

Sean Raasch

A screenshot of a website page for a hearing. The page is titled "ARMED SERVICES" and has a navigation menu with "ABOUT", "SUBCOMMITTEES", "HEARINGS", "COMMITTEE ACTIONS", and "PRESS". The main heading is "SUBCOMMITTEE ON EMERGING THREATS AND CAPABILITIES" followed by "OPEN/CLOSED: TO RECEIVE TESTIMONY ON THE MISSION, ACTIVITIES, OVERSIGHT, AND BUDGET OF THE ALL-DOMAIN ANOMALY RESOLUTION OFFICE". Below the heading, it says "Date: Wednesday, April 18th, 2023", "Time: 10:30am", and "Location: SR-232A". At the bottom of the page, there is a dark blue box with the text "Check back for live video of this hearing." and the logo of the "UNITED STATES SENATE COMMITTEE ON ARMED SERVICES".

1  
00:00:08,629 --> 00:00:03,230  
what's up everybody you are live with

2  
00:00:11,690 --> 00:00:08,639  
witness citizen uh Thursday at 1pm and

3  
00:00:15,049 --> 00:00:11,700  
it's official we have Senate UAP

4  
00:00:17,630 --> 00:00:15,059  
hearings uh they're gonna have uh

5  
00:00:19,430 --> 00:00:17,640  
hearings in regards to the department

6  
00:00:24,290 --> 00:00:19,440  
that

7  
00:00:27,589 --> 00:00:24,300  
going to be exciting so I'm looking

8  
00:00:29,950 --> 00:00:27,599  
forward to that and I have some very

9  
00:00:32,450 --> 00:00:29,960  
special things planned for you today

10  
00:01:07,550 --> 00:00:32,460  
and when I come back we'll get after it

11  
00:01:13,550 --> 00:01:10,310  
what's up yeah so we have some

12  
00:01:16,190 --> 00:01:13,560  
uh hearings it is

13  
00:01:19,010 --> 00:01:16,200

going to be Chris agila brand really

14

00:01:22,670 --> 00:01:19,020

headed this up the United States Senate

15

00:01:30,770 --> 00:01:26,510

um so yeah it's going to be pretty

16

00:01:32,870 --> 00:01:30,780

interesting to say the least

17

00:01:35,510 --> 00:01:32,880

so we have

18

00:01:37,550 --> 00:01:35,520

open close to receive testimony and the

19

00:01:39,890 --> 00:01:37,560

mission activities oversight and budget

20

00:01:43,010 --> 00:01:39,900

of the all domain anomaly resolution

21

00:01:48,850 --> 00:01:45,770

so Senator gillibrand is heading this up

22

00:01:52,330 --> 00:01:48,860

she is the head of the

23

00:01:55,190 --> 00:01:52,340

emerging threats

24

00:01:57,230 --> 00:01:55,200

subcommittee so it should be really

25

00:01:59,389 --> 00:01:57,240

interesting it's important I think to

26  
00:02:03,170 --> 00:01:59,399  
keep in mind what committee uh Senator

27  
00:02:05,090 --> 00:02:03,180  
gillibrand heads up as you know if if we

28  
00:02:08,089 --> 00:02:05,100  
want to kind of try to think of what

29  
00:02:12,170 --> 00:02:09,710  
um she may ask

30  
00:02:14,809 --> 00:02:12,180  
what type of questions will be asked the

31  
00:02:17,630 --> 00:02:14,819  
only witness that will be there is Dr

32  
00:02:19,790 --> 00:02:17,640  
Sean Kirkpatrick

33  
00:02:21,770 --> 00:02:19,800  
the director of all domain anomaly

34  
00:02:24,530 --> 00:02:21,780  
resolution office so if you're open for

35  
00:02:31,610 --> 00:02:27,050  
um to strange experiences or events this

36  
00:02:34,910 --> 00:02:31,620  
doesn't seem like it'll probably be that

37  
00:02:37,130 --> 00:02:34,920  
but I thought what we could do to kind

38  
00:02:40,369 --> 00:02:37,140

of get a grasp of

39

00:02:44,330 --> 00:02:40,379

senator gillibrand

40

00:02:47,570 --> 00:02:44,340

and what she's looking for is we could

41

00:02:50,530 --> 00:02:47,580

look at what she said on the topic

42

00:02:52,550 --> 00:02:50,540

she has been a bulldog with this topic

43

00:02:54,770 --> 00:02:52,560

for sure

44

00:02:56,449 --> 00:02:54,780

and

45

00:02:57,589 --> 00:02:56,459

let's kind of check it out see if we can

46

00:02:59,930 --> 00:02:57,599

piece together what you might be

47

00:03:02,509 --> 00:02:59,940

interested in Church

48

00:03:04,850 --> 00:03:02,519

um your current position as NSA

49

00:03:08,089 --> 00:03:04,860

Inspector General are you familiar with

50

00:03:10,490 --> 00:03:08,099

the dod's ig's ongoing assessment of the

51  
00:03:12,410 --> 00:03:10,500  
response from DOD components to the

52  
00:03:15,410 --> 00:03:12,420  
intrusions of unidentified aerial

53  
00:03:18,530 --> 00:03:15,420  
phenomenon into controlled DOD airspace

54  
00:03:20,570 --> 00:03:18,540  
as well as UAP activity around Naval and

55  
00:03:23,330 --> 00:03:20,580  
air operations further do you think the

56  
00:03:26,330 --> 00:03:23,340  
NSA has been responsive to the dod's IG

57  
00:03:31,130 --> 00:03:29,149  
uh thank you for the question Senator

58  
00:03:33,710 --> 00:03:31,140  
I'm afraid that's not an issue with

59  
00:03:36,770 --> 00:03:33,720  
which I am currently familiar however if

60  
00:03:39,290 --> 00:03:36,780  
confirmed I certainly am uh willing to

61  
00:03:40,910 --> 00:03:39,300  
look into that into take any action

62  
00:03:43,789 --> 00:03:40,920  
that's appropriate

63  
00:03:45,710 --> 00:03:43,799

well thank you um and if confirmed can I

64

00:03:47,330 --> 00:03:45,720

have your commitment to sustain this

65

00:03:48,710 --> 00:03:47,340

comprehensive assessment until it

66

00:03:51,350 --> 00:03:48,720

reaches its appropriate conclusion

67

00:03:53,390 --> 00:03:51,360

including the possibility of follow-on

68

00:03:55,789 --> 00:03:53,400

actions such as audits or investigations

69

00:03:57,589 --> 00:03:55,799

if the assessment recommends as much

70

00:03:59,570 --> 00:03:57,599

well well again I honestly am not

71

00:04:01,850 --> 00:03:59,580

familiar with that particular review but

72

00:04:03,410 --> 00:04:01,860

as as typical I think across the IG

73

00:04:05,570 --> 00:04:03,420

Community when a new IG comes in if

74

00:04:07,789 --> 00:04:05,580

their pending matters those of you but

75

00:04:09,350 --> 00:04:07,799

as typical I think across the IG

76  
00:04:10,790 --> 00:04:09,360  
Community when a new IG comes in and

77  
00:04:13,089 --> 00:04:10,800  
they're pending matters those

78  
00:04:16,009 --> 00:04:13,099  
[Music]

79  
00:04:18,349 --> 00:04:16,019  
the appropriate to examine them um and

80  
00:04:20,150 --> 00:04:18,359  
if I am confirmed I can assure you that

81  
00:04:23,330 --> 00:04:20,160  
anything that's pending on in the office

82  
00:04:24,830 --> 00:04:23,340  
I'll give my best attention to if it's

83  
00:04:28,070 --> 00:04:24,840  
appropriate follow-up to be done we'll

84  
00:04:29,930 --> 00:04:28,080  
do it okay so since you are familiar can

85  
00:04:32,570 --> 00:04:29,940  
you please familiarize yourself with

86  
00:04:33,830 --> 00:04:32,580  
this issue and respond to both of those

87  
00:04:37,790 --> 00:04:33,840  
questions in writing before your

88  
00:04:42,730 --> 00:04:39,200

okay

89

00:04:45,530 --> 00:04:42,740

[Music]

90

00:04:48,469 --> 00:04:45,540

concerned about not assessing

91

00:04:50,210 --> 00:04:48,479

unidentified aerial phenomenon which is

92

00:04:52,730 --> 00:04:50,220

why two years ago I worked with

93

00:04:55,610 --> 00:04:52,740

Republicans and Democrats to create a

94

00:04:58,129 --> 00:04:55,620

new part of the Pentagon that just

95

00:04:59,930 --> 00:04:58,139

focuses on all reports of unidentified

96

00:05:01,850 --> 00:04:59,940

aerial phenomenon and assesses them

97

00:05:03,909 --> 00:05:01,860

scientifically with as much publicly

98

00:05:06,770 --> 00:05:03,919

available data and

99

00:05:09,469 --> 00:05:06,780

intelligence data as well as data from

100

00:05:12,170 --> 00:05:09,479

aircraft of military personnel and

101  
00:05:13,909 --> 00:05:12,180  
assess what it is and in the last two

102  
00:05:16,370 --> 00:05:13,919  
years they've assessed over 300

103  
00:05:18,110 --> 00:05:16,380  
unidentified aerial phenomenon about

104  
00:05:21,650 --> 00:05:18,120  
half of them were determined to be

105  
00:05:23,150 --> 00:05:21,660  
balloons or balloon-like devices a

106  
00:05:26,810 --> 00:05:23,160  
couple dozen were determined to be

107  
00:05:29,029 --> 00:05:26,820  
drones some were just birds or bags in

108  
00:05:31,730 --> 00:05:29,039  
the air and other debris and then and

109  
00:05:35,210 --> 00:05:31,740  
then there's still about 170 that are

110  
00:05:38,150 --> 00:05:35,220  
still not determined so the assessment

111  
00:05:39,830 --> 00:05:38,160  
is really important the military has

112  
00:05:42,050 --> 00:05:39,840  
said that these balloons they've shot

113  
00:05:45,050 --> 00:05:42,060

down they did not believe to be creating

114

00:05:47,570 --> 00:05:45,060

any to the United States but if they are

115

00:05:49,070 --> 00:05:47,580

intelligence gathering devices that's a

116

00:05:50,150 --> 00:05:49,080

decision for President Biden to make as

117

00:05:52,430 --> 00:05:50,160

to whether they are going to be

118

00:05:54,469 --> 00:05:52,440

tolerated there's by satellites

119

00:05:56,629 --> 00:05:54,479

everywhere but there's a certain

120

00:05:58,670 --> 00:05:56,639

um area that we don't have a protocol

121

00:06:01,249 --> 00:05:58,680

for which is above commercial airspace

122

00:06:03,590 --> 00:06:01,259

to space and we've not made a

123

00:06:04,909 --> 00:06:03,600

determination as a government what we're

124

00:06:06,290 --> 00:06:04,919

going to do in that space and that's

125

00:06:07,850 --> 00:06:06,300

something congress should focus on we

126

00:06:09,529 --> 00:06:07,860

should focus on what should be the

127

00:06:11,090 --> 00:06:09,539

protocols in that space and then in

128

00:06:12,409 --> 00:06:11,100

terms of commercial airspace we've

129

00:06:14,450 --> 00:06:12,419

already made that determination you

130

00:06:16,490 --> 00:06:14,460

cannot fly any devices in commercial

131

00:06:18,110 --> 00:06:16,500

airspace which is why the last three

132

00:06:20,210 --> 00:06:18,120

devices were taken down immediately

133

00:06:22,550 --> 00:06:20,220

because we already have it we already

134

00:06:24,110 --> 00:06:22,560

have a protocol for those and now we

135

00:06:27,409 --> 00:06:24,120

just need to gather them up whether

136

00:06:29,930 --> 00:06:27,419

they're in Michigan or in Canada or just

137

00:06:31,189 --> 00:06:29,940

off Alaska and to see exactly what kind

138

00:06:32,950 --> 00:06:31,199

of devices they are whether they're

139

00:06:35,689 --> 00:06:32,960

benign scientific

140

00:06:37,490 --> 00:06:35,699

you know climate Gathering devices or

141

00:06:40,490 --> 00:06:37,500

whether they're spy devices and then

142

00:06:42,110 --> 00:06:40,500

which country which adversary are using

143

00:06:44,330 --> 00:06:42,120

them well the service members who've

144

00:06:47,210 --> 00:06:44,340

reported these for years and been

145

00:06:49,070 --> 00:06:47,220

dismissed derided disregarded their

146

00:06:50,689 --> 00:06:49,080

careers have been harmed those are the

147

00:06:51,890 --> 00:06:50,699

heroes of this moment because men and

148

00:06:53,330 --> 00:06:51,900

women have been reporting these

149

00:06:55,730 --> 00:06:53,340

sightings from the for certainly our

150

00:06:58,610 --> 00:06:55,740

military for decades and they have been

151  
00:07:00,590 --> 00:06:58,620  
met with derision and so what we made

152  
00:07:02,930 --> 00:07:00,600  
clear in this law is that there can be

153  
00:07:05,029 --> 00:07:02,940  
no Stigma associated with reporting and

154  
00:07:06,710 --> 00:07:05,039  
that reporting is now mandatory and that

155  
00:07:08,809 --> 00:07:06,720  
if there is retaliation that that will

156  
00:07:11,029 --> 00:07:08,819  
be prosecuted so that's the nature of

157  
00:07:13,189 --> 00:07:11,039  
the law that we passed and so Arrow

158  
00:07:16,129 --> 00:07:13,199  
which is the department we created has

159  
00:07:19,370 --> 00:07:16,139  
some of the smartest Minds in our

160  
00:07:22,689 --> 00:07:19,380  
country working on analyzing these um

161  
00:07:25,969 --> 00:07:22,699  
this data and these videos and radar

162  
00:07:27,469 --> 00:07:25,979  
detections as scientifically and as

163  
00:07:29,629 --> 00:07:27,479

thoroughly as possible to make

164

00:07:31,909 --> 00:07:29,639

assessments and as I said there's still

165

00:07:34,490 --> 00:07:31,919

many that are not assessed yet and it

166

00:07:35,689 --> 00:07:34,500

takes time and resources so one of the

167

00:07:37,189 --> 00:07:35,699

things I'm going to be working on this

168

00:07:39,830 --> 00:07:37,199

week is to make sure this is fully

169

00:07:41,150 --> 00:07:39,840

funded this year and to make sure that

170

00:07:43,129 --> 00:07:41,160

this is a priority for the Department of

171

00:07:44,689 --> 00:07:43,139

Defense because regardless of how they

172

00:07:46,850 --> 00:07:44,699

looked at these things in the past and I

173

00:07:49,070 --> 00:07:46,860

understand these are not threats from a

174

00:07:50,870 --> 00:07:49,080

military perspective but we need to

175

00:07:52,430 --> 00:07:50,880

understand what is in our airspace we

176  
00:07:54,409 --> 00:07:52,440  
need to understand who's spying us on

177  
00:07:56,210 --> 00:07:54,419  
how and we need to know what technology

178  
00:07:57,950 --> 00:07:56,220  
they're using whether it's Russia

179  
00:08:00,710 --> 00:07:57,960  
whether it's China whether it's Iran

180  
00:08:02,809 --> 00:08:00,720  
whether it's any other entity known or

181  
00:08:05,010 --> 00:08:02,819  
unknown we need to know can you discuss

182  
00:08:06,430 --> 00:08:05,020  
why Arrow was not fully funded

183  
00:08:08,870 --> 00:08:06,440  
[Music]

184  
00:08:10,430 --> 00:08:08,880  
uh Senator I don't have any information

185  
00:08:11,870 --> 00:08:10,440  
for my colleague under secretary

186  
00:08:13,610 --> 00:08:11,880  
Moultrie that he needed additional

187  
00:08:16,620 --> 00:08:13,620  
funding in this area it's a relatively

188  
00:08:18,529 --> 00:08:16,630

new uh

189

00:08:20,450 --> 00:08:18,539

[Music]

