

UAP NEWS

1
00:00:02,510 --> 00:00:11,669

[Music]

2
00:00:37,910 --> 00:00:12,980

it's easy

3
00:00:40,150 --> 00:00:37,920

[Music]

4
00:00:41,990 --> 00:00:40,160
what's up jay how are you today

5
00:00:44,310 --> 00:00:42,000
hey buddy how are you doing i love the

6
00:00:45,670 --> 00:00:44,320
song you sent me a song yesterday that i

7
00:00:47,830 --> 00:00:45,680
thought was going to be the intro song

8
00:00:50,549 --> 00:00:47,840
for today and you totally switched it

9
00:00:52,310 --> 00:00:50,559
out and i love that song and i love this

10
00:00:54,069 --> 00:00:52,320
song i think they're both great it's

11
00:00:56,150 --> 00:00:54,079
nice to see you buddy

12
00:00:57,990 --> 00:00:56,160
yeah nice to see you too yeah i was i

13
00:01:00,790 --> 00:00:58,000

was digging like the kind of i wanted to

14

00:01:03,910 --> 00:01:00,800

go for like almost like a

15

00:01:05,109 --> 00:01:03,920

black keyz johnny cashy kind of

16

00:01:07,030 --> 00:01:05,119

you know

17

00:01:08,630 --> 00:01:07,040

yeah i don't know if i accomplished it

18

00:01:10,950 --> 00:01:08,640

but that's what i was going for i like

19

00:01:12,630 --> 00:01:10,960

the swampy nighttime reverb in there

20

00:01:15,270 --> 00:01:12,640

it's great that's a better way of

21

00:01:17,109 --> 00:01:15,280

putting it swapping night time see for

22

00:01:18,630 --> 00:01:17,119

for those of you in the chat um that

23

00:01:20,870 --> 00:01:18,640

don't know like

24

00:01:23,429 --> 00:01:20,880

sean and i we talk about

25

00:01:25,910 --> 00:01:23,439

ufology and the phenomenon plenty we

26

00:01:28,070 --> 00:01:25,920

also talk about intro music quite a lot

27

00:01:30,630 --> 00:01:28,080

you know that's definitely

28

00:01:32,870 --> 00:01:30,640

yeah it's i don't think about it

29

00:01:35,190 --> 00:01:32,880

of course you do yeah so

30

00:01:37,830 --> 00:01:35,200

yeah you guys have no idea i mean you

31

00:01:39,910 --> 00:01:37,840

probably do the regular listeners they

32

00:01:42,069 --> 00:01:39,920

they have a decent idea of how much time

33

00:01:43,830 --> 00:01:42,079

you put into the interest but it's great

34

00:01:46,550 --> 00:01:43,840

to see you man we did yeah good to see

35

00:01:49,270 --> 00:01:46,560

you too dude we had two amazing shows

36

00:01:51,109 --> 00:01:49,280

last week we did right back-to-back it

37

00:01:54,710 --> 00:01:51,119

was an incredible

38

00:01:56,230 --> 00:01:54,720

book ending of a day um yeah and uh and

39

00:01:58,550 --> 00:01:56,240

here we are again and we've got a great

40

00:02:00,469 --> 00:01:58,560

guest uh who needs to go to work about

41

00:02:03,910 --> 00:02:00,479

halfway through the up so

42

00:02:06,149 --> 00:02:03,920

we should bring them on i've got a

43

00:02:08,630 --> 00:02:06,159

among other subjects james ian doley

44

00:02:10,710 --> 00:02:08,640

researches the ufo phenomenon human

45

00:02:12,790 --> 00:02:10,720

initiated contact and consciousness

46

00:02:14,949 --> 00:02:12,800

studies his independent practice

47

00:02:17,830 --> 00:02:14,959

includes over 15 years of field work and

48

00:02:19,750 --> 00:02:17,840

over 17 years of formal meditation study

49

00:02:22,390 --> 00:02:19,760

he's behind the podcast engaging the

50

00:02:25,510 --> 00:02:22,400

phenomenon which is available on youtube

51
00:02:27,190 --> 00:02:25,520
spotify apple podcast and audible along

52
00:02:30,869 --> 00:02:27,200
with people like stuart davis sherry

53
00:02:32,949 --> 00:02:30,879
miller zev deans raheem vazrali and sean

54
00:02:34,550 --> 00:02:32,959
he's also one of my closest friends

55
00:02:36,229 --> 00:02:34,560
james it's great to have you on the show

56
00:02:38,710 --> 00:02:36,239
today

57
00:02:40,550 --> 00:02:38,720
hey thanks thanks for having me guys

58
00:02:42,869 --> 00:02:40,560
it's one of my dreams to get an intro

59
00:02:45,030 --> 00:02:42,879
from jay like that i mean

60
00:02:46,949 --> 00:02:45,040
it's coming it's coming

61
00:02:47,910 --> 00:02:46,959
on the freaking day

62
00:02:49,910 --> 00:02:47,920
and

63
00:02:51,430 --> 00:02:49,920

no it's awesome it's actually been a

64

00:02:54,790 --> 00:02:51,440

while since you've been

65

00:02:56,150 --> 00:02:54,800

uh on on the show and um i've been

66

00:02:58,149 --> 00:02:56,160

meaning to get you back so i'm glad

67

00:03:01,509 --> 00:02:58,159

you're back today we've had a lot of

68

00:03:02,949 --> 00:03:01,519

great uh uap news ross goldhart has been

69

00:03:04,710 --> 00:03:02,959

killing it lately

70

00:03:06,550 --> 00:03:04,720

you guys have

71

00:03:07,830 --> 00:03:06,560

an event coming up that i would love to

72

00:03:09,990 --> 00:03:07,840

talk about

73

00:03:12,869 --> 00:03:10,000

um something new on twitter came up

74

00:03:13,670 --> 00:03:12,879

today as far as some ufo videos that i

75

00:03:14,470 --> 00:03:13,680

saw

76

00:03:15,750 --> 00:03:14,480

so

77

00:03:18,070 --> 00:03:15,760

um

78

00:03:19,990 --> 00:03:18,080

you know there's a there's a lot to to

79

00:03:22,229 --> 00:03:20,000

to talk about but let's start with the

80

00:03:23,830 --> 00:03:22,239

the event that uh yourself and jay are

81

00:03:24,710 --> 00:03:23,840

putting on why don't you guys tell me

82

00:03:26,309 --> 00:03:24,720

about

83

00:03:28,789 --> 00:03:26,319

uh what

84

00:03:31,270 --> 00:03:28,799

made you do this how did you think of it

85

00:03:32,470 --> 00:03:31,280

you know what made you want to do it

86

00:03:34,390 --> 00:03:32,480

and

87

00:03:36,229 --> 00:03:34,400

what do you expect from it

88

00:03:38,070 --> 00:03:36,239

uh yeah i mean i guess it kind of

89

00:03:40,789 --> 00:03:38,080

started over you know

90

00:03:43,110 --> 00:03:40,799

nyc ufo supper club which you were you

91

00:03:44,309 --> 00:03:43,120

were there for one of them

92

00:03:46,710 --> 00:03:44,319

yeah you guys didn't talk about that

93

00:03:49,110 --> 00:03:46,720

when i was there fortunately no i mean

94

00:03:52,309 --> 00:03:49,120

this subsequent ones you know yeah

95

00:03:54,390 --> 00:03:52,319

we we weren't allowed to no but uh you

96

00:03:55,670 --> 00:03:54,400

know it kind of started like that and

97

00:03:57,990 --> 00:03:55,680

you know me and jay are meeting

98

00:03:59,670 --> 00:03:58,000

regularly and and

99

00:04:01,750 --> 00:03:59,680

jay actually brought up the idea and i

100

00:04:04,149 --> 00:04:01,760

had been thinking about it but i was i

101
00:04:06,789 --> 00:04:04,159
was kind of thinking uh about it on even

102
00:04:09,190 --> 00:04:06,799
probably a smaller scale than jay was

103
00:04:10,949 --> 00:04:09,200
because i didn't know any of the

104
00:04:12,710 --> 00:04:10,959
possibilities or

105
00:04:14,149 --> 00:04:12,720
you know what it could be

106
00:04:16,229 --> 00:04:14,159
and you know for the people listening

107
00:04:19,030 --> 00:04:16,239
the event is called an inquiry into

108
00:04:21,189 --> 00:04:19,040
anomalous experiences and the phenomenon

109
00:04:22,469 --> 00:04:21,199
uh which is going to be in the heart of

110
00:04:25,830 --> 00:04:22,479
new york city

111
00:04:27,590 --> 00:04:25,840
um midtown manhattan october 8th and you

112
00:04:29,830 --> 00:04:27,600
know people are going to be able to

113
00:04:31,909 --> 00:04:29,840

be there in person for a very intimate

114

00:04:34,710 --> 00:04:31,919

experience or we're going to have a live

115

00:04:35,590 --> 00:04:34,720

stream so people can join non-locally as

116

00:04:38,150 --> 00:04:35,600

it were

117

00:04:39,670 --> 00:04:38,160

and and participate and watch that way

118

00:04:41,430 --> 00:04:39,680

so you know

119

00:04:44,230 --> 00:04:41,440

it kind of

120

00:04:46,790 --> 00:04:44,240

started at as a dinner conversation

121

00:04:48,390 --> 00:04:46,800

right we're talking about ufos and the

122

00:04:50,629 --> 00:04:48,400

phenomenon and

123

00:04:52,710 --> 00:04:50,639

like we're meeting and having these

124

00:04:54,710 --> 00:04:52,720

awesome discussions and you know we're

125

00:04:57,350 --> 00:04:54,720

meeting up with people like you sean

126

00:04:59,670 --> 00:04:57,360

uh we met you know with uh you know dj

127

00:05:02,390 --> 00:04:59,680

and nathan from cab uh calling all

128

00:05:04,790 --> 00:05:02,400

beings we've met with you know you know

129

00:05:06,710 --> 00:05:04,800

bob mcguire science bob

130

00:05:08,070 --> 00:05:06,720

uh ended up coming out to visit us and

131

00:05:11,029 --> 00:05:08,080

you know we're having

132

00:05:13,430 --> 00:05:11,039

these awesome interactions and

133

00:05:15,110 --> 00:05:13,440

and it it seemed like a no-brainer once

134

00:05:16,310 --> 00:05:15,120

it was brought up and we're like wow you

135

00:05:17,670 --> 00:05:16,320

know we can

136

00:05:23,670 --> 00:05:17,680

you know

137

00:05:25,189 --> 00:05:23,680

nyc should be anonymous synonymous

138

00:05:27,189 --> 00:05:25,199

with uap

139

00:05:29,029 --> 00:05:27,199

you know and and and therefore

140

00:05:29,909 --> 00:05:29,039

everything that kind of goes with that

141

00:05:31,350 --> 00:05:29,919

so

142

00:05:34,469 --> 00:05:31,360

it started with those kind of small

143

00:05:36,230 --> 00:05:34,479

discussions and i you know he had some

144

00:05:38,790 --> 00:05:36,240

ideas i had some ideas

145

00:05:40,550 --> 00:05:38,800

and i started asking around and who

146

00:05:42,790 --> 00:05:40,560

would be interested and and it kind of

147

00:05:44,950 --> 00:05:42,800

came on that but you know jay what

148

00:05:47,270 --> 00:05:44,960

what's kind of your perspective and

149

00:05:48,550 --> 00:05:47,280

taking how you know we we got into this

150

00:05:51,029 --> 00:05:48,560

uh thing

151
00:05:52,870 --> 00:05:51,039
well all of that you know i mean

152
00:05:54,870 --> 00:05:52,880
it's kind of no secret

153
00:05:56,309 --> 00:05:54,880
among people that know me that one of my

154
00:05:57,270 --> 00:05:56,319
favorite ways

155
00:06:05,749 --> 00:05:57,280
to

156
00:06:07,510 --> 00:06:05,759
it's it's one of the reasons why it's a

157
00:06:10,150 --> 00:06:07,520
huge reason why sean and i have become

158
00:06:11,510 --> 00:06:10,160
so close and you too it's like okay

159
00:06:13,590 --> 00:06:11,520
you're you know

160
00:06:15,670 --> 00:06:13,600
it's it's in a way it's kind of like

161
00:06:17,990 --> 00:06:15,680
okay you're you're in the inner circle i

162
00:06:18,950 --> 00:06:18,000
trust you now we have to do some like

163
00:06:23,510 --> 00:06:18,960

crazy

164

00:06:25,350 --> 00:06:23,520

a podcast or do an event or something

165

00:06:27,510 --> 00:06:25,360

like that it's just it's it's how i'm

166

00:06:30,070 --> 00:06:27,520

wired for better or worse you know um

167

00:06:31,670 --> 00:06:30,080

yeah but uh but i i i really really

168

00:06:33,830 --> 00:06:31,680

thought

169

00:06:35,590 --> 00:06:33,840

that and james and i had talked about

170

00:06:37,430 --> 00:06:35,600

this beforehand and it's one of those

171

00:06:39,110 --> 00:06:37,440

classic cases where

172

00:06:39,990 --> 00:06:39,120

you know

173

00:06:42,230 --> 00:06:40,000

people

174

00:06:44,629 --> 00:06:42,240

it's like with the experiencer group you

175

00:06:46,629 --> 00:06:44,639

look at a situation and say why hasn't

176
00:06:48,710 --> 00:06:46,639
somebody done this yet why isn't there a

177
00:06:51,670 --> 00:06:48,720
place for experience why some

178
00:06:53,670 --> 00:06:51,680
and then you realize after possibly

179
00:06:56,070 --> 00:06:53,680
years like oh that's right because i'm

180
00:06:58,150 --> 00:06:56,080
the guy that has to do it right it's

181
00:07:00,710 --> 00:06:58,160
just it's

182
00:07:03,510 --> 00:07:00,720
yeah it's how it goes sometimes and so

183
00:07:06,230 --> 00:07:03,520
we we james and i were kind of bemoaning

184
00:07:09,029 --> 00:07:06,240
the fact that new york city this whole

185
00:07:11,510 --> 00:07:09,039
area new york new jersey connecticut

186
00:07:14,390 --> 00:07:11,520
like just the east coast in general

187
00:07:16,629 --> 00:07:14,400
really doesn't have that many um

188
00:07:18,150 --> 00:07:16,639

conferences related to

189

00:07:20,710 --> 00:07:18,160

anomalous studies

190

00:07:22,629 --> 00:07:20,720

and it hasn't for a while you know there

191

00:07:26,070 --> 00:07:22,639

you know you can look back in the in the

192

00:07:27,029 --> 00:07:26,080

historical record and find some um but

193

00:07:30,070 --> 00:07:27,039

you know

194

00:07:31,909 --> 00:07:30,080

typically in new york the best you get

195

00:07:33,189 --> 00:07:31,919

is like a mufon conference that's

196

00:07:34,390 --> 00:07:33,199

happening out in pennsylvania or

197

00:07:37,110 --> 00:07:34,400

something like that

198

00:07:40,390 --> 00:07:37,120

and and it's crazy because we live in

199

00:07:43,830 --> 00:07:40,400

such a you know populated area

200

00:07:46,309 --> 00:07:43,840

and that has so much tourism that it's

201
00:07:48,469 --> 00:07:46,319
ridiculous not to do something here and

202
00:07:49,589 --> 00:07:48,479
at the same time we recognize why

203
00:07:51,110 --> 00:07:49,599
because

204
00:07:52,629 --> 00:07:51,120
you know there's that

205
00:07:54,790 --> 00:07:52,639
there's that line if you can make it

206
00:07:56,950 --> 00:07:54,800
here you can make it anywhere and the

207
00:07:59,909 --> 00:07:56,960
inverse of that is that it's harder to

208
00:08:00,710 --> 00:07:59,919
do anything here than it is anywhere

209
00:08:02,629 --> 00:08:00,720
else

210
00:08:04,710 --> 00:08:02,639
and um i don't i'm not sure if that's

211
00:08:06,230 --> 00:08:04,720
entirely true or not but it feels true

212
00:08:08,309 --> 00:08:06,240
every once in a while you know it's an

213
00:08:10,469 --> 00:08:08,319

expensive city there's a lot of

214

00:08:12,950 --> 00:08:10,479

regulations and all sorts of stuff so

215

00:08:15,430 --> 00:08:12,960

pulling off an event like this is is

216

00:08:18,469 --> 00:08:15,440

it's challenging but it's also like a

217

00:08:20,230 --> 00:08:18,479

really fun and worthy challenge i think

218

00:08:21,909 --> 00:08:20,240

well i'm really looking forward to it

219

00:08:23,749 --> 00:08:21,919

i'm glad you guys are doing the online

220

00:08:25,909 --> 00:08:23,759

thing too so people like myself can

221

00:08:28,070 --> 00:08:25,919

chime in i'll just be getting back from

222

00:08:30,710 --> 00:08:28,080

a vacation so i doubt my wife would let

223

00:08:32,149 --> 00:08:30,720

me leave again right away to to go on

224

00:08:33,589 --> 00:08:32,159

another one but

225

00:08:35,670 --> 00:08:33,599

i'm definitely gonna

226

00:08:37,350 --> 00:08:35,680

stream in and catch it i'm excited for

227

00:08:38,949 --> 00:08:37,360

the guests you have uh

228

00:08:41,269 --> 00:08:38,959

ralph blumenthal

229

00:08:42,310 --> 00:08:41,279

uh you have gary nolan

230

00:08:43,990 --> 00:08:42,320

um

231

00:08:46,550 --> 00:08:44,000

