

Sasquatch
Spaceship

1
00:00:08,930 --> 00:00:07,190
pointed that for the second year in a

2
00:00:11,810 --> 00:00:08,940
row the ultimane anomaly resolution

3
00:00:12,890 --> 00:00:11,820
office or Arrow was not fully funded in

4
00:00:14,509 --> 00:00:12,900
the Department's budget request

5
00:00:16,849 --> 00:00:14,519
understanding that we cannot get into

6
00:00:18,590 --> 00:00:16,859
specific budget figures in this form can

7
00:00:21,490 --> 00:00:18,600
you discuss why Arrow was not fully

8
00:00:24,890 --> 00:00:23,269
Senator I don't have any information

9
00:00:26,330 --> 00:00:24,900
from my colleague under secretary

10
00:00:28,130 --> 00:00:26,340
Moultrie that he needed additional

11
00:00:31,130 --> 00:00:28,140
funding in this area it's a relatively

12
00:00:32,450 --> 00:00:31,140
new office we're standing up so I I was

13
00:00:33,709 --> 00:00:32,460

under the impression am under the

14

00:00:36,229 --> 00:00:33,719

impression that we have adequate funding

15

00:00:37,790 --> 00:00:36,239

for that relatively new state of this

16

00:00:40,310 --> 00:00:37,800

but I will I will double back with him

17

00:00:42,530 --> 00:00:40,320

if there's a if there's a concern I need

18

00:00:44,030 --> 00:00:42,540

you to send a letter to this Committee

19

00:00:46,150 --> 00:00:44,040

in writing about why it wasn't fully

20

00:00:50,270 --> 00:00:46,160

funded several Senators signed a letter

21

00:00:51,889 --> 00:00:50,280

to secretary Hicks asking that it be

22

00:00:55,310 --> 00:00:51,899

fully funded in this budget and we

23

00:00:57,950 --> 00:00:55,320

specified in a classified Annex exactly

24

00:00:59,450 --> 00:00:57,960

what funding wasn't being met and its

25

00:01:01,250 --> 00:00:59,460

operational funding it's basic

26

00:01:03,670 --> 00:01:01,260

operational funding so I'm highly

27

00:01:11,210 --> 00:01:03,680

concerned about this

28

00:01:11,220 --> 00:01:26,670

foreign

29

00:01:26,680 --> 00:01:34,789

[Music]