190

00:08:23,210 --> 00:08:20,460

Sierra office fully funded in your

191

00:08:25,070 --> 00:08:23,220

budget yes I believe it is you make sure

192

00:08:27,890 --> 00:08:25,080

because it was left off last year so

193

00:08:30,050 --> 00:08:27,900

from both the dod and Intel's budgets so

194

00:08:31,670 --> 00:08:30,060

right so it's in DOD but I think our

195

00:08:33,230 --> 00:08:31,680

support is funded in the National

196

00:08:34,909 --> 00:08:33,240

Intelligence program and I'll we'll

197

00:08:36,469 --> 00:08:34,919

check to make sure everybody else can

198

00:08:40,130 --> 00:08:36,479

answer the question

199

00:08:43,250 --> 00:08:40,140

I believe it is funded thank you yes

200

00:08:46,610 --> 00:08:43,260

I support center thank you yes

201  
00:08:52,730 --> 00:08:49,730  
a related somewhat question is the issue

202  
00:08:54,590 --> 00:08:52,740  
of ic's agency's assessment with varying

203  
00:08:56,329 --> 00:08:54,600  
levels of confidence that most reported

204  
00:08:58,009 --> 00:08:56,339  
incidents can be explained by medical

205  
00:08:59,990 --> 00:08:58,019  
conditions environmental or technical

206  
00:09:01,430 --> 00:09:00,000  
factors and that it's unlikely that a

207  
00:09:02,930 --> 00:09:01,440  
foreign actor including Russia is

208  
00:09:04,610 --> 00:09:02,940  
conducting a sustained worldwide

209  
00:09:06,290 --> 00:09:04,620  
campaign involving hundreds of incidents

210  
00:09:09,230 --> 00:09:06,300  
without detection with regard to the

211  
00:09:11,449 --> 00:09:09,240  
anomalous Health incidents

212  
00:09:12,889 --> 00:09:11,459  
so I thought that was pretty interesting

213  
00:09:14,690 --> 00:09:12,899

and I know a lot of other people thought

214

00:09:18,110 --> 00:09:14,700

that was interesting too that she said

215

00:09:20,870 --> 00:09:18,120

something that is somewhat related and

216

00:09:23,210 --> 00:09:20,880

then she mentions Havana syndrome

217

00:09:25,070 --> 00:09:23,220

now I know some people are kind of uh

218

00:09:27,710 --> 00:09:25,080

talking about this I think it it was

219

00:09:31,670 --> 00:09:27,720

even released in some um from some news

220

00:09:33,650 --> 00:09:31,680

source that actually looked into if

221

00:09:36,769 --> 00:09:33,660

these UAP were related to Advantage

222

00:09:39,050 --> 00:09:36,779

syndrome somehow I actually did a video

223

00:09:41,449 --> 00:09:39,060

on that a long time ago maybe a year ago

224

00:09:43,430 --> 00:09:41,459

or so before it was hot so you should go

225

00:09:46,550 --> 00:09:43,440

back in my archives and check that out

226

00:09:49,009 --> 00:09:46,560

but I think it's definitely interesting

227

00:09:51,170 --> 00:09:49,019

um they the the timelines match up

228

00:09:53,449 --> 00:09:51,180

really well as far as when Lou Elizondo

229

00:09:54,710 --> 00:09:53,459

came out right in one uh Havana syndrome

230

00:09:57,530 --> 00:09:54,720

was getting

231

00:10:00,170 --> 00:09:57,540

um to be a well-known syndrome

232

00:10:02,030 --> 00:10:00,180

so that's pretty interesting also in the

233

00:10:03,829 --> 00:10:02,040

first I think it was the first ndaa

234

00:10:06,290 --> 00:10:03,839

language

235

00:10:08,870 --> 00:10:06,300

or build that was passed that you that

236

00:10:10,990 --> 00:10:08,880

had UAP language in it also had language

237

00:10:13,850 --> 00:10:11,000

in it for those anomalous health effects

238

00:10:16,250 --> 00:10:13,860

and those were both at first at the same

239

00:10:17,870 --> 00:10:16,260

time so that's pretty interesting as

240

00:10:20,030 --> 00:10:17,880

well

241

00:10:22,610 --> 00:10:20,040

um and then supposedly

242

00:10:24,350 --> 00:10:22,620

Havana syndrome like well some of the

243

00:10:26,810 --> 00:10:24,360

effects that people experience with the

244

00:10:29,570 --> 00:10:26,820

Vanda syndrome are things that would be

245

00:10:33,410 --> 00:10:29,580

similar to some sort of directed energy

246

00:10:36,170 --> 00:10:33,420

or radio frequency type of weapon

247

00:10:39,130 --> 00:10:36,180

um which is uh interesting and if you

248

00:10:41,750 --> 00:10:39,140

look at the first UAP task force report

249

00:10:43,130 --> 00:10:41,760

uh from over a year ago I think it is

250

00:10:45,650 --> 00:10:43,140

now

251

00:10:48,230 --> 00:10:45,660

um they mentioned uh maybe like 13

252

00:10:51,110 --> 00:10:48,240

roughly don't quote me their cases where

253

00:10:55,790 --> 00:10:51,120

they picked up a radio frequency

254

00:10:57,769 --> 00:10:55,800

uh RF energy on the uaps so there are

255

00:11:01,190 --> 00:10:57,779

some

256

00:11:02,870 --> 00:11:01,200

definite strings attached there possibly

257

00:11:05,210 --> 00:11:02,880

so it's so it's definitely interesting

258

00:11:08,150 --> 00:11:05,220

in that she asked about it and

259

00:11:09,290 --> 00:11:08,160

considering it that Senator uh jailbrand

260

00:11:11,269 --> 00:11:09,300

heads up

261

00:11:13,730 --> 00:11:11,279

you know the emerging threats

262

00:11:16,430 --> 00:11:13,740

subcommittee it kind of makes sense that

263

00:11:19,430 --> 00:11:16,440

she would be looking at both of these to

264

00:11:22,069 --> 00:11:19,440

be quite honest because UAB

265

00:11:24,590 --> 00:11:22,079

and Avana syndrome

266

00:11:27,949 --> 00:11:24,600

could quite possibly be

267

00:11:30,910 --> 00:11:29,750

so I'm glad that you mentioned that

268

00:11:33,050 --> 00:11:30,920

because

269

00:11:36,230 --> 00:11:33,060

you know that's something that I've

270

00:11:38,269 --> 00:11:36,240

thought about before so

271

00:11:39,889 --> 00:11:38,279

I'm glad someone's looking into it you

272

00:11:41,210 --> 00:11:39,899

know

273

00:11:44,090 --> 00:11:41,220

definitely

274

00:11:47,210 --> 00:11:44,100

so I thought we could also look at a few

275

00:11:50,090 --> 00:11:47,220

other things as far as Senator Jill

276

00:11:52,370 --> 00:11:50,100

brand and this upcoming hearing and look

277

00:11:54,530 --> 00:11:52,380

at some things some further things that

278

00:11:56,329 --> 00:11:54,540

maybe we could figure out what may be on

279

00:11:59,030 --> 00:11:56,339

the docket so first I'm going to look at

280

00:12:02,210 --> 00:11:59,040

this press release from Jill Brand's

281

00:12:04,910 --> 00:12:02,220

website dated February 16 2023

282

00:12:07,069 --> 00:12:04,920

Jailer brand Rubio LED six lead 16

283

00:12:08,990 --> 00:12:07,079

senators in bipartisan push for full

284

00:12:10,730 --> 00:12:09,000

funding of their unidentified aerial

285

00:12:13,630 --> 00:12:10,740

phenomena office to address Airborne

286

00:12:15,769 --> 00:12:13,640

National Security risks

287

00:12:17,630 --> 00:12:15,779

amid heightened focus on Airborne

288

00:12:20,690 --> 00:12:17,640

National Security risks U.S senators

289

00:12:23,150 --> 00:12:20,700

Chris Kirsten gillibrand chair of the

290

00:12:24,949 --> 00:12:23,160

Senate arm services

291

00:12:26,750 --> 00:12:24,959

emerging threats capabilities

292

00:12:28,250 --> 00:12:26,760

subcommittee and member of the Senate

293

00:12:30,230 --> 00:12:28,260

select committee on intelligence and

294

00:12:32,630 --> 00:12:30,240

Marco Rubio Vice chairman of the Senate

295

00:12:34,370 --> 00:12:32,640

select committee on intelligence are

296

00:12:36,470 --> 00:12:34,380

leading a bipartisan push for full

297

00:12:38,630 --> 00:12:36,480

funding of their unidentified aerial

298

00:12:42,370 --> 00:12:38,640

phenomenon office formerly known as the

299

00:12:44,870 --> 00:12:42,380

all domain anomaly resolution office

300

00:12:47,470 --> 00:12:44,880

Rubio's groundbreaking Arrow was created

301  
00:12:50,030 --> 00:12:47,480  
following their UAP amendment in the

302  
00:12:52,670 --> 00:12:50,040  
f-y-n-d-a-aa to focus the Department of

303  
00:12:55,730 --> 00:12:52,680  
Defense on resolving UAP sightings

304  
00:12:57,590 --> 00:12:55,740  
improved data sharing improved data

305  
00:13:00,530 --> 00:12:57,600  
sharing between DOD and the intelligence

306  
00:13:03,710 --> 00:13:00,540  
community on UAP sightings

307  
00:13:06,530 --> 00:13:03,720  
address National Security concerns and

308  
00:13:09,050 --> 00:13:06,540  
Report health effects

309  
00:13:10,910 --> 00:13:09,060  
people may experience in relation to UAP

310  
00:13:14,150 --> 00:13:10,920  
events

311  
00:13:16,610 --> 00:13:14,160  
Arrow has access to DOD and intelligence

312  
00:13:18,410 --> 00:13:16,620  
Community UAP data and is required to

313  
00:13:20,389 --> 00:13:18,420

provide congress with briefings and

314

00:13:23,930 --> 00:13:20,399

reports on uaps

315

00:13:25,370 --> 00:13:23,940

FY 23 funding falls short of what Arrow

316

00:13:28,670 --> 00:13:25,380

needs to fulfill its Mission and

317

00:13:30,290 --> 00:13:28,680

maintain American Air Supremacy a couple

318

00:13:32,350 --> 00:13:30,300

interesting things there to take note

319

00:13:34,670 --> 00:13:32,360

the first one is

320

00:13:36,590 --> 00:13:34,680

to report health effects people may

321

00:13:37,850 --> 00:13:36,600

experience in relation UAP events that

322

00:13:39,670 --> 00:13:37,860

kind of circles back to what we were

323

00:13:43,069 --> 00:13:39,680

just talking about about Havana syndrome

324

00:13:44,470 --> 00:13:43,079

or the uaps and the UAP task force

325

00:13:47,870 --> 00:13:44,480

report

326

00:13:50,569 --> 00:13:47,880

that were listed as showing an RF

327

00:13:53,210 --> 00:13:50,579

frequency perhaps

328

00:13:56,030 --> 00:13:53,220

and we saw we've also of course heard of

329

00:13:58,190 --> 00:13:56,040

many other stories of injuries from UFOs

330

00:14:01,030 --> 00:13:58,200

UAP whatever you want to call them

331

00:14:03,590 --> 00:14:01,040

whether it's an antiquity

332

00:14:05,810 --> 00:14:03,600

or you know current events through

333

00:14:08,990 --> 00:14:05,820

people like George Knapp and skin

334

00:14:10,790 --> 00:14:09,000

markers at the Pentagon books like that

335

00:14:13,490 --> 00:14:10,800

and of course the paper by Kick green

336

00:14:16,190 --> 00:14:13,500

who is a part of the program ossip who

337

00:14:19,810 --> 00:14:16,200

wrote a paper for ossip documenting the

338

00:14:23,329 --> 00:14:19,820

injuries provided from UFOs

339

00:14:27,470 --> 00:14:23,339

non-ionizing radiation I believe

340

00:14:31,190 --> 00:14:29,269

the other interesting aspect of this

341

00:14:33,829 --> 00:14:31,200

first paragraph is the end and maintain

342

00:14:37,790 --> 00:14:33,839

Air Supremacy

343

00:14:40,069 --> 00:14:37,800

interesting because

344

00:14:42,110 --> 00:14:40,079

of a couple things first in the video

345

00:14:44,269 --> 00:14:42,120

that we watch is Senator gillibrand she

346

00:14:45,650 --> 00:14:44,279

said that we know that they're not a

347

00:14:48,769 --> 00:14:45,660

threat we have to look at them

348

00:14:51,889 --> 00:14:50,509

so I think that's interesting and I

349

00:14:54,710 --> 00:14:51,899

don't know if she was just talking about

350

00:14:58,550 --> 00:14:54,720

the balloon shootdowns or UAP in general

351

00:15:01,310 --> 00:14:58,560

I'm not sure but she did say that

352

00:15:04,129 --> 00:15:01,320

so then what would this be

353

00:15:07,069 --> 00:15:04,139

to maintain American Air Supremacy what

354

00:15:08,930 --> 00:15:07,079

would that mean and I think that is in

355

00:15:11,210 --> 00:15:08,940

relation to

356

00:15:14,030 --> 00:15:11,220

you know Chinese spy balloons and other

357

00:15:15,110 --> 00:15:14,040

balloons or maybe these UAP are a

358

00:15:19,250 --> 00:15:15,120

threatened

359

00:15:25,569 --> 00:15:22,430

and there's various UAP right

360

00:15:29,810 --> 00:15:25,579

so there's the kind that are

361

00:15:34,310 --> 00:15:32,269

there's also

362

00:15:41,090 --> 00:15:34,320

you know balloons are UAP until they

363

00:15:44,629 --> 00:15:43,009

in addition Jailbreaker Rubio the letter

364

00:15:46,250 --> 00:15:44,639

pushing for full funding of Arrow is

365

00:15:47,329 --> 00:15:46,260

signed by Senators Warner Graham

366

00:15:50,090 --> 00:15:47,339

Hendrick

367

00:15:51,889 --> 00:15:50,100

so yeah a whole list of bipartisan

368

00:15:53,870 --> 00:15:51,899

senators

369

00:15:55,129 --> 00:15:53,880

Aero provides the opportunity to

370

00:15:57,110 --> 00:15:55,139

integrate and resolve threats and

371

00:15:58,970 --> 00:15:57,120

Hazards to the US while also offering

372

00:16:00,769 --> 00:15:58,980

increased transparency to the American

373

00:16:03,470 --> 00:16:00,779

people and reducing the stigma around

374

00:16:05,509 --> 00:16:03,480

this issue of high public interest

375

00:16:07,370 --> 00:16:05,519

wrote the Senator's arrows success will

376

00:16:09,050 --> 00:16:07,380

depend on robust funding for its

377

00:16:11,569 --> 00:16:09,060

activities and cooperation between the

378

00:16:13,790 --> 00:16:11,579

dod and the intelligence community

379

00:16:15,350 --> 00:16:13,800

as such we respectfully request your

380

00:16:17,750 --> 00:16:15,360

assistance in securing the necessary

381

00:16:21,129 --> 00:16:17,760

funding and organizational support for

382

00:16:26,030 --> 00:16:21,139

Aero success and longevity

383

00:16:28,910 --> 00:16:26,040

and then they also wrote this letter

384

00:16:31,009 --> 00:16:28,920

to deputy secretary Hicks and deputy

385

00:16:33,530 --> 00:16:31,019

director Dixon

386

00:16:36,650 --> 00:16:33,540

we write today regarding implementation

387

00:16:37,970 --> 00:16:36,660

of section 1683 of the fiscal year 2022

388

00:16:40,189 --> 00:16:37,980

National

389

00:16:42,530 --> 00:16:40,199  
defense authorization act in the

390

00:16:44,569 --> 00:16:42,540  
development of the all domain anomaly

391

00:16:46,370 --> 00:16:44,579  
resolution office

392

00:16:47,870 --> 00:16:46,380  
Aero provides the opportunity to

393

00:16:49,970 --> 00:16:47,880  
integrate and resolve threats and

394

00:16:51,530 --> 00:16:49,980  
Hazards to the U.S while also offering

395

00:16:53,749 --> 00:16:51,540  
increased transparency to the American

396

00:16:56,090 --> 00:16:53,759  
people and reducing this stigma

397

00:16:57,530 --> 00:16:56,100  
aero's success will depend on robust

398

00:16:59,810 --> 00:16:57,540  
funding for its activities and

399

00:17:01,670 --> 00:16:59,820  
cooperation between the dod and the

400

00:17:03,829 --> 00:17:01,680  
intelligence community

401  
00:17:05,510 --> 00:17:03,839  
as such we respectfully request your

402  
00:17:07,610 --> 00:17:05,520  
assistance in securing the necessary

403  
00:17:11,449 --> 00:17:07,620  
funding and organizational support for

404  
00:17:15,829 --> 00:17:13,309  
while we recognize there was an

405  
00:17:18,350 --> 00:17:15,839  
administrative request for funds in FY

406  
00:17:21,590 --> 00:17:18,360  
23 to fund basic operating expenses for

407  
00:17:23,630 --> 00:17:21,600  
Aero it is facing a funding shortfall

408  
00:17:25,669 --> 00:17:23,640  
that will impede its ability to fulfill

409  
00:17:27,289 --> 00:17:25,679  
its mission

410  
00:17:29,090 --> 00:17:27,299  
the amount outlined in the classified

411  
00:17:31,310 --> 00:17:29,100  
attachment is crucial to the aero's

412  
00:17:32,990 --> 00:17:31,320  
scientific plan and the lack of funding

413  
00:17:36,230 --> 00:17:33,000

for these capabilities presents a series

414

00:17:38,150 --> 00:17:36,240

impediment to Arrow's Mission impediment

415

00:17:39,529 --> 00:17:38,160

we believe it is imperative for the

416

00:17:41,570 --> 00:17:39,539

Department of Defense to program

417

00:17:45,529 --> 00:17:41,580

reprogram funds to cover this serious

418

00:17:47,450 --> 00:17:45,539

funding Gap and it is for these reasons

419

00:17:50,210 --> 00:17:47,460

that we asked the Department of Defense

420

00:17:52,850 --> 00:17:50,220

program funds to prevent disruption to

421

00:17:54,650 --> 00:17:52,860

arrows work without FY 23 funding arrows

422

00:17:57,409 --> 00:17:54,660

ability to deliver integrated collection

423

00:18:01,570 --> 00:17:57,419

and and Analysis will fall behind

424

00:18:06,409 --> 00:18:04,070

additionally we understand that the

425

00:18:08,029 --> 00:18:06,419

fiscal year 24 presidential budget

426

00:18:09,529 --> 00:18:08,039

request is all but finalized we

427

00:18:11,210 --> 00:18:09,539

anticipate that the request will not

428

00:18:13,490 --> 00:18:11,220

include necessary research development

429

00:18:16,430 --> 00:18:13,500

tests and evaluations

430

00:18:18,470 --> 00:18:16,440

for FY 24.

431

00:18:20,630 --> 00:18:18,480

well we appreciate that the dod has been

432

00:18:23,090 --> 00:18:20,640

vocal in expressing its support for the

433

00:18:25,730 --> 00:18:23,100

resolution of UAP

434

00:18:27,470 --> 00:18:25,740

this commitment must also be reflected

435

00:18:29,210 --> 00:18:27,480

in funding requests provided to Congress

436

00:18:30,890 --> 00:18:29,220

accordingly we urge you to work with

437

00:18:33,710 --> 00:18:30,900

Congress to ensure that arrow is funded

438

00:18:37,010 --> 00:18:33,720

appropriately in fy24 that robust

439

00:18:38,930 --> 00:18:37,020

funding is requested for FY 25.

