

1  
00:00:05,809 --> 00:00:03,710  
what's up everybody this is Sean and

2  
00:00:08,880 --> 00:00:05,819  
this is Jay and you're watching witness

3  
00:00:08,890 --> 00:00:39,670  
[Music]

4  
00:00:39,680 --> 00:00:52,910  
thank you

5  
00:00:56,569 --> 00:00:54,290  
what do you think

6  
00:00:59,330 --> 00:00:56,579  
I like the new open I think it's great I

7  
00:01:01,430 --> 00:00:59,340  
like the stately horns like the moon I

8  
00:01:04,030 --> 00:01:01,440  
like the I like it all I think it was

9  
00:01:07,789 --> 00:01:04,040  
great did you when'd you do that

10  
00:01:09,890 --> 00:01:07,799  
uh I the the song I kind of made maybe a

11  
00:01:13,310 --> 00:01:09,900  
week ago but the video I just clipped

12  
00:01:16,370 --> 00:01:13,320  
together maybe a half hour ago that's

13  
00:01:17,330 --> 00:01:16,380

awesome here I was reading PDFs like a

14

00:01:19,630 --> 00:01:17,340

schmuck and you were putting that

15

00:01:22,789 --> 00:01:19,640

together that was awesome

16

00:01:24,469 --> 00:01:22,799

they're just clips that you know that I

17

00:01:27,649 --> 00:01:24,479

can download so it's it's pretty easy

18

00:01:30,410 --> 00:01:27,659

stuff but uh yeah the song I like I like

19

00:01:31,789 --> 00:01:30,420

kind of the the droney horns so I

20

00:01:33,410 --> 00:01:31,799

thought I'd give it I thought I'd give

21

00:01:36,590 --> 00:01:33,420

it a try there's a more robust version

22

00:01:39,469 --> 00:01:36,600

with drums and everything too but oh boy

23

00:01:41,270 --> 00:01:39,479

um it gets kind of intense so

24

00:01:42,969 --> 00:01:41,280

I I didn't want to bring that up on

25

00:01:45,649 --> 00:01:42,979

people

26  
00:01:47,210 --> 00:01:45,659  
gotta ease our way into the stately ones

27  
00:01:50,510 --> 00:01:47,220  
with Trump yeah I get it appreciate it

28  
00:01:52,429 --> 00:01:50,520  
so what's up everybody in the chat I uh

29  
00:01:55,190 --> 00:01:52,439  
appreciate everybody in the chat

30  
00:02:00,950 --> 00:01:55,200  
Grandmaster what's up with the Caps Anon

31  
00:02:02,270 --> 00:02:00,960  
E.T Robert cofford uh John R NWO

32  
00:02:04,609 --> 00:02:02,280  
um Escape

33  
00:02:07,370 --> 00:02:04,619  
data

34  
00:02:10,070 --> 00:02:07,380  
we'll see water lily all sorts of photos

35  
00:02:13,790 --> 00:02:10,080  
yeah we got all sorts of we got the new

36  
00:02:15,589 --> 00:02:13,800  
world yeah New World Order yeah they I

37  
00:02:19,250 --> 00:02:15,599  
think they're probably gonna pick us to

38  
00:02:22,550 --> 00:02:19,260

run something or they're monitoring you

39  
00:02:24,830 --> 00:02:22,560  
know who we are did oh my gosh maybe no

40  
00:02:29,030 --> 00:02:24,840  
I actually know who that person is oh

41  
00:02:31,610 --> 00:02:29,040  
okay yeah it's nice person so we were

42  
00:02:33,430 --> 00:02:31,620  
both into the NWO wrestling back in the

43  
00:02:36,589 --> 00:02:33,440  
day Hulk Hogan

44  
00:02:39,650 --> 00:02:36,599  
stuff that was her favorite so yeah that

45  
00:02:41,890 --> 00:02:39,660  
was a little bit after my my uh

46  
00:02:45,410 --> 00:02:41,900  
wrestling days I was like um

47  
00:02:47,830 --> 00:02:45,420  
uh what was it called TNA no not TNA

48  
00:02:50,869 --> 00:02:47,840  
what what preceded WS

49  
00:02:52,130 --> 00:02:50,879  
yeah but what proceeded well I think

50  
00:02:54,290 --> 00:02:52,140  
maybe you're talking about a different

51  
00:02:56,570 --> 00:02:54,300  
one but like uh

52  
00:02:58,729 --> 00:02:56,580  
um maybe but like uh what what was it

53  
00:03:00,650 --> 00:02:58,739  
called before WCW okay there's Jim

54  
00:03:02,089 --> 00:03:00,660  
Crockett Productions and then there's an

55  
00:03:04,790 --> 00:03:02,099  
in-between state it was the one that

56  
00:03:08,089 --> 00:03:04,800  
like Sting and all those guys uh

57  
00:03:11,229 --> 00:03:08,099  
wrestled in those kind of like WCW yeah

58  
00:03:13,970 --> 00:03:11,239  
before WCW I don't know I don't know

59  
00:03:16,670 --> 00:03:13,980  
see that's our our little micro

60  
00:03:19,070 --> 00:03:16,680  
generation gap

61  
00:03:20,990 --> 00:03:19,080  
that I was watching people like like uh

62  
00:03:23,210 --> 00:03:21,000  
Shane Michaels back when he was like

63  
00:03:25,190 --> 00:03:23,220

with Marty Genetti in the Rockers oh

64

00:03:27,649 --> 00:03:25,200

Sean Michaels yeah yeah

65

00:03:30,649 --> 00:03:27,659

or Shawn Michaels supposedly I was

66

00:03:32,089 --> 00:03:30,659

supposedly I was named after him so

67

00:03:34,729 --> 00:03:32,099

um are you serious my middle name is

68

00:03:37,850 --> 00:03:34,739

Michael so your dad was into the Rockers

69

00:03:40,070 --> 00:03:37,860

that would be so awesome and they were

70

00:03:43,729 --> 00:03:40,080

um my first name my mom said was after

71

00:03:49,369 --> 00:03:43,739

Sean Connery so that'd be it wow yeah I

72

00:03:52,250 --> 00:03:49,379

can call me calling me hey for um for uh

73

00:03:54,530 --> 00:03:52,260

thanks uh for Halloween this year can we

74

00:03:56,930 --> 00:03:54,540

dress up as the Rockers I don't know if

75

00:03:59,149 --> 00:03:56,940

you know what they look like they sure

76

00:04:02,869 --> 00:03:59,159

they had like a really wild kind of like

77

00:04:04,910 --> 00:04:02,879

yeah like hair Rock hair and uh like a

78

00:04:07,009 --> 00:04:04,920

lot of friendship bracelets and stuff oh

79

00:04:09,229 --> 00:04:07,019

yeah they look pretty wild yeah yeah you

80

00:04:11,089 --> 00:04:09,239

might want to bring a picture of them I

81

00:04:13,610 --> 00:04:11,099

am super familiar with the Rockers

82

00:04:15,410 --> 00:04:13,620

because you know I was named after

83

00:04:17,750 --> 00:04:15,420

you're named after one of them that's

84

00:04:19,870 --> 00:04:17,760

right it kind of have to be you know

85

00:04:22,189 --> 00:04:19,880

what I mean so I think so I think

86

00:04:23,689 --> 00:04:22,199

I think you're Shawn Michaels was a

87

00:04:25,430 --> 00:04:23,699

little bit later than my Sean Michaels

88

00:04:28,310 --> 00:04:25,440

my Sean Michaels was like the early 20s

89  
00:04:30,830 --> 00:04:28,320  
Shawn Michaels anyway we just have to be

90  
00:04:33,950 --> 00:04:30,840  
sure that we're as good of friends as

91  
00:04:37,189 --> 00:04:33,960  
those two were because you know look at

92  
00:04:39,350 --> 00:04:37,199  
that can we yeah look at that yeah those

93  
00:04:40,909 --> 00:04:39,360  
guys are amazing click on that one yeah

94  
00:04:42,550 --> 00:04:40,919  
that one can you can you make that

95  
00:04:46,310 --> 00:04:42,560  
bigger

96  
00:04:49,370 --> 00:04:46,320  
yeah sure that's a good one yeah no like

97  
00:04:52,490 --> 00:04:49,380  
which one okay any of them really

98  
00:04:54,650 --> 00:04:52,500  
yeah like like look at these guys

99  
00:04:57,010 --> 00:04:54,660  
yeah they're better when they their

100  
00:04:59,270 --> 00:04:57,020  
outfits they're cool outfits like

101  
00:05:02,090 --> 00:04:59,280  
Photoshop action so you should probably

102  
00:05:04,129 --> 00:05:02,100  
be Sean Michaels I'll be Marty Genetti

103  
00:05:05,749 --> 00:05:04,139  
um that's okay margianetti didn't really

104  
00:05:08,409 --> 00:05:05,759  
go anywhere you know what I mean Shawn

105  
00:05:10,550 --> 00:05:08,419  
Michaels turned into like you know yeah

106  
00:05:12,350 --> 00:05:10,560  
30-year career or something like that

107  
00:05:14,150 --> 00:05:12,360  
but anyway whatever he must have been

108  
00:05:16,490 --> 00:05:14,160  
pissed by the way Marty Genetti just

109  
00:05:19,990 --> 00:05:16,500  
seeing that Shawn Michaels rise to

110  
00:05:22,430 --> 00:05:20,000  
stardom and he was probably oh yeah

111  
00:05:24,110 --> 00:05:22,440  
I read a little bit about it a few years

112  
00:05:26,150 --> 00:05:24,120  
ago I'm not that big of a wrestling fan

113  
00:05:27,950 --> 00:05:26,160

by the way but like you know how every

114

00:05:29,150 --> 00:05:27,960

once in a while maybe maybe you're at

115

00:05:31,249 --> 00:05:29,160

the point now where you're like whatever

116

00:05:32,510 --> 00:05:31,259

happened to that you know marginal

117

00:05:34,490 --> 00:05:32,520

celebrity like I don't know somebody

118

00:05:36,230 --> 00:05:34,500

from Blue's Clues or whatever like from

119

00:05:38,090 --> 00:05:36,240

when you were a kid right kind of feel

120

00:05:39,890 --> 00:05:38,100

like oh you know whatever happened to

121

00:05:42,350 --> 00:05:39,900

Bob from Sesame Street we should do that

122

00:05:45,350 --> 00:05:42,360

with ufology someday like the Forgotten

123

00:05:48,110 --> 00:05:45,360

ufologist oh yeah yeah we should

124

00:05:49,969 --> 00:05:48,120

absolutely do that you know there's uh

125

00:05:51,950 --> 00:05:49,979

we were talking about maybe

126

00:05:53,990 --> 00:05:51,960

um covering like a Leonard Stringfield

127

00:05:56,450 --> 00:05:54,000

case later today we might be able to get

128

00:05:58,249 --> 00:05:56,460

to that I mean some people remember I

129

00:06:00,469 --> 00:05:58,259

mean to me he's like one of the most

130

00:06:02,450 --> 00:06:00,479

memorable figures in 20th century

131

00:06:04,969 --> 00:06:02,460

ufology a lot of people forgot about him

132

00:06:07,129 --> 00:06:04,979

but even he was bringing up people in

133

00:06:09,170 --> 00:06:07,139

that that case that we were maybe going

134

00:06:11,749 --> 00:06:09,180

to talk about today where he's like oh

135

00:06:14,450 --> 00:06:11,759

yeah man Bob Gribble and all these other

136

00:06:17,090 --> 00:06:14,460

kind of like forgotten nephrologists and

137

00:06:19,490 --> 00:06:17,100

uh I was really happy uh to see some of

138

00:06:22,610 --> 00:06:19,500

the I like the hair stood up on the on

139

00:06:25,070 --> 00:06:22,620

my arm looking at his at these guys that

140

00:06:28,490 --> 00:06:25,080

uh that don't get much credit anymore

141

00:06:30,230 --> 00:06:28,500

anyway yeah we can definitely do that so

142

00:06:33,409 --> 00:06:30,240

let's do a wrestling theme show it'll be

143

00:06:35,270 --> 00:06:33,419

great yeah wrestlers who see UFOs that

144

00:06:36,950 --> 00:06:35,280

could be a good idea too

145

00:06:40,430 --> 00:06:36,960

um

146

00:06:42,890 --> 00:06:40,440

before we keep uh off track there I did

147

00:06:45,710 --> 00:06:42,900

want to you know because we're not a

148

00:06:48,230 --> 00:06:45,720

wrestling podcast let's be honest no no

149

00:06:50,150 --> 00:06:48,240

um as as much as I love the old

150

00:06:52,850 --> 00:06:50,160

wrestling and I'm surprised there was

151  
00:06:55,189 --> 00:06:52,860  
never a wrestler named after an alien or

152  
00:06:58,400 --> 00:06:55,199  
something maybe there was I'm not sure

153  
00:06:59,990 --> 00:06:58,410  
but before we go down that rabbit hole

154  
00:07:02,390 --> 00:07:00,000  
[Music]