tell me who your other guests are you

232

00:08:49,030 --> 00:08:46,560

have exo academia right

233

00:08:51,110 --> 00:08:49,040

yeah actual academian and then tim grief

234

00:08:53,190 --> 00:08:51,120

carlson and uh you know jay can explain

235

00:08:54,949 --> 00:08:53,200

his background a little too

236

00:08:57,910 --> 00:08:54,959

yeah we had um

237

00:09:00,150 --> 00:08:57,920

yeah we had dr tim grieve carlson on

238

00:09:04,310 --> 00:09:00,160

on the experienter group round table at

239

00:09:06,470 --> 00:09:04,320

one point um great episode he is

240

00:09:08,230 --> 00:09:06,480

he was one of the the

241

00:09:11,190 --> 00:09:08,240

organizers of the archives of the

242

00:09:13,190 --> 00:09:11,200

impossible themselves and the opening of

243

00:09:15,030 --> 00:09:13,200

the archives conference that happened in

244

00:09:17,110 --> 00:09:15,040

march so he's kind of like a star

245

00:09:19,509 --> 00:09:17,120

student of jeff kreipels in

246

00:09:21,990 --> 00:09:19,519

the the gem program the gnosticism

247

00:09:24,630 --> 00:09:22,000

esotericism and mysticism program down

248

00:09:26,470 --> 00:09:24,640

there that's kind of been this amazing

249

00:09:28,470 --> 00:09:26,480

shelter for

250

00:09:30,230 --> 00:09:28,480

for folks that have been interested in

251
00:09:34,630 --> 00:09:30,240
anomalous study in the phenomenon for

252
00:09:37,350 --> 00:09:34,640
quite a while now and um and he just got

253
00:09:40,070 --> 00:09:37,360
his doctorate uh a few months ago

254
00:09:41,030 --> 00:09:40,080
and he already has like a book in the

255
00:09:43,670 --> 00:09:41,040
can

256
00:09:45,509 --> 00:09:43,680
he's a brilliant guy um must be a small

257
00:09:47,750 --> 00:09:45,519
book eh

258
00:09:49,350 --> 00:09:47,760
no i don't think so you know and he

259
00:09:51,269 --> 00:09:49,360
isn't like

260
00:09:52,790 --> 00:09:51,279
and also you know one of the other

261
00:09:54,470 --> 00:09:52,800
things that he's got

262
00:09:56,710 --> 00:09:54,480
i mean that people might be interested

263
00:09:57,829 --> 00:09:56,720

in in the general audience is that he

264

00:10:00,230 --> 00:09:57,839

was

265

00:10:03,269 --> 00:10:00,240

one of the two people that jeff crippled

266

00:10:05,590 --> 00:10:03,279

tapped to organize jacques valley's like

267

00:10:07,269 --> 00:10:05,600

secret archive

268

00:10:08,550 --> 00:10:07,279

at the archive of the impossible so he's

269

00:10:10,230 --> 00:10:08,560

one of the only guys on earth that

270

00:10:11,350 --> 00:10:10,240

actually knows what's in there which is

271

00:10:13,110 --> 00:10:11,360

wow

272

00:10:16,310 --> 00:10:13,120

i know right well you got to find out

273

00:10:19,269 --> 00:10:16,320

what his advice is and get to work

274

00:10:21,269 --> 00:10:19,279

get those secrets out awesome i i can't

275

00:10:23,190 --> 00:10:21,279

i can't wait till it comes um anything

276

00:10:25,269 --> 00:10:23,200

else you have on it james

277

00:10:26,630 --> 00:10:25,279

well then everybody listening here is

278

00:10:29,590 --> 00:10:26,640

probably going to be familiar with exo

279

00:10:31,269 --> 00:10:29,600

academia and uh you know he's he's very

280

00:10:33,190 --> 00:10:31,279

serious about the work

281

00:10:35,110 --> 00:10:33,200

um and especially

282

00:10:36,310 --> 00:10:35,120

articulate when it comes to like

283

00:10:38,550 --> 00:10:36,320

difficult

284

00:10:41,509 --> 00:10:38,560

uh topics to kind of trying to put

285

00:10:43,269 --> 00:10:41,519

verbiage to and frameworks too

286

00:10:45,030 --> 00:10:43,279

and he does an excellent job i think

287

00:10:47,509 --> 00:10:45,040

breaking it down where it's like wow

288

00:10:49,990 --> 00:10:47,519

okay you know i can kind of see that

289

00:10:52,470 --> 00:10:50,000

so and and i think that uh you know

290

00:10:54,230 --> 00:10:52,480

there's power in in bringing this

291

00:10:55,750 --> 00:10:54,240

conversation into the center of new york

292

00:10:58,069 --> 00:10:55,760

city for the public

293

00:11:00,470 --> 00:10:58,079

basically um is almost like a statement

294

00:11:02,630 --> 00:11:00,480

of the times that we're in uh and and

295

00:11:05,829 --> 00:11:02,640

the progress we've made so i'm i'm

296

00:11:07,829 --> 00:11:05,839

really uh kind of honored to be able to

297

00:11:09,910 --> 00:11:07,839

help for to facilitate something like

298

00:11:12,630 --> 00:11:09,920

you know that stature and again it's

299

00:11:13,990 --> 00:11:12,640

like what why hasn't there been events

300

00:11:15,910 --> 00:11:14,000

like this in new york city on the

301

00:11:17,190 --> 00:11:15,920

regular and i get it it is it is

302

00:11:20,550 --> 00:11:17,200

difficult but

303

00:11:21,350 --> 00:11:20,560

um not impossible and i think that this

304

00:11:23,590 --> 00:11:21,360

you know

305

00:11:26,150 --> 00:11:23,600

there should be many more dialogues like

306

00:11:29,030 --> 00:11:26,160

this on the east coast and again i work

307

00:11:31,430 --> 00:11:29,040

in in midtown manhattan and

308

00:11:33,670 --> 00:11:31,440

i'm talking to people all the time you

309

00:11:36,710 --> 00:11:33,680

know whether i'm commuting or or

310

00:11:38,470 --> 00:11:36,720

whatever it is about the subject and

311

00:11:41,110 --> 00:11:38,480

there's there's rarely a time when i

312

00:11:43,590 --> 00:11:41,120

bring it up and there's not interest you

313

00:11:45,030 --> 00:11:43,600

know even even if it's mild interest you

314

00:11:47,350 --> 00:11:45,040

know not everybody's going to be up

315

00:11:49,030 --> 00:11:47,360

speed uh like a ufo researcher but

316

00:11:50,389 --> 00:11:49,040

there's certainly interest

317

00:11:51,110 --> 00:11:50,399

um

318

00:11:52,870 --> 00:11:51,120

so

319

00:11:54,230 --> 00:11:52,880

again i think it's it's kind of powerful

320

00:11:56,150 --> 00:11:54,240

kind of the

321

00:11:59,350 --> 00:11:56,160

to have a conversation like this you

322

00:12:00,310 --> 00:11:59,360

know professor gary nolan and tim and xo

323

00:12:02,150 --> 00:12:00,320

you know

324

00:12:03,829 --> 00:12:02,160

discussing the phenomenon and anomalous

325

00:12:06,949 --> 00:12:03,839

experiences right in right in new york

326

00:12:11,269 --> 00:12:09,590

yeah that kind of leads me to

327

00:12:13,670 --> 00:12:11,279

what you know i did want to get your

328

00:12:16,629 --> 00:12:13,680

take on a little bit as as far as gary

329

00:12:19,269 --> 00:12:16,639

nolan ross goldhart on um unless there's

330

00:12:21,190 --> 00:12:19,279

anything else you guys wanted to say on

331

00:12:23,670 --> 00:12:21,200

the event before we

332

00:12:25,990 --> 00:12:23,680

get into the ross coldheart documentary

333

00:12:28,550 --> 00:12:26,000

oh i'm sure that the event will come up

334

00:12:31,350 --> 00:12:28,560

on on this show and other shows plenty

335

00:12:33,670 --> 00:12:31,360

between now and oh this is it man

336

00:12:35,110 --> 00:12:33,680

this is our one shot

337

00:12:37,590 --> 00:12:35,120

well just just before we end it with

338

00:12:40,150 --> 00:12:37,600

that uh um jay do you wanna you wanna

339

00:12:42,710 --> 00:12:40,160

say when tickets are gonna be available

340

00:12:45,670 --> 00:12:42,720

oh sure yeah um live stream tickets are

341

00:12:48,069 --> 00:12:45,680

going to be available starting tomorrow

342

00:12:50,470 --> 00:12:48,079

uh in-person tickets will

343

00:12:53,350 --> 00:12:50,480

will we anticipate being able to have

344

00:12:54,790 --> 00:12:53,360

them up a week from tomorrow so live

345

00:12:57,030 --> 00:12:54,800

stream tickets are going to be available

346

00:12:59,110 --> 00:12:57,040

this friday and in-person tickets which

347

00:13:00,069 --> 00:12:59,120

are very limited will be available next

348

00:13:02,550 --> 00:13:00,079

friday

349

00:13:04,629 --> 00:13:02,560

okay where can they find them

350

00:13:06,470 --> 00:13:04,639

oh uh i'll post a we're going to post a

351

00:13:08,310 --> 00:13:06,480

link everywhere we can post one in the

352

00:13:09,910 --> 00:13:08,320

comments for this video and we can edit

353

00:13:11,269 --> 00:13:09,920

it into the show notes

354

00:13:13,269 --> 00:13:11,279

and yeah

355

00:13:15,030 --> 00:13:13,279

yeah absolutely i'm i'm really looking

356

00:13:17,030 --> 00:13:15,040

forward to it it's going to be cool it's

357

00:13:19,030 --> 00:13:17,040

a they're limited tickets

358

00:13:20,389 --> 00:13:19,040

the live streaming is going to be

359

00:13:22,870 --> 00:13:20,399

through a zoom conference so we're going

360

00:13:26,710 --> 00:13:22,880

to be limited to about a thousand people

361

00:13:29,670 --> 00:13:26,720

and uh for the live where the theater

362

00:13:31,670 --> 00:13:29,680

only has 140 seats and that includes for

363

00:13:34,069 --> 00:13:31,680

like james and i and other people yeah

364

00:13:35,269 --> 00:13:34,079

so so it's a very limited situation but

365

00:13:36,870 --> 00:13:35,279

we just figured you know that's the

366

00:13:39,189 --> 00:13:36,880

first event that we're doing of this

367

00:13:42,629 --> 00:13:39,199

kind we should kind of like put a box

368

00:13:45,110 --> 00:13:42,639

around it and see how that works um and

369

00:13:46,629 --> 00:13:45,120

yeah well next time next time you know

370

00:13:48,230 --> 00:13:46,639

where you can find some great intro

371

00:13:49,829 --> 00:13:48,240

music

372

00:13:51,750 --> 00:13:49,839

absolutely

373

00:13:53,670 --> 00:13:51,760

yeah well we should get you they have a

374

00:13:55,110 --> 00:13:53,680

projector there like we could definitely

375

00:13:56,710 --> 00:13:55,120

i mean you know if you're throwing

376

00:13:58,550 --> 00:13:56,720

yourself out there with some free you

377

00:13:59,829 --> 00:13:58,560

know if you want to get paid in credit

378

00:14:01,990 --> 00:13:59,839

you know man

379

00:14:03,509 --> 00:14:02,000

absolutely i would i would love to

380

00:14:05,590 --> 00:14:03,519

perform for an event like that i think

381

00:14:07,430 --> 00:14:05,600

it would be great uh maybe yeah some

382

00:14:08,470 --> 00:14:07,440

other time or whatever

383

00:14:13,509 --> 00:14:08,480

um

384

00:14:17,350 --> 00:14:13,519

then he followed up with a piece of uh

385

00:14:19,670 --> 00:14:17,360

his podcast uh need to know where seven

386

00:14:21,350 --> 00:14:19,680

news kind of jumped in and sponsored it

387

00:14:24,230 --> 00:14:21,360

and they did an episode of their podcast

388

00:14:27,910 --> 00:14:24,240

need to know um and i thought both

389

00:14:31,030 --> 00:14:27,920

pieces were just uh excellent and really

390

00:14:33,750 --> 00:14:31,040

solidified to me his place in ufology

391

00:14:35,269 --> 00:14:33,760

and what he means to this community

392

00:14:39,990 --> 00:14:35,279

which is a lot

393

00:14:42,069 --> 00:14:40,000

um he has such a uh an elegant and

394

00:14:45,350 --> 00:14:42,079

thoughtful and insightful way of

395

00:14:46,870 --> 00:14:45,360

tackling this um this topic that really

396

00:14:49,910 --> 00:14:46,880

gets me excited

397

00:14:52,069 --> 00:14:49,920

um to be quite frank um i wanted to get

398

00:14:54,310 --> 00:14:52,079

your guys's takeaways of of what she

399

00:14:55,829 --> 00:14:54,320

thought of his work over the last few

400

00:14:57,590 --> 00:14:55,839

days and and what are some of the things

401
00:14:59,430 --> 00:14:57,600
that stood out to you i'm sure gary

402
00:15:02,710 --> 00:14:59,440
nolan probably didn't the wilson davis

403
00:15:04,710 --> 00:15:02,720
notes did for you james

404
00:15:06,710 --> 00:15:04,720
yeah that that was excellent and you

405
00:15:08,710 --> 00:15:06,720
know the thing i love about ross is he

406
00:15:11,430 --> 00:15:08,720
doesn't hold punches i mean he's

407
00:15:12,710 --> 00:15:11,440
he's going for it uh in in all of his

408
00:15:15,110 --> 00:15:12,720
work you know

409
00:15:17,829 --> 00:15:15,120
um but he's done the work he's done the

410
00:15:19,990 --> 00:15:17,839
research he's spoken to the people and

411
00:15:22,790 --> 00:15:20,000
you know obviously he has to keep

412
00:15:24,230 --> 00:15:22,800
uh confidences and certain regards uh

413
00:15:25,910 --> 00:15:24,240

because that you have to protect your

414

00:15:27,990 --> 00:15:25,920

sources if you're doing serious work

415

00:15:30,470 --> 00:15:28,000

anybody in this field knows that

416

00:15:31,990 --> 00:15:30,480

and you know again he got to see that

417

00:15:32,790 --> 00:15:32,000

the photo

418

00:15:34,710 --> 00:15:32,800

um

419

00:15:36,949 --> 00:15:34,720

like you know via tim burchard i thought

420

00:15:38,790 --> 00:15:36,959

that was awesome hopefully at some point

421

00:15:41,910 --> 00:15:38,800

the public gets to see that

422

00:15:42,790 --> 00:15:41,920

uh but i i thought it was great

423

00:15:45,030 --> 00:15:42,800

that

424

00:15:47,590 --> 00:15:45,040

you know he got to include dr

425

00:15:49,430 --> 00:15:47,600

gary nolan in it and i'm really glad

426

00:15:50,389 --> 00:15:49,440

that they discussed the wilson davis

427

00:15:58,550 --> 00:15:50,399

notes

428

00:15:59,749 --> 00:15:58,560

before they were really circulating

429

00:16:01,670 --> 00:15:59,759

around

430

00:16:03,749 --> 00:16:01,680

you know gary was one of the first

431

00:16:05,829 --> 00:16:03,759

people that i spoke to about it you know

432

00:16:07,749 --> 00:16:05,839

um and

433

00:16:10,230 --> 00:16:07,759

you know so i was able to get his take

434

00:16:11,910 --> 00:16:10,240

and so but hearing him

435

00:16:13,430 --> 00:16:11,920

you know talk about it kind of like on a

436

00:16:14,389 --> 00:16:13,440

mainstream thing i think is really

437

00:16:15,829 --> 00:16:14,399

powerful

438

00:16:17,189 --> 00:16:15,839

you know especially given the fact that

439

00:16:20,150 --> 00:16:17,199

they were put into the congressional

440

00:16:21,910 --> 00:16:20,160

record and you know again i know

441

00:16:24,310 --> 00:16:21,920

people people are still going to debate

442

00:16:25,749 --> 00:16:24,320

the veracity of the notes

443

00:16:27,749 --> 00:16:25,759

right sure

444

00:16:29,749 --> 00:16:27,759

and people have good right i mean that's

445

00:16:32,230 --> 00:16:29,759

a natural thing to do right

446

00:16:33,990 --> 00:16:32,240

it is it is um

447

00:16:37,990 --> 00:16:34,000

but i mean when you have everybody

448

00:16:39,350 --> 00:16:38,000

that's that's around eric um

449

00:16:40,870 --> 00:16:39,360

basically

450

00:16:43,110 --> 00:16:40,880

you know supporting

451
00:16:45,189 --> 00:16:43,120
the notes as being legitimate

452
00:16:48,629 --> 00:16:45,199
uh you know as far as they can really go

453
00:16:50,310 --> 00:16:48,639
i think that that says something

454
00:16:52,949 --> 00:16:50,320
yeah what about you jay what do you

455
00:17:01,509 --> 00:16:52,959
think tell me your deepest secrets