440

00:18:40,970 --> 00:18:38,940

in addition to securing necessary

441

00:18:44,029 --> 00:18:40,980

funding real request a briefing from

442

00:18:47,090 --> 00:18:44,039

your offices on your agency's plan

443

00:18:50,990 --> 00:18:47,100

to implement the Dual reporting of Arrow

444

00:18:53,210 --> 00:18:51,000

to leadership of the dod and the IC FY

445

00:18:55,010 --> 00:18:53,220

23 intelligence authorization act

446

00:18:56,450 --> 00:18:55,020

requires that the director of Arrow

447

00:19:01,130 --> 00:18:56,460

report directly

448

00:19:04,909 --> 00:19:03,590

and the principal deputy director of

449

00:19:07,310 --> 00:19:04,919

National Intelligence with

450

00:19:08,750 --> 00:19:07,320

administrative support provided by the

451  
00:19:10,610 --> 00:19:08,760  
under Secretary of Defense foreign

452  
00:19:12,289 --> 00:19:10,620  
intelligence and security

453  
00:19:14,330 --> 00:19:12,299  
The Briefing should cover the balance

454  
00:19:16,490 --> 00:19:14,340  
between intelligence community and DOD

455  
00:19:18,470 --> 00:19:16,500  
involvement including how title 10 of

456  
00:19:21,289 --> 00:19:18,480  
title 50 authorities will be delegated

457  
00:19:24,529 --> 00:19:21,299  
to in exercise by

458  
00:19:26,270 --> 00:19:24,539  
the director of Aero Sean Kirkpatrick

459  
00:19:28,250 --> 00:19:26,280  
we see it as essential debt arrows

460  
00:19:30,470 --> 00:19:28,260  
activities are not viewed

461  
00:19:32,570 --> 00:19:30,480  
or managed as silly and intelligence

462  
00:19:36,350 --> 00:19:32,580  
activity

463  
00:19:38,270 --> 00:19:36,360

in the FY 2223 iaas and the ndaas

464

00:19:41,330 --> 00:19:38,280

provided broad authorities for the

465

00:19:43,070 --> 00:19:41,340

resolution of UAP across domains

466

00:19:45,350 --> 00:19:43,080

demonstrating significant support for

467

00:19:47,450 --> 00:19:45,360

its Mission from Congress

468

00:19:49,789 --> 00:19:47,460

it is critical that the aspirations of

469

00:19:52,850 --> 00:19:49,799

Arrow's missions are met with the

470

00:19:57,890 --> 00:19:52,860

resources necessary to succeed thank you

471

00:19:57,900 --> 00:20:02,210

so

472

00:20:07,970 --> 00:20:04,490

they're concerned about budget

473

00:20:12,710 --> 00:20:10,730

so she's a part of this Senate armed

474

00:20:14,990 --> 00:20:12,720

services committee on emerging threats

475

00:20:17,930 --> 00:20:15,000

and capabilities so

476

00:20:19,850 --> 00:20:17,940

I just did a quick search for what that

477

00:20:22,070 --> 00:20:19,860

Senate armed service committee is

478

00:20:23,810 --> 00:20:22,080

jurisdiction

479

00:20:25,730 --> 00:20:23,820

the emerging threats and capabilities

480

00:20:27,529 --> 00:20:25,740

subcommittee has jurisdiction over

481

00:20:29,029 --> 00:20:27,539

Department of Defense policies and

482

00:20:32,150 --> 00:20:29,039

programs to counter emerging threats

483

00:20:33,890 --> 00:20:32,160

such as proliferation of weapons of mass

484

00:20:38,570 --> 00:20:33,900

destruction terrorism illegal drugs and

485

00:20:43,310 --> 00:20:40,909

and Special Operations programs the

486

00:20:45,490 --> 00:20:43,320

defense threat reduction agency

487

00:20:47,810 --> 00:20:45,500

Department of energy

488

00:20:50,090 --> 00:20:47,820

non-proliferation programs

489

00:20:51,830 --> 00:20:50,100

the subcommittee also oversees sales of

490

00:20:52,730 --> 00:20:51,840

U.S military technology to foreign

491

00:20:54,710 --> 00:20:52,740

countries

492

00:20:59,029 --> 00:20:54,720

and defensive military research and

493

00:21:02,150 --> 00:20:59,039

development efforts through DARPA

494

00:21:05,090 --> 00:21:02,160

so they oversee a good amount

495

00:21:08,690 --> 00:21:05,100

here especially the

496

00:21:10,370 --> 00:21:08,700

emerging threat type of technology so

497

00:21:12,470 --> 00:21:10,380

which is interesting I've said this

498

00:21:14,630 --> 00:21:12,480

before but the very first group to

499

00:21:19,430 --> 00:21:14,640

investigate UFOs was a group called

500

00:21:23,870 --> 00:21:19,440

attic attic out of the Air Force

501  
00:21:27,529 --> 00:21:23,880  
and their main priority was to avoid

502  
00:21:29,330 --> 00:21:27,539  
strategic Surprise by an enemy

503  
00:21:33,310 --> 00:21:29,340  
which seems like

504  
00:21:35,570 --> 00:21:33,320  
it is also part of the duty of

505  
00:21:38,630 --> 00:21:35,580  
uh this subcommittee to kind of look

506  
00:21:40,789 --> 00:21:38,640  
over that kind of stuff so members 118th

507  
00:21:43,909 --> 00:21:40,799  
Congress

508  
00:21:45,350 --> 00:21:43,919  
majority on the left minority on the

509  
00:21:47,149 --> 00:21:45,360  
right

510  
00:21:49,549 --> 00:21:47,159  
Elizabeth Warren Gary Peters Mark Kelly

511  
00:21:53,390 --> 00:21:49,559  
Jack Reed

512  
00:21:56,090 --> 00:21:53,400  
part of all the Committees because

513  
00:22:00,049 --> 00:21:56,100

they're like they had chairs

514

00:22:02,750 --> 00:22:00,059

so it'll be interesting uh Tom Cotton

515

00:22:07,850 --> 00:22:02,760

if I had to guess this guy would totally

516

00:22:12,529 --> 00:22:09,710

should we really be goofing around

517

00:22:13,789 --> 00:22:12,539

looking for aliens that's the kind of

518

00:22:16,669 --> 00:22:13,799

thing he would say

519

00:22:17,570 --> 00:22:16,679

it could be wrong but we'll see

520

00:22:19,250 --> 00:22:17,580

um

521

00:22:22,730 --> 00:22:19,260

yeah so I'm interested to see how it

522

00:22:22,740 --> 00:22:29,630

there's a couple ways that it could go

523

00:22:33,529 --> 00:22:31,070

and there's definitely different

524

00:22:34,850 --> 00:22:33,539

expectations but different people

525

00:22:37,070 --> 00:22:34,860

right now

526

00:22:40,549 --> 00:22:37,080

as per usual

527

00:22:44,450 --> 00:22:40,559

as far as what should happen so

528

00:22:46,549 --> 00:22:44,460

to finish this aspect of the show up I

529

00:22:48,590 --> 00:22:46,559

want to read this uh article by Tom

530

00:22:50,149 --> 00:22:48,600

Rogan next week Senate UFO hearing

531

00:22:53,529 --> 00:22:50,159

should focus on Government research not

532

00:22:56,810 --> 00:22:53,539

Skinwalker Ranch in the headline

533

00:23:00,169 --> 00:22:56,820

not Skinwalker Ranch

534

00:23:02,510 --> 00:23:00,179

calling them out in the headline

535

00:23:04,909 --> 00:23:02,520

the Roswell Daily Record reports in the

536

00:23:06,350 --> 00:23:04,919

Washington examiner has confirmed that

537

00:23:07,789 --> 00:23:06,360

his Senate armed services committee

538

00:23:11,450 --> 00:23:07,799

subcommittee will hold a public hearing

539

00:23:15,289 --> 00:23:11,460

next Wednesday on the topic of UFOs

540

00:23:17,510 --> 00:23:15,299

or what the government refers to as UAP

541

00:23:19,070 --> 00:23:17,520

led by Senator gillibrand the hearing is

542

00:23:20,870 --> 00:23:19,080

likely to Center on testimony from

543

00:23:23,210 --> 00:23:20,880

prashunk Patrick head of the all domain

544

00:23:24,470 --> 00:23:23,220

anomaly resolution office the era was

545

00:23:26,450 --> 00:23:24,480

established following congressional

546

00:23:28,029 --> 00:23:26,460

action to improve reporting and Analysis

547

00:23:30,529 --> 00:23:28,039

on UFOs

548

00:23:33,770 --> 00:23:30,539

I think it important that those involved

549

00:23:35,510 --> 00:23:33,780

in next week's hearing excuse me attempt

550

00:23:38,090 --> 00:23:35,520

to balance two imperatives

551  
00:23:41,149 --> 00:23:38,100  
namely navigating intractable

552  
00:23:42,710 --> 00:23:41,159  
bureaucratic realities and excuse me and

553  
00:23:53,210 --> 00:23:42,720  
focusing on key National Security

554  
00:23:57,169 --> 00:23:56,149  
excuse me sir about that uh the

555  
00:23:59,149 --> 00:23:57,179  
interactive

556  
00:24:00,529 --> 00:23:59,159  
retractable bureaucratic reality here is

557  
00:24:02,750 --> 00:24:00,539  
that many in the government military

558  
00:24:05,210 --> 00:24:02,760  
including those with remits attached to

559  
00:24:07,970 --> 00:24:05,220  
UFO related use research

560  
00:24:09,950 --> 00:24:07,980  
are loaded to engage with the issue the

561  
00:24:12,169 --> 00:24:09,960  
rationale does not reflect degree in

562  
00:24:14,690 --> 00:24:12,179  
conspiracy but rather two other factors

563  
00:24:16,669 --> 00:24:14,700

first their interest in instead focusing

564

00:24:18,649 --> 00:24:16,679

on conventional threats

565

00:24:20,149 --> 00:24:18,659

such as those posed by China and Russia

566

00:24:22,570 --> 00:24:20,159

second their discomfort with an issue

567

00:24:24,950 --> 00:24:22,580

that involves political discomfort

568

00:24:27,590 --> 00:24:24,960

unconventional mystery complex data and

569

00:24:29,510 --> 00:24:27,600

stigma even if they dislike this reality

570

00:24:31,610 --> 00:24:29,520

members of Congress must accept it as

571

00:24:34,190 --> 00:24:31,620

they risk questions

572

00:24:37,610 --> 00:24:34,200

must accept it as they ask questions of

573

00:24:40,490 --> 00:24:39,470

don't get me wrong it's absolutely fine

574

00:24:42,169 --> 00:24:40,500

for example to write reviews

575

00:24:43,610 --> 00:24:42,179

documentaries that look at strange

576  
00:24:47,810 --> 00:24:43,620

topics

577  
00:24:51,649 --> 00:24:49,610

that seem to appear near schools it's

578  
00:24:53,450 --> 00:24:51,659

fine that noted UFO opinion journalists

579  
00:24:55,970 --> 00:24:53,460

such as George Knapp considered the UFO

580  
00:24:58,070 --> 00:24:55,980

subject alongside reported phenomena at

581  
00:24:59,750 --> 00:24:58,080

Utah Skinwalker Ranch it's also fine for

582  
00:25:01,669 --> 00:24:59,760

TV shows such as the History Channel

583  
00:25:03,049 --> 00:25:01,679

secrets of skin Mark Ranch to provide

584  
00:25:04,970 --> 00:25:03,059

entertainment

585  
00:25:06,890 --> 00:25:04,980

but a congressional focus on these

586  
00:25:08,930 --> 00:25:06,900

expended issues at least at this point

587  
00:25:11,029 --> 00:25:08,940

will be will bleed credibility and

588  
00:25:14,750 --> 00:25:11,039

resources away from effective scrutiny

589

00:25:18,110 --> 00:25:14,760

of the oh exigent UFO issues

590

00:25:19,549 --> 00:25:18,120

it will also only Empower those who may

591

00:25:21,770 --> 00:25:19,559

have some interest in concealing

592

00:25:22,970 --> 00:25:21,780

pertinent information from the public

593

00:25:25,149 --> 00:25:22,980

but

594

00:25:27,230 --> 00:25:25,159

Congress should does focus on the

595

00:25:29,029 --> 00:25:27,240

preeminent National Security interests

596

00:25:30,950 --> 00:25:29,039

related to UFOs I believe these are

597

00:25:32,450 --> 00:25:30,960

twofold first efficiently categorizing

598

00:25:35,090 --> 00:25:32,460

UFOs that have a conventional

599

00:25:36,710 --> 00:25:35,100

explanation the vast majority of UFOs

600

00:25:40,370 --> 00:25:36,720

after all are misidentified aircraft

601  
00:25:42,230 --> 00:25:40,380  
whether phenomenon balloons confusion as

602  
00:25:45,049 --> 00:25:42,240  
I reported in March it is especially

603  
00:25:47,990 --> 00:25:45,059  
important that the government not repeat

604  
00:25:49,610 --> 00:25:48,000  
prior errors of categorizing what are

605  
00:25:51,950 --> 00:25:49,620  
very likely foreign intelligence

606  
00:25:53,390 --> 00:25:51,960  
capabilities within the pool of truly

607  
00:25:55,130 --> 00:25:53,400  
unknown UFOs

608  
00:25:56,630 --> 00:25:55,140  
the Second National Security interests

609  
00:25:58,310 --> 00:25:56,640  
rests on identifying the allergic

610  
00:26:00,049 --> 00:25:58,320  
capability and intent of a truly

611  
00:26:01,190 --> 00:26:00,059  
extraordinary but far smaller subset of

612  
00:26:05,990 --> 00:26:01,200  
UFOs

613  
00:26:07,610 --> 00:26:06,000

capabilities far beyond anything in the

614

00:26:10,130 --> 00:26:07,620

known possession of any other Nation

615

00:26:12,110 --> 00:26:10,140

incredible Witnesses and data suggests

616

00:26:15,289 --> 00:26:12,120

these UFOs have operated in U.S airspace

617

00:26:16,669 --> 00:26:15,299

since at least late 1940s

618

00:26:18,350 --> 00:26:16,679

Arrow should thus be questioned on

619

00:26:20,090 --> 00:26:18,360

matters such as pattern analysis in

620

00:26:22,730 --> 00:26:20,100

relation UFOs operating near National

621

00:26:24,830 --> 00:26:22,740

Security priority interests

622

00:26:26,570 --> 00:26:24,840

nuclear weapons facilities for example

623

00:26:28,070 --> 00:26:26,580

while some of the UFOs relevant in this

624

00:26:31,190 --> 00:26:28,080

area are almost certainly conventional

625

00:26:32,930 --> 00:26:31,200

drones others of a far more

626

00:26:34,850 --> 00:26:32,940

unconventional nature

627

00:26:37,310 --> 00:26:34,860

Robert Hastings wrote an important book

628

00:26:39,049 --> 00:26:37,320

on unconventional events scientists are

629

00:26:40,730 --> 00:26:39,059

advancing relevant research and arrow

630

00:26:43,010 --> 00:26:40,740

has reportedly met with former U.S

631

00:26:44,750 --> 00:26:43,020

military officers who say they witnessed

632

00:26:47,330 --> 00:26:44,760

extraordinary UFO events and nuclear

633

00:26:49,130 --> 00:26:47,340

sites regardless the military and

634

00:26:51,649 --> 00:26:49,140

government are more aware of the nuclear

635

00:26:54,169 --> 00:26:51,659

connection point to UFOs than is

636

00:26:55,010 --> 00:26:54,179

comically commonly understood by the

637

00:26:57,350 --> 00:26:55,020

public

638

00:26:58,669 --> 00:26:57,360

very interesting thing to say

639

00:27:00,110 --> 00:26:58,679

this includes the prospective

640

00:27:02,570 --> 00:27:00,120

vulnerability

641

00:27:04,490 --> 00:27:02,580

underwater operating UFOs May pose to

642

00:27:06,350 --> 00:27:04,500

submarine forces for example other

643

00:27:07,909 --> 00:27:06,360

possible UFO patterns that arrow is

644

00:27:10,610 --> 00:27:07,919

investigating should also be at the

645

00:27:13,669 --> 00:27:10,620

Forefront of congressional scrutiny

646

00:27:15,890 --> 00:27:13,679

as with China's people's Liberation Army

647

00:27:17,750 --> 00:27:15,900

AI will be a key element of these

648

00:27:19,430 --> 00:27:17,760

efforts in the coming years

649

00:27:21,529 --> 00:27:19,440

the Top Line Congress must balance the

650

00:27:23,630 --> 00:27:21,539

need to advance its understanding of the

651  
00:27:25,310 --> 00:27:23,640  
issue with the reality that a too

652  
00:27:27,049 --> 00:27:25,320  
expensive line of inquiry will damage

653  
00:27:30,830 --> 00:27:27,059  
investigation

654  
00:27:32,930 --> 00:27:30,840  
so what he's trying to say and I'll get

655  
00:27:34,250 --> 00:27:32,940  
to what I think is

656  
00:27:37,610 --> 00:27:34,260  
um don't

657  
00:27:40,250 --> 00:27:37,620  
get into what he thinks is Goofy stuff

658  
00:27:41,510 --> 00:27:40,260  
and stick to

659  
00:27:44,810 --> 00:27:41,520  
um

660  
00:27:47,630 --> 00:27:44,820  
emerging threat type stuff like things

661  
00:27:52,549 --> 00:27:47,640  
are on nuclear bases and and your

662  
00:27:58,549 --> 00:27:56,029  
it's still odd to me that

663  
00:28:00,769 --> 00:27:58,559

he mentioned Skinwalker in the title and

664

00:28:03,710 --> 00:28:00,779

George Knapp once when

665

00:28:06,289 --> 00:28:03,720

his idea is kind of more

666

00:28:08,029 --> 00:28:06,299

um is really more not in a bad way but

667

00:28:09,890 --> 00:28:08,039

is a little more vague than that you

668

00:28:12,769 --> 00:28:09,900

know he's singling out an aspect well

669

00:28:15,409 --> 00:28:12,779

also being vague because the Wu aspect

670

00:28:17,570 --> 00:28:15,419

of UFOs

671

00:28:20,870 --> 00:28:17,580

um is a lot wider than just Skinwalker

672

00:28:23,149 --> 00:28:20,880

Ranch you know that's for sure so to

673

00:28:25,310 --> 00:28:23,159

mention them specifically he's got some

674