155  
00:07:03,650 --> 00:07:02,400  
you have uh you've been gone for a

156  
00:07:07,730 --> 00:07:03,660  
little bit you've been working on

157  
00:07:10,070 --> 00:07:07,740  
another uh uh event in in New York city

158  
00:07:12,350 --> 00:07:10,080  
so before we forget I want you to tell

159  
00:07:16,309 --> 00:07:12,360  
us a little bit about that

160  
00:07:18,830 --> 00:07:16,319  
oh sure okay so yeah so this is like the

161  
00:07:20,990 --> 00:07:18,840  
third iteration of this conference

162  
00:07:24,230 --> 00:07:21,000  
series that me and the gentle giant

163  
00:07:25,969 --> 00:07:24,240

James iandoli have been putting on here

164

00:07:28,129 --> 00:07:25,979

um called an inquiry into anonymous

165

00:07:29,330 --> 00:07:28,139

experiences in the phenomenon

166

00:07:31,550 --> 00:07:29,340

um this one's happening on Saturday

167

00:07:34,129 --> 00:07:31,560

April 8th and one of the reasons why I

168

00:07:36,170 --> 00:07:34,139

wanted to mention it today is because we

169

00:07:39,290 --> 00:07:36,180

literally only have

170

00:07:40,969 --> 00:07:39,300

five in-person tickets left five

171

00:07:44,210 --> 00:07:40,979

in-person tickets left

172

00:07:46,129 --> 00:07:44,220

five and uh there's only a hundred total

173

00:07:49,249 --> 00:07:46,139

we're actually going to be in a smaller

174

00:07:51,110 --> 00:07:49,259

Hall than we were even last time last

175

00:07:52,850 --> 00:07:51,120

time the last two times we were in a

176

00:07:54,529 --> 00:07:52,860

theater that a very small theater that

177

00:07:55,969 --> 00:07:54,539

could fit about 150 people in it now

178

00:07:58,909 --> 00:07:55,979

it's 100

179

00:08:00,650 --> 00:07:58,919

um and where we have plans on doing

180

00:08:04,490 --> 00:08:00,660

something that's bigger later in the

181

00:08:06,710 --> 00:08:04,500

year possibly but uh I'm not gonna just

182

00:08:09,830 --> 00:08:06,720

keep working for the horse yeah but like

183

00:08:11,990 --> 00:08:09,840

uh so this this one it's I'm really

184

00:08:13,969 --> 00:08:12,000

excited about it because of the range of

185

00:08:17,330 --> 00:08:13,979

people that are involved we've got Derek

186

00:08:18,770 --> 00:08:17,340

Pitts who's the chief astronomer at uh

187

00:08:21,050 --> 00:08:18,780

the Fells planetarium at the Franklin

188

00:08:25,430 --> 00:08:21,060

Institute in Philadelphia he's a very

189

00:08:27,890 --> 00:08:25,440

prominent astronomer who's who's been a

190

00:08:32,269 --> 00:08:27,900

public-facing person in astronomy since

191

00:08:34,969 --> 00:08:32,279

1978 and um he notably used to be a

192

00:08:37,730 --> 00:08:34,979

skeptic and he would even get called up

193

00:08:40,130 --> 00:08:37,740

onto onto news media basic cable and

194

00:08:41,930 --> 00:08:40,140

stuff like that to talk uh to kind of

195

00:08:44,510 --> 00:08:41,940

explain away cases is back in the day

196

00:08:46,550 --> 00:08:44,520

like he was like Tyson does now pretty

197

00:08:49,009 --> 00:08:46,560

much like Tyson does now yeah exactly

198

00:08:50,930 --> 00:08:49,019

not Mike Tyson Neil deGrasse yeah that's

199

00:08:53,509 --> 00:08:50,940

right but Derek

200

00:08:55,670 --> 00:08:53,519

um he actually read Leslie's Leslie

201  
00:08:56,930 --> 00:08:55,680  
Kane's book UFOs Pilots generals and

202  
00:08:59,509 --> 00:08:56,940  
government officials go on the record

203  
00:09:01,910 --> 00:08:59,519  
and it completely was like a paradigm

204  
00:09:03,650 --> 00:09:01,920  
shift for him he changed his mind it

205  
00:09:05,930 --> 00:09:03,660  
happens to everybody who reads those

206  
00:09:08,449 --> 00:09:05,940  
accounts you know right they're good

207  
00:09:10,430 --> 00:09:08,459  
because mine happened to be at the

208  
00:09:13,070 --> 00:09:10,440  
actual like Blue Book accounts but it's

209  
00:09:15,410 --> 00:09:13,080  
the same idea of reading the actual

210  
00:09:16,930 --> 00:09:15,420  
accounts and you're like what the frick

211  
00:09:21,230 --> 00:09:16,940  
right

212  
00:09:23,870 --> 00:09:21,240  
so so he appeared on on Leslie's new

213  
00:09:25,670 --> 00:09:23,880

show UFOs investigating the unknown

214

00:09:26,810 --> 00:09:25,680

which for those of you that haven't seen

215

00:09:28,790 --> 00:09:26,820

it yet you should totally should watch

216

00:09:31,910 --> 00:09:28,800

it it's on it just premiered last month

217

00:09:33,829 --> 00:09:31,920

on Nat Geo National Geographic it's now

218

00:09:35,930 --> 00:09:33,839

on up on Hulu for those of you that have

219

00:09:38,389 --> 00:09:35,940

Hulu and it's supposed to be loading up

220

00:09:40,370 --> 00:09:38,399

on Disney plots any day now

221

00:09:42,290 --> 00:09:40,380

um but but Derek was on there but this

222

00:09:43,910 --> 00:09:42,300

is actually going to be the Ryan Graves

223

00:09:45,949 --> 00:09:43,920

is going to be there right Ryan Graves

224

00:09:49,130 --> 00:09:45,959

is going to be there from the merge

225

00:09:52,070 --> 00:09:49,140

podcast and uh you know pretty much I

226

00:09:53,810 --> 00:09:52,080

think almost anybody who who watches the

227

00:09:55,970 --> 00:09:53,820

witness citizen probably has a decent

228

00:09:58,190 --> 00:09:55,980

handle on who Ryan is and he's of course

229

00:10:00,710 --> 00:09:58,200

merged as has quickly become one of the

230

00:10:03,889 --> 00:10:00,720

best podcasts in the space out there uh

231

00:10:06,470 --> 00:10:03,899

James Fox who did moment of contact the

232

00:10:08,150 --> 00:10:06,480

phenomenon I know what I saw

233

00:10:10,310 --> 00:10:08,160

um a really amazing director and

234

00:10:14,630 --> 00:10:10,320

producer who's been working in the space

235

00:10:17,449 --> 00:10:14,640

since for gosh almost 30 years now

236

00:10:19,670 --> 00:10:17,459

um he originally got into investigative

237

00:10:21,949 --> 00:10:19,680

journalism through his father the

238

00:10:23,750 --> 00:10:21,959

journalist Charles Fox he was an

239

00:10:26,150 --> 00:10:23,760

assistant to his dad because his dad was

240

00:10:28,130 --> 00:10:26,160

actually a paraplegic journalist and so

241

00:10:31,090 --> 00:10:28,140

he needed a lot of help and that's how

242

00:10:33,610 --> 00:10:31,100

James kind of become became

243

00:10:37,370 --> 00:10:33,620

an investigative journalist early on

244

00:10:39,290 --> 00:10:37,380

then uh yeah anyway Peter lavender who

245

00:10:41,990 --> 00:10:39,300

wrote uh the the secret machines books

246

00:10:44,750 --> 00:10:42,000

with Tom DeLong God's man war wars

247

00:10:47,090 --> 00:10:44,760

coming up soon hopefully not literally

248

00:10:48,889 --> 00:10:47,100

though it kind of always is but I mean

249

00:10:50,509 --> 00:10:48,899

the secret machines book I've got

250

00:10:52,970 --> 00:10:50,519

Elizabeth Crone who's a near-death

251  
00:10:56,090 --> 00:10:52,980  
experiencer who wrote a book with Dr

252  
00:10:58,090 --> 00:10:56,100  
Jeff kreypel Daniel Ingram who's a

253  
00:11:00,949 --> 00:10:58,100  
medical doctor and a trauma physician

254  
00:11:04,069 --> 00:11:00,959  
who has been doing this thing called

255  
00:11:06,410 --> 00:11:04,079  
eprc the emergent phenomenology research

256  
00:11:09,370 --> 00:11:06,420  
Consortium it's a group of doctors and

257  
00:11:14,210 --> 00:11:09,380  
other scientists that are working to get

258  
00:11:15,769 --> 00:11:14,220  
the biological effects on experiencers

259  
00:11:18,170 --> 00:11:15,779  
um kind of acknowledged within the

260  
00:11:21,590 --> 00:11:18,180  
medical community and codified in such a

261  
00:11:24,170 --> 00:11:21,600  
way that that they can get treated in

262  
00:11:25,610 --> 00:11:24,180  
hospitals and can be can show up as kind

263  
00:11:28,370 --> 00:11:25,620

of normal medical codes that people

264

00:11:30,829 --> 00:11:28,380

could punch up in databases so that uh

265

00:11:33,110 --> 00:11:30,839

so that people can be more informed in

266

00:11:35,449 --> 00:11:33,120

the medical community about situations

267

00:11:37,490 --> 00:11:35,459

that are kind of particular to

268

00:11:40,550 --> 00:11:37,500

experiencers you know there are chronic

269

00:11:41,990 --> 00:11:40,560

health conditions gray matter issues all

270

00:11:43,730 --> 00:11:42,000

sorts of things that sometimes happen

271

00:11:45,230 --> 00:11:43,740

with experiencers and he's trying to get

272

00:11:47,269 --> 00:11:45,240

that stuff validated so it'll be really

273

00:11:48,590 --> 00:11:47,279

interesting to hear from him and of

274

00:11:49,790 --> 00:11:48,600

course Leslie Kane's going to be there

275

00:11:52,730 --> 00:11:49,800

as well

276

00:11:54,290 --> 00:11:52,740

um so yeah so I think it'll be a it'll

277

00:11:56,030 --> 00:11:54,300

be a really great time Leslie's gonna do

278

00:11:58,130 --> 00:11:56,040

she's gonna actually co-host with James

279

00:12:02,090 --> 00:11:58,140

and I she's also going to be doing like

280

00:12:03,769 --> 00:12:02,100

a fireside chat thing uh with James Fox

281

00:12:05,650 --> 00:12:03,779

um partially because they've they've

282

00:12:09,410 --> 00:12:05,660

both actually been working the Virginia

283

00:12:12,170 --> 00:12:09,420

Brazil like crash retrieval slash um

284

00:12:14,030 --> 00:12:12,180

bodies case uh separately and a little

285

00:12:15,949 --> 00:12:14,040

bit together so we hope to hear kind of

286

00:12:17,389 --> 00:12:15,959

an update about that and maybe some

287

00:12:20,030 --> 00:12:17,399

other stuff James has been shooting

288

00:12:21,949 --> 00:12:20,040

lately in DC so we're really looking

289

00:12:24,290 --> 00:12:21,959

forward to maybe getting an update about

290

00:12:28,269 --> 00:12:24,300

what's been going on in DC right yeah

291

00:12:35,030 --> 00:12:32,509

the gentle giant Class Act he really is

292

00:12:36,470 --> 00:12:35,040

man I put the link in the in the

293

00:12:38,630 --> 00:12:36,480

comments here so you guys click on that

294

00:12:40,550 --> 00:12:38,640

remember there's only five a person uh

295

00:12:43,790 --> 00:12:40,560

tickets left so you'll want to get those

296

00:12:45,949 --> 00:12:43,800

before they run out it does uh stream as

297

00:12:47,329 --> 00:12:45,959

well so you can stick it for the live

298

00:12:48,889 --> 00:12:47,339

stream

299

00:12:50,329 --> 00:12:48,899

um and the guys who put together the

300

00:12:53,389 --> 00:12:50,339

event I happen to know them they're

301  
00:12:56,090 --> 00:12:53,399  
super nice people and eventually as time

302  
00:13:00,410 --> 00:12:56,100  
goes on they they put some of this stuff

303  
00:13:02,930 --> 00:13:00,420  
up uh online uh for free but that's like

304  
00:13:04,910 --> 00:13:02,940  
way down the road so that's right I

305  
00:13:06,829 --> 00:13:04,920  
would probably do the live stream or go

306  
00:13:09,889 --> 00:13:06,839  
in person if you can so that's right

307  
00:13:11,090 --> 00:13:09,899  
yeah yeah it's gonna be a fun time yeah

308  
00:13:12,490 --> 00:13:11,100  
for sure

309  
00:13:15,829 --> 00:13:12,500  
um anyway

310  
00:13:18,050 --> 00:13:15,839  
we have apparently we have uh hearings

311  
00:13:19,310 --> 00:13:18,060  
coming up in April that well that's like

312  
00:13:21,350 --> 00:13:19,320  
what people are saying it's not

313  
00:13:22,970 --> 00:13:21,360

confirmed I guess but

314

00:13:24,350 --> 00:13:22,980

um the the links in the description of

315

00:13:26,269 --> 00:13:24,360

this video you can click on it to read

316

00:13:27,710 --> 00:13:26,279

about that so one that came from

317

00:13:29,930 --> 00:13:27,720

Politico

318

00:13:31,490 --> 00:13:29,940

um talking about keyrings and then of

319

00:13:33,850 --> 00:13:31,500

course we have Tim burchett who is kind

320

00:13:36,889 --> 00:13:33,860

have taken the torch for all this stuff

321

00:13:38,990 --> 00:13:36,899

and is on the news and uh project

322

00:13:41,750 --> 00:13:39,000

unity's show and all these different

323

00:13:43,790 --> 00:13:41,760

places talking about having hearings and

324

00:13:46,190 --> 00:13:43,800

that he had talked to McCarthy and

325

00:13:47,210 --> 00:13:46,200

somebody else I forget his name

326

00:13:49,069 --> 00:13:47,220

um

327

00:13:51,530 --> 00:13:49,079

ahead in the oversight committee maybe

328

00:13:53,810 --> 00:13:51,540

it is but he said that they agreed and

329

00:13:56,210 --> 00:13:53,820

that they're going to do this so

330

00:13:57,530 --> 00:13:56,220

um it's really interesting that this is

331

00:13:59,569 --> 00:13:57,540

happening you know the hearings that we

332

00:14:02,210 --> 00:13:59,579

had last year were a huge dud so

333

00:14:03,889 --> 00:14:02,220

hopefully uh it doesn't turn out that

334

00:14:05,449 --> 00:14:03,899

way at this time

335

00:14:07,190 --> 00:14:05,459

um but I have a feeling it'll be a

336

00:14:07,970 --> 00:14:07,200

little bit more interesting what do you

337

00:14:15,230 --> 00:14:07,980

think

338

00:14:17,449 --> 00:14:15,240

um partially because of who has been

339

00:14:19,550 --> 00:14:17,459

briefing some of these people you know

340

00:14:22,610 --> 00:14:19,560

we've heard from people like Gary Nolan

341

00:14:24,230 --> 00:14:22,620

and Lou Alexander and we know Chris

342

00:14:26,410 --> 00:14:24,240

millin has been briefing some of these

343

00:14:30,050 --> 00:14:26,420

people in anticipation of more hearings

344

00:14:31,610 --> 00:14:30,060

and we also know that that all of those

345

00:14:33,170 --> 00:14:31,620

people and a bunch of other people

346

00:14:35,870 --> 00:14:33,180

including ourselves were super

347

00:14:38,509 --> 00:14:35,880

disappointed by the last uh round of

348

00:14:40,670 --> 00:14:38,519

hearings when Moultrie and Bray were

349

00:14:42,710 --> 00:14:40,680

basically like We Don't Know Jack Squad

350

00:14:45,410 --> 00:14:42,720

about I don't know I don't know who

351  
00:14:48,410 --> 00:14:45,420  
knows and you know and they also brought

352  
00:14:50,389 --> 00:14:48,420  
up people then that had total plausible

353  
00:14:53,810 --> 00:14:50,399  
deniability you know what I mean you had

354  
00:14:56,569 --> 00:14:53,820  
people there that it wasn't Lou Elizondo

355  
00:14:59,389 --> 00:14:56,579  
right it that it wasn't Sean Kirkpatrick

356  
00:15:03,170 --> 00:14:59,399  
there is getting brought up in in front

357  
00:15:05,329 --> 00:15:03,180  
of Congress and the public and so you

358  
00:15:07,370 --> 00:15:05,339  
know regardless of of how much of this

359  
00:15:09,829 --> 00:15:07,380  
stuff needs to be needs for whatever

360  
00:15:11,930 --> 00:15:09,839  
reason needs to be like behind closed

361  
00:15:13,310 --> 00:15:11,940  
doors and what can be in the public you

362  
00:15:15,590 --> 00:15:13,320  
know we need to hear from more people

363  
00:15:17,870 --> 00:15:15,600

that are more directly involved sure

364

00:15:20,210 --> 00:15:17,880

totally right and we were we were

365

00:15:21,949 --> 00:15:20,220

brought to this situation by very

366

00:15:24,889 --> 00:15:21,959

specific people right Chris melon

367

00:15:27,110 --> 00:15:24,899

Elizondo Eric Davis just to name a few

368

00:15:29,389 --> 00:15:27,120

like a lot of these names and these

369

00:15:31,009 --> 00:15:29,399

people are reasons

370

00:15:32,629 --> 00:15:31,019

are the reasons that we're here right

371

00:15:35,269 --> 00:15:32,639

now doing this

372

00:15:37,430 --> 00:15:35,279

you know so um

373

00:15:40,189 --> 00:15:37,440

they should probably be a part of it and

374

00:15:42,110 --> 00:15:40,199

maybe testify as well like Lou Elizondo

375

00:15:43,850 --> 00:15:42,120

I can you come up with a better witness

376

00:15:46,490 --> 00:15:43,860

than that person you want to understand

377

00:15:49,490 --> 00:15:46,500

I can't really considering everything in

378

00:15:51,530 --> 00:15:49,500

context I think that would be uh the a

379

00:15:53,449 --> 00:15:51,540

great person to put on the stand you

380

00:15:54,889 --> 00:15:53,459

know I think it's

381

00:15:59,030 --> 00:15:54,899

you know

382

00:16:01,069 --> 00:15:59,040

I hope that we can get an opportunity to

383

00:16:02,629 --> 00:16:01,079

to have hearings where important stuff

384

00:16:05,569 --> 00:16:02,639

is discussed

385

00:16:09,110 --> 00:16:05,579

you know that that's all I gotta say

386

00:16:10,970 --> 00:16:09,120

um on it in whatever way that happens

387

00:16:13,250 --> 00:16:10,980

um I don't know because you know we hear

388

00:16:15,350 --> 00:16:13,260

things of of stuff going on behind the

389

00:16:17,629 --> 00:16:15,360

scenes like from Gary Nolan or other

390

00:16:19,610 --> 00:16:17,639

people about uh people testifying to

391

00:16:22,670 --> 00:16:19,620

Arrow about Crash retrieval programs and

392

00:16:25,310 --> 00:16:22,680

some pretty crazy stuff for UFOs so like

393

00:16:27,470 --> 00:16:25,320

if people like brachetta or whatever are

394

00:16:31,069 --> 00:16:27,480

aware of those people of course those

395

00:16:33,410 --> 00:16:31,079

people should be testifying like I

396

00:16:35,030 --> 00:16:33,420

you know otherwise like what are we

397

00:16:36,949 --> 00:16:35,040

doing what's the point of them telling

398

00:16:39,290 --> 00:16:36,959

Arrow if they've like you can't tell the

399

00:16:41,810 --> 00:16:39,300

public or whatever you know

400

00:16:43,790 --> 00:16:41,820

um because that's like the whole gist of

401  
00:16:45,350 --> 00:16:43,800  
this thing isn't it so but I think it's

402  
00:16:47,090 --> 00:16:45,360  
crazy with the hearings how you have

403  
00:16:48,829 --> 00:16:47,100  
that side like Tim birchett the the

404  
00:16:51,710 --> 00:16:48,839  
crashes and all that kind of stuff and

405  
00:16:54,590 --> 00:16:51,720  
and you know people like Gary Nolan

406  
00:16:56,870 --> 00:16:54,600  
saying that um you know he's aware of

407  
00:16:58,790 --> 00:16:56,880  
some pretty pretty cool stuff regarding

408  
00:17:00,829 --> 00:16:58,800  
this so and then you have the other side

409  
00:17:03,530 --> 00:17:00,839  
like the political article where it's

410  
00:17:07,130 --> 00:17:03,540  
really focusing on the balloons and more

411  
00:17:08,929 --> 00:17:07,140  
prosaic stuff and so there's a different

412  
00:17:10,549 --> 00:17:08,939  
things going on here and you only have

413  
00:17:12,890 --> 00:17:10,559

Burchette and one time Gates talking

414

00:17:14,569 --> 00:17:12,900

about the crash retrieval stuff why do

415

00:17:16,309 --> 00:17:14,579

they just know do more people knowing

416

00:17:19,370 --> 00:17:16,319

they're just not talking like what is

417

00:17:22,789 --> 00:17:19,380

the deal it's it's confusing you know

418

00:17:24,530 --> 00:17:22,799

yeah yeah and I I really do hope that

419

00:17:27,110 --> 00:17:24,540

you know we've been hearing for a little

420

00:17:29,330 --> 00:17:27,120

while now that um folks

421

00:17:31,970 --> 00:17:29,340

um like Robert Salas for example or

422

00:17:35,750 --> 00:17:31,980

Mario woods and others have been have

423

00:17:37,970 --> 00:17:35,760

been uh invited to give

424

00:17:40,430 --> 00:17:37,980

um testimony to Sean Kirkpatrick

425

00:17:43,850 --> 00:17:40,440

presumably and others

426

00:17:46,070 --> 00:17:43,860

um in the arrow office and maybe uh to

427

00:17:49,010 --> 00:17:46,080

to focus on some of these subcommittees

428

00:17:51,950 --> 00:17:49,020

uh behind the scenes as Eric Davis has

429

00:17:54,770 --> 00:17:51,960

in the past and others you know and it's

430

00:17:58,190 --> 00:17:54,780

it's interesting to note you know of

431

00:18:00,289 --> 00:17:58,200

course Lou alizando and Tim burchett had

432

00:18:02,930 --> 00:18:00,299

like a recorded interview together that

433

00:18:06,289 --> 00:18:02,940

they did gosh I guess maybe almost a

434

00:18:08,029 --> 00:18:06,299

year ago even already now and like and

435

00:18:11,029 --> 00:18:08,039

they seem to get along really well

436

00:18:12,890 --> 00:18:11,039

timberchet hinted in recent situations

437

00:18:14,630 --> 00:18:12,900

that you know we're gonna get people up

438

00:18:17,450 --> 00:18:14,640

there that are the real people that you

439

00:18:20,210 --> 00:18:17,460

need to hear from and you know I if I

440

00:18:22,070 --> 00:18:20,220

was a betting man I would put luau sondo

441

00:18:26,270 --> 00:18:22,080

up at the top of the list for who might

442

00:18:28,130 --> 00:18:26,280

get called it provided yeah I mean

443

00:18:29,690 --> 00:18:28,140

provided that whatever contract that

444

00:18:32,090 --> 00:18:29,700

he's working with space force right now

445

00:18:34,730 --> 00:18:32,100

allows him to do that and it sounds like

446

00:18:36,590 --> 00:18:34,740

that contract might be like coming to a

447

00:18:38,690 --> 00:18:36,600

closed some sometime soon but I don't

448

00:18:39,950 --> 00:18:38,700

know I don't know much about that you

449

00:18:43,010 --> 00:18:39,960

know what I mean and I don't think many

450

00:18:44,390 --> 00:18:43,020

people do right so you know if he can

451  
00:18:45,890 --> 00:18:44,400  
talk then that would be absolutely

452  
00:18:47,390 --> 00:18:45,900  
fantastic

453  
00:18:49,430 --> 00:18:47,400  
um definitely been quiet for a while

454  
00:18:51,529 --> 00:18:49,440  
that's for sure you know it is

455  
00:18:54,230 --> 00:18:51,539  
definitely interesting how

456  
00:18:55,450 --> 00:18:54,240  
how much he was around and then how much

457  
00:18:58,190 --> 00:18:55,460  
he was

458  
00:19:00,350 --> 00:18:58,200  
yeah well I mean but at the same time

459  
00:19:02,390 --> 00:19:00,360  
like there are a couple you know he's

460  
00:19:04,310 --> 00:19:02,400  
he's been writing a book and like I said

461  
00:19:06,409 --> 00:19:04,320  
that's bad or good I'm just saying you

462  
00:19:07,850 --> 00:19:06,419  
know it's like well what happened yeah I

463  
00:19:09,770 --> 00:19:07,860

mean he's been working on this book and

464

00:19:12,529 --> 00:19:09,780

it's funny because like people act like

465

00:19:15,049 --> 00:19:12,539

writing a book is easy or that it can

466

00:19:16,789 --> 00:19:15,059

just happen and and like I can you know

467

00:19:19,310 --> 00:19:16,799

write a three minute read article yeah

468

00:19:22,610 --> 00:19:19,320

exactly like I've been having to work on

469

00:19:25,789 --> 00:19:22,620

I've been having to work on on a talk

470

00:19:27,409 --> 00:19:25,799

I'm going to be giving at uh like right

471

00:19:29,690 --> 00:19:27,419

at Wright-Patterson Air Force Base can

472

00:19:31,010 --> 00:19:29,700

you hear that siren it's terrible right

473

00:19:32,930 --> 00:19:31,020

is that here

474

00:19:35,029 --> 00:19:32,940

no it's over here they're coming to get

475

00:19:36,710 --> 00:19:35,039

me it'll be done actually you know what

476

00:19:39,110 --> 00:19:36,720

I'm going to be moving soon I'm going to

477

00:19:40,190 --> 00:19:39,120

be moving in May and then you're not

478

00:19:42,350 --> 00:19:40,200

going to have to you're not going to

479

00:19:44,029 --> 00:19:42,360

have to hear those sirens anymore it's

480

00:19:49,190 --> 00:19:44,039

not a problem it spices up the show

481

00:19:51,890 --> 00:19:49,200

actually yeah yeah so like um

482

00:19:54,710 --> 00:19:51,900

so anyway uh what happened before the

483

00:19:56,330 --> 00:19:54,720

sirens so like okay so the thing is

484

00:19:58,669 --> 00:19:56,340

though is that people have been

485

00:20:01,430 --> 00:19:58,679

testifying or or giving private

486

00:20:04,730 --> 00:20:01,440

testimony to Sean Kirkpatrick and others

487

00:20:07,250 --> 00:20:04,740

and the thing is there though is that we

488

00:20:10,010 --> 00:20:07,260

still don't quite know where Sean

489

00:20:13,070 --> 00:20:10,020

Kirkpatrick lands with all this stuff no

490

00:20:15,289 --> 00:20:13,080

idea right no and and so and so it's

491

00:20:17,390 --> 00:20:15,299

it's curious because we say like oh

492

00:20:19,070 --> 00:20:17,400

Mario Woods is gonna go give testimony

493

00:20:20,270 --> 00:20:19,080

and that's great and Robert Salas is

494

00:20:22,250 --> 00:20:20,280

going to go give testimony and that's

495

00:20:24,409 --> 00:20:22,260

great but we got to remember that like

496

00:20:26,750 --> 00:20:24,419

Mario Woods gave testimony to the Air

497

00:20:31,010 --> 00:20:26,760

Force back in 1977 and we didn't hear

498

00:20:32,510 --> 00:20:31,020

crap about it for over 40 years yeah in

499

00:20:34,850 --> 00:20:32,520

fact the only thing we did here was

500

00:20:38,390 --> 00:20:34,860

probably a disinformation campaign right

501  
00:20:42,049 --> 00:20:38,400  
of that's exactly right where I think it

502  
00:20:43,490 --> 00:20:42,059  
was alleged by

503  
00:20:46,549 --> 00:20:43,500  
um

504  
00:20:48,110 --> 00:20:46,559  
I forgot the UFOs and nukes guy

505  
00:20:49,630 --> 00:20:48,120  
what's his name

506  
00:20:52,730 --> 00:20:49,640  
UFOs

507  
00:20:55,010 --> 00:20:52,740  
Hastings he I think it was him that

508  
00:20:57,830 --> 00:20:55,020  
alleged that uh Dottie started Richard

509  
00:21:00,409 --> 00:20:57,840  
Dottie started this crazy story about an

510  
00:21:02,510 --> 00:21:00,419  
actual alien there and shots fired and

511  
00:21:03,950 --> 00:21:02,520  
all this kind of stuff and it wound up

512  
00:21:07,130 --> 00:21:03,960  
being debunked

513  
00:21:10,250 --> 00:21:07,140

and it just so happens that Sergeant

514

00:21:11,690 --> 00:21:10,260

Mario Woods is uh experience was on that

515

00:21:15,169 --> 00:21:11,700

same day

516

00:21:16,549 --> 00:21:15,179

so it seemed like almost like Dottie or

517

00:21:18,529 --> 00:21:16,559

somebody was putting up misinformation

518

00:21:19,970 --> 00:21:18,539

out there to kind of cover up what

519

00:21:23,210 --> 00:21:19,980

really happened there which is what

520

00:21:26,390 --> 00:21:23,220

happened to Mario Woods exactly exactly

521

00:21:28,730 --> 00:21:26,400

yeah you know this and we've been

522

00:21:30,470 --> 00:21:28,740

talking about the possibly you know

523

00:21:32,810 --> 00:21:30,480

covering the Stringfield case later and

524

00:21:35,510 --> 00:21:32,820

you know the woods case yeah it comes up

525

00:21:37,850 --> 00:21:35,520

there and it's it's a it's a fascinating

526

00:21:39,470 --> 00:21:37,860

situation and you get a real Hollow

527

00:21:42,770 --> 00:21:39,480

mirror situation when you look at these

528

00:21:45,950 --> 00:21:42,780

these things sometimes especially uh-huh

529

00:21:50,270 --> 00:21:45,960

go ahead uh I was just gonna you know

530

00:21:54,770 --> 00:21:50,280

like it's so clear that government

531

00:21:58,090 --> 00:21:54,780

operations or or how they work is the

532

00:22:01,250 --> 00:21:58,100

you know kind of uh slander people

533

00:22:03,049 --> 00:22:01,260

and you know just obfuscate right and we

534

00:22:05,570 --> 00:22:03,059

we could see that in the case that we're

535

00:22:07,909 --> 00:22:05,580

talking about with Mario woods and you

536

00:22:09,350 --> 00:22:07,919

know it now I'm changing the subject a

537

00:22:13,370 --> 00:22:09,360

little bit but in regards to like Jay

538

00:22:17,090 --> 00:22:13,380

Stratton coming out sure you know it's

539

00:22:18,470 --> 00:22:17,100

these people are within the dod no

540

00:22:19,789 --> 00:22:18,480

matter what you think of Scranton or

541

00:22:22,190 --> 00:22:19,799

skinwalk or whatever

542

00:22:23,930 --> 00:22:22,200

like they come out they basically bully

543

00:22:25,970 --> 00:22:23,940

the guy publicly and won't even put

544

00:22:28,909 --> 00:22:25,980

their face or name on it like there's

545

00:22:32,330 --> 00:22:28,919

three different Publications now that

546

00:22:34,789 --> 00:22:32,340

are tried to disparage Jay Stratton and

547

00:22:36,350 --> 00:22:34,799

and the UAP task force and almost kind

548

00:22:38,690 --> 00:22:36,360

of trying to pit the blame for the

549

00:22:41,210 --> 00:22:38,700

Chinese spy balloons in the past on them

550

00:22:43,730 --> 00:22:41,220

which is so freaking ridiculous right

551  
00:22:45,830 --> 00:22:43,740  
but like

552  
00:22:47,690 --> 00:22:45,840  
you know I hate bullies and that makes

553  
00:22:49,270 --> 00:22:47,700  
me just so

554  
00:22:52,190 --> 00:22:49,280  
pissed off

555  
00:22:53,870 --> 00:22:52,200  
yeah yeah I know I'm changing the

556  
00:22:56,149 --> 00:22:53,880  
subject a little bit but no no I'm

557  
00:22:58,789 --> 00:22:56,159  
thinking about this since like in the

558  
00:23:01,250 --> 00:22:58,799  
New York Post story was just such uh

559  
00:23:03,890 --> 00:23:01,260  
just such awful

560  
00:23:06,230 --> 00:23:03,900  
um garbage like yeah

561  
00:23:09,909 --> 00:23:06,240  
yeah I think what we're seeing right now

562  
00:23:13,610 --> 00:23:09,919  
is is a huge amount of power play

563  
00:23:16,090 --> 00:23:13,620

between between different groups and and

564

00:23:18,710 --> 00:23:16,100

all and especially seeing how much

565

00:23:21,590 --> 00:23:18,720

influence they have

566

00:23:24,590 --> 00:23:21,600

um and are exerting on various press

567

00:23:28,970 --> 00:23:24,600

outlets and you know and that's like

568

00:23:32,029 --> 00:23:28,980

plainly obvious and I think that that

569

00:23:34,310 --> 00:23:32,039

you know you could forgive anybody

570

00:23:36,830 --> 00:23:34,320

um for wanting to take a couple weeks

571

00:23:38,390 --> 00:23:36,840

off of of looking at those situations or

572

00:23:40,970 --> 00:23:38,400

looking at those news stories sometimes

573

00:23:42,110 --> 00:23:40,980

because or or a while you know I've

574

00:23:44,270 --> 00:23:42,120

talked to a bunch of people that are

575

00:23:46,850 --> 00:23:44,280

like I can't handle this right now and

576  
00:23:49,789 --> 00:23:46,860  
for good reason because you know it's

577  
00:23:51,890 --> 00:23:49,799  
it's it can be challenging enough to

578  
00:23:54,110 --> 00:23:51,900  
deal with the Hall of Mirrors that is

579  
00:23:55,730 --> 00:23:54,120  
the mainstream media anyway and then

580  
00:23:56,930 --> 00:23:55,740  
when they cover this topic and they're

581  
00:23:58,850 --> 00:23:56,940  
trying to cover it from like four

582  
00:24:03,710 --> 00:23:58,860  
different directions that all of which

583  
00:24:05,930 --> 00:24:03,720  
are like clearly like biased and and

584  
00:24:07,850 --> 00:24:05,940  
kind of thwarting and stuff like that it

585  
00:24:10,730 --> 00:24:07,860  
can be challenging to kind of be like oh

586  
00:24:13,070 --> 00:24:10,740  
my God like like Wake Me Up When It's

587  
00:24:14,510 --> 00:24:13,080  
Over You know what I mean like wait wake

588  
00:24:16,490 --> 00:24:14,520

me up when we've got when we've got

589

00:24:19,190 --> 00:24:16,500

something more solid happening here and

590

00:24:22,190 --> 00:24:19,200

thankfully if if these hearings do

591

00:24:25,549 --> 00:24:22,200

happen you know it it does happen it

592

00:24:27,289 --> 00:24:25,559

does have a way of concretizing

593

00:24:30,590 --> 00:24:27,299

um what we're dealing with you know when

594

00:24:32,390 --> 00:24:30,600

people have to you know swear or you

595

00:24:34,549 --> 00:24:32,400

know like that what they're telling is

596

00:24:36,470 --> 00:24:34,559

the truth before they go in front of

597

00:24:38,930 --> 00:24:36,480

Congress or you know whatever happens

598

00:24:41,750 --> 00:24:38,940

there whatever gets put into the record

599

00:24:43,430 --> 00:24:41,760

you know it's going to if that does

600

00:24:45,890 --> 00:24:43,440

happen that is going to push the ball

601  
00:24:47,870 --> 00:24:45,900  
forward no matter what you know even if

602  
00:24:49,789 --> 00:24:47,880  
somebody even if very important people

603  
00:24:52,190 --> 00:24:49,799  
are brought up and all they do is plead

604  
00:24:54,169 --> 00:24:52,200  
the fifth and say they can't talk about

605  
00:24:57,529 --> 00:24:54,179  
anything it's still going to move the

606  
00:25:00,169 --> 00:24:57,539  
ball forward because it'll establish

607  
00:25:03,890 --> 00:25:00,179  
um and concretize like like what the

608  
00:25:07,310 --> 00:25:03,900  
moment is at least within with regard to

609  
00:25:10,010 --> 00:25:07,320  
that particular you know Palace Intrigue

610  
00:25:11,710 --> 00:25:10,020  
branch of of disclosure and related

611  
00:25:14,090 --> 00:25:11,720  
topics right

612  
00:25:17,149 --> 00:25:14,100  
that would also be kind of boring hey

613  
00:25:19,549 --> 00:25:17,159

that's everybody's pump yeah you got a

614

00:25:21,770 --> 00:25:19,559

little zondo up there like I can't talk

615

00:25:25,330 --> 00:25:21,780

about it I can't I can't talk about it

616

00:25:30,049 --> 00:25:28,190

you know I mean like there's but I mean

617

00:25:31,909 --> 00:25:30,059

there's also word on the streets that

618

00:25:33,950 --> 00:25:31,919

you know a couple key whistleblowers

619

00:25:36,230 --> 00:25:33,960

have also you know people that we don't

620

00:25:39,289 --> 00:25:36,240

know the names of have maybe been

621

00:25:42,470 --> 00:25:39,299

talking recently but there's also so

622

00:25:44,930 --> 00:25:42,480

much of that right now is like uh you

623

00:25:48,590 --> 00:25:44,940

know there's stuff's happening this guy

624

00:25:52,130 --> 00:25:48,600

said this over there that person right

625

00:25:54,950 --> 00:25:52,140

yeah you know it's like really

626

00:26:01,669 --> 00:25:54,960

yeah well tell me

627

00:26:03,409 --> 00:26:01,679

at the same time like I I kind of see it

628

00:26:06,590 --> 00:26:03,419

from both sides in a way because it's

629

00:26:07,490 --> 00:26:06,600

like I get you know I want to know the

630

00:26:09,470 --> 00:26:07,500

name of some of these cute

631

00:26:12,710 --> 00:26:09,480

whistleblowers too I want to be able to

632

00:26:15,110 --> 00:26:12,720

do my own you know research too

633

00:26:17,590 --> 00:26:15,120

I want to find out more and at the same

634

00:26:28,510 --> 00:26:17,600

time like I also understand

635

00:26:32,330 --> 00:26:30,769

or whoever you know what I mean and

636

00:26:34,250 --> 00:26:32,340

they're trying to pin Chinese spy

637

00:26:36,590 --> 00:26:34,260

balloons on the whole dip task force

638

00:26:39,230 --> 00:26:36,600

office and atip and all that stuff and

639

00:26:41,149 --> 00:26:39,240

it's like it's so ridiculous it's it's

640

00:26:43,010 --> 00:26:41,159

completely ridiculous but they're doing

641

00:26:45,049 --> 00:26:43,020

but they've done a great job of mudding

642

00:26:47,210 --> 00:26:45,059

the waters and and like sit and making

643

00:26:49,669 --> 00:26:47,220

it such that like anytime there's a

644

00:26:51,230 --> 00:26:49,679

freaking news story now you have to it

645

00:26:53,570 --> 00:26:51,240

involves UFOs you have to talk about

646

00:26:55,850 --> 00:26:53,580

balloons too for some stupid reason and

647

00:26:58,250 --> 00:26:55,860

like it doesn't and it didn't it wasn't

648

00:27:01,190 --> 00:26:58,260

like that before this flap and now it's

649

00:27:04,070 --> 00:27:01,200

like that for right now and and you know

650

00:27:06,529 --> 00:27:04,080

this is exactly the kind of reason why

651  
00:27:09,169 --> 00:27:06,539  
more and more people are recognizing the

652  
00:27:11,029 --> 00:27:09,179  
need for like academic and independent

653  
00:27:12,830 --> 00:27:11,039  
institutions to to be tackling these

654  
00:27:13,680 --> 00:27:12,840  
subjects instead of people that are paid

655  
00:27:17,330 --> 00:27:13,690  
to lie to us

656  
00:27:19,029 --> 00:27:17,340  
[Laughter]

