

Ryan Graves is a former Navy fighter pilot and Chair of the American Institute of Aeronautics and Astronautics (AIAA) UAP Integration & Outreach Committee (UAPIOC). The following commentary is in response to a series of recent Op-Eds published in the Wall Street Journal by columnist Holman Jenkins, who named Ryan directly in his October critique. The author's opinions expressed here are his own and do not necessarily reflect those of The Debrief.

A MAJOR BARRIER to our understanding of Unidentified Anomalous Phenomena (UAP) is not just government secrecy; it's stigma.

Conspiracy theories like those perpetuated by Holman Jenkins in his recent *Wall Street Journal* columns, under titles like "UFO 'Mystery' Shouldn't Drag On," "The UFO Bubble Goes Pop," and, most recently (and perhaps his most unhinged), "The UFO Crowd Wants an Alien Invasion for Christmas," only help breed the stigma that hinders the very kind of scientific approaches he agrees are needed to resolve the UAP mystery.

00:00:20,830 --> 00:00:05,030
hey this is Sean and this is Jay and

2
00:00:36,190 --> 00:00:24,080
we're going to talk about flying saucers

3
00:00:38,460 --> 00:00:36,200
[Music]

4
00:00:39,950 --> 00:00:38,470
flying suckers

5
00:00:50,350 --> 00:00:39,960
[Music]

