00:37:32,230 --> 00:37:30,240
exactly and these and a lot of these

982
00:37:33,030 --> 00:37:32,240
people they they

983
00:37:34,470 --> 00:37:33,040
like

984
00:37:35,910 --> 00:37:34,480
you know not to name names or whatever

985
00:37:37,910 --> 00:37:35,920
but there's this there's this game

986
00:37:40,630 --> 00:37:37,920
that's been played for decades

987
00:37:43,109 --> 00:37:40,640
which is to kind of like turn it into a

988
00:37:45,190 --> 00:37:43,119

semantic debate where we argue about

989

00:37:47,270 --> 00:37:45,200

language or we argue about act you know

990

00:37:49,349 --> 00:37:47,280

it's a was it at roseannosa is it a

991

00:37:51,109 --> 00:37:49,359

frequency or is it a dimension you know

992

00:37:53,190 --> 00:37:51,119

what i mean these kinds of like

993

00:37:55,510 --> 00:37:53,200

considerations for like are we are you

994

00:37:57,670 --> 00:37:55,520

know are they you know what does it mean

995

00:37:59,030 --> 00:37:57,680

to vibrate faster or what does it mean

996

00:38:01,030 --> 00:37:59,040

to have a dimension what is the

997

00:38:03,510 --> 00:38:01,040

dimension anyway what's the frequency

998

00:38:05,750 --> 00:38:03,520

yeah and and all you want and like in a

999

00:38:07,510 --> 00:38:05,760

time like this where we know

1000

00:38:09,750 --> 00:38:07,520

that you know we throw out the james

1001
00:38:13,030 --> 00:38:09,760
webb telescope you know it's got it it

1002
00:38:15,510 --> 00:38:13,040
has spectroscopy on it specifically so

1003
00:38:18,470 --> 00:38:15,520
that it can it can detect more than just

1004
00:38:20,870 --> 00:38:18,480
is in the visual our visual framework

1005
00:38:22,710 --> 00:38:20,880
right right and and what you want to

1006
00:38:24,310 --> 00:38:22,720
kind of do is grab them grab some of

1007
00:38:26,950 --> 00:38:24,320
these people by the shoulders or grab

1008
00:38:29,030 --> 00:38:26,960
the conversation by the shoulders right

1009
00:38:33,109 --> 00:38:29,040
and say like

1010
00:38:35,510 --> 00:38:33,119
whatever word you want to use or words

1011
00:38:38,230 --> 00:38:35,520
you want to use for that 95 that we

1012
00:38:40,950 --> 00:38:38,240
can't detect tell me what that freaking

1013
00:38:44,150 --> 00:38:40,960

word is and we can use that word

1014

00:38:47,109 --> 00:38:44,160

we just need to blank we need to find

1015

00:38:49,430 --> 00:38:47,119

that blank all right you know i don't

1016

00:38:51,109 --> 00:38:49,440

care what it is college fred we could

1017

00:38:52,390 --> 00:38:51,119

just call it fred for the rest of time

1018

00:38:54,790 --> 00:38:52,400

right i'm down

1019

00:38:56,550 --> 00:38:54,800

right fred oh you're talking about that

1020

00:38:57,990 --> 00:38:56,560

stuff hanging out in fred

1021

00:39:10,069 --> 00:38:58,000

yeah

1022

00:39:11,910 --> 00:39:10,079

fred sometimes it comes out of fred

1023

00:39:14,550 --> 00:39:11,920

sometimes it stays in and everyone's

1024

00:39:17,349 --> 00:39:14,560

asking who the hell is this fred

1025

00:39:18,790 --> 00:39:17,359

i know yeah it blew shifted out of fred

1026

00:39:20,150 --> 00:39:18,800

came right into

1027

00:39:22,790 --> 00:39:20,160

yeah anyway

1028

00:39:25,910 --> 00:39:22,800

let's see what i'm talking about here

1029

00:39:28,390 --> 00:39:25,920

maybe uh the one thing um that i wanted

1030

00:39:29,910 --> 00:39:28,400

to do is maybe take a possible

1031

00:39:31,430 --> 00:39:29,920

um

1032

00:39:34,390 --> 00:39:31,440

it's not a break but what i'd like to

1033

00:39:37,270 --> 00:39:34,400

play is this uh audio

1034

00:39:39,750 --> 00:39:37,280

oh sure it's an audio from somebody

1035

00:39:40,829 --> 00:39:39,760

called into the national ufo hotline and

1036

00:39:43,430 --> 00:39:40,839

they had

1037

00:39:45,349 --> 00:39:43,440

a a

1038

00:39:47,270 --> 00:39:45,359

really close encounter so basically you

1039

00:39:50,790 --> 00:39:47,280

can see it here

1040

00:39:51,910 --> 00:39:50,800

in california it's near la 1986 to

1041

00:39:54,710 --> 00:39:51,920

witness

1042

00:39:56,230 --> 00:39:54,720

encourage encountered a disc over their

1043

00:39:57,510 --> 00:39:56,240

vehicle that shines down a bright light

1044

00:39:59,270 --> 00:39:57,520

illuminating the car and causing the

1045

00:40:01,430 --> 00:39:59,280

vehicle to stop object give a humming

1046

00:40:03,430 --> 00:40:01,440

sound and smell like burnt cinnamon

1047

00:40:05,990 --> 00:40:03,440

uh witnesses suffered from short time

1048

00:40:08,230 --> 00:40:06,000

loss so it's missing time and

1049

00:40:10,390 --> 00:40:08,240

weeping blisters on their skin

1050

00:40:12,790 --> 00:40:10,400

i want you to listen to this guy right

1051
00:40:18,069 --> 00:40:15,349
and you tell me like if this guy's

1052
00:40:20,150 --> 00:40:18,079
making this up or not like sure it it's

1053
00:40:21,990 --> 00:40:20,160
pretty quite clear that the guy is

1054
00:40:23,510 --> 00:40:22,000
honest in what he's saying so i'll just

1055
00:40:25,910 --> 00:40:23,520
put this on the screen so everybody can

1056
00:40:28,710 --> 00:40:25,920
listen i'll get our faces off here

1057
00:40:30,790 --> 00:40:28,720
um and just do me a favor and and give

1058
00:40:31,990 --> 00:40:30,800
it a shot so

1059
00:40:34,309 --> 00:40:32,000
here we go

1060
00:40:36,390 --> 00:40:34,319
all right

1061
00:40:38,390 --> 00:40:36,400
ufo reporting center

1062
00:40:39,750 --> 00:40:38,400
calling from los angeles yes i got to

1063
00:40:41,030 --> 00:40:39,760

make this fairly short because i'm going

1064

00:40:44,870 --> 00:40:41,040

to

1065

00:40:46,550 --> 00:40:44,880

um

1066

00:40:48,950 --> 00:40:46,560

the faa

1067

00:40:50,630 --> 00:40:48,960

and the air force gave me this number

1068

00:40:51,990 --> 00:40:50,640

yes and i'd like to report something

1069

00:40:54,230 --> 00:40:52,000

that happened to my girlfriend and i

1070

00:40:56,150 --> 00:40:54,240

last night to paying a canyon okay would

1071

00:40:57,589 --> 00:40:56,160

you describe it please

1072

00:40:59,349 --> 00:40:57,599

and by the way

1073

00:41:01,030 --> 00:40:59,359

we called the malibu

1074

00:41:02,710 --> 00:41:01,040

police and they said that three other

1075

00:41:04,630 --> 00:41:02,720

people had reported

1076

00:41:08,470 --> 00:41:04,640

similar things it's just nothing that's

1077

00:41:09,190 --> 00:41:08,480

more imagining okay um

1078

00:41:13,589 --> 00:41:09,200

we

1079

00:41:15,670 --> 00:41:13,599

number one pacific coast highway are you

1080

00:41:18,309 --> 00:41:15,680

familiar with that area

1081

00:41:22,069 --> 00:41:18,319

and we backtracked and went decided to

1082

00:41:23,670 --> 00:41:22,079

go up to panga canyon road which is a uh

1083

00:41:25,829 --> 00:41:23,680

it goes pretty high up into the canyon

1084

00:41:27,589 --> 00:41:25,839

country

1085

00:41:30,950 --> 00:41:27,599

do you know where japan canyon is yes

1086

00:41:33,270 --> 00:41:30,960

okay very familiar with it all right

1087

00:41:35,910 --> 00:41:33,280

there's a

1088

00:41:37,910 --> 00:41:35,920

place where old topanga canyon goes to

1089

00:41:40,550 --> 00:41:37,920

new topanga canyon is

1090

00:41:42,870 --> 00:41:40,560

there's a real high ledge that goes deep

1091

00:41:43,829 --> 00:41:42,880

deep down you can overlook the canyon

1092

00:41:47,270 --> 00:41:43,839

okay

1093

00:41:51,670 --> 00:41:49,670

it gets weirder as it goes on

1094

00:41:53,349 --> 00:41:51,680

out of nowhere

1095

00:41:56,309 --> 00:41:53,359

appeared over our

1096

00:41:59,190 --> 00:41:56,319

car a uh brilliant

1097

00:42:02,790 --> 00:41:59,200

brilliant brilliant light

1098

00:42:06,950 --> 00:42:02,800

that was hovering about i'd say 50 feet

1099

00:42:09,589 --> 00:42:07,829

and

1100

00:42:11,430 --> 00:42:09,599

at first we thought it was a helicopter

1101
00:42:13,109 --> 00:42:11,440
a police helicopter or something except

1102
00:42:14,630 --> 00:42:13,119
that we realized that we didn't hear any

1103
00:42:16,630 --> 00:42:14,640
sound

1104
00:42:21,589 --> 00:42:16,640
and we looked up and we could see

1105
00:42:26,069 --> 00:42:24,230
a pie shaped object a saucer i mean i

1106
00:42:28,150 --> 00:42:26,079
hate to use that term

1107
00:42:30,630 --> 00:42:28,160
saucer type object

1108
00:42:33,750 --> 00:42:30,640
there was a rim we could see a rim and

1109
00:42:34,470 --> 00:42:33,760
then within the rim was this just one

1110
00:42:36,550 --> 00:42:34,480
big

1111
00:42:38,470 --> 00:42:36,560
brilliant brilliant light that they kept

1112
00:42:40,790 --> 00:42:38,480
shining on our car

1113
00:42:43,109 --> 00:42:40,800

okay was this like a beam of light

1114

00:42:46,150 --> 00:42:43,119

yes okay was that in the form of a beam

1115

00:42:46,160 --> 00:42:48,630

um

1116

00:42:53,910 --> 00:42:50,870

it was a

1117

00:42:56,790 --> 00:42:53,920