657  
00:27:21,110 --> 00:27:19,039  
to be quite Frank

658  
00:27:23,510 --> 00:27:21,120  
moving on

659  
00:27:24,950 --> 00:27:23,520  
um do you want to do the the case the

660  
00:27:27,769 --> 00:27:24,960  
Stringfield case

661  
00:27:28,850 --> 00:27:27,779  
sure yeah we can do that or or or we

662  
00:27:32,090 --> 00:27:28,860  
could cover

663  
00:27:34,250 --> 00:27:32,100

um Eric Davis valet paper either which

664

00:27:36,049 --> 00:27:34,260

way or both you know I'm happy to do

665

00:27:40,250 --> 00:27:36,059

either or both I got the Springfield

666

00:27:42,169 --> 00:27:40,260

case up so okay sure yeah first first

667

00:27:46,070 --> 00:27:42,179

I'll just go through the document quick

668

00:27:48,830 --> 00:27:46,080

and then I'll bring up the actual uh his

669

00:27:50,750 --> 00:27:48,840

report on it does that work yeah sure

670

00:27:53,269 --> 00:27:50,760

whatever you'd like to do I mean you

671

00:27:55,370 --> 00:27:53,279

know it'd be good to like give people a

672

00:27:56,810 --> 00:27:55,380

decent thorough understanding of what's

673

00:27:59,149 --> 00:27:56,820

Happening Here however you'd like to do

674

00:28:02,149 --> 00:27:59,159

that sure yes or maybe we can switch

675

00:28:04,669 --> 00:28:02,159

maybe we'll do the his paper on it and

676  
00:28:07,789 --> 00:28:04,679  
then I'll show the document thing sure

677  
00:28:09,590 --> 00:28:07,799  
uh last now this is interesting so I

678  
00:28:12,710 --> 00:28:09,600  
found some

679  
00:28:15,590 --> 00:28:12,720  
uh nids documents

680  
00:28:17,450 --> 00:28:15,600  
and it's I put the description in in

681  
00:28:19,730 --> 00:28:17,460  
this video so you can look up who that

682  
00:28:21,710 --> 00:28:19,740  
is or whatever basically I found these

683  
00:28:24,350 --> 00:28:21,720  
documents that were uploaded February of

684  
00:28:26,930 --> 00:28:24,360  
this year and

685  
00:28:29,810 --> 00:28:26,940  
um they must have paid attention to this

686  
00:28:33,230 --> 00:28:29,820  
case because this was with the nids

687  
00:28:34,850 --> 00:28:33,240  
document so it's pretty interesting it

688  
00:28:39,470 --> 00:28:34,860

involves Mr

689

00:28:43,250 --> 00:28:39,480

uh Leonard Stringfield and a

690

00:28:49,430 --> 00:28:43,260

story about a being

691

00:28:52,669 --> 00:28:49,440

shot and killed at a base in New Jersey

692

00:28:55,730 --> 00:28:52,679

that's right yeah and um well that's

693

00:28:58,070 --> 00:28:55,740

right about uh the the possibilities

694

00:29:02,510 --> 00:28:58,080

here or the alleged case and this

695

00:29:04,490 --> 00:29:02,520

happened at McGuire uh Dick's uh it's a

696

00:29:07,669 --> 00:29:04,500

joint Air Force Base

697

00:29:09,590 --> 00:29:07,679

um Joint Base now and um interestingly

698

00:29:12,350 --> 00:29:09,600

I've actually been to this to this base

699

00:29:14,149 --> 00:29:12,360

I actually got a tour of this base once

700

00:29:16,490 --> 00:29:14,159

um it's one of the only Air Force bases

701  
00:29:19,070 --> 00:29:16,500  
I've ever been to and I was there

702  
00:29:22,010 --> 00:29:19,080  
because um I used to I used to produce

703  
00:29:23,810 --> 00:29:22,020  
you know I used to produce TV and um

704  
00:29:25,190 --> 00:29:23,820  
back when I was on a writer and a

705  
00:29:26,690 --> 00:29:25,200  
producer I was a writer and a producer

706  
00:29:28,669 --> 00:29:26,700  
on the show called Cake Boss where this

707  
00:29:30,049 --> 00:29:28,679  
like Italian guy and his family would

708  
00:29:32,389 --> 00:29:30,059  
like make cakes in the shapes of like

709  
00:29:33,950 --> 00:29:32,399  
robots and dinosaurs and go deliver them

710  
00:29:35,870 --> 00:29:33,960  
to people and then they'll be like wow

711  
00:29:37,730 --> 00:29:35,880  
it's amazing and you'd be like who wants

712  
00:29:42,110 --> 00:29:37,740  
to eat some cake and so anyway one day

713  
00:29:44,090 --> 00:29:42,120

we did exactly that uh at like um and we

714

00:29:45,950 --> 00:29:44,100

took a tour of an Air Force Base and and

715

00:29:47,930 --> 00:29:45,960

it was part of the show

716

00:29:49,130 --> 00:29:47,940

um so this is one of the only so like I

717

00:29:51,470 --> 00:29:49,140

actually it's funny because I actually

718

00:29:53,090 --> 00:29:51,480

had have like a pretty decent visual

719

00:29:55,490 --> 00:29:53,100

recall of what we were dealing with that

720

00:29:57,169 --> 00:29:55,500

day and they you know like there are a

721

00:29:59,029 --> 00:29:57,179

lot of parameters about what we could do

722

00:30:00,950 --> 00:29:59,039

and not do there and like they'd be like

723

00:30:02,750 --> 00:30:00,960

don't shoot that that's classified don't

724

00:30:05,210 --> 00:30:02,760

shoot that that's classified and you

725

00:30:06,710 --> 00:30:05,220

know we had to do like there were I I

726  
00:30:08,330 --> 00:30:06,720  
think there were background checks and

727  
00:30:11,389 --> 00:30:08,340  
like checks on our equipment and stuff

728  
00:30:13,490 --> 00:30:11,399  
like this sure and and um you know they

729  
00:30:15,289 --> 00:30:13,500  
checked the tapes before we left I think

730  
00:30:17,029 --> 00:30:15,299  
of what was shot

731  
00:30:18,649 --> 00:30:17,039  
um but um and so you know there's

732  
00:30:20,750 --> 00:30:18,659  
there's like a high degree of secrecy

733  
00:30:23,149 --> 00:30:20,760  
there so it was interesting to read

734  
00:30:25,610 --> 00:30:23,159  
about this and kind of like what was

735  
00:30:27,230 --> 00:30:25,620  
going on there back in the 80s

736  
00:30:28,669 --> 00:30:27,240  
um but anyway you know living in

737  
00:30:32,090 --> 00:30:28,679  
Stringfield he's a really interesting

738  
00:30:34,730 --> 00:30:32,100

guy he he started back in the 50s he he

739

00:30:36,950 --> 00:30:34,740

had this uh independent uh uh

740

00:30:38,990 --> 00:30:36,960

organization called crifo

741

00:30:41,690 --> 00:30:39,000

um civilian research of interplan

742

00:30:44,389 --> 00:30:41,700

interplanetary flying objects and then

743

00:30:46,549 --> 00:30:44,399

after a while he kind of merged with he

744

00:30:48,110 --> 00:30:46,559

produced his own newsletter that was

745

00:30:50,090 --> 00:30:48,120

called orbit

746

00:30:51,769 --> 00:30:50,100

um and like there's some really fun

747

00:30:54,230 --> 00:30:51,779

books you can find on Amazon that are

748

00:30:56,330 --> 00:30:54,240

like actually bootleg coffees that

749

00:30:57,529 --> 00:30:56,340

compile some of those those old orbit

750

00:30:59,330 --> 00:30:57,539

newsletters

751  
00:31:01,010 --> 00:30:59,340  
um and then he joined up with uh Donald

752  
00:31:04,490 --> 00:31:01,020  
Kehoe at nightcap

753  
00:31:07,850 --> 00:31:04,500  
and then and then really in the 70s and

754  
00:31:10,990 --> 00:31:07,860  
80s he his he kind of took off

755  
00:31:13,970 --> 00:31:11,000  
um in that he was one of the first

756  
00:31:16,549 --> 00:31:13,980  
researchers who started really seriously

757  
00:31:19,310 --> 00:31:16,559  
looking at the subject started looking

758  
00:31:22,430 --> 00:31:19,320  
at the subject of Crash retrievals and

759  
00:31:24,049 --> 00:31:22,440  
and possibly like recovered beings or

760  
00:31:27,830 --> 00:31:24,059  
biological matter

761  
00:31:30,889 --> 00:31:27,840  
um because uh for before that most most

762  
00:31:33,289 --> 00:31:30,899  
uh researchers you know other than say

763  
00:31:36,049 --> 00:31:33,299

like Keel or something like that

764

00:31:39,110 --> 00:31:36,059

um we're we're hedging their bets by

765

00:31:40,850 --> 00:31:39,120

being extraordinarily conservative they

766

00:31:43,490 --> 00:31:40,860

wouldn't they would barely ever mention

767

00:31:44,690 --> 00:31:43,500

occupants of craft they wouldn't say you

768

00:31:46,130 --> 00:31:44,700

know there there would be words that

769

00:31:48,049 --> 00:31:46,140

they would say they wouldn't entertain

770

00:31:50,450 --> 00:31:48,059

the idea of abductions they wouldn't

771

00:31:51,950 --> 00:31:50,460

wouldn't entertain the idea of anybody

772

00:31:53,630 --> 00:31:51,960

getting onto a craft there's all this

773

00:31:54,950 --> 00:31:53,640

kind of conservative stuff and Leonard

774

00:31:57,049 --> 00:31:54,960

Stringfield really made the name for

775

00:31:59,029 --> 00:31:57,059

himself partially by being positioned

776  
00:32:02,269 --> 00:31:59,039  
near Wright-Patterson Air Force Base in

777  
00:32:05,269 --> 00:32:02,279  
Cincinnati and partially by actually

778  
00:32:07,070 --> 00:32:05,279  
covering these cases and having kind of

779  
00:32:08,450 --> 00:32:07,080  
some Insider knowledge because of his

780  
00:32:10,610 --> 00:32:08,460  
proximity to places like

781  
00:32:13,850 --> 00:32:10,620  
Wright-Patterson right

782  
00:32:15,649 --> 00:32:13,860  
yeah yeah uh he's done a lot of stuff

783  
00:32:17,510 --> 00:32:15,659  
crash retrievals all this kind of stuff

784  
00:32:19,430 --> 00:32:17,520  
but but this reporter kind of just blew

785  
00:32:21,110 --> 00:32:19,440  
me away a little bit

786  
00:32:23,690 --> 00:32:21,120  
um because there's an actual document

787  
00:32:26,110 --> 00:32:23,700  
attached to it I guess the document

788  
00:32:28,669 --> 00:32:26,120

could be fake but it looks pretty real

789

00:32:29,810 --> 00:32:28,679

so how do you want to do this how do you

790

00:32:32,210 --> 00:32:29,820

want to go through it do you want to

791

00:32:36,110 --> 00:32:32,220

read it or just kind of just discuss the

792

00:32:37,370 --> 00:32:36,120

case up to you sure I mean why I mean we

793

00:32:38,690 --> 00:32:37,380

could just get our hands dirty and

794

00:32:40,909 --> 00:32:38,700

actually read it do you want to do that

795

00:32:42,590 --> 00:32:40,919

we could go back and forth or do you

796

00:32:44,149 --> 00:32:42,600

want to do you want to read the abstract

797

00:32:46,269 --> 00:32:44,159

I'll start reading the prologue or

798

00:32:49,370 --> 00:32:46,279

something like that or sure sure

799

00:32:52,070 --> 00:32:49,380

we have new testimonial evidence in a

800

00:32:54,169 --> 00:32:52,080

document our uh where it instead is

801  
00:32:56,630 --> 00:32:54,179  
report for following the re-emergence in

802  
00:32:59,690 --> 00:32:56,640  
1983 of the informant whose experience

803  
00:33:02,029 --> 00:32:59,700  
as a witness was first disclosed three

804  
00:33:06,289 --> 00:33:02,039  
years earlier and published as a case A3

805  
00:33:07,549 --> 00:33:06,299  
in status report 3 1982 The Source a

806  
00:33:09,830 --> 00:33:07,559  
sergeant in the Air Force Security

807  
00:33:12,289 --> 00:33:09,840  
Police at McGuire Air Force Base adds

808  
00:33:14,230 --> 00:33:12,299  
substance in information relative to the

809  
00:33:17,750 --> 00:33:14,240  
reported fatal encounter on January 18

810  
00:33:20,330 --> 00:33:17,760  
1978 between an alleged alien entity and

811  
00:33:23,210 --> 00:33:20,340  
a Fort Dix MP and relates his first-hand

812  
00:33:25,430 --> 00:33:23,220  
observation while on duty when the slain

813  
00:33:27,470 --> 00:33:25,440

entity was found on the abandoned Runway

814

00:33:29,389 --> 00:33:27,480

at McGuire Air Force Base The Source

815

00:33:31,430 --> 00:33:29,399

also Reveals His sensitive involvement

816

00:33:34,430 --> 00:33:31,440

with authorities in various agencies

817

00:33:36,950 --> 00:33:34,440

following his discharge from service

818

00:33:38,990 --> 00:33:36,960

because of his disclosures to this

819

00:33:41,029 --> 00:33:39,000

writer also reported are the

820

00:33:43,610 --> 00:33:41,039

communications with the source since

821

00:33:45,230 --> 00:33:43,620

1980 in an arranged meeting between the

822

00:33:47,269 --> 00:33:45,240

source and a colleague to lend backup

823

00:33:49,549 --> 00:33:47,279

credibility to the case investigation

824

00:33:52,730 --> 00:33:49,559

continues

825

00:33:55,789 --> 00:33:52,740

that's right uh prologue the burden of

826

00:33:58,070 --> 00:33:55,799

proof proof the burden of this one word

827

00:34:00,110 --> 00:33:58,080

and perhaps its ambiguity has haunted

828

00:34:02,870 --> 00:34:00,120

and frustrated UFO research since

829

00:34:05,230 --> 00:34:02,880

businessman pilot Ken Arnold cited nine

830

00:34:09,109 --> 00:34:05,240

saucer-like things over Mount Rainier in

831

00:34:10,730 --> 00:34:09,119

1947. proof its implications burden all

832

00:34:12,950 --> 00:34:10,740

of us who try to convince the skeptic

833

00:34:14,990 --> 00:34:12,960

that unidentified objects flying under

834

00:34:17,270 --> 00:34:15,000

apparent intelligent control have

835

00:34:19,790 --> 00:34:17,280

intruded into Earth's airspace and

836

00:34:21,950 --> 00:34:19,800

sometimes allegedly land and on rare

837

00:34:24,710 --> 00:34:21,960

occasions crash

838

00:34:26,810 --> 00:34:24,720

all factors considered I believe we in

839

00:34:29,270 --> 00:34:26,820

the domain of public research do not

840

00:34:31,490 --> 00:34:29,280

have that exalted proof to exhibit for

841

00:34:34,310 --> 00:34:31,500

any of the foregoing anomalous UFO

842

00:34:36,710 --> 00:34:34,320

events as Dr J Allen heineck of kufos

843

00:34:39,169 --> 00:34:36,720

would say we do have reports describing

844

00:34:41,869 --> 00:34:39,179

such events and as we will agree many

845

00:34:43,669 --> 00:34:41,879

are made by credible people yes our

846

00:34:45,770 --> 00:34:43,679

research treasury has thousands of

847

00:34:48,050 --> 00:34:45,780

reports of UFO Encounters of all kinds

848

00:34:51,230 --> 00:34:48,060

providing stacks of circumstantial but

849

00:34:54,230 --> 00:34:51,240

highly suggestive evidence alas these

850

00:34:55,909 --> 00:34:54,240

are not proof nor do affidavits leaked

851  
00:34:58,910 --> 00:34:55,919  
government documents and photographs

852  
00:35:00,470 --> 00:34:58,920  
constitute proof regrettably experiences

853  
00:35:02,810 --> 00:35:00,480  
taught us that any of these so-called

854  
00:35:04,310 --> 00:35:02,820  
proofs May well be fakes even a release

855  
00:35:06,410 --> 00:35:04,320  
document through the Freedom of

856  
00:35:08,390 --> 00:35:06,420  
Information Act is not proof for the

857  
00:35:10,790 --> 00:35:08,400  
subject it treats too often contains

858  
00:35:13,250 --> 00:35:10,800  
precious little of value due to sensor

859  
00:35:15,170 --> 00:35:13,260  
deletions vague phraseology or

860  
00:35:17,630 --> 00:35:15,180  
references rendered meaningless without

861  
00:35:20,450 --> 00:35:17,640  
additional support data which are never

862  
00:35:21,950 --> 00:35:20,460  
made available now I'll pause right here

863  
00:35:24,770 --> 00:35:21,960

for just a second because I think we'll

864

00:35:27,589 --> 00:35:24,780

see as we continue to explore this

865

00:35:30,790 --> 00:35:27,599

document how many situations are

866

00:35:33,710 --> 00:35:30,800

relevant back here 35 40 years ago

867

00:35:35,569 --> 00:35:33,720

to what's happening just now with

868

00:35:38,150 --> 00:35:35,579

regards to possibility of upcoming

869

00:35:40,250 --> 00:35:38,160

hearings and and where we are still with

870

00:35:42,230 --> 00:35:40,260

regard to foia requests and things like

871

00:35:43,849 --> 00:35:42,240

that wouldn't you say it Sean oh

872

00:35:49,010 --> 00:35:43,859

definitely completely agree with you

873

00:35:50,930 --> 00:35:49,020

there yeah um I can go so sure what is

874

00:35:52,910 --> 00:35:50,940

that proof that remains so elusive from

875

00:35:55,130 --> 00:35:52,920

public view according to Scientific

876

00:35:57,470 --> 00:35:55,140

discipline proof in the case of UFO can

877

00:35:59,930 --> 00:35:57,480

be reduced simply to the possession of a

878

00:36:02,329 --> 00:35:59,940

captive craft or artifact or a cadaver

879

00:36:06,290 --> 00:36:02,339

if you will that can be seen touched and

880

00:36:08,390 --> 00:36:06,300

smelled and to please fill class LOL the

881

00:36:09,950 --> 00:36:08,400

world's foremost debunker slash Midwest

882

00:36:13,310 --> 00:36:09,960

we might include

883

00:36:16,430 --> 00:36:13,320

taste it I must

884

00:36:18,470 --> 00:36:16,440

I must therefore face the inevitable

885

00:36:20,930 --> 00:36:18,480

questions in my special research has

886

00:36:23,630 --> 00:36:20,940

such a nondescript craft been retrieved

887

00:36:26,150 --> 00:36:23,640

and studied in to stretch a point

888

00:36:28,550 --> 00:36:26,160

duplicated at some secret base and has a

889

00:36:30,950 --> 00:36:28,560

crew member of exotic Anatomy been

890

00:36:33,470 --> 00:36:30,960

secretly examined and maintained in

891

00:36:35,089 --> 00:36:33,480

chemical preservation at some medical

892

00:36:37,430 --> 00:36:35,099

facility

893

00:36:39,170 --> 00:36:37,440

in spite of all the known evidence

894

00:36:40,970 --> 00:36:39,180

including the testimony I've published

895

00:36:44,270 --> 00:36:40,980

in my series of monographs I can offer

896

00:36:46,430 --> 00:36:44,280

no proof but my definition of the

897

00:36:49,609 --> 00:36:46,440

recovery of an alien crafter's occupants

898

00:36:52,130 --> 00:36:49,619

so be it for me in the public sector

899

00:36:53,870 --> 00:36:52,140

then there is the official sector whose

900

00:36:56,870 --> 00:36:53,880

military spokespeople from the outset

901  
00:36:59,089 --> 00:36:56,880  
have denied the existence of the UFO why

902  
00:37:01,250 --> 00:36:59,099  
by now it should be obvious to every

903  
00:37:04,310 --> 00:37:01,260  
researcher that Behind These denials

904  
00:37:06,530 --> 00:37:04,320  
something Above Top Secret as Senator

905  
00:37:08,870 --> 00:37:06,540  
Barry Goldwater has said is being hidden

906  
00:37:11,450 --> 00:37:08,880  
perhaps something big enough to shake up

907  
00:37:13,550 --> 00:37:11,460  
her societal patterns whatever we may

908  
00:37:16,010 --> 00:37:13,560  
think of its implications for mankind we

909  
00:37:18,710 --> 00:37:16,020  
at do know that much information has

910  
00:37:22,490 --> 00:37:18,720  
been barred since World War II by

911  
00:37:24,290 --> 00:37:22,500  
credible military sources in about UFO

912  
00:37:26,210 --> 00:37:24,300  
intercept missions aircraft losses

913  
00:37:28,310 --> 00:37:26,220

visual sightings confirmed by radar and

914

00:37:31,609 --> 00:37:28,320

yes UFO Landings on military

915

00:37:34,970 --> 00:37:31,619

installations and a crash among several

916

00:37:36,890 --> 00:37:34,980

one dating back to 1947. on the other

917

00:37:39,170 --> 00:37:36,900

hand if all UFOs have simple

918

00:37:42,349 --> 00:37:39,180

explanations as the Air Force contends

919

00:37:44,630 --> 00:37:42,359

and as a spokesman once commented we are

920

00:37:47,750 --> 00:37:44,640

hiding nothing at wright-pet then why

921

00:37:51,170 --> 00:37:47,760

enforce such high degree of secrecy to

922

00:37:53,569 --> 00:37:51,180

hide nothing logically we may ask what

923

00:37:56,870 --> 00:37:53,579

is it that must be hidden at all costs

924

00:37:59,450 --> 00:37:56,880

is it alien Hardware alien cadavers if

925

00:38:02,930 --> 00:37:59,460

so why not tell the world why the long

926  
00:38:05,630 --> 00:38:02,940  
agonizing secrecy here again we can only

927  
00:38:07,490 --> 00:38:05,640  
guess but a likely one is that to face

928  
00:38:09,829 --> 00:38:07,500  
the media of the world they had better

929  
00:38:10,849 --> 00:38:09,839  
have answers for the UFO's origin and

930  
00:38:13,250 --> 00:38:10,859  
intent

931  
00:38:14,930 --> 00:38:13,260  
without answers after so many years The

932  
00:38:16,670 --> 00:38:14,940  
credibility gap of our government and

933  
00:38:20,329 --> 00:38:16,680  
its scientific advisors would greatly

934  
00:38:23,210 --> 00:38:20,339  
suffer and without answers the experts

935  
00:38:25,310 --> 00:38:23,220  
in the military the CIA the NSA nro and

936  
00:38:28,069 --> 00:38:25,320  
NASA who helped foreign policy will

937  
00:38:30,770 --> 00:38:28,079  
continue their secret probes in silence

938  
00:38:32,630 --> 00:38:30,780

it seems fair to say we all have our

939

00:38:34,190 --> 00:38:32,640

proof problems

940

00:38:35,870 --> 00:38:34,200

I would like to be assured that

941

00:38:37,010 --> 00:38:35,880

governments worldwide including Russia

942

00:38:39,230 --> 00:38:37,020

and especially our own National

943

00:38:41,750 --> 00:38:39,240

reconnaissance office are working on

944

00:38:43,310 --> 00:38:41,760

these problems in good faith I address

945

00:38:46,430 --> 00:38:43,320

these problems with new evidence for

946

00:38:49,250 --> 00:38:46,440

case A3 published status report three

947

00:38:52,130 --> 00:38:49,260

UFO crash retrievals amassing the

948

00:38:54,109 --> 00:38:52,140

evidence 1982.