6
00:00:58,069 --> 00:00:55,310
what's up hey man I was gonna wish you

7
00:00:59,990 --> 00:00:58,079
a happy New Year but do you agree with

8
00:01:04,070 --> 00:01:00,000
Larry David first off let's get this out

9
00:01:05,990 --> 00:01:04,080
of the way yes on everything yeah but

10
00:01:07,910 --> 00:01:06,000
you know Larry David he had that on Curb

11
00:01:09,410 --> 00:01:07,920
Your Enthusiasm probably elsewhere too

12
00:01:11,510 --> 00:01:09,420
because he's a pretty consistent

13
00:01:13,910 --> 00:01:11,520

individual

14

00:01:16,609 --> 00:01:13,920

pardon me he likes to he says that you

15

00:01:19,010 --> 00:01:16,619

know Happy New Year has an expiration

16

00:01:21,410 --> 00:01:19,020

date and it's about three days in and

17

00:01:24,170 --> 00:01:21,420

considering today is the 4th of January

18

00:01:26,149 --> 00:01:24,180

that kind of puts us at the cusp of

19

00:01:27,950 --> 00:01:26,159

according to Larry David whether we can

20

00:01:29,390 --> 00:01:27,960

wish each other happy happy New Year or

21

00:01:31,609 --> 00:01:29,400

not wow what's your take on that

22

00:01:33,170 --> 00:01:31,619

situation yeah my take is is he's

23

00:01:36,230 --> 00:01:33,180

probably around a whole lot more people

24

00:01:39,109 --> 00:01:36,240

than I am so he probably has to say it a

25

00:01:41,030 --> 00:01:39,119

lot more than I would have to so you

26

00:01:43,429 --> 00:01:41,040

know him coming up with that rule is

27

00:01:46,069 --> 00:01:43,439

probably pretty necessary where for me

28

00:01:48,830 --> 00:01:46,079

it's like if I just have to say it two

29

00:01:52,310 --> 00:01:48,840

more times what's the big deal you know

30

00:01:54,830 --> 00:01:52,320

all right well and both of those my

31

00:01:56,810 --> 00:01:54,840

happy New Year Happy New Year to you too

32

00:01:59,030 --> 00:01:56,820

and both of those happy New Years might

33

00:02:02,330 --> 00:01:59,040

be to me because I I'm relatively

34

00:02:03,950 --> 00:02:02,340

effusive in my happy birthdays and happy

35

00:02:05,630 --> 00:02:03,960

New Years and merry Christmases and all

36

00:02:08,570 --> 00:02:05,640

that kind of stuff it's good to see you

37

00:02:10,249 --> 00:02:08,580

man yeah you too you too uh and

38

00:02:12,589 --> 00:02:10,259

everybody in the chat happy New Year as

39

00:02:15,410 --> 00:02:12,599

well thanks for being here do appreciate

40

00:02:17,210 --> 00:02:15,420

it at two o'clock P.M Central Standard

41

00:02:18,050 --> 00:02:17,220

Time

42

00:02:20,270 --> 00:02:18,060

um

43

00:02:24,410 --> 00:02:20,280

yeah you know there's there's a couple

44

00:02:27,050 --> 00:02:24,420

of things that are going on in the the

45

00:02:31,190 --> 00:02:27,060

UFO realm right now

46

00:02:34,970 --> 00:02:31,200

but you know we're kind of in this uh

47

00:02:37,430 --> 00:02:34,980

kind of purgatory type situation as far

48

00:02:40,729 --> 00:02:37,440

as like recent news right so

49

00:02:42,350 --> 00:02:40,739

we're all waiting for this UAP report

50

00:02:43,910 --> 00:02:42,360

which

51
00:02:46,490 --> 00:02:43,920
um apparently that report doesn't give a

52
00:02:49,250 --> 00:02:46,500
crap about us waiting it's gonna you

53
00:02:50,089 --> 00:02:49,260
know do whatever it has to do

54
00:02:53,809 --> 00:02:50,099
um

55
00:02:59,690 --> 00:02:55,970
but also on the flip side the ndaa

56
00:03:02,390 --> 00:02:59,700
passed like 30 some pages of UAP

57
00:03:04,690 --> 00:03:02,400
um legislation which is pretty huge and

58
00:03:09,290 --> 00:03:04,700
the media is completely

59
00:03:11,330 --> 00:03:09,300
silent on it you know you have for the

60
00:03:14,170 --> 00:03:11,340
first time it as far as I know really

61
00:03:16,970 --> 00:03:14,180
you have UAP legislation passed

62
00:03:19,550 --> 00:03:16,980
bipartisan legislation nobody argued

63
00:03:23,330 --> 00:03:19,560

over it nobody fought over it in the

64

00:03:24,710 --> 00:03:23,340

news isn't saying anything all they're

65

00:03:28,550 --> 00:03:24,720

talking about is

66

00:03:30,470 --> 00:03:28,560

more partisanship more Republicans suck

67

00:03:34,130 --> 00:03:30,480

because of this Democrats suck because

68

00:03:36,949 --> 00:03:34,140

of this and that's it you know yeah and

69

00:03:39,290 --> 00:03:36,959

meanwhile like a pretty important

70

00:03:41,390 --> 00:03:39,300

serious issue is moving along in the

71

00:03:43,670 --> 00:03:41,400

government for the first time really in

72

00:03:46,670 --> 00:03:43,680

history and they're not saying a dang

73

00:03:49,910 --> 00:03:46,680

thing about it you know yeah

74

00:03:54,649 --> 00:03:49,920

absolutely I mean I I have to think that

75

00:03:56,570 --> 00:03:54,659

it is like so many aspects of UAP issues

76

00:03:59,149 --> 00:03:56,580

and you and the history of ufology in

77

00:04:02,869 --> 00:03:59,159

general and that this is purely in the

78

00:04:05,390 --> 00:04:02,879

land of this is not purely because not

79

00:04:06,770 --> 00:04:05,400

everybody is controlled by you know

80

00:04:10,429 --> 00:04:06,780

project Mockingbird or whatever

81

00:04:13,429 --> 00:04:10,439

succeeded that but there is a lot of

82

00:04:15,710 --> 00:04:13,439

information management that happens in

83

00:04:17,930 --> 00:04:15,720

our media right a ton of information

84

00:04:19,909 --> 00:04:17,940

management and you know there's this

85

00:04:21,710 --> 00:04:19,919

whole idea about like how many stories

86

00:04:23,689 --> 00:04:21,720

can the American the feeble American

87

00:04:26,510 --> 00:04:23,699

mind like keep in their head at any one

88

00:04:28,189 --> 00:04:26,520

time or something like that and you know

89

00:04:29,749 --> 00:04:28,199

what is the predominant story what's

90

00:04:32,090 --> 00:04:29,759

this like the secondary story what are

91

00:04:34,310 --> 00:04:32,100

we getting people worked up about these

92

00:04:35,990 --> 00:04:34,320

days on you know the partisan news

93

00:04:37,850 --> 00:04:36,000

channels and stuff like that and I have

94

00:04:42,830 --> 00:04:37,860

to think that a lot of this is just like

95

00:04:46,249 --> 00:04:42,840

okay you know that it's it's a leftover

96

00:04:48,110 --> 00:04:46,259

from all of those committee reports and

97

00:04:49,969 --> 00:04:48,120

all those Think Tank studies that were

98

00:04:51,710 --> 00:04:49,979

done in the 50s and 60s that were like

99

00:04:53,450 --> 00:04:51,720

oh you know they they'll barely be able

100

00:04:56,510 --> 00:04:53,460

to handle this we have to drip it out to

101

00:04:58,730 --> 00:04:56,520

them over like decades

102

00:05:00,170 --> 00:04:58,740

and um and so they passed the

103

00:05:02,090 --> 00:05:00,180

legislation but then they have to just

104

00:05:04,129 --> 00:05:02,100

kind of let it sit for a second I guess

105

00:05:07,189 --> 00:05:04,139

I don't know I think another part of it

106

00:05:09,710 --> 00:05:07,199

is is that both you know in okay

107

00:05:12,830 --> 00:05:09,720

apparently we've heard from some sources

108

00:05:17,570 --> 00:05:12,840

that apparently the confidential version

109

00:05:20,330 --> 00:05:17,580

of the of the arrow uh uip task force

110

00:05:22,969 --> 00:05:20,340

report did make it to the dusks of

111

00:05:24,950 --> 00:05:22,979

lawmakers and that we just haven't seen

112

00:05:26,689 --> 00:05:24,960

that there hasn't been a public facing

113

00:05:28,010 --> 00:05:26,699

version of it right I mean there's

114

00:05:32,450 --> 00:05:28,020

people that have leaked that information

115

00:05:36,230 --> 00:05:32,460

and then in the ndaa

116

00:05:38,990 --> 00:05:36,240

um legislation uh for this year we saw

117

00:05:41,090 --> 00:05:39,000

that you know it's some of the language

118

00:05:42,950 --> 00:05:41,100

which was very key got stripped out

119

00:05:45,290 --> 00:05:42,960

between the draft and what was passed

120

00:05:47,390 --> 00:05:45,300

and what was passed stripped out the

121

00:05:49,610 --> 00:05:47,400

part where there was accountability to

122

00:05:50,689 --> 00:05:49,620

the American public with regard to the

123

00:05:52,670 --> 00:05:50,699

swissel blower stuff so the

124

00:05:53,870 --> 00:05:52,680

whistleblowers this whistleblower

125

00:05:56,210 --> 00:05:53,880

legislation that we've been talking

126
00:05:59,210 --> 00:05:56,220
about for months now where you know

127
00:06:02,629 --> 00:05:59,220
people are looking forward to folks like

128
00:06:04,909 --> 00:06:02,639
Eric Davis for example and others going

129
00:06:07,730 --> 00:06:04,919
in and having confidential and then

130
00:06:10,390 --> 00:06:07,740
maybe even public briefings about what

131
00:06:13,249 --> 00:06:10,400
they know with regard to

132
00:06:15,529 --> 00:06:13,259
Legacy programs the possibility of

133
00:06:19,129 --> 00:06:15,539
reverse engineered technology the

134
00:06:22,309 --> 00:06:19,139
possibility of holding on to Exotic

135
00:06:24,950 --> 00:06:22,319
materials I.E recovered craft things

136
00:06:27,529 --> 00:06:24,960
along those lines even bodies you know

137
00:06:29,749 --> 00:06:27,539
we we've been hearing about that and

138
00:06:33,050 --> 00:06:29,759

then the legislation stripped out

139

00:06:34,969 --> 00:06:33,060

conveniently like just a few words that

140

00:06:37,370 --> 00:06:34,979

meant that there was any accountability

141

00:06:40,610 --> 00:06:37,380

and in terms of like a public-facing

142

00:06:42,890 --> 00:06:40,620

quotient to that what do you make of it

143

00:06:44,990 --> 00:06:42,900

well I just make a I think that might be

144

00:06:47,570 --> 00:06:45,000

the reason for why it's not making the

145

00:06:49,309 --> 00:06:47,580

news because it's not good news you know

146

00:06:52,790 --> 00:06:49,319

there's not there's not a good way to

147

00:06:55,010 --> 00:06:52,800

spin that and there's and I think that

148

00:06:57,650 --> 00:06:55,020

that could be like a huge problem here

149

00:07:00,890 --> 00:06:57,660

um is that you know they they they

150

00:07:03,529 --> 00:07:00,900

whiffed they being the UAP task force

151
00:07:06,110 --> 00:07:03,539
office Arrow the Department of Defense

152
00:07:07,909 --> 00:07:06,120
the Pentagon in general whoever you want

153
00:07:09,230 --> 00:07:07,919
to throw blame it you know in the

154
00:07:11,029 --> 00:07:09,240
situation that's like somewhat

155
00:07:13,249 --> 00:07:11,039
responsible for it and has you know

156
00:07:16,129 --> 00:07:13,259
whiffed on giving us a public-facing

157
00:07:19,790 --> 00:07:16,139
report and then like language was

158
00:07:21,350 --> 00:07:19,800
quietly taken out of that ndaa bill for

159
00:07:24,050 --> 00:07:21,360
there to be any public accountability

160
00:07:25,430 --> 00:07:24,060
for for what was found out and so for

161
00:07:28,430 --> 00:07:25,440
right now we're just supposed to be like

162
00:07:30,469 --> 00:07:28,440
really excited that a bunch of

163
00:07:32,390 --> 00:07:30,479

like shitty Congress people are going to

164

00:07:35,330 --> 00:07:32,400

hear about stuff and we're not you know

165

00:07:36,710 --> 00:07:35,340

to be perfectly Frank and like why am I

166

00:07:38,809 --> 00:07:36,720

supposed to be so excited about that I

167

00:07:40,550 --> 00:07:38,819

hate those people like I don't

168

00:07:42,589 --> 00:07:40,560

like to be perfectly Frank with you like

169

00:07:44,450 --> 00:07:42,599

look at this like mess that we're in in

170

00:07:45,890 --> 00:07:44,460

the house right now like no they can't

171

00:07:47,809 --> 00:07:45,900

get anything done they can't get

172

00:07:49,129 --> 00:07:47,819

anything done and then we're supposed to

173

00:07:51,469 --> 00:07:49,139

be psyched that they get to hear

174

00:07:55,309 --> 00:07:51,479

information that we don't like like they

175

00:07:57,050 --> 00:07:55,319

always do sure sure yeah and if they

176

00:08:00,050 --> 00:07:57,060

want to be accountable to the American

177

00:08:01,550 --> 00:08:00,060

people like uh they pledge to do they

178

00:08:03,710 --> 00:08:01,560

would have made sure that there was a

179

00:08:06,770 --> 00:08:03,720

damn UAP report that came out when it

180

00:08:08,510 --> 00:08:06,780

was supposed to months ago yeah you know

181

00:08:11,210 --> 00:08:08,520

but they don't come out and say anything

182

00:08:12,890 --> 00:08:11,220

they don't say oh sorry everybody like

183

00:08:14,450 --> 00:08:12,900

we're working to get this out this is

184

00:08:17,689 --> 00:08:14,460

frustrating why aren't they doing their

185

00:08:19,550 --> 00:08:17,699

job nothing all we get is timberjits in

186

00:08:21,890 --> 00:08:19,560

I don't know why you think you're going

187

00:08:24,050 --> 00:08:21,900

to get anything from the government but

188

00:08:25,850 --> 00:08:24,060

this is all super real and I've seen it

189

00:08:29,089 --> 00:08:25,860

but I don't know why you think you're

190

00:08:32,209 --> 00:08:29,099

gonna like what screw you dude go get it

191

00:08:34,370 --> 00:08:32,219

for us that's why you're electeded you

192

00:08:36,469 --> 00:08:34,380

know yeah you're elected to do a job and

193

00:08:39,889 --> 00:08:36,479

you sold the American people

194

00:08:42,889 --> 00:08:39,899

on this right and got it passed in

195

00:08:45,230 --> 00:08:42,899

legislation so now you have to carry

196

00:08:48,470 --> 00:08:45,240

this home you have to make sure the

197

00:08:51,410 --> 00:08:48,480

people get the UAP report otherwise this

198

00:08:53,269 --> 00:08:51,420

is all just talk right yeah absolutely

199

00:08:54,650 --> 00:08:53,279

and you know pardon my language those

200

00:08:57,829 --> 00:08:54,660

folks in the chat or whatever but like

201
00:08:59,810 --> 00:08:57,839
it's it's infuriating that like you know

202
00:09:02,990 --> 00:08:59,820
that there's

203
00:09:05,090 --> 00:09:03,000
it's it kind of follows in line with

204
00:09:06,949 --> 00:09:05,100
you know how sometimes when you read

205
00:09:09,350 --> 00:09:06,959
like the UK press or something like that

206
00:09:10,850 --> 00:09:09,360
and like no offense to anybody from the

207
00:09:13,250 --> 00:09:10,860
UK that's joining us today or whatever

208
00:09:14,810 --> 00:09:13,260
but you know how people in the UK are

209
00:09:16,009 --> 00:09:14,820
completely fed these lines constantly

210
00:09:18,110 --> 00:09:16,019
where they're supposed to be like

211
00:09:20,090 --> 00:09:18,120
obsessed with how like whether the

212
00:09:22,250 --> 00:09:20,100
Royals are having a good or a bad day or

213
00:09:23,930 --> 00:09:22,260

not or whatever and everybody's supposed

214

00:09:26,210 --> 00:09:23,940

to be like oh William's having a really

215

00:09:27,710 --> 00:09:26,220

bad day which looks for him and like

216

00:09:30,290 --> 00:09:27,720

you're supposed to forget about the part

217

00:09:32,389 --> 00:09:30,300

about how you know they're they have

218

00:09:33,949 --> 00:09:32,399

like all the money in the world how you

219

00:09:35,870 --> 00:09:33,959

know they you know they essentially

220

00:09:38,509 --> 00:09:35,880

tried to take over the world for

221

00:09:39,769 --> 00:09:38,519

hundreds of years failed and you know

222

00:09:41,449 --> 00:09:39,779

are sticking around with what they're

223

00:09:44,329 --> 00:09:41,459

doing and and then but you're supposed

224

00:09:45,949 --> 00:09:44,339

to be sad about whether whatever one of

225

00:09:47,630 --> 00:09:45,959

them's having a bad day or not and

226

00:09:49,850 --> 00:09:47,640

similarly here we have this legislation

227

00:09:52,130 --> 00:09:49,860

and we're supposed to be psyched that a

228

00:09:54,650 --> 00:09:52,140

bunch of partisan politicians that like

229

00:09:56,509 --> 00:09:54,660

can't get anything done anyway are going

230

00:09:59,030 --> 00:09:56,519

to hear a bunch of information that we

231

00:10:00,889 --> 00:09:59,040

don't get to hear and like then like

232

00:10:02,570 --> 00:10:00,899

maybe weaponize that knowledge like what

233

00:10:05,750 --> 00:10:02,580

are we supposed to be are we supposed to

234

00:10:08,570 --> 00:10:05,760

be excited I did that they might leak it

235

00:10:10,730 --> 00:10:08,580

because they're because they do stuff

236

00:10:11,810 --> 00:10:10,740

like that relatively consistently is

237

00:10:13,610 --> 00:10:11,820

that what we're supposed to be excited

238

00:10:16,610 --> 00:10:13,620

about and like I think that there are

239

00:10:18,230 --> 00:10:16,620

other aspects of this that you know I

240

00:10:21,290 --> 00:10:18,240

think that there will be more shoes that

241

00:10:23,509 --> 00:10:21,300

will drop in a public-facing way but you

242

00:10:26,810 --> 00:10:23,519

know I don't know that it's because of

243

00:10:29,750 --> 00:10:26,820

the NDA legislation or from this

244

00:10:32,509 --> 00:10:29,760

confident of this task force report that

245

00:10:35,150 --> 00:10:32,519

never you know breached the surface of

246

00:10:36,530 --> 00:10:35,160

public accountability you know it's not

247

00:10:39,230 --> 00:10:36,540

going to be from that it's going to have

248

00:10:42,889 --> 00:10:39,240

to be from from other other pressure

249

00:10:44,750 --> 00:10:42,899

points I think well that's why I was you

250

00:10:46,490 --> 00:10:44,760

know it'd be great if the media did get

251

00:10:48,590 --> 00:10:46,500

on board like I heard somebody say

252

00:10:52,069 --> 00:10:48,600

something like uh well maybe they would

253

00:10:53,030 --> 00:10:52,079

if there is more evidence okay so you

254

00:10:55,430 --> 00:10:53,040

know

255

00:10:59,870 --> 00:10:55,440

um all this language in the ndaa

256

00:11:02,210 --> 00:10:59,880

legislation is evidence of something I'm

257

00:11:04,130 --> 00:11:02,220

not saying what it's evidence of but it

258

00:11:06,310 --> 00:11:04,140

is of something

259

00:11:08,210 --> 00:11:06,320

and it's being made out to be

260

00:11:11,150 --> 00:11:08,220

otherworldly by a lot of different

261

00:11:14,269 --> 00:11:11,160

people including Chris Mellon who helped

262

00:11:17,030 --> 00:11:14,279

get this past and the media just doesn't

263

00:11:19,670 --> 00:11:17,040

do anything and if they did they could

264

00:11:22,790 --> 00:11:19,680

ratchet up the actual pressure to get

265

00:11:24,829 --> 00:11:22,800

something like a UAP report out to the

266

00:11:26,449 --> 00:11:24,839

public I mean one of the things I've

267

00:11:30,769 --> 00:11:26,459

learned looking at all those blue book

268

00:11:34,250 --> 00:11:30,779

files and all those cases right what was

269

00:11:36,710 --> 00:11:34,260

when the media got a hold of one of the

270

00:11:39,050 --> 00:11:36,720

UFO reports whether it be military or

271

00:11:41,930 --> 00:11:39,060

civilian or whatever whenever they knew

272

00:11:44,690 --> 00:11:41,940

the media was going to get this or it

273

00:11:46,250 --> 00:11:44,700

was reported to the media the Air

274

00:11:48,949 --> 00:11:46,260

Force's effort into actually

275

00:11:52,009 --> 00:11:48,959

investigating the case went up like

276

00:11:54,949 --> 00:11:52,019

tenfold and you can see it in the

277

00:11:57,769 --> 00:11:54,959

documentation for one case versus like

278

00:12:01,310 --> 00:11:57,779

Lonnie Zamora and Socorro right there's

279

00:12:03,829 --> 00:12:01,320

oh there's hundreds of documents on that

280

00:12:06,889 --> 00:12:03,839

case from the Air Force right but

281

00:12:08,810 --> 00:12:06,899

there's is a report where you know like

282

00:12:10,730 --> 00:12:08,820

someone like me saw something in this

283

00:12:13,190 --> 00:12:10,740

guy called the Air Force said yeah it

284

00:12:15,829 --> 00:12:13,200

was white that moved really fast that

285

00:12:18,470 --> 00:12:15,839

there's two pages on it you know yeah

286

00:12:19,970 --> 00:12:18,480

because they don't have to care

287

00:12:22,190 --> 00:12:19,980

so

288

00:12:23,750 --> 00:12:22,200

like the only way to make them care is

289

00:12:27,829 --> 00:12:23,760

by everyone doing what they're supposed

290

00:12:31,009 --> 00:12:27,839

to do and part of journalist's job is to

291

00:12:33,530 --> 00:12:31,019

go after stuff like this and they don't

292

00:12:36,829 --> 00:12:33,540

and like my hope and and when I say

293

00:12:38,509 --> 00:12:36,839

media I I like I'm leaving out you know

294

00:12:41,269 --> 00:12:38,519

people that do cover it whether it be

295

00:12:43,610 --> 00:12:41,279

Tom Rogan or you know Politico Brian

296

00:12:46,190 --> 00:12:43,620

Bender or you know debrief or whoever

297

00:12:47,690 --> 00:12:46,200

I'm talking about like how you described

298

00:12:50,210 --> 00:12:47,700

it earlier which I think thought was

299

00:12:52,610 --> 00:12:50,220

perfect partisan partisan news channels

300

00:12:56,750 --> 00:12:52,620

you know yeah because that's all they do

301
00:12:57,889 --> 00:12:56,760
is is there a 24 hour a day campaign

302
00:13:01,190 --> 00:12:57,899
commercial

303
00:13:03,410 --> 00:13:01,200
100 specifically yeah and and it's and

304
00:13:05,750 --> 00:13:03,420
it doesn't matter which you know you

305
00:13:07,250 --> 00:13:05,760
could be on this side or that side or

306
00:13:09,050 --> 00:13:07,260
whatever like you still have the news

307
00:13:10,790 --> 00:13:09,060
channel that suits you or whatever or

308
00:13:12,290 --> 00:13:10,800
that's what it's supposed to do it's

309
00:13:14,690 --> 00:13:12,300
supposed to sit there and like placate

310
00:13:15,889 --> 00:13:14,700
you know people on one side of the aisle

311
00:13:17,990 --> 00:13:15,899
or the other side of the aisle or

312
00:13:20,449 --> 00:13:18,000
whatever and and you know and generally

313
00:13:22,550 --> 00:13:20,459

speaking it does a terrible job of

314

