uk

15

00:01:40,950 --> 00:01:39,040

um

16

00:01:44,469 --> 00:01:40,960

and others have done regarding the

17

00:01:47,030 --> 00:01:44,479

famous kelvin um incident of

18

00:01:49,030 --> 00:01:47,040

the 1990s

19

00:01:51,350 --> 00:01:49,040

00:02:10,869 --> 00:02:08,160

about it here we're also hopefully going

29

00:02:13,270 --> 00:02:10,879

to talk about phenomenology uh the

30

00:02:15,030 --> 00:02:13,280

series is based in colombia where vinnie

and investigate the dancing lights of

35

00:02:23,430 --> 00:02:21,760

columbia which is a really awesome

36

00:02:25,510 --> 00:02:23,440

series full disclosure i haven't

37

00:02:28,070 --> 00:02:25,520

finished it yet but i can't wait to do

38

00:02:31,110 --> 00:02:28,080

so because it really is some fantastic

39

00:02:33,589 --> 00:02:31,120

boots on the ground investigating and

40

00:02:36,390 --> 00:02:33,599

they released a video yesterday too of

41

00:02:39,990 --> 00:02:36,400

some pretty mysterious lights i have to

42

00:02:42,150 --> 00:02:40,000

say they look pretty um

43

00:02:43,990 --> 00:02:42,160

they look pretty crazy so hopefully you

44

00:02:45,750 --> 00:02:44,000

got to see that too you can go on their

45

00:02:47,670 --> 00:02:45,760

twitter pages and stuff

46

00:02:50,390 --> 00:02:47,680

47

00:02:51,990 --> 00:02:50,400

without further ado i'm gonna bring in

48

00:02:53,670 --> 00:02:52,000

i'm just gonna say it's the number one

64

00:03:31,670 --> 00:03:29,280

ufo podcast in the galaxy

65

00:03:32,710 --> 00:03:31,680

uh without further ado we

66

00:03:34,949 --> 00:03:32,720

uh

67

00:03:36,309 --> 00:03:34,959

how are you sir i'm i'm great you sure

68

00:03:37,910 --> 00:03:36,319

in the galaxy

69

00:03:40,149 --> 00:03:37,920

i want to see your data

70

00:03:41,509 --> 00:03:40,159

yeah the galaxy i was going to go

71

00:03:43,190 --> 00:03:41,519

farther

72

00:03:44,550 --> 00:03:43,200

and say universe

73

00:03:46,229 --> 00:03:44,560

but i'm going to wait till the james

74

00:03:47,110 --> 00:03:46,239

webb telescope does a little more of its

75

00:03:48,789 --> 00:03:47,120

thing

76

00:03:50,630 --> 00:03:48,799

check out what else is going on out

77

00:03:53,350 --> 00:03:50,640

there and i'll report back to you but

78

00:03:56,390 --> 00:03:53,360

you're looking good thanks man thank you

79

00:03:57,910 --> 00:03:56,400

it's been a crazy 24 hours for me and i

80

00:04:00,470 --> 00:03:57,920

wasn't even at the center of this thing

81

00:04:02,149 --> 00:04:00,480

vinnie is he's just been texting kind of

82

00:04:05,750 --> 00:04:02,159

being like i'm not looking at twitter i

83

00:04:06,710 --> 00:04:05,760

think his social media is destroyed

84

00:04:08,550 --> 00:04:06,720

well if

85

00:04:10,390 --> 00:04:08,560

if you log out and get back it's one of

86

00:04:12,470 --> 00:04:10,400

those things it's like emails you know

87

00:04:14,630 --> 00:04:12,480

if you the longer you ignore the emails

88

00:04:16,949 --> 00:04:14,640

you get back to it it becomes

89

00:04:19,030 --> 00:04:16,959

even more daunting tasks to sort through

90

00:04:20,469 --> 00:04:19,040

them now because of like 23 unread you

91

00:04:23,110 --> 00:04:20,479

got like a thousand you're like why

92

00:04:25,909 --> 00:04:23,120

should i even try now oh it's just over

93

00:04:27,510 --> 00:04:25,919

so maybe you should hire a secretary

94

00:04:28,469 --> 00:04:27,520

i've got vinnie he just hasn't been

95

00:04:30,550 --> 00:04:28,479

doing it

96

00:04:32,950 --> 00:04:30,560

yeah

97

00:04:35,670 --> 00:04:32,960

i haven't been doing my own i'm i'm on

98

00:04:38,469 --> 00:04:35,680

holiday i'm on vacation and

99

00:04:40,150 --> 00:04:38,479

this has all just come at a time with so

100

00:04:41,510 --> 00:04:40,160

many other things as well

101
00:04:43,110 --> 00:04:41,520
you know i guess you just gotta get on

102
00:04:44,150 --> 00:04:43,120
and deal with it but

103
00:04:46,400 --> 00:04:44,160
yeah yeah

104
00:04:49,510 --> 00:04:46,410
uh well i feel so bad for you sir

105
00:04:52,230 --> 00:04:49,520
[Laughter]

106
00:04:54,150 --> 00:04:52,240
so the the first thing i'll i'll ask you

107
00:04:56,870 --> 00:04:54,160
guys let's start with the

108
00:04:58,790 --> 00:04:56,880
the kelvin stuff so

109
00:05:01,350 --> 00:04:58,800
um vinnie i know you started uh

110
00:05:04,150 --> 00:05:01,360
researching um this

111
00:05:06,150 --> 00:05:04,160
uh case with uh mr david clarke

112
00:05:08,710 --> 00:05:06,160
um who a lot of people may know who he

113
00:05:09,749 --> 00:05:08,720

is some people may not um but he's he's

114

00:05:10,870 --> 00:05:09,759

been doing this sort of thing for a

115

00:05:13,749 --> 00:05:10,880

while

116

00:05:15,909 --> 00:05:13,759

um so how did that begin what made you

117

00:05:17,270 --> 00:05:15,919

guys choose this case how did you start

118

00:05:19,670 --> 00:05:17,280

just tell me about

119

00:05:21,350 --> 00:05:19,680

um the birth of your investigation so to

120

00:05:24,310 --> 00:05:21,360

speak

121

00:05:25,749 --> 00:05:24,320

yeah that's uh so i mean i'm aware of

122

00:05:27,350 --> 00:05:25,759

i've been aware of david and his work

123

00:05:30,710 --> 00:05:27,360

for a few years now

124

00:05:32,469 --> 00:05:30,720

and we've never spoken or anything and

125

00:05:34,390 --> 00:05:32,479

last year september

126

00:05:36,230 --> 00:05:34,400

i invited him onto my youtube channel

127

00:05:38,310 --> 00:05:36,240

for an interview and the funny thing is

128

00:05:40,469 --> 00:05:38,320

we we both live in the same city we live

129

00:05:41,670 --> 00:05:40,479

literally one mile apart

130

00:05:43,670 --> 00:05:41,680

and

131

00:05:45,909 --> 00:05:43,680

so that was cool anyway but then he came

132

00:05:47,670 --> 00:05:45,919

on for an interview and the first he's

133

00:05:50,070 --> 00:05:47,680

been on a few times but that first one

134

00:05:51,830 --> 00:05:50,080

was about the calvin case it was a case

135

00:05:52,550 --> 00:05:51,840

i'd looked into but i knew he was kind

136

00:05:54,950 --> 00:05:52,560

of

137

00:05:57,350 --> 00:05:54,960

the main man to speak to about it so we

138

00:05:58,790 --> 00:05:57,360

had a fantastic interview you know he he

139

00:06:01,510 --> 00:05:58,800

really

140

00:06:03,590 --> 00:06:01,520

is the best at that case and after that

141

00:06:06,150 --> 00:06:03,600

we you know we became friends really

142

00:06:08,950 --> 00:06:06,160

quickly we we were meeting regularly and

143

00:06:11,029 --> 00:06:08,960

and stray away from that you know he was

144

00:06:13,590 --> 00:06:11,039

telling me about his investigation and

145

00:06:14,309 --> 00:06:13,600

you know he's been looking at this case

146

00:06:19,110 --> 00:06:14,319

for

147

00:06:20,469 --> 00:06:19,120

there

148

00:06:23,029 --> 00:06:20,479

but last year

149

00:06:25,270 --> 00:06:23,039

it picked back up again due to some

150

00:06:27,350 --> 00:06:25,280

you know discoveries and

151
00:06:29,909 --> 00:06:27,360
i just suddenly kind of became part of

152
00:06:30,320 --> 00:06:29,919
the team uh looking into the case

153
00:06:32,070 --> 00:06:30,330
yeah

154
00:06:33,510 --> 00:06:32,080
[Music]

155
00:06:35,110 --> 00:06:33,520
it is and it's funny because you know

156
00:06:37,270 --> 00:06:35,120
we'd i'd meet david regularly for drinks

157
00:06:39,510 --> 00:06:37,280
to discuss it and you know i'd always

158
00:06:41,430 --> 00:06:39,520
post like a photograph on social media

159
00:06:42,950 --> 00:06:41,440
if i'm having a drink with david and

160
00:06:44,150 --> 00:06:42,960
that and all i just wanted to do was

161
00:06:45,749 --> 00:06:44,160
just say

162
00:06:46,950 --> 00:06:45,759
and we're talking about this and this

163
00:06:50,309 --> 00:06:46,960

and shall we

164

00:06:52,469 --> 00:06:50,319

i just couldn't talk about it it's crazy

165

00:06:53,670 --> 00:06:52,479

so let me let me ask you dan when did

166

00:06:56,390 --> 00:06:53,680

you start hearing about this

167

00:06:58,469 --> 00:06:56,400

investigation and and how

168

00:07:00,469 --> 00:06:58,479

you know did you start getting involved

169

00:07:03,110 --> 00:07:00,479

and what kind of things did you do and

170

00:07:04,230 --> 00:07:03,120

where did uap media uk come into play

171

00:07:05,749 --> 00:07:04,240

with this

172

00:07:08,230 --> 00:07:05,759

so people might have noticed a little

173

00:07:10,710 --> 00:07:08,240

while back that uap media uk posted a

174

00:07:12,390 --> 00:07:10,720

three-part blog from uh from david

175

00:07:14,150 --> 00:07:12,400

three-part article from david that he

176

00:07:16,390 --> 00:07:14,160

wrote on his blog that was about the

177

00:07:18,629 --> 00:07:16,400

time where david joined us formally but

178

00:07:20,870 --> 00:07:18,639

we've been working for a few months uh

179

00:07:23,029 --> 00:07:20,880

through vinnie with him um and vinnie's

180

00:07:24,870 --> 00:07:23,039

really been the bridge here uh to david

181

00:07:27,589 --> 00:07:24,880

and and yeah he eventually just came on

182

00:07:29,510 --> 00:07:27,599

board with us um and we've just been

183

00:07:31,670 --> 00:07:29,520

kind of get all the ducks in the row and

184

00:07:33,029 --> 00:07:31,680

and just trying to set it up for success

185

00:07:34,309 --> 00:07:33,039

to get out there you know in the right

186

00:07:36,230 --> 00:07:34,319

way and to reach as many people as

187

00:07:38,150 --> 00:07:36,240

possible so it's been amazing kind of

188

00:07:40,230 --> 00:07:38,160

over the last 24 hours seeing you know

189

00:07:42,629 --> 00:07:40,240

jeremy corbell tweets it joe rogan pick

190

00:07:44,550 --> 00:07:42,639

it up and just run with it

191

00:07:47,510 --> 00:07:44,560

yeah it's been incredible

192

00:07:50,309 --> 00:07:47,520

uh so when are you guys going on the joe

193

00:07:52,710 --> 00:07:50,319

rogan podcast

194

00:07:54,150 --> 00:07:52,720

has that been scheduled dan no

195

00:07:56,629 --> 00:07:54,160

all right well

196

00:07:59,110 --> 00:07:56,639

well i know graham wanted to get that

197

00:08:01,029 --> 00:07:59,120

request going viral so we just have to

198

00:08:03,029 --> 00:08:01,039

put in the work

199

00:08:05,510 --> 00:08:03,039

and we can make it happen so i put the

200

00:08:07,670 --> 00:08:05,520

link uh to the article um

201
00:08:10,390 --> 00:08:07,680
in the chat here so you guys can check

202
00:08:11,270 --> 00:08:10,400
it out so uh pretty good pretty good

203
00:08:12,790 --> 00:08:11,280
stuff

204
00:08:16,710 --> 00:08:12,800
um

205
00:08:20,309 --> 00:08:16,720
tell me a little bit about

206
00:08:24,869 --> 00:08:20,319
your

207
00:08:26,550 --> 00:08:24,879
maybe the worst part

208
00:08:29,749 --> 00:08:26,560
and why

209
00:08:32,469 --> 00:08:29,759
yeah sure i mean i suppose initially

210
00:08:35,029 --> 00:08:32,479
i think it was around early november of

211
00:08:37,110 --> 00:08:35,039
2021 i met david

212
00:08:39,190 --> 00:08:37,120
for a drink again and that was the first

213
00:08:40,949 --> 00:08:39,200

time he showed me a really

214

00:08:43,269 --> 00:08:40,959

interesting piece of evidence for the

215

00:08:45,269 --> 00:08:43,279

case and this was a photocopy of the

216

00:08:47,670 --> 00:08:45,279

original photograph that was sent to him

217

00:08:48,790 --> 00:08:47,680

by the raf press officer craig lindsey

218

00:08:50,870 --> 00:08:48,800

you know because all that was in the

219

00:08:53,190 --> 00:08:50,880

public domain was that

220

00:08:54,389 --> 00:08:53,200

photocopy of a line drawing

221

00:08:57,269 --> 00:08:54,399

from the mod

222

00:08:59,990 --> 00:08:57,279

the one that's in the kelvin file now to

223

00:09:02,949 --> 00:09:00,000

see a photocopy that showed the foliage

224

00:09:04,790 --> 00:09:02,959

and the fences gave it a little bit more

225

00:09:06,230 --> 00:09:04,800

you know excitement

226

00:09:07,110 --> 00:09:06,240

and that was great and we were like oh

227

00:09:08,790 --> 00:09:07,120

my god

228

00:09:10,630 --> 00:09:08,800

we're getting somewhere with this case

229

00:09:12,230 --> 00:09:10,640

that was a great but then the exciting

230

00:09:14,630 --> 00:09:12,240

part came when

231

00:09:15,750 --> 00:09:14,640

after many conversations with craig

232

00:09:17,509 --> 00:09:15,760

lindsay

233

00:09:19,430 --> 00:09:17,519

he kind of just dropped into

234

00:09:21,430 --> 00:09:19,440

conversation one day with david that oh

235

00:09:24,230 --> 00:09:21,440

i think i probably got an original copy

236

00:09:25,670 --> 00:09:24,240

of the photograph in my garage

237

00:09:26,660 --> 00:09:25,680

and david's like

238

00:09:27,910 --> 00:09:26,670

come again what

239

00:09:29,750 --> 00:09:27,920

[Laughter]