949

00:38:55,870 --> 00:38:54,119

all right so we've got a great setup

950

00:38:58,130 --> 00:38:55,880

from from

951  
00:38:59,390 --> 00:38:58,140  
you're doing great man you're doing

952  
00:39:00,950 --> 00:38:59,400  
amazing

953  
00:39:03,890 --> 00:39:00,960  
um so we've got a great setup from from

954  
00:39:06,170 --> 00:39:03,900  
Leonard on kind of like where what was

955  
00:39:07,609 --> 00:39:06,180  
the lay of the lands back here in the

956  
00:39:09,890 --> 00:39:07,619  
early 80s

957  
00:39:13,370 --> 00:39:09,900  
um and you know it's it's important to

958  
00:39:15,230 --> 00:39:13,380  
recognize like how men you know a how

959  
00:39:18,530 --> 00:39:15,240  
far we've come in some ways in terms of

960  
00:39:20,270 --> 00:39:18,540  
acknowledgments and B how much some of

961  
00:39:22,910 --> 00:39:20,280  
these kind of institutional frustrations

962  
00:39:23,990 --> 00:39:22,920  
are are just as similar than as they are

963  
00:39:25,670 --> 00:39:24,000

today

964

00:39:27,829 --> 00:39:25,680

um would you like me to start up here

965

00:39:30,470 --> 00:39:27,839

with yeah cool evidence and it's okay

966

00:39:31,790 --> 00:39:30,480

cool and uh this feels like it would be

967

00:39:36,950 --> 00:39:31,800

a good page for you

968

00:39:42,230 --> 00:39:39,290

the evidence and it's burden of proof

969

00:39:44,630 --> 00:39:42,240

September 23rd 1980 was to become more

970

00:39:47,990 --> 00:39:44,640

than just a typically busy day for me in

971

00:39:49,670 --> 00:39:48,000

UFO matters according to my UFO log I

972

00:39:52,190 --> 00:39:49,680

note that I had Communications by phone

973

00:39:55,370 --> 00:39:52,200

and mail with Joe Brill Michael Dugan

974

00:39:57,230 --> 00:39:55,380

Bob Gribble Diane sag and a journalist

975

00:39:59,690 --> 00:39:57,240

in Japan who apparently doesn't get a

976

00:40:02,690 --> 00:39:59,700

name and there was an envelope with an

977

00:40:04,910 --> 00:40:02,700

APO San Francisco return address of

978

00:40:08,089 --> 00:40:04,920

interest of course was Gribble's call

979

00:40:09,710 --> 00:40:08,099

concerning a new source a trucker who

980

00:40:11,690 --> 00:40:09,720

reported that he had transported

981

00:40:15,170 --> 00:40:11,700

something secret for the military from

982

00:40:17,089 --> 00:40:15,180

Aztec New Mexico in the late 40s and a

983

00:40:19,790 --> 00:40:17,099

response to a letter I had sent to seg

984

00:40:22,490 --> 00:40:19,800

seeking information from a source she

985

00:40:25,370 --> 00:40:22,500

knew who had seen a captured saucer at a

986

00:40:27,650 --> 00:40:25,380

Texas Air Base but standing out above

987

00:40:31,250 --> 00:40:27,660

all else was the letter APO San

988

00:40:33,109 --> 00:40:31,260

San Francisco dated September 16 1980 it was

989

00:40:35,750 --> 00:40:33,119

typed in proper military format

990

00:40:38,450 --> 00:40:35,760

unstationary with official letter ahead

991

00:40:41,390 --> 00:40:38,460

uh note that I have deleted the Security

992

00:40:43,069 --> 00:40:41,400

Police Squadron number in figure one

993

00:40:45,170 --> 00:40:43,079

which we don't actually have in this

994

00:40:47,630 --> 00:40:45,180

document the name of the sender has been

995

00:40:48,650 --> 00:40:47,640

changed changed to Jeffrey Morse in this

996

00:40:50,810 --> 00:40:48,660

report

997

00:40:52,790 --> 00:40:50,820

needless to say I was stunned by the

998

00:40:55,190 --> 00:40:52,800

Sergeant's bold disclosure of a military

999

00:40:57,829 --> 00:40:55,200

incident of fatal consequences at

1000

00:40:59,630 --> 00:40:57,839

McGuire Air Force Base New Jersey my

1001

00:41:02,270 --> 00:40:59,640

first reaction was that it was a hoax

1002

00:41:04,910 --> 00:41:02,280

perhaps designed if it were published to

1003

00:41:07,910 --> 00:41:04,920

embarrass or discredit my probes into

1004

00:41:10,849 --> 00:41:07,920

UFO crash retrievals still fresh in mind

1005

00:41:13,730 --> 00:41:10,859

was another episode in 1980 involving

1006

00:41:16,010 --> 00:41:13,740

questionable photographs received from a

1007

00:41:19,069 --> 00:41:16,020

source under clandestine Arrangements

1008

00:41:21,290 --> 00:41:19,079

requiring my travel to another state in

1009

00:41:22,970 --> 00:41:21,300

this case although my initial role was

1010

00:41:25,130 --> 00:41:22,980

to have the photograph studied and

1011

00:41:27,290 --> 00:41:25,140

authenticated I made the mistake of

1012

00:41:30,650 --> 00:41:27,300

announcing their acquisition at the 1980

1013

00:41:32,750 --> 00:41:30,660

mufon Symposium in Houston thanks to a

1014

00:41:35,569 --> 00:41:32,760

Swift and well-orchestrated smear

1015

00:41:37,730 --> 00:41:35,579

campaign researchers by and large became

1016

00:41:41,270 --> 00:41:37,740

confused and questioned both the

1017

00:41:44,030 --> 00:41:41,280

photographs and my credibility a hoax a

1018

00:41:46,310 --> 00:41:44,040

stratagem to set me up probably but a

1019

00:41:48,410 --> 00:41:46,320

lesson was learned

1020

00:41:50,210 --> 00:41:48,420

during this fragile period being

1021

00:41:52,670 --> 00:41:50,220

suspicious of any stranger was

1022

00:41:55,069 --> 00:41:52,680

information to offer I read morse's

1023

00:41:57,170 --> 00:41:55,079

letter over and over and in between the

1024

00:42:00,589 --> 00:41:57,180

lines looking for anything detectively

1025

00:42:02,810 --> 00:42:00,599

wrong but I could find nothing wrong the

1026  
00:42:05,150 --> 00:42:02,820  
letterhead was real the military format

1027  
00:42:07,089 --> 00:42:05,160  
was correct the writer told the story as

1028  
00:42:10,190 --> 00:42:07,099  
fact without emotional embellishment

1029  
00:42:12,109 --> 00:42:10,200  
maybe I reasoned it was the sobriety of

1030  
00:42:14,270 --> 00:42:12,119  
the official letterhead that made the

1031  
00:42:15,290 --> 00:42:14,280  
story itself seem out of place with the

1032  
00:42:17,750 --> 00:42:15,300  
real world

1033  
00:42:19,609 --> 00:42:17,760  
like so many other stories of UFO close

1034  
00:42:22,069 --> 00:42:19,619  
encounters it sounded like borderline

1035  
00:42:24,650 --> 00:42:22,079  
fantasy and some also involved the

1036  
00:42:26,089 --> 00:42:24,660  
military such as the British rindlesham

1037  
00:42:28,970 --> 00:42:26,099  
Forest case

1038  
00:42:31,730 --> 00:42:28,980

time will tell I assured myself soon

1039

00:42:33,470 --> 00:42:31,740

Sergeant Morse would return home and if

1040

00:42:35,690 --> 00:42:33,480

he had something of substance to back

1041

00:42:38,270 --> 00:42:35,700

his claims it would be the Breakthrough

1042

00:42:41,030 --> 00:42:38,280

I was determined to see this one case

1043

00:42:43,550 --> 00:42:41,040

Through disregarding Time energy and

1044

00:42:45,829 --> 00:42:43,560

cost proving it however would be a

1045

00:42:48,349 --> 00:42:45,839

Monumental burden to better understand

1046

00:42:50,329 --> 00:42:48,359

the incident and its ramifications some

1047

00:42:53,210 --> 00:42:50,339

of which later followed my source into

1048

00:42:56,089 --> 00:42:53,220

civilian life I believe it is essential

1049

00:42:57,829 --> 00:42:56,099

to report verbatim most of my early

1050

00:43:00,050 --> 00:42:57,839

exchanges of communications with them

1051

00:43:02,569 --> 00:43:00,060

this covers a span of time for morse's

1052

00:43:05,089 --> 00:43:02,579

initial letter in 1980 into a period of

1053

00:43:07,190 --> 00:43:05,099

apparent male interference then through

1054

00:43:10,069 --> 00:43:07,200

his long interval of Silence into his

1055

00:43:12,710 --> 00:43:10,079

re-emergence in 1983.

1056

00:43:15,589 --> 00:43:12,720

as advised in morse's overseas letter my

1057

00:43:17,990 --> 00:43:15,599

reply of September 27 1980 was mailed to

1058

00:43:19,970 --> 00:43:18,000

his home address in the main it was a

1059

00:43:21,890 --> 00:43:19,980

message to establish a rapport of trust

1060

00:43:23,630 --> 00:43:21,900

between us one in which he could feel

1061

00:43:26,210 --> 00:43:23,640

comfortable in sharing the burden of his

1062

00:43:27,530 --> 00:43:26,220

experience and to allay any anxieties he

1063

00:43:30,290 --> 00:43:27,540

may have had about my research

1064

00:43:32,750 --> 00:43:30,300

background my questions were few and

1065

00:43:34,430 --> 00:43:32,760

simple one for instance asked for more

1066

00:43:37,069 --> 00:43:34,440

descriptive detail of the recovered body

1067

00:43:39,470 --> 00:43:37,079

another asked how the body was removed

1068

00:43:41,870 --> 00:43:39,480

from the scene and by whom and still

1069

00:43:44,569 --> 00:43:41,880

another if he could reveal any names of

1070

00:43:46,670 --> 00:43:44,579

the Personnel assigned to the area I

1071

00:43:48,410 --> 00:43:46,680

ended my letter with this thought hope

1072

00:43:50,450 --> 00:43:48,420

to hear from you soon and will follow

1073

00:43:52,309 --> 00:43:50,460

your mailing instructions your letter

1074

00:43:55,550 --> 00:43:52,319

will remain confidential at this time

1075

00:43:56,809 --> 00:43:55,560

and of course your name not be used in

1076

00:43:58,550 --> 00:43:56,819

any way

1077

00:44:01,309 --> 00:43:58,560

you want to pick it up from there

1078

00:44:03,829 --> 00:44:01,319

Sergeant Moss who is to be discharged

1079

00:44:05,630 --> 00:44:03,839

and back home in November 1980 did not

1080

00:44:08,630 --> 00:44:05,640

acknowledge my letter

1081

00:44:11,089 --> 00:44:08,640

considering the time lapse is critical I

1082

00:44:12,650 --> 00:44:11,099

sent another letter November 18 1980

1083

00:44:15,050 --> 00:44:12,660

quoted in part

1084

00:44:16,910 --> 00:44:15,060

Hope by now you're out of the service as

1085

00:44:20,270 --> 00:44:16,920

you indicated in your letter from

1086

00:44:22,089 --> 00:44:20,280

address on September 27th I can't keep

1087

00:44:24,349 --> 00:44:22,099

that up so I gotta score

1088

00:44:26,450 --> 00:44:24,359

I sent you a letter concerning my

1089

00:44:28,430 --> 00:44:26,460

research Endeavors which I trust you

1090

00:44:30,829 --> 00:44:28,440

received at your home address the

1091

00:44:32,690 --> 00:44:30,839

incident you describe is indeed of

1092

00:44:35,109 --> 00:44:32,700

interest to me and I hope you may find

1093

00:44:38,270 --> 00:44:35,119

time soon to reach me by letter or phone

1094

00:44:40,550 --> 00:44:38,280

or perhaps to meet me at your

1095

00:44:42,950 --> 00:44:40,560

convenience you are certainly welcome to

1096

00:44:44,750 --> 00:44:42,960

visit my home I tried reaching you by

1097

00:44:46,250 --> 00:44:44,760

phone last week but your number is

1098

00:44:49,670 --> 00:44:46,260

unlisted

1099

00:44:52,670 --> 00:44:49,680

in a letter it dated November 27 1980

1100

00:44:54,230 --> 00:44:52,680

from his home address Morris answered as

1101  
00:44:56,930 --> 00:44:54,240  
follows

1102  
00:44:59,569 --> 00:44:56,940  
sorry to have had such a delay in my

1103  
00:45:01,490 --> 00:44:59,579  
response to you I'm sorry to say I did

1104  
00:45:04,550 --> 00:45:01,500  
not receive your letter of the 27

1105  
00:45:08,150 --> 00:45:04,560  
September 1980. I haven't received any

1106  
00:45:10,609 --> 00:45:08,160  
mail since August 1980. I don't know why

1107  
00:45:13,250 --> 00:45:10,619  
I am now out of the service and I'm home

1108  
00:45:15,650 --> 00:45:13,260  
I'm prepared to answer your questions I

1109  
00:45:16,490 --> 00:45:15,660  
believe however I told you everything I

1110  
00:45:20,510 --> 00:45:16,500  
know

1111  
00:45:22,970 --> 00:45:20,520  
but I'm not sure it was much to go on

1112  
00:45:25,010 --> 00:45:22,980  
but I hope it leads you to someone who

1113  
00:45:27,589 --> 00:45:25,020

knows more about it I'm sorry I can't

1114

00:45:29,390 --> 00:45:27,599

recall too many names the death sergeant

1115

00:45:31,550 --> 00:45:29,400

that night was Sergeant C

1116

00:45:34,609 --> 00:45:31,560

and he would know much more as fact

1117

00:45:36,890 --> 00:45:34,619

that's all I know of his name however I

1118

00:45:40,370 --> 00:45:36,900

do remember that he was rather dedicated

1119

00:45:43,130 --> 00:45:40,380

and may still be in the USAF well

1120

00:45:44,630 --> 00:45:43,140

I would like your next response ASAP and

1121

00:45:45,770 --> 00:45:44,640

I will try to give you my phone number

1122

00:45:48,770 --> 00:45:45,780

by then

1123

00:45:50,870 --> 00:45:48,780

on December 4th 1980 I sent Morris the

1124

00:45:53,390 --> 00:45:50,880

following memorandum your letter of

1125

00:45:54,890 --> 00:45:53,400

November 27th arrived yesterday I was

1126  
00:45:56,690 --> 00:45:54,900  
surprised to learn that my letter of

1127  
00:45:59,690 --> 00:45:56,700  
September 27th did not reach you

1128  
00:46:01,309 --> 00:45:59,700  
fortunately I kept a Xerox copy which

1129  
00:46:03,650 --> 00:46:01,319  
I've duplicated and closed for your

1130  
00:46:05,210 --> 00:46:03,660  
consideration I hope you can send me

1131  
00:46:07,250 --> 00:46:05,220  
your phone number enclosed as the

1132  
00:46:08,750 --> 00:46:07,260  
greatest copy of my recently published

1133  
00:46:11,690 --> 00:46:08,760  
status report too

1134  
00:46:14,510 --> 00:46:11,700  
which shows the scope of my research

1135  
00:46:16,790 --> 00:46:14,520  
again Morris for unknown reasons did not

1136  
00:46:18,290 --> 00:46:16,800  
answer considering his expressed

1137  
00:46:20,750 --> 00:46:18,300  
interest in my research and even

1138  
00:46:22,010 --> 00:46:20,760

allowing for other personal diversions I

1139

00:46:23,750 --> 00:46:22,020

thought that two and a half months were

1140

00:46:26,450 --> 00:46:23,760

enough time for him to respond in

1141

00:46:28,970 --> 00:46:26,460

February 16 1981 I wrote again

1142

00:46:31,250 --> 00:46:28,980

expressing my concern and asked for a

1143

00:46:33,530 --> 00:46:31,260

prep reply as evidence of his sincerity

1144

00:46:35,270 --> 00:46:33,540

no answer

1145

00:46:38,170 --> 00:46:35,280

had it not been for Morris brief letter

1146

00:46:41,510 --> 00:46:38,180

of November 27th in which he asked me to

1147

00:46:43,250 --> 00:46:41,520

ask for me to respond ASAP I would have

1148

00:46:46,130 --> 00:46:43,260

dismissed his disclosure of the incident

1149

00:46:49,370 --> 00:46:46,140

as questionable something was amiss

1150

00:46:52,430 --> 00:46:49,380

or was the male sent to his home being

1151  
00:46:55,130 --> 00:46:52,440  
lost through negligence long shot or

1152  
00:46:56,930 --> 00:46:55,140  
lifted at his post office by directive

1153  
00:46:58,790 --> 00:46:56,940  
to the postmaster from one of the

1154  
00:47:00,710 --> 00:46:58,800  
intelligence agencies

1155  
00:47:02,870 --> 00:47:00,720  
well whatever the method used to silence

1156  
00:47:05,450 --> 00:47:02,880  
Jeffrey Moore's I reasoned it was

1157  
00:47:07,569 --> 00:47:05,460  
effective all communication ceased and

1158  
00:47:10,790 --> 00:47:07,579  
like so many other informants in 1980

1159  
00:47:13,370 --> 00:47:10,800  
Morris became a phantom

1160  
00:47:16,309 --> 00:47:13,380  
by March 1981 while preparing the next

1161  
00:47:18,109 --> 00:47:16,319  
text for status report three I had

1162  
00:47:20,210 --> 00:47:18,119  
decided it was time to take inventory

1163  
00:47:22,069 --> 00:47:20,220

time for appraisal of the material on

1164

00:47:23,930 --> 00:47:22,079

hand and of myself still in the midst of

1165

00:47:26,569 --> 00:47:23,940

a heated controversy among researchers

1166

00:47:28,069 --> 00:47:26,579

over the pros and cons of UFO crashes

1167

00:47:30,770 --> 00:47:28,079

and retrievals

1168

00:47:32,809 --> 00:47:30,780

I needed outside thinking an assessment

1169

00:47:35,390 --> 00:47:32,819

of cases A New Perspective

1170

00:47:37,130 --> 00:47:35,400

to this end I invited to my home two

1171

00:47:39,650 --> 00:47:37,140

trustworthy friends who supported and

1172

00:47:41,870 --> 00:47:39,660

contributed to my Endeavors Dr Peter

1173

00:47:44,210 --> 00:47:41,880

rank chief of radiology at the Methodist

1174

00:47:46,130 --> 00:47:44,220

Hospital in Madison Wisconsin and

1175

00:47:47,990 --> 00:47:46,140

Richard Hall a former assistant director

1176

00:47:49,550 --> 00:47:48,000

of nightcap and the editor of the mufon

1177

00:47:52,130 --> 00:47:49,560

UFO Journal

1178

00:47:54,470 --> 00:47:52,140

during our long weekend chats evaluating

1179

00:47:56,870 --> 00:47:54,480

every case I plan to publish we agree

1180

00:47:59,530 --> 00:47:56,880

that the Fort Dix McGuire encounter was

1181

00:48:02,930 --> 00:47:59,540

among the foremost as to potential value

1182

00:48:06,109 --> 00:48:02,940

providing we could establish the

1183

00:48:08,390 --> 00:48:06,119

genuineness of Moors on this premise I

1184

00:48:10,670 --> 00:48:08,400

gave Hall his name and address hopeful

1185

00:48:13,190 --> 00:48:10,680

that new blood might stimulate his

1186

00:48:15,829 --> 00:48:13,200

response

1187

00:48:17,630 --> 00:48:15,839

on April 10 1982 Hall sent Morse a

1188

00:48:20,030 --> 00:48:17,640

certified letter offering on my behalf

1189

00:48:22,250 --> 00:48:20,040

to meet him anywhere anytime to discuss

1190

00:48:24,890 --> 00:48:22,260

the incident and provide my Professional

1191

00:48:26,690 --> 00:48:24,900

Services and funds if needed

1192

00:48:28,550 --> 00:48:26,700

curiously the certified letter was

1193

00:48:31,370 --> 00:48:28,560

received and signed for by Morris April

1194

00:48:35,450 --> 00:48:31,380

12 but the silence continued continued

1195

00:48:37,910 --> 00:48:35,460

for 17 months then on September 27 1983

1196

00:48:40,309 --> 00:48:37,920

all received an urgent letter from Morse

1197

00:48:42,470 --> 00:48:40,319

quoted as follows

1198

00:48:45,950 --> 00:48:42,480

I'm writing you in regards to your

1199

00:48:47,809 --> 00:48:45,960

letter 10th April 1982. I'm sorry that

1200

00:48:50,150 --> 00:48:47,819

it has taken so long to answer your

1201

00:48:52,849 --> 00:48:50,160

letter I had to be sure about you and

1202

00:48:55,609 --> 00:48:52,859

your organization my mail has not been

1203

00:48:57,950 --> 00:48:55,619

monitored for some time now however I

1204

00:49:00,589 --> 00:48:57,960

must not express my information in

1205

00:49:02,630 --> 00:49:00,599

letter form I've been warned threatened

1206

00:49:05,809 --> 00:49:02,640

and I've personally been interrogated as

1207

00:49:07,849 --> 00:49:05,819

recently as February 1983.