456
00:17:09,429 --> 00:17:03,350
brilliant as

457
00:17:10,309 --> 00:17:09,439
navigate the situation of like

458
00:17:12,949 --> 00:17:10,319
of

459
00:17:14,949 --> 00:17:12,959
you know not necessarily not saying

460
00:17:18,390 --> 00:17:14,959
outright that eric davis told them that

461
00:17:20,069 --> 00:17:18,400
they're real but you know the the i

462
00:17:21,990 --> 00:17:20,079
think his phrasing was

463
00:17:23,590 --> 00:17:22,000

you know i you know eric davis is a very

464

00:17:25,829 --> 00:17:23,600

good friend of mine i know eric davis

465

00:17:27,990 --> 00:17:25,839

really well and he can't lie about stuff

466

00:17:29,350 --> 00:17:28,000

uh so you know i know about i know about

467

00:17:31,029 --> 00:17:29,360

these documents

468

00:17:33,510 --> 00:17:31,039

something along those lines was what he

469

00:17:36,230 --> 00:17:33,520

was generally saying right and it

470

00:17:38,710 --> 00:17:36,240

actually is pretty much merges

471

00:17:41,270 --> 00:17:38,720

very closely with what jacques vallee

472

00:17:45,669 --> 00:17:41,280

said on james's show

473

00:17:49,909 --> 00:17:47,750

whether those there was merit to those

474

00:17:50,630 --> 00:17:49,919

notes do you remember that james i'm

475

00:17:52,950 --> 00:17:50,640

sure

476

00:17:54,230 --> 00:17:52,960

yeah i mean i was i couldn't wait to ask

477

00:17:55,430 --> 00:17:54,240

jack valet

478

00:17:57,430 --> 00:17:55,440

because again

479

00:17:58,950 --> 00:17:57,440

valet and his newest book trinity the

480

00:18:00,630 --> 00:17:58,960

best kept secret

481

00:18:02,470 --> 00:18:00,640

i mean it was obviously he made it a

482

00:18:04,470 --> 00:18:02,480

point to include it in the in the

483

00:18:06,390 --> 00:18:04,480

glossary of the book it's like not

484

00:18:07,590 --> 00:18:06,400

talked about much like in the book at

485

00:18:09,590 --> 00:18:07,600

all but you go

486

00:18:11,590 --> 00:18:09,600

into the back and and like there it is

487

00:18:13,029 --> 00:18:11,600

and you know wri and basically printed

488

00:18:15,190 --> 00:18:13,039

in history now

489

00:18:16,710 --> 00:18:15,200

you know discussing the notes

490

00:18:18,230 --> 00:18:16,720

um

491

00:18:20,070 --> 00:18:18,240

you know the background of the notes and

492

00:18:22,070 --> 00:18:20,080

it's like why would he include that in

493

00:18:25,750 --> 00:18:22,080

his newest book right just

494

00:18:27,430 --> 00:18:25,760

randomly uh and and you know again any

495

00:18:28,710 --> 00:18:27,440

anytime we're talking about the wilson

496

00:18:30,549 --> 00:18:28,720

davis notes

497

00:18:33,669 --> 00:18:30,559

i think we got to give uh you know a

498

00:18:37,029 --> 00:18:33,679

huge shout out and and you know major

499

00:18:39,110 --> 00:18:37,039

respect to um you know ufo google

500

00:18:42,070 --> 00:18:39,120

uh

501
00:18:45,350 --> 00:18:42,080
juliano marinkovic giuliano morenkovic

502
00:18:47,830 --> 00:18:45,360
because uh you know the work that he has

503
00:18:50,230 --> 00:18:47,840
has done on on the the wilson davis

504
00:18:53,590 --> 00:18:50,240
notes in the history the chronology

505
00:18:55,430 --> 00:18:53,600
and even details that aren't generally

506
00:18:58,789 --> 00:18:55,440
public about it but helped researchers

507
00:19:01,110 --> 00:18:58,799
find the trail uh is you know

508
00:19:04,549 --> 00:19:01,120
is immaculate and uh you know major

509
00:19:05,990 --> 00:19:04,559
credit to him for for doing that and um

510
00:19:08,549 --> 00:19:06,000
and again he's

511
00:19:10,549 --> 00:19:08,559
juliano had assisted

512
00:19:12,789 --> 00:19:10,559
in the background for other researchers

513
00:19:14,470 --> 00:19:12,799

that you even took the lead on it and

514

00:19:17,669 --> 00:19:14,480

giuliana was working on it in the back

515

00:19:20,070 --> 00:19:17,679

and still does you know and

516

00:19:21,750 --> 00:19:20,080

you know giuliano found that clip of of

517

00:19:26,549 --> 00:19:21,760

edgar mitchell

518

00:19:27,510 --> 00:19:26,559

2010 two two different times one month

519

00:19:30,710 --> 00:19:27,520

apart

520

00:19:32,789 --> 00:19:30,720

um one one was a magazine interview and

521

00:19:35,350 --> 00:19:32,799

the other was a

522

00:19:38,789 --> 00:19:35,360

like a audio radio interview

523

00:19:41,430 --> 00:19:38,799

and dr edgar mitchell in 2010 way before

524

00:19:46,150 --> 00:19:41,440

these notes were circulating

525

00:19:47,590 --> 00:19:46,160

was talking about how he knew an admiral

526
00:19:48,549 --> 00:19:47,600
who had

527
00:19:49,909 --> 00:19:48,559
found

528
00:19:51,750 --> 00:19:49,919
these

529
00:19:54,150 --> 00:19:51,760
unacknowledged special access programs

530
00:19:56,789 --> 00:19:54,160
dealing with reverse engineering

531
00:19:59,990 --> 00:19:56,799
uh and you know secret programs black

532
00:20:03,270 --> 00:20:00,000
programs any new uh a scientist with you

533
00:20:04,310 --> 00:20:03,280
know classified background aka eric

534
00:20:06,470 --> 00:20:04,320
uh

535
00:20:08,310 --> 00:20:06,480
and and eric had a meeting with him in

536
00:20:10,950 --> 00:20:08,320
las vegas

537
00:20:12,870 --> 00:20:10,960
so he confirms the area where the

538
00:20:13,909 --> 00:20:12,880

alleged meeting happened

539

00:20:15,990 --> 00:20:13,919

and

540

00:20:20,149 --> 00:20:16,000

there was no way there was no rumor of

541

00:20:25,190 --> 00:20:22,149

gary didn't say he saw the notes because

542

00:20:27,909 --> 00:20:25,200

he he couldn't have right uh but he knew

543

00:20:28,950 --> 00:20:27,919

of them so i'll just say that

544

00:20:31,110 --> 00:20:28,960

um

545

00:20:33,990 --> 00:20:31,120

but richard dolan did

546

00:20:36,149 --> 00:20:34,000

and other reporters that have not went

547

00:20:38,710 --> 00:20:36,159

on the record and said that they did did

548

00:20:40,950 --> 00:20:38,720

um saw two pages of the notes in in like

549

00:20:41,909 --> 00:20:40,960

2008-2009

550

00:20:44,710 --> 00:20:41,919

so

551

00:20:46,390 --> 00:20:44,720

i mean those are all i think indicators

552

00:20:47,350 --> 00:20:46,400

of something to it

553

00:20:49,190 --> 00:20:47,360

and

554

00:20:50,630 --> 00:20:49,200

you know now personally for me yeah just

555

00:20:53,270 --> 00:20:50,640

on the wilson davis notes i think the

556

00:20:55,510 --> 00:20:53,280

meeting happened and that the the notes

557

00:20:56,870 --> 00:20:55,520

were as as even gary said that's what an

558

00:20:59,750 --> 00:20:56,880

intelligence officer does he makes a

559

00:21:02,070 --> 00:20:59,760

report of what he's been doing so yeah

560

00:21:04,789 --> 00:21:02,080

i think one one point i wanted to to

561

00:21:06,549 --> 00:21:04,799

make uh to go back to uh jacques valet a

562

00:21:09,110 --> 00:21:06,559

little bit is

563

00:21:11,110 --> 00:21:09,120

you know when you actually read his work

564

00:21:13,029 --> 00:21:11,120

you know a lot of people that who who

565

00:21:16,149 --> 00:21:13,039

don't research him

566

00:21:17,430 --> 00:21:16,159

may think he's just all about woo in it

567

00:21:19,190 --> 00:21:17,440

you know and he's full in on

568

00:21:20,950 --> 00:21:19,200

experiencers and

569

00:21:22,470 --> 00:21:20,960

you know he just believes everything

570

00:21:24,870 --> 00:21:22,480

right like that's like kind of a

571

00:21:25,750 --> 00:21:24,880

superficial way that people may look at

572

00:21:27,669 --> 00:21:25,760

him

573

00:21:30,710 --> 00:21:27,679

um if they don't actually research but

574

00:21:32,070 --> 00:21:30,720

if you actually read his books he's very

575

00:21:34,230 --> 00:21:32,080

um

576
00:21:37,110 --> 00:21:34,240
he doesn't buy everything and he breaks

577
00:21:39,510 --> 00:21:37,120
everything down and proves things to be

578
00:21:41,510 --> 00:21:39,520
false or a lie if possible and when he

579
00:21:43,430 --> 00:21:41,520
came out and said that maybe things are

580
00:21:45,270 --> 00:21:43,440
interdimensional you know like john keel

581
00:21:46,630 --> 00:21:45,280
did like he got a lot of pushback in the

582
00:21:48,630 --> 00:21:46,640
ufo community because he wasn't

583
00:21:50,310 --> 00:21:48,640
concerned with being popular he wanted

584
00:21:52,549 --> 00:21:50,320
to be accurate and put the best

585
00:21:54,630 --> 00:21:52,559
investigative work forward and so when

586
00:21:57,590 --> 00:21:54,640
he's like talking about the wilson notes

587
00:21:58,470 --> 00:21:57,600
and vouching it for it in different ways

588
00:22:01,110 --> 00:21:58,480

um

589

00:22:02,710 --> 00:22:01,120

like that should be a very significant

590

00:22:06,070 --> 00:22:02,720

thing for people

591

00:22:07,830 --> 00:22:06,080

in in my opinion you know oh and and one

592

00:22:10,470 --> 00:22:07,840

more thing on that is and again

593

00:22:13,350 --> 00:22:10,480

something um i don't know if it was

594

00:22:15,669 --> 00:22:13,360

giuliano giuliano who who discovered it

595

00:22:17,110 --> 00:22:15,679

but he wrote an article on it and he

596

00:22:18,390 --> 00:22:17,120

pointed it out and added it to the

597

00:22:19,350 --> 00:22:18,400

chronology

598

00:22:22,070 --> 00:22:19,360

is that

599

00:22:22,950 --> 00:22:22,080

valet you know actually in villa

600

00:22:26,230 --> 00:22:22,960

um

601
00:22:28,070 --> 00:22:26,240
when when he met with diana solka and

602
00:22:30,230 --> 00:22:28,080
she said which book should i read first

603
00:22:32,549 --> 00:22:30,240
when he gave her some of his books and

604
00:22:34,630 --> 00:22:32,559
he said this one and there was stratagem

605
00:22:35,430 --> 00:22:34,640
you know it's his not it's his fiction

606
00:22:39,669 --> 00:22:35,440
book

607
00:22:42,310 --> 00:22:39,679
identical story

608
00:22:44,390 --> 00:22:42,320
of of the wilson davis meeting you know

609
00:22:46,070 --> 00:22:44,400
this guy you know this intelligence

610
00:22:46,710 --> 00:22:46,080
officer who has a meeting with this guy

611
00:22:53,110 --> 00:22:46,720
and

612
00:22:54,870 --> 00:22:53,120
based that story

613
00:22:56,470 --> 00:22:54,880

on the wilson davis meeting when he

614

00:22:58,630 --> 00:22:56,480

wrote that book

615

00:23:00,149 --> 00:22:58,640

yeah it's f it's funny how these authors

616

00:23:02,870 --> 00:23:00,159

are putting in the the truth and the

617

00:23:04,070 --> 00:23:02,880

fiction books like time to long hair

618

00:23:06,310 --> 00:23:04,080

absolutely

619

00:23:08,470 --> 00:23:06,320

well speaking of which you know

620

00:23:12,070 --> 00:23:08,480

james you've had an incredible

621

00:23:14,470 --> 00:23:12,080

uh string of interviews lately since you

622

00:23:17,190 --> 00:23:14,480

uh restarted the engaging the phenomenon

623

00:23:19,590 --> 00:23:17,200

channel a couple months ago and recently

624

00:23:22,630 --> 00:23:19,600

you've had on jim simivan and peter

625

00:23:23,669 --> 00:23:22,640

lavinda and of course peter lavinda um

626

00:23:24,630 --> 00:23:23,679

has

627

00:23:28,070 --> 00:23:24,640

is

628

00:23:31,590 --> 00:23:28,080

co-wrote um the recent series of

629

00:23:34,070 --> 00:23:31,600

non-fiction um to the stars books

630

00:23:35,590 --> 00:23:34,080

in the gods man and war series

631

00:23:38,310 --> 00:23:35,600

so

632

00:23:41,190 --> 00:23:38,320

maybe first of all what was

633

00:23:42,549 --> 00:23:41,200

what has been the most surprising or

634

00:23:44,710 --> 00:23:42,559

eye-opening

635

00:23:46,789 --> 00:23:44,720

thing that you learned from peter

636

00:23:48,470 --> 00:23:46,799

lavenda

637

00:23:51,110 --> 00:23:48,480

good question because that's gonna be

638

00:23:53,190 --> 00:23:51,120

impossible to answer that's real that's

639

00:23:55,510 --> 00:23:53,200

that's really tough um

640

00:23:58,230 --> 00:23:55,520

i mean from lavender

641

00:24:00,549 --> 00:23:58,240

and this this is not um

642

00:24:03,590 --> 00:24:00,559

this is kind of like a reformation of

643

00:24:05,190 --> 00:24:03,600

your question in a sense um because it's

644

00:24:07,269 --> 00:24:05,200

i love lavender because he has such a

645

00:24:08,950 --> 00:24:07,279

diverse background and he you know

646

00:24:10,789 --> 00:24:08,960

um

647

00:24:13,029 --> 00:24:10,799

and other than the kind of like vast

648

00:24:15,430 --> 00:24:13,039

knowledge that he pulls on and and his

649

00:24:17,830 --> 00:24:15,440

he has these immaculate sources so like

650

00:24:20,230 --> 00:24:17,840

i remember when i was re when when

651
00:24:22,630 --> 00:24:20,240
god's man wore the first book gods came

652
00:24:25,510 --> 00:24:22,640
out i i got it right away

653
00:24:27,430 --> 00:24:25,520
um just because i knew that that tom was

654
00:24:28,870 --> 00:24:27,440
you know whether you like him or not or

655
00:24:31,190 --> 00:24:28,880
you know whether

656
00:24:33,990 --> 00:24:31,200
you know whatever your take on him is

657
00:24:35,590 --> 00:24:34,000
that you know he was definitely being he

658
00:24:37,029 --> 00:24:35,600
was definitely connected to insiders

659
00:24:37,909 --> 00:24:37,039
that's that wasn't a question so i said

660
00:24:39,590 --> 00:24:37,919
okay

661
00:24:41,190 --> 00:24:39,600
let me see what's in here let me see if

662
00:24:42,230 --> 00:24:41,200
they gave him any goodies or whatever it

663
00:24:43,669 --> 00:24:42,240

is

664

00:24:45,590 --> 00:24:43,679

and

665

00:24:48,070 --> 00:24:45,600

so when i was reading the first book

666

00:24:49,669 --> 00:24:48,080

gods by lavender there was just so

667

00:24:53,029 --> 00:24:49,679

there's just so much in there i mean

668

00:24:55,590 --> 00:24:53,039

like you could spend

669

00:24:57,430 --> 00:24:55,600

probably years researching

670

00:24:59,510 --> 00:24:57,440

the stuff that's in there i mean if you

671

00:25:01,750 --> 00:24:59,520

take source by source by source and

672

00:25:03,990 --> 00:25:01,760

everything that he cited i mean because

673

00:25:06,950 --> 00:25:04,000

of that book i mean we all saw the cia

674

00:25:08,470 --> 00:25:06,960

documents on psychic phenomenon but

675

00:25:10,230 --> 00:25:08,480

when i was reading the book i came

676

00:25:12,310 --> 00:25:10,240

across you know again a source he said

677

00:25:15,430 --> 00:25:12,320

i'm like oh where's this from uh the

678

00:25:17,510 --> 00:25:15,440

terminology anomalous mental phenomena

679

00:25:20,470 --> 00:25:17,520

which is talking about psy right psychic

680

00:25:22,390 --> 00:25:20,480

phenomenon and that paper was a cia

681

00:25:23,350 --> 00:25:22,400

paper that was i think co-written with

682

00:25:24,789 --> 00:25:23,360

um

683

00:25:26,950 --> 00:25:24,799

seic

684

00:25:29,669 --> 00:25:26,960

and you know their big

685

00:25:32,950 --> 00:25:29,679

player in this in this game of alleged

686

00:25:35,350 --> 00:25:32,960

ufo materials and ufo studies and legacy

687

00:25:37,350 --> 00:25:35,360

programs you know um

688