00:28:27,289 --> 00:28:25,320

sort of beef with him he he wrote a

675

00:28:29,450 --> 00:28:27,299

piece that was kind of bad about Jay

676  
00:28:32,810 --> 00:28:29,460  
Stratton

677  
00:28:35,210 --> 00:28:32,820  
um when he came out so he definitely has

678  
00:28:37,610 --> 00:28:35,220  
some sort of beef with these guys

679  
00:28:39,350 --> 00:28:37,620  
um and you know you can take that and

680  
00:28:40,970 --> 00:28:39,360  
well you can take it however you want

681  
00:28:43,850 --> 00:28:40,980  
but when I think of that

682  
00:28:46,610 --> 00:28:43,860  
you know I always whenever it comes down

683  
00:28:49,970 --> 00:28:46,620  
to this stuff my ending thought is well

684  
00:28:52,789 --> 00:28:49,980  
if it's true then you're wrong you know

685  
00:28:54,890 --> 00:28:52,799  
like if skinwalk Ranch if everything

686  
00:28:57,950 --> 00:28:54,900  
that's happened there that Georgia said

687  
00:29:00,289 --> 00:28:57,960  
or or whatever or you know corbella said

688  
00:29:02,750 --> 00:29:00,299

or whoever is true then Tom Rogan is

689

00:29:06,590 --> 00:29:02,760

wrong you know but we

690

00:29:08,690 --> 00:29:06,600

but we don't really know that data wise

691

00:29:09,830 --> 00:29:08,700

you know you just have to go by your gut

692

00:29:11,090 --> 00:29:09,840

instinct and what you think of the

693

00:29:12,769 --> 00:29:11,100

people and if they're being honest or

694

00:29:14,510 --> 00:29:12,779

not but

695

00:29:16,610 --> 00:29:14,520

um so it's

696

00:29:17,990 --> 00:29:16,620

it's to be determined you know if there

697

00:29:20,090 --> 00:29:18,000

really is

698

00:29:21,289 --> 00:29:20,100

um if the government knows of non-human

699

00:29:24,049 --> 00:29:21,299

intelligence

700

00:29:26,710 --> 00:29:24,059

and they know that a lot of this stuff

701  
00:29:29,570 --> 00:29:26,720  
happens at Skinwalker Ranch

702  
00:29:31,610 --> 00:29:29,580  
and they should totally address that and

703  
00:29:33,470 --> 00:29:31,620  
ask those questions but you know if they

704  
00:29:37,789 --> 00:29:33,480  
don't know that then they don't ask them

705  
00:29:42,110 --> 00:29:40,549  
I kind of think of it that way too so it

706  
00:29:43,610 --> 00:29:42,120  
depends how much information you have

707  
00:29:45,769 --> 00:29:43,620  
like if these people have that

708  
00:29:49,370 --> 00:29:45,779  
information that validates oddsap and

709  
00:29:51,889 --> 00:29:49,380  
the UFO program that it said it was

710  
00:29:55,190 --> 00:29:51,899  
why not ask about it you know but if

711  
00:29:57,769 --> 00:29:55,200  
they don't no don't throw yourself into

712  
00:30:00,110 --> 00:29:57,779  
that mix if you don't have

713  
00:30:01,909 --> 00:30:00,120

um you know hard data or documentation

714

00:30:03,049 --> 00:30:01,919

to back up your effort and your

715

00:30:05,990 --> 00:30:03,059

questioning

716

00:30:07,909 --> 00:30:06,000

but I also don't think

717

00:30:09,470 --> 00:30:07,919

uh that they're gonna ask about skin

718

00:30:11,510 --> 00:30:09,480

walker Ranch and why would they that

719

00:30:13,789 --> 00:30:11,520

would be a very weird thing to just come

720

00:30:15,950 --> 00:30:13,799

out and ask about we have the merging

721

00:30:18,110 --> 00:30:15,960

threads thing we have Arrow this office

722

00:30:20,269 --> 00:30:18,120

that is set up

723

00:30:23,149 --> 00:30:20,279

um the biggest problem from Senator gel

724

00:30:24,950 --> 00:30:23,159

brand has been budgeting

725

00:30:26,269 --> 00:30:24,960

um you know from their website it looks

726

00:30:29,450 --> 00:30:26,279

like it's going to be an overview of

727

00:30:32,210 --> 00:30:29,460

what Arrow even does with some questions

728

00:30:34,970 --> 00:30:32,220

so it really has

729

00:30:36,590 --> 00:30:34,980

um the the potential on the face of it

730

00:30:37,970 --> 00:30:36,600

to be a dud

731

00:30:40,490 --> 00:30:37,980

you know

732

00:30:42,049 --> 00:30:40,500

um we don't need an overview of Arrow we

733

00:30:44,269 --> 00:30:42,059

already know what Arrow does

734

00:30:45,950 --> 00:30:44,279

I think they've even written about it in

735

00:30:48,889 --> 00:30:45,960

the report they released people can read

736

00:30:51,529 --> 00:30:48,899

that we don't need to spend taxpayer

737

00:30:53,990 --> 00:30:51,539

money doing a public hearing on what

738

00:30:56,690 --> 00:30:54,000

arrow is about

739

00:30:59,810 --> 00:30:56,700

unless there's some other uh agenda or

740

00:31:01,970 --> 00:30:59,820

idea behind this all you know I think a

741

00:31:03,649 --> 00:31:01,980

lot of the times in the UFO Community we

742

00:31:05,510 --> 00:31:03,659

forget a lot of this stuff

743

00:31:08,029 --> 00:31:05,520

most of the stuff if not all of this

744

00:31:10,070 --> 00:31:08,039

stuff is not directly done for the sake

745

00:31:12,950 --> 00:31:10,080

of the UFO Community right there's

746

00:31:14,990 --> 00:31:12,960

there's other agendas and things going

747

00:31:17,870 --> 00:31:15,000

on they're not um

748

00:31:21,409 --> 00:31:17,880

doing all this putting forth all this

749

00:31:23,990 --> 00:31:21,419

effort to satisfy you know the few

750

00:31:27,049 --> 00:31:24,000

thousand of us that are on UFO Twitter

751

00:31:30,950 --> 00:31:27,059

right they're doing it for other reasons

752

00:31:33,529 --> 00:31:30,960

so there's other reasons must be serious

753

00:31:35,630 --> 00:31:33,539

you know and whether it be as

754

00:31:39,110 --> 00:31:35,640

unfortunate as it is

755

00:31:41,810 --> 00:31:39,120

you know a Chinese listening balloon in

756

00:31:44,269 --> 00:31:41,820

a genuine UAP

757

00:31:45,830 --> 00:31:44,279

are going to share the same space as far

758

00:31:47,990 --> 00:31:45,840

as like a government program because

759

00:31:49,549 --> 00:31:48,000

they both may go unidentified at first

760

00:31:51,350 --> 00:31:49,559

and therefore be mixed up with each

761

00:31:53,930 --> 00:31:51,360

other so they're going to be in the same

762

00:31:56,570 --> 00:31:54,830

um

763

00:32:00,289 --> 00:31:56,580

I don't know what my point was there I

764

00:32:03,950 --> 00:32:00,299

kind of forgot where I was going but

765

00:32:04,610 --> 00:32:03,960

yeah so I think some good questions

766

00:32:06,649 --> 00:32:04,620

um

767

00:32:08,330 --> 00:32:06,659

there are a lot of good questions that

768

00:32:11,149 --> 00:32:08,340

you can ask and I'll kind of throw my

769

00:32:15,289 --> 00:32:11,159

head in the ring for examples

770

00:32:16,730 --> 00:32:15,299

after we look at what some people on

771

00:32:20,210 --> 00:32:16,740

Twitter think what would they ask

772

00:32:22,070 --> 00:32:20,220

because I asked the question on Twitter

773

00:32:25,310 --> 00:32:22,080

um saying that this hearing was coming

774

00:32:26,389 --> 00:32:25,320

up if you could ask Sean Kirkpatrick one

775

00:32:29,630 --> 00:32:26,399

question

776

00:32:31,130 --> 00:32:29,640

what would it be now I should say that

777

00:32:32,149 --> 00:32:31,140

there are a couple questions that were

778

00:32:36,169 --> 00:32:32,159

asked

779

00:32:39,710 --> 00:32:37,909

it kind of goes to what I said earlier

780

00:32:42,830 --> 00:32:39,720

but they're they're asking like are

781

00:32:44,510 --> 00:32:42,840

aliens real and when did they when did

782

00:32:46,010 --> 00:32:44,520

this cover-up start and all this kind of

783

00:32:48,529 --> 00:32:46,020

stuff and just going right into the

784

00:32:51,409 --> 00:32:48,539

weeds like and I don't know that this is

785

00:32:53,510 --> 00:32:51,419

going to be like that you know I think

786

00:32:55,909 --> 00:32:53,520

my gut is telling me those expectations

787

00:32:58,909 --> 00:32:55,919

are blow off you know

788

00:33:01,250 --> 00:32:58,919

so I didn't include those but there were

789

00:33:05,330 --> 00:33:01,260

some good questions asked

790

00:33:11,510 --> 00:33:07,070

if they've got the full funding

791

00:33:16,250 --> 00:33:14,690

it's okay I don't know

792

00:33:18,529 --> 00:33:16,260

I'd want to know if they got the full

793

00:33:20,690 --> 00:33:18,539

funding requested by Congress for Arrow

794

00:33:22,789 --> 00:33:20,700

and if he is meeting any resistance to

795

00:33:24,590 --> 00:33:22,799

his work that is making his job harder

796

00:33:25,789 --> 00:33:24,600

than it should be I think that's a great

797

00:33:29,350 --> 00:33:25,799

question

798

00:33:33,370 --> 00:33:29,360

you know if um arrows being underfunded

799

00:33:36,409 --> 00:33:33,380

if there's a lack of progress from

800

00:33:38,630 --> 00:33:36,419

Kirkpatrick and arrow I think we that

801  
00:33:40,190 --> 00:33:38,640  
needs to be asked about I think that's a

802  
00:33:42,649 --> 00:33:40,200  
great fantastic question Karen thanks

803  
00:33:44,450 --> 00:33:42,659  
for sending that in

804  
00:33:47,389 --> 00:33:44,460  
um this I blocked it out because uh you

805  
00:33:50,029 --> 00:33:47,399  
know I'm not sure

806  
00:33:52,490 --> 00:33:50,039  
if if he wants to you know put his name

807  
00:33:55,370 --> 00:33:52,500  
out there or whatever so he puts uh an

808  
00:33:56,870 --> 00:33:55,380  
obvious one what does he know about why

809  
00:33:58,430 --> 00:33:56,880  
for the second year in a row did

810  
00:34:00,649 --> 00:33:58,440  
aeronaut receive full operational

811  
00:34:03,409 --> 00:34:00,659  
funding you're marked by Congress no

812  
00:34:07,130 --> 00:34:03,419  
again great question

813  
00:34:09,770 --> 00:34:07,140

you know and we put in the in the

814

00:34:11,210 --> 00:34:09,780

senator Geller brand video her asking

815

00:34:14,329 --> 00:34:11,220

multiple times

816

00:34:16,250 --> 00:34:14,339

different sessions about budgeting from

817

00:34:18,409 --> 00:34:16,260

different people and there was also a

818

00:34:19,669 --> 00:34:18,419

letter sent so why isn't this place

819

00:34:22,730 --> 00:34:19,679

funded

820

00:34:25,250 --> 00:34:22,740

you know what is the deal

821

00:34:29,290 --> 00:34:25,260

that needs to be figured out this is law

822

00:34:31,849 --> 00:34:29,300

passed is the law and unelected

823

00:34:33,050 --> 00:34:31,859

bureaucrats are holding this money from

824

00:34:35,510 --> 00:34:33,060

Arrow

825

00:34:38,149 --> 00:34:35,520

in some way shape or form

826

00:34:40,790 --> 00:34:38,159

and that is not right

827

00:34:42,409 --> 00:34:40,800

because Congress all those people are

828

00:34:46,790 --> 00:34:42,419

elected

829

00:34:48,770 --> 00:34:46,800

laws based on what the people want and

830

00:34:51,889 --> 00:34:48,780

they do that and what happens when they

831

00:34:54,829 --> 00:34:51,899

do that people that are not elected do

832

00:34:56,329 --> 00:34:54,839

not fulfill that request

833

00:34:57,650 --> 00:34:56,339

and I really think people like that

834

00:34:59,450 --> 00:34:57,660

should be held accountable because

835

00:35:01,910 --> 00:34:59,460

that's not right

836

00:35:03,050 --> 00:35:01,920

sorry my cat is meowing like crazy at

837

00:35:04,370 --> 00:35:03,060

the door if you can hear it and it's

838

00:35:05,390 --> 00:35:04,380

annoying just let me know I'll take care

839

00:35:07,910 --> 00:35:05,400

of it

840

00:35:10,370 --> 00:35:07,920

uh we got another comment from Chris

841

00:35:12,890 --> 00:35:10,380

Spitzer who is a great follow on Twitter

842

00:35:15,290 --> 00:35:12,900

might I add if you're watching like

843

00:35:16,970 --> 00:35:15,300

videos UFO videos or there's like

844

00:35:20,270 --> 00:35:16,980

popular ones that come out or whatever

845

00:35:22,370 --> 00:35:20,280

he puts his two cents in as far as like

846

00:35:26,630 --> 00:35:24,109

um you know what it could show

847

00:35:28,790 --> 00:35:26,640

you know in a scientific way he's a

848

00:35:29,870 --> 00:35:28,800

smart guy so I'd recommend him as a

849

00:35:31,310 --> 00:35:29,880

follow

850

00:35:34,550 --> 00:35:31,320

um what are the Techno and energy

851  
00:35:36,290 --> 00:35:34,560  
markers that would support the non-human

852  
00:35:37,970 --> 00:35:36,300  
hypothesis his answer would maybe tell

853  
00:35:40,550 --> 00:35:37,980  
us if they reached that phase in their

854  
00:35:43,870 --> 00:35:41,990  
I feel like

855  
00:35:47,450 --> 00:35:43,880  
um obviously that's a great question

856  
00:35:49,490 --> 00:35:47,460  
there has to be a way to uh maybe

857  
00:35:52,910 --> 00:35:49,500  
slowly get to the point of asking a

858  
00:35:55,790 --> 00:35:52,920  
question like that you know

859  
00:36:00,050 --> 00:35:58,130  
you know it's the non-human hypothesis

860  
00:36:02,030 --> 00:36:00,060  
isn't even

861  
00:36:04,490 --> 00:36:02,040  
um on the table at all

862  
00:36:09,770 --> 00:36:04,500  
as far as you know what they talk about

863  
00:36:11,870 --> 00:36:09,860

um

864

00:36:13,970 --> 00:36:11,880

[Music]

865

00:36:16,130 --> 00:36:13,980

what the heck is that is back today

866

00:36:24,829 --> 00:36:16,140

actually so hang tight we're gonna do it

867

00:36:24,839 --> 00:36:28,490

so yeah

868

00:36:34,370 --> 00:36:31,849

but obviously yeah like um another way

869

00:36:35,930 --> 00:36:34,380

we could ask this is or what techno and

870

00:36:38,630 --> 00:36:35,940

energy markers

871

00:36:42,890 --> 00:36:38,640

uh

872

00:36:45,829 --> 00:36:42,900

would support the object being made by

873

00:36:47,329 --> 00:36:45,839

humans if at all I guess you know in the

874

00:36:49,210 --> 00:36:47,339

same way asking

875

00:36:53,750 --> 00:36:49,220

so but yeah good question

876

00:36:55,490 --> 00:36:53,760

uh Bob pleasekin asks

877

00:36:57,770 --> 00:36:55,500

what are your current assessments of UAP

878

00:37:00,230 --> 00:36:57,780

origin what indicators do you have for

879

00:37:02,569 --> 00:37:00,240

UAP to be non-human intelligence

880

00:37:04,069 --> 00:37:02,579

what indicators for UAP origin to be

881

00:37:05,750 --> 00:37:04,079

non-human intelligence have been

882

00:37:08,030 --> 00:37:05,760

detected kind of

883

00:37:12,170 --> 00:37:08,040

same type of questions

884

00:37:14,569 --> 00:37:12,180

as Chris uh tell me the each indicator

885

00:37:21,950 --> 00:37:17,030

it's pretty good I mean like we all want

886

00:37:27,050 --> 00:37:23,870

these hearings like

887

00:37:29,870 --> 00:37:27,060

what do you have that shows something is

888

00:37:31,970 --> 00:37:29,880

not human what do you have if you got

889

00:37:37,730 --> 00:37:31,980

something show it to me now

890

00:37:44,750 --> 00:37:40,130

so

891

00:37:47,930 --> 00:37:46,370

that's right

892

00:37:49,910 --> 00:37:47,940

good questions don't get straight

893

00:37:52,490 --> 00:37:49,920

answers in these hearings sadly

894

00:37:55,250 --> 00:37:52,500

we will wait and see and then pick it

895

00:37:57,109 --> 00:37:55,260

apart afterwards should be fun

896

00:38:01,730 --> 00:37:57,119

the name

897

00:38:06,890 --> 00:38:04,430

the question or what was said the

898

00:38:08,450 --> 00:38:06,900

statement is pretty good

899

00:38:11,450 --> 00:38:08,460

it's pretty right

900

00:38:13,790 --> 00:38:11,460

at least if you go and and you know base

901  
00:38:15,650 --> 00:38:13,800  
our expectations on what happened last

902  
00:38:18,230 --> 00:38:15,660  
time

903  
00:38:22,190 --> 00:38:18,240  
in the hearings

904  
00:38:29,390 --> 00:38:26,690  
and then of course we have Jack safarte

905  
00:38:33,470 --> 00:38:29,400  
who commented

906  
00:38:35,450 --> 00:38:33,480  
Rockets are obsolete don't be stupid

907  
00:38:37,430 --> 00:38:35,460  
be a smarty

908  
00:38:41,150 --> 00:38:37,440  
come and join

909  
00:38:43,670 --> 00:38:41,160  
sparty's warp drive party so he's

910  
00:38:45,410 --> 00:38:43,680  
promoting his warp drive party in the

911  
00:38:51,170 --> 00:38:45,420  
comments great

912  
00:38:53,030 --> 00:38:51,180  
[Laughter]