00:13:24,949 --> 00:13:22,560

giving you a thorough accounting of what

315

00:13:26,389 --> 00:13:24,959

the news actually is or speaking to

316

00:13:28,490 --> 00:13:26,399

people that like might be in the middle

317

00:13:31,190 --> 00:13:28,500

or might be independent or might or you

318

00:13:33,410 --> 00:13:31,200

know might not observe you know exactly

319

00:13:35,870 --> 00:13:33,420

the party lines and then in which you

320

00:13:37,490 --> 00:13:35,880

know form that there is or or be

321

00:13:39,970 --> 00:13:37,500

interesting to anybody from any other

322

00:13:43,610 --> 00:13:39,980

country right you know right

323

00:13:45,949 --> 00:13:43,620

and you know I so yeah I I completely

324

00:13:48,050 --> 00:13:45,959

agree with you I mean one one great

325

00:13:51,410 --> 00:13:48,060

thing that's happened recently with

326

00:13:53,150 --> 00:13:51,420

regard to you know task the ndaa the

327

00:13:55,310 --> 00:13:53,160

task force reporting in general and that

328

00:13:57,769 --> 00:13:55,320

kind of General restructuring that I

329

00:13:59,870 --> 00:13:57,779

appreciate is just that that like the

330

00:14:01,610 --> 00:13:59,880

that there seems to be a more

331

00:14:04,190 --> 00:14:01,620

transparent process for the reports

332

00:14:07,850 --> 00:14:04,200

happening and that that destigmatizing

333

00:14:11,210 --> 00:14:07,860

of the reports happening is is there and

334

00:14:13,670 --> 00:14:11,220

so you know it's seemingly we won't have

335

00:14:17,150 --> 00:14:13,680

the kind of uh needle in a haystack

336

00:14:19,069 --> 00:14:17,160

problem that that has existed for for

337

00:14:21,590 --> 00:14:19,079

decades and in fact there's like

338

00:14:23,150 --> 00:14:21,600

hundreds of needles as you as you were

339

00:14:25,910 --> 00:14:23,160

just pointing out you know there are

340

00:14:27,889 --> 00:14:25,920

tons and tons and tons of Case Files

341

00:14:31,250 --> 00:14:27,899

um from the old days and that's even

342

00:14:33,350 --> 00:14:31,260

with the situation of probably I'm not

343

00:14:35,810 --> 00:14:33,360

going to put a number on it but like you

344

00:14:38,629 --> 00:14:35,820

know probably the majority of the cases

345

00:14:40,370 --> 00:14:38,639

got squashed just from you know peer

346

00:14:41,509 --> 00:14:40,380

pressure or people thinking like oh I

347

00:14:43,150 --> 00:14:41,519

don't want to look like a crazy person

348

00:14:46,730 --> 00:14:43,160

or whatever I'm not going to report this

349

00:14:49,370 --> 00:14:46,740

over and over again in those documents

350

00:14:52,129 --> 00:14:49,380

you see it in the Air Force's own words

351

00:14:56,629 --> 00:14:52,139

that this person is

352

00:14:59,389 --> 00:14:56,639

um a trustworthy witness they don't want

353

00:15:02,870 --> 00:14:59,399

any public Felicity they didn't want to

354

00:15:06,230 --> 00:15:02,880

report it because of that possibility at

355

00:15:07,850 --> 00:15:06,240

first or because of the stigma in many

356

00:15:09,530 --> 00:15:07,860

different ways that said throughout the

357

00:15:11,329 --> 00:15:09,540

files and I see Graham here what's up

358

00:15:13,550 --> 00:15:11,339

Graham here in the chat you can vouch

359

00:15:16,009 --> 00:15:13,560

for me he's he's read all these files

360

00:15:19,009 --> 00:15:16,019

and how many people have said things

361

00:15:19,730 --> 00:15:19,019

like that you know and

362

00:15:22,069 --> 00:15:19,740

um

363

00:15:24,889 --> 00:15:22,079

you know we've come like

364

00:15:27,110 --> 00:15:24,899

way too far for the media to just drop

365

00:15:30,889 --> 00:15:27,120

the ball on this you know 70 some years

366

00:15:36,069 --> 00:15:30,899

and a lot of this is their fault too

367

00:15:42,110 --> 00:15:39,949

they rode this UFO train all hot to trot

368

00:15:44,990 --> 00:15:42,120

for many years and years and then

369

00:15:47,629 --> 00:15:45,000

switched down a dime and and got

370

00:15:49,970 --> 00:15:47,639

disparaging towards people and then they

371

00:15:52,129 --> 00:15:49,980

come back with this New York Times piece

372

00:15:54,650 --> 00:15:52,139

which was great and it's just all over

373

00:15:56,449 --> 00:15:54,660

the news then they disappear again you

374

00:15:59,090 --> 00:15:56,459

know when they created this whole thing

375

00:16:02,410 --> 00:15:59,100

to begin with by saying can it Kevin

376

00:16:07,189 --> 00:16:02,420

Arnold uh saw flying saucers right right

377

00:16:09,410 --> 00:16:07,199

yeah you know 100 and a reporting in the

378

00:16:10,189 --> 00:16:09,420

Roswell newspaper that we recovered a

379

00:16:11,449 --> 00:16:10,199

disc

380

00:16:14,810 --> 00:16:11,459

mm-hmm

381

00:16:16,430 --> 00:16:14,820

yeah I mean it's it's essentially right

382

00:16:19,189 --> 00:16:16,440

now it feels like we're in a brief

383

00:16:21,170 --> 00:16:19,199

bubble moment where you know it's it's

384

00:16:23,329 --> 00:16:21,180

again it falls right in the line of like

385

00:16:26,150 --> 00:16:23,339

information management at the same time

386

00:16:29,449 --> 00:16:26,160

that this legislation is getting passed

387

00:16:31,490 --> 00:16:29,459

you're getting simultaneous like opinion

388

00:16:33,410 --> 00:16:31,500

pieces which aren't coming from out of

389

00:16:35,509 --> 00:16:33,420

nowhere you know with some people that

390

00:16:38,210 --> 00:16:35,519

are suddenly motivated to make fun of

391

00:16:41,509 --> 00:16:38,220

people that that you know believe in

392

00:16:43,970 --> 00:16:41,519

UFOs or whatever yeah right after after

393

00:16:46,310 --> 00:16:43,980

we we have like official acknowledgment

394

00:16:49,670 --> 00:16:46,320

of those cockpit videos

395

00:16:53,689 --> 00:16:49,680

etc etc after the NDA legislation passes

396

00:16:56,090 --> 00:16:53,699

you still have these articles

397

00:16:58,970 --> 00:16:56,100

um like that Holman Jenkins article in

398

00:17:01,490 --> 00:16:58,980

the in the Wall Street Journal right and

399

00:17:03,769 --> 00:17:01,500

and um you know I think we can we can

400

00:17:06,289 --> 00:17:03,779

bounce over to those articles soon that

401
00:17:08,390 --> 00:17:06,299
we're kind of rebutted that but go ahead

402
00:17:10,909 --> 00:17:08,400
I wanted to bring up this quick because

403
00:17:14,870 --> 00:17:10,919
I just Googled the Jenkins UFO Wall

404
00:17:17,090 --> 00:17:14,880
Street Journal and you can see like

405
00:17:19,130 --> 00:17:17,100
does this guy have an agenda or not what

406
00:17:21,530 --> 00:17:19,140
do you think UFO's mystery shouldn't

407
00:17:23,929 --> 00:17:21,540
drag on UFOs don't flatter yourself why

408
00:17:26,689 --> 00:17:23,939
would you trust the Pentagon on UFOs on

409
00:17:29,690 --> 00:17:26,699
UFOs don't trust Your Lying Eyes that's

410
00:17:32,150 --> 00:17:29,700
right you the UFO bubble Goes Pop the

411
00:17:35,810 --> 00:17:32,160
UFO crowd wants an alien invasion for

412
00:17:38,990 --> 00:17:35,820
Christmas like what what the hell is up

413
00:17:41,870 --> 00:17:39,000

with this guy you know instead of like

414

00:17:45,409 --> 00:17:41,880

here's here's what I would do if I was

415

00:17:47,450 --> 00:17:45,419

you know a reporter like that and I was

416

00:17:49,310 --> 00:17:47,460

interested in the UFO thing but I

417

00:17:52,310 --> 00:17:49,320

thought it was crap well what I would

418

00:17:53,390 --> 00:17:52,320

have to do what would be up to me is to

419

00:17:56,270 --> 00:17:53,400

prove

420

00:17:59,150 --> 00:17:56,280

why all this stuff is going on why

421

00:18:01,730 --> 00:17:59,160

they're passing this legislation why

422

00:18:05,510 --> 00:18:01,740

Congress and everybody agreed to put

423

00:18:08,150 --> 00:18:05,520

this in there why Arrow was created why

424

00:18:11,630 --> 00:18:08,160

these videos were released why is Lou

425

00:18:14,090 --> 00:18:11,640

Elizondo res why did he resign and come

426

00:18:16,490 --> 00:18:14,100

out to talk about this stuff like you

427

00:18:18,409 --> 00:18:16,500

have to investigate and figure that out

428

00:18:22,130 --> 00:18:18,419

improve your point

429

00:18:24,650 --> 00:18:22,140

100 yeah because it's not just people

430

00:18:27,529 --> 00:18:24,660

anymore saying I see something you know

431

00:18:29,630 --> 00:18:27,539

whatever like this is the highest levels

432

00:18:31,789 --> 00:18:29,640

of authority in this country are

433

00:18:37,490 --> 00:18:31,799

acknowledging this and talking about it

434

00:18:40,130 --> 00:18:37,500

you know and passing it law on it and so

435

00:18:42,110 --> 00:18:40,140

if you're gonna say it's not real in in

436

00:18:43,850 --> 00:18:42,120

you know make fun of people who are

437

00:18:47,870 --> 00:18:43,860

paying attention to this

438

00:18:51,409 --> 00:18:47,880

prove to us why it isn't real prove to

439

00:18:55,130 --> 00:18:51,419

us why this legislation is crap or you

440

00:18:57,650 --> 00:18:55,140

think loses person or you prove it come

441

00:19:01,610 --> 00:18:57,660

up with why he would do it at least a

442

00:19:04,190 --> 00:19:01,620

well thought out idea of why things are

443

00:19:08,210 --> 00:19:04,200

going on this way you know they can't

444

00:19:11,510 --> 00:19:08,220

even do that no no I mean all all it

445

00:19:14,810 --> 00:19:11,520

goes back to is the UFO crowd wants UFOs

446

00:19:17,270 --> 00:19:14,820

for Christmas or whatever and and you

447

00:19:21,230 --> 00:19:17,280

know it's such a broken it's such a

448

00:19:23,510 --> 00:19:21,240

broken way to create any kind of uh a

449

00:19:26,270 --> 00:19:23,520

solid discussion it has absolutely

450

00:19:28,010 --> 00:19:26,280

nothing to do with with the points and

451

00:19:29,690 --> 00:19:28,020

they're you know

452

00:19:32,270 --> 00:19:29,700

as we can get into with some of these

453

00:19:34,730 --> 00:19:32,280

articles that you know there is the the

454

00:19:38,450 --> 00:19:34,740

common rebuttal like oh it's all a

455

00:19:42,950 --> 00:19:38,460

mirage that's supposed to hide our our

456

00:19:44,029 --> 00:19:42,960

confidential aircraft right and and that

457

00:19:47,029 --> 00:19:44,039

is

458

00:19:49,130 --> 00:19:47,039

that's a convenient reality for

459

00:19:51,590 --> 00:19:49,140

certainly some of these cases you know

460

00:19:53,510 --> 00:19:51,600

what I mean but it doesn't explain the

461

00:19:54,950 --> 00:19:53,520

history of it and we all know that you

462

00:19:57,310 --> 00:19:54,960

know if you look at the history of the

463

00:20:00,950 --> 00:19:57,320

cases you know we did not have

464

00:20:03,650 --> 00:20:00,960

anti-gravity flying triangles in 1949 we

465

00:20:06,529 --> 00:20:03,660

just didn't right we did not have like

466

00:20:10,730 --> 00:20:06,539

the capability to have like you know

467

00:20:13,970 --> 00:20:10,740

plasma shielded you know like craft like

468

00:20:16,310 --> 00:20:13,980

flying information over Washington DC in

469

00:20:18,110 --> 00:20:16,320

1952 we just didn't you know what I mean

470

00:20:20,510 --> 00:20:18,120

like these were things that we did not

471

00:20:22,070 --> 00:20:20,520

have the capability for

472

00:20:23,930 --> 00:20:22,080

um you know with no you know flight

473

00:20:25,730 --> 00:20:23,940

surfaces or means of propulsion

474

00:20:28,490 --> 00:20:25,740

noticeable immune propulsion all these

475

00:20:30,350 --> 00:20:28,500

kinds of situations right so you know I

476

00:20:33,169 --> 00:20:30,360

I know you know we're preaching to the

477

00:20:37,070 --> 00:20:33,179

choir here but it's it's it's really

478

00:20:38,750 --> 00:20:37,080

important to to remind folks that the

479

00:20:41,450 --> 00:20:38,760

history the history of this field is

480

00:20:45,169 --> 00:20:41,460

vast and that people are not doing their

481

00:20:47,150 --> 00:20:45,179

due diligence even after after the 60

482

00:20:50,210 --> 00:20:47,160

Minutes piece even after the New York

483

00:20:52,070 --> 00:20:50,220

piece New Yorker piece even after the

484

00:20:54,049 --> 00:20:52,080

series that Leslie and Ralph and Helene

485

00:20:55,310 --> 00:20:54,059

Cooper did for the New York Times even

486

00:20:57,470 --> 00:20:55,320

after

487

00:20:59,930 --> 00:20:57,480

um you know Politico you know Brian

488

00:21:01,789 --> 00:20:59,940

Bender's uh news organization I mean

489

00:21:04,190 --> 00:21:01,799

it's not his but it works there

490

00:21:07,610 --> 00:21:04,200

um you know their follow-up reporting on

491

00:21:10,190 --> 00:21:07,620

on Leslie and Ralph's uh work and you

492

00:21:12,350 --> 00:21:10,200

know it's it it boggles the minds that

493

00:21:14,650 --> 00:21:12,360

after all of that you know they're just

494

00:21:17,450 --> 00:21:14,660

going to try to hit their certain people

495

00:21:20,210 --> 00:21:17,460

within the media that are going to try

496

00:21:22,370 --> 00:21:20,220

to hit the refresh button and act as if

497

00:21:25,070 --> 00:21:22,380

you know

498

00:21:27,169 --> 00:21:25,080

that that the history of this of this

499

00:21:29,630 --> 00:21:27,179

field only goes back to 2004 or

500

00:21:32,570 --> 00:21:29,640

something like that right and it's you

501
00:21:35,029 --> 00:21:32,580
know a lie it's a horrible and there's

502
00:21:37,730 --> 00:21:35,039
no excuse because at this point it's

503
00:21:41,270 --> 00:21:37,740
just incredibly lazy to not find more

504
00:21:43,250 --> 00:21:41,280
information on uaps you know one of the

505
00:21:44,169 --> 00:21:43,260
things that that we have an issue with

506
00:21:47,330 --> 00:21:44,179
today

507
00:21:51,409 --> 00:21:47,340
and I think it's a real issue is the

508
00:21:54,529 --> 00:21:51,419
mixing of UAP in drones right you know

509
00:21:56,570 --> 00:21:54,539
now people are seeing something and they

510
00:21:59,750 --> 00:21:56,580
don't know what it is so the go-to is a

511
00:22:03,169 --> 00:21:59,760
drone right right when there's UAP stuff

512
00:22:06,529 --> 00:22:03,179
too but even at that level even if it is

513
00:22:09,230 --> 00:22:06,539

like let's just pretend that all these

514

00:22:11,330 --> 00:22:09,240

incidents we heard about are drones how

515

00:22:13,909 --> 00:22:11,340

is that not a story how do you not want

516

00:22:16,130 --> 00:22:13,919

to find out more about that for instance

517

00:22:18,950 --> 00:22:16,140

like this Tom Rogan piece in the

518

00:22:21,049 --> 00:22:18,960

Washington examiner unidentified your

519

00:22:24,169 --> 00:22:21,059

own sighted flying over U.S government

520

00:22:27,289 --> 00:22:24,179

nuclear labs like if they did any

521

00:22:30,850 --> 00:22:27,299

research if this douchebag did any

522

00:22:34,070 --> 00:22:30,860

research over at the post he would find

523

00:22:37,610 --> 00:22:34,080

Jenkins would find that this same exact

524

00:22:40,669 --> 00:22:37,620

thing has happened since the late 40s at

525

00:22:42,950 --> 00:22:40,679

Los Alamos and I don't mean like oh you

526

00:22:45,110 --> 00:22:42,960

got one report of a guy saw a light and

527

00:22:47,810 --> 00:22:45,120

that was about it you know no that it

528

00:22:50,090 --> 00:22:47,820

happened for years over Los Alamos then

529

00:22:53,330 --> 00:22:50,100

you take it in the 60s over melstrom Air

530

00:22:56,930 --> 00:22:53,340

Force Base uh Minot Air Force Base

531

00:22:59,090 --> 00:22:56,940

um Cheyenne or Warren Air Force Base all

532

00:23:01,010 --> 00:22:59,100

over the place over this nuclear stuff

533

00:23:04,010 --> 00:23:01,020

and whether you think it's drones or not

534

00:23:06,950 --> 00:23:04,020

that is a story a good journalist would

535

00:23:10,730 --> 00:23:06,960

go after because guess what if it is a

536

00:23:13,310 --> 00:23:10,740

drone and they drop some sort of bomb on

537

00:23:15,529 --> 00:23:13,320

our nuclear stuff that is a huge story

538

00:23:17,330 --> 00:23:15,539

with Clues all over the place right now

539

00:23:19,430 --> 00:23:17,340

that that could happen and you're not

540

00:23:21,770 --> 00:23:19,440

doing anything about it you're not

541

00:23:24,770 --> 00:23:21,780

reporting it to the public you're just

542

00:23:28,010 --> 00:23:24,780

being lazy and and making fun of people

543

00:23:30,590 --> 00:23:28,020

who uh believe in aliens you know yeah

544

00:23:33,169 --> 00:23:30,600

yeah it's like they're for almost like

545

00:23:35,210 --> 00:23:33,179

they're afraid of the truth yeah now

546

00:23:37,010 --> 00:23:35,220

getting into I'm glad you brought up the

547

00:23:39,289 --> 00:23:37,020

Washington examiner article do you mind

548

00:23:41,510 --> 00:23:39,299

if I just pull out a couple quotes from

549

00:23:46,190 --> 00:23:41,520

it to read or it's just yeah so to catch

550

00:23:47,390 --> 00:23:46,200

people up okay so so okay so right here

551
00:23:49,909 --> 00:23:47,400
that you know we have the headline

552
00:23:52,789 --> 00:23:49,919
unidentified drones cited flying over

553
00:23:54,649 --> 00:23:52,799
U.S government nuclear Labs

554
00:23:56,630 --> 00:23:54,659
um and Freedom of Information Act

555
00:23:58,070 --> 00:23:56,640
request by the net Washington examiner

556
00:24:00,289 --> 00:23:58,080
have returned four reports of

557
00:24:02,930 --> 00:24:00,299
unidentified Airborne vehicle intrusions

558
00:24:06,470 --> 00:24:02,940
that sensitive U.S government nuclear

559
00:24:09,110 --> 00:24:06,480
Laboratories between March 8 2018 and

560
00:24:11,570 --> 00:24:09,120
April 2021. in each case security

561
00:24:14,029 --> 00:24:11,580
officers failed to identify the operator

562
00:24:16,730 --> 00:24:14,039
of these apparent vehicles or their

563
00:24:19,669 --> 00:24:16,740

intent they failed to identify making

564

00:24:22,070 --> 00:24:19,679

them unidentified the reports bear

565

00:24:24,409 --> 00:24:22,080

attention for two reasons it says first

566

00:24:27,110 --> 00:24:24,419

they raise the possibility of hostile

567

00:24:28,909 --> 00:24:27,120

foreign Espionage targeting sensitive

568

00:24:30,950 --> 00:24:28,919

U.S government research like you were

569

00:24:33,230 --> 00:24:30,960

saying Sean such Espionage would

570

00:24:35,510 --> 00:24:33,240

feasibly offer significant military or

571

00:24:37,430 --> 00:24:35,520

technological value as events by

572

00:24:39,830 --> 00:24:37,440

Lawrence Livermore National laboratory's

573

00:24:42,230 --> 00:24:39,840

recent successful Fusion ignition

574

00:24:43,549 --> 00:24:42,240

experiment now that's a really really

575

00:24:47,230 --> 00:24:43,559

key point

576
00:24:50,210 --> 00:24:47,240
see three of these apparent you know

577
00:24:52,850 --> 00:24:50,220
sightings in the last few years happened

578
00:24:56,029 --> 00:24:52,860
at happened over Larry Livermore

579
00:24:58,250 --> 00:24:56,039
National Laboratory which is where um

580
00:25:01,669 --> 00:24:58,260
that recent nuclear fusion breakthrough

581
00:25:04,190 --> 00:25:01,679
was announced right and it these and

582
00:25:06,470 --> 00:25:04,200
these and these sightings happened while

583
00:25:09,529 --> 00:25:06,480
Larry Livermore laboratory National

584
00:25:11,930 --> 00:25:09,539
Laboratories a very classified you know

585
00:25:13,909 --> 00:25:11,940
National Laboratory was working on

586
00:25:17,810 --> 00:25:13,919
nuclear fusion

587
00:25:20,029 --> 00:25:17,820
right okay so that's fascinating for all

588
00:25:22,310 --> 00:25:20,039

sorts of different reasons right you

589

00:25:23,930 --> 00:25:22,320

know I mean a you know how much does

590

00:25:26,090 --> 00:25:23,940

this fall in line with what we've heard

591

00:25:28,669 --> 00:25:26,100

from people like Robert Salas and others

592

00:25:32,630 --> 00:25:28,679

with regard to and Hastings and others

593

00:25:34,310 --> 00:25:32,640

with regard to how interested or even

594

00:25:36,529 --> 00:25:34,320

Omega our friend Omega point or the

595

00:25:39,769 --> 00:25:36,539

hermaphic penetrator with regard to both

596

00:25:42,890 --> 00:25:39,779

nuclear baiting and the interest of of

597

00:25:45,169 --> 00:25:42,900

UAP in general with our nuclear

598

00:25:49,549 --> 00:25:45,179

facilities our nuclear capabilities and

599

00:25:52,669 --> 00:25:49,559

tracking nuclear movements right so who

600

00:25:55,730 --> 00:25:52,679

knew about this nuclear fusion project

601
00:25:58,010 --> 00:25:55,740
happening you know like what that should

602
00:25:59,930 --> 00:25:58,020
be a huge story because the nuclear

603
00:26:03,049 --> 00:25:59,940
fusion breakthrough was one of the

604
00:26:05,810 --> 00:26:03,059
biggest stories of last year and last

605
00:26:07,669 --> 00:26:05,820
but right and and one of the biggest

606
00:26:09,529 --> 00:26:07,679
science stories

607
00:26:12,169 --> 00:26:09,539
um in years right people had been

608
00:26:14,390 --> 00:26:12,179
working definitely for decades decades

609
00:26:16,210 --> 00:26:14,400
they've been working on it and so the

610
00:26:18,590 --> 00:26:16,220
idea that that would have that that

611
00:26:20,149 --> 00:26:18,600
experiment and that breakthrough would

612
00:26:22,850 --> 00:26:20,159
have been compromised and would have

613
00:26:23,930 --> 00:26:22,860

been tracked in a surveillance way for

614

00:26:27,110 --> 00:26:23,940

years

615

00:26:30,470 --> 00:26:27,120

isn't that a huge story it really is

616

00:26:32,390 --> 00:26:30,480

right and Tom Rogan God bless him he did

617

00:26:36,230 --> 00:26:32,400

a great job covering it but he's only

618

00:26:38,269 --> 00:26:36,240

one guy you know right like and and the

619

00:26:41,590 --> 00:26:38,279

frustrating part is

620

00:26:42,289 --> 00:26:41,600

about this stuff is you got that other

621

00:26:43,310 --> 00:26:42,299

[Music]

