00:00:55,430 --> 00:00:51,709
what's up YouTube land

6
00:01:00,189 --> 00:00:55,440
what's up to all my chatters

7
00:01:04,070 --> 00:01:00,199
I'm glad you're here Joe's Zach Robert

00:01:11,570 --> 00:01:07,320
um

11
00:01:14,690 --> 00:01:11,580
Escape FX what's happening

12
00:01:17,870 --> 00:01:14,700
I am glad everybody is here today Andres

13
00:01:19,190 --> 00:01:17,880

hello if I missed you I apologize about

14

00:01:23,090 --> 00:01:19,200

that

15

00:01:25,429 --> 00:01:23,100

um Toby what's up brother uh Zach did I

16

00:01:27,830 --> 00:01:25,439

say that already sorry about that

17

00:01:30,530 --> 00:01:27,840

um Charlie what's up

18

00:01:33,530 --> 00:01:30,540

so I am

19

00:01:37,670 --> 00:01:33,540

I don't know I thought I would do a

20

00:01:41,510 --> 00:01:37,680

show today about rocket scientists and

21

00:01:43,490 --> 00:01:41,520

flying saucers uh over the years of UFOs

22

00:01:45,890 --> 00:01:43,500

and flying saucers we've had various

23

00:01:48,469 --> 00:01:45,900

rocket scientists come up and comment on

24

00:01:50,690 --> 00:01:48,479

the validity of them whether it be

25

00:01:53,030 --> 00:01:50,700

they're real whether it be their them

26
00:01:56,149 --> 00:01:53,040
whether it be that they are fake or

27
00:01:58,850 --> 00:01:56,159
mirages or whatever

28
00:02:01,190 --> 00:01:58,860
um they've had all sorts of comments and

29
00:02:04,190 --> 00:02:01,200
luckily with the internet

30
00:02:06,469 --> 00:02:04,200
um pretty much everything or at least a

31
00:02:08,570 --> 00:02:06,479
lot of things are very accessible so we

32
00:02:10,550 --> 00:02:08,580
can go out and find these comments

33
00:02:13,250 --> 00:02:10,560
whether it be an old newspaper articles

34
00:02:15,830 --> 00:02:13,260
which is what we're using today

35
00:02:19,790 --> 00:02:15,840
um or you know like little you know

36
00:02:22,729 --> 00:02:19,800
Clips audio clips or or whatever so I

37
00:02:26,390 --> 00:02:22,739
just did a little snooping around online

38
00:02:28,550 --> 00:02:26,400

as I like to do for that old stuff and I

39

00:02:30,170 --> 00:02:28,560

found some pretty interesting things

40

00:02:32,449 --> 00:02:30,180

of course

41

00:02:34,910 --> 00:02:32,459

um some of you may know some of these

42

00:02:37,190 --> 00:02:34,920

rocket scientists and even what they

43

00:02:38,990 --> 00:02:37,200

said some of you may not

44

00:02:40,670 --> 00:02:39,000

um and I might have missed some but I

45

00:02:43,250 --> 00:02:40,680

think I got some some pretty good ones

46

00:02:47,270 --> 00:02:43,260

that that span the course of

47

00:02:49,910 --> 00:02:47,280

um you know the 40s 50s I'm not sure I

48

00:02:52,009 --> 00:02:49,920

don't think I got one from the 60s uh

49

00:02:55,070 --> 00:02:52,019

but the the 70s

50

00:02:59,390 --> 00:02:55,080

and and then up to uh the current times

51
00:03:01,309 --> 00:02:59,400
the issue I had with uh finding rocket

52
00:03:06,170 --> 00:03:01,319
scientists and their quotes on UFOs

53
00:03:07,910 --> 00:03:06,180
flying saucers is when kind of uh flying

54
00:03:11,690 --> 00:03:07,920
saucers

55
00:03:13,430 --> 00:03:11,700
the the terminology change to UFO then

56
00:03:15,470 --> 00:03:13,440
things got really difficult I wonder if

57
00:03:17,330 --> 00:03:15,480
that's on purpose you know it becomes

58
00:03:19,369 --> 00:03:17,340
really hard to search the newspaper

59
00:03:21,530 --> 00:03:19,379
archives when you use the term UFO

60
00:03:23,149 --> 00:03:21,540
versus Flying Saucer

61
00:03:26,210 --> 00:03:23,159
um so so that's interesting it's almost

62
00:03:27,770 --> 00:03:26,220
as if they knew back in the day one day

63
00:03:30,410 --> 00:03:27,780

there would be something called the

64

00:03:33,229 --> 00:03:30,420

internet and they would have to stifle

65

00:03:37,970 --> 00:03:33,239

people's searches on there with more

66

00:03:41,030 --> 00:03:37,980

difficult terms probably not but

67

00:03:44,869 --> 00:03:41,040

in this conspiracy world we live in

68

00:03:48,530 --> 00:03:44,879

you never freaking know

69

00:03:50,390 --> 00:03:48,540

um yeah so somebody actually okay all

70

00:03:53,030 --> 00:03:50,400

right so we had somebody notice that I'm

71

00:03:53,690 --> 00:03:53,040

not wearing a hat I'm not wearing a hat

72

00:03:55,670 --> 00:03:53,700

um

73

00:03:57,110 --> 00:03:55,680

I don't know you know I just thought I

74

00:03:59,210 --> 00:03:57,120

would switch it up a little bit not wear

75

00:04:01,430 --> 00:03:59,220

a hat

76

00:04:04,729 --> 00:04:01,440

no cool story

77

00:04:07,369 --> 00:04:04,739

I still have a hat

78

00:04:09,050 --> 00:04:07,379

still have a bunch of hats here's one

79

00:04:11,390 --> 00:04:09,060

could wear it

80

00:04:13,850 --> 00:04:11,400

but but I'm going no ahead today

81

00:04:15,770 --> 00:04:13,860

so don't be mad at me

82

00:04:17,509 --> 00:04:15,780

you know if you're only here because I

83

00:04:19,370 --> 00:04:17,519

do wear hats

84

00:04:21,289 --> 00:04:19,380

I understand that this is going to be

85

00:04:23,210 --> 00:04:21,299

very

86

00:04:25,070 --> 00:04:23,220

disappointing for you

87

00:04:29,090 --> 00:04:25,080

and

88

00:04:34,550 --> 00:04:32,450

so yeah see looking fine with no hat see

89

00:04:36,830 --> 00:04:34,560

I appreciate that I need that confidence

90

00:04:39,830 --> 00:04:36,840

I do you know because I wear a hat to

91

00:04:42,469 --> 00:04:39,840

just cover my head and just hide all the

92

00:04:44,930 --> 00:04:42,479

time you know so I decided not to hide

93

00:04:48,290 --> 00:04:44,940

this time and if you stick around by the

94

00:04:49,909 --> 00:04:48,300

way until the end of the show yeah oh

95

00:04:52,370 --> 00:04:49,919

see we got people complaining already

96

00:04:54,290 --> 00:04:52,380

Robert says that's it for me then no hat

97

00:04:56,030 --> 00:04:54,300

I'm sorry man

98

00:04:58,370 --> 00:04:56,040

I'm sorry

99

00:05:00,890 --> 00:04:58,380

um I'm I'm really sorry good news for

100

00:05:03,890 --> 00:05:00,900

you though is I have probably about 300

101
00:05:04,730 --> 00:05:03,900
episodes in the vault where I'm wearing

102
00:05:07,310 --> 00:05:04,740
a hat

103
00:05:09,770 --> 00:05:07,320
so you know if if you get bored you can

104
00:05:13,249 --> 00:05:09,780
always go back and look at those watch

105
00:05:14,870 --> 00:05:13,259
those remember the days uh when I used

106
00:05:17,689 --> 00:05:14,880
to wear a hat because you know those

107
00:05:20,570 --> 00:05:17,699
were exciting times so I'm hoping these

108
00:05:23,990 --> 00:05:20,580
can live up to that these times

109
00:05:25,670 --> 00:05:24,000
tin foil no you know I I try really hard

110
00:05:28,790 --> 00:05:25,680
to beat to not

111
00:05:30,830 --> 00:05:28,800
line my heads with tin foil one because

112
00:05:32,510 --> 00:05:30,840
it's very uncomfortable

113
00:05:35,270 --> 00:05:32,520

very uncomfortable you know can you

114

00:05:38,450 --> 00:05:35,280

imagine just having tin foil all over

115

00:05:41,510 --> 00:05:38,460

your head all the time and it crumples

116

00:05:43,070 --> 00:05:41,520

and you have sounds and you know it's

117

00:05:45,529 --> 00:05:43,080

it's just no fun

118

00:05:49,550 --> 00:05:45,539

so I I assume I'm getting a lot of eye

119

00:05:54,110 --> 00:05:52,189

that's because I'm like it put a quarter

120

00:05:57,409 --> 00:05:54,120

in me and I can tell you dad jokes for

121

00:06:00,290 --> 00:05:57,419

about three hours so

122

00:06:01,850 --> 00:06:00,300

so all right let's let's get into it the

123

00:06:04,550 --> 00:06:01,860

the first

124

00:06:07,430 --> 00:06:04,560

one that we're going to look at here is

125

00:06:09,890 --> 00:06:07,440

and I think I had I tried to put this in

126
00:06:12,050 --> 00:06:09,900
chronological order but then things kind

127
00:06:15,529 --> 00:06:12,060
of uh shattered right in front of my

128
00:06:17,270 --> 00:06:15,539
face you know and it and then it just

129
00:06:18,770 --> 00:06:17,280
became more difficult to put it in

130
00:06:20,689 --> 00:06:18,780
chronological order so we're just going

131
00:06:22,430 --> 00:06:20,699
to run through these and we're going to

132
00:06:25,370 --> 00:06:22,440
hop in our time machine and go from

133
00:06:28,189 --> 00:06:25,380
maybe 47 to 70 to dead to wherever

134
00:06:31,309 --> 00:06:28,199
wherever

135
00:06:33,290 --> 00:06:31,319
life takes us

136
00:06:36,350 --> 00:06:33,300
we're gonna do it so this first one

137
00:06:41,689 --> 00:06:39,770
that's that's that's a ways back I love

138
00:06:44,450 --> 00:06:41,699

the headline your war department is

139

00:06:46,129 --> 00:06:44,460

puzzled about flying saucers too Army

140

00:06:48,590 --> 00:06:46,139

keeping an open mind war department

141

00:06:52,189 --> 00:06:48,600

actually I'm going to try my best to not

142

00:06:54,710 --> 00:06:52,199

go too deep into these different uh

143

00:06:56,570 --> 00:06:54,720

things like war department is very

144

00:06:58,610 --> 00:06:56,580

interesting

145

00:07:01,370 --> 00:06:58,620

Department that I don't believe exists

146

00:07:04,370 --> 00:07:01,380

anymore but existed then and I think a

147

00:07:06,409 --> 00:07:04,380

lot of flying saucer files might

148

00:07:07,969 --> 00:07:06,419

actually be found with the war

149

00:07:08,870 --> 00:07:07,979

department

150

00:07:10,430 --> 00:07:08,880

um

151

00:07:11,990 --> 00:07:10,440

and I can't

152

00:07:15,469 --> 00:07:12,000

I haven't put a whole lot of effort into

153

00:07:17,090 --> 00:07:15,479

it but I I haven't really tried to fine

154

00:07:19,309 --> 00:07:17,100

Flying Saucer files with the war

155

00:07:22,790 --> 00:07:19,319

department but I bet if I went to the

156

00:07:25,010 --> 00:07:22,800

archives in DC I could find some so by

157

00:07:26,270 --> 00:07:25,020

the way if you want to donate to me you

158

00:07:28,610 --> 00:07:26,280

should give me a bunch of money whether

159

00:07:30,350 --> 00:07:28,620

it be a super chat here I have a patreon

160

00:07:33,230 --> 00:07:30,360

somewhere I don't know where it is but

161

00:07:35,510 --> 00:07:33,240

you can find it and donate and maybe I

162

00:07:37,909 --> 00:07:35,520

can go there one day and search through

163

00:07:41,210 --> 00:07:37,919

the archives that would be hella fun

164

00:07:43,550 --> 00:07:41,220

so war department July 8th 1947 remember

165

00:07:45,529 --> 00:07:43,560

this is the day the Roswell story came

166

00:07:49,129 --> 00:07:45,539

out as well the crash saucer story in

167

00:07:52,070 --> 00:07:49,139

the newspapers the highest ranking

168

00:07:53,930 --> 00:07:52,080

officers and best scientific brains of

169

00:07:57,230 --> 00:07:53,940

the war department and Army Air Forces

170

00:07:59,330 --> 00:07:57,240

profess tonight to be just as baffled as

171

00:08:01,189 --> 00:07:59,340

the average citizen by The Mystery of

172

00:08:03,350 --> 00:08:01,199

the flying saucers

173

00:08:06,409 --> 00:08:03,360

in official statements the Army ground

174

00:08:08,210 --> 00:08:06,419

forces and the Army Air Force said they