913  
00:38:55,250 --> 00:38:53,040

I thought that was kind of funny

914

00:38:57,770 --> 00:38:55,260

be a smarty

915

00:39:00,530 --> 00:38:57,780

so yeah that's what we got so what do

916

00:39:02,690 --> 00:39:00,540

you guys think any questions you get

917

00:39:05,150 --> 00:39:02,700

uh that you would want to ask

918

00:39:06,950 --> 00:39:05,160

I feel like that somebody put a comment

919

00:39:09,849 --> 00:39:06,960

in here that I thought was

920

00:39:13,010 --> 00:39:09,859

kind of interesting

921

00:39:15,530 --> 00:39:13,020

and it's really about oh here we go

922

00:39:16,849 --> 00:39:15,540

Christian so uh but Sean what about the

923

00:39:19,550 --> 00:39:16,859

Whistleblower suppose you have a

924

00:39:21,770 --> 00:39:19,560

whistleblower that says we retrieve a

925

00:39:22,790 --> 00:39:21,780

craft and there were bodies so how does

926  
00:39:24,170 --> 00:39:22,800  
the answer

927  
00:39:26,990 --> 00:39:24,180  
questions

928  
00:39:28,790 --> 00:39:27,000  
Okay so

929  
00:39:30,650 --> 00:39:28,800  
interesting because that actually gets

930  
00:39:34,670 --> 00:39:30,660  
to the next tweet that I wanted to look

931  
00:39:37,970 --> 00:39:34,680  
at and it is not a question in relating

932  
00:39:40,310 --> 00:39:37,980  
to my tweet but if you keep up with the

933  
00:39:44,450 --> 00:39:40,320  
weaponized podcast Jeremy Corbell

934  
00:39:48,650 --> 00:39:46,849  
on their last episode to come Keller who

935  
00:39:50,930 --> 00:39:48,660  
has been a guest of this show

936  
00:39:51,710 --> 00:39:50,940  
he was a good guest

937  
00:39:54,170 --> 00:39:51,720  
um

938  
00:39:55,970 --> 00:39:54,180

said on the show that

939

00:39:59,270 --> 00:39:55,980

yeah

940

00:40:01,630 --> 00:39:59,280

there is Legacy UFO exploitation

941

00:40:04,550 --> 00:40:01,640

programs and downed UFOs

942

00:40:06,770 --> 00:40:04,560

so Jeremy says and you do realize that

943

00:40:07,550 --> 00:40:06,780

if Dr Keller can say this much publicly

944

00:40:09,109 --> 00:40:07,560

now

945

00:40:10,609 --> 00:40:09,119

that if he testified in a close

946

00:40:12,890 --> 00:40:10,619

Congressional hearing with classified

947

00:40:15,349 --> 00:40:12,900

status he could spill all the damn

948

00:40:17,930 --> 00:40:15,359

beings about what he has been read into

949

00:40:21,710 --> 00:40:17,940

regarding Legacy UFO exploitation

950

00:40:24,650 --> 00:40:21,720

programs and down UFOs

951

00:40:26,810 --> 00:40:24,660

so I think what uh we got a little bit

952

00:40:31,910 --> 00:40:26,820

of a hint at here is

953

00:40:34,130 --> 00:40:31,920

that uh Mr Dr kellier has testified

954

00:40:35,870 --> 00:40:34,140

regarding this stuff

955

00:40:37,970 --> 00:40:35,880

so

956

00:40:40,730 --> 00:40:37,980

that is very interesting now going back

957

00:40:43,490 --> 00:40:40,740

to Christian's thing The Whistleblower

958

00:40:45,109 --> 00:40:43,500

thing so is this an appropriate place is

959

00:40:47,450 --> 00:40:45,119

an appropriate hearing desk about

960

00:40:49,430 --> 00:40:47,460

whistleblowers and exploitation programs

961

00:40:51,410 --> 00:40:49,440

I'll always say yes it's always

962

00:40:53,150 --> 00:40:51,420

appropriate

963

00:40:55,849 --> 00:40:53,160

um

964

00:40:57,710 --> 00:40:55,859

when we look at the different characters

965

00:41:01,190 --> 00:40:57,720

at play here from the outside whether it

966

00:41:03,650 --> 00:41:01,200

be Senator gillibrand or Burchette

967

00:41:06,170 --> 00:41:03,660

Congressman timberchet right they both

968

00:41:07,970 --> 00:41:06,180

kind of say two different things and and

969

00:41:11,150 --> 00:41:07,980

two different lines as far as this stuff

970

00:41:13,490 --> 00:41:11,160

is considered gillibrand even in that

971

00:41:15,890 --> 00:41:13,500

video I played earlier you know

972

00:41:17,650 --> 00:41:15,900

um she is concerned about whether it be

973

00:41:21,410 --> 00:41:17,660

Chinese balloons or drones or whatever

974

00:41:24,230 --> 00:41:21,420

into our airspace in in that area that's

975

00:41:26,810 --> 00:41:24,240

above commercial airspace but below

976  
00:41:28,970 --> 00:41:26,820  
space which we don't have a protocol for

977  
00:41:30,950 --> 00:41:28,980  
she said so that's I think where we're

978  
00:41:33,230 --> 00:41:30,960  
encountering a lot of our issues and

979  
00:41:36,050 --> 00:41:33,240  
she's concerned about that and I don't

980  
00:41:37,609 --> 00:41:36,060  
know that she necessarily believes in

981  
00:41:40,730 --> 00:41:37,619  
the

982  
00:41:42,829 --> 00:41:40,740  
um Legacy programs UFOs aliens non-human

983  
00:41:44,690 --> 00:41:42,839  
hypothesis I'm not sure because she is

984  
00:41:45,349 --> 00:41:44,700  
never

985  
00:41:47,569 --> 00:41:45,359  
um

986  
00:41:49,670 --> 00:41:47,579  
she has never

987  
00:41:52,130 --> 00:41:49,680  
really talked about any of that kind of

988  
00:41:53,750 --> 00:41:52,140

stuff she's she's told the line quite

989

00:41:55,849 --> 00:41:53,760

carefully

990

00:41:58,010 --> 00:41:55,859

um she will drop hints like in the video

991

00:42:00,470 --> 00:41:58,020

I played earlier she has said things

992

00:42:03,530 --> 00:42:00,480

like known or unknown

993

00:42:06,950 --> 00:42:03,540

you know but she doesn't hint or say

994

00:42:09,230 --> 00:42:06,960

anything as far as like non-human stuff

995

00:42:11,950 --> 00:42:09,240

where Timber chet on the other hand he's

996

00:42:15,530 --> 00:42:11,960

all non-human he's all in a non-human

997

00:42:18,650 --> 00:42:15,540

Legacy UFO crash programs

998

00:42:21,170 --> 00:42:18,660

like he tapped Jeremy corbell's phone or

999

00:42:24,410 --> 00:42:21,180

something he is all in

1000

00:42:26,329 --> 00:42:24,420

and he is also talking about uh hearings

1001  
00:42:28,430 --> 00:42:26,339  
and was stated on Liberation Times by

1002  
00:42:31,130 --> 00:42:28,440  
Christopher sharp that oversight

1003  
00:42:34,970 --> 00:42:31,140  
committee via timberchet I think

1004  
00:42:37,370 --> 00:42:34,980  
hopefully hopefully I'm not wrong there

1005  
00:42:39,770 --> 00:42:37,380  
also want to hold hearings so what I see

1006  
00:42:42,349 --> 00:42:39,780  
happening is kind of this hearing with

1007  
00:42:43,550 --> 00:42:42,359  
senator gillibrand being about the

1008  
00:42:47,569 --> 00:42:43,560  
budget

1009  
00:42:51,290 --> 00:42:47,579  
probably being about more prosaic type

1010  
00:42:53,510 --> 00:42:51,300  
of issues but maybe not directly

1011  
00:42:55,790 --> 00:42:53,520  
um but I could be wrong I think it's a

1012  
00:42:58,010 --> 00:42:55,800  
completely appropriate hearing for

1013  
00:43:01,730 --> 00:42:58,020

gillibrand or others to ask her Patrick

1014

00:43:03,890 --> 00:43:01,740

about what has what was spelled out in

1015

00:43:07,190 --> 00:43:03,900

their reports which is

1016

00:43:08,450 --> 00:43:07,200

uh UAP doing things that can't be

1017

00:43:10,670 --> 00:43:08,460

explained

1018

00:43:11,750 --> 00:43:10,680

you know

1019

00:43:14,390 --> 00:43:11,760

um

1020

00:43:16,430 --> 00:43:14,400

in in those reports you know it was kind

1021

00:43:18,410 --> 00:43:16,440

of they

1022

00:43:20,150 --> 00:43:18,420

kind of beat around the bush as far as

1023

00:43:22,430 --> 00:43:20,160

saying like it could be sensor anomalies

1024

00:43:24,950 --> 00:43:22,440

and so on and so forth but if we're

1025

00:43:26,870 --> 00:43:24,960

looking for UAP if we're looking for

1026

00:43:32,050 --> 00:43:26,880

things that show the five observables

1027

00:43:37,490 --> 00:43:35,990

those that section of UAP that's what

1028

00:43:40,069 --> 00:43:37,500

were us

1029

00:43:44,930 --> 00:43:40,079

that's what we're concerned about and I

1030

00:43:46,490 --> 00:43:44,940

think it is necessary to dive into that

1031

00:43:49,550 --> 00:43:46,500

and you can pull it right from the

1032

00:43:52,550 --> 00:43:49,560

report you know here it states that uaps

1033

00:43:56,710 --> 00:43:52,560

some uaps present uh odd flight

1034

00:43:59,510 --> 00:43:56,720

characteristics you know I'm totally

1035

00:44:01,550 --> 00:43:59,520

you know I'm not using the exact

1036

00:44:03,349 --> 00:44:01,560

language but that showed things that we

1037

00:44:04,430 --> 00:44:03,359

can't explain whatever

1038

00:44:07,010 --> 00:44:04,440

um

1039

00:44:09,230 --> 00:44:07,020

what have you learned about that have

1040

00:44:11,089 --> 00:44:09,240

you learned any more about those

1041

00:44:12,410 --> 00:44:11,099

I think that would be very important to

1042

00:44:15,050 --> 00:44:12,420

ask about that

1043

00:44:17,030 --> 00:44:15,060

and at some point I plan on digging back

1044

00:44:19,450 --> 00:44:17,040

in history and looking at cases from

1045

00:44:23,030 --> 00:44:19,460

Blue Book just like that

1046

00:44:24,530 --> 00:44:23,040

they kind of use as maybe some evidence

1047

00:44:26,569 --> 00:44:24,540

that it has been happening for a while

1048

00:44:28,790 --> 00:44:26,579

but that's for another time

1049

00:44:30,950 --> 00:44:28,800

so I think that would be uh great to ask

1050

00:44:33,170 --> 00:44:30,960

that to nail down on that question

1051  
00:44:36,530 --> 00:44:33,180  
because until we get that question

1052  
00:44:39,230 --> 00:44:36,540  
answered until we get answers on the

1053  
00:44:41,809 --> 00:44:39,240  
small sort the small set of cases that

1054  
00:44:43,130 --> 00:44:41,819  
show uh crazy flight characteristics

1055  
00:44:45,650 --> 00:44:43,140  
that can't be explained the five

1056  
00:44:48,230 --> 00:44:45,660  
observables if you lose on until we

1057  
00:44:50,329 --> 00:44:48,240  
address those directly we can't move on

1058  
00:44:53,930 --> 00:44:50,339  
to any sort of non-human hypothesis

1059  
00:44:55,609 --> 00:44:53,940  
right so I think it'd be great to start

1060  
00:44:58,490 --> 00:44:55,619  
there another question I wish they would

1061  
00:45:02,690 --> 00:44:58,500  
have asked the last time was is there

1062  
00:45:03,370 --> 00:45:02,700  
any evidence that UAP have

1063  
00:45:06,109 --> 00:45:03,380

um

1064

00:45:09,290 --> 00:45:06,119

moved throughout

1065

00:45:13,370 --> 00:45:11,690

you know the sky

1066

00:45:16,010 --> 00:45:13,380

and water

1067

00:45:17,750 --> 00:45:16,020

all three of them in any way water Sky

1068

00:45:19,790 --> 00:45:17,760

Outer Space outer space Sky water

1069

00:45:23,270 --> 00:45:19,800

whatever you want to say do we have any

1070

00:45:25,069 --> 00:45:23,280

evidence of UAP doing that

1071

00:45:27,530 --> 00:45:25,079

you know and depending on that question

1072

00:45:31,130 --> 00:45:27,540

I would ask is there any evidence of UAP

1073

00:45:33,230 --> 00:45:31,140

moving through two different meetings

1074

00:45:36,410 --> 00:45:33,240

you know the transmedium thing I would I

1075

00:45:38,270 --> 00:45:36,420

would definitely ask about that

1076

00:45:40,609 --> 00:45:38,280

um I would also bring up the Aguadilla

1077

00:45:42,410 --> 00:45:40,619

video if he says that there is no

1078

00:45:44,450 --> 00:45:42,420

evidence on that

1079

00:45:46,370 --> 00:45:44,460

if you've seen that video it's um

1080

00:45:47,450 --> 00:45:46,380

unexplained by a lot and it moves

1081

00:45:51,230 --> 00:45:47,460

through different mediums it's

1082

00:45:57,790 --> 00:45:54,109

I think that would be a great question

1083

00:46:02,270 --> 00:45:57,800

as far as Legacy programs and stuff like

1084

00:46:04,550 --> 00:46:02,280

I see that being taken on by timbertchet

1085

00:46:05,990 --> 00:46:04,560

in the other house oversight committee

1086

00:46:07,430 --> 00:46:06,000

stuff because that would be a legacy

1087

00:46:08,690 --> 00:46:07,440

program that would be hidden from

1088

00:46:10,790 --> 00:46:08,700

Congress

1089

00:46:12,349 --> 00:46:10,800

in the oversight of them

1090

00:46:15,230 --> 00:46:12,359

so I think that would be an appropriate

1091

00:46:19,130 --> 00:46:15,240

place to attack that problem

1092

00:46:23,030 --> 00:46:20,870

I mean to be honest I think it's

1093

00:46:25,130 --> 00:46:23,040

appropriate to get that stuff at all

1094

00:46:27,109 --> 00:46:25,140

times but like going by you know the

1095

00:46:29,270 --> 00:46:27,119

different committees and and what people

1096

00:46:30,530 --> 00:46:29,280

have said publicly and all that and I'm

1097

00:46:33,170 --> 00:46:30,540

just trying to give an idea of what I

1098

00:46:35,630 --> 00:46:33,180

think it looks like is going to happen

1099

00:46:37,250 --> 00:46:35,640

I don't expect big fireworks from the

1100

00:46:39,770 --> 00:46:37,260

hearings I could be wrong other people

1101  
00:46:40,910 --> 00:46:39,780  
of course on Twitter like always this is

1102  
00:46:42,950 --> 00:46:40,920  
going to be it this is going to be a

1103  
00:46:45,349 --> 00:46:42,960  
disclosure I would always warn against

1104  
00:46:47,630 --> 00:46:45,359  
that because look at it this way if

1105  
00:46:49,370 --> 00:46:47,640  
you're saying it's not going to be if if

1106  
00:46:51,710 --> 00:46:49,380  
you're thinking that's not going to be

1107  
00:46:54,349 --> 00:46:51,720  
that big of a deal at the hearings

1108  
00:46:57,109 --> 00:46:54,359  
and then they happen and they're not a

1109  
00:47:00,470 --> 00:46:57,119  
big deal okay you were right but if you

1110  
00:47:03,650 --> 00:47:00,480  
say that and then they are a big deal

1111  
00:47:05,210 --> 00:47:03,660  
great that's awesome that's a bonus but

1112  
00:47:07,790 --> 00:47:05,220  
you don't get any brownie points for

1113  
00:47:09,050 --> 00:47:07,800

predicting it correctly right and do you

1114

00:47:11,750 --> 00:47:09,060

want to safeguard yourself your

1115

00:47:13,490 --> 00:47:11,760

expectations and your emotions so they

1116

00:47:15,349 --> 00:47:13,500

don't get kind of out of hand for

1117

00:47:18,410 --> 00:47:15,359

something that might not happen which

1118

00:47:21,530 --> 00:47:18,420

happens over and over again here

1119

00:47:23,750 --> 00:47:21,540

in the UFO space

1120

00:47:25,069 --> 00:47:23,760

I also would possibly expect Jeremy

1121

00:47:26,750 --> 00:47:25,079

Corbell and George snap to release

1122

00:47:29,210 --> 00:47:26,760

something again on their show on Tuesday

1123

00:47:31,010 --> 00:47:29,220

and these are just expectations I have

1124

00:47:33,410 --> 00:47:31,020

no inside knowledge I'm just

1125

00:47:35,930 --> 00:47:33,420

I'm taking guesses if I was Jeremy

1126

00:47:40,609 --> 00:47:38,089

um and he you know has once said that he

1127

00:47:43,910 --> 00:47:40,619

has a plan or whatever doesn't do things

1128

00:47:45,890 --> 00:47:43,920

haphazardly I would think that uh there

1129

00:47:48,829 --> 00:47:45,900

would be some things that will be in the

1130

00:47:50,450 --> 00:47:48,839

run-up to these hearings

1131

00:47:51,829 --> 00:47:50,460

um Jeremy's has got episodes at home

1132

00:47:55,309 --> 00:47:51,839

every Tuesday

1133

00:47:58,010 --> 00:47:55,319

he's got more videos and stuff or photos

1134

00:48:01,910 --> 00:47:58,020

some of which are of

1135

00:48:03,050 --> 00:48:01,920

us shooting down uh Jellyfish looking at

1136

00:48:07,609 --> 00:48:03,060

UAP

1137

00:48:10,430 --> 00:48:08,990

if he's going to release that what

1138

00:48:11,450 --> 00:48:10,440

better time to do then before the

1139

00:48:14,270 --> 00:48:11,460

hearing

1140

00:48:16,190 --> 00:48:14,280

Joe Florian says hello what's up Joe

1141

00:48:18,290 --> 00:48:16,200

Florence

1142

00:48:19,730 --> 00:48:18,300

and I feel like I know that guy you guys

1143

00:48:24,109 --> 00:48:19,740

ever get that feeling where you're like

1144

00:48:28,849 --> 00:48:26,450

in the face I don't I don't really

1145

00:48:31,190 --> 00:48:28,859

recognize much but but the hand wave the

1146

00:48:32,270 --> 00:48:31,200

hand wave looks really familiar like I'm

1147

00:48:37,430 --> 00:48:32,280

not sure

1148

00:48:41,750 --> 00:48:39,170

Joe Florence is probably laughing his

1149

00:48:46,670 --> 00:48:41,760

butt off right now I could be wrong

1150

00:48:51,890 --> 00:48:49,130

um I say it that we could maybe move

1151

00:48:59,030 --> 00:48:54,309

into

1152

00:49:01,910 --> 00:48:59,040

the next Realm of the show

1153

00:49:04,190 --> 00:49:01,920

which is going to be

1154

00:49:09,109 --> 00:49:04,200

pretty freaking

1155

00:49:12,890 --> 00:49:09,119

cool man pretty cool so all right so

1156

00:49:17,089 --> 00:49:12,900

moving on we're done talking about the

1157

00:49:23,750 --> 00:49:20,329

what I want to do is transition

1158

00:49:26,809 --> 00:49:23,760

into a

1159

00:49:29,450 --> 00:49:26,819

a pretty crazy experience that I found

1160

00:49:31,670 --> 00:49:29,460

that was in the Blue Book files now you

1161

00:49:33,170 --> 00:49:31,680

guys got to understand when I play these

1162

00:49:34,069 --> 00:49:33,180

clips or anything like that I'm not

1163

00:49:36,710 --> 00:49:34,079

saying

1164

00:49:39,829 --> 00:49:36,720

that this experience is absolutely true

1165

00:49:42,530 --> 00:49:39,839

you know I stand by this look it's proof

1166

00:49:43,970 --> 00:49:42,540

uh you know like debunkers thing

1167

00:49:47,089 --> 00:49:43,980

all I think

1168

00:49:49,910 --> 00:49:47,099

is that it was a crazy experience

1169

00:49:53,569 --> 00:49:49,920

we've heard about them before

1170

00:49:58,490 --> 00:49:56,030

of course a lot of the testimony of Blue

1171

00:50:00,410 --> 00:49:58,500

Book is not recorded so I have to

1172

00:50:04,250 --> 00:50:00,420

you know read it or whatever and it's

1173

00:50:06,589 --> 00:50:04,260

not a video or audio recording so

1174

00:50:09,109 --> 00:50:06,599

um um I did the reading I read it myself

1175

00:50:13,630 --> 00:50:09,119

and recorded it so we can listen and

1176  
00:50:13,640 --> 00:50:21,430  
[Music]

1177  
00:50:21,440 --> 00:50:24,560  
thank you

1178  
00:50:33,109 --> 00:50:29,210  
[Music]