00:25:38,950 --> 00:25:37,360

prominent researchers had

689

00:25:40,549 --> 00:25:38,960

have tied them even though it sounds

690

00:25:43,190 --> 00:25:40,559

conspiratorial

691

00:25:45,190 --> 00:25:43,200

um at least it did maybe back then but i

692

00:25:47,110 --> 00:25:45,200

think now it's kind of more apparent

693

00:25:48,870 --> 00:25:47,120

that some of these you know corporations

694

00:25:50,870 --> 00:25:48,880

and industry players

695

00:25:52,470 --> 00:25:50,880

had some kind of connection and you know

696

00:25:54,310 --> 00:25:52,480

again here they are talking about the

697

00:25:56,710 --> 00:25:54,320

anomalous mental phenomena they've also

698

00:25:58,549 --> 00:25:56,720

been tied to things like again you know

699

00:26:00,630 --> 00:25:58,559

reverse engineering programs or

700

00:26:01,590 --> 00:26:00,640

materials yeah that kind of thing

701
00:26:02,630 --> 00:26:01,600
um

702
00:26:05,510 --> 00:26:02,640
but

703
00:26:07,430 --> 00:26:05,520
lavender otherwise i mean

704
00:26:09,110 --> 00:26:07,440
again it's just like every if you look

705
00:26:10,390 --> 00:26:09,120
at lavender's work there's just so much

706
00:26:11,510 --> 00:26:10,400
there it's like i don't even know where

707
00:26:12,630 --> 00:26:11,520
to start

708
00:26:13,830 --> 00:26:12,640
it's not

709
00:26:15,909 --> 00:26:13,840
but

710
00:26:18,470 --> 00:26:15,919
kind of like beyond that i think

711
00:26:19,669 --> 00:26:18,480
lavender is a very bright thinker and he

712
00:26:21,990 --> 00:26:19,679
has a way

713
00:26:23,990 --> 00:26:22,000

of like synthesizing an insight and just

714

00:26:26,230 --> 00:26:24,000

like boom and it's like it'll be like a

715

00:26:29,029 --> 00:26:26,240

one-liner or you know i've made several

716

00:26:30,710 --> 00:26:29,039

infographics on lavender uh or memes

717

00:26:32,789 --> 00:26:30,720

whatever you want to call them uh

718

00:26:34,710 --> 00:26:32,799

because he has so many great quotes like

719

00:26:35,830 --> 00:26:34,720

it's hard for me to either listen to

720

00:26:37,830 --> 00:26:35,840

lavender

721

00:26:39,669 --> 00:26:37,840

or or read something from an event and

722

00:26:42,070 --> 00:26:39,679

not walk away with the quote was like

723

00:26:45,190 --> 00:26:42,080

damn he's he's uh he's got it with this

724

00:26:46,390 --> 00:26:45,200

one so um lavender is just super

725

00:26:48,549 --> 00:26:46,400

insightful

726

00:26:50,070 --> 00:26:48,559

and he has immaculate sources and

727

00:26:51,430 --> 00:26:50,080

sourcing when he when he does his

728

00:26:53,909 --> 00:26:51,440

research

729

00:26:56,230 --> 00:26:53,919

yeah i completely agree i mean he's he's

730

00:26:57,350 --> 00:26:56,240

also for for people in the audience that

731

00:26:59,110 --> 00:26:57,360

haven't

732

00:27:00,149 --> 00:26:59,120

really heard his name very much peter

733

00:27:01,430 --> 00:27:00,159

levin

734

00:27:03,590 --> 00:27:01,440

one of the things here is that peter

735

00:27:07,029 --> 00:27:03,600

lavinda does not do many interviews he

736

00:27:09,190 --> 00:27:07,039

just doesn't it's not a thing and so um

737

00:27:12,149 --> 00:27:09,200

and so even just james getting peter

738

00:27:14,950 --> 00:27:12,159

lavinda on is pretty amazing um and i

739

00:27:17,669 --> 00:27:14,960

know that it took a lot of of work and

740

00:27:18,549 --> 00:27:17,679

time to kind of get to that point but

741

00:27:22,149 --> 00:27:18,559

you know

742

00:27:23,909 --> 00:27:22,159

for those of you that don't know um it's

743

00:27:26,070 --> 00:27:23,919

or haven't heard james's interview it's

744

00:27:28,230 --> 00:27:26,080

absolutely worth listening to and

745

00:27:29,750 --> 00:27:28,240

like not just that it's like probably

746

00:27:31,990 --> 00:27:29,760

the favorite my favorite thing that i've

747

00:27:34,710 --> 00:27:32,000

heard and that i've listened to the most

748

00:27:36,389 --> 00:27:34,720

over the last month but peter lavinda is

749

00:27:38,630 --> 00:27:36,399

a really fascinating guy because he has

750

00:27:41,430 --> 00:27:38,640

a really unique take

751
00:27:43,350 --> 00:27:41,440
on kind of our field in general and on

752
00:27:44,630 --> 00:27:43,360
anomalous studies

753
00:27:46,310 --> 00:27:44,640
in general

754
00:27:48,710 --> 00:27:46,320
because he's coming not just from

755
00:27:50,470 --> 00:27:48,720
ufology is also coming from

756
00:27:53,029 --> 00:27:50,480
uh this kind of

757
00:27:54,870 --> 00:27:53,039
event of the occult and like secret

758
00:27:56,149 --> 00:27:54,880
societies and

759
00:27:58,310 --> 00:27:56,159
and kind of

760
00:28:00,470 --> 00:27:58,320
backroom political machinations and

761
00:28:03,190 --> 00:28:00,480
things like that that a lot of other

762
00:28:05,990 --> 00:28:03,200
people don't get into he's really he

763
00:28:09,029 --> 00:28:06,000

really has an interesting and kind of

764

00:28:12,070 --> 00:28:09,039

classy take on looking at the cd

765

00:28:12,950 --> 00:28:12,080

underbelly of of thought

766

00:28:15,350 --> 00:28:12,960

and

767

00:28:16,470 --> 00:28:15,360

surrounding kind of power

768

00:28:29,190 --> 00:28:16,480

and

769

00:28:31,830 --> 00:28:29,200

that would be interested in human

770

00:28:34,149 --> 00:28:31,840

initiated contact as as like a primary

771

00:28:35,990 --> 00:28:34,159

point of reference might be particularly

772

00:28:38,389 --> 00:28:36,000

interested in peter lovinda if that

773

00:28:39,669 --> 00:28:38,399

makes sense

774

00:28:41,510 --> 00:28:39,679

yeah i mean

775

00:28:44,070 --> 00:28:41,520

i just want to say one one thing is that

776

00:28:46,230 --> 00:28:44,080

i think he's one of the most underrated

777

00:28:47,830 --> 00:28:46,240

you know researchers and authors in the

778

00:28:49,590 --> 00:28:47,840

field of

779

00:28:52,789 --> 00:28:49,600

these kind of studies because for sure

780

00:28:54,789 --> 00:28:52,799

again he's so clear and and um

781

00:28:57,750 --> 00:28:54,799

again if yeah if you listen to him or

782

00:28:58,470 --> 00:28:57,760

look at his work it's just excellent

783

00:29:00,789 --> 00:28:58,480

yeah

784

00:29:02,789 --> 00:29:00,799

he's uh you know kind of awful what jay

785

00:29:05,029 --> 00:29:02,799

was saying is just

786

00:29:07,269 --> 00:29:05,039

listening to that interview

787

00:29:11,190 --> 00:29:07,279

you you take away from it but man this

788

00:29:13,269 --> 00:29:11,200

guy is so well-rounded you know he like

789

00:29:14,789 --> 00:29:13,279

in the in this field what i've seen you

790

00:29:16,870 --> 00:29:14,799

know and it's not a bad or good thing

791

00:29:17,909 --> 00:29:16,880

people find their niche they go after it

792

00:29:20,549 --> 00:29:17,919

all good

793

00:29:22,789 --> 00:29:20,559

um but he's into the old blue book

794

00:29:24,149 --> 00:29:22,799

documents he's into the old occult stuff

795

00:29:30,149 --> 00:29:24,159

he's into

796

00:29:32,789 --> 00:29:30,159

you know what's happening now you know

797

00:29:34,630 --> 00:29:32,799

he's he's into absolutely everything and

798

00:29:35,590 --> 00:29:34,640

i feel like that's

799

00:29:37,510 --> 00:29:35,600

really

800

00:29:39,190 --> 00:29:37,520

realistically the only way you can come

801
00:29:41,590 --> 00:29:39,200
up with the clearest picture possible

802
00:29:43,190 --> 00:29:41,600
for what's happening with the phenomenon

803
00:29:45,990 --> 00:29:43,200
is by searching in all these different

804
00:29:47,430 --> 00:29:46,000
baskets because there's truth everywhere

805
00:29:49,269 --> 00:29:47,440
and if you don't look in all those

806
00:29:50,950 --> 00:29:49,279
you're going to miss one and now you can

807
00:29:52,549 --> 00:29:50,960
work around that by working with you

808
00:29:54,310 --> 00:29:52,559
know other people that are

809
00:29:55,909 --> 00:29:54,320
you know good at this or that you come

810
00:29:57,750 --> 00:29:55,919
together and do things but you know he

811
00:30:00,710 --> 00:29:57,760
took it upon himself to

812
00:30:02,310 --> 00:30:00,720
you know um kind of reaching all those

813
00:30:03,909 --> 00:30:02,320

well so to speak and i don't think it

814

00:30:06,470 --> 00:30:03,919

was neces doesn't seem like he was

815

00:30:08,389 --> 00:30:06,480

necessarily on purpose either i think he

816

00:30:10,630 --> 00:30:08,399

let his curiosity kind of lead him in

817

00:30:13,029 --> 00:30:10,640

all these directions and here he is

818

00:30:16,870 --> 00:30:13,039

probably one of the most well-rounded

819

00:30:18,310 --> 00:30:16,880

ufo authors uh to date so you know i i'm

820

00:30:19,190 --> 00:30:18,320

really glad you did that interview

821

00:30:21,190 --> 00:30:19,200

because

822

00:30:23,190 --> 00:30:21,200

um you know it really shined a light on

823

00:30:25,750 --> 00:30:23,200

him for me and i can't wait to dive into

824

00:30:28,230 --> 00:30:25,760

more of his work so yeah i appreciate it

825

00:30:30,789 --> 00:30:28,240

and again i i had been

826

00:30:31,830 --> 00:30:30,799

trying to get him on for years literally

827

00:30:33,909 --> 00:30:31,840

since like

828

00:30:36,549 --> 00:30:33,919

2018 i've been i've been trying to get

829

00:30:38,389 --> 00:30:36,559

him and uh you know i finally got him on

830

00:30:40,310 --> 00:30:38,399

and you know i just want to say two in

831

00:30:42,710 --> 00:30:40,320

in kind of the spirit of that you know

832

00:30:43,830 --> 00:30:42,720

his talks with jim semivan on the to the

833

00:30:44,710 --> 00:30:43,840

stars

834

00:30:47,269 --> 00:30:44,720

uh

835

00:30:49,669 --> 00:30:47,279

podcast and and the youtube channel are

836

00:30:50,710 --> 00:30:49,679

are superb they're top-notch and you

837

00:30:52,789 --> 00:30:50,720

know i don't want people to think this

838

00:30:54,710 --> 00:30:52,799

is some kind of to the stars promotion

839

00:30:55,830 --> 00:30:54,720

because i mean just listen to it for

840

00:30:57,909 --> 00:30:55,840

yourself

841

00:30:59,590 --> 00:30:57,919

and uh you know and again jim jim

842

00:31:02,230 --> 00:30:59,600

semivan is going to be on calling all

843

00:31:05,110 --> 00:31:02,240

beings uh tonight so people should

844

00:31:08,389 --> 00:31:05,120

definitely check that out but

845

00:31:09,750 --> 00:31:08,399

i'll say that jim is um

846

00:31:10,950 --> 00:31:09,760

you know

847

00:31:13,830 --> 00:31:10,960

again

848

00:31:15,350 --> 00:31:13,840

he's he's extremely modest i think

849

00:31:21,350 --> 00:31:15,360

in in

850

00:31:22,230 --> 00:31:21,360

he knows and and what his involvement

851
00:31:26,230 --> 00:31:22,240
was

852
00:31:27,990 --> 00:31:26,240
great guy to me

853
00:31:29,830 --> 00:31:28,000
and um

854
00:31:31,190 --> 00:31:29,840
he's got some interesting information

855
00:31:32,630 --> 00:31:31,200
i'll say

856
00:31:34,870 --> 00:31:32,640
yeah

857
00:31:37,029 --> 00:31:34,880
well maybe calling all beings will

858
00:31:39,110 --> 00:31:37,039
pull some more out

859
00:31:40,389 --> 00:31:39,120
absolutely i think they will i think

860
00:31:41,990 --> 00:31:40,399
they will yeah

861
00:31:44,549 --> 00:31:42,000
sending good vibes to

862
00:31:48,310 --> 00:31:44,559
nathan and dj uh james i think you

863
00:31:50,470 --> 00:31:48,320

probably are are uh needing to get out

864

00:31:52,230 --> 00:31:50,480

of here soon right i'm actually i'm good

865

00:31:53,909 --> 00:31:52,240

because i did everything in reverse so i

866

00:31:56,149 --> 00:31:53,919

actually have the time now because i was

867

00:31:57,909 --> 00:31:56,159

gonna go do everything else afterwards

868

00:32:02,149 --> 00:31:57,919

so

869

00:32:04,630 --> 00:32:02,159

want to kick me out i'm i can go yeah no

870

00:32:06,149 --> 00:32:04,640

no this is great

871

00:32:08,789 --> 00:32:06,159

that's excellent

872

00:32:10,630 --> 00:32:08,799

i i love i love like doing it in reverse

873

00:32:12,630 --> 00:32:10,640

without the contacts that's amazing to

874

00:32:14,710 --> 00:32:12,640

me it reminds me of um

875

00:32:17,269 --> 00:32:14,720

i was on a plane this was like three or

876

00:32:19,190 --> 00:32:17,279

four years ago just brief aside where i

877

00:32:21,029 --> 00:32:19,200

was i was on the aisle and there's this

878

00:32:23,430 --> 00:32:21,039

dude right across from me and he's

879

00:32:25,909 --> 00:32:23,440

looking at there's a short puddle jumper

880

00:32:29,509 --> 00:32:25,919

flight you know and he's looking at the

881

00:32:31,269 --> 00:32:29,519

times on his ticket and he's like

882

00:32:31,990 --> 00:32:31,279

he's like it says here

883

00:32:34,710 --> 00:32:32,000

that

884

00:32:35,909 --> 00:32:34,720

there's it's a two-hour flight but we

885

00:32:38,070 --> 00:32:35,919

get there

886

00:32:39,909 --> 00:32:38,080

like just 45 minutes later what's going

887

00:32:42,870 --> 00:32:39,919

on here so yeah you know it's in one of

888

00:32:45,509 --> 00:32:42,880

the stewardesses and she goes oh sweetie

889

00:32:46,630 --> 00:32:45,519

it's because we're flying backwards

890

00:32:49,590 --> 00:32:46,640

and he just

891

00:32:50,470 --> 00:32:49,600

had this look on his face like

892

00:32:53,110 --> 00:32:50,480

yeah

893

00:32:55,130 --> 00:32:53,120

nothing was processing nothing was like

894

00:33:00,310 --> 00:32:55,140

what do you mean backwards

895

00:33:05,029 --> 00:33:03,750

yeah anyway oh but it's it's i'm so i'm

896

00:33:07,990 --> 00:33:05,039

so happy that you're able to stick

897

00:33:09,590 --> 00:33:08,000

around man um so jim simivan speaking of

898

00:33:10,549 --> 00:33:09,600

you had an incredible interview with him

899

00:33:11,909 --> 00:33:10,559

like

900

00:33:14,950 --> 00:33:11,919

you know going into a little bit more

901
00:33:17,190 --> 00:33:14,960
depth what did you like best about or

902
00:33:18,710 --> 00:33:17,200
what did you find most surprising about

903
00:33:20,470 --> 00:33:18,720
your interview with jim semivan and

904
00:33:22,789 --> 00:33:20,480
briefly um

905
00:33:24,310 --> 00:33:22,799
you know for for people in the audience

906
00:33:26,630 --> 00:33:24,320
that aren't aware of who these people

907
00:33:30,630 --> 00:33:26,640
are peter levinda is a long-time author

908
00:33:33,190 --> 00:33:30,640
and researcher jim simivan is a retired

909
00:33:36,149 --> 00:33:33,200
former high-level uh

910
00:33:37,110 --> 00:33:36,159
officer with the central intelligence

911
00:33:39,909 --> 00:33:37,120
agency

912
00:33:42,549 --> 00:33:39,919
yeah he's also an experienter who's been

913
00:33:43,509 --> 00:33:42,559

um opening up in the last year about

914

00:33:45,430 --> 00:33:43,519

about

915

00:33:48,710 --> 00:33:45,440

his experiences with anomalous

916

00:33:52,149 --> 00:33:48,720

situations and human beings and

917

00:33:53,990 --> 00:33:52,159

and kind of who he encountered within

918

00:33:55,110 --> 00:33:54,000

the intelligence community