622

00:26:46,549 --> 00:26:43,320

um

623

00:26:49,190 --> 00:26:46,559

that other dude uh Barnes over at New

624

00:26:51,590 --> 00:26:49,200

York Times writes writes his little uh

625

00:26:56,210 --> 00:26:51,600

piece on the UAP report that never came

626

00:26:59,390 --> 00:26:56,220

out from his confidential DOD source

627

00:27:01,850 --> 00:26:59,400

you know and I can't even count probably

628

00:27:04,130 --> 00:27:01,860

on two hands how many other papers

629

00:27:07,190 --> 00:27:04,140

picked up that story and basically copy

630

00:27:09,529 --> 00:27:07,200

and pasted it on the on their yeah on

631

00:27:13,430 --> 00:27:09,539

their site you know meanwhile like

632

00:27:16,730 --> 00:27:13,440

reality is here presented by Tom Rogan

633

00:27:17,870 --> 00:27:16,740

right right and one picks it up not one

634

00:27:20,269 --> 00:27:17,880

other paper

635

00:27:22,669 --> 00:27:20,279

right or what online website or whatever

636

00:27:25,190 --> 00:27:22,679

picks up his story and copy and paste it

637

00:27:27,710 --> 00:27:25,200

on the on their stuff you know like

638

00:27:31,130 --> 00:27:27,720

there's something really off

639

00:27:33,049 --> 00:27:31,140

about this that's like pissed me off the

640

00:27:35,750 --> 00:27:33,059

more I think about it you know yeah

641

00:27:36,470 --> 00:27:35,760

again and yeah right keep going I'm

642

00:27:40,070 --> 00:27:36,480

sorry

643

00:27:42,769 --> 00:27:40,080

well it it just like to me you know what

644

00:27:45,529 --> 00:27:42,779

are our facts our facts are the the main

645

00:27:48,950 --> 00:27:45,539

the bigger issue the outlets that are

646

00:27:53,029 --> 00:27:48,960

writing about this right uh hit pieces

647

00:27:54,710 --> 00:27:53,039

you know otherwise it's nothing so to to

648

00:27:56,870 --> 00:27:54,720

me

649

00:27:59,090 --> 00:27:56,880

you know and I hate to say this but

650

00:28:01,730 --> 00:27:59,100

there there has to be

651
00:28:03,350 --> 00:28:01,740
there absolutely has to be some sort of

652
00:28:05,450 --> 00:28:03,360
government

653
00:28:08,390 --> 00:28:05,460
um influence over these people over

654
00:28:11,870 --> 00:28:08,400
these Outlets these media outlets and is

655
00:28:13,250 --> 00:28:11,880
telling them either not to do it or

656
00:28:16,430 --> 00:28:13,260
something

657
00:28:18,529 --> 00:28:16,440
well I mean at the at a very very basic

658
00:28:21,529 --> 00:28:18,539
level I a I agree with you completely

659
00:28:24,529 --> 00:28:21,539
and be at a very basic level you know a

660
00:28:27,049 --> 00:28:24,539
lot of the bigger media organizations in

661
00:28:30,169 --> 00:28:27,059
the United States and even abroad other

662
00:28:33,769 --> 00:28:30,179
other world news situations you know

663
00:28:36,350 --> 00:28:33,779

they're either directly funded by the

664

00:28:39,769 --> 00:28:36,360

government like the BBC even in the UK

665

00:28:42,529 --> 00:28:39,779

for example or you know many Russian

666

00:28:44,870 --> 00:28:42,539

news Services many Ukrainian many all

667

00:28:45,649 --> 00:28:44,880

over you know in in each country and

668

00:28:49,310 --> 00:28:45,659

then

669

00:28:52,010 --> 00:28:49,320

also on top of that you know papers like

670

00:28:53,990 --> 00:28:52,020

the New York Times for example

671

00:28:56,210 --> 00:28:54,000

um you know which I read almost every

672

00:28:57,950 --> 00:28:56,220

day you know regardless of whether I

673

00:29:01,549 --> 00:28:57,960

agree with some of their articles or not

674

00:29:05,510 --> 00:29:01,559

you know I read it out of habit and you

675

00:29:07,669 --> 00:29:05,520

know it papers like that do check in and

676

00:29:10,090 --> 00:29:07,679

they and they'll State very clearly that

677

00:29:13,850 --> 00:29:10,100

they'll they'll check with Washington

678

00:29:16,010 --> 00:29:13,860

with regard to whether uh something is

679

00:29:19,250 --> 00:29:16,020

confidential or not or whether something

680

00:29:22,130 --> 00:29:19,260

you know what I mean and so if there is

681

00:29:24,710 --> 00:29:22,140

like a plausible reason

682

00:29:27,169 --> 00:29:24,720

you know for this to have happened you

683

00:29:30,049 --> 00:29:27,179

know like Leslie and Ralph were working

684

00:29:33,350 --> 00:29:30,059

with Helene Cooper and Helene Cooper is

685

00:29:36,169 --> 00:29:33,360

is is is strongly tied to to Washington

686

00:29:38,330 --> 00:29:36,179

DC and the Pentagon and so you know

687

00:29:40,850 --> 00:29:38,340

there was a lot of kind of go-betweening

688

00:29:43,850 --> 00:29:40,860

there in terms of like being able to get

689

00:29:46,490 --> 00:29:43,860

that initial story out right right and

690

00:29:49,250 --> 00:29:46,500

and so this could very much fall into a

691

00:29:51,230 --> 00:29:49,260

situation where even if there wasn't a

692

00:29:52,789 --> 00:29:51,240

continuation of project Mockingbird

693

00:29:54,889 --> 00:29:52,799

which we should probably go into a

694

00:29:58,549 --> 00:29:54,899

little bit but even if there wasn't that

695

00:30:02,029 --> 00:29:58,559

and there almost certainly is then then

696

00:30:04,430 --> 00:30:02,039

you also have the kind of more revealed

697

00:30:06,470 --> 00:30:04,440

aspect where news media organizations

698

00:30:07,789 --> 00:30:06,480

say well we don't we wouldn't publish

699

00:30:10,850 --> 00:30:07,799

anything that would compromise National

700

00:30:12,590 --> 00:30:10,860

Security right but what's the you know

701
00:30:14,630 --> 00:30:12,600
where does that stop like where does

702
00:30:17,029 --> 00:30:14,640
that line stop is it a is it a black

703
00:30:18,710 --> 00:30:17,039
line or is it a big gray area and it

704
00:30:21,649 --> 00:30:18,720
certainly seems like it's probably a big

705
00:30:24,169 --> 00:30:21,659
gray area it's definitely a bunch of

706
00:30:26,269 --> 00:30:24,179
because all they do is

707
00:30:28,250 --> 00:30:26,279
threaten National Security with the way

708
00:30:31,190 --> 00:30:28,260
that they get people at each other's

709
00:30:35,210 --> 00:30:31,200
throats you know all they do is take the

710
00:30:37,190 --> 00:30:35,220
most uh salacious drama line they can

711
00:30:39,350 --> 00:30:37,200
find from any politician throw it out

712
00:30:41,269 --> 00:30:39,360
there on the news and get people angry

713
00:30:43,430 --> 00:30:41,279

because they want more people to come

714

00:30:45,409 --> 00:30:43,440

out and vote and how do you get them to

715

00:30:49,730 --> 00:30:45,419

do that is make them as emotional about

716

00:30:52,669 --> 00:30:49,740

it as possible sure you know and that is

717

00:30:54,430 --> 00:30:52,679

harming National Security

718

00:30:58,010 --> 00:30:54,440

yeah yeah

719

00:30:59,389 --> 00:30:58,020

but I I yeah I agree I was watching I

720

00:31:03,350 --> 00:30:59,399

was watching this real this new

721

00:31:06,830 --> 00:31:03,360

documentary on HBO uh called this place

722

00:31:09,590 --> 00:31:06,840

rules and um and it was run by this kind

723

00:31:10,970 --> 00:31:09,600

of this young kind of gen z uh group

724

00:31:14,090 --> 00:31:10,980

called Channel they call themselves

725

00:31:16,850 --> 00:31:14,100

channel five and they were basically

726

00:31:18,649 --> 00:31:16,860

um running right into

727

00:31:22,070 --> 00:31:18,659

um so many of the protests that were

728

00:31:24,230 --> 00:31:22,080

happening in 2020 and 2021

729

00:31:26,750 --> 00:31:24,240

and even before that

730

00:31:28,789 --> 00:31:26,760

um like Charlottesville for example and

731

00:31:31,730 --> 00:31:28,799

so like black lives matter protests and

732

00:31:32,990 --> 00:31:31,740

and uh proud boys protest all these

733

00:31:34,909 --> 00:31:33,000

different kind of situations where

734

00:31:36,649 --> 00:31:34,919

people were out in the streets either

735

00:31:39,169 --> 00:31:36,659

yelling at each other or like actively

736

00:31:41,750 --> 00:31:39,179

fighting with each other right and they

737

00:31:45,649 --> 00:31:41,760

were covering it you know almost like

738

00:31:47,750 --> 00:31:45,659

um gen Z kind of like uh like uh

739

00:31:49,789 --> 00:31:47,760

irresponsible War reporters or something

740

00:31:52,850 --> 00:31:49,799

like this in a way and it comes across

741

00:31:55,250 --> 00:31:52,860

that way right and yeah all gas no

742

00:31:57,590 --> 00:31:55,260

breaks Victor you know thanks Victor and

743

00:31:59,330 --> 00:31:57,600

uh they started as all gas no breaks and

744

00:32:01,430 --> 00:31:59,340

then they moved to what's called channel

745

00:32:02,750 --> 00:32:01,440

five right and the thing is is that when

746

00:32:07,070 --> 00:32:02,760

you watch this documentary it's like

747

00:32:08,630 --> 00:32:07,080

holy you know the amount of of you know

748

00:32:10,250 --> 00:32:08,640

when you're talking about what you're

749

00:32:14,330 --> 00:32:10,260

talking about is very real in terms of

750

00:32:17,450 --> 00:32:14,340

like how spun up people got and continue

751
00:32:19,370 --> 00:32:17,460
to get and you know what that does in

752
00:32:20,870 --> 00:32:19,380
terms of you know people being online

753
00:32:23,570 --> 00:32:20,880
people being out in the streets and

754
00:32:26,210 --> 00:32:23,580
whatnot and and

755
00:32:27,830 --> 00:32:26,220
you know there's there's a lot of

756
00:32:31,490 --> 00:32:27,840
you know there's a lot of blame to throw

757
00:32:33,889 --> 00:32:31,500
around at all sides of of you know the

758
00:32:35,210 --> 00:32:33,899
public discourse with regard to to those

759
00:32:39,169 --> 00:32:35,220
topics for sure

760
00:32:40,850 --> 00:32:39,179
yeah um no it's yeah I guess like

761
00:32:43,250 --> 00:32:40,860
my point is

762
00:32:45,830 --> 00:32:43,260
that you know which also really doesn't

763
00:32:47,570 --> 00:32:45,840

make sense but uh it just seems like you

764

00:32:51,110 --> 00:32:47,580

know the media has some sort of agenda

765

00:32:55,010 --> 00:32:51,120

and it's uh partisan-based getting their

766

00:32:57,529 --> 00:32:55,020

party to win you know whoever it is

767

00:33:01,250 --> 00:32:57,539

um because it doesn't release it doesn't

768

00:33:03,049 --> 00:33:01,260

seem like it's about ratings really or

769

00:33:04,430 --> 00:33:03,059

getting more people to watch right

770

00:33:06,889 --> 00:33:04,440

because

771

00:33:09,230 --> 00:33:06,899

if it was CNN would have probably been

772

00:33:13,149 --> 00:33:09,240

nicer to Trump because their ratings

773

00:33:15,289 --> 00:33:13,159

just got really bad during that old time

774

00:33:18,470 --> 00:33:15,299

yeah so

775

00:33:20,149 --> 00:33:18,480

like in UFOs you talk about UFOs that's

776

00:33:22,909 --> 00:33:20,159

some of the most popular stuff that

777

00:33:24,710 --> 00:33:22,919

people talk about like uh like you know

778

00:33:26,269 --> 00:33:24,720

like Ross called our releases a

779

00:33:29,690 --> 00:33:26,279

documentary that things like their most

780

00:33:32,409 --> 00:33:29,700

played video on their whole YouTube

781

00:33:35,269 --> 00:33:32,419

channel you know for that news station

782

00:33:36,950 --> 00:33:35,279

uh Ralph Blumenthal and Lizzie Kane like

783

00:33:38,870 --> 00:33:36,960

they released their story that was like

784

00:33:41,210 --> 00:33:38,880

the most viewed piece for for a very

785

00:33:44,630 --> 00:33:41,220

long time and it's because it it's

786

00:33:47,870 --> 00:33:44,640

genuinely interesting and there is truth

787

00:33:50,029 --> 00:33:47,880

to it you know so why wouldn't they

788

00:33:52,610 --> 00:33:50,039

cover something like that you know if it

789

00:33:55,490 --> 00:33:52,620

gets that much interest it just makes no

790

00:33:57,649 --> 00:33:55,500

sense to me I don't know but thankfully

791

00:34:00,230 --> 00:33:57,659

we have brave people like uh Christopher

792

00:34:02,029 --> 00:34:00,240

melon and you know like Ryan Graves who

793

00:34:05,590 --> 00:34:02,039

actually like

794

00:34:08,089 --> 00:34:05,600

um you know still work on this

795

00:34:12,770 --> 00:34:08,099

regardless you know and that kind of

796

00:34:14,930 --> 00:34:12,780

brings me to I guess the next sure um

797

00:34:16,730 --> 00:34:14,940

pieces of news that were that were

798

00:34:18,470 --> 00:34:16,740

brought out

799

00:34:21,230 --> 00:34:18,480

well let me

800

00:34:25,930 --> 00:34:21,240

get this done the right away

801
00:34:33,169 --> 00:34:30,230
oh that's the examiner one uh let's see

802
00:34:42,950 --> 00:34:37,389
so

803
00:34:44,990 --> 00:34:42,960
it like

804
00:34:46,369 --> 00:34:45,000
there's quite a setup for Holman Jenkins

805
00:34:49,010 --> 00:34:46,379
right because these next two articles

806
00:34:51,829 --> 00:34:49,020
are kind of uh you know

807
00:34:54,530 --> 00:34:51,839
kind of an Fu towards Mr Jenkins right

808
00:34:56,149 --> 00:34:54,540
that they wrote this up but

809
00:34:58,849 --> 00:34:56,159
um Christopher melons I I really

810
00:35:01,070 --> 00:34:58,859
appreciate it it was interesting how he

811
00:35:02,930 --> 00:35:01,080
actually brings in the Wilson Davis

812
00:35:05,329 --> 00:35:02,940
notes a little bit and talks about how

813
00:35:08,690 --> 00:35:05,339

you brought in Eric Davis to brief folks

814

00:35:10,390 --> 00:35:08,700

on uh the material that may very well be

815

00:35:13,970 --> 00:35:10,400

extraterrestrial

816

00:35:15,890 --> 00:35:13,980

and you know and he said this once

817

00:35:18,650 --> 00:35:15,900

before that that kind of fits the facts

818

00:35:20,990 --> 00:35:18,660

the most which is very interesting but

819

00:35:23,270 --> 00:35:21,000

um you know he does a great job of

820

00:35:25,010 --> 00:35:23,280

outlining the reality of the situation

821

00:35:26,870 --> 00:35:25,020

how it you know this Jenkins guy and

822

00:35:28,970 --> 00:35:26,880

what he's doing just isn't fair based in

823

00:35:32,810 --> 00:35:28,980

reality but

824

00:35:35,630 --> 00:35:32,820

yep now yeah and maybe I'll pull out a

825

00:35:38,150 --> 00:35:35,640

couple lines um from Christopher melon's

826

00:35:41,270 --> 00:35:38,160

uh piece so that we can kind of address

827

00:35:43,550 --> 00:35:41,280

them directly yeah sorry sure so setting

828

00:35:45,349 --> 00:35:43,560

the record straight so uh intro here he

829

00:35:46,730 --> 00:35:45,359

says I'm writing I'm not going to do the

830

00:35:49,730 --> 00:35:46,740

voice it's better with the voice but I'm

831

00:35:51,470 --> 00:35:49,740

not going to do the voice uh I'm writing

832

00:35:54,290 --> 00:35:51,480

to correct the record after a series of

833

00:35:55,910 --> 00:35:54,300

misleading articles on the UAP issue by

834

00:35:57,950 --> 00:35:55,920

Holman Jenkins Jr of the Wall Street

835

00:36:01,069 --> 00:35:57,960

Journal specifically I want to correct

836

00:36:02,990 --> 00:36:01,079

Mr Jenkins assertion that quote the UFO

837

00:36:05,030 --> 00:36:03,000

commotion has largely been sustained by

838

00:36:07,609 --> 00:36:05,040

the U.S defense establishment

839

00:36:09,589 --> 00:36:07,619

unquote as well as his suggestion that

840

00:36:11,870 --> 00:36:09,599

interest in the UAP issue is the result

841

00:36:14,030 --> 00:36:11,880

of quote intelligence officials who

842

00:36:16,730 --> 00:36:14,040

think their job includes promoting false

843

00:36:18,349 --> 00:36:16,740

and tendentious information to the

844

00:36:21,710 --> 00:36:18,359

American public for their own purposes

845

00:36:24,050 --> 00:36:21,720

unquote his claim that DOD has recently

846

00:36:26,990 --> 00:36:24,060

found conventional explanations for most

847

00:36:29,990 --> 00:36:27,000

of the hundreds of UAP reported by U.S

848

00:36:32,390 --> 00:36:30,000

military personnel is also dubious

849

00:36:34,849 --> 00:36:32,400

he goes on to say first of all it is not

850

00:36:36,530 --> 00:36:34,859

clear to me what commotion Mr Jenkins is

851
00:36:39,530 --> 00:36:36,540
referring to since the American Pub

852
00:36:41,810 --> 00:36:39,540
press as of late been observing a near

853
00:36:44,210 --> 00:36:41,820
Total Blackout on coverage of the UAP

854
00:36:46,930 --> 00:36:44,220
issue for example last week President

855
00:36:49,609 --> 00:36:46,940
Biden signed into law unprecedented

856
00:36:52,430 --> 00:36:49,619
unprecedented legislation regarding UAP

857
00:36:54,530 --> 00:36:52,440
that could conceivably reveal proof of

858
00:36:57,050 --> 00:36:54,540
an extraterrestrial presence on Earth

859
00:36:59,810 --> 00:36:57,060
yet not a word of this incredible

860
00:37:02,150 --> 00:36:59,820
bipartisan effort has been reported by

861
00:37:05,089 --> 00:37:02,160
any of America's leading networks or

862
00:37:07,609 --> 00:37:05,099
newspapers so to begin with there is if

863
00:37:10,970 --> 00:37:07,619

anything a lack of UAP press coverage

864

00:37:13,550 --> 00:37:10,980

rather than a surplus of it right um

865

00:37:15,609 --> 00:37:13,560

right in fact the most UAP coverage is

866

00:37:19,370 --> 00:37:15,619

coming from Holman Jenkins

867

00:37:22,130 --> 00:37:19,380

and Julian Barnes right yeah and and so

868

00:37:24,109 --> 00:37:22,140

he goes on to say uh one of the things

869

00:37:26,150 --> 00:37:24,119

that most concerned me about recent

870

00:37:29,210 --> 00:37:26,160

press coverage of the UAP issue is that

871

00:37:32,930 --> 00:37:29,220

neither Mr Jenkins nor Mr Barnes nor Mr

872

00:37:35,569 --> 00:37:32,940

shostak of seti uh seem to have done any

873

00:37:38,690 --> 00:37:35,579

serious UAP research before publishing

874

00:37:40,790 --> 00:37:38,700

their bold claims in that regard I