wide cone okay

1118

00:42:58,630 --> 00:42:56,800

a wide cone covered

1119

00:43:00,950 --> 00:42:58,640

oh i'd say a good

1120

00:43:03,430 --> 00:43:00,960

maybe 50 feet in diameter okay but it

1121

00:43:05,990 --> 00:43:03,440

was very very bright

1122

00:43:07,910 --> 00:43:06,000

and anyway we turned the car around and

1123

00:43:09,829 --> 00:43:07,920

we decided to go back down the canyon

1124

00:43:12,069 --> 00:43:09,839

and this damn thing kept following us it

1125

00:43:13,750 --> 00:43:12,079

kept

1126
00:43:16,150 --> 00:43:13,760
at the speed we were going at the same

1127
00:43:18,150 --> 00:43:16,160
speed we were going it was following us

1128
00:43:20,870 --> 00:43:18,160
it was above our

1129
00:43:22,390 --> 00:43:20,880
car about 50 feet

1130
00:43:24,309 --> 00:43:22,400
and we kept looking up and it kept it

1131
00:43:26,150 --> 00:43:24,319
was there and if we would go faster it

1132
00:43:28,309 --> 00:43:26,160
would go faster if we would slow down it

1133
00:43:30,470 --> 00:43:28,319
would slow down

1134
00:43:32,309 --> 00:43:30,480
and we had the distinct impression that

1135
00:43:33,750 --> 00:43:32,319
was pursuing us

1136
00:43:36,150 --> 00:43:33,760
and the only

1137
00:43:38,829 --> 00:43:36,160
noise that i could i felt that we could

1138
00:43:43,430 --> 00:43:41,750

uh the sound that a transformer would

1139

00:43:44,710 --> 00:43:43,440

make

1140

00:43:47,589 --> 00:43:44,720

like a hum

1141

00:43:48,550 --> 00:43:47,599

a high-pitched tongue okay

1142

00:43:49,270 --> 00:43:48,560

then

1143

00:43:51,829 --> 00:43:49,280

i

1144

00:43:53,670 --> 00:43:51,839

here

1145

00:43:55,349 --> 00:43:53,680

so i accelerated the car but you've got

1146

00:43:59,430 --> 00:43:55,359

to be very careful to paying a canyon

1147

00:44:03,270 --> 00:44:02,230

it's a very windy road

1148

00:44:05,829 --> 00:44:03,280

and

1149

00:44:08,309 --> 00:44:05,839

when i tried to accelerate the car

1150

00:44:10,550 --> 00:44:08,319

my engine went out

1151
00:44:13,910 --> 00:44:10,560
the lights went out everything went out

1152
00:44:16,150 --> 00:44:13,920
okay and we got out of the car

1153
00:44:18,470 --> 00:44:16,160
thinking that we were going to run away

1154
00:44:20,470 --> 00:44:18,480
i'm telling you my girlfriend was almost

1155
00:44:23,349 --> 00:44:20,480
to the state of hysteria

1156
00:44:25,109 --> 00:44:23,359
in fact later on i we we went to

1157
00:44:27,670 --> 00:44:25,119
sinai emergency room when i got home

1158
00:44:30,150 --> 00:44:27,680
when we got to our home here

1159
00:44:33,829 --> 00:44:32,230
when we got out of the car we got even a

1160
00:44:38,309 --> 00:44:33,839
better look at it

1161
00:44:41,750 --> 00:44:39,270
and

1162
00:44:43,829 --> 00:44:41,760
within i'd say

1163
00:44:46,390 --> 00:44:43,839

seconds

1164

00:44:48,390 --> 00:44:46,400

it just went straight up in the air

1165

00:44:49,750 --> 00:44:48,400

and as quickly as it appeared that's how

1166

00:44:51,829 --> 00:44:49,760

quickly it

1167

00:44:54,470 --> 00:44:51,839

okay

1168

00:44:57,750 --> 00:44:54,480

and anyway we got back into the car

1169

00:45:00,309 --> 00:44:57,760

and the car started

1170

00:45:02,470 --> 00:45:00,319

and we got down to the coast highway

1171

00:45:05,430 --> 00:45:02,480

we came home to los angeles and my

1172

00:45:08,790 --> 00:45:05,440

girlfriend was very very badly shaken up

1173

00:45:09,670 --> 00:45:08,800

she's a nurse i'm an accountant

1174

00:45:11,030 --> 00:45:09,680

uh

1175

00:45:14,150 --> 00:45:11,040

we went

1176

00:45:17,030 --> 00:45:14,160

to cedars-sinai emergency room and uh we

1177

00:45:19,109 --> 00:45:17,040

had broken up on in blisters

1178

00:45:20,630 --> 00:45:19,119

on the backs of our hands

1179

00:45:22,710 --> 00:45:20,640

my girlfriend where she was wearing a

1180

00:45:23,990 --> 00:45:22,720

necklace you could see the mark where

1181

00:45:27,030 --> 00:45:24,000

the necklace was

1182

00:45:27,829 --> 00:45:27,040

i wear glasses you can see on my face

1183

00:45:32,790 --> 00:45:27,839

glass

1184

00:45:34,150 --> 00:45:32,800

and we have a

1185

00:45:37,589 --> 00:45:34,160

very nauseous

1186

00:45:40,870 --> 00:45:39,750

okay did that was that like a bad

1187

00:45:43,829 --> 00:45:40,880

sunburn

1188

00:45:46,150 --> 00:45:43,839

yes okay

1189

00:45:48,710 --> 00:45:46,160

it's like a bad sunburn but it's weepy

1190

00:45:51,829 --> 00:45:48,720

they're weeping blisters okay

1191

00:45:53,349 --> 00:45:51,839

and i sure didn't have it

1192

00:45:55,030 --> 00:45:53,359

we didn't have this when we went out

1193

00:45:57,270 --> 00:45:55,040

that we

1194

00:45:59,750 --> 00:45:57,280

but anyway we did call the malibu police

1195

00:46:00,550 --> 00:45:59,760

when we got home

1196

00:46:02,390 --> 00:46:00,560

and

1197

00:46:04,309 --> 00:46:02,400

they said that three other people had

1198

00:46:05,430 --> 00:46:04,319

called

1199

00:46:07,349 --> 00:46:05,440

concerning

1200

00:46:08,790 --> 00:46:07,359

similar incidents

1201
00:46:10,870 --> 00:46:08,800
that evening

1202
00:46:12,790 --> 00:46:10,880
to the same area in the same area

1203
00:46:14,630 --> 00:46:12,800
canyon area

1204
00:46:17,430 --> 00:46:14,640
there was an officer burns that i had

1205
00:46:21,589 --> 00:46:19,109
and we're going to go back to the

1206
00:46:23,349 --> 00:46:21,599
doctors today at 2 30 so i can't

1207
00:46:25,910 --> 00:46:23,359
stay too long and i don't want to get

1208
00:46:28,309 --> 00:46:25,920
terribly involved but

1209
00:46:34,069 --> 00:46:28,319
even the doctor said i should i i could

1210
00:46:37,750 --> 00:46:36,150
these far out situations sir but it was

1211
00:46:39,430 --> 00:46:37,760
the most amazing thing i've ever seen in

1212
00:46:42,790 --> 00:46:39,440
my life and really quite frightening

1213
00:46:45,270 --> 00:46:42,800

okay that was your girlfriend at rn yes

1214

00:46:48,950 --> 00:46:45,280

okay now what time did that occur it

1215

00:46:51,349 --> 00:46:48,960

occurred i would say approximately 12 30

1216

00:46:52,230 --> 00:46:51,359

in the evening that's this morning

1217

00:46:53,670 --> 00:46:52,240

yes

1218

00:46:55,109 --> 00:46:53,680

my girlfriend works at the wadsworth

1219

00:46:58,150 --> 00:46:55,119

veterans hospital

1220

00:47:03,109 --> 00:46:59,270

what was the name of that veteran's

1221

00:47:04,630 --> 00:47:03,119

hospital the water federal club

1222

00:47:06,390 --> 00:47:04,640

do you have any estimate of the diameter

1223

00:47:10,790 --> 00:47:06,400

of the object it was about 50 feet in

1224

00:47:15,670 --> 00:47:12,870

now do you remember the color of that

1225

00:47:17,750 --> 00:47:16,790

um

1226
00:47:19,910 --> 00:47:17,760
white

1227
00:47:22,069 --> 00:47:19,920
okay

1228
00:47:24,150 --> 00:47:22,079
white was

1229
00:47:27,030 --> 00:47:24,160
but there was some blue and blue around

1230
00:47:30,069 --> 00:47:29,109
okay now when you were exposed to that

1231
00:47:32,150 --> 00:47:30,079
uh

1232
00:47:35,670 --> 00:47:32,160
beam of light did you detect any change

1233
00:47:41,190 --> 00:47:38,390
no but our skin tingled

1234
00:47:43,510 --> 00:47:41,200
okay and it felt like there was a little

1235
00:47:46,470 --> 00:47:43,520
i don't know electrical feeling in your

1236
00:47:48,470 --> 00:47:46,480
skin okay

1237
00:47:49,829 --> 00:47:48,480
and then for a brief moment to tell you

1238
00:47:51,270 --> 00:47:49,839

the truth neither of us even could

1239

00:47:54,790 --> 00:47:51,280

remember what happened it was almost as

1240

00:47:57,750 --> 00:47:56,470

did you feel that that was a very short

1241

00:48:02,870 --> 00:47:57,760

duration

1242

00:48:08,710 --> 00:48:06,150

did you detect any unusual orders at the

1243

00:48:08,720 --> 00:48:14,870

come to think of it yeah

1244

00:48:14,880 --> 00:48:18,230

i would say

1245

00:48:23,589 --> 00:48:21,670

like bert cinnamon okay

1246

00:48:25,510 --> 00:48:23,599

did you have any trouble restarting your

1247

00:48:27,750 --> 00:48:25,520

car

1248

00:48:29,670 --> 00:48:27,760

um

1249

00:48:31,750 --> 00:48:29,680

at that point i can't to tell you the

1250

00:48:32,549 --> 00:48:31,760

truth i can't remember

1251
00:48:44,870 --> 00:48:32,559

i

1252
00:48:46,309 --> 00:48:44,880
okay

1253
00:48:48,950 --> 00:48:46,319
now were there any other unusual

1254
00:48:55,670 --> 00:48:48,960
physical traces with you or your lady

1255
00:49:01,670 --> 00:48:57,589
and how long do you feel this entire

1256
00:49:05,910 --> 00:49:03,829
i feel that it followed us for about 10

1257
00:49:07,829 --> 00:49:05,920
minutes

1258
00:49:10,790 --> 00:49:07,839
and then out of the car

1259
00:49:12,549 --> 00:49:10,800
maybe a minute or so

1260
00:49:14,870 --> 00:49:12,559
but it was when we were out of the cars

1261
00:49:19,270 --> 00:49:14,880
when i kind of kind of lost track of