1208

00:49:09,770 --> 00:49:07,859

in reference to the subject I discussed

1209

00:49:12,890 --> 00:49:09,780

with Lynn Stringfield

1210

00:49:14,930 --> 00:49:12,900

I also have further information which I

1211

00:49:17,870 --> 00:49:14,940

know will interest you I have the

1212

00:49:19,730 --> 00:49:17,880

opportunity now to travel to DC area so

1213

00:49:21,770 --> 00:49:19,740

if you wish to contact me again you

1214

00:49:24,050 --> 00:49:21,780

should still have my address hope to

1215

00:49:25,849 --> 00:49:24,060

hear from you soon if after two weeks I

1216

00:49:28,190 --> 00:49:25,859

have not heard from you I will no longer

1217

00:49:32,630 --> 00:49:28,200

acknowledge my participation with your

1218

00:49:34,670 --> 00:49:32,640

group nor will I answer any mail

1219

00:49:36,650 --> 00:49:34,680

when Hall phoned the news to me I

1220

00:49:38,290 --> 00:49:36,660

advised that he follow up quickly by

1221

00:49:40,309 --> 00:49:38,300

letter and arrange for a meeting

1222

00:49:42,950 --> 00:49:40,319

unfortunately because of personal

1223

00:49:44,329 --> 00:49:42,960

circumstances Hall's reply October 10 to

1224

00:49:46,490 --> 00:49:44,339

83

1225

00:49:50,990 --> 00:49:46,500

was sent a couple of days later than the

1226

00:49:53,809 --> 00:49:51,000

deadline set by Morris again silence

1227

00:49:55,790 --> 00:49:53,819

on November 30th 1983 I wrote I wrote

1228

00:49:57,589 --> 00:49:55,800

Morris the following letter quoted in

1229

00:50:01,490 --> 00:49:57,599

part

1230

00:50:05,569 --> 00:50:03,829

but you got to do the southern accent oh

1231

00:50:07,490 --> 00:50:05,579

I gotta do the southern accent no yeah

1232

00:50:09,890 --> 00:50:07,500

okay

1233

00:50:11,510 --> 00:50:09,900

I held off right and until today no

1234

00:50:13,190 --> 00:50:11,520

hoping that a little breathing time

1235

00:50:15,290 --> 00:50:13,200

would give you the motivation to write

1236

00:50:18,109 --> 00:50:15,300

it is difficult to believe that the mail

1237

00:50:20,930 --> 00:50:18,119

I sent you in 1980 and 1981 failed to

1238

00:50:22,309 --> 00:50:20,940

research you a route to reach you or if

1239

00:50:24,010 --> 00:50:22,319

you had received my letters that you

1240

00:50:26,270 --> 00:50:24,020

were unable to reach me in some manner

1241

00:50:29,329 --> 00:50:26,280

obviously there was interference both

1242

00:50:31,069 --> 00:50:29,339

ways I felt hopeful that house letter

1243

00:50:33,710 --> 00:50:31,079

could open a new door of communications

1244

00:50:36,290 --> 00:50:33,720

or better still a personal meeting with

1245

00:50:38,270 --> 00:50:36,300

him now that several weeks have passed I

1246

00:50:40,970 --> 00:50:38,280

Feel Again concerned about your safety

1247

00:50:43,309 --> 00:50:40,980

assuming you're still a free person I

1248

00:50:45,710 --> 00:50:43,319

suggest you simply call me reversing the

1249

00:50:47,630 --> 00:50:45,720

charges Jeff please respond in some way

1250

00:50:49,910 --> 00:50:47,640

if only to acknowledge you received this

1251  
00:50:51,589 --> 00:50:49,920  
letter now Sean I'll take a brief pause

1252  
00:50:53,870 --> 00:50:51,599  
here to say like I think it's very

1253  
00:50:55,609 --> 00:50:53,880  
possible that you know you know Leonard

1254  
00:50:58,190 --> 00:50:55,619  
Stringfield saying that you know between

1255  
00:51:00,650 --> 00:50:58,200  
him Richard Hall and this guy Jeff that

1256  
00:51:03,349 --> 00:51:00,660  
that was this witness here

1257  
00:51:06,170 --> 00:51:03,359  
um that there could have been some kind

1258  
00:51:08,089 --> 00:51:06,180  
of deliberate miscommunication or you

1259  
00:51:10,730 --> 00:51:08,099  
know male theft happening and at the

1260  
00:51:13,370 --> 00:51:10,740  
same time this could you know overall be

1261  
00:51:16,010 --> 00:51:13,380  
a situation of this guy Jeff like kind

1262  
00:51:18,710 --> 00:51:16,020  
of fearing for his career and or you

1263  
00:51:20,870 --> 00:51:18,720

know being worried about uh um the

1264

00:51:22,609 --> 00:51:20,880

situation at hand right

1265

00:51:24,170 --> 00:51:22,619

um it could be it could be either of

1266

00:51:27,049 --> 00:51:24,180

those situations and it could be both

1267

00:51:30,530 --> 00:51:27,059

and you know it's hard to say you know

1268

00:51:31,910 --> 00:51:30,540

here we are 40 years later it's just to

1269

00:51:32,870 --> 00:51:31,920

really say right

1270

00:51:35,809 --> 00:51:32,880

um

1271

00:51:38,809 --> 00:51:35,819

so more Surface by phone on December 6

1272

00:51:40,730 --> 00:51:38,819

1983 and I've heard his voice for the

1273

00:51:42,890 --> 00:51:40,740

first time he called me at dinner time

1274

00:51:45,349 --> 00:51:42,900

identifying himself by first name only

1275

00:51:47,450 --> 00:51:45,359

he said he felt safe now as enough time

1276

00:51:49,490 --> 00:51:47,460

had passed since an official visitor

1277

00:51:52,010 --> 00:51:49,500

warned him about his oath of secrecy

1278

00:51:54,049 --> 00:51:52,020

talking cautiously for about 15 minutes

1279

00:51:56,210 --> 00:51:54,059

we covered the basics of many issues

1280

00:51:58,130 --> 00:51:56,220

among his high points however were the

1281

00:52:00,170 --> 00:51:58,140

disclosures the two days after the

1282

00:52:01,670 --> 00:52:00,180

incident he and others on duty at the

1283

00:52:03,890 --> 00:52:01,680

scene were summoned to write Patterson

1284

00:52:06,230 --> 00:52:03,900

Air Force Base for interrogation and

1285

00:52:08,390 --> 00:52:06,240

that each was transferred promptly to a

1286

00:52:11,210 --> 00:52:08,400

separate base overseas

1287

00:52:13,309 --> 00:52:11,220

that which totally reminds me of the

1288

00:52:15,170 --> 00:52:13,319

Mario Woods Case by the way exactly like

1289

00:52:17,569 --> 00:52:15,180

that's exactly you guys go back and

1290

00:52:20,270 --> 00:52:17,579

listen to our video with Mario Woods

1291

00:52:22,490 --> 00:52:20,280

that's the same thing that happened to

1292

00:52:24,650 --> 00:52:22,500

him after his encounter he got shipped

1293

00:52:26,349 --> 00:52:24,660

off to a different base he never saw the

1294

00:52:29,930 --> 00:52:26,359

person he had that experience with again

1295

00:52:32,210 --> 00:52:29,940

and to this day he can't find him

1296

00:52:33,589 --> 00:52:32,220

um so it's so interesting that they

1297

00:52:35,750 --> 00:52:33,599

share those

1298

00:52:37,970 --> 00:52:35,760

yeah you know those commonalities sir

1299

00:52:42,470 --> 00:52:37,980

and he also got shipped to Asia as well

1300

00:52:44,450 --> 00:52:42,480

yes right yeah yeah his assignment his

1301  
00:52:47,750 --> 00:52:44,460  
assignment was to a new Security Police

1302  
00:52:49,790 --> 00:52:47,760  
Squadron in Okinawa others he said went

1303  
00:52:52,010 --> 00:52:49,800  
to the Philippines Germany and Korea

1304  
00:52:54,109 --> 00:52:52,020  
finally he promised to answer my

1305  
00:52:55,490 --> 00:52:54,119  
question so I had my letter and he gave

1306  
00:52:58,010 --> 00:52:55,500  
me his phone number

1307  
00:52:59,329 --> 00:52:58,020  
's phone call opened the gates I

1308  
00:53:01,010 --> 00:52:59,339  
followed up the next day with a

1309  
00:53:04,250 --> 00:53:01,020  
four-page letter in which I reiterated

1310  
00:53:06,950 --> 00:53:04,260  
questions asked in 1980. also excerpted

1311  
00:53:09,170 --> 00:53:06,960  
from my letter quote your your testimony

1312  
00:53:11,329 --> 00:53:09,180  
is important of course I'll need backup

1313  
00:53:14,030 --> 00:53:11,339

Witnesses such as Dick Hall so that

1314

00:53:16,430 --> 00:53:14,040

credibility is established enclosed is a

1315

00:53:18,950 --> 00:53:16,440

copy of status report three your report

1316

00:53:20,329 --> 00:53:18,960

case A3 and on page nine with my

1317

00:53:22,609 --> 00:53:20,339

comments about our correspondence

1318

00:53:24,410 --> 00:53:22,619

problems at one point I wondered if you

1319

00:53:26,809 --> 00:53:24,420

really existed or if your letter was a

1320

00:53:29,270 --> 00:53:26,819

hoax so you can imagine my relief when I

1321

00:53:31,790 --> 00:53:29,280

heard your voice Morse replied promptly

1322

00:53:34,549 --> 00:53:31,800

his letter and postmarked December 14th

1323

00:53:36,290 --> 00:53:34,559

1983 included a map he sketched of the

1324

00:53:37,309 --> 00:53:36,300

scene of action and a rough drawing of

1325

00:53:39,230 --> 00:53:37,319

the body

1326  
00:53:42,170 --> 00:53:39,240  
answers to some of my key questions

1327  
00:53:44,270 --> 00:53:42,180  
appear later in the text test text of

1328  
00:53:46,549 --> 00:53:44,280  
this paper wherever the subject is

1329  
00:53:49,130 --> 00:53:46,559  
appropriate additional information came

1330  
00:53:50,990 --> 00:53:49,140  
by phone on December 13th in this

1331  
00:53:52,970 --> 00:53:51,000  
exchange I got the names and ranks of

1332  
00:53:55,190 --> 00:53:52,980  
the officers who were interrogators at

1333  
00:53:57,230 --> 00:53:55,200  
Wright-Patterson these he said were

1334  
00:53:59,690 --> 00:53:57,240  
obtained from a source still in the Air

1335  
00:54:01,790 --> 00:53:59,700  
Force he preferred not to identify

1336  
00:54:04,430 --> 00:54:01,800  
it was the Fort Dix McGuire case going

1337  
00:54:06,349 --> 00:54:04,440  
from square square one to square two my

1338  
00:54:08,390 --> 00:54:06,359

dialogue with Morse was now on a

1339

00:54:10,430 --> 00:54:08,400

constant but cautious track always

1340

00:54:12,829 --> 00:54:10,440

mindful of surveillance

1341

00:54:15,589 --> 00:54:12,839

the next event came as a surprise by

1342

00:54:18,650 --> 00:54:15,599

certified mail postmarked December 23

1343

00:54:20,210 --> 00:54:18,660

1983 on the flap of the envelope it said

1344

00:54:23,030 --> 00:54:20,220

Merry Christmas I hope you like it

1345

00:54:26,510 --> 00:54:23,040

inside was the Xerox copy of the

1346

00:54:28,490 --> 00:54:26,520

incident complaint Report Form 1569 that

1347

00:54:31,370 --> 00:54:28,500

Morse had hinted by phone he might be

1348

00:54:33,410 --> 00:54:31,380

able to procure as important backup and

1349

00:54:36,890 --> 00:54:33,420

that's what I have that we can look at

1350

00:54:38,690 --> 00:54:36,900

after this awesome awesome awesome the

1351

00:54:41,089 --> 00:54:38,700

report was brief but essentially

1352

00:54:44,450 --> 00:54:41,099

contained the same story told by Morris

1353

00:54:47,089 --> 00:54:44,460

prepared by dusk Sergeant WC and signed

1354

00:54:50,089 --> 00:54:47,099

by first lieutenant WS it was channeled

1355

00:54:52,609 --> 00:54:50,099

to Colonel Landon commanding officer of

1356

00:54:55,730 --> 00:54:52,619

McGuire Air Force Base Brigadier General

1357

00:54:57,950 --> 00:54:55,740

Brown headquarters 21st Air Force at

1358

00:55:00,410 --> 00:54:57,960

McGuire Air Force Base and the Air Force

1359

00:55:03,589 --> 00:55:00,420

office of special investigations

1360

00:55:05,870 --> 00:55:03,599

it contained the names of the security

1361

00:55:07,910 --> 00:55:05,880

policemen involved including Morse and

1362

00:55:10,069 --> 00:55:07,920

the name of the MP assigned to Fort Dix

1363

00:55:13,130 --> 00:55:10,079

who Morse later identified as the person

1364

00:55:15,650 --> 00:55:13,140

having shot the alien intruder

1365

00:55:17,870 --> 00:55:15,660

however as agreed in our ensuing talks

1366

00:55:19,670 --> 00:55:17,880

go ahead I will time out here before we

1367

00:55:23,510 --> 00:55:19,680

get too far so the office of special

1368

00:55:25,849 --> 00:55:23,520

investigations afosi that's exactly

1369

00:55:28,130 --> 00:55:25,859

uh the people who would be investigating

1370

00:55:31,849 --> 00:55:28,140

this so

1371

00:55:34,309 --> 00:55:31,859

um so all this lines up so this guy you

1372

00:55:36,049 --> 00:55:34,319

know if if this Moore's guy had been

1373

00:55:37,849 --> 00:55:36,059

making this up or some strange reason

1374

00:55:40,970 --> 00:55:37,859

wanted to do this hoax or whatever he

1375

00:55:42,530 --> 00:55:40,980

knows what he's talking about so yep as

1376

00:55:45,230 --> 00:55:42,540

far as the inner workings of the Air

1377

00:55:47,450 --> 00:55:45,240

Force so sorry go ahead oh yeah no and

1378

00:55:49,309 --> 00:55:47,460

like even the way that you know the

1379

00:55:52,549 --> 00:55:49,319

transfer and things like that really

1380

00:55:55,130 --> 00:55:52,559

line up with with the very secretive way

1381

00:55:57,230 --> 00:55:55,140

that that that the Air Force handled

1382

00:55:59,089 --> 00:55:57,240

people like this back in those days and

1383

00:56:02,030 --> 00:55:59,099

back in that exact era as we heard from

1384

00:56:04,549 --> 00:56:02,040

Mario woods so it's all lining up it's a

1385

00:56:07,549 --> 00:56:04,559

really interesting case

1386

00:56:09,470 --> 00:56:07,559

um also to to protect the persons named

1387

00:56:11,690 --> 00:56:09,480

as you later confirmed in question Morse

1388

00:56:13,670 --> 00:56:11,700

had opaque opaque doubt the social

1389

00:56:15,349 --> 00:56:13,680

security numbers opposite each name in

1390

00:56:16,069 --> 00:56:15,359

the report those numbers are private he

1391

00:56:18,890 --> 00:56:16,079

said

1392

00:56:21,049 --> 00:56:18,900

via the document that we'll see in a

1393

00:56:23,270 --> 00:56:21,059

little bit is validly not proof for it

1394

00:56:25,190 --> 00:56:23,280

to be established as a bona fide would

1395

00:56:28,609 --> 00:56:25,200

in turn require additional and

1396

00:56:30,950 --> 00:56:28,619

irretrievable reports memoranda tapes

1397

00:56:33,049 --> 00:56:30,960

onto Infinity in this regard however

1398

00:56:36,290 --> 00:56:33,059

more said on several occasions that he

1399

00:56:38,630 --> 00:56:36,300

had attempted to obtain a later form

1400

00:56:40,790 --> 00:56:38,640

1569 report mentioned by the desk

1401

00:56:42,829 --> 00:56:40,800

sergeant but was unsuccessful

1402

00:56:44,870 --> 00:56:42,839

nevertheless the incident complaint

1403

00:56:46,849 --> 00:56:44,880

report as it stands is a strong link of

1404

00:56:49,849 --> 00:56:46,859

evidence not easily dismissed even if

1405

00:56:53,089 --> 00:56:49,859

denied officially or by any of its named

1406

00:56:55,490 --> 00:56:53,099

Personnel who might be coerced to do so

1407

00:56:58,609 --> 00:56:55,500

the Genesis for case A3 as it is

1408

00:57:01,069 --> 00:56:58,619

designated in status report 3 is a taped

1409

00:57:03,290 --> 00:57:01,079

rebroadcast over the Armed Forces Far

1410

00:57:08,390 --> 00:57:03,300

Eastern radio network of an interview

1411

00:57:11,290 --> 00:57:08,400

conducted by Charlie tuna of Katz this

1412

00:57:14,809 --> 00:57:11,300

is Charlie tuna

1413

00:57:18,170 --> 00:57:14,819

Katz Los Angeles I'm guessing this is an

1414

00:57:19,849 --> 00:57:18,180

alias DJ name Charlie tuna of like a

1415

00:57:22,910 --> 00:57:19,859

Helen wolf kind of situation Charlie

1416

00:57:25,730 --> 00:57:22,920

tuna of Katz Los Angeles

1417

00:57:32,290 --> 00:57:25,740

don't compare Charlie tuna with Howlin

1418

00:57:37,370 --> 00:57:35,690

he's no Dr Demento come on that the guy

1419

00:57:40,250 --> 00:57:37,380

with the name of Charlie tuna is like

1420

00:57:42,349 --> 00:57:40,260

forever gonna be on the JV Squad you

1421

00:57:43,970 --> 00:57:42,359

know yeah yeah however he's gonna make

1422

00:57:46,309 --> 00:57:43,980

it into a Leonard Stringfield incident

1423

00:57:48,770 --> 00:57:46,319

report so there you go Charlie tuna

1424

00:57:51,829 --> 00:57:48,780

lives on the legend of the tuna

1425

00:57:54,470 --> 00:57:51,839

continues okay sorry you can tell how I

1426

00:57:56,630 --> 00:57:54,480

was in school just like totally like up

1427

00:57:59,270 --> 00:57:56,640

Jones board he's starting interrupting

1428

00:58:00,770 --> 00:57:59,280

yeah and what do I do oh yes and you and

1429

00:58:04,329 --> 00:58:00,780

like I just encourage you to keep doing

1430

00:58:09,230 --> 00:58:06,950

I remember the interview well concerning

1431

00:58:11,329 --> 00:58:09,240

my UFO crash retrieval probes at which

1432

00:58:13,370 --> 00:58:11,339

time I was promoting status report too

1433

00:58:14,690 --> 00:58:13,380

now when okay I'll just briefly mention

1434

00:58:16,190 --> 00:58:14,700

he keeps talking about these status

1435

00:58:18,589 --> 00:58:16,200

reports now these are these incident

1436

00:58:20,630 --> 00:58:18,599

reports these large format kind of

1437

00:58:23,270 --> 00:58:20,640

research papers that that he actually

1438

00:58:24,890 --> 00:58:23,280

that Leonard's drinkfield compiled and

1439

00:58:26,750 --> 00:58:24,900

they're actually available you can get

1440

00:58:28,849 --> 00:58:26,760

this is kind of a hard to get partially

1441

00:58:31,309 --> 00:58:28,859

because it's kind of pricey a book you

1442

00:58:33,710 --> 00:58:31,319

can get on Amazon Amazon UFO crash

1443

00:58:35,270 --> 00:58:33,720

retrievals the complete status reports

1444

00:58:36,710 --> 00:58:35,280

one through seven and so when he's

1445

00:58:38,809 --> 00:58:36,720

talking status report three status

1446

00:58:40,609 --> 00:58:38,819

report two Leonard Stringfield he's not

1447

00:58:42,470 --> 00:58:40,619

talking from the position of some kind

1448

00:58:44,930 --> 00:58:42,480

of official agency it was on he just

1449

00:58:46,910 --> 00:58:44,940

named that stuff uh he named his own

1450

00:58:50,210 --> 00:58:46,920

reports that and for those that are

1451

00:58:53,030 --> 00:58:50,220

interested uh the UFO crash retrievals

1452

00:58:55,730 --> 00:58:53,040

it's it's a really treasured book uh in

1453

00:58:58,190 --> 00:58:55,740

in kind of like the lore of of that era

1454

00:59:00,109 --> 00:58:58,200

so anyway uh at which time I was

1455

00:59:02,510 --> 00:59:00,119

promoting status report 2 published by

1456

00:59:04,190 --> 00:59:02,520

mufon at the close of the interview I

1457

00:59:06,410 --> 00:59:04,200

gave my home address for listeners who

1458

00:59:08,390 --> 00:59:06,420

might contribute information by chance

1459

00:59:11,630 --> 00:59:08,400

Morse was his new Security Police

1460

00:59:14,630 --> 00:59:11,640

Squadron in Okinawa heard as did others

1461

00:59:16,609 --> 00:59:14,640

in the U.S armed forces in the far east

1462

00:59:18,589 --> 00:59:16,619

as confirmation of this I have a letter

1463

00:59:20,270 --> 00:59:18,599

of inquiry from a serviceman Dan Cook

1464

00:59:21,410 --> 00:59:20,280

stationed in Korea who mentioned the

1465

00:59:23,510 --> 00:59:21,420

broadcast

1466

00:59:26,030 --> 00:59:23,520

to establish how it all began I believe

1467

00:59:27,890 --> 00:59:26,040

is important for it to for it diminishes

1468

00:59:30,530 --> 00:59:27,900

the chance that Morse may have acted in

1469

00:59:32,030 --> 00:59:30,540

collusion with a Stateside hoaxer also

1470

00:59:34,190 --> 00:59:32,040

to verify that he was stationed in

1471

00:59:35,870 --> 00:59:34,200

Okinawa I asked questions about the

1472

00:59:39,109 --> 00:59:35,880

Island's terrain and it's little-known

1473

00:59:41,089 --> 00:59:39,119

offshore island Ishima his answers were

1474

00:59:42,829 --> 00:59:41,099

right on target as I knew these islands

1475

00:59:44,990 --> 00:59:42,839

well having been there myself with the

1476

00:59:46,970 --> 00:59:45,000

Fifth Air Force in World War II

1477

00:59:48,890 --> 00:59:46,980

for the incident itself at McGuire Air

1478

00:59:51,109 --> 00:59:48,900

Force Base we have only morse's word and

1479

00:59:53,630 --> 00:59:51,119

his word only that it happened the way

1480

00:59:55,130 --> 00:59:53,640

he described it based on his recall of

1481

00:59:57,589 --> 00:59:55,140

his own experience and observations

1482

01:00:00,109 --> 00:59:57,599

other than the incident complaint report

1483

01:00:02,030 --> 01:00:00,119

which produced names no other person has

1484

01:00:04,250 --> 01:00:02,040

responded to morse's request for backup

1485

01:00:05,809 --> 01:00:04,260

testimony one letter he addressed to

1486

01:00:08,390 --> 01:00:05,819

another member of his unit on patrol

1487

01:00:10,309 --> 01:00:08,400

went unanswered still another refused

1488

01:00:12,890 --> 01:00:10,319

his surface to his request fearing for

1489

01:00:15,650 --> 01:00:12,900

his career in the services no way was

1490

01:00:17,809 --> 01:00:15,660

the response additional details about

1491

01:00:20,450 --> 01:00:17,819

the affair came bit by bit based on

1492

01:00:22,609 --> 01:00:20,460

specific questions by letter by phone

1493

01:00:24,829 --> 01:00:22,619

and letter during 1984 which are broken

1494

01:00:26,390 --> 01:00:24,839

down for Simplicity into categories as

1495

01:00:31,730 --> 01:00:26,400

follows do you want to tackle the

1496

01:00:37,549 --> 01:00:35,329

at varying times during his Patrol Duty

1497

01:00:39,170 --> 01:00:37,559

Morse was within 40 to 70 feet from the

1498

01:00:42,049 --> 01:00:39,180

prostate body

1499

01:00:44,030 --> 01:00:42,059

on the abandoned Runway number five ever

1500

01:00:46,849 --> 01:00:44,040

close enough to observe details such as

1501  
01:00:49,130 --> 01:00:46,859  
facial features or its hands and feet he

1502  
01:00:51,530 --> 01:00:49,140  
did recall that under the glare of the

1503  
01:00:53,270 --> 01:00:51,540  
truck headlights the skin of the unclad

1504  
01:00:56,329 --> 01:00:53,280  
hairless body was wet shiny and

1505  
01:00:58,430 --> 01:00:56,339  
snake-like as reported in his initial

1506  
01:01:00,410 --> 01:00:58,440  
letter The Entity was about four feet in

1507  
01:01:03,470 --> 01:01:00,420  
height with a large head slender torso

1508  
01:01:05,990 --> 01:01:03,480  
thin arms and legs and overall of greige

1509  
01:01:09,289 --> 01:01:06,000  
brown coloration unquestionably not

1510  
01:01:12,589 --> 01:01:09,299  
human it was however of humanoid stature

1511  
01:01:14,630 --> 01:01:12,599  
fitting the anatomical description so

1512  
01:01:17,390 --> 01:01:14,640  
often heard from military sources who

1513  
01:01:20,210 --> 01:01:17,400

have been who have made claim to having

1514

01:01:23,390 --> 01:01:20,220

seen entities at crash sites and as

1515

01:01:26,030 --> 01:01:23,400

defined coincidentally by medical Source

1516

01:01:29,569 --> 01:01:26,040

Who allegedly performed an autopsy on a

1517

01:01:32,210 --> 01:01:29,579

specimen in the early 1950s

1518

01:01:34,609 --> 01:01:32,220

always I don't read the what's in the

1519

01:01:36,130 --> 01:01:34,619

parentheses sure so yeah yeah yeah and

1520

01:01:39,530 --> 01:01:36,140

yeah

1521

01:01:41,870 --> 01:01:39,540

oh always pressing for more detail and

1522

01:01:44,210 --> 01:01:41,880

once uh preferred the notion that the

1523

01:01:47,089 --> 01:01:44,220

McGuire corpse would have been that of a

1524

01:01:48,549 --> 01:01:47,099

wild animal uh deer perhaps or an

1525

01:01:52,190 --> 01:01:48,559

escaped Ape from a military

1526

01:01:55,130 --> 01:01:52,200

experimentation lab or a zoo Titus Morse

1527

01:01:57,470 --> 01:01:55,140

replied no Zoo nearby we did have a

1528

01:02:00,530 --> 01:01:57,480

problem with deer on the runway but no

1529

01:02:02,870 --> 01:02:00,540

one ever made such a big fuss over deer

1530

01:02:04,549 --> 01:02:02,880

the only other animal anomaly that Morse

1531

01:02:08,390 --> 01:02:04,559

attributed the presence of the body to

1532

01:02:11,450 --> 01:02:08,400

was the strong smell of ammonia

1533

01:02:14,270 --> 01:02:11,460

in the cold night air and I note here

1534

01:02:17,450 --> 01:02:14,280

that the same odor also prevailed at the

1535

01:02:20,270 --> 01:02:17,460

alleged crash site in case two eight two

1536

01:02:23,150 --> 01:02:20,280

uh of status report three also Emmanuel

1537

01:02:26,870 --> 01:02:23,160

was smelled and the Virginia case

1538

01:02:28,910 --> 01:02:26,880

exactly yeah totally

1539

01:02:30,950 --> 01:02:28,920

and there are other cases in Blue Book

1540

01:02:32,870 --> 01:02:30,960

actually that I've found where uh smells

1541

01:02:34,789 --> 01:02:32,880

came with it so I wish I had those you

1542

01:02:36,710 --> 01:02:34,799

know right now that I could chill but

1543

01:02:39,530 --> 01:02:36,720

trust me they do exist not many but

1544

01:02:41,390 --> 01:02:39,540

they're in there but yeah ammonia eggs I

1545

01:02:42,289 --> 01:02:41,400

like those are common common reference

1546

01:02:43,430 --> 01:02:42,299

points

1547

01:02:46,250 --> 01:02:43,440

yeah

1548

01:02:48,710 --> 01:02:46,260

UFO reports Morris who had never cited a

1549

01:02:50,450 --> 01:02:48,720

UFO before or after the incident was

1550

01:02:52,309 --> 01:02:50,460

among many on duty who witnessed the

1551

01:02:53,990 --> 01:02:52,319

bluish green lights flying high and in

1552

01:02:57,230 --> 01:02:54,000

tight formation over the adjoining Fort

1553

01:02:59,150 --> 01:02:57,240

Dix McGuire bases and in in the incident

1554

01:03:02,150 --> 01:02:59,160

complaint report is the confirmation of

1555

01:03:04,549 --> 01:03:02,160

their flight by radar operator a1cr on

1556

01:03:06,170 --> 01:03:04,559

duty at the airbase control tower

1557

01:03:08,150 --> 01:03:06,180

also he had to learn from the state

1558

01:03:10,490 --> 01:03:08,160

trooper and later from his death

1559

01:03:12,770 --> 01:03:10,500

Sergeant WC that one of the UFOs had

1560

01:03:15,530 --> 01:03:12,780

come in at low level over the Fort Dix

1561

01:03:18,650 --> 01:03:15,540

MPS patrol car causing temporary failure

1562

01:03:24,530 --> 01:03:21,230

although he never was able to see or

1563

01:03:26,030 --> 01:03:24,540

talk with the Fort Dix MP JS Morris did

1564

01:03:28,130 --> 01:03:26,040

see confirmation after his military

1565

01:03:30,289 --> 01:03:28,140

service from the New Jersey State Police

1566

01:03:32,150 --> 01:03:30,299

for their part in the incident but he

1567

01:03:34,910 --> 01:03:32,160

got nowhere claiming they would not

1568

01:03:37,549 --> 01:03:34,920

cooperate also attempts to locate the

1569

01:03:40,309 --> 01:03:37,559

state trooper he met at gate 5 or futile

1570

01:03:41,750 --> 01:03:40,319

in this run around I recall case A8 and

1571

01:03:44,569 --> 01:03:41,760

status report 3 where the police

1572

01:03:46,430 --> 01:03:44,579

Personnel involved in the 1966 Hillsdale

1573

01:03:48,890 --> 01:03:46,440

Dexter Michigan encounter were

1574

01:03:51,410 --> 01:03:48,900

immediately transferred to new posts in

1575

01:03:53,329 --> 01:03:51,420

the country in the county and that all

1576

01:03:58,210 --> 01:03:53,339

records on their bladder regarding the

1577

01:04:03,770 --> 01:04:01,609

