1
00:00:04,970 --> 00:00:02,270
what's up everybody you're watching

2
00:00:08,030 --> 00:00:04,980
witness citizen on this Friday afternoon

3
00:00:09,770 --> 00:00:08,040
at 1pm Central Standard Time

4
00:00:12,169 --> 00:00:09,780
I had such a great time with everybody

5
00:00:13,730 --> 00:00:12,179
yesterday I thought we would do a bonus

6
00:00:15,709 --> 00:00:13,740
episode today

7
00:00:18,410 --> 00:00:15,719
and I found some great things to talk

8
00:00:20,750 --> 00:00:18,420
about so I look forward to doing that I

9
00:00:22,970 --> 00:00:20,760
hope you guys are well make sure to hit

10
00:00:25,370 --> 00:00:22,980
the like button subscribe if you haven't

11
00:01:00,229 --> 00:00:25,380
and yeah let's get this party started

12
00:01:04,969 --> 00:01:00,239
[Music]

13
00:01:08,390 --> 00:01:04,979

what is up everybody so uh yeah we're

14

00:01:10,850 --> 00:01:08,400

doing an extra bonus show today I knew

15

00:01:11,870 --> 00:01:10,860

you'd be surprised I hope that makes you

16

00:01:13,969 --> 00:01:11,880

happy

17

00:01:15,530 --> 00:01:13,979

I suppose if it doesn't you wouldn't be

18

00:01:16,850 --> 00:01:15,540

here

19

00:01:18,350 --> 00:01:16,860

um

20

00:01:21,350 --> 00:01:18,360

but there's there's one thing I wanted

21

00:01:22,550 --> 00:01:21,360

to start the show off with today and you

22

00:01:25,190 --> 00:01:22,560

know I've been thinking about it a

23

00:01:28,670 --> 00:01:25,200

little bit and these UAP hearings coming

24

00:01:32,210 --> 00:01:28,680

up and everything and

25

00:01:35,630 --> 00:01:32,220

you know first thing is

26
00:01:37,550 --> 00:01:35,640
you know my expectations aren't uh out

27
00:01:40,069 --> 00:01:37,560
of whack you know I I have no

28
00:01:43,310 --> 00:01:40,079
expectations but

29
00:01:46,249 --> 00:01:43,320
you know this this is like it or not for

30
00:01:48,109 --> 00:01:46,259
debunker's sake uh it's historic

31
00:01:49,730 --> 00:01:48,119
you know we had a hearing last year and

32
00:01:51,830 --> 00:01:49,740
maybe it stunk to people but whatever

33
00:01:53,450 --> 00:01:51,840
had happened and we have another hearing

34
00:01:55,190 --> 00:01:53,460
coming up next week and this stuff

35
00:01:58,069 --> 00:01:55,200
hasn't happened

36
00:02:00,469 --> 00:01:58,079
in decades and decades and decades is as

37
00:02:01,969 --> 00:02:00,479
far as Congress taking this seriously

38
00:02:03,770 --> 00:02:01,979

having open hearings and all that kind

39

00:02:06,410 --> 00:02:03,780

of stuff so

40

00:02:08,389 --> 00:02:06,420

you know what why don't we do something

41

00:02:10,550 --> 00:02:08,399

why don't we try to do something you

42

00:02:11,809 --> 00:02:10,560

know as far as activism or try to get

43

00:02:13,610 --> 00:02:11,819

involved

44

00:02:16,390 --> 00:02:13,620

even if nothing happens if it doesn't

45

00:02:18,890 --> 00:02:16,400

work whatever at least we tried

46

00:02:20,930 --> 00:02:18,900

hearings in this engagement

47

00:02:25,729 --> 00:02:20,940

Congressional engagement go into this

48

00:02:28,010 --> 00:02:25,739

level uh is uh more rare than not so as

49

00:02:29,750 --> 00:02:28,020

long as we're here in this spot

50

00:02:31,850 --> 00:02:29,760

in history

51
00:02:33,589 --> 00:02:31,860
we might as well

52
00:02:36,589 --> 00:02:33,599
participate

53
00:02:39,110 --> 00:02:36,599
so I did something

54
00:02:40,790 --> 00:02:39,120
I did something and

55
00:02:43,570 --> 00:02:40,800
I'm going to show you

56
00:02:46,430 --> 00:02:43,580
so on my website here

57
00:02:50,210 --> 00:02:46,440
witnesscitizen.com I put the link in the

58
00:02:52,970 --> 00:02:50,220
description of the video you can go to

59
00:02:54,970 --> 00:02:52,980
questions for Arrow here this tab right

60
00:02:58,670 --> 00:02:54,980
here click on that

61
00:03:01,670 --> 00:02:58,680
and you can speak up about UAP contact

62
00:03:03,110 --> 00:03:01,680
congress with your thoughts I wrote I

63
00:03:04,729 --> 00:03:03,120

believe it would be wise to aggregate

64

00:03:07,490 --> 00:03:04,739

our desires from Congress and arrow

65

00:03:09,530 --> 00:03:07,500

regarding UAP first please choose the

66

00:03:11,149 --> 00:03:09,540

topic that interests you the most then

67

00:03:13,369 --> 00:03:11,159

submit a question that you would like to

68

00:03:14,390 --> 00:03:13,379

be asked at the Senate hearings on Arrow

69

00:03:16,190 --> 00:03:14,400

UAP

70

00:03:18,050 --> 00:03:16,200

this is an excellent opportunity to

71

00:03:19,970 --> 00:03:18,060

expand or elaborate on why you choose

72

00:03:21,530 --> 00:03:19,980

the particular aspect of UAP that you

73

00:03:24,050 --> 00:03:21,540

did

74

00:03:25,610 --> 00:03:24,060

the responses will be sent to selected

75

00:03:26,809 --> 00:03:25,620

Congressional leaders while there is no

76

00:03:28,369 --> 00:03:26,819

guarantee that your question will be

77

00:03:30,830 --> 00:03:28,379

asked I will do my best to ensure it

78

00:03:33,110 --> 00:03:30,840

reaches the right people also you can

79

00:03:34,850 --> 00:03:33,120

always and it's encouraged to also

80

00:03:39,229 --> 00:03:34,860

contact a congressional representative

81

00:03:41,690 --> 00:03:39,239

via handwritten letter call email tweet

82

00:03:43,550 --> 00:03:41,700

with this form I'm trying to do my part

83

00:03:44,990 --> 00:03:43,560

by organizing our desires or

84

00:03:47,930 --> 00:03:45,000

expectations

85

00:03:48,649 --> 00:03:47,940

uh so it's pretty easy to put in your

86

00:03:52,009 --> 00:03:48,659

name

87

00:03:54,110 --> 00:03:52,019

you click whatever is most uh

88

00:03:57,050 --> 00:03:54,120

interesting to you like if if this was a

89

00:03:59,030 --> 00:03:57,060

perfect world and and you could ask

90

00:04:00,770 --> 00:03:59,040

uh Shanker Patrick or Arrow about

91

00:04:02,990 --> 00:04:00,780

anything you get more info on anything

92

00:04:05,330 --> 00:04:03,000

what would it be so you can pick any of

93

00:04:08,089 --> 00:04:05,340

these topics and then you can put your

94

00:04:12,530 --> 00:04:08,099

question in here email

95

00:04:14,149 --> 00:04:12,540

and you're good to go so I want you if

96

00:04:15,410 --> 00:04:14,159

you know you don't have to but it'd be

97

00:04:17,569 --> 00:04:15,420

great if you could do this because what

98

00:04:20,449 --> 00:04:17,579

I'm going to do is aggregate all the

99

00:04:22,129 --> 00:04:20,459

categories here and I'm going to try my

100

00:04:24,469 --> 00:04:22,139

best to get them in front of

101
00:04:25,550 --> 00:04:24,479
congressional representatives make some

102
00:04:27,830 --> 00:04:25,560
calls

103
00:04:29,270 --> 00:04:27,840
you know write some emails get this in

104
00:04:30,469 --> 00:04:29,280
front of the right people

105
00:04:32,390 --> 00:04:30,479
so

106
00:04:34,129 --> 00:04:32,400
um we can come to them as a large group

107
00:04:36,350 --> 00:04:34,139
of people say this is what we're

108
00:04:38,450 --> 00:04:36,360
interested in you know and and do our

109
00:04:40,249 --> 00:04:38,460
best to to have our voice be heard

110
00:04:42,469 --> 00:04:40,259
because like I said this is a rare

111
00:04:44,570 --> 00:04:42,479
occasion that Congress is actually

112
00:04:46,129 --> 00:04:44,580
taking new AP seriously whether it's

113
00:04:47,870 --> 00:04:46,139

serious enough for you or not is

114

00:04:49,850 --> 00:04:47,880

irrelevant they're taking it serious and

115

00:04:52,610 --> 00:04:49,860

they're having earrings

116

00:04:54,409 --> 00:04:52,620

which again is uh historic in and of

117

00:04:57,230 --> 00:04:54,419

itself

118

00:04:59,450 --> 00:04:57,240

so if you want to participate this is a

119

00:05:00,650 --> 00:04:59,460

good way uh otherwise like I said in

120

00:05:02,629 --> 00:05:00,660

here you could do it however you want

121

00:05:03,469 --> 00:05:02,639

write a letter call Tweet whatever you

122

00:05:05,450 --> 00:05:03,479

want

123

00:05:08,990 --> 00:05:05,460

it's all

124

00:05:11,390 --> 00:05:09,000

good stuff and it don't count so you

125

00:05:14,450 --> 00:05:11,400

know we're kind of behind the uh the

126

00:05:16,249 --> 00:05:14,460

ball here with this so you know we'll

127

00:05:18,830 --> 00:05:16,259

see how it goes I'll let it go over the

128

00:05:21,350 --> 00:05:18,840

weekend into Monday Tuesday and and try

129

00:05:23,270 --> 00:05:21,360

to get to business so

130

00:05:27,010 --> 00:05:23,280

um yeah give it your best shot so wanted

131

00:05:33,890 --> 00:05:31,790

and so yeah hope you do that

132

00:05:38,510 --> 00:05:33,900

the other thing that I wanted to

133

00:05:42,529 --> 00:05:38,520

actually start this program with

134

00:05:45,170 --> 00:05:42,539

is a little speech I put together on why

135

00:05:51,850 --> 00:05:45,180

it's important to end

136

00:05:56,629 --> 00:05:54,590

today I stand before you to talk about

137

00:05:59,570 --> 00:05:56,639

an issue that has been intriguing people

138

00:06:06,529 --> 00:05:59,580

all around the world

139

00:06:12,650 --> 00:06:08,749

in recent years there has been a growing

140

00:06:14,990 --> 00:06:12,660

interest in UAB also known as UFOs due

141

00:06:20,270 --> 00:06:15,000

to numerous sightings encounters and

142

00:06:26,150 --> 00:06:23,210

as we continue to uncover more

143

00:06:28,010 --> 00:06:26,160

information about UAP it becomes

144

00:06:30,409 --> 00:06:28,020

increasingly clear that transparency

145

00:06:31,610 --> 00:06:30,419

regarding this topic is not just

146

00:06:33,110 --> 00:06:31,620

important

147

00:06:36,230 --> 00:06:33,120

but vital

148

00:06:40,730 --> 00:06:38,029

first and foremost

149

00:06:44,210 --> 00:06:40,740

UAP transparency is important because it

150

00:06:46,370 --> 00:06:44,220

concerns our Safety and Security

151
00:06:49,430 --> 00:06:46,380
many UAP sightings have been reported

152
00:06:51,350 --> 00:06:49,440
near sensitive military installations

153
00:06:54,050 --> 00:06:51,360
and there have been instances of UAP

154
00:06:56,390 --> 00:06:54,060
exhibiting advanced technology and

155
00:07:00,830 --> 00:06:56,400
capabilities that surpass our current

156
00:07:07,129 --> 00:07:03,529
the potential threat posed by UAP to our

157
00:07:09,590 --> 00:07:07,139
national security cannot be ignored

158
00:07:11,450 --> 00:07:09,600
therefore it is crucial for governments

159
00:07:13,610 --> 00:07:11,460
and Military organizations to be

160
00:07:17,150 --> 00:07:13,620
transparent in sharing information about

161
00:07:19,070 --> 00:07:17,160
UAP sightings encounters

162
00:07:22,189 --> 00:07:19,080
and investigations to better understand

163
00:07:25,670 --> 00:07:22,199

their nature and determine any potential

164

00:07:30,529 --> 00:07:28,370

secondly UAP transparency is essential

165

00:07:33,050 --> 00:07:30,539

for advancing scientific knowledge and

166

00:07:35,809 --> 00:07:33,060

technological advancements

167

00:07:38,330 --> 00:07:35,819

UAP sightings often involve unexplained

168

00:07:39,969 --> 00:07:38,340

anomalous phenomena that challenge our

169

00:07:42,589 --> 00:07:39,979

current understanding of physics

170

00:07:46,129 --> 00:07:42,599

aerospace engineering and other

171

00:07:52,490 --> 00:07:49,490

by openly sharing UAP data research

172

00:07:54,770 --> 00:07:52,500

findings and technological insights we

173

00:07:57,110 --> 00:07:54,780

can foster collaboration among

174

00:07:59,330 --> 00:07:57,120

scientists engineers and researchers

175

00:08:01,309 --> 00:07:59,340

from different fields to collectively

176
00:08:05,450 --> 00:08:01,319
work towards unraveling the Mysteries

177
00:08:10,309 --> 00:08:07,610
such advancements may not only benefit

178
00:08:12,230 --> 00:08:10,319
our understanding of the universe but

179
00:08:14,809 --> 00:08:12,240
also contribute to the development of

180
00:08:17,270 --> 00:08:14,819
groundbreaking technologies that could

181
00:08:20,749 --> 00:08:17,280
revolutionize various aspects of our

182
00:08:25,670 --> 00:08:23,390
thirdly UAP transparency is crucial for

183
00:08:27,230 --> 00:08:25,680
promoting Global cooperation and

184
00:08:29,510 --> 00:08:27,240
diplomacy

185
00:08:31,309 --> 00:08:29,520
UAP sightings and encounters are

186
00:08:32,510 --> 00:08:31,319
reported from different countries and

187
00:08:34,130 --> 00:08:32,520
regions around the world

188
00:08:37,070 --> 00:08:34,140

[Music]

189

00:08:38,269 --> 00:08:37,080

the phenomenon transcends borders and

190

00:08:40,550 --> 00:08:38,279

cultures

191

00:08:43,969 --> 00:08:40,560

and it is not limited to any specific

192

00:08:49,370 --> 00:08:47,690

therefore global collaboration and

193

00:08:53,650 --> 00:08:49,380

coordination are essential to

194

00:08:57,889 --> 00:08:56,210

transparent sharing of UAP data and

195

00:09:00,710 --> 00:08:57,899

findings can foster trust and

196

00:09:03,230 --> 00:09:00,720

cooperation among nations leading to

197

00:09:05,750 --> 00:09:03,240

meaningful International Partnerships in

198

00:09:08,090 --> 00:09:05,760

exploring and addressing this enigmatic

199

00:09:11,210 --> 00:09:08,100

phenomenon

200

00:09:13,610 --> 00:09:11,220

UAP transparency can also help dispel

201
00:09:16,370 --> 00:09:13,620
unnecessary tensions miscommunications

202
00:09:17,750 --> 00:09:16,380
and misunderstandings related to UAP

203
00:09:20,150 --> 00:09:17,760
sightings

204
00:09:22,020 --> 00:09:20,160
which can often sometimes trigger Panic

205
00:09:23,329 --> 00:09:22,030
fear and conflicts

206
00:09:26,449 --> 00:09:23,339
[Music]

207
00:09:28,070 --> 00:09:26,459
moreover UAP transparency is crucial for

208
00:09:30,230 --> 00:09:28,080
fostering public trust and

209
00:09:32,210 --> 00:09:30,240
accountability

210
00:09:34,190 --> 00:09:32,220
governments and Military organizations

211
00:09:36,410 --> 00:09:34,200
have historically been accused of

212
00:09:38,870 --> 00:09:36,420
covering up UAP sightings and encounters

213
00:09:43,790 --> 00:09:38,880

leading the public to mistrust and

214

00:09:43,800 --> 00:09:46,210

foreign

215

00:09:51,590 --> 00:09:48,769

by being transparent and sharing

216

00:09:53,570 --> 00:09:51,600

information about UAP governments and

217

00:09:55,090 --> 00:09:53,580

Military organizations can demonstrate

218

00:09:58,370 --> 00:09:55,100

their commitment to openness

219

00:10:00,230 --> 00:09:58,380

accountability and trustworthiness

220

00:10:03,050 --> 00:10:00,240

public access to Credible information

221

00:10:05,930 --> 00:10:03,060

about UAP can Empower individuals to

222

00:10:09,470 --> 00:10:05,940

form informed opinions

223

00:10:11,150 --> 00:10:09,480

make rational decisions

224

00:10:13,490 --> 00:10:11,160

and participate in meaningful

225

00:10:16,490 --> 00:10:13,500

discussions

226

00:10:19,550 --> 00:10:16,500

UAP transparency can also help to debunk

227

00:10:21,769 --> 00:10:19,560

myths conspiracy theories and

228

00:10:24,889 --> 00:10:21,779

misinformation

229

00:10:27,050 --> 00:10:24,899

that often surrounds this topic

230

00:10:32,210 --> 00:10:27,060

and promote evidence-based discussions

231

00:10:37,490 --> 00:10:34,090

in conclusion

232

00:10:40,670 --> 00:10:37,500

UAP transparency is not just important

233

00:10:42,889 --> 00:10:40,680

but vital for the world

234

00:10:44,750 --> 00:10:42,899

it is crucial for ensuring our Safety

235

00:10:46,930 --> 00:10:44,760

and Security advancing scientific

236

00:10:49,310 --> 00:10:46,940

knowledge and technological advancements

237

00:10:52,250 --> 00:10:49,320

promoting Global cooperation and

238

00:10:54,590 --> 00:10:52,260

diplomacy and fostering public trust and

239

00:10:56,750 --> 00:10:54,600

accountability

240

00:10:59,030 --> 00:10:56,760

and as we continue to navigate the

241

00:11:01,850 --> 00:10:59,040

mysteries of UAP let us Embrace

242

00:11:04,870 --> 00:11:01,860

Transparency in open collaboration among

243

00:11:08,070 --> 00:11:04,880

governments military organizations

244

00:11:10,069 --> 00:11:08,080

scientists researchers and the public

245

00:11:12,110 --> 00:11:10,079

[Music]