1262
00:49:22,950 --> 00:49:21,270
do other people report things like this

1263
00:49:25,750 --> 00:49:22,960

oh yes sir they sure have they've been

1264

00:49:27,030 --> 00:49:25,760

reporting them for years

1265

00:49:28,790 --> 00:49:27,040

now what was the name of the doctor

1266

00:49:30,710 --> 00:49:28,800

you're going to

1267

00:49:33,510 --> 00:49:30,720

well we went to the the cedar sunlight

1268

00:49:35,589 --> 00:49:33,520

emergency room and i don't recall the

1269

00:49:37,349 --> 00:49:35,599

doctor okay

1270

00:49:39,829 --> 00:49:37,359

because of my job i really don't want to

1271

00:49:40,870 --> 00:49:39,839

get uh i understand invisible because

1272

00:49:44,950 --> 00:49:40,880

when you talk

1273

00:49:45,910 --> 00:49:44,960

going to go see a psychiatrist

1274

00:49:48,069 --> 00:49:45,920

just

1275

00:49:49,750 --> 00:49:48,079

i mean i don't we

1276

00:49:53,589 --> 00:49:49,760

we weren't hallucinating i didn't make

1277

00:49:57,270 --> 00:49:55,670

okay could i get your name sir i don't

1278

00:49:59,030 --> 00:49:57,280

want to give my name okay is there any

1279

00:50:00,710 --> 00:49:59,040

way we can get back to you if we need

1280

00:50:05,430 --> 00:50:00,720

more information

1281

00:50:07,670 --> 00:50:05,440

need i'll i'll i'm going to go back to

1282

00:50:08,549 --> 00:50:07,680

the doctors i can't call you back

1283

00:50:11,430 --> 00:50:08,559

it's just

1284

00:50:14,309 --> 00:50:11,440

my wife my girlfriend has a

1285

00:50:16,230 --> 00:50:14,319

governmental job right

1286

00:50:18,150 --> 00:50:16,240

you gotta understand

1287

00:50:20,790 --> 00:50:18,160

such high strangeness that

1288

00:50:23,030 --> 00:50:20,800

people tend if it gets out

1289

00:50:24,950 --> 00:50:23,040

um they tend to look at you

1290

00:50:26,950 --> 00:50:24,960

because if you're weird or something i

1291

00:50:29,030 --> 00:50:26,960

understand

1292

00:50:31,270 --> 00:50:29,040

okay what would you like to do after you

1293

00:50:33,670 --> 00:50:31,280

visit your doctor or if you feel like it

1294

00:50:37,750 --> 00:50:33,680

would like to hear what his diagnosis of

1295

00:50:44,470 --> 00:50:41,910

and what do they do with all this data

1296

00:50:47,349 --> 00:50:44,480

what do we do with it

1297

00:50:48,790 --> 00:50:47,359

well we compare it with other similar

1298

00:50:51,430 --> 00:50:48,800

cases

1299

00:50:52,870 --> 00:50:51,440

over the past years which gives us a

1300

00:50:55,190 --> 00:50:52,880

basis for

1301
00:50:57,349 --> 00:50:55,200
determining the reality of what is going

1302
00:50:58,870 --> 00:50:57,359
on

1303
00:50:59,910 --> 00:50:58,880
is this something that the government is

1304
00:51:01,109 --> 00:50:59,920
doing

1305
00:51:05,589 --> 00:51:01,119
no

1306
00:51:07,910 --> 00:51:05,599
this type of incident has occurred

1307
00:51:10,230 --> 00:51:07,920
uh off and on throughout the united

1308
00:51:14,549 --> 00:51:10,240
states and overseas for the last 40

1309
00:51:18,390 --> 00:51:16,230
i've read about things like this but

1310
00:51:21,030 --> 00:51:18,400
reading it is one thing but when you

1311
00:51:22,950 --> 00:51:21,040
see it firsthand

1312
00:51:25,349 --> 00:51:22,960
i i don't know how to explain it i just

1313
00:51:27,829 --> 00:51:25,359

i don't know how to explain it

1314

00:51:30,309 --> 00:51:27,839

it can be very traumatic

1315

00:51:33,109 --> 00:51:30,319

and other other people do call you oh

1316

00:51:34,710 --> 00:51:33,119

yes we get to ravage about six calls or

1317

00:51:37,510 --> 00:51:34,720

six reports a day right now and that's

1318

00:51:41,430 --> 00:51:37,520

very very quiet

1319

00:51:49,670 --> 00:51:42,309

well

1320

00:51:53,190 --> 00:51:49,680

of course three or four different

1321

00:51:54,790 --> 00:51:53,200

theories my own personal opinion is that

1322

00:51:55,910 --> 00:51:54,800

these are objects coming in from outer

1323

00:51:57,430 --> 00:51:55,920

space

1324

00:52:01,349 --> 00:51:57,440

and i've been studying the subject for

1325

00:52:01,359 --> 00:52:08,870

jesus

1326

00:52:14,309 --> 00:52:13,109

so that is when the

1327

00:52:18,870 --> 00:52:14,319

audio

1328

00:52:22,950 --> 00:52:20,549

so um

1329

00:52:24,069 --> 00:52:22,960

pretty interesting case so again that

1330

00:52:27,270 --> 00:52:24,079

was uh

1331

00:52:29,829 --> 00:52:27,280

i forget already 1986 i think but

1332

00:52:31,589 --> 00:52:29,839

um it's pretty interesting because the

1333

00:52:33,750 --> 00:52:31,599

the other thing that i wanted to go to

1334

00:52:37,750 --> 00:52:33,760

was this case

1335

00:52:39,910 --> 00:52:37,760

that happened november 23rd 1968

1336

00:52:42,870 --> 00:52:39,920

and uh jay allen heineck for those of

1337

00:52:44,790 --> 00:52:42,880

you familiar was an advisor a consultant

1338

00:52:46,549 --> 00:52:44,800

for project blue book

1339

00:52:48,549 --> 00:52:46,559
during this time and he actually

1340

00:52:50,309 --> 00:52:48,559
evaluated this one personally which he

1341

00:52:52,309 --> 00:52:50,319
didn't do very often

1342

00:52:54,069 --> 00:52:52,319
it was very

1343

00:52:56,470 --> 00:52:54,079
few and far between that he actually did

1344

00:52:58,230 --> 00:52:56,480
one-on-one interviews with witnesses

1345

00:52:59,910 --> 00:52:58,240
that reported things

1346

00:53:01,430 --> 00:52:59,920
um so i'm just going to go through a

1347

00:53:03,109 --> 00:53:01,440
little bit of this because there's some

1348

00:53:06,470 --> 00:53:03,119
similarities here that i think are

1349

00:53:08,549 --> 00:53:06,480
important so we have witness encounters

1350

00:53:10,710 --> 00:53:08,559
excuse me brilliant light directly above

1351
00:53:12,950 --> 00:53:10,720
the road as he rounded a bend in a road

1352
00:53:16,069 --> 00:53:12,960
in sparsely settled territory about 200

1353
00:53:19,030 --> 00:53:16,079
feet ahead of him and 50 to 75 feet off

1354
00:53:21,990 --> 00:53:19,040
the ground no object just light radio

1355
00:53:24,309 --> 00:53:22,000
faded into static light itself emitted a

1356
00:53:25,589 --> 00:53:24,319
beam downward that illuminated nearby

1357
00:53:27,670 --> 00:53:25,599
trees

1358
00:53:29,750 --> 00:53:27,680
light was retracted as if the beam or a

1359
00:53:34,470 --> 00:53:29,760
ladder being five to six feet wide well

1360
00:53:35,829 --> 00:53:34,480
defined main light fuzzy on edges so

1361
00:53:37,430 --> 00:53:35,839
later reading the interview what he's

1362
00:53:39,990 --> 00:53:37,440
saying is there was

1363
00:53:42,150 --> 00:53:40,000

a huge object that if he'd put his hand

1364

00:53:44,230 --> 00:53:42,160

up like this it would cover some of it

1365

00:53:46,470 --> 00:53:44,240

but the size of it would be on each side

1366

00:53:48,390 --> 00:53:46,480

that was one big really bright light and

1367

00:53:50,390 --> 00:53:48,400

then there was a different

1368

00:53:52,309 --> 00:53:50,400

light which was the beam that was coming

1369

00:53:54,150 --> 00:53:52,319

from it towards the car and that's when

1370

00:53:56,950 --> 00:53:54,160

the car stopped and all that stuff

1371

00:53:59,190 --> 00:53:56,960

happened mainly with scintillating um a

1372

00:54:01,270 --> 00:53:59,200

subtended arc of several degrees light

1373

00:54:02,230 --> 00:54:01,280

disappeared in a few seconds go straight

1374

00:54:04,549 --> 00:54:02,240

up

1375

00:54:06,150 --> 00:54:04,559

um just like the account we heard engine

1376

00:54:08,470 --> 00:54:06,160

started by itself

1377

00:54:10,710 --> 00:54:08,480

car had been left

1378

00:54:12,150 --> 00:54:10,720

in drive gear

1379

00:54:13,990 --> 00:54:12,160

so

1380

00:54:16,390 --> 00:54:14,000

like i said heinek interviews this guy

1381

00:54:19,030 --> 00:54:16,400

personally and i grabbed a couple

1382

00:54:20,790 --> 00:54:19,040

of um tidbits from this that i thought

1383

00:54:22,549 --> 00:54:20,800

were um

1384

00:54:24,710 --> 00:54:22,559

interesting

1385

00:54:26,390 --> 00:54:24,720

so and these are tidbits from the

1386

00:54:28,870 --> 00:54:26,400

interview so when it says h that's

1387

00:54:30,470 --> 00:54:28,880

heinek so he says they're they're doing

1388

00:54:32,950 --> 00:54:30,480

the interview in hindi at one point says

1389

00:54:35,750 --> 00:54:32,960

to him yes this occurs your report is

1390

00:54:36,950 --> 00:54:35,760

strange and unusual as it is is by no

1391

00:54:38,789 --> 00:54:36,960

means

1392

00:54:41,109 --> 00:54:38,799

it doesn't stand by itself there have

1393

00:54:42,710 --> 00:54:41,119

been many other cases like it reported

1394

00:54:44,390 --> 00:54:42,720

and i'm of course

1395

00:54:47,670 --> 00:54:44,400

in my own work searching for patterns

1396

00:54:51,589 --> 00:54:49,990

so right there he's telling the guy that

1397

00:54:54,069 --> 00:54:51,599