30

00:01:41,630 --> 00:01:37,990

what's up everybody happy Thursday

31

00:01:44,450 --> 00:01:41,640

that's right it's Thursday

32

00:01:48,350 --> 00:01:44,460

if you were wondering uh Jay is not here

33

00:01:50,270 --> 00:01:48,360

today so everybody can

34

00:01:52,490 --> 00:01:50,280

um if you don't have them already you

35

00:01:56,030 --> 00:01:52,500

can grab your tissues

36

00:01:58,789 --> 00:01:56,040

you know to wipe those tears because Mr

37

00:02:01,130 --> 00:01:58,799

J Christopher King will not be here

38

00:02:03,469 --> 00:02:01,140

today so I want you to be prepared for

39

00:02:05,690 --> 00:02:03,479

that it's just going to be me

40

00:02:06,889 --> 00:02:05,700

so if you're crying and feeling bad

41

00:02:09,350 --> 00:02:06,899

about it

42

00:02:11,390 --> 00:02:09,360

just relax

43

00:02:13,610 --> 00:02:11,400

you know he's got a big event this

44

00:02:16,550 --> 00:02:13,620

weekend you can go check it out

45

00:02:19,850 --> 00:02:16,560

and hopefully he'll be back next week so

46

00:02:22,309 --> 00:02:19,860

if not me and him we gonna have some

47

00:02:24,190 --> 00:02:22,319

words no but uh it should be a great

48

00:02:27,589 --> 00:02:24,200

conference it's coming up this week so

49

00:02:31,790 --> 00:02:27,599

but I still wanted to do a show because

50

00:02:36,229 --> 00:02:31,800

you know there's stuff going on and

51
00:02:37,610 --> 00:02:36,239
uh we can discuss it so the intro to

52
00:02:40,490 --> 00:02:37,620
this video

53
00:02:42,290 --> 00:02:40,500
um was Senator gilbrand gillibrand

54
00:02:47,390 --> 00:02:42,300
however you say it

55
00:02:49,970 --> 00:02:47,400
um she continues to be a hero for a UAP

56
00:02:51,890 --> 00:02:49,980
um definitely is a hero she's going up

57
00:02:54,410 --> 00:02:51,900
she's questioning these important people

58
00:02:56,210 --> 00:02:54,420
hey let me know

59
00:03:00,290 --> 00:02:56,220
you're supposed to have this budgeted

60
00:03:02,270 --> 00:03:00,300
for two years now it it has not uh Arrow

61
00:03:04,910 --> 00:03:02,280
has not received a

62
00:03:07,130 --> 00:03:04,920
a sufficient budget and she's fighting

63
00:03:08,930 --> 00:03:07,140

for that and she's making sure that

64

00:03:11,750 --> 00:03:08,940

people are held accountable and I

65

00:03:15,050 --> 00:03:11,760

appreciate that hopefully it works

66

00:03:16,850 --> 00:03:15,060

you know and I appreciate that more than

67

00:03:18,530 --> 00:03:16,860

you know actions speak louder than words

68

00:03:21,770 --> 00:03:18,540

right you'll have some people that'll go

69

00:03:24,710 --> 00:03:21,780

out there on TV or whatever and and talk

70

00:03:26,210 --> 00:03:24,720

about UAP and crash retrieval stuff this

71

00:03:29,509 --> 00:03:26,220

or that and

72

00:03:31,250 --> 00:03:29,519

but she's in there in the fight you know

73

00:03:32,869 --> 00:03:31,260

not looking for attention just doing the

74

00:03:34,850 --> 00:03:32,879

right thing and I really appreciate that

75

00:03:37,309 --> 00:03:34,860

about her

76

00:03:38,809 --> 00:03:37,319

um burchett's another guy who's been out

77

00:03:41,089 --> 00:03:38,819

there and he kind of takes a different

78

00:03:43,009 --> 00:03:41,099

approach he goes on

79

00:03:44,809 --> 00:03:43,019

um you know news channels and talks

80

00:03:46,009 --> 00:03:44,819

about retrieval programs and how we're

81

00:03:49,250 --> 00:03:46,019

getting snowed and everything and I have

82

00:03:51,229 --> 00:03:49,260

to say at first uh

83

00:03:52,729 --> 00:03:51,239

I I don't want to say I didn't like it

84

00:03:54,170 --> 00:03:52,739

but I was like okay so what are you

85

00:03:55,309 --> 00:03:54,180

gonna do about it we're getting snowed

86

00:03:57,229 --> 00:03:55,319

are you going to do something about it

87

00:03:59,509 --> 00:03:57,239

or just complain about it but it seems

88

00:04:02,690 --> 00:03:59,519

like he's actually putting together some

89

00:04:04,550 --> 00:04:02,700

um hearings so you know

90

00:04:06,410 --> 00:04:04,560

actions speak louder than words so if he

91

00:04:10,550 --> 00:04:06,420

does that that's pretty cool

92

00:04:13,550 --> 00:04:10,560

um but yeah regardless uh Senator uh

93

00:04:14,750 --> 00:04:13,560

gillibrand is is our UAP hero she's in

94

00:04:16,849 --> 00:04:14,760

there fighting for it and she's not

95

00:04:20,030 --> 00:04:16,859

taking any crap so I appreciate that

96

00:04:22,610 --> 00:04:20,040

which brings us to

97

00:04:24,290 --> 00:04:22,620

uh one of our first stories which comes

98

00:04:26,629 --> 00:04:24,300

from Mr Christopher sharp Liberation

99

00:04:29,810 --> 00:04:26,639

times we have a couple stories we're

100

00:04:32,450 --> 00:04:29,820

gonna go over and we'll we'll finish the

101
00:04:34,370 --> 00:04:32,460
episode with the Sasquatch spaceship

102
00:04:37,430 --> 00:04:34,380
which I did not come up with that term

103
00:04:39,230 --> 00:04:37,440
it's actually in the Blue Book document

104
00:04:42,290 --> 00:04:39,240
that we're going to look at

105
00:04:44,330 --> 00:04:42,300
called Sasquatch spaceship so and it's

106
00:04:48,409 --> 00:04:44,340
actually a pretty good story so um

107
00:04:53,930 --> 00:04:50,810
first we have

108
00:04:56,990 --> 00:04:53,940
Mr Christopher sharp Liberation times

109
00:04:58,909 --> 00:04:57,000
uh put out this story Congress prepares

110
00:05:01,850 --> 00:04:58,919
for UFO hearings as frustrations

111
00:05:03,770 --> 00:05:01,860
escalate among politicians

112
00:05:05,330 --> 00:05:03,780
Liberation times understands that

113
00:05:07,370 --> 00:05:05,340

members of Congress are preparing for

114

00:05:10,249 --> 00:05:07,380

public hearings regarding the issue of

115

00:05:12,530 --> 00:05:10,259

UAP as previously reported by Liberation

116

00:05:14,930 --> 00:05:12,540

times multiple congressional committees

117

00:05:16,730 --> 00:05:14,940

may be involved according to One Source

118

00:05:21,409 --> 00:05:16,740

certain politicians intend to hold UAP

119

00:05:24,790 --> 00:05:23,150

however

120

00:05:27,409 --> 00:05:24,800

I should be cautioned that until

121

00:05:28,969 --> 00:05:27,419

confirmed outside events relating to

122

00:05:30,290 --> 00:05:28,979

Fallout from criminal charges against

123

00:05:33,469 --> 00:05:30,300

Trump

124

00:05:35,810 --> 00:05:33,479

some people call him the orange guy

125

00:05:37,490 --> 00:05:35,820

or an escalation in the Ukraine work

126
00:05:39,529 --> 00:05:37,500
could threaten such hearing such events

127
00:05:44,270 --> 00:05:39,539
could divert the attention of Congress

128
00:05:49,550 --> 00:05:47,930
I am I get kind of tired of excuses like

129
00:05:54,950 --> 00:05:49,560
that

130
00:05:56,870 --> 00:05:54,960
should be able to handle more than one

131
00:05:58,370 --> 00:05:56,880
thing at one time and we know that they

132
00:06:02,270 --> 00:05:58,380
can because they do

133
00:06:04,909 --> 00:06:02,280
yeah so just throw this in the loop if

134
00:06:07,610 --> 00:06:04,919
possible please thank you

135
00:06:09,409 --> 00:06:07,620
Liberation times understands that uh

136
00:06:11,330 --> 00:06:09,419
Senator Kirsten gildebrand and

137
00:06:13,790 --> 00:06:11,340
representative timberchet are Keen to

138
00:06:16,249 --> 00:06:13,800

hold hearings within the Senate house

139

00:06:18,469 --> 00:06:16,259

the positive possible spectacle of UAP

140

00:06:20,510 --> 00:06:18,479

hearings and the UAP issue comes amid

141

00:06:22,010 --> 00:06:20,520

growing frustrations publicly voiced

142

00:06:23,749 --> 00:06:22,020

within Congress

143

00:06:26,330 --> 00:06:23,759

last week during a senate armed services

144

00:06:27,529 --> 00:06:26,340

Committee hearing on Tuesday Jilla brand

145

00:06:29,689 --> 00:06:27,539

spoke out

146

00:06:31,490 --> 00:06:29,699

questioning senior Pentagon officials

147

00:06:33,710 --> 00:06:31,500

including Secretary of Defense light

148

00:06:35,950 --> 00:06:33,720

Austin about the budget request for the

149

00:06:41,629 --> 00:06:35,960

all domain anomaly resolution office

150

00:06:46,670 --> 00:06:44,210

um and then these quotes are pretty much

151
00:06:50,629 --> 00:06:46,680
what we

152
00:06:54,950 --> 00:06:50,639
uh what was in the clip that started the

153
00:06:57,950 --> 00:06:54,960
show here so check that out

154
00:07:00,950 --> 00:06:57,960
um you know she she asked

155
00:07:03,170 --> 00:07:00,960
this Michael McCord guy or whatever

156
00:07:04,610 --> 00:07:03,180
about the budget and he said Senator I

157
00:07:06,670 --> 00:07:04,620
don't have any information for my

158
00:07:09,290 --> 00:07:06,680
colleague under secretary Moultrie

159
00:07:12,230 --> 00:07:09,300
Moultrie was the one that was at the

160
00:07:14,749 --> 00:07:12,240
last UAP hearing last year and

161
00:07:17,689 --> 00:07:14,759
completely played dumb pretty much

162
00:07:19,790 --> 00:07:17,699
because I don't think he really is so he

163
00:07:21,050 --> 00:07:19,800

played dumb

164

00:07:23,409 --> 00:07:21,060

um

165

00:07:26,270 --> 00:07:23,419

and he said that that person didn't tell

166

00:07:28,790 --> 00:07:26,280

you know him that they needed more

167

00:07:33,350 --> 00:07:28,800

budgeting whatever it's all just pretty

168

00:07:35,990 --> 00:07:33,360

much seems like uh a big crap shoot so

169

00:07:37,189 --> 00:07:36,000

uh funding for Arrow is pressing concern

170

00:07:38,990 --> 00:07:37,199

for Congress

171

00:07:40,969 --> 00:07:39,000

and February following the Chinese

172

00:07:42,770 --> 00:07:40,979

balloon Fiasco number of Senators signed

173

00:07:44,150 --> 00:07:42,780

a joint letter stating the need to fund

174

00:07:45,469 --> 00:07:44,160

the office whilst highlighting the

175

00:07:48,469 --> 00:07:45,479

importance of cooperation between

176

00:07:50,870 --> 00:07:48,479

Congress the dod and the intelligence

177

00:07:58,010 --> 00:07:54,469

okay so I put this link in the

178

00:08:01,370 --> 00:07:58,020

description so you can check it out read

179

00:08:03,529 --> 00:08:01,380

it for yourself share it if you'd like

180

00:08:05,689 --> 00:08:03,539

and it just continues on kind of talking

181

00:08:06,670 --> 00:08:05,699

more about this Rubio comments a little

182

00:08:09,950 --> 00:08:06,680

bit

183

00:08:13,670 --> 00:08:09,960

in relation to the balloon thing which

184

00:08:20,270 --> 00:08:17,330

um and then there is one more quote

185

00:08:24,110 --> 00:08:20,280

that I wanted to

186

00:08:26,869 --> 00:08:24,120

go over and I am missing it Samir okay

187

00:08:29,510 --> 00:08:26,879

so it's from Lou Elizondo

188

00:08:31,249 --> 00:08:29,520

he said let's not forget that moultrie's

189

00:08:33,350 --> 00:08:31,259

office is the same office for which I

190

00:08:35,690 --> 00:08:33,360

worked in the past and is the same

191

00:08:37,130 --> 00:08:35,700

office that continuously lied about this

192

00:08:39,350 --> 00:08:37,140

topic to Congress and the American

193

00:08:44,149 --> 00:08:39,360

people and is the same office that

194

00:08:49,130 --> 00:08:46,670

so my first the first thing I would say

195

00:08:50,990 --> 00:08:49,140

is well why did we put the office there

196

00:08:54,110 --> 00:08:51,000

to begin with you know

197

00:08:56,590 --> 00:08:54,120

um unless it was designed to go there

198

00:08:59,570 --> 00:08:56,600

for some reason but um

199

00:09:01,190 --> 00:08:59,580

does it seem like a good idea

200

00:09:04,730 --> 00:09:01,200

something that came up regarding Lou

201
00:09:06,710 --> 00:09:04,740
elizondo's comment is somebody said uh

202
00:09:08,690 --> 00:09:06,720
where is he getting this from if you

203
00:09:11,170 --> 00:09:08,700
recall Lou Elizondo

204
00:09:13,910 --> 00:09:11,180
um filed a complaint with the IG

205
00:09:16,130 --> 00:09:13,920