246

00:11:15,050 --> 00:11:12,120

let us work together to unlock the

247

00:11:22,460 --> 00:11:15,060

secrets of UAP for the betterment of

248

00:11:22,470 --> 00:11:26,090

[Music]

249

00:11:32,269 --> 00:11:29,150

all right I hope you liked it and UAP

250

00:11:34,490 --> 00:11:32,279

secrecy so just put that together maybe

251
00:11:36,590 --> 00:11:34,500
I'll post it on socials or something see

252
00:11:38,509 --> 00:11:36,600
if it gets anyone riled up

253
00:11:41,870 --> 00:11:38,519
do something

254
00:11:43,630 --> 00:11:41,880
you know activate themselves

255
00:11:47,750 --> 00:11:43,640
who knows

256
00:11:51,889 --> 00:11:47,760
but uh yeah so it was fun doing that the

257
00:11:54,650 --> 00:11:51,899
update here uh the UAP hearings

258
00:11:57,170 --> 00:11:54,660
coming at you

259
00:11:59,690 --> 00:11:57,180
from congress.gov

260
00:12:01,310 --> 00:11:59,700
so the interesting thing here we have

261
00:12:03,230 --> 00:12:01,320
closed earrings to examine the mission

262
00:12:05,269 --> 00:12:03,240
activities oversight and budget of the

263
00:12:08,449 --> 00:12:05,279

all domain anomaly resolution office to

264

00:12:11,990 --> 00:12:08,459

be immediately followed by Open Session

265

00:12:13,550 --> 00:12:12,000

so they're starting with a closed

266

00:12:17,090 --> 00:12:13,560

hearing

267

00:12:19,670 --> 00:12:17,100

and then doing an open session

268

00:12:21,130 --> 00:12:19,680

which is extremely interesting and I am

269

00:12:24,110 --> 00:12:21,140

not

270

00:12:26,750 --> 00:12:24,120

uh a

271

00:12:30,710 --> 00:12:28,490

I don't know much about how this stuff

272

00:12:32,269 --> 00:12:30,720

works I guess the most of what I do know

273

00:12:34,850 --> 00:12:32,279

actually is from following up

274

00:12:37,069 --> 00:12:34,860

legislation

275

00:12:39,050 --> 00:12:37,079

but uh you know so I don't think it's

276

00:12:41,090 --> 00:12:39,060

normal though for there to be a close

277

00:12:43,490 --> 00:12:41,100

for there to be a closed steering before

278

00:12:45,710 --> 00:12:43,500

an open one I think that's a little uh

279

00:12:48,230 --> 00:12:45,720

abnormal but that's what they're doing

280

00:12:51,829 --> 00:12:48,240

what does that mean

281

00:12:53,509 --> 00:12:51,839

um well I would hope that at least they

282

00:12:55,370 --> 00:12:53,519

could communicate in that closed hearing

283

00:12:57,050 --> 00:12:55,380

so anything that they discuss in the

284

00:13:00,650 --> 00:12:57,060

open hearing

285

00:13:02,810 --> 00:13:00,660

um can be answered and fully fleshed out

286

00:13:04,250 --> 00:13:02,820

you know versus I think the last earring

287

00:13:06,350 --> 00:13:04,260

we got a few questions where it's like I

288

00:13:09,590 --> 00:13:06,360

can answer that in the closed earring so

289

00:13:11,810 --> 00:13:09,600

that could be it the flip side is

290

00:13:13,850 --> 00:13:11,820

if they do that we don't know what's

291

00:13:16,550 --> 00:13:13,860

going to be sensitive right so in the

292

00:13:18,829 --> 00:13:16,560

last hearing they got to I think like uh

293

00:13:20,810 --> 00:13:18,839

maybe sonar some underwater detection

294

00:13:22,850 --> 00:13:20,820

and they could only answer that in the

295

00:13:27,350 --> 00:13:22,860

closed hearing afterwards

296

00:13:30,470 --> 00:13:27,360

so situations like that we may not get

297

00:13:32,690 --> 00:13:30,480

um or they're discussing how to unveil

298

00:13:33,650 --> 00:13:32,700

spaceships and non-human intelligence to

299

00:13:34,970 --> 00:13:33,660

the world

300

00:13:38,329 --> 00:13:34,980

and they want to get their game plan

301

00:13:40,430 --> 00:13:38,339

right for the open hearing

302

00:13:42,230 --> 00:13:40,440

probably not but that would be that'd be

303

00:13:44,930 --> 00:13:42,240

pretty cool so

304

00:13:46,550 --> 00:13:44,940

um expectations for this hearing so that

305

00:13:47,350 --> 00:13:46,560

was the update I just want to let you

306

00:13:50,930 --> 00:13:47,360

know

307

00:13:53,690 --> 00:13:50,940

expectations for this hearing

308

00:13:56,150 --> 00:13:53,700

um around the interwebs kind of vary but

309

00:13:58,970 --> 00:13:56,160

basically they're not that great

310

00:14:00,530 --> 00:13:58,980

um we have Dr Gary Nolan who just did an

311

00:14:02,329 --> 00:14:00,540

interview on the good trouble show great

312

00:14:04,730 --> 00:14:02,339

interview

313

00:14:06,650 --> 00:14:04,740

um said that you know he wouldn't expect

314

00:14:10,970 --> 00:14:06,660

anything really from it as far as

315

00:14:13,310 --> 00:14:10,980

Revelations uh also Christopher sharp

316

00:14:14,810 --> 00:14:13,320

said that he wouldn't get his hopes up

317

00:14:17,030 --> 00:14:14,820

but you never know

318

00:14:19,250 --> 00:14:17,040

never know especially if we can get

319

00:14:21,050 --> 00:14:19,260

these questions in and show some effort

320

00:14:23,449 --> 00:14:21,060

maybe make some noise maybe we can get a

321

00:14:25,190 --> 00:14:23,459

question in there that would be great

322

00:14:27,590 --> 00:14:25,200

um you don't know if you don't try you

323

00:14:30,530 --> 00:14:27,600

miss every shot you don't take so let's

324

00:14:33,470 --> 00:14:30,540

take this let's take the shots

325

00:14:34,790 --> 00:14:33,480

um so who knows how it's gonna go uh if

326

00:14:36,889 --> 00:14:34,800

anything

327

00:14:37,970 --> 00:14:36,899

uh they're having the hearing you know

328

00:14:40,310 --> 00:14:37,980

and

329

00:14:42,650 --> 00:14:40,320

like I said yesterday like a lot of this

330

00:14:43,790 --> 00:14:42,660

isn't for us you know most of this isn't

331

00:14:45,050 --> 00:14:43,800

for us the people that are actually

332

00:14:47,990 --> 00:14:45,060

paying attention is for the general

333

00:14:50,389 --> 00:14:48,000

public so if anything you know an

334

00:14:52,430 --> 00:14:50,399

introductory hearing that uh for Arrow

335

00:14:54,650 --> 00:14:52,440

to introduce the public or even the

336

00:14:56,990 --> 00:14:54,660

media too arrow in what they do

337

00:14:59,509 --> 00:14:57,000

uh could be a good thing hopefully it

338

00:15:01,310 --> 00:14:59,519

goes farther than that

339

00:15:02,750 --> 00:15:01,320

um but we have to remember that the

340

00:15:04,670 --> 00:15:02,760

population

341

00:15:07,790 --> 00:15:04,680

um generally speaking is not as caught

342

00:15:09,710 --> 00:15:07,800

up as we are in this stuff so

343

00:15:11,870 --> 00:15:09,720

you know to go straight to the Deep

344

00:15:16,189 --> 00:15:11,880

questions May throw people off guard I

345

00:15:19,730 --> 00:15:17,930

um Mikey says it means they can reverse

346

00:15:21,650 --> 00:15:19,740

the process if they already had the

347

00:15:23,449 --> 00:15:21,660

closed hearing it then they can't say we

348

00:15:24,889 --> 00:15:23,459

will have to take right yeah that's what

349

00:15:27,710 --> 00:15:24,899

I was pretty much saying

350

00:15:29,870 --> 00:15:27,720

so we'll see how that works out

351

00:15:31,430 --> 00:15:29,880

see how that works out

352

00:15:33,110 --> 00:15:31,440

um

353

00:15:36,590 --> 00:15:33,120

damn it they have to start sharing more

354

00:15:40,009 --> 00:15:36,600

information though like arrow is is not

355

00:15:41,509 --> 00:15:40,019

been transparent at all they started at

356

00:15:45,230 --> 00:15:41,519

Twitter and I don't even know how long

357

00:15:48,470 --> 00:15:45,240

ago that was but they posted

358

00:15:49,850 --> 00:15:48,480

um you know about transparency and seem

359

00:15:51,050 --> 00:15:49,860

like they'd be using their Twitter for

360

00:15:53,389 --> 00:15:51,060

Stuff

361

00:15:56,470 --> 00:15:53,399

never tweeted again

362

00:16:00,110 --> 00:15:56,480

you saw their last report so much

363

00:16:02,269 --> 00:16:00,120

anti-transparency as you could get

364

00:16:04,250 --> 00:16:02,279

you know it was definitely less

365

00:16:06,530 --> 00:16:04,260

transparent than the UAP task force

366

00:16:10,490 --> 00:16:06,540

report which came before that one that I

367

00:16:11,269 --> 00:16:10,500

believe was written by Mr J Stratton

368

00:16:13,189 --> 00:16:11,279

um

369

00:16:17,290 --> 00:16:13,199

so I would really like to hear a little

370

00:16:20,389 --> 00:16:17,300

bit more uh about Kirkpatrick's

371

00:16:22,189 --> 00:16:20,399

thoughts on that first UAP task force

372

00:16:24,470 --> 00:16:22,199

report as well

373

00:16:26,389 --> 00:16:24,480

you know I would love to see if he

374

00:16:28,490 --> 00:16:26,399

looked at it if he could kind of

375

00:16:30,949 --> 00:16:28,500

corroborate what's in there and if he

376

00:16:32,090 --> 00:16:30,959

looks at the data the same way as threat

377

00:16:33,590 --> 00:16:32,100

and then did I think that would be

378

00:16:36,189 --> 00:16:33,600

pretty cool but

379

00:16:40,490 --> 00:16:36,199

you know we'll see

380

00:16:44,329 --> 00:16:40,500

so a couple other things I wanted to hit

381

00:16:47,990 --> 00:16:44,339

I thought would be uh fun to read we got

382

00:16:51,829 --> 00:16:48,000

an article that came in from Politico

383

00:16:55,009 --> 00:16:53,810

as far as UAP news and I have some other

384

00:16:57,050 --> 00:16:55,019

things planned we'll see how much time

385

00:16:59,090 --> 00:16:57,060

we get uh pentagon's top UFO

386

00:17:01,370 --> 00:16:59,100

investigator mystery objects could be

387

00:17:05,090 --> 00:17:01,380

alien probes

388

00:17:09,549 --> 00:17:05,100

one is uh one astronomy Professor called

389

00:17:14,090 --> 00:17:11,750

so here we go

390

00:17:17,030 --> 00:17:14,100

well yeah I mean

391

00:17:19,549 --> 00:17:17,040

they're just speculating so the official

392

00:17:20,990 --> 00:17:19,559

in charge of a secret of Pentagon and I

393

00:17:23,510 --> 00:17:21,000

haven't read this yet so we're reading

394

00:17:24,770 --> 00:17:23,520

it together so we'll see how it goes the

395

00:17:26,270 --> 00:17:24,780

official in charge of a secret of

396

00:17:27,829 --> 00:17:26,280

Pentagon effort to investigate not

397

00:17:29,390 --> 00:17:27,839

explaining to Aerial incursions is

398

00:17:31,730 --> 00:17:29,400

co-authored an academic paper that

399

00:17:33,650 --> 00:17:31,740

presents an out of this world theory

400

00:17:37,070 --> 00:17:33,660

recent objects could actually be alien

401
00:17:39,350 --> 00:17:37,080
pros from a Mothership sent to study

402
00:17:41,930 --> 00:17:39,360
Earth in a draft paper dated March 7th

403
00:17:44,210 --> 00:17:41,940
Sean Kirkpatrick head of the pentagon's

404
00:17:46,430 --> 00:17:44,220
all domain anomaly resolution office and

405
00:17:47,810 --> 00:17:46,440
Harvard Professor Avi Loeb teamed up to

406
00:17:50,450 --> 00:17:47,820
write that objects which appear to

407
00:17:52,730 --> 00:17:50,460
defile physics could be prose from an

408
00:17:56,330 --> 00:17:52,740
extraterrestrial parent craft

409
00:17:58,070 --> 00:17:56,340
so it's uh the key to take in context

410
00:17:59,750 --> 00:17:58,080
here they're just going all in on the

411
00:18:01,250 --> 00:17:59,760
mothership and you've noticed other

412
00:18:04,130 --> 00:18:01,260
people have done that too but the paper

413
00:18:06,409 --> 00:18:04,140

in general was to just look at you know

414

00:18:08,090 --> 00:18:06,419

if someone was kind of defying physics

415

00:18:10,850 --> 00:18:08,100

or using in physics we don't know about

416

00:18:13,310 --> 00:18:10,860

how how would that come to us you know

417

00:18:15,230 --> 00:18:13,320

in in what form and they hypothesized

418

00:18:18,169 --> 00:18:15,240

you know that that could be an idea they

419

00:18:19,909 --> 00:18:18,179

didn't say that was the case

420

00:18:21,590 --> 00:18:19,919

um so but it's pretty interesting once

421

00:18:24,710 --> 00:18:21,600

this hits the media they all run with it

422

00:18:27,049 --> 00:18:24,720

not really as fact but as close as two

423

00:18:28,250 --> 00:18:27,059

fact as you can get without just lying

424

00:18:29,990 --> 00:18:28,260

about it

425

00:18:32,590 --> 00:18:30,000

it's usual for

426

00:18:34,850 --> 00:18:32,600

unusual for government officials

427

00:18:36,590 --> 00:18:34,860

especially those involved

428

00:18:38,810 --> 00:18:36,600

in the nation effort to collect

429

00:18:40,669 --> 00:18:38,820

Intelligence on recent sightings to

430

00:18:42,950 --> 00:18:40,679

discuss the possibility of ET life

431

00:18:45,169 --> 00:18:42,960

although top agency officials don't rule

432

00:18:46,490 --> 00:18:45,179

it out when asked the paper has been

433

00:18:48,650 --> 00:18:46,500

circulating among science fiction

434

00:18:50,570 --> 00:18:48,660

focused news outlets after low posted

435

00:18:53,750 --> 00:18:50,580

online Politico has verified the paper's

436

00:18:56,029 --> 00:18:53,760

authenticity oh thank you

437

00:18:57,710 --> 00:18:56,039

all he had to do is go to Hobby Lobby's

438

00:18:59,990 --> 00:18:57,720

website it's right there more than half

439

00:19:01,430 --> 00:19:00,000

of the five page paper is devoted to

440

00:19:03,230 --> 00:19:01,440

discussing the possibility that the

441

00:19:05,210 --> 00:19:03,240

Unexplained objects DOD is studying

442

00:19:06,289 --> 00:19:05,220

could be the probes in the mothership

443

00:19:08,029 --> 00:19:06,299

scenario

444

00:19:10,610 --> 00:19:08,039

including most of the page-long

445

00:19:12,590 --> 00:19:10,620

introduction one section is titled ET

446

00:19:15,409 --> 00:19:12,600

possibility and another propulsion

447

00:19:17,090 --> 00:19:15,419

methods kirpatrick's involvement in the

448

00:19:18,890 --> 00:19:17,100

academic paper demonstrates that the

449

00:19:20,510 --> 00:19:18,900

Pentagon is open to Scientific debate of

450

00:19:22,029 --> 00:19:20,520

the origins of UFOs and an important

451
00:19:24,110 --> 00:19:22,039
signal to send the academic world

452
00:19:26,150 --> 00:19:24,120
experts say

453
00:19:28,250 --> 00:19:26,160
but they added that his decision to

454
00:19:30,230 --> 00:19:28,260
attach his name to a theory considered

455
00:19:32,210 --> 00:19:30,240
in most academic circles to be highly

456
00:19:34,370 --> 00:19:32,220
unsubstantiated also raises questions

457
00:19:37,610 --> 00:19:34,380
about arrows credibility

458
00:19:40,549 --> 00:19:37,620
this is so stupid because they're just

459
00:19:42,289 --> 00:19:40,559
speculating

460
00:19:45,049 --> 00:19:42,299
you know

461
00:19:47,570 --> 00:19:45,059
and if you're dealing with stuff it

462
00:19:50,210 --> 00:19:47,580
can't be explained such as is written

463
00:19:52,310 --> 00:19:50,220

about in the actual reports by Arrow or

464

00:19:54,890 --> 00:19:52,320

UAP task force you have to start

465

00:19:57,529 --> 00:19:54,900

thinking outside of the box here

466

00:19:59,870 --> 00:19:57,539

and it's stigma like this

467

00:20:03,370 --> 00:19:59,880

that pushes back against that sort of

468

00:20:06,169 --> 00:20:03,380

out of the box thinking that hurts

469

00:20:08,990 --> 00:20:06,179

unsubstantiated also raises questions

470

00:20:10,370 --> 00:20:09,000

about Earl's credibility so dumb

471

00:20:12,950 --> 00:20:10,380

the paper explained that the

472

00:20:14,690 --> 00:20:12,960

interstellar objects such as the cigar

473

00:20:16,610 --> 00:20:14,700

shape to mumua that scientist spotted

474

00:20:18,169 --> 00:20:16,620

flank through the Galaxy in 2017 could

475

00:20:19,909 --> 00:20:18,179

potentially be a parent graph that

476
00:20:21,470 --> 00:20:19,919
releases many small probes during its

477
00:20:23,450 --> 00:20:21,480
closed passage to Earth

478
00:20:24,950 --> 00:20:23,460
paper goes on to compare the probes to

479
00:20:26,330 --> 00:20:24,960
dandelion seeds that could be separated

480
00:20:28,370 --> 00:20:26,340
from the parent craft by the sun's

481
00:20:30,049 --> 00:20:28,380
gravitational force it examines the

482
00:20:31,669 --> 00:20:30,059
physics of how the smaller craft could

483
00:20:33,529 --> 00:20:31,679
move through the Earth's atmosphere to

484
00:20:36,110 --> 00:20:33,539
reach the surface where they could be

485
00:20:37,850 --> 00:20:36,120
spotted by humans

486
00:20:39,289 --> 00:20:37,860
paper notes that the probes could use a

487
00:20:40,970 --> 00:20:39,299
Starlight to change their batteries in

488
00:20:42,710 --> 00:20:40,980

the Earth's water as fuel it also

489

00:20:45,529 --> 00:20:42,720

speculates on the motive for aliens to

490

00:20:47,630 --> 00:20:45,539

send exploratory probes to Earth

491

00:20:50,150 --> 00:20:47,640

what would be the overarching purpose of

492

00:20:51,409 --> 00:20:50,160

the journey in analogy with actual

493

00:20:53,210 --> 00:20:51,419

dandelion seeds the probes could

494

00:20:55,310 --> 00:20:53,220

propagate the blueprint of their senders

495

00:20:57,230 --> 00:20:55,320

the authors right as with biological

496

00:20:59,090 --> 00:20:57,240

seeds the raw materials on the planet's

497

00:21:00,710 --> 00:20:59,100

service could also be used by them as

498

00:21:03,169 --> 00:21:00,720

nutrients for self-replication are

499

00:21:05,390 --> 00:21:03,179

simply scientific exploration

500

00:21:05,810 --> 00:21:05,400

yeah I think that's pretty much

501
00:21:07,730 --> 00:21:05,820

[Music]