175

00:08:10,909 --> 00:08:08,220

had the matter under investigation and

176

00:08:13,070 --> 00:08:10,919

we're Keening keeping an open mind but

177

00:08:14,809 --> 00:08:13,080

privately most high-ranking officers

178

00:08:15,770 --> 00:08:14,819

said they believe the saucers were a

179

00:08:18,890 --> 00:08:15,780

hoax

180

00:08:21,409 --> 00:08:18,900

and some people were victims of Hysteria

181

00:08:23,150 --> 00:08:21,419

all those poor people they discounted

182

00:08:24,830 --> 00:08:23,160

emphatically rumors that flying disc

183

00:08:29,830 --> 00:08:24,840

might be a secret weapon designed by

184

00:08:35,709 --> 00:08:33,350

biological warfare basically hey

185

00:08:38,269 --> 00:08:35,719

I don't know how to say that word back

186

00:08:40,670 --> 00:08:38,279

bacteriological Warfare they were

187

00:08:42,949 --> 00:08:40,680

equally emphatic that they were no Army

188

00:08:43,969 --> 00:08:42,959

research projects that could possibly be

189

00:08:47,030 --> 00:08:43,979

involved

190

00:08:50,329 --> 00:08:47,040

and here we go with the

191

00:08:52,370 --> 00:08:50,339

rocket scientist expert someone

192

00:08:54,590 --> 00:08:52,380

other government agencies and scientists

193

00:08:56,990 --> 00:08:54,600

were intensely interested one

194

00:09:00,110 --> 00:08:57,000

high-ranking Naval scientist

195

00:09:02,509 --> 00:09:00,120

Dr CJ Zone a rocket expert said he

196

00:09:04,850 --> 00:09:02,519

believed he actually saw one of them

197

00:09:07,250 --> 00:09:04,860

last week while he was on a mission for

198

00:09:08,930 --> 00:09:07,260

the Navy at White Sands New Mexico he

199

00:09:11,269 --> 00:09:08,940

said that while he was crossing the

200

00:09:13,910 --> 00:09:11,279

desert with three other men two of them

201
00:09:17,329 --> 00:09:13,920
fellow scientists he spotted a bright

202
00:09:19,490 --> 00:09:17,339
silvery disc traveling north at 10

203
00:09:21,889 --> 00:09:19,500
000 feet

204
00:09:26,509 --> 00:09:21,899
he said it had not

205
00:09:28,190 --> 00:09:26,519
what

206
00:09:29,290 --> 00:09:28,200
this person needs to get fired where's

207
00:09:31,790 --> 00:09:29,300
the editor

208
00:09:33,889 --> 00:09:31,800
that it appeared to be elliptical in

209
00:09:35,990 --> 00:09:33,899
shape and flat he said it simply

210
00:09:38,329 --> 00:09:36,000
disappeared in mid-air it was clearly

211
00:09:40,970 --> 00:09:38,339
visible he said and then it wasn't there

212
00:09:43,730 --> 00:09:40,980
it didn't go behind a mountain range

213
00:09:47,509 --> 00:09:43,740

uh zhan said the incident took place on

214

00:09:48,710 --> 00:09:47,519

June 29th four days before a V2 rocket

215

00:09:51,170 --> 00:09:48,720

test

216

00:09:54,710 --> 00:09:51,180

he said the disc couldn't possibly have

217

00:09:57,410 --> 00:09:54,720

any connections with the V2 experiment

218

00:10:00,470 --> 00:09:57,420

uh civil Aeronautics board spokesman

219

00:10:05,570 --> 00:10:00,480

said that and I believe this civil

220

00:10:09,110 --> 00:10:05,580

Aeronautics was the uh FAA like the

221

00:10:11,090 --> 00:10:09,120

first FAA uh boards spokesman said that

222

00:10:13,430 --> 00:10:11,100

the agency was reluctant to start any

223

00:10:16,009 --> 00:10:13,440

investigation or no actually it was the

224

00:10:18,050 --> 00:10:16,019

first NASA I think sorry

225

00:10:19,730 --> 00:10:18,060

I should just go to bed I'm sorry I

226

00:10:21,470 --> 00:10:19,740

should go home

227

00:10:23,269 --> 00:10:21,480

um the agency was reluctant to start any

228

00:10:25,370 --> 00:10:23,279

investigation but might be compelled to

229

00:10:27,290 --> 00:10:25,380

if the saucers start flying in regular

230

00:10:28,430 --> 00:10:27,300

commercial airlines or crash into other

231

00:10:30,949 --> 00:10:28,440

aircraft

232

00:10:32,690 --> 00:10:30,959

oh we had that happen recently with some

233

00:10:35,090 --> 00:10:32,700

Chinese balloons didn't we

234

00:10:37,790 --> 00:10:35,100

Army officials were reluctant to be

235

00:10:39,650 --> 00:10:37,800

quoted they didn't want to ridicule the

236

00:10:43,009 --> 00:10:39,660

reports because the discs have been

237

00:10:44,990 --> 00:10:43,019

spotted by so many responsible persons

238

00:10:46,970 --> 00:10:45,000

but in private talks they were quick to

239

00:10:49,310 --> 00:10:46,980

point out that so far they have been

240

00:10:51,650 --> 00:10:49,320

unable to find any evidence that a flag

241

00:10:53,810 --> 00:10:51,660

saucer has been actually recovered they

242

00:10:54,949 --> 00:10:53,820

also made these points one many social

243

00:10:56,870 --> 00:10:54,959

reports have turned out to be

244

00:10:58,190 --> 00:10:56,880

exaggerated or mistakes are outright

245

00:11:00,290 --> 00:10:58,200

hoaxes

246

00:11:01,910 --> 00:11:00,300

well you know I think we're just

247

00:11:04,490 --> 00:11:01,920

probably going to

248

00:11:11,269 --> 00:11:04,500

no saucer has yet registered on Army

249

00:11:14,569 --> 00:11:12,949

um persons who have seen the saucers

250

00:11:16,130 --> 00:11:14,579

have been unable to produce a

251
00:11:19,370 --> 00:11:16,140
satisfactory description that could

252
00:11:21,170 --> 00:11:19,380
agree with scientific fact no duh that's

253
00:11:22,670 --> 00:11:21,180
why we're here

254
00:11:24,769 --> 00:11:22,680
that's why we haven't been able to

255
00:11:26,269 --> 00:11:24,779
figure it out um Army Ordinance experts

256
00:11:28,250 --> 00:11:26,279
said that Army missile tests were

257
00:11:30,530 --> 00:11:28,260
definitely not involved they said it if

258
00:11:31,610 --> 00:11:30,540
we wanted to send out such missiles we

259
00:11:34,069 --> 00:11:31,620
would do it

260
00:11:37,069 --> 00:11:34,079
at some test center like White Sands and

261
00:11:41,030 --> 00:11:37,079
not all over the country

262
00:11:43,670 --> 00:11:41,040
duh other officers said the fancy of the

263
00:11:45,650 --> 00:11:43,680

public might have been LED astray by the

264

00:11:48,170 --> 00:11:45,660

recent series of Stories on the

265

00:11:50,690 --> 00:11:48,180

development of guided missiles most Army

266

00:11:54,410 --> 00:11:50,700

Air Force officers incline that toured

267

00:11:57,769 --> 00:11:54,420

this massisteria Theory

268

00:11:59,090 --> 00:11:57,779

that is quite a Hysteria

269

00:12:01,370 --> 00:11:59,100

um

270

00:12:02,530 --> 00:12:01,380

then we have some other things they're

271

00:12:06,790 --> 00:12:02,540

not

272

00:12:10,069 --> 00:12:06,800

missile or rocket scientists though so

273

00:12:12,710 --> 00:12:10,079

oh and then at the bottom you got a hot

274

00:12:14,389 --> 00:12:12,720

story and a cotton shortage

275

00:12:15,769 --> 00:12:14,399

so sorry we're not going to go through

276
00:12:20,170 --> 00:12:15,779
that but

277
00:12:26,090 --> 00:12:23,569
Robert yeah Robert's got a good point so

278
00:12:30,110 --> 00:12:26,100
if that's a lie

279
00:12:35,509 --> 00:12:30,120
what else is a lie pretty good

280
00:12:38,150 --> 00:12:35,519
pretty good okay so moving on okay it

281
00:12:40,370 --> 00:12:38,160
looks like we're jumping to 1972 with

282
00:12:42,470 --> 00:12:40,380
Werner von Braun

283
00:12:44,030 --> 00:12:42,480
you guys are probably uh familiar with

284
00:12:45,590 --> 00:12:44,040
somebody you may be familiar with that

285
00:12:48,470 --> 00:12:45,600
person

286
00:12:49,850 --> 00:12:48,480
um the U.S brought this knucklehead over

287
00:12:50,449 --> 00:12:49,860
from

288
00:13:05,629 --> 00:12:50,459

um

289

00:13:07,790 --> 00:13:05,639

and use them for our own program

290

00:13:10,190 --> 00:13:07,800

which

291

00:13:12,829 --> 00:13:10,200

you know that's a I don't want to get

292

00:13:16,550 --> 00:13:12,839

into that bag of worms but that is just

293

00:13:19,190 --> 00:13:18,170

all right well we'll just move on

294

00:13:21,410 --> 00:13:19,200

because I don't want to get into that

295

00:13:22,970 --> 00:13:21,420

but uh yeah so rocket scientist Warner

296

00:13:25,069 --> 00:13:22,980

Von Braun questioned the existence of

297

00:13:28,190 --> 00:13:25,079

flying saucers Saturday

298

00:13:30,290 --> 00:13:28,200

called life in space quite likely and

299

00:13:33,110 --> 00:13:30,300

warned that industrial now this is

300

00:13:34,430 --> 00:13:33,120

pretty what the the foresight on this

301

00:13:35,509 --> 00:13:34,440

person right with the climate change

302

00:13:37,430 --> 00:13:35,519

that we're talking about now and

303

00:13:39,530 --> 00:13:37,440

everything

304

00:13:41,750 --> 00:13:39,540

called life in space quite likely and

305

00:13:44,690 --> 00:13:41,760

warned that industrial pollution was a

306

00:13:46,910 --> 00:13:44,700

threat to the existence of man it is

307

00:13:49,129 --> 00:13:46,920

almost frivolous to think that life only

308

00:13:50,990 --> 00:13:49,139

exists on Earth the german-born

309

00:13:52,430 --> 00:13:51,000

scientist said in a wine raging news

310

00:13:54,230 --> 00:13:52,440

conference here

311

00:13:55,370 --> 00:13:54,240

I would love to hear that in news

312

00:13:57,949 --> 00:13:55,380

conference

313

00:13:59,690 --> 00:13:57,959

Von Braun former Director of National

314

00:14:02,150 --> 00:13:59,700

Aeronautics and Space Administration

315

00:14:03,590 --> 00:14:02,160

blade operations center and now Vice

316

00:14:06,050 --> 00:14:03,600

President of Fairchild Industries

317

00:14:07,970 --> 00:14:06,060

arrived Saturday in Brazil to sell

318

00:14:12,350 --> 00:14:07,980

satellite products to the Brazilian

319

00:14:18,949 --> 00:14:14,269

um the interesting thing is he kind of

320

00:14:23,690 --> 00:14:21,949

something like seti so we go over to the

321

00:14:25,610 --> 00:14:23,700

right he says he suggested the easiest

322

00:14:28,490 --> 00:14:25,620

method of searching for life in other

323

00:14:30,650 --> 00:14:28,500

planets would be to build the listening

324

00:14:34,129 --> 00:14:30,660

posts in space to pick up radio signals

325

00:14:36,530 --> 00:14:34,139

which seemed to be of mysterious origin

326

00:14:38,690 --> 00:14:36,540

as to whether he agreed with the belief

327

00:14:40,790 --> 00:14:38,700

that life on Earth would disappear if

328

00:14:42,590 --> 00:14:40,800

pollution were not controlled this is

329

00:14:45,350 --> 00:14:42,600

kind of bouncing all over the place

330

00:14:48,350 --> 00:14:45,360

Von Braun replied most synthetically yes

331

00:14:51,769 --> 00:14:48,360

he said pollution is abusing the life

332

00:14:53,930 --> 00:14:51,779

support system of Earth we really have

333

00:14:57,050 --> 00:14:53,940

to sit down together and say what we can

334

00:14:59,030 --> 00:14:57,060

do and what we should do on Bronson

335

00:15:01,910 --> 00:14:59,040

he urged that the industries install

336

00:15:04,790 --> 00:15:01,920

Pollution Control Systems and pass the

337

00:15:06,949 --> 00:15:04,800

cost to the consumer oh thanks Warner we

338

00:15:09,350 --> 00:15:06,959

have to face the facts and pay the bill

339

00:15:11,030 --> 00:15:09,360

he said interesting

340