240

00:09:31,829 --> 00:09:29,760

in your garage yeah it's just been you

241

00:09:33,990 --> 00:09:31,839

know i've had it for 30 odd years and

242

00:09:36,150 --> 00:09:34,000

it'll be a very blind way about it and

243

00:09:37,750 --> 00:09:36,160

david's like oh my goodness we need this

244

00:09:40,150 --> 00:09:37,760

so then when david came back to us and

245

00:09:41,670 --> 00:09:40,160

said you know we might have an original

246

00:09:43,509 --> 00:09:41,680

that was the

247

00:09:45,829 --> 00:09:43,519

the highlight moment of

248

00:09:47,030 --> 00:09:45,839

we we realized that we could be

249

00:09:49,190 --> 00:09:47,040

could get there we could get this

250

00:09:51,110 --> 00:09:49,200

photograph out there you know because

251
00:09:52,710 --> 00:09:51,120
like me like i think a lot of people

252
00:09:55,110 --> 00:09:52,720
thought we'd never see this image in our

253
00:09:57,269 --> 00:09:55,120
lifetimes

254
00:09:59,350 --> 00:09:57,279
yeah um and

255
00:10:01,910 --> 00:09:59,360
the you know something that stuck out to

256
00:10:04,150 --> 00:10:01,920
me in reading about it was the fact that

257
00:10:06,550 --> 00:10:04,160
you know he might have been saying this

258
00:10:08,310 --> 00:10:06,560
um and he was being facetious i'm not

259
00:10:09,990 --> 00:10:08,320
sure but he said i've been waiting 30

260
00:10:12,949 --> 00:10:10,000
years for somebody to

261
00:10:14,710 --> 00:10:12,959
to talk to me about this in in the

262
00:10:16,470 --> 00:10:14,720
about this photograph

263
00:10:18,630 --> 00:10:16,480

and to me it

264

00:10:21,750 --> 00:10:18,640

i just think like man

265

00:10:24,550 --> 00:10:21,760

like where's the media been on this

266

00:10:26,630 --> 00:10:24,560

you know like for 30 years let's not

267

00:10:28,710 --> 00:10:26,640

forget as well where's where's nick pope

268

00:10:30,230 --> 00:10:28,720

being on this you know when we see him

269

00:10:31,509 --> 00:10:30,240

doing the circuit and kind of drumming

270

00:10:33,269 --> 00:10:31,519

up the myth but

271

00:10:34,949 --> 00:10:33,279

vinnie and i went through calvin on a

272

00:10:37,030 --> 00:10:34,959

train when we went up to loch ness and

273

00:10:39,110 --> 00:10:37,040

buleskin house that's closer than nick

274

00:10:40,790 --> 00:10:39,120

has ever been to that place you'd think

275

00:10:42,069 --> 00:10:40,800

with the amount that he talks about it

276

00:10:43,670 --> 00:10:42,079

that he would have at least visited and

277

00:10:46,790 --> 00:10:43,680

put up a few flyers trying to find it

278

00:10:48,389 --> 00:10:46,800

right but apparently not a few flyers

279

00:10:49,990 --> 00:10:48,399

looking yeah

280

00:10:51,430 --> 00:10:50,000

apparently

281

00:10:53,670 --> 00:10:51,440

you know that would have worked if the

282

00:10:55,590 --> 00:10:53,680

guys you know wants is willing to tell

283

00:10:57,590 --> 00:10:55,600

somebody about this photograph

284

00:11:01,110 --> 00:10:57,600

um so

285

00:11:04,389 --> 00:11:02,550

earlier in the year but he actually had

286

00:11:06,949 --> 00:11:04,399

posters made with the photocopy on it

287

00:11:08,710 --> 00:11:06,959

saying any information on this you know

288

00:11:10,310 --> 00:11:08,720

contact me he was literally boots on the

289

00:11:12,470 --> 00:11:10,320

ground old school

290

00:11:15,509 --> 00:11:12,480

investigative work it wasn't you know it

291

00:11:17,190 --> 00:11:15,519

was amazing wow yeah it's crazy that no

292

00:11:19,269 --> 00:11:17,200

one had just done that up until that

293

00:11:20,870 --> 00:11:19,279

point right i think we all kind of

294

00:11:22,630 --> 00:11:20,880

assume sometimes that people have been

295

00:11:23,829 --> 00:11:22,640

chasing this stuff and actually no

296

00:11:25,430 --> 00:11:23,839

there's a lot of low-hanging fruit in

297

00:11:27,110 --> 00:11:25,440

the community and it turns out if you

298

00:11:29,910 --> 00:11:27,120

just go to a place and you start asking

299

00:11:32,389 --> 00:11:29,920

around you know you find the thing

300

00:11:34,470 --> 00:11:32,399

yeah it turns out if you try

301

00:11:37,190 --> 00:11:34,480

that that can yeah you can reap some

302

00:11:40,069 --> 00:11:37,200

rewards if you put in some effort yeah

303

00:11:41,509 --> 00:11:40,079

which which you guys clearly did um so

304

00:11:42,790 --> 00:11:41,519

how long did you say you were working on

305

00:11:44,389 --> 00:11:42,800

this

306

00:11:45,509 --> 00:11:44,399

i mean i was involved for about 11

307

00:11:47,269 --> 00:11:45,519

months but

308

00:11:48,630 --> 00:11:47,279

we had a small team so david had

309

00:11:51,110 --> 00:11:48,640

obviously been on it for a long time but

310

00:11:52,949 --> 00:11:51,120

then there's matthew hillsly who who'd

311

00:11:54,949 --> 00:11:52,959

been working on it for oh a good year

312

00:11:56,870 --> 00:11:54,959

and a half and i mean he is

313

00:11:59,269 --> 00:11:56,880

incredible at what he does for tracking

314

00:12:01,670 --> 00:11:59,279

down people and and the work he puts in

315

00:12:04,310 --> 00:12:01,680

on that that that front and then there's

316

00:12:06,710 --> 00:12:04,320

giles stevens and charles lives

317

00:12:08,710 --> 00:12:06,720

literally next to calvin so he has

318

00:12:10,230 --> 00:12:08,720

knowledge of the area and

319

00:12:12,150 --> 00:12:10,240

then things like that and and the

320

00:12:14,069 --> 00:12:12,160

landscape as well so

321

00:12:15,750 --> 00:12:14,079

as a team we kind of all bounced off

322

00:12:17,350 --> 00:12:15,760

each other and you know it's it's just

323

00:12:19,110 --> 00:12:17,360

been a privilege to learn from those

324

00:12:21,670 --> 00:12:19,120

guys as much as anything

325

00:12:24,389 --> 00:12:21,680

yeah right so so you would say uh you've

326

00:12:25,910 --> 00:12:24,399

grown a bit through this process oh yeah

327

00:12:27,350 --> 00:12:25,920

big time man

328

00:12:29,590 --> 00:12:27,360

yeah

329

00:12:32,069 --> 00:12:29,600

what's one of the the biggest things you

330

00:12:33,430 --> 00:12:32,079

have learned or taken away from that in

331

00:12:35,430 --> 00:12:33,440

that regard

332

00:12:36,230 --> 00:12:35,440

do you know what i think it also bounces

333

00:12:38,629 --> 00:12:36,240

back

334

00:12:40,550 --> 00:12:38,639

to well something that i put in play in

335

00:12:42,230 --> 00:12:40,560

columbia as well is like

336

00:12:43,910 --> 00:12:42,240

just wait for the data

337

00:12:46,150 --> 00:12:43,920

look at the data see where that leads

338

00:12:48,550 --> 00:12:46,160

you before speculating making

339

00:12:50,550 --> 00:12:48,560
conclusions that aren't based on

340

00:12:53,670 --> 00:12:50,560
all the information right just be

341

00:12:56,069 --> 00:12:53,680
cautious and and you know go through the

342

00:12:57,350 --> 00:12:56,079
process in the correct order

343

00:12:59,030 --> 00:12:57,360
i think that's what we did and we did

344

00:13:00,629 --> 00:12:59,040
that in colombia as well so i think i

345

00:13:04,069 --> 00:13:00,639
learned that you know

346

00:13:04,829 --> 00:13:04,079
yeah no i i think uh that's

347

00:13:11,110 --> 00:13:04,839
that's

348

00:13:13,030 --> 00:13:11,120
mean i think i think one of the biggest

349

00:13:15,030 --> 00:13:13,040
uh issues or things that we see in the

350

00:13:16,470 --> 00:13:15,040
ufo community is

351

00:13:18,829 --> 00:13:16,480

you know we start with a little bit

352

00:13:21,750 --> 00:13:18,839

information like calvin it happened okay

353

00:13:23,990 --> 00:13:21,760

so um

354

00:13:25,910 --> 00:13:24,000

and then people fill in the blanks

355

00:13:27,590 --> 00:13:25,920

right with what either what they want to

356

00:13:29,190 --> 00:13:27,600

believe or

357

00:13:30,870 --> 00:13:29,200

we which really is the case for

358

00:13:32,949 --> 00:13:30,880

everybody what what they want to believe

359

00:13:34,629 --> 00:13:32,959

right and what their biases are what

360

00:13:37,110 --> 00:13:34,639

whether that means you're a debunker

361

00:13:39,350 --> 00:13:37,120

like a midwest type and you want to

362

00:13:40,550 --> 00:13:39,360

believe that it's a kite

363

00:13:43,110 --> 00:13:40,560

or a rock

364

00:13:45,189 --> 00:13:43,120

or whether that's somebody who really

365

00:13:47,350 --> 00:13:45,199

wants to believe in extraterrestrials

366

00:13:49,829 --> 00:13:47,360

and says it's that right but

367

00:13:52,310 --> 00:13:49,839

either way none of it comes with any

368

00:13:55,430 --> 00:13:52,320

data it just comes with you know your

369

00:13:56,310 --> 00:13:55,440

your bias loop so to speak in your head

370

00:13:58,470 --> 00:13:56,320

um

371

00:14:00,230 --> 00:13:58,480

so yeah i mean what i appreciate most

372

00:14:02,550 --> 00:14:00,240

about this case is whatever why does it

373

00:14:04,710 --> 00:14:02,560

be in the object whether we find out

374

00:14:07,670 --> 00:14:04,720

what it is or not it's the fact that

375

00:14:10,150 --> 00:14:07,680

it's a big case and somebody went out

376

00:14:14,150 --> 00:14:10,160

there and actually found the real

377

00:14:17,030 --> 00:14:14,160

photograph that nobody has been able to

378

00:14:19,110 --> 00:14:17,040

well you know no one has found

379

00:14:21,750 --> 00:14:19,120

and you know it was going to be locked

380

00:14:23,910 --> 00:14:21,760

away till you know many of us might be

381

00:14:26,150 --> 00:14:23,920

just dead and

382

00:14:28,870 --> 00:14:26,160

never get to see it and you found it way

383

00:14:30,470 --> 00:14:28,880

earlier and and got to show people and i

384

00:14:32,310 --> 00:14:30,480

think that's amazing

385

00:14:35,189 --> 00:14:32,320

um so kudos

386

00:14:37,189 --> 00:14:35,199

uh to doing that um what do you if you

387

00:14:38,710 --> 00:14:37,199

had to guess uh what do you think the

388

00:14:40,949 --> 00:14:38,720

object is

389

00:14:41,990 --> 00:14:40,959

you knew i was gonna ask but

390

00:14:47,750 --> 00:14:42,000

uh

391

00:14:49,670 --> 00:14:47,760

to be extraterrestrial or or a genuine

392

00:14:51,750 --> 00:14:49,680

ufo you know from

393

00:14:54,069 --> 00:14:51,760

out there but i'm leaning more towards

394

00:14:55,829 --> 00:14:54,079

uh some kind of secret project

395

00:14:57,910 --> 00:14:55,839

yeah

396

00:14:59,030 --> 00:14:57,920

i mow the other way just so you know uh

397

00:15:00,230 --> 00:14:59,040

vinnie and i've been talking over the

398

00:15:01,829 --> 00:15:00,240

last few days and there are just certain

399

00:15:04,629 --> 00:15:01,839

things in the story to me that even if

400

00:15:07,189 --> 00:15:04,639

it's a man-made craft the performance

401
00:15:08,870 --> 00:15:07,199
characteristics of it uh you just just

402
00:15:10,470 --> 00:15:08,880
beg a lot of questions you know where do

403
00:15:12,710 --> 00:15:10,480
we get that from how do we move that

404
00:15:14,310 --> 00:15:12,720
first it's basically you know said to

405
00:15:15,750 --> 00:15:14,320
have exhibited a couple of the five

406
00:15:17,030 --> 00:15:15,760
observables and

407
00:15:18,790 --> 00:15:17,040
we just don't have anything that does

408
00:15:21,670 --> 00:15:18,800
that stuff

409
00:15:24,310 --> 00:15:21,680
what do we know about the uh witness uh

410
00:15:26,470 --> 00:15:24,320
testimony

411
00:15:28,870 --> 00:15:26,480
well i mean

412
00:15:31,110 --> 00:15:28,880
craig the rf press officer craig lindsay

413
00:15:32,550 --> 00:15:31,120

spoke directly with the witnesses

414

00:15:34,790 --> 00:15:32,560

you know um

415

00:15:36,790 --> 00:15:34,800

got their their story and it was you

416

00:15:38,150 --> 00:15:36,800

know this thing was hovering silently

417

00:15:40,069 --> 00:15:38,160

for ten minutes

418

00:15:41,670 --> 00:15:40,079

yeah they'll say silent say silently

419

00:15:43,189 --> 00:15:41,680

because that's what they told him

420

00:15:44,949 --> 00:15:43,199

whereas nick pope has claimed in the

421

00:15:46,230 --> 00:15:44,959

past that there was humming sounds

422

00:15:48,550 --> 00:15:46,240

coming from it and things like that but

423

00:15:51,269 --> 00:15:48,560

the witness's direct testimony to craig

424

00:15:53,509 --> 00:15:51,279

lindsey was that it was deadly silent

425

00:15:55,749 --> 00:15:53,519

hovering for 10 minutes before

426

00:15:56,710 --> 00:15:55,759

shooting off vertically at a rapid rate

427

00:15:58,310 --> 00:15:56,720

of speed

428

00:16:01,269 --> 00:15:58,320

you know disappearing out of you pretty

429

00:16:03,749 --> 00:16:01,279

much so you know

430

00:16:06,629 --> 00:16:03,759

it's testimony do you you know it's not

431

00:16:09,189 --> 00:16:06,639

enough really to

432

00:16:11,670 --> 00:16:09,199

perform a conclusion in my opinion some

433

00:16:14,310 --> 00:16:11,680

people testimony is all they need

434

00:16:15,749 --> 00:16:14,320

yeah very true but this this was one of

435

00:16:17,189 --> 00:16:15,759

the important points he you know people

436

00:16:18,389 --> 00:16:17,199

were saying to me a week after i teased

437

00:16:20,150 --> 00:16:18,399

you know why can't you just drop it now

438

00:16:22,310 --> 00:16:20,160

drop it now and the whole reason was

439

00:16:24,150 --> 00:16:22,320

because the daily mail had an exclusive

440

00:16:26,069 --> 00:16:24,160

so we kind of had to wait for them to go

441

00:16:28,949 --> 00:16:26,079

first because we wanted it in print

442

00:16:30,629 --> 00:16:28,959

because the witnesses generation and the

443

00:16:33,189 --> 00:16:30,639

photographers generation are more likely

444

00:16:35,269 --> 00:16:33,199

to be reading print newspapers right so

445

00:16:37,430 --> 00:16:35,279

we want it out there so that they can

446

00:16:38,949 --> 00:16:37,440

potentially see it and get in touch with

447

00:16:41,110 --> 00:16:38,959

us and then we can talk to the witnesses

448

00:16:43,670 --> 00:16:41,120

ourselves you know uh people are already

449

00:16:45,030 --> 00:16:43,680

looking for the pilot of the aircraft um

450

00:16:47,350 --> 00:16:45,040

it's amazing like

451

00:16:49,350 --> 00:16:47,360

the internet is like crowdsourcing

452

00:16:50,790 --> 00:16:49,360

intelligence sometimes and this is just

453

00:16:52,790 --> 00:16:50,800

one of the examples where i think it's

454

00:16:54,710 --> 00:16:52,800

gone right you know people have received

455

00:16:56,389 --> 00:16:54,720

it well and they're all doing the work

456

00:16:58,230 --> 00:16:56,399

can you hear me okay

457

00:17:00,150 --> 00:16:58,240

yeah yeah okay

458

00:17:02,389 --> 00:17:00,160

bluetooth on my computer for some reason

459

00:17:03,590 --> 00:17:02,399

shut down i'm getting some ghosties

460

00:17:05,350 --> 00:17:03,600

so

461

00:17:07,429 --> 00:17:05,360

don't mind me

462

00:17:08,949 --> 00:17:07,439

i'm just working with it here

463

00:17:11,750 --> 00:17:08,959

apparently someone probably doesn't want

464

00:17:13,510 --> 00:17:11,760

us talking about

465

00:17:16,630 --> 00:17:13,520

this thing perhaps

466

00:17:18,230 --> 00:17:16,640

it's tough so i i missed unfortunately

467

00:17:20,949 --> 00:17:18,240

the last few things that that you were

468

00:17:22,870 --> 00:17:20,959

talking about but um we can move on from

469

00:17:25,669 --> 00:17:22,880

there

470

00:17:29,430 --> 00:17:27,510

what are some takeaways from this case

471

00:17:30,630 --> 00:17:29,440

your biggest takeaway is dan let's let's

472

00:17:33,110 --> 00:17:30,640

hear from you what's your biggest take

473

00:17:34,310 --> 00:17:33,120

away from this case here so for me

474

00:17:35,990 --> 00:17:34,320

there's

475

00:17:37,669 --> 00:17:36,000

if you read the timeline of this case

476

00:17:40,630 --> 00:17:37,679

you can see that there was kind of

477

00:17:42,390 --> 00:17:40,640

kerfuffles between the mod and the dod

478

00:17:43,909 --> 00:17:42,400

and they weren't talking to each other

479

00:17:45,110 --> 00:17:43,919

it shows a little incompetence but it

480

00:17:47,990 --> 00:17:45,120

also shows

481

00:17:49,270 --> 00:17:48,000

lies and you know people like chris

482

00:17:50,789 --> 00:17:49,280

mellon would have gone and asked about

483

00:17:53,110 --> 00:17:50,799

this kind of technology and whether they

484

00:17:55,909 --> 00:17:53,120

had it and he was told that they didn't

485

00:17:57,350 --> 00:17:55,919

have it so as far as i'm concerned this

486

00:17:59,029 --> 00:17:57,360

should hopefully

487

00:17:59,909 --> 00:17:59,039

we'll see a statement from the mod

488

00:18:02,070 --> 00:17:59,919

that's a bit better than their

489

00:18:03,669 --> 00:18:02,080

boilerplate response just kind of

490

00:18:05,029 --> 00:18:03,679

filling in that gap of information that

491

00:18:06,070 --> 00:18:05,039

vacuum of information because like you

492

00:18:08,150 --> 00:18:06,080

said people just fill it with this

493

00:18:09,909 --> 00:18:08,160

speculation otherwise so we need some

494

00:18:11,510 --> 00:18:09,919

hard answers and you know people will

495

00:18:13,669 --> 00:18:11,520

stop speculating

496

00:18:15,590 --> 00:18:13,679

yeah what about you benny

497

00:18:17,510 --> 00:18:15,600

i suppose my main takeaway when looking

498

00:18:19,190 --> 00:18:17,520

into something like this is

499

00:18:21,270 --> 00:18:19,200

when things kind of or you feel like

500

00:18:23,270 --> 00:18:21,280

you've hit a dead end don't don't quit

501
00:18:25,750 --> 00:18:23,280
like keep going because that i think we

502
00:18:27,830 --> 00:18:25,760
came to that quite a few times

503
00:18:29,990 --> 00:18:27,840
and we kept going and and stuff like

504
00:18:31,350 --> 00:18:30,000
that you know there are ups and downs

505
00:18:33,669 --> 00:18:31,360
and things might seem like they've been

506
00:18:35,110 --> 00:18:33,679
going on for an awful long time but

507
00:18:37,830 --> 00:18:35,120
you know just

508
00:18:39,270 --> 00:18:37,840
ride it out ride it out to the end and

509
00:18:41,830 --> 00:18:39,280
you know you never know

510
00:18:43,110 --> 00:18:41,840
tell me about uh a time during this

511
00:18:45,830 --> 00:18:43,120
where

512
00:18:46,870 --> 00:18:45,840
you almost quit

513
00:18:48,950 --> 00:18:46,880

there wasn't one

514

00:18:53,190 --> 00:18:48,960

[Laughter]