502
00:21:10,730 --> 00:21:07,740

um

503
00:21:12,289 --> 00:21:10,740

uh you know speculation the authors

504
00:21:13,970 --> 00:21:12,299

acknowledge that they do not know for

505
00:21:17,930 --> 00:21:13,980

sure that there are any functioning ET

506
00:21:21,190 --> 00:21:17,940

Crafts near Earth so there you go

507
00:21:23,930 --> 00:21:21,200

and speculation but the Galileo project

508
00:21:25,789 --> 00:21:23,940

lobes privately funded academic effort

509
00:21:28,190 --> 00:21:25,799

to look for UFOs intends to investigate

510
00:21:29,690 --> 00:21:28,200

this possibility right

511
00:21:31,250 --> 00:21:29,700

the Aero team at the Pentagon was

512
00:21:33,529 --> 00:21:31,260

created last year to replace a task

513
00:21:35,570 --> 00:21:33,539

force within the Office of Naval

514

00:21:37,250 --> 00:21:35,580

intelligence

515

00:21:39,350 --> 00:21:37,260

I thought it was Department of Naval

516

00:21:41,690 --> 00:21:39,360

intelligence

517

00:21:44,690 --> 00:21:41,700

you get it some of you probably get that

518

00:21:46,310 --> 00:21:44,700

maybe some note looking into UFOs arrow

519

00:21:48,049 --> 00:21:46,320

is established by Congress to serve as

520

00:21:49,909 --> 00:21:48,059

the focal point for the government-wide

521

00:21:51,289 --> 00:21:49,919

investigation into hundreds of reports

522

00:21:53,270 --> 00:21:51,299

of UAP

523

00:21:57,230 --> 00:21:53,280

come on they're putting aerial here it's

524

00:21:58,850 --> 00:21:57,240

it's Anonymous they have to fix that so

525

00:22:01,250 --> 00:21:58,860

including many that appear to perform

526

00:22:03,890 --> 00:22:01,260

highly Advanced Maneuvers which is what

527

00:22:06,549 --> 00:22:03,900

we're interested in right there

528

00:22:08,690 --> 00:22:06,559

Kirkpatrick is a respected scientist

529

00:22:10,310 --> 00:22:08,700

intelligence professional with more than

530

00:22:11,990 --> 00:22:10,320

two decades of experience studying

531

00:22:13,549 --> 00:22:12,000

physics and working in the defense

532

00:22:15,950 --> 00:22:13,559

intelligence space

533

00:22:17,149 --> 00:22:15,960

he has helped top positions in DOD U.S

534

00:22:18,830 --> 00:22:17,159

space command the National Security

535

00:22:21,590 --> 00:22:18,840

Council and across the intelligence

536

00:22:23,630 --> 00:22:21,600

agencies winning several awards for his

537

00:22:25,549 --> 00:22:23,640

work before his current position his

538

00:22:27,289 --> 00:22:25,559

most recent assignment was as a chief

539

00:22:29,330 --> 00:22:27,299

scientist at Dia's missile and space

540

00:22:31,549 --> 00:22:29,340

Intelligence Center

541

00:22:33,409 --> 00:22:31,559

DIA

542

00:22:36,610 --> 00:22:33,419

those are the folks

543

00:22:41,409 --> 00:22:36,620

that dealt with ASAP

544

00:22:44,029 --> 00:22:41,419

and the head of that program

545

00:22:47,270 --> 00:22:44,039

before it was handed over to Lou

546

00:22:49,909 --> 00:22:47,280

Elizondo was I believe uh some sort of

547

00:22:52,430 --> 00:22:49,919

Rocket missile person in the DIA so

548

00:22:54,950 --> 00:22:52,440

that's pretty interesting but experts

549

00:22:57,110 --> 00:22:54,960

said his and I'm talking about La casket

550

00:22:58,610 --> 00:22:57,120

by the way but experts said his

551
00:23:00,049 --> 00:22:58,620
attachment to the paper has the

552
00:23:01,970 --> 00:23:00,059
potential to undermine The credibility

553
00:23:03,770 --> 00:23:01,980
of the office

554
00:23:06,470 --> 00:23:03,780
it's a fine line because there's being

555
00:23:08,390 --> 00:23:06,480
open to speculative ideas like this but

556
00:23:10,610 --> 00:23:08,400
that can be translated into an actual

557
00:23:13,370 --> 00:23:10,620
supporting of this possibility and I

558
00:23:17,390 --> 00:23:13,380
don't think that's where there needs to

559
00:23:20,330 --> 00:23:17,400
be more clarity said Alejandro Rojas

560
00:23:22,070 --> 00:23:20,340
a board member for SCU UAP studies Think

561
00:23:23,990 --> 00:23:22,080
Tank exploring unidentified aerial

562
00:23:26,330 --> 00:23:24,000
phenomenon ahead of content and research

563
00:23:29,090 --> 00:23:26,340

for enigma Labs a startup using machine

564

00:23:31,430 --> 00:23:29,100

learning to investigate UFO data I think

565

00:23:35,149 --> 00:23:31,440

people need to relax like that statement

566

00:23:36,770 --> 00:23:35,159

by Alejandro rojas's a little harsh and

567

00:23:38,750 --> 00:23:36,780

I think people are looking into this a

568

00:23:40,789 --> 00:23:38,760

little too far I mean if you pay

569

00:23:42,529 --> 00:23:40,799

attention to Dr Avi Loeb he puts out a

570

00:23:44,630 --> 00:23:42,539

different essay like every day it's not

571

00:23:46,070 --> 00:23:44,640

a big deal for him you know so if he

572

00:23:47,270 --> 00:23:46,080

writes one essay on something you don't

573

00:23:49,250 --> 00:23:47,280

think is important what's the big

574

00:23:51,470 --> 00:23:49,260

freaking deal man

575

00:23:53,750 --> 00:23:51,480

you know in chunker Patrick is actually

576
00:23:55,430 --> 00:23:53,760
writing something with avilo a private

577
00:23:58,730 --> 00:23:55,440
citizen running the Galileo project

578
00:24:01,370 --> 00:23:58,740
which is trying to find data on UAP

579
00:24:02,930 --> 00:24:01,380
which is a positive thing on its face I

580
00:24:04,010 --> 00:24:02,940
think people are looking too far into

581
00:24:06,169 --> 00:24:04,020
them

582
00:24:08,330 --> 00:24:06,179
it does look like DOD is supporting some

583
00:24:11,210 --> 00:24:08,340
really wild ideas which thus far are

584
00:24:12,890 --> 00:24:11,220
felt to be unsubstantiated man this is

585
00:24:14,510 --> 00:24:12,900
like a hit piece

586
00:24:15,890 --> 00:24:14,520
what's with all the hit pieces coming

587
00:24:18,890 --> 00:24:15,900
out

588
00:24:22,430 --> 00:24:18,900

DOD did not respond to repeated requests

589

00:24:25,970 --> 00:24:24,049

because I don't think it's an official

590

00:24:28,010 --> 00:24:25,980

Arrow paper why would they

591

00:24:29,870 --> 00:24:28,020

the paper came out after Kirkpatrick

592

00:24:31,070 --> 00:24:29,880

contacted low blast fall saying he was

593

00:24:33,350 --> 00:24:31,080

going to be in the Boston area and

594

00:24:35,210 --> 00:24:33,360

wanted to meet Loeb said in an interview

595

00:24:36,529 --> 00:24:35,220

during their meeting kirpatrick urgent

596

00:24:38,270 --> 00:24:36,539

Professor to write a paper about the

597

00:24:40,730 --> 00:24:38,280

phenomena but the two did not end up

598

00:24:43,490 --> 00:24:40,740

collaborating until earlier this year

599

00:24:44,990 --> 00:24:43,500

Loba Harvard Professor who served as the

600

00:24:46,310 --> 00:24:45,000

chair of the University's astronomy

601
00:24:47,810 --> 00:24:46,320
department for almost a decade has

602
00:24:49,909 --> 00:24:47,820
thrown headlines in recent years for

603
00:24:52,730 --> 00:24:49,919
suggesting that umua

604
00:24:54,470 --> 00:24:52,740
was actually an alien spaceship

605
00:24:56,450 --> 00:24:54,480
loba's chair of the department until

606
00:24:58,250 --> 00:24:56,460
2020 and currently directs a number of

607
00:24:59,870 --> 00:24:58,260
initiatives including the Galileo

608
00:25:01,610 --> 00:24:59,880
project and serves on a variety of

609
00:25:03,409 --> 00:25:01,620
boards and councils including the

610
00:25:05,750 --> 00:25:03,419
president's Council of advisors and

611
00:25:07,909 --> 00:25:05,760
science of Technology at the White House

612
00:25:09,649 --> 00:25:07,919
Loeb acknowledge that there is no

613
00:25:11,810 --> 00:25:09,659

evidence to back up the notion that the

614

00:25:13,310 --> 00:25:11,820

unknown craft are alien probes Galileo

615

00:25:15,890 --> 00:25:13,320

project does not receive funding from

616

00:25:19,789 --> 00:25:15,900

DOD and he has no access to classified

617

00:25:23,570 --> 00:25:19,799

information so they have him on record

618

00:25:28,250 --> 00:25:23,580

saying that there's no proof of it

619

00:25:33,649 --> 00:25:30,710

kind of

620

00:25:35,630 --> 00:25:33,659

you know being a little tough on them I

621

00:25:37,370 --> 00:25:35,640

think

622

00:25:38,930 --> 00:25:37,380

but he said the fact that Kirkpatrick

623

00:25:41,149 --> 00:25:38,940

came to him out of the blue suggests

624

00:25:42,830 --> 00:25:41,159

that there is something out there they

625

00:25:44,210 --> 00:25:42,840

don't understand and scientists could

626

00:25:45,890 --> 00:25:44,220

potentially help

627

00:25:47,390 --> 00:25:45,900

you know that's a good point I think

628

00:25:50,149 --> 00:25:47,400

that does say something like that

629

00:25:51,350 --> 00:25:50,159

doesn't it Kirkpatrick going to Avi Loeb

630

00:25:54,529 --> 00:25:51,360

to

631

00:25:56,630 --> 00:25:54,539

uh discuss this UAP stuff

632

00:25:58,789 --> 00:25:56,640

would he really do that if there wasn't

633

00:26:00,289 --> 00:25:58,799

something else out there that they don't

634

00:26:02,149 --> 00:26:00,299

understand

635

00:26:05,269 --> 00:26:02,159

I don't think so but I think we should

636

00:26:05,930 --> 00:26:05,279

really move way past that but

637

00:26:08,149 --> 00:26:05,940

um

638

00:26:10,070 --> 00:26:08,159

kind of hung up it's perfectly

639

00:26:11,690 --> 00:26:10,080

legitimate when you face the unknown to

640

00:26:13,430 --> 00:26:11,700

consider what your imagination allows

641

00:26:16,610 --> 00:26:13,440

you to consider and then get data that

642

00:26:19,010 --> 00:26:16,620

rules it out or rules it in I'm upset

643

00:26:20,149 --> 00:26:19,020

paper is focused on the objects DOD is

644

00:26:22,730 --> 00:26:20,159

studying it's titled physical

645

00:26:24,049 --> 00:26:22,740

constraints on UAP and notes

646

00:26:26,350 --> 00:26:24,059

kirpatrick's affiliation with the

647

00:26:29,090 --> 00:26:26,360

Pentagon under the heading

648

00:26:31,549 --> 00:26:29,100

papers abstract

649

00:26:33,710 --> 00:26:31,559

poses that the objects appear to defy

650

00:26:35,450 --> 00:26:33,720

the laws of physics at the speeds their

651
00:26:37,490 --> 00:26:35,460
moving scientists would expect to see a

652
00:26:39,409 --> 00:26:37,500
fireball the fact that there is no

653
00:26:41,630 --> 00:26:39,419
firewall or other typical signatures

654
00:26:42,950 --> 00:26:41,640
signatures implies inaccurate distance

655
00:26:45,950 --> 00:26:42,960
measurements

656
00:26:47,870 --> 00:26:45,960
and hence derived velocity that's if

657
00:26:52,970 --> 00:26:47,880
you're looking at conventional physics

658
00:26:56,450 --> 00:26:54,769
the purpose of the paper is to urge

659
00:26:58,370 --> 00:26:56,460
investigators to examine the objects

660
00:27:00,409 --> 00:26:58,380
exhaustively before concluding the laws

661
00:27:03,409 --> 00:27:00,419
of physics that are being broken

662
00:27:06,529 --> 00:27:03,419
Rojas said I mean what do you think

663
00:27:08,149 --> 00:27:06,539

exhaustively is I guess

664

00:27:11,810 --> 00:27:08,159

I mean

665

00:27:14,570 --> 00:27:11,820

45 70 75 years investigation that seems

666

00:27:16,490 --> 00:27:14,580

pretty exhaustive but you know

667

00:27:19,730 --> 00:27:16,500

could be wrong I guess

668

00:27:21,649 --> 00:27:19,740

it shows Kirkpatrick is

669

00:27:23,630 --> 00:27:21,659

open to looking at the ET possibility

670

00:27:24,950 --> 00:27:23,640

but needs stronger arguments if they are

671

00:27:26,510 --> 00:27:24,960

to claim laws of physics are being

672

00:27:29,630 --> 00:27:26,520

broken

673

00:27:32,269 --> 00:27:29,640

well what it is is their data their

674

00:27:35,269 --> 00:27:32,279

sensors are showing

675

00:27:37,730 --> 00:27:35,279

unbelievable flight characteristics

676
00:27:39,289 --> 00:27:37,740
and they can measure that with those but

677
00:27:42,230 --> 00:27:39,299
they have no way of knowing if that's

678
00:27:43,610 --> 00:27:42,240
real or if it's a sensor anomaly and

679
00:27:46,070 --> 00:27:43,620
when people see something with their own

680
00:27:47,870 --> 00:27:46,080
eyes they still don't know if it's real

681
00:27:50,810 --> 00:27:47,880
especially if you go back to Blue Book

682
00:27:55,730 --> 00:27:50,820
they say they saw Venus and the radar

683
00:27:59,750 --> 00:27:57,649
which we might actually get to later on

684
00:28:01,970 --> 00:27:59,760
so he called the fact that Kirkpatrick

685
00:28:04,070 --> 00:28:01,980
is a co-author on the paper odd

686
00:28:06,110 --> 00:28:04,080
the Air Force is very good at bombing

687
00:28:09,470 --> 00:28:06,120
things but as far as their research on

688
00:28:11,090 --> 00:28:09,480

UFOs I think I trust them Bart is as far

689

00:28:13,070 --> 00:28:11,100

as I can throw him Jewett said noting

690

00:28:14,690 --> 00:28:13,080

that in 1948 an Air Force pilot crash

691

00:28:18,940 --> 00:28:14,700

while pursuing a UFO that turned out to

692

00:28:20,210 --> 00:28:19,430

[Music]