919

00:33:56,630 --> 00:33:55,120

through

920

00:33:58,950 --> 00:33:56,640

uh opening up

921

00:34:00,950 --> 00:33:58,960

um while he was still working about

922

00:34:03,909 --> 00:34:00,960

these situations

923

00:34:06,470 --> 00:34:03,919

yeah and and jim is involved with an

924

00:34:07,669 --> 00:34:06,480

ongoing experience or study

925

00:34:10,790 --> 00:34:07,679

right that's

926
00:34:12,230 --> 00:34:10,800
quasi private quasi-government kind of

927
00:34:14,869 --> 00:34:12,240
thing right so

928
00:34:16,389 --> 00:34:14,879
i i mean i i don't know for certain but

929
00:34:18,069 --> 00:34:16,399
anytime i hear that there's an

930
00:34:19,030 --> 00:34:18,079
experience or study

931
00:34:20,389 --> 00:34:19,040
um

932
00:34:22,230 --> 00:34:20,399
with

933
00:34:24,149 --> 00:34:22,240
any of these kind of programs i'm i'm

934
00:34:25,909 --> 00:34:24,159
kind of assuming that contact is

935
00:34:28,950 --> 00:34:25,919
involved and kind of even psychic

936
00:34:32,069 --> 00:34:28,960
phenomenon in in one

937
00:34:34,069 --> 00:34:32,079
one tense or another so i think

938
00:34:35,750 --> 00:34:34,079

they're doing some serious stuff and i

939

00:34:36,470 --> 00:34:35,760

don't i don't know if it's connected to

940

00:34:37,270 --> 00:34:36,480

that

941

00:34:38,790 --> 00:34:37,280

but

942

00:34:40,230 --> 00:34:38,800

you know sometimes if you listen to tom

943

00:34:41,829 --> 00:34:40,240

delong he'll say something and he'll

944

00:34:44,869 --> 00:34:41,839

never say it again

945

00:34:47,589 --> 00:34:44,879

yeah maybe because he was told not to

946

00:34:49,589 --> 00:34:47,599

but again like again that starfish prime

947

00:34:51,270 --> 00:34:49,599

was one thing he never mentioned again

948

00:34:54,149 --> 00:34:51,280

and he probably got a big slap on the

949

00:34:56,230 --> 00:34:54,159

wrist for that um but in in one of his

950

00:34:58,390 --> 00:34:56,240

interviews he's like yeah he's like

951
00:35:00,310 --> 00:34:58,400
there's a there's this program with like

952
00:35:02,550 --> 00:35:00,320
100 or 200

953
00:35:03,910 --> 00:35:02,560
uh experiencers and and they're having

954
00:35:05,510 --> 00:35:03,920
contact with the phenomenon and the

955
00:35:07,349 --> 00:35:05,520
government studying them

956
00:35:09,270 --> 00:35:07,359
and and he never said it again and i was

957
00:35:10,950 --> 00:35:09,280
like what i remember even danny silva

958
00:35:13,030 --> 00:35:10,960
silver record i think he made like a

959
00:35:15,589 --> 00:35:13,040
little infographic for that and it was

960
00:35:18,230 --> 00:35:15,599
like to me that's an amazing thing

961
00:35:20,390 --> 00:35:18,240
right yeah um that's incredible and and

962
00:35:22,150 --> 00:35:20,400
and so we have different

963
00:35:23,750 --> 00:35:22,160

k green might find it a little less

964

00:35:25,270 --> 00:35:23,760

amazing that he said that but anyway

965

00:35:27,349 --> 00:35:25,280

that's different

966

00:35:29,030 --> 00:35:27,359

right right um

967

00:35:30,470 --> 00:35:29,040

because that's his job right he has to

968

00:35:33,030 --> 00:35:30,480

find a less amazing

969

00:35:35,349 --> 00:35:33,040

um yeah i'm sure if it was up to him it

970

00:35:36,790 --> 00:35:35,359

would you know of course we'd be in a in

971

00:35:39,030 --> 00:35:36,800

a different place right now but they

972

00:35:40,870 --> 00:35:39,040

have to do the work they do in the way

973

00:35:43,030 --> 00:35:40,880

they do it for absolutely you know for

974

00:35:45,670 --> 00:35:43,040

all the reasons right um

975

00:35:48,710 --> 00:35:45,680

but hopefully with all this new stuff

976
00:35:51,190 --> 00:35:48,720
maybe not just arrow necessarily um but

977
00:35:52,630 --> 00:35:51,200
everything that's going on these studies

978
00:35:54,950 --> 00:35:52,640
are going to be able to done a little

979
00:35:56,230 --> 00:35:54,960
more public a little more open

980
00:35:57,589 --> 00:35:56,240
and you're going to have new thinkers

981
00:35:59,750 --> 00:35:57,599
coming to the conversation be able to

982
00:36:01,910 --> 00:35:59,760
contribute in that way

983
00:36:03,670 --> 00:36:01,920
hopefully

984
00:36:05,510 --> 00:36:03,680
it's interesting to me because it

985
00:36:07,030 --> 00:36:05,520
definitely seems like

986
00:36:09,030 --> 00:36:07,040
you know when this whole kind of

987
00:36:12,069 --> 00:36:09,040
disclosure push started

988
00:36:14,390 --> 00:36:12,079

um that there was a lot of talk about

989

00:36:17,430 --> 00:36:14,400

not really talking too much about

990

00:36:19,349 --> 00:36:17,440

experiencers maybe keeping that down low

991

00:36:21,829 --> 00:36:19,359

for the time being didn't want to scare

992

00:36:24,550 --> 00:36:21,839

anyone away i get it

993

00:36:27,109 --> 00:36:24,560

but as as this progresses

994

00:36:29,510 --> 00:36:27,119

it's almost becoming obvious that the

995

00:36:31,030 --> 00:36:29,520

whole time this thing is about crash

996

00:36:33,430 --> 00:36:31,040

retrievals

997

00:36:34,950 --> 00:36:33,440

the the programs

998

00:36:36,230 --> 00:36:34,960

and experiencers

999

00:36:38,470 --> 00:36:36,240

yeah

1000

00:36:41,109 --> 00:36:38,480

everyone's talking way more about it

1001
00:36:43,109 --> 00:36:41,119
even like everyone from cahill that jim

1002
00:36:45,750 --> 00:36:43,119
semivan to gary nolan coming out as an

1003
00:36:47,990 --> 00:36:45,760
experencer to the the wilson notes

1004
00:36:50,550 --> 00:36:48,000
being uh put on the record through

1005
00:36:52,870 --> 00:36:50,560
representative gallagher like this all

1006
00:36:55,190 --> 00:36:52,880
is taking a 180 straight to the good

1007
00:36:57,030 --> 00:36:55,200
stuff what was your take on

1008
00:36:59,109 --> 00:36:57,040
well and again you have all these pieces

1009
00:37:01,829 --> 00:36:59,119
right so it's like okay

1010
00:37:03,589 --> 00:37:01,839
uh lou elizondo in the in the

1011
00:37:05,990 --> 00:37:03,599
skinwalkers and the pentagon book is

1012
00:37:09,589 --> 00:37:06,000
it's talked about as a remote viewer

1013
00:37:11,990 --> 00:37:09,599

or somebody with psi capability who was

1014

00:37:13,910 --> 00:37:12,000

maybe has some other kind of connection

1015

00:37:16,069 --> 00:37:13,920

to what he was doing i don't know

1016

00:37:18,069 --> 00:37:16,079

um and he seems to also be an

1017

00:37:19,750 --> 00:37:18,079

experimenter right i don't know on what

1018

00:37:20,790 --> 00:37:19,760

level maybe he just had one thing but

1019

00:37:22,790 --> 00:37:20,800

there's

1020

00:37:25,270 --> 00:37:22,800

people have asked him and he's he's not

1021

00:37:27,510 --> 00:37:25,280

answering publicly for whatever reason

1022

00:37:28,710 --> 00:37:27,520

um when i think it would probably if

1023

00:37:29,829 --> 00:37:28,720

there was nothing there he would have

1024

00:37:32,150 --> 00:37:29,839

just said no

1025

00:37:33,670 --> 00:37:32,160

right yeah um so again you have this

1026

00:37:35,190 --> 00:37:33,680

thing with psychic phenomenon

1027

00:37:38,310 --> 00:37:35,200

experiencers

1028

00:37:41,349 --> 00:37:38,320

anomalous mental phenomena um being

1029

00:37:43,750 --> 00:37:41,359

central to like the whole thing and

1030

00:37:45,910 --> 00:37:43,760

and and the crazy thing about that is

1031

00:37:47,109 --> 00:37:45,920

and then again tyler from american

1032

00:37:49,510 --> 00:37:47,119

cosmic

1033

00:37:50,550 --> 00:37:49,520

um or aka tim whatever you want to call

1034

00:37:52,710 --> 00:37:50,560

them these days

1035

00:37:54,870 --> 00:37:52,720

um you know

1036

00:37:56,470 --> 00:37:54,880

that's just another example that like

1037

00:37:57,829 --> 00:37:56,480

boom um

1038

00:38:00,630 --> 00:37:57,839

and

1039

00:38:02,950 --> 00:38:00,640

again back in the with the wilbur smith

1040

00:38:05,910 --> 00:38:02,960

memo right there they're talking about

1041

00:38:07,750 --> 00:38:05,920

this subject being so classified more

1042

00:38:09,430 --> 00:38:07,760

classified than the hydrogen bomb at the

1043

00:38:11,030 --> 00:38:09,440

time which was the ultimate weapon so

1044

00:38:12,550 --> 00:38:11,040

which how could something be more

1045

00:38:14,470 --> 00:38:12,560

classified than that

1046

00:38:16,150 --> 00:38:14,480

and they're explicitly stating that it

1047

00:38:18,710 --> 00:38:16,160

has to do with you know mental

1048

00:38:19,829 --> 00:38:18,720

phenomenon basically contact

1049

00:38:23,990 --> 00:38:19,839

yeah

1050

00:38:27,030 --> 00:38:24,000

lots of reported contacts

1051
00:38:28,069 --> 00:38:27,040
after after that right right

1052
00:38:29,270 --> 00:38:28,079
all right

1053
00:38:31,109 --> 00:38:29,280
one thing that

1054
00:38:33,030 --> 00:38:31,119
that we just kind of briefly touched on

1055
00:38:35,190 --> 00:38:33,040
here um

1056
00:38:35,990 --> 00:38:35,200
and kind of passed over was that there

1057
00:38:38,950 --> 00:38:36,000
was

1058
00:38:41,430 --> 00:38:38,960
a bit of a mic drop moment um

1059
00:38:43,030 --> 00:38:41,440
in the for those of you that don't know

1060
00:38:46,390 --> 00:38:43,040
we're going to put this in the show

1061
00:38:48,710 --> 00:38:46,400
notes so just for some context because i

1062
00:38:51,109 --> 00:38:48,720
i keep trying to go back to the thousand

1063
00:38:51,990 --> 00:38:51,119

yard you know picture and then come back

1064

00:38:54,310 --> 00:38:52,000

in

1065

00:38:56,630 --> 00:38:54,320

okay so for those of you that don't know

1066

00:38:57,910 --> 00:38:56,640

ross coulthart

1067

00:39:00,710 --> 00:38:57,920

and uh

1068

00:39:02,630 --> 00:39:00,720

who is an investigative journalist down

1069

00:39:05,670 --> 00:39:02,640

in australia for

1070

00:39:08,310 --> 00:39:05,680

seven plus which is the biggest the

1071

00:39:11,109 --> 00:39:08,320

highest rated uh television channel down

1072

00:39:12,470 --> 00:39:11,119

there uh did and basically kind of like

1073

00:39:15,349 --> 00:39:12,480

an hour-long

1074

00:39:18,069 --> 00:39:15,359

news magazine piece kind of all uh 60

1075

00:39:20,390 --> 00:39:18,079

minutes recently where he came to the

1076

00:39:22,150 --> 00:39:20,400

states and did this big road trip with

1077

00:39:24,230 --> 00:39:22,160

his buddy bryce zabel who he does a

1078

00:39:26,870 --> 00:39:24,240

podcast with need to know which is great

1079

00:39:29,190 --> 00:39:26,880

everybody should listen to that podcast

1080

00:39:32,069 --> 00:39:29,200

and he visited gary nolan he visited

1081

00:39:34,150 --> 00:39:32,079

with leslie kane he he went to dc and he

1082

00:39:36,310 --> 00:39:34,160

talked to tim burchett it's it's

1083

00:39:39,030 --> 00:39:36,320

fantastic can't recommend it highly

1084

00:39:42,950 --> 00:39:39,040

enough and then yesterday

1085

00:39:44,550 --> 00:39:42,960

um there was an additional um

1086

00:39:47,349 --> 00:39:44,560

uh podcast

1087

00:39:50,470 --> 00:39:47,359

uh episode that was released by channel

1088

00:39:52,630 --> 00:39:50,480

7 of ross's

1089

00:39:54,710 --> 00:39:52,640

podcast with bryce

1090

00:39:56,310 --> 00:39:54,720

and it was essentially like a juiced up

1091

00:39:58,630 --> 00:39:56,320

version of need to know that had

1092

00:39:59,510 --> 00:39:58,640

extended footage from gary nolan and

1093

00:40:01,910 --> 00:39:59,520

others

1094

00:40:03,430 --> 00:40:01,920

and and it was great it's amazing and

1095

00:40:06,150 --> 00:40:03,440

it's already been viewed by like over

1096

00:40:07,910 --> 00:40:06,160

180 000 people so it's it's really good

1097

00:40:10,150 --> 00:40:07,920

for the field of anomalous study it's

1098

00:40:10,950 --> 00:40:10,160

really great for ufology

1099

00:40:16,069 --> 00:40:10,960

seeing

1100

00:40:16,870 --> 00:40:16,079

with regard to popular media in general

1101

00:40:19,270 --> 00:40:16,880

right

1102

00:40:21,430 --> 00:40:19,280

now within that just yesterday this

1103

00:40:23,430 --> 00:40:21,440

episode gary nolan i think it was the

1104

00:40:26,309 --> 00:40:23,440

very first time that he ever

1105

00:40:27,829 --> 00:40:26,319

has has said publicly

1106

00:40:30,069 --> 00:40:27,839

that he

1107

00:40:32,309 --> 00:40:30,079

not only is he an experienter which he's

1108

00:40:34,069 --> 00:40:32,319

kind of hinted at in the past and and or

1109

00:40:36,150 --> 00:40:34,079

said outright that he saw a craft in the

1110

00:40:38,710 --> 00:40:36,160

air when he was delivering papers

1111

00:40:41,510 --> 00:40:38,720

uh as a kid but that he also woke up and

1112

00:40:43,030 --> 00:40:41,520

had beings in his room as a child and so

1113

00:40:46,069 --> 00:40:43,040

this is the first time that he's ever

1114

00:40:47,190 --> 00:40:46,079

said that publicly as well which for me

1115

00:40:48,470 --> 00:40:47,200

was like

1116

00:40:50,950 --> 00:40:48,480

you know what i mean like i had to kind

1117

00:40:52,790 --> 00:40:50,960

of pause it and walk around like you

1118

00:40:54,790 --> 00:40:52,800

know my condo a couple times and sit

1119

00:40:56,710 --> 00:40:54,800

back down before i i kept going with

1120

00:40:58,230 --> 00:40:56,720

that with the broadcast personally

1121

00:40:59,910 --> 00:40:58,240

what'd you guys think of that

1122

00:41:02,550 --> 00:40:59,920

was it a surprise

1123

00:41:04,390 --> 00:41:02,560

um i i've known gary for

1124

00:41:06,470 --> 00:41:04,400

for a number of years now and and you

1125

00:41:07,750 --> 00:41:06,480

know we've had conversations

1126

00:41:10,470 --> 00:41:07,760

um

1127

00:41:12,550 --> 00:41:10,480

and so i i had heard about some of his

1128

00:41:13,750 --> 00:41:12,560

experiences and and even more than that

1129

00:41:16,230 --> 00:41:13,760

was shared

1130

00:41:18,470 --> 00:41:16,240

um but i i think that was a huge moment

1131

00:41:20,390 --> 00:41:18,480

for gary and i'm really that proud that

1132

00:41:21,750 --> 00:41:20,400

um you know essentially he came out of

1133

00:41:23,910 --> 00:41:21,760

the closet again

1134

00:41:26,390 --> 00:41:23,920

um to share that and i think there's

1135

00:41:29,829 --> 00:41:26,400

again there's power and somebody

1136

00:41:31,270 --> 00:41:29,839

um like of gary nolan's stature being

1137

00:41:33,270 --> 00:41:31,280

able to come out and talk about

1138

00:41:36,870 --> 00:41:33,280

something like that with so much on the

1139

00:41:39,030 --> 00:41:36,880

line really i mean you know he's

1140

00:41:40,069 --> 00:41:39,040

a nominee for the nobel prize and he you

1141

00:41:46,069 --> 00:41:40,079

know

1142

00:41:48,230 --> 00:41:46,079

experiences that he had with the

1143

00:41:50,230 --> 00:41:48,240

phenomenon and i think just as

1144

00:41:51,030 --> 00:41:50,240

incredible as that one was the one where

1145

00:41:56,309 --> 00:41:51,040

he

1146

00:41:57,910 --> 00:41:56,319

through his body

1147

00:41:59,349 --> 00:41:57,920

and and he heard

1148

00:42:01,829 --> 00:41:59,359