875

00:37:42,950 --> 00:37:40,800

contacted a number of military personnel

876

00:37:46,069 --> 00:37:42,960

involved in the Nimitz incident and

877

00:37:48,050 --> 00:37:46,079

other prominent military UAP cases and

878

00:37:51,770 --> 00:37:48,060

learned that none had been interviewed

879

00:37:54,470 --> 00:37:51,780

by Mr Jenkins Mr Barnes or Mr shostak

880

00:37:57,109 --> 00:37:54,480

this is a glaring Omission since their

881

00:38:00,349 --> 00:37:57,119

testimony forms the basis for congress

882

00:38:02,150 --> 00:38:00,359

recent deep engagement on the issue also

883

00:38:04,490 --> 00:38:02,160

some of these cases are responsible for

884

00:38:07,069 --> 00:38:04,500

the perception that some UAP are not of

885

00:38:08,750 --> 00:38:07,079

human manufacture the failure to

886

00:38:11,329 --> 00:38:08,760

interview these important military

887

00:38:13,310 --> 00:38:11,339

Witnesses is also a major oversight

888

00:38:16,310 --> 00:38:13,320

because some of their accounts provide

889

00:38:19,190 --> 00:38:16,320

valid reasons to believe some UAP

890

00:38:21,650 --> 00:38:19,200

incidents involve technology that may

891

00:38:25,010 --> 00:38:21,660

not be of human origin

892

00:38:27,829 --> 00:38:25,020

he goes on there but you know and and by

893

00:38:31,130 --> 00:38:27,839

underlining cases in France Brazil Chile

894

00:38:34,310 --> 00:38:31,140

Russia uh all over the place right

895

00:38:37,069 --> 00:38:34,320

um he goes back to 1970 he goes he and

896

00:38:41,150 --> 00:38:37,079

then he does an exhaustive uh kind of

897

00:38:44,210 --> 00:38:41,160

blow by blow of 1917 through to through

898

00:38:45,530 --> 00:38:44,220

2022. and then at the end he says

899

00:38:47,270 --> 00:38:45,540

hopefully we can all at least

900

00:38:49,130 --> 00:38:47,280

acknowledge the vital importance of

901
00:38:52,670 --> 00:38:49,140
investigating the source of so many

902
00:38:54,829 --> 00:38:52,680
worrisome violations of U.S airspace in

903
00:38:56,930 --> 00:38:54,839
the meantime I urge reporters to do the

904
00:38:59,150 --> 00:38:56,940
serious homework that Jenkins Barnes and

905
00:39:02,150 --> 00:38:59,160
shostak have not which involves

906
00:39:04,550 --> 00:39:02,160
reviewing historic UAP documentation and

907
00:39:07,130 --> 00:39:04,560
research materials talking to Leading

908
00:39:09,349 --> 00:39:07,140
UAP researchers and above all

909
00:39:11,349 --> 00:39:09,359
interviewing the U.S military personnel

910
00:39:13,190 --> 00:39:11,359
who have encountered these vehicles

911
00:39:16,310 --> 00:39:13,200
climbing this mountain of UAP

912
00:39:18,710 --> 00:39:16,320
information is not difficult it just

913
00:39:20,510 --> 00:39:18,720

takes a bit of time and effort I hope a

914

00:39:22,310 --> 00:39:20,520

few serious journalists will make the

915

00:39:24,470 --> 00:39:22,320

effort because the view from the top is

916

00:39:27,470 --> 00:39:24,480

incredibly fascinating and the American

917

00:39:29,810 --> 00:39:27,480

people deserve informed analysis what do

918

00:39:31,790 --> 00:39:29,820

you think about that John uh I would I

919

00:39:34,750 --> 00:39:31,800

would agree with that especially having

920

00:39:38,810 --> 00:39:34,760

you know had to

921

00:39:41,270 --> 00:39:38,820

I had to learn all the historical cases

922

00:39:43,370 --> 00:39:41,280

and you know what this really looked

923

00:39:44,990 --> 00:39:43,380

like over the course of uh you know 70

924

00:39:46,670 --> 00:39:45,000

years which at first can be daunting

925

00:39:49,190 --> 00:39:46,680

this is 70 years where do you start

926

00:39:52,250 --> 00:39:49,200

right so that's why I went to the the

927

00:39:54,470 --> 00:39:52,260

blue book reports you know so I could

928

00:39:57,349 --> 00:39:54,480

get it in the government it's so hard to

929

00:39:59,930 --> 00:39:57,359

trust anything in the UFO world to be

930

00:40:02,690 --> 00:39:59,940

quite Frank you know because it is

931

00:40:05,329 --> 00:40:02,700

filled with there are some drones and

932

00:40:07,730 --> 00:40:05,339

there are some UAP and there are some

933

00:40:10,490 --> 00:40:07,740

people who just want to make money in

934

00:40:11,990 --> 00:40:10,500

there which is really difficult to begin

935

00:40:13,430 --> 00:40:12,000

with here which is kind of weird but

936

00:40:15,109 --> 00:40:13,440

there are some people that just want

937

00:40:17,990 --> 00:40:15,119

attention there are some people that

938

00:40:20,750 --> 00:40:18,000

just want drama there are all sorts of

939

00:40:22,609 --> 00:40:20,760

things happening in the UFO Community or

940

00:40:26,150 --> 00:40:22,619

sure I hate that term but you know the

941

00:40:28,910 --> 00:40:26,160

UFO world so how can you

942

00:40:31,670 --> 00:40:28,920

how can you do that well if you look at

943

00:40:33,890 --> 00:40:31,680

Blue Book cases like even if they didn't

944

00:40:37,190 --> 00:40:33,900

do their job and they were bad at it

945

00:40:40,430 --> 00:40:37,200

it's still in their words so if you can

946

00:40:43,010 --> 00:40:40,440

find any you know semblance of Truth

947

00:40:45,770 --> 00:40:43,020

it's gonna be from the government's own

948

00:40:48,530 --> 00:40:45,780

words who investigated this and even

949

00:40:51,250 --> 00:40:48,540

though they discounted so many sightings

950

00:40:55,370 --> 00:40:51,260

there are so many

951
00:40:58,250 --> 00:40:55,380
pilot encounters where there's radar and

952
00:41:00,589 --> 00:40:58,260
visual sightings that are chalked up to

953
00:41:04,089 --> 00:41:00,599
anomalous propagation in a visual

954
00:41:06,710 --> 00:41:04,099
sighting of Venus completely

955
00:41:08,390 --> 00:41:06,720
completely disrespecting these Pilots

956
00:41:10,490 --> 00:41:08,400
you know and we're not talking about

957
00:41:13,010 --> 00:41:10,500
first-time Flyers either man we're

958
00:41:14,450 --> 00:41:13,020
talking about all sorts of David fravers

959
00:41:16,730 --> 00:41:14,460
we're talking about reports written up

960
00:41:18,530 --> 00:41:16,740
by sometimes four star generals right

961
00:41:21,710 --> 00:41:18,540
like

962
00:41:23,870 --> 00:41:21,720
and you look at what happens you just

963
00:41:27,050 --> 00:41:23,880

look at what happens what the testimony

964

00:41:28,849 --> 00:41:27,060

was and what happened which is recorded

965

00:41:31,370 --> 00:41:28,859

accurately

966

00:41:33,890 --> 00:41:31,380

I should I should say well seemingly

967

00:41:36,250 --> 00:41:33,900

from the U.S Air Force what's

968

00:41:38,870 --> 00:41:36,260

happens after that

969

00:41:42,710 --> 00:41:38,880

the what does this mean what are the

970

00:41:45,710 --> 00:41:42,720

implications what could this be is a

971

00:41:48,589 --> 00:41:45,720

completely a dropped ball you know but

972

00:41:51,230 --> 00:41:48,599

from reading the testimony in the

973

00:41:53,030 --> 00:41:51,240

documents you clearly find out that this

974

00:41:56,810 --> 00:41:53,040

is a very real thing that's been

975

00:41:58,569 --> 00:41:56,820

happening for a very long time that the

976
00:42:01,609 --> 00:41:58,579
government has

977
00:42:05,030 --> 00:42:01,619
continuously not been transparent to the

978
00:42:10,670 --> 00:42:05,040
American people on the situation at all

979
00:42:13,310 --> 00:42:10,680
you know and they kept the whole time

980
00:42:16,010 --> 00:42:13,320
you know that no one wanted to deal with

981
00:42:17,510 --> 00:42:16,020
it because they don't know how to you

982
00:42:20,329 --> 00:42:17,520
know right

983
00:42:22,370 --> 00:42:20,339
well and I think that yeah and I think

984
00:42:25,010 --> 00:42:22,380
you know there are

985
00:42:26,930 --> 00:42:25,020
it's it seems like that there are some

986
00:42:28,490 --> 00:42:26,940
reporters that are that have like some

987
00:42:30,650 --> 00:42:28,500
personal investment in the game and then

988
00:42:32,810 --> 00:42:30,660

there's everybody else and I think part

989

00:42:36,589 --> 00:42:32,820

of it and I think and I think part of it

990

00:42:38,329 --> 00:42:36,599

is leftover stigma I think part of it is

991

00:42:40,550 --> 00:42:38,339

people trying to read the tea leaves

992

00:42:44,710 --> 00:42:40,560

where it's like even if

993

00:42:48,650 --> 00:42:44,720

even if they're not directly influenced

994

00:42:50,990 --> 00:42:48,660

by you know like Pentagon attaches or or

995

00:42:53,089 --> 00:42:51,000

go-betweens or whatever or any of this

996

00:42:55,730 --> 00:42:53,099

kind of like possible leftover project

997

00:42:58,250 --> 00:42:55,740

Mockingbird stuff you know that there's

998

00:43:00,410 --> 00:42:58,260

also the idea that a lot of people

999

00:43:03,410 --> 00:43:00,420

writing for media organizations these

1000

00:43:05,870 --> 00:43:03,420

days are like wildly underpaid super

1001
00:43:07,550 --> 00:43:05,880
stressed out just trying to make ends

1002
00:43:09,349 --> 00:43:07,560
meet and then they're trying to figure

1003
00:43:12,470 --> 00:43:09,359
out like what's acceptable or not

1004
00:43:14,930 --> 00:43:12,480
because you know they're like and and

1005
00:43:16,790 --> 00:43:14,940
that's another thing to to bring into

1006
00:43:18,290 --> 00:43:16,800
this is that you know when when we're

1007
00:43:19,609 --> 00:43:18,300
talking about the media and stuff like

1008
00:43:23,210 --> 00:43:19,619
that you're dealing a lot of the time

1009
00:43:25,309 --> 00:43:23,220
with like writers and producers that are

1010
00:43:27,349 --> 00:43:25,319
just you know that are that are

1011
00:43:29,630 --> 00:43:27,359
providing material that they're being

1012
00:43:32,329 --> 00:43:29,640
led to do in a lot of ways by hires up

1013
00:43:33,890 --> 00:43:32,339

you know higher higher up people editors

1014

00:43:35,990 --> 00:43:33,900

and stuff like this or you know they're

1015

00:43:37,609 --> 00:43:36,000

doing their own thing and then they

1016

00:43:39,650 --> 00:43:37,619

realize that they're getting that

1017

00:43:41,030 --> 00:43:39,660

they're getting um rejected you know

1018

00:43:42,589 --> 00:43:41,040

their articles are getting rejected

1019

00:43:44,390 --> 00:43:42,599

because it's not the tone that people

1020

00:43:46,550 --> 00:43:44,400

want it's not the story that somebody

1021

00:43:48,589 --> 00:43:46,560

wants months it's not the topic that

1022

00:43:50,630 --> 00:43:48,599

somebody wants and so you know there's

1023

00:43:52,670 --> 00:43:50,640

the there's also this portion where it's

1024

00:43:55,609 --> 00:43:52,680

like okay you're talking about somebody

1025

00:43:58,130 --> 00:43:55,619

a writer that might make forty thousand

1026
00:44:00,589 --> 00:43:58,140
dollars a year you know what I mean or

1027
00:44:02,630 --> 00:44:00,599
whatever New York City yeah right you

1028
00:44:04,609 --> 00:44:02,640
know and then or fifty thousand dollars

1029
00:44:06,170 --> 00:44:04,619
in New York City where which is you know

1030
00:44:10,069 --> 00:44:06,180
the most expensive city in the country

1031
00:44:12,349 --> 00:44:10,079
right now and um and then they have to

1032
00:44:14,210 --> 00:44:12,359
sit there and they have to justify they

1033
00:44:16,430 --> 00:44:14,220
have to justify their career on a daily

1034
00:44:18,050 --> 00:44:16,440
or weekly basis right yeah and what are

1035
00:44:21,109 --> 00:44:18,060
you gonna do like try to write a story

1036
00:44:23,990 --> 00:44:21,119
about UFOs or you know

1037
00:44:26,930 --> 00:44:24,000
um the latest thing that you know some

1038
00:44:29,030 --> 00:44:26,940

politician said that was salacious you

1039

00:44:30,589 --> 00:44:29,040

know yeah or whatever Elon Musk is doing

1040

00:44:32,930 --> 00:44:30,599

that day or whatever the heck you know

1041

00:44:35,990 --> 00:44:32,940

right any of these things right exactly

1042

00:44:39,470 --> 00:44:36,000

and so you know I get I get it to a

1043

00:44:41,809 --> 00:44:39,480

degree why there aren't more people

1044

00:44:43,370 --> 00:44:41,819

tackling the issue however at the same

1045

00:44:45,230 --> 00:44:43,380

time you know

1046

00:44:46,309 --> 00:44:45,240

you and I and folks in the chat and the

1047

00:44:48,710 --> 00:44:46,319

people watching this in the future

1048

00:44:52,250 --> 00:44:48,720

certainly will know that that whoever

1049

00:44:53,630 --> 00:44:52,260

tackles this job well is going to be on

1050

00:44:56,270 --> 00:44:53,640

the right side of history and they're

1051
00:44:59,450 --> 00:44:56,280
going to be covering the biggest one of

1052
00:45:01,490 --> 00:44:59,460
the biggest stories to ever happen

1053
00:45:03,650 --> 00:45:01,500
um which is you know the life

1054
00:45:06,230 --> 00:45:03,660
intelligent life beyond our species

1055
00:45:08,750 --> 00:45:06,240
right and this is the way that happens

1056
00:45:10,849 --> 00:45:08,760
right this goes beyond

1057
00:45:14,930 --> 00:45:10,859
um the media too though right like this

1058
00:45:18,550 --> 00:45:14,940
is kind of how avilo describes

1059
00:45:21,109 --> 00:45:18,560
scientists these days too right like

1060
00:45:22,730 --> 00:45:21,119
they're trying to make a living too are

1061
00:45:24,530 --> 00:45:22,740
they going to go out and try to research

1062
00:45:27,530 --> 00:45:24,540
the phenomenon get funding for that or

1063
00:45:30,770 --> 00:45:27,540

are they going to try to you know

1064

00:45:33,770 --> 00:45:30,780

um create the next stint that works

1065

00:45:36,050 --> 00:45:33,780

better than the last one you know or

1066

00:45:38,569 --> 00:45:36,060

there's

1067

00:45:40,670 --> 00:45:38,579

but like at some point we have to take

1068

00:45:43,910 --> 00:45:40,680

risks right we can't just absolutely

1069

00:45:46,970 --> 00:45:43,920

keep absolutely can't just keep

1070

00:45:49,010 --> 00:45:46,980

accepting the status quo

1071

00:45:51,050 --> 00:45:49,020

because it's comfortable right when does

1072

00:45:52,490 --> 00:45:51,060

growth ever come from Comfort never

1073

00:45:54,770 --> 00:45:52,500

right

1074

00:45:56,930 --> 00:45:54,780

you have to step out there and take a

1075

00:46:00,170 --> 00:45:56,940

risk like this is a risk for me this is

1076

00:46:02,210 --> 00:46:00,180

a risk for you like I'm lucky enough to

1077

00:46:06,829 --> 00:46:02,220

have a very small

1078

00:46:10,370 --> 00:46:06,839

company where I can you know pay for uh

1079

00:46:12,470 --> 00:46:10,380

an old used car in a cheap house you

1080

00:46:15,050 --> 00:46:12,480

know but

1081

00:46:16,970 --> 00:46:15,060

that this company is not like super

1082

00:46:18,950 --> 00:46:16,980

successful to where it's like oh I'm

1083

00:46:21,650 --> 00:46:18,960

good you know whatever like I'm barely

1084

00:46:23,809 --> 00:46:21,660

making ends meet with it and at any day

1085

00:46:25,970 --> 00:46:23,819

it could probably just be like oh that's

1086

00:46:28,670 --> 00:46:25,980

not working anymore now I have to go get

1087

00:46:30,770 --> 00:46:28,680

a job you know what people do when they

1088

00:46:31,910 --> 00:46:30,780

hire people they look them up and what

1089

00:46:34,010 --> 00:46:31,920

are they going to find they're going to

1090

00:46:36,410 --> 00:46:34,020

find all this stuff right are they gonna

1091

00:46:38,569 --> 00:46:36,420

you know there's still stigma out there

1092

00:46:41,030 --> 00:46:38,579

right like this is a risk for everybody

1093

00:46:42,890 --> 00:46:41,040

but I'm doing it anyways because I

1094

00:46:48,130 --> 00:46:42,900

believe in it and because I've had my

1095

00:46:50,329 --> 00:46:48,140

own experience 100 100 and I don't mind

1096

00:46:53,630 --> 00:46:50,339

sitting down

1097

00:46:56,030 --> 00:46:53,640

you know while you know Congress and the

1098

00:46:58,490 --> 00:46:56,040

military talk about the physical objects

1099

00:47:00,530 --> 00:46:58,500

that these Pilots are seeing and dealing

1100

00:47:03,710 --> 00:47:00,540

with it that way in their secured areas

1101
00:47:05,930 --> 00:47:03,720
fine do that if you have to you know

1102
00:47:08,470 --> 00:47:05,940
right ignore all the people like me and

1103
00:47:11,809 --> 00:47:08,480
you that have had it really emotionally

1104
00:47:13,790 --> 00:47:11,819
rocking experiences if you have to do

1105
00:47:15,770 --> 00:47:13,800
that but now they're not even doing that

1106
00:47:20,150 --> 00:47:15,780
you know they're just ignoring it

1107
00:47:23,870 --> 00:47:20,160
completely which is like if you don't

1108
00:47:27,230 --> 00:47:23,880
yeah so you know I

1109
00:47:31,069 --> 00:47:27,240
what what do you what's the point

1110
00:47:32,930 --> 00:47:31,079
you know like if you can't take risks in

1111
00:47:35,510 --> 00:47:32,940
life if you can't go after something

1112
00:47:36,530 --> 00:47:35,520
bigger than yourself then like what are

1113
00:47:39,530 --> 00:47:36,540

you doing

1114

00:47:42,410 --> 00:47:39,540

well yeah and and along those lines it's

1115

00:47:45,349 --> 00:47:42,420

like you know what you know why did

1116

00:47:48,230 --> 00:47:45,359

people get into uh investigative

1117

00:47:52,550 --> 00:47:48,240

journalism in the first place if not to

1118

00:47:55,010 --> 00:47:52,560

if not to break huge stories right and

1119

00:47:56,750 --> 00:47:55,020

and how do you break huge stories by

1120

00:47:59,150 --> 00:47:56,760

going against the grain a little bit

1121

00:48:01,370 --> 00:47:59,160

sometimes you know what I mean do do you

1122

00:48:04,010 --> 00:48:01,380

want to be yet another person you know

1123

00:48:06,349 --> 00:48:04,020

covering you know covid or congress in

1124

00:48:08,150 --> 00:48:06,359

the exact same way as everybody else or