693

00:28:23,029 --> 00:28:20,220

um

694

00:28:24,649 --> 00:28:23,039

first of all that's you know for better

695

00:28:27,070 --> 00:28:24,659

for worse the Air Force doesn't seem to

696

00:28:30,710 --> 00:28:27,080

be overly involved in this Arrow stuff

697

00:28:32,450 --> 00:28:30,720

uh the next thing 1948 Air Force pilot

698

00:28:34,669 --> 00:28:32,460

crash will pursuing a UFO that turned

699

00:28:37,430 --> 00:28:34,679

out to be Venus is unsubstantiated and

700

00:28:39,470 --> 00:28:37,440

is not fact and that's a problem with a

701

00:28:41,810 --> 00:28:39,480

lot of this UFO stuff

702

00:28:44,570 --> 00:28:41,820

somebody puts out that that mental saw

703

00:28:47,269 --> 00:28:44,580

Venus and chased a balloon and it's so

704

00:28:51,230 --> 00:28:47,279

easy to believe that versus some sort of

705

00:28:53,810 --> 00:28:51,240

odd object that they just run with it

706

00:28:56,210 --> 00:28:53,820

and pretend it's fact it's not fact read

707

00:28:57,230 --> 00:28:56,220

the files it is not fact that he chased

708

00:29:01,490 --> 00:28:57,240

Venus

709

00:29:02,990 --> 00:29:01,500

and chased a balloon it's not

710

00:29:05,570 --> 00:29:03,000

and I don't have the time to get into

711

00:29:07,549 --> 00:29:05,580

the case right now but people who keep

712

00:29:11,570 --> 00:29:07,559

saying that stuff need to actually do

713

00:29:15,350 --> 00:29:11,580

some research read the files

714

00:29:18,769 --> 00:29:17,029

in my opinion

715

00:29:21,169 --> 00:29:18,779

it's not clear that the Air Force and

716

00:29:25,490 --> 00:29:21,179

Military capabilities are best suited to

717

00:29:29,930 --> 00:29:27,710

how about non-human intelligence what if

718

00:29:32,149 --> 00:29:29,940

it's not alien

719

00:29:34,250 --> 00:29:32,159

could be suited to do that

720

00:29:36,409 --> 00:29:34,260

others however argued that DOD should

721

00:29:38,029 --> 00:29:36,419

explore all possibilities no matter how

722

00:29:41,510 --> 00:29:38,039

seemingly far-fetched in a statement

723

00:29:43,370 --> 00:29:41,520

Senator Kirsten Gillibrand noted that

724

00:29:44,930 --> 00:29:43,380

the co-authors are both highly respected

725

00:29:46,789 --> 00:29:44,940

in their fields Kirkpatrick is an expert

726

00:29:49,130 --> 00:29:46,799

in scientific and Tech intelligence

727

00:29:51,289 --> 00:29:49,140

while Loeb has authored hundreds of

728

00:29:54,350 --> 00:29:51,299

scientific papers on astrophysics and

729

00:29:56,570 --> 00:29:54,360

cosmology she said she has confidence in

730

00:29:58,610 --> 00:29:56,580

the scientific rigor of their work Jilla

731

00:30:00,710 --> 00:29:58,620

brand who has urged DOD to study the UFO

732

00:30:02,570 --> 00:30:00,720

issue more seriously also on that

733

00:30:05,389 --> 00:30:02,580

stigmatizing issue could limit the US

734

00:30:07,730 --> 00:30:05,399

government's understanding of the issue

735

00:30:09,110 --> 00:30:07,740

stigma against discussion of this topic

736

00:30:10,669 --> 00:30:09,120

can prevent the military from better

737

00:30:12,649 --> 00:30:10,679

understanding potential threats to our

738

00:30:14,810 --> 00:30:12,659

airspace or collection risk from our

739

00:30:16,549 --> 00:30:14,820

adversaries gillibrand said

740

00:30:18,590 --> 00:30:16,559

destigmatizing and standardizing

741

00:30:20,930 --> 00:30:18,600

Reporting is essential to characterizing

742

00:30:24,049 --> 00:30:20,940

what is in our airspace

743

00:30:24,059 --> 00:30:28,870

that is true

744

00:30:35,149 --> 00:30:33,169

you know that is a great point

745

00:30:37,070 --> 00:30:35,159

that's a problem people who don't know

746

00:30:39,289 --> 00:30:37,080

the history or don't do the research are

747

00:30:40,850 --> 00:30:39,299

writing articles right totally and the

748

00:30:42,649 --> 00:30:40,860

more popular this gets the more that's

749

00:30:44,630 --> 00:30:42,659

going to happen

750

00:30:48,230 --> 00:30:44,640

you know where people are just jumping

751
00:30:51,950 --> 00:30:50,810
I guess pretending to know you know the

752
00:30:53,990 --> 00:30:51,960
history or what they're talking about

753
00:30:55,970 --> 00:30:54,000
I'm not very familiar with this Hewitt

754
00:30:57,950 --> 00:30:55,980
person so I don't want to say the wrong

755
00:30:58,970 --> 00:30:57,960
thing but

756
00:31:02,149 --> 00:30:58,980
um

757
00:31:03,710 --> 00:31:02,159
yeah you have to do some basic research

758
00:31:06,649 --> 00:31:03,720
and there are plenty of tools out there

759
00:31:08,330 --> 00:31:06,659
to do that you know for somebody who

760
00:31:11,510 --> 00:31:08,340
really wants to know all the odd cases

761
00:31:14,690 --> 00:31:11,520
pilot cases lead read uh Leslie Kane's

762
00:31:16,250 --> 00:31:14,700
book UFOs and Pilots read the work of

763
00:31:19,430 --> 00:31:16,260

grammar and Dell

764

00:31:23,990 --> 00:31:19,440

oh we just had it as a guest

765

00:31:26,450 --> 00:31:24,000

covers historic cases wonderfully

766

00:31:29,389 --> 00:31:26,460

or just

767

00:31:31,010 --> 00:31:29,399

send me an email or a message for for

768

00:31:33,289 --> 00:31:31,020

some good cases and I'll send them to

769

00:31:36,169 --> 00:31:33,299

you reporters or you know I'll help

770

00:31:38,029 --> 00:31:36,179

brief you on where everything is at

771

00:31:39,830 --> 00:31:38,039

instead just going out there and writing

772

00:31:41,690 --> 00:31:39,840

stories like right like you're a

773

00:31:43,730 --> 00:31:41,700

freaking Cowboy or something pretending

774

00:31:47,630 --> 00:31:43,740

you know stuff

775

00:31:52,190 --> 00:31:49,730

so I thought that was an interesting

776
00:31:56,930 --> 00:31:52,200
story

777
00:32:03,350 --> 00:32:00,769
so sticking on this uh

778
00:32:04,909 --> 00:32:03,360
Ivy lobe thing here

779
00:32:07,250 --> 00:32:04,919
he has

780
00:32:08,630 --> 00:32:07,260
a medium website where he writes

781
00:32:11,029 --> 00:32:08,640
articles and he has all his little

782
00:32:12,769 --> 00:32:11,039
articles or essays or whatever he writes

783
00:32:16,310 --> 00:32:12,779
all the time and I thought it would be

784
00:32:18,529 --> 00:32:16,320
fitting to read one from his website

785
00:32:21,889 --> 00:32:18,539
called reflections of a farm boy from

786
00:32:25,190 --> 00:32:23,750
am I wasting my time I asked the two

787
00:32:27,230 --> 00:32:25,200
visitors who came all the way from

788
00:32:30,169 --> 00:32:27,240

Washington DC to my home a couple of

789

00:32:32,330 --> 00:32:30,179

days ago not at all they assured me

790

00:32:33,830 --> 00:32:32,340

over the past three decades I wrote a

791

00:32:35,269 --> 00:32:33,840

thousand scientific papers and three

792

00:32:38,289 --> 00:32:35,279

textbooks on the first stars and

793

00:32:40,909 --> 00:32:38,299

galaxies reionization 21cm cosmology

794

00:32:42,950 --> 00:32:40,919

Cosmic inflation Dark Matter black holes

795

00:32:44,690 --> 00:32:42,960

the search for et life and the future of

796

00:32:46,669 --> 00:32:44,700

the universe

797

00:32:48,470 --> 00:32:46,679

but lately I was intrigued by the

798

00:32:50,510 --> 00:32:48,480

anomalous shape and non-gravitational

799

00:32:53,690 --> 00:32:50,520

acceleration of the first Interstellar

800

00:32:55,430 --> 00:32:53,700

object in the unprecedented material

801
00:32:56,950 --> 00:32:55,440
strength of the first Interstellar

802
00:32:59,149 --> 00:32:56,960
meteor

803
00:33:01,190 --> 00:32:59,159
I am one

804
00:33:02,330 --> 00:33:01,200
my question to my guests had to do with

805
00:33:04,970 --> 00:33:02,340
whether there could be an

806
00:33:06,529 --> 00:33:04,980
extraterrestrial technological origin to

807
00:33:10,010 --> 00:33:06,539
some of the anomalous objects that the

808
00:33:12,470 --> 00:33:10,020
US government cannot identify in our sky

809
00:33:14,630 --> 00:33:12,480
there's no clear-cut scientific data

810
00:33:16,310 --> 00:33:14,640
that indicates the nature of UAP and

811
00:33:18,289 --> 00:33:16,320
this is precisely the reason why I'm

812
00:33:20,450 --> 00:33:18,299
leading the Galileo project which is

813
00:33:22,009 --> 00:33:20,460

currently operating a new Observatory at

814

00:33:26,990 --> 00:33:22,019

Harvard University and planning to

815

00:33:30,889 --> 00:33:29,269

in particular I have been working for

816

00:33:33,110 --> 00:33:30,899

decades on the nature of dark matter in

817

00:33:35,330 --> 00:33:33,120

the universe just as is the case of UAP

818

00:33:37,250 --> 00:33:35,340

the nature of this substance is unknown

819

00:33:40,009 --> 00:33:37,260

but the intellectual culture among

820

00:33:42,230 --> 00:33:40,019

cosmologists is open-minded

821

00:33:45,230 --> 00:33:42,240

it has been considered legitimate to

822

00:33:48,009 --> 00:33:45,240

explore the hypothetical axion's

823

00:33:50,930 --> 00:33:48,019

lightest supers

824

00:33:52,730 --> 00:33:50,940

supersymmetric particles weekly

825

00:33:56,029 --> 00:33:52,740

interacting particles of a huge variety

826

00:33:57,710 --> 00:33:56,039

of masses or primordial black holes as

827

00:33:59,570 --> 00:33:57,720

possible explanations for the nature of

828

00:34:01,130 --> 00:33:59,580

dark matter such possibilities inspired

829

00:34:02,750 --> 00:34:01,140

experimental work that ruled out

830

00:34:04,970 --> 00:34:02,760

perimeter space Innovation was

831

00:34:08,169 --> 00:34:04,980

cultivated by raw curiosity because the

832

00:34:10,250 --> 00:34:08,179

nature of something is puzzling

833

00:34:12,050 --> 00:34:10,260

considering contrast to the way

834

00:34:14,089 --> 00:34:12,060

scientists regard UAP the study

835

00:34:16,129 --> 00:34:14,099

Community banned any discussion on UAP

836

00:34:18,950 --> 00:34:16,139

and its conference many City

837

00:34:20,810 --> 00:34:18,960

practitioners are not only lukewarm to

838

00:34:23,270 --> 00:34:20,820

the possibility that UAP are techno

839

00:34:25,190 --> 00:34:23,280

signatures of ET origin

840

00:34:27,889 --> 00:34:25,200

but they would prefer not to hear about

841

00:34:30,230 --> 00:34:27,899

the possibility in their conferences

842

00:34:32,089 --> 00:34:30,240

the fact that I am agnostic and willing

843

00:34:35,510 --> 00:34:32,099

to figure out the answer from new data

844

00:34:38,050 --> 00:34:35,520

is considered a problem to some of them

845

00:34:41,270 --> 00:34:38,060

so much so that a 2021 commentary from

846

00:34:44,210 --> 00:34:41,280

Seth Shaw speak about the legitimacy of

847

00:34:46,310 --> 00:34:44,220

scientific inquiry into the nature of

848

00:34:48,649 --> 00:34:46,320

UAP is regarded as a rare gesture of

849

00:34:50,570 --> 00:34:48,659

generosity traditionally the study

850

00:34:53,030 --> 00:34:50,580

Community was defined by the pioneering

851
00:34:55,369 --> 00:34:53,040
work of Frank Drake as the search for

852
00:34:57,230 --> 00:34:55,379
radio and Laser signals

853
00:34:58,430 --> 00:34:57,240
but what if instead of waiting for a

854
00:35:00,410 --> 00:34:58,440
phone call

855
00:35:02,030 --> 00:35:00,420
we entertain the possibility that

856
00:35:03,230 --> 00:35:02,040
there's a package in our mailbox and

857
00:35:06,530 --> 00:35:03,240
search for it

858
00:35:08,930 --> 00:35:06,540
should this be regarded as a as such a

859
00:35:13,910 --> 00:35:08,940
radical possibility for it to be avoided

860
00:35:18,890 --> 00:35:16,250
the response of the study Community to

861
00:35:21,650 --> 00:35:18,900
UAP research is a remarkable display of

862
00:35:23,569 --> 00:35:21,660
academic intolerance to a particular

863
00:35:25,790 --> 00:35:23,579

variant of the search for techno

864

00:35:27,650 --> 00:35:25,800

signatures akin to a cat that is used to

865

00:35:30,890 --> 00:35:27,660

drinking cow milk

866

00:35:34,370 --> 00:35:30,900

and deeply lows the use of the word milk

867

00:35:37,970 --> 00:35:36,170

it would be unprofessional for particle

868

00:35:39,710 --> 00:35:37,980

physicists who are trying to detect the

869

00:35:41,930 --> 00:35:39,720

lightest supersymmetric particle by

870

00:35:44,030 --> 00:35:41,940

Smashing protons at high energies in the

871

00:35:45,650 --> 00:35:44,040

large hydron collider to ban any

872

00:35:48,609 --> 00:35:45,660

discussion about ixons in their

873

00:35:52,010 --> 00:35:48,619

scientific conferences

874

00:35:54,050 --> 00:35:52,020

the day job of intelligence in agencies

875

00:35:56,150 --> 00:35:54,060

and military personnel is to monitor the

876
00:35:58,430 --> 00:35:56,160
sky for objects that may pose National

877
00:35:59,990 --> 00:35:58,440
Security threats to the safety of the

878
00:36:01,310 --> 00:36:00,000
nation

879
00:36:03,530 --> 00:36:01,320
they will be the first to notice

880
00:36:06,349 --> 00:36:03,540
anomalous objects in the sky such as UAP

881
00:36:08,569 --> 00:36:06,359
it is the first civil duty of scientists

882
00:36:10,550 --> 00:36:08,579
such as those engaged in open data

883
00:36:13,310 --> 00:36:10,560
within the Galileo project to help them

884
00:36:14,690 --> 00:36:13,320
figure out the nature of UAP

885
00:36:16,910 --> 00:36:14,700
the sky

886
00:36:19,609 --> 00:36:16,920
is not classified

887
00:36:21,290 --> 00:36:19,619
it's his favorite line

888
00:36:24,109 --> 00:36:21,300

there is of course a lingering

889

00:36:25,430 --> 00:36:24,119

possibility that I am naive and UAP are

890

00:36:27,170 --> 00:36:25,440

smoke and mirrors

891

00:36:28,130 --> 00:36:27,180

in that case we will find out soon

892

00:36:29,930 --> 00:36:28,140

enough

893

00:36:32,510 --> 00:36:29,940

this is why I asked my guests from DC

894

00:36:34,550 --> 00:36:32,520

whether I may be wasting my time I have

895

00:36:35,870 --> 00:36:34,560

no access to classified data in the

896

00:36:37,790 --> 00:36:35,880

publicly available that is not

897

00:36:39,349 --> 00:36:37,800

convincing

898

00:36:40,970 --> 00:36:39,359

but the known facts are intriguing

899

00:36:42,589 --> 00:36:40,980

enough to get me going

900

00:36:44,510 --> 00:36:42,599

just as the nature of Dark Matter

901
00:36:51,230 --> 00:36:44,520
inspired me to write many scientific

902
00:36:51,240 --> 00:36:56,210
yeah so

903
00:37:01,490 --> 00:36:59,510
of course the reason UAP research is

904
00:37:03,170 --> 00:37:01,500
toxic to so many scientists is the

905
00:37:05,510 --> 00:37:03,180
unsubstantiated claims by people who

906
00:37:08,030 --> 00:37:05,520
have witnessed unusual phenomena

907
00:37:10,190 --> 00:37:08,040
to the point that a hole in the clouds

908
00:37:12,890 --> 00:37:10,200
is argued to be a wormhole or a faster

909
00:37:15,109 --> 00:37:12,900
than light channel for travel

910
00:37:16,970 --> 00:37:15,119
this may not be more Fantastical than

911
00:37:18,770 --> 00:37:16,980
working on a wormhole as a mathematical

912
00:37:20,329 --> 00:37:18,780
construct in the extra dimensions of

913
00:37:22,310 --> 00:37:20,339

string theory

914

00:37:24,589 --> 00:37:22,320

but what Believers on all sides fail to

915

00:37:27,770 --> 00:37:24,599

appreciate is that new physics requires

916

00:37:30,829 --> 00:37:27,780

Exquisite data not low quality data

917

00:37:31,730 --> 00:37:30,839

new physics is not a consequence of poor

918

00:37:33,829 --> 00:37:31,740

data

919

00:37:35,930 --> 00:37:33,839

rather it is about getting extremely

920

00:37:37,609 --> 00:37:35,940

high quality data that leaves us with no

921

00:37:41,089 --> 00:37:37,619

other option than to consider new

922

00:37:42,829 --> 00:37:41,099

physics Beyond any reasonable doubt

923

00:37:44,750 --> 00:37:42,839

the fact that 20 years ago someone

924

00:37:46,130 --> 00:37:44,760

claimed to seek dark objects moving

925

00:37:48,290 --> 00:37:46,140

through air extremely fast without

926
00:37:50,210 --> 00:37:48,300
creating Fireball does not make a

927
00:37:54,950 --> 00:37:50,220
similar Claim by Ukrainian astronomers

928
00:37:59,030 --> 00:37:57,170
instead we need triangulation to be sure

929
00:38:00,950 --> 00:37:59,040
of the distance to these dark objects

930
00:38:03,230 --> 00:38:00,960
and only then can we claim that they

931
00:38:06,770 --> 00:38:03,240
move at such high speeds that the lack

932
00:38:10,190 --> 00:38:06,780
of a fireball around them is anomalous

933
00:38:11,690 --> 00:38:10,200
the path to new scientific knowledge is

934
00:38:13,490 --> 00:38:11,700
paved by high quality data from

935
00:38:15,770 --> 00:38:13,500
well-calibrated instruments that are

936
00:38:17,930 --> 00:38:15,780
fully understood and under control

937
00:38:19,970 --> 00:38:17,940
not collecting this data by guessing the