515

00:18:57,909 --> 00:18:56,230

well that's good

516

00:18:59,830 --> 00:18:57,919

um

517

00:19:00,789 --> 00:18:59,840

yes i'm just dealing with computer stuff

518

00:19:02,390 --> 00:19:00,799

here but

519

00:19:04,630 --> 00:19:02,400

let's

520

00:19:08,830 --> 00:19:04,640

if anyone by the way has any questions

521

00:19:14,549 --> 00:19:11,909

them responded to this yet no he hasn't

522

00:19:16,870 --> 00:19:14,559

uh he he kind of gave a big excited

523

00:19:19,270 --> 00:19:16,880

response and just said excellent work uh

524

00:19:22,310 --> 00:19:19,280

but in terms of formal statements

525

00:19:24,230 --> 00:19:22,320

nothing uh as of yet um i should have

526
00:19:25,350 --> 00:19:24,240
said actually on second though my one of

527
00:19:27,990 --> 00:19:25,360
my favorite things about this is the

528
00:19:29,270 --> 00:19:28,000
fact that the us congress stuff is super

529
00:19:30,710 --> 00:19:29,280
important don't get me wrong it's

530
00:19:32,470 --> 00:19:30,720
important that they legitimize it and

531
00:19:35,270 --> 00:19:32,480
that they push their research projects

532
00:19:38,470 --> 00:19:35,280
forward but it is a worldwide phenomena

533
00:19:39,990 --> 00:19:38,480
and this being in the uk is is great

534
00:19:41,669 --> 00:19:40,000
because it reminds people that it's a

535
00:19:43,270 --> 00:19:41,679
worldwide phenomena and just like the

536
00:19:45,430 --> 00:19:43,280
columbia stuff does you know it's it's

537
00:19:46,870 --> 00:19:45,440
everywhere it's everywhere we don't just

538
00:19:49,430 --> 00:19:46,880

have to sit and wait for congress to

539

00:19:51,750 --> 00:19:49,440

tell us that it's real you know

540

00:19:54,070 --> 00:19:51,760

yeah that's the thing uh and that's a

541

00:19:55,750 --> 00:19:54,080

big takeaway it's like everybody

542

00:19:57,270 --> 00:19:55,760

you know for better for worse i mean you

543

00:19:59,029 --> 00:19:57,280

need the government to do their job

544

00:19:59,909 --> 00:19:59,039

right you need them to look into this

545

00:20:01,510 --> 00:19:59,919

stuff

546

00:20:03,270 --> 00:20:01,520

uh for the

547

00:20:04,870 --> 00:20:03,280

just the betterment of of the world

548

00:20:06,630 --> 00:20:04,880

really people have been having sightings

549

00:20:09,669 --> 00:20:06,640

for so long with questions that have

550

00:20:11,510 --> 00:20:09,679

gone so unanswered for so long so

551
00:20:13,270 --> 00:20:11,520
uh but that doesn't mean we have to sit

552
00:20:14,789 --> 00:20:13,280
and wait for them to give us answers

553
00:20:16,549 --> 00:20:14,799
either and i think yeah this is a

554
00:20:18,390 --> 00:20:16,559
perfect testament to

555
00:20:20,630 --> 00:20:18,400
boots on the ground research and how far

556
00:20:23,990 --> 00:20:20,640
you can take that i mean

557
00:20:25,990 --> 00:20:24,000
um you know other than the witnesses

558
00:20:28,230 --> 00:20:26,000
you know i always think that people are

559
00:20:31,350 --> 00:20:28,240
also experiencers that are in the crowd

560
00:20:33,990 --> 00:20:31,360
right people that read the stories

561
00:20:36,549 --> 00:20:34,000
people that um ex you know listen to

562
00:20:39,029 --> 00:20:36,559
other people's experiences those are all

563
00:20:41,190 --> 00:20:39,039

different types of experiences you know

564

00:20:43,270 --> 00:20:41,200

so we're all experiencing this phenomena

565

00:20:45,430 --> 00:20:43,280

in different ways and if you can

566

00:20:48,390 --> 00:20:45,440

help guide people

567

00:20:50,230 --> 00:20:48,400

in any way whether it be closing a case

568

00:20:53,350 --> 00:20:50,240

or giving more information towards the

569

00:20:54,870 --> 00:20:53,360

case uh i think that's great and what

570

00:20:56,870 --> 00:20:54,880

what you guys did there finding that

571

00:20:58,950 --> 00:20:56,880

photograph so many people

572

00:21:00,470 --> 00:20:58,960

wondered what it would look like so many

573

00:21:02,789 --> 00:21:00,480

people thought they would never see it i

574

00:21:04,149 --> 00:21:02,799

mean that's all helping

575

00:21:07,430 --> 00:21:04,159

all these people who experience their

576
00:21:09,990 --> 00:21:07,440
phenomenon um out in their their own you

577
00:21:11,510 --> 00:21:10,000
know search for truth so that's a huge

578
00:21:13,750 --> 00:21:11,520
thing and you didn't have to wait for

579
00:21:16,230 --> 00:21:13,760
the government the government shut us it

580
00:21:18,230 --> 00:21:16,240
down on that you know they said no

581
00:21:19,830 --> 00:21:18,240
you're not going to see it but you're

582
00:21:22,470 --> 00:21:19,840
like well

583
00:21:23,750 --> 00:21:22,480
i'm going to do it anyways

584
00:21:25,350 --> 00:21:23,760
you know

585
00:21:28,310 --> 00:21:25,360
and that's fantastic and you're also

586
00:21:31,590 --> 00:21:28,320
doing that with uh phenomenology by the

587
00:21:33,669 --> 00:21:31,600
way which is a a great docu-series and

588
00:21:36,230 --> 00:21:33,679

you're in columbia you know looking at

589

00:21:37,830 --> 00:21:36,240

uh these dancing lights you know so

590

00:21:40,149 --> 00:21:37,840

maybe it's a good time to transition

591

00:21:42,950 --> 00:21:40,159

there by the way if anybody has you know

592

00:21:44,230 --> 00:21:42,960

questions for um calvin you can still

593

00:21:45,430 --> 00:21:44,240

put them in here and we'll try to get to

594

00:21:46,390 --> 00:21:45,440

them put them in all caps that would be

595

00:21:47,830 --> 00:21:46,400

helpful

596

00:21:50,310 --> 00:21:47,840

pay me a hundred dollars for the

597

00:21:51,190 --> 00:21:50,320

question that would be the most helpful

598

00:21:52,950 --> 00:21:51,200

questions

599

00:21:54,789 --> 00:21:52,960

yeah but you don't have to

600

00:21:57,110 --> 00:21:54,799

um

601
00:22:01,270 --> 00:21:57,120
yeah so tell me about

602
00:22:03,669 --> 00:22:01,280
um phenomenology how that came to be

603
00:22:05,510 --> 00:22:03,679
and um some of your best moments your

604
00:22:07,270 --> 00:22:05,520
favorite moments from that

605
00:22:08,870 --> 00:22:07,280
uh go go ahead vinnie vinnie was on it

606
00:22:10,390 --> 00:22:08,880
first whoever wants to tell me about it

607
00:22:11,669 --> 00:22:10,400
and i got all excited and joined on so

608
00:22:13,669 --> 00:22:11,679
go ahead man

609
00:22:15,750 --> 00:22:13,679
yeah sure i mean it was uh last year

610
00:22:18,230 --> 00:22:15,760
when ashley contacted me through his

611
00:22:19,270 --> 00:22:18,240
instagram account uap colombia and which

612
00:22:21,750 --> 00:22:19,280
he was

613
00:22:23,909 --> 00:22:21,760

running anonymously for quite some time

614

00:22:26,310 --> 00:22:23,919

before sort of revealing who he was you

615

00:22:28,310 --> 00:22:26,320

know the man behind the page uh and we

616

00:22:30,630 --> 00:22:28,320

were talking quite quite a lot and he

617

00:22:32,789 --> 00:22:30,640

was doing great work we we collaborated

618

00:22:34,950 --> 00:22:32,799

on a couple of article drops that he was

619

00:22:36,630 --> 00:22:34,960

reporting from cases in colombia so it

620

00:22:38,310 --> 00:22:36,640

was we started building up this good

621

00:22:39,110 --> 00:22:38,320

relationship working relationship and

622

00:22:41,510 --> 00:22:39,120

then

623

00:22:43,350 --> 00:22:41,520

you know when i first sort of had a

624

00:22:46,710 --> 00:22:43,360

private face-to-face kind of zoom call

625

00:22:48,310 --> 00:22:46,720

with him and i realized who he was and

626
00:22:49,909 --> 00:22:48,320
that led to me understanding the work

627
00:22:53,190 --> 00:22:49,919
that he'd done previously on on

628
00:22:55,510 --> 00:22:53,200
television and and all sorts of great

629
00:22:57,590 --> 00:22:55,520
uh investigative work you know all

630
00:22:59,350 --> 00:22:57,600
around the world um

631
00:23:00,710 --> 00:22:59,360
he'd mentioned obviously these lights

632
00:23:02,710 --> 00:23:00,720
you know i used to log on he used to do

633
00:23:05,430 --> 00:23:02,720
instagram lives where he'd just have his

634
00:23:07,430 --> 00:23:05,440
camera facing the mountain not talking

635
00:23:08,950 --> 00:23:07,440
nothing just the mountain

636
00:23:10,230 --> 00:23:08,960
and then we discussed the case and he

637
00:23:12,149 --> 00:23:10,240
said you know i'd love to get a team out

638
00:23:13,909 --> 00:23:12,159

here to investigate this and that

639

00:23:15,190 --> 00:23:13,919

conversation basically carried on right

640

00:23:17,669 --> 00:23:15,200

through towards the end of last year

641

00:23:19,510 --> 00:23:17,679

when he said right it's happening let's

642

00:23:21,830 --> 00:23:19,520

do it and boom

643

00:23:23,990 --> 00:23:21,840

within six weeks from that conversation

644

00:23:26,070 --> 00:23:24,000

six or seven weeks we were

645

00:23:29,190 --> 00:23:26,080

meeting on a me and dan went on you know

646

00:23:30,870 --> 00:23:29,200

on a plane to colombia it was crazy

647

00:23:33,190 --> 00:23:30,880

what happened

648

00:23:34,070 --> 00:23:33,200

now i'm hiking up this mountain yeah

649

00:23:38,710 --> 00:23:34,080

tell me

650

00:23:41,350 --> 00:23:38,720

how it started for you then

651
00:23:43,269 --> 00:23:41,360
uh so it was we we had ashley onto the

652
00:23:44,870 --> 00:23:43,279
channel to kind of talk about what he

653
00:23:46,390 --> 00:23:44,880
was doing and i'd spoken with vinnie a

654
00:23:47,510 --> 00:23:46,400
little bit about it vinnie told me he

655
00:23:49,190 --> 00:23:47,520
was going out and stuff and i was like

656
00:23:50,390 --> 00:23:49,200
oh maybe i can twist ashley's army into

657
00:23:52,070 --> 00:23:50,400
letting me come because it sounds like a

658
00:23:53,590 --> 00:23:52,080
really cool opportunity to go and you

659
00:23:55,990 --> 00:23:53,600
know

660
00:23:58,710 --> 00:23:56,000
research and properly study some some

661
00:24:00,549 --> 00:23:58,720
light phenomena on a mountain um

662
00:24:03,110 --> 00:24:00,559
so yeah actually

663
00:24:05,990 --> 00:24:03,120

kind of everyone i say ashley

664

00:24:08,549 --> 00:24:06,000

ashley vinnie and andy kind of twisted

665

00:24:10,789 --> 00:24:08,559

my arm into accepting help because i

666

00:24:12,310 --> 00:24:10,799

didn't want to um i felt a little funny

667

00:24:16,070 --> 00:24:12,320

about it they were just like no quite

668

00:24:19,190 --> 00:24:16,080

fun people might find this cool and um

669

00:24:20,950 --> 00:24:19,200

one of one of our listeners uh who

670

00:24:22,789 --> 00:24:20,960

had terminal cancer messaged me and just

671

00:24:24,630 --> 00:24:22,799

said you know hey i'd love to do

672

00:24:26,710 --> 00:24:24,640

something like this and i can't go so

673

00:24:28,230 --> 00:24:26,720

please let me support you and you can go

674

00:24:30,230 --> 00:24:28,240

and i was like you know what who might

675

00:24:30,950 --> 00:24:30,240

say no to something like that right

676

00:24:33,430 --> 00:24:30,960

so

677

00:24:35,430 --> 00:24:33,440

uh i i brought a little teddy with me

678

00:24:38,149 --> 00:24:35,440

that uh represented that person uh so it

679

00:24:40,870 --> 00:24:38,159

was really cool to have them around um

680

00:24:42,310 --> 00:24:40,880

and yeah we we raised the money and i

681

00:24:45,110 --> 00:24:42,320

went out with vinnie we had an amazing

682

00:24:46,870 --> 00:24:45,120

trip out there um a lot of adventures on

683

00:24:50,149 --> 00:24:46,880

the way as well vinnie sleeps a lot i've

684

00:24:53,350 --> 00:24:50,159

discovered this he can sleep anywhere

685

00:24:55,590 --> 00:24:53,360

it's so not true it's not true at all i

686

00:24:59,029 --> 00:24:55,600

could on that trip because we uh it's a

687

00:25:01,909 --> 00:24:59,039

long story that the day before was drink

688

00:25:03,430 --> 00:25:01,919

meeting meeting other people in

689

00:25:05,669 --> 00:25:03,440

yeah this is true

690

00:25:07,190 --> 00:25:05,679

i'll give you that it was a long journey

691

00:25:09,269 --> 00:25:07,200

and we just didn't sleep much on the

692

00:25:11,350 --> 00:25:09,279

journey so exactly you know vinnie was

693

00:25:14,630 --> 00:25:11,360

grabbing bits of maps where he was um i

694

00:25:16,630 --> 00:25:14,640

was editing as we went um and yeah then

695

00:25:18,549 --> 00:25:16,640

we got there we we were amazed by the

696

00:25:20,230 --> 00:25:18,559

price of a domino's pizza

697

00:25:22,630 --> 00:25:20,240

being like four bucks

698

00:25:24,070 --> 00:25:22,640

which was crazy wow i know right i was

699

00:25:25,510 --> 00:25:24,080

just like what and we didn't even have

700

00:25:28,310 --> 00:25:25,520

one out there that's how good the food

701
