1
00:00:05,269 --> 00:00:03,050
hey this is Jay

2
00:00:08,600 --> 00:00:05,279
and I guess I'm Sean

3
00:00:38,270 --> 00:00:08,610
and this is citizen Witness

4
00:00:45,049 --> 00:00:40,450
foreign

5
00:00:49,790 --> 00:00:47,150
hey buddy how you doing it's good to see

6
00:00:52,130 --> 00:00:49,800
you yeah good to see you too now uh that

7
00:00:54,770 --> 00:00:52,140
intro is planned and it has those little

8
00:00:56,810 --> 00:00:54,780
like beings in there and I just thought

9
00:00:58,369 --> 00:00:56,820
like

10
00:01:01,069 --> 00:00:58,379
do you

11
00:01:05,570 --> 00:01:01,079
believe in aliens

12
00:01:09,469 --> 00:01:05,580
that that aliens are here or have been

13
00:01:14,330 --> 00:01:09,479

here actual X extraterrestrial

14

00:01:15,410 --> 00:01:14,340

aliens yeah yeah I mean I like I mean I

15

00:01:17,270 --> 00:01:15,420

don't have

16

00:01:19,429 --> 00:01:17,280

concrete

17

00:01:21,289 --> 00:01:19,439

you know no none of them like gave me a

18

00:01:22,910 --> 00:01:21,299

map back home and I don't think that

19

00:01:24,710 --> 00:01:22,920

they've given many people I've met back

20

00:01:26,450 --> 00:01:24,720

home I think most of them are

21

00:01:27,230 --> 00:01:26,460

deliberately vague about that kind of

22

00:01:28,789 --> 00:01:27,240

stuff

23

00:01:31,969 --> 00:01:28,799

I you know

24

00:01:35,929 --> 00:01:31,979

I do I do tend to agree with

25

00:01:41,690 --> 00:01:39,590

um Eric Davis or like Sean espion or

26

00:01:43,190 --> 00:01:41,700

hargens and things like that in that I

27

00:01:44,870 --> 00:01:43,200

think that there's a really good chance

28

00:01:47,390 --> 00:01:44,880

or even how put off that there's a

29

00:01:50,090 --> 00:01:47,400

really good chance that many of the

30

00:01:52,370 --> 00:01:50,100

beings that we're seeing

31

00:01:54,710 --> 00:01:52,380

um are like crypto terrestrials I think

32

00:01:57,109 --> 00:01:54,720

that that's a strong possibility that at

33

00:01:59,090 --> 00:01:57,119

least some of these beings I think some

34

00:02:02,210 --> 00:01:59,100

of them meaning that's like some of them

35

00:02:04,010 --> 00:02:02,220

have been living on Earth for really or

36

00:02:06,109 --> 00:02:04,020

some of them like a little Outpost have

37

00:02:09,169 --> 00:02:06,119

been living here for like a ridiculously

38

00:02:12,229 --> 00:02:09,179

long time and we're just now at a point

39

00:02:14,030 --> 00:02:12,239

where we can kind of again face these

40

00:02:16,490 --> 00:02:14,040

kinds of things outside of Mythology and

41

00:02:18,410 --> 00:02:16,500

stuff like that but at the same time you

42

00:02:22,490 --> 00:02:18,420

know there are lots of great cases from

43

00:02:24,830 --> 00:02:22,500

people like Timothy good and and

44

00:02:27,110 --> 00:02:24,840

um kind of like Coral Lorenzen and a lot

45

00:02:30,229 --> 00:02:27,120

of the the kind of like earlier weirder

46

00:02:33,470 --> 00:02:30,239

cases before things started to kind of

47

00:02:36,350 --> 00:02:33,480

align in the 90s and get really Roswell

48

00:02:37,790 --> 00:02:36,360

defined and it's kind of fun yeah you

49

00:02:40,430 --> 00:02:37,800

know what I mean for a while it seemed

50

00:02:43,070 --> 00:02:40,440

like it just turned into like all Grays

51
00:02:46,070 --> 00:02:43,080
all the time or something like that so

52
00:02:48,170 --> 00:02:46,080
you know like so it would be a really

53
00:02:50,089 --> 00:02:48,180
good name for a song by the way all

54
00:02:53,089 --> 00:02:50,099
Grace all the time yeah yeah yeah it

55
00:02:55,009 --> 00:02:53,099
could be kind of like race all the time

56
00:02:57,530 --> 00:02:55,019
yeah I would love to hear that song from

57
00:02:59,449 --> 00:02:57,540
you I think that would be dope but um

58
00:03:01,790 --> 00:02:59,459
but you know like I think that there are

59
00:03:03,890 --> 00:03:01,800
legitimately extraterrestrials out there

60
00:03:05,990 --> 00:03:03,900
and I think that there are also crypto

61
00:03:08,869 --> 00:03:06,000
terrestrials and then I think that

62
00:03:11,449 --> 00:03:08,879
there's I also agree with people that

63
00:03:13,790 --> 00:03:11,459

we've had on on on your show like Nick

64

00:03:16,850 --> 00:03:13,800

cook for example stuff like that where

65

00:03:19,490 --> 00:03:16,860

it's like or Ingo Swan even where it's

66

00:03:21,710 --> 00:03:19,500

where there's

67

00:03:24,649 --> 00:03:21,720

there's almost certainly some other

68

00:03:26,690 --> 00:03:24,659

layer that's like overlapping ours like

69

00:03:28,729 --> 00:03:26,700

some some people call it a dimension

70

00:03:30,890 --> 00:03:28,739

some people call it a frequency when it

71

00:03:33,110 --> 00:03:30,900

comes down to it it seems like we argue

72

00:03:34,850 --> 00:03:33,120

over these terms but we all kind of know

73

00:03:37,610 --> 00:03:34,860

what we're talking about which is that

74

00:03:40,190 --> 00:03:37,620

there's some overlapping layer of

75

00:03:42,050 --> 00:03:40,200

reality that we can't see and we can't

76
00:03:43,970 --> 00:03:42,060
touch that might have something to do

77
00:03:45,710 --> 00:03:43,980
with like dark matter or energy or all

78
00:03:48,410 --> 00:03:45,720
the extra gravity that we can detect

79
00:03:51,710 --> 00:03:48,420
that we can't find or maybe it doesn't

80
00:03:53,390 --> 00:03:51,720
yeah do you find it a little isn't it

81
00:03:56,089 --> 00:03:53,400
kind of you know just touching on that

82
00:03:58,729 --> 00:03:56,099
point isn't it a little like silly to

83
00:04:00,110 --> 00:03:58,739
argue about the different terms right

84
00:04:04,130 --> 00:04:00,120
because

85
00:04:06,649 --> 00:04:04,140
don't leave you a map

86
00:04:08,990 --> 00:04:06,659
right like uh here's our you know

87
00:04:10,550 --> 00:04:09,000
Wikipedia from whatever planet that we

88
00:04:11,990 --> 00:04:10,560

use you know

89

00:04:14,210 --> 00:04:12,000

like

90

00:04:16,789 --> 00:04:14,220

arguing over

91

00:04:19,430 --> 00:04:16,799

you know what it's called like

92

00:04:22,310 --> 00:04:19,440

shouldn't they tell us what what they're

93

00:04:24,950 --> 00:04:22,320

called you know like right yeah call me

94

00:04:27,290 --> 00:04:24,960

this you know yeah we're like deciding

95

00:04:29,090 --> 00:04:27,300

what to name this thing and they don't

96

00:04:32,629 --> 00:04:29,100

even have a say like what the what the

97

00:04:35,210 --> 00:04:32,639

hell you know right yeah we don't we

98

00:04:36,409 --> 00:04:35,220

yeah or we asked them their names and

99

00:04:37,790 --> 00:04:36,419

then there's a bunch of accounts where

100

00:04:39,310 --> 00:04:37,800

they're like ah you can't pronounce it

101
00:04:42,350 --> 00:04:39,320
anyway yeah

102
00:04:44,629 --> 00:04:42,360
there's that too find out that's not it

103
00:04:48,290 --> 00:04:44,639
and you're like okay well your name's

104
00:04:50,510 --> 00:04:48,300
liar then you know yeah oh yeah we're

105
00:04:52,969 --> 00:04:50,520
venusians that's what we are you know

106
00:04:54,530 --> 00:04:52,979
like yeah I mean it's it's funny

107
00:04:56,030 --> 00:04:54,540
especially yeah you're absolutely right

108
00:04:59,090 --> 00:04:56,040
and it's funny because like there are so

109
00:05:02,689 --> 00:04:59,100
many of those early contact e cases like

110
00:05:06,170 --> 00:05:02,699
in the 50s 40s even the 60s where people

111
00:05:08,830 --> 00:05:06,180
would meet up and they would hang out

112
00:05:11,330 --> 00:05:08,840
with some like you know really

113
00:05:13,129 --> 00:05:11,340

conventionally attractive

114

00:05:15,650 --> 00:05:13,139

um humanoid being that came out of a

115

00:05:18,770 --> 00:05:15,660

craft or whatever and then those stories

116

00:05:20,689 --> 00:05:18,780

got you know pushed to the side for

117

00:05:23,390 --> 00:05:20,699

the better part of 40 years at least

118

00:05:25,189 --> 00:05:23,400

because people were like oh no no that's

119

00:05:27,050 --> 00:05:25,199

not them that was something fake that

120

00:05:28,370 --> 00:05:27,060

wasn't real they're gray they're about

121

00:05:30,590 --> 00:05:28,380

four feet tall I saw it in a Steven

122

00:05:33,110 --> 00:05:30,600

Spielberg movie right

123

00:05:34,909 --> 00:05:33,120

and yeah and like the mutual exclusivity

124

00:05:36,469 --> 00:05:34,919

of the situation is so bizarre to me

125

00:05:37,969 --> 00:05:36,479

because you you go out at night you look

126

00:05:40,070 --> 00:05:37,979

at all these stores

127

00:05:41,689 --> 00:05:40,080

and even if they're not all extra

128

00:05:44,629 --> 00:05:41,699

extraterrestrial and they probably

129

00:05:45,710 --> 00:05:44,639

aren't you know like that's still like a

130

00:05:48,110 --> 00:05:45,720

decent

131

00:05:50,450 --> 00:05:48,120

you know piece of symbolism and

132

00:05:53,510 --> 00:05:50,460

actuality the Stars themselves for like

133

00:05:56,390 --> 00:05:53,520

how many possibilities you know at a

134

00:05:58,070 --> 00:05:56,400

minimum there are in terms of like what

135

00:05:59,210 --> 00:05:58,080

we can see visibly what do you think

136

00:06:04,010 --> 00:05:59,220

yeah

137

00:06:06,710 --> 00:06:04,020

uh I am I'm a little more skeptical than

138

00:06:07,850 --> 00:06:06,720

you I would say generally speaking as as

139

00:06:10,670 --> 00:06:07,860

far as

140

00:06:12,830 --> 00:06:10,680

you know what it is and what's here I

141

00:06:15,770 --> 00:06:12,840

don't know because I haven't had you

142

00:06:17,689 --> 00:06:15,780

know a first-hand experience with beings

143

00:06:21,610 --> 00:06:17,699

or anything I've seen

144

00:06:25,010 --> 00:06:21,620

uh a couple of things that really

145

00:06:26,629 --> 00:06:25,020

confused the hell out of me you know and

146

00:06:28,430 --> 00:06:26,639

since then I've seen like everything

147

00:06:32,390 --> 00:06:28,440

that you can think of in this guy that's

148

00:06:37,010 --> 00:06:32,400

Prozac you know whether it be balloons

149

00:06:41,450 --> 00:06:37,020

um drones you know flaming lanterns uh

150

00:06:45,170 --> 00:06:41,460

planes everything meteors everything and

151
00:06:46,129 --> 00:06:45,180
still I have not seen that again and you

152
00:06:49,550 --> 00:06:46,139
know

153
00:06:52,550 --> 00:06:49,560
I I have to think that there's some sort

154
00:06:54,529 --> 00:06:52,560
of intelligence that that uh either

155
00:06:57,710 --> 00:06:54,539
interacts with us or is playing with us

156
00:07:00,770 --> 00:06:57,720
or something but what it is uh I just

157
00:07:03,110 --> 00:07:00,780
don't know you know and if sure I cut

158
00:07:04,730 --> 00:07:03,120
and then I find my I think like Jacques

159
00:07:07,610 --> 00:07:04,740
Valley a little bit when

160
00:07:09,830 --> 00:07:07,620
you know he talks about uh you know

161
00:07:12,350 --> 00:07:09,840
encounters with extraterrestrial beings

162
00:07:14,210 --> 00:07:12,360
or whatever and how there's some

163
00:07:16,070 --> 00:07:14,220

instances where they get messages from

164

00:07:18,110 --> 00:07:16,080

these beings and sometimes they're spot

165

00:07:19,610 --> 00:07:18,120

on correct and then they'll give you

166

00:07:22,309 --> 00:07:19,620

something like

167

00:07:24,110 --> 00:07:22,319

um like get everybody here on this day

168

00:07:26,330 --> 00:07:24,120

where we're gonna show ourselves you

169

00:07:28,370 --> 00:07:26,340

know and then everybody goes and they

170

00:07:29,350 --> 00:07:28,380

don't show up you know right and it's

171

00:07:31,790 --> 00:07:29,360

like

172

00:07:35,089 --> 00:07:31,800

you can't trust what these things

173

00:07:37,430 --> 00:07:35,099

they're telling you you know and um so

174

00:07:39,890 --> 00:07:37,440

whatever they say it's like uh yeah but

175

00:07:42,710 --> 00:07:39,900

is that the truth I don't know you know

176

00:07:46,610 --> 00:07:42,720

and then unless you see a dimension open

177

00:07:47,450 --> 00:07:46,620

up or you know yeah you know happen to

178

00:07:50,210 --> 00:07:47,460

hop

179

00:07:52,189 --> 00:07:50,220

on the saucer with the beings from the

180

00:07:54,770 --> 00:07:52,199

planet they reside from you know and

181

00:07:57,050 --> 00:07:54,780

even then then there's the whole well it

182

00:07:59,029 --> 00:07:57,060

could be holography going on or you know

183

00:08:04,129 --> 00:07:59,039

and that could be a light too it's like

184

00:08:06,650 --> 00:08:04,139

God it's so difficult to determine

185

00:08:09,890 --> 00:08:06,660

what is actually happening and that's

186

00:08:11,330 --> 00:08:09,900

extremely frustrating yeah no I know I

187

00:08:13,490 --> 00:08:11,340

completely agree with you and I think

188

00:08:19,430 --> 00:08:13,500

you know I think some of that

189

00:08:21,950 --> 00:08:19,440

their own form of deliberate

190

00:08:24,650 --> 00:08:21,960

misinformation and disinformation where

191

00:08:27,469 --> 00:08:24,660

it's like you know where there's a

192

00:08:29,689 --> 00:08:27,479

complicity we've you know we give a lot

193

00:08:32,029 --> 00:08:29,699

of heat to

194

00:08:34,909 --> 00:08:32,039

um government and Military organizations

195

00:08:37,130 --> 00:08:34,919

the intelligence community of various

196

00:08:39,769 --> 00:08:37,140

governments and saying

197

00:08:42,170 --> 00:08:39,779

um you know like experiencers people

198

00:08:45,889 --> 00:08:42,180

that have experienced these these beings

199

00:08:46,690 --> 00:08:45,899

and and these craft have been

200

00:08:51,949 --> 00:08:46,700

um

201
00:08:54,170 --> 00:08:51,959
completely maligned and and making you

202
00:08:56,150 --> 00:08:54,180
know made fun of for decades and that's

203
00:08:58,610 --> 00:08:56,160
absolutely true that's absolutely true

204
00:09:02,090 --> 00:08:58,620
and at the same time it's you're very

205
00:09:06,170 --> 00:09:02,100
it's you're right on that a lot of these

206
00:09:07,970 --> 00:09:06,180
beings themselves have essentially done

207
00:09:11,269 --> 00:09:07,980
a different version of the same thing

208
00:09:15,230 --> 00:09:11,279
which in some ways is it

209
00:09:17,690 --> 00:09:15,240
probably as cruel in a lot of ways which

210
00:09:19,250 --> 00:09:17,700
is which is like something like what you

211
00:09:22,250 --> 00:09:19,260
said which is like give you something

212
00:09:25,190 --> 00:09:22,260
that's true and then get your and then

213
00:09:27,650 --> 00:09:25,200

essentially get you and or your Close

214

00:09:30,110 --> 00:09:27,660

Associates and or maybe your whole

215

00:09:32,389 --> 00:09:30,120

village or whatever uh to think that

216

00:09:34,850 --> 00:09:32,399

you're a crazy person or that you're a

217

00:09:36,710 --> 00:09:34,860

liar or because they they lied to you

218

00:09:38,690 --> 00:09:36,720

that one time or whatever it is right

219

00:09:40,490 --> 00:09:38,700

and

220

00:09:42,410 --> 00:09:40,500

you know I don't know I'm not sure what

221

00:09:44,030 --> 00:09:42,420

to do about that but it's almost like

222

00:09:49,610 --> 00:09:44,040

they're funneling the misinformation

223

00:09:51,590 --> 00:09:49,620

themselves you know like if you if you

224

00:09:53,509 --> 00:09:51,600

if you don't like let's say you don't

225

00:09:55,790 --> 00:09:53,519

want to be found out and you want to

226

00:09:57,710 --> 00:09:55,800

keep uh you know sneaking around or

227

00:10:00,170 --> 00:09:57,720

whatever you know eventually you're

228

00:10:02,570 --> 00:10:00,180

gonna be caught by somebody right so

229

00:10:05,509 --> 00:10:02,580

right if somebody catches you and they

230

00:10:08,269 --> 00:10:05,519

go tell the story how can you screw them

231

00:10:11,269 --> 00:10:08,279

you know well you can get them really

232

00:10:13,670 --> 00:10:11,279

emotionally invested in it like you know

233

00:10:16,550 --> 00:10:13,680

I saw those things I had a dream come

234

00:10:18,590 --> 00:10:16,560

true I was like boom Hook Line and

235

00:10:21,050 --> 00:10:18,600

Sinker and then they never show up again

236

00:10:24,230 --> 00:10:21,060

you know and there's no like

237

00:10:26,990 --> 00:10:24,240

um repeatable scientific process that

238

00:10:29,150 --> 00:10:27,000

you can do to say sir I told you you

239

00:10:31,670 --> 00:10:29,160

know so in essence they're leaving Young

240

00:10:33,769 --> 00:10:31,680

out to drive to seem crazy to everybody

241

00:10:37,610 --> 00:10:33,779

else so that they can keep sneaking

242

00:10:39,470 --> 00:10:37,620

around and laughing oh 100 I mean yeah

243

00:10:41,690 --> 00:10:39,480

and and on the one hand I'm like okay

244

00:10:43,370 --> 00:10:41,700

well yeah that's mean you know that's

245

00:10:45,769 --> 00:10:43,380

that's very confusing and it's been

246

00:10:48,530 --> 00:10:45,779

really hard for a lot of experiencers to

247

00:10:50,509 --> 00:10:48,540

deal with that you know I mean I've

248

00:10:53,269 --> 00:10:50,519

seen a lot of that where people are like

249

00:10:55,069 --> 00:10:53,279

you know are they coming back are they

250

00:10:57,290 --> 00:10:55,079

you know then when they're there it's

251
00:10:59,810 --> 00:10:57,300
too it's too much you know when people

252
00:11:01,910 --> 00:10:59,820
have experiences like this and then you

253
00:11:04,190 --> 00:11:01,920
know the on the other side of the coin

254
00:11:05,750 --> 00:11:04,200
it's like well at least

255
00:11:08,389 --> 00:11:05,760
you know

256
00:11:10,910 --> 00:11:08,399
there's that and I guess if the

257
00:11:13,250 --> 00:11:10,920
alternative is

258
00:11:16,069 --> 00:11:13,260
um we wipe your mind in a way that's not

259
00:11:18,769 --> 00:11:16,079
safe or we just kill you you know what I

260
00:11:21,949 --> 00:11:18,779
mean which is what we do not us but like

261
00:11:23,810 --> 00:11:21,959
you know uh military people spies all

262
00:11:26,329 --> 00:11:23,820
sorts of folks like that you know if the

263
00:11:29,630 --> 00:11:26,339

the alternative is like anything and you

264

00:11:32,090 --> 00:11:29,640

know ending up in like the the trunk of

265

00:11:36,170 --> 00:11:32,100

some Intergalactic car you know what I

266

00:11:38,930 --> 00:11:36,180

mean like then I guess you know the

267

00:11:40,970 --> 00:11:38,940

alternative is better but

268

00:11:44,110 --> 00:11:40,980

um yeah you know at the same time I

269

00:11:49,550 --> 00:11:44,120

think that that in some ways

270

00:11:52,130 --> 00:11:49,560

the palpable sense of paradox and

271

00:11:55,130 --> 00:11:52,140

confusion there and frustration

272

00:11:57,949 --> 00:11:55,140

you know really does point at

273

00:12:01,130 --> 00:11:57,959

that these beings do exist because we

274

00:12:04,250 --> 00:12:01,140

hear hundreds thousands of these cases

275

00:12:07,310 --> 00:12:04,260

you know and like I've had them you know

276

00:12:09,829 --> 00:12:07,320

you've had your own experiences and you

277

00:12:11,269 --> 00:12:09,839

know there's definitely yeah though

278

00:12:13,610 --> 00:12:11,279

you're a little bit more skeptical than

279

00:12:14,630 --> 00:12:13,620

I am about some of the stuff probably as

280

00:12:17,150 --> 00:12:14,640

you say

281

00:12:22,610 --> 00:12:17,160

um we both understand that like the

282

00:12:25,910 --> 00:12:22,620

boundaries of reality are and and what

283

00:12:28,790 --> 00:12:25,920

we can experience as human beings is

284

00:12:30,530 --> 00:12:28,800

wider than it's made out to be in our

285

00:12:32,750 --> 00:12:30,540

popular culture or something like that

286

00:12:36,650 --> 00:12:32,760

would you agree to that oh definitely

287

00:12:39,170 --> 00:12:36,660

yeah for sure for sure without a doubt

288

00:12:41,210 --> 00:12:39,180

and it yeah just wondering what that uh

289

00:12:43,610 --> 00:12:41,220

you know and then humans kind of have

290

00:12:46,490 --> 00:12:43,620

their own

291

00:12:48,350 --> 00:12:46,500

um control system so to speak you know

292

00:12:49,670 --> 00:12:48,360

their own system that they play on each

293

00:12:52,370 --> 00:12:49,680

other just like we were talking about

294

00:12:53,810 --> 00:12:52,380

like these beings would do they kind of

295

00:12:56,269 --> 00:12:53,820

leave you hung out to try and you can

296

00:12:58,430 --> 00:12:56,279

start it all with Roswell really

297

00:13:00,110 --> 00:12:58,440

where they where they come out in the

298

00:13:02,810 --> 00:13:00,120

paper and say

299

00:13:05,810 --> 00:13:02,820

you know we we have a flying saucer we

300

00:13:06,650 --> 00:13:05,820

recovered it it's not the it's not a

301
00:13:09,889 --> 00:13:06,660
myth

302
00:13:11,810 --> 00:13:09,899
you know it's real and we got one the

303
00:13:14,329 --> 00:13:11,820
Air Force recovered one could you

304
00:13:17,569 --> 00:13:14,339
imagine if that happened today

305
00:13:20,269 --> 00:13:17,579
oh my God yeah what even happened yeah

306
00:13:21,949 --> 00:13:20,279
even if it was exactly like it was come

307
00:13:25,790 --> 00:13:21,959
around and say no forget it we never

308
00:13:27,710 --> 00:13:25,800
mind yeah if it only yeah can you just

309
00:13:29,750 --> 00:13:27,720
imagine what online life would be if it

310
00:13:33,470 --> 00:13:29,760
was just like that and basically the the

311
00:13:35,509 --> 00:13:33,480
course the story only was up for like 20

312
00:13:37,490 --> 00:13:35,519