1179  
00:50:35,630 --> 00:50:33,119  
Douglas case 1963 testimony of the truck

1180  
00:50:37,250 --> 00:50:35,640  
driver lives in the city of venato torto

1181  
00:50:40,010 --> 00:50:37,260  
Chile street corner of Los Angeles

1182  
00:50:44,329 --> 00:50:40,020  
province of Santa Fe Republic of

1183  
00:50:47,870 --> 00:50:44,339  
Argentina this person was sent to cem

1184  
00:50:51,230 --> 00:50:47,880  
to be known in order to be brief I on

1185  
00:50:53,630 --> 00:50:51,240  
the 11th of October 1963 took the

1186  
00:50:56,089 --> 00:50:53,640  
crossroads from Siobhan towards

1187  
00:50:59,150 --> 00:50:56,099  
Kavanaugh where I was to unload the

1188  
00:51:01,549 --> 00:50:59,160

carbon I carried in my 1936 Ford having

1189

00:51:04,010 --> 00:51:01,559

to pass many little Pueblos to get to

1190

00:51:06,410 --> 00:51:04,020

the ladder I noticed it was sprinkling

1191

00:51:08,750 --> 00:51:06,420

and that it was getting dark

1192

00:51:11,089 --> 00:51:08,760

what would the truck in bad condition I

1193

00:51:15,049 --> 00:51:11,099

decided to spend the night in West sis

1194

00:51:19,730 --> 00:51:17,690

but not finding a room in any hotel I

1195

00:51:21,829 --> 00:51:19,740

undertook the trip once more flooring

1196

00:51:22,910 --> 00:51:21,839

the accelerator in order to arrive at

1197

00:51:25,970 --> 00:51:22,920

Kavanaugh

1198

00:51:28,790 --> 00:51:25,980

after Crossing through montemayas with

1199

00:51:30,829 --> 00:51:28,800

only seven kilometers to Isla Verde I

1200

00:51:32,809 --> 00:51:30,839

saw red lights

1201  
00:51:35,210 --> 00:51:32,819  
thinking that it was stopped a parked

1202  
00:51:37,670 --> 00:51:35,220  
vehicle I switched my lights on and off

1203  
00:51:40,370 --> 00:51:37,680  
but did not get any answer

1204  
00:51:43,130 --> 00:51:40,380  
advancing about 15 to 20 meters which I

1205  
00:51:44,930 --> 00:51:43,140  
cannot swear to be correct you above

1206  
00:51:47,750 --> 00:51:44,940  
mentioned

1207  
00:51:50,030 --> 00:51:47,760  
gave out a flash cutting off my current

1208  
00:51:53,270 --> 00:51:50,040  
completely for which reason my motor

1209  
00:51:58,430 --> 00:51:55,910  
I cannot give the precise time that

1210  
00:52:00,770 --> 00:51:58,440  
trans coured after I got the initial

1211  
00:52:03,049 --> 00:52:00,780  
shock I got out of the car right side

1212  
00:52:05,510 --> 00:52:03,059  
observing what looked like a car but I

1213  
00:52:08,270 --> 00:52:05,520

did not see anything

1214

00:52:10,430 --> 00:52:08,280

I then tried to start my truck and tried

1215

00:52:12,710 --> 00:52:10,440

the lights but neither worked

1216

00:52:15,049 --> 00:52:12,720

I tried to find the trouble reduced by

1217

00:52:17,270 --> 00:52:15,059

the shock and noticed that the front

1218

00:52:19,430 --> 00:52:17,280

axle was twisted and it was impossible

1219

00:52:22,309 --> 00:52:19,440

to continue the trip

1220

00:52:24,410 --> 00:52:22,319

if it had only been the lights

1221

00:52:27,349 --> 00:52:24,420

and the fuses there wouldn't have been

1222

00:52:29,870 --> 00:52:27,359

too much of a problem for me

1223

00:52:32,150 --> 00:52:29,880

at this time I took out a blanket my 38

1224

00:52:34,010 --> 00:52:32,160

caliber short out of its holster I

1225

00:52:35,329 --> 00:52:34,020

waited to see if a car would come in any

1226

00:52:36,470 --> 00:52:35,339

direction that would take me to the

1227

00:52:38,450 --> 00:52:36,480

nearest town

1228

00:52:40,910 --> 00:52:38,460

it was at this time that I noticed a

1229

00:52:43,250 --> 00:52:40,920

glare coming from the direction of

1230

00:52:45,109 --> 00:52:43,260

Isla Verde

1231

00:52:47,150 --> 00:52:45,119

that looked like an approaching car on

1232

00:52:49,309 --> 00:52:47,160

the street and ran parallel to the one

1233

00:52:53,329 --> 00:52:49,319

where I stood and was separated from my

1234

00:52:57,650 --> 00:52:55,670

I was going to shout thinking it was a

1235

00:52:59,990 --> 00:52:57,660

farmer who had an entrance there but at

1236

00:53:01,790 --> 00:53:00,000

about 40 or 50 meters I observed two

1237

00:53:04,910 --> 00:53:01,800

people walking illuminated by the lights

1238

00:53:07,370 --> 00:53:04,920

of the vehicle their clothes as well as

1239

00:53:09,470 --> 00:53:07,380

the lights of the vehicle made me a bit

1240

00:53:12,170 --> 00:53:09,480

suspicious

1241

00:53:13,970 --> 00:53:12,180

a note here that up to this moment I had

1242

00:53:15,829 --> 00:53:13,980

not felt the slightest bit of fear but

1243

00:53:17,630 --> 00:53:15,839

the shock was so great when the vehicle

1244

00:53:19,549 --> 00:53:17,640

turned off its lights and I couldn't see

1245

00:53:20,809 --> 00:53:19,559

the vehicle nor the people that I became

1246

00:53:22,970 --> 00:53:20,819

frightened

1247

00:53:24,109 --> 00:53:22,980

all at once I saw light that was very

1248

00:53:26,450 --> 00:53:24,119

near me

1249

00:53:27,770 --> 00:53:26,460

and was coming towards me the light was

1250

00:53:29,809 --> 00:53:27,780

red

1251

00:53:32,690 --> 00:53:29,819

it didn't glare but gave off these very

1252

00:53:34,730 --> 00:53:32,700

fine rays of powerful light

1253

00:53:37,609 --> 00:53:34,740

there is a certain smell of gas that

1254

00:53:39,710 --> 00:53:37,619

made my face an eye sting on the other

1255

00:53:41,990 --> 00:53:39,720

hand it made a small sound which I

1256

00:53:44,510 --> 00:53:42,000

couldn't find similar to anything

1257

00:53:46,370 --> 00:53:44,520

The Light Came Upon me I surrendered and

1258

00:53:48,170 --> 00:53:46,380

spoke to it as I walked away from it

1259

00:53:49,190 --> 00:53:48,180

backwards to the side of the trunk of

1260

00:53:51,170 --> 00:53:49,200

the truck

1261

00:53:53,750 --> 00:53:51,180

my knees gave way

1262

00:53:56,990 --> 00:53:53,760

fear had overtaken me

1263

00:53:59,450 --> 00:53:57,000

I asked God to help me

1264

00:54:01,370 --> 00:53:59,460

and when it was at more or less a meter

1265

00:54:04,069 --> 00:54:01,380

away from me I took my revolver out of

1266

00:54:06,710 --> 00:54:04,079

its holster fired a shot at the light

1267

00:54:09,349 --> 00:54:06,720

it made a sound as if steel had been

1268

00:54:11,450 --> 00:54:09,359

rubbed against a piece of Emery

1269

00:54:13,190 --> 00:54:11,460

the light gave out a sound like the

1270

00:54:15,049 --> 00:54:13,200

rapid breaking of a cart and went

1271

00:54:17,150 --> 00:54:15,059

backwards a few meters

1272

00:54:19,630 --> 00:54:17,160

it took a blue light appearance and took

1273

00:54:22,069 --> 00:54:19,640

off in at a high rate of speed forward

1274

00:54:24,530 --> 00:54:22,079

illuminating upward

1275

00:54:25,910 --> 00:54:24,540

I fired another shot at the crossroads

1276

00:54:28,790 --> 00:54:25,920

and went to the field looking for

1277

00:54:30,470 --> 00:54:28,800

shelter in at a top of a small hill that

1278

00:54:32,809 --> 00:54:30,480

I had previously noticed when I first

1279

00:54:35,089 --> 00:54:32,819

stopped the truck

1280

00:54:39,109 --> 00:54:35,099

when I calculated that

1281

00:54:41,690 --> 00:54:39,119

I was near the hill I shouted farmer

1282

00:54:43,609 --> 00:54:41,700

the hill as I was later able to prove

1283

00:54:45,170 --> 00:54:43,619

that the hill was only a small cluster

1284

00:54:47,150 --> 00:54:45,180

of trees

1285

00:54:49,250 --> 00:54:47,160

from the hill two red lights appeared

1286

00:54:51,049 --> 00:54:49,260

that were more like mirrors than lights

1287

00:54:57,290 --> 00:54:51,059

because they didn't illuminate rather

1288

00:55:01,430 --> 00:54:59,450

then in my desperation I sought Isla

1289

00:55:04,490 --> 00:55:01,440

Verde out the blue light which I'd seen

1290

00:55:07,370 --> 00:55:04,500

previously illuminated me once more

1291

00:55:08,930 --> 00:55:07,380

I wasn't able due to my excited state to

1292

00:55:10,849 --> 00:55:08,940

observe the fact that the light came

1293

00:55:12,829 --> 00:55:10,859

from above or below

1294

00:55:14,150 --> 00:55:12,839

I turned and started walking in the

1295

00:55:17,150 --> 00:55:14,160

opposite direction by this time

1296

00:55:18,770 --> 00:55:17,160

confusing fear had its grasp on me and I

1297

00:55:23,569 --> 00:55:18,780

started walking towards the open field

1298

00:55:28,250 --> 00:55:26,089

I crossed through a plowed field then

1299

00:55:30,650 --> 00:55:28,260

through a sold field I was very tired

1300

00:55:32,390 --> 00:55:30,660

all of a sudden I noticed a red light in

1301  
00:55:34,970 --> 00:55:32,400  
front of me

1302  
00:55:37,069 --> 00:55:34,980  
and when I moved it moved with me I

1303  
00:55:39,290 --> 00:55:37,079  
decided to move towards it it stopped in

1304  
00:55:41,210 --> 00:55:39,300  
one place and didn't move anymore

1305  
00:55:44,329 --> 00:55:41,220  
it looked like a mirror as it wasn't

1306  
00:55:46,190 --> 00:55:44,339  
illuminated but reflected my steps

1307  
00:55:48,950 --> 00:55:46,200  
when I was about 10 meters away it

1308  
00:55:51,049 --> 00:55:48,960  
turned off and became dark

1309  
00:55:53,210 --> 00:55:51,059  
on the right side of me at about rib

1310  
00:55:55,549 --> 00:55:53,220  
level of Vineyard shaped vehicle was

1311  
00:55:58,010 --> 00:55:55,559  
giving off a blue light

1312  
00:55:59,990 --> 00:55:58,020  
it started up one or more Motors that

1313  
00:56:01,069 --> 00:56:00,000

made sound similar to those of a diesel

1314

00:56:03,170 --> 00:56:01,079

train engine

1315

00:56:05,630 --> 00:56:03,180

it was approximately eight meters in

1316

00:56:08,030 --> 00:56:05,640

diameter and three meters high

1317

00:56:10,430 --> 00:56:08,040

I noticed two small windows out of which

1318

00:56:12,710 --> 00:56:10,440

blue light was coming there were 60 to

1319

00:56:15,410 --> 00:56:12,720

80 centimeters high and long and they

1320

00:56:17,750 --> 00:56:15,420

were about one or more meters separated

1321

00:56:20,270 --> 00:56:17,760

I saw someone move inside but I didn't

1322

00:56:21,589 --> 00:56:20,280

see the legs or faces just a body type

1323

00:56:23,930 --> 00:56:21,599

form

1324

00:56:26,270 --> 00:56:23,940

I thought they had left for good as it

1325

00:56:28,490 --> 00:56:26,280

moved and disappeared

1326

00:56:30,950 --> 00:56:28,500

I looked around trying to orient myself

1327

00:56:33,109 --> 00:56:30,960

walking towards the highway in order to

1328

00:56:36,049 --> 00:56:33,119

arrive at a town always looking around

1329

00:56:39,349 --> 00:56:36,059

and searching all directions but

1330

00:56:41,870 --> 00:56:39,359

those little lights never left me

1331

00:56:44,510 --> 00:56:41,880

they appeared to be inter-exchanging

1332

00:56:47,030 --> 00:56:44,520

signals and the red lights was once more

1333

00:56:49,069 --> 00:56:47,040

in front of me I approached and they

1334

00:56:52,910 --> 00:56:49,079

retraced

1335

00:56:56,210 --> 00:56:52,920

every 400 or 500 meters it would stop

1336

00:56:57,829 --> 00:56:56,220

about 200 meters from the object on the

1337

00:57:00,410 --> 00:56:57,839

street for human beings that were

1338

00:57:02,809 --> 00:57:00,420

whatever they were appeared walking in

1339

00:57:05,150 --> 00:57:02,819

the same direction as I

1340

00:57:07,130 --> 00:57:05,160

I spoke to them asking them all kinds of

1341

00:57:08,329 --> 00:57:07,140

questions and propositions but nobody

1342

00:57:11,089 --> 00:57:08,339

answered

1343

00:57:16,010 --> 00:57:11,099

one of them came up very close to me in

1344

00:57:21,589 --> 00:57:18,490

noticing that he came closer I noticed a

1345

00:57:23,930 --> 00:57:21,599

triangular object in his hand I was

1346

00:57:27,950 --> 00:57:23,940

afraid he would place it on my head and

1347

00:57:31,670 --> 00:57:28,730

yeah

1348

00:57:33,410 --> 00:57:31,680

all I noticed was as if a shadow had

1349

00:57:35,690 --> 00:57:33,420

fallen backwards

1350

00:57:37,790 --> 00:57:35,700

the others kept on for a few more Paces

1351  
00:57:39,890 --> 00:57:37,800  
then they turned around and returned

1352  
00:57:41,390 --> 00:57:39,900  
they're about two meters tall as a

1353  
00:57:43,609 --> 00:57:41,400  
medium

1354  
00:57:45,950 --> 00:57:43,619  
and some sort of plaster type armor

1355  
00:57:47,390 --> 00:57:45,960  
their uniform when it was illuminated by

1356  
00:57:49,849 --> 00:57:47,400  
the vehicle lights seemed to give off

1357  
00:57:52,010 --> 00:57:49,859  
Sparks

1358  
00:57:53,750 --> 00:57:52,020  
once more I had the light on top of me I

1359  
00:57:55,790 --> 00:57:53,760  
covered my face once again with the

1360  
00:57:57,829 --> 00:57:55,800  
rolled up blanket and in this manner we

1361  
00:58:01,609 --> 00:57:57,839  
were face to face at a distance of about

1362  
00:58:04,190 --> 00:58:01,619  
five meters for almost a minute

1363  
00:58:06,170 --> 00:58:04,200

in that moment the small object darkened

1364

00:58:08,329 --> 00:58:06,180

and I saw the large vehicle pass

1365

00:58:10,190 --> 00:58:08,339

overhead with the two red beams on and

1366

00:58:12,410 --> 00:58:10,200

no lights and windows

1367

00:58:14,930 --> 00:58:12,420

in this manner I was able to get to the

1368

00:58:16,910 --> 00:58:14,940

city of montemayas and focus from time

1369

00:58:18,410 --> 00:58:16,920

to time by the lights and especially by

1370

00:58:21,470 --> 00:58:18,420

the blue light that didn't leave me

1371

00:58:23,630 --> 00:58:21,480

until I had reached the city

1372

00:58:26,510 --> 00:58:23,640

it didn't glare at me face to face at

1373

00:58:28,430 --> 00:58:26,520

any time it seemed to come from above

1374

00:58:29,930 --> 00:58:28,440

when I arrived at the city I asked the

1375

00:58:39,470 --> 00:58:29,940

first person I met where the police

1376

00:58:44,690 --> 00:58:40,609

oh

1377

00:58:46,250 --> 00:58:44,700

crazy crazy case very interesting

1378

00:58:49,010 --> 00:58:46,260

um like you know I always find it most

1379

00:58:52,010 --> 00:58:49,020

interesting when we look at these cases

1380

00:58:53,329 --> 00:58:52,020

or read these cases about contact with

1381

00:58:56,329 --> 00:58:53,339

other beings

1382

00:59:01,970 --> 00:58:58,970

um who report this stuff

1383

00:59:05,210 --> 00:59:01,980

they rarely they rarely say that they

1384

00:59:08,089 --> 00:59:05,220

think they're alien right like

1385

00:59:10,609 --> 00:59:08,099

he said in his testimony or whatever

1386

00:59:12,170 --> 00:59:10,619

they were he didn't know what they were

1387

00:59:12,950 --> 00:59:12,180

he was just reporting what happened to

1388

00:59:14,510 --> 00:59:12,960

him

1389

00:59:16,490 --> 00:59:14,520

you know

1390

00:59:19,430 --> 00:59:16,500

so I always find that extremely

1391

00:59:23,390 --> 00:59:21,170

what else are they going to be you know

1392

00:59:27,410 --> 00:59:23,400

I don't know how put off he looks like

1393

00:59:29,150 --> 00:59:27,420

he might tell you but uh yeah so the

1394

00:59:31,430 --> 00:59:29,160

Blue Book file and then they

1395

00:59:33,109 --> 00:59:31,440

they ask some further questions

1396

00:59:35,210 --> 00:59:33,119

um did they have anything on their heads

1397

00:59:37,309 --> 00:59:35,220

he said yes like a helmet and it was

1398

00:59:38,930 --> 00:59:37,319

shiny in the light

1399

00:59:41,450 --> 00:59:38,940

question he asked how many windows do

1400

00:59:43,789 --> 00:59:41,460

the objects have answer I only saw

1401

00:59:46,730 --> 00:59:43,799

windows in the big object it had two

1402

00:59:48,109 --> 00:59:46,740

about 70 centimeters what are they human

1403

00:59:50,150 --> 00:59:48,119

beings like

1404

00:59:52,370 --> 00:59:50,160

the same as us they move their arms like

1405

00:59:53,390 --> 00:59:52,380

we do where did the Rays and the red

1406

00:59:57,049 --> 00:59:53,400

lights burn

1407

00:59:58,789 --> 00:59:57,059

on the cheeks they made my eyes sting my

1408

01:00:01,130 --> 00:59:58,799

sight was a little cloudy for three or

1409

01:00:03,289 --> 01:00:01,140

four days then I got over it

1410

01:00:05,569 --> 01:00:03,299

did you notice anything strange in those

1411

01:00:08,089 --> 01:00:05,579

humans

1412

01:00:10,549 --> 01:00:08,099

that they were all more or less the same

1413

01:00:12,109 --> 01:00:10,559

stature and they never spoke

1414

01:00:13,130 --> 01:00:12,119

and they wore a different dress than

1415

01:00:15,289 --> 01:00:13,140

ours

1416

01:00:17,809 --> 01:00:15,299

what color were the objects

1417

01:00:25,490 --> 01:00:17,819

the first was white the second was much

1418

01:00:29,390 --> 01:00:27,589

um when he explained that the beings

1419

01:00:30,950 --> 01:00:29,400

didn't seem to support themselves by

1420

01:00:33,289 --> 01:00:30,960

leaning towards the ground he didn't

1421

01:00:36,049 --> 01:00:33,299

invent anything to justify this

1422

01:00:37,910 --> 01:00:36,059

was there any time that

1423

01:00:39,530 --> 01:00:37,920

he was confused

1424

01:00:41,329 --> 01:00:39,540

there was a period about two or three

1425

01:00:42,890 --> 01:00:41,339

hours from midnight till they arrived at

1426  
01:00:44,450 --> 01:00:42,900  
the police station that he was confused

1427  
01:00:45,770 --> 01:00:44,460  
he explained that the red lights the

1428  
01:00:47,990 --> 01:00:45,780  
intensity of confused him

1429  
01:00:49,849 --> 01:00:48,000  
extraordinarily he didn't know where he

1430  
01:00:53,510 --> 01:00:49,859  
was or what he was doing

1431  
01:00:55,250 --> 01:00:53,520  
oh there's a police report okay

1432  
01:00:58,370 --> 01:00:55,260  
following day it was proved that the

1433  
01:01:00,470 --> 01:00:58,380  
truck was at the indicated place the

1434  
01:01:02,270 --> 01:01:00,480  
witness spoke of and his Footprints to

1435  
01:01:04,549 --> 01:01:02,280  
the field were found

1436  
01:01:06,470 --> 01:01:04,559  
very interesting so they actually went

1437  
01:01:10,190 --> 01:01:06,480  
to where this guy said this happened

1438  
01:01:15,950 --> 01:01:11,870

and his Footprints were there throughout

1439

01:01:20,930 --> 01:01:19,069

what does the Air Force say

1440

01:01:22,789 --> 01:01:20,940

so while this report has been of great

1441

01:01:24,770 --> 01:01:22,799

interest to the Air Force It is believed

1442

01:01:26,390 --> 01:01:24,780

not feasible to initiate investigation

1443

01:01:28,010 --> 01:01:26,400

due to the length of time that has

1444

01:01:30,470 --> 01:01:28,020

passed since the witness

1445

01:01:32,210 --> 01:01:30,480

had the sighting and also because the

1446

01:01:34,970 --> 01:01:32,220

expense involved in conducting a field

1447

01:01:36,470 --> 01:01:34,980

investigation oh okay so it's too

1448

01:01:41,030 --> 01:01:36,480

expensive

1449

01:01:44,100 --> 01:01:41,040

entities

1450

01:01:46,130 --> 01:01:44,110

really that's too expensive

1451

01:01:47,450 --> 01:01:46,140

[Music]