regarding basically what turned out to

206
00:09:17,269 --> 00:09:16,140
be the scary read guy maybe others I'm

207
00:09:20,750 --> 00:09:17,279
trying to take away his security

208
00:09:24,230 --> 00:09:20,760
clearance so he followed a complaint and

209
00:09:26,570 --> 00:09:24,240
somebody in uh replied to this comment

210
00:09:29,090 --> 00:09:26,580
in the article said

211
00:09:32,269 --> 00:09:29,100
uh where is he getting off with this you

212
00:09:38,509 --> 00:09:32,279
know his IG complaint was

213
00:09:41,930 --> 00:09:39,829

um you know where is he coming up with

214

00:09:43,790 --> 00:09:41,940

this so

215

00:09:44,990 --> 00:09:43,800

in the IG complaint he said that

216

00:09:47,269 --> 00:09:45,000

somebody was trying to take away his

217

00:09:49,430 --> 00:09:47,279

security clearance so the only thing I

218

00:09:50,990 --> 00:09:49,440

have to say about that is uh if you know

219

00:09:53,630 --> 00:09:51,000

someone that's going to try to take away

220

00:09:55,550 --> 00:09:53,640

your security clearance or is trying to

221

00:09:56,690 --> 00:09:55,560

and they haven't yet what'd you do well

222

00:09:59,030 --> 00:09:56,700

you would complain you'd tell the

223

00:10:02,389 --> 00:09:59,040

authorities

224

00:10:03,710 --> 00:10:02,399

probably confront the person that was

225

00:10:06,170 --> 00:10:03,720

doing that and they would stop doing

226

00:10:08,570 --> 00:10:06,180

that which is exactly what happened

227

00:10:11,090 --> 00:10:08,580

um Gary Reed was not able to take away

228

00:10:12,889 --> 00:10:11,100

Lou elizondo's security clearance and so

229

00:10:14,930 --> 00:10:12,899

they closed the complaint and they

230

00:10:16,730 --> 00:10:14,940

closed the complaint because that action

231

00:10:18,949 --> 00:10:16,740

of taking away the security clearance

232

00:10:25,370 --> 00:10:18,959

did not happen and it did not happen

233

00:10:29,150 --> 00:10:27,410

that's why I did it

234

00:10:30,590 --> 00:10:29,160

if you know somebody's going to commit a

235

00:10:35,750 --> 00:10:30,600

crime

236

00:10:38,030 --> 00:10:35,760

you don't want to be a rat right but you

237

00:10:39,829 --> 00:10:38,040

go tell the cops the cops confront the

238

00:10:41,570 --> 00:10:39,839

person the person doesn't wind up

239

00:10:43,250 --> 00:10:41,580

committing the crime then

240

00:10:45,290 --> 00:10:43,260

that doesn't mean your complaint was

241

00:10:47,569 --> 00:10:45,300

invalid that means you did the right

242

00:10:49,970 --> 00:10:47,579

thing

243

00:10:51,949 --> 00:10:49,980

you stepped in front and stopped the

244

00:10:54,829 --> 00:10:51,959

criminal act

245

00:10:55,970 --> 00:10:54,839

before it happened

246

00:11:00,050 --> 00:10:55,980

so

247

00:11:02,690 --> 00:11:00,060

let's set the record straight on that

248

00:11:05,269 --> 00:11:02,700

and what is with this lack of budget why

249

00:11:07,670 --> 00:11:05,279

does it seem that nobody takes Arrow

250

00:11:11,990 --> 00:11:07,680

seriously

251
00:11:16,069 --> 00:11:12,000
other than a select Representatives

252
00:11:20,090 --> 00:11:17,269
you know

253
00:11:22,550 --> 00:11:20,100
and I think the only thing that I could

254
00:11:24,590 --> 00:11:22,560
really come up with is as far as wet as

255
00:11:27,949 --> 00:11:24,600
it seemed like these people don't take

256
00:11:35,150 --> 00:11:30,650
is

257
00:11:38,509 --> 00:11:35,160
probably because they already have some

258
00:11:43,250 --> 00:11:40,250
and maybe they don't want to share that

259
00:11:45,350 --> 00:11:43,260
information maybe they don't want to say

260
00:11:47,630 --> 00:11:45,360
that publicly because then it would seem

261
00:11:49,250 --> 00:11:47,640
foolish to create an office like Arrow

262
00:11:50,329 --> 00:11:49,260
if something already exists but they

263
00:11:52,610 --> 00:11:50,339

can't tell anyone because it's

264

00:11:54,829 --> 00:11:52,620

classified

265

00:11:56,630 --> 00:11:54,839

that could be why

266

00:12:01,069 --> 00:11:56,640

I mean think of it this way like you

267

00:12:04,370 --> 00:12:01,079

have uh balloons or or other things you

268

00:12:06,350 --> 00:12:04,380

know flying over our airspace whatever

269

00:12:08,930 --> 00:12:06,360

everybody's acting like this is new

270

00:12:10,310 --> 00:12:08,940

stuff you know but and I can't prove

271

00:12:12,710 --> 00:12:10,320

that it's been going on for a long time

272

00:12:15,769 --> 00:12:12,720

but what I could say is that we found

273

00:12:18,290 --> 00:12:15,779

out about the bloom because a newsman

274

00:12:21,110 --> 00:12:18,300

looked up at this guy and saw it you

275

00:12:22,670 --> 00:12:21,120

know and if that is our best if if

276

00:12:25,069 --> 00:12:22,680

they're trying to tell us that that is

277

00:12:27,710 --> 00:12:25,079

our best defense against uh Chinese

278

00:12:30,829 --> 00:12:27,720

balloons is a random civilian looking up

279

00:12:34,310 --> 00:12:30,839

in the sky to detect it uh we're in

280

00:12:35,930 --> 00:12:34,320

trouble and I don't think

281

00:12:38,150 --> 00:12:35,940

that they needed to create an office

282

00:12:41,269 --> 00:12:38,160

like Arrow to

283

00:12:42,710 --> 00:12:41,279

tackle stuff like that all right they've

284

00:12:45,410 --> 00:12:42,720

been looking at the skies for a long

285

00:12:48,410 --> 00:12:45,420

time upgrading Radars they can see

286

00:12:51,230 --> 00:12:48,420

things down to like three centimeters in

287

00:12:51,240 --> 00:12:53,389

um

288

00:12:59,290 --> 00:12:56,389

you know so

289

00:13:02,090 --> 00:12:59,300

I think the fact is is that

290

00:13:03,230 --> 00:13:02,100

uh everybody probably knew about these

291

00:13:06,470 --> 00:13:03,240

balloons

292

00:13:08,389 --> 00:13:06,480

DOD they probably look at the dod's uh

293

00:13:12,350 --> 00:13:08,399

thing Arrow as

294

00:13:13,910 --> 00:13:12,360

um an irritation I bet away from them

295

00:13:15,829 --> 00:13:13,920

doing their job

296

00:13:18,110 --> 00:13:15,839

probably

297

00:13:20,090 --> 00:13:18,120

and I don't mean that they don't think

298

00:13:22,490 --> 00:13:20,100

that UFOs are real or things aren't

299

00:13:26,030 --> 00:13:22,500

flying over our airspace I think they

300

00:13:31,250 --> 00:13:28,009

and I think they probably have programs

301
00:13:33,889 --> 00:13:31,260
looking at that already an arrow is

302
00:13:36,650 --> 00:13:33,899
probably a thorn in the side of those

303
00:13:40,430 --> 00:13:38,509
you know

304
00:13:42,350 --> 00:13:40,440
just to guess

305
00:13:43,970 --> 00:13:42,360
meanwhile Arrow continues to collect a

306
00:13:46,850 --> 00:13:43,980
bunch of information testimony from

307
00:13:48,949 --> 00:13:46,860
Roberts Alice other people Gary Nolan

308
00:13:52,069 --> 00:13:48,959
says he's probably the most

309
00:13:54,590 --> 00:13:52,079
knowledgeable on UAP

310
00:13:56,150 --> 00:13:54,600
out of anyone in the world

311
00:13:57,470 --> 00:13:56,160
we're getting more people saying that

312
00:14:02,329 --> 00:13:57,480
people are whistleblown on Crash

313
00:14:07,310 --> 00:14:04,730

which is you know it's another kind of

314

00:14:09,290 --> 00:14:07,320

interesting thing to me is a few people

315

00:14:11,870 --> 00:14:09,300

have said stuff like that uh George knap

316

00:14:14,810 --> 00:14:11,880

Jeremy Corbell I think Ross coldheart uh

317

00:14:16,370 --> 00:14:14,820

Gary Nolan now James Fox uh the thing

318

00:14:18,050 --> 00:14:16,380

that I would say is why are these people

319

00:14:21,470 --> 00:14:18,060

that are whistleblowing why are they

320

00:14:26,810 --> 00:14:23,569

obviously they know somehow that people

321

00:14:32,810 --> 00:14:29,569

who's telling everybody

322

00:14:35,470 --> 00:14:32,820

that doesn't seem like a great idea

323

00:14:40,730 --> 00:14:35,480

but

324

00:14:42,650 --> 00:14:40,740

somebody's uh leaking that information

325

00:14:44,629 --> 00:14:42,660

um or the person who testifies just

326

00:14:46,009 --> 00:14:44,639

telling all these people but it's just

327

00:14:49,910 --> 00:14:46,019

really interesting that all these people

328

00:14:51,650 --> 00:14:49,920

know but we don't you know we don't know

329

00:14:53,449 --> 00:14:51,660

you know the general public or whatever

330

00:14:55,790 --> 00:14:53,459

so

331

00:14:58,009 --> 00:14:55,800

but I'm positive about it because people

332

00:14:59,810 --> 00:14:58,019

are testifying that's the first step you

333

00:15:01,490 --> 00:14:59,820

have to do that now hopefully there's

334

00:15:03,170 --> 00:15:01,500

some transparency that comes along with

335

00:15:06,350 --> 00:15:03,180

it otherwise that'd be quite frustrating

336

00:15:07,790 --> 00:15:06,360

but we've been doing this we've been not

337

00:15:09,889 --> 00:15:07,800

me myself but people have been working

338

00:15:12,230 --> 00:15:09,899

on this thing for like five six years

339

00:15:16,090 --> 00:15:12,240

now you know

340

00:15:19,850 --> 00:15:16,100

um so you know you can see

341

00:15:21,590 --> 00:15:19,860

that things have progressed since then

342

00:15:22,970 --> 00:15:21,600

and there's a couple ways to look at

343

00:15:24,590 --> 00:15:22,980

that right like some people would look

344

00:15:26,990 --> 00:15:24,600

at the progression from five years ago

345

00:15:28,490 --> 00:15:27,000

to now and say well what has progressed

346

00:15:30,650 --> 00:15:28,500

I don't know anything more I've even

347

00:15:33,230 --> 00:15:30,660

said that I haven't learned anything

348

00:15:35,269 --> 00:15:33,240

what do you mean progressed

349

00:15:37,610 --> 00:15:35,279

in that sense

350

00:15:39,949 --> 00:15:37,620

maybe not

351
00:15:41,389 --> 00:15:39,959
the other sense that there has been

352
00:15:43,910 --> 00:15:41,399
progression

353
00:15:47,150 --> 00:15:43,920
is that there are people

354
00:15:49,730 --> 00:15:47,160
telling an organized group put together

355
00:15:51,710 --> 00:15:49,740
by Congress

356
00:15:53,990 --> 00:15:51,720
people are telling that group

357
00:15:56,870 --> 00:15:54,000
things about crash retrievals

358
00:15:59,269 --> 00:15:56,880
they're whistleblowing

359
00:16:02,210 --> 00:15:59,279
that's huge that's a big deal there's

360
00:16:06,670 --> 00:16:04,610
you know to to report sightings to

361
00:16:09,710 --> 00:16:06,680
reduce stigma all this kind of stuff

362
00:16:12,230 --> 00:16:09,720
that's Headway

363
00:16:14,150 --> 00:16:12,240

you know so

364

00:16:16,430 --> 00:16:14,160

anyone who's getting a little impatient

365

00:16:17,990 --> 00:16:16,440

with the process I would say take a

366

00:16:21,290 --> 00:16:18,000

breath

367

00:16:25,310 --> 00:16:21,300

show some patience continue to trust the

368

00:16:27,530 --> 00:16:25,320

process because it's worked thus far

369

00:16:32,269 --> 00:16:27,540

those are my words on that

370

00:16:36,590 --> 00:16:33,829

not

371

00:16:38,689 --> 00:16:36,600

too shabby so we just got to be patient

372

00:16:41,269 --> 00:16:38,699

with this I know it can be frustrating

373

00:16:43,129 --> 00:16:41,279

that there's no news nothing's happening

374

00:16:46,490 --> 00:16:43,139

we don't see any videos we don't see

375

00:16:48,050 --> 00:16:46,500

photos we don't get to see public

376

00:16:49,430 --> 00:16:48,060

hearings yet

377

00:16:51,590 --> 00:16:49,440

you know

378

00:16:54,230 --> 00:16:51,600

um but things are happening they just

379

00:16:56,269 --> 00:16:54,240

don't happen on our timeline the way we

380

00:16:58,189 --> 00:16:56,279

would want them to happen as fast as we

381

00:16:59,870 --> 00:16:58,199

want them to happen

382

00:17:01,550 --> 00:16:59,880

you know as much as I say it's a lame

383

00:17:02,930 --> 00:17:01,560

excuse there is a lot of things

384

00:17:05,390 --> 00:17:02,940