hours and they were like yep yep and

313
00:13:39,050 --> 00:13:37,500

they even kind of came back and and gave

314

00:13:42,110 --> 00:13:39,060

some further information like they did

315

00:13:44,269 --> 00:13:42,120

back then and then after about 20 hours

316

00:13:47,150 --> 00:13:44,279

they're like oh oh screw that that

317

00:13:50,870 --> 00:13:47,160

was you know oops you know so which is

318

00:13:54,949 --> 00:13:50,880

just like that uh the logo that came out

319

00:13:56,329 --> 00:13:54,959

that and I am a whatever logo yeah that

320

00:13:58,850 --> 00:13:56,339

came out on an official government

321

00:14:00,009 --> 00:13:58,860

website with the Flying Saucer on it

322

00:14:03,050 --> 00:14:00,019

right

323

00:14:06,710 --> 00:14:03,060

everybody's you know like

324

00:14:10,009 --> 00:14:06,720

what is this that disclosure I told you

325

00:14:12,110 --> 00:14:10,019

there admitting it right here and only

326

00:14:14,629 --> 00:14:12,120

to get uh a word from the government

327

00:14:16,730 --> 00:14:14,639

says oh that was a simple mistake I mean

328

00:14:19,550 --> 00:14:16,740

you know that that wasn't supposed to be

329

00:14:22,430 --> 00:14:19,560

up there whoops that's a goof you know

330

00:14:25,190 --> 00:14:22,440

and just recently uh Black Vault uh just

331

00:14:27,350 --> 00:14:25,200

released some foia he got where I think

332

00:14:29,690 --> 00:14:27,360

they're maybe a total of 20 words in it

333

00:14:34,430 --> 00:14:29,700

combined you know big surprise but in

334

00:14:36,889 --> 00:14:34,440

the documents it talks about uh UAP some

335

00:14:38,690 --> 00:14:36,899

sort of joint operational task force

336

00:14:41,569 --> 00:14:38,700

that actually gave briefings to people

337

00:14:43,610 --> 00:14:41,579

including the Secretary of Defense and

338

00:14:45,290 --> 00:14:43,620

this was all and this just came out so I

339

00:14:46,730 --> 00:14:45,300

had to his website a few and check it

340

00:14:48,350 --> 00:14:46,740

out but

341

00:14:50,689 --> 00:14:48,360

um and

342

00:14:53,870 --> 00:14:50,699

and basically and this was before the

343

00:14:56,810 --> 00:14:53,880

UAP task force so

344

00:14:59,810 --> 00:14:56,820

the question is like so you had this

345

00:15:01,730 --> 00:14:59,820

program you know going on the whole time

346

00:15:04,069 --> 00:15:01,740

a different program nobody even knew of

347

00:15:06,290 --> 00:15:04,079

and they called it unidentified aerial

348

00:15:08,870 --> 00:15:06,300

phenomenology which is different two

349

00:15:10,850 --> 00:15:08,880

different occasions and

350

00:15:13,430 --> 00:15:10,860

just for them to come back and go oh

351

00:15:15,710 --> 00:15:13,440

that was a that's a mistake like you

352

00:15:18,230 --> 00:15:15,720

know that they weren't supposed to

353

00:15:20,870 --> 00:15:18,240

you know they they just got the the

354

00:15:23,930 --> 00:15:20,880

wrong thing that they put in there it's

355

00:15:26,750 --> 00:15:23,940

not real it's not a real UAP thing like

356

00:15:30,230 --> 00:15:26,760

the guy freaking typed out unidentified

357

00:15:32,689 --> 00:15:30,240

aerial phenomenology right two different

358

00:15:35,030 --> 00:15:32,699

times talking about briefing people and

359

00:15:38,569 --> 00:15:35,040

they come back and just say oh that was

360

00:15:41,509 --> 00:15:38,579

a mistake like how like that's

361

00:15:44,509 --> 00:15:41,519

our own control system you know where

362

00:15:48,110 --> 00:15:44,519

you allow people you allow people to be

363

00:15:50,870 --> 00:15:48,120

like oh my God this is real like

364

00:15:52,730 --> 00:15:50,880

um the life's way crazier than we

365

00:15:55,269 --> 00:15:52,740

thought the government's super into this

366

00:15:57,949 --> 00:15:55,279

it's official nope

367

00:15:59,750 --> 00:15:57,959

nope just kidding that was a mistake you

368

00:16:01,550 --> 00:15:59,760

know yeah as if somebody somebody was

369

00:16:03,590 --> 00:16:01,560

just sitting there typing up somebody

370

00:16:06,290 --> 00:16:03,600

was sitting here typing up their notes

371

00:16:08,090 --> 00:16:06,300

and then they were like they're like you

372

00:16:11,389 --> 00:16:08,100

know they sneeze and they I accidentally

373

00:16:13,490 --> 00:16:11,399

type out nomenclature and phenomenology

374

00:16:16,250 --> 00:16:13,500

and they're like oh my gosh it's coming

375

00:16:17,930 --> 00:16:16,260

back again you know and it just so

376

00:16:19,730 --> 00:16:17,940

happens that every time they sneeze

377

00:16:22,370 --> 00:16:19,740

they've got this like weird muscle

378

00:16:23,750 --> 00:16:22,380

memory that types out you know the name

379

00:16:26,150 --> 00:16:23,760

of that organization or something like

380

00:16:29,689 --> 00:16:26,160

that how is that no it's it's strange

381

00:16:31,910 --> 00:16:29,699

and like that's I feel like that's

382

00:16:35,269 --> 00:16:31,920

you know in a way like people talk about

383

00:16:38,930 --> 00:16:35,279

how you know uh Russian propaganda

384

00:16:41,569 --> 00:16:38,940

campaigns are you know easily rival the

385

00:16:44,449 --> 00:16:41,579

United States and and arguably are are

386

00:16:47,329 --> 00:16:44,459

bet much better than in some ways and

387

00:16:48,829 --> 00:16:47,339

you know I've I've read a bunch of uh

388

00:16:50,689 --> 00:16:48,839

stories about that I'm sure you have as

389

00:16:52,310 --> 00:16:50,699

well and I'm sure many people in the

390

00:16:54,710 --> 00:16:52,320

chat and that are watching this in the

391

00:16:57,110 --> 00:16:54,720

future have as well and you know one of

392

00:16:59,810 --> 00:16:57,120

the things that

393

00:17:01,249 --> 00:16:59,820

um propaganda campaigns often do is

394

00:17:05,090 --> 00:17:01,259

basically

395

00:17:08,030 --> 00:17:05,100

you know get you get a part of the

396

00:17:09,770 --> 00:17:08,040

audience fed up enough

397

00:17:12,770 --> 00:17:09,780

um with the back and forth thing that

398

00:17:13,809 --> 00:17:12,780

that they just like become

399

00:17:17,110 --> 00:17:13,819

um

400

00:17:19,970 --> 00:17:17,120

you know they just feel abjectly

401
00:17:21,470 --> 00:17:19,980
uh they feel abjectly and then they want

402
00:17:23,270 --> 00:17:21,480
to give up you know what I mean they're

403
00:17:25,850 --> 00:17:23,280
like okay screw this you know yeah

404
00:17:27,890 --> 00:17:25,860
forget it and and there's ways and

405
00:17:30,049 --> 00:17:27,900
there's there's there's concerted

406
00:17:32,150 --> 00:17:30,059
efforts to do that to get people to stop

407
00:17:33,830 --> 00:17:32,160
voting there's there's ways to do that

408
00:17:36,049 --> 00:17:33,840
to get people to stop doing this to

409
00:17:39,110 --> 00:17:36,059
start doing that and it happens a lot

410
00:17:41,330 --> 00:17:39,120
you know what I mean and I I have I have

411
00:17:43,490 --> 00:17:41,340
to think that there that there may be

412
00:17:45,950 --> 00:17:43,500
something like that built into these

413
00:17:48,169 --> 00:17:45,960

situations because like let's be honest

414

00:17:49,610 --> 00:17:48,179

you know again like John Greenwald it's

415

00:17:51,350 --> 00:17:49,620

great that he got this document out

416

00:17:53,630 --> 00:17:51,360

there it's great to be highlighted it as

417

00:17:56,270 --> 00:17:53,640

soon as humanly possible right that's

418

00:17:58,990 --> 00:17:56,280

fantastic and at the same time like you

419

00:18:01,970 --> 00:17:59,000

know this is a guy who consistently

420

00:18:04,070 --> 00:18:01,980

portrays I mean I don't want to speak

421

00:18:06,409 --> 00:18:04,080

too strongly here but he's like you know

422

00:18:08,390 --> 00:18:06,419

these are classified docs that are that

423

00:18:10,070 --> 00:18:08,400

are leak that are coming out and the way

424

00:18:13,190 --> 00:18:10,080

that it's portrayed it's like no these

425

00:18:16,909 --> 00:18:13,200

are scraps being handed to him

426

00:18:19,310 --> 00:18:16,919

and being allowed to get out and so once

427

00:18:20,930 --> 00:18:19,320

you view documents like that in that

428

00:18:23,750 --> 00:18:20,940

kind of a framework it changes things

429

00:18:25,669 --> 00:18:23,760

right it changes things because then

430

00:18:28,430 --> 00:18:25,679

you're like okay what scrap of

431

00:18:30,950 --> 00:18:28,440

information is here and how does that go

432

00:18:32,450 --> 00:18:30,960

against whatever they told us before or

433

00:18:34,970 --> 00:18:32,460

go along with it

434

00:18:37,250 --> 00:18:34,980

and so you know even if it's a back and

435

00:18:39,830 --> 00:18:37,260

forth you know maybe it was like a

436

00:18:41,690 --> 00:18:39,840

simple accident and you know Sue Goff or

437

00:18:44,150 --> 00:18:41,700

whoever else is in the office that day

438

00:18:46,730 --> 00:18:44,160

you know like that you know they they

439

00:18:48,529 --> 00:18:46,740

printed off you know they sent off 710

440

00:18:49,850 --> 00:18:48,539

pages of PDFs or whatever the page

441

00:18:52,310 --> 00:18:49,860

number is I'm sure somebody's going to

442

00:18:55,130 --> 00:18:52,320

hammer me about that actually the 718

443

00:19:01,450 --> 00:18:58,310

give it a break don't talk about it if

444

00:19:04,789 --> 00:19:01,460

you don't know your information Jay

445

00:19:06,830 --> 00:19:04,799

728 pages I mean yeah I mean you're

446

00:19:09,950 --> 00:19:06,840

right it's like the PDF what are they

447

00:19:12,590 --> 00:19:09,960

doing online anyway it's up to what they

448

00:19:14,630 --> 00:19:12,600

what they want you to think almost you

449

00:19:17,930 --> 00:19:14,640

know like even like reading through old

450

00:19:20,690 --> 00:19:17,940

newspapers like yeah you know I'll find

451
00:19:22,610 --> 00:19:20,700
that there will be one article and this

452
00:19:25,250 --> 00:19:22,620
is like in the 50s or whatever there'll

453
00:19:28,070 --> 00:19:25,260
be one article where they say that

454
00:19:30,890 --> 00:19:28,080
they're not the Air Force says nope

455
00:19:33,350 --> 00:19:30,900
we're not responsible for flag saucers

456
00:19:35,570 --> 00:19:33,360
you know that flank sauce error isn't

457
00:19:39,409 --> 00:19:35,580
this specific plane or whatever that's

458
00:19:42,830 --> 00:19:39,419
not it you know that that's not us and

459
00:19:45,950 --> 00:19:42,840
then like a year or two will go by and

460
00:19:48,409 --> 00:19:45,960
you'll see one that comes out with the

461
00:19:50,029 --> 00:19:48,419
plane with the big dead flag saucer on

462
00:19:51,529 --> 00:19:50,039
the plane that's meant for like radar

463
00:19:53,810 --> 00:19:51,539

it's not actual Flying Saucer but it

464

00:19:55,669 --> 00:19:53,820

looks like a disc and the Navy says you

465

00:19:57,710 --> 00:19:55,679

know if you see any flying saucers this

466

00:19:59,810 --> 00:19:57,720

could be it you know and then the next

467

00:20:03,049 --> 00:19:59,820

article is nope that wasn't us like just

468

00:20:04,730 --> 00:20:03,059

going back and forth with with what they

469

00:20:06,890 --> 00:20:04,740

say you know and then they come out and

470

00:20:09,289 --> 00:20:06,900

say nope everybody's crazy that sees

471

00:20:11,750 --> 00:20:09,299

them and then this huge guy in the Navy

472

00:20:13,010 --> 00:20:11,760

comes out and says I think they're from

473

00:20:16,850 --> 00:20:13,020

outer space

474

00:20:18,350 --> 00:20:16,860

literally in the 1952 press conference

475

00:20:20,750 --> 00:20:18,360

with General Sanford after the

476

00:20:23,630 --> 00:20:20,760

Washington DC sightings he comes out and

477

00:20:24,890 --> 00:20:23,640

gives a leveled response or whatever you

478

00:20:26,630 --> 00:20:24,900

know it says

479

00:20:28,370 --> 00:20:26,640

you know and even kind of leaves the

480

00:20:30,470 --> 00:20:28,380

door open but there's still you know

481

00:20:32,090 --> 00:20:30,480

incredible sightings he said that do

482

00:20:33,710 --> 00:20:32,100

incredible things that we have yet to

483

00:20:37,970 --> 00:20:33,720

explain you know and then right after

484

00:20:40,250 --> 00:20:37,980

him I think it's uh Rupal turkey I

485

00:20:44,510 --> 00:20:40,260

forget the the short bald guy I forget

486

00:20:46,850 --> 00:20:44,520

uh what his name was oh I mean Kehoe is

487

00:20:49,430 --> 00:20:46,860

pretty close to Bald yeah but he comes

488

00:20:53,830 --> 00:20:49,440

out and goes these are interplanetary

489

00:21:00,669 --> 00:20:58,549

yeah guys yeah so like it's almost like

490

00:21:04,130 --> 00:21:00,679

they want you

491

00:21:06,470 --> 00:21:04,140

to expand your mind

492

00:21:09,590 --> 00:21:06,480

but only so much you know but then put

493

00:21:11,390 --> 00:21:09,600

yourself in check you know yeah and

494

00:21:15,230 --> 00:21:11,400

there's you know there's

495

00:21:17,029 --> 00:21:15,240

and I think one issue here and you know

496

00:21:19,610 --> 00:21:17,039

we might sound like we're frustrated and

497

00:21:22,310 --> 00:21:19,620

part of this is that like we're we are

498

00:21:26,990 --> 00:21:24,409

there is like a lot of frustration

499

00:21:28,190 --> 00:21:27,000

within the situation and like I'd love

500

00:21:32,289 --> 00:21:28,200

to hear from the chat what they think

501
00:21:38,029 --> 00:21:34,970
the New York Times story comes out and

502
00:21:40,310 --> 00:21:38,039
says this is all hogwash and then

503
00:21:41,750 --> 00:21:40,320
um right

504
00:21:43,130 --> 00:21:41,760
um Chris sharp and the other guy I

505
00:21:45,350 --> 00:21:43,140
always forget the what the website's

506
00:21:48,470 --> 00:21:45,360
called daily something The Daily Mail

507
00:21:50,590 --> 00:21:48,480
yeah Daily Mail and then they come out

508
00:21:54,529 --> 00:21:50,600
and say orbs Reaper drones it's like

509
00:21:58,010 --> 00:21:54,539
what is it just be freaking straight

510
00:22:00,110 --> 00:21:58,020
with us bro you know like if it's Reaper

511
00:22:03,409 --> 00:22:00,120
drones picking up orbs nobody's gonna

512
00:22:05,930 --> 00:22:03,419
poop themselves we can handle it you

513
00:22:08,330 --> 00:22:05,940

know everybody is like seeing something

514

00:22:11,210 --> 00:22:08,340

weird basically even people that you

515

00:22:13,250 --> 00:22:11,220

wouldn't expect if you get them in an

516

00:22:15,409 --> 00:22:13,260

intimate enough moment they'll explain

517

00:22:17,390 --> 00:22:15,419

something that truly baffled them that

518

00:22:21,289 --> 00:22:17,400

happened in their life at some point

519

00:22:24,710 --> 00:22:21,299

100 totally you know I think I think

520

00:22:27,710 --> 00:22:24,720

what this is coming down to and and the

521

00:22:29,750 --> 00:22:27,720

last few months what with the lack of of

522

00:22:33,049 --> 00:22:29,760

the Congressional UAP task force report

523

00:22:34,909 --> 00:22:33,059

that was due on October 31st and the

524

00:22:38,029 --> 00:22:34,919

seeming pushback

525

00:22:41,870 --> 00:22:38,039

um and relative Silence from you know

526

00:22:45,110 --> 00:22:41,880

members of Congress like Gallego and and

527

00:22:46,490 --> 00:22:45,120

uh you know gillibrand and Marco Rubio

528

00:22:48,409 --> 00:22:46,500

and so many other people that we're

529

00:22:50,270 --> 00:22:48,419

talking until they were blue in the face

530

00:22:51,770 --> 00:22:50,280

this summer when we actually had a

531

00:22:54,590 --> 00:22:51,780

hearing for the first time in a long

532

00:22:56,090 --> 00:22:54,600

time and you know uh as we heard

533

00:22:59,090 --> 00:22:56,100

recently from Chris Mellon and other

534

00:23:00,890 --> 00:22:59,100

people you know they just they whiffed

535

00:23:02,210 --> 00:23:00,900

on really basic questions and at the

536

00:23:04,310 --> 00:23:02,220

same time we got stuff like the Wilson

537

00:23:06,950 --> 00:23:04,320

Davis notes in the Congressional Record

538

00:23:07,750 --> 00:23:06,960

which is kind of amazing at the same

539

00:23:10,130 --> 00:23:07,760

time

540

00:23:12,289 --> 00:23:10,140

that's a great Point like the questions

541

00:23:13,370 --> 00:23:12,299

that were asked at the hearings like how

542

00:23:18,230 --> 00:23:13,380

do you

543

00:23:20,930 --> 00:23:18,240

like what dumb questions other Gallagher

544

00:23:22,789 --> 00:23:20,940

I mean those are okay Gallagher you know

545

00:23:24,350 --> 00:23:22,799

I appreciate that he threw the Wilson

546

00:23:26,510 --> 00:23:24,360

notes out there because I think either

547

00:23:28,250 --> 00:23:26,520

way we should try to hammer home the

548

00:23:30,470 --> 00:23:28,260

truth behind that document for sure 100

549

00:23:32,029 --> 00:23:30,480

you know for sure

550

00:23:33,950 --> 00:23:32,039

um and

551
00:23:35,570 --> 00:23:33,960
but it's like how do you not ask

552
00:23:37,010 --> 00:23:35,580
questions like Christopher melon said

553
00:23:39,289 --> 00:23:37,020
have you ever

554
00:23:42,350 --> 00:23:39,299
seen something that went from underwater

555
00:23:43,610 --> 00:23:42,360
to outer space and then back exactly you

556
00:23:46,610 --> 00:23:43,620
know how do you not ask a simple

557
00:23:55,690 --> 00:23:46,620
question and it's not classified to say

558
00:23:59,390 --> 00:23:57,529
I mean there's a lot of different

559
00:24:02,810 --> 00:23:59,400
phrases what's the fastest you've

560
00:24:04,070 --> 00:24:02,820
clocked one of these things 100 yeah or

561
00:24:06,590 --> 00:24:04,080
what's the fastest you've clocked one

562
00:24:08,029 --> 00:24:06,600
underwater or there's there's you know

563
00:24:09,590 --> 00:24:08,039

there's a we could throw out a dozen

564

00:24:11,930 --> 00:24:09,600

questions here that would be totally

565

00:24:13,610 --> 00:24:11,940

that would be like way more revealing in

566

00:24:16,190 --> 00:24:13,620

a lot of ways even if it's just a yes

567

00:24:17,570 --> 00:24:16,200

right right and and that's the point

568

00:24:20,090 --> 00:24:17,580

that we're at where we're kind of like

569

00:24:23,510 --> 00:24:20,100

we're we're grasping at what that thing

570

00:24:25,970 --> 00:24:23,520

is but I think I I mean like I have I

571

00:24:28,370 --> 00:24:25,980

have a guess for what the pushback is

572

00:24:32,210 --> 00:24:28,380

recently I have a guess for part of it

573

00:24:34,190 --> 00:24:32,220

and like you know I there's a sense of

574

00:24:36,110 --> 00:24:34,200

decorum within the community where it's

575

00:24:38,649 --> 00:24:36,120

probably Luella zando suck puppet

576
00:24:44,390 --> 00:24:42,230
but like I think you know my best guess

577
00:24:46,669 --> 00:24:44,400
for what some of the pushback is lately

578
00:24:49,430 --> 00:24:46,679
is that you know there was there was

579
00:24:52,669 --> 00:24:49,440
earlier Congressional language for the

580
00:24:54,289 --> 00:24:52,679
ndaa uh funding bill

581
00:24:56,870 --> 00:24:54,299
um that was talking about whistleblower

582
00:24:59,390 --> 00:24:56,880
language and now with the new revision

583
00:25:03,289 --> 00:24:59,400
some of that whistleblower language got

584
00:25:06,230 --> 00:25:03,299
excised out of out of the draft right

585
00:25:09,289 --> 00:25:06,240
and you know there was word on the

586
00:25:11,750 --> 00:25:09,299
street and if people like you know Chris

587
00:25:13,610 --> 00:25:11,760
sharp or you or I or other people on our

588
00:25:15,110 --> 00:25:13,620

level had heard about it you better

589

00:25:17,090 --> 00:25:15,120

believe that some of those folks on

590

00:25:19,250 --> 00:25:17,100

Capitol Hill had heard about that that

591

00:25:20,810 --> 00:25:19,260

there were like you know well over a

592

00:25:23,510 --> 00:25:20,820

dozen whistleblowers that were like

593

00:25:25,669 --> 00:25:23,520

ready to go and one of the things that

594

00:25:28,269 --> 00:25:25,679

they were that's many of these

595

00:25:31,730 --> 00:25:28,279

whistleblowers were ready to talk about

596

00:25:33,769 --> 00:25:31,740

it wasn't you know drone swarms off of a

597

00:25:34,909 --> 00:25:33,779

Navy ship it was a reverse engineering

598

00:25:37,610 --> 00:25:34,919

program

599

00:25:40,370 --> 00:25:37,620

it was about recovered technology it was

600

00:25:43,010 --> 00:25:40,380

about Crash retrievals you know what I

601
00:25:46,669 --> 00:25:43,020
mean and so and that may very well still

602
00:25:48,230 --> 00:25:46,679
happen but I I base I borderline you

603
00:25:50,269 --> 00:25:48,240
know I don't guarantee you I wouldn't

604
00:25:54,230 --> 00:25:50,279
you know I wouldn't put my entire life

605
00:25:56,090 --> 00:25:54,240
savings on on this situation but like I

606
00:25:59,269 --> 00:25:56,100
in terms of like what my bet would be

607
00:26:02,090 --> 00:25:59,279
but I have a strong guess that the

608
00:26:04,850 --> 00:26:02,100
closer that people get to an address for

609
00:26:07,310 --> 00:26:04,860
where the where the where any possible

610
00:26:09,350 --> 00:26:07,320
retrieved materials and craft are like

611
00:26:13,430 --> 00:26:09,360
something more than some little

612
00:26:15,529 --> 00:26:13,440
you know metal booger that you know what

613
00:26:20,630 --> 00:26:15,539

I mean it like something in a metal

614

00:26:22,909 --> 00:26:20,640

broker you know like and and you know

615

00:26:24,289 --> 00:26:22,919