or intuited

1149

00:42:04,309 --> 00:42:01,839

the kind of message or you know

1150

00:42:05,589 --> 00:42:04,319

intuition insight that this is how you

1151
00:42:07,270 --> 00:42:05,599
communicate

1152
00:42:08,550 --> 00:42:07,280
and you know i've had experiences where

1153
00:42:11,109 --> 00:42:08,560
i had the whole

1154
00:42:13,910 --> 00:42:11,119
electrical thing through the body too so

1155
00:42:16,230 --> 00:42:13,920
i mean that's it's it's really insane

1156
00:42:17,109 --> 00:42:16,240
um to hear that just out in the public

1157
00:42:19,910 --> 00:42:17,119
now

1158
00:42:22,550 --> 00:42:19,920
and um even i think i spoke to ross

1159
00:42:23,829 --> 00:42:22,560
briefly just after i saw that episode

1160
00:42:24,950 --> 00:42:23,839
and he you know

1161
00:42:26,870 --> 00:42:24,960
he had

1162
00:42:29,270 --> 00:42:26,880
wanted to include more in the original

1163
00:42:32,390 --> 00:42:29,280

piece but he they only had a lot of time

1164

00:42:34,069 --> 00:42:32,400

so he really wanted to to put it in this

1165

00:42:35,750 --> 00:42:34,079

podcast version where they put

1166

00:42:39,670 --> 00:42:35,760

everything like the best of everything

1167

00:42:45,510 --> 00:42:39,680

that they had for that for that episode

1168

00:42:46,470 --> 00:42:45,520

yeah i mean um for me personally i i

1169

00:42:59,349 --> 00:42:46,480

i

1170

00:43:01,109 --> 00:42:59,359

more but the more reputable

1171

00:43:03,750 --> 00:43:01,119

intelligent successful people that come

1172

00:43:05,349 --> 00:43:03,760

out and and talk about their experiences

1173

00:43:08,470 --> 00:43:05,359

and don't hide because of you know

1174

00:43:09,430 --> 00:43:08,480

whatever ramifications could happen

1175

00:43:11,430 --> 00:43:09,440

the

1176

00:43:12,950 --> 00:43:11,440

better this topic's going to be right

1177

00:43:15,270 --> 00:43:12,960

because really in the end it's about

1178

00:43:17,510 --> 00:43:15,280

people and the experiences that people

1179

00:43:18,470 --> 00:43:17,520

have and how they affect their lives

1180

00:43:21,109 --> 00:43:18,480

right

1181

00:43:21,910 --> 00:43:21,119

and to see how successful gary is in his

1182

00:43:23,750 --> 00:43:21,920

life

1183

00:43:25,109 --> 00:43:23,760

that he's nominated for a nobel peace

1184

00:43:27,990 --> 00:43:25,119

prize

1185

00:43:30,630 --> 00:43:28,000

you know and on top of all his

1186

00:43:34,950 --> 00:43:30,640

papers and inventions and patents

1187

00:43:37,750 --> 00:43:34,960

um and he's just a really nice guy too

1188

00:43:38,829 --> 00:43:37,760

to see him do that um

1189

00:43:48,870 --> 00:43:38,839

was

1190

00:43:52,230 --> 00:43:50,309

you know i've only been around for a

1191

00:43:55,190 --> 00:43:52,240

little long as an experienter but if i

1192

00:43:57,190 --> 00:43:55,200

can say we i can see we've we needed a

1193

00:43:59,430 --> 00:43:57,200

win like that and i'll always be

1194

00:44:01,510 --> 00:43:59,440

grateful for uh dr noland for coming out

1195

00:44:03,349 --> 00:44:01,520

and doing something like that

1196

00:44:06,790 --> 00:44:03,359

yeah and you know i just want to say

1197

00:44:08,550 --> 00:44:06,800

again that you know dr nolan is

1198

00:44:10,870 --> 00:44:08,560

really

1199

00:44:11,990 --> 00:44:10,880

a man of honor and integrity

1200

00:44:13,910 --> 00:44:12,000

and

1201
00:44:15,670 --> 00:44:13,920
you know he actually

1202
00:44:17,349 --> 00:44:15,680
he let me break the story for the

1203
00:44:19,270 --> 00:44:17,359
caudate pertainment

1204
00:44:20,390 --> 00:44:19,280
um back back

1205
00:44:21,430 --> 00:44:20,400
in the day

1206
00:44:22,630 --> 00:44:21,440
and

1207
00:44:24,630 --> 00:44:22,640
i don't i i

1208
00:44:25,990 --> 00:44:24,640
didn't really ask him why necessarily

1209
00:44:28,150 --> 00:44:26,000
but i know other people were actually

1210
00:44:29,990 --> 00:44:28,160
after the story and maybe it was because

1211
00:44:31,670 --> 00:44:30,000
i was an experiencer i'm not i'm not

1212
00:44:34,069 --> 00:44:31,680
really sure but you know he didn't have

1213
00:44:36,069 --> 00:44:34,079

to do that or or you know

1214

00:44:38,630 --> 00:44:36,079

he didn't have to invest a bunch of his

1215

00:44:40,309 --> 00:44:38,640

money to study this himself and the time

1216

00:44:42,150 --> 00:44:40,319

you know on top of running his lab so

1217

00:44:43,910 --> 00:44:42,160

it's i think we're really lucky to have

1218

00:44:46,390 --> 00:44:43,920

somebody like him and lou and some of

1219

00:44:48,710 --> 00:44:46,400

the other people who have really

1220

00:44:50,630 --> 00:44:48,720

put you know put a lot into this like

1221

00:44:52,710 --> 00:44:50,640

high stakes and most people don't

1222

00:44:54,950 --> 00:44:52,720

realize or appreciate it as much

1223

00:44:56,230 --> 00:44:54,960

um as i think they should

1224

00:44:57,910 --> 00:44:56,240

uh but

1225

00:44:59,910 --> 00:44:57,920

i mean we're seeing the fruits of it now

1226

00:45:00,790 --> 00:44:59,920

with everything that's going on

1227

00:45:03,349 --> 00:45:00,800

yeah

1228

00:45:06,470 --> 00:45:03,359

well james um since you mentioned it

1229

00:45:08,309 --> 00:45:06,480

could you could you inform uh for those

1230

00:45:10,870 --> 00:45:08,319

of uh those

1231

00:45:13,829 --> 00:45:10,880

in the audience that may not have heard

1232

00:45:15,910 --> 00:45:13,839

about um what gary kind of stumbled upon

1233

00:45:18,710 --> 00:45:15,920

within within

1234

00:45:20,950 --> 00:45:18,720

uh brain his study of the brain

1235

00:45:23,030 --> 00:45:20,960

and experiencers uh can you kind of

1236

00:45:25,349 --> 00:45:23,040

tease that out a little bit more and

1237

00:45:27,589 --> 00:45:25,359

and you know

1238

00:45:29,589 --> 00:45:27,599

what did it mean for you in terms of

1239

00:45:32,790 --> 00:45:29,599

breaking that story

1240

00:45:35,589 --> 00:45:32,800

we have another hour

1241

00:45:36,630 --> 00:45:35,599

no well uh okay um

1242

00:45:40,069 --> 00:45:36,640

so

1243

00:45:40,870 --> 00:45:40,079

to to put it concisely

1244

00:45:43,750 --> 00:45:40,880

you know

1245

00:45:44,829 --> 00:45:43,760

there there was a number of people who

1246

00:45:48,470 --> 00:45:44,839

were being

1247

00:45:50,950 --> 00:45:48,480

affected uh by the ufo phenomenon

1248

00:45:52,710 --> 00:45:50,960

and they were seeing you know and i say

1249

00:45:54,230 --> 00:45:52,720

they people in the intelligence

1250

00:45:57,109 --> 00:45:54,240

community

1251
00:45:59,430 --> 00:45:57,119
and and in these programs

1252
00:46:00,950 --> 00:45:59,440
we're seeing that people who were coming

1253
00:46:03,190 --> 00:46:00,960
into proximity

1254
00:46:04,710 --> 00:46:03,200
with uaps were having some kind of

1255
00:46:05,990 --> 00:46:04,720
physical effects

1256
00:46:07,990 --> 00:46:06,000
um

1257
00:46:10,470 --> 00:46:08,000
and and some of those physical effects

1258
00:46:12,150 --> 00:46:10,480
were it seemed to be

1259
00:46:13,829 --> 00:46:12,160
almost brain damage right for some of

1260
00:46:14,630 --> 00:46:13,839
them it turned out that some of these

1261
00:46:16,470 --> 00:46:14,640
people

1262
00:46:17,910 --> 00:46:16,480
were affected by havana syndrome from

1263
00:46:19,829 --> 00:46:17,920

their conclusion

1264

00:46:22,150 --> 00:46:19,839

but a number of them

1265

00:46:25,430 --> 00:46:22,160

it it wasn't actually damaged what they

1266

00:46:26,870 --> 00:46:25,440

actually found was hyper connectivity

1267

00:46:28,870 --> 00:46:26,880

um which

1268

00:46:30,950 --> 00:46:28,880

you know is not

1269

00:46:33,030 --> 00:46:30,960

average right the average person doesn't

1270

00:46:35,990 --> 00:46:33,040

have this hyper connectivity

1271

00:46:38,550 --> 00:46:36,000

um but it turns out that the people who

1272

00:46:39,349 --> 00:46:38,560

have this hyper connectivity

1273

00:46:41,270 --> 00:46:39,359

um

1274

00:46:42,950 --> 00:46:41,280

which is in the basal ganglia area of

1275

00:46:45,750 --> 00:46:42,960

the brain specifically the cauda

1276
00:46:47,589 --> 00:46:45,760
infotainment very impressive right there

1277
00:46:49,990 --> 00:46:47,599
you just nailed that

1278
00:46:52,630 --> 00:46:50,000
yeah well they they these individuals

1279
00:46:55,349 --> 00:46:52,640
who have this hyper connectivity

1280
00:46:57,990 --> 00:46:55,359
it it seems again these are still

1281
00:47:00,550 --> 00:46:58,000
working hypothesis and they're pretty

1282
00:47:01,910 --> 00:47:00,560
sure at this point and and again people

1283
00:47:03,670 --> 00:47:01,920
are going to smash this until it's

1284
00:47:05,510 --> 00:47:03,680
obvious and it's in all the terminals

1285
00:47:08,390 --> 00:47:05,520
but harvard has now taken on the study

1286
00:47:11,190 --> 00:47:08,400
and duplicated it and it's on the money

1287
00:47:13,270 --> 00:47:11,200
um but so people have this connection

1288
00:47:15,670 --> 00:47:13,280

um not only are these people that have

1289

00:47:17,190 --> 00:47:15,680

had anomalous experiences throughout

1290

00:47:19,030 --> 00:47:17,200

their life and

1291

00:47:20,069 --> 00:47:19,040

as well as their families

1292

00:47:22,390 --> 00:47:20,079

um

1293

00:47:25,589 --> 00:47:22,400

but you know they've had contact and

1294

00:47:27,589 --> 00:47:25,599

proximity to ufos uap

1295

00:47:29,109 --> 00:47:27,599

and they seem to have

1296

00:47:31,190 --> 00:47:29,119

uh

1297

00:47:34,630 --> 00:47:31,200

increased intuition

1298

00:47:36,470 --> 00:47:34,640

um and and high performance um

1299

00:47:37,510 --> 00:47:36,480

capabilities you know

1300

00:47:39,670 --> 00:47:37,520

so

1301

00:47:42,150 --> 00:47:39,680

it's it's extremely interesting i mean

1302

00:47:43,270 --> 00:47:42,160

they they kind of stumbled across it in

1303

00:47:45,109 --> 00:47:43,280

in a way

1304

00:47:46,630 --> 00:47:45,119

and it's it's really kind of like a

1305

00:47:47,670 --> 00:47:46,640

major discovery

1306

00:47:50,309 --> 00:47:47,680

um

1307

00:47:52,710 --> 00:47:50,319

and i i don't

1308

00:47:54,710 --> 00:47:52,720

i don't know i i think that

1309

00:47:56,950 --> 00:47:54,720

there's a smaller number of people who

1310

00:47:58,630 --> 00:47:56,960

kind of appreciate it now

1311

00:48:00,069 --> 00:47:58,640

uh but i think in the time to come i

1312

00:48:02,870 --> 00:48:00,079

think this this is like a major

1313

00:48:05,270 --> 00:48:02,880

discovery for like the entire world and

1314

00:48:07,349 --> 00:48:05,280

and some of us in the ufo community kind

1315

00:48:08,870 --> 00:48:07,359

of jumped out and we're like holy crap

1316

00:48:11,510 --> 00:48:08,880

um

1317

00:48:12,870 --> 00:48:11,520

uh you know for me personally i you know

1318

00:48:14,470 --> 00:48:12,880

i was i'm

1319

00:48:17,670 --> 00:48:14,480

completely honored

1320

00:48:18,549 --> 00:48:17,680

that that dr nolan allowed me to

1321

00:48:20,950 --> 00:48:18,559

to

1322

00:48:23,829 --> 00:48:20,960

write the article you know and

1323

00:48:25,990 --> 00:48:23,839

i got to privately interview him with

1324

00:48:28,710 --> 00:48:26,000

him and correspond with him

1325

00:48:30,230 --> 00:48:28,720

and make sure i got everything right you

1326

00:48:32,390 --> 00:48:30,240

know i ran it by him said is this

1327

00:48:33,190 --> 00:48:32,400

correct is this correct and he you know

1328

00:48:37,109 --> 00:48:33,200

he

1329

00:48:38,549 --> 00:48:37,119

um was super um you know cooperative and

1330

00:48:41,270 --> 00:48:38,559

and kind of

1331

00:48:47,670 --> 00:48:41,280

letting this information come out and

1332

00:48:53,190 --> 00:48:50,630

yeah amazing stuff really amazing stuff

1333

00:48:55,270 --> 00:48:53,200

uh sean

1334

00:48:57,510 --> 00:48:55,280

here well i see this comment here light

1335

00:48:59,670 --> 00:48:57,520

sound and frequency

1336

00:49:01,510 --> 00:48:59,680

oh yeah right and that's a nikola tesla

1337

00:49:03,030 --> 00:49:01,520

thing too if you go back to nikola tesla

1338

00:49:05,430 --> 00:49:03,040

he said the same exact thing

1339

00:49:06,630 --> 00:49:05,440

absolutely yeah yeah back in the 30s so

1340

00:49:10,549 --> 00:49:06,640

okay so

1341

00:49:13,589 --> 00:49:10,559

so in this ross coulthard uh documentary

1342

00:49:16,390 --> 00:49:13,599

there's there um bryce zabel recounted

1343

00:49:19,510 --> 00:49:16,400

the story and he's recounted this before

1344

00:49:21,910 --> 00:49:19,520

um bryce abel he's a he's a he lives in

1345

00:49:24,150 --> 00:49:21,920

hollywood he lives in l.a he's a he's uh

1346

00:49:26,950 --> 00:49:24,160

he's a producer he used to be the

1347

00:49:28,710 --> 00:49:26,960

chairman of the emmys board

1348

00:49:31,589 --> 00:49:28,720

right and um

1349

00:49:33,589 --> 00:49:31,599

and he back in the 90s he produced a

1350

00:49:35,589 --> 00:49:33,599

show called dark skies

1351

00:49:37,349 --> 00:49:35,599

uh there's an unrelated show called dark

1352

00:49:39,349 --> 00:49:37,359

skies that happened later he did this

1353

00:49:42,150 --> 00:49:39,359

one in the 90s that was called dark

1354

00:49:43,910 --> 00:49:42,160

skies and it was very much of the time

1355

00:49:46,230 --> 00:49:43,920

in terms of kind of like

1356

00:49:47,670 --> 00:49:46,240

like like twin peaks or x-files and

1357

00:49:50,309 --> 00:49:47,680

things like that it was another show

1358

00:49:52,309 --> 00:49:50,319

along those lines and he talks about the

1359

00:49:54,870 --> 00:49:52,319

situation where it was basically like

1360

00:49:56,230 --> 00:49:54,880

the premiere party like um they'd finish

1361

00:49:58,390 --> 00:49:56,240

the pilot

1362

00:50:00,309 --> 00:49:58,400

and so it's like a cast and crew wrap

1363

00:50:02,150 --> 00:50:00,319

party it sounded like for the pilot

1364

00:50:04,710 --> 00:50:02,160

rather than the full season

1365

00:50:07,349 --> 00:50:04,720

yeah and they were at bryce abel's house

1366

00:50:09,190 --> 00:50:07,359

and this dude walks up

1367

00:50:13,750 --> 00:50:09,200

um from out of nowhere

1368

00:50:16,309 --> 00:50:13,760

and uh and he says uh to bryce and this

1369

00:50:18,630 --> 00:50:16,319

guy was his name brent i think it was

1370

00:50:21,270 --> 00:50:18,640

yeah yeah who shows up in the

1371

00:50:22,470 --> 00:50:21,280

documentary that they just put out and

1372

00:50:27,510 --> 00:50:22,480

and

1373

00:50:29,670 --> 00:50:27,520

know i kind of represent a wing

1374

00:50:31,510 --> 00:50:29,680

within the government i think it was

1375

00:50:34,230 --> 00:50:31,520

right and he i mean it comes out over

1376

00:50:36,230 --> 00:50:34,240

time that this dude was

1377

00:50:37,589 --> 00:50:36,240

saying that he was willing to give

1378

00:50:40,230 --> 00:50:37,599

information

1379

00:50:41,910 --> 00:50:40,240

to the writers and producers of the dark

1380

00:50:43,190 --> 00:50:41,920