it's not strange and they get these

1398

00:54:56,950 --> 00:54:54,079

reports quite often

1399

00:54:59,510 --> 00:54:56,960

so um this he talks a little bit about

1400

00:55:01,349 --> 00:54:59,520

the beam jay is the person i'm not sure

1401
00:55:03,750 --> 00:55:01,359
what his first name is but his last name

1402
00:55:05,349 --> 00:55:03,760
is jones well at the time this beam

1403
00:55:06,950 --> 00:55:05,359
seemed to reach down it touched my car

1404
00:55:08,630 --> 00:55:06,960
the engine failed and this was noted

1405
00:55:11,030 --> 00:55:08,640
first by the oil light indicator coming

1406
00:55:12,069 --> 00:55:11,040
on inside the car or the generator light

1407
00:55:13,910 --> 00:55:12,079
and i

1408
00:55:16,710 --> 00:55:13,920
uh smashed the accelerator on the inside

1409
00:55:20,950 --> 00:55:18,950
on the in the car did not respond at all

1410
00:55:22,470 --> 00:55:20,960
and so i put on the brakes i found

1411
00:55:24,150 --> 00:55:22,480
stopping and steering the car very

1412
00:55:25,510 --> 00:55:24,160
difficult the car having power steering

1413
00:55:28,069 --> 00:55:25,520

and brakes

1414

00:55:31,349 --> 00:55:28,079

yes what model it is it's brand new

1415

00:55:32,470 --> 00:55:31,359

1967 ford custom

1416

00:55:33,750 --> 00:55:32,480

so

1417

00:55:34,390 --> 00:55:33,760

it's a new car you wouldn't expect to

1418

00:55:36,309 --> 00:55:34,400

have

1419

00:55:38,309 --> 00:55:36,319

difficulties i'd imagine no sir never

1420

00:55:40,390 --> 00:55:38,319

had any difficulties like that in my

1421

00:55:42,549 --> 00:55:40,400

life so right there i'm just making a

1422

00:55:44,789 --> 00:55:42,559

similarity with the car engine brand new

1423

00:55:46,390 --> 00:55:44,799

car shouldn't happen

1424

00:55:48,150 --> 00:55:46,400

um

1425

00:55:50,230 --> 00:55:48,160

but the important things that i'm going

1426

00:55:53,270 --> 00:55:50,240

to get to kind of are

1427

00:55:55,750 --> 00:55:53,280

relate to the effect

1428

00:56:00,150 --> 00:55:58,630

at one point this mr jones talked about

1429

00:56:01,510 --> 00:56:00,160

what people think of them like hynek

1430

00:56:03,190 --> 00:56:01,520

says right here you're raising this

1431

00:56:05,430 --> 00:56:03,200

point about other people's opinions i'm

1432

00:56:06,950 --> 00:56:05,440

always interested in how other people

1433

00:56:10,069 --> 00:56:06,960

regard this has this bothered you

1434

00:56:11,910 --> 00:56:10,079

affected your life any or do you find

1435

00:56:14,710 --> 00:56:11,920

you talk about it much or not at all or

1436

00:56:16,470 --> 00:56:14,720

how and this is what he's mr jones says

1437

00:56:18,230 --> 00:56:16,480

well i've run into two groups of people

1438

00:56:20,390 --> 00:56:18,240

one is people that well they think i'm

1439

00:56:22,309 --> 00:56:20,400

completely nuts uh just a complete

1440

00:56:24,150 --> 00:56:22,319

crackpot and i talk very little to these

1441

00:56:25,829 --> 00:56:24,160

people when i find out

1442

00:56:27,910 --> 00:56:25,839

this is their attitude i just sort of

1443

00:56:29,990 --> 00:56:27,920

let her drop off and walk off drop and

1444

00:56:31,750 --> 00:56:30,000

walk off then there's the other school

1445

00:56:33,829 --> 00:56:31,760

of people that are very

1446

00:56:35,430 --> 00:56:33,839

they're all very interested in this and

1447

00:56:37,109 --> 00:56:35,440

they ask a lot of questions from an

1448

00:56:38,470 --> 00:56:37,119

interesting and very courteous

1449

00:56:40,309 --> 00:56:38,480

standpoint

1450

00:56:42,150 --> 00:56:40,319

there are people that i thoroughly enjoy

1451
00:56:43,829 --> 00:56:42,160
talking with because i've got a lot to

1452
00:56:45,670 --> 00:56:43,839
learn about this stuff i don't know

1453
00:56:47,589 --> 00:56:45,680
everything

1454
00:56:48,870 --> 00:56:47,599
and then hynek says here which i think

1455
00:56:50,630 --> 00:56:48,880
is very

1456
00:56:53,190 --> 00:56:50,640
important well there's no one that does

1457
00:56:54,630 --> 00:56:53,200
you see this is it

1458
00:56:57,349 --> 00:56:54,640
it's such a

1459
00:57:00,309 --> 00:56:57,359
the whole thing seems too incredible

1460
00:57:02,710 --> 00:57:00,319
that it seems much easier you know for

1461
00:57:05,270 --> 00:57:02,720
many people to not believe it

1462
00:57:07,510 --> 00:57:05,280
and not to take it seriously because it

1463
00:57:10,069 --> 00:57:07,520

means less work for them

1464

00:57:11,190 --> 00:57:10,079

but the reports such as this now come in

1465

00:57:13,750 --> 00:57:11,200

from many

1466

00:57:15,750 --> 00:57:13,760

many countries over a period of years

1467

00:57:17,829 --> 00:57:15,760

and it is at least for me

1468

00:57:19,670 --> 00:57:17,839

impossible

1469

00:57:20,950 --> 00:57:19,680

now

1470

00:57:23,109 --> 00:57:20,960

impossible

1471

00:57:25,030 --> 00:57:23,119

now any longer to doubt them

1472

00:57:26,710 --> 00:57:25,040

let me ask a little bit about your own

1473

00:57:28,549 --> 00:57:26,720

background how long have you lived in

1474

00:57:30,470 --> 00:57:28,559

that community so they asked him about

1475

00:57:32,230 --> 00:57:30,480

his background he's upstanding citizen

1476

00:57:35,349 --> 00:57:32,240

all that kind of stuff

1477

00:57:38,950 --> 00:57:37,109

a spot on point

1478

00:57:42,630 --> 00:57:38,960

that heineken made it in this interview

1479

00:57:45,190 --> 00:57:42,640

here um and i'm going to read that again

1480

00:57:47,670 --> 00:57:45,200

uh this is it it's such uh the whole

1481

00:57:50,309 --> 00:57:47,680

thing seems too incredible that it seems

1482

00:57:51,990 --> 00:57:50,319

much easier you know for many people not

1483

00:57:53,109 --> 00:57:52,000

to believe it and not to take it

1484

00:57:55,349 --> 00:57:53,119

seriously

1485

00:57:57,349 --> 00:57:55,359

because it means less work for them but

1486

00:57:58,950 --> 00:57:57,359

the reports such as this now come in

1487

00:58:00,309 --> 00:57:58,960

from many countries over a period of

1488

00:58:02,549 --> 00:58:00,319

years and it is at least for me

1489

00:58:06,549 --> 00:58:02,559

impossible now any longer

1490

00:58:10,150 --> 00:58:08,390

yeah

1491

00:58:13,190 --> 00:58:10,160

two more pages i'll run through quick

1492

00:58:15,030 --> 00:58:13,200

keep those in here in your mind yep um

1493

00:58:16,630 --> 00:58:15,040

any mr jones says that's why i don't

1494

00:58:19,109 --> 00:58:16,640

like to talk to these people that are

1495

00:58:21,510 --> 00:58:19,119

trying to pile on ridicule on me because

1496

00:58:24,069 --> 00:58:21,520

i don't think i deserve this i didn't

1497

00:58:25,829 --> 00:58:24,079

ask this light or object or whatever it

1498

00:58:28,230 --> 00:58:25,839

is to come down

1499

00:58:30,150 --> 00:58:28,240

and come near me

1500

00:58:32,069 --> 00:58:30,160

heinek says well you know there are many

1501

00:58:33,990 --> 00:58:32,079

who i've been told later when they

1502

00:58:35,990 --> 00:58:34,000

finally get enough courage they will

1503

00:58:37,750 --> 00:58:36,000

tell me that they didn't want to report

1504

00:58:40,069 --> 00:58:37,760

to anybody for quite a while because

1505

00:58:41,910 --> 00:58:40,079

they feared this ridicule

1506

00:58:43,750 --> 00:58:41,920

people are very funny that way when

1507

00:58:49,510 --> 00:58:43,760

people don't understand

1508

00:58:55,670 --> 00:58:52,549

um i believe this is

1509

00:58:57,109 --> 00:58:55,680

yeah this is the last page

1510

00:58:59,990 --> 00:58:57,119

so then heinek

1511

00:59:01,829 --> 00:59:00,000

asked mr jones who did you first tell

1512

00:59:03,910 --> 00:59:01,839

and he says well i first drove the

1513

00:59:05,270 --> 00:59:03,920

eleven and a half miles to newton and i

1514

00:59:06,630 --> 00:59:05,280

stopped there and called the local

1515

00:59:07,829 --> 00:59:06,640

sheriff and told him i had something to

1516

00:59:12,630 --> 00:59:07,839

report

1517

00:59:13,829 --> 00:59:12,640

it so he said just tell me about it so i

1518

00:59:16,230 --> 00:59:13,839

did

1519

00:59:18,069 --> 00:59:16,240

and the only expression he had was damn

1520

00:59:19,750 --> 00:59:18,079

i'm glad it didn't happen i'm glad it

1521

00:59:21,750 --> 00:59:19,760

happened to you and not me

1522

00:59:24,309 --> 00:59:21,760

i'm sorry but i can't help you and he

1523

00:59:26,630 --> 00:59:24,319

hung up the phone

1524

00:59:28,150 --> 00:59:26,640

and then he said and so i saw that i

1525

00:59:30,309 --> 00:59:28,160

wasn't going to get any help from this

1526

00:59:34,069 --> 00:59:30,319

guy so then i drove to albany and went

1527

00:59:39,430 --> 00:59:35,349

and this one

1528

00:59:40,630 --> 00:59:39,440

struck me very very hard personally

1529

00:59:41,990 --> 00:59:40,640

he said you drove to the sheriff's

1530