00:15:13,550 --> 00:15:11,040

interesting here that we kind of see

341

00:15:14,629 --> 00:15:13,560

climate change and flank saucers in the

342

00:15:16,329 --> 00:15:14,639

same article

343

00:15:22,310 --> 00:15:16,339

I think those two things go together

344

00:15:27,650 --> 00:15:25,030

all right so now we are in

345

00:15:29,509 --> 00:15:27,660

1957. this one I just found somewhere

346

00:15:31,189 --> 00:15:29,519

recently I thought it was pretty

347

00:15:34,910 --> 00:15:31,199

interesting because here we have another

348

00:15:37,009 --> 00:15:34,920

White Sands rocker expert and in in this

349

00:15:40,850 --> 00:15:37,019

batch we have a total of three

350

00:15:46,509 --> 00:15:40,860

White Sands uh rocket scientists who

351

00:15:52,790 --> 00:15:50,689

what's up with that White Sands

352

00:15:55,370 --> 00:15:52,800

if you want to believe in flying saucers

353

00:15:58,389 --> 00:15:55,380

become a rocket scientist and do some

354

00:16:01,550 --> 00:15:58,399

work at White Sands Missile Range

355

00:16:03,470 --> 00:16:01,560

near collisions may be explained space

356

00:16:05,509 --> 00:16:03,480

Vehicles cited

357

00:16:07,790 --> 00:16:05,519

guarded statements from scientists

358

00:16:11,389 --> 00:16:07,800

Monday suggest that near collisions of

359

00:16:13,370 --> 00:16:11,399

two giant airliners in the West in the

360

00:16:16,069 --> 00:16:13,380

past two weeks may have been close

361

00:16:17,509 --> 00:16:16,079

brushes with visiting vehicles from

362

00:16:19,790 --> 00:16:17,519

other worlds

363

00:16:22,250 --> 00:16:19,800

the possibility was raised 10 days after

364

00:16:24,110 --> 00:16:22,260

an American Airlines craft of 85 aboard

365

00:16:27,710 --> 00:16:24,120

narrowly avoided an unknown craft near

366

00:16:29,990 --> 00:16:27,720

El Paso and several days after a

367

00:16:32,389 --> 00:16:30,000

Transworld Airlines pilot with 34

368

00:16:34,910 --> 00:16:32,399

passengers reported similar difficulty

369

00:16:37,490 --> 00:16:34,920

near Amarillo

370

00:16:39,110 --> 00:16:37,500

Nathan Wagner missile flight safety

371

00:16:41,810 --> 00:16:39,120

chief for White Sands Proving Ground

372

00:16:44,389 --> 00:16:41,820

said that his entire family saw a large

373

00:16:46,490 --> 00:16:44,399

unidentifiable object for 35 or 40

374

00:16:48,470 --> 00:16:46,500

seconds Wednesday morning

375

00:16:51,410 --> 00:16:48,480

all agreed that it was not an airplane

376

00:16:53,269 --> 00:16:51,420

that if it was a helicopter it must have

377

00:16:55,430 --> 00:16:53,279

been upside down

378

00:16:57,050 --> 00:16:55,440

that would be a weird helicopter

379

00:16:59,090 --> 00:16:57,060

and that the something that was not

380

00:17:01,249 --> 00:16:59,100

recorded on any of the surveillance

381

00:17:02,749 --> 00:17:01,259

Radars of The Proving Grounds

382

00:17:04,549 --> 00:17:02,759

we've got a little Signal Management

383

00:17:06,890 --> 00:17:04,559

going on there

384

00:17:08,870 --> 00:17:06,900

the Las Cruces scientist and his family

385

00:17:10,370 --> 00:17:08,880

at the time were driving to El Paso

386

00:17:12,710 --> 00:17:10,380

where he caught a plane for Washington

387

00:17:14,929 --> 00:17:12,720

and the details of the sighting were not

388

00:17:17,569 --> 00:17:14,939

disclosed until his return home

389

00:17:19,970 --> 00:17:17,579

when seen at Wagner related the object

390

00:17:22,730 --> 00:17:19,980

was heading almost due east toward the

391

00:17:26,030 --> 00:17:22,740

Oregon mountains

392

00:17:29,390 --> 00:17:26,040

by the time he had stopped the car to

393

00:17:31,789 --> 00:17:29,400

get a good look it had disappeared

394

00:17:34,070 --> 00:17:31,799

I wonder if the organ though Oregon

395

00:17:38,630 --> 00:17:34,080

mountains is they just have like livers

396

00:17:43,130 --> 00:17:41,090

I'm so stupid all right my waifu called

397

00:17:45,830 --> 00:17:43,140

it a flying saucer when she first saw it

398

00:17:47,990 --> 00:17:45,840

my girl age six and my 11 year old boy

399

00:17:51,529 --> 00:17:48,000

all confirmed seeing it and that it was

400

00:17:53,630 --> 00:17:51,539

no familiar flight shape Wagner said

401
00:17:55,610 --> 00:17:53,640
I don't want to start a scare the rocket

402
00:17:57,950 --> 00:17:55,620
testing Chief said but I would say it is

403
00:17:59,750 --> 00:17:57,960
a reasonable position to take to say

404
00:18:02,150 --> 00:17:59,760
that such a craft might have been

405
00:18:04,130 --> 00:18:02,160
involved in some incidents

406
00:18:06,830 --> 00:18:04,140
and we've covered this guy before famous

407
00:18:08,930 --> 00:18:06,840
astronomer Clyde tombo one of the only

408
00:18:10,810 --> 00:18:08,940
three men in recorded history to have

409
00:18:14,090 --> 00:18:10,820
discovered a planet of the solar system

410
00:18:18,110 --> 00:18:14,100
said that the space traveled possibility

411
00:18:23,210 --> 00:18:18,120
in the near collisions did exist

412
00:18:26,220 --> 00:18:26,270
pretty interesting

413
00:18:26,280 --> 00:18:30,830

I'm just gonna

414

00:18:35,150 --> 00:18:33,110

oh interesting too here look at this one

415

00:18:37,430 --> 00:18:35,160

uh the leading trade magazine missiles

416

00:18:40,310 --> 00:18:37,440

and Rockets carried in its June issue

417

00:18:42,230 --> 00:18:40,320

historian ion propulsion an electrical

418

00:18:44,990 --> 00:18:42,240

powered method at which might enable

419

00:18:47,330 --> 00:18:45,000

space vehicles to travel at or near the

420

00:18:54,710 --> 00:18:47,340

speed of light

421

00:19:01,130 --> 00:18:58,610

look at this guy who is this guy

422

00:19:03,529 --> 00:19:01,140

he's going to what relevance is this to

423

00:19:05,750 --> 00:19:03,539

the modern day UFO cover up

424

00:19:08,660 --> 00:19:05,760

who said it was

425

00:19:11,110 --> 00:19:08,670

Mr Fish

426

00:19:15,590 --> 00:19:11,120

[Laughter]

427

00:19:18,470 --> 00:19:15,600

oh what a freaking all right

428

00:19:21,830 --> 00:19:18,480

I'm gonna put you in time out Mr Fish

429

00:19:25,070 --> 00:19:21,840

if you act ridiculous again

430

00:19:31,070 --> 00:19:27,470

not that it matters

431

00:19:34,010 --> 00:19:31,080

uh the article by Ernest whoever of army

432

00:19:37,310 --> 00:19:34,020

ballistic missile agency

433

00:19:40,070 --> 00:19:37,320

Huntsville Alabama very popular place

434

00:19:43,310 --> 00:19:40,080

gave for example travel time for vehicle

435

00:19:45,830 --> 00:19:43,320

powered wow from

436

00:19:47,510 --> 00:19:45,840

from Earth to other planets as two days

437

00:19:52,070 --> 00:19:47,520

ship time

438

00:19:54,770 --> 00:19:52,080

you know uh avilo but just uh co-wrote a

439

00:19:57,710 --> 00:19:54,780

piece with Shanker Patrick of Arrow

440

00:19:59,990 --> 00:19:57,720

and they were actually talking about

441

00:20:03,770 --> 00:20:00,000

ion propulsion going backwards a little

442

00:20:05,450 --> 00:20:03,780

bit but I in propulsion to

443

00:20:07,610 --> 00:20:05,460

you know that some of these craft could

444

00:20:09,470 --> 00:20:07,620

be using so that's pretty interesting

445

00:20:13,310 --> 00:20:09,480

hey because this is all the way back in

446

00:20:14,990 --> 00:20:13,320

19 freaking 57.

447

00:20:16,970 --> 00:20:15,000

interesting

448

00:20:18,950 --> 00:20:16,980

where Mr fish is not being entertained

449

00:20:21,730 --> 00:20:18,960

no I don't have enough fireworks

450

00:20:24,230 --> 00:20:21,740

Sparkles or

451
00:20:25,850 --> 00:20:24,240
pop music playing or something I don't

452
00:20:30,409 --> 00:20:25,860
know

453
00:20:36,470 --> 00:20:33,770
okay so this stuff isn't uh playing

454
00:20:39,409 --> 00:20:36,480
saucer related but

455
00:20:43,430 --> 00:20:41,330
so far we have three different rocket

456
00:20:47,029 --> 00:20:43,440
scientists kind of saying two of which

457
00:20:49,250 --> 00:20:47,039
you know all three are very open to the

458
00:20:50,870 --> 00:20:49,260
possibility of uh

459
00:20:53,450 --> 00:20:50,880
spaceships

460
00:20:54,770 --> 00:20:53,460
this one is interesting this is 1952 so

461
00:20:56,510 --> 00:20:54,780
we're going backwards with about five

462
00:21:00,230 --> 00:20:56,520
years we have rocket scientists say

463
00:21:02,870 --> 00:21:00,240

flying saucers are not spaceships

464

00:21:05,390 --> 00:21:02,880

we gotta fight we got a rocket scientist

465

00:21:07,490 --> 00:21:05,400

fight some say there it could be some

466

00:21:10,130 --> 00:21:07,500

say they can't be what do we got this

467

00:21:12,110 --> 00:21:10,140

isn't Germany September 4th take it from

468

00:21:14,450 --> 00:21:12,120

the take it from the rocket scientists

469

00:21:16,310 --> 00:21:14,460

who expect to fly to Mars someday flying

470

00:21:18,830 --> 00:21:16,320

saucers are not spaceships from another

471

00:21:20,990 --> 00:21:18,840

planet moreover they said it will take

472

00:21:23,270 --> 00:21:21,000

Earth many many more years of research

473

00:21:25,610 --> 00:21:23,280

and billions of dollars in expenditures

474

00:21:29,029 --> 00:21:25,620

before they can fly Rockets into outer

475

00:21:31,010 --> 00:21:29,039

space these were the almost unanimous

476
00:21:33,110 --> 00:21:31,020
opinions of 200 scientists from 12

477
00:21:35,870 --> 00:21:33,120
countries gathered for the third

478
00:21:39,110 --> 00:21:35,880
international astronomical Congress

479
00:21:41,450 --> 00:21:39,120
why did I pick this I picked this

480
00:21:43,909 --> 00:21:41,460
because

481
00:21:46,250 --> 00:21:43,919
they said moreover they said it will

482
00:21:47,750 --> 00:21:46,260
take earthmen what other kind of men are

483
00:21:51,350 --> 00:21:47,760
there by the way

484
00:21:54,049 --> 00:21:51,360
many more years of research and billions

485
00:21:56,270 --> 00:21:54,059
of dollars in expenditures this is 1952.

486
00:21:58,149 --> 00:21:56,280
so what they're saying

487
00:22:01,010 --> 00:21:58,159
is pretty much like

488
00:22:02,750 --> 00:22:01,020

we need to spend billions of dollars and

489

00:22:05,049 --> 00:22:02,760

it's way down the road before we even

490

00:22:08,090 --> 00:22:05,059

get Iraq into space well guess what

491

00:22:10,789 --> 00:22:08,100

seven years later

492

00:22:12,470 --> 00:22:10,799

or five years later I'm sorry only five

493

00:22:15,110 --> 00:22:12,480

years later

494

00:22:20,029 --> 00:22:15,120

the first satellite is in space

495

00:22:22,190 --> 00:22:20,039

and intercontinental ballistic missiles

496

00:22:24,409 --> 00:22:22,200

are going into space

497

00:22:26,630 --> 00:22:24,419

so I would say

498

00:22:31,970 --> 00:22:26,640

that if that was a conclusive opinion of

499

00:22:33,710 --> 00:22:31,980

all 200 scientists they were wrong

500

00:22:34,490 --> 00:22:33,720

and I don't know how much it costs to do

501
00:22:37,130 --> 00:22:34,500
that

502
00:22:39,950 --> 00:22:37,140
but back in the 50s probably not

503
00:22:43,250 --> 00:22:41,270
so

504
00:22:50,690 --> 00:22:43,260
just my opinion

505
00:22:50,700 --> 00:22:53,930
so

506
00:22:53,940 --> 00:22:59,510
moving on 19 freaking 54.