1125

00:48:11,690 --> 00:48:08,160

do you want to break break into some new

1126
00:48:13,069 --> 00:48:11,700
terrain right yeah and and uh you know

1127
00:48:16,790 --> 00:48:13,079
there's a lot of people that don't want

1128
00:48:19,370 --> 00:48:16,800
to do that and and um it's unfortunate

1129
00:48:20,569 --> 00:48:19,380
but you know then then then there are

1130
00:48:23,690 --> 00:48:20,579
the independence Then There Are People

1131
00:48:25,910 --> 00:48:23,700
Like Us and you know then and

1132
00:48:27,530 --> 00:48:25,920
you know we'll do the best we can you

1133
00:48:29,510 --> 00:48:27,540
know and it takes it does take I mean

1134
00:48:31,010 --> 00:48:29,520
one thing that I do understand and one

1135
00:48:32,450 --> 00:48:31,020
thing that you know melon was bringing

1136
00:48:35,150 --> 00:48:32,460
up in that article that we just covered

1137
00:48:37,370 --> 00:48:35,160
is that you know it doesn't take

1138
00:48:39,550 --> 00:48:37,380

very long for you to know that there's a

1139

00:48:42,770 --> 00:48:39,560

there right

1140

00:48:45,650 --> 00:48:42,780

and then at the same time you know once

1141

00:48:48,470 --> 00:48:45,660

you go into once you've get into

1142

00:48:51,290 --> 00:48:48,480

studying this stuff you know it's vast

1143

00:48:53,990 --> 00:48:51,300

it goes on forever and like you know I'm

1144

00:48:55,609 --> 00:48:54,000

one of my New Year's resolutions is to

1145

00:48:57,589 --> 00:48:55,619

do more reading this year than I did

1146

00:49:00,730 --> 00:48:57,599

last year and you know what I mean and

1147

00:49:03,589 --> 00:49:00,740

like 90 of my reading is somehow

1148

00:49:05,329 --> 00:49:03,599

tangentially you know refers back to

1149

00:49:08,690 --> 00:49:05,339

this field in one way shape or form or

1150

00:49:11,870 --> 00:49:08,700

another sure right yeah and and um and

1151
00:49:15,230 --> 00:49:11,880
and I uh and that you know maybe that'll

1152
00:49:16,849 --> 00:49:15,240
be part of my 2024 resolution to myself

1153
00:49:19,130 --> 00:49:16,859
you know what I mean that I need to get

1154
00:49:21,290 --> 00:49:19,140
back to some Don delillo or whatever but

1155
00:49:23,690 --> 00:49:21,300
like uh but you know for the time being

1156
00:49:25,609 --> 00:49:23,700
you know we've got like Kelly Chase's

1157
00:49:28,430 --> 00:49:25,619
UFO Rabbit Hole I'm reading this week

1158
00:49:30,530 --> 00:49:28,440
and Forbidden Science 2 by Jacques filet

1159
00:49:33,290 --> 00:49:30,540
right and Joshua kutchen thieves in the

1160
00:49:35,870 --> 00:49:33,300
night on on the history of supernatural

1161
00:49:37,670 --> 00:49:35,880
child abductions you know like you know

1162
00:49:39,230 --> 00:49:37,680
you can start with the blue book files

1163
00:49:40,970 --> 00:49:39,240

like you're talking about and then it

1164

00:49:43,250 --> 00:49:40,980

just goes and goes and goes because

1165

00:49:45,770 --> 00:49:43,260

that's your there there and then

1166

00:49:49,309 --> 00:49:45,780

you'll find it that there's something to

1167

00:49:51,470 --> 00:49:49,319

this at that point and where it goes

1168

00:49:55,910 --> 00:49:51,480

from there is like how you describe it's

1169

00:49:58,190 --> 00:49:55,920

so fast and can be a very daunting to be

1170

00:49:59,990 --> 00:49:58,200

quite Frank because there still is no

1171

00:50:02,270 --> 00:50:00,000

even though there's all this literature

1172

00:50:05,750 --> 00:50:02,280

on it there is still no

1173

00:50:07,670 --> 00:50:05,760

you know there's no physical object that

1174

00:50:09,710 --> 00:50:07,680

you can hold in your hand to prove that

1175

00:50:12,589 --> 00:50:09,720

whatever Theory or whatever idea you're

1176

00:50:14,630 --> 00:50:12,599

thinking of is the right one you know so

1177

00:50:16,130 --> 00:50:14,640

it's daunting because you're like spend

1178

00:50:19,609 --> 00:50:16,140

all this time looking at all this stuff

1179

00:50:21,470 --> 00:50:19,619

and like what am I even gonna learn as

1180

00:50:25,970 --> 00:50:21,480

Truth at the end of the day you know

1181

00:50:28,910 --> 00:50:25,980

it's it's it's really uh complicated so

1182

00:50:32,510 --> 00:50:28,920

but there is once you learn there's a

1183

00:50:35,690 --> 00:50:32,520

there there you know like it's worth

1184

00:50:39,470 --> 00:50:35,700

fighting for it's it's worth searching

1185

00:50:41,750 --> 00:50:39,480

out it's absolutely trying to find truth

1186

00:50:44,750 --> 00:50:41,760

absolutely it's

1187

00:50:48,589 --> 00:50:44,760

not it's not easy but the first step is

1188

00:50:50,630 --> 00:50:48,599

yeah to to put in just a right amount of

1189

00:50:52,790 --> 00:50:50,640

work to know that people and experience

1190

00:50:56,510 --> 00:50:52,800

people and professional people have been

1191

00:50:59,630 --> 00:50:56,520

going through this for at least

1192

00:51:02,150 --> 00:50:59,640

seven years which I think has probably

1193

00:51:03,230 --> 00:51:02,160

been since we existed here to be honest

1194

00:51:05,450 --> 00:51:03,240

but

1195

00:51:07,670 --> 00:51:05,460

you know as as far as people can be

1196

00:51:09,230 --> 00:51:07,680

comfortable with that's documented you

1197

00:51:11,450 --> 00:51:09,240

can say 70 years

1198

00:51:14,809 --> 00:51:11,460

you know documented by the government at

1199

00:51:16,849 --> 00:51:14,819

least so and where you go from there is

1200

00:51:19,970 --> 00:51:16,859

is whatever but

1201

00:51:23,150 --> 00:51:19,980

you know yeah so and it's frustrating to

1202

00:51:26,390 --> 00:51:23,160

people like Ryan Graves yeah there we go

1203

00:51:28,370 --> 00:51:26,400

yeah and and this is this is another

1204

00:51:30,730 --> 00:51:28,380

article that just came out

1205

00:51:34,130 --> 00:51:30,740

um it was published on on New Year's Eve

1206

00:51:36,950 --> 00:51:34,140

uh I think Ryan I don't want to misspeak

1207

00:51:40,250 --> 00:51:36,960

for Ryan but I believe that Ryan

1208

00:51:42,950 --> 00:51:40,260

first looked to get this published in

1209

00:51:45,770 --> 00:51:42,960

the Wall Street Journal before yeah as a

1210

00:51:49,250 --> 00:51:45,780

response to to Holman Jenkins article

1211

00:51:50,809 --> 00:51:49,260

before getting published in the debrief

1212

00:51:51,710 --> 00:51:50,819

um and

1213

00:51:54,530 --> 00:51:51,720

and

1214

00:51:57,170 --> 00:51:54,540

um it's funny because like I actually I

1215

00:51:58,609 --> 00:51:57,180

um I had dinner with Micah Hanks a

1216

00:52:02,510 --> 00:51:58,619

couple weeks ago

1217

00:52:03,349 --> 00:52:02,520

um me and James did actually and um and

1218

00:52:06,650 --> 00:52:03,359

uh

1219

00:52:08,150 --> 00:52:06,660

and um and he was talking one of the

1220

00:52:10,730 --> 00:52:08,160

things that he was talking about is

1221

00:52:13,790 --> 00:52:10,740

hemming and hawing about whether they

1222

00:52:15,589 --> 00:52:13,800

like like how much op-ed stuff they

1223

00:52:17,329 --> 00:52:15,599

should be doing on the debrief and then

1224

00:52:19,549 --> 00:52:17,339

he turns around and like five days later

1225

00:52:21,170 --> 00:52:19,559

he's got this great op-ed from from Ryan

1226
00:52:22,609 --> 00:52:21,180
grave so I was really happy to see that

1227
00:52:24,470 --> 00:52:22,619
and so

1228
00:52:25,690 --> 00:52:24,480
shout out to Michael Hanks for doing the

1229
00:52:28,250 --> 00:52:25,700
right thing

1230
00:52:30,109 --> 00:52:28,260
he needs an outlet he's been through

1231
00:52:32,690 --> 00:52:30,119
this experience he's working his butt

1232
00:52:34,730 --> 00:52:32,700
off to try to do something about it and

1233
00:52:36,829 --> 00:52:34,740
you know puts a lot of thought and it's

1234
00:52:39,770 --> 00:52:36,839
really well written

1235
00:52:42,890 --> 00:52:39,780
um and Wall Street Journal just craps on

1236
00:52:45,049 --> 00:52:42,900
the whole topic and doesn't even get the

1237
00:52:48,829 --> 00:52:45,059
person who put his life on the line for

1238
00:52:51,290 --> 00:52:48,839

our country the opportunity to respond

1239

00:52:54,650 --> 00:52:51,300

that's right this person is going out

1240

00:52:58,849 --> 00:52:54,660

and saying I will die for you right

1241

00:53:01,190 --> 00:52:58,859

I will die for you yeah and in return

1242

00:53:03,710 --> 00:53:01,200

they they won't you know post a little

1243

00:53:06,650 --> 00:53:03,720

article about him just uh giving a

1244

00:53:09,829 --> 00:53:06,660

rebuttal to somebody that did not say

1245

00:53:12,290 --> 00:53:09,839

you would die for them yeah

1246

00:53:14,750 --> 00:53:12,300

and that's just so disrespectful to me

1247

00:53:17,450 --> 00:53:14,760

and and disgusting so thankfully there's

1248

00:53:19,910 --> 00:53:17,460

something like debrief who you know I

1249

00:53:22,910 --> 00:53:19,920

was able to put this on their side

1250

00:53:26,870 --> 00:53:22,920

absolutely absolutely and you know these

1251
00:53:30,370 --> 00:53:26,880
and this unfortunately or unfortunately

1252
00:53:32,870 --> 00:53:30,380
this is going to be part of this story

1253
00:53:34,490 --> 00:53:32,880
in the future you know what I mean we'll

1254
00:53:37,490 --> 00:53:34,500
be able to refer back to this period of

1255
00:53:39,530 --> 00:53:37,500
time where we had where people had to go

1256
00:53:42,290 --> 00:53:39,540
to outlets like the debrief like Ralph

1257
00:53:44,630 --> 00:53:42,300
did with his experiencers article

1258
00:53:46,609 --> 00:53:44,640
um you know about 14 months back where

1259
00:53:50,329 --> 00:53:46,619
Ryan Graves had to go with this where

1260
00:53:53,030 --> 00:53:50,339
Leslie published an op-ed uh uh earlier

1261
00:53:55,250 --> 00:53:53,040
last year that uh that didn't get

1262
00:53:57,290 --> 00:53:55,260
published by the times as well and it's

1263
00:53:59,030 --> 00:53:57,300

you know it's a it's a it's a bummer

1264

00:54:01,250 --> 00:53:59,040

when you see that happen and at the same

1265

00:54:03,950 --> 00:54:01,260

time later you can point back to this

1266

00:54:05,569 --> 00:54:03,960

day you can point back to Chris millin

1267

00:54:07,730 --> 00:54:05,579

publishing this stuff on his own blog

1268

00:54:11,030 --> 00:54:07,740

you can point out Ryan Graves doing this

1269

00:54:13,309 --> 00:54:11,040

and say you know like No in fact the

1270

00:54:15,410 --> 00:54:13,319

stigma was not gone yet you know it's

1271

00:54:17,930 --> 00:54:15,420

still here and we're still in there's

1272

00:54:21,290 --> 00:54:17,940

still plenty of reason to push

1273

00:54:23,030 --> 00:54:21,300

um yeah so should I um should I read a

1274

00:54:24,430 --> 00:54:23,040

little bit from from the graves and we

1275

00:54:27,290 --> 00:54:24,440

can kind of get into that a little bit

1276

00:54:29,450 --> 00:54:27,300

yeah sure yeah we can do a little bit

1277

00:54:30,109 --> 00:54:29,460

from then okay

1278

00:54:32,750 --> 00:54:30,119

um

1279

00:54:35,270 --> 00:54:32,760

and here Ryan is picking up right where

1280

00:54:37,910 --> 00:54:35,280

we're leaving off a major barrier to our

1281

00:54:40,910 --> 00:54:37,920

understanding of unidentified anomalous

1282

00:54:43,910 --> 00:54:40,920

phenomena is not just government secrecy

1283

00:54:46,069 --> 00:54:43,920

it's stigma conspiracy theories like

1284

00:54:47,930 --> 00:54:46,079

those perpetuated by Holman Jenkins in

1285

00:54:51,049 --> 00:54:47,940

his recent Wall Street Journal columns

1286

00:54:54,349 --> 00:54:51,059

under titles like UFO mystery shouldn't

1287

00:54:56,750 --> 00:54:54,359

drag on the UFO bubble goes pop and most

1288

00:55:00,049 --> 00:54:56,760

recently and perhaps is most unhinged

1289

00:55:02,630 --> 00:55:00,059

the UFO crowd once an alien invasion for

1290

00:55:04,790 --> 00:55:02,640

Christmas only help breed the stigma

1291

00:55:07,430 --> 00:55:04,800

that hinders the very kind of scientific

1292

00:55:10,609 --> 00:55:07,440

approaches he agrees are needed to

1293

00:55:12,109 --> 00:55:10,619

resolve the UAP mystery Jenkins offers

1294

00:55:14,690 --> 00:55:12,119

the idea that maybe a secret military

1295

00:55:16,790 --> 00:55:14,700

laser program is being tested on active

1296

00:55:19,190 --> 00:55:16,800

duty pilots in mid-flight deceiving them

1297

00:55:22,010 --> 00:55:19,200

and their infrared and radar sensors

1298

00:55:24,710 --> 00:55:22,020

into observing UAP by creating plasma

1299

00:55:27,530 --> 00:55:24,720

bubbles in the air Jenkins also says the

1300

00:55:29,630 --> 00:55:27,540

dad may know exactly what they are when

1301

00:55:31,849 --> 00:55:29,640

the Department's own UAP report to

1302

00:55:33,829 --> 00:55:31,859

Congress says they do not

1303

00:55:35,870 --> 00:55:33,839

he has even gone so far as to say that

1304

00:55:37,730 --> 00:55:35,880

recent momentum on this issue is due to

1305

00:55:39,349 --> 00:55:37,740

intelligence officials who think their

1306

00:55:41,390 --> 00:55:39,359

job includes promoting false and

1307

00:55:44,030 --> 00:55:41,400

indention information to the American

1308

00:55:47,210 --> 00:55:44,040

people for their own purposes

1309

00:55:49,309 --> 00:55:47,220

um as Chris Millen pointed out and

1310

00:55:50,990 --> 00:55:49,319

um and uh Graves goes on to say I know

1311

00:55:52,430 --> 00:55:51,000

firsthand the fear of the stigma is a

1312

00:55:54,049 --> 00:55:52,440

major issue because I was the first

1313

00:55:56,870 --> 00:55:54,059

active duty pilot to come forward

1314

00:56:00,290 --> 00:55:56,880

publicly about regular sightings of UAP

1315

00:56:02,150 --> 00:56:00,300

and it was not easy I've seen mysterious

1316

00:56:03,770 --> 00:56:02,160

Targets on radar myself and have spoken

1317

00:56:06,470 --> 00:56:03,780

with pilots who have experienced near

1318

00:56:08,990 --> 00:56:06,480

misses with mysterious objects off the

1319

00:56:11,630 --> 00:56:09,000

Eastern Seaboard which prompted unsafe

1320

00:56:13,849 --> 00:56:11,640

evasive actions and mandatory safety

1321

00:56:17,809 --> 00:56:13,859

reports I spoke out about these

1322

00:56:19,849 --> 00:56:17,819

incidents publicly in 2019 at Great risk

1323

00:56:21,890 --> 00:56:19,859

both to me personally and to my

1324

00:56:22,970 --> 00:56:21,900

profession because nothing was being

1325

00:56:26,089 --> 00:56:22,980

done

1326

00:56:28,730 --> 00:56:26,099

and he and he goes on to make a bunch of

1327

00:56:32,329 --> 00:56:28,740

great points uh here

1328

00:56:34,430 --> 00:56:32,339

um yeah and um and again he he followed

1329

00:56:36,109 --> 00:56:34,440

at the very end he says most of all we

1330

00:56:38,390 --> 00:56:36,119

should not contribute to the stigma that

1331

00:56:40,549 --> 00:56:38,400

is historically impeded scientific UAP

1332

00:56:42,770 --> 00:56:40,559

research and hindered efforts to obtain

1333

00:56:45,349 --> 00:56:42,780

funding for it let's stop with the

1334

00:56:47,450 --> 00:56:45,359

speculation set aside the stigma and

1335

00:56:49,430 --> 00:56:47,460

make the investment in science to get

1336

00:56:52,010 --> 00:56:49,440

the data required to answer these

1337

00:56:53,329 --> 00:56:52,020

critical questions and I couldn't I

1338

00:56:56,210 --> 00:56:53,339

couldn't agree with him more what do you

1339

00:56:59,030 --> 00:56:56,220

think Sean yeah yeah you know and it

1340

00:57:01,250 --> 00:56:59,040

makes me what what it makes me think of

1341

00:57:03,710 --> 00:57:01,260

is

1342

00:57:06,410 --> 00:57:03,720

the only people that are having a hard

1343

00:57:08,809 --> 00:57:06,420

time separating the word aliens in UAP

1344

00:57:11,150 --> 00:57:08,819

are people like Holman Jenkins

1345

00:57:12,950 --> 00:57:11,160

right and Julian Barnes nobody else is

1346

00:57:15,109 --> 00:57:12,960

really having like you know there's a

1347

00:57:17,690 --> 00:57:15,119

lot of different types of people but you

1348

00:57:19,309 --> 00:57:17,700

know like I'm I'm invested in this and I

1349

00:57:21,230 --> 00:57:19,319

have no problem leaving the word an

1350

00:57:23,210 --> 00:57:21,240

alien out there and just going for the

1351
00:57:25,849 --> 00:57:23,220
truth whatever that may be and I think

1352
00:57:28,309 --> 00:57:25,859
there's various different truths some

1353
00:57:31,730 --> 00:57:28,319
probably are laser bubble plasmas

1354
00:57:35,170 --> 00:57:31,740
because that does exist but there's also

1355
00:57:38,150 --> 00:57:35,180
Chinese drones there's also genuine

1356
00:57:40,190 --> 00:57:38,160
unexplainable UAP

1357
00:57:41,270 --> 00:57:40,200
you know and that's what everybody's

1358
00:57:43,609 --> 00:57:41,280
here for

1359
00:57:45,770 --> 00:57:43,619
is for that like what is it explain it

1360
00:57:48,109 --> 00:57:45,780
to me tell me as much as you can about

1361
00:57:49,670 --> 00:57:48,119
it now is it unrealistic to expect that

1362
00:57:52,370 --> 00:57:49,680
from the government I guess they're

1363
00:57:54,829 --> 00:57:52,380

proving us you know to us that yeah it

1364

00:57:56,990 --> 00:57:54,839

is unrealistic and even from the media

1365

00:57:58,690 --> 00:57:57,000

at this point but

1366

00:58:00,950 --> 00:57:58,700

you know they're totally Mis

1367

00:58:03,230 --> 00:58:00,960

mischaracterizing the whole thing you

1368

00:58:05,349 --> 00:58:03,240

know like is Holman Jenkins and Barnes

1369

00:58:07,430 --> 00:58:05,359

like

1370

00:58:09,470 --> 00:58:07,440

they're they're not

1371

00:58:11,990 --> 00:58:09,480

you know that's

1372

00:58:14,030 --> 00:58:12,000

and there's so many there's so many

1373

00:58:16,609 --> 00:58:14,040

different people involved that are

1374