938
00:38:22,670 --> 00:38:19,980

answer in advance is a circular argument

939

00:38:24,770 --> 00:38:22,680

because we are not allowing nature to

940

00:38:26,990 --> 00:38:24,780

inform us about the truth

941

00:38:29,150 --> 00:38:27,000

indeed getting the answer requires a

942

00:38:31,609 --> 00:38:29,160

major effort and extraordinary evidence

943

00:38:33,470 --> 00:38:31,619

requires extraordinary funding

944

00:38:35,390 --> 00:38:33,480

but if scientists are funded and willing

945

00:38:36,890 --> 00:38:35,400

to engage in finding the evidence

946

00:38:38,390 --> 00:38:36,900

they should be allowed to present their

947

00:38:41,329 --> 00:38:38,400

scientific results in related

948

00:38:45,109 --> 00:38:42,950

under the current circumstances

949

00:38:47,030 --> 00:38:45,119

regarding UAP it makes most sense to

950

00:38:49,010 --> 00:38:47,040

collect new data rather than argue about

951
00:38:50,690 --> 00:38:49,020
implications of compromised data from

952
00:38:53,150 --> 00:38:50,700
the past or to ask the government to

953
00:38:55,310 --> 00:38:53,160
declassify the data that it collected

954
00:38:57,410 --> 00:38:55,320
with classified sensors over strategic

955
00:38:59,810 --> 00:38:57,420
sites

956
00:39:01,730 --> 00:38:59,820
what surprises me is how science is

957
00:39:03,950 --> 00:39:01,740
vulnerable to the same weaknesses as

958
00:39:06,770 --> 00:39:03,960
politics polarization drives people

959
00:39:08,150 --> 00:39:06,780
apart at times when we should all unite

960
00:39:10,730 --> 00:39:08,160
around the goal of gathering better

961
00:39:12,829 --> 00:39:10,740
evidence out of raw curiosity

962
00:39:15,349 --> 00:39:12,839
our fundamental flaw is the temptation

963
00:39:16,730 --> 00:39:15,359

to invent a storyline before we know all

964

00:39:19,849 --> 00:39:16,740

the facts

965

00:39:21,650 --> 00:39:19,859

this leads to a poison opposing point of

966

00:39:22,849 --> 00:39:21,660

views creating tribes of conviction and

967

00:39:25,190 --> 00:39:22,859

Hate

968

00:39:28,310 --> 00:39:25,200

true

969

00:39:30,109 --> 00:39:28,320

recently I choose to use start chose to

970

00:39:33,170 --> 00:39:30,119

start my lectures by stating that I am a

971

00:39:38,329 --> 00:39:35,510

this statement has two components the

972

00:39:40,550 --> 00:39:38,339

first is that I was born on a farm okay

973

00:39:43,310 --> 00:39:40,560

and wish to find the truth directly from

974

00:39:45,710 --> 00:39:43,320

nature and not from the gospel we make

975

00:39:47,569 --> 00:39:45,720

all it from Farm to Table science

976
00:39:49,849 --> 00:39:47,579
a clever guy

977
00:39:52,910 --> 00:39:49,859
the second is that I am still the same

978
00:39:55,010 --> 00:39:52,920
boy as I was half a century ago

979
00:39:56,690 --> 00:39:55,020
I see my life as a learning experience

980
00:39:58,790 --> 00:39:56,700
and I ask questions at the dinner table

981
00:40:00,770 --> 00:39:58,800
to which the adults in the room be it

982
00:40:02,450 --> 00:40:00,780
study professionals or mainstream

983
00:40:04,670 --> 00:40:02,460
astronomers

984
00:40:05,750 --> 00:40:04,680
have well-prepared but unsubstantiated

985
00:40:08,030 --> 00:40:05,760
answers

986
00:40:09,230 --> 00:40:08,040
when I notice that they make no sense I

987
00:40:11,390 --> 00:40:09,240
leave the room and search for the

988
00:40:12,470 --> 00:40:11,400

evidence the way that a curious kid

989

00:40:15,650 --> 00:40:12,480

would

990

00:40:18,170 --> 00:40:15,660

gladly I'm not alone the company of the

991

00:40:21,890 --> 00:40:18,180

Galileo project team supporters and

992

00:40:23,750 --> 00:40:21,900

funders makes my life worth living

993

00:40:25,609 --> 00:40:23,760

and if we find anything along the way

994

00:40:28,010 --> 00:40:25,619

you will be the first to know just be

995

00:40:30,470 --> 00:40:28,020

patient scientific data Gathering takes

996

00:40:32,630 --> 00:40:30,480

time but if there is low Frank low

997

00:40:36,710 --> 00:40:32,640

hanging fruit out there it will not be

998

00:40:40,310 --> 00:40:38,810

okay that's good

999

00:40:41,870 --> 00:40:40,320

it's good

1000

00:40:43,970 --> 00:40:41,880

um

1001
00:40:45,829 --> 00:40:43,980
taking a shot at

1002
00:40:47,270 --> 00:40:45,839
you know Believers I don't like when

1003
00:40:48,950 --> 00:40:47,280
people use the word Believers because it

1004
00:40:50,990 --> 00:40:48,960
means different things

1005
00:40:52,550 --> 00:40:51,000
some people believe in extraterrestrial

1006
00:40:54,470 --> 00:40:52,560
life and that it's here and it's

1007
00:40:55,970 --> 00:40:54,480
screwing with people some people don't

1008
00:40:58,069 --> 00:40:55,980
but they just think something's around

1009
00:41:00,230 --> 00:40:58,079
but maybe it's interdimensional or maybe

1010
00:41:02,810 --> 00:41:00,240
it's a natural weather phenomena there's

1011
00:41:04,370 --> 00:41:02,820
a lot of different Believers so

1012
00:41:07,849 --> 00:41:04,380
you know he's talking about the ones

1013
00:41:10,609 --> 00:41:07,859

that think a hole in the cloud is a UFO

1014

00:41:12,230 --> 00:41:10,619

I guess and that is kind of an issue to

1015

00:41:14,150 --> 00:41:12,240

me there's there's

1016

00:41:15,829 --> 00:41:14,160

you know not when I really think about

1017

00:41:19,730 --> 00:41:15,839

very often but there are definitely

1018

00:41:21,410 --> 00:41:19,740

people who will post a video of you know

1019

00:41:24,770 --> 00:41:21,420

something that you just can't you don't

1020

00:41:27,950 --> 00:41:24,780

know what it is maybe it's stars or a

1021

00:41:30,890 --> 00:41:27,960

plane or a balloon or maybe it is a real

1022

00:41:33,589 --> 00:41:30,900

UAP you just can't tell because it's

1023

00:41:36,230 --> 00:41:33,599

small it's fuzzy it's blurry you just

1024

00:41:40,329 --> 00:41:38,630

and some people post that stuff out

1025

00:41:43,730 --> 00:41:40,339

there and go this is a freaking

1026

00:41:45,410 --> 00:41:43,740

spaceship man no doubt about it and I

1027

00:41:47,690 --> 00:41:45,420

think that's a problem but the bigger

1028

00:41:50,390 --> 00:41:47,700

problem are these channels these YouTube

1029

00:41:54,589 --> 00:41:50,400

channels or Twitter accounts

1030

00:41:57,290 --> 00:41:54,599

that pedal obviously fake UFO videos or

1031

00:41:58,910 --> 00:41:57,300

CGI and they have thousands and

1032

00:42:00,890 --> 00:41:58,920

thousands of views

1033

00:42:04,130 --> 00:42:00,900

and followers and people that watch that

1034

00:42:06,530 --> 00:42:04,140

stuff that's the problem

1035

00:42:09,050 --> 00:42:06,540

you know but nobody focuses on companies

1036

00:42:11,390 --> 00:42:09,060

or people like that that is the problem

1037

00:42:13,370 --> 00:42:11,400

because those are people that are

1038

00:42:15,410 --> 00:42:13,380

watching these videos and you know

1039

00:42:17,329 --> 00:42:15,420

whether they think it's real or not it's

1040

00:42:20,930 --> 00:42:17,339

getting all the attention as far as UFOs

1041

00:42:24,530 --> 00:42:20,940

go and it's you know kind of

1042

00:42:30,410 --> 00:42:26,870

it's not helpful and it's too bad

1043

00:42:32,270 --> 00:42:30,420

because sometimes ones that are you know

1044

00:42:35,990 --> 00:42:32,280

kind of debatable maybe not obviously

1045

00:42:38,810 --> 00:42:36,000

fake maybe probably fake but nothing you

1046

00:42:40,310 --> 00:42:38,820

know not like a Blockbuster movie fake

1047

00:42:43,310 --> 00:42:40,320

and they'll

1048

00:42:45,109 --> 00:42:43,320

kind of seep into the normal UFO Twitter

1049

00:42:46,069 --> 00:42:45,119

Community or whatever and people look at

1050

00:42:51,829 --> 00:42:46,079

it and

1051
00:42:57,050 --> 00:42:53,930
people just gotta deal with it like if

1052
00:43:00,890 --> 00:42:57,060
if it was easy or really possible to get

1053
00:43:02,690 --> 00:43:00,900
a Smoking Gun UFO video or photo

1054
00:43:06,170 --> 00:43:02,700
as a civilian we would probably have

1055
00:43:12,770 --> 00:43:09,950
but you know

1056
00:43:17,870 --> 00:43:12,780
I don't know

1057
00:43:21,050 --> 00:43:17,880
so the last part of UAP news that we're

1058
00:43:23,690 --> 00:43:21,060
getting into here today

1059
00:43:25,250 --> 00:43:23,700
so Lou Elizondo posted something on

1060
00:43:26,990 --> 00:43:25,260
Twitter which doesn't happen very often

1061
00:43:28,130 --> 00:43:27,000
so when he does it there's a point

1062
00:43:30,290 --> 00:43:28,140
behind it

1063
00:43:34,250 --> 00:43:30,300

so

1064

00:43:37,010 --> 00:43:34,260

he posted a story

1065

00:43:38,630 --> 00:43:37,020

to this new book that is coming out and

1066

00:43:40,010 --> 00:43:38,640

he said that he could substantiate

1067

00:43:42,770 --> 00:43:40,020

what's going to be in the book and it's

1068

00:43:44,690 --> 00:43:42,780

an explosive story so I thought we would

1069

00:43:46,550 --> 00:43:44,700

go over it real quick Simon Schuster

1070

00:43:49,250 --> 00:43:46,560

imprint wins bidding war for Twist

1071

books is one of bidding word for North

1076

00:44:02,930 --> 00:44:00,599

American or where did that the

1077

00:44:04,609 --> 00:44:02,940

log line for the Memoir by Scott Andrews

1078

00:44:06,890 --> 00:44:04,619

take some time to unpack but it's a

1079

00:44:08,750 --> 00:44:06,900

doozy Andrews is a former U.S

1080

00:44:10,490 --> 00:44:08,760

senior U.S soldier and decorated

1081

00:44:12,530 --> 00:44:10,500

intelligence officer who conducted

1082

00:44:15,829 --> 00:44:12,540

Global counterterrorism operations on

1083

00:44:17,690 --> 00:44:15,839

behalf of the U.S during the 36 year

1084

00:44:19,609 --> 00:44:17,700

military career

1085

00:44:21,349 --> 00:44:19,619

shortly after returning from an overseas

1086

00:44:23,089 --> 00:44:21,359

Mission he began to suffer from rare

1087

00:44:25,010 --> 00:44:23,099

life-threatening ailments that defied

1088

00:44:27,410 --> 00:44:25,020

medical explanation

1089

00:44:29,329 --> 00:44:27,420

rather than succumbing he instead began

1090

00:44:31,970 --> 00:44:29,339

to experience special inexplicable

1091

00:44:35,569 --> 00:44:31,980

abilities such as remote viewing and his

1092

00:44:38,150 --> 00:44:35,579

body began to heal baffling doctors

1093

00:44:39,650 --> 00:44:38,160

as he sought more information about his

1094

00:44:41,589 --> 00:44:39,660

health Andrews came across a file

1095

00:44:44,329 --> 00:44:41,599

compiled for him by his late father

1096

00:44:45,290 --> 00:44:44,339

contained records from a past he did not

1097

00:44:47,270 --> 00:44:45,300

remember

1098

00:44:49,609 --> 00:44:47,280

including documents indicating he was

1099

00:44:52,490 --> 00:44:49,619

removed from school for weeks every year

1100

00:44:55,069 --> 00:44:52,500

from the first through the through the

1101

00:44:56,809 --> 00:44:55,079

12th grades the records also contained a

1102

00:44:58,910 --> 00:44:56,819

shocker that he received an honorable

1103

00:45:00,109 --> 00:44:58,920

discharge from the U.S Air Force and

1104

00:45:03,109 --> 00:45:00,119

worked in space intelligence

1105

00:45:05,089 --> 00:45:03,119

Communications as a minor Andrews

1106

00:45:07,609 --> 00:45:05,099

maintains he has no memory of having

1107

00:45:10,670 --> 00:45:07,619

served in the Air Force

1108

00:45:13,430 --> 00:45:10,680

referred to a classified White House

1109

00:45:16,010 --> 00:45:13,440

National Security Council program

1110

00:45:18,170 --> 00:45:16,020

which had been delegated to the dod

1111

00:45:20,270 --> 00:45:18,180

Andrews then met a man who ran the

1112

00:45:22,190 --> 00:45:20,280

highly classified program

1113

00:45:24,109 --> 00:45:22,200

who introduced him to a doctor the

1114

00:45:26,450 --> 00:45:24,119

doctor had worked for the CIA at

1115

00:45:28,130 --> 00:45:26,460

expertise enabling him to help Andrews

1116

00:45:29,750 --> 00:45:28,140

to start to piece together

1117

00:45:31,430 --> 00:45:29,760

what has happened to him and others like

1118

00:45:32,809 --> 00:45:31,440

him soon after connecting with the Dr

1119

00:45:35,329 --> 00:45:32,819

Andrew said he experienced symptoms

1120

00:45:37,190 --> 00:45:35,339

associated with The Havana syndrome

1121

00:45:39,109 --> 00:45:37,200

a phenomenon first reported by military

1122

00:45:42,650 --> 00:45:39,119

personnel working at the U.S embassy in

1123

00:45:45,170 --> 00:45:42,660

Havana Cuba in 2016. the syndrome is

1124

00:45:47,870 --> 00:45:45,180

generated significant media attention in

1125

00:45:50,650 --> 00:45:47,880

top tier Outlets including 60 minutes

1126
00:45:53,150 --> 00:45:50,660
the New York Times in recent years and

1127
00:45:55,430 --> 00:45:53,160
investigation went on to determine that

1128
00:45:58,550 --> 00:45:55,440
Andrews had been targeted with an

1129
00:46:01,430 --> 00:45:58,560
advanced energy weapon the Memoir is

1130
00:46:03,650 --> 00:46:01,440
ripped by manager Dan Farah

1131
00:46:06,410 --> 00:46:03,660
it's also handling

1132
00:46:08,510 --> 00:46:06,420
rates producing the adaptation for film

1133
00:46:11,030 --> 00:46:08,520
or TV well

1134
00:46:14,089 --> 00:46:11,040
that'd be interesting so who is this

1135
00:46:14,870 --> 00:46:14,099
person who is Scott Andrews

1136
00:46:17,870 --> 00:46:14,880
um

1137
00:46:20,390 --> 00:46:17,880
first of all I don't know

1138
00:46:22,010 --> 00:46:20,400

um but it's uh it's this will be

1139

00:46:24,950 --> 00:46:22,020

extremely interesting a couple things

1140

00:46:25,910 --> 00:46:24,960

that stood out to me in this article

1141

00:46:27,349 --> 00:46:25,920

here

1142

00:46:30,109 --> 00:46:27,359

first of all

1143

00:46:32,750 --> 00:46:30,119

it said is referred to a classified

1144

00:46:35,690 --> 00:46:32,760

White House National Security Council

1145

00:46:37,490 --> 00:46:35,700

program which had been delegated to the

1146

00:46:39,470 --> 00:46:37,500

dod

1147

00:46:41,510 --> 00:46:39,480

Andrews then met a man who ran the

1148

00:46:42,710 --> 00:46:41,520

highly classified program so we don't

1149

00:46:46,490 --> 00:46:42,720

know what year this is so we can't

1150

00:46:48,170 --> 00:46:46,500

really say but it could be Lou Elizondo

1151
00:46:51,829 --> 00:46:48,180
the person who actually posted about

1152
00:46:55,670 --> 00:46:53,450
um that person introduced him to a

1153
00:46:59,270 --> 00:46:55,680
doctor the doctor had worked for the CIA

1154
00:47:01,370 --> 00:46:59,280
what doctors worked for the CIA that

1155
00:47:03,410 --> 00:47:01,380
kind of uh deals with maybe Havana

1156
00:47:06,349 --> 00:47:03,420
syndrome type stuff

1157
00:47:09,950 --> 00:47:06,359
that would be kit green

1158
00:47:13,250 --> 00:47:09,960
CIA weirdest doctor so it could be Lou

1159
00:47:16,609 --> 00:47:13,260
elizoncho introduces this person to kick

1160
00:47:19,910 --> 00:47:17,809
um

1161
00:47:22,790 --> 00:47:19,920
so it's interesting soon after meeting

1162
00:47:26,270 --> 00:47:22,800
with that doctor gets a symptoms

1163
00:47:28,130 --> 00:47:26,280

associated with Havana syndrome

1164

00:47:31,490 --> 00:47:28,140

so he's finding all this stuff out about

1165

00:47:36,589 --> 00:47:33,470

and then he gets hit with this Havana

1166

00:47:41,210 --> 00:47:36,599

syndrome which eventually goes away

1167

00:47:46,370 --> 00:47:43,250

and with special

1168

00:47:47,450 --> 00:47:46,380

abilities such as remote viewing so

1169

00:47:49,670 --> 00:47:47,460

that's interesting because remote

1170

00:47:52,790 --> 00:47:49,680

viewing for the a lot of people think

1171

00:47:54,890 --> 00:47:52,800

that can be learned

1172

00:47:56,750 --> 00:47:54,900

um Talent so it's interesting

1173

00:48:00,170 --> 00:47:56,760

but

1174

00:48:03,770 --> 00:48:00,180

this story if they pedal this out as as

1175

00:48:05,990 --> 00:48:03,780

just a true story and this guy's body

1176
00:48:08,390 --> 00:48:06,000
healed in the Air Force and he's got no

1177
00:48:10,970 --> 00:48:08,400
memory 36 here thing that's going to be

1178
00:48:12,770 --> 00:48:10,980
really hard for people to digest but um

1179
00:48:14,750 --> 00:48:12,780
it'll be interesting to see how it goes

1180
00:48:17,089 --> 00:48:14,760
if this person comes out and actually

1181
00:48:19,550 --> 00:48:17,099
talks and and you know he's a normal

1182
00:48:21,530 --> 00:48:19,560
smart dude which I'm sure he is

1183
00:48:23,870 --> 00:48:21,540
uh that'll be a very interesting story

1184
00:48:25,849 --> 00:48:23,880
you know um some people have been

1185
00:48:28,250 --> 00:48:25,859
hinting at things coming in the future

1186
00:48:29,750 --> 00:48:28,260