507
00:23:05,029 --> 00:23:01,490
Rockin scientists

508
00:23:08,570 --> 00:23:05,039
believes flying saucers do exist

509
00:23:11,270 --> 00:23:08,580
back in Germany a German rocket expert

510
00:23:14,450 --> 00:23:11,280
says he believes flying saucers are

511
00:23:17,390 --> 00:23:14,460
spaceships possibly manned by Vikings

512
00:23:19,310 --> 00:23:17,400
from another planetary system I'm fully

513
00:23:21,890 --> 00:23:19,320

convinced these so-called flank saucers

514

00:23:25,430 --> 00:23:21,900

really do exist said Dr Herman oberth

515

00:23:27,830 --> 00:23:25,440

who helped build Germany's V2 rockets in

516

00:23:29,330 --> 00:23:27,840

World War II we can't produce such

517

00:23:31,730 --> 00:23:29,340

saucers yet

518

00:23:33,890 --> 00:23:31,740

and we are fairly certain that the other

519

00:23:35,810 --> 00:23:33,900

eight planets of our solar system lack

520

00:23:38,810 --> 00:23:35,820

civilizations capable of their

521

00:23:41,330 --> 00:23:38,820

manufacture birth added in an interview

522

00:23:44,510 --> 00:23:41,340

thus one concludes that these mysterious

523

00:23:48,230 --> 00:23:44,520

flying objects are the exploring Viking

524

00:23:51,169 --> 00:23:48,240

ships of another solar system or even a

525

00:23:53,330 --> 00:23:51,179

far off fixed star

526

00:23:58,190 --> 00:23:53,340

pretty crazy

527

00:24:00,890 --> 00:23:58,200

Warner Von Braun and I believe this guy

528

00:24:04,430 --> 00:24:00,900

Herman oberth they're kind of cut from

529

00:24:07,250 --> 00:24:04,440

the same cloth so to speak both German

530

00:24:09,950 --> 00:24:07,260

um maybe they're both paper clip people

531

00:24:10,610 --> 00:24:09,960

I'm not positive on that

532

00:24:13,130 --> 00:24:10,620

um

533

00:24:16,669 --> 00:24:13,140

but anyways

534

00:24:21,710 --> 00:24:20,029

we have 49 people watching

535

00:24:22,909 --> 00:24:21,720

thanks for doing so don't forget to like

536

00:24:25,310 --> 00:24:22,919

the video

537

00:24:27,409 --> 00:24:25,320

subscribe if you haven't

538

00:24:28,490 --> 00:24:27,419

I don't do these solo shows very often

539

00:24:30,289 --> 00:24:28,500

anymore

540

00:24:32,390 --> 00:24:30,299

so when I do

541

00:24:35,270 --> 00:24:32,400

um I have a good time and I appreciate

542

00:24:38,270 --> 00:24:35,280

uh that you know you guys are here and

543

00:24:40,730 --> 00:24:38,280

all this kind of stuff so that's fun

544

00:24:42,110 --> 00:24:40,740

this has nothing to do with anything but

545

00:24:45,230 --> 00:24:42,120

I thought it was funny

546

00:24:47,029 --> 00:24:45,240

Cape Canaveral so this is like an ad in

547

00:24:49,070 --> 00:24:47,039

the newspaper Cape Canaveral missile

548

00:24:51,890 --> 00:24:49,080

base features building fences rocket

549

00:24:54,289 --> 00:24:51,900

scientists you can tell I was searching

550

00:24:58,070 --> 00:24:54,299

rocket scientists Flying Saucer and

551
00:25:00,649 --> 00:24:58,080
other accessories for only five dollars

552
00:25:02,810 --> 00:25:00,659
and 97 cents so I think this must be

553
00:25:04,730 --> 00:25:02,820
like like a model of something right

554
00:25:06,770 --> 00:25:04,740
like you can buy a model of Cape

555
00:25:09,649 --> 00:25:06,780
Canaveral missile base

556
00:25:12,060 --> 00:25:09,659
and with it came flying saucers which is

557
00:25:14,090 --> 00:25:12,070
incredible

558
00:25:16,610 --> 00:25:14,100
[Laughter]

559
00:25:18,110 --> 00:25:16,620
it's pretty incredible

560
00:25:20,090 --> 00:25:18,120
I really

561
00:25:21,470 --> 00:25:20,100
should look that up and see if it's on

562
00:25:23,690 --> 00:25:21,480
like eBay or something because that

563
00:25:25,130 --> 00:25:23,700

would be pretty cool

564

00:25:26,870 --> 00:25:25,140

but if it was

565

00:25:29,090 --> 00:25:26,880

I forget when this adds from probably

566

00:25:30,769 --> 00:25:29,100

the 50s somewhere probably came with

567

00:25:41,269 --> 00:25:30,779

like

568

00:25:45,769 --> 00:25:41,279

quite a bit

569

00:25:47,450 --> 00:25:45,779

so this is from 1947 going back to

570

00:25:49,210 --> 00:25:47,460

the year most people think it all

571

00:25:52,789 --> 00:25:49,220

started

572

00:25:55,549 --> 00:25:52,799

scientist links flying saucers to Adam

573

00:25:57,110 --> 00:25:55,559

work and I've kind of have seen this

574

00:25:58,850 --> 00:25:57,120

before

575

00:26:03,169 --> 00:25:58,860

but

576

00:26:05,450 --> 00:26:03,179

um this one

577

00:26:11,390 --> 00:26:05,460

is just better it's more detailed

578

00:26:15,769 --> 00:26:13,730

he's given two bucks he gave me two

579

00:26:19,730 --> 00:26:15,779

bucks

580

00:26:22,850 --> 00:26:19,740

to to give his opinions all right

581

00:26:25,370 --> 00:26:22,860

I'm not even given my opinion Mr Fish

582

00:26:26,630 --> 00:26:25,380

I'm actually just reading other people's

583

00:26:28,190 --> 00:26:26,640

so

584

00:26:29,810 --> 00:26:28,200

you know

585

00:26:32,930 --> 00:26:29,820

I think you're giving me too much credit

586

00:26:36,049 --> 00:26:32,940

there all right scientist links flying

587

00:26:39,110 --> 00:26:36,059

saucers to Adam work

588

00:26:41,690 --> 00:26:39,120

Pasadena California a scientist in

589

00:26:44,810 --> 00:26:41,700

nuclear physics at California Institute

590

00:26:46,789 --> 00:26:44,820

of Technology said Saturday at the flag

591

00:26:48,769 --> 00:26:46,799

saucers reported in various parts of the

592

00:26:53,450 --> 00:26:48,779

nation are connected with experiments in

593

00:26:58,630 --> 00:26:55,789

the scientist a researcher on the

594

00:27:01,730 --> 00:26:58,640

Manhattan Project of the atomic bomb

595

00:27:03,470 --> 00:27:01,740

asked that his name not be used

596

00:27:05,750 --> 00:27:03,480

so we get that a lot these days too

597

00:27:08,210 --> 00:27:05,760

don't we he disclosed that the

598

00:27:10,850 --> 00:27:08,220

experiments are being conducted

599

00:27:12,669 --> 00:27:10,860

at mirac Lake California White Sands New

600

00:27:15,169 --> 00:27:12,679

Mexico Portland Oregon and elsewhere

601
00:27:17,750 --> 00:27:15,179
denoted scientist declared it these

602
00:27:19,549 --> 00:27:17,760
saucers so-called are capable of high

603
00:27:22,370 --> 00:27:19,559
speeds but they can be controlled from

604
00:27:24,350 --> 00:27:22,380
the ground they are 20 feet in width in

605
00:27:26,750 --> 00:27:24,360
the center and are partially rocket

606
00:27:29,750 --> 00:27:26,760
propelled on the takeoff

607
00:27:32,510 --> 00:27:29,760
very interesting so then

608
00:27:35,510 --> 00:27:32,520
we have the pushback

609
00:27:38,210 --> 00:27:35,520
in Chicago and I can't wait to get after

610
00:27:40,010 --> 00:27:38,220
this with them in Chicago Dr Harold at

611
00:27:42,230 --> 00:27:40,020
your Adam a scientist at the University

612
00:27:45,230 --> 00:27:42,240
of Chicago commented transmutation of

613
00:27:48,230 --> 00:27:45,240

atomic energy sounds like gibberish

614

00:27:51,529 --> 00:27:48,240

you can transmute Metals not energy

615

00:27:53,269 --> 00:27:51,539

so I'm not a rocket scientist and I

616

00:27:55,850 --> 00:27:53,279

don't know

617

00:27:58,549 --> 00:27:55,860

a whole bunch about that stuff but

618

00:28:00,529 --> 00:27:58,559

thankfully

619

00:28:03,409 --> 00:28:00,539

only also went on here at the bottom and

620

00:28:05,630 --> 00:28:03,419

said uh no connection between the

621

00:28:07,850 --> 00:28:05,640

Hanford experimental work in Washington

622

00:28:10,010 --> 00:28:07,860

I believe that is in the saucers as far

623

00:28:11,450 --> 00:28:10,020

as he knew but anyways so I went to

624

00:28:13,970 --> 00:28:11,460

Google

625

00:28:15,409 --> 00:28:13,980

and

626

00:28:18,769 --> 00:28:15,419

you know that's where you do all your

627

00:28:20,990 --> 00:28:18,779

fancy research these days right

628

00:28:25,130 --> 00:28:21,000

and I looked it up

629

00:28:27,470 --> 00:28:25,140

can you is transmutation an atomic a

630

00:28:30,470 --> 00:28:27,480

real thing which this person said is not

631

00:28:32,390 --> 00:28:30,480

well here we go transmutation or nuclear

632

00:28:35,390 --> 00:28:32,400

transmutation is a process that involves

633

00:28:38,510 --> 00:28:35,400

a change in the nucleus of an atom

634

00:28:40,370 --> 00:28:38,520

sure seems like it's a real thing this

635

00:28:43,310 --> 00:28:40,380

transmutation process can either be

636

00:28:46,490 --> 00:28:43,320

natural or artificial so going backwards

637

00:28:49,610 --> 00:28:46,500

this person who said

638

00:28:50,690 --> 00:28:49,620

that the Caltech scientist who said the

639

00:28:52,130 --> 00:28:50,700

saucers had something to do with

640

00:28:55,190 --> 00:28:52,140

transmutation of

641

00:28:59,289 --> 00:28:57,049

it's Dr Harold

642

00:29:01,730 --> 00:28:59,299

was wrong

643

00:29:04,909 --> 00:29:01,740

said transmutation of atomic energy

644

00:29:08,630 --> 00:29:04,919

sounds like gibberish turns out

645

00:29:14,149 --> 00:29:10,850

and to further embarrass the guy

646

00:29:18,830 --> 00:29:14,159

you know I don't mean to do that but you

647

00:29:24,350 --> 00:29:21,889

in 1932 a fully artificial nuclear

648

00:29:25,669 --> 00:29:24,360

reaction and nuclear transmutation was

649

00:29:27,830 --> 00:29:25,679

achieved

650

00:29:31,010 --> 00:29:27,840

by Rutherford's colleagues

651
00:29:32,990 --> 00:29:31,020
John cockroft and Ernest Walton who used

652
00:29:35,210 --> 00:29:33,000
artificially accelerated protons against

653
00:29:38,090 --> 00:29:35,220
lithium-7 to split the nucleus into two

654
00:29:41,870 --> 00:29:38,100
alpha particles 1932.