happening in the world

385

00:17:08,329 --> 00:17:05,400

around the verge of war with Russia

386

00:17:10,850 --> 00:17:08,339

China Israel and Iran is heating up

387

00:17:15,230 --> 00:17:10,860

right now North Korea

388

00:17:17,030 --> 00:17:15,240

um Trump you know you know indicted

389

00:17:19,130 --> 00:17:17,040

you know there's a lot of stuff going on

390

00:17:21,289 --> 00:17:19,140

so

391

00:17:24,230 --> 00:17:21,299

and not to mention the AI Revolution

392

00:17:26,329 --> 00:17:24,240

which is just starting to take off which

393

00:17:27,350 --> 00:17:26,339

will rock our world and hopefully not

394

00:17:29,690 --> 00:17:27,360

end it

395

00:17:31,669 --> 00:17:29,700

so there's a lot of things happening

396

00:17:35,630 --> 00:17:31,679

um

397

00:17:40,010 --> 00:17:35,640

but you know I I still think

398

00:17:42,049 --> 00:17:40,020

that UAP hearings should happen

399

00:17:43,549 --> 00:17:42,059

and you can tell that there's different

400

00:17:45,169 --> 00:17:43,559

reasons people want them to happen in

401
00:17:46,789 --> 00:17:45,179
Congress some people are really

402
00:17:48,289 --> 00:17:46,799
concerned about like the Chinese balloon

403
00:17:50,029 --> 00:17:48,299
stuffs and the three shoot Downs so they

404
00:17:51,830 --> 00:17:50,039
want hearings for that other people

405
00:17:53,570 --> 00:17:51,840
think there's crash retrievals some want

406
00:17:55,010 --> 00:17:53,580
hearings on that you know and I don't

407
00:17:56,770 --> 00:17:55,020
care why you wanted hearings just have

408
00:17:59,870 --> 00:17:56,780
them and have the right people talking

409
00:18:03,409 --> 00:17:59,880
that would be great

410
00:18:08,270 --> 00:18:06,529
how's everybody doing in the chat

411
00:18:10,190 --> 00:18:08,280
glad you guys are here today we have a

412
00:18:13,789 --> 00:18:10,200
small crowd we've had a small crowd at

413
00:18:16,070 --> 00:18:13,799

the last couple shows I'm not sure why I

414

00:18:18,409 --> 00:18:16,080

don't know maybe I feel like I've been

415

00:18:21,770 --> 00:18:18,419

taken off of somebody's watch list

416

00:18:26,510 --> 00:18:24,409

um I don't know so our numbers are going

417

00:18:28,370 --> 00:18:26,520

down so please like the video share

418

00:18:31,310 --> 00:18:28,380

subscribe if you haven't that'd be great

419

00:18:35,150 --> 00:18:31,320

I appreciate everyone in the chat

420

00:18:38,510 --> 00:18:35,160

being so great kind fantastic

421

00:18:44,830 --> 00:18:42,409

so the next thing I wanted to touch on

422

00:18:48,470 --> 00:18:44,840

and I'll probably touch on this a little

423

00:18:51,669 --> 00:18:48,480

uh maybe faster than the Liberation

424

00:18:54,230 --> 00:18:51,679

times thing and that's the SCU

425

00:18:57,230 --> 00:18:54,240

scientific Coalition for UAP studies

426
00:19:02,570 --> 00:18:57,240
recently put out a paper uh where they

427
00:19:05,150 --> 00:19:02,580
were looking at UAP sightings around

428
00:19:08,510 --> 00:19:05,160
um like uh Atomic type of insulations

429
00:19:11,270 --> 00:19:08,520
whether they just have nuclear bombs

430
00:19:12,830 --> 00:19:11,280
whether they're working on the bombs you

431
00:19:16,310 --> 00:19:12,840
know all that kind of stuff

432
00:19:17,570 --> 00:19:16,320
and it's about a 63 page paper and it's

433
00:19:19,430 --> 00:19:17,580
pretty interesting

434
00:19:20,450 --> 00:19:19,440
most definitely I'm going to bring it up

435
00:19:21,950 --> 00:19:20,460
in a second

436
00:19:24,470 --> 00:19:21,960
if you click on the link in the

437
00:19:29,830 --> 00:19:24,480
description you can find your way to

438
00:19:39,230 --> 00:19:34,610

but what I want to do is it has these

439

00:19:42,230 --> 00:19:39,240

neat little graphs on it and people love

440

00:19:45,470 --> 00:19:42,240

pictures so I thought

441

00:19:48,470 --> 00:19:45,480

that we could look at those graphs

442

00:19:52,130 --> 00:19:48,480

because they're pretty interesting

443

00:19:58,370 --> 00:19:53,870

so

444

00:20:04,370 --> 00:20:01,549

and we'll get it going

445

00:20:09,650 --> 00:20:07,370

some of these graphs are look just like

446

00:20:11,390 --> 00:20:09,660

this you know I I don't want to throw

447

00:20:12,529 --> 00:20:11,400

you in the middle of anything I want you

448

00:20:14,029 --> 00:20:12,539

to be able to understand what we're

449

00:20:14,990 --> 00:20:14,039

talking about so what I would say is

450

00:20:17,930 --> 00:20:15,000

Maybe

451
00:20:20,029 --> 00:20:17,940
go back read this paper yourself read it

452
00:20:23,330 --> 00:20:20,039
thoroughly but I just found it

453
00:20:26,810 --> 00:20:23,340
interesting to look at these

454
00:20:31,850 --> 00:20:29,570
events

455
00:20:34,610 --> 00:20:31,860
you can see on the left hand side number

456
00:20:37,789 --> 00:20:34,620
of reported unknown sightings which are

457
00:20:40,010 --> 00:20:37,799
these bars here and the dates or years

458
00:20:42,350 --> 00:20:40,020
that go along the bottom and we're

459
00:20:45,049 --> 00:20:42,360
looking at Hanford uh

460
00:20:47,029 --> 00:20:45,059
complex study site but there's other

461
00:20:49,610 --> 00:20:47,039
places too with the different colors and

462
00:20:51,830 --> 00:20:49,620
stuff so Hanford is yellow

463
00:20:54,110 --> 00:20:51,840

which is out in Washington so you can

464

00:20:59,810 --> 00:20:54,120

see in 1952

465

00:21:10,070 --> 00:21:02,090

pretty pretty big another place that got

466

00:21:15,110 --> 00:21:12,830

yeah I just find these interesting 1952

467

00:21:17,210 --> 00:21:15,120

of course is

468

00:21:19,549 --> 00:21:17,220

the biggest year

469

00:21:21,289 --> 00:21:19,559

for this stuff

470

00:21:23,690 --> 00:21:21,299

and we know that if you watch this show

471

00:21:27,770 --> 00:21:23,700

long enough you'll know that if you read

472

00:21:30,409 --> 00:21:27,780

stories on my website you'll know that

473

00:21:32,990 --> 00:21:30,419

Oak Ridge Complex

474

00:21:35,390 --> 00:21:33,000

late 49 early 50. I mean this is all

475

00:21:38,510 --> 00:21:35,400

kind of stuff that

476

00:21:40,130 --> 00:21:38,520

um I didn't I don't know by the actual

477

00:21:42,169 --> 00:21:40,140

numbers like they put together here but

478

00:21:44,630 --> 00:21:42,179

looking at all the blue book reports for

479

00:21:49,190 --> 00:21:44,640

like two years uh this lines up

480

00:21:53,750 --> 00:21:52,010

so

481

00:21:55,789 --> 00:21:53,760

the interesting thing about Savannah

482

00:21:57,470 --> 00:21:55,799

River and these are areas that people

483

00:22:00,590 --> 00:21:57,480

don't really think of too much when

484

00:22:02,149 --> 00:22:00,600

people think of uh UFOs and and nuke

485

00:22:04,010 --> 00:22:02,159

stuff they think of the Maelstrom

486

00:22:05,510 --> 00:22:04,020

incident

487

00:22:07,010 --> 00:22:05,520

mainly

488

00:22:09,710 --> 00:22:07,020

actually

489

00:22:11,510 --> 00:22:09,720

or more recent stuff where like some

490

00:22:13,010 --> 00:22:11,520

things are on nuclear power plants or

491

00:22:14,330 --> 00:22:13,020

whatever

492

00:22:16,730 --> 00:22:14,340

um

493

00:22:17,750 --> 00:22:16,740

but all these sites got hit back in the

494

00:22:20,630 --> 00:22:17,760

day

495

00:22:22,490 --> 00:22:20,640

which you know is important to keep in

496

00:22:24,470 --> 00:22:22,500

mind Savannah River complex out in South

497

00:22:27,370 --> 00:22:24,480

Carolina

498

00:22:32,630 --> 00:22:30,490

ERS of course

499

00:22:36,049 --> 00:22:32,640

1948-49-50 now this is really

500

00:22:38,570 --> 00:22:36,059

interesting here because this it seems

501
00:22:40,730 --> 00:22:38,580
to me that they took in the project

502
00:22:43,130 --> 00:22:40,740
twinkle

503
00:22:44,330 --> 00:22:43,140
um reports which were the green Fireball

504
00:22:46,370 --> 00:22:44,340
reports

505
00:22:48,110 --> 00:22:46,380
and they had uh you know other type of

506
00:22:50,810 --> 00:22:48,120
UFOs and stuff that were popping up but

507
00:22:52,850 --> 00:22:50,820
that was a big thing then and they wound

508
00:22:55,190 --> 00:22:52,860
up closing that study and handing it off

509
00:22:58,730 --> 00:22:55,200
to Cambridge research

510
00:23:02,149 --> 00:22:58,740
Air Force Cambridge research uh out in

511
00:23:04,850 --> 00:23:02,159
the east coast and there was never that

512
00:23:06,770 --> 00:23:04,860
I know of a published finished study on

513
00:23:08,630 --> 00:23:06,780

what Cambridge got from those green

514

00:23:10,070 --> 00:23:08,640

Fireball reports

515

00:23:14,210 --> 00:23:10,080

which kind of sucks

516

00:23:16,669 --> 00:23:14,220

but as far as

517

00:23:19,250 --> 00:23:16,679

that goes it kind of the whole thing

518

00:23:21,770 --> 00:23:19,260

ended up as kind of unknown with some

519

00:23:25,850 --> 00:23:21,780

weird theories but yeah so we can see

520

00:23:28,850 --> 00:23:25,860

all that 1949 Los Alamos

521

00:23:30,890 --> 00:23:28,860

Sandy obese

522

00:23:33,289 --> 00:23:30,900

this is interesting

523

00:23:35,029 --> 00:23:33,299

all these places Kirkland

524

00:23:36,710 --> 00:23:35,039

so I know I'm going through this fast

525

00:23:39,289 --> 00:23:36,720

but

526

00:23:40,970 --> 00:23:39,299

that's what I do pantex plan I've never

527

00:23:42,850 --> 00:23:40,980

even heard of that

528

00:23:45,470 --> 00:23:42,860

looks like that was a popular place

529

00:23:48,350 --> 00:23:45,480

assembly of atomic stuff

530

00:23:51,110 --> 00:23:48,360

that's what they did

531

00:23:55,730 --> 00:23:51,120

another new one to me uh Manzano base

532

00:24:00,710 --> 00:23:58,010

Clarksville base all these are new to me

533

00:24:03,470 --> 00:24:00,720

so I can't wait to look up the blue book

534

00:24:07,250 --> 00:24:03,480

reports on some of these this one I knew

535

00:24:13,490 --> 00:24:09,230

that's all kind of in the green Fireball

536

00:24:15,890 --> 00:24:13,500

area Medina Base Kelly Air Force Base

537

00:24:17,690 --> 00:24:15,900

so yeah

538

00:24:20,149 --> 00:24:17,700

you should down like you should download

539

00:24:22,090 --> 00:24:20,159

this for yourself take a look read it

540

00:24:25,070 --> 00:24:22,100

definitely interesting

541

00:24:27,710 --> 00:24:25,080

the one thing that I think about when I

542

00:24:29,870 --> 00:24:27,720

think about a report like that

543

00:24:32,450 --> 00:24:29,880

that SC you put together

544

00:24:35,210 --> 00:24:32,460

is

545

00:24:38,090 --> 00:24:35,220

what kind of comes up when we're talking

546

00:24:40,730 --> 00:24:38,100

about UFOs and

547

00:24:43,730 --> 00:24:40,740

um the major U.S defenses installations

548

00:24:46,669 --> 00:24:43,740

or or new places

549

00:24:49,130 --> 00:24:46,679

um like that and what comes to mind is

550

00:24:50,810 --> 00:24:49,140

what comes up in these UAP reports from

551
00:24:53,330 --> 00:24:50,820
government when that's mentioned they

552
00:24:56,090 --> 00:24:53,340
always mention it we see a lot of these

553
00:24:57,649 --> 00:24:56,100
around strategic sites but we don't know

554
00:25:00,649 --> 00:24:57,659
if it's because there's so much

555
00:25:02,649 --> 00:25:00,659
observation around these sites or not so

556
00:25:05,810 --> 00:25:02,659
they don't know if there's actually a

557
00:25:07,669 --> 00:25:05,820
more frequency of UAP around these sites

558
00:25:10,370 --> 00:25:07,679
if there actually is or if it's just

559
00:25:12,770 --> 00:25:10,380
because they're recorded more because of

560
00:25:14,090 --> 00:25:12,780
you know the places they are like

561
00:25:16,250 --> 00:25:14,100
they're going to have radar and stuff

562
00:25:17,390 --> 00:25:16,260
like that like these nuclear bases or

563
00:25:19,549 --> 00:25:17,400

whatever

564

00:25:25,669 --> 00:25:19,559

and

565

00:25:29,330 --> 00:25:25,679

that came up in 2022.