00:59:45,109 --> 00:59:42,000

department there and the one feeling

1531

00:59:47,430 --> 00:59:45,119

that i can recall was such a feeling of

1532

00:59:49,030 --> 00:59:47,440

loneliness

1533

00:59:50,870 --> 00:59:49,040

i wanted anybody

1534

00:59:52,470 --> 00:59:50,880

i wanted to talk to somebody and tell

1535

00:59:53,829 --> 00:59:52,480

them what i'd seen

1536

00:59:55,430 --> 00:59:53,839

i mean this was something that you don't

1537

00:59:58,309 --> 00:59:55,440

want to just keep to yourself you cannot

1538

01:00:01,190 --> 00:59:58,319

keep it to yourself really i mean

1539

01:00:03,190 --> 01:00:01,200

think if anybody did witness something

1540

01:00:04,789 --> 01:00:03,200

like i did and not say anything to

1541

01:00:06,710 --> 01:00:04,799

anybody

1542

01:00:08,470 --> 01:00:06,720

uh within a very short while i feel then

1543

01:00:12,069 --> 01:00:08,480

it would drive them more or less out of

1544

01:00:15,190 --> 01:00:12,829

so

1545

01:00:17,109 --> 01:00:15,200

yeah yeah

1546

01:00:19,109 --> 01:00:17,119

that's powerful

1547

01:00:20,710 --> 01:00:19,119

it's a great transcript i mean it's

1548

01:00:21,750 --> 01:00:20,720

great because it points to so many

1549

01:00:26,710 --> 01:00:21,760

important

1550

01:00:29,349 --> 01:00:26,720

know the kind of minutia physical

1551

01:00:31,829 --> 01:00:29,359

details of what happened but the

1552

01:00:32,710 --> 01:00:31,839

you know the impact that it has right

1553

01:00:33,990 --> 01:00:32,720

and right

1554

01:00:35,349 --> 01:00:34,000

you know this is something that you and

1555

01:00:37,430 --> 01:00:35,359

i talk about

1556

01:00:39,030 --> 01:00:37,440

you know whether we're on air or not

1557

01:00:41,589 --> 01:00:39,040

often which is that you know something

1558

01:00:43,589 --> 01:00:41,599

can happen and again it'll be like

1559

01:00:45,510 --> 01:00:43,599

maybe four minutes

1560

01:00:47,829 --> 01:00:45,520

you know of your life or something like

1561

01:00:48,549 --> 01:00:47,839

that and it can actually

1562

01:00:50,309 --> 01:00:48,559

and

1563

01:00:52,549 --> 01:00:50,319

the amount of impact it can have in

1564

01:00:54,710 --> 01:00:52,559

terms of like the processing and trying

1565

01:00:57,109 --> 01:00:54,720

to metabolize and integrate that into

1566

01:00:58,950 --> 01:00:57,119

the rest of your life can take years for

1567

01:01:02,230 --> 01:00:58,960

certain people you know given certain

1568

01:01:03,990 --> 01:01:02,240

situations right yeah you know

1569

01:01:06,230 --> 01:01:04,000

i still haven't really figured out how

1570

01:01:07,990 --> 01:01:06,240

to exactly live with it my only the only

1571

01:01:09,030 --> 01:01:08,000

medium i have that kind of makes me feel

1572

01:01:10,470 --> 01:01:09,040

better is

1573

01:01:12,069 --> 01:01:10,480

doing this show

1574

01:01:14,710 --> 01:01:12,079

and

1575

01:01:17,109 --> 01:01:14,720

talking to to friends like you about it

1576

01:01:19,990 --> 01:01:17,119

not that to even get answers but to just

1577

01:01:21,910 --> 01:01:20,000

talk about it because even like mr jones

1578

01:01:23,750 --> 01:01:21,920

has just said you know

1579

01:01:25,829 --> 01:01:23,760

if you don't talk to anybody about it it

1580

01:01:28,549 --> 01:01:25,839

just bottles up inside you're going to

1581

01:01:29,990 --> 01:01:28,559

drive yourself nuts you know

1582

01:01:31,829 --> 01:01:30,000

um

1583

01:01:32,789 --> 01:01:31,839

and you feel so

1584

01:01:35,109 --> 01:01:32,799

alone

1585

01:01:37,190 --> 01:01:35,119

in it in your everyday uh

1586

01:01:39,670 --> 01:01:37,200

life you know you're talking to other

1587

01:01:41,190 --> 01:01:39,680

people that don't know what it is don't

1588

01:01:42,069 --> 01:01:41,200

know what it's like

1589

01:01:43,829 --> 01:01:42,079

you know

1590

01:01:45,510 --> 01:01:43,839

and you can't even explain it without

1591

01:01:48,390 --> 01:01:45,520

feeling like you're crazy while you're

1592

01:01:51,750 --> 01:01:48,400

talking about it you know

1593

01:01:54,150 --> 01:01:51,760

absolutely and from people like you know

1594

01:01:55,510 --> 01:01:54,160

us other people you know there are other

1595

01:01:56,309 --> 01:01:55,520

people in the chat

1596

01:01:57,670 --> 01:01:56,319

um

1597

01:01:59,750 --> 01:01:57,680

there are there are a lot of people that

1598

01:02:01,910 --> 01:01:59,760

we know i mean our our whole you know

1599

01:02:03,750 --> 01:02:01,920

kind of community

1600

01:02:05,430 --> 01:02:03,760

the the general community the

1601
01:02:07,670 --> 01:02:05,440
experiencer group community there's so

1602
01:02:09,510 --> 01:02:07,680
many versions of you know overlapping

1603
01:02:10,309 --> 01:02:09,520
areas of of

1604
01:02:15,510 --> 01:02:10,319
the

1605
01:02:18,710 --> 01:02:15,520
community of experiencers um

1606
01:02:21,109 --> 01:02:18,720
that that really feel that right i mean

1607
01:02:22,549 --> 01:02:21,119
that that have that the issues of that

1608
01:02:24,470 --> 01:02:22,559
processing and one of the things that

1609
01:02:26,710 --> 01:02:24,480
i've experienced myself and i know other

1610
01:02:29,430 --> 01:02:26,720
people have as well is just the amount

1611
01:02:31,510 --> 01:02:29,440
of that where the loneliness

1612
01:02:33,670 --> 01:02:31,520
can work against you because it can

1613
01:02:34,630 --> 01:02:33,680

actually make you hide more you know

1614

01:02:38,309 --> 01:02:34,640

what i mean

1615

01:02:39,990 --> 01:02:38,319

where where this feeling solitary

1616

01:02:42,150 --> 01:02:40,000

there's this point where it gets into

1617

01:02:44,630 --> 01:02:42,160

this really shitty feedback loop

1618

01:02:46,950 --> 01:02:44,640

sometimes where the loneliness makes you

1619

01:02:49,190 --> 01:02:46,960

want to hide more or makes you want to

1620

01:02:51,270 --> 01:02:49,200

kind of like you want to blend in with

1621

01:02:53,349 --> 01:02:51,280

people more there's nothing you know i

1622

01:02:54,950 --> 01:02:53,359

did it myself other people that i talk

1623

01:02:55,910 --> 01:02:54,960

to you know in group work and things

1624

01:02:58,390 --> 01:02:55,920

like that

1625

01:03:01,910 --> 01:02:58,400

it comes up often where

1626

01:03:03,029 --> 01:03:01,920

it reminds me you know of situations

1627

01:03:04,470 --> 01:03:03,039

where

1628

01:03:07,349 --> 01:03:04,480

you know people that i know that have

1629

01:03:09,270 --> 01:03:07,359

been abused and things like that tend to

1630

01:03:11,670 --> 01:03:09,280

kind of de-emphasize their looks

1631

01:03:14,950 --> 01:03:11,680

sometimes you know they tend to try to

1632

01:03:16,390 --> 01:03:14,960

kind of blend in in different ways and

1633

01:03:18,150 --> 01:03:16,400

you know the amount of people that i

1634

01:03:20,309 --> 01:03:18,160

know that have turned kind of way

1635

01:03:22,630 --> 01:03:20,319

introvert that have gotten that have

1636

01:03:23,670 --> 01:03:22,640

developed cases of agoraphobia you know

1637

01:03:26,309 --> 01:03:23,680

where they don't really want to go

1638

01:03:29,270 --> 01:03:26,319

outside all that much it it really

1639

01:03:31,029 --> 01:03:29,280

there's a lot of that um and there's and

1640

01:03:31,990 --> 01:03:31,039

sometimes it takes people years to kind

1641

01:03:37,349 --> 01:03:32,000

of

1642

01:03:39,349 --> 01:03:37,359

unravel

1643

01:03:41,270 --> 01:03:39,359

how how

1644

01:03:44,069 --> 01:03:41,280

the ontological shock

1645

01:03:46,630 --> 01:03:44,079

and the the situation itself so i really

1646

01:03:48,789 --> 01:03:46,640

feel what that guy was saying

1647

01:03:50,630 --> 01:03:48,799

one of one of the hard parts for me at

1648

01:03:53,109 --> 01:03:50,640

least

1649

01:03:57,430 --> 01:03:55,589

that that set of encounters that i had

1650

01:03:58,470 --> 01:03:57,440

in my experience

1651

01:04:01,750 --> 01:03:58,480

was so

1652

01:04:05,349 --> 01:04:01,760

intense and and weird and odd

1653

01:04:07,829 --> 01:04:05,359

that normal life is so boring now

1654

01:04:09,109 --> 01:04:07,839

like nothing can live up to it

1655

01:04:13,750 --> 01:04:09,119

you know so

1656

01:04:15,430 --> 01:04:13,760

at all these cases and and half of me is

1657

01:04:18,309 --> 01:04:15,440

thinking maybe i'll figure something out

1658

01:04:22,470 --> 01:04:18,319

or find some similarities the other half

1659

01:04:25,750 --> 01:04:22,480

is just like this is as close to as

1660

01:04:28,150 --> 01:04:25,760

out of this world as i can get to that

1661

01:04:29,190 --> 01:04:28,160

those couple nights that i had you know

1662

01:04:30,789 --> 01:04:29,200

yeah

1663

01:04:32,549 --> 01:04:30,799

because

1664

01:04:34,630 --> 01:04:32,559

so that's

1665

01:04:36,470 --> 01:04:34,640

like kind of interesting as well i don't

1666