655
00:29:45,590 --> 00:29:41,880
so 15 years before that guy

656
00:29:45,600 --> 00:29:49,909
and this this fish guy

657
00:29:53,570 --> 00:29:52,310
this fish guy's gotta go he just flipped

658
00:29:56,029 --> 00:29:53,580
me off

659
00:29:58,010 --> 00:29:56,039
I can't believe that

660
00:30:01,669 --> 00:29:58,020
well

661
00:30:04,130 --> 00:30:01,679
sorry boss gotta block you

662
00:30:06,110 --> 00:30:04,140
had to block him the guy Bob the The

663
00:30:09,529 --> 00:30:06,120

Fish Guy flipped me off I got I gotta

664

00:30:16,330 --> 00:30:11,389

he gave me his two bucks though joke's

665

00:30:21,830 --> 00:30:18,049

mm-hmm

666

00:30:29,389 --> 00:30:25,909

going back to 1950 another White Sands

667

00:30:30,950 --> 00:30:29,399

rocket scientist a Navy officer says

668

00:30:32,630 --> 00:30:30,960

flying saucers are seen over the White

669

00:30:34,490 --> 00:30:32,640

Sands New Mexico Proving Grounds for

670

00:30:36,250 --> 00:30:34,500

guided missiles last year and he thinks

671

00:30:38,990 --> 00:30:36,260

this are spaceships from another planet

672

00:30:40,250 --> 00:30:39,000

the officer Commander Robert McLaughlin

673

00:30:42,230 --> 00:30:40,260

writes in the March issue of true

674

00:30:49,070 --> 00:30:42,240

magazine that saucers were seen at White

675

00:30:53,029 --> 00:30:50,330

pretty

676

00:30:55,730 --> 00:30:53,039

interesting he says

677

00:30:57,889 --> 00:30:55,740

I'm convinced that they are spaceships

678

00:31:03,049 --> 00:30:57,899

from another planet operated by animate

679

00:31:03,059 --> 00:31:09,289

pretty crazy so we have

680

00:31:13,250 --> 00:31:11,029

three people from White Sands this guy

681

00:31:15,409 --> 00:31:13,260

who's done with most outspoken

682

00:31:18,230 --> 00:31:15,419

who says that he definitely thinks

683

00:31:21,230 --> 00:31:18,240

whatever so this interesting thing here

684

00:31:24,049 --> 00:31:21,240

is um Commander McLaughlin a Navy

685

00:31:27,350 --> 00:31:24,059

Commander right if you pay attention to

686

00:31:29,930 --> 00:31:27,360

the latest news in the UFO World a Navy

687

00:31:31,970 --> 00:31:29,940

Commander Ross coldheart said a Navy

688

00:31:34,970 --> 00:31:31,980

Commander

689

00:31:36,350 --> 00:31:34,980

I forget If he if he said he went to the

690

00:31:39,529 --> 00:31:36,360

Pentagon or the white house or whatever

691

00:31:41,289 --> 00:31:39,539

but they tattled on the Air Force for

692

00:31:45,950 --> 00:31:41,299

having black

693

00:31:49,909 --> 00:31:45,960

uh Legacy UAP programs that might be

694

00:31:56,330 --> 00:31:52,370

is that true or not I have no freaking

695

00:31:58,669 --> 00:31:56,340

idea but maybe the Navy commanders know

696

00:32:02,870 --> 00:31:58,679

a little more

697

00:32:07,549 --> 00:32:05,149

yeah Robert I know you like the

698

00:32:09,769 --> 00:32:07,559

commander McLaughlin story it is a

699

00:32:12,049 --> 00:32:09,779

pretty good one an important one

700

00:32:14,630 --> 00:32:12,059

and he was one of the bigger dogs to

701
00:32:17,269 --> 00:32:14,640
ever come out publicly and say this

702
00:32:19,190 --> 00:32:17,279
stuff to the Press

703
00:32:21,950 --> 00:32:19,200
and the story actually goes pretty deep

704
00:32:23,690 --> 00:32:21,960
maybe we can maybe uh Robert I can bring

705
00:32:25,370 --> 00:32:23,700
you on the show bring you back it's been

706
00:32:27,350 --> 00:32:25,380
a while and we can go through the actual

707
00:32:30,049 --> 00:32:27,360
story because there are actually a lot

708
00:32:32,590 --> 00:32:30,059
of files in Blue Book the Air Force

709
00:32:34,970 --> 00:32:32,600
people went through a huge investigation

710
00:32:37,610 --> 00:32:34,980
to find out who was talking about this

711
00:32:39,169 --> 00:32:37,620
stuff at White Sands which came out at

712
00:32:42,169 --> 00:32:39,179
White Sands during this like press event

713
00:32:45,490 --> 00:32:42,179

for a viking rocket I believe for a

714

00:32:50,210 --> 00:32:48,409

oh see that's see that's why we got to

715

00:32:53,990 --> 00:32:50,220

bring you on to do it

716

00:32:58,070 --> 00:32:55,669

so I'm not going to get into the

717

00:33:02,690 --> 00:32:58,080

helicopter thing but

718

00:33:04,070 --> 00:33:02,700

yeah and they both uh joined nightcap so

719

00:33:07,610 --> 00:33:04,080

yeah

720

00:33:13,549 --> 00:33:11,510

so 105 feet in diameter

721

00:33:16,009 --> 00:33:13,559

wow

722

00:33:18,110 --> 00:33:16,019

so commander McLaughlin said in April

723

00:33:20,149 --> 00:33:18,120

1949 a group of Navy Men And scientists

724

00:33:21,769 --> 00:33:20,159

tracked a disc with an instrument which

725

00:33:24,649 --> 00:33:21,779

was being used to watch a weather

726
00:33:26,450 --> 00:33:24,659
balloon in Charter's progress upward 105

727
00:33:28,250 --> 00:33:26,460
feet diameter added that the data

728
00:33:30,830 --> 00:33:28,260
obtained indicated the saucer was about

729
00:33:33,590 --> 00:33:30,840
105 feet in diameter and flew at a speed

730
00:33:35,450 --> 00:33:33,600
of about five miles a second at an

731
00:33:42,769 --> 00:33:35,460
altitude of approximately

732
00:33:46,789 --> 00:33:44,930
as I watched it he recounted it rapidly

733
00:33:48,490 --> 00:33:46,799
gained speed the object had now passed

734
00:33:51,769 --> 00:33:48,500
overhead and I thought it was going to

735
00:33:54,649 --> 00:33:51,779
fall near a ranch house two or three

736
00:33:58,190 --> 00:33:54,659
miles west of us but it spurted like a

737
00:34:02,269 --> 00:33:58,200
Scarlet cat shot over

738
00:34:10,430 --> 00:34:04,490

cool

739

00:34:15,770 --> 00:34:12,589

so

740

00:34:17,930 --> 00:34:15,780

um moving on here this is an interesting

741

00:34:21,290 --> 00:34:17,940

one this one actually comes out of

742

00:34:23,510 --> 00:34:21,300

Canada 1952.

743

00:34:25,490 --> 00:34:23,520

Can't ignore reports of saucers

744

00:34:27,889 --> 00:34:25,500

Mackenzie

745

00:34:29,930 --> 00:34:27,899

uh if this scene over North Bay had

746

00:34:32,270 --> 00:34:29,940

completely reversed its direction as the

747

00:34:35,149 --> 00:34:32,280

Airmen who saw it said it couldn't have

748

00:34:38,389 --> 00:34:35,159

been a bright meteor or any other normal

749

00:34:41,270 --> 00:34:38,399

phenomena Dr mcmillanson whilst caution

750

00:34:44,709 --> 00:34:41,280

is advisable we must keep an open mind

751

00:34:46,550 --> 00:34:45,050

[Music]