566

00:25:31,970 --> 00:25:29,340

you know so this report that SCU put off

567

00:25:33,250 --> 00:25:31,980

although it's great it's just based off

568

00:25:36,470 --> 00:25:33,260

of

569

00:25:38,870 --> 00:25:36,480

unclassified material

570

00:25:41,330 --> 00:25:38,880

you know so how accurate is it we don't

571

00:25:43,909 --> 00:25:41,340

really know

572

00:25:46,669 --> 00:25:43,919

that question

573

00:25:48,350 --> 00:25:46,679

of are you you know is UAP just more

574

00:25:50,570 --> 00:25:48,360

observed around these sensitive sites

575

00:25:53,990 --> 00:25:50,580

because of them being sensitive or not

576
00:25:56,029 --> 00:25:54,000
has not been answered and this report as

577
00:26:01,330 --> 00:25:56,039
great as it is

578
00:26:07,070 --> 00:26:03,970
and that's what made me want to bring up

579
00:26:08,630 --> 00:26:07,080
this document

580
00:26:11,930 --> 00:26:08,640
you know so Su comes out with that

581
00:26:14,149 --> 00:26:11,940
wonderful report which is great

582
00:26:16,549 --> 00:26:14,159
but what pisses me off and what pisses

583
00:26:18,590 --> 00:26:16,559
what should piss you off is this has

584
00:26:23,510 --> 00:26:18,600
been going on since look at this

585
00:26:27,830 --> 00:26:25,630
from the CIA foia reading room

586
00:26:29,269 --> 00:26:27,840
memorandum Ford director of Central

587
00:26:32,510 --> 00:26:29,279
Intelligence

588
00:26:34,310 --> 00:26:32,520

through deputy director for intelligence

589

00:26:36,529 --> 00:26:34,320

I'm just going to skip down to this

590

00:26:37,909 --> 00:26:36,539

bullet point number four where we can

591

00:26:41,810 --> 00:26:37,919

see

592

00:26:44,029 --> 00:26:41,820

sightings of unexplained objects

593

00:26:46,190 --> 00:26:44,039

and great altitudes and traveling at

594

00:26:47,930 --> 00:26:46,200

high speeds in the vicinity of major U.S

595

00:26:49,970 --> 00:26:47,940

defense installations

596

00:26:52,730 --> 00:26:49,980

are of such nature that they are not

597

00:26:57,110 --> 00:26:52,740

attributable to natural phenomenon or

598

00:26:58,909 --> 00:26:57,120

known types of aerial Vehicles wow look

599

00:27:02,990 --> 00:26:58,919

at that

600

00:27:07,669 --> 00:27:04,909

and we're still talking about it now

601
00:27:10,970 --> 00:27:07,679
even our government

602
00:27:14,690 --> 00:27:10,980
like this is new stuff

603
00:27:22,730 --> 00:27:16,970
so and it's quite frequent which that

604
00:27:26,810 --> 00:27:25,430
and what are we gonna you know when are

605
00:27:30,169 --> 00:27:26,820
we gonna do something about that when

606
00:27:36,830 --> 00:27:32,210
you know we always have a tendency to

607
00:27:41,029 --> 00:27:38,210
you know when something bad already

608
00:27:43,010 --> 00:27:41,039
happens then we react

609
00:27:45,289 --> 00:27:43,020
whether it be 911 Pearl Harbor or

610
00:27:47,990 --> 00:27:45,299
anything a disaster happens and then we

611
00:27:53,870 --> 00:27:48,000
react to fix it

612
00:27:53,880 --> 00:27:58,310
you know so

613
00:28:07,850 --> 00:28:03,830

that's just my take

614

00:28:13,010 --> 00:28:10,669

and

615

00:28:17,149 --> 00:28:13,020

I think that you should read it if you

616

00:28:23,090 --> 00:28:19,750

we have one more

617

00:28:24,830 --> 00:28:23,100

thing of news here that we can cover

618

00:28:28,430 --> 00:28:24,840

that we can hit

619

00:28:31,549 --> 00:28:28,440

we can discuss it's not really UAP news

620

00:28:35,450 --> 00:28:31,559

but it's outer space and everybody loves

621

00:28:39,710 --> 00:28:35,460

outer freaking space man this is the CNN

622

00:28:43,909 --> 00:28:41,149

um Outlets I just picked this one

623

00:28:45,890 --> 00:28:43,919

because it came up in the Google search

624

00:28:50,090 --> 00:28:45,900

um repeating radio signal leads

625

00:28:52,190 --> 00:28:50,100

astronomers to an earth-sized exoplanet

626
00:28:54,470 --> 00:28:52,200
astronomers have detected a repeating

627
00:28:56,510 --> 00:28:54,480
radio signal from an exoplanet and the

628
00:29:00,110 --> 00:28:56,520
start that it orbits both located 12

629
00:29:04,730 --> 00:29:01,909
signal suggests that the earth size

630
00:29:07,250 --> 00:29:04,740
Planet may have a magnetic field

631
00:29:08,750 --> 00:29:07,260
and perhaps even an atmosphere Earth's

632
00:29:10,610 --> 00:29:08,760
magnetic field protects the planet's

633
00:29:12,470 --> 00:29:10,620
atmosphere which life needs to survive

634
00:29:14,690 --> 00:29:12,480
by deflecting energetic particles of

635
00:29:16,909 --> 00:29:14,700
plasma that stream out of the sun

636
00:29:18,769 --> 00:29:16,919
finding atmospheres around planets

637
00:29:20,149 --> 00:29:18,779
located outside our solar system could

638
00:29:23,029 --> 00:29:20,159

point to other worlds that potentially

639

00:29:25,190 --> 00:29:23,039

have the ability to support life

640

00:29:28,070 --> 00:29:25,200

scientists notice strong radio waves

641

00:29:30,409 --> 00:29:28,080

coming from YZ seti and the rocky

642

00:29:33,169 --> 00:29:30,419

exoplanet that orbits it called YZ City

643

00:29:35,269 --> 00:29:33,179

B during observations using the Carl G

644

00:29:36,289 --> 00:29:35,279

janski very large array of telescopes in

645

00:29:38,149 --> 00:29:36,299

New Mexico

646

00:29:39,889 --> 00:29:38,159

the researchers believe that the radio

647

00:29:41,810 --> 00:29:39,899

signal was created by interactions

648

00:29:45,470 --> 00:29:41,820

between the planet's magnetic field and

649

00:29:48,049 --> 00:29:45,480

the star so what they're not saying

650

00:29:50,870 --> 00:29:48,059

is that aliens made the radio signal

651
00:29:52,310 --> 00:29:50,880
which is what everybody thinks of when

652
00:29:55,430 --> 00:29:52,320
they look at

653
00:29:58,850 --> 00:29:55,440
the title of this article or other

654
00:30:01,190 --> 00:29:58,860
articles about the same thing

655
00:30:02,389 --> 00:30:01,200
but in fact that's not what they're

656
00:30:03,590 --> 00:30:02,399
saying happened what they're saying

657
00:30:05,990 --> 00:30:03,600
happened is

658
00:30:08,090 --> 00:30:06,000
this planet has some sort of aurora

659
00:30:09,889 --> 00:30:08,100
borealis type thing and it reacted with

660
00:30:11,750 --> 00:30:09,899
its star and made a radio frequency and

661
00:30:14,330 --> 00:30:11,760
that's how we picked it up

662
00:30:16,430 --> 00:30:14,340
but what that does do is or what that

663
00:30:19,190 --> 00:30:16,440

does hint at is that there's a magnetic

664

00:30:24,889 --> 00:30:19,200

field around the planet which is in fact

665

00:30:30,830 --> 00:30:27,529

like Earth has one that's why we're so

666

00:30:35,210 --> 00:30:32,750

we can be safe

667

00:30:37,130 --> 00:30:35,220

from solar storms if they're strong

668

00:30:40,190 --> 00:30:37,140

enough there's nothing we can do but you

669

00:30:45,350 --> 00:30:42,350

and that's what it kind of goes on to

670

00:30:45,360 --> 00:30:49,370

and it's a smaller planet

671

00:30:53,990 --> 00:30:51,889

you know so we've detected this before

672

00:30:55,370 --> 00:30:54,000

on bigger planets uh I hope I'm not

673

00:31:00,230 --> 00:30:55,380

wrong but like Jupiter or something like

674

00:31:05,149 --> 00:31:03,230

and it seems like it could be habitable

675

00:31:07,789 --> 00:31:05,159

you know and it's within like 12 light

676
00:31:10,250 --> 00:31:07,799
years away which is you know far but

677
00:31:12,169 --> 00:31:10,260
pretty close as far as we're concerned

678
00:31:14,450 --> 00:31:12,179
so

679
00:31:16,730 --> 00:31:14,460
it's a good article it's interesting to

680
00:31:19,850 --> 00:31:16,740
see us kind of progress

681
00:31:22,130 --> 00:31:19,860
farther and farther slowly towards

682
00:31:23,570 --> 00:31:22,140
finding another life form of the

683
00:31:26,090 --> 00:31:23,580
universe

684
00:31:30,110 --> 00:31:26,100
and the better our tools get the more

685
00:31:32,090 --> 00:31:30,120
likely it is that we do find that

686
00:31:34,010 --> 00:31:32,100
you know I don't have to go through the

687
00:31:36,710 --> 00:31:34,020
talking points that everybody does so

688
00:31:38,690 --> 00:31:36,720

there's so many stars and so many living

689

00:31:40,430 --> 00:31:38,700

planets of course there's other life we

690

00:31:42,889 --> 00:31:40,440

already know that I think it's

691

00:31:45,289 --> 00:31:42,899

genuinely agreed upon that there's other

692

00:31:46,970 --> 00:31:45,299

life out there in the universe it's just

693

00:31:50,630 --> 00:31:46,980

about finding it

694

00:31:53,570 --> 00:31:50,640

so it looks like this is a step closer

695

00:31:55,310 --> 00:31:53,580

towards finding it I think AI artificial

696

00:31:57,710 --> 00:31:55,320

intelligence is going to be a huge step

697

00:32:01,789 --> 00:31:57,720

towards finding it and working with seti

698

00:32:06,289 --> 00:32:03,950

you know

699

00:32:07,549 --> 00:32:06,299

and that'll be really exciting when we

700

00:32:09,950 --> 00:32:07,559

find it

701
00:32:13,789 --> 00:32:09,960
but then what if we can't travel there

702
00:32:13,799 --> 00:32:19,070
what kind of messages would we send

703
00:32:23,990 --> 00:32:21,350
so

704
00:32:24,000 --> 00:32:28,730
kind of exciting I guess right

705
00:32:36,049 --> 00:32:30,470
definitely experience more exciting

706
00:32:42,950 --> 00:32:40,610
so what we're going to do now is go

707
00:32:46,690 --> 00:32:42,960
through the document

708
00:32:56,510 --> 00:32:50,510
and it is about

709
00:32:56,520 --> 00:33:02,389
so we're gonna do that

710
00:33:08,029 --> 00:33:05,630
so this is very interesting uh report uh

711
00:33:12,470 --> 00:33:08,039
for a couple reasons first is you don't

712
00:33:14,990 --> 00:33:12,480
see these kind of reports every day

713
00:33:20,450 --> 00:33:15,000

we got British Columbia Canada don't

714

00:33:20,460 --> 00:33:24,710

where I want to start

715

00:33:31,669 --> 00:33:27,830

it's about 34 some pages here so

716

00:33:35,870 --> 00:33:31,679

basically what happened is is this guy

717

00:33:39,590 --> 00:33:35,880

apparently from Davenport Iowa

718

00:33:42,350 --> 00:33:39,600

sent a letter of information to all

719

00:33:44,570 --> 00:33:42,360

sorts of different uh this happened in

720

00:33:47,930 --> 00:33:44,580

1960 sent the letter to all sorts of

721

00:33:50,570 --> 00:33:47,940

different uh people he sent it to

722

00:33:52,430 --> 00:33:50,580

the Bureau of Indian Affairs and the

723

00:33:54,110 --> 00:33:52,440

story is about the Sasquatch spaceship

724

00:33:57,230 --> 00:33:54,120

he sent it through the Department of

725

00:33:59,409 --> 00:33:57,240

Defense he sent it to the CIA he sent it

726

00:34:02,269 --> 00:33:59,419

to the Navy he sent it to the Royal

727

00:34:04,610 --> 00:34:02,279

Canadian police he sent it to everyone

728

00:34:07,610 --> 00:34:04,620

and the interesting thing about this is

729

00:34:09,710 --> 00:34:07,620

when these people got these reports

730

00:34:13,849 --> 00:34:09,720

um they actually wound up

731

00:34:15,710 --> 00:34:13,859

forward thing forwarding the report to

732

00:34:17,869 --> 00:34:15,720

the correct person so they didn't just

733

00:34:19,609 --> 00:34:17,879

look at this report the Sasquatch

734

00:34:21,409 --> 00:34:19,619

spaceship report

735

00:34:25,070 --> 00:34:21,419

and throw it down the drain they

736

00:34:28,310 --> 00:34:25,080

actually took it somewhat seriously so

737

00:34:32,149 --> 00:34:28,320

we're going to take a look

738

00:34:35,389 --> 00:34:34,369

so you can kind of you know take it for

739

00:34:38,450 --> 00:34:35,399

what you want

740

00:34:40,970 --> 00:34:38,460

says sir please be a please be advised

741

00:34:42,950 --> 00:34:40,980

that a group of Canadian Indians request

742

00:34:45,470 --> 00:34:42,960

investigation of a mysterious rocket

743

00:34:48,169 --> 00:34:45,480

device now in the interior of the

744

00:34:50,149 --> 00:34:48,179

rainforest in western Canada an area

745

00:34:51,589 --> 00:34:50,159

known as the rainforest of British

746

00:34:54,770 --> 00:34:51,599

Columbia Canada

747

00:34:57,589 --> 00:34:54,780

the Athabasca Indians report that a

748

00:35:00,650 --> 00:34:57,599

large device or some sort of spaceship

749

00:35:03,589 --> 00:35:00,660

has been reported by Athabasca Indian

750

00:35:06,650 --> 00:35:03,599

Scouts in British Columbia object

751

00:35:09,050 --> 00:35:06,660

crashed in the interior of Canadian

752

00:35:11,450 --> 00:35:09,060

province of British Columbia the space

753

00:35:15,050 --> 00:35:11,460

object is reported to be about 200 yards

754

00:35:17,329 --> 00:35:15,060

in diameter about a weight of about a

755

00:35:20,290 --> 00:35:17,339

thousand tons object was reported to

756

00:35:23,210 --> 00:35:20,300

have come from the direction of Alaska

757

00:35:26,030 --> 00:35:23,220

in Long horizontal Glide of about 40

758

00:35:28,730 --> 00:35:26,040

degrees from great height object may

759

00:35:30,170 --> 00:35:28,740

have been a rocket or satellite or some

760

00:35:33,290 --> 00:35:30,180

sort of spaceship

761

00:35:38,150 --> 00:35:33,300

the Athabasca Indians call it the device

762

00:35:43,550 --> 00:35:40,370

and report that the object emits

763

00:35:45,710 --> 00:35:43,560

radiation rays of some sort at night or

764

00:35:49,190 --> 00:35:45,720

faint glow in the dark according to

765

00:35:51,109 --> 00:35:49,200

information received here the object is

766

00:35:53,329 --> 00:35:51,119

in the interior of the rainforest of

767

00:35:56,470 --> 00:35:53,339

British Columbia near the small Canadian

768

00:35:59,690 --> 00:35:56,480

settlement of gases

769

00:36:02,690 --> 00:35:59,700

British Columbia western Canada

770

00:36:07,390 --> 00:36:02,700

the spaceship or rocket is said to be

771

00:36:13,550 --> 00:36:11,089

Hilltop near Freya River Canada the

772

00:36:15,530 --> 00:36:13,560

object of rock or rocket is said to have

773

00:36:16,910 --> 00:36:15,540

hit Lake Frazier or some lake near

774

00:36:18,770 --> 00:36:16,920

rainforest area

775

00:36:21,470 --> 00:36:18,780

it then skidded across the lake about

776

00:36:23,750 --> 00:36:21,480

five miles then the device Rose into the

777

00:36:25,790 --> 00:36:23,760

air about several miles then landed on

778

00:36:28,849 --> 00:36:25,800

the surface of the Fraser River the

779

00:36:31,250 --> 00:36:28,859

space object or spherical object then

780

00:36:33,589 --> 00:36:31,260

skidded uphill into some sort of heavy

781

00:36:36,470 --> 00:36:33,599

timber in the rain forest and is there

782

00:36:39,170 --> 00:36:36,480

under a heavy growth of Timber now

783

00:36:42,410 --> 00:36:39,180

the ethabasca Indians report that the

784

00:36:45,230 --> 00:36:42,420

object is concealed from air and is not

785

00:36:46,790 --> 00:36:45,240

visible from airplanes the Athabasca

786

00:36:49,190 --> 00:36:46,800

Indians are reportedly owners of the

787

00:36:50,870 --> 00:36:49,200

rainforest area the chief of the Indians

788

00:36:54,770 --> 00:36:50,880

requests of governmental investigation

789

00:36:56,870 --> 00:36:54,780

of object to ascertain if object is

790

00:36:59,510 --> 00:36:56,880

uh

791

00:37:01,609 --> 00:36:59,520

radium device or is emitting radiation

792

00:37:04,069 --> 00:37:01,619

rays in the interior of the rainforest

793

00:37:05,569 --> 00:37:04,079

area of western Canada near gaseous

794

00:37:07,910 --> 00:37:05,579

British Columbia and Northwest of

795

00:37:10,490 --> 00:37:07,920

British Columbia settlement of Augustus

796

00:37:12,890 --> 00:37:10,500

in vicinity of Ruby Creek and Fraser

797

00:37:14,829 --> 00:37:12,900

River and heavy growth of Timber in the

798

00:37:18,050 --> 00:37:14,839

rainforest area of western Canada

799

00:37:19,849 --> 00:37:18,060

sincerely years of US News Agency Paris

800

00:37:22,370 --> 00:37:19,859

France

801
00:37:26,170 --> 00:37:22,380
space object might possibly be located

802
00:37:29,630 --> 00:37:26,180
by the use of geiger counter and

803
00:37:32,569 --> 00:37:29,640
centilometers from low-flag Plains over

804
00:37:36,109 --> 00:37:32,579
the rainforest area of western Canada

805
00:37:41,089 --> 00:37:38,630
so

806
00:37:44,450 --> 00:37:41,099
the chief of the Indians reports that

807
00:37:47,329 --> 00:37:44,460
the the Baska tribe has a treaty with

808
00:37:48,890 --> 00:37:47,339
the United States dated year of 1784 by

809
00:37:53,750 --> 00:37:48,900
the

810
00:37:55,849 --> 00:37:53,760
scandian tribe

811
00:37:57,730 --> 00:37:55,859
Okay blah blah blah blah so basically

812
00:37:59,990 --> 00:37:57,740
what they're saying here is

813
00:38:02,510 --> 00:38:00,000

the U.S

814

00:38:06,890 --> 00:38:02,520

owns what's in the rainforest and they

815

00:38:12,170 --> 00:38:09,890

that's what they're saying here

816

00:38:13,670 --> 00:38:12,180

as you can see here including land in

817

00:38:15,530 --> 00:38:13,680

the rainforest area in the waters along

818

00:38:17,210 --> 00:38:15,540

the Fraser River and Lake Fraser et

819

00:38:22,370 --> 00:38:17,220

cetera this would include the mysterious

820

00:38:27,349 --> 00:38:24,770

believed to be an interplanetary device

821

00:38:29,870 --> 00:38:27,359

on Fraser River

822

00:38:32,870 --> 00:38:29,880

1960.