people coming out of the Shadows that

1187
00:48:31,250 --> 00:48:29,760
have direct involvement with the UAP

1188
00:48:33,950 --> 00:48:31,260

programs that we've never heard of

1189

00:48:36,290 --> 00:48:33,960

before this could be one of them we know

1190

00:48:39,230 --> 00:48:36,300

Colin Keller just came out recently is

1191

00:48:41,210 --> 00:48:39,240

saying that uh UAP reverse engineering

1192

00:48:43,329 --> 00:48:41,220

projects are the real deal and he knows

1193

00:48:48,109 --> 00:48:43,339

about it you just couldn't talk about it

1194

00:48:51,230 --> 00:48:48,119

and uh it was kind of hinted that he has

1195

00:48:54,290 --> 00:48:51,240

maybe testified to Sean Kirkpatrick I'm

1196

00:48:56,450 --> 00:48:54,300

not sure it's hint I'm guessing

1197

00:48:58,010 --> 00:48:56,460

um so we would already know who that is

1198

00:49:00,290 --> 00:48:58,020

but like I said it's been hinted that

1199

00:49:02,569 --> 00:49:00,300

people we don't know if

1200

00:49:07,010 --> 00:49:02,579

um testified and will come forward

1201

00:49:07,750 --> 00:49:07,020

publicly so it seems like this person's

1202

00:49:10,490 --> 00:49:07,760

got

1203

00:49:12,170 --> 00:49:10,500

Andrews is one of those people

1204

00:49:14,210 --> 00:49:12,180

we're told never to trust somebody with

1205

00:49:15,890 --> 00:49:14,220

two first names

1206

00:49:16,790 --> 00:49:15,900

is that going to be the truth here I

1207

00:49:18,650 --> 00:49:16,800

don't know

1208

00:49:20,390 --> 00:49:18,660

Andrew's like yes

1209

00:49:24,829 --> 00:49:20,400

you could say isn't a first name because

1210

00:49:26,450 --> 00:49:24,839

it's got the S on there but I don't know

1211

00:49:27,829 --> 00:49:26,460

so that'll be interesting to see what

1212

00:49:29,210 --> 00:49:27,839

happens here

1213

00:49:31,250 --> 00:49:29,220

um

1214

00:49:34,309 --> 00:49:31,260

it's also interesting this Dan Farah guy

1215

00:49:35,089 --> 00:49:34,319

who's also representing louisano in his

1216

00:49:37,370 --> 00:49:35,099

book

1217

00:49:39,790 --> 00:49:37,380

that's another thing I I see people

1218

00:49:45,950 --> 00:49:39,800

talked about that maybe

1219

00:49:49,990 --> 00:49:47,270

so

1220

00:49:53,030 --> 00:49:50,000

that's another idea

1221

00:49:56,390 --> 00:49:53,040

and he'd be using a fake name Scott

1222

00:49:58,309 --> 00:49:56,400

Andrews which would be interesting

1223

00:49:59,809 --> 00:49:58,319

so

1224

00:50:01,550 --> 00:49:59,819

I don't know well I have to find out

1225

00:50:03,950 --> 00:50:01,560

we'll have to see and then in that case

1226

00:50:06,349 --> 00:50:03,960

it would be Louisville midding James

1227

00:50:08,870 --> 00:50:06,359

lacaski Caskey

1228

00:50:10,790 --> 00:50:08,880

introducing Elizondo to kick green that

1229

00:50:11,990 --> 00:50:10,800

would be interesting

1230

00:50:14,329 --> 00:50:12,000

but

1231

00:50:17,290 --> 00:50:14,339

we'll have to wait and see and just

1232

00:50:21,470 --> 00:50:17,300

hypothesize for now

1233

00:50:28,370 --> 00:50:23,630

off topic but please pray for my wife

1234

00:50:33,950 --> 00:50:30,230

all right man

1235

00:50:38,930 --> 00:50:36,170

everybody sends some good vibes to dope

1236

00:50:40,730 --> 00:50:38,940

nose his wife needs it

1237

00:50:42,710 --> 00:50:40,740

seems like she's having a hard time just

1238

00:50:46,309 --> 00:50:42,720

hang in there man

1239

00:50:49,069 --> 00:50:46,319

try to have some positive thoughts

1240

00:50:52,130 --> 00:50:49,079

try to stay cool

1241

00:50:57,349 --> 00:50:54,589

pray if you pray

1242

00:51:02,870 --> 00:50:57,359

send thoughts if you can send thoughts

1243

00:51:07,549 --> 00:51:05,690

and don't be watching this go back go to

1244

00:51:08,210 --> 00:51:07,559

your wife man

1245

00:51:10,309 --> 00:51:08,220

um

1246

00:51:11,630 --> 00:51:10,319

but yeah hang in there

1247

00:51:13,790 --> 00:51:11,640

so

1248

00:51:15,950 --> 00:51:13,800

we're thinking of you dope nose hang in

1249

00:51:21,170 --> 00:51:16,730

um

1250

00:51:22,849 --> 00:51:21,180

we all send you our very best

1251
00:51:32,170 --> 00:51:22,859
so

1252
00:51:34,549 --> 00:51:32,180
foreign

1253
00:51:37,430 --> 00:51:34,559
I need a little bit of a talking break

1254
00:51:39,410 --> 00:51:37,440
so I thought what we could do is go to

1255
00:51:42,109 --> 00:51:39,420
izon cinema

1256
00:51:44,030 --> 00:51:42,119
for a little break here

1257
00:51:48,530 --> 00:51:44,040
and

1258
00:51:53,510 --> 00:51:48,540
check out some testimony

1259
00:51:53,520 --> 00:51:57,609
and we can do that

1260
00:52:06,829 --> 00:52:00,589
I can take a little talking break you

1261
00:52:06,839 --> 00:52:11,930
this is

1262
00:52:11,940 --> 00:52:24,290
okay it looks like we got it

1263
00:52:30,950 --> 00:52:27,910

years ago many many years ago in fact

1264

00:52:33,049 --> 00:52:30,960

1972 I was sitting at my desk at about 4

1265

00:52:34,490 --> 00:52:33,059

30 in the morning at the headquarters of

1266

00:52:38,510 --> 00:52:34,500

the commander-in-chief of the United

1267

00:52:41,089 --> 00:52:38,520

States Pacific Fleet arranging the

1268

00:52:45,770 --> 00:52:41,099

information that had come in over the

1269

00:52:48,589 --> 00:52:45,780

last 24 hours into a logical order so

1270

00:52:50,329 --> 00:52:48,599

that we could prepare a briefing for the

1271

00:52:51,950 --> 00:52:50,339

Admiral in his staff which would take

1272

00:52:55,370 --> 00:52:51,960

place later that morning

1273

00:52:57,890 --> 00:52:55,380

among the papers I found on my desk was

1274

00:53:00,410 --> 00:52:57,900

a document entitled

1275

00:53:03,230 --> 00:53:00,420

operation majority

1276

00:53:06,829 --> 00:53:03,240

and it was not the entire

1277

00:53:09,290 --> 00:53:06,839

paperwork involving this operation but

1278

00:53:12,829 --> 00:53:09,300

was merely a synopsis of the operation

1279

00:53:14,750 --> 00:53:12,839

and projects contained under it one of

1280

00:53:17,030 --> 00:53:14,760

these projects was called project red

1281

00:53:19,569 --> 00:53:17,040

light the purpose according to this

1282

00:53:23,569 --> 00:53:19,579

document was to back engineer

1283

00:53:26,210 --> 00:53:23,579

captured extraterrestrial technology for

1284

00:53:27,589 --> 00:53:26,220

adaptation into the United States Space

1285

00:53:30,170 --> 00:53:27,599

Program

1286

00:53:32,870 --> 00:53:30,180

now I have since come to believe

1287

00:53:34,430 --> 00:53:32,880

that the Extraterrestrial portion of all

1288

00:53:37,490 --> 00:53:34,440

of this is nonsense but that the

1289

00:53:39,109 --> 00:53:37,500

technology is real is real

1290

00:53:41,690 --> 00:53:39,119

I believe that many of us were shown

1291

00:53:44,690 --> 00:53:41,700

these documents over the years so that

1292

00:53:46,329 --> 00:53:44,700

later we would talk about it I mean how

1293

00:53:49,490 --> 00:53:46,339

can you keep the existence of

1294

00:53:50,329 --> 00:53:49,500

extraterrestrials if they were real a

1295

00:53:53,630 --> 00:53:50,339

secret

1296

00:53:55,849 --> 00:53:53,640

and how could anyone keep quiet knowing

1297

00:53:58,970 --> 00:53:55,859

that they had seen documentation

1298

00:54:03,430 --> 00:53:58,980

official government documents labeled

1299

00:54:05,569 --> 00:54:03,440

top secret that expressed that these

1300

00:54:08,510 --> 00:54:05,579

extraterrestrials were real and had

1301
00:54:11,930 --> 00:54:08,520
visited this Earth I wanted to know just

1302
00:54:14,750 --> 00:54:11,940
how true all of this was and I began a

1303
00:54:17,089 --> 00:54:14,760
program of research to find out if

1304
00:54:18,950 --> 00:54:17,099
extraterrestrials were real

1305
00:54:20,630 --> 00:54:18,960
the first thing I did was collect every

1306
00:54:22,790 --> 00:54:20,640
bit of documentation that I could find

1307
00:54:24,950 --> 00:54:22,800
both from the Freedom of Information Act

1308
00:54:26,809 --> 00:54:24,960
from the receipt search of others from

1309
00:54:28,609 --> 00:54:26,819
books that had been printed on the

1310
00:54:31,190 --> 00:54:28,619
subject of UFOs

1311
00:54:32,950 --> 00:54:31,200
and of course through my network of

1312
00:54:36,710 --> 00:54:32,960
friends in the intelligence Community

1313
00:54:38,690 --> 00:54:36,720

when I discovered was amazing when I

1314

00:54:41,329 --> 00:54:38,700

discovered ladies and gentlemen is that

1315

00:54:46,549 --> 00:54:41,339

there has been a plan in existence

1316

00:54:48,530 --> 00:54:46,559

since about 1917 and probably before

1317

00:54:51,109 --> 00:54:48,540

that to create an artificial

1318

00:54:53,870 --> 00:54:51,119

extraterrestrial threat to this earth in

1319

00:54:56,210 --> 00:54:53,880

order to create a one world totalitarian

1320

00:54:58,130 --> 00:54:56,220

socialist government

1321

00:54:59,809 --> 00:54:58,140

one of the first documents that I found

1322

00:55:02,450 --> 00:54:59,819

in my search

1323

00:55:05,750 --> 00:55:02,460

was this one the Imperial Japanese

1324

00:55:07,370 --> 00:55:05,760

Mission 1917 a record of the reception

1325

00:55:11,089 --> 00:55:07,380

throughout the United States of the

1326

00:55:14,150 --> 00:55:11,099

special Mission headed by Viscount ishii

1327

00:55:17,510 --> 00:55:14,160

and when the Imperial Japanese mission

1328

00:55:20,990 --> 00:55:17,520

was in New York City they had a dinner

1329

00:55:23,930 --> 00:55:21,000

in some pretty famous people spoke at

1330

00:55:27,250 --> 00:55:23,940

this dinner one of them was gondui John

1331

00:55:30,069 --> 00:55:27,260

Dewey is the father of our failing

1332

00:55:32,450 --> 00:55:30,079

disastrous public education system

1333

00:55:33,349 --> 00:55:32,460

here's what he said listen very

1334

00:55:36,170 --> 00:55:33,359

carefully

1335

00:55:37,730 --> 00:55:36,180

John Dewey professor of philosophy in

1336

00:55:39,410 --> 00:55:37,740

Columbia University who was the next

1337

00:55:42,109 --> 00:55:39,420

speaker was listened to with great

1338

00:55:44,390 --> 00:55:42,119

intentness he said quote

1339

00:55:46,430 --> 00:55:44,400

someone remarked that the best way to

1340

00:55:48,650 --> 00:55:46,440

unite all the nations on this globe

1341

00:55:51,530 --> 00:55:48,660

would be an attack from some other

1342

00:55:53,690 --> 00:55:51,540

planet in the face of such an alien

1343

00:55:56,930 --> 00:55:53,700

enemy people would respond with a sense

1344

00:55:58,790 --> 00:55:56,940

of their Unity of interest and purpose

1345

00:56:02,530 --> 00:55:58,800

unquote

1346

00:56:06,069 --> 00:56:02,540

now bear in mind folks that's

1347

00:56:09,470 --> 00:56:06,079

1917. one of the next

1348

00:56:11,990 --> 00:56:09,480

documents that I found and I found quite

1349

00:56:14,150 --> 00:56:12,000

a few but one that's pretty important is

1350

00:56:16,490 --> 00:56:14,160

called a report from Iron Mountain

1351

00:56:18,290 --> 00:56:16,500

the probability and desirability of

1352

00:56:21,290 --> 00:56:18,300

permanent peace

1353

00:56:22,970 --> 00:56:21,300

now I encourage you to find this book

1354

00:56:24,890 --> 00:56:22,980

wherever you can find it I don't know

1355

00:56:28,250 --> 00:56:24,900

where you can get it but find it it's

1356

00:56:30,109 --> 00:56:28,260

page 66 credibility in fact lies at the

1357

00:56:32,450 --> 00:56:30,119

heart of the problem of developing a

1358

00:56:34,549 --> 00:56:32,460

political substitute for war this is

1359

00:56:36,650 --> 00:56:34,559

where the Space Race proposals in many

1360

00:56:39,950 --> 00:56:36,660

ways so well suited as economic

1361

00:56:42,470 --> 00:56:39,960

substitutes for war falls short the most

1362

00:56:45,670 --> 00:56:42,480

ambitious and unrealistic Space Project

1363

00:56:49,490 --> 00:56:45,680

cannot of itself generate a believable

1364

00:56:52,010 --> 00:56:49,500

external Menace it has been hotly argued

1365

00:56:55,069 --> 00:56:52,020

that such a minutes would offer the last

1366

00:56:56,990 --> 00:56:55,079

best hope of Peace Etc by uniting

1367

00:56:58,790 --> 00:56:57,000

mankind against the danger of

1368

00:57:01,089 --> 00:56:58,800

Destruction by creatures from other

1369

00:57:03,589 --> 00:57:01,099

planets are from outer space

1370

00:57:06,109 --> 00:57:03,599

experiments have been proposed to test

1371

00:57:08,630 --> 00:57:06,119

the credibility of an out of our world

1372

00:57:11,510 --> 00:57:08,640

Invasion threat and it continues on

1373

00:57:13,670 --> 00:57:11,520

another page nevertheless an effective

1374

00:57:16,910 --> 00:57:13,680

political substitute for war would

1375

00:57:19,069 --> 00:57:16,920

require alternate enemies some of which

1376

00:57:21,890 --> 00:57:19,079

might seem equally far-fetched in the

1377

00:57:24,770 --> 00:57:21,900

context of the current War system it may

1378

00:57:26,690 --> 00:57:24,780

be for instance that gross pollution of

1379

00:57:29,510 --> 00:57:26,700

the environment can eventually replace

1380

00:57:32,329 --> 00:57:29,520

the possibility of mass destruction by

1381

00:57:34,190 --> 00:57:32,339

nuclear weapons as the principal

1382

00:57:36,530 --> 00:57:34,200

substitute for war

1383

00:57:39,410 --> 00:57:36,540

are you beginning to get the message

1384

00:57:41,030 --> 00:57:39,420

folks poisoning of the air and of the

1385

00:57:43,790 --> 00:57:41,040

principal sources of food and water

1386

00:57:45,530 --> 00:57:43,800

supply is already well Advanced and at

1387

00:57:47,930 --> 00:57:45,540

first glance would seem promising in

1388

00:57:50,030 --> 00:57:47,940

this respect it constitutes a threat

1389

00:57:53,210 --> 00:57:50,040

that can be dealt with only through

1390

00:57:55,549 --> 00:57:53,220

social organization and political power

1391

00:57:57,770 --> 00:57:55,559

but from present indications it will be

1392

00:58:00,470 --> 00:57:57,780

a generation to a generation and a half

1393

00:58:03,109 --> 00:58:00,480

before environmental pollution however

1394

00:58:05,630 --> 00:58:03,119

severe will be sufficiently menacing on

1395

00:58:07,190 --> 00:58:05,640

a global scale to offer a possible basis

1396

00:58:09,470 --> 00:58:07,200

for a solution

1397

00:58:11,870 --> 00:58:09,480

however unlikely some of the possible

1398

00:58:16,250 --> 00:58:11,880

alternate enemies we have mentioned may

1399

00:58:18,890 --> 00:58:16,260

seem we must emphasize that one must be

1400

00:58:21,410 --> 00:58:18,900

found of credible quality and magnitude

1401

00:58:24,170 --> 00:58:21,420

if a transition to peace is ever to come

1402

00:58:26,089 --> 00:58:24,180

about without social disintegration it

1403

00:58:27,829 --> 00:58:26,099

is more probable in our judgment that

1404

00:58:29,930 --> 00:58:27,839

such a threat will have to be invented

1405

00:58:32,390 --> 00:58:29,940

rather than developed from unknown

1406

00:58:35,270 --> 00:58:32,400

conditions ladies and gentlemen they

1407

00:58:37,750 --> 00:58:35,280

have created so many alternate enemies

1408

00:58:40,370 --> 00:58:37,760

in order to bring about their one world

1409

00:58:42,589 --> 00:58:40,380

totalitarian social estate that we don't

1410

00:58:45,650 --> 00:58:42,599

know which enemy to believe is real or

1411

00:58:48,230 --> 00:58:45,660

is false or whether to just toss them

1412

00:58:50,329 --> 00:58:48,240

all out on their ears and I think the

1413

00:58:54,349 --> 00:58:50,339

path is probably going to be the best

1414

00:58:56,150 --> 00:58:54,359

solution disarmament is no accident all

1415

00:58:59,809 --> 00:58:56,160

of these bills in Congress to take away

1416

00:59:02,990 --> 00:58:59,819

our weapons there's no accident the

1417

00:59:05,690 --> 00:59:03,000

intentional environmental pollution of

1418

00:59:07,670 --> 00:59:05,700

our Lakes River streams oceans forests

1419

00:59:08,630 --> 00:59:07,680

everything is no accident as you just

1420

00:59:10,430 --> 00:59:08,640

heard

1421

00:59:13,670 --> 00:59:10,440

these things were planned many many

1422

00:59:15,890 --> 00:59:13,680

years ago all the bombardment of the

1423

00:59:17,210 --> 00:59:15,900

public with movies about flying saucers

1424

00:59:19,370 --> 00:59:17,220

in the 50s right after the United

1425

00:59:21,049 --> 00:59:19,380

Nations treaty was fined in the U.N

1426

00:59:25,789 --> 00:59:21,059

participation Act was pushed through

1427

00:59:28,430 --> 00:59:25,799

Congress and all of the incidents sense

1428

00:59:31,010 --> 00:59:28,440

that have convinced the majority of the

1429

00:59:34,789 --> 00:59:31,020