01:04:38,230 --> 01:04:36,480

know if other people ever feel that way

1667

01:04:39,349 --> 01:04:38,240

too if you ever hear about that but

1668

01:04:42,309 --> 01:04:39,359

that's

1669

01:04:45,910 --> 01:04:42,319

something that i've definitely noticed

1670

01:04:47,349 --> 01:04:45,920

yeah no absolutely absolutely you know

1671

01:04:49,910 --> 01:04:47,359

and i

1672

01:04:51,829 --> 01:04:49,920

along along those lines you know another

1673

01:04:54,950 --> 01:04:51,839

point that came up that you emphasized

1674

01:04:58,309 --> 01:04:54,960

is that the idea that it's less work

1675

01:05:00,870 --> 01:04:58,319

for people to ignore this stuff right

1676
01:05:02,390 --> 01:05:00,880
you know in terms of consensus reality

1677
01:05:04,870 --> 01:05:02,400
pop culture at large and things like

1678
01:05:07,109 --> 01:05:04,880
that right um

1679
01:05:09,589 --> 01:05:07,119
i'm not talking about like rihanna or

1680
01:05:11,910 --> 01:05:09,599
whatever or lizzo i'm talking about

1681
01:05:13,910 --> 01:05:11,920
popular culture just you know as we go

1682
01:05:16,230 --> 01:05:13,920
to the grocery store flip on the tv or

1683
01:05:17,510 --> 01:05:16,240
whatever you know and there's a certain

1684
01:05:19,029 --> 01:05:17,520
point where

1685
01:05:21,029 --> 01:05:19,039
i don't know if you feel this way but

1686
01:05:23,109 --> 01:05:21,039
you know when you procrastinate about

1687
01:05:25,190 --> 01:05:23,119
something and you try to

1688
01:05:27,430 --> 01:05:25,200

the more that you try to bury the part

1689

01:05:29,589 --> 01:05:27,440

where you really have to do the laundry

1690

01:05:31,670 --> 01:05:29,599

and you know you gotta you know if you

1691

01:05:33,589 --> 01:05:31,680

don't if you don't fix the garbage's

1692

01:05:35,190 --> 01:05:33,599

disposal like lord only knows what's

1693

01:05:37,670 --> 01:05:35,200

gonna happen or whatever you know what i

1694

01:05:39,589 --> 01:05:37,680

mean or whatever it is you know

1695

01:05:41,430 --> 01:05:39,599

there are these things and they stack up

1696

01:05:44,549 --> 01:05:41,440

right and then it gets to a point

1697

01:05:45,510 --> 01:05:44,559

sometimes where it actually becomes more

1698

01:05:46,870 --> 01:05:45,520

work

1699

01:05:48,870 --> 01:05:46,880

to ignore

1700

01:05:50,549 --> 01:05:48,880

the thing that you just have to do you

1701

01:05:51,910 --> 01:05:50,559

know what i mean and you even ha

1702

01:05:53,510 --> 01:05:51,920

sometimes it even has there's a

1703

01:05:55,589 --> 01:05:53,520

situation where it's like you do it and

1704

01:05:58,470 --> 01:05:55,599

you're like oh it only took the garbage

1705

01:06:00,470 --> 01:05:58,480

disposal it only took it actually

1706

01:06:03,270 --> 01:06:00,480

it only took like 10 minutes and i've

1707

01:06:06,549 --> 01:06:03,280

been like spending like hours days of my

1708

01:06:08,630 --> 01:06:06,559

life like dreading doing this seriously

1709

01:06:09,589 --> 01:06:08,640

right and it keeps gnawing at you right

1710

01:06:10,710 --> 01:06:09,599

like

1711

01:06:13,029 --> 01:06:10,720

yeah

1712

01:06:15,349 --> 01:06:13,039

and and so it's it's funny because it's

1713

01:06:17,670 --> 01:06:15,359

like you know at what point

1714

01:06:19,750 --> 01:06:17,680

you know with proof with these hearings

1715

01:06:23,029 --> 01:06:19,760

you know with the amount that

1716

01:06:25,029 --> 01:06:23,039

you know the the academic community is

1717

01:06:27,430 --> 01:06:25,039

is starting to engage with these topics

1718

01:06:29,029 --> 01:06:27,440

that now that venture capitalists you

1719

01:06:31,190 --> 01:06:29,039

know out in silicon valley and stuff

1720

01:06:33,109 --> 01:06:31,200

like that are starting to look at these

1721

01:06:35,430 --> 01:06:33,119

these topics as well

1722

01:06:37,190 --> 01:06:35,440

you know as this stuff is happening you

1723

01:06:39,430 --> 01:06:37,200

know these days

1724

01:06:41,510 --> 01:06:39,440

in consensus reality you know we're all

1725

01:06:44,630 --> 01:06:41,520

in this kind of burning boat together

1726

01:06:45,430 --> 01:06:44,640

right you know there is so much to

1727

01:06:48,950 --> 01:06:45,440

to

1728

01:06:50,630 --> 01:06:48,960

head you know inflation pandemic

1729

01:06:51,430 --> 01:06:50,640

environment you know all this other

1730

01:06:54,870 --> 01:06:51,440

stuff

1731

01:06:55,829 --> 01:06:54,880

and then it's like at what point

1732

01:06:57,750 --> 01:06:55,839

you know

1733

01:06:59,190 --> 01:06:57,760

in that way of being like gosh it only

1734

01:07:01,750 --> 01:06:59,200

took 10 minutes to fix the garbage

1735

01:07:03,750 --> 01:07:01,760

disposal you know what i mean like at

1736

01:07:05,990 --> 01:07:03,760

what point will people realize that it's

1737

01:07:08,309 --> 01:07:06,000

actually less work

1738

01:07:10,950 --> 01:07:08,319

to just be like okay the shit's real

1739

01:07:13,029 --> 01:07:10,960

you know what i mean like okay fine you

1740

01:07:14,870 --> 01:07:13,039

got me you know i can't stop the

1741

01:07:16,870 --> 01:07:14,880

wildfires but i can just but you know

1742

01:07:19,349 --> 01:07:16,880

what i mean like the pressure that could

1743

01:07:21,589 --> 01:07:19,359

like collectively as a culture might

1744

01:07:23,029 --> 01:07:21,599

rise off of people's shoulders

1745

01:07:24,470 --> 01:07:23,039

if they were to just be like yeah

1746

01:07:26,390 --> 01:07:24,480

actually the world is weirder than i

1747

01:07:28,230 --> 01:07:26,400

thought it was you know

1748

01:07:30,309 --> 01:07:28,240

yeah it could help it could be a

1749

01:07:33,670 --> 01:07:30,319

pressure valve you know what i mean yeah

1750

01:07:36,230 --> 01:07:33,680

i i think you're right it could be and

1751

01:07:38,150 --> 01:07:36,240

you know and some people may not have to

1752

01:07:39,190 --> 01:07:38,160

deal with that decision right they don't

1753

01:07:41,349 --> 01:07:39,200

see it

1754

01:07:43,109 --> 01:07:41,359

like their loved one trying to talk to

1755

01:07:45,510 --> 01:07:43,119

him about it or they don't see something

1756

01:07:47,029 --> 01:07:45,520

themselves or they don't watch the news

1757

01:07:48,150 --> 01:07:47,039

and see it being talked about or

1758

01:07:50,390 --> 01:07:48,160

whatever

1759

01:07:53,109 --> 01:07:50,400

but one day they will be confronted with

1760

01:07:55,190 --> 01:07:53,119

something like like that you know and

1761

01:07:57,190 --> 01:07:55,200

yeah and it will happen

1762

01:07:58,789 --> 01:07:57,200

um and and how you deal with that can

1763

01:08:00,150 --> 01:07:58,799

make all the difference like just

1764

01:08:01,349 --> 01:08:00,160

imagine

1765

01:08:03,349 --> 01:08:01,359

um

1766

01:08:05,190 --> 01:08:03,359

you know like this person mr jones how

1767

01:08:07,349 --> 01:08:05,200

lonely that guy felt you know and he was

1768

01:08:08,549 --> 01:08:07,359

hooked up by the sheriff's department

1769

01:08:10,549 --> 01:08:08,559

you know

1770

01:08:12,789 --> 01:08:10,559

just trying to tell somebody

1771

01:08:15,910 --> 01:08:12,799

you know and that's like

1772

01:08:18,229 --> 01:08:15,920

kind of a symbolism for what happens to

1773

01:08:21,110 --> 01:08:18,239

a lot of experiences in everyday life

1774

01:08:24,149 --> 01:08:21,120

it's not a sheriff and it's maybe not a

1775

01:08:25,510 --> 01:08:24,159

hang-up but it's an ignorant deflect for

1776

01:08:27,110 --> 01:08:25,520

sure you know

1777

01:08:29,510 --> 01:08:27,120

like i've talked to people that i really

1778

01:08:30,309 --> 01:08:29,520

love and admired my whole life and

1779

01:08:32,870 --> 01:08:30,319

um

1780

01:08:35,829 --> 01:08:32,880

you know i've mentioned it and

1781

01:08:36,789 --> 01:08:35,839

i just get a complete change of subject

1782

01:08:38,789 --> 01:08:36,799

you know

1783

01:08:40,309 --> 01:08:38,799

and that's that's tough that's really

1784

01:08:42,390 --> 01:08:40,319

tough you know because it takes a lot

1785

01:08:44,550 --> 01:08:42,400

first of all to even talk about it

1786

01:08:47,110 --> 01:08:44,560

because you're like afraid and then you

1787

01:08:48,630 --> 01:08:47,120

do and that's what you get you know

1788

01:08:53,189 --> 01:08:48,640

it's true

1789

01:08:55,669 --> 01:08:53,199

to i think what we heard in that phone

1790

01:08:57,749 --> 01:08:55,679

call is that you know the guy

1791

01:08:59,269 --> 01:08:57,759

he's

1792

01:09:03,910 --> 01:08:59,279

he wants

1793

01:09:07,030 --> 01:09:03,920

all want validation

1794

01:09:08,470 --> 01:09:07,040

right yeah and like and that's partially

1795

01:09:10,950 --> 01:09:08,480

why we look

1796

01:09:13,189 --> 01:09:10,960

to things like this senate language or

1797

01:09:15,829 --> 01:09:13,199

whatever as if it's a football game to