752

00:34:49,070 --> 00:34:46,560

um

753

00:34:51,470 --> 00:34:49,080

skipping down a little bit today atomic

754

00:34:54,290 --> 00:34:51,480

energy control board chairman McKenzie

755

00:34:56,869 --> 00:34:54,300

who had been among the scientists who

756

00:34:59,510 --> 00:34:56,879

could not credit the first reports

757

00:35:02,930 --> 00:34:59,520

Flying Saucer said it seemed fantastic

758

00:35:05,089 --> 00:35:02,940

there could be any such thing at first

759

00:35:08,690 --> 00:35:05,099

the Temptation was to say it was all

760

00:35:11,150 --> 00:35:08,700

nonsense a series of optical illusions

761

00:35:13,670 --> 00:35:11,160

but there have been so many reports from

762

00:35:14,930 --> 00:35:13,680

responsible observers such as airplane

763

00:35:18,170 --> 00:35:14,940

pilots

764

00:35:21,050 --> 00:35:18,180

to think it cannot be ignored it seems

765

00:35:27,349 --> 00:35:21,060

hardly possible that all these reports

766

00:35:31,370 --> 00:35:29,510

and he was very correct

767

00:35:32,870 --> 00:35:31,380

many reports flank saucers have come

768

00:35:34,849 --> 00:35:32,880

from New Mexico near the area where

769

00:35:37,010 --> 00:35:34,859

Atomic experiments have been conducted

770

00:35:39,170 --> 00:35:37,020

United States observers have wondered

771

00:35:41,450 --> 00:35:39,180

whether the saucers were the outcome of

772

00:35:43,550 --> 00:35:41,460

some Atomic experiments but the United

773

00:35:47,510 --> 00:35:43,560

States Atomic control authorities said

774

00:35:47,520 --> 00:35:50,390

yeah

775

00:35:54,109 --> 00:35:51,530

um

776

00:35:55,670 --> 00:35:54,119

I'm gonna keep going here Dr McKenzie

777

00:35:58,609 --> 00:35:55,680

said he could give it the same Assurance

778

00:36:00,589 --> 00:35:58,619

for Canada nothing was being done at

779

00:36:02,630 --> 00:36:00,599

chalk river that would cause flying

780

00:36:06,410 --> 00:36:02,640

saucers or anything else to

781

00:36:08,930 --> 00:36:06,420

take the air Dr solit said at the moment

782

00:36:10,970 --> 00:36:08,940

we are mystified as anyone else

783

00:36:12,950 --> 00:36:10,980

reports of unusual occurrences in the

784

00:36:15,170 --> 00:36:12,960

sky were passed on to the board from the

785

00:36:17,450 --> 00:36:15,180

services and other sources and when they

786

00:36:20,150 --> 00:36:17,460

appeared reasonably authentic were

787

00:36:22,370 --> 00:36:20,160

looked into carefully there has been

788

00:36:25,190 --> 00:36:22,380

nothing yet to make us feel final

789

00:36:27,890 --> 00:36:25,200

conclusions are possible and it may be

790

00:36:30,470 --> 00:36:27,900

that as scientists we are harder to

791

00:36:33,290 --> 00:36:30,480

convince at times we have felt the

792

00:36:34,970 --> 00:36:33,300

subject was closed and then new reports

793

00:36:37,490 --> 00:36:34,980

from the United States or elsewhere have

794

00:36:39,710 --> 00:36:37,500

been published and it has been reopened

795

00:36:42,470 --> 00:36:39,720

we are keeping our minds open and

796

00:36:47,210 --> 00:36:42,480

studying the information that becomes

797

00:36:51,109 --> 00:36:49,370

ponderance of substantial reports with

798

00:36:52,970 --> 00:36:51,119

Sky disk activity in the U.S have

799

00:36:55,730 --> 00:36:52,980

occurred in New Mexico and Texas close

800

00:36:58,849 --> 00:36:55,740

to Atomic weapon Proving Grounds and

801

00:37:01,730 --> 00:36:58,859

experimental stations

802

00:37:06,290 --> 00:37:03,589

the theorists and further the spaceman

803

00:37:09,650 --> 00:37:06,300

may be anxious over the possibility that

804

00:37:14,270 --> 00:37:09,660

Atomic activity here may disturb the

805

00:37:19,010 --> 00:37:16,910

this is interesting

806

00:37:21,109 --> 00:37:19,020

a German scientist now in the United

807

00:37:22,910 --> 00:37:21,119

States who was chief designer at a

808

00:37:25,130 --> 00:37:22,920

wartime rocket establishment has kept

809

00:37:27,290 --> 00:37:25,140

records of saucers seen all over the

810

00:37:33,950 --> 00:37:27,300

world his conclusion is that they came

811

00:37:40,310 --> 00:37:36,650

you know uh

812

00:37:43,370 --> 00:37:40,320

Lord bass great comment it's just crazy

813

00:37:47,150 --> 00:37:43,380

that somehow we're still at this exact

814

00:37:48,530 --> 00:37:47,160

status quo in 2023. you know and uh not

815

00:37:51,530 --> 00:37:48,540

to beat a dead horse but that's kind of

816

00:37:58,910 --> 00:37:52,609

so

817

00:38:00,950 --> 00:37:58,920

that this has been going on for a long

818

00:38:02,870 --> 00:38:00,960

long time

819

00:38:06,470 --> 00:38:02,880

so we covered a lot of Rocket scientists

820

00:38:12,410 --> 00:38:10,910

to present times James T lakaski

821

00:38:14,390 --> 00:38:12,420

it's a rocket scientist I understand

822

00:38:17,030 --> 00:38:14,400

rocket scientists is a general term but

823

00:38:18,650 --> 00:38:17,040

he is one

824

00:38:21,050 --> 00:38:18,660

and I'm not going to go into the whole

825

00:38:23,270 --> 00:38:21,060

story if you want the story you can read

826

00:38:26,390 --> 00:38:23,280

the book skinwalkers at the Pentagon but

827

00:38:30,770 --> 00:38:26,400

Mr lakaski is a rocket scientist who

828

00:38:34,970 --> 00:38:30,780

basically headed up the research project

829

00:38:34,980 --> 00:38:38,810

um Skinwalker Ranch

830

00:38:44,870 --> 00:38:41,210

and he definitely believes

831

00:38:48,770 --> 00:38:46,670

I think we need some more photos of them

832

00:38:51,109 --> 00:38:48,780

online that would probably be good

833

00:38:54,589 --> 00:38:51,119

unless he likes that one I'm not sure

834

00:38:59,150 --> 00:38:56,750

real quick

835

00:39:01,310 --> 00:38:59,160

so there's a lot of talk about

836

00:39:05,510 --> 00:39:03,410

people

837

00:39:07,670 --> 00:39:05,520

basically whistleblowers

838

00:39:11,390 --> 00:39:07,680

um and talking about reverse engineering

839

00:39:14,210 --> 00:39:11,400

programs of black uh projects about

840

00:39:15,950 --> 00:39:14,220

reverse engineering UFO stuff

841

00:39:17,210 --> 00:39:15,960

and I posted this on Twitter I'm just

842

00:39:18,950 --> 00:39:17,220

going to get this out of the way real

843

00:39:21,050 --> 00:39:18,960

quick

844

00:39:26,450 --> 00:39:21,060

I have

845

00:39:29,270 --> 00:39:26,460

I'm guessing possibly that James look

846

00:39:31,550 --> 00:39:29,280

Caskey was heading up one of those

847

00:39:33,470 --> 00:39:31,560

reverse engineering programs and I'll

848

00:39:34,970 --> 00:39:33,480

tell you why because on the weaponized

849

00:39:36,890 --> 00:39:34,980

podcast with Jeremy Corbell and George

850

00:39:39,109 --> 00:39:36,900

knepp I believe it was maybe the first

851
00:39:40,849 --> 00:39:39,119
episode maybe the second one of those

852
00:39:44,630 --> 00:39:40,859
two where they're talking about James

853
00:39:46,310 --> 00:39:44,640
Iacaskey and how he was uh you know did

854
00:39:48,890 --> 00:39:46,320
reverse engineering

855
00:39:50,750 --> 00:39:48,900
they didn't see he didn't save Rupert's

856
00:39:53,210 --> 00:39:50,760
engineering saucers he just said reverse

857
00:39:55,010 --> 00:39:53,220
engineering

858
00:39:56,750 --> 00:39:55,020
so in my head I'm thinking Hmm

859
00:39:58,910 --> 00:39:56,760
interesting

860
00:40:00,890 --> 00:39:58,920
put that in the back

861
00:40:01,910 --> 00:40:00,900
bring it out remember it when the time

862
00:40:04,910 --> 00:40:01,920
comes

863
00:40:07,609 --> 00:40:04,920

if needed

864

00:40:09,109 --> 00:40:07,619

and then

865

00:40:10,490 --> 00:40:09,119

um you know kind of looking for her

866

00:40:12,470 --> 00:40:10,500

stuff to talk about with this rocket

867

00:40:16,010 --> 00:40:12,480

scientist UFO stuff

868

00:40:17,630 --> 00:40:16,020

and I come along Joe mergia's blog UFO

869

00:40:20,990 --> 00:40:17,640

Joe

870

00:40:22,310 --> 00:40:21,000

what she does such a great job with his

871

00:40:24,170 --> 00:40:22,320

uh

872

00:40:25,069 --> 00:40:24,180

you know transcribing these interviews

873

00:40:27,349 --> 00:40:25,079

and stuff

874

00:40:29,930 --> 00:40:27,359

and I found this little thing

875

00:40:31,790 --> 00:40:29,940

jail James classkey

876

00:40:35,390 --> 00:40:31,800

he said

877

00:40:37,069 --> 00:40:35,400

yes that was unsuccessful mainly because

878

00:40:42,349 --> 00:40:37,079

we were

879

00:40:45,050 --> 00:40:42,359

so they were trying to like move ASAP

880

00:40:47,510 --> 00:40:45,060

somewhere else and it was unsuccessful I

881

00:40:50,030 --> 00:40:47,520

think we were an intelligence office

882

00:40:55,550 --> 00:40:50,040

going to what I'd call it without giving

883

00:41:03,650 --> 00:40:59,150

so we have James lukaski

884

00:41:08,510 --> 00:41:05,390

um at the DIA gets this thing at

885

00:41:10,250 --> 00:41:08,520

skinwalkers the Pentagon going

886

00:41:14,630 --> 00:41:10,260

George knepp said he had to do with

887

00:41:22,190 --> 00:41:16,430

they were thinking about moving the

888

00:41:27,109 --> 00:41:25,069

we hear

889

00:41:30,410 --> 00:41:27,119

you know UFO pieces and all that kind of

890

00:41:32,030 --> 00:41:30,420

stuff be referred to as Hardware all the

891

00:41:33,950 --> 00:41:32,040

time

892

00:41:35,690 --> 00:41:33,960

so

893

00:41:38,030 --> 00:41:35,700

that's just a guess

894

00:41:40,250 --> 00:41:38,040

I put those two and two together

895

00:41:42,349 --> 00:41:40,260

it could be completely wrong

896

00:41:45,470 --> 00:41:42,359

but I thought it was very

897

00:41:48,950 --> 00:41:46,550

so

898

00:41:52,430 --> 00:41:48,960

and Jeremy Corbell seems to be pretty

899

00:41:55,849 --> 00:41:52,440

proof positive that one of those exists

900

00:41:59,810 --> 00:41:55,859

reverse engineering UFO program fabulous

901
00:42:03,770 --> 00:42:01,490
in

902
00:42:07,970 --> 00:42:03,780
I'm sure he's heard about it if it

903
00:42:10,190 --> 00:42:07,980
exists from Mr J Stratton

904
00:42:13,849 --> 00:42:10,200
McCaskey

905
00:42:19,910 --> 00:42:13,859
and whatever George knepp knows

906
00:42:24,170 --> 00:42:22,849
I hope you guys had a good time

907
00:42:26,150 --> 00:42:24,180
you know

908
00:42:29,510 --> 00:42:26,160
um

909
00:42:31,250 --> 00:42:29,520
I'm doing my best here to just kind of

910
00:42:33,470 --> 00:42:31,260
come up with different things to talk

911
00:42:34,910 --> 00:42:33,480
about discuss old historical stuff I

912
00:42:36,650 --> 00:42:34,920
thought the rocket scientist stuff was

913
00:42:38,930 --> 00:42:36,660

really interesting

914

00:42:40,609 --> 00:42:38,940

because

915

00:42:43,010 --> 00:42:40,619

you know like I put in the description

916

00:42:46,670 --> 00:42:43,020

of this video like for better for worse

917

00:42:50,630 --> 00:42:46,680

we we always you know feel like we

918

00:42:53,210 --> 00:42:50,640

I have to listen to smarter people

919

00:42:55,550 --> 00:42:53,220

in in their opinions on this stuff you

920

00:42:57,770 --> 00:42:55,560

know people that are smarter than us

921

00:42:59,690 --> 00:42:57,780

for validation

922

00:43:02,150 --> 00:42:59,700

you know whether that's right or wrong I

923

00:43:05,089 --> 00:43:02,160

think that is the case even for me as

924