00:25:30,230 --> 00:25:28,320
was um wow and and it was amazing to

702
00:25:32,390 --> 00:25:30,240
just be in the town i described it while

703
00:25:33,830 --> 00:25:32,400
we were out there like a ufo theme park

704
00:25:35,350 --> 00:25:33,840
i don't know if you've heard the disney

705
00:25:36,149 --> 00:25:35,360
do this thing where you can pay to go

706
00:25:40,070 --> 00:25:36,159
and

707
00:25:42,630 --> 00:25:40,080
you to like a star wars spaceship

708
00:25:44,149 --> 00:25:42,640
essentially and all of the

709
00:25:45,350 --> 00:25:44,159
uh you know the cast members the disney

710
00:25:46,630 --> 00:25:45,360
cast members on there they're all in

711
00:25:47,750 --> 00:25:46,640
character and you can kind of go on

712
00:25:49,269 --> 00:25:47,760
quests with them and stuff like that

713
00:25:51,350 --> 00:25:49,279

they all have their stories

714

00:25:52,870 --> 00:25:51,360

this felt like a ufo version of that

715

00:25:55,190 --> 00:25:52,880

because no matter who you walked up to

716

00:25:56,870 --> 00:25:55,200

in the town they had a story for you

717

00:25:59,430 --> 00:25:56,880

they had a lead that you could follow to

718

00:26:00,870 --> 00:25:59,440

investigate and honestly like we could

719

00:26:03,430 --> 00:26:00,880

have just stayed there for years just

720

00:26:06,390 --> 00:26:03,440

investigating everybody's everybody's

721

00:26:08,230 --> 00:26:06,400

stories so actually it kind of picked a

722

00:26:10,470 --> 00:26:08,240

few things out for us to investigate

723

00:26:13,029 --> 00:26:10,480

throughout the season um and we did you

724

00:26:14,390 --> 00:26:13,039

know you see uh me amazed by my first

725

00:26:16,230 --> 00:26:14,400

firefly and then figuring out it's a

726
00:26:18,230 --> 00:26:16,240
firefly um

727
00:26:20,390 --> 00:26:18,240
you also see me disappointing someone

728
00:26:22,310 --> 00:26:20,400
teaching them you know how you can buy a

729
00:26:23,909 --> 00:26:22,320
lens flare um

730
00:26:26,310 --> 00:26:23,919
and we all watch the mountains till like

731
00:26:28,230 --> 00:26:26,320
4 a.m and you know we went on we saw

732
00:26:30,950 --> 00:26:28,240
some amazing most communities and helped

733
00:26:32,870 --> 00:26:30,960
them dig wells and you know took uh took

734
00:26:34,470 --> 00:26:32,880
part in a lot of ceremonies with them

735
00:26:36,470 --> 00:26:34,480
and it was amazing to be invited into

736
00:26:39,669 --> 00:26:36,480
those places um and really really

737
00:26:41,909 --> 00:26:39,679
humbling um and then the tracks up the

738
00:26:43,350 --> 00:26:41,919

mountains were something else man like

739

00:26:45,350 --> 00:26:43,360

they were

740

00:26:47,510 --> 00:26:45,360

it felt like every kind of maybe 100

741

00:26:49,350 --> 00:26:47,520

meters the whole

742

00:26:50,470 --> 00:26:49,360

just everything changed like all the

743

00:26:51,830 --> 00:26:50,480

plants would change and it just felt

744

00:26:54,390 --> 00:26:51,840

like you were going into another realm

745

00:26:55,750 --> 00:26:54,400

every every so often um and you would be

746

00:26:56,789 --> 00:26:55,760

ascending and then you get to the top of

747

00:26:59,350 --> 00:26:56,799

these places and they felt like

748

00:27:00,870 --> 00:26:59,360

cathedrals to me um they were just

749

00:27:02,230 --> 00:27:00,880

incredible and and that's one of the

750

00:27:04,470 --> 00:27:02,240

reasons why

751
00:27:06,230 --> 00:27:04,480
we we know that where the lights appear

752
00:27:07,909 --> 00:27:06,240
in the video we know that's a sheer

753
00:27:09,430 --> 00:27:07,919
cliff drop we know how hard it is to get

754
00:27:10,390 --> 00:27:09,440
up there we know people aren't lugging

755
00:27:13,029 --> 00:27:10,400
you know

756
00:27:14,390 --> 00:27:13,039
wires and electric torches and these big

757
00:27:17,430 --> 00:27:14,400
lights up there because it would just be

758
00:27:19,430 --> 00:27:17,440
nice and impossible um it takes a lot of

759
00:27:21,750 --> 00:27:19,440
effort to get up there um

760
00:27:23,350 --> 00:27:21,760
so yeah like we can almost take off

761
00:27:25,909 --> 00:27:23,360
possibilities through just having

762
00:27:28,149 --> 00:27:25,919
partaken in that ascent really

763
00:27:30,230 --> 00:27:28,159

yeah that would be a very physically

764

00:27:32,149 --> 00:27:30,240

demanding hoax

765

00:27:33,990 --> 00:27:32,159

yes right yes it would be

766

00:27:36,230 --> 00:27:34,000

and and

767

00:27:38,230 --> 00:27:36,240

in the in the video the kind of the

768

00:27:40,230 --> 00:27:38,240

width of the lights uh there's a bit

769

00:27:42,389 --> 00:27:40,240

where one of the balls kind of spits out

770

00:27:44,710 --> 00:27:42,399

light to to its uh

771

00:27:46,789 --> 00:27:44,720

right oh it's left in the video and that

772

00:27:49,269 --> 00:27:46,799

distance that it covers no one's running

773

00:27:50,789 --> 00:27:49,279

that fast that's that's a big distance

774

00:27:51,990 --> 00:27:50,799

and there's no like i said there's no

775

00:27:53,510 --> 00:27:52,000

path up there you're walking along

776

00:27:55,510 --> 00:27:53,520

riverbeds that if it rains you're

777

00:27:57,669 --> 00:27:55,520

screwed you're just stuck up there um

778

00:28:01,110 --> 00:27:57,679

yeah so yeah

779

00:28:02,710 --> 00:28:01,120

the it's perplexing uh but i like to say

780

00:28:05,029 --> 00:28:02,720

you know what what we did is we proved

781

00:28:06,870 --> 00:28:05,039

the presence of a repeatable phenomenon

782

00:28:09,909 --> 00:28:06,880

and that means we can study it so let's

783

00:28:11,590 --> 00:28:09,919

go right yeah right now that's beautiful

784

00:28:13,909 --> 00:28:11,600

and there's no reason not to right i

785

00:28:15,350 --> 00:28:13,919

mean this is what we're here doing

786

00:28:16,710 --> 00:28:15,360

i'm

787

00:28:18,710 --> 00:28:16,720

you know i tend to think that there's

788

00:28:20,470 --> 00:28:18,720

multiple phenomena there's there's

789

00:28:23,110 --> 00:28:20,480

different kinds of phenomena and you

790

00:28:25,269 --> 00:28:23,120

have located one that you can study you

791

00:28:28,149 --> 00:28:25,279

know so so that should be done

792

00:28:32,389 --> 00:28:28,159

um and that's beautiful um vinnie was

793

00:28:35,669 --> 00:28:34,710

a phenomenon like that

794

00:28:37,990 --> 00:28:35,679

yeah

795

00:28:39,990 --> 00:28:38,000

yes man and this is funny because this

796

00:28:41,510 --> 00:28:40,000

goes back to last this goes back to last

797

00:28:43,350 --> 00:28:41,520

year when we used to

798

00:28:45,750 --> 00:28:43,360

hang out on live streams on instagram

799

00:28:47,350 --> 00:28:45,760

and here with max as well and yeah you

800

00:28:49,110 --> 00:28:47,360

guys had all seen something and used to

801
00:28:50,950 --> 00:28:49,120
joke about me being the only one that

802
00:28:53,029 --> 00:28:50,960
had never seen anything so now i feel

803
00:28:54,870 --> 00:28:53,039
like i'm in the club i'm in the club man

804
00:28:57,510 --> 00:28:54,880
yeah you know

805
00:28:59,750 --> 00:28:57,520
how many people have their uap sighting

806
00:29:02,230 --> 00:28:59,760
on video right like that's

807
00:29:04,870 --> 00:29:02,240
so cool it's very true

808
00:29:06,950 --> 00:29:04,880
it's very true how did how did the how

809
00:29:08,630 --> 00:29:06,960
did it differ seeing it in person versus

810
00:29:11,830 --> 00:29:08,640
the video because that's the one thing i

811
00:29:14,789 --> 00:29:11,840
found frustrating with well you know one

812
00:29:17,430 --> 00:29:14,799
uh thing that i've seen is as it didn't

813
00:29:20,870 --> 00:29:17,440

do it justice my video no my video was a

814

00:29:22,950 --> 00:29:20,880

camera on a cell phone but you know

815

00:29:24,630 --> 00:29:22,960

but the funny thing is before i went out

816

00:29:26,789 --> 00:29:24,640

i was like oh my god i'm gonna go out

817

00:29:27,909 --> 00:29:26,799

there with somebody so into ufos that

818

00:29:29,510 --> 00:29:27,919

everything they see they're going to

819

00:29:32,389 --> 00:29:29,520

think of the ufo just about pure

820

00:29:34,710 --> 00:29:32,399

excitement so i was very cautious

821

00:29:37,510 --> 00:29:34,720

to to not be that way and so i came at

822

00:29:39,190 --> 00:29:37,520

everything from a very data-driven

823

00:29:40,950 --> 00:29:39,200

aspect as well when we were researching

824

00:29:42,789 --> 00:29:40,960

some of the smaller cases

825

00:29:44,789 --> 00:29:42,799

looking into things it was more really

826

00:29:46,950 --> 00:29:44,799

data focused so

827

00:29:49,269 --> 00:29:46,960

you know by the end of the trip when

828

00:29:52,149 --> 00:29:49,279

the the sighting happened

829

00:29:57,110 --> 00:29:54,870

initially ashley's enthusiasm and

830

00:29:59,190 --> 00:29:57,120

passion was you know it's happening it's

831

00:30:00,710 --> 00:29:59,200

happening and of course it was happening

832

00:30:02,470 --> 00:30:00,720

and and because we'd been up the

833

00:30:04,070 --> 00:30:02,480

mountain like dan said

834

00:30:06,149 --> 00:30:04,080

the majority of that mountain is covered

835

00:30:08,389 --> 00:30:06,159

in trees and dense foliage as well and

836

00:30:12,630 --> 00:30:08,399

these lights weren't flickering behind

837

00:30:15,110 --> 00:30:12,640

trees these were big bright or balls of

838

00:30:17,029 --> 00:30:15,120

you know crazy almost iridescent lights

839

00:30:18,549 --> 00:30:17,039

it's hard to describe

840

00:30:20,070 --> 00:30:18,559

in in you know

841

00:30:21,430 --> 00:30:20,080

it's hard to describe

842

00:30:22,630 --> 00:30:21,440

um

843

00:30:25,350 --> 00:30:22,640

but my head

844

00:30:27,909 --> 00:30:25,360

was it was going crazy i'm i'm seeing

845

00:30:29,430 --> 00:30:27,919

the the dancing lights uh of la pena de

846

00:30:31,430 --> 00:30:29,440

wikia and

847

00:30:34,149 --> 00:30:31,440

there's a little part of my head going

848

00:30:35,590 --> 00:30:34,159

you know prosaic prosaic prosaic and

849

00:30:37,750 --> 00:30:35,600

it's it's a real

850

00:30:39,830 --> 00:30:37,760

battle in my head as i'm witnessing it

851

00:30:41,669 --> 00:30:39,840

so yeah it was not how i expected to

852

00:30:44,149 --> 00:30:41,679

feel at the time and obviously

853

00:30:45,510 --> 00:30:44,159

afterwards processing it all

854

00:30:47,350 --> 00:30:45,520

you know you you think different

855

00:30:48,549 --> 00:30:47,360

thoughts and you and stuff like that to

856

00:30:50,710 --> 00:30:48,559

the point where you realize that you

857

00:30:53,830 --> 00:30:50,720

have seen something genuinely anomalous

858

00:30:55,350 --> 00:30:53,840

now whether it's um something

859

00:30:57,669 --> 00:30:55,360

earthly

860

00:30:59,590 --> 00:30:57,679

that's still anomalous great you know or

861

00:31:01,830 --> 00:30:59,600

is it something more you know because

862

00:31:03,509 --> 00:31:01,840

whatever it is is rare

863

00:31:04,870 --> 00:31:03,519

yeah that's that's the thing to drive

864

00:31:07,190 --> 00:31:04,880

home as well like some people might go

865

00:31:08,870 --> 00:31:07,200

it's plasma it's ball lightning calling

866

00:31:10,549 --> 00:31:08,880

those things that doesn't take away the

867

00:31:12,149 --> 00:31:10,559

mystery science doesn't understand those

868

00:31:14,149 --> 00:31:12,159

things so we've still found an

869

00:31:15,190 --> 00:31:14,159

incredible laboratory you know when when

870

00:31:17,190 --> 00:31:15,200

you can

871

00:31:18,470 --> 00:31:17,200

make bull lightning in a lab i'll throw

872

00:31:21,190 --> 00:31:18,480

my hands up and go cool let's pull

873

00:31:23,830 --> 00:31:21,200

lightning but until that point that's a

874

00:31:25,750 --> 00:31:23,840

studyable very rare phenomena so either

875

00:31:27,110 --> 00:31:25,760

way

876

00:31:29,590 --> 00:31:27,120

yeah and that's something a lot of

877

00:31:32,870 --> 00:31:29,600

people miss with the skeptics or or on

878

00:31:35,669 --> 00:31:32,880

the debunker side of things is uh you

879

00:31:37,350 --> 00:31:35,679

know simply looking at a video you know

880

00:31:39,669 --> 00:31:37,360

like that like the gimbal video and

881

00:31:42,870 --> 00:31:39,679

putting together um an idea of what it

882

00:31:43,750 --> 00:31:42,880

may be without putting a

883

00:31:45,350 --> 00:31:43,760

jet

884

00:31:48,630 --> 00:31:45,360

in the air

885

00:31:50,549 --> 00:31:48,640

and reproducing what you think it is and

886

00:31:53,830 --> 00:31:50,559

getting the video from it

887

00:31:56,870 --> 00:31:53,840

you are you cannot say you are correct

888