anything that like actually has like a

616

00:26:27,049 --> 00:26:24,299

dashboard you know what I mean like

617

00:26:29,149 --> 00:26:27,059

anything where there's like some solid

618

00:26:31,010 --> 00:26:29,159

thing that you can touch you can put

619

00:26:34,010 --> 00:26:31,020

your hand on or whatever like it you

620

00:26:36,110 --> 00:26:34,020

know if those exist and I and from what

621

00:26:38,029 --> 00:26:36,120

I've heard I I feel like that they do

622

00:26:40,250 --> 00:26:38,039

you know what I mean I like I think that

623

00:26:42,230 --> 00:26:40,260

there's a there there and I think the

624

00:26:44,029 --> 00:26:42,240

closest the closer that we get to an

625

00:26:49,549 --> 00:26:44,039

address the closer that the threat

626
00:26:52,730 --> 00:26:49,559
becomes that we actually get the craft

627
00:26:55,250 --> 00:26:52,740
out in the open that's when the pushback

628
00:26:56,570 --> 00:26:55,260
happens if we just talk about beings if

629
00:26:58,370 --> 00:26:56,580
we just talk about where do they come

630
00:27:00,710 --> 00:26:58,380
from if we just talk about people's

631
00:27:03,710 --> 00:27:00,720
experiences we talk about all that stuff

632
00:27:05,690 --> 00:27:03,720
I feel like that's fine like to a lot of

633
00:27:08,690 --> 00:27:05,700
people but the second that it turns into

634
00:27:12,350 --> 00:27:08,700
something that is about

635
00:27:15,289 --> 00:27:12,360
um you know technology that can be

636
00:27:17,510 --> 00:27:15,299
um that can be utilized

637
00:27:20,029 --> 00:27:17,520
um for like the space race or

638
00:27:22,789 --> 00:27:20,039

militarization and things like that then

639

00:27:24,710 --> 00:27:22,799

that gets you to the danger zone you

640

00:27:27,590 --> 00:27:24,720

know and it and at that point you know

641

00:27:30,950 --> 00:27:27,600

you know depending on when they found

642

00:27:33,830 --> 00:27:30,960

this uh craft or whatever it may be like

643

00:27:34,970 --> 00:27:33,840

there's a lot that goes with that which

644

00:27:37,610 --> 00:27:34,980

is

645

00:27:40,490 --> 00:27:37,620

you know potentially decades and decades

646

00:27:42,289 --> 00:27:40,500

worth of straight up lies to everybody

647

00:27:45,409 --> 00:27:42,299

to the world

648

00:27:48,169 --> 00:27:45,419

you know and can you imagine like what

649

00:27:50,210 --> 00:27:48,179

that would be like to to admit that for

650

00:27:52,310 --> 00:27:50,220

instance you know this is on a very

651

00:27:54,890 --> 00:27:52,320

small space scale here but recently

652

00:27:57,230 --> 00:27:54,900

Corey good the the biggest grifter in

653

00:27:59,090 --> 00:27:57,240

the world uh there there was a video

654

00:28:01,730 --> 00:27:59,100

that came out of him basically uh

655

00:28:05,450 --> 00:28:01,740

admitting you know his his stories and

656

00:28:07,130 --> 00:28:05,460

his tales were fantasy mm-hmm you know

657

00:28:08,210 --> 00:28:07,140

how hard that probably was for him to

658

00:28:11,269 --> 00:28:08,220

admit though

659

00:28:13,370 --> 00:28:11,279

you know like you know but

660

00:28:16,430 --> 00:28:13,380

if you the longer you keep a lie the

661

00:28:19,850 --> 00:28:16,440

harder it is to come out and say okay

662

00:28:21,409 --> 00:28:19,860

you know it's it's a lie like all these

663

00:28:24,169 --> 00:28:21,419

people

664

00:28:25,789 --> 00:28:24,179

right that have been invested in this or

665

00:28:28,070 --> 00:28:25,799

whatever like the Air Force sending

666

00:28:30,230 --> 00:28:28,080

letters out to Witnesses one after the

667

00:28:32,149 --> 00:28:30,240

other we have no evidence that it's

668

00:28:35,330 --> 00:28:32,159

interplanetary craft or whatever you

669

00:28:37,909 --> 00:28:35,340

know whatever it is we have no materials

670

00:28:38,750 --> 00:28:37,919

you know and CIA memos all that kind of

671

00:28:40,850 --> 00:28:38,760

stuff

672

00:28:43,310 --> 00:28:40,860

and for that to be true for them to come

673

00:28:45,769 --> 00:28:43,320

out admit that so if that language like

674

00:28:48,470 --> 00:28:45,779

you said is is put into legislation

675

00:28:50,149 --> 00:28:48,480

whereby you know they're making it uh

676
00:28:52,010 --> 00:28:50,159
encouraging people to come forth with

677
00:28:56,269 --> 00:28:52,020
that information you're almost saying

678
00:28:59,029 --> 00:28:56,279
like here let's destroy all trust that

679
00:29:01,310 --> 00:28:59,039
our citizens have in our government

680
00:29:03,710 --> 00:29:01,320
yeah and I'm going to make it easier for

681
00:29:05,330 --> 00:29:03,720
you to do that you know

682
00:29:08,090 --> 00:29:05,340
that's tough

683
00:29:10,070 --> 00:29:08,100
yeah and and I feel like don't get me

684
00:29:12,470 --> 00:29:10,080
wrong we should do it and I hope it

685
00:29:15,529 --> 00:29:12,480
happens but that's tough you know oh

686
00:29:18,169 --> 00:29:15,539
absolutely I mean I can understand you

687
00:29:20,389 --> 00:29:18,179
know I can understand many layers of

688
00:29:23,330 --> 00:29:20,399

like a bind that many well-intentioned

689

00:29:25,070 --> 00:29:23,340

people could feel and even like not so

690

00:29:26,510 --> 00:29:25,080

well-intentioned people could feel like

691

00:29:29,269 --> 00:29:26,520

oh my gosh like

692

00:29:32,330 --> 00:29:29,279

you know you find out imagine you're

693

00:29:35,090 --> 00:29:32,340

like a career service person and you're

694

00:29:37,669 --> 00:29:35,100

like you're a bureaucrat you're in it in

695

00:29:40,870 --> 00:29:37,679

an unelected position you're 15 years

696

00:29:44,450 --> 00:29:40,880

into your career and finally finally

697

00:29:48,409 --> 00:29:44,460

you're you're read into a situation go

698

00:29:51,350 --> 00:29:48,419

holy effing s like holy you know like

699

00:29:53,750 --> 00:29:51,360

this is true like I had no idea until

700

00:29:55,610 --> 00:29:53,760

now I wasn't I didn't have a need to

701
00:29:58,669 --> 00:29:55,620
know now I've got to need to know holy

702
00:30:00,590 --> 00:29:58,679
crap and and you know maybe you've

703
00:30:02,389 --> 00:30:00,600
gotten hints in the fat in the past and

704
00:30:04,730 --> 00:30:02,399
then all of a sudden there you are 15

705
00:30:07,310 --> 00:30:04,740
years in and you've got five years of

706
00:30:09,350 --> 00:30:07,320
service left in front of you

707
00:30:11,029 --> 00:30:09,360
um you know before you get your pension

708
00:30:12,950 --> 00:30:11,039
or whatever you know what I mean say

709
00:30:16,130 --> 00:30:12,960
it's that like that right and then it's

710
00:30:17,389 --> 00:30:16,140
like okay you know and then you know

711
00:30:19,850 --> 00:30:17,399
we've heard from so many different

712
00:30:21,289 --> 00:30:19,860
people that that's how you you know

713
00:30:23,570 --> 00:30:21,299

you're

714

00:30:25,190 --> 00:30:23,580

they get you you know what I mean in so

715

00:30:28,010 --> 00:30:25,200

many different situations that it's like

716

00:30:30,830 --> 00:30:28,020

they dangle your retirement in front of

717

00:30:33,350 --> 00:30:30,840

you and then and then what do you do

718

00:30:35,810 --> 00:30:33,360

after that and then you only there are

719

00:30:38,750 --> 00:30:35,820

only certain people in the world maybe

720

00:30:41,690 --> 00:30:38,760

like Gary Nolan who has all the money

721

00:30:44,750 --> 00:30:41,700

and all the money he could ever want as

722

00:30:46,310 --> 00:30:44,760

far as I know right with all of his

723

00:30:48,649 --> 00:30:46,320

patents and things like that he's a very

724

00:30:50,330 --> 00:30:48,659

wealthy guy and then he can mouse off as

725

00:30:51,830 --> 00:30:50,340

much as he wants you know what I mean

726

00:30:53,389 --> 00:30:51,840

what are you gonna do yeah what are you

727

00:30:56,090 --> 00:30:53,399

gonna do to carry Nolan you know what I

728

00:30:57,529 --> 00:30:56,100

mean like yeah he's a he's a tenured

729

00:30:58,970 --> 00:30:57,539

professor he was like a

730

00:31:01,130 --> 00:30:58,980

multi-millionaire like he can say

731

00:31:04,490 --> 00:31:01,140

whatever he wants which recently yeah he

732

00:31:08,210 --> 00:31:04,500

was on Jimmy church and um he straight

733

00:31:09,830 --> 00:31:08,220

up you know admitted and said that he he

734

00:31:12,710 --> 00:31:09,840

knows

735

00:31:15,649 --> 00:31:12,720

so he he thinks that yeah the government

736

00:31:17,149 --> 00:31:15,659

has uh something whether it's crafter or

737

00:31:19,430 --> 00:31:17,159

a piece of material and he served from

738

00:31:22,250 --> 00:31:19,440

various sources

739

00:31:23,930 --> 00:31:22,260

um and uh yeah Eric Davis says too so

740

00:31:27,169 --> 00:31:23,940

you know and I look through the Blue

741

00:31:29,149 --> 00:31:27,179

Book documents and I look at all the uh

742

00:31:32,990 --> 00:31:29,159

recovery opportunities and they

743

00:31:35,029 --> 00:31:33,000

definitely had plenty they had if there

744

00:31:37,730 --> 00:31:35,039

was a specimen that was involved with

745

00:31:39,830 --> 00:31:37,740

the UFO sighting they wanted it you know

746

00:31:41,990 --> 00:31:39,840

they would even want to travel outside

747

00:31:44,750 --> 00:31:42,000

of the country to get it you know

748

00:31:46,490 --> 00:31:44,760

whatever Without You Know by the

749

00:31:49,490 --> 00:31:46,500

documents without knowing what it is

750

00:31:51,590 --> 00:31:49,500

they would want to secure the specimen

751

00:31:53,690 --> 00:31:51,600

whatever it is and test and analyze it

752

00:31:56,090 --> 00:31:53,700

right and it would go all over the world

753

00:31:58,130 --> 00:31:56,100

so all it takes is one all it takes is

754

00:32:01,310 --> 00:31:58,140

one thing

755

00:32:03,470 --> 00:32:01,320

you know that's ET technology or ship or

756

00:32:05,330 --> 00:32:03,480

whatever that's all it takes it's one

757

00:32:08,389 --> 00:32:05,340

thing out of the decades and decades

758

00:32:10,970 --> 00:32:08,399

worth of that kind of

759

00:32:13,010 --> 00:32:10,980

um organization of securing specimens

760

00:32:15,289 --> 00:32:13,020

across the world you know for for them

761

00:32:18,110 --> 00:32:15,299

to have something so to me it's really

762

00:32:19,850 --> 00:32:18,120

not that far of a stretch man you know

763

00:32:22,549 --> 00:32:19,860

for them to have that we already know

764

00:32:25,130 --> 00:32:22,559

that they have a crash recovery programs

765

00:32:29,029 --> 00:32:25,140

you know like and that's proved in

766

00:32:31,370 --> 00:32:29,039

documents it's just it doesn't it you

767

00:32:33,830 --> 00:32:31,380

know they say four in this or foreign

768

00:32:36,409 --> 00:32:33,840

net and moon does this I actually have

769

00:32:39,230 --> 00:32:36,419

one document where they talk about the

770

00:32:42,590 --> 00:32:39,240

Air Force's interest in the recovery of

771

00:32:44,750 --> 00:32:42,600

unidentified flying objects you know so

772

00:32:46,370 --> 00:32:44,760

but then you know people go well what do

773

00:32:48,850 --> 00:32:46,380

they mean by that though that just means

774

00:32:51,950 --> 00:32:48,860

it's not identified right away you know

775

00:32:55,430 --> 00:32:51,960

but you know like it's all there it's

776

00:32:57,769 --> 00:32:55,440

just we're missing the the piece and and

777

00:32:59,930 --> 00:32:57,779

if you talk to I mean if you hear from

778

00:33:01,250 --> 00:32:59,940

anybody even if you go to like you

779

00:33:03,470 --> 00:33:01,260

listen to those videos that were

780

00:33:05,029 --> 00:33:03,480

recently released from the SCU

781

00:33:07,549 --> 00:33:05,039

conference that happened earlier this

782

00:33:09,110 --> 00:33:07,559

year right you know they waited like I

783

00:33:11,990 --> 00:33:09,120

don't know six seven months to release

784

00:33:13,730 --> 00:33:12,000

the videos from their their conferences

785

00:33:16,009 --> 00:33:13,740

um for free

786

00:33:17,269 --> 00:33:16,019

um uh we tend to try to release our

787

00:33:18,649 --> 00:33:17,279

conference footage a little bit earlier

788

00:33:20,389 --> 00:33:18,659

than that but hey you know Different

789

00:33:24,649 --> 00:33:20,399

Strokes for different folks right but

790

00:33:26,090 --> 00:33:24,659

like um so like so with SCU you know you

791

00:33:28,970 --> 00:33:26,100

look at that and you can hear from

792

00:33:30,889 --> 00:33:28,980

certain people that are like oh yeah

793

00:33:32,870 --> 00:33:30,899

um like for example John Alexander and

794

00:33:35,690 --> 00:33:32,880

others that are like oh yeah you know

795

00:33:37,610 --> 00:33:35,700

and in loose threads there's there's a

796

00:33:41,750 --> 00:33:37,620

mention of this too as well you know

797

00:33:44,269 --> 00:33:41,760

that that people deliberately obfuscate

798

00:33:45,950 --> 00:33:44,279

um sensitive situations even in

799

00:33:47,810 --> 00:33:45,960

documents like that I mean you're well

800

00:33:50,389 --> 00:33:47,820

aware of that of you know uncorrelated

801
00:33:53,509 --> 00:33:50,399
targets like the the acronym name of

802
00:33:55,009 --> 00:33:53,519
using like ucts instead of UFOs or or

803
00:33:57,470 --> 00:33:55,019
whatever it is there are so many

804
00:33:59,509 --> 00:33:57,480
situations like that and so if somebody

805
00:34:01,669 --> 00:33:59,519
says unidentified flying object if

806
00:34:04,430 --> 00:34:01,679
somebody straight up says to you UFOs

807
00:34:05,630 --> 00:34:04,440
like that's not it's not all that buried

808
00:34:07,730 --> 00:34:05,640
if you don't want to hear that it's

809
00:34:09,470 --> 00:34:07,740
because it's not it's not buried on the

810
00:34:12,230 --> 00:34:09,480
paper it's buried because your fingers

811
00:34:15,710 --> 00:34:12,240
are buried in your ears I feel yeah

812
00:34:17,329 --> 00:34:15,720
totally it said at one point uh you know

813
00:34:20,389 --> 00:34:17,339

it's you know some people have different

814

00:34:23,389 --> 00:34:20,399

uh ideas of John Alexander or whatever

815

00:34:25,190 --> 00:34:23,399

but uh I think it was I don't remember

816

00:34:27,950 --> 00:34:25,200

where he said this but it was him that

817

00:34:31,430 --> 00:34:27,960

said this it's like how many times do

818

00:34:34,790 --> 00:34:31,440

people have to be told you know about uh

819

00:34:36,050 --> 00:34:34,800

UFOs or or disclosure like I don't know

820

00:34:38,030 --> 00:34:36,060

how many times people got to be told

821

00:34:40,790 --> 00:34:38,040

what's actually going on nobody believes

822

00:34:44,270 --> 00:34:40,800

it nobody cares yeah

823

00:34:46,430 --> 00:34:44,280

and one one instance of that is uh it in

824

00:34:50,450 --> 00:34:46,440

the New York Times article or Eric Davis

825

00:34:52,669 --> 00:34:50,460

briefed people on you know

826
00:34:55,430 --> 00:34:52,679
um objects not from this Earth You know

827
00:34:58,849 --> 00:34:55,440
I mean

828
00:35:01,310 --> 00:34:58,859
and and it's just so crazy how how that

829
00:35:02,690 --> 00:35:01,320
just you know I don't want to say slip

830
00:35:06,290 --> 00:35:02,700
through the cracks because I think it

831
00:35:07,190 --> 00:35:06,300
did it may had a huge impact

832
00:35:09,710 --> 00:35:07,200
um

833
00:35:11,329 --> 00:35:09,720
but for not for everybody you know a lot

834
00:35:14,030 --> 00:35:11,339
of people just

835
00:35:17,450 --> 00:35:14,040
they can't accept it what whatever it is

836
00:35:20,030 --> 00:35:17,460
it's it's fake it's not real you know

837
00:35:22,790 --> 00:35:20,040
it's a move on it's on the front page of

838
00:35:24,230 --> 00:35:22,800

this or that I don't care it's it's not

839

00:35:26,030 --> 00:35:24,240

real there's something else going on

840

00:35:28,490 --> 00:35:26,040

somebody's lying or or they

841

00:35:31,010 --> 00:35:28,500

misunderstood it or it's a psychological

842

00:35:35,030 --> 00:35:31,020

Warfare campaign on our own country or

843

00:35:38,450 --> 00:35:35,040

or whatever like it's just crazy

844

00:35:40,130 --> 00:35:38,460

yeah because that is that's huge uh

845

00:35:42,650 --> 00:35:40,140

that's a huge emission right there you

846

00:35:44,210 --> 00:35:42,660

know yeah I mean there are a lot of

847

00:35:46,430 --> 00:35:44,220

things about

848

00:35:48,710 --> 00:35:46,440

you know it's it's challenging with this

849

00:35:52,010 --> 00:35:48,720

community because again there are there

850

00:35:54,170 --> 00:35:52,020

are people that are adjacent and even

851
00:35:56,810 --> 00:35:54,180
kind of overlap with our community that

852
00:35:59,089 --> 00:35:56,820
are very invested in these kinds of

853
00:36:00,829 --> 00:35:59,099
programs and as Omega point and hermetic

854
00:36:03,170 --> 00:36:00,839
penetrator put in the loose thread stock

855
00:36:07,849 --> 00:36:03,180
you know highly recommend it you know

856
00:36:10,490 --> 00:36:07,859
they're there were programs in the 1980s

857
00:36:12,650 --> 00:36:10,500
that we read about where like John

858
00:36:14,210 --> 00:36:12,660
Alexander and kind of like the pre-nids

859
00:36:16,849 --> 00:36:14,220
group and stuff like that would be

860
00:36:19,670 --> 00:36:16,859
hanging out in a secure compartmentalize

861
00:36:22,609 --> 00:36:19,680
you know confidential facility a skiff

862
00:36:25,550 --> 00:36:22,619
um talking about how do we get

863
00:36:28,010 --> 00:36:25,560

you know access to these programs how do

864

00:36:30,650 --> 00:36:28,020

we get access to those saps and and

865

00:36:32,390 --> 00:36:30,660

recoveries and stuff like that and you

866

00:36:34,790 --> 00:36:32,400

know hermetic penetrator and Omega Point

867

00:36:37,190 --> 00:36:34,800

were pointing out that some of these

868

00:36:40,069 --> 00:36:37,200

Skiffs may have actually been housed in

869

00:36:42,710 --> 00:36:40,079

buildings that had access to these saps

870

00:36:44,690 --> 00:36:42,720

themselves right yeah yeah and by the

871

00:36:46,910 --> 00:36:44,700

way like what are you doing in a skiff

872

00:36:48,650 --> 00:36:46,920

talking about this stuff if it's all Bs

873

00:36:50,510 --> 00:36:48,660

you know you could right talk about it

874

00:36:52,490 --> 00:36:50,520

in somebody's living room if it's not

875

00:36:56,030 --> 00:36:52,500

real you know like you don't need to go

876

00:36:58,270 --> 00:36:56,040

to a secure skiff you know and talk

877

00:37:02,030 --> 00:36:58,280

about uh remote viewing you know

878

00:37:03,770 --> 00:37:02,040

extraterrestrials or or craft or reverse

879

00:37:06,050 --> 00:37:03,780

engineering it or whatever like you

880

00:37:07,430 --> 00:37:06,060

don't need to all travel to the same

881

00:37:09,650 --> 00:37:07,440

state which I'm sure they all didn't

882

00:37:13,670 --> 00:37:09,660

live there you know I'll travel the same

883

00:37:15,650 --> 00:37:13,680

state go into a secure skiff so they can

884

00:37:18,170 --> 00:37:15,660

talk about

885

00:37:20,329 --> 00:37:18,180

um this stuff if it's all just uh you

886

00:37:23,089 --> 00:37:20,339

know BS basically right and all these

887

00:37:25,310 --> 00:37:23,099

people are are trained you know help put

888

00:37:26,990 --> 00:37:25,320

off or or who else was involved they're

889

00:37:29,750 --> 00:37:27,000

all trained in different things like

890

00:37:32,810 --> 00:37:29,760

their physicist or you know laser

891

00:37:35,450 --> 00:37:32,820

experts or whatever you want to say you

892

00:37:38,150 --> 00:37:35,460

know they're not uh trained Liars or

893

00:37:39,130 --> 00:37:38,160

psychological warfare officers you know

894

00:37:41,510 --> 00:37:39,140

like

895

00:37:44,089 --> 00:37:41,520

they're trained at their certain thing

896

00:37:45,829 --> 00:37:44,099

they're smart they've put a lot of time

897

00:37:47,990 --> 00:37:45,839

and Research into it went to his gift

898

00:37:50,690 --> 00:37:48,000

that brick and talk about it and this

899

00:37:51,790 --> 00:37:50,700

comes out and you know

900

00:37:54,530 --> 00:37:51,800

yeah

901
00:37:56,510 --> 00:37:54,540
but even like with the ndaa languages

902
00:37:58,250 --> 00:37:56,520
crash retrieval language and the damn

903
00:38:00,829 --> 00:37:58,260
thing they're going to put together like

904
00:38:03,710 --> 00:38:00,839
an action task force you know for UFO

905
00:38:05,390 --> 00:38:03,720
reports the news talks about the ndaa

906
00:38:08,030 --> 00:38:05,400
it's not like they don't talk about it

907
00:38:11,930 --> 00:38:08,040
they do talk about it they just give no

908
00:38:14,990 --> 00:38:11,940
craps about the UFO stuff like right no

909
00:38:17,210 --> 00:38:15,000
are you kidding me yeah well not until

910
00:38:20,810 --> 00:38:17,220
and I think that that's that's you know

911
00:38:24,290 --> 00:38:20,820
that's the validation factor that people

912
00:38:26,510 --> 00:38:24,300
you know people have gotten used to that

913
00:38:28,190 --> 00:38:26,520

that validation factor that we've gotten

914

00:38:30,890 --> 00:38:28,200

over the past five years where it's like

915

00:38:33,650 --> 00:38:30,900

every it feels like every month there's

916

00:38:35,750 --> 00:38:33,660

like a new little breadcrumb that comes

917

00:38:37,190 --> 00:38:35,760

out at least and sometimes it would be

918

00:38:39,650 --> 00:38:37,200

like every week

919