00:58:18,829 --> 00:58:16,619

interested in UAP like from people like

1375

00:58:22,370 --> 00:58:18,839

Pilots like Mr Graves

1376

00:58:26,750 --> 00:58:22,380

uh who's there or Dr Loeb who are just

1377

00:58:29,329 --> 00:58:26,760

hardcore into the science and where did

1378

00:58:31,970 --> 00:58:29,339

the facts lead us you know right but

1379

00:58:33,890 --> 00:58:31,980

they're still genuinely interested in

1380

00:58:36,410 --> 00:58:33,900

the mystery because that's what it is

1381

00:58:38,930 --> 00:58:36,420

it's a genuine mystery and then there's

1382

00:58:41,150 --> 00:58:38,940

also people that you know are convinced

1383

00:58:44,089 --> 00:58:41,160

they're extraterrestrials or whatever

1384

00:58:46,789 --> 00:58:44,099

but like you have to be able to put all

1385

00:58:48,650 --> 00:58:46,799

that aside and find your reason for

1386

00:58:49,730 --> 00:58:48,660

moving forward you know whatever that

1387

00:58:51,770 --> 00:58:49,740

may be

1388

00:58:54,170 --> 00:58:51,780

you know and in Holmen Jenkins case

1389

00:58:55,490 --> 00:58:54,180

Julian Burns that should be journalistic

1390

00:58:58,970 --> 00:58:55,500

integrity

1391

00:59:00,049 --> 00:58:58,980

you know that's right but

1392

00:59:03,530 --> 00:59:00,059

um

1393

00:59:06,289 --> 00:59:03,540

yeah so I don't know I feel bad for

1394

00:59:08,690 --> 00:59:06,299

Graves like he is not alone there's so

1395

00:59:10,970 --> 00:59:08,700

many people that have gone through the

1396

00:59:12,589 --> 00:59:10,980

same thing he has that didn't come out

1397

00:59:15,829 --> 00:59:12,599

publicly or did

1398

00:59:18,049 --> 00:59:15,839

and and if probably had a tumultuous

1399

00:59:18,890 --> 00:59:18,059

life like I did this

1400

00:59:20,750 --> 00:59:18,900

um

1401

00:59:24,470 --> 00:59:20,760

this uh

1402

00:59:27,410 --> 00:59:24,480

Short episode called uh UAP on a

1403

00:59:29,990 --> 00:59:27,420

collision course I I give a few examples

1404

00:59:33,789 --> 00:59:30,000

it's good a few examples in in that one

1405

00:59:36,890 --> 00:59:33,799

but one guy it reminds me of this exact

1406

00:59:38,329 --> 00:59:36,900

freaking situation I kid you not

1407

00:59:40,190 --> 00:59:38,339

uh

1408

00:59:42,190 --> 00:59:40,200

except I think this guy was a commercial

1409

00:59:45,470 --> 00:59:42,200

pilot I forget but

1410

00:59:48,530 --> 00:59:45,480

he his sighting winds up going like in

1411

00:59:50,690 --> 00:59:48,540

the paper or something right and then uh

1412

00:59:53,329 --> 00:59:50,700

friend Colonel friend or whatever that

1413

00:59:55,789 --> 00:59:53,339

the head of blue book comes out to the

1414

00:59:59,690 --> 00:59:55,799

newspaper and tells everybody that he

1415

01:00:02,450 --> 00:59:59,700

just saw a Celestial body right and this

1416

01:00:05,569 --> 01:00:02,460

guy comes out and he has to write his

1417

01:00:07,549 --> 01:00:05,579

rebuttal to a UFO organization dude it's

1418

01:00:09,890 --> 01:00:07,559

like the same freaking thing that's

1419

01:00:12,950 --> 01:00:09,900

happening now he it's not in the times

1420

01:00:15,109 --> 01:00:12,960

it's not in the newspapers that reported

1421

01:00:17,690 --> 01:00:15,119

what the Air Force said it came from

1422

01:00:19,670 --> 01:00:17,700

this UFO organization that he had to

1423

01:00:21,049 --> 01:00:19,680

write his rebuttal to and it was

1424

01:00:24,829 --> 01:00:21,059

scathing

1425

01:00:27,589 --> 01:00:24,839

yeah you know and he went on to win a

1426

01:00:31,370 --> 01:00:27,599

master pilot award from the FAA for 50

1427

01:00:32,510 --> 01:00:31,380

years of safe flying after that yeah you

1428

01:00:36,530 --> 01:00:32,520

know

1429

01:00:38,870 --> 01:00:36,540

I mean like yeah it's wild and I mean

1430

01:00:40,630 --> 01:00:38,880

and also

1431

01:00:43,370 --> 01:00:40,640

you know this is an exceptional

1432

01:00:44,990 --> 01:00:43,380

exceptional case but you know I as I was

1433

01:00:46,250 --> 01:00:45,000

saying I've been reading Forbidden

1434

01:00:48,230 --> 01:00:46,260

Science too

1435

01:00:50,390 --> 01:00:48,240

um which is the journal it's Jacques

1436

01:00:51,890 --> 01:00:50,400

filet has published his his essentially

1437

01:00:53,089 --> 01:00:51,900

his Diaries

1438

01:00:56,990 --> 01:00:53,099

um over and over and over again and

1439

01:00:59,390 --> 01:00:57,000

volume two covers the 70s from 1970 to

1440

01:01:02,390 --> 01:00:59,400

79 and so right now like I'm reading

1441

01:01:04,789 --> 01:01:02,400

about him at like 32 years old right and

1442

01:01:08,630 --> 01:01:04,799

he's he's already got like a wild career

1443

01:01:10,670 --> 01:01:08,640

he's already been like helping build one

1444

01:01:12,230 --> 01:01:10,680

of the most advanced super computers in

1445

01:01:15,470 --> 01:01:12,240

existence at that time at Stanford

1446

01:01:17,809 --> 01:01:15,480

University and he's also you know

1447

01:01:20,510 --> 01:01:17,819

totally and you know he's known for

1448

01:01:21,710 --> 01:01:20,520

having investigated the UFO issue at

1449

01:01:23,990 --> 01:01:21,720

that time

1450

01:01:26,030 --> 01:01:24,000

um he he is known to have worked with

1451

01:01:28,130 --> 01:01:26,040

Alan heineck people are asking him all

1452

01:01:30,170 --> 01:01:28,140

the time about Alan heineck

1453

01:01:32,930 --> 01:01:30,180

um people and he was he's already

1454

01:01:34,789 --> 01:01:32,940

published you know some of his some of

1455

01:01:37,309 --> 01:01:34,799

his formative Works passports of

1456

01:01:38,809 --> 01:01:37,319

Mongolia and things like this and and

1457

01:01:40,910 --> 01:01:38,819

and and

1458

01:01:44,210 --> 01:01:40,920

and then he's getting contacted by

1459

01:01:48,470 --> 01:01:44,220

places like Rand Corporation arpa and

1460

01:01:50,990 --> 01:01:48,480

and is essentially going to be he's

1461

01:01:52,910 --> 01:01:51,000

actively working on creating the

1462

01:01:54,109 --> 01:01:52,920

internet you know what I mean right with

1463

01:01:56,390 --> 01:01:54,119

with

1464

01:01:58,370 --> 01:01:56,400

um you know a few dozen other people and

1465

01:02:00,829 --> 01:01:58,380

right now at the point that I'm at in

1466

01:02:03,170 --> 01:02:00,839

1971 they're working on putting the

1467

01:02:05,210 --> 01:02:03,180

proposal is to put a thousand terminals

1468

01:02:07,730 --> 01:02:05,220

together to to network a thousand

1469

01:02:10,069 --> 01:02:07,740

computers can you imagine that and like

1470

01:02:13,670 --> 01:02:10,079

they're kind of like you know just

1471

01:02:16,190 --> 01:02:13,680

starting the seeds and and there are two

1472

01:02:18,230 --> 01:02:16,200

terminals him and a woman that he works

1473

01:02:20,690 --> 01:02:18,240

with have terminals at each of their

1474

01:02:22,970 --> 01:02:20,700

houses that are wired through Stanford

1475

01:02:25,250 --> 01:02:22,980

and he's really excited about it because

1476

01:02:26,630 --> 01:02:25,260

they can send messages to each other via

1477

01:02:28,250 --> 01:02:26,640

Stanford and you know they're

1478

01:02:30,950 --> 01:02:28,260

essentially sending some of the world's

1479

01:02:32,950 --> 01:02:30,960

very first email messages

1480

01:02:36,770 --> 01:02:32,960

um back and forth right and it's like

1481

01:02:39,349 --> 01:02:36,780

and nobody it's not as if

1482

01:02:40,789 --> 01:02:39,359

people were like oh you study UFOs as

1483

01:02:42,950 --> 01:02:40,799

well well you can't create the internet

1484

01:02:45,770 --> 01:02:42,960

that's not allowed you know what I mean

1485

01:02:49,430 --> 01:02:45,780

like after a certain level of expertise

1486

01:02:52,069 --> 01:02:49,440

right um like nothing like stigma is

1487

01:02:55,490 --> 01:02:52,079

there because because you understand

1488

01:02:59,210 --> 01:02:55,500

that so many of the best and brightest

1489

01:03:02,030 --> 01:02:59,220

minds are idiosyncratic eccentric

1490

01:03:07,309 --> 01:03:02,040

Geniuses that are the people that

1491

01:03:09,650 --> 01:03:07,319

actually get stuff done right and and at

1492

01:03:11,990 --> 01:03:09,660

that point you know that like nobody

1493

01:03:14,089 --> 01:03:12,000

like you just let those people go or you

1494

01:03:16,010 --> 01:03:14,099

have to within reason right because

1495

01:03:17,710 --> 01:03:16,020

right how else is this stuff going to

1496

01:03:21,410 --> 01:03:17,720

work right yeah

1497

01:03:24,349 --> 01:03:21,420

yeah and like and like thank goodness

1498

01:03:26,690 --> 01:03:24,359

you know there there was there was less

1499

01:03:28,549 --> 01:03:26,700

you know according to me right here

1500

01:03:31,010 --> 01:03:28,559

there's more stigma that Jacques is

1501

01:03:33,230 --> 01:03:31,020

French you know with some people than

1502

01:03:35,030 --> 01:03:33,240

than the fact that he studies UFOs or

1503

01:03:37,370 --> 01:03:35,040

the the fact that he's really interested

1504

01:03:39,349 --> 01:03:37,380

in like you know the history theory of

1505

01:03:41,030 --> 01:03:39,359

like magic and the Occult and stuff like

1506

01:03:42,170 --> 01:03:41,040

this at this point I was like reading a

1507

01:03:43,370 --> 01:03:42,180

lot about it

1508

01:03:45,289 --> 01:03:43,380

um and that's what he's doing at night

1509

01:03:47,210 --> 01:03:45,299

and then by day he's like working on

1510

01:03:49,250 --> 01:03:47,220

creating the Internet it's awesome you

1511

01:03:50,990 --> 01:03:49,260

know what I mean yeah it's great and I

1512

01:03:54,609 --> 01:03:51,000

highly recommend it to anybody that if

1513

01:03:58,190 --> 01:03:54,619

if you're ever bummed out about about

1514

01:03:59,510 --> 01:03:58,200

the state of the world or the fact that

1515

01:04:01,010 --> 01:03:59,520

people that are interested in these

1516

01:04:03,049 --> 01:04:01,020

topics don't seem to get anywhere or

1517

01:04:04,430 --> 01:04:03,059

something like that you know I would I

1518

01:04:06,170 --> 01:04:04,440

would highly recommend checking out

1519

01:04:08,329 --> 01:04:06,180

something like this because you know you

1520

01:04:10,789 --> 01:04:08,339

can you can watch a guy like basically

1521

01:04:14,089 --> 01:04:10,799

hitting you know half court shots all

1522

01:04:16,190 --> 01:04:14,099

net like all day every day by reading

1523

01:04:19,789 --> 01:04:16,200

this stuff and it feels really good

1524

01:04:21,410 --> 01:04:19,799

yeah I definitely want to read those

1525

01:04:24,170 --> 01:04:21,420

journals because I feel like there's

1526

01:04:28,069 --> 01:04:24,180

there's a lot of history embedded in

1527

01:04:31,730 --> 01:04:28,079

those yeah and that's uh that's a step

1528

01:04:34,730 --> 01:04:31,740

that I want to take is reading that

1529

01:04:36,770 --> 01:04:34,740

stuff so yeah you know and yeah it's

1530

01:04:39,349 --> 01:04:36,780

it's like uh for a lot of the time

1531

01:04:41,870 --> 01:04:39,359

people who you know talk about UFOs or

1532

01:04:44,930 --> 01:04:41,880

whatever like the stigma is you know

1533

01:04:47,210 --> 01:04:44,940

there's the crazy uncle or whatever that

1534

01:04:49,130 --> 01:04:47,220

uh really can't keep a job or whatever

1535

01:04:51,950 --> 01:04:49,140

and you know

1536

01:04:54,710 --> 01:04:51,960

but when you have just like uh Geniuses

1537

01:04:57,230 --> 01:04:54,720

basically also invested and interested

1538

01:05:00,829 --> 01:04:57,240

in the topic you know there's a little

1539

01:05:02,510 --> 01:05:00,839

validation there so 100 so thank

1540

01:05:03,770 --> 01:05:02,520

goodness you know Valley's still with us

1541

01:05:05,990 --> 01:05:03,780

thank goodness for people like Gary

1542

01:05:08,569 --> 01:05:06,000

Nolan and all the other you know

1543

01:05:10,730 --> 01:05:08,579

Maverick scientists that either either

1544

01:05:13,490 --> 01:05:10,740

in the public-facing discourse or even

1545

01:05:16,190 --> 01:05:13,500

just behind the scenes are so actively

1546

01:05:18,230 --> 01:05:16,200

invested in this topic because you know

1547

01:05:21,950 --> 01:05:18,240

folks like that are are going to be the

1548

01:05:23,270 --> 01:05:21,960

folks that that are in in my mind really

1549

01:05:26,750 --> 01:05:23,280

the ones that are going to be able to

1550

01:05:28,670 --> 01:05:26,760

get this uh out in the light of day

1551

01:05:31,190 --> 01:05:28,680

um because I don't necessarily I don't

1552

01:05:33,230 --> 01:05:31,200

necessarily trust you know

1553

01:05:38,589 --> 01:05:33,240

um whether like what happens on Capitol

1554

01:05:43,069 --> 01:05:41,450

well I mean I just I don't you know like

1555

01:05:44,930 --> 01:05:43,079

I I mean I wouldn't want to put money on

1556

01:05:47,030 --> 01:05:44,940

it that's all I wouldn't want to put

1557

01:05:50,210 --> 01:05:47,040

money on on it on a new form of

1558

01:05:52,549 --> 01:05:50,220

legislation or or uh or transparency

1559

01:05:55,010 --> 01:05:52,559

efforts that way it's just you know it's

1560

01:05:56,690 --> 01:05:55,020

not my way yeah I had a I had a thought

1561

01:05:59,809 --> 01:05:56,700

so

1562

01:06:02,089 --> 01:05:59,819

um you know help put off came out with

1563

01:06:05,390 --> 01:06:02,099

that paper at uh the ultra terrestrial

1564

01:06:07,609 --> 01:06:05,400

paper whatever yeah and you know he's

1565

01:06:09,470 --> 01:06:07,619

going through all these different uh you

1566

01:06:10,970 --> 01:06:09,480

know options or whatever for for what

1567

01:06:12,349 --> 01:06:10,980

this stuff could be and I had this

1568

01:06:16,370 --> 01:06:12,359

thought

1569

01:06:18,829 --> 01:06:16,380

of what if whatever it is is kind of all

1570

01:06:22,430 --> 01:06:18,839

of them like what if there's one thing

1571

01:06:24,589 --> 01:06:22,440

that came here from the past

1572

01:06:27,910 --> 01:06:24,599

and lives underground and has for

1573

01:06:34,250 --> 01:06:30,950

it's totally known like one or the other

1574

01:06:36,770 --> 01:06:34,260

like it has to be E.T or Ultra

1575

01:06:39,410 --> 01:06:36,780

terrestrial or time travel well what if

1576

01:06:42,529 --> 01:06:39,420

it's all the same thing what if it's an

1577

01:06:44,690 --> 01:06:42,539

E.T that traveled back in time right

1578

01:06:46,730 --> 01:06:44,700

that came here a few thousand years ago

1579

01:06:48,349 --> 01:06:46,740

and started Living Underground

1580

01:06:50,029 --> 01:06:48,359

I think it's I think that's totally

1581

01:06:52,549 --> 01:06:50,039

possible and like it might not account

1582

01:06:54,650 --> 01:06:52,559

for every case but it could certainly

1583

01:06:56,630 --> 01:06:54,660

account for some or it could account for

1584

01:06:58,490 --> 01:06:56,640

a huge amount of them I mean I think

1585

01:07:00,529 --> 01:06:58,500

that there's something to that in that

1586

01:07:02,569 --> 01:07:00,539

you know as we've pointed out before and

1587

01:07:04,849 --> 01:07:02,579

as Ryan Graves loves to point out and

1588

01:07:07,190 --> 01:07:04,859

others as well that you know we know

1589

01:07:08,930 --> 01:07:07,200

about some of these these hot points you

1590

01:07:11,390 --> 01:07:08,940

know we know about Catalina we know

1591

01:07:13,849 --> 01:07:11,400

about you know the area to the east of

1592

01:07:15,109 --> 01:07:13,859

Virginia Beach and Miami where where he

1593

01:07:17,690 --> 01:07:15,119

was talking about off the Eastern

1594

01:07:20,930 --> 01:07:17,700

Seaboard there's an area like off of

1595

01:07:22,549 --> 01:07:20,940

Australia like and and people you know

1596

01:07:25,069 --> 01:07:22,559

people will point out these very

1597

01:07:28,309 --> 01:07:25,079

specific areas that seem to be these hot

1598

01:07:30,650 --> 01:07:28,319

zones where you know the craft can be

1599

01:07:32,329 --> 01:07:30,660

seen going trans medium and popping up

1600

01:07:34,130 --> 01:07:32,339

around the walls right makes you think

1601
01:07:35,049 --> 01:07:34,140
like come on the government has way more

1602
01:07:38,930 --> 01:07:35,059
information

1603
01:07:41,029 --> 01:07:38,940
on this you know come on like we know

1604
01:07:43,670 --> 01:07:41,039
there's these hot spots they're over

1605
01:07:46,250 --> 01:07:43,680
land like nuclear Labs or facilities

1606
01:07:48,170 --> 01:07:46,260
you'd think right they really don't have

1607
01:07:51,109 --> 01:07:48,180
more info information on this that's a

1608
01:07:52,910 --> 01:07:51,119
bunch of I'm sorry so all we're

1609
01:07:55,789 --> 01:07:52,920
all we're doing is like playing this

1610
01:07:58,069 --> 01:07:55,799
stupid game of tell me more you know

1611
01:08:00,109 --> 01:07:58,079
well maybe I will maybe I won't I don't

1612
01:08:02,750 --> 01:08:00,119
know it's so freaking ridiculous that we

1613
01:08:05,690 --> 01:08:02,760

even have to beg for a UAP report well

1614

01:08:07,849 --> 01:08:05,700

you know this is what the UAP report is

1615

01:08:09,950 --> 01:08:07,859

going to say everybody waiting for the

1616

01:08:11,690 --> 01:08:09,960

UAP report pay attention right now

1617

01:08:14,150 --> 01:08:11,700

because this is what it's going to say

1618

01:08:15,829 --> 01:08:14,160

you know and it might be a little off on

1619

01:08:18,110 --> 01:08:15,839

the numbers but this is what it's going

1620

01:08:19,669 --> 01:08:18,120

to say we've gotten several more reports

1621

01:08:23,030 --> 01:08:19,679

the stigma is down we're getting better

1622

01:08:27,590 --> 01:08:23,040

reporting we have uh 400 reports came in

1623

01:08:30,829 --> 01:08:27,600

we were able to positively identify 202.