1452

01:01:50,210 --> 01:01:47,460

you know but it's interesting because

1453

01:01:52,789 --> 01:01:50,220

what they should say is as far as why

1454

01:01:54,410 --> 01:01:52,799

they weren't going to investigate it

1455

01:02:02,470 --> 01:01:54,420

is

1456

01:02:05,089 --> 01:02:02,480

investigate sightings overseas

1457

01:02:07,849 --> 01:02:05,099

that's what they should say

1458

01:02:10,190 --> 01:02:07,859

so but but they didn't and it you know

1459

01:02:11,930 --> 01:02:10,200

that wasn't always the case either even

1460

01:02:14,210 --> 01:02:11,940

though that was their line

1461

01:02:16,970 --> 01:02:14,220

they did still look at cases overseas

1462

01:02:19,309 --> 01:02:16,980

quite often actually

1463

01:02:20,750 --> 01:02:19,319

um this paragraph here is really

1464

01:02:22,250 --> 01:02:20,760

interesting because

1465

01:02:24,530 --> 01:02:22,260

um I think it's important to remember

1466

01:02:26,930 --> 01:02:24,540

documents like this and letters that the

1467

01:02:29,270 --> 01:02:26,940

Air Force has sent out previously when

1468

01:02:31,609 --> 01:02:29,280

thinking about any sort of disclosure or

1469

01:02:34,849 --> 01:02:31,619

Air Force participation in any sort of

1470

01:02:39,530 --> 01:02:34,859

disclosure or even this group Arrow as

1471

01:02:41,630 --> 01:02:39,540

far as non-human intelligences go

1472

01:02:43,910 --> 01:02:41,640

because this letter this paragraph they

1473

01:02:45,950 --> 01:02:43,920

said it multiple times to multiple

1474

01:02:48,170 --> 01:02:45,960

people over the course of decades and

1475

01:02:49,670 --> 01:02:48,180

that's in order to make an evaluation of

1476

01:02:51,950 --> 01:02:49,680

a report such as this one it would be

1477

01:02:53,870 --> 01:02:51,960

necessary to have scientific data such

1478

01:02:55,910 --> 01:02:53,880

as description or size of object shape

1479

01:02:58,609 --> 01:02:55,920

color Direction and elevation exact time

1480

01:03:00,230 --> 01:02:58,619

and location and a particular value any

1481

01:03:02,150 --> 01:03:00,240

corroborating information from an

1482

01:03:04,370 --> 01:03:02,160

individual witness or Witnesses

1483

01:03:06,650 --> 01:03:04,380

now here's here's the line

1484

01:03:08,930 --> 01:03:06,660

previous investigations by the air force

1485

01:03:10,849 --> 01:03:08,940

of cases similar to this one have never

1486

01:03:12,770 --> 01:03:10,859

resulted in any scientific or physical

1487

01:03:15,950 --> 01:03:12,780

proof that contact had actually been

1488

01:03:17,690 --> 01:03:15,960

made with beings from outer space

1489

01:03:21,650 --> 01:03:17,700

that one

1490

01:03:23,510 --> 01:03:21,660

that's the line that's the line that

1491

01:03:25,910 --> 01:03:23,520

would keep the Air Force from saying

1492

01:03:26,569 --> 01:03:25,920

anything about

1493

01:03:28,870 --> 01:03:26,579

um

1494

01:03:31,730 --> 01:03:28,880

any extraterrestrial

1495

01:03:34,130 --> 01:03:31,740

visitation and not just because this one

1496

01:03:35,870 --> 01:03:34,140

simple letter it's because they've set

1497

01:03:37,430 --> 01:03:35,880

this

1498

01:03:41,809 --> 01:03:37,440

numerous

1499

01:03:44,329 --> 01:03:41,819

decades so for it to come out that that

1500

01:03:46,130 --> 01:03:44,339

would not be true

1501

01:03:48,410 --> 01:03:46,140

uh would be

1502

01:03:50,750 --> 01:03:48,420

a very difficult for the Air Force to

1503

01:03:55,970 --> 01:03:52,910

which I do not feel bad for them if it

1504

01:03:58,430 --> 01:03:55,980

was a cover-up I how do I feel about

1505

01:04:01,849 --> 01:03:58,440

there being an Air Force cover-up

1506

01:04:04,309 --> 01:04:01,859

I don't know I go back and forth between

1507

01:04:07,609 --> 01:04:04,319

um just inept

1508

01:04:10,549 --> 01:04:07,619

you know poor investigations

1509

01:04:13,010 --> 01:04:10,559

and some sort of cover-up if there was a

1510

01:04:14,710 --> 01:04:13,020

cover-up I believe that it was uh

1511

01:04:16,970 --> 01:04:14,720

outside of these people that were

1512

01:04:19,190 --> 01:04:16,980

routinely dealing with these Air Force

1513

01:04:22,250 --> 01:04:19,200

reports because when you read thousands

1514

01:04:23,990 --> 01:04:22,260

of these as I've had

1515

01:04:25,670 --> 01:04:24,000

you know there'd be so many hit there's

1516

01:04:27,289 --> 01:04:25,680

so many hands in the pot for there to be

1517

01:04:29,270 --> 01:04:27,299

a coordinated cover-up is just really

1518

01:04:31,309 --> 01:04:29,280

impossible

1519

01:04:35,210 --> 01:04:31,319

so there would have to be somebody kind

1520

01:04:38,390 --> 01:04:36,950

um possibly before it got to the Air

1521

01:04:40,609 --> 01:04:38,400

Force

1522

01:04:44,450 --> 01:04:40,619

you know so that way if there was a

1523

01:04:46,430 --> 01:04:44,460

serious incident or crash that group or

1524

01:04:49,130 --> 01:04:46,440

those people could deal with it before

1525

01:04:52,130 --> 01:04:49,140

it gets and stop it from

1526

01:04:54,109 --> 01:04:52,140

you know going to the Air Force

1527

01:04:54,770 --> 01:04:54,119

so then they don't know about it I don't

1528

01:04:59,329 --> 01:04:54,780

know

1529

01:05:01,970 --> 01:04:59,339

with the Air Force and UFOs as far as

1530

01:05:06,109 --> 01:05:01,980

Project Blue Book is they had a

1531

01:05:10,609 --> 01:05:07,309

um

1532

01:05:10,619 --> 01:05:14,569

so that's for sure

1533

01:05:18,470 --> 01:05:17,210

our opinion not for release so this is

1534

01:05:20,870 --> 01:05:18,480

interesting because you get their

1535

01:05:23,450 --> 01:05:20,880

opinion but they don't want it to

1536

01:05:25,130 --> 01:05:23,460

publicly release they say is that this

1537

01:05:26,930 --> 01:05:25,140

case follows a pattern of previous cases

1538

01:05:28,549 --> 01:05:26,940

of alleged contacts with the soon beings

1539

01:05:30,170 --> 01:05:28,559

from outer space all such reports have

1540

01:05:32,270 --> 01:05:30,180

failed to produce any evidence of their

1541

01:05:33,890 --> 01:05:32,280

actual occurrence the general tone of

1542

01:05:36,049 --> 01:05:33,900

the witness story indicates a possible

1543

01:05:38,089 --> 01:05:36,059

hallucination since he apparently is

1544

01:05:40,970 --> 01:05:38,099

convinced that the occurrence was real

1545

01:05:43,190 --> 01:05:40,980

and no evidence of a hoax is presented

1546

01:05:44,750 --> 01:05:43,200

however psychiatric examination would be

1547

01:05:46,609 --> 01:05:44,760

necessary to confirm or repeat this

1548

01:05:48,770 --> 01:05:46,619

Theory also it is possible that the

1549

01:05:50,510 --> 01:05:48,780

witness received a blow on his head when

1550

01:05:52,490 --> 01:05:50,520

the axle of his car became bent and

1551

01:05:55,250 --> 01:05:52,500

temporarily placed them in a day's

1552

01:05:57,710 --> 01:05:55,260

condition so this is the epitome of how

1553

01:06:04,250 --> 01:05:57,720

the Air Force treated contact

1554

01:06:09,650 --> 01:06:07,130

all reports like that failed to produce

1555

01:06:11,569 --> 01:06:09,660

any evidence

1556

01:06:15,289 --> 01:06:11,579

right and the general tone of his story

1557

01:06:17,150 --> 01:06:15,299

he says that there's no evidence of a

1558

01:06:19,970 --> 01:06:17,160

hoax

1559

01:06:22,549 --> 01:06:19,980

so he must have been hallucinating

1560

01:06:26,150 --> 01:06:22,559

right because the option or the idea

1561

01:06:29,750 --> 01:06:26,160

that he actually saw what he said is not

1562

01:06:33,230 --> 01:06:31,789

according to the Air Force

1563

01:06:35,630 --> 01:06:33,240

even though his car was there his

1564

01:06:39,890 --> 01:06:35,640

Footprints were there

1565

01:06:46,730 --> 01:06:43,069

and there's no evidence of a hoax

1566

01:06:50,150 --> 01:06:46,740

must be a hallucination or

1567

01:06:52,789 --> 01:06:50,160

he hit his head he hit his head

1568

01:06:55,190 --> 01:06:52,799

when the axon is car broke

1569

01:06:56,089 --> 01:06:55,200

I would really love to know how how many

1570

01:06:58,309 --> 01:06:56,099

people

1571

01:07:08,809 --> 01:06:58,319

have gotten in a car wreck and then saw

1572

01:07:15,410 --> 01:07:11,569

probably none

1573

01:07:17,870 --> 01:07:15,420

I can't say for certain but probably not

1574

01:07:20,450 --> 01:07:17,880

but these are this is the type of stuff

1575

01:07:23,270 --> 01:07:20,460

that would have to be answered for you

1576

01:07:27,950 --> 01:07:25,970

so when you're thinking about any sort

1577

01:07:31,430 --> 01:07:27,960

of disclosure in the Air Force and why

1578

01:07:35,870 --> 01:07:31,440

are they not helping Arrow or whatever

1579

01:07:40,069 --> 01:07:38,390

the other reason is

1580

01:07:43,370 --> 01:07:40,079

is they know

1581

01:07:45,650 --> 01:07:43,380

that it will always be impossible to

1582

01:07:49,730 --> 01:07:45,660

identify every single thing in the

1583

01:07:49,740 --> 01:07:54,529

and when you can't identify something

1584

01:08:00,490 --> 01:07:57,410

the Air Force gets asked about it

1585

01:08:03,770 --> 01:08:00,500

it's a nuisance

1586

01:08:05,210 --> 01:08:03,780

and they have to basically put up some

1587

01:08:08,150 --> 01:08:05,220

sort of

1588

01:08:09,589 --> 01:08:08,160

you know public relations office to deal

1589

01:08:11,930 --> 01:08:09,599

with all the inquiries and they don't

1590

01:08:14,270 --> 01:08:11,940

want to deal with that

1591

01:08:15,550 --> 01:08:14,280

it's much easier for them to investigate

1592

01:08:18,709 --> 01:08:15,560

to

1593

01:08:19,809 --> 01:08:18,719

UFO cases at their air bases or or other

1594

01:08:23,450 --> 01:08:19,819

places

1595

01:08:25,130 --> 01:08:23,460

without the public knowing

1596

01:08:27,289 --> 01:08:25,140

because then then they don't have to

1597

01:08:28,910 --> 01:08:27,299

answer to them that's why they shut down

1598

01:08:32,390 --> 01:08:28,920

Blue Book

1599

01:08:34,150 --> 01:08:32,400

reasons one is they didn't want to

1600

01:08:37,370 --> 01:08:34,160

investigate civilian sightings anymore

1601  
01:08:39,289 --> 01:08:37,380  
two was they didn't because they weren't

1602  
01:08:42,530 --> 01:08:39,299  
investigating civilian sightings anymore

1603  
01:08:44,570 --> 01:08:42,540  
and just military ones

1604  
01:08:46,849 --> 01:08:44,580  
at their bases

1605  
01:08:48,590 --> 01:08:46,859  
they didn't want it to be public they

1606  
01:08:51,410 --> 01:08:48,600  
didn't want to have a public relations

1607  
01:08:55,249 --> 01:08:51,420  
office to deal with sightings by their

1608  
01:09:00,490 --> 01:08:57,709  
you know so that's why they closed it

1609  
01:09:03,890 --> 01:09:00,500  
and oddly enough move on came in

1610  
01:09:05,630 --> 01:09:03,900  
1969 right when Blue Book closed and

1611  
01:09:07,249 --> 01:09:05,640  
they came and tried to take up all the

1612  
01:09:08,809 --> 01:09:07,259  
civilian Witnesses

1613  
01:09:11,209 --> 01:09:08,819

coincidence

1614

01:09:14,510 --> 01:09:11,219

Maybe

1615

01:09:20,689 --> 01:09:16,789

but I'm not going to get into that okay

1616

01:09:23,930 --> 01:09:20,699

so uh enough of that now it's time for

1617

01:09:26,510 --> 01:09:23,940

our closing segment of the show

1618

01:09:29,510 --> 01:09:26,520

which is a lot of people's favorite

1619

01:09:30,469 --> 01:09:29,520

segment and it's called what the heck is

1620

01:09:36,189 --> 01:09:30,479

that

1621

01:09:42,669 --> 01:09:38,080

you sure

1622

01:09:48,229 --> 01:09:45,650

what the heck is that that's right it's

1623

01:09:49,970 --> 01:09:48,239

back for this show we're going to look

1624

01:09:52,789 --> 01:09:49,980

at some

1625

01:09:54,169 --> 01:09:52,799

uh UFO videos some unidentified object

1626

01:09:56,990 --> 01:09:54,179

videos

1627

01:09:59,090 --> 01:09:57,000

we're going to look at them and then

1628

01:10:02,030 --> 01:09:59,100

you know what what do we do every time I

1629

01:10:05,090 --> 01:10:02,040

never know what it is typically so I

1630

01:10:05,950 --> 01:10:05,100

pretty much just say that and we call it

1631

01:10:08,390 --> 01:10:05,960

a day

1632

01:10:10,490 --> 01:10:08,400

thank you

1633

01:10:12,290 --> 01:10:10,500

so but yeah so that's what we're gonna

1634

01:10:14,570 --> 01:10:12,300

do

1635

01:10:16,430 --> 01:10:14,580

um in these videos are going to be a

1636

01:10:19,930 --> 01:10:16,440

little more interesting

1637

01:10:23,689 --> 01:10:21,830

far as

1638

01:10:26,689 --> 01:10:23,699

um you know they're relevance so they're

1639

01:10:29,270 --> 01:10:26,699

they're kind of hot UFO videos making

1640

01:10:31,610 --> 01:10:29,280

the rounds online and such this first

1641

01:10:34,430 --> 01:10:31,620

one is from

1642

01:10:38,050 --> 01:10:34,440

uh Chris Ledo Leto files

1643

01:10:41,510 --> 01:10:38,060

what she has taken so much crap for

1644

01:10:44,290 --> 01:10:41,520

showing this video and and all that kind

1645

01:12:03,169 --> 01:10:44,300

of stuff so and I'll touch on that but

1646

01:12:12,470 --> 01:12:05,570

so

1647

01:12:16,070 --> 01:12:12,480

watch it on your own time as well

1648

01:12:20,630 --> 01:12:16,080

is I'm going to

1649

01:12:23,930 --> 01:12:20,640

paste the link to this video in the chat

1650

01:12:29,810 --> 01:12:26,810

uh what do I think of that video I think

1651

01:12:33,169 --> 01:12:29,820

that it looks like at the end of the

1652

01:12:36,590 --> 01:12:33,179

video where he says it's gone it looks

1653

01:12:37,910 --> 01:12:36,600

like to me like we have to evaluate all

1654

01:12:40,450 --> 01:12:37,920

the different options for this case

1655

01:12:44,689 --> 01:12:40,460

right what what's the first one well

1656

01:12:47,330 --> 01:12:44,699

hoax right so how could this turn out to

1657

01:12:50,209 --> 01:12:47,340

be a hoax well first of all when we look

1658

01:12:51,290 --> 01:12:50,219

at the video there's no

1659

01:12:53,990 --> 01:12:51,300

um

1660

01:12:55,430 --> 01:12:54,000

there's no you know you can't see

1661

01:12:57,229 --> 01:12:55,440

anything but the light there's you don't

1662

01:12:58,729 --> 01:12:57,239

see trees you don't see anything behind

1663

01:13:01,370 --> 01:12:58,739

it in front of it or anything it's just

1664

01:13:02,870 --> 01:13:01,380

a light right so what about the light

1665

01:13:04,729 --> 01:13:02,880

changing colors what could that be

1666

01:13:06,890 --> 01:13:04,739

that's a human thing well that could be

1667

01:13:09,709 --> 01:13:06,900

an LED changing light I've been a

1668

01:13:12,070 --> 01:13:09,719

musician I've played on stages for uh

1669

01:13:14,870 --> 01:13:12,080

nearly 20 years maybe a little less than

1670

01:13:19,430 --> 01:13:14,880

and yeah there are LED lights that

1671

01:13:21,950 --> 01:13:19,440

change uh color flawlessly

1672

01:13:23,149 --> 01:13:21,960

um you can see the ring around it is

1673

01:13:25,729 --> 01:13:23,159

that a disc

1674

01:13:27,530 --> 01:13:25,739

could be I can't tell I don't know but

1675

01:13:29,330 --> 01:13:27,540

let's we're going on the hoax thing

1676  
01:13:32,510 --> 01:13:29,340  
right now so what would have to happen

1677  
01:13:34,550 --> 01:13:32,520  
it could be he's completely zoomed in on

1678  
01:13:36,470 --> 01:13:34,560  
it from far away so

1679  
01:13:37,790 --> 01:13:36,480  
that would be some sort of LED light

1680  
01:13:40,729 --> 01:13:37,800  
from far away maybe a flashlight

1681  
01:13:43,790 --> 01:13:40,739  
something like that

1682  
01:13:45,709 --> 01:13:43,800  
um another thing could be

1683  
01:13:48,770 --> 01:13:45,719  
um at the end when he says okay it's

1684  
01:13:51,169 --> 01:13:48,780  
leaving it looks like he just moves the

1685  
01:13:53,510 --> 01:13:51,179  
camera from away away from where the

1686  
01:13:56,990 --> 01:13:53,520  
light is and then says it left

1687  
01:14:01,250 --> 01:13:58,790  
I don't know

1688  
01:14:03,050 --> 01:14:01,260

um there's some weird sound going on

1689

01:14:06,050 --> 01:14:03,060

as far as we know these are supposed to

1690

01:14:07,790 --> 01:14:06,060

be silent although there are definitely

1691

01:14:10,070 --> 01:14:07,800

cases where

1692

01:14:13,010 --> 01:14:10,080

it's not silent so I'm not so sure about

1693

01:14:15,110 --> 01:14:13,020

that claim but

1694

01:14:18,410 --> 01:14:15,120

I don't know what do you do with the

1695

01:14:23,810 --> 01:14:20,630

you can't make any decisions off of it

1696

01:14:26,450 --> 01:14:23,820

you can't say look at that and honestly

1697

01:14:28,189 --> 01:14:26,460

say that's a spaceship you have no idea

1698

01:14:30,890 --> 01:14:28,199

what it is

1699

01:14:33,890 --> 01:14:30,900

but you also can honestly say that it's

1700

01:14:37,130 --> 01:14:33,900

uh just an LED light

1701

01:14:39,290 --> 01:14:37,140

you can say that could be

1702

01:14:40,910 --> 01:14:39,300

um most likely

1703

01:14:43,250 --> 01:14:40,920

that's fine

1704

01:14:46,070 --> 01:14:43,260

you know I agree with that but you just

1705

01:14:49,970 --> 01:14:48,050

the one thing is

1706

01:14:51,110 --> 01:14:49,980

and you see this all the time like Chris

1707

01:14:52,790 --> 01:14:51,120

Leto

1708

01:14:54,169 --> 01:14:52,800

um puts this out there I'm just like

1709

01:14:57,169 --> 01:14:54,179

looking at the different comments that

1710

01:14:59,870 --> 01:14:57,179

he's gotten people are really

1711

01:15:02,030 --> 01:14:59,880

really attacking the guy you know and

1712

01:15:04,970 --> 01:15:02,040

let me just put it this way if

1713

01:15:08,149 --> 01:15:04,980

lato went out and said

1714

01:15:09,470 --> 01:15:08,159

that this is a real alien spaceship and

1715

01:15:11,270 --> 01:15:09,480

I know it is

1716

01:15:13,130 --> 01:15:11,280

and

1717

01:15:14,870 --> 01:15:13,140

was positive on what he's saying it is

1718

01:15:16,310 --> 01:15:14,880

and trying to convince people of what it

1719

01:15:19,250 --> 01:15:16,320

is with this video

1720

01:15:21,530 --> 01:15:19,260

okay then we have a problem

1721

01:15:25,610 --> 01:15:21,540

you know but if he's just going out

1722

01:15:27,290 --> 01:15:25,620

there he's genuinely intrigued by it

1723

01:15:30,410 --> 01:15:27,300

you know when he wants to interview the

1724

01:15:32,450 --> 01:15:30,420

guy but in doing this

1725

01:15:33,229 --> 01:15:32,460

he states that he doesn't know what it

1726

01:15:35,630 --> 01:15:33,239

is

1727

01:15:37,250 --> 01:15:35,640

but just thinks it's interesting

1728

01:15:40,430 --> 01:15:37,260

what's wrong with that

1729

01:15:42,890 --> 01:15:40,440

there's nothing wrong with that

1730

01:15:45,290 --> 01:15:42,900

if people get upset about it that that's

1731

01:15:47,930 --> 01:15:45,300

on on them because

1732

01:15:49,669 --> 01:15:47,940

they think they should be able to tell

1733

01:15:52,070 --> 01:15:49,679

other people how to live their lives and

1734

01:15:53,630 --> 01:15:52,080

run their shows I guess

1735

01:15:55,850 --> 01:15:53,640

but the guy's not

1736

01:15:57,530 --> 01:15:55,860

lying about it he's saying he doesn't

1737

01:16:00,110 --> 01:15:57,540

know what it is and he happens to find

1738

01:16:01,669 --> 01:16:00,120

it intriguing well God damn it let him

1739

01:16:03,169 --> 01:16:01,679

find it intriguing and talk about it

1740

01:16:05,930 --> 01:16:03,179

show the video if you don't like it

1741

01:16:07,970 --> 01:16:05,940

don't follow it don't watch it you know

1742

01:16:09,050 --> 01:16:07,980

that's what I think but as far as what

1743

01:16:10,790 --> 01:16:09,060

the video is

1744

01:16:14,330 --> 01:16:10,800

I don't know

1745

01:16:17,930 --> 01:16:16,130

I'm sure someone at some point like a

1746

01:16:19,970 --> 01:16:17,940

Midwest or whatever will get out all the

1747

01:16:21,950 --> 01:16:19,980

different LED lights and do their little

1748

01:16:24,410 --> 01:16:21,960

experiments and we'll see if one matches

1749

01:16:26,750 --> 01:16:24,420

I think that's probably

1750

01:16:28,430 --> 01:16:26,760

what will end up happening right

1751

01:16:31,330 --> 01:16:28,440

and if it doesn't match it doesn't match

1752

01:16:33,669 --> 01:16:31,340

but like I said we just don't know

1753

01:16:38,870 --> 01:16:33,679

just don't know

1754

01:16:43,370 --> 01:16:41,209

that real uaps exist especially if

1755

01:16:45,709 --> 01:16:43,380

you've seen them like myself

1756

01:16:47,270 --> 01:16:45,719

when I say uaps I haven't seen like a

1757

01:16:48,649 --> 01:16:47,280

ship either which makes it more

1758

01:16:50,149 --> 01:16:48,659

difficult for me as a witness in

1759

01:16:51,950 --> 01:16:50,159

studying this subject and how people

1760

01:16:54,290 --> 01:16:51,960

love to talk about ships because I

1761

01:16:56,810 --> 01:16:54,300

haven't seen the ship

1762

01:17:02,270 --> 01:16:58,970

and there's definitely um

1763

01:17:08,090 --> 01:17:02,280

compelling evidence that they or some

1764

01:17:13,850 --> 01:17:11,330

yeah it's a video of a light I mean just

1765

01:17:15,590 --> 01:17:13,860

getting serious about it right it is a

1766

01:17:17,810 --> 01:17:15,600

video of a light

1767

01:17:20,209 --> 01:17:17,820

that is all it is there's a roundness

1768

01:17:22,669 --> 01:17:20,219

around it they could be created by a you

1769

01:17:24,770 --> 01:17:22,679

know us whatever severe spherical can

1770

01:17:27,350 --> 01:17:24,780

the light would be in

1771

01:17:32,330 --> 01:17:27,360

like look up cans Light cans stage

1772

01:17:32,340 --> 01:17:35,209

um

1773

01:17:43,430 --> 01:17:38,050

so you know

1774

01:17:48,050 --> 01:17:45,410

one more

1775

01:17:49,729 --> 01:17:48,060

video that we're gonna play for what the

1776

01:17:52,740 --> 01:17:49,739

heck is that this one's pretty

1777

01:18:19,610 --> 01:17:59,790

[Music]

1778

01:18:19,620 --> 01:18:30,100

foreign

1779

01:19:24,890 --> 01:18:39,210

[Music]