American people that flying saucers are

1430

00:59:37,210 --> 00:59:34,799

real and extraterrestrials exist and

1431

00:59:40,130 --> 00:59:37,220

that flying saucers are from an

1432

00:59:43,430 --> 00:59:40,140

extraterrestrial origin this is being

1433

00:59:46,609 --> 00:59:43,440

promulgated in many ways by television

1434

00:59:50,210 --> 00:59:46,619

commercials in the movies in the

1435

00:59:54,530 --> 00:59:50,220

newspapers by creating incidents either

1436

00:59:56,329 --> 00:59:54,540

real or imagined I believe because of my

1437

00:59:58,250 --> 00:59:56,339

research because of the extensive

1438

00:59:59,930 --> 00:59:58,260

documentation that I've found and that

1439

01:00:02,930 --> 00:59:59,940

is in my book

1440

01:00:07,190 --> 01:00:02,940

that this whole scenario has been

1441

01:00:11,750 --> 01:00:09,170

all right so I think we've heard enough

1442

01:00:13,730 --> 01:00:11,760

of that if you want more of it

1443

01:00:16,849 --> 01:00:13,740

um just if you want so you can hear the

1444

01:00:19,069 --> 01:00:16,859

rest you can go to izon cinema to their

1445

01:00:20,569 --> 01:00:19,079

YouTube page and listen to it but I

1446

01:00:22,670 --> 01:00:20,579

thought it was interesting so some

1447

01:00:24,230 --> 01:00:22,680

people know him uh Bill Cooper is a

1448

01:00:25,910 --> 01:00:24,240

conspiracy theorist and he gets pretty

1449

01:00:28,730 --> 01:00:25,920

out there but I thought it was

1450

01:00:32,630 --> 01:00:28,740

interesting because

1451

01:00:35,329 --> 01:00:32,640

um you know this topic comes up from

1452

01:00:40,130 --> 01:00:35,339

different people and one of the more

1453

01:00:42,230 --> 01:00:40,140

well-known people is uh Dr Greer Dr

1454

01:00:46,069 --> 01:00:42,240

Stephen Greer

1455

01:00:50,870 --> 01:00:46,079

um who also talks about that too a fake

1456

01:00:54,890 --> 01:00:52,609

so what do you guys think about that I

1457

01:00:56,690 --> 01:00:54,900

think it's interesting that there are

1458

01:00:58,970 --> 01:00:56,700

people out there right now like I guess

1459

01:01:00,109 --> 01:00:58,980

Dr Greer who who are talking about that

1460

01:01:05,390 --> 01:01:00,119

like

1461

01:01:07,910 --> 01:01:05,400

um you know they figured this out and

1462

01:01:10,670 --> 01:01:07,920

they're doing this

1463

01:01:13,690 --> 01:01:10,680

you know and and they're pushing U.S

1464

01:01:16,849 --> 01:01:13,700

government is pushing this uh fake Alien

1465

01:01:19,309 --> 01:01:16,859

Invasion line and Greer figured it out

1466

01:01:20,690 --> 01:01:19,319

and in fact this has been going on for a

1467

01:01:23,329 --> 01:01:20,700

long time

1468

01:01:26,630 --> 01:01:23,339

and

1469

01:01:30,410 --> 01:01:26,640

I got even further kind of I guess you

1470

01:01:33,829 --> 01:01:30,420

could say proof of that

1471

01:01:37,010 --> 01:01:33,839

that I'm gonna find and show you so I've

1472

01:01:40,510 --> 01:01:37,020

shared this document before

1473

01:01:43,370 --> 01:01:40,520

and it's an old document it's from

1474

01:01:45,230 --> 01:01:43,380

1953. and it's out of the blue book

1475

01:01:47,750 --> 01:01:45,240

files

1476

01:01:49,970 --> 01:01:47,760

and I want to show it because it

1477

01:01:55,069 --> 01:01:49,980

definitely relates to some things that

1478

01:01:58,190 --> 01:01:55,079

we hear today especially in relation to

1479

01:02:00,589 --> 01:01:58,200

what we just listened to so I'm trying

1480

01:02:03,770 --> 01:02:00,599

to talk and and find this thing at the

1481

01:02:03,780 --> 01:02:08,630

first thing is

1482

01:02:14,210 --> 01:02:11,089

I'm going to go to the screen and pop it

1483

01:02:15,530 --> 01:02:14,220

up for you so

1484

01:02:18,049 --> 01:02:15,540

I'm not going to read this whole

1485

01:02:20,450 --> 01:02:18,059

document but

1486

01:02:22,430 --> 01:02:20,460

it's interesting I'm going to post a

1487

01:02:24,589 --> 01:02:22,440

link in the chat in case you want to

1488

01:02:27,650 --> 01:02:24,599

read it all

1489

01:02:29,750 --> 01:02:27,660

we go to this document and it talks

1490

01:02:32,089 --> 01:02:29,760

about this this person Master Sergeant

1491

01:02:34,010 --> 01:02:32,099

Brown who winds up going to This Bar in

1492

01:02:36,589 --> 01:02:34,020

Columbus Ohio runs into this person who

1493

01:02:38,510 --> 01:02:36,599

tells him about how he knows about Crash

1494

01:02:41,329 --> 01:02:38,520

saucers at Ray Patterson Air Force Base

1495

01:02:43,849 --> 01:02:41,339

and bodies and all this stuff which is

1496

01:02:46,069 --> 01:02:43,859

in 1953 in a government document and

1497

01:02:48,109 --> 01:02:46,079

that's crazy because I don't know that

1498

01:02:50,210 --> 01:02:48,119

anybody really knew that this existed

1499

01:02:53,510 --> 01:02:50,220

and it doesn't mean that the story is

1500

01:02:55,130 --> 01:02:53,520

true but they took it seriously enough

1501
01:02:57,589 --> 01:02:55,140
to document all this down and interview

1502
01:03:00,309 --> 01:02:57,599
the guy and all that kind of stuff so

1503
01:03:02,690 --> 01:03:00,319
but in this

1504
01:03:03,770 --> 01:03:02,700
I don't know if you can see my cursor

1505
01:03:07,370 --> 01:03:03,780
here

1506
01:03:12,829 --> 01:03:10,130
so intimated the group is composed of

1507
01:03:15,170 --> 01:03:12,839
prominent people in Columbus Ohio whoops

1508
01:03:17,690 --> 01:03:15,180
that's the wrong line intimated that the

1509
01:03:20,630 --> 01:03:17,700
world situation is so big

1510
01:03:22,549 --> 01:03:20,640
that by approximately June 1953 there

1511
01:03:25,069 --> 01:03:22,559
would be a complete change in world

1512
01:03:27,230 --> 01:03:25,079
affairs the Korean War would be ended

1513
01:03:29,510 --> 01:03:27,240

and there would be no there would no

1514

01:03:31,250 --> 01:03:29,520

longer be any threat of a World War

1515

01:03:32,870 --> 01:03:31,260

blank did not elaborate on this

1516

01:03:34,910 --> 01:03:32,880

aforementioned World situation Brown

1517

01:03:37,190 --> 01:03:34,920

gathered the impression from blank that

1518

01:03:38,750 --> 01:03:37,200

because of the superior intelligence of

1519

01:03:41,030 --> 01:03:38,760

these men from outer space that the

1520

01:03:44,630 --> 01:03:41,040

world would Unite

1521

01:03:48,770 --> 01:03:46,970

Brown requested that blank introduce him

1522

01:03:50,809 --> 01:03:48,780

to this group but blank stated that

1523

01:03:52,609 --> 01:03:50,819

brown would be contacted by the group

1524

01:03:53,809 --> 01:03:52,619

soon since they knew how to get in touch

1525

01:03:56,210 --> 01:03:53,819

with them

1526

01:03:58,970 --> 01:03:56,220

so

1527

01:04:00,829 --> 01:03:58,980

it's pretty interesting right the world

1528

01:04:04,490 --> 01:04:00,839

would unite most people know the world

1529

01:04:10,549 --> 01:04:08,450

kind of thing with the news of aliens

1530

01:04:14,390 --> 01:04:10,559

most people know of that

1531

01:04:18,950 --> 01:04:14,400

from the Ronald Reagan speech

1532

01:04:22,970 --> 01:04:18,960

right but this is in 1953 that idea came

1533

01:04:25,250 --> 01:04:22,980

up way before Ronald Reagan so

1534

01:04:28,849 --> 01:04:25,260

that idea came up a way before Bill

1535

01:04:31,069 --> 01:04:28,859

Cooper way before Dr Greer

1536

01:04:33,230 --> 01:04:31,079

um Von Braun I'm not sure when that is

1537

01:04:36,049 --> 01:04:33,240

but that's also just hearsay that's not

1538

01:04:38,990 --> 01:04:36,059

a fact that Von Braun said that uh what

1539

01:04:40,549 --> 01:04:39,000

Greer says about gunbrun doesn't mean it

1540

01:04:43,549 --> 01:04:40,559

he didn't say it but

1541

01:04:45,349 --> 01:04:43,559

so anyways so I found that

1542

01:04:48,609 --> 01:04:45,359

pretty

1543

01:04:50,870 --> 01:04:48,619

be worth

1544

01:04:53,569 --> 01:04:50,880

shown you guys so check that document

1545

01:04:56,390 --> 01:04:53,579

out if you want it's a doozy

1546

01:04:58,190 --> 01:04:56,400

and it's a real deal NWO what's up new

1547

01:05:02,270 --> 01:04:58,200

world orders in-house perfect timing

1548

01:05:05,630 --> 01:05:02,280

just talking about conspiracy stuff

1549

01:05:08,990 --> 01:05:05,640

perfect timing

1550

01:05:12,530 --> 01:05:10,609

next thing

1551

01:05:14,390 --> 01:05:12,540

I know we're going for a long time but I

1552

01:05:16,609 --> 01:05:14,400

got stuff planned here so

1553

01:05:19,190 --> 01:05:16,619

the next thing that I want to get into

1554

01:05:22,549 --> 01:05:19,200

here is

1555

01:05:25,789 --> 01:05:22,559

kind of a presentation so to speak

1556

01:05:28,190 --> 01:05:25,799

and the reason I put this together is

1557

01:05:29,930 --> 01:05:28,200

well first of all it's on anomalous

1558

01:05:32,569 --> 01:05:29,940

propagation

1559

01:05:35,510 --> 01:05:32,579

cases from Blue Book so

1560

01:05:37,849 --> 01:05:35,520

they're about cases where they got radar

1561

01:05:40,970 --> 01:05:37,859

pickups in Blue Book and they showed the

1562

01:05:44,089 --> 01:05:40,980

object or whatever it was doing uh crazy

1563

01:05:45,710 --> 01:05:44,099

things in the air great speeds crazy

1564

01:05:47,930 --> 01:05:45,720

turns

1565

01:05:49,670 --> 01:05:47,940

and they got it captured on radar but

1566

01:05:50,870 --> 01:05:49,680

they would always typically call it Blue

1567

01:05:53,030 --> 01:05:50,880

Book investigators would call it

1568

01:05:54,530 --> 01:05:53,040

anomalous propagation see but the

1569

01:05:56,450 --> 01:05:54,540

characteristics of this anomalous

1570

01:05:59,569 --> 01:05:56,460

propagation are the characteristics that

1571

01:06:01,490 --> 01:05:59,579

we hear about now whether the object is

1572

01:06:04,609 --> 01:06:01,500

hovering and then moving at Great speeds

1573

01:06:07,569 --> 01:06:04,619

with instant acceleration

1574

01:06:10,609 --> 01:06:07,579

um quickly accelerating vertically

1575

01:06:13,069 --> 01:06:10,619

up or down

1576

01:06:14,809 --> 01:06:13,079

um unheard of miles per hour

1577

01:06:16,430 --> 01:06:14,819

you know the things going faster than

1578

01:06:17,990 --> 01:06:16,440

anything that exists all that kind of

1579

01:06:20,510 --> 01:06:18,000

stuff so

1580

01:06:23,630 --> 01:06:20,520

my thought is

1581

01:06:26,870 --> 01:06:23,640

that maybe these anomalous propagation

1582

01:06:28,970 --> 01:06:26,880

things from Blue Book could be more than

1583

01:06:30,470 --> 01:06:28,980

meets the eye so I put in some work to

1584

01:06:34,329 --> 01:06:30,480

find these cases

1585

01:06:40,190 --> 01:06:38,089

so we're going to give this a try here

1586

01:06:43,130 --> 01:06:40,200

so anomalous propagation cases show

1587

01:06:45,170 --> 01:06:43,140

unconventional flight characteristics so

1588

01:06:47,450 --> 01:06:45,180

an example is here Selfridge Air Force

1589

01:06:49,069 --> 01:06:47,460

Base 1951 speed of the blip varied from

1590

01:06:53,329 --> 01:06:49,079

an estimated 3

1591

01:06:55,430 --> 01:06:53,339

000 to estimated 28 000 miles per hour

1592

01:06:56,809 --> 01:06:55,440

evaluated as anomalous propagation

1593

01:07:02,150 --> 01:06:56,819

interesting

1594

01:07:07,130 --> 01:07:04,370

are these anomalous propagation this is

1595

01:07:10,010 --> 01:07:07,140

Larson Air Force Base speed at 950 miles

1596

01:07:11,870 --> 01:07:10,020

per hour in 1951 we couldn't achieve

1597

01:07:13,430 --> 01:07:11,880

that object track continuously for a

1598

01:07:17,510 --> 01:07:13,440

period of six minutes

1599

01:07:25,010 --> 01:07:19,069

this one they called electronic

1600

01:07:28,670 --> 01:07:27,289

the object was directly approaching this

1601
01:07:30,890 --> 01:07:28,680
station

1602
01:07:32,150 --> 01:07:30,900
so for this case

1603
01:07:34,010 --> 01:07:32,160
um this was

1604
01:07:36,770 --> 01:07:34,020
in here and they put reference for your

1605
01:07:38,450 --> 01:07:36,780
radar sighting of 2651 please advise

1606
01:07:40,970 --> 01:07:38,460
immediately whether weather conditions

1607
01:07:42,950 --> 01:07:40,980
prevalent in your area at the time

1608
01:07:45,289 --> 01:07:42,960
favor the phenomena of anomalous

1609
01:07:47,390 --> 01:07:45,299
microwave propagation

1610
01:07:49,430 --> 01:07:47,400
so in this case to actually look that

1611
01:07:53,029 --> 01:07:49,440
numbness propagation they wanted to know

1612
01:07:59,170 --> 01:07:54,829
um was suitable for temperature

1613
01:08:08,809 --> 01:08:02,329

and further in the notes you can see it

1614

01:08:13,430 --> 01:08:10,789

did not favor anomalous microwave

1615

01:08:13,440 --> 01:08:17,450

so they called it interference

1616

01:08:22,490 --> 01:08:19,729

and we can see here the fastest plane at

1617

01:08:22,500 --> 01:08:28,630

was

1618

01:08:38,269 --> 01:08:32,450

822 miles an hour and 55 755 miles an

1619

01:08:43,930 --> 01:08:40,789

so what was it

1620

01:08:46,870 --> 01:08:43,940

weather effect on radar

1621

01:08:50,150 --> 01:08:46,880

socialite GCA set

1622

01:08:58,970 --> 01:08:50,160

speed from stationary to as fast or

1623

01:09:04,669 --> 01:09:00,890

so

1624

01:09:10,550 --> 01:09:08,390

and we have experienced radar people

1625

01:09:12,289 --> 01:09:10,560

for this case for instance

1626
01:09:14,689 --> 01:09:12,299
we have an aircraft Landing control

1627
01:09:18,349 --> 01:09:14,699
technician four years

1628
01:09:21,769 --> 01:09:19,910
so in these cases of anomalous

1629
01:09:24,169 --> 01:09:21,779
propagation we have very experienced

1630
01:09:27,590 --> 01:09:24,179
people working The Radars that are

1631
01:09:30,050 --> 01:09:27,600
confused enough to report this as a UFO

1632
01:09:31,550 --> 01:09:30,060
to Blue Book and it does come with data

1633
01:09:33,709 --> 01:09:31,560
they even tell you what kind of Scopes

1634
01:09:35,749 --> 01:09:33,719
they use PPI scope and B

1635
01:09:37,910 --> 01:09:35,759
that tell you to describe the signal

1636
01:09:41,209 --> 01:09:37,920
produced by rotating sweep

1637
01:09:45,169 --> 01:09:41,219
a radar scan rate 30

1638
01:09:47,689 --> 01:09:45,179

approximately 2 800 MC the frequency of

1639

01:09:51,709 --> 01:09:47,699

the transmitter

1640

01:09:55,610 --> 01:09:54,050

sometimes even have drawings and radar

1641

01:10:03,169 --> 01:09:55,620

pictures

1642

01:10:08,990 --> 01:10:07,610

electronic radar appearance interference

1643

01:10:12,290 --> 01:10:09,000

here they tried to say that another

1644

01:10:14,570 --> 01:10:12,300

radar did it but you can see here at the

1645

01:10:18,890 --> 01:10:14,580

bottom speed was from 1800 miles per

1646

01:10:24,229 --> 01:10:20,890

is this anomalous propagation

1647

01:10:27,709 --> 01:10:24,239

interference or are these

1648

01:10:31,610 --> 01:10:27,719

UFOs that could be pretty stealth and

1649

01:10:36,530 --> 01:10:33,229

it's something to think about because

1650

01:10:38,870 --> 01:10:36,540

the only reports in Blue Book that talk

1651

01:10:40,490 --> 01:10:38,880

about the flight characteristics that

1652

01:10:43,070 --> 01:10:40,500

we're looking for are really these

1653

01:10:45,410 --> 01:10:43,080

anomalous propagation cases because if

1654

01:10:47,990 --> 01:10:45,420

they don't come with radar scans

1655

01:10:49,490 --> 01:10:48,000

they don't have data on it and therefore

1656

01:10:51,950 --> 01:10:49,500

they can't tell if they're unidentified

1657

01:10:58,070 --> 01:10:51,960

this one is kind of tough to read it

1658

01:10:58,080 --> 01:11:00,290

um

1659

01:11:00,300 --> 01:11:05,330

radar ground and air were simultaneous

1660

01:11:11,590 --> 01:11:07,970

oh this is bent Waters lakenheath so we

1661

01:11:18,590 --> 01:11:15,410

rendelshim for his case right

1662

01:11:20,870 --> 01:11:18,600

that was in maybe

1663

01:11:24,290 --> 01:11:20,880

1980 or something like that but in the

1664

01:11:26,390 --> 01:11:24,300

same place here in 1956

1665

01:11:29,570 --> 01:11:26,400

they had a UFO this is actually seen by

1666

01:11:32,209 --> 01:11:29,580

the radar and Visually

1667

01:11:34,250 --> 01:11:32,219

moving it like some 4 000 miles per hour

1668

01:11:36,410 --> 01:11:34,260

so that's what this case is he called it

1669

01:11:38,750 --> 01:11:36,420

anomalous propagation even though there

1670

01:11:40,430 --> 01:11:38,760

was a visual

1671

01:11:42,770 --> 01:11:40,440

so now that I have data on something

1672

01:11:45,169 --> 01:11:42,780

moving crazy somebody actually saw an

1673

01:11:48,169 --> 01:11:45,179

object and they still call it anomalous

1674

01:11:54,770 --> 01:11:50,990

here is the report from it

1675