1624

01:08:34,910 --> 01:08:30,839

um we have no evidence that they're a

1625

01:08:38,329 --> 01:08:34,920

foreign or our own and no evidence that

1626
01:08:42,169 --> 01:08:40,729
and what the UAP report is going to say

1627
01:08:44,510 --> 01:08:42,179
and we're just going to keep working on

1628
01:08:47,630 --> 01:08:44,520
it you know what I mean well yeah I

1629
01:08:49,430 --> 01:08:47,640
would imagine that that is largely what

1630
01:08:51,709 --> 01:08:49,440
what you'd find in that report or at

1631
01:08:53,870 --> 01:08:51,719
least the public-facing version of it I

1632
01:08:56,390 --> 01:08:53,880
mean I think I mean I think you know

1633
01:08:59,870 --> 01:08:56,400
what what would be great is to have

1634
01:09:01,669 --> 01:08:59,880
anything approaching what even what that

1635
01:09:04,849 --> 01:09:01,679
private version is you know what I mean

1636
01:09:08,150 --> 01:09:04,859
and because that is it's still going to

1637
01:09:11,390 --> 01:09:08,160
to to folks in Congress right and it's

1638
01:09:13,610 --> 01:09:11,400

still going and and those folks you know

1639

01:09:16,010 --> 01:09:13,620

I mean we know from many other issues

1640

01:09:18,110 --> 01:09:16,020

that folks like even the president of

1641

01:09:20,689 --> 01:09:18,120

the United States or or people in

1642

01:09:22,849 --> 01:09:20,699

Congress are trusted with only limited

1643

01:09:24,050 --> 01:09:22,859

you know classified information in

1644

01:09:26,030 --> 01:09:24,060

general

1645

01:09:28,729 --> 01:09:26,040

um up to a certain point because it's

1646

01:09:30,950 --> 01:09:28,739

seen as a revolving door where people

1647

01:09:34,610 --> 01:09:30,960

might only be in office for another 24

1648

01:09:36,410 --> 01:09:34,620

months and then you know you know how do

1649

01:09:38,390 --> 01:09:36,420

they kind of weaponize that knowledge or

1650

01:09:41,090 --> 01:09:38,400

exploit their knowledge uh to continue

1651
01:09:45,229 --> 01:09:41,100
getting work after that point right and

1652
01:09:47,749 --> 01:09:45,239
so you know there's but so in a way you

1653
01:09:49,669 --> 01:09:47,759
know even that version of the report is

1654
01:09:53,689 --> 01:09:49,679
probably going to be dumbed down quite a

1655
01:09:56,150 --> 01:09:53,699
bit right yeah yeah probably I mean

1656
01:09:57,950 --> 01:09:56,160
you know it's it's amazing to me though

1657
01:09:59,450 --> 01:09:57,960
still even like you go back to the

1658
01:10:01,729 --> 01:09:59,460
Congressional hearings and I know it

1659
01:10:03,350 --> 01:10:01,739
wasn't like uh it was kind of a dud for

1660
01:10:05,270 --> 01:10:03,360
most people or whatever

1661
01:10:07,610 --> 01:10:05,280
but you know there's there were little

1662
01:10:10,370 --> 01:10:07,620
pieces in there that you can really take

1663
01:10:11,930 --> 01:10:10,380

and run with like that video they showed

1664

01:10:13,370 --> 01:10:11,940

and really

1665

01:10:16,669 --> 01:10:13,380

struggled

1666

01:10:19,669 --> 01:10:16,679

to play you know oh yeah but eventually

1667

01:10:21,890 --> 01:10:19,679

they did and like what just went over

1668

01:10:23,689 --> 01:10:21,900

everyone's heads at least like people

1669

01:10:25,430 --> 01:10:23,699

that could possibly report on this stuff

1670

01:10:27,950 --> 01:10:25,440

was

1671

01:10:30,350 --> 01:10:27,960

Schiff asked him about the sensors that

1672

01:10:32,950 --> 01:10:30,360

picked it up and there were multiple

1673

01:10:35,630 --> 01:10:32,960

sensors and he hit that at multiple

1674

01:10:38,030 --> 01:10:35,640

unidentifieds that had multiple picks up

1675

01:10:40,910 --> 01:10:38,040

pickups on multiple sensors but we'll

1676

01:10:42,410 --> 01:10:40,920

talk to you more about that

1677

01:10:47,450 --> 01:10:42,420

in private

1678

01:10:49,070 --> 01:10:47,460

right now that's what happened like yep

1679

01:10:51,050 --> 01:10:49,080

it's like what is it what is it going to

1680

01:10:53,990 --> 01:10:51,060

take for for

1681

01:10:56,149 --> 01:10:54,000

for people to realize that uh you know

1682

01:10:57,110 --> 01:10:56,159

there's something important going on you

1683

01:10:59,570 --> 01:10:57,120

know

1684

01:11:03,110 --> 01:10:59,580

and actually press for more answers

1685

01:11:05,990 --> 01:11:03,120

because like how much do you need to

1686

01:11:08,330 --> 01:11:06,000

really be told for you to

1687

01:11:10,970 --> 01:11:08,340

like actually fight for more truth on it

1688

01:11:12,950 --> 01:11:10,980

you know it's

1689

01:11:14,750 --> 01:11:12,960

it's like what do you need like I went

1690

01:11:17,810 --> 01:11:14,760

back and and listened to like the hell

1691

01:11:20,330 --> 01:11:17,820

put off conversation at um some

1692

01:11:22,850 --> 01:11:20,340

conference where he was talking about uh

1693

01:11:26,330 --> 01:11:22,860

ASAP and all this stuff and talked about

1694

01:11:29,270 --> 01:11:26,340

his meta material I went back from this

1695

01:11:31,490 --> 01:11:29,280

Lou Elizondo conversation uh from like

1696

01:11:34,010 --> 01:11:31,500

three years ago or something and I'm

1697

01:11:36,470 --> 01:11:34,020

listening to all this and

1698

01:11:38,450 --> 01:11:36,480

you know like

1699

01:11:40,550 --> 01:11:38,460

even though I've heard it before like my

1700

01:11:42,950 --> 01:11:40,560

jaw was kind of dropping like

1701

01:11:48,649 --> 01:11:42,960

I can't believe that they're saying all

1702

01:11:51,770 --> 01:11:48,659

this stuff publicly right you know and

1703

01:11:54,290 --> 01:11:51,780

nobody cares

1704

01:11:56,030 --> 01:11:54,300

right you know and they're they're not

1705

01:11:58,790 --> 01:11:56,040

like

1706

01:12:02,090 --> 01:11:58,800

we just know there's no reason for them

1707

01:12:06,350 --> 01:12:02,100

to lie about it like neither of them are

1708

01:12:08,149 --> 01:12:06,360

making money off of lying about UFOs you

1709

01:12:10,930 --> 01:12:08,159

know neither of us

1710

01:12:14,090 --> 01:12:10,940

and they have real jobs

1711

01:12:17,090 --> 01:12:14,100

for you know space force or whatever

1712

01:12:20,330 --> 01:12:17,100

hell this is is you know put in plenty

1713

01:12:22,790 --> 01:12:20,340

of his work yeah plenty of time in like

1714

01:12:24,590 --> 01:12:22,800

they're just you just watch it and you

1715

01:12:27,350 --> 01:12:24,600

just know they're they're just telling

1716

01:12:29,090 --> 01:12:27,360

you how it is they're not making you

1717

01:12:30,590 --> 01:12:29,100

know and it's it's just like I can't

1718

01:12:33,130 --> 01:12:30,600

believe that they're saying this stuff

1719

01:12:35,750 --> 01:12:33,140

and nobody gives a yeah

1720

01:12:37,669 --> 01:12:35,760

I mean I mean some people do I think

1721

01:12:39,830 --> 01:12:37,679

we're just right you know what I mean

1722

01:12:41,810 --> 01:12:39,840

yeah no but I know exactly what you mean

1723

01:12:44,930 --> 01:12:41,820

and I think we're just gonna we're

1724

01:12:46,970 --> 01:12:44,940

you know I I we're gonna have to keep

1725

01:12:49,370 --> 01:12:46,980

watching and keep doing our best to push

1726

01:12:51,530 --> 01:12:49,380

push the conversation forward you know

1727

01:12:54,830 --> 01:12:51,540

in the months and the years ahead

1728

01:12:56,410 --> 01:12:54,840

um because you know these to me these

1729

01:12:59,689 --> 01:12:56,420

are the most

1730

01:13:01,310 --> 01:12:59,699

liberating and interesting and and

1731

01:13:04,070 --> 01:13:01,320

Brilliant questions that we could be

1732

01:13:06,590 --> 01:13:04,080

asking you know like what you know what

1733

01:13:10,130 --> 01:13:06,600

are the boundaries of our reality like

1734

01:13:11,149 --> 01:13:10,140

like where are we really like are we the

1735

01:13:13,490 --> 01:13:11,159

smartest

1736

01:13:15,649 --> 01:13:13,500

you know or more most advanced species

1737

01:13:18,709 --> 01:13:15,659

that that's out there and I think a lot

1738

01:13:20,810 --> 01:13:18,719

of us are kind of secretly hoping uh

1739

01:13:23,570 --> 01:13:20,820

that we're not because we could really

1740

01:13:25,669 --> 01:13:23,580

use some help you know what I mean

1741

01:13:27,709 --> 01:13:25,679

and then you know and then that gets

1742

01:13:30,050 --> 01:13:27,719

into the the very Richard Dolan like

1743

01:13:31,850 --> 01:13:30,060

questions of like you know are they good

1744

01:13:33,590 --> 01:13:31,860

are they bad what are they and all these

1745

01:13:35,689 --> 01:13:33,600

other questions right and like there's

1746

01:13:37,669 --> 01:13:35,699

it's just there are so many questions

1747

01:13:39,169 --> 01:13:37,679

that start to happen as soon as you keep

1748

01:13:42,169 --> 01:13:39,179

going down this road

1749

01:13:46,070 --> 01:13:42,179

and and you know eventually

1750

01:13:48,729 --> 01:13:46,080

eventually hopefully we get the history

1751
01:13:51,350 --> 01:13:48,739
book from whatever you know whatever

1752
01:13:54,229 --> 01:13:51,360
species we're talking about here right

1753
01:13:55,850 --> 01:13:54,239
right and that's and then you know

1754
01:13:58,430 --> 01:13:55,860
imagine how much that's going to blow

1755
01:13:59,630 --> 01:13:58,440
the the barn doors off of off of our

1756
01:14:01,250 --> 01:13:59,640
thought

1757
01:14:05,330 --> 01:14:01,260
um with regard to everything that's

1758
01:14:07,850 --> 01:14:05,340
going on out here right I mean it's you

1759
01:14:09,830 --> 01:14:07,860
know we're I feel like if we can just um

1760
01:14:11,390 --> 01:14:09,840
if we can just

1761
01:14:14,390 --> 01:14:11,400
keep our

1762
01:14:18,649 --> 01:14:14,400
stuff together enough to not you know

1763
01:14:21,530 --> 01:14:18,659

follow fall into the ocean right

1764

01:14:23,270 --> 01:14:21,540

um that that um that some really really

1765

01:14:25,729 --> 01:14:23,280

amazing stuff is going to come out of

1766

01:14:27,410 --> 01:14:25,739

this over the next years and maybe even

1767

01:14:29,870 --> 01:14:27,420

over the next months but you know

1768

01:14:32,930 --> 01:14:29,880

fingers crossed you know yeah I mean

1769

01:14:36,350 --> 01:14:32,940

George Knapp and Jeremy Corbell is out

1770

01:14:39,350 --> 01:14:36,360

there singing a big stuff until it like

1771

01:14:41,689 --> 01:14:39,360

uh they were just uh coming out and you

1772

01:14:44,450 --> 01:14:41,699

know speaking pretty as a matter of fact

1773

01:14:47,510 --> 01:14:44,460

as far as people that will be coming out

1774

01:14:50,510 --> 01:14:47,520

um not only privately but publicly so

1775

01:14:52,970 --> 01:14:50,520

that's right and I think Mr Corbell even

1776

01:14:55,070 --> 01:14:52,980

mentioned like uh mid-January or

1777

01:14:57,590 --> 01:14:55,080

something so so we'll see how that goes

1778

01:14:58,550 --> 01:14:57,600

hopefully it doesn't UAP report us but

1779

01:15:01,310 --> 01:14:58,560

yeah

1780

01:15:04,310 --> 01:15:01,320

I'm very curious you know like I mean I

1781

01:15:06,649 --> 01:15:04,320

I I'm gonna

1782

01:15:08,510 --> 01:15:06,659

I don't I don't know specifically I've

1783

01:15:10,310 --> 01:15:08,520

I've I keep hearing numbers from

1784

01:15:11,810 --> 01:15:10,320

different people you know behind the

1785

01:15:13,250 --> 01:15:11,820

scenes and stuff like that for how many

1786

01:15:16,310 --> 01:15:13,260

are going to be public and things like

1787

01:15:19,850 --> 01:15:16,320

that sure and and eventually we should

1788

01:15:22,669 --> 01:15:19,860

probably have like a we should do it

1789

01:15:25,729 --> 01:15:22,679

like a Super Bowl uh kind of betting

1790

01:15:28,610 --> 01:15:25,739

situation but um I'm gonna put five

1791

01:15:30,350 --> 01:15:28,620

dollars on Jay Stratton today you know

1792

01:15:32,090 --> 01:15:30,360

what I mean on the FI on the J Stratton

1793

01:15:34,669 --> 01:15:32,100

box I'm just gonna throw five dollars on

1794

01:15:36,770 --> 01:15:34,679

the J Stratton box and and you know

1795

01:15:39,470 --> 01:15:36,780

across my fingers but I I think it's

1796

01:15:41,570 --> 01:15:39,480

possible that uh we might we might hear

1797

01:15:44,270 --> 01:15:41,580

from him more this year I'd be I'd be

1798

01:15:46,130 --> 01:15:44,280

really psyched if we did I uh I mean

1799

01:15:51,290 --> 01:15:46,140

personally I think Lou Elizondo is going

1800

01:15:53,750 --> 01:15:51,300

to testify it and um I forget now which

1801
01:15:55,430 --> 01:15:53,760
news clip it was but somebody asked

1802
01:15:56,870 --> 01:15:55,440
something about the materials

1803
01:15:59,149 --> 01:15:56,880
and

1804
01:16:00,590 --> 01:15:59,159
they had said like okay so you know

1805
01:16:02,270 --> 01:16:00,600
there's materials but you don't know

1806
01:16:05,689 --> 01:16:02,280
like where it is or anything like that

1807
01:16:08,870 --> 01:16:05,699
and he said I never said that

1808
01:16:10,370 --> 01:16:08,880
you know as far as like where it is so

1809
01:16:11,810 --> 01:16:10,380
so you don't know where it is you just

1810
01:16:14,149 --> 01:16:11,820
know we have it he goes I never said

1811
01:16:17,270 --> 01:16:14,159
that and what I what I got from that was

1812
01:16:19,850 --> 01:16:17,280
he does know where it is right basically

1813
01:16:21,649 --> 01:16:19,860

and he's throwing this line until this

1814

01:16:23,750 --> 01:16:21,659

stuff gets passed and maybe he'll

1815

01:16:26,149 --> 01:16:23,760

testify himself I mean what you know he

1816

01:16:28,970 --> 01:16:26,159

kind of has to at this point right like

1817

01:16:32,169 --> 01:16:28,980

I think Davis has too

1818

01:16:34,669 --> 01:16:32,179

uh yeah but yeah yeah

1819

01:16:36,350 --> 01:16:34,679

going back to what you said like none of

1820

01:16:38,209 --> 01:16:36,360

this stuff has to be made public though

1821

01:16:41,870 --> 01:16:38,219

so it's like

1822

01:16:45,290 --> 01:16:41,880

yeah we just I I really really

1823

01:16:48,290 --> 01:16:45,300

you know I I am so crossing my fingers

1824

01:16:52,070 --> 01:16:48,300

and push all the positive energy I can

1825

01:16:54,050 --> 01:16:52,080

to to whoever is willing to uh to you

1826

01:16:57,050 --> 01:16:54,060

know put themselves on the line and do

1827

01:16:59,630 --> 01:16:57,060

this publicly because I think I think if

1828

01:17:01,550 --> 01:16:59,640

if we have even a decent handful of

1829

01:17:06,110 --> 01:17:01,560

folks that really come out and come out

1830

01:17:08,149 --> 01:17:06,120

in the right way then you know then you

1831

01:17:10,610 --> 01:17:08,159

know the Julian Barnes and like all

1832

01:17:12,470 --> 01:17:10,620

these other uh Jokers you know they're

1833

01:17:15,410 --> 01:17:12,480

gonna fall by the wayside you know what

1834

01:17:16,810 --> 01:17:15,420

I mean and it's going to be a a lot

1835

01:17:22,370 --> 01:17:16,820

easier

1836

01:17:25,430 --> 01:17:22,380

to to kind of move forward within the

1837

01:17:27,350 --> 01:17:25,440

the larger kind of ufology and almost

1838

01:17:29,450 --> 01:17:27,360

studies all of this community all of

1839

01:17:32,270 --> 01:17:29,460

these overlapping communities and it's

1840

01:17:33,890 --> 01:17:32,280

also going to be a lot easier for for

1841

01:17:36,530 --> 01:17:33,900

the young journalists out there to feel

1842

01:17:39,290 --> 01:17:36,540

more emboldened uh with with their work

1843

01:17:41,209 --> 01:17:39,300

in the future or I'm hopeful you know

1844

01:17:43,130 --> 01:17:41,219

um as frustrating as I've been with the

1845

01:17:45,350 --> 01:17:43,140

last few months I'm I'm hopeful for the

1846

01:17:46,490 --> 01:17:45,360

future for sure it you know it's

1847

01:17:49,310 --> 01:17:46,500

important

1848

01:17:52,070 --> 01:17:49,320

to say like like nobody's asking them to

1849

01:17:53,990 --> 01:17:52,080

believe in aliens either you know we're

1850

01:17:56,870 --> 01:17:54,000

just asking that you followed the story

1851

01:18:00,649 --> 01:17:56,880

you know honestly

1852

01:18:04,189 --> 01:18:00,659

and with integrity and just go after you

1853

01:18:05,930 --> 01:18:04,199

know the unknowns in the in these issues

1854

01:18:07,790 --> 01:18:05,940

that are going on over sensitive

1855

01:18:10,910 --> 01:18:07,800

military sites

1856

01:18:11,990 --> 01:18:10,920

you know in training exercises that's a

1857

01:18:13,510 --> 01:18:12,000

big deal

1858

01:18:16,010 --> 01:18:13,520

absolutely

1859

01:18:19,970 --> 01:18:16,020

just follow the story that's awesome

1860

01:18:25,250 --> 01:18:22,010

so but

1861

01:18:27,169 --> 01:18:25,260

I don't know anything else you got

1862

01:18:28,790 --> 01:18:27,179

oh I just want to say thanks to

1863

01:18:31,430 --> 01:18:28,800

everybody in the chat for coming out and

1864

01:18:34,850 --> 01:18:31,440

hanging out with us today I'm really I'm

1865

01:18:37,850 --> 01:18:34,860

I you know some of this has been

1866

01:18:40,070 --> 01:18:37,860

you know largely focused at at our

1867

01:18:42,050 --> 01:18:40,080

frustration with with radio silence and

1868

01:18:43,610 --> 01:18:42,060

things like that but there are a lot of

1869

01:18:45,890 --> 01:18:43,620

tea leaves that are suggesting that

1870

01:18:49,910 --> 01:18:45,900

things are moving in in a good direction

1871

01:18:53,390 --> 01:18:49,920

and um and it's just going to take a lot

1872

01:18:55,130 --> 01:18:53,400

of eyes on the issue and and

1873

01:18:57,649 --> 01:18:55,140

um a lot of

1874

01:18:59,209 --> 01:18:57,659

Good Vibes within this community you

1875

01:19:02,450 --> 01:18:59,219

know what I mean or these overlapping

1876

01:19:05,030 --> 01:19:02,460

communities in a way and that's yeah

1877

01:19:07,910 --> 01:19:05,040

I don't know much time you have but that

1878

01:19:10,810 --> 01:19:07,920

is one thing I wanted to talk about at

1879

01:19:13,430 --> 01:19:10,820

least a little bit is this whole idea of

1880

01:19:18,770 --> 01:19:13,440

I'm sorry my dog's barking hold on

1881

01:19:24,910 --> 01:19:21,830

I like I like whatever that secret word

1882

01:19:28,910 --> 01:19:24,920

was that that Sean was just saying to to

1883

01:19:31,729 --> 01:19:28,920

probably didn't work but uh like yeah

1884

01:19:33,410 --> 01:19:31,739

the whole uh UFO Community I think it's

1885

01:19:35,330 --> 01:19:33,420

important to realize when we're talking

1886

01:19:38,030 --> 01:19:35,340

about UFOs especially the more popular

1887

01:19:40,130 --> 01:19:38,040

or if this you know actually gets in the

1888

01:19:42,050 --> 01:19:40,140

mainstream or whatever and it's talked

1889

01:19:45,350 --> 01:19:42,060

about seriously it needs to be realized

1890

01:19:48,590 --> 01:19:45,360

that all sorts of different people in

1891

01:19:51,830 --> 01:19:48,600

walks of life will be in this little

1892

01:19:54,169 --> 01:19:51,840

pool of UFO interest you know this is

1893

01:19:56,209 --> 01:19:54,179

not a Democrat thing this is not a

1894

01:19:59,209 --> 01:19:56,219

republican thing this is not

1895

01:20:02,149 --> 01:19:59,219

anything like that this is something

1896

01:20:04,310 --> 01:20:02,159

bigger that everyone is interested in no

1897

01:20:06,649 --> 01:20:04,320

matter who you are because it's

1898

01:20:09,470 --> 01:20:06,659

something bigger you know so when you're

1899

01:20:10,910 --> 01:20:09,480

out there in UFO land first of all there

1900

01:20:13,070 --> 01:20:10,920

really is no

1901

01:20:16,070 --> 01:20:13,080

there is no blanket UFO Community

1902

01:20:18,169 --> 01:20:16,080

because of that that's right there's

1903

01:20:20,630 --> 01:20:18,179

different brackets of people types of

1904

01:20:23,390 --> 01:20:20,640

people or whatever so like a little bit

1905

01:20:26,390 --> 01:20:23,400

of advice to people that are on Twitter

1906

01:20:29,149 --> 01:20:26,400

and follow UFO Twitter and first of all

1907

01:20:31,790 --> 01:20:29,159

is to know that the people that you deal

1908

01:20:35,450 --> 01:20:31,800

with on UFO Twitter are no different

1909

01:20:39,470 --> 01:20:35,460

than dealing with hundreds of random

1910

01:20:41,870 --> 01:20:39,480

people that do not fit any demographic

1911

01:20:44,030 --> 01:20:41,880

you know that's right and you have to

1912

01:20:47,990 --> 01:20:44,040

feel them out the same way as you would

1913

01:20:49,970 --> 01:20:48,000

anybody else like if you're if you are

1914

01:20:52,729 --> 01:20:49,980

totally about

1915

01:20:56,270 --> 01:20:52,739

you know if let's say like you're on the

1916

01:20:58,370 --> 01:20:56,280

left side or you know you're cool with

1917

01:21:01,310 --> 01:20:58,380

you know whatever people like whether

1918

01:21:03,590 --> 01:21:01,320

it's you know their sexual preference or

1919

01:21:06,229 --> 01:21:03,600

anything else or whatever race there or

1920

01:21:09,770 --> 01:21:06,239

whatever like sure

1921

01:21:11,990 --> 01:21:09,780

I am all about loving

1922

01:21:13,729 --> 01:21:12,000

everybody whoever they are whatever

1923

01:21:15,770 --> 01:21:13,739

their preferences are because we're all

1924

01:21:19,010 --> 01:21:15,780

human beings and everybody deserves that

1925

01:21:20,930 --> 01:21:19,020

opportunity you know agreed and if you

1926

01:21:23,930 --> 01:21:20,940

want to deal with other people like that

1927

01:21:26,149 --> 01:21:23,940

you have to treat this community as such

1928

01:21:29,990 --> 01:21:26,159

like you have to approach

1929

01:21:32,990 --> 01:21:30,000

every account or every person on an

1930

01:21:35,330 --> 01:21:33,000

individual basis to find out if they're

1931

01:21:36,770 --> 01:21:35,340

akin to you in that way that's because

1932

01:21:38,930 --> 01:21:36,780

if you don't

1933

01:21:41,450 --> 01:21:38,940

you could be dragged into something

1934

01:21:43,490 --> 01:21:41,460

where you don't know anything about the

1935

01:21:45,830 --> 01:21:43,500

person and they wind up hurting you

1936

01:21:49,910 --> 01:21:45,840

that's right it is no different than

1937

01:21:52,610 --> 01:21:49,920

real life so when you're on UFO Twitter

1938

01:21:55,090 --> 01:21:52,620

or wherever people or wherever

1939

01:21:58,250 --> 01:21:55,100

you pick the people

1940

01:22:00,470 --> 01:21:58,260

that are like you that you can get along

1941

01:22:03,350 --> 01:22:00,480

with that you can respect with I have

1942

01:22:05,930 --> 01:22:03,360

respect with and trust you know and it's

1943

01:22:08,450 --> 01:22:05,940

not going to be easier than it is in

1944

01:22:09,830 --> 01:22:08,460

real life and in some cases it's harder

1945

01:22:12,530 --> 01:22:09,840

actually

1946

01:22:14,090 --> 01:22:12,540

because you're not seeing someone face

1947

01:22:16,010 --> 01:22:14,100

to face and shaking their hand or

1948

01:22:18,890 --> 01:22:16,020

whatever you know so you almost have to

1949

01:22:21,229 --> 01:22:18,900

be more protective so I love these I

1950

01:22:24,229 --> 01:22:21,239

love that there's there's Twitter spaces

1951

01:22:26,149 --> 01:22:24,239

and people are getting together and

1952

01:22:28,910 --> 01:22:26,159

talking about this stuff and fleshing

1953

01:22:31,850 --> 01:22:28,920

out ideas but you have to realize that

1954

01:22:33,770 --> 01:22:31,860

when you go into these spaces yeah of

1955

01:22:35,990 --> 01:22:33,780

the randomness involved and the other

1956

01:22:38,209 --> 01:22:36,000

people that are talking and listening

1957

01:22:39,770 --> 01:22:38,219

you know that's right and knowing the

1958

01:22:44,330 --> 01:22:39,780

different outcomes that can come from

1959

01:22:47,750 --> 01:22:44,340

that you know 100 yeah yeah yeah and

1960

01:22:50,330 --> 01:22:47,760

yeah I mean people have to I mean a huge

1961

01:22:52,970 --> 01:22:50,340

part of a huge thing that gets talked

1962

01:22:54,830 --> 01:22:52,980

about a lot in this community and this

1963

01:22:56,870 --> 01:22:54,840

overlapping version of these communities

1964

01:22:59,630 --> 01:22:56,880

like the in this kind of world in

1965

01:23:02,689 --> 01:22:59,640

general of ufology in an almost study

1966

01:23:05,870 --> 01:23:02,699

for decades centuries even is about

1967

01:23:07,310 --> 01:23:05,880

discernment right using discernment and

1968

01:23:09,709 --> 01:23:07,320

you know what is that is it your

1969

01:23:11,810 --> 01:23:09,719

intuition is it you know using bringing

1970

01:23:14,390 --> 01:23:11,820

all the all your faculties all of your

1971

01:23:16,490 --> 01:23:14,400

reasoning all your logic all your your

1972

01:23:19,189 --> 01:23:16,500

emotional self your intellectual self

1973

01:23:22,310 --> 01:23:19,199

and then making the best calls that you

1974

01:23:24,350 --> 01:23:22,320

can at like as you as you grow as you

1975

01:23:26,209 --> 01:23:24,360

learn and as you grow right and so

1976

01:23:27,770 --> 01:23:26,219

people people will have like wacky

1977

01:23:30,290 --> 01:23:27,780

discernment about like oh yeah the face

1978

01:23:31,729 --> 01:23:30,300

on the moon or whatever and then you

1979

01:23:36,130 --> 01:23:31,739

know they learn more about these

1980

01:23:38,510 --> 01:23:36,140

subjects and and they'll end

1981

01:23:40,850 --> 01:23:38,520

basically you know anomalous studies in

1982

01:23:43,790 --> 01:23:40,860

general is is going to be a process of

1983

01:23:46,430 --> 01:23:43,800

honing your discernment and nobody gets

1984

01:23:48,770 --> 01:23:46,440

it right at right out of the gate you

1985

01:23:51,649 --> 01:23:48,780

know nobody there's no there's no statue

1986

01:23:53,870 --> 01:23:51,659

of you know the the one you followed

1987

01:23:56,090 --> 01:23:53,880

just that got that got it right every

1988

01:23:58,130 --> 01:23:56,100

single time you know what I mean that

1989

01:24:02,090 --> 01:23:58,140

doesn't exist as much as some ufologists

1990

01:24:04,189 --> 01:24:02,100

want that right right and you know and

1991

01:24:06,590 --> 01:24:04,199

we're we're all we're all working on

1992

01:24:09,050 --> 01:24:06,600

these big Mysteries together and so you

1993

01:24:10,550 --> 01:24:09,060

know and that discernment goes all you

1994

01:24:14,149 --> 01:24:10,560

know it's discernment all the way down

1995

01:24:16,669 --> 01:24:14,159

it's discernment from you know like you

1996

01:24:19,610 --> 01:24:16,679

know what is space-time all the way down

1997

01:24:23,750 --> 01:24:19,620

to like who is this guy that's typing at

1998

01:24:25,250 --> 01:24:23,760

me right now is he cocky yeah right and

1999

01:24:27,830 --> 01:24:25,260

it's discernment all the way in between

2000

01:24:31,070 --> 01:24:27,840

there too and you know and at the same

2001
01:24:33,590 --> 01:24:31,080
time like you're saying during the

2002
01:24:36,590 --> 01:24:33,600
process of discernment we we also need

2003
01:24:40,330 --> 01:24:36,600
to to do our the best job that we can at

2004
01:24:43,070 --> 01:24:40,340
being caring and careful with each other

2005
01:24:44,810 --> 01:24:43,080
and also be yeah discernment knowing

2006
01:24:47,090 --> 01:24:44,820
that some people don't care about that

2007
01:24:50,209 --> 01:24:47,100
at all some people do not care about

2008
01:24:53,209 --> 01:24:50,219
being caring or kind or being empathetic

2009
01:24:56,090 --> 01:24:53,219
or anything like that then they'll still

2010
01:24:58,790 --> 01:24:56,100
be in the UFO Circle either in a space

2011
01:25:00,950 --> 01:24:58,800
or writing articles digging at other

2012
01:25:02,930 --> 01:25:00,960
people there will still be awful people

2013
01:25:05,630 --> 01:25:02,940

around you know so

2014

01:25:07,310 --> 01:25:05,640

yeah it's like do your best to root

2015

01:25:09,050 --> 01:25:07,320

those out block them and surround

2016

01:25:10,910 --> 01:25:09,060

yourself with with what you want to be

2017

01:25:12,890 --> 01:25:10,920

surrounded with that's right that's

2018

01:25:14,930 --> 01:25:12,900

right there are there are tons and tons

2019

01:25:17,689 --> 01:25:14,940

of wonderful people

2020

01:25:19,370 --> 01:25:17,699

that are interested in these topics and

2021

01:25:21,229 --> 01:25:19,380

you know we live in a very different

2022

01:25:23,390 --> 01:25:21,239

world than

2023

01:25:25,669 --> 01:25:23,400

than the world that existed 70 years ago

2024

01:25:28,250 --> 01:25:25,679

in terms of being how we can find each

2025

01:25:30,530 --> 01:25:28,260

other how we can talk to each other and

2026

01:25:33,050 --> 01:25:30,540

how we can and how we can make the best

2027

01:25:36,830 --> 01:25:33,060

out of out of working on these issues

2028

01:25:39,350 --> 01:25:36,840

and so you know as if we keep practicing

2029

01:25:41,090 --> 01:25:39,360

decent discernment and we keep being as

2030

01:25:43,790 --> 01:25:41,100

caring and careful as we can with each

2031

01:25:48,890 --> 01:25:43,800

other than we're probably gonna do just

2032

01:25:52,070 --> 01:25:48,900

fine yeah or I know so anyway cool on

2033

01:25:53,810 --> 01:25:52,080

that note yep

2034

01:25:56,330 --> 01:25:53,820