skies show

1381

00:50:45,910 --> 00:50:43,200

um

1382

00:50:47,430 --> 00:50:45,920

uh to kind of like seed

1383

00:50:49,190 --> 00:50:47,440

you know knowledge

1384

00:50:51,190 --> 00:50:49,200

or something like that about to drip out

1385

00:50:52,710 --> 00:50:51,200

some truth and i believe i don't know if

1386

00:50:54,309 --> 00:50:52,720

they discovered it afterwards or he

1387

00:50:56,309 --> 00:50:54,319

straight out told him that he was with

1388

00:50:58,230 --> 00:50:56,319

the office of naval intelligence

1389

00:51:00,390 --> 00:50:58,240

oh that's right that's right yeah and so

1390

00:51:02,710 --> 00:51:00,400

he was talking about this really he was

1391

00:51:03,990 --> 00:51:02,720

he was talking about the aviary which is

1392

00:51:06,069 --> 00:51:04,000

something that we've talked about on the

1393

00:51:08,390 --> 00:51:06,079

show before and comes up frequently

1394

00:51:09,829 --> 00:51:08,400

within the lore of ufology

1395

00:51:12,710 --> 00:51:09,839

that kind of

1396

00:51:14,150 --> 00:51:12,720

it's it's akin to the invisible college

1397

00:51:16,150 --> 00:51:14,160

this kind of like shadowy group of

1398

00:51:18,150 --> 00:51:16,160

individuals that that are associated

1399

00:51:19,829 --> 00:51:18,160

with each other called the aviary and

1400

00:51:21,190 --> 00:51:19,839

then this guy in this conversation was

1401
00:51:22,470 --> 00:51:21,200
saying that there was a competing group

1402
00:51:24,150 --> 00:51:22,480
called the aquarium

1403
00:51:25,670 --> 00:51:24,160
right i think i've never heard of that

1404
00:51:27,829 --> 00:51:25,680
one before have you

1405
00:51:29,910 --> 00:51:27,839
you corey yeah i've only heard it

1406
00:51:32,069 --> 00:51:29,920
mentioned i never actually

1407
00:51:33,270 --> 00:51:32,079
you know heard i guess it's like an

1408
00:51:35,670 --> 00:51:33,280
equivalent to

1409
00:51:38,390 --> 00:51:35,680
to the aviary

1410
00:51:40,390 --> 00:51:38,400
i've never actually like read a thing on

1411
00:51:42,870 --> 00:51:40,400
it or heard anybody talk about it in any

1412
00:51:44,950 --> 00:51:42,880
depth like it was the every kind of

1413
00:51:46,470 --> 00:51:44,960

trying to keep it quiet the aquarium was

1414

00:51:47,670 --> 00:51:46,480

trying to push back and get it out in

1415

00:51:48,829 --> 00:51:47,680

the open or something like that i

1416

00:51:51,510 --> 00:51:48,839

believe right

1417

00:51:54,150 --> 00:51:51,520

yeah i was going to say i i've heard it

1418

00:51:55,670 --> 00:51:54,160

almost the opposite though but

1419

00:51:57,430 --> 00:51:55,680

yeah and and

1420

00:51:59,190 --> 00:51:57,440

i know a lot of the aviary and i would

1421

00:52:01,190 --> 00:51:59,200

probably concur with that

1422

00:52:04,150 --> 00:52:01,200

right yeah it's weird because like the

1423

00:52:06,309 --> 00:52:04,160

aviary allegedly yeah we know people

1424

00:52:09,190 --> 00:52:06,319

that are associated with the aviary and

1425

00:52:11,750 --> 00:52:09,200

like that in this conversation

1426

00:52:13,190 --> 00:52:11,760

what bryce and brent were recounting was

1427

00:52:14,069 --> 00:52:13,200

that this guy

1428

00:52:15,750 --> 00:52:14,079

um

1429

00:52:17,910 --> 00:52:15,760

you know who kind of mysteriously showed

1430

00:52:19,910 --> 00:52:17,920

up at this party and i can tell you like

1431

00:52:22,950 --> 00:52:19,920

this is not the only time within this

1432

00:52:26,150 --> 00:52:22,960

field that i've heard stories or like

1433

00:52:27,910 --> 00:52:26,160

you know have like on very very good

1434

00:52:29,990 --> 00:52:27,920

account that you know somebody

1435

00:52:32,309 --> 00:52:30,000

mysteriously shows up at a party and is

1436

00:52:35,190 --> 00:52:32,319

talking like this it happens a lot

1437

00:52:37,270 --> 00:52:35,200

weirdly all right but like um or more

1438

00:52:39,030 --> 00:52:37,280

frequently than you might think so this

1439

00:52:41,270 --> 00:52:39,040

guy shows up and then he's talking to

1440

00:52:43,510 --> 00:52:41,280

them and he's like okay anyway

1441

00:52:45,589 --> 00:52:43,520

um and he was particularly bothered by

1442

00:52:47,430 --> 00:52:45,599

one aspect of the script where like the

1443

00:52:48,870 --> 00:52:47,440

aliens were infecting people basically

1444

00:52:50,069 --> 00:52:48,880

like a parasite through the mouth and he

1445

00:52:51,030 --> 00:52:50,079

was like it doesn't work like that and

1446

00:52:53,190 --> 00:52:51,040

they're like what are you talking about

1447

00:52:56,150 --> 00:52:53,200

man it doesn't matter it's a tv show

1448

00:52:57,990 --> 00:52:56,160

so um then he scrolls something on like

1449

00:53:00,710 --> 00:52:58,000

a napkin or a piece of paper

1450

00:53:02,870 --> 00:53:00,720

and it's like a formula and he hands it

1451
00:53:04,630 --> 00:53:02,880
to one of them and he's like he's like

1452
00:53:06,390 --> 00:53:04,640
put this in a safety deposit box or a

1453
00:53:08,630 --> 00:53:06,400
safe or something like that get it back

1454
00:53:09,910 --> 00:53:08,640
out in 15 or 20 years and see if it

1455
00:53:12,069 --> 00:53:09,920
means anything

1456
00:53:14,390 --> 00:53:12,079
to you and they were like what and he

1457
00:53:17,510 --> 00:53:14,400
said it it's to do with light sound and

1458
00:53:19,270 --> 00:53:17,520
frequency which is as james was saying

1459
00:53:21,829 --> 00:53:19,280
like an old

1460
00:53:24,069 --> 00:53:21,839
an old chestnut associated with nikola

1461
00:53:26,230 --> 00:53:24,079
tesla way back in the day

1462
00:53:29,030 --> 00:53:26,240
who he himself

1463
00:53:31,990 --> 00:53:29,040

nikola tesla professed early in his

1464

00:53:35,510 --> 00:53:32,000

adult career as as thinking that he had

1465

00:53:37,270 --> 00:53:35,520

contact with intelligence uh

1466

00:53:38,790 --> 00:53:37,280

beings that were not

1467

00:53:41,349 --> 00:53:38,800

um you know

1468

00:53:43,510 --> 00:53:41,359

that were beyond our civilization right

1469

00:53:45,510 --> 00:53:43,520

that he kind of credited them

1470

00:53:47,670 --> 00:53:45,520

with uh some of his some of his

1471

00:53:49,270 --> 00:53:47,680

knowledge or some of his discoveries and

1472

00:53:50,950 --> 00:53:49,280

so that's kind of like weirdly

1473

00:53:54,630 --> 00:53:50,960

interestingly dovetailing with some

1474

00:53:57,109 --> 00:53:54,640

other people um with regard to say gary

1475

00:53:59,349 --> 00:53:57,119

and other people that were detailed in

1476
00:54:00,710 --> 00:53:59,359
diana posalka's wonderful book american

1477
00:54:02,470 --> 00:54:00,720
cosmic right

1478
00:54:03,829 --> 00:54:02,480
yeah it was really cool

1479
00:54:05,589 --> 00:54:03,839
i was going to say she announced that

1480
00:54:08,230 --> 00:54:05,599
she's going to do a class on tyler's

1481
00:54:10,630 --> 00:54:08,240
protocols i think in september that

1482
00:54:12,950 --> 00:54:10,640
sounds fascinating yeah i think it

1483
00:54:14,470 --> 00:54:12,960
starts in the middle of next month right

1484
00:54:17,030 --> 00:54:14,480
yes

1485
00:54:18,309 --> 00:54:17,040
yeah i'm really looking forward to that

1486
00:54:20,390 --> 00:54:18,319
it'll be really cool

1487
00:54:23,109 --> 00:54:20,400
but then the guy disappeared like homer

1488
00:54:25,510 --> 00:54:23,119

and the meme the guy like yeah

1489

00:54:27,589 --> 00:54:25,520

bryce and brent said that the guy he's

1490

00:54:29,829 --> 00:54:27,599

like okay anyway bye guys and then he

1491

00:54:31,990 --> 00:54:29,839

like literally walked into the bushes

1492

00:54:33,910 --> 00:54:32,000

like it's bryce's house and then the guy

1493

00:54:36,230 --> 00:54:33,920

just like walks into the bushes next to

1494

00:54:39,589 --> 00:54:36,240

bryce's house and disappears

1495

00:54:41,829 --> 00:54:39,599

which i think is like one of the funnest

1496

00:54:43,270 --> 00:54:41,839

and funniest details of the whole story

1497

00:54:45,030 --> 00:54:43,280

i think that part of the story you

1498

00:54:47,270 --> 00:54:45,040

probably made up because in reality he

1499

00:54:49,750 --> 00:54:47,280

got into like an old toyota tercel or

1500

00:54:50,710 --> 00:54:49,760

something and it wasn't that glorious no

1501
00:54:51,829 --> 00:54:50,720
just kidding

1502
00:54:53,829 --> 00:54:51,839
and then he drove right through the

1503
00:54:55,910 --> 00:54:53,839
bushes yeah i mean we'll probably hear

1504
00:54:58,230 --> 00:54:55,920
about all that um

1505
00:55:00,150 --> 00:54:58,240
in more detail soon

1506
00:55:01,510 --> 00:55:00,160
yeah i hope so i hope so that would be

1507
00:55:04,549 --> 00:55:01,520
cool yeah

1508
00:55:07,430 --> 00:55:04,559
um what's coming up for you next you got

1509
00:55:10,630 --> 00:55:07,440
any big interviews coming james oh my

1510
00:55:13,750 --> 00:55:10,640
god man so i i have a

1511
00:55:15,910 --> 00:55:13,760
tom delong is next or what i know no no

1512
00:55:17,670 --> 00:55:15,920
i i haven't gotten in touch with tom i

1513
00:55:18,549 --> 00:55:17,680

don't think he'd want to talk to me

1514

00:55:20,950 --> 00:55:18,559

oh

1515

00:55:23,030 --> 00:55:20,960

i have an well he you know he's he does

1516

00:55:24,069 --> 00:55:23,040

i think he's he's you know purposely

1517

00:55:26,069 --> 00:55:24,079

doing

1518

00:55:27,670 --> 00:55:26,079

the music show and side of things

1519

00:55:29,910 --> 00:55:27,680

because that's that's he's really trying

1520

00:55:31,750 --> 00:55:29,920

to reach those like millions of fans

1521

00:55:33,510 --> 00:55:31,760

kind of thing he he probably figures

1522

00:55:34,789 --> 00:55:33,520

like us we're like oh we already into

1523

00:55:35,750 --> 00:55:34,799

all the stuff we're just gonna argue

1524

00:55:38,630 --> 00:55:35,760

with him

1525

00:55:41,670 --> 00:55:38,640

um which i get you know what i mean but

1526

00:55:44,390 --> 00:55:41,680

yeah it's super fun to listen to tom uh

1527

00:55:45,910 --> 00:55:44,400

and i don't agree with like

1528

00:55:48,470 --> 00:55:45,920

a number of things that he says but i

1529

00:55:50,870 --> 00:55:48,480

always find his perspective fascinating

1530

00:55:52,710 --> 00:55:50,880

um and he has a like a really fun way of

1531

00:55:53,589 --> 00:55:52,720

talking about it so that's cool

1532

00:55:56,069 --> 00:55:53,599

um

1533

00:55:57,670 --> 00:55:56,079

but i i generally have a like a modus

1534

00:55:59,349 --> 00:55:57,680

operandi

1535

00:56:01,589 --> 00:55:59,359

of

1536

00:56:03,349 --> 00:56:01,599

i don't really announce like things like

1537

00:56:04,870 --> 00:56:03,359

the shows i'm going to do or if i'm

1538

00:56:05,829 --> 00:56:04,880

interviewing people

1539

00:56:11,430 --> 00:56:05,839

so

1540

00:56:13,750 --> 00:56:12,470

jay

1541

00:56:15,990 --> 00:56:13,760

yeah

1542

00:56:17,990 --> 00:56:16,000

what a disappointment i mean it's not

1543

00:56:19,589 --> 00:56:18,000

why that's not that's not what i but

1544

00:56:21,270 --> 00:56:19,599

this one is going to be different it's

1545

00:56:23,030 --> 00:56:21,280

it's going to be more about like how can

1546

00:56:24,549 --> 00:56:23,040

i have that kind of hair

1547

00:56:26,950 --> 00:56:24,559

like i'm trying to get it ready for

1548

00:56:30,069 --> 00:56:26,960

october october 8th you're going to see

1549

00:56:31,670 --> 00:56:30,079

a new james you want this kind of man

1550

00:56:33,589 --> 00:56:31,680

all right

1551

00:56:35,109 --> 00:56:33,599

i got a guy for you i got his number i

1552

00:56:36,950 --> 00:56:35,119

don't have it in me i don't have it in

1553

00:56:39,670 --> 00:56:36,960

me i couldn't do it if i wanted

1554

00:56:41,109 --> 00:56:39,680

his name's jackie he's awesome

1555

00:56:43,030 --> 00:56:41,119

yeah i can't picture you with that kind

1556

00:56:44,950 --> 00:56:43,040

of hair that'd be interesting

1557

00:56:46,630 --> 00:56:44,960

my hair's like really thick it's like

1558

00:56:48,549 --> 00:56:46,640

thick uh

1559

00:56:51,910 --> 00:56:48,559

it wouldn't grow like that

1560

00:56:53,430 --> 00:56:51,920

um but i know i do i do have a number of

1561

00:56:55,349 --> 00:56:53,440

um

1562

00:56:57,190 --> 00:56:55,359

interviews that are are planned i don't

1563

00:56:59,109 --> 00:56:57,200

have a set date on them

1564

00:57:01,670 --> 00:56:59,119

um

1565

00:57:03,589 --> 00:57:01,680

yeah but one of them is is is going to

1566

00:57:04,789 --> 00:57:03,599

be i think really

1567

00:57:06,150 --> 00:57:04,799

um

1568

00:57:08,950 --> 00:57:06,160

it's going to be kind of like a deep

1569

00:57:11,910 --> 00:57:08,960

dive it's going to have to do with like

1570

00:57:14,950 --> 00:57:11,920

intelligence agencies the occult and the

1571

00:57:17,829 --> 00:57:14,960

phenomenon experiencers consciousness

1572

00:57:19,190 --> 00:57:17,839

um and that that one i mean again people

1573

00:57:21,829 --> 00:57:19,200

kind of know me for that anyways but

1574

00:57:24,870 --> 00:57:21,839

that one is going to be a real deep dive

1575

00:57:26,950 --> 00:57:24,880

um i don't have a data on that yet but

1576

00:57:28,390 --> 00:57:26,960

there's there's also a number of shows

1577

00:57:29,910 --> 00:57:28,400

that i have

1578

00:57:31,670 --> 00:57:29,920

planned to talk with a number of people

1579

00:57:33,270 --> 00:57:31,680

that i just haven't set the date for and

1580

00:57:34,710 --> 00:57:33,280

it's like a matter of my schedule kids

1581

00:57:37,030 --> 00:57:34,720

are getting back into school in like a

1582

00:57:39,190 --> 00:57:37,040

week and a half so i gotta manage all

1583

00:57:41,829 --> 00:57:39,200

that and um

1584

00:57:45,030 --> 00:57:41,839

but i i have stuff coming but i'm really

1585

00:57:47,589 --> 00:57:45,040

excited mostly about the the event on

1586

00:57:49,109 --> 00:57:47,599

october october 8th that's really i mean

1587

00:57:50,230 --> 00:57:49,119

we're still you know going to be putting

1588

00:57:52,150 --> 00:57:50,240

into that

1589

00:57:54,870 --> 00:57:52,160

and um

1590

00:57:57,589 --> 00:57:54,880

and i'm really excited about that

1591

00:57:59,430 --> 00:57:57,599

i can't wait it's going to be crazy i uh

1592

00:58:01,910 --> 00:57:59,440

james and i are talking about this

1593

00:58:03,109 --> 00:58:01,920

literally every day now because there's

1594

00:58:06,870 --> 00:58:03,119

so much

1595

00:58:08,230 --> 00:58:06,880

you know to plan

1596

00:58:10,549 --> 00:58:08,240

and so and some of it is like

1597

00:58:12,470 --> 00:58:10,559

mind-numbingly boring like certificates

1598

00:58:14,230 --> 00:58:12,480

of insurance and like weird stuff that

1599

00:58:16,150 --> 00:58:14,240

like nobody nobody ever wants to hear

1600

00:58:18,230 --> 00:58:16,160

about but like you have to do if you're

1601
00:58:21,190 --> 00:58:18,240
gonna pull off something like this and

1602
00:58:23,190 --> 00:58:21,200
but it's absolutely worth it because um