1780

01:19:24,900 --> 01:19:53,709

foreign

1781

01:19:59,270 --> 01:19:56,689

that people think are is pretty

1782

01:20:05,570 --> 01:19:59,280

interesting I saw one comment here

1783

01:20:07,550 --> 01:20:05,580

that I think is pretty easy spot on so I

1784

01:20:09,590 --> 01:20:07,560

don't know if it's stationary or flying

1785

01:20:10,790 --> 01:20:09,600

towards the plane though yeah that's

1786

01:20:12,530 --> 01:20:10,800

that's important and you don't know

1787

01:20:14,510 --> 01:20:12,540

because the plane is flying you know

1788

01:20:16,430 --> 01:20:14,520

relatively fast and if we pass something

1789

01:20:18,950 --> 01:20:16,440

that is stationary

1790

01:20:20,510 --> 01:20:18,960

it could seem like it goes by fast

1791

01:20:22,550 --> 01:20:20,520

the one thing that I would say about

1792

01:20:24,350 --> 01:20:22,560

that one is when you look at the video

1793

01:20:26,630 --> 01:20:24,360

and I can't say if this is for sure the

1794

01:20:30,229 --> 01:20:26,640

case but it's what it looks like

1795

01:20:31,790 --> 01:20:30,239

is that as the plane's going the object

1796

01:20:34,550 --> 01:20:31,800

is

1797

01:20:36,590 --> 01:20:34,560

um kind of going up in altitude a little

1798

01:20:38,630 --> 01:20:36,600

bit like towards the plane so it's

1799

01:20:41,390 --> 01:20:38,640

coming from down and going up and I

1800

01:20:43,189 --> 01:20:41,400

don't know you know information we're

1801  
01:20:46,189 --> 01:20:43,199  
lacking here are wind speeds we don't

1802  
01:20:48,590 --> 01:20:46,199  
know what the currents were up there

1803  
01:20:50,270 --> 01:20:48,600  
um you know that I think that would be

1804  
01:20:53,450 --> 01:20:50,280  
interesting was there a wind that would

1805  
01:20:56,390 --> 01:20:53,460  
push it kind of uh altitude upwards like

1806  
01:20:58,970 --> 01:20:56,400  
that I don't know I don't know

1807  
01:21:02,270 --> 01:20:58,980  
um it definitely looks like a manta ray

1808  
01:21:05,149 --> 01:21:02,280  
to me which is interesting because uh if

1809  
01:21:07,130 --> 01:21:05,159  
you follow Jacques valet at all he talks

1810  
01:21:09,950 --> 01:21:07,140  
about

1811  
01:21:13,250 --> 01:21:09,960  
um the the Roswell incident being

1812  
01:21:15,530 --> 01:21:13,260  
actually a manta ray type craft

1813  
01:21:17,630 --> 01:21:15,540

so that's interesting the one thing I

1814

01:21:20,090 --> 01:21:17,640

think about when I see objects like this

1815

01:21:21,770 --> 01:21:20,100

and this is a good example of it of

1816

01:21:23,689 --> 01:21:21,780

course it might be impossible to tell

1817

01:21:27,770 --> 01:21:23,699

from our point of being just watching

1818

01:21:29,990 --> 01:21:27,780

the video but is you know is it

1819

01:21:31,669 --> 01:21:30,000

it looks like it's small it looks like

1820

01:21:34,490 --> 01:21:31,679

it may be you know like

1821

01:21:35,390 --> 01:21:34,500

um five feet or less and if that's the

1822

01:21:38,090 --> 01:21:35,400

case

1823

01:21:41,270 --> 01:21:38,100

like you know UFOs in Antiquity were

1824

01:21:44,830 --> 01:21:41,280

never reported really to be that small

1825

01:21:48,290 --> 01:21:44,840

you know so I and I think that about

1826

01:21:50,390 --> 01:21:48,300

a lot of more newer UFO stuff is this

1827

01:21:53,209 --> 01:21:50,400

stuff seems too small to be the same

1828

01:21:54,950 --> 01:21:53,219

stuff that you know has been around and

1829

01:21:57,290 --> 01:21:54,960

and that we've read about for decades

1830

01:22:00,709 --> 01:21:57,300

now you know so that's kind of always

1831

01:22:05,870 --> 01:22:03,050

just saying that so then the other thing

1832

01:22:11,330 --> 01:22:05,880

that that I think is is probably the

1833

01:22:18,649 --> 01:22:12,370

um

1834

01:22:20,689 --> 01:22:18,659

the the other thing as far as like size

1835

01:22:23,209 --> 01:22:20,699

is you know what if

1836

01:22:25,310 --> 01:22:23,219

you know it's something Avi Loeb talks

1837

01:22:27,110 --> 01:22:25,320

about too you know like if potentially

1838

01:22:29,270 --> 01:22:27,120

if there was some sort of Mothership

1839

01:22:32,649 --> 01:22:29,280

above Earth they would deploy some sort

1840

01:22:37,669 --> 01:22:32,659

of artificially artificial intelligence

1841

01:22:39,410 --> 01:22:37,679

uh drone you know AI Jerome

1842

01:22:40,910 --> 01:22:39,420

um to to study Earth and not have

1843

01:22:43,610 --> 01:22:40,920

actually send something down with the

1844

01:22:45,410 --> 01:22:43,620

beings in it so if if that was the case

1845

01:22:47,510 --> 01:22:45,420

maybe they're smaller all I'm saying is

1846

01:22:49,610 --> 01:22:47,520

they were never really reported as that

1847

01:22:52,490 --> 01:22:49,620

small back in the Blue Book days so

1848

01:22:55,310 --> 01:22:52,500

something that could also possibly be

1849

01:22:57,470 --> 01:22:55,320

the case you know like on this show I'm

1850

01:22:59,410 --> 01:22:57,480

I'm so dedicated to the history of the

1851  
01:23:03,229 --> 01:22:59,420  
topic right and that this has happened

1852  
01:23:05,290 --> 01:23:03,239  
over and over again for you know 80

1853  
01:23:07,669 --> 01:23:05,300  
years 70 years

1854  
01:23:09,110 --> 01:23:07,679  
you know but there are so many different

1855  
01:23:12,890 --> 01:23:09,120  
possibilities

1856  
01:23:14,870 --> 01:23:12,900  
in life right like like what if and I'm

1857  
01:23:17,270 --> 01:23:14,880  
just throwing this out there as a

1858  
01:23:19,850 --> 01:23:17,280  
thought experiment what if

1859  
01:23:21,830 --> 01:23:19,860  
in Blue Book those a lot of those UFOs

1860  
01:23:23,510 --> 01:23:21,840  
you know or whatever were real non-human

1861  
01:23:25,430 --> 01:23:23,520  
intelligence whatever but what if they

1862  
01:23:26,810 --> 01:23:25,440  
left and never came back

1863  
01:23:28,070 --> 01:23:26,820

and what if we're seeing now is

1864

01:23:29,510 --> 01:23:28,080

something different

1865

01:23:32,750 --> 01:23:29,520

what if it's a different kind of

1866

01:23:36,830 --> 01:23:35,030

I've thought about that

1867

01:23:39,830 --> 01:23:36,840

and then to think about how disclosure

1868

01:23:42,530 --> 01:23:39,840

would go how do you do a disclosure and

1869

01:23:44,270 --> 01:23:42,540

explain that all those UFO sightings in

1870

01:23:45,890 --> 01:23:44,280

Blue Book

1871

01:23:48,470 --> 01:23:45,900

you know some are real somewhere

1872

01:23:51,410 --> 01:23:48,480

whatever but we we did stop seeing that

1873

01:23:52,790 --> 01:23:51,420

stuff and now what we're seeing

1874

01:23:55,729 --> 01:23:52,800

is something completely different

1875

01:23:58,070 --> 01:23:55,739

different in size whatever you know

1876

01:23:59,689 --> 01:23:58,080

so how do you explain that and hold

1877

01:24:02,270 --> 01:23:59,699

people's trust

1878

01:24:05,030 --> 01:24:02,280

or what if

1879

01:24:06,950 --> 01:24:05,040

all those cases you know they they never

1880

01:24:08,630 --> 01:24:06,960

knew that they were alien Air Force like

1881

01:24:10,910 --> 01:24:08,640

everybody thinks it's conspiracy but

1882

01:24:12,950 --> 01:24:10,920

let's just thought experiment pretend

1883

01:24:13,850 --> 01:24:12,960

that there wasn't a conspiracy they all

1884

01:24:15,709 --> 01:24:13,860

didn't

1885

01:24:17,330 --> 01:24:15,719

know what they were dealing with and

1886

01:24:19,010 --> 01:24:17,340

thought it was presaic nobody knew that

1887

01:24:22,189 --> 01:24:19,020

there were aliens whatever then all

1888

01:24:23,990 --> 01:24:22,199

sudden new stuff shows up maybe in the

1889

01:24:26,090 --> 01:24:24,000

2000s

1890

01:24:28,970 --> 01:24:26,100

and they do find

1891

01:24:31,970 --> 01:24:28,980

maybe a craft or a being

1892

01:24:33,770 --> 01:24:31,980

how do they explain that

1893

01:24:36,709 --> 01:24:33,780

you know going up against the immense

1894

01:24:37,970 --> 01:24:36,719

history say actually no that stuff we

1895

01:24:39,590 --> 01:24:37,980

were telling the truth we did our best

1896

01:24:42,530 --> 01:24:39,600

then we just couldn't find anything but

1897

01:24:44,209 --> 01:24:42,540

we have found something recently

1898

01:24:47,510 --> 01:24:44,219

that would be pretty interesting just a

1899

01:24:50,209 --> 01:24:47,520

thought experiment so but anyways the

1900

01:24:52,610 --> 01:24:50,219

what the heck is that thing so the the

1901

01:24:54,470 --> 01:24:52,620

kind of pro one prosaic idea is this

1902

01:24:58,310 --> 01:24:54,480

meant to Ray balloon

1903

01:24:59,450 --> 01:24:58,320

made by festo it's got the

1904

01:25:01,430 --> 01:24:59,460

um kind of

1905

01:25:06,050 --> 01:25:01,440

um

1906

01:25:11,390 --> 01:25:09,050

so that could be it the one thing is in

1907

01:25:15,410 --> 01:25:11,400

the video it looked on the underside to

1908

01:25:17,209 --> 01:25:15,420

be uh White on the top side silver I

1909

01:25:18,709 --> 01:25:17,219

don't know if that's like a trick of the

1910

01:25:21,050 --> 01:25:18,719

light or not but

1911

01:25:22,669 --> 01:25:21,060

something to think about the shape is

1912

01:25:26,270 --> 01:25:22,679

you know from what we can tell from that

1913

01:25:28,189 --> 01:25:26,280

video is relatively accurate but

1914

01:25:29,810 --> 01:25:28,199

this is a remote controlled hybrid

1915

01:25:32,090 --> 01:25:29,820

construction with flapping Wing

1916

01:25:34,070 --> 01:25:32,100

mechanism

1917

01:25:37,250 --> 01:25:34,080

um the one thing I think about with this

1918

01:25:43,070 --> 01:25:37,260

idea for that video is

1919

01:25:48,649 --> 01:25:45,410

um I would read through all this but it

1920

01:25:50,570 --> 01:25:48,659

seems incredibly boring but I'm just

1921

01:25:55,729 --> 01:25:50,580

I'm just quickly looking to see if they

1922

01:25:59,810 --> 01:25:57,770

because I mean honestly the only videos

1923

01:26:02,629 --> 01:25:59,820

I've seen of this are indoors and I

1924

01:26:05,030 --> 01:26:02,639

don't think this is an outdoor uh you

1925

01:26:08,090 --> 01:26:05,040

know 10 000 foot high altitude type of

1926

01:26:11,990 --> 01:26:08,100

uh device is is what I want to say I

1927

01:26:14,570 --> 01:26:13,790

but I think this is more of an indoor

1928

01:26:15,770 --> 01:26:14,580

thing

1929

01:26:18,229 --> 01:26:15,780

so

1930

01:26:19,550 --> 01:26:18,239

I don't think

1931

01:26:22,610 --> 01:26:19,560

this is

1932

01:26:24,229 --> 01:26:22,620

a dead ringer for that video

1933

01:26:26,870 --> 01:26:24,239

but it'd be nice to get some altitude

1934

01:26:29,330 --> 01:26:26,880

information so then we could be able to

1935

01:26:32,209 --> 01:26:29,340

tell for sure but as far as right now we

1936

01:26:36,950 --> 01:26:34,729

yeah the the underside look flat and

1937

01:26:39,490 --> 01:26:36,960

white for sure

1938

01:26:42,229 --> 01:26:39,500

I agree with you

1939

01:26:45,050 --> 01:26:42,239

we know that's an interesting video that

1940

01:26:46,850 --> 01:26:45,060

would be it'd be fantastic to know if uh

1941

01:26:49,669 --> 01:26:46,860

you know we have data and anything like

1942

01:26:51,770 --> 01:26:49,679

that you know

1943

01:26:54,290 --> 01:26:51,780

if it was a balloon

1944

01:26:56,930 --> 01:26:54,300

how do you get that on that if it's just

1945

01:26:58,550 --> 01:26:56,940

you know like a hot air balloon

1946

01:27:00,649 --> 01:26:58,560

do you have anything that can collect

1947

01:27:03,530 --> 01:27:00,659

information on that if there's no metal

1948

01:27:06,290 --> 01:27:03,540

or metallic aspect to it will you radar

1949

01:27:09,110 --> 01:27:06,300

even pick it up I don't know

1950

01:27:12,590 --> 01:27:09,120

but that's why I do not get paid the big

1951

01:27:16,189 --> 01:27:14,450

JD in the comments going in hot on

1952

01:27:21,850 --> 01:27:16,199

everybody who here in the comments

1953

01:27:27,950 --> 01:27:26,209

although I appreciate you

1954

01:27:31,310 --> 01:27:27,960

um partaking in the chat and asking

1955

01:27:33,570 --> 01:27:31,320

people questions we have just about run

1956

01:27:37,430 --> 01:27:33,580

out of time

1957

01:27:39,050 --> 01:27:37,440

[Laughter]

1958

01:27:41,510 --> 01:27:39,060

so

1959

01:27:44,450 --> 01:27:41,520

um but yeah

1960

01:27:47,890 --> 01:27:44,460

that's all I got um so next week the the

1961

01:27:50,810 --> 01:27:47,900

hearings are on

1962

01:27:54,169 --> 01:27:50,820

uh God dang it I forgot what day already

1963

01:27:56,870 --> 01:27:54,179

but I made a video I made a video for it

1964

01:27:59,390 --> 01:27:56,880

already for for like a live stream so

1965

01:28:01,610 --> 01:27:59,400

hopefully we'll live stream it

1966

01:28:03,290 --> 01:28:01,620

um or if anything maybe we'd change the

1967

01:28:05,090 --> 01:28:03,300

time and stream right after it something

1968

01:28:06,890 --> 01:28:05,100

like that I don't know but whatever it

1969

01:28:09,490 --> 01:28:06,900

is we'll be around it's in the morning 9

1970

01:28:11,090 --> 01:28:09,500

30 a.m Central Standard Time

1971

01:28:13,550 --> 01:28:11,100

so

1972

01:28:15,590 --> 01:28:13,560

um it'll be interesting to see what

1973

01:28:19,750 --> 01:28:15,600

what I would

1974

01:28:24,169 --> 01:28:19,760

um recommend as far as any like um

1975

01:28:26,209 --> 01:28:24,179

any act activist type stuff you know

1976

01:28:28,610 --> 01:28:26,219

as far as these hearings go and

1977

01:28:31,510 --> 01:28:30,709

I would recommend like if you're on

1978

01:28:35,270 --> 01:28:31,520

Twitter

1979

01:28:38,689 --> 01:28:35,280

send a nice tweet along to whether it be

1980

01:28:41,090 --> 01:28:38,699

Senator gillibrand or Rubio or whoever

1981

01:28:42,709 --> 01:28:41,100

is actually fighting to push this thing

1982

01:28:46,330 --> 01:28:42,719

forward and get

1983

01:28:49,370 --> 01:28:46,340

funding for Arrow and to figure out this

1984

01:28:51,890 --> 01:28:49,380

conundrum this mystery

1985

01:28:53,149 --> 01:28:51,900

sentiment thank you tweet I would even

1986

01:28:54,050 --> 01:28:53,159

recommend sending them a thank you

1987

01:28:56,990 --> 01:28:54,060

letter

1988

01:28:58,790 --> 01:28:57,000

at the very least a thank you email

1989

01:29:00,169 --> 01:28:58,800

but something

1990

01:29:04,189 --> 01:29:00,179

to let them know that they're

1991

01:29:07,669 --> 01:29:05,689

because

1992

01:29:09,649 --> 01:29:07,679

with reward

1993

01:29:12,169 --> 01:29:09,659

you know there becomes uh there's

1994

01:29:16,970 --> 01:29:12,179

there's more work that will be done you

1995

01:29:24,250 --> 01:29:21,590

I would say that I would do that so

1996

01:29:26,510 --> 01:29:24,260

be kind

1997

01:29:30,709 --> 01:29:26,520

and yeah I don't think I have anything

1998

01:29:36,590 --> 01:29:34,669

put out three songs you can check it out

1999

01:29:38,629 --> 01:29:36,600

on YouTube here

2000

01:29:41,990 --> 01:29:38,639

if not that's fine too

2001  
01:29:43,610 --> 01:29:42,000  
but yeah that's what I would say is um

2002  
01:29:45,530 --> 01:29:43,620  
if you're here right now if you're

2003  
01:29:47,390 --> 01:29:45,540  
watching this send a nice tweet to

2004  
01:29:50,030 --> 01:29:47,400  
Senator jailbrand and I'll just say her

2005  
01:29:52,250 --> 01:29:50,040  
like because we watched that video I

2006  
01:29:53,810 --> 01:29:52,260  
posted she's doing a lot and we don't

2007  
01:29:56,030 --> 01:29:53,820  
know what's going on behind the scenes

2008  
01:29:59,390 --> 01:29:56,040  
and we hear other people are really

2009  
01:30:02,390 --> 01:29:59,400  
trying and putting in the effort as well

2010  
01:30:04,790 --> 01:30:02,400  
behind the scenes but but we know in

2011  
01:30:08,750 --> 01:30:04,800  
front of the scenes she is doing it so

2012  
01:30:11,570 --> 01:30:08,760  
let's Senator thank you and maybe

2013  
01:30:14,030 --> 01:30:11,580

if the more of that kind of happens the

2014

01:30:16,370 --> 01:30:14,040

more thank yous are sent

2015

01:30:18,770 --> 01:30:16,380

maybe more people get on board maybe

2016

01:30:20,209 --> 01:30:18,780

other Congress people want their own

2017

01:30:22,010 --> 01:30:20,219

thank yous hey

2018

01:30:24,410 --> 01:30:22,020

I saw Joe Brands getting a bunch of

2019

01:30:26,570 --> 01:30:24,420

thank yous from the UFO people what the

2020

01:30:29,570 --> 01:30:26,580

heck I want thank yous

2021

01:30:32,209 --> 01:30:29,580

I'm gonna start doing stuff

2022

01:30:35,629 --> 01:30:34,550

because let's get real like although a

2023

01:30:38,270 --> 01:30:35,639

lot of these people these Congress

2024

01:30:39,590 --> 01:30:38,280

people right like uh we expect people to

2025

01:30:42,950 --> 01:30:39,600

lie right

2026

01:30:45,649 --> 01:30:42,960

right but it's also a thankless job like

2027

01:30:47,030 --> 01:30:45,659

you you don't it's not very often you go

2028

01:30:49,129 --> 01:30:47,040

in front of your voters and they're like

2029

01:30:52,850 --> 01:30:49,139

you're the best thank you so much no

2030

01:30:55,550 --> 01:30:52,860

they're they all have demands right

2031

01:30:57,530 --> 01:30:55,560

so it's it's probably nice to just uh

2032

01:31:01,129 --> 01:30:57,540

give some praise once in a while say

2033

01:31:05,350 --> 01:31:03,169

you know just like picture that person

2034

01:31:08,209 --> 01:31:05,360

that's at the shop that you went to

2035

01:31:11,270 --> 01:31:08,219

right that's really busy and has all

2036

01:31:13,729 --> 01:31:11,280

these cranky-ass people in there

2037

01:31:15,410 --> 01:31:13,739

maybe it's even coveted people got to

2038

01:31:18,590 --> 01:31:15,420

wear mess and some people hate the mask

2039

01:31:20,510 --> 01:31:18,600

and they think it's it's all conspiracy

2040

01:31:22,610 --> 01:31:20,520

and they go in

2041

01:31:24,110 --> 01:31:22,620

and they're pissed off and this poor

2042

01:31:26,350 --> 01:31:24,120

worker has to deal with all this stuff

2043

01:31:30,709 --> 01:31:26,360

nobody says thank you she just gets

2044

01:31:32,270 --> 01:31:30,719

demands thrown at her all all day

2045

01:31:34,430 --> 01:31:32,280

but if you throw a thank you to that

2046

01:31:35,750 --> 01:31:34,440

person they're going to be nicer to the

2047

01:31:38,750 --> 01:31:35,760

next person

2048

01:31:43,850 --> 01:31:38,760

because it helps so

2049

01:31:47,689 --> 01:31:45,709

you know

2050

01:31:49,370 --> 01:31:47,699

um thanks for being here by the way so

2051

01:31:51,229 --> 01:31:49,380

and especially if we do not share a

2052

01:31:52,910 --> 01:31:51,239

political party emphasize that this is a

2053

01:31:55,490 --> 01:31:52,920

bipartisan issue yes I think that is

2054

01:31:59,689 --> 01:31:58,070

I must get it as a conspiracy well

2055

01:32:02,149 --> 01:31:59,699

whatever that's you're missing the point

2056

01:32:06,770 --> 01:32:02,159

I'm just uh creating a

2057

01:32:09,530 --> 01:32:06,780

an issue or uh you know hypothetical

2058

01:32:15,530 --> 01:32:11,629

it is bipartisan

2059

01:32:17,149 --> 01:32:15,540

but you have some people on the opposite

2060

01:32:18,950 --> 01:32:17,159

sides of the fence here working on this

2061

01:32:21,350 --> 01:32:18,960

UAP thing and some of them will go

2062

01:32:23,689 --> 01:32:21,360

pretty far to that opposite side so it

2063

01:32:24,830 --> 01:32:23,699

can be really difficult because some of

2064

01:32:27,050 --> 01:32:24,840

those things are really important to

2065

01:32:29,810 --> 01:32:27,060

people you know

2066

01:32:34,510 --> 01:32:29,820

so it's really freaking tough man

2067

01:32:38,810 --> 01:32:37,729

it's good stuff right because it at some

2068

01:32:40,790 --> 01:32:38,820

point

2069

01:32:45,310 --> 01:32:40,800

you got to get stuff done and you gotta

2070

01:32:45,320 --> 01:32:49,970

it's got a rise above

2071

01:32:55,250 --> 01:32:51,890

so you totally

2072

01:32:58,010 --> 01:32:55,260

have to try and Rise Above

2073

01:33:04,430 --> 01:32:58,020

the bipartisan issue

2074

01:33:09,290 --> 01:33:07,250

love you guys thanks for hanging out I

2075

01:33:10,729 --> 01:33:09,300

appreciate it sorry there was no Jade

2076

01:33:13,850 --> 01:33:10,739

today

2077

01:33:14,990 --> 01:33:13,860

believe you me he'll be here for the

2078

01:33:17,870 --> 01:33:15,000

Congressional thing we're going to do

2079

01:33:19,910 --> 01:33:17,880

next week so with that being said

2080

01:33:23,149 --> 01:33:19,920

like the video subscribe if you haven't

2081

01:33:24,290 --> 01:33:23,159

share it on your stuff

2082

01:33:26,090 --> 01:33:24,300

um

2083

01:33:28,010 --> 01:33:26,100

you know contact me you can go on my

2084

01:33:29,390 --> 01:33:28,020

website I got a contact thing there so

2085

01:33:31,610 --> 01:33:29,400

you can email me

2086

01:33:34,070 --> 01:33:31,620

find me on Twitter all that kind of

2087

01:33:36,470 --> 01:33:34,080

stuff send a thank you tweet

2088

01:33:38,090 --> 01:33:36,480

at the very least send a thank you tweet