00:43:06,230 --> 00:43:05,099

someone who's experienced stuff

925

00:43:08,569 --> 00:43:06,240

um

926
00:43:11,150 --> 00:43:08,579
you know I still listen to that for some

927
00:43:13,790 --> 00:43:11,160
sort of uh

928
00:43:17,569 --> 00:43:13,800
validation you know so I thought it

929
00:43:20,089 --> 00:43:17,579
would be interesting to go to

930
00:43:22,370 --> 00:43:20,099
the different validations

931
00:43:24,589 --> 00:43:22,380
it came up three smart people like

932
00:43:26,990 --> 00:43:24,599
rocket scientists

933
00:43:28,790 --> 00:43:27,000
over the years

934
00:43:31,010 --> 00:43:28,800
and we found quite a bit of them so

935
00:43:32,930 --> 00:43:31,020
what's the deal

936
00:43:34,849 --> 00:43:32,940
why are so many

937
00:43:38,510 --> 00:43:34,859
smart people

938
00:43:41,329 --> 00:43:38,520

validating this stuff only because it's

939

00:43:49,670 --> 00:43:41,339

not crazy to think about

940

00:43:53,390 --> 00:43:51,829

well

941

00:43:56,690 --> 00:43:53,400

they're made of

942

00:43:59,390 --> 00:43:56,700

a little Billy with stigma made me feel

943

00:44:05,089 --> 00:44:01,790

but no one seems to remember

944

00:44:06,589 --> 00:44:05,099

that very smart people

945

00:44:08,450 --> 00:44:06,599

think that there's something up with

946

00:44:10,550 --> 00:44:08,460

this stuff and that it's okay to think

947

00:44:13,069 --> 00:44:10,560

about it and not even just that it's

948

00:44:16,250 --> 00:44:13,079

okay but that we should think about it

949

00:44:24,430 --> 00:44:19,430

so

950

00:44:27,530 --> 00:44:24,440

to validation

951
00:44:30,650 --> 00:44:27,540
there you go

952
00:44:32,329 --> 00:44:30,660
I provided it for him

953
00:44:34,609 --> 00:44:32,339
um not that you should need it I don't

954
00:44:35,630 --> 00:44:34,619
think you should need it but in case you

955
00:44:37,849 --> 00:44:35,640
do

956
00:44:39,829 --> 00:44:37,859
um what I just quick did here is I put

957
00:44:43,250 --> 00:44:39,839
all those newspaper clippings in a

958
00:44:45,530 --> 00:44:43,260
Google's dry folder so you can have

959
00:44:47,569 --> 00:44:45,540
those for yourself if you want I put

960
00:44:49,250 --> 00:44:47,579
them in the chat

961
00:44:50,809 --> 00:44:49,260
so you can just click on that link you

962
00:44:52,910 --> 00:44:50,819
should be able to download them or at

963
00:44:55,250 --> 00:44:52,920

least look at them if you want to look

964

00:44:56,750 --> 00:44:55,260

those over for yourself uh I under you

965

00:44:59,150 --> 00:44:56,760

know last time we did something like

966

00:45:01,490 --> 00:44:59,160

this I didn't share those I'm sorry

967

00:45:03,589 --> 00:45:01,500

uh but I wanted to make those uh

968

00:45:09,710 --> 00:45:03,599

available to you

969

00:45:13,910 --> 00:45:11,930

I wanted to you know provide some

970

00:45:16,910 --> 00:45:13,920

something maybe something you can read

971

00:45:18,710 --> 00:45:16,920

you can share it on online on the

972

00:45:20,450 --> 00:45:18,720

twitters on the Instagram whatever you

973

00:45:22,329 --> 00:45:20,460

want to do

974

00:45:25,250 --> 00:45:22,339

so

975

00:45:26,930 --> 00:45:25,260

what do you guys think is gonna what do

976

00:45:29,630 --> 00:45:26,940

you guys think is gonna happen

977

00:45:32,270 --> 00:45:29,640

with this UFO stuff coming up I mean if

978

00:45:34,309 --> 00:45:32,280

you pay attention to the the people that

979

00:45:35,809 --> 00:45:34,319

are you know talk the most about this

980

00:45:38,450 --> 00:45:35,819

whether it be Jeremy corbella Ross

981

00:45:39,410 --> 00:45:38,460

coldheart or other people

982

00:45:42,170 --> 00:45:39,420

um

983

00:45:43,670 --> 00:45:42,180

or like Liberation times Christopher

984

00:45:44,450 --> 00:45:43,680

Sharp

985

00:45:47,030 --> 00:45:44,460

um

986

00:45:49,370 --> 00:45:47,040

people Gary Nolan people have

987

00:45:51,230 --> 00:45:49,380

whistleblowers have come forward and

988

00:45:54,890 --> 00:45:51,240

they've they've told who they need to

989

00:45:55,849 --> 00:45:54,900

tell that their reverse engineering

990

00:45:59,270 --> 00:45:55,859

um

991

00:46:01,250 --> 00:45:59,280

Flying Saucer programs projects we have

992

00:46:06,650 --> 00:46:01,260

stuff I don't know about the Bodies part

993

00:46:11,390 --> 00:46:09,109

but there's no you know there's no like

994

00:46:12,950 --> 00:46:11,400

uh evidence that that happened

995

00:46:14,569 --> 00:46:12,960

but there's a lot of people saying it

996

00:46:16,130 --> 00:46:14,579

happened

997

00:46:18,609 --> 00:46:16,140

um

998

00:46:20,930 --> 00:46:18,619

so I you know do I believe it happened

999

00:46:24,530 --> 00:46:20,940

I'll just have to wait and see I don't

1000

00:46:27,109 --> 00:46:24,540

see why they would lie about it so

1001
00:46:28,550 --> 00:46:27,119
um maybe people lied to them about it I

1002
00:46:31,910 --> 00:46:28,560
don't I don't see why that would be the

1003
00:46:34,609 --> 00:46:31,920
case either so

1004
00:46:37,190 --> 00:46:34,619
you know and I believe I believe that

1005
00:46:38,690 --> 00:46:37,200
something else exists and I don't know

1006
00:46:40,430 --> 00:46:38,700
what it is

1007
00:46:42,109 --> 00:46:40,440
but you read these reports and it's

1008
00:46:44,150 --> 00:46:42,119
clear that people saw things a lot of

1009
00:46:47,329 --> 00:46:44,160
them look like saucers or cigars or

1010
00:46:50,930 --> 00:46:49,430
and there's so much talk about the

1011
00:46:53,450 --> 00:46:50,940
reverse engineering where there's smoke

1012
00:46:56,089 --> 00:46:53,460
there's fire right

1013
00:46:58,849 --> 00:46:56,099

and

1014

00:47:00,530 --> 00:46:58,859

so you know I I can't come up with uh

1015

00:47:02,210 --> 00:47:00,540

you know an opinion then I can stand

1016

00:47:04,930 --> 00:47:02,220

behind but uh there's definitely

1017

00:47:07,490 --> 00:47:04,940

something going on

1018

00:47:09,470 --> 00:47:07,500

and then I try to think of maybe like

1019

00:47:10,970 --> 00:47:09,480

the more prosaic things that could be

1020

00:47:13,130 --> 00:47:10,980

happening the more psychological things

1021

00:47:14,930 --> 00:47:13,140

that could be happening

1022

00:47:16,370 --> 00:47:14,940

um for I forget who it was but somebody

1023

00:47:16,970 --> 00:47:16,380

was talking about

1024

00:47:18,910 --> 00:47:16,980

um

1025

00:47:22,010 --> 00:47:18,920

the

1026

00:47:23,450 --> 00:47:22,020

Majestic 12 documents and how that could

1027

00:47:26,150 --> 00:47:23,460

possibly have been

1028

00:47:27,589 --> 00:47:26,160

some sort of planted misinformation for

1029

00:47:30,589 --> 00:47:27,599

the Russians so that they would think

1030

00:47:32,990 --> 00:47:30,599

that we have these spaceships and and

1031

00:47:34,550 --> 00:47:33,000

this technology that is literally out of

1032

00:47:38,030 --> 00:47:34,560

this world so they shouldn't screw with

1033

00:47:43,309 --> 00:47:40,970

could that be what's going on

1034

00:47:46,250 --> 00:47:43,319

could it be some sort of thing where all

1035

00:47:48,109 --> 00:47:46,260

these people are talking about you know

1036

00:47:51,170 --> 00:47:48,119

the flying saucers reverse engineering

1037

00:47:53,329 --> 00:47:51,180

stuff we have this material and really

1038

00:47:55,430 --> 00:47:53,339

is that just a message to like Russia or

1039

00:47:56,510 --> 00:47:55,440

China and they're like hey we we have

1040

00:47:58,010 --> 00:47:56,520

this stuff and they're trying to

1041

00:47:59,870 --> 00:47:58,020

convince them so don't mess with us

1042

00:48:02,990 --> 00:47:59,880

because we have a technology that you

1043

00:48:05,569 --> 00:48:03,000

don't even know about I don't know

1044

00:48:07,490 --> 00:48:05,579

I don't know the reason I think that's

1045

00:48:10,370 --> 00:48:07,500

probably not the case is because it

1046

00:48:12,530 --> 00:48:10,380

always comes back to we haven't been

1047

00:48:14,569 --> 00:48:12,540

able to successfully reverse engineer it

1048

00:48:16,430 --> 00:48:14,579

so what's the difference if you have

1049

00:48:18,170 --> 00:48:16,440

something or not if you you don't know

1050

00:48:20,990 --> 00:48:18,180

how to use it right

1051
00:48:22,309 --> 00:48:21,000
so I don't really think that's the case

1052
00:48:23,930 --> 00:48:22,319
but

1053
00:48:26,990 --> 00:48:23,940
you know I'm just thinking of all

1054
00:48:29,390 --> 00:48:27,000
options here and what they could be so

1055
00:48:33,770 --> 00:48:29,400
but they have to

1056
00:48:36,890 --> 00:48:33,780
a lot of us get criticized for uh not

1057
00:48:38,930 --> 00:48:36,900
you know doing any

1058
00:48:38,930 --> 00:48:41,030
critical thinking and that's just

1059
00:48:45,829 --> 00:48:43,490
you know if if I personally didn't use

1060
00:48:48,470 --> 00:48:45,839
any critical thinking I had come out

1061
00:48:51,410 --> 00:48:48,480
here with him for sure opinion that I

1062
00:48:52,730 --> 00:48:51,420
100 back but I can't you know because I

1063
00:48:55,430 --> 00:48:52,740

just don't know

1064

00:48:57,230 --> 00:48:55,440

Jeremy Corbell seems super sure of

1065

00:49:00,109 --> 00:48:57,240

himself

1066

00:49:03,470 --> 00:49:00,119

I wish I had that confidence

1067

00:49:05,450 --> 00:49:03,480

I don't because I'm not him

1068

00:49:09,950 --> 00:49:05,460

you know I haven't heard what he heard

1069

00:49:12,109 --> 00:49:09,960

has heard I've met the people he's met

1070

00:49:15,109 --> 00:49:12,119

so

1071

00:49:16,730 --> 00:49:15,119

but there's definitely like

1072

00:49:19,370 --> 00:49:16,740

you know the invisible college or

1073

00:49:21,770 --> 00:49:19,380

whatever you read Jacque Valley's uh you

1074

00:49:25,849 --> 00:49:21,780

know Forbidden Science books and and

1075

00:49:27,770 --> 00:49:25,859

there's so many so many stories of it

1076

00:49:30,650 --> 00:49:27,780

existing so

1077

00:49:33,730 --> 00:49:30,660

oh you know what are you gonna do

1078

00:49:38,630 --> 00:49:36,410

oh thank you Karen I really appreciate

1079

00:49:41,030 --> 00:49:38,640

it what a nice comment you know what a

1080

00:49:43,370 --> 00:49:41,040

360 from that Mr Fish guy that was here

1081

00:49:44,870 --> 00:49:43,380

earlier I love you follow G history so

1082

00:49:47,089 --> 00:49:44,880

much to be learned good job Sean as

1083

00:49:49,069 --> 00:49:47,099

always thank you so much

1084

00:49:52,670 --> 00:49:49,079

um there's a you know I focus on the

1085

00:49:54,410 --> 00:49:52,680

history now because I can count on it to

1086

00:49:55,670 --> 00:49:54,420

be quite honest with you not saying I

1087

00:49:58,849 --> 00:49:55,680

can't count on other people or whatever

1088

00:50:00,050 --> 00:49:58,859

but it's documented stuff from the

1089

00:50:03,349 --> 00:50:00,060

government the Air Force or whatever

1090

00:50:06,589 --> 00:50:03,359

like in their words so it's something I

1091

00:50:08,270 --> 00:50:06,599

can study and you know count on as far

1092

00:50:11,930 --> 00:50:08,280

as what I'm reading

1093

00:50:13,609 --> 00:50:11,940

in in sexual data that that I can you

1094

00:50:19,010 --> 00:50:13,619

know believe in in

1095

00:50:24,490 --> 00:50:21,170

I don't know what that means

1096

00:50:27,050 --> 00:50:24,500

[Laughter]