00:38:41,210 --> 00:38:39,660

and then people get addicted to it like

920

00:38:43,069 --> 00:38:41,220

heroin or something like that and then

921

00:38:45,349 --> 00:38:43,079

all of a sudden if if something is like

922

00:38:47,210 --> 00:38:45,359

two weeks late or three weeks late and

923

00:38:49,430 --> 00:38:47,220

you got to remember that like back in

924

00:38:53,270 --> 00:38:49,440

the 80s the 90s even the aunts like

925

00:38:56,390 --> 00:38:53,280

people got nothing like nothing like

926
00:38:57,650 --> 00:38:56,400
zero out of the government or got zero

927
00:39:00,050 --> 00:38:57,660
out of the military like generally

928
00:39:02,270 --> 00:39:00,060
speaking relatively speaking right at

929
00:39:04,970 --> 00:39:02,280
least in terms of like breaching into

930
00:39:06,890 --> 00:39:04,980
like Politico the New York Times CNN Fox

931
00:39:08,390 --> 00:39:06,900
News whatever you know you know

932
00:39:10,550 --> 00:39:08,400
mainstream news Outlet you're talking

933
00:39:13,190 --> 00:39:10,560
about or HBO Showtime the stock series

934
00:39:15,290 --> 00:39:13,200
all that kind of stuff and so we've

935
00:39:17,150 --> 00:39:15,300
gotten ourselves into a situation where

936
00:39:19,310 --> 00:39:17,160
where

937
00:39:21,650 --> 00:39:19,320
you know that's a slippery slope too

938
00:39:24,710 --> 00:39:21,660

because like depending on validation

939

00:39:26,390 --> 00:39:24,720

from popular culture to validate things

940

00:39:27,470 --> 00:39:26,400

like this especially if it's already

941

00:39:29,510 --> 00:39:27,480

being filtered through the

942

00:39:31,130 --> 00:39:29,520

military-industrial complex that's a

943

00:39:33,950 --> 00:39:31,140

terrible place to be that's a horrible

944

00:39:36,290 --> 00:39:33,960

place to be like nobody in their right

945

00:39:38,089 --> 00:39:36,300

Minds should be like validating their

946

00:39:40,730 --> 00:39:38,099

belief system based off of what's

947

00:39:43,790 --> 00:39:40,740

happening on television according to me

948

00:39:47,410 --> 00:39:43,800

like that's that's like an awful awful

949

00:39:50,690 --> 00:39:47,420

place to like to like find

950

00:39:53,450 --> 00:39:50,700

self-confidence uh for anything

951
00:39:55,490 --> 00:39:53,460
you know yeah um whether it's like how

952
00:39:58,069 --> 00:39:55,500
you look or whether it's UFOs or you

953
00:40:02,530 --> 00:39:58,079
know whatever else right I always rely

954
00:40:09,770 --> 00:40:05,990
yeah and they never do it's been a

955
00:40:11,630 --> 00:40:09,780
depressing nearly 40 years yeah no but

956
00:40:14,030 --> 00:40:11,640
yeah you're yeah you're right we've

957
00:40:15,770 --> 00:40:14,040
talked about this before like expecting

958
00:40:18,589 --> 00:40:15,780
uh you know something from the

959
00:40:22,490 --> 00:40:18,599
government you know and is that uh is

960
00:40:26,089 --> 00:40:22,500
that foolish and while yes it is foolish

961
00:40:29,630 --> 00:40:26,099
and and you shouldn't need it

962
00:40:31,609 --> 00:40:29,640
um I it's such a bizarre

963
00:40:35,569 --> 00:40:31,619

hard to believe

964

00:40:38,210 --> 00:40:35,579

kind of thing that

965

00:40:40,190 --> 00:40:38,220

you know it's just like you want

966

00:40:43,370 --> 00:40:40,200

everything you can to

967

00:40:44,930 --> 00:40:43,380

to you know solidify yourselves and in

968

00:40:47,210 --> 00:40:44,940

what you think you know but what's

969

00:40:49,430 --> 00:40:47,220

interesting to me also is even if the

970

00:40:51,950 --> 00:40:49,440

government did come out and and say that

971

00:40:55,069 --> 00:40:51,960

we have this craft and they show you a

972

00:40:56,030 --> 00:40:55,079

piece of it or whatever it is or you

973

00:40:58,609 --> 00:40:56,040

know

974

00:41:01,550 --> 00:40:58,619

I I don't

975

00:41:05,089 --> 00:41:01,560

expect everyone to just believe that

976

00:41:07,550 --> 00:41:05,099

either you know that is not going to be

977

00:41:09,589 --> 00:41:07,560

the way it works like the Big D

978

00:41:11,569 --> 00:41:09,599

disclosure President Biden comes out and

979

00:41:13,910 --> 00:41:11,579

says you know we have not been we're not

980

00:41:16,250 --> 00:41:13,920

alone and we haven't been alone and in

981

00:41:17,690 --> 00:41:16,260

Roswell we did recover a graft and

982

00:41:19,730 --> 00:41:17,700

bodies

983

00:41:21,770 --> 00:41:19,740

that's not going to be just an easy

984

00:41:24,650 --> 00:41:21,780

everybody believes it you know there's

985

00:41:27,710 --> 00:41:24,660

going to be so many people who know who

986

00:41:29,990 --> 00:41:27,720

say I call BS and what are you trying to

987

00:41:32,930 --> 00:41:30,000

cover up with this and what are you

988

00:41:34,670 --> 00:41:32,940

trying to pull on us and you know you're

989

00:41:36,410 --> 00:41:34,680

just trying to the you know the right

990

00:41:39,890 --> 00:41:36,420

Wings will probably say you're trying to

991

00:41:43,190 --> 00:41:39,900

probably degrade our faith in God or yep

992

00:41:45,050 --> 00:41:43,200

you know and whatever else yeah and if

993

00:41:47,089 --> 00:41:45,060

it happened under if it happened under

994

00:41:49,430 --> 00:41:47,099

trump it would have been the same way I

995

00:41:51,589 --> 00:41:49,440

mean people will talk about this all the

996

00:41:53,030 --> 00:41:51,599

time and it's like oh you know this was

997

00:41:55,490 --> 00:41:53,040

like the example that was used for

998

00:41:57,230 --> 00:41:55,500

decades like why don't they land on the

999

00:41:59,270 --> 00:41:57,240

White House lawn that would be the worst

1000

00:42:01,430 --> 00:41:59,280

place they should like

1001
00:42:03,290 --> 00:42:01,440
of course like it would be better for

1002
00:42:04,730 --> 00:42:03,300
them to show up on the lawn across my

1003
00:42:06,230 --> 00:42:04,740
street in front of like the local

1004
00:42:07,849 --> 00:42:06,240
Community College you know what I mean

1005
00:42:09,410 --> 00:42:07,859
like even that would be better than the

1006
00:42:11,690 --> 00:42:09,420
white house because you're absolutely

1007
00:42:14,690 --> 00:42:11,700
right the white like it's that's like

1008
00:42:16,250 --> 00:42:14,700
the prime spin doctor zone of like the

1009
00:42:19,190 --> 00:42:16,260
United States of America no matter who's

1010
00:42:21,650 --> 00:42:19,200
in office yeah and like no matter what

1011
00:42:23,450 --> 00:42:21,660
happens on the White House lawn even if

1012
00:42:25,069 --> 00:42:23,460
it's just somebody pardoning turkeys

1013
00:42:28,270 --> 00:42:25,079

like you'll find you can find somebody

1014

00:42:34,030 --> 00:42:28,280

that that thinks it's BS you know yeah

1015

00:42:39,170 --> 00:42:37,250

you know I love uh uh you know being

1016

00:42:41,569 --> 00:42:39,180

facetious a little but I love uh Timber

1017

00:42:44,030 --> 00:42:41,579

Chet's response to the White House lawn

1018

00:42:47,109 --> 00:42:44,040

thing because if these things were were

1019

00:42:49,790 --> 00:42:47,119

uh if these things were Russian you can

1020

00:42:51,650 --> 00:42:49,800

guarantee Putin come over here and land

1021

00:42:54,829 --> 00:42:51,660

on the White House lawn and wrestle

1022

00:42:56,390 --> 00:42:54,839

Biden you know oh yeah yeah yeah and

1023

00:42:58,130 --> 00:42:56,400

then he got like more ornate because he

1024

00:43:00,050 --> 00:42:58,140

did it a few times and then then he

1025

00:43:02,270 --> 00:43:00,060

brought in some unicorns and then he was

1026
00:43:04,430 --> 00:43:02,280
like shirtless I think he said one time

1027
00:43:06,890 --> 00:43:04,440
and he'd be shirtless and he'd be at

1028
00:43:08,510 --> 00:43:06,900
work he'd be on a unicorn and I was like

1029
00:43:10,190 --> 00:43:08,520
now he's just coming up with words that

1030
00:43:12,050 --> 00:43:10,200
sound really good with his accent I

1031
00:43:14,390 --> 00:43:12,060
think that's what's cute yeah you're

1032
00:43:18,230 --> 00:43:14,400
totally just making stuff up right now

1033
00:43:19,490 --> 00:43:18,240
yeah which but it was beautiful yeah but

1034
00:43:21,770 --> 00:43:19,500
that's

1035
00:43:22,790 --> 00:43:21,780
kind of changing the subject I guess a

1036
00:43:23,690 --> 00:43:22,800
little bit

1037
00:43:25,849 --> 00:43:23,700
um

1038
00:43:28,609 --> 00:43:25,859

that's one thing that a lot of people

1039

00:43:30,589 --> 00:43:28,619

say is if uh like I heard Gary Nolan say

1040

00:43:32,270 --> 00:43:30,599

this too like and we know it's we know

1041

00:43:33,950 --> 00:43:32,280

it's not Russian because they've played

1042

00:43:36,890 --> 00:43:33,960

their cards they're in Ukraine right

1043

00:43:40,250 --> 00:43:36,900

well well what if

1044

00:43:44,089 --> 00:43:42,230

you know whether it was Russian or

1045

00:43:45,710 --> 00:43:44,099

whether there's a crash craft reverse

1046

00:43:46,730 --> 00:43:45,720

engineered and Russia did it or whatever

1047

00:43:49,750 --> 00:43:46,740

like

1048

00:43:53,510 --> 00:43:49,760

would that necessarily equate to uh

1049

00:43:55,809 --> 00:43:53,520

in a perfect weapon system you know not

1050

00:43:58,790 --> 00:43:55,819

like if you're going Hypersonic speeds

1051
00:44:01,490 --> 00:43:58,800
you know and even way faster than that

1052
00:44:04,550 --> 00:44:01,500
can you even put guns on that will they

1053
00:44:07,010 --> 00:44:04,560
even work at that speed you know if you

1054
00:44:10,550 --> 00:44:07,020
even know if the things had weapons on

1055
00:44:12,710 --> 00:44:10,560
it you know like maybe they were just

1056
00:44:14,870 --> 00:44:12,720
checking people out or maybe you can

1057
00:44:20,930 --> 00:44:14,880
just fly around and that's it you know

1058
00:44:28,069 --> 00:44:23,710
destroyed of China or something like

1059
00:44:31,069 --> 00:44:29,510
I don't know it might be like the test

1060
00:44:32,930 --> 00:44:31,079
flights of the 50s and there's just

1061
00:44:34,849 --> 00:44:32,940
people dying left and right for like a

1062
00:44:39,609 --> 00:44:34,859
good 20 30 years you know what I mean

1063
00:44:44,329 --> 00:44:41,870

like pancake you know what I mean

1064

00:44:46,670 --> 00:44:44,339

pancake pancake pancake for a good 10

1065

00:44:48,650 --> 00:44:46,680

years yeah I mean I'm not sure but it

1066

00:44:49,970 --> 00:44:48,660

does remind me of an old funny story you

1067

00:44:52,309 --> 00:44:49,980

know there are all these like stories

1068

00:44:54,829 --> 00:44:52,319

about you know and most of it has been

1069

00:44:57,410 --> 00:44:54,839

completely or largely disproven lore

1070

00:44:59,930 --> 00:44:57,420

about like the whole Space Nazis thing

1071

00:45:02,270 --> 00:44:59,940

about how apparent you know in the

1072

00:45:05,109 --> 00:45:02,280

latter stages of World War II that the

1073

00:45:07,250 --> 00:45:05,119

Nazis came super close to developing

1074

00:45:09,470 --> 00:45:07,260

anti-gravidic or electrogravidic

1075

00:45:11,089 --> 00:45:09,480

technology right and that there were

1076

00:45:13,910 --> 00:45:11,099

experiments done and there probably were

1077

00:45:16,670 --> 00:45:13,920

a small scale of experiments but you

1078

00:45:19,309 --> 00:45:16,680

know from from the work of say Nick cook

1079

00:45:21,109 --> 00:45:19,319

to all you know Richard Dolan to all

1080

00:45:24,650 --> 00:45:21,119

sorts of other people you know there's

1081

00:45:26,510 --> 00:45:24,660

they're like the general consensus at

1082

00:45:28,849 --> 00:45:26,520

this point is like well they probably

1083

00:45:30,290 --> 00:45:28,859

didn't get that far from before the end

1084

00:45:32,750 --> 00:45:30,300

or else things might have turned out

1085

00:45:36,290 --> 00:45:32,760

differently or whatever right right and

1086

00:45:38,569 --> 00:45:36,300

like and um but one of the fun pieces of

1087

00:45:40,849 --> 00:45:38,579

lore and I think I remember hearing this

1088

00:45:42,290 --> 00:45:40,859

through Joseph Farrell maybe was the

1089

00:45:44,089 --> 00:45:42,300

first person to hear this from who was

1090

00:45:46,609 --> 00:45:44,099

like a big like Space Nazis guy for a

1091

00:45:49,990 --> 00:45:46,619

while and he's still around and like um

1092

00:45:52,190 --> 00:45:50,000

was uh that they did develop and

1093

00:45:55,309 --> 00:45:52,200

electrogravatics they did develop like a

1094

00:45:57,109 --> 00:45:55,319

saucer right and then they put like a

1095

00:45:58,970 --> 00:45:57,119

machine gun on the bottom of one but it

1096

00:46:00,890 --> 00:45:58,980

threw all the balance off and they got

1097

00:46:02,329 --> 00:46:00,900

discouraged and then at the end of the

1098

00:46:04,790 --> 00:46:02,339

war or something like that right that's

1099

00:46:07,370 --> 00:46:04,800

what I'm talking about I loved how bass

1100

00:46:09,710 --> 00:46:07,380

that that idea it was though it was just

1101
00:46:12,050 --> 00:46:09,720
so funny like the visual was funny to

1102
00:46:13,970 --> 00:46:12,060
think of like you know like a giant gun

1103
00:46:15,710 --> 00:46:13,980
on the bottom of a flying saucer and

1104
00:46:17,930 --> 00:46:15,720
then it just went like straight into a

1105
00:46:19,790 --> 00:46:17,940
mountain because like it's through

1106
00:46:24,430 --> 00:46:19,800
everything oh and then them just being

1107
00:46:29,030 --> 00:46:26,809
I I you know I always I always thought

1108
00:46:30,670 --> 00:46:29,040
that that was a funny idea like you know

1109
00:46:34,190 --> 00:46:30,680
yeah yeah

1110
00:46:36,970 --> 00:46:34,200
no and there's uh

1111
00:46:39,650 --> 00:46:36,980
I have no doubt that um you know

1112
00:46:42,109 --> 00:46:39,660
governments around the world have worked

1113
00:46:44,870 --> 00:46:42,119

on anti-group you know gravitics

1114

00:46:47,630 --> 00:46:44,880

probably as since

1115

00:46:49,670 --> 00:46:47,640

probably forever you know I mean even

1116

00:46:52,010 --> 00:46:49,680

going through different like uh Blue

1117

00:46:54,050 --> 00:46:52,020

Book stuff you'll find letters once in a

1118

00:46:56,569 --> 00:46:54,060

while there's a handful of letters that

1119

00:46:59,270 --> 00:46:56,579

like were sent to the Air Force or one

1120

00:47:02,270 --> 00:46:59,280

of the FBI or whatever where this guy

1121

00:47:04,430 --> 00:47:02,280

claims to know the the secret of the

1122

00:47:06,410 --> 00:47:04,440

saucers and you got to be able to

1123

00:47:08,390 --> 00:47:06,420

control gravity and all that kind of

1124

00:47:10,490 --> 00:47:08,400

stuff you know and that goes back to

1125

00:47:12,050 --> 00:47:10,500

like the 50s so if these random people

1126

00:47:14,030 --> 00:47:12,060

are right in the Air Force thinking

1127

00:47:16,970 --> 00:47:14,040

about anti-gravity you could be damn

1128

00:47:18,230 --> 00:47:16,980

sure that you know uh scientists are

1129

00:47:20,990 --> 00:47:18,240

already trying to work on that because

1130

00:47:24,050 --> 00:47:21,000

it make the perfect machine right and

1131

00:47:25,910 --> 00:47:24,060

that's what you're trying to do and you

1132

00:47:28,250 --> 00:47:25,920

know the the Raider that just came out

1133

00:47:31,010 --> 00:47:28,260

or whatever the B2 Raider whatever

1134

00:47:33,410 --> 00:47:31,020

that's apparently the the best we can

1135

00:47:37,069 --> 00:47:33,420

come up with you know which is a far cry

1136

00:47:38,809 --> 00:47:37,079

from an anti-gravity machine you know

1137

00:47:39,890 --> 00:47:38,819

that can just pretty much do whatever

1138

00:47:42,050 --> 00:47:39,900

you want

1139

00:47:44,030 --> 00:47:42,060

which is interesting right because if we

1140

00:47:46,569 --> 00:47:44,040

had crashcraft

1141

00:47:49,849 --> 00:47:46,579

you know or technology

1142

00:47:52,609 --> 00:47:49,859

would first of all wouldn't we have

1143

00:47:55,309 --> 00:47:52,619

something better than that radar that

1144

00:47:59,270 --> 00:47:55,319

Raider and then two wouldn't we like the

1145

00:48:01,250 --> 00:47:59,280

nuclear fusion thing just like SEC uh

1146

00:48:03,349 --> 00:48:01,260

secretary energy Department energy or

1147

00:48:04,910 --> 00:48:03,359

whatever comes out and you know they

1148

00:48:07,609 --> 00:48:04,920

they conquered that

1149

00:48:10,670 --> 00:48:07,619

and that's on the news

1150

00:48:13,250 --> 00:48:10,680

so it just makes me think like

1151

00:48:15,770 --> 00:48:13,260

like all those Greer stories where they

1152

00:48:17,450 --> 00:48:15,780

you know they just will hunt 100 Hunter

1153

00:48:20,450 --> 00:48:17,460

after you if you come up with a power

1154

00:48:22,849 --> 00:48:20,460

system that works off of water and you

1155

00:48:24,109 --> 00:48:22,859

know the screw the oil company and all

1156

00:48:26,329 --> 00:48:24,119

that stuff they'll come after you

1157

00:48:28,250 --> 00:48:26,339

they'll murder you and now they just

1158

00:48:30,109 --> 00:48:28,260

came out and said no like we can do it

1159

00:48:33,050 --> 00:48:30,119

you know we can come up with free clean

1160

00:48:35,410 --> 00:48:33,060

energy you know so yeah is any of that

1161

00:48:38,270 --> 00:48:35,420

really true I don't know well it's and

1162

00:48:39,589 --> 00:48:38,280

yeah and you know there I just going

1163

00:48:41,329 --> 00:48:39,599

along with what you're saying as a

1164

00:48:43,490 --> 00:48:41,339

thought experiment it is possible to say

1165

00:48:45,530 --> 00:48:43,500

like okay you know maybe they did go

1166

00:48:47,210 --> 00:48:45,540

after people that figured out how to you

1167

00:48:49,670 --> 00:48:47,220

know power a car with water and or

1168

00:48:50,990 --> 00:48:49,680

hydrogen you know and that's that's you

1169

00:48:53,870 --> 00:48:51,000

know there's definitely stories out

1170

00:48:55,010 --> 00:48:53,880

there about that and then you know what

1171

00:48:57,170 --> 00:48:55,020

we heard from the Department of energy

1172

00:49:00,050 --> 00:48:57,180

is like oh we conquered Fusion at least

1173

00:49:01,730 --> 00:49:00,060

on a very small scale and and that's

1174

00:49:03,470 --> 00:49:01,740

amazing that's historic it's first time

1175

00:49:06,170 --> 00:49:03,480

in history we've done that which is yeah

1176

00:49:07,609 --> 00:49:06,180

is that true we don't know and then at

1177

00:49:09,950 --> 00:49:07,619

the same time and then at the same time

1178

00:49:12,650 --> 00:49:09,960

they're saying like and it'll probably

1179

00:49:15,230 --> 00:49:12,660

end it'll probably be decades before we

1180

00:49:17,270 --> 00:49:15,240

can do it on scale right you know what I

1181

00:49:19,910 --> 00:49:17,280

mean they do that too and so those those

1182

00:49:21,290 --> 00:49:19,920

things can go together you know it would

1183

00:49:23,569 --> 00:49:21,300

be very easy to put those things

1184

00:49:25,910 --> 00:49:23,579

together where it's like okay yeah like

1185

00:49:27,530 --> 00:49:25,920

maybe like they still don't want to tell

1186

00:49:29,510 --> 00:49:27,540

you that it's easy to to get a lot of

1187

00:49:31,010 --> 00:49:29,520

energy out of a cup of water

1188

00:49:33,410 --> 00:49:31,020

um but they'll tell us that eventually

1189

00:49:35,210 --> 00:49:33,420

we'll have free energy in 25 years or

1190

00:49:37,250 --> 00:49:35,220

something like that yeah those those

1191

00:49:40,370 --> 00:49:37,260

aren't completely mutually exclusive as

1192

00:49:42,410 --> 00:49:40,380

far as possibilities go in a while you

1193

00:49:44,030 --> 00:49:42,420

know they're they're almost uh yeah so

1194

00:49:45,609 --> 00:49:44,040

it's almost kind of like a humble brag

1195

00:49:48,950 --> 00:49:45,619

right

1196

00:49:50,870 --> 00:49:48,960

like something to make Joe Biden look

1197

00:49:53,809 --> 00:49:50,880

good or or the government look good

1198

00:49:55,490 --> 00:49:53,819

right like yeah or get other countries

1199

00:49:58,069 --> 00:49:55,500

to be friends with you so you can teach

1200

00:50:01,250 --> 00:49:58,079

them how to do it or I don't know

1201
00:50:02,870 --> 00:50:01,260
I mean at the same time I do think that

1202
00:50:05,270 --> 00:50:02,880
there's at least

1203
00:50:06,290 --> 00:50:05,280
I would venture to guess with the amount

1204
00:50:10,790 --> 00:50:06,300
of

1205
00:50:13,910 --> 00:50:10,800
like triangular craft and stuff like

1206
00:50:16,309 --> 00:50:13,920
that over like like Air Force Proving

1207
00:50:19,430 --> 00:50:16,319
Grounds and things like that or flying

1208
00:50:22,550 --> 00:50:19,440
towards or away from certain Air Force

1209
00:50:25,670 --> 00:50:22,560
sites I think that there's like a strong

1210
00:50:28,970 --> 00:50:25,680
strong possibility that that some

1211
00:50:31,250 --> 00:50:28,980
version of electrogravitics exists and

1212
00:50:33,770 --> 00:50:31,260
has been you know

1213
00:50:36,650 --> 00:50:33,780

um has been utilized

1214

00:50:39,050 --> 00:50:36,660

and either through reverse engineering

1215

00:50:40,849 --> 00:50:39,060

or they had a craft and they sit there

1216

00:50:43,550 --> 00:50:40,859

and they workshopped it enough to figure

1217

00:50:45,290 --> 00:50:43,560

out something else that works that might

1218

00:50:46,910 --> 00:50:45,300

not be as staple might not be as

1219

00:50:49,430 --> 00:50:46,920

advanced might have a different control

1220