1603
00:58:24,230 --> 00:58:23,200
you know putting discussions together

1604
00:58:26,630 --> 00:58:24,240
like this

1605
00:58:29,030 --> 00:58:26,640
among like important folks

1606
00:58:31,750 --> 00:58:29,040
it's it's it's really key and it's a

1607
00:58:33,349 --> 00:58:31,760
really really amazing excuse to get

1608
00:58:35,589 --> 00:58:33,359
people in the community together in

1609
00:58:37,349 --> 00:58:35,599
person you know yeah and i don't feel

1610
00:58:39,670 --> 00:58:37,359
like it happens enough

1611
00:58:41,030 --> 00:58:39,680
yeah for sure i mean again i'm we're

1612
00:58:44,069 --> 00:58:41,040
encouraging

1613
00:58:44,950 --> 00:58:44,079

uh you know ufo supper club to be like

1614

00:58:46,710 --> 00:58:44,960

uh

1615

00:58:49,430 --> 00:58:46,720

a ufo community

1616

00:58:50,710 --> 00:58:49,440

or anomalous experienced community

1617

00:58:52,789 --> 00:58:50,720

you know tradition

1618

00:58:55,510 --> 00:58:52,799

so we want everybody having supper clubs

1619

00:58:57,270 --> 00:58:55,520

out there getting together in person

1620

00:58:59,670 --> 00:58:57,280

talking about these things and branching

1621

00:59:01,750 --> 00:58:59,680

out i mean look at me and jay right

1622

00:59:03,829 --> 00:59:01,760

we're just kind of doing this together

1623

00:59:05,990 --> 00:59:03,839

for a few months and we're already like

1624

00:59:08,309 --> 00:59:06,000

making an impact on our local community

1625

00:59:10,710 --> 00:59:08,319

by bringing the conversation there

1626

00:59:13,349 --> 00:59:10,720

some the same same thing can be done in

1627

00:59:14,390 --> 00:59:13,359

in florida or milwaukee or you know

1628

00:59:16,309 --> 00:59:14,400

wherever

1629

00:59:18,150 --> 00:59:16,319

i mean it's it's just really fortunate

1630

00:59:19,990 --> 00:59:18,160

and lucky that me and jay are close

1631

00:59:22,309 --> 00:59:20,000

enough and we're both kind of

1632

00:59:24,789 --> 00:59:22,319

experiencers and beautiful researchers

1633

00:59:27,190 --> 00:59:24,799

consciousness people it just worked out

1634

00:59:31,109 --> 00:59:27,200

well that way we got kind of lucky

1635

00:59:33,190 --> 00:59:31,119

yeah yeah um but by you know people can

1636

00:59:35,990 --> 00:59:33,200

do be doing this all over the country

1637

00:59:37,270 --> 00:59:36,000

and impacting their local communities

1638

00:59:41,990 --> 00:59:37,280

and

1639

00:59:43,270 --> 00:59:42,000

you get the conversation going on on the

1640

00:59:45,510 --> 00:59:43,280

grassroots

1641

00:59:48,870 --> 00:59:45,520

level on word of mouth

1642

00:59:50,870 --> 00:59:48,880

um it's still a real thing you know um

1643

00:59:52,470 --> 00:59:50,880

so i think more people should be doing

1644

00:59:55,109 --> 00:59:52,480

your close upper clubs

1645

00:59:56,309 --> 00:59:55,119

um and and just one thing i did i did

1646

00:59:58,230 --> 00:59:56,319

remember that

1647

01:00:00,950 --> 00:59:58,240

is not like an interview per se but me

1648

01:00:02,390 --> 01:00:00,960

and jay can talk about this is wait jay

1649

01:00:04,950 --> 01:00:02,400

you know what i'm going to say

1650

01:00:06,710 --> 01:00:04,960

sure yeah i think i do is it about women

1651
01:00:07,670 --> 01:00:06,720
is it about the monroe

1652
01:00:09,109 --> 01:00:07,680
yeah yeah

1653
01:00:12,470 --> 01:00:09,119
i know you say

1654
01:00:15,430 --> 01:00:12,480
okay you do it yeah so you're the guy

1655
01:00:18,069 --> 01:00:15,440
again jay jay had mentioned

1656
01:00:20,470 --> 01:00:18,079
i have i have about 17 years of like

1657
01:00:23,190 --> 01:00:20,480
formal meditation practice

1658
01:00:24,789 --> 01:00:23,200
um where i've mostly done traditional

1659
01:00:26,390 --> 01:00:24,799
types of meditation

1660
01:00:29,109 --> 01:00:26,400
um

1661
01:00:30,549 --> 01:00:29,119
ver mostly eastern base is is where i

1662
01:00:32,309 --> 01:00:30,559
learned because i tried to go to the

1663
01:00:33,910 --> 01:00:32,319

root of these kind of

1664

01:00:35,670 --> 01:00:33,920

practices and

1665

01:00:37,829 --> 01:00:35,680

you know a lot of it is

1666

01:00:40,829 --> 01:00:37,839

you know goes back to

1667

01:00:43,430 --> 01:00:40,839

um ancient practices in sanskrit

1668

01:00:46,309 --> 01:00:43,440

tradition uh buddhism and yoga and those

1669

01:00:49,270 --> 01:00:46,319

kind of things and you know

1670

01:00:51,430 --> 01:00:49,280

i stick to a few mainly but i i i've

1671

01:00:52,710 --> 01:00:51,440

dabbled with many of them

1672

01:00:55,670 --> 01:00:52,720

and

1673

01:00:59,109 --> 01:00:55,680

over the years i mean i actually found

1674

01:01:02,309 --> 01:00:59,119

hemisink and monroe institute

1675

01:01:03,910 --> 01:01:02,319

uh i want to say in like maybe 2008 or

1676

01:01:06,789 --> 01:01:03,920

2009

1677

01:01:09,109 --> 01:01:06,799

and so i wanted to do a video

1678

01:01:10,549 --> 01:01:09,119

and an entire kind of like experience

1679

01:01:11,670 --> 01:01:10,559

where we can kind of bring the audience

1680

01:01:12,870 --> 01:01:11,680

with us

1681

01:01:16,150 --> 01:01:12,880

in doing

1682

01:01:18,390 --> 01:01:16,160

what is called the gateway process

1683

01:01:20,309 --> 01:01:18,400

which is also known at hemisync as the

1684

01:01:23,030 --> 01:01:20,319

gateway experience

1685

01:01:25,349 --> 01:01:23,040

and so yeah the gateway process

1686

01:01:26,789 --> 01:01:25,359

there was a document by the cia looking

1687

01:01:29,349 --> 01:01:26,799

into all this

1688

01:01:31,750 --> 01:01:29,359

um looking into hemisync technology and

1689

01:01:33,829 --> 01:01:31,760

and how that can be applied to

1690

01:01:36,789 --> 01:01:33,839

intelligence services and

1691

01:01:38,309 --> 01:01:36,799

you know consciousness studies basically

1692

01:01:41,030 --> 01:01:38,319

and

1693

01:01:43,109 --> 01:01:41,040

i i've i've experimented with hemisync

1694

01:01:45,030 --> 01:01:43,119

technology before because i actually

1695

01:01:47,430 --> 01:01:45,040

found hemisync when i was reading dr

1696

01:01:48,870 --> 01:01:47,440

stephen grier's first book early on he

1697

01:01:50,950 --> 01:01:48,880

mentions hemisync in the monroe

1698

01:01:53,030 --> 01:01:50,960

institute so i

1699

01:01:54,230 --> 01:01:53,040

even early on when i found that i

1700

01:01:56,150 --> 01:01:54,240

researched them

1701

01:01:57,829 --> 01:01:56,160

and i came across the stuff and i

1702

01:02:00,870 --> 01:01:57,839

practiced with it i was like wow this is

1703

01:02:03,190 --> 01:02:00,880

really cool um and and generally i think

1704

01:02:04,470 --> 01:02:03,200

that with binaural beats or binaural

1705

01:02:06,549 --> 01:02:04,480

tones

1706

01:02:08,230 --> 01:02:06,559

uh i think you can you should sparsely

1707

01:02:10,789 --> 01:02:08,240

use them you don't want to use it as a

1708

01:02:12,870 --> 01:02:10,799

crutch and monroe actually they address

1709

01:02:13,750 --> 01:02:12,880

that in the in the manual for their

1710

01:02:15,029 --> 01:02:13,760

stuff

1711

01:02:17,750 --> 01:02:15,039

and they kind of say no it's not a

1712

01:02:19,430 --> 01:02:17,760

crutch but people who usually do it

1713

01:02:20,870 --> 01:02:19,440

branch out they they say that in other

1714

01:02:23,109 --> 01:02:20,880

words basically

1715

01:02:24,390 --> 01:02:23,119

but i wanted to do a thing where i do

1716

01:02:27,270 --> 01:02:24,400

hemisync

1717

01:02:28,950 --> 01:02:27,280

um the gateway experience proper

1718

01:02:30,710 --> 01:02:28,960

you know as somebody who's already had

1719

01:02:32,470 --> 01:02:30,720

like all this kind of experience with

1720

01:02:35,190 --> 01:02:32,480

meditation like what is it going to be

1721

01:02:37,109 --> 01:02:35,200

like for me and and um so i'm going to

1722

01:02:38,549 --> 01:02:37,119

do a video with jay where we're going to

1723

01:02:40,630 --> 01:02:38,559

talk about that

1724

01:02:42,309 --> 01:02:40,640

and then we'll do one like

1725

01:02:43,829 --> 01:02:42,319

months down the road

1726

01:02:46,230 --> 01:02:43,839

uh talking about maybe what our

1727

01:02:48,710 --> 01:02:46,240

experience was with it or you know what

1728

01:02:50,549 --> 01:02:48,720

we thought about it and so on

1729

01:02:51,670 --> 01:02:50,559

cool absolutely like absolutely i can't

1730

01:02:54,069 --> 01:02:51,680

wait

1731

01:02:56,710 --> 01:02:54,079

yep because one one big project isn't

1732

01:02:57,750 --> 01:02:56,720

enough you just gotta load on the

1733

01:03:00,390 --> 01:02:57,760

right

1734

01:03:02,710 --> 01:03:00,400

not at all yeah well done we didn't tell

1735

01:03:05,029 --> 01:03:02,720

everybody about the other ones either so

1736

01:03:06,549 --> 01:03:05,039

oh yeah you know that that's we got a

1737

01:03:09,029 --> 01:03:06,559

yeah the one

1738

01:03:10,390 --> 01:03:09,039

one or two one and a half at a time we

1739

01:03:11,750 --> 01:03:10,400

gotta we gotta

1740

01:03:13,589 --> 01:03:11,760

we gotta drip out that kind of

1741

01:03:14,390 --> 01:03:13,599

disclosure we'll do it too it'll be

1742

01:03:16,309 --> 01:03:14,400

great

1743

01:03:18,230 --> 01:03:16,319

well i had a wonderful time talking with

1744

01:03:21,029 --> 01:03:18,240

you two you guys are really great and

1745

01:03:22,470 --> 01:03:21,039

really positive and i think um

1746

01:03:24,950 --> 01:03:22,480

you know bring a lot of knowledge to

1747

01:03:28,630 --> 01:03:24,960

this community people like myself really

1748

01:03:30,549 --> 01:03:28,640

rely on um being somewhat newer here

1749

01:03:32,390 --> 01:03:30,559

um so i'm really appreciative of you

1750

01:03:34,549 --> 01:03:32,400

guys it's awesome that you guys

1751

01:03:36,630 --> 01:03:34,559

were able to meet through all this ufo

1752

01:03:38,309 --> 01:03:36,640

twitter stuff and and put on these

1753

01:03:40,230 --> 01:03:38,319

wonderful events and

1754

01:03:42,549 --> 01:03:40,240

and and really

1755

01:03:44,710 --> 01:03:42,559

lift up the community even more as a

1756

01:03:46,630 --> 01:03:44,720

pair so i'm grateful for that i can't

1757

01:03:48,549 --> 01:03:46,640

wait to see the successes that you two

1758

01:03:50,789 --> 01:03:48,559

bring together and talk to you about

1759

01:03:52,470 --> 01:03:50,799

that and um yeah i'm really looking

1760

01:03:55,510 --> 01:03:52,480

forward to it but

1761

01:03:57,430 --> 01:03:55,520

we are out of time so before we get out

1762

01:03:59,670 --> 01:03:57,440

of here is there anything anyone else

1763

01:04:01,670 --> 01:03:59,680

wanted to cover or talk about or say or

1764

01:04:03,510 --> 01:04:01,680

anything like that

1765

01:04:05,430 --> 01:04:03,520

i just want to say i love i love both of

1766

01:04:07,829 --> 01:04:05,440

you guys i think you're both great and i

1767

01:04:09,829 --> 01:04:07,839

love i love i love hanging out with both

1768

01:04:12,789 --> 01:04:09,839

of you i i love working with both of you

1769

01:04:14,789 --> 01:04:12,799

i like collaborating talking about

1770

01:04:18,390 --> 01:04:14,799

talking about all the issues with both

1771

01:04:20,069 --> 01:04:18,400

of you i i it and i was so excited when

1772

01:04:21,190 --> 01:04:20,079

i figured out earlier today that we're

1773

01:04:23,029 --> 01:04:21,200

all going to be hanging out together

1774

01:04:25,029 --> 01:04:23,039

today rules

1775

01:04:27,510 --> 01:04:25,039

yeah absolutely wonderful yeah yeah

1776

01:04:28,950 --> 01:04:27,520

definitely and i i you know i'm glad you

1777

01:04:29,750 --> 01:04:28,960

invited me here

1778

01:04:31,270 --> 01:04:29,760

um

1779

01:04:33,109 --> 01:04:31,280

and i i really

1780

01:04:35,029 --> 01:04:33,119

appreciate the

1781

01:04:37,190 --> 01:04:35,039

the idea and the ability for us to be

1782

01:04:39,510 --> 01:04:37,200

able to come together and connect

1783

01:04:41,270 --> 01:04:39,520

and and create something that's greater

1784

01:04:43,670 --> 01:04:41,280

um but we can only do that when we're

1785

01:04:45,349 --> 01:04:43,680

together you know if it was just me

1786

01:04:47,670 --> 01:04:45,359

doing whatever i'm not putting on this

1787

01:04:49,349 --> 01:04:47,680

conference i'm not having a live stream

1788

01:04:51,349 --> 01:04:49,359

like this i'm not doing any of the

1789

01:04:53,349 --> 01:04:51,359

things i'm basically singing sitting in

1790

01:04:55,990 --> 01:04:53,359

my backyard having contact talking about

1791

01:04:57,910 --> 01:04:56,000

it to myself you know um but you know

1792

01:04:59,589 --> 01:04:57,920

when when people like us and come

1793

01:05:01,910 --> 01:04:59,599

together i mean again

1794

01:05:03,990 --> 01:05:01,920

you know we have you know

1795

01:05:06,789 --> 01:05:04,000

the cooperation and people lifting up

1796

01:05:08,710 --> 01:05:06,799

the community of like dr nolan coming

1797

01:05:10,950 --> 01:05:08,720

out you know to new york to participate

1798

01:05:12,630 --> 01:05:10,960

in an event like this exo academian you

1799

01:05:13,670 --> 01:05:12,640

know they're all these people are coming

1800

01:05:15,029 --> 01:05:13,680

together

1801
01:05:18,150 --> 01:05:15,039
you know

1802
01:05:21,430 --> 01:05:18,160
yeah ralph blumenthal yeah yeah legend

1803
01:05:23,109 --> 01:05:21,440
legendary journalist the guy who who

1804
01:05:25,589 --> 01:05:23,119
broke you know

1805
01:05:28,470 --> 01:05:25,599
with leslie kane and holding right broke

1806
01:05:30,470 --> 01:05:28,480
the 8-tip story like broke down the the

1807
01:05:32,950 --> 01:05:30,480
first line of defense for the secrecy

1808
01:05:35,990 --> 01:05:32,960
you know they really

1809
01:05:37,990 --> 01:05:36,000
seriously you know yeah um yeah so it's

1810
01:05:40,950 --> 01:05:38,000
great when people can can come together

1811
01:05:44,150 --> 01:05:40,960
like that and help make something better

1812
01:05:47,510 --> 01:05:44,160
absolutely yep well i love my time with

1813
01:05:49,589 --> 01:05:47,520

you and uh we'll all be watching for

1814

01:05:51,190 --> 01:05:49,599

tickets for the event and hopefully a

1815

01:05:52,710 --> 01:05:51,200

lot of us will be able to go and check

1816

01:05:54,710 --> 01:05:52,720

it out and

1817

01:05:56,630 --> 01:05:54,720

um look forward to seeing more of your

1818

01:05:58,950 --> 01:05:56,640

interviews james everybody go

1819

01:06:00,789 --> 01:05:58,960

um check out his youtube and subscribe i

1820

01:06:03,430 --> 01:06:00,799

put all their links in the description

1821

01:06:05,750 --> 01:06:03,440

of the stuff jay i'll see you again real

1822

01:06:08,150 --> 01:06:05,760

soon i know absolutely

1823

01:06:11,109 --> 01:06:08,160

and i can't wait for that and um we'll

1824

01:06:13,190 --> 01:06:11,119

get some more discussion on so until

1825

01:06:14,549 --> 01:06:13,200

then

1826

01:06:18,590 --> 01:06:14,559

love you guys

1827

01:06:37,029 --> 01:06:18,600

bye