823

00:38:35,270 --> 00:38:32,880

we have a connection of Uso UFOs in

824

00:38:39,530 --> 00:38:35,280

Sasquatch

825

00:38:44,450 --> 00:38:41,290

seems like a

826

00:38:47,270 --> 00:38:44,460

really hard one to believe

827

00:38:50,030 --> 00:38:47,280

but I wasn't there

828

00:38:52,370 --> 00:38:50,040

so the interesting uh thing about this

829

00:38:55,910 --> 00:38:52,380

is like I said this person sent it to

830

00:39:00,230 --> 00:38:58,010

they wound up calling it a hoax

831

00:39:02,089 --> 00:39:00,240

okay

832

00:39:04,430 --> 00:39:02,099

but they called Everything a hoax that

833

00:39:07,670 --> 00:39:04,440

sounded more than just a light in the

834

00:39:10,310 --> 00:39:07,680

sky that looked like the Moon

835

00:39:12,470 --> 00:39:10,320

this is an interesting one so he sent

836

00:39:14,810 --> 00:39:12,480

one of these to the office of the

837

00:39:16,550 --> 00:39:14,820

director of Defense research and

838

00:39:19,430 --> 00:39:16,560

engineering

839

00:39:20,990 --> 00:39:19,440

and they responded to the person and

840

00:39:23,690 --> 00:39:21,000

said thank you for your letter of 24

841

00:39:26,030 --> 00:39:23,700

February 1960 the incident which you

842

00:39:27,770 --> 00:39:26,040

report will be investigated

843

00:39:30,290 --> 00:39:27,780

which is

844

00:39:33,290 --> 00:39:30,300

just kind of crazy to me because they

845

00:39:35,569 --> 00:39:33,300

have no authority over the Air Force

846

00:39:37,550 --> 00:39:35,579

these office the office of director of

847

00:39:39,410 --> 00:39:37,560

Defense research and Engineering they

848

00:39:41,329 --> 00:39:39,420

can't go telling people to investigate

849

00:39:43,730 --> 00:39:41,339

or anything like that but yet they say

850

00:39:46,190 --> 00:39:43,740

it will be investigated and who did they

851
00:39:49,010 --> 00:39:46,200
forward this to they forward it to the

852
00:39:58,190 --> 00:39:51,109
and then the CIA eventually sent it to

853
00:40:02,569 --> 00:39:59,690
and

854
00:40:04,730 --> 00:40:02,579
I couldn't find the person's name as far

855
00:40:06,770 --> 00:40:04,740
as who wrote this thing until I looked

856
00:40:09,349 --> 00:40:06,780
at the brief summary

857
00:40:11,630 --> 00:40:09,359
which says

858
00:40:14,870 --> 00:40:11,640
considered it a hoax after checking the

859
00:40:19,190 --> 00:40:14,880
information given in Kramer's letters so

860
00:40:19,200 --> 00:40:22,970
like from Seinfeld

861
00:40:29,210 --> 00:40:25,670
he report this Sasquatch ship

862
00:40:32,290 --> 00:40:29,220
oh man crazy crazy story

863
00:40:32,300 --> 00:40:36,950

that's the Sasquatch spaceship story

864

00:40:40,370 --> 00:40:38,450

and

865

00:40:42,430 --> 00:40:40,380

um the Air Force was actually serious

866

00:40:46,130 --> 00:40:42,440

about investigating it

867

00:40:47,510 --> 00:40:46,140

and they wanted to investigate it so

868

00:40:49,910 --> 00:40:47,520

um but as

869

00:40:52,370 --> 00:40:49,920

this happens with so many of the Air

870

00:40:55,849 --> 00:40:52,380

Force reports from Blue Book

871

00:40:59,630 --> 00:40:57,950

you know there's no

872

00:41:02,569 --> 00:40:59,640

okay we're serious about investigating

873

00:41:04,609 --> 00:41:02,579

this then what happened

874

00:41:14,390 --> 00:41:04,619

you know that that stuff just isn't

875

00:41:19,970 --> 00:41:17,810

but it is what it is

876

00:41:21,829 --> 00:41:19,980

so I kind of got through all that pretty

877

00:41:25,490 --> 00:41:21,839

fast anything you guys want to talk

878

00:41:30,650 --> 00:41:27,410

uh we can talk about anything you want

879

00:41:31,849 --> 00:41:30,660

yeah goddamn Kramer I know oh I hope not

880

00:41:34,250 --> 00:41:31,859

Jesus

881

00:41:36,290 --> 00:41:34,260

yeah so

882

00:41:38,569 --> 00:41:36,300

um it's kind of an interesting case I I

883

00:41:40,609 --> 00:41:38,579

just wanted to uh kind of touch on that

884

00:41:43,250 --> 00:41:40,619

just a little bit because I thought it

885

00:41:45,710 --> 00:41:43,260

was pretty interesting

886

00:41:48,650 --> 00:41:45,720

um of course obviously I don't know if

887

00:41:52,490 --> 00:41:48,660

it's true or not like I said that's a

888

00:41:55,190 --> 00:41:52,500

tough one to believe but you never know

889

00:41:59,390 --> 00:41:55,200

you never know people have made that

890

00:42:03,589 --> 00:41:59,400

connection before between Sasquatches

891

00:42:05,750 --> 00:42:03,599

and spaceships so

892

00:42:08,569 --> 00:42:05,760

it's not the first time

893

00:42:11,390 --> 00:42:08,579

you know or maybe it is I would love to

894

00:42:13,609 --> 00:42:11,400

know the first time

895

00:42:16,609 --> 00:42:13,619

rumored hearing soon Mikey abstract you

896

00:42:19,430 --> 00:42:16,619

got it yep so

897

00:42:21,410 --> 00:42:19,440

there could be you know it seems like

898

00:42:22,670 --> 00:42:21,420

the goal post changed a little bit at

899

00:42:26,150 --> 00:42:22,680

first it seemed like it was going to be

900

00:42:28,970 --> 00:42:26,160

in April now it seems like maybe May so

901
00:42:33,470 --> 00:42:28,980
moving back a little bit but

902
00:42:41,750 --> 00:42:36,230
hopefully

903
00:42:44,089 --> 00:42:41,760
and if it does happen my biggest fear

904
00:42:45,849 --> 00:42:44,099
uh with hearings especially the way

905
00:42:47,690 --> 00:42:45,859
people have been talking

906
00:42:52,990 --> 00:42:47,700
is

907
00:42:58,130 --> 00:42:55,970
you know if they have a whole hearing

908
00:43:00,050 --> 00:42:58,140
about Chinese balloons and label it as

909
00:43:03,589 --> 00:43:00,060
UAP hearings I'm probably just gonna

910
00:43:10,250 --> 00:43:07,370
yeah so hopefully that doesn't happen

911
00:43:14,569 --> 00:43:12,370
if you're not familiar with my website

912
00:43:16,550 --> 00:43:14,579
witnesscitizen.com you should definitely

913
00:43:19,670 --> 00:43:16,560

go and check it out I have some pretty

914

00:43:21,109 --> 00:43:19,680

great stories here uh this last one I

915

00:43:23,450 --> 00:43:21,119

wrote

916

00:43:26,530 --> 00:43:23,460

um is about three different military

917

00:43:32,750 --> 00:43:30,950

and the best one is the one that I talk

918

00:43:37,910 --> 00:43:32,760

about at the end

919

00:43:41,770 --> 00:43:40,430

by Las Vegas which is actually kind of

920

00:43:46,250 --> 00:43:41,780

like a secret

921

00:43:48,770 --> 00:43:46,260

uh testing facility so I took that

922

00:43:50,030 --> 00:43:48,780

and wrote about it a little bit because

923

00:43:53,809 --> 00:43:50,040

it's

924

00:43:57,589 --> 00:43:53,819

pretty crazy so this guy Joseph long

925

00:43:58,309 --> 00:43:57,599

um back in 1957 he was at this

926
00:44:00,710 --> 00:43:58,319
um

927
00:44:02,750 --> 00:44:00,720
this

928
00:44:05,290 --> 00:44:02,760
um like survival course

929
00:44:07,970 --> 00:44:05,300
basically at the Steeda Air Force Base

930
00:44:09,410 --> 00:44:07,980
and he did this in advance survival

931
00:44:12,770 --> 00:44:09,420
thing he was in the Air Force and then

932
00:44:14,809 --> 00:44:12,780
he had to drive to around Las Vegas to

933
00:44:17,089 --> 00:44:14,819
fly back to his home in I think it was

934
00:44:20,270 --> 00:44:17,099
Delaware so as he's driving he's about

935
00:44:23,569 --> 00:44:20,280
four hours into his drive he notices

936
00:44:25,670 --> 00:44:23,579
that his engine stops

937
00:44:28,309 --> 00:44:25,680
so he pulls over he gets out of his car

938
00:44:30,170 --> 00:44:28,319

and he starts hearing this really loud

939

00:44:34,069 --> 00:44:30,180

humming noise at the point where it

940

00:44:38,870 --> 00:44:36,650

and as that happened he sees the

941

00:44:40,069 --> 00:44:38,880

spaceships and there are like three or

942

00:44:42,170 --> 00:44:40,079

four of them well he doesn't call them

943

00:44:45,170 --> 00:44:42,180

spaceships he could they're like um

944

00:44:47,930 --> 00:44:45,180

Flying Saucer disc like

945

00:44:50,870 --> 00:44:47,940

things and he sees these about 50 feet

946

00:44:53,809 --> 00:44:50,880

away from him in the middle of the road

947

00:44:56,030 --> 00:44:53,819

so he reports it

948

00:45:00,470 --> 00:44:56,040

he reports It in the Air Force pretty

949

00:45:06,109 --> 00:45:02,870

why did they go nuts well one of the

950

00:45:08,450 --> 00:45:06,119

quotes in here is how the Air Force is

951
00:45:10,609 --> 00:45:08,460
saying how it's unprecedented

952
00:45:12,829 --> 00:45:10,619
here we have this person

953
00:45:14,690 --> 00:45:12,839
who should be able to

954
00:45:16,190 --> 00:45:14,700
here let me actually just find the quote

955
00:45:20,750 --> 00:45:16,200
read it to you

956
00:45:27,530 --> 00:45:24,290
um it's it resonates with uh today and

957
00:45:31,849 --> 00:45:30,109
it resonates uh with today and people

958
00:45:33,650 --> 00:45:31,859
who come out and talk about their

959
00:45:34,970 --> 00:45:33,660
settings today that are in the Air Force

960
00:45:42,050 --> 00:45:34,980
or whatever

961
00:45:42,060 --> 00:45:47,210
and so okay so

962
00:45:52,670 --> 00:45:49,250
number two here I'm going to read this

963
00:45:55,190 --> 00:45:52,680

is from or to the district commander of

964

00:45:57,050 --> 00:45:55,200

OSI so one of the things they wanted to

965

00:45:58,670 --> 00:45:57,060

do is have OSI office of special

966

00:46:00,349 --> 00:45:58,680

investigations in the Air Force actually

967

00:46:02,870 --> 00:46:00,359

investigate this guy look into his

968

00:46:06,410 --> 00:46:02,880

credit interview his friends all that

969

00:46:10,309 --> 00:46:08,270

all because this guy made close contact

970

00:46:12,109 --> 00:46:10,319

so number two it says to brief the

971

00:46:14,390 --> 00:46:12,119

incident involves subject officer who

972

00:46:16,190 --> 00:46:14,400

claims to have made close contact with

973

00:46:19,069 --> 00:46:16,200

what is commonly referred to as flying

974

00:46:21,109 --> 00:46:19,079

saucers a formal investigation requested

975

00:46:23,750 --> 00:46:21,119

by this Center disclosed that subject

976
00:46:26,030 --> 00:46:23,760
officer left immediately upon completing

977
00:46:28,309 --> 00:46:26,040
the USAF survival school at Steed Air

978
00:46:30,290 --> 00:46:28,319
Force Base traveled all night in route

979
00:46:32,390 --> 00:46:30,300
to Las Vegas and encountered the alleged

980
00:46:34,430 --> 00:46:32,400
objects the following day in this

981
00:46:37,010 --> 00:46:34,440
respect that the case may be considered

982
00:46:38,690 --> 00:46:37,020
somewhat unprecedented the officer is a

983
00:46:40,730 --> 00:46:38,700
fighter pilot who is assumed to be

984
00:46:43,609 --> 00:46:40,740
familiar with both current and projected

985
00:46:46,370 --> 00:46:43,619
aircraft missile and helicopter designs

986
00:46:48,890 --> 00:46:46,380
as well as aerial phenomena that is

987
00:46:51,349 --> 00:46:48,900
often mistaken for unusual or

988
00:46:53,930 --> 00:46:51,359

unconventional Airborne objects yet

989

00:47:05,690 --> 00:46:53,940

insisting an official testimony to

990

00:47:09,230 --> 00:47:07,309

foreign

991

00:47:10,790 --> 00:47:09,240

and what did they do so what did they

992

00:47:13,190 --> 00:47:10,800

what did they do what they what they

993

00:47:16,490 --> 00:47:13,200

tried to do

994

00:47:18,890 --> 00:47:16,500

um is get a doctor doctor if it's a

995

00:47:21,290 --> 00:47:18,900

psychologist who worked on earlier cases

996

00:47:22,430 --> 00:47:21,300

for Blue Book maybe like almost 10 years

997

00:47:26,210 --> 00:47:22,440

prior

998

00:47:28,309 --> 00:47:26,220

and they got this person to

999

00:47:30,230 --> 00:47:28,319

look at this case and they basically

1000

00:47:32,329 --> 00:47:30,240

hounded

1001
00:47:35,569 --> 00:47:32,339
the guy

1002
00:47:42,170 --> 00:47:35,579
to look at this case and actually gave a

1003
00:47:46,130 --> 00:47:44,450
look at this so the Air Force says

1004
00:47:47,870 --> 00:47:46,140
reviewing the local newspaper I noticed

1005
00:47:50,270 --> 00:47:47,880
a statement that Dr Fitz is planning to

1006
00:47:51,950 --> 00:47:50,280
leave the country vacation I think April

1007
00:47:53,450 --> 00:47:51,960
4th I'm still holding the sensitive

1008
00:47:57,230 --> 00:47:53,460
document and I've heard no word from

1009
00:48:00,650 --> 00:47:58,970
I've contacted Professor Fitz office

1010
00:48:02,210 --> 00:48:00,660
every day for the last two weeks

1011
00:48:04,190 --> 00:48:02,220
yesterday I received insurance from a

1012
00:48:06,349 --> 00:48:04,200
secretary that he would at least review

1013
00:48:08,930 --> 00:48:06,359

the documents sometime today some

1014

00:48:11,690 --> 00:48:08,940

background regarding this suggested

1015

00:48:14,329 --> 00:48:11,700

to a secretary so they hounded the guy

1016

00:48:16,730 --> 00:48:14,339

for a long time finally he gave his uh

1017

00:48:18,589 --> 00:48:16,740

his opinion

1018

00:48:21,170 --> 00:48:18,599

and

1019

00:48:23,630 --> 00:48:21,180

you know what are they going to say

1020

00:48:25,490 --> 00:48:23,640

I just say a bunch of stuff that kind of

1021

00:48:28,730 --> 00:48:25,500

defeats

1022

00:48:28,740 --> 00:48:32,030

you know the incident

1023

00:48:50,569 --> 00:48:33,290

so

1024

00:48:54,470 --> 00:48:52,250

what else is up with you guys what do

1025

00:48:57,710 --> 00:48:54,480

you want to talk about

1026
00:48:59,270 --> 00:48:57,720
you guys are talking about Dr Greer I

1027
00:49:00,670 --> 00:48:59,280
don't want to comment on that guy I

1028
00:49:04,309 --> 00:49:00,680
don't personally take

1029
00:49:06,650 --> 00:49:04,319
much of what he says seriously

1030
00:49:10,069 --> 00:49:06,660
although he desperately wants people to

1031
00:49:14,089 --> 00:49:10,079
I personally don't

1032
00:49:17,809 --> 00:49:15,710
but you know

1033
00:49:20,930 --> 00:49:17,819
that's just how I feel I don't get the

1034
00:49:23,510 --> 00:49:20,940
right vibe from the guy

1035
00:49:25,970 --> 00:49:23,520
so

1036
00:49:28,370 --> 00:49:25,980
other than that I think we're just like

1037
00:49:30,170 --> 00:49:28,380
as far as any uh disclosure progress I

1038
00:49:31,970 --> 00:49:30,180

think we're just waiting

1039

00:49:33,349 --> 00:49:31,980

waiting to see what happens with

1040

00:49:34,309 --> 00:49:33,359

Congressional hearings and all that kind

1041

00:49:36,050 --> 00:49:34,319

of stuff

1042

00:49:39,890 --> 00:49:36,060

but

1043

00:49:45,710 --> 00:49:42,109

Sean thoughts on James Fox recent

1044

00:49:48,470 --> 00:49:45,720

comments about the happenings in DC

1045

00:49:51,290 --> 00:49:48,480

um if you're referring to how he said

1046

00:49:54,170 --> 00:49:51,300

he's aware of people

1047

00:49:55,670 --> 00:49:54,180

um that you know testify to Arrow or

1048

00:49:58,730 --> 00:49:55,680

blew the whistle so to speak about

1049

00:50:00,290 --> 00:49:58,740

reverse engineering stuff

1050

00:50:01,790 --> 00:50:00,300

um what do I think about that I could

1051
00:50:03,710 --> 00:50:01,800
kind of touched on that a little earlier

1052
00:50:05,569 --> 00:50:03,720
I guess about

1053
00:50:08,030 --> 00:50:05,579
um first of all a lot of people seem to

1054
00:50:12,170 --> 00:50:08,040
be saying this kind of stuff what there

1055
00:50:15,230 --> 00:50:12,180
is uh Nolan or or cold heart or

1056
00:50:17,030 --> 00:50:15,240
um you know Burchette or

1057
00:50:19,550 --> 00:50:17,040
other people they're talking about

1058
00:50:23,930 --> 00:50:19,560
George Knapp Jeremy Corbell talking

1059
00:50:25,730 --> 00:50:23,940
about how people have testified and I

1060
00:50:27,109 --> 00:50:25,740
think that's awesome and I hope that

1061
00:50:29,030 --> 00:50:27,119
happens because that's what it was

1062
00:50:30,950 --> 00:50:29,040
designed for

1063
00:50:34,130 --> 00:50:30,960

um it's just a little weird to me that

1064

00:50:35,690 --> 00:50:34,140

how all these people know

1065

00:50:38,390 --> 00:50:35,700

um

1066

00:50:40,490 --> 00:50:38,400

that this is happening like somebody's

1067

00:50:42,770 --> 00:50:40,500

leaking this to like five different

1068

00:50:43,550 --> 00:50:42,780

people that are in the UFO space right

1069

00:50:49,790 --> 00:50:43,560

now

1070

00:50:51,109 --> 00:50:49,800

more about that uh who the people are

1071

00:50:53,210 --> 00:50:51,119

what they did

1072

00:50:55,010 --> 00:50:53,220

you know hopefully that comes out

1073

00:50:57,470 --> 00:50:55,020

eventually

1074

00:50:59,030 --> 00:50:57,480

I know we also hear things about some

1075

00:51:04,730 --> 00:50:59,040

new people that we haven't heard of

1076
00:51:06,349 --> 00:51:05,089

[Music]