oh yeah yeah keep going keep going do it

1578

01:04:06,349 --> 01:04:03,780

yeah my search for UFO reports

1579

01:04:08,569 --> 01:04:06,359

coincidental to the January 18 1978

1580

01:04:11,450 --> 01:04:08,579

event mainly in the eastern part of the

1581

01:04:13,490 --> 01:04:11,460

USA indicates there was no National flap

1582

01:04:15,589 --> 01:04:13,500

and no concentration of sightings in the

1583

01:04:16,789 --> 01:04:15,599

New Jersey area at the time I checked

1584

01:04:19,010 --> 01:04:16,799

under the reports collected and

1585

01:04:21,650 --> 01:04:19,020

evaluated in the international UFO

1586

01:04:23,870 --> 01:04:21,660

reporter for that time period showed

1587

01:04:26,329 --> 01:04:23,880

that 82 reports according to editor Alan

1588

01:04:29,329 --> 01:04:26,339

Hendry were judged to be identifiable or

1589

01:04:31,789 --> 01:04:29,339

inappropriate however five were selected

1590

01:04:34,670 --> 01:04:31,799

for review in the March 1978 issue these

1591

01:04:39,170 --> 01:04:34,680

occurred in Toledo uh Ohio Williamston

1592

01:04:40,910 --> 01:04:39,180

Key West Montvale and Peoria the only

1593

01:04:43,549 --> 01:04:40,920

case possibly akin to the Fort Dix

1594

01:04:45,710 --> 01:04:43,559

McGuire encounters the January 31 report

1595

01:04:48,349 --> 01:04:45,720

in mudvale New Jersey

1596

01:04:50,210 --> 01:04:48,359

which involved humanoids this story was

1597

01:04:52,430 --> 01:04:50,220

reported in the February 78 issue of

1598

01:04:54,710 --> 01:04:52,440

mufan UFO journal with drawings of the

1599

01:04:58,970 --> 01:04:54,720

entities bring little resemblance to the

1600

01:05:01,130 --> 01:04:58,980

bipede described by morse it also fully

1601

01:05:03,289 --> 01:05:01,140  
reported in the April 78 issue of

1602

01:05:05,390 --> 01:05:03,299  
international UFO reporter

1603

01:05:07,370 --> 01:05:05,400  
only because the encounter happened in

1604

01:05:08,750 --> 01:05:07,380  
New Jersey and within a reasonable time

1605

01:05:12,109 --> 01:05:08,760  
frame

1606

01:05:14,030 --> 01:05:12,119  
is it of relative interest now here's

1607

01:05:16,370 --> 01:05:14,040  
now can I break in with one thing real

1608

01:05:18,289 --> 01:05:16,380  
quick he says it is it of relative

1609

01:05:20,750 --> 01:05:18,299  
interest but there's no question mark So

1610

01:05:23,329 --> 01:05:20,760  
I think you meant it is of relative

1611

01:05:25,130 --> 01:05:23,339  
interest okay yeah sure that's not me I

1612

01:05:28,250 --> 01:05:25,140  
didn't you know that's right that's on

1613

01:05:29,990 --> 01:05:28,260

Stringfield and and and and he's passed

1614

01:05:33,230 --> 01:05:30,000

on so he can't defend himself so but

1615

01:05:35,150 --> 01:05:33,240

we're gonna go with that uh

1616

01:05:36,770 --> 01:05:35,160

is that you know it's interesting that

1617

01:05:38,930 --> 01:05:36,780

he mentions that there's a similar case

1618

01:05:40,430 --> 01:05:38,940

involving humanoids but the humanoids

1619

01:05:41,870 --> 01:05:40,440

look different and that the date's

1620

01:05:44,630 --> 01:05:41,880

different but it was also from New

1621

01:05:46,490 --> 01:05:44,640

Jersey January 31st because again that's

1622

01:05:48,710 --> 01:05:46,500

very similar

1623

01:05:50,630 --> 01:05:48,720

um as we will become relevant over the

1624

01:05:53,630 --> 01:05:50,640

course of the rest of this uh research

1625

01:05:54,770 --> 01:05:53,640

report that's very similar to what what

1626

01:05:56,990 --> 01:05:54,780

happens

1627

01:05:58,609 --> 01:05:57,000

Poss you know what happened here is

1628

01:06:00,410 --> 01:05:58,619

possibly kind of like what happened with

1629

01:06:03,890 --> 01:06:00,420

the woods case again the ellsworth's

1630

01:06:06,710 --> 01:06:03,900

case because uh a fake story was planted

1631

01:06:10,670 --> 01:06:06,720

and UFO periodical interesting that that

1632

01:06:13,370 --> 01:06:10,680

was really close but not quite squaring

1633

01:06:15,230 --> 01:06:13,380

with other people pay attention to that

1634

01:06:16,789 --> 01:06:15,240

instead of what you know what really

1635

01:06:18,109 --> 01:06:16,799

could be and that's what I always kind

1636

01:06:20,210 --> 01:06:18,119

of thought Roswell was to be quite

1637

01:06:23,210 --> 01:06:20,220

honest with it was a huge distraction

1638

01:06:25,190 --> 01:06:23,220

effort from wherever something really

1639

01:06:28,010 --> 01:06:25,200

crashed and whoever really dealt with it

1640

01:06:29,809 --> 01:06:28,020

but yeah whether that could have been

1641

01:06:31,849 --> 01:06:29,819

Aztec or whether that could be Trinity

1642

01:06:33,829 --> 01:06:31,859

or or one of the other cases right

1643

01:06:35,450 --> 01:06:33,839

around there yep because it's Bill Moore

1644

01:06:38,029 --> 01:06:35,460

who came out and first wrote the book on

1645

01:06:41,390 --> 01:06:38,039

that bill Moore uh admitted to everybody

1646

01:06:44,329 --> 01:06:41,400

at a movement conference that he was an

1647

01:06:46,490 --> 01:06:44,339

Intel person right and yeah it was to

1648

01:06:48,069 --> 01:06:46,500

infiltrate and so this information so

1649

01:06:54,410 --> 01:06:48,079

yeah yeah

1650

01:06:57,890 --> 01:06:54,420

um would you like to keep taking it from

1651  
01:06:59,750 --> 01:06:57,900  
there oh sure where were we uh the only

1652  
01:07:02,450 --> 01:06:59,760  
case possibly can

1653  
01:07:04,069 --> 01:07:02,460  
another case occurring January 1578

1654  
01:07:06,470 --> 01:07:04,079  
three days before the incident involved

1655  
01:07:08,450 --> 01:07:06,480  
a pilot Roger K and passengers flying in

1656  
01:07:10,849 --> 01:07:08,460  
a Sundowner from Evansville Indiana to

1657  
01:07:12,950 --> 01:07:10,859  
Lincoln Airport in Cincinnati Ohio

1658  
01:07:14,569 --> 01:07:12,960  
I received the Pilot's call who got my

1659  
01:07:16,370 --> 01:07:14,579  
telephone number from the control tower

1660  
01:07:17,990 --> 01:07:16,380  
explaining that he had a harrowing

1661  
01:07:21,470 --> 01:07:18,000  
experience 20 miles north of Louisville

1662  
01:07:23,150 --> 01:07:21,480  
Kentucky at 5500 feet altitude when he

1663  
01:07:25,670 --> 01:07:23,160

observed two white lights one moving

1664

01:07:27,829 --> 01:07:25,680

back and forth the other stationary

1665

01:07:30,470 --> 01:07:27,839

watching the one object make a circle he

1666

01:07:32,809 --> 01:07:30,480

said it all of a sudden headed for The

1667

01:07:36,349 --> 01:07:32,819

Sundowner on a collision course

1668

01:07:39,049 --> 01:07:36,359

that happens almost every time in these

1669

01:07:40,430 --> 01:07:39,059

pilot cases is they think they're on a

1670

01:07:42,950 --> 01:07:40,440

collision course with the thing it's

1671

01:07:44,270 --> 01:07:42,960

crazy to escape it's bath the doe of a

1672

01:07:45,829 --> 01:07:44,280

thousand feet and watched it pass

1673

01:07:48,289 --> 01:07:45,839

overhead and out of sight calling the

1674

01:07:51,349 --> 01:07:48,299

control tower at stennifer airport in

1675

01:07:52,910 --> 01:07:51,359

Louisville he heard they had received

1676

01:07:54,230 --> 01:07:52,920

calls from people in the area who saw

1677

01:07:57,289 --> 01:07:54,240

UFO

1678

01:08:01,069 --> 01:07:57,299

in early January 1985 my hopes to get

1679

01:08:03,349 --> 01:08:01,079

back up UFO report to get a backup UFO

1680

01:08:05,089 --> 01:08:03,359

report were heightened won a letter from

1681

01:08:07,069 --> 01:08:05,099

Moore stated that he had traveled to

1682

01:08:10,130 --> 01:08:07,079

Baldwinsville New York to see a friend

1683

01:08:13,250 --> 01:08:10,140

retired from the Air Force a former uh

1684

01:08:15,770 --> 01:08:13,260

Astro sorry Master Sergeant yeah

1685

01:08:17,150 --> 01:08:15,780

HPS who had served in the 21st Air Force

1686

01:08:19,729 --> 01:08:17,160

Headquarters at McGuire in the late

1687

01:08:21,950 --> 01:08:19,739

1970s Morse said that he briefly

1688

01:08:24,289 --> 01:08:21,960

mentioned the incident to HBS and

1689

01:08:27,169 --> 01:08:24,299

learned that he recalled a knight in 78

1690

01:08:30,050 --> 01:08:27,179

when he when he took an urgent call from

1691

01:08:31,970 --> 01:08:30,060

a c-141 pilot reporting a UFO while

1692

01:08:34,849 --> 01:08:31,980

flying it near McGuire

1693

01:08:37,010 --> 01:08:34,859

Moore said that HPS was vaguely aware of

1694

01:08:39,590 --> 01:08:37,020

his incident and suggested I checked

1695

01:08:42,349 --> 01:08:39,600

further giving me his address I called

1696

01:08:43,910 --> 01:08:42,359

HPS the day I got Moore's letter HPS

1697

01:08:46,610 --> 01:08:43,920

confirmed that he got the call from the

1698

01:08:49,010 --> 01:08:46,620

pilot in 78 which he said was quickly

1699

01:08:51,650 --> 01:08:49,020

snuffed but he could not pinpoint the

1700

01:08:53,749 --> 01:08:51,660

date too long ago when I kept no records

1701

01:08:55,910 --> 01:08:53,759

he said adding I don't recall a base

1702

01:08:58,189 --> 01:08:55,920

alert but the call I got from the pilot

1703

01:09:00,590 --> 01:08:58,199

could have happened the same night

1704

01:09:02,809 --> 01:09:00,600

of the other incident

1705

01:09:04,610 --> 01:09:02,819

while on the phone I asked about Jeff as

1706

01:09:08,390 --> 01:09:04,620

a person

1707

01:09:09,530 --> 01:09:08,400

is he sloppy is he happy does he play

1708

01:09:11,809 --> 01:09:09,540

music

1709

01:09:13,669 --> 01:09:11,819

he was always friendly he said I lived

1710

01:09:15,349 --> 01:09:13,679

with my family on the base and he would

1711

01:09:17,030 --> 01:09:15,359

often stop buying his patrol car and

1712

01:09:19,970 --> 01:09:17,040

play with the kids

1713

01:09:22,010 --> 01:09:19,980

we got to know him well HBS added that

1714

01:09:24,590 --> 01:09:22,020

he had no reason to question his honesty

1715

01:09:27,229 --> 01:09:24,600

or sincerity in my opinion had More's

1716

01:09:29,749 --> 01:09:27,239

been a shrewd hoaxer he could have oh

1717

01:09:32,930 --> 01:09:29,759

that's a tough one unveiled

1718

01:09:35,390 --> 01:09:32,940

uh-huh someone else into adding spicy

1719

01:09:37,490 --> 01:09:35,400

details to the incident instead of HBS

1720

01:09:40,370 --> 01:09:37,500

when all honesty

1721

01:09:43,010 --> 01:09:40,380

provided little of real substance to

1722

01:09:44,090 --> 01:09:43,020

support his case by my call was worth

1723

01:09:46,090 --> 01:09:44,100

the cost

1724

01:09:48,289 --> 01:09:46,100

but my call

1725

01:09:50,809 --> 01:09:48,299

that's on Stringfield that's not

1726

01:09:53,090 --> 01:09:50,819

Stringfield HBS how can we believe any

1727

01:09:55,130 --> 01:09:53,100

of this if you can't even he's got

1728

01:09:57,950 --> 01:09:55,140

two typos in here

1729

01:09:59,950 --> 01:09:57,960

HB has fudge that Morris was at McGuire

1730

01:10:02,270 --> 01:09:59,960

in 78 and that he was a likable person

1731

01:10:03,709 --> 01:10:02,280

I'll finish this and you can start at

1732

01:10:05,810 --> 01:10:03,719

three against the most significant event

1733

01:10:08,810 --> 01:10:05,820

of UFO activity pinpointing the exact

1734

01:10:11,150 --> 01:10:08,820

date January 18 1978 is a report I

1735

01:10:15,110 --> 01:10:11,160

received from a police officer Ron Jones

1736

01:10:17,990 --> 01:10:15,120

while on duty in Ur Langer Kentucky his

1737

01:10:19,970 --> 01:10:18,000

UFO was a large lime green egg-shaped

1738

01:10:22,189 --> 01:10:19,980

object flying erratically across

1739

01:10:24,350 --> 01:10:22,199

Kentucky's guys other reports of a green

1740

01:10:26,530 --> 01:10:24,360

object were also reported that night in

1741

01:10:29,149 --> 01:10:26,540

Northern Kentucky and into Cincinnati

1742

01:10:32,270 --> 01:10:29,159

including one coincidentally that flew

1743

01:10:34,669 --> 01:10:32,280

low over the home of the Jones family

1744

01:10:36,649 --> 01:10:34,679

causing a moment of Terror the story

1745

01:10:39,050 --> 01:10:36,659

made big news on the local radio

1746

01:10:42,110 --> 01:10:39,060

stations and in the headline of the

1747

01:10:44,510 --> 01:10:42,120

Kentucky edition of the Cincinnati Post

1748

01:10:47,390 --> 01:10:44,520

a pertinence in this event is that the

1749

01:10:49,130 --> 01:10:47,400

UFO was green as were those observed by

1750

01:10:52,550 --> 01:10:49,140

Morris despite a variance in shade

1751

01:10:54,830 --> 01:10:52,560

perhaps in my research green

1752

01:10:56,930 --> 01:10:54,840

is among the least common of colors in

1753

01:10:59,450 --> 01:10:56,940

the Spectrum reported for UFOs

1754

01:11:02,570 --> 01:10:59,460

most often reported as white yellow

1755

01:11:05,149 --> 01:11:02,580

orange red considering that you're at

1756

01:11:08,209 --> 01:11:05,159

Larger south of Cincinnati is as the

1757

01:11:10,189 --> 01:11:08,219

crow flies short hop for a UFO to New

1758

01:11:11,930 --> 01:11:10,199

Jersey the two events may be plausibly

1759

01:11:14,870 --> 01:11:11,940

linked

1760

01:11:17,570 --> 01:11:14,880

three the retrieval operation

1761

01:11:19,669 --> 01:11:17,580

all right it was maximum security said

1762

01:11:22,130 --> 01:11:19,679

Morse who alone in this patrol car

1763

01:11:24,530 --> 01:11:22,140

received word by radio that a state of

1764

01:11:27,050 --> 01:11:24,540

alert was an effect at McGuire as a

1765

01:11:28,850 --> 01:11:27,060

result of the shooting incident He was

1766

01:11:30,950 --> 01:11:28,860

ordered to gate number five to answer

1767

01:11:33,410 --> 01:11:30,960

the request of a state police officer

1768

01:11:35,570 --> 01:11:33,420

who had been running code with the MP

1769

01:11:38,149 --> 01:11:35,580

during his encounter at Fort Dix and

1770

01:11:40,430 --> 01:11:38,159

wanted admission to the air base Morse

1771

01:11:42,050 --> 01:11:40,440

was ordered to comply but when the

1772

01:11:44,090 --> 01:11:42,060

trooper wanted to get closer to the

1773

01:11:46,790 --> 01:11:44,100

runway he was told that all Personnel

1774

01:11:49,370 --> 01:11:46,800

including he and other members of this

1775

01:11:52,070 --> 01:11:49,380

his Security Police Unit were restricted

1776

01:11:54,110 --> 01:11:52,080

from entry into the roped off zone so

1777

01:11:55,970 --> 01:11:54,120

the security police unit was restricted

1778

01:11:58,970 --> 01:11:55,980

from entry into that rope.com that's

1779

01:12:01,610 --> 01:11:58,980

interesting right now taking command was

1780

01:12:03,950 --> 01:12:01,620

a new and unfamiliar team of blue Berets

1781

01:12:06,290 --> 01:12:03,960

that suddenly descended onto the scene

1782

01:12:09,050 --> 01:12:06,300

just moments after the runway had been

1783

01:12:11,630 --> 01:12:09,060

cordoned off with speed and efficiency

1784

01:12:13,610 --> 01:12:11,640

they took over he said and when asked

1785

01:12:15,770 --> 01:12:13,620

who they were we were told nothing and

1786

01:12:18,350 --> 01:12:15,780

ordered to stay outside the ropes

1787

01:12:20,270 --> 01:12:18,360

perplexed by this covert action he noted

1788

01:12:22,850 --> 01:12:20,280

that all of them were staff sergeants

1789

01:12:25,550 --> 01:12:22,860

and up wearing fatigues without patches

1790

01:12:28,610 --> 01:12:25,560

or Insignia and for headgear he said

1791

01:12:30,830 --> 01:12:28,620

they wore blue Berets just like mine

1792

01:12:32,990 --> 01:12:30,840

in one letter Morse vaguely speculated

1793

01:12:34,850 --> 01:12:33,000

they were undercover cops and by phone

1794

01:12:36,890 --> 01:12:34,860

he said he felt certain they were

1795

01:12:38,990 --> 01:12:36,900

stationed somewhere at McGuire to

1796

01:12:40,010 --> 01:12:39,000

account for their quick deployment to

1797

01:12:41,930 --> 01:12:40,020

the runway

1798

01:12:44,390 --> 01:12:41,940

in support of this when asked if

1799

01:12:46,910 --> 01:12:44,400

helicopters were seen or heard overhead

1800

01:12:49,310 --> 01:12:46,920

or landed on or near the scene his reply

1801  
01:12:50,689 --> 01:12:49,320  
was negative this it seems would rule

1802  
01:12:53,390 --> 01:12:50,699  
out any notion that they had been

1803  
01:12:55,729 --> 01:12:53,400  
transported from an outside base it also

1804  
01:12:58,070 --> 01:12:55,739  
strengthened his belief and mind that a

1805  
01:13:00,169 --> 01:12:58,080  
UFO had not crashed or been disabled

1806  
01:13:02,870 --> 01:13:00,179  
nearby requiring close Tactical Air

1807  
01:13:05,090 --> 01:13:02,880  
support but what if a landed craft

1808  
01:13:07,790 --> 01:13:05,100  
perhaps one that touch landed earlier at

1809  
01:13:09,649 --> 01:13:07,800  
Fort Dix could it have deployed one or

1810  
01:13:12,169 --> 01:13:09,659  
more of its kind to perform a duty

1811  
01:13:14,750 --> 01:13:12,179  
forever unknown add one or both of the

1812  
01:13:16,610 --> 01:13:14,760  
adjoining military installations the

1813  
01:13:18,649 --> 01:13:16,620

book clear intent by Lawrence Fawcett

1814

01:13:21,470 --> 01:13:18,659

and Barry Greenwood relates many reports

1815

01:13:25,130 --> 01:13:21,480

of UFO surveillance over air bases in

1816

01:13:28,010 --> 01:13:25,140

1975 to 1976 and I have no of many more

1817

01:13:29,810 --> 01:13:28,020

hidden under the lid of secrecy now of

1818

01:13:31,790 --> 01:13:29,820

course we know that you know in

1819

01:13:34,490 --> 01:13:31,800

relevance to possible upcoming

1820

01:13:36,050 --> 01:13:34,500

Congressional hearings situations like

1821

01:13:39,110 --> 01:13:36,060

this did come up in the last

1822

01:13:42,410 --> 01:13:39,120

Congressional hearing of of UFOs ufps

1823

01:13:44,930 --> 01:13:42,420

monitoring during a nuclear bases and

1824

01:13:46,850 --> 01:13:44,940

military installations right so so this

1825

01:13:48,890 --> 01:13:46,860

is is this is interesting because this

1826

01:13:52,850 --> 01:13:48,900

you know here we are over 40 years ago

1827

01:13:54,709 --> 01:13:52,860

and we're and back then you know Lynn

1828

01:13:56,330 --> 01:13:54,719

Stringfield had some cases that he knew

1829

01:13:58,070 --> 01:13:56,340

of but he was kind of one of the first

1830

01:14:00,649 --> 01:13:58,080

people that was that was really putting

1831

01:14:03,169 --> 01:14:00,659

this across in a serious way with regard

1832

01:14:05,750 --> 01:14:03,179

and connecting it with the possibility

1833

01:14:09,350 --> 01:14:05,760

of crash retrievals right interesting

1834

01:14:12,110 --> 01:14:09,360

yeah so at McGuire once the sensitive

1835

01:14:14,330 --> 01:14:12,120

area had been roped off and ECP entry

1836

01:14:16,130 --> 01:14:14,340

control Point established a generator

1837

01:14:18,590 --> 01:14:16,140

unit was brought in for better lighting

1838

01:14:20,990 --> 01:14:18,600

at least a dozen men said Morris armed

1839

01:14:22,550 --> 01:14:21,000

with M16s were assigned to guard at the

1840

01:14:24,709 --> 01:14:22,560

ropes and no one was allowed to enter

1841

01:14:27,229 --> 01:14:24,719

except the base commander the Security

1842

01:14:29,270 --> 01:14:27,239

Police Squadron Commander first

1843

01:14:32,330 --> 01:14:29,280

lieutenant WS of the Security Police

1844

01:14:34,310 --> 01:14:32,340

Squadron and a base photographer that's

1845

01:14:37,189 --> 01:14:34,320

interesting as well where are those

1846

01:14:38,870 --> 01:14:37,199

photos right while on patrol Morse

1847

01:14:40,970 --> 01:14:38,880

watched the blue Beret specialist spray

1848

01:14:43,550 --> 01:14:40,980

the corpse from a portable tank now for

1849

01:14:47,450 --> 01:14:43,560

those of you joining late this is this

1850

01:14:49,669 --> 01:14:47,460

sounds a lot like a deceased uh gray uh

1851  
01:14:51,290 --> 01:14:49,679  
being like a non-human intelligence that

1852  
01:14:52,550 --> 01:14:51,300  
most people would refer to as a gray

1853  
01:14:57,169 --> 01:14:52,560  
alien

1854  
01:14:59,689 --> 01:14:57,179  
but like the description does sound

1855  
01:15:01,729 --> 01:14:59,699  
pretty close to one right uh the blue

1856  
01:15:04,189 --> 01:15:01,739  
Beret Specialists spray the corpse from

1857  
01:15:07,010 --> 01:15:04,199  
a portable tank and cover it with a

1858  
01:15:09,169 --> 01:15:07,020  
white sheet before Daybreak the body was

1859  
01:15:11,330 --> 01:15:09,179  
carefully placed onto a platform and a

1860  
01:15:12,950 --> 01:15:11,340  
wooden frame built around it this was

1861  
01:15:15,290 --> 01:15:12,960  
finally placed into a large Square

1862  
01:15:17,209 --> 01:15:15,300  
several silver silver metal container

1863  
01:15:20,390 --> 01:15:17,219

about 10 by 10 feet was

1864

01:15:22,729 --> 01:15:20,400

undistinguishable blue markings before

1865

01:15:25,550 --> 01:15:22,739

going off duty Morse and others watched

1866

01:15:28,910 --> 01:15:25,560

the silver box for forklifted into a

1867

01:15:30,649 --> 01:15:28,920

c-141 which arrived about 7 am from

1868

01:15:33,590 --> 01:15:30,659

Wright-Patterson Air Force Base

1869

01:15:35,570 --> 01:15:33,600

identified by special markings and later

1870

01:15:38,030 --> 01:15:35,580

at a distance he said he watched the

1871

01:15:41,270 --> 01:15:38,040

plane and its secret cargo soar Aloft

1872

01:15:44,270 --> 01:15:41,280

into limbo presumed destination Dayton

1873

01:15:46,189 --> 01:15:44,280

Ohio meaning back to right Patterson

1874

01:15:48,410 --> 01:15:46,199

for sergeant Morse and others of the

1875

01:15:51,110 --> 01:15:48,420

blue Beret regulars at McGuire it was

1876

01:15:52,250 --> 01:15:51,120

far from over when the c-141 with corpse

1877

01:15:54,169 --> 01:15:52,260

took off

1878

01:15:57,830 --> 01:15:54,179

two days later he and three others he

1879

01:16:00,649 --> 01:15:57,840

named were also on a C4 c-141 on orders

1880

01:16:03,169 --> 01:16:00,659

to report to what Wright-Patterson the

1881

01:16:05,090 --> 01:16:03,179

base of many sancta the setting at

1882

01:16:07,610 --> 01:16:05,100

Wright-Patterson was like that of a

1883

01:16:10,070 --> 01:16:07,620

court-martial a table and chairs in an

1884

01:16:12,950 --> 01:16:10,080

unadorned room which Morse described as

1885

01:16:15,229 --> 01:16:12,960

follows while there while there we were

1886

01:16:18,590 --> 01:16:15,239

all together except for actual

1887

01:16:20,450 --> 01:16:18,600

interrogations mine had two men one

1888

01:16:23,209 --> 01:16:20,460

apparently a civilian with pipe and

1889

01:16:26,110 --> 01:16:23,219

beard who never spoke now we've heard

1890

01:16:29,390 --> 01:16:26,120

this in many many other cases like this

1891

01:16:30,830 --> 01:16:29,400

including in the Mario Woods case where

1892

01:16:32,270 --> 01:16:30,840

there would be somebody kind of poking

1893

01:16:34,010 --> 01:16:32,280

around in the back who's never

1894

01:16:35,510 --> 01:16:34,020

identified never speaks and it's just

1895

01:16:37,010 --> 01:16:35,520

kind of like quietly assessing the

1896

01:16:39,410 --> 01:16:37,020

situation while watching the other

1897

01:16:41,930 --> 01:16:39,420

interrogators so this also squares very

1898

01:16:44,030 --> 01:16:41,940

well with what at that time was a very

1899

01:16:46,130 --> 01:16:44,040

secretive and confidential policy for

1900

01:16:49,610 --> 01:16:46,140

how

1901

01:16:51,950 --> 01:16:49,620

just also chairman and the blue Beret

1902

01:16:53,570 --> 01:16:51,960

um apparently the blue Beret is unique

1903

01:16:56,030 --> 01:16:53,580

to the men and women who serve as

1904

01:16:58,130 --> 01:16:56,040

members of an elite group at the U.S Air

1905

01:17:00,110 --> 01:16:58,140

Force Security Forces

1906

01:17:02,030 --> 01:17:00,120

the Beret represents the history of the

1907

01:17:04,610 --> 01:17:02,040

United States Air Force Security forces

1908

01:17:08,149 --> 01:17:04,620

in a legacy of commitment and sacrifice

1909

01:17:09,890 --> 01:17:08,159

to our nation and people okay

1910

01:17:11,390 --> 01:17:09,900

yep

1911

01:17:13,729 --> 01:17:11,400

so

1912

01:17:16,250 --> 01:17:13,739

um at one point there were three men one

1913

01:17:18,830 --> 01:17:16,260

played nice guy one mean guy and of

1914

01:17:20,450 --> 01:17:18,840

course the silent Civilian All they

1915

01:17:22,550 --> 01:17:20,460

wanted to know was the nature of the

1916

01:17:25,189 --> 01:17:22,560

incident what I knew and then told me

1917

01:17:27,350 --> 01:17:25,199

about my duty to keep my mouth shut I

1918

01:17:28,850 --> 01:17:27,360

signed a form and it is supposed to bind

1919

01:17:31,729 --> 01:17:28,860

me for life

1920

01:17:34,010 --> 01:17:31,739

never once as Morse recalls did any of

1921

01:17:36,530 --> 01:17:34,020

the interrogators offer information or

1922

01:17:38,450 --> 01:17:36,540

an explanation of the incident nor did

1923

01:17:40,669 --> 01:17:38,460

anyone ever refer to the retrieved dead

1924

01:17:43,550 --> 01:17:40,679

body or suggest that it may have been of

1925

01:17:45,950 --> 01:17:43,560

extraterrestrial origin said Morse they

1926

01:17:47,450 --> 01:17:45,960

beat around the bush all references to

1927

01:17:49,970 --> 01:17:47,460

it were indirect

1928

01:17:52,729 --> 01:17:49,980

the day after the interrogation Morse

1929

01:17:54,290 --> 01:17:52,739

returned to McGuire and was debriefed by

1930

01:17:56,750 --> 01:17:54,300

his commanding officer Lieutenant

1931

01:17:59,149 --> 01:17:56,760

Colonel FM and released for normal Duty

1932

01:18:01,130 --> 01:17:59,159

the incident he said was not discussed

1933

01:18:03,709 --> 01:18:01,140

Again by anyone as though it never

1934

01:18:05,689 --> 01:18:03,719

happened the names of the officers at

1935

01:18:08,450 --> 01:18:05,699

Wright-Patterson including a brigadier

1936

01:18:10,610 --> 01:18:08,460

general which Morse had had confirmed by

1937

01:18:12,290 --> 01:18:10,620

a source still in the military have been

1938

01:18:15,229 --> 01:18:12,300

known to me since our first telephone

1939

01:18:18,169 --> 01:18:15,239

chat although I agreed not to publish

1940

01:18:20,270 --> 01:18:18,179

these names in respect to security I did

1941

01:18:22,010 --> 01:18:20,280

insist that they be authenticated and by

1942

01:18:24,410 --> 01:18:22,020

someone other than myself to lend

1943

01:18:26,810 --> 01:18:24,420

Credence to the case with permission I

1944

01:18:29,149 --> 01:18:26,820

gave their names to Richard Hall who had

1945

01:18:30,290 --> 01:18:29,159

access to such records at the Library of

1946

01:18:32,209 --> 01:18:30,300

Congress

1947

01:18:34,669 --> 01:18:32,219

for the most part his time and effort

1948

01:18:37,910 --> 01:18:34,679

were not in vain although the Air Force

1949

01:18:40,070 --> 01:18:37,920

registered for 1978 was off the shelf he