00:50:51,829 --> 00:50:49,440

panel or whatever might be driven by a

1221

00:50:55,609 --> 00:50:51,839

different energy source but it was

1222

00:50:57,349 --> 00:50:55,619

derived or inspired by you know like

1223

00:50:59,450 --> 00:50:57,359

things that they'd people had seen in

1224

00:51:02,270 --> 00:50:59,460

the sky and maybe even things that

1225

00:51:03,770 --> 00:51:02,280

people had recovered and I I think that

1226

00:51:07,250 --> 00:51:03,780

there's a strong possibility there I've

1227

00:51:10,670 --> 00:51:07,260

seen you know correlating maps and and

1228

00:51:13,069 --> 00:51:10,680

that see would seem to suggest that

1229

00:51:15,290 --> 00:51:13,079

either some of those triangular craft

1230

00:51:17,630 --> 00:51:15,300

what people often call the tr3bs or

1231

00:51:19,970 --> 00:51:17,640

something like that are a secret Air

1232

00:51:23,930 --> 00:51:19,980

Force project or

1233

00:51:27,290 --> 00:51:23,940

something similar to that or are

1234

00:51:30,049 --> 00:51:27,300

um you know stretching out a bit it just

1235

00:51:31,970 --> 00:51:30,059

so happens that like one of the various

1236

00:51:34,790 --> 00:51:31,980

visiting civilizations or crypto

1237

00:51:38,210 --> 00:51:34,800

terrestrial civilizations or whatever

1238

00:51:40,790 --> 00:51:38,220

um is is for some reason completely

1239

00:51:43,490 --> 00:51:40,800

obsessed with you know a half dozen

1240

00:51:46,130 --> 00:51:43,500

certain Air Force facilities you know

1241

00:51:49,130 --> 00:51:46,140

what I mean maybe I guess I could see

1242

00:51:50,510 --> 00:51:49,140

that but like as far as as far as you

1243

00:51:52,069 --> 00:51:50,520

know when you're talking about like

1244

00:51:54,410 --> 00:51:52,079

Reaper drones and things like that or

1245

00:51:57,890 --> 00:51:54,420

people like you know that is one area

1246

00:52:00,349 --> 00:51:57,900

where I do have some overlap with some

1247

00:52:02,089 --> 00:52:00,359

of the more skeptical people in in our

1248

00:52:04,970 --> 00:52:02,099

community where it's like I do think

1249

00:52:07,990 --> 00:52:04,980

that you know it's very very possible

1250

00:52:09,670 --> 00:52:08,000

and even likely that there are

1251

00:52:11,450 --> 00:52:09,680

electrogravidics working

1252

00:52:12,410 --> 00:52:11,460

electrogravidics programs that are

1253

00:52:17,930 --> 00:52:12,420

deeply

1254

00:52:19,609 --> 00:52:17,940

are you know better being utilized at

1255

00:52:22,069 --> 00:52:19,619

places like Wright-Patterson you know I

1256

00:52:25,010 --> 00:52:22,079

think that that's probably true

1257

00:52:27,530 --> 00:52:25,020

um yeah I mean you know I found it

1258

00:52:29,030 --> 00:52:27,540

pretty strange one you know I looked

1259

00:52:30,230 --> 00:52:29,040

through the blue book reports and find

1260

00:52:33,829 --> 00:52:30,240

that

1261

00:52:35,510 --> 00:52:33,839

um Ohio as the actual most recorded you

1262

00:52:37,309 --> 00:52:35,520

know sightings in there when you search

1263

00:52:39,890 --> 00:52:37,319

it you know more than other states

1264

00:52:42,530 --> 00:52:39,900

what's in Ohio right Patterson Air Force

1265

00:52:44,450 --> 00:52:42,540

Base you know yeah so

1266

00:52:46,430 --> 00:52:44,460

yeah and

1267

00:52:48,349 --> 00:52:46,440

I could totally see that and I know that

1268

00:52:49,790 --> 00:52:48,359

they've known about ion propulsion since

1269

00:52:52,730 --> 00:52:49,800

the 50s because of Blue Book

1270

00:52:54,710 --> 00:52:52,740

investigations like I've like I've gone

1271

00:52:56,990 --> 00:52:54,720

through that in an episode like a long

1272

00:52:59,630 --> 00:52:57,000

time ago but and that's a silent

1273

00:53:01,430 --> 00:52:59,640

propulsion it's very low thrust as far

1274

00:53:04,609 --> 00:53:01,440

as we know like so you can only go so

1275

00:53:06,170 --> 00:53:04,619

fast but if to me like maybe that's just

1276

00:53:08,510 --> 00:53:06,180

what they want you to think at this

1277

00:53:10,010 --> 00:53:08,520

point if they've known about it for 70

1278

00:53:11,329 --> 00:53:10,020

years you don't think they could have

1279

00:53:13,970 --> 00:53:11,339

figured out how to get a little more

1280

00:53:17,750 --> 00:53:13,980

Thrust out of it by now you know like

1281

00:53:21,730 --> 00:53:17,760

and have a silent uh electric propulsion

1282

00:53:24,530 --> 00:53:21,740

by now so yeah yeah I don't know

1283

00:53:26,750 --> 00:53:24,540

you know it's it's uh definitely

1284

00:53:28,970 --> 00:53:26,760

interesting especially

1285

00:53:31,609 --> 00:53:28,980

you know I think about uh the like

1286

00:53:33,049 --> 00:53:31,619

direct energy weapons and lasers and all

1287

00:53:35,630 --> 00:53:33,059

that and how some of those people like

1288

00:53:38,870 --> 00:53:35,640

John Alexander who have worked on that

1289

00:53:40,910 --> 00:53:38,880

stuff are involved in this UFO stuff and

1290

00:53:44,089 --> 00:53:40,920

I just wonder sometimes like it always

1291

00:53:48,109 --> 00:53:44,099

seems like the direct energy weapons the

1292

00:53:50,270 --> 00:53:48,119

RV stuff remote viewing and UFOs are

1293

00:53:53,930 --> 00:53:50,280

always like tied together with these

1294

00:53:55,370 --> 00:53:53,940

people you know yeah yeah and and the

1295

00:53:57,650 --> 00:53:55,380

closer you get to the directed energy

1296

00:53:59,950 --> 00:53:57,660

weapons the worse off you are I mean

1297

00:54:03,170 --> 00:53:59,960

both literally and

1298

00:54:05,210 --> 00:54:03,180

like yeah physically and theoretically

1299

00:54:08,510 --> 00:54:05,220

in terms of like you know it's a real

1300

00:54:10,250 --> 00:54:08,520

hot button issue but like as we saw you

1301
00:54:12,530 --> 00:54:10,260
know in some of those dirts you know

1302
00:54:16,190 --> 00:54:12,540
when people like kit green you know

1303
00:54:20,210 --> 00:54:16,200
we're tasked with looking at

1304
00:54:22,910 --> 00:54:20,220
um the the effects of people that came

1305
00:54:25,549 --> 00:54:22,920
too close to craft and you know you know

1306
00:54:27,710 --> 00:54:25,559
had radiation damage and things like

1307
00:54:29,930 --> 00:54:27,720
that and then the point of that that as

1308
00:54:32,390 --> 00:54:29,940
we saw in one of those dirts was to be

1309
00:54:34,790 --> 00:54:32,400
able to weaponize that right right and

1310
00:54:36,470 --> 00:54:34,800
what is that that's a like buy you know

1311
00:54:38,210 --> 00:54:36,480
that that's a directed energy weapon

1312
00:54:39,530 --> 00:54:38,220
that's what that is I mean you know if

1313
00:54:40,790 --> 00:54:39,540

you just take the words together that's

1314

00:54:44,690 --> 00:54:40,800

what that would be a directed another

1315

00:54:46,430 --> 00:54:44,700

joint right right and um and as I heard

1316

00:54:47,750 --> 00:54:46,440

from somebody the other day who I can't

1317

00:54:51,910 --> 00:54:47,760

name like

1318

00:54:54,410 --> 00:54:51,920

you know a really a really great Avenue

1319

00:54:56,329 --> 00:54:54,420

you know there's still a lot in those

1320

00:54:58,910 --> 00:54:56,339

dirts that people haven't pulled apart

1321

00:55:02,030 --> 00:54:58,920

and one thing that somebody was saying

1322

00:55:04,790 --> 00:55:02,040

the other day to me was you know you

1323

00:55:06,710 --> 00:55:04,800

have to look at the people that were on

1324

00:55:07,670 --> 00:55:06,720

those papers that were tasked with those

1325

00:55:10,130 --> 00:55:07,680

papers

1326

00:55:12,230 --> 00:55:10,140

and like what they came out with and

1327

00:55:14,510 --> 00:55:12,240

then you need to look at like who they

1328

00:55:17,030 --> 00:55:14,520

were writing with and like what other

1329

00:55:19,490 --> 00:55:17,040

papers weren't necessarily those turrets

1330

00:55:22,069 --> 00:55:19,500

but we're but we're done by those people

1331

00:55:24,290 --> 00:55:22,079

or people within their academic networks

1332

00:55:26,990 --> 00:55:24,300

that might have been about Material

1333

00:55:29,930 --> 00:55:27,000

Sciences or anything along the lines

1334

00:55:33,470 --> 00:55:29,940

that the the topics that were covered in

1335

00:55:36,049 --> 00:55:33,480

those thirds and were kind of the covers

1336

00:55:38,870 --> 00:55:36,059

that they used in those turrets to talk

1337

00:55:41,329 --> 00:55:38,880

about UFOs without talking about UFOs or

1338

00:55:43,849 --> 00:55:41,339

yeah the the one thing that stood out to

1339

00:55:46,190 --> 00:55:43,859

me so much in those stairs is uh this is

1340

00:55:47,329 --> 00:55:46,200

a freaking reverse engineering program

1341

00:55:49,790 --> 00:55:47,339

right

1342

00:55:52,430 --> 00:55:49,800

yeah you know like if they're trying to

1343

00:55:55,790 --> 00:55:52,440

figure out uh what makes you know the

1344

00:55:58,069 --> 00:55:55,800

injuries right so they can

1345

00:56:00,710 --> 00:55:58,079

you know figure out how to make that

1346

00:56:02,569 --> 00:56:00,720

thing that makes that injuries you know

1347

00:56:04,490 --> 00:56:02,579

and all the different propulsion

1348

00:56:07,549 --> 00:56:04,500

Concepts that Eric Davis had to come up

1349

00:56:09,349 --> 00:56:07,559

with you know to probably see which one

1350

00:56:11,710 --> 00:56:09,359

could this

1351
00:56:14,990 --> 00:56:11,720
could be this ship you know or whatever

1352
00:56:17,329 --> 00:56:15,000
or so yeah I don't know a lot of that

1353
00:56:20,170 --> 00:56:17,339
seems to me like they're trying to build

1354
00:56:23,870 --> 00:56:20,180
a spaceship for sure that can travel

1355
00:56:27,470 --> 00:56:23,880
Interstellar and why are these people

1356
00:56:29,809 --> 00:56:27,480
tasked with it that are invested in UFOs

1357
00:56:31,569 --> 00:56:29,819
could it be because I don't know they

1358
00:56:34,309 --> 00:56:31,579
have one

1359
00:56:36,049 --> 00:56:34,319
yeah you know and and you know there's

1360
00:56:38,750 --> 00:56:36,059
those old quotes from Ben Rich from

1361
00:56:41,089 --> 00:56:38,760
Lucky Lockheed Skunk Works about now we

1362
00:56:43,190 --> 00:56:41,099
have the technology to send DT back home

1363
00:56:45,530 --> 00:56:43,200

he was saying that you know 20 plus

1364

00:56:48,049 --> 00:56:45,540

years ago you know who knows if that was

1365

00:56:50,390 --> 00:56:48,059

just that was like a cool tagline to

1366

00:56:53,150 --> 00:56:50,400

scare people or if that was true I'm not

1367

00:56:56,150 --> 00:56:53,160

entirely sure right but you know people

1368

00:56:59,089 --> 00:56:56,160

quoted often and I think that there's

1369

00:57:01,069 --> 00:56:59,099

you know it's it's important I think to

1370

00:57:03,890 --> 00:57:01,079

recognize that like

1371

00:57:06,410 --> 00:57:03,900

folks like you and I and many others you

1372

00:57:08,390 --> 00:57:06,420

know people like to paint

1373

00:57:10,450 --> 00:57:08,400

people like you and I as like quote

1374

00:57:14,030 --> 00:57:10,460

unquote Believers or something like that

1375

00:57:16,190 --> 00:57:14,040

and for for on one level it's like

1376

00:57:17,089 --> 00:57:16,200

you've seen wild stuff I've seen wild

1377

00:57:20,870 --> 00:57:17,099

stuff

1378

00:57:22,430 --> 00:57:20,880

and it's not about belief in on a

1379

00:57:24,650 --> 00:57:22,440

certain level it's about knowing because

1380

00:57:27,290 --> 00:57:24,660

you've had the personal experience and

1381

00:57:29,930 --> 00:57:27,300

it's different than like believing in

1382

00:57:31,490 --> 00:57:29,940

you know Buddha or Jesus Christ or

1383

00:57:33,049 --> 00:57:31,500

whatever you want to say because like

1384

00:57:35,390 --> 00:57:33,059

when you see something in front of you

1385

00:57:37,549 --> 00:57:35,400

and you have like an interaction with it

1386

00:57:39,410 --> 00:57:37,559

that's a different scenario then then

1387

00:57:41,329 --> 00:57:39,420

like some kind of then like believing in

1388

00:57:44,109 --> 00:57:41,339

Santa Claus or whatever right totally

1389

00:57:48,589 --> 00:57:44,119

and and then at the same time it's like

1390

00:57:51,950 --> 00:57:48,599

there's also this idea that because like

1391

00:57:55,549 --> 00:57:51,960

somebody like me has has

1392

00:57:57,890 --> 00:57:55,559

who to me like a subjective knowledge

1393

00:58:00,109 --> 00:57:57,900

that that some of these beings exist and

1394

00:58:01,970 --> 00:58:00,119

stuff like this and or you that you know

1395

00:58:03,950 --> 00:58:01,980

strange phenomena that aren't exactly

1396

00:58:06,109 --> 00:58:03,960

craft are sometimes flying through the

1397

00:58:08,329 --> 00:58:06,119

sky and or whatever else precognitive

1398

00:58:10,430 --> 00:58:08,339

dreams happen you know whatever else you

1399

00:58:12,170 --> 00:58:10,440

want to say that way you know that

1400

00:58:14,329 --> 00:58:12,180

that's for some reason because we

1401
00:58:16,130 --> 00:58:14,339
believe that we can't also believe that

1402
00:58:17,809 --> 00:58:16,140
there could be reverse engineered

1403
00:58:19,190 --> 00:58:17,819
electric gravitic technology or

1404
00:58:21,290 --> 00:58:19,200
something like that and the reality is

1405
00:58:23,510 --> 00:58:21,300
it's like well one can beget the other

1406
00:58:25,730 --> 00:58:23,520
you know what I mean like because we

1407
00:58:28,010 --> 00:58:25,740
have recovered craft or not you know

1408
00:58:30,530 --> 00:58:28,020
that can also provide the cover and it

1409
00:58:33,049 --> 00:58:30,540
can it can help explain the whole damn

1410
00:58:35,150 --> 00:58:33,059
thing you know that's why things are so

1411
00:58:37,010 --> 00:58:35,160
secret it's not that they it's not that

1412
00:58:39,170 --> 00:58:37,020
the government cares that we know that

1413
00:58:41,390 --> 00:58:39,180

Grays exist it's not like they're like

1414

00:58:43,609 --> 00:58:41,400

oh God we're so worried about their

1415

00:58:45,890 --> 00:58:43,619

there's health and safety you know what

1416

00:58:47,329 --> 00:58:45,900

I mean like can you imagine like after

1417

00:58:49,370 --> 00:58:47,339

this pandemic and all this stuff like

1418

00:58:50,930 --> 00:58:49,380

that they're like oh gosh we're gonna

1419

00:58:51,890 --> 00:58:50,940

give them all they're all going to

1420

00:58:53,930 --> 00:58:51,900

stress out they're all going to be so

1421

00:58:55,910 --> 00:58:53,940

anxious if they know the grace exhaust

1422

00:58:58,250 --> 00:58:55,920

no I don't think

1423

00:59:01,430 --> 00:58:58,260

I think it's that that like you know

1424

00:59:03,890 --> 00:59:01,440

exploiting technology is a really key

1425

00:59:05,049 --> 00:59:03,900

thing that that nobody wants to get out

1426

00:59:07,609 --> 00:59:05,059

right

1427

00:59:09,289 --> 00:59:07,619

and like that's that's the kind of stuff

1428

00:59:11,390 --> 00:59:09,299

that they're just trained into not

1429

00:59:13,370 --> 00:59:11,400

allowing people to have but if one

1430

00:59:15,650 --> 00:59:13,380

begets then the other then it helps

1431

00:59:18,109 --> 00:59:15,660

explain why all the secrecy it helps

1432

00:59:20,270 --> 00:59:18,119

explain why why we don't get straight

1433

00:59:22,370 --> 00:59:20,280

answers it helps explain why we walk

1434

00:59:24,530 --> 00:59:22,380

into a Hall of Mirrors every time we

1435

00:59:27,650 --> 00:59:24,540

look at one of John greenwald's new PDFs

1436

00:59:30,710 --> 00:59:27,660

from the Pentagon and it helps explain

1437

00:59:33,109 --> 00:59:30,720

you know like why we have to keep

1438

00:59:35,089 --> 00:59:33,119

working on this ourselves and why

1439

00:59:36,950 --> 00:59:35,099

Private Industry and academics have to

1440

00:59:39,589 --> 00:59:36,960

keep working on this

1441

00:59:40,970 --> 00:59:39,599

um because you know we have plenty of

1442

00:59:42,950 --> 00:59:40,980

data like people have been talking about

1443

00:59:45,170 --> 00:59:42,960

in the chat there are too many cases

1444

00:59:48,170 --> 00:59:45,180

there are too many witnesses this has

1445

00:59:50,750 --> 00:59:48,180

been going on since time immemorial and

1446

00:59:53,809 --> 00:59:50,760

and you know and we can talk about it

1447

00:59:55,910 --> 00:59:53,819

with each other and we can realize that

1448

00:59:59,089 --> 00:59:55,920

there's enough intelligence

1449

01:00:01,430 --> 00:59:59,099

and Humanity like invested in the

1450

01:00:04,250 --> 01:00:01,440

situation now that it's a you know it's

1451
01:00:05,690 --> 01:00:04,260
breached the water enough that that you

1452
01:00:07,370 --> 01:00:05,700
know people are starting to get funded

1453
01:00:09,049 --> 01:00:07,380
for stuff like this you know science and

1454
01:00:10,430 --> 01:00:09,059
scientific organizations Venture

1455
01:00:12,470 --> 01:00:10,440
capitalists and all these people are

1456
01:00:13,609 --> 01:00:12,480
starting to get funded you know are all

1457
01:00:16,970 --> 01:00:13,619
of them going to do it for the right

1458
01:00:19,069 --> 01:00:16,980
reasons probably not you know does is it

1459
01:00:21,950 --> 01:00:19,079
more possible that we might get more out

1460
01:00:24,289 --> 01:00:21,960
of them than somebody that's like being

1461
01:00:25,370 --> 01:00:24,299
paid to keep secrets for their entire

1462
01:00:28,809 --> 01:00:25,380
career

1463
01:00:31,430 --> 01:00:28,819

possibly you know

1464

01:00:33,950 --> 01:00:31,440

and like maybe that's a good thing and

1465

01:00:37,430 --> 01:00:33,960

that's a great Point like how long can

1466

01:00:40,069 --> 01:00:37,440

you keep up Secrets before you know

1467

01:00:42,650 --> 01:00:40,079

Private Industry just really

1468

01:00:46,309 --> 01:00:42,660

cat not only catches up but surpasses

1469

01:00:48,770 --> 01:00:46,319

you right you know yeah like how long

1470

01:00:51,109 --> 01:00:48,780

can you really keep that secret uh

1471

01:00:53,349 --> 01:00:51,119

before you know like let's just say for

1472

01:00:55,910 --> 01:00:53,359

example avilo and the Galileo project

1473

01:00:58,010 --> 01:00:55,920

catches a lot of crazy things on camera

1474

01:00:59,510 --> 01:00:58,020

and releases it all to the public which

1475

01:01:01,309 --> 01:00:59,520

is what he's going to do and what if

1476

01:01:04,609 --> 01:01:01,319

there's some crazy stuff in there you

1477

01:01:06,950 --> 01:01:04,619

know they're really gonna let a private

1478

01:01:09,910 --> 01:01:06,960

non-profit like the Galileo project come

1479

01:01:13,250 --> 01:01:09,920

up with this stuff and show people

1480

01:01:14,510 --> 01:01:13,260

are they really gonna let that happen I

1481

01:01:15,530 --> 01:01:14,520

don't think that they would let that

1482

01:01:17,750 --> 01:01:15,540

happen

1483

01:01:20,450 --> 01:01:17,760

I mean it's interesting because you know

1484

01:01:22,490 --> 01:01:20,460

like you know we've we've talked to

1485

01:01:25,370 --> 01:01:22,500

we've you know obvious been on witness

1486

01:01:28,549 --> 01:01:25,380

citizen what two three times

1487

01:01:31,549 --> 01:01:28,559

um and and you know I

1488

01:01:34,490 --> 01:01:31,559

it's funny because I was you know Gary

1489

01:01:35,750 --> 01:01:34,500

Nolan was at the conference in October I

1490

01:01:37,130 --> 01:01:35,760

was speaking to him a bit he was

1491

01:01:38,450 --> 01:01:37,140

speaking to the whole audience you know

1492

01:01:40,789 --> 01:01:38,460

do you ask me anything and stuff like

1493

01:01:43,010 --> 01:01:40,799

this and he was just on Jimmy church

1494

01:01:44,450 --> 01:01:43,020

this week and you know he's throwing

1495

01:01:46,309 --> 01:01:44,460

himself out there and it was interesting

1496

01:01:49,210 --> 01:01:46,319

because of course Avi lobe and Gary

1497

01:01:51,770 --> 01:01:49,220

Nolan did a recent conversation together

1498

01:01:54,530 --> 01:01:51,780

you know a couple weeks back and it's

1499

01:01:56,450 --> 01:01:54,540

weird because you see them like largely

1500

01:01:59,569 --> 01:01:56,460

agreeing with each other and you and I

1501
01:02:01,309 --> 01:01:59,579
both you know ostensibly like Avi loves

1502
01:02:02,930 --> 01:02:01,319
work and think that he's you know making

1503
01:02:04,190 --> 01:02:02,940
a positive difference and that Gary

1504
01:02:05,630 --> 01:02:04,200
Nolan's making a very positive

1505
01:02:07,609 --> 01:02:05,640
difference and at the same time when

1506
01:02:10,010 --> 01:02:07,619
they're when they're both together it's

1507
01:02:11,990 --> 01:02:10,020
interesting because it sounds like like

1508
01:02:14,329 --> 01:02:12,000
Gary's talking from four years in the

1509
01:02:16,789 --> 01:02:14,339
future and avi's talking from like 10

1510
01:02:18,650 --> 01:02:16,799
years ago on one level you know what I

1511
01:02:21,230 --> 01:02:18,660
mean because he's like he's still doing

1512
01:02:25,069 --> 01:02:21,240
that kind of Michio Kaku like what if

1513
01:02:27,109 --> 01:02:25,079

what if like it's possible that there is

1514

01:02:30,010 --> 01:02:27,119

an interstate Gary no one's like hey bro

1515

01:02:32,030 --> 01:02:30,020

we got recovered Crafter

1516

01:02:34,430 --> 01:02:32,040

like the other side of the screen and

1517

01:02:35,870 --> 01:02:34,440

he's like yeah I saw I saw a craft when

1518

01:02:37,970 --> 01:02:35,880

I was a paper boy when I was like 10.