00:31:58,310 --> 00:31:56,880

you know you that's that's not science

889

00:32:01,110 --> 00:31:58,320

you have to have predictable

890

00:32:01,909 --> 00:32:01,120

reproducible uh experiments you know and

891

00:32:04,310 --> 00:32:01,919

and

892

00:32:06,149 --> 00:32:04,320

you guys found

893

00:32:08,389 --> 00:32:06,159

something very promising that you can

894

00:32:10,710 --> 00:32:08,399

that you can do that with so

895

00:32:14,630 --> 00:32:10,720

uh i can't wait for that to happen and

896

00:32:16,710 --> 00:32:14,640

see more if all goes to plan um you know

897

00:32:18,870 --> 00:32:16,720

come next february we'll be back out

898

00:32:20,549 --> 00:32:18,880

there on the anniversary again because

899

00:32:22,230 --> 00:32:20,559

the sighting happened on the anniversary

900

00:32:24,389 --> 00:32:22,240

of ash's first sight in hence why we can

901
00:32:25,190 --> 00:32:24,399
say it's repeatable um

902
00:32:28,870 --> 00:32:25,200
and

903
00:32:30,630 --> 00:32:28,880
set up trail cams up there which will

904
00:32:33,669 --> 00:32:30,640
probably get fried by you know the

905
00:32:35,669 --> 00:32:33,679
plasma or the ball lightning

906
00:32:36,789 --> 00:32:35,679
camp up there next time as well uh which

907
00:32:38,630 --> 00:32:36,799
we weren't allowed to do because it's a

908
00:32:40,230 --> 00:32:38,640
protected space and on that on that

909
00:32:42,870 --> 00:32:40,240
mountain you need a police escort to go

910
00:32:44,310 --> 00:32:42,880
up and the all the houses on the road on

911
00:32:45,830 --> 00:32:44,320
the way up they're owned by cartel

912
00:32:47,350 --> 00:32:45,840
members apparently so they'll just

913
00:32:48,950 --> 00:32:47,360

follow you up and mug you if you don't

914

00:32:51,110 --> 00:32:48,960

have a police officer

915

00:32:52,310 --> 00:32:51,120

wow so you've got to be real careful

916

00:32:53,990 --> 00:32:52,320

it's not just you know i've seen some

917

00:32:55,590 --> 00:32:54,000

people kind of go oh yeah you filmed it

918

00:32:56,870 --> 00:32:55,600

from ash's house and you stayed back and

919

00:32:58,310 --> 00:32:56,880

it's like well it's not like you can run

920

00:33:00,389 --> 00:32:58,320

up the mountain unless you want to just

921

00:33:02,310 --> 00:33:00,399

die you know right so

922

00:33:04,470 --> 00:33:02,320

you've got it you've got to be safe

923

00:33:06,230 --> 00:33:04,480

um and you know learn to learn to fight

924

00:33:08,310 --> 00:33:06,240

another day ashley himself has just

925

00:33:10,070 --> 00:33:08,320

finished building a little uap viewing

926

00:33:12,230 --> 00:33:10,080

station at the end of his garden uh with

927

00:33:13,990 --> 00:33:12,240

a bed and you know some cameras in there

928

00:33:17,110 --> 00:33:14,000

and we're hoping to set up basically

929

00:33:18,230 --> 00:33:17,120

think project hestalin but in modern day

930

00:33:19,590 --> 00:33:18,240

so we can set up a whole bunch of

931

00:33:20,870 --> 00:33:19,600

sensors a whole bunch of live streaming

932

00:33:22,389 --> 00:33:20,880

cameras and people can just watch and

933

00:33:24,389 --> 00:33:22,399

help us

934

00:33:25,669 --> 00:33:24,399

any you know i highlighted this question

935

00:33:27,990 --> 00:33:25,679

here by robert because i thought it was

936

00:33:30,630 --> 00:33:28,000

interesting any uh geological info on

937

00:33:33,269 --> 00:33:30,640

the area any you know geological

938

00:33:35,509 --> 00:33:33,279

anomalies or even magnetic anomalies so

939

00:33:38,710 --> 00:33:35,519

when when we were out there um i pulled

940

00:33:40,310 --> 00:33:38,720

up i've got a google maps of all weird

941

00:33:42,630 --> 00:33:40,320

things and it has things like ley lines

942

00:33:44,070 --> 00:33:42,640

and you know uh the the magnetic

943

00:33:46,630 --> 00:33:44,080

readings of planet earth and things like

944

00:33:48,630 --> 00:33:46,640

that so yeah we had a look at the

945

00:33:50,389 --> 00:33:48,640

magnetic anomalies in the area and it

946

00:33:51,509 --> 00:33:50,399

turns out that basically there's two

947

00:33:54,149 --> 00:33:51,519

peaks

948

00:33:55,990 --> 00:33:54,159

um there's mojo

949

00:33:57,350 --> 00:33:56,000

which is the the masculine and then

950

00:33:59,590 --> 00:33:57,360

you've got

951
00:34:01,509 --> 00:33:59,600
waika which is the feminine and these

952
00:34:03,190 --> 00:34:01,519
balls of light supposedly travel from

953
00:34:06,950 --> 00:34:03,200
one peak to the other

954
00:34:09,109 --> 00:34:06,960
kind of impregnated bringing life birth

955
00:34:11,510 --> 00:34:09,119
but they actually both sit

956
00:34:13,190 --> 00:34:11,520
on opposite ends of

957
00:34:15,589 --> 00:34:13,200
the anomalous

958
00:34:16,869 --> 00:34:15,599
magnetic readings so on one side you've

959
00:34:19,349 --> 00:34:16,879
got a depression on the other side

960
00:34:20,790 --> 00:34:19,359
you've got a positive reading so

961
00:34:22,710 --> 00:34:20,800
if there's water kind of running between

962
00:34:25,750 --> 00:34:22,720
the two it's very possible that it's

963
00:34:28,149 --> 00:34:25,760

essentially just a battery right and and

964

00:34:29,750 --> 00:34:28,159

we're watching this current kind of flow

965

00:34:33,190 --> 00:34:29,760

but

966

00:34:35,190 --> 00:34:33,200

it also seems that these the phenomena

967

00:34:36,389 --> 00:34:35,200

exhibits itself in many different ways

968

00:34:38,310 --> 00:34:36,399

you know we're not just looking at balls

969

00:34:40,550 --> 00:34:38,320

of light we've had reports of tic-tacs

970

00:34:42,149 --> 00:34:40,560

lying around the mountain we had reports

971

00:34:43,909 --> 00:34:42,159

of these lights going through a door in

972

00:34:46,550 --> 00:34:43,919

the in the mountain itself and things

973

00:34:47,829 --> 00:34:46,560

like that so it's not it's not quite so

974

00:34:49,190 --> 00:34:47,839

straightforward you know you've got to

975

00:34:52,069 --> 00:34:49,200

take into account all of the witness

976
00:34:54,069 --> 00:34:52,079
testimony and really balance out like

977
00:34:56,230 --> 00:34:54,079
the the incredible culture there that

978
00:34:57,430 --> 00:34:56,240
just yeah it permeates it just it's

979
00:34:58,390 --> 00:34:57,440
everywhere

980
00:35:00,550 --> 00:34:58,400
well

981
00:35:02,550 --> 00:35:00,560
yeah i mean it seems like even in their

982
00:35:04,870 --> 00:35:02,560
artistic cultures they're

983
00:35:06,150 --> 00:35:04,880
commonly incorporating ufos and and

984
00:35:07,030 --> 00:35:06,160
things like that

985
00:35:08,069 --> 00:35:07,040
like

986
00:35:09,910 --> 00:35:08,079
so

987
00:35:11,750 --> 00:35:09,920
do you think that has anything to do

988
00:35:13,670 --> 00:35:11,760

with uh there being more common

989

00:35:15,910 --> 00:35:13,680

occurrence of it you know people that

990

00:35:17,030 --> 00:35:15,920

more are more accepting of it and almost

991

00:35:21,190 --> 00:35:17,040

uh

992

00:35:23,589 --> 00:35:21,200

you know real in some way shape or form

993

00:35:25,270 --> 00:35:23,599

whatever that may be do you think

994

00:35:26,870 --> 00:35:25,280

you know the law of attraction so to

995

00:35:28,310 --> 00:35:26,880

speech plays a part

996

00:35:30,230 --> 00:35:28,320

i mean just the fact that like dan said

997

00:35:32,550 --> 00:35:30,240

that everyone wanted to talk about it

998

00:35:34,870 --> 00:35:32,560

you know so word spreads and it's just

999

00:35:36,150 --> 00:35:34,880

part of everyday life out there

1000

00:35:38,470 --> 00:35:36,160

you know we're literally walking down

1001

00:35:41,270 --> 00:35:38,480

the street looking at ufo

1002

00:35:42,950 --> 00:35:41,280

murals and artwork all around the towns

1003

00:35:44,630 --> 00:35:42,960

and then people would come up to you you

1004

00:35:46,069 --> 00:35:44,640

know curious and i think even some

1005

00:35:46,870 --> 00:35:46,079

people have probably heard that there's

1006

00:35:48,790 --> 00:35:46,880

this

1007

00:35:50,230 --> 00:35:48,800

team of gringos in town

1008

00:35:52,710 --> 00:35:50,240

doing a ufo

1009

00:35:54,069 --> 00:35:52,720

investigation and i say that because

1010

00:35:55,190 --> 00:35:54,079

they were kind of the words that ashley

1011

00:35:56,710 --> 00:35:55,200

used when we were out there you know

1012

00:35:58,150 --> 00:35:56,720

people noticed

1013

00:36:00,870 --> 00:35:58,160

and so people would come up and talk to

1014

00:36:03,589 --> 00:36:00,880

us and it just really is part of their

1015

00:36:05,829 --> 00:36:03,599

everyday life um and so there's probably

1016

00:36:07,750 --> 00:36:05,839

spoken about more reported more so it

1017

00:36:09,270 --> 00:36:07,760

seems like there is probably a lot more

1018

00:36:10,710 --> 00:36:09,280

cases out there whereas it might not be

1019

00:36:13,670 --> 00:36:10,720

the case but the fact that it's

1020

00:36:15,430 --> 00:36:13,680

discussed on a regular basis might make

1021

00:36:17,190 --> 00:36:15,440

it look that it's uh

1022

00:36:18,870 --> 00:36:17,200

happening more in that area

1023

00:36:21,030 --> 00:36:18,880

and it's not just

1024

00:36:22,870 --> 00:36:21,040

the the people in the town as well the

1025

00:36:25,109 --> 00:36:22,880

officials in the town will talk about it

1026

00:36:26,710 --> 00:36:25,119

at one point oh yeah where ashley we had

1027

00:36:28,150 --> 00:36:26,720

the police escort up the mountain and

1028

00:36:30,710 --> 00:36:28,160

actually said oh so have you seen the

1029

00:36:32,630 --> 00:36:30,720

lights to to the police uh woman and she

1030

00:36:33,829 --> 00:36:32,640

laughed and he was like oh no you you

1031

00:36:35,829 --> 00:36:33,839

don't take it seriously and she was like

1032

00:36:38,630 --> 00:36:35,839

oh no no no it's because i they're not

1033

00:36:40,710 --> 00:36:38,640

lights the ufos just call them ufos

1034

00:36:43,030 --> 00:36:40,720

it's just a matter of fact

1035

00:36:45,109 --> 00:36:43,040

right oh that's beautiful what would

1036

00:36:47,670 --> 00:36:45,119

that be like if uh our entire country

1037

00:36:48,870 --> 00:36:47,680

was like that us you could you know

1038

00:36:50,870 --> 00:36:48,880

um

1039

00:36:53,030 --> 00:36:50,880

and i've actually in my own studies and

1040

00:36:55,670 --> 00:36:53,040

document studies like that's been hinted

1041

00:36:57,910 --> 00:36:55,680

at uh before you know the more people

1042

00:37:00,550 --> 00:36:57,920

talk about it the more news reports

1043

00:37:02,310 --> 00:37:00,560

there are of it um the more sightings

1044

00:37:04,069 --> 00:37:02,320

they are and at first you

1045

00:37:05,510 --> 00:37:04,079

you know it's you can take that the

1046

00:37:08,069 --> 00:37:05,520

wrong way like what are they trying to

1047

00:37:11,109 --> 00:37:08,079

say here but the way i take it is the

1048

00:37:13,190 --> 00:37:11,119

more it's in people's minds the more it

1049

00:37:14,470 --> 00:37:13,200

actually comes to fruition you know what

1050

00:37:16,470 --> 00:37:14,480

i mean

1051

00:37:19,190 --> 00:37:16,480

and obviously that's just a

1052

00:37:21,990 --> 00:37:19,200

uh weak hypothesis based on that much

1053

00:37:24,230 --> 00:37:22,000

but no i mean you're not wrong you know

1054

00:37:25,829 --> 00:37:24,240

the we were there for two weeks and i

1055

00:37:27,670 --> 00:37:25,839

was staying up to like four or five a.m

1056

00:37:29,510 --> 00:37:27,680

every single day and then getting up to

1057

00:37:30,790 --> 00:37:29,520

film at like six seven

1058

00:37:32,310 --> 00:37:30,800

trying to see these lights on the

1059

00:37:33,829 --> 00:37:32,320

mountain and i didn't see anything yeah

1060

00:37:36,790 --> 00:37:33,839

but the second the people started going

1061

00:37:38,710 --> 00:37:36,800

home it put on this full display and

1062

00:37:39,510 --> 00:37:38,720

we talk about the trickster phenomena

1063

00:37:41,109 --> 00:37:39,520

right

1064

00:37:43,030 --> 00:37:41,119

so there's certainly an aspect of that

1065

00:37:44,470 --> 00:37:43,040

where we were like oh yeah this is this

1066

00:37:46,390 --> 00:37:44,480

is typical right like we should have

1067

00:37:48,150 --> 00:37:46,400

expected this

1068

00:37:51,829 --> 00:37:48,160

yeah you gotta start like

1069

00:37:54,150 --> 00:37:51,839

almost uh lying you know like yeah

1070

00:37:55,990 --> 00:37:54,160

we're gonna go home now

1071

00:37:57,349 --> 00:37:56,000

i guess we're gonna pack up and get out

1072

00:37:57,600 --> 00:37:57,359

of here

1073

00:37:59,270 --> 00:37:57,610

yeah

1074

00:38:01,349 --> 00:37:59,280

[Laughter]