1077
00:51:07,970 --> 00:51:06,359

um

1078
00:51:10,370 --> 00:51:07,980

but I don't really have any expectations

1079
00:51:16,250 --> 00:51:10,380

I guess

1080
00:51:19,790 --> 00:51:17,990

care you're now worth their time Sean

1081
00:51:21,530 --> 00:51:19,800

you see a chain of Legacy programs to

1082
00:51:25,130 --> 00:51:21,540

your work

1083
00:51:27,530 --> 00:51:26,210

there's

1084
00:51:29,569 --> 00:51:27,540

um

1085
00:51:32,390 --> 00:51:29,579

you know what that what the Air Force it

1086
00:51:36,349 --> 00:51:32,400

can be so frustrating

1087
00:51:41,990 --> 00:51:39,829

you know the the Blue Book got so many

1088
00:51:47,390 --> 00:51:42,000

pilot reports whether it's civilian

1089

00:51:52,549 --> 00:51:49,609

you know and and they always handle them

1090

00:51:55,010 --> 00:51:52,559

the same if it was just a visual

1091

00:51:58,609 --> 00:51:55,020

they would try and chalk it up to a moon

1092

00:52:01,910 --> 00:51:58,619

or minus Venus or or Mars or something

1093

00:52:03,829 --> 00:52:01,920

like that if there is

1094

00:52:06,170 --> 00:52:03,839

you know radar and a visual they would

1095

00:52:08,630 --> 00:52:06,180

split two things up and say the guys saw

1096

00:52:10,970 --> 00:52:08,640

Venus and the radar was anomalous

1097

00:52:14,270 --> 00:52:10,980

propagation uh temperature inversions

1098

00:52:18,230 --> 00:52:16,430

these Close Encounters

1099

00:52:23,569 --> 00:52:18,240

like the one I just showed you they

1100

00:52:29,030 --> 00:52:25,549

Meanwhile we're still here dealing with

1101
00:52:33,170 --> 00:52:31,490
um but yeah like Legacy programs you

1102
00:52:39,049 --> 00:52:33,180
know I don't know about like Legacy

1103
00:52:43,910 --> 00:52:40,910
um you know the Air Force has had

1104
00:52:45,829 --> 00:52:43,920
projects that look for objects like Moon

1105
00:52:49,309 --> 00:52:45,839
dust Moon dust

1106
00:52:52,250 --> 00:52:49,319
was it out of Fort Bel four hundred one

1107
00:52:55,130 --> 00:52:52,260
one two seventh uh activities field

1108
00:52:56,089 --> 00:52:55,140
activities well this what they were

1109
00:52:58,730 --> 00:52:56,099
called

1110
00:53:01,670 --> 00:52:58,740
and they'd go after stuff that came out

1111
00:53:05,089 --> 00:53:01,680
of space space objects and that's

1112
00:53:09,049 --> 00:53:05,099
documented in official

1113
00:53:11,329 --> 00:53:09,059

you know so that stuff existed

1114

00:53:13,430 --> 00:53:11,339

and Blue Book always stuck in materials

1115

00:53:16,970 --> 00:53:13,440

UFO materials whether it was a piece of

1116

00:53:18,890 --> 00:53:16,980

a UFO or even soil that a UFO supposedly

1117

00:53:21,349 --> 00:53:18,900

landed on they would take that stuff and

1118

00:53:22,849 --> 00:53:21,359

test it and analyze it and who would

1119

00:53:25,549 --> 00:53:22,859

they give it to they would give it to a

1120

00:53:27,290 --> 00:53:25,559

company called Patel Patel is a huge

1121

00:53:31,010 --> 00:53:27,300

company that runs a lot of the National

1122

00:53:31,020 --> 00:53:35,510

where things are tested

1123

00:53:40,910 --> 00:53:37,910

so this stuff goes on

1124

00:53:43,790 --> 00:53:40,920

but we don't know what happens with it

1125

00:53:45,530 --> 00:53:43,800

for instance my website

1126

00:53:48,549 --> 00:53:45,540

there's a story

1127

00:53:51,829 --> 00:53:48,559

about this very thing Tetons and brown

1128

00:53:55,390 --> 00:53:51,839

finds this material in the documents out

1129

00:53:58,730 --> 00:53:55,400

of Blue Book says it's acts magnetically

1130

00:54:00,670 --> 00:53:58,740

changes its mass and they're super

1131

00:54:03,650 --> 00:54:00,680

surprised and impressed by this material

1132

00:54:06,410 --> 00:54:03,660

he talks about this material with arpa

1133

00:54:08,630 --> 00:54:06,420

which was the precursor to DARPA and

1134

00:54:10,730 --> 00:54:08,640

also the Air Force and the Air Force was

1135

00:54:12,890 --> 00:54:10,740

going to test it

1136

00:54:15,170 --> 00:54:12,900

but there's no follow-up paperwork so

1137

00:54:17,510 --> 00:54:15,180

you're left with this stuff for the Air

1138

00:54:18,829 --> 00:54:17,520

Force got this amazing material they

1139

00:54:21,890 --> 00:54:18,839

were going to test it and then there's

1140

00:54:24,349 --> 00:54:21,900

nothing there's no follow-up

1141

00:54:26,690 --> 00:54:24,359

you know but the story is a good example

1142

00:54:28,609 --> 00:54:26,700

of how a private citizen was just T

1143

00:54:31,370 --> 00:54:28,619

Townsend Brown

1144

00:54:33,109 --> 00:54:31,380

can get his hands on material and use it

1145

00:54:39,049 --> 00:54:33,119

for himself

1146

00:54:43,190 --> 00:54:40,790

so we know this stuff exists we know

1147

00:54:44,750 --> 00:54:43,200

crash retrieval programs exist we know

1148

00:54:46,370 --> 00:54:44,760

that private companies have gotten

1149

00:54:49,849 --> 00:54:46,380

material

1150

00:54:53,270 --> 00:54:49,859

that seems anomalous we know all of that

1151

00:54:55,549 --> 00:54:53,280

that's in the documents

1152

00:54:59,150 --> 00:54:55,559

what we don't have is the follow-up for

1153

00:55:03,410 --> 00:55:00,770

which is what we need and hopefully it's

1154

00:55:05,390 --> 00:55:03,420

you know somebody finds that out

1155

00:55:08,030 --> 00:55:05,400

because some of the stories

1156

00:55:09,650 --> 00:55:08,040

some of which I've written about are

1157

00:55:11,390 --> 00:55:09,660

very compelling

1158

00:55:16,309 --> 00:55:11,400

especially that Tetons and brown one

1159

00:55:20,809 --> 00:55:18,589

so

1160

00:55:23,089 --> 00:55:20,819

JD Group K yeah I saw a little bit about

1161

00:55:24,049 --> 00:55:23,099

that I saw Ross coldheart mentioned uh

1162

00:55:25,069 --> 00:55:24,059

Group K

1163

00:55:29,450 --> 00:55:25,079

uh

1164

00:55:30,890 --> 00:55:29,460

I mean my thoughts on it are Ross was

1165

00:55:34,309 --> 00:55:30,900

pretty serious about putting it out

1166

00:55:43,849 --> 00:55:37,030

and

1167

00:55:45,650 --> 00:55:43,859

uh Twitter there put a lot of research

1168

00:55:46,970 --> 00:55:45,660

into group game found some pretty crazy

1169

00:55:53,750 --> 00:55:46,980

stuff

1170

00:55:55,190 --> 00:55:53,760

this is the frustrating part of this

1171

00:55:56,690 --> 00:55:55,200

kind of research

1172

00:55:58,790 --> 00:55:56,700

is

1173

00:56:00,530 --> 00:55:58,800

like tiny Klaus goes in does a lot of

1174

00:56:02,690 --> 00:56:00,540

work on Group K finds a lot of crazy

1175

00:56:04,609 --> 00:56:02,700

stuff probably found himself in some

1176

00:56:06,170 --> 00:56:04,619

places he felt weird about like should I

1177

00:56:08,930 --> 00:56:06,180

even be looking at this

1178

00:56:11,690 --> 00:56:08,940

and you know I know that because I found

1179

00:56:13,250 --> 00:56:11,700

myself there too before but the thing is

1180

00:56:16,130 --> 00:56:13,260

like

1181

00:56:17,390 --> 00:56:16,140

there's nothing about UFOs you know but

1182

00:56:19,609 --> 00:56:17,400

that's not going to be public either

1183

00:56:21,170 --> 00:56:19,619

right that would be private or they'd be

1184

00:56:23,270 --> 00:56:21,180

highly classified

1185

00:56:25,670 --> 00:56:23,280

so you can only take the research so far

1186

00:56:28,309 --> 00:56:25,680

which is so frustrating

1187

00:56:29,809 --> 00:56:28,319

you know because he did such great work

1188

00:56:32,390 --> 00:56:29,819

on it and found so much stuff about

1189

00:56:33,890 --> 00:56:32,400

Group K but you're not going to find the

1190

00:56:36,770 --> 00:56:33,900

Smoking Gun

1191

00:56:44,030 --> 00:56:36,780

um in publicly available data

1192

00:56:47,089 --> 00:56:45,470

so

1193

00:56:50,630 --> 00:56:47,099

is what it is

1194

00:56:53,510 --> 00:56:50,640

uh blue flag project Moon dust yep 4602

1195

00:56:56,690 --> 00:56:53,520

yeah yep yep

1196

00:56:58,069 --> 00:56:56,700

um 4602 work with the cia's OSI p e

1197

00:57:07,730 --> 00:56:58,079

division

1198

00:57:08,390 --> 00:57:07,740

definitely has some documents

1199

00:57:09,950 --> 00:57:08,400

um

1200

00:57:11,990 --> 00:57:09,960

in there for your reading room where

1201
00:57:14,210 --> 00:57:12,000
they were looking at more technical

1202
00:57:16,370 --> 00:57:14,220
aspects of UFOs although it didn't say

1203
00:57:20,569 --> 00:57:16,380
that I've seen anything of them working

1204
00:57:23,630 --> 00:57:20,579
directly with uh the air force uh

1205
00:57:25,910 --> 00:57:23,640
or Moon dust so to speak but that would

1206
00:57:28,190 --> 00:57:25,920
make sense because moondust would get

1207
00:57:30,770 --> 00:57:28,200
objects around the country

1208
00:57:33,230 --> 00:57:30,780
and that's what the CIA looks or I mean

1209
00:57:34,790 --> 00:57:33,240
around the world not the country

1210
00:57:36,890 --> 00:57:34,800
um and the CIA deals with that although

1211
00:57:42,170 --> 00:57:36,900
Moon does looked at objects that fell

1212
00:57:47,450 --> 00:57:44,150
um JD where can you read the original

1213
00:57:49,670 --> 00:57:47,460

blue book reports come on man

1214

00:57:55,609 --> 00:57:49,680

really

1215

00:58:01,250 --> 00:57:58,730

how long you've been watching this show

1216

00:58:05,450 --> 00:58:03,650

if you go to my website I have a link

1217

00:58:07,790 --> 00:58:05,460

that takes you right there

1218

00:58:11,930 --> 00:58:07,800

under a tab called research tools

1219

00:58:18,170 --> 00:58:15,290

I can paste them

1220

00:58:20,030 --> 00:58:18,180

here paste there's a link so I just put

1221

00:58:21,650 --> 00:58:20,040

that in the chat for a JD if you want to

1222

00:58:24,230 --> 00:58:21,660

look at our original blue book reports

1223

00:58:30,109 --> 00:58:24,240

you can click on that link

1224

00:58:34,490 --> 00:58:32,329

there's about ten thousand some files in

1225

00:58:38,150 --> 00:58:36,470

but you should also know that when you

1226

00:58:41,089 --> 00:58:38,160

go to my website

1227

00:58:42,530 --> 00:58:41,099

and a story that I've I've written you

1228

00:58:45,109 --> 00:58:42,540

can click on the picture that's posted

1229

00:58:46,849 --> 00:58:45,119

in the story and it takes you straight

1230

00:58:49,130 --> 00:58:46,859

to

1231

00:58:52,370 --> 00:58:49,140

the Blue Book file

1232

00:58:56,750 --> 00:58:54,829

Andres thank you the Lesser known cases

1233

00:58:59,150 --> 00:58:56,760

yes I appreciate that so one of the

1234

00:59:00,470 --> 00:58:59,160

cases was

1235

00:59:03,109 --> 00:59:00,480

um

1236

00:59:04,549 --> 00:59:03,119

this guy was a 20-year and we're talking

1237

00:59:06,890 --> 00:59:04,559

about the cases I've just written about

1238

00:59:11,030 --> 00:59:06,900

on my website so one of the cases covers

1239

00:59:14,390 --> 00:59:11,040

this 24 year old Navy veteran

1240

00:59:16,370 --> 00:59:14,400

who turns into a Air Force missile

1241

00:59:18,890 --> 00:59:16,380

defense engineer for the air for the Air

1242

00:59:18,900 --> 00:59:22,730

he's driving down a road

1243

00:59:26,750 --> 00:59:24,829

his car starts stalling out he's

1244

00:59:28,910 --> 00:59:26,760

noticing other cars are pulling off the

1245

00:59:31,490 --> 00:59:28,920

side of the road so he does that as well

1246

00:59:36,410 --> 00:59:31,500

he gets out this object that looks like

1247

00:59:41,450 --> 00:59:38,990

it heated up

1248

00:59:43,430 --> 00:59:41,460

like the area heated up

1249

00:59:46,730 --> 00:59:43,440

there's a pressure change he thought he

1250

00:59:52,849 --> 00:59:48,890

went to the doctor doctor said he you

1251
00:59:57,109 --> 00:59:54,650
crazy encounter and they'd and the Air

1252
00:59:58,910 --> 00:59:57,119
Force just blew the guy off it's 24-year

1253
01:00:01,430 --> 00:59:58,920
Navy veteran

1254
01:00:03,470 --> 01:00:01,440
engineer

1255