1519

01:02:40,370 --> 01:02:37,980

this isn't a big like you know what I

1520

01:02:43,250 --> 01:02:40,380

mean and they still you know they like

1521

01:02:44,930 --> 01:02:43,260

like good academics they they can be

1522

01:02:46,910 --> 01:02:44,940

respectful to each other and appreciate

1523

01:02:49,549 --> 01:02:46,920

what each other are contributing to the

1524

01:02:51,530 --> 01:02:49,559

conversation and that they both in that

1525

01:02:53,750 --> 01:02:51,540

they're both talking to two different

1526

01:02:55,430 --> 01:02:53,760

audiences at the same time and that's

1527

01:02:58,789 --> 01:02:55,440

that's essentially what they're doing

1528

01:03:00,650 --> 01:02:58,799

and what what what people and the

1529

01:03:02,809 --> 01:03:00,660

audience sometimes need to recognize is

1530

01:03:04,970 --> 01:03:02,819

that like that that's what's happening

1531

01:03:06,950 --> 01:03:04,980

there are different people that are that

1532

01:03:09,650 --> 01:03:06,960

are putting themselves out there into

1533

01:03:12,170 --> 01:03:09,660

the public eye that are speaking that

1534

01:03:16,190 --> 01:03:12,180

are making a point to speak to different

1535

01:03:19,069 --> 01:03:16,200

people at different developmental stages

1536

01:03:20,870 --> 01:03:19,079

of the conversation there are people

1537

01:03:22,789 --> 01:03:20,880

that are deliberately out there that

1538

01:03:24,109 --> 01:03:22,799

know way better that are like what if

1539

01:03:26,329 --> 01:03:24,119

what if

1540

01:03:28,609 --> 01:03:26,339

and then you have people like Gary Nolan

1541

01:03:31,010 --> 01:03:28,619

that are deliberately talking to people

1542

01:03:33,710 --> 01:03:31,020

that have like an above average IQ

1543

01:03:36,530 --> 01:03:33,720

essentially you know generally speaking

1544

01:03:38,930 --> 01:03:36,540

right and that's and and you know those

1545

01:03:40,670 --> 01:03:38,940

two those two have overlapping audience

1546

01:03:43,250 --> 01:03:40,680

as well there are people that need what

1547

01:03:46,789 --> 01:03:43,260

if that are that are you know way above

1548

01:03:48,890 --> 01:03:46,799

average you know thinkers and so what

1549

01:03:51,770 --> 01:03:48,900

you're saying is like uh almost like

1550

01:03:53,270 --> 01:03:51,780

obvious it speaks to the people that uh

1551

01:03:56,990 --> 01:03:53,280

may have not had their own sighting

1552

01:03:58,910 --> 01:03:57,000

maybe are interested in or maybe they're

1553

01:04:02,030 --> 01:03:58,920

not even interested and he's the one

1554

01:04:04,130 --> 01:04:02,040

taking over that conversation where Gary

1555

01:04:06,370 --> 01:04:04,140

Nolan is uh kind of talking to the

1556

01:04:09,950 --> 01:04:06,380

people that definitely are interested

1557

01:04:12,650 --> 01:04:09,960

yeah and and no you know

1558

01:04:14,089 --> 01:04:12,660

um that something funny is going on and

1559

01:04:15,710 --> 01:04:14,099

he's kind of trying to help with that

1560

01:04:18,230 --> 01:04:15,720

conversation yeah so it's it's it's

1561

01:04:21,530 --> 01:04:18,240

pretty interesting but he also plays it

1562

01:04:23,809 --> 01:04:21,540

he also plays it uh uh a little probably

1563

01:04:26,329 --> 01:04:23,819

more cool than he really is as far as

1564

01:04:28,549 --> 01:04:26,339

what he thinks on it you know he doesn't

1565

01:04:30,349 --> 01:04:28,559

he still kind of ends it with the

1566

01:04:32,990 --> 01:04:30,359

speculation I don't mind speculating

1567

01:04:34,910 --> 01:04:33,000

about this or that but I think he knows

1568

01:04:37,849 --> 01:04:34,920

more than he leads on it basically is

1569

01:04:39,829 --> 01:04:37,859

what I'm saying oh yeah yeah I mean I

1570

01:04:42,530 --> 01:04:39,839

think just about anybody that's on that

1571

01:04:44,990 --> 01:04:42,540

level that is in this conversation

1572

01:04:46,730 --> 01:04:45,000

like would Avi love even be really be

1573

01:04:49,849 --> 01:04:46,740

doing this stuff unless he knew

1574

01:04:52,130 --> 01:04:49,859

something would he really do that like

1575

01:04:54,549 --> 01:04:52,140

you gotta sometimes I think people don't

1576

01:04:58,190 --> 01:04:54,559

really take under consideration

1577

01:05:00,109 --> 01:04:58,200

uh what people really are putting at

1578

01:05:03,309 --> 01:05:00,119

risk and throwing out their like Avi

1579

01:05:06,170 --> 01:05:03,319

Loeb is built a legacy for himself

1580

01:05:08,150 --> 01:05:06,180

academically speaking you know

1581

01:05:10,490 --> 01:05:08,160

and then just go out there and go after

1582

01:05:12,650 --> 01:05:10,500

uaps and talk about aliens and stuff

1583

01:05:15,890 --> 01:05:12,660

like that's

1584

01:05:18,170 --> 01:05:15,900

in essence like if he's not really sure

1585

01:05:20,329 --> 01:05:18,180

that I'll find something I don't see

1586

01:05:22,970 --> 01:05:20,339

someone like that doing this

1587

01:05:25,250 --> 01:05:22,980

you know yeah like that's that's a risk

1588

01:05:27,049 --> 01:05:25,260

like that and after everything you've

1589

01:05:28,849 --> 01:05:27,059

done in your career

1590

01:05:31,130 --> 01:05:28,859

to go like what let's say he doesn't

1591

01:05:33,589 --> 01:05:31,140

find something right and he goes down

1592

01:05:35,750 --> 01:05:33,599

the guy who chased aliens that's gonna

1593

01:05:37,069 --> 01:05:35,760

be you know what people remember him for

1594

01:05:40,309 --> 01:05:37,079

like

1595

01:05:42,770 --> 01:05:40,319

I don't think this guy's gonna do this

1596

01:05:44,809 --> 01:05:42,780

stuff without knowing a little bit more

1597

01:05:48,109 --> 01:05:44,819

than he leads on is it same with Gary

1598

01:05:50,150 --> 01:05:48,119

Nolan you know same with Gary Nolan and

1599

01:05:52,430 --> 01:05:50,160

other people like people don't realize

1600

01:05:54,230 --> 01:05:52,440

that if nothing's founder they just you

1601

01:05:57,170 --> 01:05:54,240

know they just keep doing this stuff

1602

01:05:59,210 --> 01:05:57,180

that they're going to be remembered as a

1603

01:06:02,089 --> 01:05:59,220

crazy alien guy and you know that's

1604

01:06:03,170 --> 01:06:02,099

important to people their legacy they

1605

01:06:05,390 --> 01:06:03,180

work hard

1606

01:06:06,530 --> 01:06:05,400

Gary Nolan Avi Works super hard to get

1607

01:06:08,990 --> 01:06:06,540

where they are and they're not just

1608

01:06:12,349 --> 01:06:09,000

going to throw it away on you know

1609

01:06:14,750 --> 01:06:12,359

chasing uh aliens so to speak you know

1610

01:06:16,490 --> 01:06:14,760

yeah a hundred percent I mean I think I

1611

01:06:18,289 --> 01:06:16,500

think you're right and that could have

1612

01:06:20,030 --> 01:06:18,299

been a recent conversation and it's also

1613

01:06:21,829 --> 01:06:20,040

important to remember like you know if

1614

01:06:23,750 --> 01:06:21,839

you read

1615

01:06:26,569 --> 01:06:23,760

um Obvious book

1616

01:06:28,430 --> 01:06:26,579

um extraterrestrial from from from two

1617

01:06:30,109 --> 01:06:28,440

years ago or whatever yeah it's just

1618

01:06:31,430 --> 01:06:30,119

almost exactly two years ago I think

1619

01:06:32,870 --> 01:06:31,440

that it came out is that right or maybe

1620

01:06:34,730 --> 01:06:32,880

it was more recently than that something

1621

01:06:37,910 --> 01:06:34,740

like that yeah it's it's funny because

1622

01:06:39,589 --> 01:06:37,920

like you know we're so past in so many

1623

01:06:41,210 --> 01:06:39,599

ways we're so past that point in the

1624

01:06:42,829 --> 01:06:41,220

conversation already and it's like that

1625

01:06:45,289 --> 01:06:42,839

was a best-selling book that got a lot

1626
01:06:46,910 --> 01:06:45,299
of play you know and it's recent and

1627
01:06:48,349 --> 01:06:46,920
we're still we're just in some ways

1628
01:06:49,490 --> 01:06:48,359
people think we're moving slowly but in

1629
01:06:51,529 --> 01:06:49,500
a lot of ways we're moving up the speed

1630
01:06:53,630 --> 01:06:51,539
of light relative to what we're what we

1631
01:06:55,789 --> 01:06:53,640
were before and but in the early

1632
01:06:57,470 --> 01:06:55,799
chapters of that book Avi was talking

1633
01:07:00,650 --> 01:06:57,480
about how he was talking about his early

1634
01:07:02,150 --> 01:07:00,660
career and he was talking about how he

1635
01:07:07,250 --> 01:07:02,160
was

1636
01:07:10,430 --> 01:07:07,260
actually working out at Princeton in his

1637
01:07:12,410 --> 01:07:10,440
early academic career and he was working

1638
01:07:14,029 --> 01:07:12,420

um uh basically for a Princeton Think

1639

01:07:16,430 --> 01:07:14,039

Tank

1640

01:07:18,710 --> 01:07:16,440

um working on the Star Wars program

1641

01:07:21,109 --> 01:07:18,720

right and so that was like a defense

1642

01:07:22,670 --> 01:07:21,119

program I mean as I'm remember

1643

01:07:24,710 --> 01:07:22,680

remembering this off the top of my head

1644

01:07:25,910 --> 01:07:24,720

so it might have been a project adjacent

1645

01:07:27,950 --> 01:07:25,920

to what was called the Star Wars program

1646

01:07:29,690 --> 01:07:27,960

but we're basically talking about a

1647

01:07:31,309 --> 01:07:29,700

situation where in the early 80s there's

1648

01:07:33,470 --> 01:07:31,319

this big initiative that Reagan put on

1649

01:07:35,930 --> 01:07:33,480

where it's like okay we need to defend

1650

01:07:38,390 --> 01:07:35,940

we need to be able to defend our for our

1651
01:07:39,770 --> 01:07:38,400
ourselves from space with lasers or

1652
01:07:41,750 --> 01:07:39,780
something like that we need to be able

1653
01:07:43,549 --> 01:07:41,760
to do that so that like people can send

1654
01:07:45,529 --> 01:07:43,559
missiles and we can just go Boop and

1655
01:07:47,750 --> 01:07:45,539
then you know the missiles are gone

1656
01:07:49,910 --> 01:07:47,760
right and Avi was working on one of

1657
01:07:51,950 --> 01:07:49,920
those programs initially well you know

1658
01:07:53,930 --> 01:07:51,960
do you think that you get and he said

1659
01:07:55,670 --> 01:07:53,940
that you know this was part of like he's

1660
01:07:58,130 --> 01:07:55,680
from Israel and this is part of like you

1661
01:08:00,109 --> 01:07:58,140
know an international Consortium of

1662
01:08:02,329 --> 01:08:00,119
people working on defense projects you

1663
01:08:03,829 --> 01:08:02,339

know does a person like that get a get a

1664

01:08:07,430 --> 01:08:03,839

gig like that without having a security

1665

01:08:09,349 --> 01:08:07,440

clearance probably not you know does

1666

01:08:11,569 --> 01:08:09,359

does somebody that's as smart as avilo

1667

01:08:14,150 --> 01:08:11,579

keep his security security clearance

1668

01:08:16,910 --> 01:08:14,160

probably does he still have it 40 years

1669

01:08:19,550 --> 01:08:16,920

later I don't know but like does but in

1670

01:08:21,470 --> 01:08:19,560

that time span like when he did you know

1671

01:08:24,410 --> 01:08:21,480

we know or at least we've heard from

1672

01:08:26,809 --> 01:08:24,420

people like Lou Elizondo and many other

1673

01:08:29,390 --> 01:08:26,819

folks you know that

1674

01:08:31,669 --> 01:08:29,400

um that if you if you just have access

1675

01:08:33,590 --> 01:08:31,679

to jaywicks you know the the kind of

1676

01:08:35,570 --> 01:08:33,600

confidential military version of the

1677

01:08:36,769 --> 01:08:35,580

internet that is air gapped from our

1678

01:08:39,470 --> 01:08:36,779

internet

1679

01:08:41,450 --> 01:08:39,480

um you can see better classified UAP

1680

01:08:43,789 --> 01:08:41,460

footage and there's a bunch of those

1681

01:08:45,950 --> 01:08:43,799

videos and you know people have like

1682

01:08:47,510 --> 01:08:45,960

hinted and openly talked about it for

1683

01:08:49,309 --> 01:08:47,520

years now that it's like well if we

1684

01:08:50,749 --> 01:08:49,319

could just even throw out like five of

1685

01:08:52,610 --> 01:08:50,759

those videos that are on jaywicks or

1686

01:08:54,829 --> 01:08:52,620

whatever it'd be a different we'd be

1687

01:08:57,349 --> 01:08:54,839

having a different conversation well you

1688

01:08:59,269 --> 01:08:57,359

know if AVI has kept any of that

1689

01:09:02,450 --> 01:08:59,279

security clearance that he probably had

1690

01:09:04,370 --> 01:09:02,460

from back in the day then even just that

1691

01:09:06,229 --> 01:09:04,380

would be enough for him to be kind of

1692

01:09:08,390 --> 01:09:06,239

like past the point of the conversation

1693

01:09:10,189 --> 01:09:08,400

that he that he publicly proclaims on on

1694

01:09:13,309 --> 01:09:10,199

TV and on podcasts and stuff like that

1695

01:09:15,110 --> 01:09:13,319

right yeah it's just he's doing his part

1696

01:09:16,970 --> 01:09:15,120

as you were saying right yeah and he

1697

01:09:19,070 --> 01:09:16,980

could have learned something then that

1698

01:09:22,010 --> 01:09:19,080

you know he's not able to share without

1699

01:09:25,249 --> 01:09:22,020

getting in trouble and maybe he wants it

1700

01:09:27,829 --> 01:09:25,259

to be out but maybe somebody won't put

1701

01:09:29,570 --> 01:09:27,839

it up so maybe he's saying well I'll

1702

01:09:32,510 --> 01:09:29,580

just put it out myself

1703

01:09:34,550 --> 01:09:32,520

and by doing that you know he puts this

1704

01:09:36,349 --> 01:09:34,560

project together or something maybe who

1705

01:09:39,289 --> 01:09:36,359

knows you know

1706

01:09:41,510 --> 01:09:39,299

um but yeah I just um like some of these

1707

01:09:43,130 --> 01:09:41,520

people take are taking extreme risks to

1708

01:09:45,169 --> 01:09:43,140

come out and talk about this stuff I

1709

01:09:47,749 --> 01:09:45,179

think 100

1710

01:09:48,709 --> 01:09:47,759

and I think that's uh not take into

1711

01:09:51,229 --> 01:09:48,719

account

1712

01:09:52,789 --> 01:09:51,239

enough you know

1713

01:09:54,830 --> 01:09:52,799

um and then the whole like there's

1714

01:09:57,410 --> 01:09:54,840

things like grifters or going after

1715

01:09:58,610 --> 01:09:57,420

money or stuff when you know that these

1716

01:10:01,550 --> 01:09:58,620

people

1717

01:10:03,290 --> 01:10:01,560

have it made you know they've worked

1718

01:10:05,450 --> 01:10:03,300

their butt off to have it made but they

1719

01:10:07,189 --> 01:10:05,460

have it made they have their career they

1720

01:10:09,229 --> 01:10:07,199

have their money they don't need the

1721

01:10:11,570 --> 01:10:09,239

grip they don't need to

1722

01:10:13,910 --> 01:10:11,580

you know fundraise for a non-profit

1723

01:10:16,610 --> 01:10:13,920

organizations to find UFOs they don't

1724

01:10:17,870 --> 01:10:16,620

need any of that stuff you know so

1725

01:10:20,570 --> 01:10:17,880

um

1726

01:10:23,510 --> 01:10:20,580

yeah so you know I'm excited to see what

1727

01:10:25,850 --> 01:10:23,520

comes from it me too you know I won't

1728

01:10:27,350 --> 01:10:25,860

hold my breath but I'm I'm still happy

1729

01:10:29,630 --> 01:10:27,360

that they're doing it you know you know

1730

01:10:31,610 --> 01:10:29,640

me too and and you know along the lines

1731

01:10:33,890 --> 01:10:31,620

of money you know it's such a it it's

1732

01:10:35,270 --> 01:10:33,900

it's always on people's minds in this

1733

01:10:38,030 --> 01:10:35,280

community and I think one of the things

1734

01:10:40,850 --> 01:10:38,040

is that like it deserves to be said once

1735

01:10:43,610 --> 01:10:40,860

again that like you know people do need

1736

01:10:47,030 --> 01:10:43,620

money to live and like we do live in a

1737

01:10:50,810 --> 01:10:47,040

world where it's like where we as much

1738

01:10:53,149 --> 01:10:50,820

as as so many people within ufology that

1739

01:10:54,709 --> 01:10:53,159

follow ufology are kind of futurists

1740

01:10:56,030 --> 01:10:54,719

where we're all kind of projecting out

1741

01:10:58,250 --> 01:10:56,040

into like what's the world going to be

1742

01:11:01,010 --> 01:10:58,260

like in 10 years 50 years six years and

1743

01:11:03,229 --> 01:11:01,020

people want to like project themselves

1744

01:11:05,390 --> 01:11:03,239

into that Jetson's lifestyle where you

1745

01:11:07,669 --> 01:11:05,400

know you live in Cloud City you know

1746

01:11:09,530 --> 01:11:07,679

food like automatically is made for you

1747

01:11:11,630 --> 01:11:09,540

for free like it is on Star Trek you

1748

01:11:13,729 --> 01:11:11,640

know it's just created out thin air and

1749

01:11:15,350 --> 01:11:13,739

all that other stuff right and like and

1750

01:11:19,010 --> 01:11:15,360

people want that but at the same time

1751

01:11:20,570 --> 01:11:19,020

like we all you know we all have rent or

1752

01:11:23,750 --> 01:11:20,580

bills to pay we all have to go to the

1753

01:11:26,990 --> 01:11:23,760

grocery store we all you know and at

1754

01:11:29,510 --> 01:11:27,000

this and for some reason you know if if

1755

01:11:31,550 --> 01:11:29,520

people in our community aren't allowed

1756

01:11:34,370 --> 01:11:31,560

to make money even from selling a book

1757

01:11:36,350 --> 01:11:34,380

or like putting together an event

1758

01:11:39,110 --> 01:11:36,360

or like or like doing a show or whatever

1759

01:11:42,530 --> 01:11:39,120

like if you can't make any money off of

1760

01:11:44,689 --> 01:11:42,540

doing that then you're intentionally if

1761

01:11:47,590 --> 01:11:44,699

you're kind of like haranguing people

1762

01:11:50,390 --> 01:11:47,600

about that and there's some kind of like

1763

01:11:52,370 --> 01:11:50,400

inbuilt pressure system within this

1764

01:11:55,669 --> 01:11:52,380

community that nobody can make money off

1765

01:11:58,250 --> 01:11:55,679

of it then you're basically feeding an

1766

01:12:01,850 --> 01:11:58,260

exterior system that wants to impoverish

1767

01:12:05,030 --> 01:12:01,860

this community so that it's like this

1768

01:12:07,310 --> 01:12:05,040

work can only be done by like hobbyists

1769

01:12:08,570 --> 01:12:07,320

sure burnouts people that burn

1770

01:12:11,090 --> 01:12:08,580

themselves out because they're doing

1771

01:12:13,370 --> 01:12:11,100

stuff case in point if I made money off

1772

01:12:15,950 --> 01:12:13,380

of this stuff there are other things

1773

01:12:18,050 --> 01:12:15,960

that I would do like I would go to the

1774

01:12:20,890 --> 01:12:18,060

national archives in Washington I would

1775

01:12:24,110 --> 01:12:20,900

go look at the documents in New Mexico

1776

01:12:27,229 --> 01:12:24,120

uh by marlar and I would do way more

1777

01:12:29,689 --> 01:12:27,239

research like that but I don't make any

1778

01:12:30,850 --> 01:12:29,699

money from it so I'm stuck

1779

01:12:34,250 --> 01:12:30,860

yeah

1780

01:12:36,050 --> 01:12:34,260

and I'm okay with that but uh I'm just

1781

01:12:38,030 --> 01:12:36,060

saying case in point like more things

1782

01:12:39,830 --> 01:12:38,040

are possible but we touched on this

1783

01:12:41,930 --> 01:12:39,840

earlier is people like Corey good they

1784

01:12:43,490 --> 01:12:41,940

ruin it for everybody else you know it's

1785

01:12:45,169 --> 01:12:43,500

true but then there just has to be

1786

01:12:47,689 --> 01:12:45,179

discernment where it's like okay like

1787

01:12:49,130 --> 01:12:47,699

nobody is requiring I mean there's so

1788

01:12:52,130 --> 01:12:49,140

many situations where it's like nobody's

1789

01:12:54,350 --> 01:12:52,140

requiring anybody to contribute to any

1790

01:12:56,630 --> 01:12:54,360

one particular person like you know I'm

1791

01:12:58,330 --> 01:12:56,640

I didn't give money to Corey good you

1792

01:13:01,250 --> 01:12:58,340

know what I mean yeah no

1793

01:13:03,530 --> 01:13:01,260

but I you know but I I bought all of

1794

01:13:05,689 --> 01:13:03,540

Leslie's books you know what I mean and

1795

01:13:07,430 --> 01:13:05,699

some of that got back to her you know

1796

01:13:09,050 --> 01:13:07,440

what I mean and like there's people you

1797

01:13:10,490 --> 01:13:09,060

know you vote by contributing to what

1798

01:13:12,350 --> 01:13:10,500

you believe in and like you're not

1799

01:13:13,910 --> 01:13:12,360

forced to do anything else and like I

1800

01:13:16,910 --> 01:13:13,920

just think that like I don't think this

1801
01:13:19,010 --> 01:13:16,920
field you know we can't get to a further

1802
01:13:21,229 --> 01:13:19,020
place because we're looking at people

1803
01:13:22,970 --> 01:13:21,239
that are Venture capitalists like like

1804
01:13:24,709 --> 01:13:22,980
Gary and others and we're like go

1805
01:13:26,810 --> 01:13:24,719
Venture capitalists and then they

1806
01:13:28,610 --> 01:13:26,820
already have millions of dollars and

1807
01:13:30,250 --> 01:13:28,620
then and then people are bitching at us

1808
01:13:33,649 --> 01:13:30,260
about making five dollars

1809
01:13:35,330 --> 01:13:33,659
or ten dollars or twenty dollars and

1810
01:13:36,950 --> 01:13:35,340
it's like by the way I'm surprised to

1811
01:13:39,490 --> 01:13:36,960
see you in the same house after your

1812
01:13:43,669 --> 01:13:39,500
event you know oh I know right yeah yeah

1813
01:13:45,590 --> 01:13:43,679

right yeah yeah management yeah I made I

1814

01:13:47,870 --> 01:13:45,600

made less than minimum wage and I still

1815

01:13:49,910 --> 01:13:47,880

got crap for it it's ridiculous

1816

01:13:52,130 --> 01:13:49,920

but like yeah I don't know what gave you

1817

01:13:53,750 --> 01:13:52,140

crap but that is uh and I said this on

1818

01:13:56,450 --> 01:13:53,760

my last show but that is just completely

1819

01:14:00,290 --> 01:13:56,460

ridiculous I love the way you you do

1820

01:14:03,410 --> 01:14:00,300

your event because it you advertise it

1821

01:14:05,330 --> 01:14:03,420

as what it is we're in inquiry into the

1822

01:14:07,070 --> 01:14:05,340

anomalous you know we're a group of

1823

01:14:08,810 --> 01:14:07,080

like-minded people getting together and

1824

01:14:11,570 --> 01:14:08,820

listening to people talk about it that

1825

01:14:14,450 --> 01:14:11,580

we respect you know and you're charging

1826

01:14:16,510 --> 01:14:14,460

what is basically lunch in New York

1827

01:14:19,310 --> 01:14:16,520

yeah you know

1828

01:14:21,470 --> 01:14:19,320

you know lunch in New York literally is

1829

01:14:23,990 --> 01:14:21,480

like 30 and that's what you're charging

1830

01:14:24,770 --> 01:14:24,000

per person you know like

1831

01:14:26,570 --> 01:14:24,780

um

1832

01:14:28,669 --> 01:14:26,580

so

1833

01:14:30,410 --> 01:14:28,679

that's pretty cool that you're putting

1834

01:14:32,810 --> 01:14:30,420

that together at an affordable Ridge so

1835

01:14:34,550 --> 01:14:32,820

people can come together and and do

1836

01:14:36,709 --> 01:14:34,560

stuff like that you know and I'm sorry

1837

01:14:39,110 --> 01:14:36,719

if that means that you know those people

1838

01:14:42,590 --> 01:14:39,120

might spend less time on your Twitter

1839

01:14:44,209 --> 01:14:42,600

page or whoever the the person is or on

1840

01:14:45,470 --> 01:14:44,219

their YouTube watching their videos and

1841

01:14:47,689 --> 01:14:45,480

actually going to Something in person

1842

01:14:50,149 --> 01:14:47,699

I'm sorry you know but

1843

01:14:53,030 --> 01:14:50,159

um there's people people want to do that

1844

01:14:55,250 --> 01:14:53,040

you know so but I I'm but I'm really

1845

01:14:57,530 --> 01:14:55,260

happy that there is you know I think

1846

01:14:59,149 --> 01:14:57,540

it's great you know nobody's required to

1847

01:15:01,010 --> 01:14:59,159

like come to any of my events or

1848

01:15:02,810 --> 01:15:01,020

nobody's required to Super Chat you or

1849

01:15:05,570 --> 01:15:02,820

become patrons of anybody like there's

1850

01:15:07,070 --> 01:15:05,580

no you know you know people it's like we

1851

01:15:11,149 --> 01:15:07,080

forget we're all adults in the room

1852

01:15:13,550 --> 01:15:11,159

right right yeah yeah exactly it's like

1853

01:15:15,410 --> 01:15:13,560

people are okay with paying you know

1854

01:15:17,810 --> 01:15:15,420

eight dollars for you know a streaming

1855

01:15:19,550 --> 01:15:17,820

service that they don't even use but the

1856

01:15:22,910 --> 01:15:19,560

second you know or whatever you know

1857

01:15:24,530 --> 01:15:22,920

what I mean and and I like I'm okay with

1858

01:15:25,850 --> 01:15:24,540

all of it I just think it's you know

1859

01:15:28,010 --> 01:15:25,860

there's an element where it's just funny

1860

01:15:30,110 --> 01:15:28,020

you know I mean and you just have to say

1861

01:15:31,189 --> 01:15:30,120

like okay like do you do you pitch a fit

1862

01:15:32,689 --> 01:15:31,199

when you're in the line at the grocery

1863

01:15:34,490 --> 01:15:32,699

store is that what you do because that's

1864

01:15:35,750 --> 01:15:34,500

actually necessary to live you know what

1865

01:15:37,970 --> 01:15:35,760

I mean

1866

01:15:39,770 --> 01:15:37,980

like do you you know do you like

1867

01:15:43,610 --> 01:15:39,780

harangue the grocery store manager about

1868

01:15:45,649 --> 01:15:43,620

your frozen pizzas or yeah right

1869

01:15:48,169 --> 01:15:45,659

um the ones made with cheese that are is

1870

01:15:50,510 --> 01:15:48,179

actually fake cheese do you call the the

1871

01:15:52,490 --> 01:15:50,520

pizza company and say you're a grifter

1872

01:15:55,130 --> 01:15:52,500

this is fake cheese it's not really yeah

1873

01:15:57,530 --> 01:15:55,140

and here we are and here we are doing

1874

01:15:59,390 --> 01:15:57,540

our you know doing our show for free as

1875

01:16:02,510 --> 01:15:59,400

we do every week you know what I mean

1876

01:16:04,729 --> 01:16:02,520

and and what those kinds of situations

1877

01:16:06,950 --> 01:16:04,739

those conferences are it's like we can't

1878

01:16:08,930 --> 01:16:06,960

off of no money you can't put people

1879

01:16:11,090 --> 01:16:08,940

like Whitley Streeper and Chris Millen

1880

01:16:12,649 --> 01:16:11,100

and Ralph Blumenthal and Leslie Kane in

1881

01:16:15,229 --> 01:16:12,659

the same room together that costs money

1882

01:16:18,770 --> 01:16:15,239

because people fly from different places

1883

01:16:20,750 --> 01:16:18,780

to go somewhere like it's not a zoom

1884

01:16:23,149 --> 01:16:20,760

room and by the way those people aren't

1885

01:16:26,870 --> 01:16:23,159

getting rich off of this stuff either

1886

01:16:29,270 --> 01:16:26,880

you know absolutely not you know just

1887

01:16:30,649 --> 01:16:29,280

another like misnomer people think if

1888

01:16:35,390 --> 01:16:30,659

you're doing a conference you're getting

1889

01:16:40,490 --> 01:16:37,970

so there are people that will go

1890

01:16:41,990 --> 01:16:40,500

or like they're like I called the I

1891

01:16:43,669 --> 01:16:42,000

called the venue and this is how much

1892

01:16:46,610 --> 01:16:43,679

they charge so this is how much they

1893

01:16:48,649 --> 01:16:46,620

made but you know somebody did that well

1894

01:16:49,790 --> 01:16:48,659

yeah and somebody and like I'm not gonna

1895

01:16:52,070 --> 01:16:49,800

say who it was because I don't want to

1896

01:16:53,990 --> 01:16:52,080

get into it but like I but like you know

1897

01:16:56,689 --> 01:16:54,000

it's a prominent you know skeptical

1898

01:16:59,090 --> 01:16:56,699

troll or it's prominent skeptical person

1899

01:17:01,490 --> 01:16:59,100

in this community and that's fine

1900

01:17:03,229 --> 01:17:01,500

um but it's like okay like follow the

1901

01:17:06,110 --> 01:17:03,239

math keep doing the math they were like

1902

01:17:09,229 --> 01:17:06,120

okay so it costs 7 500 for the theater

1903

01:17:10,490 --> 01:17:09,239

so that means that they made 21 that 21

1904

01:17:12,709 --> 01:17:10,500

000 or something like that I was like

1905

01:17:16,790 --> 01:17:12,719

and then I went back and I was like okay

1906

01:17:18,770 --> 01:17:16,800

add in the flights add in you know the

1907

01:17:21,770 --> 01:17:18,780

hotels which are very expensive in New

1908

01:17:24,890 --> 01:17:21,780

York by the way you know add in food add

1909

01:17:26,510 --> 01:17:24,900

in Insurance add-in Staffing add-in I

1910

01:17:29,390 --> 01:17:26,520

can't believe the room is that expensive

1911

01:17:31,850 --> 01:17:29,400

wow right yeah that's right but you know

1912

01:17:33,890 --> 01:17:31,860

it's Manhattan and so like once you add

1913

01:17:37,130 --> 01:17:33,900

all that in Okay add all that together

1914

01:17:38,689 --> 01:17:37,140

and then divide it by 10. and then see

1915

01:17:40,910 --> 01:17:38,699

how much people are making you know what

1916