1798

01:09:16,550 --> 01:09:15,839

be won in a way because we want more of

1799

01:09:18,149 --> 01:09:16,560

that

1800

01:09:20,870 --> 01:09:18,159

validation right

1801
01:09:23,749 --> 01:09:20,880
and and you know that's not

1802
01:09:25,430 --> 01:09:23,759
in a way the congressional stuff we we

1803
01:09:27,349 --> 01:09:25,440
we just have to keep remembering not to

1804
01:09:29,269 --> 01:09:27,359
put all the eggs in the one basket right

1805
01:09:31,349 --> 01:09:29,279
because it's not the healthiest basket

1806
01:09:33,749 --> 01:09:31,359
right

1807
01:09:35,269 --> 01:09:33,759
yeah it's like don't keep eating pizza i

1808
01:09:37,349 --> 01:09:35,279
mean it tastes good and it makes you

1809
01:09:39,510 --> 01:09:37,359
feel better but in the end you're gonna

1810
01:09:41,349 --> 01:09:39,520
have clogged arteries right

1811
01:09:42,789 --> 01:09:41,359
right i mean we keep following the story

1812
01:09:44,550 --> 01:09:42,799
but we have to remember you know there's

1813
01:09:46,229 --> 01:09:44,560

the academic there's the eggs in the

1814

01:09:47,430 --> 01:09:46,239

academic basket there's the venture

1815

01:09:49,749 --> 01:09:47,440

capitalist baskets there's the

1816

01:09:52,070 --> 01:09:49,759

experiential you know the mental health

1817

01:09:53,829 --> 01:09:52,080

basket of like how do we process this as

1818

01:09:55,350 --> 01:09:53,839

a community at the grassroots levels

1819

01:09:56,950 --> 01:09:55,360

there's there's a lot of eggs in a lot

1820

01:09:58,950 --> 01:09:56,960

of different baskets that we can work

1821

01:10:01,990 --> 01:09:58,960

with right but what that guy was trying

1822

01:10:04,229 --> 01:10:02,000

to do is so common and so understandable

1823

01:10:06,709 --> 01:10:04,239

which is that he was trying to have it

1824

01:10:08,229 --> 01:10:06,719

validated by an authority figure

1825

01:10:09,270 --> 01:10:08,239

and it's important for us to remember

1826

01:10:12,390 --> 01:10:09,280

that like

1827

01:10:14,310 --> 01:10:12,400

you know it's not always going to work

1828

01:10:16,630 --> 01:10:14,320

even though we're kind of moving ahead

1829

01:10:18,950 --> 01:10:16,640

with these topics it's important to

1830

01:10:21,350 --> 01:10:18,960

remember that we can get

1831

01:10:23,590 --> 01:10:21,360

that it's it's easy to get triggered by

1832

01:10:25,510 --> 01:10:23,600

these authority figures

1833

01:10:27,189 --> 01:10:25,520

and who you

1834

01:10:29,350 --> 01:10:27,199

and it's important to

1835

01:10:32,149 --> 01:10:29,360

kind of mitigate that by thinking to

1836

01:10:34,070 --> 01:10:32,159

yourself maybe before self-reporting or

1837

01:10:36,390 --> 01:10:34,080

something like that is be like

1838

01:10:38,550 --> 01:10:36,400

you know who is this

1839

01:10:41,189 --> 01:10:38,560

you know why do i think of this person

1840

01:10:43,910 --> 01:10:41,199

as an authority figure or do i need the

1841

01:10:46,550 --> 01:10:43,920

validation from this person or you know

1842

01:10:49,910 --> 01:10:46,560

kind of like unwinding that a little bit

1843

01:10:51,910 --> 01:10:49,920

because you know like no person

1844

01:10:56,709 --> 01:10:51,920

should

1845

01:10:59,430 --> 01:10:56,719

goalie

1846

01:11:02,470 --> 01:10:59,440

and the ultimate arbiter and judge of

1847

01:11:03,910 --> 01:11:02,480

like your reality right right like

1848

01:11:05,750 --> 01:11:03,920

nobody else

1849

01:11:07,830 --> 01:11:05,760

yeah right nobody should be able to do

1850

01:11:09,430 --> 01:11:07,840

that and it's also i mean if you look at

1851

01:11:11,430 --> 01:11:09,440

it the other way it's an enormous

1852

01:11:12,390 --> 01:11:11,440

responsibility to put on somebody else

1853

01:11:14,149 --> 01:11:12,400

as well

1854

01:11:16,630 --> 01:11:14,159

right yeah

1855

01:11:19,350 --> 01:11:16,640

so it kind of you know in both ways it's

1856

01:11:20,390 --> 01:11:19,360

it's a more humane thing to do to not to

1857

01:11:25,510 --> 01:11:20,400

to

1858

01:11:28,149 --> 01:11:25,520

even approach a conversation like that

1859

01:11:30,229 --> 01:11:28,159

because if you say if if you were to go

1860

01:11:31,430 --> 01:11:30,239

to your mother or your father or your

1861

01:11:33,430 --> 01:11:31,440

wife or

1862

01:11:35,430 --> 01:11:33,440

you know or the chief of police or

1863

01:11:37,910 --> 01:11:35,440

whatever and you're to kind of say like

1864

01:11:40,950 --> 01:11:37,920

okay this is going to be it like

1865

01:11:42,950 --> 01:11:40,960

this is going to be

1866

01:11:45,189 --> 01:11:42,960

if it doesn't go well you know like

1867

01:11:47,270 --> 01:11:45,199

they're not emotionally set up for that

1868

01:11:48,950 --> 01:11:47,280

yeah great and then does that mean that

1869

01:11:50,790 --> 01:11:48,960

you don't get to have

1870

01:11:53,910 --> 01:11:50,800

you know a normal really you know like

1871

01:11:56,229 --> 01:11:53,920

how then at that point is there a schism

1872

01:11:58,310 --> 01:11:56,239

right now even though like you what

1873

01:12:00,790 --> 01:11:58,320

you're doing really is is trying to

1874

01:12:02,229 --> 01:12:00,800

fight for believing in your own story

1875

01:12:04,709 --> 01:12:02,239

right

1876

01:12:06,790 --> 01:12:04,719

you're trying to talk to that person

1877

01:12:08,790 --> 01:12:06,800

to to get the reaction you need so you

1878

01:12:10,709 --> 01:12:08,800

can believe yourself

1879

01:12:12,870 --> 01:12:10,719

yeah you know when when you

1880

01:12:16,070 --> 01:12:12,880

you know you suck with your own eyes you

1881

01:12:17,830 --> 01:12:16,080

know or whatever like it happened

1882

01:12:20,550 --> 01:12:17,840

yeah whether this person believes you or

1883

01:12:22,149 --> 01:12:20,560

not or whether uap language gets passed

1884

01:12:24,709 --> 01:12:22,159

in the senate and something happens with

1885

01:12:27,030 --> 01:12:24,719

it or not doesn't change the fact that

1886

01:12:30,550 --> 01:12:27,040

you had an experience

1887

01:12:32,149 --> 01:12:30,560

that's right you know and and that's

1888

01:12:34,550 --> 01:12:32,159

something very important to remember and

1889

01:12:35,510 --> 01:12:34,560

i need to remember that myself sometimes

1890

01:12:37,750 --> 01:12:35,520

you know

1891

01:12:39,030 --> 01:12:37,760

and i mean and as a community we can get

1892

01:12:41,510 --> 01:12:39,040

together and we can look at this

1893

01:12:43,270 --> 01:12:41,520

situation and be and at the very least

1894

01:12:44,390 --> 01:12:43,280

you know we can recognize that there is

1895

01:12:46,149 --> 01:12:44,400

a community

1896

01:12:48,630 --> 01:12:46,159

that there are different overlapping

1897

01:12:50,630 --> 01:12:48,640

communities building around these topics

1898

01:12:52,630 --> 01:12:50,640

and that it's becoming

1899

01:12:55,430 --> 01:12:52,640

it's it's breaching water you know it's

1900

01:12:57,350 --> 01:12:55,440

breaching water on on more like a daily

1901

01:12:59,189 --> 01:12:57,360

basis now it's getting to the point

1902

01:13:01,189 --> 01:12:59,199

where it's actually kind of overwhelming

1903

01:13:03,510 --> 01:13:01,199

some days to keep up with the news with

1904

01:13:05,669 --> 01:13:03,520

regard to these topics because they can

1905

01:13:07,750 --> 01:13:05,679

happen so it happens so fast and so

1906

01:13:09,270 --> 01:13:07,760

frequently now like we dealt with right

1907

01:13:11,270 --> 01:13:09,280

before we went on with the show today

1908

01:13:13,270 --> 01:13:11,280

right with his new aero office and we

1909

01:13:15,110 --> 01:13:13,280

had to like integrate and metabolize

1910

01:13:16,709 --> 01:13:15,120

that news as we were getting on air

1911

01:13:18,870 --> 01:13:16,719

which was you know

1912

01:13:20,630 --> 01:13:18,880

i feel like i was like you know i think

1913

01:13:22,470 --> 01:13:20,640

we both showed our frustration and just

1914

01:13:24,149 --> 01:13:22,480

being like oh my god it's like we're

1915

01:13:25,669 --> 01:13:24,159

going in a circle

1916

01:13:28,470 --> 01:13:25,679

you know what i mean

1917

01:13:30,550 --> 01:13:28,480

and yeah and and like um

1918

01:13:32,070 --> 01:13:30,560

but you know we process it together as a

1919

01:13:33,430 --> 01:13:32,080

community and at the very least we can

1920

01:13:36,149 --> 01:13:33,440

be thankful

1921

01:13:38,149 --> 01:13:36,159

that we're living at a time

1922

01:13:40,390 --> 01:13:38,159

where the stuff is actually coming to

1923

01:13:41,750 --> 01:13:40,400

light again you know yeah

1924

01:13:42,550 --> 01:13:41,760

and it is

1925

01:13:47,030 --> 01:13:42,560

it

1926

01:13:49,510 --> 01:13:47,040

each other and that there are whole

1927

01:13:51,350 --> 01:13:49,520

generations of people that you know

1928

01:13:53,910 --> 01:13:51,360