1075

00:38:03,109 --> 00:38:01,359

and check it out well i asked you this

1076

00:38:05,030 --> 00:38:03,119

uh question in regards to the kelvin

1077

00:38:06,150 --> 00:38:05,040

case but uh let me ask you this in

1078

00:38:08,790 --> 00:38:06,160

regards to

1079

00:38:09,990 --> 00:38:08,800

uh phenomenology and being in colombia

1080

00:38:11,190 --> 00:38:10,000

where

1081

00:38:13,829 --> 00:38:11,200

you know what

1082

00:38:15,750 --> 00:38:13,839

was there uh just a really emotionally

1083

00:38:17,430 --> 00:38:15,760

taxing moment where you where you were

1084

00:38:20,230 --> 00:38:17,440

thinking what am i doing here you know

1085

00:38:21,510 --> 00:38:20,240

and tell me about that

1086

00:38:23,270 --> 00:38:21,520

i i mean

1087

00:38:24,950 --> 00:38:23,280

the climb the mountain climbs two of

1088

00:38:27,030 --> 00:38:24,960

them we did both peaks we did mojoy

1089

00:38:28,870 --> 00:38:27,040

first and then waika now

1090

00:38:31,430 --> 00:38:28,880

you know we we did mahoy first and that

1091

00:38:33,670 --> 00:38:31,440

was obviously it was difficult you know

1092

00:38:35,829 --> 00:38:33,680

you're already at 9 000

1093

00:38:37,430 --> 00:38:35,839

feet or meters i forget which

1094

00:38:39,670 --> 00:38:37,440

even when you're at ground level we're

1095

00:38:42,069 --> 00:38:39,680

on the edge of the andean plateau so the

1096

00:38:44,230 --> 00:38:42,079

air is thin anyway

1097

00:38:45,829 --> 00:38:44,240

and so it quickly became

1098

00:38:48,630 --> 00:38:45,839

obvious to me that it was going to be a

1099

00:38:50,310 --> 00:38:48,640

struggle and and you suddenly feel it in

1100

00:38:51,910 --> 00:38:50,320

your legs the lack of oxygen running

1101

00:38:54,710 --> 00:38:51,920

through your blood your leg your legs

1102

00:38:56,470 --> 00:38:54,720

are in in agony so there was that but it

1103

00:38:59,030 --> 00:38:56,480

certainly wasn't a point where

1104

00:39:00,790 --> 00:38:59,040

i knew i would quit you know i had to

1105

00:39:01,990 --> 00:39:00,800

battle through those and i i suffered

1106

00:39:03,510 --> 00:39:02,000

quite a bit

1107

00:39:04,950 --> 00:39:03,520

but um

1108

00:39:06,470 --> 00:39:04,960

yeah you can't quit when you're

1109

00:39:08,790 --> 00:39:06,480

somewhere like that when at the time

1110

00:39:09,829 --> 00:39:08,800

what are you gonna do yeah teleport yeah

1111

00:39:11,829 --> 00:39:09,839

yeah

1112

00:39:13,349 --> 00:39:11,839

once in a lifetime i don't want to be

1113

00:39:14,710 --> 00:39:13,359

that guy at the bottom and then everyone

1114

00:39:17,109 --> 00:39:14,720

comes down and go oh my god that was

1115

00:39:19,030 --> 00:39:17,119

amazing you should have seen that

1116

00:39:22,230 --> 00:39:19,040

i'm no quitter

1117

00:39:24,310 --> 00:39:22,240

and i'm sure you'd agree vinnie that the

1118

00:39:26,630 --> 00:39:24,320

the hard work on the way up

1119

00:39:28,069 --> 00:39:26,640

was completely balanced out by the

1120

00:39:29,829 --> 00:39:28,079

feeling when we were sat on the edge of

1121

00:39:31,670 --> 00:39:29,839

that mountain on the mirror door and you

1122

00:39:34,310 --> 00:39:31,680

know you see the shot as vinnie kind of

1123

00:39:35,750 --> 00:39:34,320

comes down and i'm just sat there um

1124

00:39:37,510 --> 00:39:35,760

he swings on the tree branches in the

1125

00:39:39,589 --> 00:39:37,520

show and it's such a cool shot because

1126

00:39:41,190 --> 00:39:39,599

yeah we were just we were basking in the

1127

00:39:42,950 --> 00:39:41,200

moment just looking over this whole

1128

00:39:44,950 --> 00:39:42,960

valley that was like i said this ufo

1129

00:39:47,109 --> 00:39:44,960

theme park and just considering the

1130

00:39:49,109 --> 00:39:47,119

possibilities you know and it actually

1131

00:39:51,750 --> 00:39:49,119

turned out that where i sat in that

1132

00:39:53,349 --> 00:39:51,760

moment was exactly where um the moisture

1133

00:39:55,430 --> 00:39:53,359

try jumped off

1134

00:39:57,990 --> 00:39:55,440

this is when when the spanish

1135

00:39:59,910 --> 00:39:58,000

conquistadors came um yeah they rather

1136

00:40:01,990 --> 00:39:59,920

than give themselves over a lot of them

1137

00:40:05,430 --> 00:40:02,000

just commit suicide they they jumped off

1138

00:40:07,510 --> 00:40:05,440

the cliff and and yeah it was it felt

1139

00:40:10,710 --> 00:40:07,520

weirdly fitting that that was the spot

1140

00:40:13,030 --> 00:40:10,720

that we chose um and also in that moment

1141

00:40:15,430 --> 00:40:13,040

we we found a uh

1142

00:40:17,670 --> 00:40:15,440

there are petroglyphs everywhere

1143

00:40:19,990 --> 00:40:17,680

over the lower part of the mountain but

1144

00:40:22,069 --> 00:40:20,000

nothing far up and it was actually

1145

00:40:24,950 --> 00:40:22,079

during the the visit of waiko that we

1146

00:40:26,309 --> 00:40:24,960

found a black handprint on the rock on

1147

00:40:28,230 --> 00:40:26,319

the mirador

1148

00:40:29,910 --> 00:40:28,240

so i mean that's that's pretty cool to

1149

00:40:32,069 --> 00:40:29,920

kind of touch that and connect with you

1150

00:40:32,950 --> 00:40:32,079

know hundreds of years of history

1151

00:40:36,710 --> 00:40:32,960

sure

1152

00:40:40,309 --> 00:40:36,720

how has this trip changed either of you

1153

00:40:43,109 --> 00:40:40,319

um spiritually if at all

1154

00:40:44,950 --> 00:40:43,119

i think it's opened my mind to

1155

00:40:45,910 --> 00:40:44,960

coming from someone who just always

1156

00:40:47,829 --> 00:40:45,920

wanted to

1157

00:40:50,069 --> 00:40:47,839

look at documents and stuff that was my

1158

00:40:53,109 --> 00:40:50,079

original background way before i was

1159

00:40:55,750 --> 00:40:53,119

even online anywhere now i'm just open

1160

00:40:58,550 --> 00:40:55,760

to everything and when you are inserted

1161

00:41:00,150 --> 00:40:58,560

into a culture as deep and thick and

1162

00:41:01,109 --> 00:41:00,160

steeped in

1163

00:41:03,270 --> 00:41:01,119

you know

1164

00:41:04,950 --> 00:41:03,280

the mythology of the subject and almost

1165

00:41:06,790 --> 00:41:04,960

the religion of it as well because there

1166

00:41:08,790 --> 00:41:06,800

was an awful lot of the kind of

1167

00:41:10,630 --> 00:41:08,800

apparition kind of

1168

00:41:12,870 --> 00:41:10,640

stuff featured in that area as well you

1169

00:41:15,349 --> 00:41:12,880

have to respect it all

1170

00:41:18,309 --> 00:41:15,359

uh don't discount anything

1171

00:41:20,150 --> 00:41:18,319

and just be just be very open and and

1172

00:41:21,910 --> 00:41:20,160

take little bits from everything you

1173

00:41:24,069 --> 00:41:21,920

know because like i said i am very data

1174

00:41:26,390 --> 00:41:24,079

driven and i wanted the data but you

1175

00:41:27,510 --> 00:41:26,400

cannot exclude the the stories that you

1176

00:41:29,750 --> 00:41:27,520

heard from

1177

00:41:31,829 --> 00:41:29,760

you know old men and women

1178

00:41:34,309 --> 00:41:31,839

you know from from the small towns of

1179

00:41:36,550 --> 00:41:34,319

rural colombia that was important data

1180

00:41:37,990 --> 00:41:36,560

as well so it's just being more open to

1181

00:41:38,950 --> 00:41:38,000

everything i think

1182

00:41:40,470 --> 00:41:38,960

yeah

1183

00:41:43,030 --> 00:41:40,480

what about you

1184

00:41:44,630 --> 00:41:43,040

um there were i mean on the way out i

1185

00:41:46,710 --> 00:41:44,640

decided that i was gonna just immerse

1186

00:41:48,710 --> 00:41:46,720

myself spiritually and just see how i

1187

00:41:50,150 --> 00:41:48,720

came out of it and and on the plane fly

1188

00:41:51,829 --> 00:41:50,160

over on the way back i was doing the

1189

00:41:53,990 --> 00:41:51,839

hemisync stuff the monroe institute

1190

00:41:55,829 --> 00:41:54,000

hemisync stuff so i spent a lot of time

1191

00:41:58,550 --> 00:41:55,839

just trying to get into that zone and

1192

00:42:00,870 --> 00:41:58,560

just enjoying the space and yeah i feel

1193

00:42:04,470 --> 00:42:00,880

like it changed me tremendously you know

1194

00:42:06,550 --> 00:42:04,480

i went from colombia where i did a few

1195

00:42:08,630 --> 00:42:06,560

uh ceremonies

1196

00:42:10,230 --> 00:42:08,640

all the way to

1197

00:42:12,550 --> 00:42:10,240

up to bellaskin house where crowley did

1198

00:42:13,910 --> 00:42:12,560

the admiral ritual in that room where i

1199

00:42:15,589 --> 00:42:13,920

got sit in the pitch black and just

1200

00:42:17,510 --> 00:42:15,599

reflect on

1201
00:42:18,390 --> 00:42:17,520
the moment that colombia brought me

1202
00:42:20,150 --> 00:42:18,400
there

1203
00:42:21,270 --> 00:42:20,160
and if crowley was still alive we

1204
00:42:23,030 --> 00:42:21,280
probably would have had some incredible

1205
00:42:24,550 --> 00:42:23,040
conversation in that house about you

1206
00:42:26,309 --> 00:42:24,560
know the things that we found in

1207
00:42:27,829 --> 00:42:26,319
colombia and how they changed us it

1208
00:42:28,829 --> 00:42:27,839
would have been amazing

1209
00:42:31,270 --> 00:42:28,839
sure

1210
00:42:32,150 --> 00:42:31,280
yeah um

1211
00:42:34,150 --> 00:42:32,160
what

1212
00:42:36,390 --> 00:42:34,160
uh life lessons

1213
00:42:39,430 --> 00:42:36,400

can you take from that trip

1214

00:42:42,870 --> 00:42:39,440

moving on moving forward in your daily

1215

00:42:46,550 --> 00:42:44,870

i think as well just looking at the way

1216

00:42:48,309 --> 00:42:46,560

that some people live out there as well

1217

00:42:50,950 --> 00:42:48,319

it's just really inspiring because they

1218

00:42:53,750 --> 00:42:50,960

are just really really happy people

1219

00:42:55,510 --> 00:42:53,760

and they're not there's no materialism

1220

00:42:57,750 --> 00:42:55,520

in that kind of part of the world right

1221

00:42:59,829 --> 00:42:57,760

right it's genuine they're very family

1222

00:43:02,150 --> 00:42:59,839

oriented they're very kind and giving

1223

00:43:04,550 --> 00:43:02,160

people whether it be the locals that we

1224

00:43:06,710 --> 00:43:04,560

met you know we had people at the house

1225

00:43:09,270 --> 00:43:06,720

who were helping us out but then the

1226

00:43:11,109 --> 00:43:09,280

tribal people as well were

1227

00:43:13,829 --> 00:43:11,119

all they wanted to do is give and make

1228

00:43:15,589 --> 00:43:13,839

you feel special and happy and it it's

1229

00:43:17,349 --> 00:43:15,599

it's so humbling man is it i've never

1230

00:43:18,950 --> 00:43:17,359

seen anything like it

1231

00:43:20,470 --> 00:43:18,960

so i guess it just makes you think that

1232

00:43:22,390 --> 00:43:20,480

you should be like that in your life as

1233

00:43:23,430 --> 00:43:22,400

well

1234

00:43:25,349 --> 00:43:23,440

yeah 100

1235

00:43:27,990 --> 00:43:25,359

there was a bit i mentioned already we

1236

00:43:31,109 --> 00:43:28,000

went to dig a well in a moist community

1237

00:43:32,550 --> 00:43:31,119

and they asked us to bring coca-cola um

1238

00:43:34,069 --> 00:43:32,560

and if you've seen the show you've heard

1239

00:43:35,910 --> 00:43:34,079

me talk about this but it just it stayed

1240

00:43:38,150 --> 00:43:35,920

with me they asked us to bring coca-cola

1241

00:43:39,750 --> 00:43:38,160

some bread some crisps stuff like that

1242

00:43:40,870 --> 00:43:39,760

so we brought that all with us thinking

1243

00:43:43,910 --> 00:43:40,880

that it was kind of the cost of

1244

00:43:46,790 --> 00:43:43,920

admission to to you know visit and

1245

00:43:48,630 --> 00:43:46,800

actually they'd ask us to bring stuff

1246

00:43:50,309 --> 00:43:48,640

that they could give us for lunch that

1247

00:43:51,750 --> 00:43:50,319

that's all the coke all the bread

1248

00:43:53,990 --> 00:43:51,760

everything it was for us for lunch so

1249

00:43:56,069 --> 00:43:54,000

they could just make us comfortable and

1250

00:43:58,150 --> 00:43:56,079

that's amazing like i just

1251
00:43:59,430 --> 00:43:58,160
i don't think

1252
00:44:01,349 --> 00:43:59,440
people in the uk

1253
00:44:06,309 --> 00:44:01,359
are nice don't get me wrong but

1254
00:44:12,309 --> 00:44:07,349
no

1255
00:44:14,870 --> 00:44:12,319
states which is supposed to be a very

1256
00:44:16,870 --> 00:44:14,880
nice spot and i can tell you

1257
00:44:18,550 --> 00:44:16,880
it's not like that man it's just not

1258
00:44:20,630 --> 00:44:18,560
like that

1259
00:44:22,230 --> 00:44:20,640
wouldn't be a better place and a nicer

1260
00:44:23,109 --> 00:44:22,240
place if everyone was like that though

1261
00:44:26,390 --> 00:44:23,119
right

1262
00:44:29,109 --> 00:44:26,400
you know any and you start to think of

1263
00:44:32,069 --> 00:44:29,119

you know is there a phenomenon

1264

00:44:35,589 --> 00:44:32,079

responding to to you know

1265

00:44:37,990 --> 00:44:35,599

gratitude and kindness and and giving in

1266

00:44:39,990 --> 00:44:38,000

in that kind of uh aspect of life this

1267

00:44:41,829 --> 00:44:40,000

is a good question from james here do

1268

00:44:43,990 --> 00:44:41,839

you think that aspects of life after

1269

00:44:45,829 --> 00:44:44,000

death may have a relation to a small

1270

00:44:47,670 --> 00:44:45,839

aspect of the phenomena i know you can

1271

00:44:48,550 --> 00:44:47,680

only speculate here but what do you

1272

00:44:50,230 --> 00:44:48,560

think

1273

00:44:51,829 --> 00:44:50,240

no vinnie actually died in colombia and

1274

00:44:53,589 --> 00:44:51,839

he said yes no i'm kidding he didn't is

1275

00:44:55,660 --> 00:44:53,599

that true

1276

00:44:58,309 --> 00:44:55,670

why wouldn't you start with that video

1277

00:45:00,230 --> 00:44:58,319

[Laughter]

1278

00:45:01,589 --> 00:45:00,240

you're saving that one for a third

1279

00:45:04,030 --> 00:45:01,599

reveal

1280

00:45:06,790 --> 00:45:04,040

okay

1281

00:45:09,349 --> 00:45:06,800

[Laughter]