01:17:42,590 --> 01:17:40,920

I mean which is like not exactly the way

1917

01:17:44,570 --> 01:17:42,600

that it went down but like it's close to

1918

01:17:47,030 --> 01:17:44,580

the truth and it gives you a relatively

1919

01:17:48,709 --> 01:17:47,040

accurate situation and it's like you

1920

01:17:52,070 --> 01:17:48,719

know nobody was walking out of there

1921

01:17:55,430 --> 01:17:52,080

that's a whole lot of work for the for

1922

01:17:57,950 --> 01:17:55,440

the one the one payoff you know like

1923

01:17:59,570 --> 01:17:57,960

yeah yeah no we did it because we love

1924

01:18:01,370 --> 01:17:59,580

having these like we want to push the

1925

01:18:03,709 --> 01:18:01,380

ball forward we want the community to be

1926

01:18:06,649 --> 01:18:03,719

able to get together and like that and

1927

01:18:08,390 --> 01:18:06,659

it's and it's fun it's fun and it's

1928

01:18:09,709 --> 01:18:08,400

thoughtful and it's like cool to have

1929

01:18:12,169 --> 01:18:09,719

people and there's a lot of positivity

1930

01:18:15,229 --> 01:18:12,179

that's what it's about you know what I

1931

01:18:17,390 --> 01:18:15,239

mean like yeah you know people when you

1932

01:18:19,010 --> 01:18:17,400

look at the actual money like it's you

1933

01:18:21,470 --> 01:18:19,020

know we're talking about hundreds of

1934

01:18:24,070 --> 01:18:21,480

dollars you know what I mean somebody

1935

01:18:27,169 --> 01:18:24,080

flies out for like you know three days

1936

01:18:28,669 --> 01:18:27,179

of their own time like going away from

1937

01:18:31,250 --> 01:18:28,679

their family and they might walk away

1938

01:18:32,930 --> 01:18:31,260

with 500 bucks right like if you think

1939

01:18:34,370 --> 01:18:32,940

that that's a grifter I like I don't

1940

01:18:35,630 --> 01:18:34,380

know what to tell you man I don't know

1941

01:18:39,649 --> 01:18:35,640

what to tell you

1942

01:18:41,750 --> 01:18:39,659

uh it's uh I no like the way I look at

1943

01:18:43,550 --> 01:18:41,760

it is like I said like-minded people

1944

01:18:45,050 --> 01:18:43,560

coming together doing you know talking

1945

01:18:48,410 --> 01:18:45,060

about stuff that interests everybody

1946

01:18:50,330 --> 01:18:48,420

just like any other topic you know

1947

01:18:53,209 --> 01:18:50,340

um the difference I think in ufology and

1948

01:18:55,729 --> 01:18:53,219

this is you know there there is a blurry

1949

01:18:58,790 --> 01:18:55,739

Ethics Line I do think in ufology and

1950

01:19:02,209 --> 01:18:58,800

one you know if you were to call it you

1951

01:19:04,189 --> 01:19:02,219

know uh disclosure event you know or

1952

01:19:06,169 --> 01:19:04,199

something like that or where you were

1953

01:19:07,790 --> 01:19:06,179

promising things to be shown for the

1954

01:19:10,130 --> 01:19:07,800

first time that would blow their mind

1955

01:19:12,290 --> 01:19:10,140

and they have to come to get a piece of

1956

01:19:14,689 --> 01:19:12,300

this disclosure or whatever that's what

1957

01:19:16,390 --> 01:19:14,699

I have a problem with you know because

1958

01:19:18,950 --> 01:19:16,400

then you're taking advantage of people

1959

01:19:21,649 --> 01:19:18,960

you're taking advantage of people that

1960

01:19:24,290 --> 01:19:21,659

want to you know you can know more than

1961

01:19:26,450 --> 01:19:24,300

the other person if you come to this you

1962

01:19:28,729 --> 01:19:26,460

will get some disclosure you know that

1963

01:19:31,850 --> 01:19:28,739

kind of thing like that I have a problem

1964

01:19:33,250 --> 01:19:31,860

with it sure that's exactly not what you

1965

01:19:37,070 --> 01:19:33,260

were doing

1966

01:19:39,229 --> 01:19:37,080

I appreciate that yeah you're like I

1967

01:19:41,810 --> 01:19:39,239

said just and you offer the videos up

1968

01:19:46,790 --> 01:19:41,820

free online afterwards which is uh

1969

01:19:48,950 --> 01:19:46,800

incredible so thanks man yeah I think uh

1970

01:19:50,930 --> 01:19:48,960

I think you know and we've talked about

1971

01:19:53,030 --> 01:19:50,940

this before why do people spend so much

1972

01:19:55,850 --> 01:19:53,040

time around a topic that just irritates

1973

01:19:56,990 --> 01:19:55,860

them so much you know and uh how on how

1974

01:19:58,610 --> 01:19:57,000

unhealthy

1975

01:20:00,649 --> 01:19:58,620

that would be

1976

01:20:02,510 --> 01:20:00,659

um and it it always yeah I always think

1977

01:20:04,790 --> 01:20:02,520

of the the football thing for whatever

1978

01:20:07,310 --> 01:20:04,800

reason like I just imagine I'm watching

1979

01:20:09,229 --> 01:20:07,320

my Green Bay Packers and there's you

1980

01:20:10,910 --> 01:20:09,239

know the announcers that called The Game

1981

01:20:14,030 --> 01:20:10,920

and one of the announcers just

1982

01:20:16,370 --> 01:20:14,040

absolutely hates football right and all

1983

01:20:18,470 --> 01:20:16,380

he does is just talks crap about the

1984

01:20:21,050 --> 01:20:18,480

game the whole time not even like the

1985

01:20:22,910 --> 01:20:21,060

plays or the player or man he's not

1986

01:20:25,850 --> 01:20:22,920

playing good no they just talk crap

1987

01:20:27,950 --> 01:20:25,860

about the actual sport right yeah you

1988

01:20:29,990 --> 01:20:27,960

see that bombed by Aaron Rodgers I know

1989

01:20:32,270 --> 01:20:30,000

I didn't I hate this game this they're

1990

01:20:34,910 --> 01:20:32,280

like stupid people just hitting on each

1991

01:20:36,310 --> 01:20:34,920

other they all get paid money

1992

01:20:38,930 --> 01:20:36,320

yeah

1993

01:20:41,450 --> 01:20:38,940

right like how popular would that person

1994

01:20:43,130 --> 01:20:41,460

be and like how like well adjusted would

1995

01:20:45,770 --> 01:20:43,140

that person be I don't know you know

1996

01:20:47,570 --> 01:20:45,780

yeah it's it's not yeah you're

1997

01:20:50,270 --> 01:20:47,580

absolutely right it's not it's not the

1998

01:20:52,370 --> 01:20:50,280

healthiest way to go the flip side is

1999

01:20:54,649 --> 01:20:52,380

like when you there's an audience for

2000

01:20:56,810 --> 01:20:54,659

that too like other people are kind of

2001

01:21:00,470 --> 01:20:56,820

uh feed off of the negativity and love

2002

01:21:02,030 --> 01:21:00,480

to be negative too you know and so when

2003

01:21:04,970 --> 01:21:02,040

they're posting the negative things

2004

01:21:07,010 --> 01:21:04,980

other people back them up and and like

2005

01:21:08,810 --> 01:21:07,020

their tweets or whatever and say yeah

2006

01:21:10,370 --> 01:21:08,820

yeah you're right you know whatever and

2007

01:21:12,890 --> 01:21:10,380

that makes them feel good about

2008

01:21:15,229 --> 01:21:12,900

themselves like they're saving the world

2009

01:21:17,570 --> 01:21:15,239

or they're getting that little serotonin

2010

01:21:20,510 --> 01:21:17,580

hit every time they get the likes on

2011

01:21:22,370 --> 01:21:20,520

that tweet you know like so it's you

2012

01:21:24,169 --> 01:21:22,380

know it's the same social media game

2013

01:21:27,229 --> 01:21:24,179

where you're posting stuff people like

2014

01:21:29,630 --> 01:21:27,239

it you feel good you know it's just the

2015

01:21:31,669 --> 01:21:29,640

message is quite negative

2016

01:21:33,470 --> 01:21:31,679

um to get that serotonin hit you know

2017

01:21:37,070 --> 01:21:33,480

and that's unfortunate

2018

01:21:40,550 --> 01:21:37,080

so you know you should be able to do

2019

01:21:42,229 --> 01:21:40,560

you know something positive to I agree

2020

01:21:44,750 --> 01:21:42,239

at least like I wouldn't do something

2021

01:21:46,970 --> 01:21:44,760

negative or against somebody else just

2022

01:21:48,590 --> 01:21:46,980

to get my serotonin you know wouldn't be

2023

01:21:56,209 --> 01:21:48,600

at that point it'll be like I'll just be

2024

01:22:01,070 --> 01:21:58,370

I'm not playing that game you know yeah

2025

01:22:02,810 --> 01:22:01,080

yeah I've done it before where uh you

2026

01:22:05,030 --> 01:22:02,820

know I would talk back to somebody on

2027

01:22:07,610 --> 01:22:05,040

Twitter or whatever and you know say

2028

01:22:08,810 --> 01:22:07,620

something that wasn't the super nice you

2029

01:22:09,350 --> 01:22:08,820

know

2030

01:22:11,209 --> 01:22:09,360

um

2031

01:22:13,669 --> 01:22:11,219

and I felt

2032

01:22:15,950 --> 01:22:13,679

I just didn't like the way like I felt

2033

01:22:17,990 --> 01:22:15,960

about it even though like in so many

2034

01:22:19,610 --> 01:22:18,000

people's minds you know the person would

2035

01:22:22,010 --> 01:22:19,620

deserve it or you're well within your

2036

01:22:23,810 --> 01:22:22,020

right and other people would you know

2037

01:22:25,130 --> 01:22:23,820

back me up and go yeah you're right or

2038

01:22:28,010 --> 01:22:25,140

whatever still at the end of the day

2039

01:22:30,050 --> 01:22:28,020

like it's like I don't need to

2040

01:22:32,270 --> 01:22:30,060

I don't need to do that stuff like I

2041

01:22:34,010 --> 01:22:32,280

just need to find people like me and

2042

01:22:35,510 --> 01:22:34,020

stick with that group I can block her

2043

01:22:37,910 --> 01:22:35,520

mute those people because I don't want

2044

01:22:40,610 --> 01:22:37,920

my life to be filled with negativity

2045

01:22:42,169 --> 01:22:40,620

like that it's too short

2046

01:22:45,229 --> 01:22:42,179

um to to give yourself more

2047

01:22:46,970 --> 01:22:45,239

opportunities to feel bad you know I

2048

01:22:48,410 --> 01:22:46,980

agree I think that's probably you know

2049

01:22:50,750 --> 01:22:48,420

I'm sure a lot of people in the chat

2050

01:22:52,610 --> 01:22:50,760

feel the same way I do too that like you

2051
01:22:54,649 --> 01:22:52,620
know any time that I've been you know

2052
01:22:56,870 --> 01:22:54,659
gotten back at somebody online in the

2053
01:22:58,430 --> 01:22:56,880
past or something like that I you know

2054
01:23:01,850 --> 01:22:58,440
within

2055
01:23:03,229 --> 01:23:01,860
five years because you know when I was

2056
01:23:04,790 --> 01:23:03,239
young and

2057
01:23:06,770 --> 01:23:04,800
when I was a lot younger I was probably

2058
01:23:08,630 --> 01:23:06,780
like yeah I really gave it to him but

2059
01:23:10,910 --> 01:23:08,640
you know as I've gotten older it's like

2060
01:23:12,950 --> 01:23:10,920
I regret it every single time you know

2061
01:23:16,189 --> 01:23:12,960
what I mean even sure it's either just

2062
01:23:18,350 --> 01:23:16,199
just because of like how what your what

2063
01:23:20,030 --> 01:23:18,360

impulses you're giving into and I just

2064

01:23:21,770 --> 01:23:20,040

think you know it's like as you're

2065

01:23:24,169 --> 01:23:21,780

saying it's like you just people need to

2066

01:23:25,850 --> 01:23:24,179

focus on what they love right and it's

2067

01:23:27,229 --> 01:23:25,860

like and if they don't love this topic

2068

01:23:29,810 --> 01:23:27,239

hopefully they can find something else

2069

01:23:33,350 --> 01:23:29,820

they love whether it's flowers or or

2070

01:23:35,930 --> 01:23:33,360

reading sci-fi or you know reading like

2071

01:23:38,330 --> 01:23:35,940

historical fiction or you know something

2072

01:23:40,490 --> 01:23:38,340

or like you know Sports maybe they love

2073

01:23:41,689 --> 01:23:40,500

football I don't know cooking there's so

2074

01:23:44,330 --> 01:23:41,699

many things you can do in this world

2075

01:23:46,669 --> 01:23:44,340

that don't involve you know these big

2076

01:23:49,070 --> 01:23:46,679

mysterious topics that have that

2077

01:23:50,810 --> 01:23:49,080

sometimes have a tendency to to get

2078

01:23:53,209 --> 01:23:50,820

people frustrated or give people ahead

2079

01:23:54,950 --> 01:23:53,219

totally right totally and then other

2080

01:23:56,990 --> 01:23:54,960

people are jazzed by those big questions

2081

01:23:58,610 --> 01:23:57,000

you know like people are continually

2082

01:24:01,010 --> 01:23:58,620

jazzed or sometimes people need a break

2083

01:24:03,830 --> 01:24:01,020

and all those things are okay it's just

2084

01:24:06,050 --> 01:24:03,840

like people I think you know as we say

2085

01:24:08,750 --> 01:24:06,060

off and it's just like it's important to

2086

01:24:11,209 --> 01:24:08,760

not conflate the other people in the

2087

01:24:14,810 --> 01:24:11,219

field for the big questions that you're

2088

01:24:15,590 --> 01:24:14,820

angry at right yeah it's not it's not my

2089

01:24:20,689 --> 01:24:15,600

fault

2090

01:24:22,310 --> 01:24:20,699

don't have the answers you know that we

2091

01:24:23,630 --> 01:24:22,320

don't have all the answers we're just

2092

01:24:25,130 --> 01:24:23,640

you know we're just exploring the

2093

01:24:27,709 --> 01:24:25,140

questions the best we can along with

2094

01:24:31,370 --> 01:24:27,719

everybody else and trying to and you see

2095

01:24:34,310 --> 01:24:31,380

that a lot with the like Lou and other

2096

01:24:38,149 --> 01:24:34,320

people these days you know because Lou

2097

01:24:41,390 --> 01:24:38,159

wasn't able to provide the proof of a

2098

01:24:44,030 --> 01:24:41,400

non-human entity presence on Earth that

2099

01:24:45,950 --> 01:24:44,040

they were hoping for you know right then

2100

01:24:48,110 --> 01:24:45,960

they feel blackballed they're screwed by

2101
01:24:50,510 --> 01:24:48,120
the guy who won you know to begin with

2102
01:24:52,790 --> 01:24:50,520
his his whole

2103
01:24:54,290 --> 01:24:52,800
um objective really was to get this in

2104
01:24:57,110 --> 01:24:54,300
Congress to where it should be the whole

2105
01:25:00,350 --> 01:24:57,120
time you would say I want this to happen

2106
01:25:02,870 --> 01:25:00,360
how it's supposed to happen you know I'm

2107
01:25:04,790 --> 01:25:02,880
not and talking about like breaking an

2108
01:25:07,070 --> 01:25:04,800
NDA or whatever I'm not just gonna go

2109
01:25:09,169 --> 01:25:07,080
break an NDA like if I break a promise

2110
01:25:11,750 --> 01:25:09,179
here who knows I could break promise

2111
01:25:14,570 --> 01:25:11,760
there like a promise is a promise and I

2112
01:25:16,850 --> 01:25:14,580
can't do that I'm doing this to make

2113
01:25:19,610 --> 01:25:16,860

sure that the process goes the way it's

2114

01:25:22,490 --> 01:25:19,620

supposed to which means that the subject

2115

01:25:25,310 --> 01:25:22,500

it's put in Congress legislation is made

2116

01:25:27,890 --> 01:25:25,320

so things happen the correct way and

2117

01:25:29,870 --> 01:25:27,900

that's what he successfully did I mean

2118

01:25:32,330 --> 01:25:29,880

the ndaa has yet to be officially

2119

01:25:35,270 --> 01:25:32,340

confirmed but it probably will be and

2120

01:25:37,189 --> 01:25:35,280

that's what he did and now people are

2121

01:25:39,410 --> 01:25:37,199

surprised that he's gone why would he

2122

01:25:41,510 --> 01:25:39,420

still be here he did his job

2123

01:25:44,390 --> 01:25:41,520

you know you don't you don't continue

2124

01:25:48,050 --> 01:25:44,400

doing your job after you punch out you

2125

01:25:49,390 --> 01:25:48,060

know like you did the thing and now

2126

01:25:52,250 --> 01:25:49,400

you're done

2127

01:25:55,490 --> 01:25:52,260

well absolutely and the other thing is

2128

01:25:56,870 --> 01:25:55,500

like he pointedly like Lou I mean you

2129

01:25:58,669 --> 01:25:56,880

know lose his own guy and Lou doesn't

2130

01:26:00,229 --> 01:25:58,679

need all of us to kind of defend him

2131

01:26:03,229 --> 01:26:00,239

constantly and some people it's like

2132

01:26:05,390 --> 01:26:03,239

bait to do that but like he also you

2133

01:26:08,689 --> 01:26:05,400

know he pointedly did a whole bunch of

2134

01:26:11,390 --> 01:26:08,699

podcasts in including you know he was

2135

01:26:13,610 --> 01:26:11,400

with us you know in February and it was

2136

01:26:16,430 --> 01:26:13,620

great it was a great conversation and

2137

01:26:17,930 --> 01:26:16,440

and then he said like okay I'm out I

2138

01:26:20,149 --> 01:26:17,940

gotta go write my book

2139

01:26:22,310 --> 01:26:20,159

right that's essentially what he said

2140

01:26:25,669 --> 01:26:22,320

and it's like he's been gone writing a

2141

01:26:27,169 --> 01:26:25,679

book and like he's not Stephen King you

2142

01:26:29,750 --> 01:26:27,179

know what I mean Stephen King can kick

2143

01:26:31,310 --> 01:26:29,760

out like two books in a year I don't I

2144

01:26:32,750 --> 01:26:31,320

don't know that Lou Elizondo has ever

2145

01:26:34,250 --> 01:26:32,760

written a book before in his life if he

2146

01:26:36,590 --> 01:26:34,260

has it hasn't been published I don't

2147

01:26:38,390 --> 01:26:36,600

think so like you know what I mean so

2148

01:26:41,270 --> 01:26:38,400

like these things take time you know

2149

01:26:43,370 --> 01:26:41,280

what I mean people take years to write

2150

01:26:45,890 --> 01:26:43,380

their first book sometimes people take

2151
01:26:49,090 --> 01:26:45,900
years to write their 12th book and it's

2152
01:26:51,709 --> 01:26:49,100
like you've and people forget that like

2153
01:26:53,689 --> 01:26:51,719
that that situations like that happen

2154
01:26:56,270 --> 01:26:53,699
and he was like super clear about what

2155
01:26:58,610 --> 01:26:56,280
he was doing I don't like I don't when

2156
01:27:02,450 --> 01:26:58,620
people are like where is he as if as if

2157
01:27:04,629 --> 01:27:02,460
he as if like he owes us anything you

2158
01:27:07,610 --> 01:27:04,639
know what I mean

2159
01:27:10,669 --> 01:27:07,620
he's stepping you resigned from his job

2160
01:27:13,310 --> 01:27:10,679
stepped into the public Limelight did a

2161
01:27:15,649 --> 01:27:13,320
thousand podcasts talking about UFOs

2162
01:27:18,169 --> 01:27:15,659
again a risk when you have a great

2163
01:27:20,330 --> 01:27:18,179

career already established yeah got this

2164

01:27:22,669 --> 01:27:20,340

into Congress legislation's about to be

2165

01:27:25,610 --> 01:27:22,679

passed he disappeared and it's all his

2166

01:27:28,129 --> 01:27:25,620

fault well yeah and like here we are the

2167

01:27:30,169 --> 01:27:28,139

week of the five-year anniversary of a

2168

01:27:32,090 --> 01:27:30,179

Helene Cooper Leslie Kane and Ralph

2169

01:27:34,550 --> 01:27:32,100

blumenthal's initial front page article

2170

01:27:36,830 --> 01:27:34,560

exposing the atip program and those now

2171

01:27:38,750 --> 01:27:36,840

world famous videos and you know that's

2172

01:27:40,610 --> 01:27:38,760

arguably been the chapter that we've

2173

01:27:42,950 --> 01:27:40,620

been in for the last five years is like

2174

01:27:45,890 --> 01:27:42,960

we've been living in a post you know

2175

01:27:47,629 --> 01:27:45,900

December 2017 world right you know you

2176

01:27:49,550 --> 01:27:47,639

can really look at the field as like

2177

01:27:52,669 --> 01:27:49,560

before that happened and then after that

2178

01:27:55,250 --> 01:27:52,679

happened and like and Luke contributed

2179

01:27:57,290 --> 01:27:55,260

like a huge amount to that article right

2180

01:28:00,229 --> 01:27:57,300

right and Leslie was just talking about

2181

01:28:03,590 --> 01:28:00,239

it and Ralph was too like a week and a

2182

01:28:06,410 --> 01:28:03,600

half ago and like and Chris Millman you

2183

01:28:08,810 --> 01:28:06,420

know was the guy that you know I mean as

2184

01:28:10,669 --> 01:28:08,820

they said you know he contributed

2185

01:28:13,510 --> 01:28:10,679

strongly to those videos getting leaked

2186

01:28:16,189 --> 01:28:13,520

right sure and and it's like

2187

01:28:19,610 --> 01:28:16,199

I don't know like how many things could

2188

01:28:21,530 --> 01:28:19,620

you possibly do and it's like it's it's

2189

01:28:23,750 --> 01:28:21,540

difficult because there are so many

2190

01:28:25,250 --> 01:28:23,760

situations where we find people in

2191

01:28:28,550 --> 01:28:25,260

recent history or in long-form history

2192

01:28:31,910 --> 01:28:28,560

and it's like they did one thing on one

2193

01:28:34,550 --> 01:28:31,920

day whether it's like at Waterloo or

2194

01:28:37,370 --> 01:28:34,560

D-Day or whatever the heck you know what

2195

01:28:39,229 --> 01:28:37,380

I mean they performed one big action and

2196

01:28:41,390 --> 01:28:39,239

we know about them for the right you

2197

01:28:43,129 --> 01:28:41,400

know like right like at least a good

2198

01:28:45,350 --> 01:28:43,139

Century later or something like that

2199

01:28:47,209 --> 01:28:45,360

right yeah and then we live in this and

2200

01:28:49,010 --> 01:28:47,219

because we live in like as you are

2201
01:28:50,629 --> 01:28:49,020
putting it the situation where we have

2202
01:28:53,930 --> 01:28:50,639
to have like our dopamine hits or our

2203
01:28:56,030 --> 01:28:53,940
serotonin hits or whatever like we need

2204
01:28:58,430 --> 01:28:56,040
these heroic these people that some

2205
01:29:01,610 --> 01:28:58,440
people think of as Heroes to be doing

2206
01:29:02,990 --> 01:29:01,620
something heroic every freaking week as

2207
01:29:04,610 --> 01:29:03,000
if it's like they're tuning you're

2208
01:29:07,550 --> 01:29:04,620
tuning into the Adventures of Superman

2209
01:29:10,490 --> 01:29:07,560
or something like it's a TV show like

2210
01:29:12,050 --> 01:29:10,500
it's real life exactly the people that

2211
01:29:14,270 --> 01:29:12,060
have kids people that have families

2212
01:29:17,570 --> 01:29:14,280
people that are retired people that are

2213
01:29:20,030 --> 01:29:17,580

literally retired and they make this one

2214

01:29:22,129 --> 01:29:20,040

like maybe they'll make a little mistake

2215

01:29:25,610 --> 01:29:22,139

or they'll get a detail wrong and then

2216

01:29:27,590 --> 01:29:25,620

it's all over yeah oh you're done screw

2217

01:29:30,649 --> 01:29:27,600

that yeah he made it he made a typo on

2218

01:29:34,910 --> 01:29:30,659

page 18. I saw it he made it yeah you

2219

01:29:42,610 --> 01:29:39,890

right re you know right and uh yeah yeah

2220

01:29:45,770 --> 01:29:42,620

but like I and so which is just

2221

01:29:47,629 --> 01:29:45,780

ridiculous by the way it's like if uh

2222

01:29:50,629 --> 01:29:47,639

you're seeing the Flying Saucer right

2223

01:29:52,430 --> 01:29:50,639

then and maybe uh President Biden comes

2224

01:29:55,070 --> 01:29:52,440

out goes here's the flag saucer right

2225

01:29:56,930 --> 01:29:55,080

and it's uh a diesel engine right yeah

2226

01:29:59,270 --> 01:29:56,940

and then a couple months go by and

2227

01:30:01,850 --> 01:29:59,280

people wind up finding out it's not a

2228

01:30:03,830 --> 01:30:01,860

diesel engine it actually takes unleaded

2229

01:30:06,050 --> 01:30:03,840

so the whole thing just throw it down

2230

01:30:08,810 --> 01:30:06,060

the garbage because he lied to me about

2231

01:30:13,070 --> 01:30:08,820

what kind of engine the Flying Saucer is

2232

01:30:15,470 --> 01:30:13,080

so forget it you're a grifter yeah and

2233

01:30:18,110 --> 01:30:15,480

also you know there's also the aspect

2234

01:30:19,490 --> 01:30:18,120

where where as Gary patiently tells

2235

01:30:21,830 --> 01:30:19,500

people all the time people are like well

2236

01:30:23,629 --> 01:30:21,840

where's where's the material you know

2237

01:30:24,530 --> 01:30:23,639

where's the material analysis that you

2238

01:30:26,030 --> 01:30:24,540

said you were going to do a couple

2239

01:30:27,890 --> 01:30:26,040

months yeah it's like and then he

2240

01:30:29,510 --> 01:30:27,900

patiently explains to people this stuff

2241

01:30:31,370 --> 01:30:29,520

takes years you know this stuff takes

2242

01:30:32,990 --> 01:30:31,380

months this stuff takes years you know

2243

01:30:36,350 --> 01:30:33,000

what I mean for you to like you gotta

2244

01:30:38,510 --> 01:30:36,360

you gotta but I want episodes two but

2245

01:30:41,570 --> 01:30:38,520

I'm on episode two right and it's like

2246

01:30:43,070 --> 01:30:41,580

and some of these people you know and

2247

01:30:44,450 --> 01:30:43,080

then there are Untold people that are

2248

01:30:46,790 --> 01:30:44,460

doing things behind the scenes that will

2249

01:30:49,129 --> 01:30:46,800

never know their names and or most

2250

01:30:51,229 --> 01:30:49,139

people won't know their names and like

2251
01:30:53,689 --> 01:30:51,239
some of these people are hyper brilliant

2252
01:30:56,330 --> 01:30:53,699
and they're super strategic and the

2253
01:30:59,209 --> 01:30:56,340
thing is is that you know often you know

2254
01:31:01,189 --> 01:30:59,219
people like you or I or James or or

2255
01:31:03,110 --> 01:31:01,199
Vinnie or you know so many other people

2256
01:31:04,310 --> 01:31:03,120
would be like or Chris sharp will be

2257
01:31:05,750 --> 01:31:04,320
like oh I heard about something that's

2258
01:31:08,149 --> 01:31:05,760
going to be happening next year can't

2259
01:31:09,590 --> 01:31:08,159
talk about it yet but I like I really

2260
01:31:12,110 --> 01:31:09,600
think it's gonna be awesome and then we

2261
01:31:15,229 --> 01:31:12,120
gradually learn to like not say anything

2262
01:31:17,149 --> 01:31:15,239
like that because you get you get a

2263
01:31:19,250 --> 01:31:17,159

hundred people on your Twitter that are

2264

01:31:21,950 --> 01:31:19,260

like you have to tell me about it now

2265

01:31:23,510 --> 01:31:21,960

and the things look like followers you

2266

01:31:25,490 --> 01:31:23,520

want more fun and the thing is is like

2267

01:31:28,629 --> 01:31:25,500

no I'm genuinely excited like I love

2268

01:31:31,129 --> 01:31:28,639

this stuff and and at the same time like

2269

01:31:32,810 --> 01:31:31,139

there are many situations in this

2270

01:31:34,790 --> 01:31:32,820

community where we do know about

2271

01:31:37,129 --> 01:31:34,800

somebody's plans for next year or the

2272

01:31:38,990 --> 01:31:37,139

next six months and if we talk about

2273

01:31:40,790 --> 01:31:39,000

them they'll they blowed it's like it's

2274

01:31:42,709 --> 01:31:40,800

like again back to the football analogy

2275

01:31:44,270 --> 01:31:42,719

it's like oh man there's going to be a

2276

01:31:45,649 --> 01:31:44,280

big play on Sunday tell me about the

2277

01:31:47,870 --> 01:31:45,659

play on Sunday tell me about the play

2278

01:31:49,790 --> 01:31:47,880

that Tom Brady's planning on Sunday you

2279

01:31:52,370 --> 01:31:49,800

know what I mean you can't tell you you

2280

01:31:53,930 --> 01:31:52,380

can't tell you can't say what Tom

2281

01:31:56,570 --> 01:31:53,940

Brady's play is going to be next Sunday

2282

01:31:58,370 --> 01:31:56,580

or else I'll get sacked he'll get sacked

2283

01:32:01,010 --> 01:31:58,380

over and over again yeah that's a good

2284

01:32:02,930 --> 01:32:01,020

point like yeah but and that kind of

2285

01:32:05,570 --> 01:32:02,940

makes me think of like the whole Jeremy

2286

01:32:08,209 --> 01:32:05,580

Corbell thing and the whole uh like a

2287

01:32:10,669 --> 01:32:08,219

lot of people were like uh upset about

2288

01:32:12,890 --> 01:32:10,679

the hype you know building hype but now

2289

01:32:16,550 --> 01:32:12,900

you look back on it right and

2290

01:32:18,410 --> 01:32:16,560

and you think about that time when he

2291

01:32:20,390 --> 01:32:18,420

came out with those videos whatever the

2292

01:32:22,189 --> 01:32:20,400

videos will end up being you know or

2293

01:32:25,010 --> 01:32:22,199

whatever it is there's definitely a

2294

01:32:26,629 --> 01:32:25,020

story there we know that definitely a

2295

01:32:28,070 --> 01:32:26,639

good story

2296

01:32:31,610 --> 01:32:28,080

um

2297

01:32:34,310 --> 01:32:31,620

going to come out with it or whatever

2298

01:32:37,490 --> 01:32:34,320

and then all this time passes right and

2299

01:32:40,450 --> 01:32:37,500

he can't do anything why because it's

2300

01:32:44,450 --> 01:32:40,460

extremely hard to get that information

2301

01:32:47,030 --> 01:32:44,460

you're not just handed classified slides

2302

01:32:48,709 --> 01:32:47,040

every day and you can just decide you

2303

01:32:50,870 --> 01:32:48,719

know when you don't feel lazy one day

2304

01:32:52,610 --> 01:32:50,880

you'll release something you know you're

2305

01:32:55,790 --> 01:32:52,620

not just getting this all the time it

2306

01:32:59,090 --> 01:32:55,800

takes hard work you know to get stuff

2307

01:33:01,189 --> 01:32:59,100

like that so if you release it excuse me

2308

01:33:03,590 --> 01:33:01,199

if I want to make a big deal about it

2309

01:33:04,780 --> 01:33:03,600

because well it's a big deal because uh

2310

01:33:07,330 --> 01:33:04,790

it never happens

2311

01:33:11,209 --> 01:33:07,340

[Laughter]