1950

01:18:42,649 --> 01:18:40,080

said he was able to find in the 1979

1951

01:18:45,649 --> 01:18:42,659

Edition a status entry for each officer

1952

01:18:47,630 --> 01:18:45,659

except one a colonel B who Morse had

1953

01:18:49,970 --> 01:18:47,640

said played the bad guy

1954

01:18:52,850 --> 01:18:49,980

Howe speculated that Colonel B may have

1955

01:18:54,530 --> 01:18:52,860

been with the CIA but according to Morse

1956

01:18:56,630 --> 01:18:54,540

all the officers including the

1957

01:18:59,270 --> 01:18:56,640

questionable Colonel were in civilian

1958

01:19:00,890 --> 01:18:59,280

clothes and each was identified with a

1959

01:19:02,149 --> 01:19:00,900

nameplate showing his rank in

1960

01:19:04,550 --> 01:19:02,159

parentheses

1961

01:19:06,350 --> 01:19:04,560

whatever the kernels role we are left to

1962

01:19:09,229 --> 01:19:06,360

conclude that the silent bearded man

1963

01:19:11,209 --> 01:19:09,239

with a pipe who according to Morse was

1964

01:19:14,390 --> 01:19:11,219

without a nameplate may have been with

1965

01:19:16,669 --> 01:19:14,400

the CIA or another covert an agency to

1966

01:19:19,250 --> 01:19:16,679

stem any suspicion I had Morse check a

1967

01:19:21,530 --> 01:19:19,260

picture of Dr jail and heineck well

1968

01:19:23,990 --> 01:19:21,540

known for a pipe and beard his comment

1969

01:19:27,290 --> 01:19:24,000

some similarities but my man was about

1970

01:19:28,850 --> 01:19:27,300

50 and his beard was flat not a goatee I

1971

01:19:31,070 --> 01:19:28,860

don't think it was heinek

1972

01:19:33,590 --> 01:19:31,080

for the record the officers at McGuire

1973

01:19:35,149 --> 01:19:33,600

were also checked out all were also

1974

01:19:37,430 --> 01:19:35,159

checked out and confirmed but

1975

01:19:39,229 --> 01:19:37,440

unfortunately as Hall explained the

1976

01:19:41,209 --> 01:19:39,239

assignments for the time and place of

1977

01:19:42,950 --> 01:19:41,219

the Wright-Patterson officers were not

1978

01:19:45,050 --> 01:19:42,960

obtainable in their Air Force register

1979

01:19:48,530 --> 01:19:45,060

or in any other immediately available

1980

01:19:50,510 --> 01:19:48,540

record also disappointing there was no

1981

01:19:52,189 --> 01:19:50,520

direct way to check on the enlisted men

1982

01:19:54,410 --> 01:19:52,199

named in the incident complaint report

1983

01:19:56,930 --> 01:19:54,420

without having the identification of a

1984

01:19:57,890 --> 01:19:56,940

social security or military serial

1985

01:19:59,390 --> 01:19:57,900

number

1986

01:20:01,570 --> 01:19:59,400

do you want to take over for

1987

01:20:03,709 --> 01:20:01,580

surveillance or should I surveillance

1988

01:20:05,390 --> 01:20:03,719

Morris believes that his problem of

1989

01:20:07,550 --> 01:20:05,400

living under the burden of surveillance

1990

01:20:09,709 --> 01:20:07,560

began with his first letter to me from

1991

01:20:11,930 --> 01:20:09,719

overseas if we can assume for a moment

1992

01:20:13,970 --> 01:20:11,940

that Morris's story is true then we can

1993

01:20:16,850 --> 01:20:13,980

also assume that such UFO related

1994

01:20:19,310 --> 01:20:16,860

military incidents are safeguarded by

1995

01:20:22,550 --> 01:20:19,320

any means necessary to maintain

1996

01:20:24,890 --> 01:20:22,560

Optimum secrecy thus more being a risk

1997

01:20:26,570 --> 01:20:24,900

had his male monitored needless to say

1998

01:20:28,550 --> 01:20:26,580

at this point when his breach of

1999

01:20:30,410 --> 01:20:28,560

security was discovered as male and

2000

01:20:32,930 --> 01:20:30,420

perhaps mine in 1980

2001

01:20:35,930 --> 01:20:32,940

suffered interference which led to his

2002

01:20:38,110 --> 01:20:35,940

having visitors with warnings

2003

01:20:40,189 --> 01:20:38,120

an example of bugging Morris

2004

01:20:43,370 --> 01:20:40,199

psychologically and or electronically

2005

01:20:46,450 --> 01:20:43,380

occurred January 1284 when I called him

2006

01:20:49,550 --> 01:20:46,460

and got only yes and no to my questions

2007

01:20:51,350 --> 01:20:49,560

and his letter written the same day to

2008

01:20:53,810 --> 01:20:51,360

explain his evasiveness he said sorry

2009

01:20:55,550 --> 01:20:53,820

for waiting so long on reply to your

2010

01:20:57,830 --> 01:20:55,560

letter if there was a government car on

2011

01:20:59,270 --> 01:20:57,840

the street the day I got it I don't

2012

01:21:02,209 --> 01:20:59,280

think it's related but I don't want to

2013

01:21:05,270 --> 01:21:02,219

take any chances I don't know if its

2014

01:21:06,709 --> 01:21:05,280

surveillance is relaxed anymore or if it

2015

01:21:09,229 --> 01:21:06,719

ever was

2016

01:21:10,850 --> 01:21:09,239

I must also mention that we had much

2017

01:21:13,010 --> 01:21:10,860

trouble with our phone in the past two

2018

01:21:14,810 --> 01:21:13,020

weeks and several different repairmen

2019

01:21:15,709 --> 01:21:14,820

have corrected the same problems each

2020

01:21:17,870 --> 01:21:15,719

time

2021

01:21:19,729 --> 01:21:17,880

that is why I hesitated to speak to you

2022

01:21:22,189 --> 01:21:19,739

today on the phone

2023

01:21:24,290 --> 01:21:22,199

it is no wonder if that Morris may have

2024

01:21:27,410 --> 01:21:24,300

had some second thoughts about reaching

2025

01:21:29,090 --> 01:21:27,420

me until 83 but his Affairs were not to

2026

01:21:31,729 --> 01:21:29,100

get better

2027

01:21:33,890 --> 01:21:31,739

in early 84 I had expressed my desire

2028

01:21:35,750 --> 01:21:33,900

again to visit Moors but this Overture

2029

01:21:38,270 --> 01:21:35,760

fell short when he announced in March

2030

01:21:40,790 --> 01:21:38,280

that he planned a visit to the West

2031

01:21:42,470 --> 01:21:40,800

Coast while there he said he hoped to

2032

01:21:45,350 --> 01:21:42,480

see someone who might provide the backup

2033

01:21:47,810 --> 01:21:45,360

information I needed seven months passes

2034

01:21:50,510 --> 01:21:47,820

again in silence

2035

01:21:52,490 --> 01:21:50,520

finally on October 4 84 he answered my

2036

01:21:55,250 --> 01:21:52,500

letter from September 4th saying briefly

2037

01:21:57,050 --> 01:21:55,260

that he had a new problem this time

2038

01:21:58,669 --> 01:21:57,060

related to his application for a

2039

01:22:00,350 --> 01:21:58,679

position in law enforcement with a

2040

01:22:02,930 --> 01:22:00,360

government service

2041

01:22:04,189 --> 01:22:02,940

uh commented Morris in part the

2042

01:22:05,870 --> 01:22:04,199

government has given me a hard time

2043

01:22:08,930 --> 01:22:05,880

first they wouldn't let me have the job

2044

01:22:11,030 --> 01:22:08,940

I took them to Federal appeals court and

2045

01:22:13,430 --> 01:22:11,040

they were ordered to hire me they're

2046

01:22:15,290 --> 01:22:13,440

appealing the decision I guess we know

2047

01:22:18,229 --> 01:22:15,300

why this is happening

2048

01:22:19,970 --> 01:22:18,239

later by phone in December I was first

2049

01:22:21,530 --> 01:22:19,980

to learn that Morris had received a call

2050

01:22:23,270 --> 01:22:21,540

from an attorney in the Justice

2051

01:22:24,950 --> 01:22:23,280

Department who stated during their

2052

01:22:27,110 --> 01:22:24,960

discussion on morse's employment your

2053

01:22:28,189 --> 01:22:27,120

acquaintance with Mr Stringfield didn't

2054

01:22:31,370 --> 01:22:28,199

help

2055

01:22:33,169 --> 01:22:31,380

then by letter December 31 84 Morris

2056

01:22:35,689 --> 01:22:33,179

wrote I was approached by a person

2057

01:22:38,390 --> 01:22:35,699

wearing a black suit in my parking lot

2058

01:22:39,950 --> 01:22:38,400

who mentioned things may go my way if I

2059

01:22:42,410 --> 01:22:39,960

denied this incident

2060

01:22:44,510 --> 01:22:42,420

I just received notice by registered

2061

01:22:47,209 --> 01:22:44,520

mail that the Department of Justice has

2062

01:22:49,430 --> 01:22:47,219

decided to make me eligible for hire I

2063

01:22:50,450 --> 01:22:49,440

feel these things these two things are

2064

01:22:53,810 --> 01:22:50,460

related

2065

01:22:56,270 --> 01:22:53,820

Now isn't it interesting that that also

2066

01:22:59,209 --> 01:22:56,280

squares with the Ellsworth Air Force

2067

01:23:01,370 --> 01:22:59,219

Base case with Mario Woods you know he

2068

01:23:02,870 --> 01:23:01,380

he was proceeded to be able to get a job

2069

01:23:05,510 --> 01:23:02,880

in the department of energy as a

2070

01:23:07,970 --> 01:23:05,520

security officer and other positions

2071

01:23:09,709 --> 01:23:07,980

um after didn't after being told to like

2072

01:23:12,950 --> 01:23:09,719

completely act as if the incident didn't

2073

01:23:15,709 --> 01:23:12,960

happen which he did right but but even

2074

01:23:17,990 --> 01:23:15,719

more on the nose is look at look at what

2075

01:23:20,330 --> 01:23:18,000

we're about to to dive into here with

2076

01:23:23,570 --> 01:23:20,340

Leonard Stringfield it's the cover-up

2077

01:23:26,149 --> 01:23:23,580

version of the Ellsworth case

2078

01:23:27,590 --> 01:23:26,159

how fascinating is that yeah do you want

2079

01:23:29,209 --> 01:23:27,600

to do you want to take that on or should

2080

01:23:31,850 --> 01:23:29,219

it do you want do you want me to pick up

2081

01:23:33,290 --> 01:23:31,860

or do you want it okay yeah uh analogy

2082

01:23:35,330 --> 01:23:33,300

the Ellsworth case

2083

01:23:37,970 --> 01:23:35,340

in a James Bond movie we can all

2084

01:23:40,250 --> 01:23:37,980

recognize James Bond but in UFO research

2085

01:23:42,590 --> 01:23:40,260

we cannot always identify the real bond

2086

01:23:44,930 --> 01:23:42,600

from a bogus Bond what a great way to

2087

01:23:47,330 --> 01:23:44,940

start this one right uh for certain

2088

01:23:49,550 --> 01:23:47,340

however Intrigue is highly visible in

2089

01:23:51,410 --> 01:23:49,560

bond of fiction and in some areas of UFO

2090

01:23:54,050 --> 01:23:51,420

research especially in the sensitive

2091

01:23:56,330 --> 01:23:54,060

area of crash retrievals

2092

01:23:58,490 --> 01:23:56,340

while morse's disclosures may seem

2093

01:24:00,050 --> 01:23:58,500

fictitious there is one parallel case of

2094

01:24:02,510 --> 01:24:00,060

violence that probably is just that

2095

01:24:03,770 --> 01:24:02,520

fictitious and it deserves a hearing in

2096

01:24:06,229 --> 01:24:03,780

this report

2097

01:24:08,270 --> 01:24:06,239

this one is known as the Ellsworth case

2098

01:24:10,010 --> 01:24:08,280

because the missile site where it

2099

01:24:11,870 --> 01:24:10,020

allegedly occurred is under the command

2100

01:24:14,149 --> 01:24:11,880

of Ellsworth Air Force base near Rapid

2101

01:24:16,070 --> 01:24:14,159

City South Dakota

2102

01:24:17,630 --> 01:24:16,080

The Story begins with an unsigned note

2103

01:24:21,470 --> 01:24:17,640

directed to the National Enquirer

2104

01:24:22,850 --> 01:24:21,480

January 2978. it reads in part as

2105

01:24:24,830 --> 01:24:22,860

follows

2106

01:24:27,050 --> 01:24:24,840

the incident stated in the attached

2107

01:24:28,550 --> 01:24:27,060

report actually occurred see when you

2108

01:24:31,910 --> 01:24:28,560

have to say that it definitely didn't

2109

01:24:35,090 --> 01:24:31,920

occur yeah it actually occurred versus

2110

01:24:39,169 --> 01:24:35,100

what like occurred but not actually I

2111

01:24:41,450 --> 01:24:39,179

swear my girlfriend is real yeah uh I

2112

01:24:43,729 --> 01:24:41,460

promise I won't lie to you uh the air

2113

01:24:46,070 --> 01:24:43,739

the Air Force appointed a special team

2114

01:24:48,470 --> 01:24:46,080

to investigate the incident I was one of

2115

01:24:50,689 --> 01:24:48,480

those individuals I'm still on active

2116

01:24:52,970 --> 01:24:50,699

duty and so I cannot State my name at

2117

01:24:56,330 --> 01:24:52,980

this time the incident occurred on 16

2118

01:25:00,290 --> 01:24:56,340

November 77 was classified top secret to

2119

01:25:03,590 --> 01:25:00,300

December 77. at that time I obtained a

2120

01:25:07,850 --> 01:25:05,630

Inquirer Robert Pratt a knowledgeable

2121

01:25:10,490 --> 01:25:07,860

ufologist and a team of fellow reporters

2122

01:25:12,010 --> 01:25:10,500

first thought it was a hoax

2123

01:25:14,209 --> 01:25:12,020

excuse me

2124

01:25:16,430 --> 01:25:14,219

however when they made a number of calls

2125

01:25:18,530 --> 01:25:16,440

to Ellsworth and Rapid City to find that

2126  
01:25:20,330 --> 01:25:18,540  
the men named in the report existed they

2127  
01:25:22,669 --> 01:25:20,340  
decided to fly to the site for a

2128  
01:25:24,830 --> 01:25:22,679  
first-hand investigation the case that

2129  
01:25:26,090 --> 01:25:24,840  
quickly collapsed by the time they

2130  
01:25:28,010 --> 01:25:26,100  
finished their interviews with all

2131  
01:25:29,750 --> 01:25:28,020  
concerned in the report with the help of

2132  
01:25:31,490 --> 01:25:29,760  
Ellsworth information officer and

2133  
01:25:33,169 --> 01:25:31,500  
checked on each person's story they were

2134  
01:25:35,270 --> 01:25:33,179  
convinced that the incident was a hoax

2135  
01:25:37,070 --> 01:25:35,280  
never published it in The Inquirer the

2136  
01:25:39,410 --> 01:25:37,080  
story was scrapped until it was received

2137  
01:25:41,689 --> 01:25:39,420  
by some UFO Enthusiast circulating

2138  
01:25:43,729 --> 01:25:41,699

rumors that it was true and cleverly

2139

01:25:46,250 --> 01:25:43,739

covered up

2140

01:25:48,410 --> 01:25:46,260

to put it to rest prep during his tenor

2141

01:25:52,010 --> 01:25:48,420

as editor of mufon UFO Journal published

2142

01:25:53,630 --> 01:25:52,020

his anatomy of a hoax in the January 84

2143

01:25:56,030 --> 01:25:53,640

issue

2144

01:25:58,430 --> 01:25:56,040

the elseworth case although its incident

2145

01:26:01,250 --> 01:25:58,440

complaint report predates for Dick's

2146

01:26:03,290 --> 01:26:01,260

McGuire encounter differs appreciably in

2147

01:26:05,810 --> 01:26:03,300

that its source was so slip shot and

2148

01:26:07,129 --> 01:26:05,820

handling of easily checkable facts about

2149

01:26:09,830 --> 01:26:07,139

the personnel

2150

01:26:11,750 --> 01:26:09,840

says Pratt and his expose we found more

2151  
01:26:13,970 --> 01:26:11,760  
than 20 discrepancies or heirs in the

2152  
01:26:16,490 --> 01:26:13,980  
report wrong names numbers occupations

2153  
01:26:18,050 --> 01:26:16,500  
physical layouts and so on it would be

2154  
01:26:20,090 --> 01:26:18,060  
easy to say the Air Force falsified

2155  
01:26:21,530 --> 01:26:20,100  
numerous documents muzzled everyone on

2156  
01:26:24,350 --> 01:26:21,540  
the base published Stephanie High School

2157  
01:26:26,090 --> 01:26:24,360  
yearbook but that is highly unlikely we

2158  
01:26:28,910 --> 01:26:26,100  
spent a total of 44 mandates

2159  
01:26:31,490 --> 01:26:28,920  
investigating this at a cost of more

2160  
01:26:33,470 --> 01:26:31,500  
than fifteen thousand dollars we had no

2161  
01:26:35,750 --> 01:26:33,480  
doubt that the incident in the so-called

2162  
01:26:38,209 --> 01:26:35,760  
report never occurred

2163  
01:26:40,129 --> 01:26:38,219

Morse who had survived all of his

2164

01:26:41,390 --> 01:26:40,139

ordeal since his story was published in

2165

01:26:44,030 --> 01:26:41,400

status three

2166

01:26:46,189 --> 01:26:44,040

remains openly agreeable to the

2167

01:26:48,110 --> 01:26:46,199

investigation of his case cooperatively

2168

01:26:50,209 --> 01:26:48,120

he did not question my challenge to have

2169

01:26:52,010 --> 01:26:50,219

the officers names at right per or the

2170

01:26:53,629 --> 01:26:52,020

Personnel at McGuire checked out and

2171

01:26:56,689 --> 01:26:53,639

welcomed the chance to meet and be

2172

01:26:59,030 --> 01:26:56,699

interviewed on all issues by one of my

2173

01:27:01,129 --> 01:26:59,040

more critical colleagues Richard Hall

2174

01:27:03,590 --> 01:27:01,139

for the record Morse was made fully

2175

01:27:05,629 --> 01:27:03,600

aware of the Ellsworth case with a Xerox

2176

01:27:07,430 --> 01:27:05,639

copy sent to him for appraisal he

2177

01:27:10,129 --> 01:27:07,440

replied that the terminology used was

2178

01:27:12,590 --> 01:27:10,139

pretty accurate noting the form you see

2179

01:27:14,330 --> 01:27:12,600

is probably a back office copy it could

2180

01:27:15,950 --> 01:27:14,340

have been Rewritten

2181

01:27:17,930 --> 01:27:15,960

in a later comment he said without

2182

01:27:20,030 --> 01:27:17,940

firsthand information the case doesn't

2183

01:27:21,050 --> 01:27:20,040

mean much in short what Morse is saying

2184

01:27:22,729 --> 01:27:21,060

was

2185

01:27:25,910 --> 01:27:22,739

where's the source

2186

01:27:29,629 --> 01:27:25,920

uh probably Richard Dottie so yeah yeah

2187

01:27:33,169 --> 01:27:29,639

exactly yeah exactly I mean we know that

2188

01:27:35,930 --> 01:27:33,179

that that he was partially responsible

2189

01:27:39,410 --> 01:27:35,940

for both we know that he was at least

2190

01:27:41,930 --> 01:27:39,420

was at the interrogation of Mario Woods

2191

01:27:44,450 --> 01:27:41,940

according to woods and then that that

2192

01:27:46,129 --> 01:27:44,460

was actually confirmed by Richard two

2193

01:27:48,530 --> 01:27:46,139

Woods

2194

01:27:51,350 --> 01:27:48,540

um very recently uh

2195

01:27:53,390 --> 01:27:51,360

um you know just a few months ago and of

2196

01:27:55,010 --> 01:27:53,400

course and so you know this is a

2197

01:27:56,330 --> 01:27:55,020

fascinating case we'll finish we'll

2198

01:27:58,990 --> 01:27:56,340

finish out the rest of it because we're

2199

01:28:01,729 --> 01:27:59,000

we're already like 90 done with it was

2200

01:28:03,770 --> 01:28:01,739

reading this case but it's fascinating

2201  
01:28:05,930 --> 01:28:03,780  
to see you know Leonard Stringfield was

2202  
01:28:07,790 --> 01:28:05,940  
really trying to do his best to take

2203  
01:28:10,669 --> 01:28:07,800  
this case that he saw here and compare

2204  
01:28:13,850 --> 01:28:10,679  
it to the the case that it was most like

2205  
01:28:16,850 --> 01:28:13,860  
which was the elf elsewhere's Air Force

2206  
01:28:19,250 --> 01:28:16,860  
Base case which you know you know

2207  
01:28:22,310 --> 01:28:19,260  
according to many including Mario Woods

2208  
01:28:24,950 --> 01:28:22,320  
did happen and I believe him I believe

2209  
01:28:28,189 --> 01:28:24,960  
Mario Goods he's an incredible he's an

2210  
01:28:31,850 --> 01:28:28,199  
incredible witness right yeah and and

2211  
01:28:35,090 --> 01:28:31,860  
then you know and then it got this crazy

2212  
01:28:36,770 --> 01:28:35,100  
cover story and you know it was it was

2213  
01:28:39,770 --> 01:28:36,780

there was this cover story that was

2214

01:28:41,930 --> 01:28:39,780

written up with different names and like

2215

01:28:45,050 --> 01:28:41,940

a shot being instead of what happened to

2216

01:28:47,510 --> 01:28:45,060

Mario woods and and and his fellow

2217

01:28:49,790 --> 01:28:47,520

officer which is what their their their

2218

01:28:51,830 --> 01:28:49,800

their their their vehicle got picked up

2219

01:28:54,709 --> 01:28:51,840

and disappeared after this like huge

2220

01:28:56,330 --> 01:28:54,719

Mothership sized like flaming orb

2221

01:28:59,330 --> 01:28:56,340

um was kind of like tracking the area

2222

01:29:01,310 --> 01:28:59,340

and then they got you know Mario would

2223

01:29:04,189 --> 01:29:01,320

saw beings they got moved to like

2224

01:29:06,590 --> 01:29:04,199

several miles away I mean and that that

2225

01:29:07,610 --> 01:29:06,600

you know squares more with what we know

2226

01:29:19,070 --> 01:29:07,620

of

2227

01:29:20,689 --> 01:29:19,080

seeing some beings and having totally

2228

01:29:22,189 --> 01:29:20,699

time experience but it gets your

2229

01:29:24,410 --> 01:29:22,199

attention right it does a couple things

2230

01:29:26,450 --> 01:29:24,420

first it gets your attention and the

2231

01:29:30,229 --> 01:29:26,460

second thing is is

2232

01:29:32,570 --> 01:29:30,239

um it uh instills The Fear Factor that's

2233

01:29:34,610 --> 01:29:32,580

right that's right there's a couple of

2234

01:29:36,470 --> 01:29:34,620

things there which are interesting

2235

01:29:38,330 --> 01:29:36,480

um and not to get too much into it but I

2236

01:29:40,310 --> 01:29:38,340

mean the Air Force has always stated for

2237

01:29:42,530 --> 01:29:40,320

a long long time that these things are

2238

01:29:44,330 --> 01:29:42,540

not a threat to National Security but

2239

01:29:47,930 --> 01:29:44,340

yet it keeps coming up to where these

2240

01:29:50,450 --> 01:29:47,940

kind of Are UFOs and such are kind of uh

2241

01:29:52,610 --> 01:29:50,460

talked about in the same Circle so much

2242

01:29:55,970 --> 01:29:52,620

I guess you could say as the word threat

2243

01:29:58,250 --> 01:29:55,980

so it's it's interesting that's oh

2244

01:30:01,010 --> 01:29:58,260

absolutely no you're right and and like

2245

01:30:03,470 --> 01:30:01,020

like this guy Jeffrey Morris like we get

2246

01:30:06,350 --> 01:30:03,480

time and time again like Mario Woods

2247

01:30:08,750 --> 01:30:06,360

that's you know the stated sometimes

2248

01:30:10,490 --> 01:30:08,760

unstated but very often stated you know

2249

01:30:12,530 --> 01:30:10,500

they get interrogated several times

2250

01:30:15,110 --> 01:30:12,540

debrief they get moved like halfway

2251

01:30:17,689 --> 01:30:15,120

across the world sometimes far away from

2252

01:30:20,270 --> 01:30:17,699

their loved ones and told like if they

2253

01:30:22,010 --> 01:30:20,280

want to continue in their career

2254

01:30:25,430 --> 01:30:22,020

um they just have to you know shut the f

2255

01:30:27,229 --> 01:30:25,440

up right and and after they're debriefed

2256

01:30:29,330 --> 01:30:27,239

and sometimes even in the interrogations

2257

01:30:31,490 --> 01:30:29,340

like this one like Jeff Morse was

2258

01:30:34,550 --> 01:30:31,500

reporting though only refer to the

2259

01:30:36,350 --> 01:30:34,560

incident indirectly and even that Mario

2260

01:30:38,390 --> 01:30:36,360

Woods was saying when when we

2261

01:30:40,669 --> 01:30:38,400

interviewed him he was saying like that

2262

01:30:42,470 --> 01:30:40,679

even seemed like a tactic like he was

2263

01:30:43,970 --> 01:30:42,480

being tested on whether he was going to

2264

01:30:47,930 --> 01:30:43,980

talk about something that shouldn't have

2265

01:30:50,030 --> 01:30:47,940

happened right totally totally yeah so

2266

01:30:52,310 --> 01:30:50,040

here we go uh to finish this out so

2267

01:30:54,470 --> 01:30:52,320

Jeffrey Morse the person in the

2268

01:30:56,290 --> 01:30:54,480

Ellsworth case the informant who never

2269

01:31:00,350 --> 01:30:56,300

surfaced

2270

01:31:02,950 --> 01:31:00,360

until he did oh

2271

01:31:05,510 --> 01:31:02,960

was remiss with facts in his incident

2272

01:31:07,610 --> 01:31:05,520

complaint report now again you know

2273

01:31:11,209 --> 01:31:07,620

Leonard Stringfield is referencing the

2274

01:31:14,030 --> 01:31:11,219

cover story for for the Ellsworth case

2275

01:31:15,709 --> 01:31:14,040

in the Fort Dix McGuire case however its

2276

01:31:17,810 --> 01:31:15,719

Bedrock of strengths is not wholly

2277

01:31:19,370 --> 01:31:17,820

reliant on the report which was obtained

2278

01:31:21,530 --> 01:31:19,380

for him by another source in his

2279

01:31:24,470 --> 01:31:21,540

Squadron it is Jeffrey Morse himself

2280

01:31:26,090 --> 01:31:24,480

which is good it is the it is Morse who

2281

01:31:27,890 --> 01:31:26,100

once wrote to me the public should know

2282

01:31:29,870 --> 01:31:27,900

the truth through many letters and

2283

01:31:32,270 --> 01:31:29,880

mostly by phone I got to know Morse as

2284

01:31:34,669 --> 01:31:32,280

amiable bright and alert and inclined

2285

01:31:36,830 --> 01:31:34,679

towards reticence never resorting to

2286

01:31:39,350 --> 01:31:36,840

glib Idol chatter like the two of us

2287

01:31:41,209 --> 01:31:39,360

when questioned on critical or touchy

2288

01:31:43,550 --> 01:31:41,219

issues he was trigger quick to respond

2289

01:31:45,590 --> 01:31:43,560

in convincing detail but in the main he

2290

01:31:47,390 --> 01:31:45,600

always spoke guardedly revealing little

2291

01:31:49,910 --> 01:31:47,400

personal emotion over his dramatic

2292

01:31:51,950 --> 01:31:49,920

experiences sometimes I felt that behind

2293

01:31:53,810 --> 01:31:51,960

the stoic reserve and his admission that

2294

01:31:55,910 --> 01:31:53,820

he didn't have answers to many of my

2295

01:31:59,330 --> 01:31:55,920

questions he may have known more than he

2296

01:32:01,310 --> 01:31:59,340

was saying above all however Morse never

2297

01:32:03,709 --> 01:32:01,320

once contradicted himself with the

2298

01:32:06,410 --> 01:32:03,719

information he chose to offer

2299

01:32:08,090 --> 01:32:06,420

from experience I know all well I knew

2300

01:32:10,310 --> 01:32:08,100

all along that my one-to-one contact

2301

01:32:13,070 --> 01:32:10,320

with my key Source who would remain

2302

01:32:15,770 --> 01:32:13,080

anonymous to research was not sufficient

2303

01:32:17,750 --> 01:32:15,780

I also knew for good reasons that my

2304

01:32:20,030 --> 01:32:17,760

time to get a second witness was an

2305

01:32:21,830 --> 01:32:20,040

objective appraisal was running out

2306

01:32:23,870 --> 01:32:21,840

foremost in my mind was the deal

2307

01:32:26,149 --> 01:32:23,880

proposed by Morris by a stranger in a

2308

01:32:28,189 --> 01:32:26,159

parking lot which if affected could

2309

01:32:31,010 --> 01:32:28,199

possibly stall or even prevent any

2310

01:32:33,229 --> 01:32:31,020

further contact also having selected

2311

01:32:35,689 --> 01:32:33,239

case A3 as my topic for the mufon

2312

01:32:38,270 --> 01:32:35,699

Symposium in St Louis I had no time to

2313

01:32:40,729 --> 01:32:38,280

spare my deadline for final copy was

2314

01:32:43,370 --> 01:32:40,739

March 1st phone calls brought quick

2315

01:32:47,750 --> 01:32:43,380

results Morrison Hall met January 13

2316

01:32:49,370 --> 01:32:47,760

1985 at a mall near Washington DC

2317

01:32:51,229 --> 01:32:49,380

um Hall was finesse and the role of

2318

01:32:52,610 --> 01:32:51,239

Playing devil's advocate agreed that the

2319

01:32:54,470 --> 01:32:52,620

character of Morse was of Greater

2320

01:32:57,229 --> 01:32:54,480

importance than rehashing the details of

2321

01:32:59,270 --> 01:32:57,239

the incident in this manner all watched

2322

01:33:02,510 --> 01:32:59,280

and listened following our comments from

2323

01:33:05,510 --> 01:33:02,520

his letter on January 13th 1985.