1282

00:45:11,589 --> 00:45:09,359

i know i mean it's hard to say but i

1283

00:45:13,270 --> 00:45:11,599

made it like i said i'm now more open to

1284

00:45:14,630 --> 00:45:13,280

certain things than i was before i

1285

00:45:16,950 --> 00:45:14,640

certainly won't discount things because

1286

00:45:18,550 --> 00:45:16,960

they don't fit into a particular belief

1287

00:45:20,069 --> 00:45:18,560

system that i may have had before or

1288

00:45:21,589 --> 00:45:20,079

something that is

1289

00:45:23,750 --> 00:45:21,599

so far different to anything i've

1290

00:45:24,790 --> 00:45:23,760

considered in the past so yeah why not

1291

00:45:25,910 --> 00:45:24,800

why not

1292

00:45:27,190 --> 00:45:25,920

yeah

1293

00:45:28,150 --> 00:45:27,200

no i'm

1294

00:45:30,870 --> 00:45:28,160

i'd

1295

00:45:32,470 --> 00:45:30,880

cheers i tend to agree with you i mean

1296

00:45:34,309 --> 00:45:32,480

uh the the

1297

00:45:36,309 --> 00:45:34,319

every sighting i've had which i've had

1298

00:45:38,870 --> 00:45:36,319

three for sure

1299

00:45:39,670 --> 00:45:38,880

four actually that are quite strange to

1300

00:45:41,349 --> 00:45:39,680

me

1301

00:45:43,349 --> 00:45:41,359

maybe actually five and they all

1302

00:45:44,870 --> 00:45:43,359

happened within maybe a four or five

1303

00:45:46,870 --> 00:45:44,880

month span

1304

00:45:49,990 --> 00:45:46,880

and i'm in a house that

1305

00:45:51,910 --> 00:45:50,000

has maybe three cemeteries on each side

1306

00:45:53,589 --> 00:45:51,920

of it not directly but

1307

00:45:54,950 --> 00:45:53,599

within a block or two

1308

00:45:57,589 --> 00:45:54,960

okay you know

1309

00:46:02,710 --> 00:46:01,030

what you know it's just uh yeah i feel

1310

00:46:04,710 --> 00:46:02,720

like there's a lot involved i feel like

1311

00:46:06,950 --> 00:46:04,720

family bloodlines life death

1312

00:46:08,790 --> 00:46:06,960

spirituality at least as far as the

1313

00:46:11,349 --> 00:46:08,800

things that i've seen i think a lot of

1314

00:46:13,270 --> 00:46:11,359

that is involved prayer meditation i

1315

00:46:15,910 --> 00:46:13,280

think all of that has to do with it i

1316

00:46:18,710 --> 00:46:15,920

mean i think uh as a society

1317

00:46:21,430 --> 00:46:18,720

more so as every year passes we get so

1318

00:46:23,270 --> 00:46:21,440

hooked on to you know the phones and

1319

00:46:25,190 --> 00:46:23,280

looking at the phones and technology

1320

00:46:29,190 --> 00:46:25,200

driven and what can we do that will

1321

00:46:31,829 --> 00:46:29,200

allow us to work less you know uh what

1322

00:46:34,150 --> 00:46:31,839

but we really forget about um

1323

00:46:35,910 --> 00:46:34,160

what it really means to be human

1324

00:46:38,390 --> 00:46:35,920

you know

1325

00:46:40,870 --> 00:46:38,400

yes 100 that was the dream of automation

1326

00:46:42,950 --> 00:46:40,880

right originally that yeah it was meant

1327

00:46:44,309 --> 00:46:42,960

to come in so that we had more time to

1328

00:46:46,230 --> 00:46:44,319

do the things that people were meant to

1329

00:46:48,630 --> 00:46:46,240

do whatever that is whatever floats your

1330

00:46:50,550 --> 00:46:48,640

boat sure yeah

1331

00:46:52,870 --> 00:46:50,560

yeah hopefully we'll get there one day

1332

00:46:55,190 --> 00:46:52,880

at least uh but

1333

00:46:57,349 --> 00:46:55,200

you know so we can do

1334

00:47:00,710 --> 00:46:57,359

you know more human stuff and and

1335

00:47:01,670 --> 00:47:00,720

experience love camaraderie friendship

1336

00:47:02,790 --> 00:47:01,680

um

1337

00:47:05,670 --> 00:47:02,800

and all that because i think that's

1338

00:47:07,910 --> 00:47:05,680

really important and and we kind of seem

1339

00:47:09,589 --> 00:47:07,920

to be losing a lot of that at this point

1340

00:47:11,670 --> 00:47:09,599

but hopefully we'll regain it back and i

1341

00:47:13,510 --> 00:47:11,680

think things that you're doing like

1342

00:47:15,910 --> 00:47:13,520

phenomenology and experiencing those

1343

00:47:19,589 --> 00:47:15,920

cultures recording it showing it to the

1344

00:47:21,270 --> 00:47:19,599

world um is is a huge plus

1345

00:47:23,190 --> 00:47:21,280

as far as that's concerned so thank you

1346

00:47:25,270 --> 00:47:23,200

guys from the from my heart for for

1347

00:47:26,470 --> 00:47:25,280

doing that so

1348

00:47:28,150 --> 00:47:26,480

thank you man

1349

00:47:29,270 --> 00:47:28,160

it means a lot and

1350

00:47:30,549 --> 00:47:29,280

one of the nice things of being out

1351

00:47:32,150 --> 00:47:30,559

there actually was

1352

00:47:35,349 --> 00:47:32,160

everyone on the team had such different

1353

00:47:37,030 --> 00:47:35,359

backgrounds and you know one of the team

1354

00:47:38,549 --> 00:47:37,040

members for example supported a

1355

00:47:40,150 --> 00:47:38,559

politician that i would never dream of

1356

00:47:42,069 --> 00:47:40,160

supporting but

1357

00:47:44,230 --> 00:47:42,079

i would say past the broad stroke of

1358

00:47:46,309 --> 00:47:44,240

that we all go on like a house on fire

1359

00:47:48,549 --> 00:47:46,319

because we had time to be in the house

1360

00:47:51,349 --> 00:47:48,559

and talk to the people underneath those

1361

00:47:53,910 --> 00:47:51,359

kind of banners you know um

1362

00:47:55,270 --> 00:47:53,920

we didn't really have access to much

1363

00:47:56,630 --> 00:47:55,280

internet and things like that so we

1364

00:47:58,069 --> 00:47:56,640

talked to each other and we found out

1365

00:48:00,390 --> 00:47:58,079

that we actually had a lot in common and

1366

00:48:01,990 --> 00:48:00,400

there was no need to you know be at

1367

00:48:03,190 --> 00:48:02,000

loggerheads over political beliefs or

1368

00:48:04,710 --> 00:48:03,200

anything like that everything just felt

1369

00:48:06,790 --> 00:48:04,720

really small when you're in the face of

1370

00:48:07,910 --> 00:48:06,800

the on that mountain

1371

00:48:08,950 --> 00:48:07,920

yeah

1372

00:48:12,549 --> 00:48:08,960

beautiful

1373

00:48:14,230 --> 00:48:12,559

um if anyone has any questions now is a

1374

00:48:15,829 --> 00:48:14,240

good time to put them all in caps we can

1375

00:48:16,790 --> 00:48:15,839

get those out there

1376

00:48:19,030 --> 00:48:16,800

um

1377

00:48:21,589 --> 00:48:19,040

is there anything that you guys whether

1378

00:48:23,270 --> 00:48:21,599

it's uh calvin um

1379

00:48:25,430 --> 00:48:23,280

phenomenology or anything else for that

1380

00:48:29,270 --> 00:48:25,440

matter is there anything that you would

1381

00:48:32,069 --> 00:48:29,280

you know like to say about anything uh

1382

00:48:34,790 --> 00:48:32,079

something maybe that we didn't cover

1383

00:48:36,549 --> 00:48:34,800

i mean not not so much regarding the two

1384

00:48:38,150 --> 00:48:36,559

cases but i'd love to give some shout

1385

00:48:39,990 --> 00:48:38,160

outs if that's okay

1386

00:48:41,430 --> 00:48:40,000

yeah of course

1387

00:48:42,950 --> 00:48:41,440

so because i've not done that and i feel

1388

00:48:44,470 --> 00:48:42,960

like i should i want to shout out for

1389

00:48:45,349 --> 00:48:44,480

the calvi and i want to give a massive

1390

00:48:47,829 --> 00:48:45,359

massive

1391

00:48:49,990 --> 00:48:47,839

shout out to dr david clarke giles

1392

00:48:51,109 --> 00:48:50,000

stevens matthew wheels the graeme

1393

00:48:53,030 --> 00:48:51,119

rendell

1394

00:48:54,150 --> 00:48:53,040

and people like that who there's been

1395

00:48:56,069 --> 00:48:54,160

you know others that have helped with

1396

00:48:59,349 --> 00:48:56,079

the carving case and then dripping that

1397

00:49:01,190 --> 00:48:59,359

down into uap media said dan

1398

00:49:03,270 --> 00:49:01,200

all the team at uap media uk have been

1399

00:49:04,950 --> 00:49:03,280

fantastic and then over into colombia i

1400

00:49:06,870 --> 00:49:04,960

mean ashley cowy

1401
00:49:08,150 --> 00:49:06,880
my brother thank you so much for all of

1402
00:49:11,829 --> 00:49:08,160
that uh

1403
00:49:15,510 --> 00:49:11,839
dan walter lydia jess national natty

1404
00:49:19,750 --> 00:49:17,910
just everybody that has taken me on my

1405
00:49:21,990 --> 00:49:19,760
journey for the last year sean you and

1406
00:49:24,390 --> 00:49:22,000
all the podcast shows and hosts and

1407
00:49:25,670 --> 00:49:24,400
friends the colleagues on instagram

1408
00:49:28,549 --> 00:49:25,680
everybody

1409
00:49:30,069 --> 00:49:28,559
has been nothing but supportive and

1410
00:49:31,589 --> 00:49:30,079
just helped me you know knowing that

1411
00:49:32,790 --> 00:49:31,599
i've made such great friends in the

1412
00:49:35,190 --> 00:49:32,800
community

1413
00:49:37,109 --> 00:49:35,200

is incredible you know so

1414

00:49:39,109 --> 00:49:37,119

yeah that's all i got to say about that

1415

00:49:41,510 --> 00:49:39,119

well i i remember when i was first

1416

00:49:42,710 --> 00:49:41,520

starting in in meeting you and doing

1417

00:49:44,710 --> 00:49:42,720

this and

1418

00:49:48,309 --> 00:49:44,720

um

1419

00:49:49,190 --> 00:49:48,319

just watching uh you kind of grow from

1420

00:49:50,710 --> 00:49:49,200

from

1421

00:49:52,950 --> 00:49:50,720

and i know you were doing this before i

1422

00:49:55,190 --> 00:49:52,960

started it but just watching you grow

1423

00:49:56,710 --> 00:49:55,200

from where you were then at that point

1424

00:49:58,390 --> 00:49:56,720

uh into everything that you've

1425

00:50:01,270 --> 00:49:58,400

accomplished since then

1426
00:50:02,710 --> 00:50:01,280
is is amazing and it should be applauded

1427
00:50:05,589 --> 00:50:02,720
you know um

1428
00:50:08,950 --> 00:50:05,599
and i can even say like

1429
00:50:10,549 --> 00:50:08,960
disregard any any results even like the

1430
00:50:13,270 --> 00:50:10,559
amount of work

1431
00:50:15,589 --> 00:50:13,280
uh and dedication that you're showing to

1432
00:50:18,470 --> 00:50:15,599
uh moving this ball forward and both of

1433
00:50:20,309 --> 00:50:18,480
you for that matter um is impressive and

1434
00:50:22,230 --> 00:50:20,319
should be applauded

1435
00:50:24,470 --> 00:50:22,240
and really i don't want to tell people

1436
00:50:26,069 --> 00:50:24,480
what they should do but i for one am

1437
00:50:28,309 --> 00:50:26,079
grateful that there's people like you

1438
00:50:30,630 --> 00:50:28,319

doing that i mean because

1439

00:50:32,710 --> 00:50:30,640

someone has to you know and it's not

1440

00:50:36,710 --> 00:50:32,720

easy and it takes effort

1441

00:50:38,950 --> 00:50:36,720

you know um things in life that are easy

1442

00:50:40,390 --> 00:50:38,960

don't really get you very far and and

1443

00:50:42,230 --> 00:50:40,400

you're doing the things that aren't easy

1444

00:50:44,790 --> 00:50:42,240

which is really hard investigations

1445

00:50:46,870 --> 00:50:44,800

going to freaking columbia

1446

00:50:49,510 --> 00:50:46,880

you know and going up these huge

1447

00:50:51,430 --> 00:50:49,520

mountains where cartels are all around

1448

00:50:53,270 --> 00:50:51,440

and most people don't even want to leave

1449

00:50:55,109 --> 00:50:53,280

the safety of their own home because

1450

00:50:56,630 --> 00:50:55,119

they're afraid of crime you know like

1451

00:50:59,829 --> 00:50:56,640

all that stuff is really hard and it

1452

00:51:02,870 --> 00:50:59,839

takes a massive amount of strength to do

1453

00:51:05,349 --> 00:51:02,880

it you know and follow through um

1454

00:51:08,870 --> 00:51:05,359

so i'm i'm just so proud of you benny

1455

00:51:11,349 --> 00:51:08,880

man and dan you as well so i just want

1456

00:51:13,030 --> 00:51:11,359

to i just want to emphasize that

1457

00:51:14,470 --> 00:51:13,040

none of this would have happened without

1458

00:51:16,390 --> 00:51:14,480

the village of people that made it

1459

00:51:18,390 --> 00:51:16,400

happen both things exactly all things

1460

00:51:21,109 --> 00:51:18,400

every single even like you know that ufo