01:00:05,870 --> 01:00:03,480
for the Air Force missile Development

1256
01:00:08,569 --> 01:00:05,880
Center says he pulled off the side of

1257
01:00:10,970 --> 01:00:08,579
the road because an egg Shake object

1258
01:00:12,950 --> 01:00:10,980
stole this car he thought his face was

1259
01:00:14,870 --> 01:00:12,960
burned

1260
01:00:17,329 --> 01:00:14,880
there's a pressure change and the guy

1261
01:00:19,190 --> 01:00:17,339
gets blown off what kind of witness do

1262
01:00:21,289 --> 01:00:19,200
you want what kind of witnesses do you

1263
01:00:25,789 --> 01:00:21,299

want there are hundreds of Air Force

1264

01:00:28,250 --> 01:00:25,799

military Witnesses going back decades

1265

01:00:31,130 --> 01:00:28,260

Close Encounters

1266

01:00:33,230 --> 01:00:31,140

crazy Maneuvers no no propulsion

1267

01:00:35,569 --> 01:00:33,240

Collision courses

1268

01:00:38,690 --> 01:00:35,579

for decades

1269

01:00:42,890 --> 01:00:38,700

and we're still here trying to get Arrow

1270

01:00:48,109 --> 01:00:45,530

because people can't wrap their minds

1271

01:00:49,789 --> 01:00:48,119

around the reality of what this is and

1272

01:00:52,910 --> 01:00:49,799

that people see things that they can't

1273

01:00:56,569 --> 01:00:52,920

explain that are real I cannot wait till

1274

01:00:58,789 --> 01:00:56,579

memory transfer is a real thing

1275

01:01:00,950 --> 01:00:58,799

so that I can transfer my memories to

1276

01:01:03,049 --> 01:01:00,960

somebody else who doesn't know what I

1277

01:01:04,250 --> 01:01:03,059

saw and doesn't believe me so that they

1278

01:01:06,289 --> 01:01:04,260

can see it

1279

01:01:09,230 --> 01:01:06,299

and deal with that

1280

01:01:11,210 --> 01:01:09,240

because nobody freaking understands

1281

01:01:13,309 --> 01:01:11,220

because they haven't seen it because it

1282

01:01:15,950 --> 01:01:13,319

doesn't seem normal to them just forget

1283

01:01:21,650 --> 01:01:15,960

it it's crazy it's not important throw

1284

01:01:21,660 --> 01:01:25,910

and it just doesn't work that way

1285

01:01:25,920 --> 01:01:33,770

eventually you will have to deal with it

1286

01:01:37,609 --> 01:01:35,930

and it's just frustrating you know

1287

01:01:39,849 --> 01:01:37,619

because people don't even realize they

1288

01:01:43,849 --> 01:01:39,859

see Ryan Gray's or flavor or Dietrich

1289

01:01:45,770 --> 01:01:43,859

he's uh latest uh pilot Witnesses and

1290

01:01:48,289 --> 01:01:45,780

everybody just focuses on that and

1291

01:01:50,329 --> 01:01:48,299

Jeremy Corbell and is going back and

1292

01:01:55,130 --> 01:01:50,339

forth with Mick West and these triangles

1293

01:01:55,140 --> 01:01:59,569

everyone is missing the point

1294

01:02:04,910 --> 01:02:02,750

the point isn't about these

1295

01:02:07,490 --> 01:02:04,920

latest

1296

01:02:12,530 --> 01:02:07,500

encounters

1297

01:02:20,870 --> 01:02:16,190

80 years 80 plus years of documented

1298

01:02:28,690 --> 01:02:25,270

you know some really compelling amazing

1299

01:02:34,490 --> 01:02:28,700

cases with the most reputable

1300

01:02:40,309 --> 01:02:36,950

and as a whole society still kind of

1301

01:02:43,069 --> 01:02:40,319

denies the existence of it

1302

01:02:46,430 --> 01:02:43,079

and nobody pays attention to the

1303

01:02:48,589 --> 01:02:46,440

plethora of amazing cases that exist in

1304

01:02:50,930 --> 01:02:48,599

the military's own words

1305

01:02:53,630 --> 01:02:50,940

their own reports

1306

01:02:55,670 --> 01:02:53,640

them's Air Force investigators saying

1307

01:02:56,930 --> 01:02:55,680

things like I have no explanation for

1308

01:03:00,410 --> 01:02:56,940

this

1309

01:03:02,930 --> 01:03:00,420

these are real physical objects

1310

01:03:04,549 --> 01:03:02,940

the round sensitive sites

1311

01:03:14,930 --> 01:03:04,559

all this stuff

1312

01:03:19,849 --> 01:03:18,109

then you know you have your debunker in

1313

01:03:22,190 --> 01:03:19,859

the case they want to debunk and that's

1314

01:03:25,849 --> 01:03:22,200

all they focus on

1315

01:03:29,270 --> 01:03:27,589

because they think they might be able to

1316

01:03:31,490 --> 01:03:29,280

win that little argument that little

1317

01:03:36,230 --> 01:03:31,500

argument about that one account about

1318

01:03:41,630 --> 01:03:38,809

when you bring up the plethora

1319

01:03:43,430 --> 01:03:41,640

of cases

1320

01:03:46,430 --> 01:03:43,440

the whole

1321

01:03:46,440 --> 01:03:50,329

they don't have answers for that

1322

01:03:55,849 --> 01:03:53,270

you can't give me a good answer why

1323

01:03:58,670 --> 01:03:55,859

the Air Force is was dealing with

1324

01:04:01,130 --> 01:03:58,680

anomalous propagation as early as 1947

1325

01:04:04,250 --> 01:04:01,140

and are still dealing with anomalous

1326

01:04:06,770 --> 01:04:04,260

propagation in 2023.

1327

01:04:08,809 --> 01:04:06,780

you can't tell me they haven't figured

1328

01:04:12,770 --> 01:04:08,819

out either how to stop temperature

1329

01:04:16,250 --> 01:04:12,780

inversions from bending the radio wave

1330

01:04:18,170 --> 01:04:16,260

or have their radar operators operators

1331

01:04:19,670 --> 01:04:18,180

completely trained up on what that looks

1332

01:04:22,789 --> 01:04:19,680

like so they know what it is so they

1333

01:04:24,710 --> 01:04:22,799

don't report it as a UFO guess what that

1334

01:04:26,210 --> 01:04:24,720

has happened and you find that in Air

1335

01:04:28,190 --> 01:04:26,220

Force documents

1336

01:04:31,190 --> 01:04:28,200

the radar operator says I'm well

1337

01:04:33,349 --> 01:04:31,200

familiar with temperature inversions

1338

01:04:35,030 --> 01:04:33,359

and what that looks like on a radar it

1339

01:04:37,309 --> 01:04:35,040

doesn't look like this

1340

01:04:39,170 --> 01:04:37,319

doesn't come in like this this is

1341

01:04:42,349 --> 01:04:39,180

different I've been doing this for 12

1342

01:04:49,130 --> 01:04:42,359

years all this stuff is documented and

1343

01:04:49,140 --> 01:04:57,230

by the government by the military

1344

01:04:57,240 --> 01:05:00,650

so

1345

01:05:04,569 --> 01:05:02,750

what are we gonna do what are we gonna

1346

01:05:07,309 --> 01:05:04,579

do about it

1347

01:05:09,109 --> 01:05:07,319

just keep going I guess as long as

1348

01:05:11,270 --> 01:05:09,119

there's fun things to talk about we'll

1349

01:05:14,030 --> 01:05:11,280

keep going so

1350

01:05:15,650 --> 01:05:14,040

yeah I don't know what's up with I

1351

01:05:17,270 --> 01:05:15,660

haven't figured out this YouTube

1352

01:05:20,210 --> 01:05:17,280

algorithm

1353

01:05:21,829 --> 01:05:20,220

it's like one show will have nearly 100

1354

01:05:24,170 --> 01:05:21,839

people in here

1355

01:05:27,170 --> 01:05:24,180

the next we'll have 30

1356

01:05:28,849 --> 01:05:27,180

I don't understand what the deal is

1357

01:05:31,970 --> 01:05:28,859

so

1358

01:05:33,770 --> 01:05:31,980

share it subscribe all that kind of

1359

01:05:35,809 --> 01:05:33,780

stuff

1360

01:05:38,809 --> 01:05:35,819

let's get our numbers up

1361

01:05:41,030 --> 01:05:38,819

because we're trying to spread the truth

1362

01:05:43,789 --> 01:05:41,040

you know that's one thing that kind of

1363

01:05:45,710 --> 01:05:43,799

pisses me off about uh like UFO Twitter

1364

01:05:47,630 --> 01:05:45,720

or whatever is everyone pays so much

1365

01:05:49,130 --> 01:05:47,640

attention in that goddamn drama

1366

01:05:51,589 --> 01:05:49,140

and you have somebody trying to work

1367

01:05:53,690 --> 01:05:51,599

their ass off like whether it's writing

1368

01:05:55,370 --> 01:05:53,700

articles or doing these podcasts nobody

1369

01:05:58,490 --> 01:05:55,380

talks about that nobody talks about

1370

01:06:00,170 --> 01:05:58,500

my solo shows or the work I do

1371

01:06:01,910 --> 01:06:00,180

everyone just wants to talk about the

1372

01:06:03,770 --> 01:06:01,920

drama and the

1373

01:06:08,089 --> 01:06:03,780

you know meanwhile people are putting in

1374

01:06:10,309 --> 01:06:08,099

real serious work it doesn't get noticed

1375

01:06:12,650 --> 01:06:10,319

you know the the one way I could have it

1376

01:06:13,730 --> 01:06:12,660

be noticed is just by starting drama I

1377

01:06:15,410 --> 01:06:13,740

guess

1378

01:06:17,390 --> 01:06:15,420

but that's why people start dramas

1379

01:06:19,190 --> 01:06:17,400

because they get the attention

1380

01:06:20,329 --> 01:06:19,200

you know and then all the attention goes

1381

01:06:23,270 --> 01:06:20,339

towards something that really doesn't

1382

01:06:25,670 --> 01:06:23,280

matter and is quite stupid

1383

01:06:27,289 --> 01:06:25,680

versus putting it

1384

01:06:29,630 --> 01:06:27,299

towards people that are actually trying

1385

01:06:34,010 --> 01:06:29,640

to do some work

1386

01:06:35,390 --> 01:06:34,020

you know so if you want to

1387

01:06:37,609 --> 01:06:35,400

you know and I'm sitting here at 40

1388

01:06:40,370 --> 01:06:37,619

views I've been doing this for a couple

1389

01:06:43,370 --> 01:06:41,510

you know

1390

01:06:46,430 --> 01:06:43,380

and I can't get more than like a

1391

01:06:48,349 --> 01:06:46,440

thousand plays on a solo gig

1392

01:06:50,930 --> 01:06:48,359

meanwhile you got other shows all they

1393

01:06:53,029 --> 01:06:50,940

do is talk about drama

1394

01:06:58,910 --> 01:06:53,039

and and nerd

1395

01:07:04,370 --> 01:07:01,849

it's quite frustrating

1396

01:07:06,170 --> 01:07:04,380

so I have to kind of live with the fact

1397

01:07:09,049 --> 01:07:06,180

that

1398

01:07:11,329 --> 01:07:09,059

I have to find satisfaction in in where

1399

01:07:14,029 --> 01:07:11,339

we're at together you guys in the chat

1400

01:07:18,170 --> 01:07:14,039

room and myself and doing this stuff

1401

01:07:23,089 --> 01:07:20,089

but it's just frustrating knowing that I

1402

01:07:24,230 --> 01:07:23,099

could completely lie to you and say

1403

01:07:26,870 --> 01:07:24,240

um

1404

01:07:30,289 --> 01:07:26,880

privosaurus

1405

01:07:33,349 --> 01:07:30,299

an inside source in a position to know

1406

01:07:36,170 --> 01:07:33,359

that has told me

1407

01:07:38,630 --> 01:07:36,180

that people have testified about Crash

1408

01:07:40,430 --> 01:07:38,640

retrieval projects

1409

01:07:42,289 --> 01:07:40,440

I can't tell you who it is hopefully

1410

01:07:45,770 --> 01:07:42,299

he'll come forward soon

1411

01:07:47,210 --> 01:07:45,780

all I have to do is lie

1412

01:07:48,710 --> 01:07:47,220

I'm not saying other people that are

1413

01:07:50,450 --> 01:07:48,720

seeing that are lying but if I wanted

1414

01:07:55,069 --> 01:07:50,460

more attention alls I would have to do

1415

01:07:55,079 --> 01:08:00,710

but you know but I'll never do that

1416

01:08:06,410 --> 01:08:02,329

but you know that's just the way the

1417

01:08:09,890 --> 01:08:08,569

so who knows one day maybe that really

1418

01:08:15,170 --> 01:08:09,900

will happen then I'll be in a little

1419

01:08:26,329 --> 01:08:19,430

so

1420

01:08:27,530 --> 01:08:26,339

the different cases check out the

1421

01:08:30,289 --> 01:08:27,540

website

1422

01:08:32,329 --> 01:08:30,299

witnesscitizen.com

1423

01:08:35,990 --> 01:08:32,339

um also have T-shirts go in the

1424

01:08:39,590 --> 01:08:37,490

I made a couple different designs

1425

01:08:43,130 --> 01:08:39,600

they're pretty cool at the very least

1426

01:08:47,570 --> 01:08:45,709

all that kind of stuff

1427

01:08:51,169 --> 01:08:47,580

and just for the hell of it I'm gonna

1428

01:08:54,530 --> 01:08:51,179

pick a really an older video

1429

01:08:57,349 --> 01:08:56,090

I don't even know what it's going to be

1430

01:08:59,269 --> 01:08:57,359

so it's gonna have a different logo

1431

01:09:01,130 --> 01:08:59,279

different song everything I have no idea