1097

00:50:28,790 --> 00:50:27,060

that was this is great I'm gonna have to

1098

00:50:30,890 --> 00:50:28,800

watch it again so much info oh thanks

1099

00:50:32,870 --> 00:50:30,900

Toby yeah and like I said I shared the

1100

00:50:34,849 --> 00:50:32,880

newspaper clipping so I mean really all

1101
00:50:37,730 --> 00:50:34,859
I'm doing here is is just reading them

1102
00:50:40,930 --> 00:50:37,740
so if you want to read them yourself

1103
00:50:44,329 --> 00:50:40,940
you know go to that Google drive folder

1104
00:50:45,710 --> 00:50:44,339
and uh read them yourself so you should

1105
00:50:47,030 --> 00:50:45,720
totally do that if you guys don't follow

1106
00:50:48,770 --> 00:50:47,040
me on Twitter you should follow me there

1107
00:50:50,750 --> 00:50:48,780
if you like the historical stuff I might

1108
00:50:53,089 --> 00:50:50,760
witness citizen I'm always posting old

1109
00:50:55,490 --> 00:50:53,099
documents or old cases on there

1110
00:50:59,270 --> 00:50:55,500
um simply because there's there's so

1111
00:51:02,390 --> 00:50:59,280
much data from the past that

1112
00:51:04,670 --> 00:51:02,400
um you know to do a show on you know

1113
00:51:06,650 --> 00:51:04,680

every clipping or whatever that I come

1114

00:51:08,990 --> 00:51:06,660

across that's interesting it's just

1115

00:51:12,410 --> 00:51:09,000

never gonna happen so

1116

00:51:14,450 --> 00:51:12,420

so I uh try to you know

1117

00:51:16,790 --> 00:51:14,460

post it on Twitter and stuff sometimes

1118

00:51:20,690 --> 00:51:16,800

Instagram but I use Twitter more

1119

00:51:23,150 --> 00:51:20,700

um so you can go there and look at those

1120

00:51:24,650 --> 00:51:23,160

check them out

1121

00:51:26,930 --> 00:51:24,660

um

1122

00:51:28,970 --> 00:51:26,940

oh there's one thing that I think you

1123

00:51:31,010 --> 00:51:28,980

guys should do

1124

00:51:33,230 --> 00:51:31,020

if you can

1125

00:51:35,569 --> 00:51:33,240

if you're watching there's there's this

1126

00:51:39,470 --> 00:51:35,579

very interesting

1127

00:51:42,589 --> 00:51:39,480

show that uh this podcast that I found

1128

00:51:47,150 --> 00:51:42,599

that you may like

1129

00:51:49,130 --> 00:51:47,160

I know I like it you may or may not

1130

00:51:52,549 --> 00:51:49,140

but let me just find a video so I can

1131

00:51:54,589 --> 00:51:52,559

share it in the chat here

1132

00:51:57,710 --> 00:51:54,599

um but it's these group of guys who are

1133

00:52:01,130 --> 00:51:57,720

basically like uh body language

1134

00:52:03,109 --> 00:52:01,140

uh experts

1135

00:52:06,290 --> 00:52:03,119

and

1136

00:52:13,190 --> 00:52:09,530

is they don't really focus on UFO stuff

1137

00:52:14,690 --> 00:52:13,200

to be honest with you but um

1138

00:52:21,410 --> 00:52:14,700

they

1139

00:52:23,150 --> 00:52:21,420

oh my God that was super loud sorry so

1140

00:52:24,829 --> 00:52:23,160

what they do is is they go over like

1141

00:52:26,930 --> 00:52:24,839

clips of different things like they just

1142

00:52:28,490 --> 00:52:26,940

did that Murdoch trial and they go

1143

00:52:30,470 --> 00:52:28,500

through the guys characteristics and all

1144

00:52:32,510 --> 00:52:30,480

that kind of stuff his body language and

1145

00:52:34,190 --> 00:52:32,520

they give you tips as far as like when

1146

00:52:37,430 --> 00:52:34,200

he does this that usually means that

1147

00:52:39,290 --> 00:52:37,440

somebody is means this or or whatever

1148

00:52:40,910 --> 00:52:39,300

so it's really interesting because

1149

00:52:44,089 --> 00:52:40,920

they're all X like

1150

00:52:47,150 --> 00:52:44,099

um you know intelligence people and they

1151

00:52:50,390 --> 00:52:47,160

give you really good tips on

1152

00:52:53,329 --> 00:52:50,400

on that and they did a whole show

1153

00:52:55,910 --> 00:52:53,339

using all the clips of officials who

1154

00:53:01,430 --> 00:52:55,920

have come out on the record and recently

1155

00:53:03,530 --> 00:53:01,440

and spoke about uh UAP stuff so

1156

00:53:06,230 --> 00:53:03,540

it was really interesting because

1157

00:53:07,910 --> 00:53:06,240

basically what they're saying is

1158

00:53:10,190 --> 00:53:07,920

you know I can kind of wrap it up for

1159

00:53:11,930 --> 00:53:10,200

you but but they basically like and

1160

00:53:13,069 --> 00:53:11,940

we're talking like the CIA guy John

1161

00:53:14,329 --> 00:53:13,079

Brennan

1162

00:53:16,970 --> 00:53:14,339

you know

1163

00:53:18,470 --> 00:53:16,980

um Barack Obama Trump Clinton all that

1164

00:53:20,690 --> 00:53:18,480

kind of stuff they went through all

1165

00:53:22,670 --> 00:53:20,700

those clips in

1166

00:53:24,530 --> 00:53:22,680

dissected their body language and their

1167

00:53:26,390 --> 00:53:24,540

mannerisms to try to find out like are

1168

00:53:28,790 --> 00:53:26,400

they being deceptive are they being

1169

00:53:31,130 --> 00:53:28,800

honest what do they think

1170

00:53:32,930 --> 00:53:31,140

so here I just posted that video in the

1171

00:53:34,309 --> 00:53:32,940

in the chat there so you should watch

1172

00:53:37,370 --> 00:53:34,319

that if you want and basically What They

1173

00:53:39,109 --> 00:53:37,380

Come Away with is that they're

1174

00:53:41,930 --> 00:53:39,119

um they're they're being honest but they

1175

00:53:44,089 --> 00:53:41,940

all have this little subset of details

1176

00:53:45,829 --> 00:53:44,099

that they talk about and they can't go

1177

00:53:48,410 --> 00:53:45,839

outside of that box like there's

1178

00:53:49,390 --> 00:53:48,420

something that's real it's something we

1179

00:53:53,450 --> 00:53:49,400

don't understand

1180

00:53:55,490 --> 00:53:53,460

it's uh not ours and and you know not uh

1181

00:53:58,130 --> 00:53:55,500

foreign and that's it that's all they

1182

00:54:00,890 --> 00:53:58,140

can say you know and they all whether

1183

00:54:04,010 --> 00:54:00,900

it's Trump Clinton uh you know Rubio or

1184

00:54:05,510 --> 00:54:04,020

Brennan or whatever they all have these

1185

00:54:07,490 --> 00:54:05,520

things that they can say and they can't

1186

00:54:08,750 --> 00:54:07,500

go outside of that box so it's very

1187

00:54:10,910 --> 00:54:08,760

interesting

1188

00:54:12,109 --> 00:54:10,920

um to watch and I I do suggest you watch

1189

00:54:15,589 --> 00:54:12,119

it

1190

00:54:17,270 --> 00:54:15,599

um interesting and enlightening he does

1191

00:54:19,250 --> 00:54:17,280

one on Bob Lazar

1192

00:54:20,390 --> 00:54:19,260

know all that kind of stuff so you know

1193

00:54:22,250 --> 00:54:20,400

when you're watching these people

1194

00:54:23,690 --> 00:54:22,260

whether it be a president or babazar or

1195

00:54:24,950 --> 00:54:23,700

whatever like I know you're like me

1196

00:54:26,930 --> 00:54:24,960

you're watching it and you're like is

1197

00:54:28,970 --> 00:54:26,940

this guy lying is this guy just full of

1198

00:54:30,170 --> 00:54:28,980

crap right

1199

00:54:33,290 --> 00:54:30,180

um and and

1200

00:54:34,970 --> 00:54:33,300

you know what would it be like

1201
00:54:38,270 --> 00:54:34,980
if you were

1202
00:54:41,150 --> 00:54:38,280
a trained intelligence officer who is

1203
00:54:43,190 --> 00:54:41,160
you know made a career on looking for a

1204
00:54:44,630 --> 00:54:43,200
deceit like that whether they like do

1205
00:54:46,849 --> 00:54:44,640
something weird with their hands or

1206
00:54:49,970 --> 00:54:46,859
their body language or whatever like if

1207
00:54:51,829 --> 00:54:49,980
we had those tools

1208
00:54:53,809 --> 00:54:51,839
to watch these clips and actually

1209
00:54:55,790 --> 00:54:53,819
dissect them and bring a level of

1210
00:54:57,290 --> 00:54:55,800
intelligence to our thoughts when we're

1211
00:54:58,970 --> 00:54:57,300
thinking like is this guy full of crap

1212
00:55:01,790 --> 00:54:58,980
or whatever well that's what these guys

1213
00:55:04,309 --> 00:55:01,800

do and they do a whole video on this UFO

1214

00:55:07,190 --> 00:55:04,319

stuff and I think that it's so needed in

1215

00:55:09,710 --> 00:55:07,200

this field our experts like that you

1216

00:55:11,750 --> 00:55:09,720

know because they help us uh try and

1217

00:55:13,549 --> 00:55:11,760

understand how to digest this

1218

00:55:16,190 --> 00:55:13,559

information because in the end we're

1219

00:55:19,370 --> 00:55:16,200

just out there being told this stuff by

1220

00:55:20,990 --> 00:55:19,380

a pretty senior authority of people and

1221

00:55:22,910 --> 00:55:21,000

you know on the one hand you don't want

1222

00:55:25,790 --> 00:55:22,920

to feel like a fool of her believing it

1223

00:55:27,650 --> 00:55:25,800

on the other hand like they seem honest

1224

00:55:29,809 --> 00:55:27,660

and why would they make it up right and

1225

00:55:32,030 --> 00:55:29,819

for me I've seen stuff and other people

1226
00:55:33,770 --> 00:55:32,040
have seen stuff so it makes more sense

1227
00:55:35,870 --> 00:55:33,780
but if you can just kind of take

1228
00:55:39,770 --> 00:55:35,880
yourself out of the equation

1229
00:55:41,870 --> 00:55:39,780
watch these experts dissect these people

1230
00:55:45,410 --> 00:55:41,880
um it's pretty cool I really liked it I

1231
00:55:47,150 --> 00:55:45,420
really liked it so I suggest that you

1232
00:55:49,370 --> 00:55:47,160
check it out

1233
00:55:50,630 --> 00:55:49,380
definitely do so before we go I'm gonna

1234
00:55:52,190 --> 00:55:50,640
wrap up here I'm going to get out of

1235
00:55:53,809 --> 00:55:52,200
here like the video again subscribe if

1236
00:55:56,510 --> 00:55:53,819
you haven't thanks everybody for being

1237
00:55:58,849 --> 00:55:56,520
so kind I made two dollars today from a

1238
00:56:02,230 --> 00:55:58,859

guy I blocked from the channel so that's

1239

00:56:07,370 --> 00:56:05,329

and if you're out there Mr Fish

1240

00:56:08,750 --> 00:56:07,380

you know I apologize I didn't mean to do

1241

00:56:11,089 --> 00:56:08,760

that but when you put the the middle

1242

00:56:15,650 --> 00:56:11,099

finger up like that uh in the chin I

1243

00:56:19,370 --> 00:56:15,660

have to do it I can't not to it so

1244

00:56:21,890 --> 00:56:19,380

um nothing against you so uh but before

1245

00:56:24,770 --> 00:56:21,900

we get out of here I'm gonna share

1246

00:56:24,780 --> 00:56:28,069

and

1247

00:56:31,910 --> 00:56:30,410

this is a new

1248

00:56:35,270 --> 00:56:31,920

song

1249

00:56:37,910 --> 00:56:35,280

so I know some people

1250

00:56:39,710 --> 00:56:37,920

actually I just saw this in my files

1251

00:56:42,349 --> 00:56:39,720

I'll show this to you quick

1252

00:56:46,010 --> 00:56:42,359

this is pretty cool well it's not that

1253

00:56:48,829 --> 00:56:46,020

cool but I tried to like uh recreate

1254

00:56:50,390 --> 00:56:48,839

like the first really weird bizarre

1255

00:56:52,790 --> 00:56:50,400

thing that I saw that's kind of like

1256

00:56:55,309 --> 00:56:52,800

half responsible for why I'm here I'm

1257

00:56:59,329 --> 00:56:55,319

not a graphic designer and no one's been

1258

00:57:02,690 --> 00:56:59,339

willing to like try to recreate it the

1259

00:57:05,930 --> 00:57:02,700

UFO I saw it for me so I really really

1260

00:57:08,930 --> 00:57:05,940

poorly tried to do that myself

1261

00:57:14,329 --> 00:57:08,940

but it gives you at least an idea of

1262

00:57:19,430 --> 00:57:17,270

this is about the size it was

1263

00:57:21,049 --> 00:57:19,440

like this sideways teardrop with a bit

1264

00:57:22,309 --> 00:57:21,059

of a curve with like the border around

1265

00:57:24,470 --> 00:57:22,319

it

1266

00:57:26,329 --> 00:57:24,480

in the middle I couldn't find a good

1267

00:57:28,549 --> 00:57:26,339

thing to put in the middle it's just

1268

00:57:31,309 --> 00:57:28,559

white but what it really was was like a

1269

00:57:33,049 --> 00:57:31,319

moving like really thick dense

1270

00:57:34,790 --> 00:57:33,059

cloud-like substance that was like

1271

00:57:37,730 --> 00:57:34,800

moving around in there

1272

00:57:40,609 --> 00:57:37,740

and the Border had points on it actually

1273

00:57:42,190 --> 00:57:40,619

like all around it but this is about the

1274

00:57:45,410 --> 00:57:42,200

size of it and the shape

1275

00:57:48,890 --> 00:57:45,420

and it didn't sit there for maybe more

1276
00:57:51,530 --> 00:57:48,900
than you know two seconds and it went

1277
00:57:54,109 --> 00:57:51,540
just like my cursor watchmakers

1278
00:57:56,450 --> 00:57:54,119
in and out just like that

1279
00:57:59,569 --> 00:57:56,460
so

1280
00:58:01,069 --> 00:57:59,579
like that would come from you know this

1281
00:58:03,230 --> 00:58:01,079
guy I wouldn't have this curve where

1282
00:58:05,950 --> 00:58:03,240
it's like going

1283
00:58:08,210 --> 00:58:05,960
and in and out of like the

1284
00:58:10,609 --> 00:58:08,220
atmosphere Dimension I don't know what

1285
00:58:12,890 --> 00:58:10,619
you want to call it but

1286
00:58:14,690 --> 00:58:12,900
I thought it was uh it's pretty crazy so

1287
00:58:16,370 --> 00:58:14,700
to just kind of give you an idea of of

1288
00:58:19,370 --> 00:58:16,380

what it was

1289

00:58:20,870 --> 00:58:19,380

so yeah it is Big it's definitely big

1290

00:58:22,010 --> 00:58:20,880

Lord Bess

1291

00:58:24,049 --> 00:58:22,020

um

1292

00:58:26,569 --> 00:58:24,059

that's how big it was with me looking at

1293

00:58:29,630 --> 00:58:26,579

it so I don't know if it was

1294

00:58:32,210 --> 00:58:29,640

you know really far up it's really big

1295

00:58:33,290 --> 00:58:32,220

or kind of smaller and closer to me I

1296

00:58:38,089 --> 00:58:33,300

don't know

1297

00:58:40,130 --> 00:58:38,099

and so that's just

1298

00:58:41,990 --> 00:58:40,140

what I'm dealing with I wish I had it on

1299

00:58:46,309 --> 00:58:42,000

camera no I did not catch that camera

1300

00:58:47,210 --> 00:58:46,319

this is a really poor Recreation but you

1301

00:58:50,870 --> 00:58:47,220

know

1302

00:58:52,670 --> 00:58:50,880

better do what I gotta do so

1303

00:58:55,130 --> 00:58:52,680

that's as close as I could get to it I

1304

00:58:58,670 --> 00:58:55,140

guess so

1305

00:59:00,710 --> 00:58:58,680

that's all I got

1306

00:59:02,450 --> 00:59:00,720

so uh yeah I'm Gonna Leave You with the

1307

00:59:03,470 --> 00:59:02,460

song I made this is the first song I

1308

00:59:05,450 --> 00:59:03,480

made in a while

1309

00:59:07,069 --> 00:59:05,460

um some of you you know you know the

1310

00:59:11,210 --> 00:59:07,079

things that I get the most crap for

1311

00:59:14,870 --> 00:59:11,220

online like from trolls are

1312

00:59:16,609 --> 00:59:14,880

about my music I remember this one guy

1313

00:59:19,130 --> 00:59:16,619

little Angelus just

1314

00:59:21,349 --> 00:59:19,140

literally crept all over my music online

1315

00:59:23,870 --> 00:59:21,359

over and over

1316

00:59:25,789 --> 00:59:23,880

um and I've even gotten like messages

1317

00:59:27,349 --> 00:59:25,799

from random people telling me about how

1318

00:59:29,030 --> 00:59:27,359

my music sucks and all that kind of

1319

00:59:31,490 --> 00:59:29,040

stuff so

1320

00:59:33,829 --> 00:59:31,500

I get made fun of for that and the other

1321

00:59:36,109 --> 00:59:33,839

thing I get made fun of is uh for

1322

00:59:38,450 --> 00:59:36,119

anything that has to do with Lou elizato

1323

00:59:39,710 --> 00:59:38,460

pretty much if I say anything nice about

1324

00:59:42,650 --> 00:59:39,720

them or whatever

1325

00:59:45,230 --> 00:59:42,660

uh so

1326

00:59:47,150 --> 00:59:45,240

um that being said

1327

00:59:49,670 --> 00:59:47,160

I'm putting the song out there is kind

1328

00:59:52,789 --> 00:59:49,680

of like a like a I don't care what you

1329

00:59:55,849 --> 00:59:52,799

say about my music so

1330

00:59:59,510 --> 00:59:55,859

I'm going to share it and play it

1331

01:00:02,150 --> 00:59:59,520

anyways because I love it

1332

01:00:03,589 --> 01:00:02,160

and I know even if a couple people like

1333

01:00:05,870 --> 01:00:03,599

it and take something from it it's worth

1334

01:00:08,270 --> 01:00:05,880

it so

1335

01:00:11,030 --> 01:00:08,280

I hope you like it it's chill the video

1336

01:00:12,770 --> 01:00:11,040

is just uh of the beach

1337

01:00:14,990 --> 01:00:12,780

that's it so you don't have to watch it

1338

01:00:16,910 --> 01:00:15,000

it's more like a listen thing and if

1339

01:00:18,710 --> 01:00:16,920

you're not into music and don't have

1340

01:00:20,750 --> 01:00:18,720

time for it you can take off too it's up

1341

01:00:22,309 --> 01:00:20,760

to you no harm no problem so with that

1342

01:00:24,589 --> 01:00:22,319

being said I really appreciate all you

1343

01:00:25,730 --> 01:00:24,599

guys thanks for hanging out

1344

01:00:28,670 --> 01:00:25,740

um

1345

01:00:30,289 --> 01:00:28,680

uh I I hope you enjoyed the show again

1346

01:00:32,450 --> 01:00:30,299

if you want the newspaper clippings and

1347

01:00:34,549 --> 01:00:32,460

stuff the Google drive folder I I put in

1348

01:00:36,410 --> 01:00:34,559

the chat there so you know go take it go

1349

01:00:38,750 --> 01:00:36,420

read them do whatever you want so and

1350

01:00:40,970 --> 01:00:38,760

I'll be back uh before you know it uh

1351
01:00:43,069 --> 01:00:40,980
with the show or tomorrow weaponized

1352
01:00:44,870 --> 01:00:43,079
podcast apparently well at midnight is

1353
01:00:47,990 --> 01:00:44,880
coming out well there's a rumor at least

1354
01:00:49,190 --> 01:00:48,000
that they're releasing six images of

1355
01:00:51,170 --> 01:00:49,200
UFOs

1356
01:00:54,349 --> 01:00:51,180
so check that out as I'm sure we'll be

1357
01:00:56,150 --> 01:00:54,359
talking about it on this show

1358
01:00:58,309 --> 01:00:56,160
um and you can bring your thoughts in

1359
01:01:00,650 --> 01:00:58,319
and we'll discuss so

1360
01:01:01,730 --> 01:01:00,660
looking forward to that peace out thank

1361
01:01:05,520 --> 01:01:01,740
you

1362
01:01:05,530 --> 01:01:17,950
[Music]

1363
01:01:24,970 --> 01:01:21,770

what I used to do

1364

01:01:26,390 --> 01:01:24,980

I hardly known

1365

01:01:27,890 --> 01:01:26,400

[Music]

1366

01:01:29,710 --> 01:01:27,900

I

1367

01:01:33,410 --> 01:01:29,720

think

1368

01:01:37,100 --> 01:01:33,420

wave into the room

1369

01:01:39,770 --> 01:01:37,110

so I can start to grow

1370

01:01:52,910 --> 01:01:39,780

[Music]

1371

01:01:56,460 --> 01:01:52,920

magic it's the first time I'm abandoned

1372

01:01:59,510 --> 01:01:56,470

you need with its foresight

1373

01:02:00,950 --> 01:01:59,520

[Music]

1374

01:02:04,870 --> 01:02:00,960

strong

1375

01:02:10,809 --> 01:02:04,880

[Music]

1376
01:02:10,819 --> 01:02:16,870
as an enemy

1377
01:02:16,880 --> 01:02:22,270
my Fortress

1378
01:02:22,280 --> 01:02:26,800
so to speak

1379
01:02:26,810 --> 01:02:50,390
[Music]

1380
01:02:50,400 --> 01:02:57,330
foreign

1381
01:03:04,990 --> 01:02:59,289
[Music]

1382
01:03:05,000 --> 01:03:11,450
now I'm reading all night

1383
01:03:15,950 --> 01:03:12,950
fine

1384
01:03:23,030 --> 01:03:16,789
ship

1385
01:03:23,040 --> 01:03:27,890
it's a strong vibration

1386
01:03:27,900 --> 01:03:34,970
oh now I'm reading all night

1387
01:03:41,080 --> 01:03:39,410
just to find a relation

1388
01:03:46,360 --> 01:03:41,090

ship

1389

01:03:46,370 --> 01:03:52,690

[Music]

1390

01:03:52,700 --> 01:03:58,270

my Fortress

1391

01:03:58,280 --> 01:04:02,510

so to speak

1392

01:04:02,520 --> 01:04:20,100

hopeless