1461

00:51:22,710 --> 00:51:21,119

podcast finnish show vp media it takes a

1462

00:51:25,190 --> 00:51:22,720

village man and

1463

00:51:26,230 --> 00:51:25,200

we can get so much further as a team

1464

00:51:27,589 --> 00:51:26,240

than we can

1465

00:51:31,270 --> 00:51:27,599

while we're at each other's throats over

1466

00:51:33,430 --> 00:51:31,280

these petty details in cases so just

1467

00:51:34,390 --> 00:51:33,440

find your tribe bandy up we we get

1468

00:51:37,030 --> 00:51:34,400

further

1469

00:51:38,790 --> 00:51:37,040

calvin as calvin is a i mean it is a

1470

00:51:41,349 --> 00:51:38,800

rock right

1471

00:51:43,910 --> 00:51:41,359

reflected in a pond

1472

00:51:45,109 --> 00:51:43,920

reflected in a bond

1473

00:51:46,230 --> 00:51:45,119

that's awesome

1474

00:51:47,829 --> 00:51:46,240

who would have thought that they

1475

00:51:48,950 --> 00:51:47,839

classify rocks

1476

00:51:51,030 --> 00:51:48,960

for 50

1477

00:51:53,190 --> 00:51:51,040

100 years i think that's just amazing

1478

00:51:55,030 --> 00:51:53,200

that's the story if you were to ask me

1479

00:51:55,990 --> 00:51:55,040

it's like who would have thought

1480

00:51:58,710 --> 00:51:56,000

that

1481

00:51:59,990 --> 00:51:58,720

you know it i i for one am going to be a

1482

00:52:01,510 --> 00:52:00,000

lot more careful with what i'm

1483

00:52:02,630 --> 00:52:01,520

photographing because i don't want any

1484

00:52:04,630 --> 00:52:02,640

mib

1485

00:52:07,589 --> 00:52:04,640

figuring out that i'm taking photos of

1486

00:52:10,230 --> 00:52:07,599

rocks stealing my cell phone and putting

1487

00:52:12,069 --> 00:52:10,240

it in a freaking safe for 100 years you

1488

00:52:13,109 --> 00:52:12,079

know i don't want anything to do with

1489

00:52:15,510 --> 00:52:13,119

that

1490

00:52:17,910 --> 00:52:15,520

so i am not taking pictures of rocks and

1491

00:52:19,589 --> 00:52:17,920

ponds anymore but

1492

00:52:22,069 --> 00:52:19,599

just put some googly eyes on the rock if

1493

00:52:23,510 --> 00:52:22,079

you do that that's all i ask

1494

00:52:26,230 --> 00:52:23,520

no but the thing is we don't know what

1495

00:52:28,870 --> 00:52:26,240

it is right we don't know what it is and

1496

00:52:31,109 --> 00:52:28,880

nobody's trying to say what it is

1497

00:52:32,549 --> 00:52:31,119

either you know i mean you could say

1498

00:52:35,670 --> 00:52:32,559

well it looks like it could be black

1499

00:52:37,670 --> 00:52:35,680

tech it could be this but um you know

1500

00:52:39,430 --> 00:52:37,680

i think a lot of people miss that you

1501
00:52:40,710 --> 00:52:39,440
know that that nobody's trying to shove

1502
00:52:42,470 --> 00:52:40,720
opinions down your throat they're just

1503
00:52:43,270 --> 00:52:42,480
saying here we found this pretty cool

1504
00:52:45,109 --> 00:52:43,280
huh

1505
00:52:47,270 --> 00:52:45,119
yeah and we did the same thing with the

1506
00:52:48,790 --> 00:52:47,280
lake cote costa rica pitcher as well

1507
00:52:51,430 --> 00:52:48,800
that was almost a test bed for the

1508
00:52:53,670 --> 00:52:51,440
carving thing where we were able to just

1509
00:52:56,309 --> 00:52:53,680
you know help get the data out there but

1510
00:52:58,150 --> 00:52:56,319
not claim a conclusion not say this is

1511
00:52:59,589 --> 00:52:58,160
what this is it's definitely ufo or it's

1512
00:53:01,750 --> 00:52:59,599
definitely easy or it's definitely a

1513
00:53:03,190 --> 00:53:01,760

crack in the lens um and that's the

1514

00:53:04,710 --> 00:53:03,200

thing people need to learn to just spin

1515

00:53:07,190 --> 00:53:04,720

these plates and be okay with not

1516

00:53:09,030 --> 00:53:07,200

knowing for a while and if you do kind

1517

00:53:10,710 --> 00:53:09,040

of solve it and it's disappointing

1518

00:53:12,549 --> 00:53:10,720

that's a good thing it's one case we

1519

00:53:14,069 --> 00:53:12,559

don't have to work anymore right like

1520

00:53:16,390 --> 00:53:14,079

don't don't be afraid of proving that

1521

00:53:18,390 --> 00:53:16,400

something isn't e.t

1522

00:53:20,470 --> 00:53:18,400

for sure no beautiful

1523

00:53:25,109 --> 00:53:20,480

um i see some questions coming in i know

1524

00:53:26,829 --> 00:53:25,119

there's no answer to it so i'm not uh um

1525

00:53:29,589 --> 00:53:26,839

asking them at

1526

00:53:31,430 --> 00:53:29,599

all just as far as like you know you

1527

00:53:33,430 --> 00:53:31,440

know what i mean i know there's no

1528

00:53:35,670 --> 00:53:33,440

answer to it uh do we know the model of

1529

00:53:38,069 --> 00:53:35,680

the camera by chance

1530

00:53:39,589 --> 00:53:38,079

vivian westwood

1531

00:53:41,589 --> 00:53:39,599

yeah okay i've never heard of it well

1532

00:53:42,630 --> 00:53:41,599

you could say anything and she's a model

1533

00:53:44,950 --> 00:53:42,640

of the

1534

00:53:46,950 --> 00:53:44,960

model fashion model

1535

00:53:47,829 --> 00:53:46,960

i mean the model of the camera if

1536

00:53:49,589 --> 00:53:47,839

they're talking about the model of the

1537

00:53:50,470 --> 00:53:49,599

camera to take the cowboy

1538

00:53:56,309 --> 00:53:50,480

yeah

1539

00:53:59,670 --> 00:53:57,430

how would you determine you can

1540

00:54:01,510 --> 00:53:59,680

determine probably the kind of film and

1541

00:54:03,990 --> 00:54:01,520

the paper that is printed on which is in

1542

00:54:05,589 --> 00:54:04,000

the photo analysis that was done

1543

00:54:07,190 --> 00:54:05,599

um by

1544

00:54:09,190 --> 00:54:07,200

somebody at sheffield harlem university

1545

00:54:10,630 --> 00:54:09,200

which is available we put that out there

1546

00:54:12,230 --> 00:54:10,640

we've got more people working on

1547

00:54:13,349 --> 00:54:12,240

analysis as well

1548

00:54:15,270 --> 00:54:13,359

but

1549

00:54:17,109 --> 00:54:15,280

yeah we just don't we just don't know

1550

00:54:18,950 --> 00:54:17,119

how you can ascertain these things it's

1551
00:54:20,710 --> 00:54:18,960
the same as people said you know have

1552
00:54:22,870 --> 00:54:20,720
you found the pilot that was flying the

1553
00:54:25,030 --> 00:54:22,880
harrier or you know

1554
00:54:26,790 --> 00:54:25,040
well we've looked at records and there's

1555
00:54:29,430 --> 00:54:26,800
no record showing

1556
00:54:31,910 --> 00:54:29,440
any harriers in there so you know you

1557
00:54:33,750 --> 00:54:31,920
can't jump two steps you have to kind of

1558
00:54:35,750 --> 00:54:33,760
go step by step and if if you're hitting

1559
00:54:37,109 --> 00:54:35,760
brick walls then

1560
00:54:39,430 --> 00:54:37,119
you know there's not much much further

1561
00:54:41,829 --> 00:54:39,440
you can go it's it's it's a very very

1562
00:54:43,349 --> 00:54:41,839
difficult case to investigate but

1563
00:54:46,470 --> 00:54:43,359

it's ongoing that's one thing i will

1564

00:54:48,789 --> 00:54:46,480

reiterate this case is very much ongoing

1565

00:54:51,349 --> 00:54:48,799

we have leads we are working on new

1566

00:54:52,549 --> 00:54:51,359

angles i can't give out any information

1567

00:54:54,069 --> 00:54:52,559

on that because

1568

00:54:55,430 --> 00:54:54,079

i don't want to be wrong and we don't

1569

00:54:58,549 --> 00:54:55,440

want to be wrong as a team but it's

1570

00:54:59,910 --> 00:54:58,559

ongoing and you know if we get any

1571

00:55:01,670 --> 00:54:59,920

anywhere with it we'll put the

1572

00:55:02,870 --> 00:55:01,680

information out it's just i just don't

1573

00:55:04,710 --> 00:55:02,880

want people to think that we drop a

1574

00:55:07,030 --> 00:55:04,720

photo and that's it we walk away

1575

00:55:08,710 --> 00:55:07,040

certainly not the case one one core

1576

00:55:11,510 --> 00:55:08,720

thing that i didn't expect to come from

1577

00:55:12,870 --> 00:55:11,520

this was gary nolan offering to help us

1578

00:55:14,710 --> 00:55:12,880

turn the

1579

00:55:15,990 --> 00:55:14,720

image analysis we've taken because we

1580

00:55:18,230 --> 00:55:16,000

have a few different independent ones

1581

00:55:20,069 --> 00:55:18,240

coming in um anyways we'd be able to

1582

00:55:21,589 --> 00:55:20,079

turn that into a peer-reviewed paper so

1583

00:55:23,270 --> 00:55:21,599

who knows by this time next year you

1584

00:55:25,270 --> 00:55:23,280

might see uap media with a peer-reviewed

1585

00:55:27,510 --> 00:55:25,280

paper under his belt and make myself

1586

00:55:29,589 --> 00:55:27,520

zero

1587

00:55:32,630 --> 00:55:29,599

just

1588

00:55:35,430 --> 00:55:32,640

i'm not gonna comment but

1589

00:55:36,390 --> 00:55:35,440

it ain't no freaking rock or kite okay

1590

00:55:38,309 --> 00:55:36,400

so

1591

00:55:39,829 --> 00:55:38,319

um good work once again i'm just going

1592

00:55:41,510 --> 00:55:39,839

to say that good work on the california

1593

00:55:43,270 --> 00:55:41,520

thank you so much for taking the time to

1594

00:55:44,630 --> 00:55:43,280

do this with me i really do appreciate

1595

00:55:46,549 --> 00:55:44,640

it i know you guys are getting hit up a

1596

00:55:49,589 --> 00:55:46,559

lot uh regarding this story because i've

1597

00:55:51,190 --> 00:55:49,599

blown up so uh which is a testament

1598

00:55:52,950 --> 00:55:51,200

again to the hard work the more work you

1599

00:55:54,630 --> 00:55:52,960

put in the more patience you show the

1600

00:55:56,150 --> 00:55:54,640

the better off uh

1601
00:55:58,710 --> 00:55:56,160
you know you're gonna be in the in the

1602
00:56:00,470 --> 00:55:58,720
bigger response you'll get you know so i

1603
00:56:03,750 --> 00:56:00,480
think it's a testament to that too so

1604
00:56:06,470 --> 00:56:03,760
which i've learned that lesson my myself

1605
00:56:08,549 --> 00:56:06,480
many times and again here

1606
00:56:10,950 --> 00:56:08,559
i want people

1607
00:56:12,549 --> 00:56:10,960
does balance things out my my car tire

1608
00:56:15,510 --> 00:56:12,559
blew up on friday night and i had a

1609
00:56:16,789 --> 00:56:15,520
whole thing so yeah fun but balanced now

1610
00:56:18,549 --> 00:56:16,799
you know

1611
00:56:20,069 --> 00:56:18,559
did you have a spare

1612
00:56:23,750 --> 00:56:20,079
no i didn't and i had to wait for the

1613
00:56:25,589 --> 00:56:23,760

breakdown truck from like 9 p.m so 9 a.m

1614

00:56:28,549 --> 00:56:25,599

we'll be right there in half hour it was

1615

00:56:29,430 --> 00:56:28,559

not a fun night but

1616

00:56:33,349 --> 00:56:29,440

well

1617

00:56:35,109 --> 00:56:33,359

you know it's worth it yeah very much

1618

00:56:37,510 --> 00:56:35,119

all right well with that i'll bid you a

1619

00:56:40,470 --> 00:56:37,520

do uh again i appreciate your time so

1620

00:56:42,710 --> 00:56:40,480

much and i really look forward to more

1621

00:56:45,030 --> 00:56:42,720

phenomenology you know more stuff

1622

00:56:45,829 --> 00:56:45,040

hopefully coming out uh with the calvin

1623

00:56:47,589 --> 00:56:45,839

thing

1624

00:56:49,030 --> 00:56:47,599

um and just you know talking to you guys

1625

00:56:50,390 --> 00:56:49,040

and watching your journey because it's

1626
00:56:51,750 --> 00:56:50,400
really awesome seeing everything you

1627
00:56:53,270 --> 00:56:51,760

1628
00:56:54,870 --> 00:56:53,280
cool man thank you for having us it's

1630
00:56:58,390 --> 00:56:56,640
yeah good to see you too that being said

1631
00:56:59,910 --> 00:56:58,400

00:57:01,829 --> 00:56:59,920
out in the chat being so polite in there

1633
00:57:03,910 --> 00:57:01,839
i really do appreciate it go follow

1634
00:57:05,990 --> 00:57:03,920
these guys on instagram twitter go to

1635
00:57:07,750 --> 00:57:06,000
their youtubes watch everything they do

1636
00:57:09,670 --> 00:57:07,760
in 24 hours straight

1637
00:57:12,069 --> 00:57:09,680
and just keep watching it and find

1638
00:57:14,150 --> 00:57:12,079

anything that you can do to donate just

1639

00:57:15,750 --> 00:57:14,160

dump thousands of dollars in there

1640

00:57:17,750 --> 00:57:15,760

anything