didn't have the luxury of being able to

1929

01:13:55,030 --> 01:13:53,920

do what we do which is basically

1930

01:13:57,110 --> 01:13:55,040

you know

1931

01:14:01,030 --> 01:13:57,120

talk to each other

1932

01:14:03,110 --> 01:14:01,040

by satellite broadcast you know

1933

01:14:06,070 --> 01:14:03,120

i couldn't imagine not being able to

1934

01:14:08,950 --> 01:14:06,080

like in not meeting you or or you know

1935

01:14:11,430 --> 01:14:08,960

other people like my my side

1936

01:14:13,189 --> 01:14:11,440

uh host vinnie you know that you're so

1937

01:14:14,950 --> 01:14:13,199

jealous

1938

01:14:17,030 --> 01:14:14,960

you know

1939

01:14:18,870 --> 01:14:17,040

but like i couldn't imagine not meeting

1940

01:14:21,750 --> 01:14:18,880

you folks and being able to talk to you

1941

01:14:23,750 --> 01:14:21,760

or even just having a twitter to you

1942

01:14:26,070 --> 01:14:23,760

know relate to somebody about it and

1943

01:14:28,390 --> 01:14:26,080

just having like the life that i have

1944

01:14:30,070 --> 01:14:28,400

without any of that

1945

01:14:32,149 --> 01:14:30,080

you know and going through something

1946

01:14:33,430 --> 01:14:32,159

like that which so many people did for

1947

01:14:35,270 --> 01:14:33,440

so long

1948

01:14:37,990 --> 01:14:35,280

you know they had to wait a month for a

1949

01:14:40,310 --> 01:14:38,000

magazine to show up you know to read

1950

01:14:42,950 --> 01:14:40,320

something that might be relatable or

1951

01:14:44,950 --> 01:14:42,960

maybe not you know because another hard

1952

01:14:46,630 --> 01:14:44,960

part of this is reading accounts that

1953

01:14:48,470 --> 01:14:46,640

are just so

1954

01:14:51,110 --> 01:14:48,480

different

1955

01:14:53,110 --> 01:14:51,120

from yours that and people who just flat

1956

01:14:55,830 --> 01:14:53,120

out lie about stuff you know that's

1957

01:14:59,110 --> 01:14:55,840

right that just like or put up fake

1958

01:15:01,590 --> 01:14:59,120

videos you know or or whatever that just

1959

01:15:04,630 --> 01:15:01,600

like constantly fight against the

1960

01:15:06,550 --> 01:15:04,640

authenticity of what's happened to you

1961

01:15:07,990 --> 01:15:06,560

you know and other people

1962

01:15:09,990 --> 01:15:08,000

that's right

1963

01:15:11,430 --> 01:15:10,000

and a lot of those yeah and a lot of

1964

01:15:12,870 --> 01:15:11,440

those publications like you're just

1965

01:15:14,790 --> 01:15:12,880

talking about waiting around once a

1966

01:15:16,149 --> 01:15:14,800

month for a magazine a lot of those

1967

01:15:17,830 --> 01:15:16,159

magazines

1968

01:15:19,750 --> 01:15:17,840

you know there's a guy isaac coy who

1969

01:15:23,030 --> 01:15:19,760

i've pointed out before he does an

1970

01:15:26,630 --> 01:15:23,040

amazing job of securing rights

1971

01:15:29,189 --> 01:15:26,640

from families and organizations to scan

1972

01:15:32,310 --> 01:15:29,199

and and put up online a lot of old

1973

01:15:33,910 --> 01:15:32,320

ufological and paranormal periodicals

1974

01:15:36,709 --> 01:15:33,920

some of which were basically just you

1975

01:15:38,550 --> 01:15:36,719

know like zines essentially put out by

1976

01:15:41,270 --> 01:15:38,560

some guy or some lady you know in the

1977

01:15:43,270 --> 01:15:41,280

50s or 60s or whatever and um and

1978

01:15:45,189 --> 01:15:43,280

there's just so many of them but the

1979

01:15:46,390 --> 01:15:45,199

thing is is that when you look at at

1980

01:15:48,390 --> 01:15:46,400

these records of some of these

1981

01:15:49,750 --> 01:15:48,400

periodicals some of them were just like

1982

01:15:51,510 --> 01:15:49,760

a flash in the pan or they would

1983

01:15:53,510 --> 01:15:51,520

disappear and there's like lives like

1984

01:15:54,709 --> 01:15:53,520

why did it stop nobody you know what i

1985

01:15:57,430 --> 01:15:54,719

mean right

1986

01:15:59,830 --> 01:15:57,440

but and so totally just you just imagine

1987

01:16:01,750 --> 01:15:59,840

that that's your one tether and then one

1988

01:16:02,870 --> 01:16:01,760

day like the magazine stopped showing up

1989

01:16:04,870 --> 01:16:02,880

and it's like

1990

01:16:06,709 --> 01:16:04,880

you know do you ever find out why you

1991

01:16:07,750 --> 01:16:06,719

know imagine the amount of

1992

01:16:10,070 --> 01:16:07,760

you know

1993

01:16:12,950 --> 01:16:10,080

even within this community in decades

1994

01:16:15,510 --> 01:16:12,960

past there were so many loose ends that

1995

01:16:17,030 --> 01:16:15,520

couldn't get tied up for so many

1996

01:16:19,270 --> 01:16:17,040

different reasons

1997

01:16:20,630 --> 01:16:19,280

and you know and

1998

01:16:22,390 --> 01:16:20,640

you know there will still be more

1999

01:16:23,910 --> 01:16:22,400

questions than answers as we move

2000

01:16:25,830 --> 01:16:23,920

forward and we have to kind of live and

2001

01:16:27,910 --> 01:16:25,840

be comfortable within that space but

2002

01:16:29,590 --> 01:16:27,920

it's always important but it's all but

2003

01:16:31,990 --> 01:16:29,600

it's also nice to be able to have the

2004

01:16:34,870 --> 01:16:32,000

togetherness that we do right because we

2005

01:16:36,950 --> 01:16:34,880

can kind of like close the loop on on

2006

01:16:39,350 --> 01:16:36,960

each each day and each week

2007

01:16:41,750 --> 01:16:39,360

with each other and um and continue the

2008

01:16:44,470 --> 01:16:41,760

conversation the next time

2009

01:16:46,390 --> 01:16:44,480

yeah we can't let this uh what's

2010

01:16:48,790 --> 01:16:46,400

happening now in congress and the senate

2011

01:16:50,709 --> 01:16:48,800

you know we can't let it condon report

2012

01:16:51,830 --> 01:16:50,719

us you know think about all the

2013

01:16:54,790 --> 01:16:51,840

uh

2014

01:16:55,750 --> 01:16:54,800
real deal experiencers that have

2015

01:16:56,790 --> 01:16:55,760
you know

2016

01:16:59,030 --> 01:16:56,800
maybe

2017

01:17:00,550 --> 01:16:59,040
saw that happening at that time and were

2018

01:17:02,950 --> 01:17:00,560
really excited that they were gonna

2019

01:17:05,030 --> 01:17:02,960
about to be validated to whoever they

2020

01:17:07,350 --> 01:17:05,040
told whether it's their mom dad or her

2021

01:17:09,030 --> 01:17:07,360
loved one or whatever then that happens

2022

01:17:11,189 --> 01:17:09,040
and comes out in this public you know

2023

01:17:13,110 --> 01:17:11,199
how deflating would that be

2024

01:17:14,870 --> 01:17:13,120
that could happen now

2025

01:17:16,709 --> 01:17:14,880
you know absolutely they could go to

2026

01:17:18,630 --> 01:17:16,719

town saying they're studying this for a

2027

01:17:20,870 --> 01:17:18,640

year or whatever and come up and say

2028

01:17:22,950 --> 01:17:20,880

well turns out it was all ear clutter

2029

01:17:25,030 --> 01:17:22,960

and there are no programs

2030

01:17:26,709 --> 01:17:25,040

there are no secret programs you know

2031

01:17:28,470 --> 01:17:26,719

just because they're doing this doesn't

2032

01:17:30,790 --> 01:17:28,480

mean they're going to find them

2033

01:17:33,110 --> 01:17:30,800

you know or or tell you that they did or

2034

01:17:35,270 --> 01:17:33,120

whatever you know so

2035

01:17:36,790 --> 01:17:35,280

it's it's got to be a little bit guarded

2036

01:17:38,310 --> 01:17:36,800

with that too right because in the end

2037

01:17:40,950 --> 01:17:38,320

like you just said earlier you don't

2038

01:17:42,229 --> 01:17:40,960

need that authority to validate

2039

01:17:44,390 --> 01:17:42,239

you know

2040

01:17:45,830 --> 01:17:44,400

what you think and feel and and know to

2041

01:17:49,189 --> 01:17:45,840

be true right

2042

01:17:52,870 --> 01:17:51,590

anything else before we get out of here

2043

01:17:55,270 --> 01:17:52,880

i love you man

2044

01:18:00,070 --> 01:17:56,709

it's wonderful to see everybody in the

2045

01:18:01,030 --> 01:18:00,080

chat um this is a great this is a great

2046

01:18:08,630 --> 01:18:01,040

uh

2047

01:18:10,550 --> 01:18:08,640

today and it just it just flowed man

2048

01:18:11,430 --> 01:18:10,560

like it does every single time it's

2049

01:18:12,550 --> 01:18:11,440

great

2050

01:18:15,750 --> 01:18:12,560

because we

2051

01:18:17,189 --> 01:18:15,760

are in love friends wise

2052

01:18:20,229 --> 01:18:17,199

that's right

2053

01:18:22,550 --> 01:18:20,239

and uh you know i think we we just

2054

01:18:23,750 --> 01:18:22,560

bounce off each other really well

2055

01:18:26,149 --> 01:18:23,760

so

2056

01:18:28,709 --> 01:18:26,159

good good chemistry as they say that's

2057

01:18:31,110 --> 01:18:28,719

right and by the way i was on disclosure

2058

01:18:33,990 --> 01:18:31,120

team's channel yesterday

2059

01:18:37,189 --> 01:18:34,000

2060

2070

01:19:07,590 --> 01:19:06,320

2071

01:19:09,350 --> 01:19:07,600