2312

01:33:12,950 --> 01:33:11,219

yeah you know it's not absolutely yeah

2313

01:33:15,530 --> 01:33:12,960

it's not like you're just got this

2314

01:33:17,689 --> 01:33:15,540

funnel of uh jaywicks you know you got

2315

01:33:19,430 --> 01:33:17,699

your jwix login you're like I think I'll

2316

01:33:21,770 --> 01:33:19,440

release something today let me see what

2317

01:33:24,830 --> 01:33:21,780

we got I'll just risk my neck you know

2318

01:33:27,169 --> 01:33:24,840

yeah you know what like I you know I

2319

01:33:29,450 --> 01:33:27,179

don't like my wife and kids anyway yeah

2320

01:33:32,570 --> 01:33:29,460

I like who cares about my nice safe

2321

01:33:34,189 --> 01:33:32,580

house and my and my in my pension and

2322

01:33:37,550 --> 01:33:34,199

now there's like nothing there's no

2323

01:33:38,870 --> 01:33:37,560

videos no nothing like and you know I

2324

01:33:40,910 --> 01:33:38,880

hope those people that complained about

2325

01:33:42,950 --> 01:33:40,920

the hype maybe take a second and maybe

2326
01:33:46,250 --> 01:33:42,960
rethink that because now I bet you wish

2327
01:33:48,410 --> 01:33:46,260
that there was something at least some

2328
01:33:50,810 --> 01:33:48,420
sort of video or something that you can

2329
01:33:54,110 --> 01:33:50,820
look at you know yeah and if you got to

2330
01:33:57,890 --> 01:33:54,120
take the high noon release with it well

2331
01:33:59,930 --> 01:33:57,900
so be it man you know deal with it it's

2332
01:34:02,810 --> 01:33:59,940
your fault for getting overexcited and

2333
01:34:05,149 --> 01:34:02,820
being let down it's not his fault you

2334
01:34:07,189 --> 01:34:05,159
know because yeah it was tough to get

2335
01:34:08,870 --> 01:34:07,199
that stuff but you didn't have to think

2336
01:34:11,209 --> 01:34:08,880
that it was going to be some obvious

2337
01:34:13,430 --> 01:34:11,219
Flying Saucer with an alien head poking

2338
01:34:15,470 --> 01:34:13,440

out like you or secretly hoping was

2339

01:34:18,950 --> 01:34:15,480

going to happen but didn't yeah right

2340

01:34:21,110 --> 01:34:18,960

yeah and we all we all hope for more and

2341

01:34:23,209 --> 01:34:21,120

and we will get more and it's just I

2342

01:34:25,250 --> 01:34:23,219

mean like it's hard to say to other

2343

01:34:26,930 --> 01:34:25,260

people and because I'm in the same boat

2344

01:34:28,370 --> 01:34:26,940

we're all you and I are both in the same

2345

01:34:29,990 --> 01:34:28,380

boat I mean clearly we been talking

2346

01:34:33,110 --> 01:34:30,000

about it for over an hour now it's like

2347

01:34:35,330 --> 01:34:33,120

it takes a lot of patience and you know

2348

01:34:38,030 --> 01:34:35,340

but like we do have we do find progress

2349

01:34:40,550 --> 01:34:38,040

and like I do think you know I said it

2350

01:34:42,649 --> 01:34:40,560

the other day and like I knew that it

2351
01:34:45,229 --> 01:34:42,659
was maybe not the best thing to say but

2352
01:34:47,209 --> 01:34:45,239
I said it anyway I was like I do think

2353
01:34:49,970 --> 01:34:47,219
it's the five year anniversary of

2354
01:34:52,129 --> 01:34:49,980
December 2017 the that New York Times

2355
01:34:54,709 --> 01:34:52,139
article and I do think that next year is

2356
01:34:57,290 --> 01:34:54,719
going to be the biggest the biggest you

2357
01:35:01,010 --> 01:34:57,300
know foot forward since then wait wait

2358
01:35:03,950 --> 01:35:01,020
wait how do you know that tell me I won

2359
01:35:05,330 --> 01:35:03,960
episode two no right well I mean like

2360
01:35:08,090 --> 01:35:05,340
we're just you know you're just gonna

2361
01:35:09,950 --> 01:35:08,100
have to wait until you know the you know

2362
01:35:11,629 --> 01:35:09,960
and so we're after the uh the season

2363
01:35:14,750 --> 01:35:11,639

break here at the end of December but

2364

01:35:17,030 --> 01:35:14,760

like I think you know from what I've

2365

01:35:18,770 --> 01:35:17,040

I've seen and talked to people and I

2366

01:35:20,330 --> 01:35:18,780

think the same is true for you and I

2367

01:35:22,790 --> 01:35:20,340

know other people that we talk to

2368

01:35:25,129 --> 01:35:22,800

relatively often there are a lot of

2369

01:35:27,410 --> 01:35:25,139

people there are a lot of different

2370

01:35:30,410 --> 01:35:27,420

people that behind the scenes I've been

2371

01:35:32,990 --> 01:35:30,420

working on their own like Rube Goldberg

2372

01:35:34,970 --> 01:35:33,000

like better mouse traps that are

2373

01:35:36,830 --> 01:35:34,980

figuring out their own way to kind of

2374

01:35:39,590 --> 01:35:36,840

like spring things forward next year and

2375

01:35:41,629 --> 01:35:39,600

if any if any one or two of them

2376

01:35:43,310 --> 01:35:41,639

actually work out we're going to be

2377

01:35:46,310 --> 01:35:43,320

having a different conversation this

2378

01:35:48,050 --> 01:35:46,320

time next year and there's just and

2379

01:35:50,810 --> 01:35:48,060

there are many many of those kind of

2380

01:35:52,430 --> 01:35:50,820

operations in play and so like you know

2381

01:35:53,810 --> 01:35:52,440

why don't you want us to why can't you

2382

01:35:55,250 --> 01:35:53,820

say anymore because I don't want Tom

2383

01:35:57,709 --> 01:35:55,260

Brady to get sacked I don't even like

2384

01:35:59,629 --> 01:35:57,719

Tom Brady it's an analogy but we're

2385

01:36:01,790 --> 01:35:59,639

talking like I don't not like Tom Brady

2386

01:36:03,950 --> 01:36:01,800

I just don't watch much football but Tom

2387

01:36:06,290 --> 01:36:03,960

Brady is a part of the Galileo project

2388

01:36:08,689 --> 01:36:06,300

no yes that's exactly what I'm saying

2389

01:36:10,490 --> 01:36:08,699

let's start that rumor okay so we we

2390

01:36:12,669 --> 01:36:10,500

don't want to get the Star Quarterback

2391

01:36:14,629 --> 01:36:12,679

sacked we don't want to get the 12

2392

01:36:16,850 --> 01:36:14,639

quarterbacks sack that we're talking

2393

01:36:19,129 --> 01:36:16,860

about here right it reminds me of

2394

01:36:21,470 --> 01:36:19,139

bowling like I bowl on Tuesdays uh with

2395

01:36:23,030 --> 01:36:21,480

my dad I took off yesterday because my

2396

01:36:25,729 --> 01:36:23,040

wife was off and we haven't seen each

2397

01:36:27,410 --> 01:36:25,739

other in a while so whatever so my dad's

2398

01:36:30,050 --> 01:36:27,420

watching I'm sorry about that thank you

2399

01:36:33,950 --> 01:36:30,060

but uh it reminds me of bowling and when

2400

01:36:36,890 --> 01:36:33,960

somebody is bowling and they get uh you

2401

01:36:39,530 --> 01:36:36,900

know like nine strikes in a row right

2402

01:36:41,390 --> 01:36:39,540

and they're about to get like a 300 and

2403

01:36:43,490 --> 01:36:41,400

which is a perfect game well all strikes

2404

01:36:46,790 --> 01:36:43,500

all game which is really tough like

2405

01:36:48,350 --> 01:36:46,800

people make a point the whole 100 people

2406

01:36:50,830 --> 01:36:48,360

that are bowling in league night or

2407

01:36:54,169 --> 01:36:50,840

whatever nobody says anything

2408

01:36:57,110 --> 01:36:54,179

about it like yeah you got a perfect

2409

01:36:58,910 --> 01:36:57,120

game going or I hope you get the next

2410

01:37:01,310 --> 01:36:58,920

one or whatever nobody says anything

2411

01:37:02,870 --> 01:37:01,320

because right you know when it jinx

2412

01:37:04,910 --> 01:37:02,880

anything you don't want to screw it up

2413

01:37:06,890 --> 01:37:04,920

you know the second you say that then

2414

01:37:09,350 --> 01:37:06,900

the person starts freaking out and goes

2415

01:37:11,930 --> 01:37:09,360

oh my God I am going to get a 300 I've

2416

01:37:15,290 --> 01:37:11,940

never done this before yeah and then

2417

01:37:17,330 --> 01:37:15,300

they throw in the gutter yeah right same

2418

01:37:20,510 --> 01:37:17,340

with the perfect game in baseball yeah

2419

01:37:22,189 --> 01:37:20,520

100 yeah you just gotta yeah yeah

2420

01:37:24,169 --> 01:37:22,199

sometimes you gotta just you know zip

2421

01:37:26,090 --> 01:37:24,179

your lip and and like hope that the

2422

01:37:27,350 --> 01:37:26,100

perfect game happens yeah and if

2423

01:37:28,610 --> 01:37:27,360

somebody's telling you something what

2424

01:37:30,709 --> 01:37:28,620

are you you're gonna go tell the

2425

01:37:32,149 --> 01:37:30,719

internet right away like how many more

2426

01:37:35,629 --> 01:37:32,159

things you think you're gonna be told

2427

01:37:37,370 --> 01:37:35,639

you know yeah that this man like yeah

2428

01:37:38,689 --> 01:37:37,380

how many how many guests do you think we

2429

01:37:40,250 --> 01:37:38,699

could get on the show or how many

2430

01:37:42,290 --> 01:37:40,260

conferences could I arrange in the

2431

01:37:43,729 --> 01:37:42,300

future if like I just turned around and

2432

01:37:46,310 --> 01:37:43,739

blabbed everything that I knew all the

2433

01:37:47,990 --> 01:37:46,320

time you can't do it man like it's this

2434

01:37:50,750 --> 01:37:48,000

should be like this is this is like the

2435

01:37:52,729 --> 01:37:50,760

most obvious basic point and like people

2436

01:37:54,530 --> 01:37:52,739

don't say it but like that's that's

2437

01:37:56,290 --> 01:37:54,540

literally the truth it's like you get

2438

01:37:59,450 --> 01:37:56,300

entrusted with information from people

2439

01:38:01,610 --> 01:37:59,460

and then like you you you tell people

2440

01:38:03,890 --> 01:38:01,620

what you can and then you wait for like

2441

01:38:05,450 --> 01:38:03,900

these big strategic plays to come up and

2442

01:38:07,790 --> 01:38:05,460

you see if they work out the right way

2443

01:38:10,070 --> 01:38:07,800

see I don't get any information like

2444

01:38:12,530 --> 01:38:10,080

that and I think that these people

2445

01:38:14,810 --> 01:38:12,540

probably remote viewed me or something

2446

01:38:15,850 --> 01:38:14,820

and know them just a blabbermouth so

2447

01:38:17,950 --> 01:38:15,860

they don't

2448

01:38:20,629 --> 01:38:17,960

but

2449

01:38:23,149 --> 01:38:20,639

just leave that guy with his documents

2450

01:38:24,530 --> 01:38:23,159

it's all good like don't tell them

2451
01:38:29,110 --> 01:38:24,540
anything because he's just gonna screw

2452
01:38:33,169 --> 01:38:31,550
this community takes a lot of trust and

2453
01:38:36,649 --> 01:38:33,179
so there you know people confuse that

2454
01:38:39,050 --> 01:38:36,659
because we are like a lot of us on this

2455
01:38:41,930 --> 01:38:39,060
side of the kind of field are are

2456
01:38:44,330 --> 01:38:41,940
waiting for you know these kind of big

2457
01:38:46,550 --> 01:38:44,340
strategic drops to happen kind of from

2458
01:38:49,010 --> 01:38:46,560
the the disclosure element or people

2459
01:38:50,870 --> 01:38:49,020
working on transparency efforts people

2460
01:38:52,850 --> 01:38:50,880
working on that side and then there are

2461
01:38:54,350 --> 01:38:52,860
other people that keep those secrets and

2462
01:38:57,530 --> 01:38:54,360
there are some people that conflate

2463
01:38:59,629 --> 01:38:57,540

those two things right as if like Ross

2464

01:39:02,570 --> 01:38:59,639

as if but like what would the football

2465

01:39:04,310 --> 01:39:02,580

game be if like everybody knew each

2466

01:39:06,649 --> 01:39:04,320

other's secrets well we would get

2467

01:39:08,629 --> 01:39:06,659

absolutely dominated by the team that

2468

01:39:10,270 --> 01:39:08,639

has all the money you'd be the cheating

2469

01:39:12,590 --> 01:39:10,280

Patriots yeah

2470

01:39:14,750 --> 01:39:12,600

but you could you'd get completely

2471

01:39:16,490 --> 01:39:14,760

dominated by Whoever has more money and

2472

01:39:18,649 --> 01:39:16,500

more Capital to like throw at the

2473

01:39:22,550 --> 01:39:18,659

problem of transparency and in this case

2474

01:39:25,370 --> 01:39:22,560

that would clearly be you know you know

2475

01:39:27,290 --> 01:39:25,380

the the same reason Department of energy

2476

01:39:30,649 --> 01:39:27,300

didn't come out early and go we're

2477

01:39:32,149 --> 01:39:30,659

trying to create this free energy with a

2478

01:39:33,830 --> 01:39:32,159

bunch of lasers and this is what we're

2479

01:39:34,669 --> 01:39:33,840

trying to do we don't know if it's going

2480

01:39:37,250 --> 01:39:34,679

to work

2481

01:39:38,629 --> 01:39:37,260

but we're going to attempt to to do this

2482

01:39:40,010 --> 01:39:38,639

is see how it goes that's why they don't

2483

01:39:41,689 --> 01:39:40,020

come out with the press release saying

2484

01:39:43,310 --> 01:39:41,699

that they come out with a press release

2485

01:39:45,590 --> 01:39:43,320

when they've done it

2486

01:39:47,870 --> 01:39:45,600

you know exactly

2487

01:39:48,530 --> 01:39:47,880

yeah 100

2488

01:39:54,229 --> 01:39:48,540

um

2489

01:39:55,669 --> 01:39:54,239

today oh should we tell people that

2490

01:39:58,189 --> 01:39:55,679

we're uh we're what we're planning for

2491

01:40:00,110 --> 01:39:58,199

next week we've got or is that blowing

2492

01:40:02,450 --> 01:40:00,120

uh blowing blowing the secret too much

2493

01:40:04,850 --> 01:40:02,460

yeah it might be No No One's Gonna yeah

2494

01:40:10,510 --> 01:40:04,860

right now we're gonna try to do a

2495

01:40:16,310 --> 01:40:13,610

holiday special it's going to be awesome

2496

01:40:18,890 --> 01:40:16,320

you know I'll find a Christmas case that

2497

01:40:20,870 --> 01:40:18,900

I can bring up oh yeah good Christmas

2498

01:40:22,490 --> 01:40:20,880

case yeah and we're gonna decorate

2499

01:40:24,830 --> 01:40:22,500

things and we're probably gonna have

2500

01:40:27,050 --> 01:40:24,840

some special guests which will be really

2501
01:40:28,910 --> 01:40:27,060
fun yeah um and we're gonna have like

2502
01:40:31,129 --> 01:40:28,920
we're gonna have a lot of laughs and

2503
01:40:34,370 --> 01:40:31,139
there's gonna be a lot of joy and warmth

2504
01:40:37,010 --> 01:40:34,380
yeah you know it's gonna be like we're

2505
01:40:39,350 --> 01:40:37,020
all huddled under you know in the living

2506
01:40:42,250 --> 01:40:39,360
room uh watching the watching the fire

2507
01:40:47,209 --> 01:40:44,870
I was just thinking about

2508
01:40:48,950 --> 01:40:47,219
um I wasn't gonna

2509
01:40:50,270 --> 01:40:48,960
I was just thinking about this because I

2510
01:40:52,669 --> 01:40:50,280
was been looking at documents again

2511
01:40:54,050 --> 01:40:52,679
recently and I'm not going to bring it

2512
01:40:56,330 --> 01:40:54,060
up but I just want to tell you this

2513
01:40:58,010 --> 01:40:56,340

story quick so

2514

01:41:01,129 --> 01:40:58,020

this guy

2515

01:41:02,990 --> 01:41:01,139

um and some Newfoundland base for the

2516

01:41:05,149 --> 01:41:03,000

Air Force and

2517

01:41:07,430 --> 01:41:05,159

this their radar is getting a blip

2518

01:41:10,790 --> 01:41:07,440

unidentified blip right

2519

01:41:12,350 --> 01:41:10,800

I don't think anybody actually saw

2520

01:41:14,330 --> 01:41:12,360

anything maybe they did I don't remember

2521

01:41:15,610 --> 01:41:14,340

but there was a blip and it was

2522

01:41:18,890 --> 01:41:15,620

unidentified

2523

01:41:21,830 --> 01:41:18,900

later this guy is out on like the

2524

01:41:25,430 --> 01:41:21,840

airstrip of the base

2525

01:41:28,189 --> 01:41:25,440

and he sees a silhouette of a person

2526

01:41:31,550 --> 01:41:28,199

like a black silhouette

2527

01:41:32,930 --> 01:41:31,560

and he gets well first he gets like shot

2528

01:41:35,390 --> 01:41:32,940

in the finger

2529

01:41:37,850 --> 01:41:35,400

and his finger starts like burning is

2530

01:41:39,229 --> 01:41:37,860

how they describe his fingers burning I

2531

01:41:41,510 --> 01:41:39,239

don't know if they were

2532

01:41:43,729 --> 01:41:41,520

proved it was shot but his finger was

2533

01:41:45,890 --> 01:41:43,739

burning so then he looks and he sees a

2534

01:41:49,189 --> 01:41:45,900

silhouette of a person and takes his gun

2535

01:41:52,310 --> 01:41:49,199

and starts shooting it at the person

2536

01:41:55,250 --> 01:41:52,320

and that's it that's all you get oh boy

2537

01:41:57,109 --> 01:41:55,260

but I'm like what a UFO story like that

2538

01:41:58,430 --> 01:41:57,119

reminds me like Skinwalker Ranch or

2539

01:42:02,689 --> 01:41:58,440

something and seeing like a shadow

2540

01:42:07,010 --> 01:42:02,699

person yeah oh yeah you're his stuff man

2541

01:42:09,410 --> 01:42:07,020

what a story but in in the paperwork the

2542

01:42:11,870 --> 01:42:09,420

the investigator was whatever is like

2543

01:42:14,810 --> 01:42:11,880

this unidentified thing in this shooting

2544

01:42:16,790 --> 01:42:14,820

could be connected

2545

01:42:18,830 --> 01:42:16,800

um

2546

01:42:21,229 --> 01:42:18,840

it's crazy so it makes me think of those

2547

01:42:23,030 --> 01:42:21,239

Shadow people's stories absolutely

2548

01:42:24,649 --> 01:42:23,040

regular plants or something like the

2549

01:42:25,910 --> 01:42:24,659

nuclear plants that's that's some of the

2550

01:42:28,430 --> 01:42:25,920

scariest shadow people stuff because

2551

01:42:30,229 --> 01:42:28,440

that's really you know that's that's

2552

01:42:32,810 --> 01:42:30,239

super intriguing

2553

01:42:35,330 --> 01:42:32,820

um yeah so yeah we'll come up with some

2554

01:42:37,669 --> 01:42:35,340

fun holiday cases we'll have some

2555

01:42:38,990 --> 01:42:37,679

special guests yeah we might even

2556

01:42:40,669 --> 01:42:39,000

announce one or two of them before the

2557

01:42:42,649 --> 01:42:40,679

show which would be fun but we'll

2558

01:42:44,750 --> 01:42:42,659

probably spring a couple on folks during

2559

01:42:46,390 --> 01:42:44,760

the show which will be great and we're

2560

01:42:49,430 --> 01:42:46,400

gonna have a good time it'll be nice

2561

01:42:52,370 --> 01:42:49,440

Little Rock Jingle Bells will rock and

2562

01:42:55,550 --> 01:42:52,380

then you know and then we'll all go back

2563

01:42:57,590 --> 01:42:55,560

home and and uh drink our egnog you

2564

01:42:59,870 --> 01:42:57,600

know for the next week or whatever are

2565

01:43:02,750 --> 01:42:59,880

you in it are you an egnog guy I used

2566

01:43:04,310 --> 01:43:02,760

to be when I was a kid now like my you

2567

01:43:06,410 --> 01:43:04,320

know my

2568

01:43:08,209 --> 01:43:06,420

I like I just don't have the metabolism

2569

01:43:10,669 --> 01:43:08,219

for it anymore I don't think I can drink

2570

01:43:12,290 --> 01:43:10,679

it like I I can drink I think you're

2571

01:43:16,189 --> 01:43:12,300

gonna gain 100 pounds from a couple

2572

01:43:18,350 --> 01:43:16,199

glasses egnog dude you have no idea how

2573

01:43:21,530 --> 01:43:18,360

quickly I can gain weight it is yeah no

2574

01:43:23,090 --> 01:43:21,540

but like um but I can I what I do is I

2575

01:43:24,770 --> 01:43:23,100

throw a little bit of egnog as creamer

2576

01:43:26,810 --> 01:43:24,780

into my coffee when I go home for

2577

01:43:29,090 --> 01:43:26,820

Christmas and that's my way of like

2578

01:43:32,330 --> 01:43:29,100

getting into the holiday spirit and I

2579

01:43:35,450 --> 01:43:32,340

know that that might seem like a like uh

2580

01:43:37,790 --> 01:43:35,460

like a overly responsible way to do it

2581

01:43:39,290 --> 01:43:37,800

but it's partially because like I Chow

2582

01:43:42,050 --> 01:43:39,300

Down on those cheese logs and everything

2583

01:43:45,350 --> 01:43:42,060

else too while I'm home so I have to you

2584

01:43:47,870 --> 01:43:45,360

know I have to I have to cut down where

2585

01:43:50,390 --> 01:43:47,880

I can and so eggnog just turns into the

2586

01:43:53,930 --> 01:43:50,400

the coffee creamer what about you yeah I

2587

01:43:56,270 --> 01:43:53,940

love I I love eggnog yeah I'll probably

2588

01:43:57,890 --> 01:43:56,280

drink some I maybe I'll make eggnog

2589

01:44:00,229 --> 01:43:57,900

lattes this year because I have an

2590

01:44:01,970 --> 01:44:00,239

espresso machine now so that sounds

2591

01:44:04,129 --> 01:44:01,980

delicious well I got that for Last

2592

01:44:07,310 --> 01:44:04,139

Christmas from my wonderful wife so

2593

01:44:09,830 --> 01:44:07,320

maybe I'll make a eggnog latte that

2594

01:44:11,510 --> 01:44:09,840

sounds amazing all right well whenever

2595

01:44:12,890 --> 01:44:11,520

whenever I whenever I get to Wisconsin

2596

01:44:14,870 --> 01:44:12,900

you're gonna have to make me one of

2597

01:44:17,990 --> 01:44:14,880

those is that okay yeah yeah I would

2598

01:44:20,689 --> 01:44:18,000

love to okay and and we got to work on

2599

01:44:23,330 --> 01:44:20,699

when we're gonna hang out uh in 2023 man

2600

01:44:25,430 --> 01:44:23,340

we'll figure it out yeah yeah well if

2601

01:44:27,830 --> 01:44:25,440

you're doing that event in April uh

2602

01:44:30,470 --> 01:44:27,840

maybe I can go to that one so oh that'd

2603

01:44:34,070 --> 01:44:30,480

be so sick we'll see I'd be so sick

2604

01:44:36,470 --> 01:44:34,080

absolutely what happens I'd you know I

2605

01:44:41,590 --> 01:44:36,480

kind of hate JFK airport but it's worth

2606

01:44:49,729 --> 01:44:45,770

okay maybe I'll do that yeah so yeah

2607

01:44:51,770 --> 01:44:49,739

maybe I'll do that all right well thank

2608

01:44:53,090 --> 01:44:51,780

you everybody that's been hanging out in

2609

01:44:55,370 --> 01:44:53,100

2610

01:44:57,590 --> 01:44:55,380

um we I've been watching a bunch of your

2611

01:44:58,370 --> 01:44:57,600

wonderful replies and

2612

01:45:00,290 --> 01:44:58,380

um

2613

01:45:02,090 --> 01:45:00,300

for the holiday special next week one

2614

01:45:04,250 --> 01:45:02,100

let's let's um

2615

01:45:06,709 --> 01:45:04,260

we can engage with the chat a little bit

2616

01:45:08,930 --> 01:45:06,719

more with our special guests and and uh

2617

01:45:10,669 --> 01:45:08,940

and uh get some questions from you guys

2618

01:45:12,709 --> 01:45:10,679

have some back and forth going I think

2619

01:45:15,129 --> 01:45:12,719

2621

01:45:19,370 --> 01:45:18,000