2324

01:33:07,250 --> 01:33:05,520

from Hall I did not pursue any hard line

2325

01:33:09,050 --> 01:33:07,260

of questioning mainly wanting to gain

2326

01:33:11,330 --> 01:33:09,060

his confidence and form some impression

2327

01:33:13,070 --> 01:33:11,340

of his credibility I broke the ice by

2328

01:33:14,450 --> 01:33:13,080

showing him the type list of name checks

2329

01:33:16,850 --> 01:33:14,460

which we discussed for a while and he

2330

01:33:19,490 --> 01:33:16,860

spoke easily after that personally A3

2331

01:33:21,770 --> 01:33:19,500

was well groomed friendly relaxed calm

2332

01:33:23,570 --> 01:33:21,780

articulate he spoke confidently and

2333

01:33:25,729 --> 01:33:23,580

without hesitation in answer to

2334

01:33:28,010 --> 01:33:25,739

questions it did not come across at all

2335

01:33:30,229 --> 01:33:28,020

as someone who had con who has concocted

2336

01:33:32,450 --> 01:33:30,239

a tall tale and might contradict himself

2337

01:33:34,189 --> 01:33:32,460

or get caught in some sort of trap if

2338

01:33:36,290 --> 01:33:34,199

you weren't careful he showed no

2339

01:33:39,470 --> 01:33:36,300

mannerisms that would betray any obvious

2340

01:33:41,030 --> 01:33:39,480

psychosis or hang up other than a

2341

01:33:42,770 --> 01:33:41,040

healthy dose of disdain for authorities

2342

01:33:45,050 --> 01:33:42,780

for which he apparently had good reason

2343

01:33:46,910 --> 01:33:45,060

he did not have any obvious acts to

2344

01:33:49,850 --> 01:33:46,920

grind he explained his personal

2345

01:33:51,830 --> 01:33:49,860

situation and repeated to me uh what he

2346

01:33:53,990 --> 01:33:51,840

told you in case he suddenly denied the

2347

01:33:56,450 --> 01:33:54,000

story he professes not to be interested

2348

01:33:59,209 --> 01:33:56,460

in UFOs and he put the experience behind

2349

01:34:01,250 --> 01:33:59,219

him without any lingering trauma overall

2350

01:34:03,649 --> 01:34:01,260

I detected nothing in his matter or

2351

01:34:06,110 --> 01:34:03,659

story to cause skepticism to the

2352

01:34:08,629 --> 01:34:06,120

contract because to the contrary he'd

2353

01:34:10,310 --> 01:34:08,639

seemed very credible to me he also spoke

2354

01:34:12,470 --> 01:34:10,320

easily about his family and relatives

2355

01:34:14,750 --> 01:34:12,480

toward the end of our interview and was

2356

01:34:16,870 --> 01:34:14,760

not at all full of the story and wanting

2357

01:34:19,310 --> 01:34:16,880

only to talk about it no Obsession

2358

01:34:21,890 --> 01:34:19,320

pending further investigation I would

2359

01:34:23,270 --> 01:34:21,900

tend to give him very high marks I kept

2360

01:34:25,910 --> 01:34:23,280

a mental picture of other possible

2361

01:34:29,030 --> 01:34:25,920

explanations but they did not fit his

2362

01:34:31,490 --> 01:34:29,040

image style or demeanor

2363

01:34:32,930 --> 01:34:31,500

uh in bringing my report to a close I

2364

01:34:35,030 --> 01:34:32,940

recognize the need for more information

2365

01:34:37,129 --> 01:34:35,040

about the shooting episode at Fort Dix

2366

01:34:39,470 --> 01:34:37,139

and the nature of the body retrieved

2367

01:34:41,090 --> 01:34:39,480

from McGuire but for the moment the

2368

01:34:43,189 --> 01:34:41,100

testimony of the one and only available

2369

01:34:44,209 --> 01:34:43,199

witness must carry the so-called burden

2370

01:34:46,250 --> 01:34:44,219

of proof

2371

01:34:48,229 --> 01:34:46,260

Hall's informative meeting in my many

2372

01:34:50,270 --> 01:34:48,239

exchanges by letter and phone certainly

2373

01:34:53,450 --> 01:34:50,280

establish a strong base for morse's

2374

01:34:55,310 --> 01:34:53,460

integrity in closing I must note that in

2375

01:34:58,010 --> 01:34:55,320

character was his downplaying of events

2376

01:35:01,070 --> 01:34:58,020

Morse never once stated to me that the

2377

01:35:03,770 --> 01:35:01,080

entity he saw despite its alien Anatomy

2378

01:35:05,450 --> 01:35:03,780

was of extraterrestrial origin or that

2379

01:35:09,110 --> 01:35:05,460

it might have come from one of the UFOs

2380

01:35:11,930 --> 01:35:09,120

he saw overhead on that fateful night on

2381

01:35:14,270 --> 01:35:11,940

of January 18 1978.

2382

01:35:16,550 --> 01:35:14,280

at this point with so much at stake on

2383

01:35:19,010 --> 01:35:16,560

the testimony of one witness we must go

2384

01:35:20,870 --> 01:35:19,020

beyond the anecdote and the support data

2385

01:35:23,390 --> 01:35:20,880

and take a closer look at the witness

2386

01:35:26,750 --> 01:35:23,400

himself what kind of person is Jeffrey

2387

01:35:28,310 --> 01:35:26,760

Morse born September 10 1958 he was 20

2388

01:35:29,990 --> 01:35:28,320

years old at the time of the incident

2389

01:35:32,090 --> 01:35:30,000

that's so crazy to think about how young

2390

01:35:33,950 --> 01:35:32,100

these kids are sometimes after high

2391

01:35:36,290 --> 01:35:33,960

school he attended various universities

2392

01:35:39,229 --> 01:35:36,300

taking prep courses finally majoring in

2393

01:35:41,209 --> 01:35:39,239

computer science a Catholic by faith he

2394

01:35:42,709 --> 01:35:41,219

attends church regularly and in keeping

2395

01:35:44,689 --> 01:35:42,719

with his interest in law enforcement

2396

01:35:47,030 --> 01:35:44,699

he's a member of the Fraternal Order of

2397

01:35:48,950 --> 01:35:47,040

Police among his hobbies and for

2398

01:35:52,070 --> 01:35:48,960

recreation he is into videotaping

2399

01:35:53,990 --> 01:35:52,080

foreign languages plays softball touch

2400

01:35:56,810 --> 01:35:54,000

football and is a coach in youth

2401

01:35:59,390 --> 01:35:56,820

sporting activities Morse is not a UFO

2402

01:36:01,010 --> 01:35:59,400

buff he's not aware of most UFO events

2403

01:36:03,890 --> 01:36:01,020

or nationally known researchers and

2404

01:36:05,870 --> 01:36:03,900

authors to this end I submitted 15 names

2405

01:36:08,330 --> 01:36:05,880

to him for his comment but he could not

2406

01:36:09,709 --> 01:36:08,340

identify any one of them when I

2407

01:36:12,649 --> 01:36:09,719

mentioned this detail to one of my

2408

01:36:14,330 --> 01:36:12,659

perceptive contemporaries he remarked

2409

01:36:16,310 --> 01:36:14,340

you should expect this kind of pretended

2410

01:36:18,830 --> 01:36:16,320

ignorance from a plant setting you up

2411

01:36:21,470 --> 01:36:18,840

with false information a point indeed

2412

01:36:23,270 --> 01:36:21,480

but it's a weak point I know of no good

2413

01:36:25,250 --> 01:36:23,280

reason for an undercover agent to

2414

01:36:27,470 --> 01:36:25,260

continue to play games long after his

2415

01:36:28,490 --> 01:36:27,480

story it was published in my 1982 status

2416

01:36:30,590 --> 01:36:28,500

report

2417

01:36:32,570 --> 01:36:30,600

certainly if it were contrived to expose

2418

01:36:35,030 --> 01:36:32,580

my gullibility and thus discredit my

2419

01:36:36,830 --> 01:36:35,040

work why have the conspirators not

2420

01:36:40,070 --> 01:36:36,840

unleash their Stooges to flaunt their

2421

01:36:41,450 --> 01:36:40,080

Spoils of Triumph by now moreover Morse

2422

01:36:43,610 --> 01:36:41,460

knows that I have no intention to

2423

01:36:46,910 --> 01:36:43,620

present his case in this paper as proof

2424

01:36:49,550 --> 01:36:46,920

status report 4 is purely an analysis of

2425

01:36:52,070 --> 01:36:49,560

events encompassing one case worthy of

2426

01:36:54,169 --> 01:36:52,080

serious review I believe the data I

2427

01:36:56,030 --> 01:36:54,179

present here offers substantially more

2428

01:36:58,629 --> 01:36:56,040

than other encounters or retrievals

2429

01:37:01,129 --> 01:36:58,639

published in my series of status reports

2430

01:37:04,490 --> 01:37:01,139

significantly inadequate by comparison

2431

01:37:08,149 --> 01:37:04,500

is the Nellis Air Force Base Affair of

2432

01:37:11,390 --> 01:37:08,159

1968 incest report 2 and the Lumberton

2433

01:37:13,010 --> 01:37:11,400

or Wilmington Ohio Skirmish in case B13

2434

01:37:15,290 --> 01:37:13,020

of the same paper

2435

01:37:17,750 --> 01:37:15,300

the only commonality it seems that they

2436

01:37:20,570 --> 01:37:17,760

all carry a burden of Truth

2437

01:37:21,410 --> 01:37:20,580

burden of proof as do all cases in UFO

2438

01:37:24,350 --> 01:37:21,420

lore

2439

01:37:25,970 --> 01:37:24,360

since 1982 new sources have emerged and

2440

01:37:28,430 --> 01:37:25,980

vanished on the horizon of my research

2441

01:37:30,590 --> 01:37:28,440

none worthy of a monograph I think

2442

01:37:32,149 --> 01:37:30,600

Jeffrey morse's case is special and if

2443

01:37:34,129 --> 01:37:32,159

we'd like to ramble in our thoughts

2444

01:37:35,930 --> 01:37:34,139

seeking answers or feel inclined to

2445

01:37:38,209 --> 01:37:35,940

speculate into the shadowy Realms of

2446

01:37:40,850 --> 01:37:38,219

intrigue perhaps there is another side

2447

01:37:43,430 --> 01:37:40,860

to secrecy the side that occasionally

2448

01:37:47,629 --> 01:37:43,440

leaks the truth if you will for the

2449

01:37:52,070 --> 01:37:47,639

simple reason that it is long overdue

2450

01:37:53,750 --> 01:37:52,080

all right man we did it he's a good he's

2451

01:37:56,510 --> 01:37:53,760

a good writer I like his thoughts when

2452

01:37:59,149 --> 01:37:56,520

he when he decides to share him yeah me

2453

01:38:02,149 --> 01:37:59,159

too so what a wild case from Leonard

2454

01:38:05,870 --> 01:38:02,159

Stringfield eh hey

2455

01:38:08,030 --> 01:38:05,880

um and just so he can yeah

2456

01:38:13,610 --> 01:38:08,040

take a look at this so this is like the

2457

01:38:16,370 --> 01:38:13,620

the form or the document that he got so

2458

01:38:18,950 --> 01:38:16,380

you know I I can't sit here and

2459

01:38:20,450 --> 01:38:18,960

you know say this looks exactly right

2460

01:38:24,169 --> 01:38:20,460

because I'm not sure what the documents

2461

01:38:26,169 --> 01:38:24,179

look like in the 80s or late 70s but

2462

01:38:29,750 --> 01:38:26,179

um it's interesting because we have here

2463

01:38:31,550 --> 01:38:29,760

UFO sighting incident on the above date

2464

01:38:33,530 --> 01:38:31,560

and time is reported this office that

2465

01:38:36,590 --> 01:38:33,540

there were reports of UFO sightings over

2466

01:38:39,590 --> 01:38:36,600

the base and an incident in progress on

2467

01:38:42,350 --> 01:38:39,600

the vortex installation also mafb

2468

01:38:44,149 --> 01:38:42,360

control tower and he Whited out the

2469

01:38:45,770 --> 01:38:44,159

names you can see upon further

2470

01:38:47,629 --> 01:38:45,780

investigation it was reported that an

2471

01:38:49,370 --> 01:38:47,639

unidentified being

2472

01:38:51,310 --> 01:38:49,380

had been shut

2473

01:38:57,110 --> 01:38:51,320

by Dick's MPS

2474

01:38:59,450 --> 01:38:57,120

in same entered mafb at above location

2475

01:39:02,270 --> 01:38:59,460

um evidence one body of Unknown Origin

2476

01:39:05,570 --> 01:39:02,280

released to the care of OSI District

2477

01:39:11,030 --> 01:39:05,580

commander and special recovery team from

2478

01:39:15,110 --> 01:39:12,950

further investigation revealed that

2479

01:39:17,570 --> 01:39:15,120

there was some kind of body found on our

2480

01:39:20,930 --> 01:39:17,580

installation area was cordoned off and

2481

01:39:23,390 --> 01:39:20,940

ECP set up USAF Clinic Personnel advised

2482

01:39:25,610 --> 01:39:23,400

and dispatched accordingly recovery team

2483

01:39:28,450 --> 01:39:25,620

notified in responding all necessary

2484

01:39:31,370 --> 01:39:28,460

Personnel have been notified see further

2485

01:39:34,250 --> 01:39:31,380

1569s for more information investigation

2486

01:39:39,649 --> 01:39:34,260

pending and again Stringfield couldn't

2487

01:39:44,030 --> 01:39:42,410

it's funny sometimes like you know it's

2488

01:39:46,729 --> 01:39:44,040

very rare that like a professional

2489

01:39:48,830 --> 01:39:46,739

artist actually you know like yeah

2490

01:39:50,930 --> 01:39:48,840

there's some cases when it happens but

2491

01:39:52,370 --> 01:39:50,940

uh more often you get a you need you

2492

01:39:54,649 --> 01:39:52,380

know you get an illustration that looks

2493

01:39:58,430 --> 01:39:54,659

like that however people love to use

2494

01:40:01,930 --> 01:39:58,440

those rulers and protractors so

2495

01:40:06,649 --> 01:40:01,940

yeah so that's that's what we got

2496

01:40:08,810 --> 01:40:06,659

yeah yeah uh extremely interesting case

2497

01:40:12,709 --> 01:40:08,820

it makes absolutely no sense for this

2498

01:40:14,750 --> 01:40:12,719

person uh to come and talk to you know

2499

01:40:17,990 --> 01:40:14,760

Stringfield and tell them all this stuff

2500

01:40:19,669 --> 01:40:18,000

I mean if it was the idea of you know

2501

01:40:21,890 --> 01:40:19,679

embarrassing him so he goes out and

2502

01:40:24,050 --> 01:40:21,900

talks about it and and seems like a fool

2503

01:40:25,970 --> 01:40:24,060

well well that didn't really happen and

2504

01:40:28,430 --> 01:40:25,980

it didn't become like a really

2505

01:40:30,649 --> 01:40:28,440

well-known case you know like I've never

2506

01:40:35,390 --> 01:40:30,659

heard of it before I doubt most people

2507

01:40:37,850 --> 01:40:35,400

have but so you know and if if that was

2508

01:40:40,129 --> 01:40:37,860

the goal and you know it wasn't coming

2509

01:40:42,110 --> 01:40:40,139

to fruition and it wasn't being well

2510

01:40:43,970 --> 01:40:42,120

known or whatever like he would have

2511

01:40:45,830 --> 01:40:43,980

just did it to somebody else or somebody

2512

01:40:47,770 --> 01:40:45,840

else would have picked up the story and

2513

01:40:50,390 --> 01:40:47,780

you know made it a big deal or whatever

2514

01:40:52,250 --> 01:40:50,400

so the the fact that it kind of stayed

2515

01:40:54,770 --> 01:40:52,260

where it was at

2516

01:40:57,410 --> 01:40:54,780

um to me is uh puts it more in the

2517

01:40:59,930 --> 01:40:57,420

authenticity file for me and it's also

2518

01:41:01,610 --> 01:40:59,940

interesting to note that um in

2519

01:41:04,070 --> 01:41:01,620

Stringfield notices that the guy never

2520

01:41:05,990 --> 01:41:04,080

mentioned that he you know if he thought

2521

01:41:07,970 --> 01:41:06,000

it was an extraterrestrial body or

2522

01:41:10,010 --> 01:41:07,980

anything you know that's right because

2523

01:41:11,629 --> 01:41:10,020

that's also kind of a hint that like

2524

01:41:14,390 --> 01:41:11,639

what are you up to how do you know it

2525

01:41:16,790 --> 01:41:14,400

was extraterrestrial you know I just it

2526

01:41:18,950 --> 01:41:16,800

was a body you know yeah I saw you

2527

01:41:21,229 --> 01:41:18,960

suppose earlier there's there's somebody

2528

01:41:23,750 --> 01:41:21,239

how they treated it was super bizarre

2529

01:41:26,390 --> 01:41:23,760

you know pretty pretty interesting case

2530

01:41:28,070 --> 01:41:26,400

for sure yeah fascinating case I mean he

2531

01:41:30,290 --> 01:41:28,080

just described what the body looked like

2532

01:41:31,910 --> 01:41:30,300

that it was wet that it that the skin

2533

01:41:33,470 --> 01:41:31,920

looked snake-like and that it was

2534

01:41:34,850 --> 01:41:33,480

grayish Brown that was like brownish

2535

01:41:37,490 --> 01:41:34,860

gray

2536

01:41:39,470 --> 01:41:37,500

um you know the the features the ends

2537

01:41:42,649 --> 01:41:39,480

you know it sounds a lot like a lot of

2538

01:41:44,810 --> 01:41:42,659

the the bike battle you know humanoid uh

2539

01:41:46,430 --> 01:41:44,820

non-human intelligence that that we hear

2540

01:41:47,990 --> 01:41:46,440

from other cases

2541

01:41:50,930 --> 01:41:48,000

um but this guy wasn't a UFO guy

2542

01:41:54,050 --> 01:41:50,940

supposedly and of course this is back

2543

01:41:56,090 --> 01:41:54,060

um back then and um and before you know

2544

01:41:57,770 --> 01:41:56,100

that I mean I guess you know there's

2545

01:41:59,270 --> 01:41:57,780

close encounters with the Third Kind and

2546

01:42:01,250 --> 01:41:59,280

that really kind of like started to take

2547

01:42:03,410 --> 01:42:01,260

that physiology

2548

01:42:05,930 --> 01:42:03,420

um to the public Consciousness

2549

01:42:08,030 --> 01:42:05,940

um but you know like this guy says you

2550

01:42:10,189 --> 01:42:08,040

know he wasn't he wasn't a UFO guy right

2551  
01:42:13,370 --> 01:42:10,199  
but he also didn't jump to conclusions

2552  
01:42:15,709 --> 01:42:13,380  
right and so I you know and he also

2553  
01:42:18,109 --> 01:42:15,719  
would go off the off the grid you know

2554  
01:42:19,609 --> 01:42:18,119  
for like months you know he like he

2555  
01:42:22,250 --> 01:42:19,619  
wouldn't reply to Stringfield for 17

2556  
01:42:25,129 --> 01:42:22,260  
months that also to me kind of lends

2557  
01:42:26,629 --> 01:42:25,139  
Credence to the case because if he was

2558  
01:42:28,010 --> 01:42:26,639  
just feeding disinformation to

2559  
01:42:30,709 --> 01:42:28,020  
Stringfield do you think that he would

2560  
01:42:32,930 --> 01:42:30,719  
have just got the job job done and moved

2561  
01:42:35,629 --> 01:42:32,940  
on to whatever is next thing you know

2562  
01:42:37,790 --> 01:42:35,639  
his next bewildering assignment would be

2563  
01:42:40,669 --> 01:42:37,800

rather than to like stretch it out for

2564

01:42:44,090 --> 01:42:40,679

three years right but like that's kind

2565

01:42:46,609 --> 01:42:44,100

of the issue with the UFO research in in

2566

01:42:48,830 --> 01:42:46,619

the community is you have people like a

2567

01:42:51,109 --> 01:42:48,840

Richard Dodie and I'm sure there's

2568

01:42:53,330 --> 01:42:51,119

others who come in and spew so much

2569

01:42:54,590 --> 01:42:53,340

distance information so that if a real

2570

01:42:57,709 --> 01:42:54,600

story

2571

01:42:59,270 --> 01:42:57,719

does come through like maybe this Morse

2572

01:43:00,169 --> 01:42:59,280

guy in his story that we just went

2573

01:43:03,649 --> 01:43:00,179

through

2574

01:43:05,390 --> 01:43:03,659

now you're you're you're up against all

2575

01:43:07,790 --> 01:43:05,400

the other mud that was thrown in the

2576

01:43:09,950 --> 01:43:07,800

water and now you're thinking like can I

2577

01:43:13,729 --> 01:43:09,960

believe anything can I trust anything

2578

01:43:16,010 --> 01:43:13,739

now because this was fake in bullcrap

2579

01:43:18,890 --> 01:43:16,020

and it got outed and all this kind of

2580

01:43:20,870 --> 01:43:18,900

stuff now how do I know what is what now

2581

01:43:23,090 --> 01:43:20,880

you just just forget it you know that

2582

01:43:26,330 --> 01:43:23,100

and that's you know the goal of of what

2583

01:43:28,669 --> 01:43:26,340

these people do you know so you know I'm

2584

01:43:30,770 --> 01:43:28,679

glad that you know that's kind of

2585

01:43:33,709 --> 01:43:30,780

survived somewhat you know we could go

2586

01:43:35,330 --> 01:43:33,719

through it but yeah it's it's just uh

2587

01:43:42,350 --> 01:43:35,340

it's

2588

01:43:43,550 --> 01:43:42,360

absolutely is interesting like so anyone

2589

01:43:45,410 --> 01:43:43,560

like

2590

01:43:47,629 --> 01:43:45,420

going down the crash retrieval thing or

2591

01:43:49,070 --> 01:43:47,639

the body thing like uh Stringfield like

2592

01:43:50,510 --> 01:43:49,080

right now those books and all that kind

2593

01:43:51,410 --> 01:43:50,520

of stuff

2594

01:43:53,209 --> 01:43:51,420

um

2595

01:43:55,550 --> 01:43:53,219

I commend them because it's not easy

2596

01:43:57,770 --> 01:43:55,560

even if like you genuinely want to go

2597

01:44:00,649 --> 01:43:57,780

after that kind of thing and research it

2598

01:44:02,750 --> 01:44:00,659

like if if you want to be honest and be

2599

01:44:05,030 --> 01:44:02,760

a real researcher and not be honest with

2600

01:44:08,750 --> 01:44:05,040

your details and not fabricate anything

2601  
01:44:11,930 --> 01:44:08,760  
so it sells more or you know or whatever

2602  
01:44:15,890 --> 01:44:11,940  
like that is incredibly difficult

2603  
01:44:17,450 --> 01:44:15,900  
research work to do oh absolutely and

2604  
01:44:19,609 --> 01:44:17,460  
and back then all they had was like

2605  
01:44:21,109 --> 01:44:19,619  
their phones and like libraries there's

2606  
01:44:23,090 --> 01:44:21,119  
no you know the world wasn't connected

2607  
01:44:24,770 --> 01:44:23,100  
like it is now you can't just like get

2608  
01:44:26,870 --> 01:44:24,780  
on your computer and look somebody up

2609  
01:44:30,050 --> 01:44:26,880  
you have to figure it out you know what

2610  
01:44:31,609 --> 01:44:30,060  
I mean and it could take as he as he

2611  
01:44:34,609 --> 01:44:31,619  
describes in this case it could take

2612  
01:44:36,890 --> 01:44:34,619  
years to get like some basic facts

2613  
01:44:39,109 --> 01:44:36,900

established about a case of this yeah

2614

01:44:41,629 --> 01:44:39,119

it's it's awesome so hats off to Leonard

2615

01:44:44,270 --> 01:44:41,639

Stringfield for sure yeah that was good

2616

01:44:46,550 --> 01:44:44,280

I hope everybody enjoyed it I know uh we

2617

01:44:48,229 --> 01:44:46,560

were reading from a document but you

2618

01:44:52,790 --> 01:44:48,239

seem to stick around so you must like

2619

01:44:56,510 --> 01:44:54,890

um any final thoughts I guess before we

2620

01:44:59,330 --> 01:44:56,520

take off we've been

2621

01:45:01,970 --> 01:44:59,340

yeah a little rock in here yeah well I'm

2622

01:45:04,010 --> 01:45:01,980

I'm just happy to to cover such a good

2623

01:45:07,189 --> 01:45:04,020

case with you today and I look forward

2624

01:45:09,109 --> 01:45:07,199

to uh doing plenty more of that

2625

01:45:11,450 --> 01:45:09,119

um it's absolutely

2626

01:45:14,270 --> 01:45:11,460

yeah maybe we'll get into the valet

2627

01:45:15,530 --> 01:45:14,280

stuff next time yeah there's a great um

2628

01:45:17,270 --> 01:45:15,540

yeah there's some great Eric Davis

2629

01:45:18,590 --> 01:45:17,280

fillet stuff that we're considering for

2630

01:45:21,109 --> 01:45:18,600

today maybe we could cover that next

2631

01:45:22,729 --> 01:45:21,119

week that'd be awesome so with that

2632

01:45:25,490 --> 01:45:22,739

thank you so much to everybody in the

2633

01:45:28,310 --> 01:45:25,500

chat thanks to everybody so there they

2634

01:45:30,410 --> 01:45:28,320

go yeah there you go thanks to everybody

2635

01:45:34,030 --> 01:45:30,420

um I bet Eric Davis was responsible for

2636

01:45:37,129 --> 01:45:34,040

those cute circles but who knows

2637

01:45:40,729 --> 01:45:37,139

so um yeah thanks to everybody listening

2638

01:45:44,270 --> 01:45:40,739

uh from the land of the future uh uh and

2639

01:45:46,490 --> 01:45:44,280

and one of the Past end of the past I

2640

01:45:49,070 --> 01:45:46,500

appreciate it I'm the president that's

2641

01:45:51,250 --> 01:45:49,080

right and all three at the same time

2642

01:45:53,209 --> 01:45:51,260

that's right because

2643

01:45:56,510 --> 01:45:53,219

you know According to some people time

2644

01:45:58,250 --> 01:45:56,520

doesn't exist so thanks to all of you

2645

01:46:01,250 --> 01:45:58,260

um and it's absolutely great to see you

2646

01:46:03,649 --> 01:46:01,260

man yeah you too man it's great to be

2647

01:46:05,510 --> 01:46:03,659

back with you so we'll try it again next

2648

01:46:09,910 --> 01:46:05,520

week everybody in the chat thanks again

2649

01:46:12,760 --> 01:46:09,920

love you be kind I love you buddy

2650

01:46:47,450 --> 01:46:12,770

okay peace peace