01:11:57,709 --> 01:11:54,780

so you can see here at the bottom if you

1676

01:11:59,750 --> 01:11:57,719

can see my cursor it says 4 000 miles

1677

01:12:03,350 --> 01:11:59,760

per hour

1678

01:12:08,149 --> 01:12:05,990

another point for me is to not get into

1679

01:12:09,830 --> 01:12:08,159

each one of these cases as hard as it is

1680

01:12:11,570 --> 01:12:09,840

not to because they're such great cases

1681

01:12:12,830 --> 01:12:11,580

but to just kind of show you what it

1682

01:12:16,490 --> 01:12:12,840

looked like

1683

01:12:18,830 --> 01:12:16,500

so in this bent Waters case this uh Dr

1684

01:12:20,990 --> 01:12:18,840

Whipple was involved who's kind of been

1685

01:12:24,950 --> 01:12:21,000

around hovered around Blue Book and all

1686

01:12:27,590 --> 01:12:24,960

that kind of stuff uh for a long time

1687

01:12:28,970 --> 01:12:27,600

and I want to say he was Harvard Harvard

1688

01:12:31,310 --> 01:12:28,980

guy

1689

01:12:34,010 --> 01:12:31,320

but so in these cases with radar where

1690

01:12:37,970 --> 01:12:34,020

they have radar and visual this

1691

01:12:40,790 --> 01:12:37,980

um Dr Whipple says he urged that a more

1692

01:12:42,410 --> 01:12:40,800

modest proposal of the same general type

1693

01:12:45,470 --> 01:12:42,420

be considered it the same for instance

1694

01:12:48,229 --> 01:12:45,480

an area from which so he's suggesting to

1695

01:12:49,790 --> 01:12:48,239

put cameras up in hot spots uh from

1696

01:12:52,130 --> 01:12:49,800

which numerous reports have come and

1697

01:12:53,930 --> 01:12:52,140

might be patrolled by a dozen or so fish

1698

01:12:57,470 --> 01:12:53,940

act cameras operating

1699

01:13:01,370 --> 01:12:59,630

I'm sorry I skipped the first part Dr

1700

01:13:03,470 --> 01:13:01,380

Whipple stated that as far as the report

1701

01:13:06,110 --> 01:13:03,480

at hand is concerned no obvious physical

1702

01:13:08,689 --> 01:13:06,120

solution is suggested he deplored the

1703

01:13:11,209 --> 01:13:08,699

inadequacy of the typical UFO reports as

1704

01:13:13,490 --> 01:13:11,219

a scientific document

1705

01:13:15,290 --> 01:13:13,500

he further stated that the nature of

1706

01:13:16,790 --> 01:13:15,300

such reports is not likely to change and

1707

01:13:18,370 --> 01:13:16,800

urge that if the Air Force was serious

1708

01:13:20,930 --> 01:13:18,380

in its attempts to resolve this problem

1709

01:13:23,870 --> 01:13:20,940

both scientifically

1710

01:13:26,510 --> 01:13:23,880

and in the public mind at the Air Force

1711

01:13:29,930 --> 01:13:26,520

do more than continue its passive

1712

01:13:33,110 --> 01:13:29,940

investigational attitudes

1713

01:13:35,270 --> 01:13:33,120

so here we have Dr Whipple saying these

1714

01:13:36,590 --> 01:13:35,280

Air Force investigations are pretty much

1715

01:13:39,010 --> 01:13:36,600

useless

1716

01:13:43,490 --> 01:13:39,020

and we just went through already a few

1717

01:13:44,950 --> 01:13:43,500

of these crazy radar sightings

1718

01:13:47,450 --> 01:13:44,960

that were really

1719

01:13:53,270 --> 01:13:47,460

investigated poorly with not enough

1720

01:13:58,910 --> 01:13:55,790

so that's the case to get some more data

1721

01:14:02,030 --> 01:13:58,920

so here another point that he said is it

1722

01:14:05,030 --> 01:14:02,040

is to be regretted that so on actually

1723

01:14:07,130 --> 01:14:05,040

this was said by Hector quintilla the

1724

01:14:09,350 --> 01:14:07,140

director of blue book it is to be

1725

01:14:11,209 --> 01:14:09,360

regretted that so unusual a citing

1726

01:14:13,130 --> 01:14:11,219

report did not contain more factual

1727

01:14:16,189 --> 01:14:13,140

material on which to base an evaluation

1728

01:14:18,350 --> 01:14:16,199

the lake and Heath report is one of the

1729

01:14:21,110 --> 01:14:18,360

more unusual UFO reports involving

1730

01:14:23,450 --> 01:14:21,120

electronic and visual observations and

1731

01:14:25,250 --> 01:14:23,460

subsequent Pursuit by fighter plane yet

1732

01:14:26,750 --> 01:14:25,260

report does not State whether it was

1733

01:14:28,310 --> 01:14:26,760

definitely established that Visual and

1734

01:14:30,050 --> 01:14:28,320

electronic sightings refer to the same

1735

01:14:33,290 --> 01:14:30,060

object or even if they occurred

1736

01:14:36,649 --> 01:14:33,300

precisely simultaneously

1737

01:14:38,390 --> 01:14:36,659

um so further report does not give exact

1738

01:14:40,490 --> 01:14:38,400

weather information which might enable

1739

01:14:43,310 --> 01:14:40,500

one to charge whether charge weather

1740

01:14:45,229 --> 01:14:43,320

conditions with any Precision relative

1741

01:14:47,750 --> 01:14:45,239

to anomalous propagation such as

1742

01:14:52,850 --> 01:14:47,760

frequently occurs with Radars but they

1743

01:14:55,910 --> 01:14:54,169

so

1744

01:14:58,250 --> 01:14:55,920

there you have an admission of a great

1745

01:15:00,169 --> 01:14:58,260

case visual

1746

01:15:04,010 --> 01:15:00,179

radar

1747

01:15:10,130 --> 01:15:06,950

this case is from born home Denmark

1748

01:15:12,290 --> 01:15:10,140

which uh it's interesting because this

1749

01:15:14,510 --> 01:15:12,300

case really worried or interested Air

1750

01:15:16,669 --> 01:15:14,520

Force people high brass people and they

1751
01:15:18,709 --> 01:15:16,679
thought this could have been related to

1752
01:15:20,330 --> 01:15:18,719
the lake and Heath case

1753
01:15:22,010 --> 01:15:20,340
that we just looked at

1754
01:15:24,290 --> 01:15:22,020
Radars first reported two to three

1755
01:15:26,689 --> 01:15:24,300
objects on an easterly heading of 700

1756
01:15:30,649 --> 01:15:26,699
knots

1757
01:15:32,630 --> 01:15:30,659
that's not faster than objects could go

1758
01:15:34,910 --> 01:15:32,640
at that time but if you look in the

1759
01:15:37,430 --> 01:15:34,920
right in the comments it says the fact

1760
01:15:39,530 --> 01:15:37,440
that the objects were orbiting over one

1761
01:15:42,350 --> 01:15:39,540
spot at 700 knot supports this

1762
01:15:44,330 --> 01:15:42,360
conclusion so over 700 miles per hour

1763
01:15:49,250 --> 01:15:44,340

three objects are just orbiting that

1764

01:15:54,189 --> 01:15:50,750

you know I'll tell you anomalous

1765

01:15:56,810 --> 01:15:54,199

propagation if you look at enough cases

1766

01:15:59,450 --> 01:15:56,820

orbiting in one spot at 700 miles per

1767

01:16:02,649 --> 01:15:59,460

hour is not normal well at least not

1768

01:16:07,250 --> 01:16:02,659

from what I've seen I'm not the

1769

01:16:11,990 --> 01:16:09,290

in here I was just talking about this

1770

01:16:15,050 --> 01:16:12,000

the number of UFO reports submitted from

1771

01:16:18,830 --> 01:16:15,060

unsafe area during August is generated

1772

01:16:20,870 --> 01:16:18,840

considerable interest in concern

1773

01:16:22,729 --> 01:16:20,880

within Air Force

1774

01:16:24,470 --> 01:16:22,739

of particular interest are those

1775

01:16:27,290 --> 01:16:24,480

signings that occurred near lakenheath

1776

01:16:31,550 --> 01:16:27,300

on the 16th of August in the born home

1777

01:16:34,490 --> 01:16:31,560

Island sighting of the 22nd of August

1778

01:16:38,930 --> 01:16:36,470

Air Force is interested and they were

1779

01:16:41,450 --> 01:16:38,940

concerned with UFO sightings that they

1780

01:16:47,649 --> 01:16:41,460

caught on radar in Denmark

1781

01:16:53,090 --> 01:16:50,510

pretty crazy this one's crazy this was

1782

01:16:55,970 --> 01:16:53,100

at El Toro California UFO observed

1783

01:16:59,450 --> 01:16:55,980

visually and by radar from

1784

01:17:01,610 --> 01:16:59,460

seen its uh night of 11th November to

1785

01:17:03,290 --> 01:17:01,620

morning 12th of November though not

1786

01:17:05,390 --> 01:17:03,300

simultaneously helicopter and aircraft

1787

01:17:07,610 --> 01:17:05,400

directed to intercept nothing observed

1788

01:17:09,410 --> 01:17:07,620

in UFO area blips which kept suddenly

1789

01:17:10,490 --> 01:17:09,420

appearing and disappearing indicated

1790

01:17:12,950 --> 01:17:10,500

speeds

1791

01:17:15,890 --> 01:17:12,960

from 50

1792

01:17:22,930 --> 01:17:15,900

50 miles an hour to 15

1793

01:17:26,930 --> 01:17:25,250

and they even have pictures from the

1794

01:17:29,870 --> 01:17:26,940

radar scope

1795

01:17:32,149 --> 01:17:29,880

they saw things visually

1796

01:17:33,950 --> 01:17:32,159

but they couldn't they couldn't say for

1797

01:17:35,630 --> 01:17:33,960

sure that what they saw visually was on

1798

01:17:38,390 --> 01:17:35,640

the radar

1799

01:17:40,669 --> 01:17:38,400

so what do we do

1800

01:17:46,669 --> 01:17:40,679

we call it anomalous propagation and we

1801
01:17:50,990 --> 01:17:49,070
here we go Duluth Minnesota this one's

1802
01:17:52,490 --> 01:17:51,000
radar interference so here you can see

1803
01:17:54,830 --> 01:17:52,500
in the corner this is what they do when

1804
01:17:57,050 --> 01:17:54,840
they have a visual

1805
01:17:59,090 --> 01:17:57,060
they have radar

1806
01:18:01,010 --> 01:17:59,100
they separated they say what she saw was

1807
01:18:02,810 --> 01:18:01,020
Venus

1808
01:18:09,410 --> 01:18:02,820
and we had some radar interference

1809
01:18:14,990 --> 01:18:12,229
and they say it the Venus brought into

1810
01:18:20,290 --> 01:18:15,000
view by diffraction distorted by

1811
01:18:27,430 --> 01:18:24,050
I don't I can't okay uh here's another

1812
01:18:32,450 --> 01:18:27,440
one Guam anomalous propagation

1813
01:18:37,070 --> 01:18:32,460

2880 knots on a collision course

1814

01:18:42,790 --> 01:18:40,010

there was visual a visual but they

1815

01:18:48,169 --> 01:18:42,800

believed it to be aircraft

1816

01:18:53,810 --> 01:18:51,530

is anomalous propagation incidents

1817

01:18:57,770 --> 01:18:53,820

have the crazy

1818

01:19:01,610 --> 01:18:59,750

facts are presented in this report are

1819

01:19:03,350 --> 01:19:01,620

insufficient to support affirm analysis

1820

01:19:05,270 --> 01:19:03,360

the fact that the target moved from a

1821

01:19:08,330 --> 01:19:05,280

range of 20 miles to a range at two

1822

01:19:10,370 --> 01:19:08,340

miles at a speed of 2800 knots indicates

1823

01:19:12,950 --> 01:19:10,380

that the target was observed for one

1824

01:19:14,570 --> 01:19:12,960

third a minute this is rather short to

1825

01:19:17,090 --> 01:19:14,580

observe the target

1826

01:19:20,350 --> 01:19:17,100

the speed of the target the fact that no

1827

01:19:23,090 --> 01:19:20,360

plane was to be in the area lack of oral

1828

01:19:24,830 --> 01:19:23,100

observation and the fact that the target

1829

01:19:27,169 --> 01:19:24,840

was not observed on an outward course

1830

01:19:29,450 --> 01:19:27,179

all tend to mitigate against an aircraft

1831

01:19:31,370 --> 01:19:29,460

Target on the other hand anomalous

1832

01:19:33,229 --> 01:19:31,380

propagation frequently causes false

1833

01:19:36,050 --> 01:19:33,239

Targets on radar Scopes traveling at

1834

01:19:37,370 --> 01:19:36,060

apparently fantastic speeds and it

1835

01:19:38,630 --> 01:19:37,380

appears that this might well be the

1836

01:19:40,250 --> 01:19:38,640

answer here

1837

01:19:42,950 --> 01:19:40,260

so if something moved at Fantastic

1838

01:19:46,130 --> 01:19:42,960

speeds picked up on radar what was it

1839

01:19:48,709 --> 01:19:46,140

anomalous propagation

1840

01:19:53,090 --> 01:19:48,719

even at cases like this one at missile

1841

01:19:58,669 --> 01:19:55,130

indicates the probable cause anomalous

1842

01:20:04,070 --> 01:20:01,010

and they talk about what it is anomalous

1843

01:20:08,570 --> 01:20:05,990

so that's what they say it is but yet

1844

01:20:11,330 --> 01:20:08,580

you have testimony from people like this

1845

01:20:13,850 --> 01:20:11,340

first lieutenant U.S Air Force Chief

1846

01:20:15,950 --> 01:20:13,860

Target Branch says in the past 12 years

1847

01:20:17,930 --> 01:20:15,960

I have observed all types of weather

1848

01:20:19,430 --> 01:20:17,940

wind temperature inversion false returns

1849

01:20:21,770 --> 01:20:19,440

birds and numerous other objects on

1850

01:20:23,990 --> 01:20:21,780

radar but never a Target like this

1851
01:20:25,790 --> 01:20:24,000
moving with the speed and direction of

1852
01:20:27,890 --> 01:20:25,800
fees

1853
01:20:29,870 --> 01:20:27,900
these are statements by revcon radar

1854
01:20:32,630 --> 01:20:29,880
scope observers taken by Lieutenant

1855
01:20:35,149 --> 01:20:32,640
David Vaughn

1856
01:20:37,490 --> 01:20:35,159
so this is why these anomalous

1857
01:20:39,050 --> 01:20:37,500
propagation instances are so interesting

1858
01:20:41,270 --> 01:20:39,060
because

1859
01:20:44,810 --> 01:20:41,280
you have them

1860
01:20:47,630 --> 01:20:44,820
and then you have the radar operator

1861
01:20:49,370 --> 01:20:47,640
who is so experienced

1862
01:20:58,970 --> 01:20:49,380
saying I've never seen anything like

1863
01:21:05,330 --> 01:21:01,729

so this is just further on that same

1864

01:21:10,430 --> 01:21:08,689

they kind of go against they kind of go

1865

01:21:13,790 --> 01:21:10,440

in on their anomalous propagation a

1866

01:21:13,800 --> 01:21:16,970

and

1867

01:21:20,570 --> 01:21:19,250

they just kind of describe it they call

1868

01:21:25,910 --> 01:21:20,580

it tricks

1869

01:21:32,149 --> 01:21:28,970

this case we have it's military case

1870

01:21:38,470 --> 01:21:32,159

October 7 1965 radar

1871

01:21:38,480 --> 01:21:44,330

that's what they do every time

1872

01:21:48,649 --> 01:21:47,149

so in that case anomalous propagation

1873

01:21:50,689 --> 01:21:48,659

this is what they write anomalous

1874

01:21:52,430 --> 01:21:50,699

propagation although there evidently was

1875

01:21:54,530 --> 01:21:52,440

no temperature inversion During the

1876

01:21:56,930 --> 01:21:54,540

period anomalous propagation is the most

1877

01:21:59,090 --> 01:21:56,940

likely candidate for the situation there

1878

01:22:00,770 --> 01:21:59,100

is no temperature inversion but yet

1879

01:22:06,430 --> 01:22:00,780

they're still calling it anomalous

1880

01:22:11,390 --> 01:22:08,630

since latent radar waves are both

1881

01:22:13,250 --> 01:22:11,400

electromagnetic in nature it could also

1882

01:22:15,590 --> 01:22:13,260

cause the visual

1883

01:22:17,570 --> 01:22:15,600

appearances as well which this is what

1884

01:22:23,689 --> 01:22:17,580

they did on the Washington DC sighting

1885

01:22:26,450 --> 01:22:23,699

in 1952 which was 13 years before this

1886

01:22:27,770 --> 01:22:26,460

13 years before this and they still

1887

01:22:30,110 --> 01:22:27,780

don't have it figured out they're

1888

01:22:31,970 --> 01:22:30,120

they're still figuring out anomalous

1889

01:22:36,229 --> 01:22:31,980

propagation

1890

01:22:40,130 --> 01:22:38,689

the only logical explanation of the

1891

01:22:42,110 --> 01:22:40,140

sighting is that there are radical

1892

01:22:44,450 --> 01:22:42,120

variations in the atmosphere during this

1893

01:22:51,790 --> 01:22:44,460

period which resulted in both Visual and

1894

01:22:57,950 --> 01:22:55,189

and here we are with Ryan Graves

1895

01:23:00,470 --> 01:22:57,960

still getting hits on the radar

1896

01:23:02,270 --> 01:23:00,480

someone saw something visually

1897

01:23:04,610 --> 01:23:02,280

and I guarantee you they blame the

1898

01:23:07,430 --> 01:23:04,620

visual on maybe a balloon in anomalous

1899

01:23:10,970 --> 01:23:09,169

observers known as sparkling light

1900

01:23:12,530 --> 01:23:10,980

changing from red to Green to Red for

1901

01:23:14,270 --> 01:23:12,540

about three hours objects settled

1902

01:23:16,010 --> 01:23:14,280

Beneath The Horizon and vanished object

1903

01:23:18,110 --> 01:23:16,020

was basically stationary in the west

1904

01:23:20,750 --> 01:23:18,120

object was allegedly picked up on radar

1905

01:23:22,970 --> 01:23:20,760

however radar analysis suggested

1906

01:23:25,729 --> 01:23:22,980

that anomalous propagation was

1907

01:23:30,590 --> 01:23:25,739

apparently the cause of the radar paint

1908

01:23:30,600 --> 01:23:34,090

right

1909

01:23:34,100 --> 01:23:38,709

uh Air Force Base Michigan

1910

01:23:43,189 --> 01:23:41,330

propagation Sergeant Burns had no

1911

01:23:46,189 --> 01:23:43,199

explanation for the sighting and said he

1912

01:23:47,810 --> 01:23:46,199

had never seen anything like it before

1913

01:23:51,110 --> 01:23:47,820

the equipment was checked for

1914

01:23:52,970 --> 01:23:51,120

malfunction and none was discovered

1915

01:23:54,590 --> 01:23:52,980

29th air division whether Personnel

1916

01:23:56,149 --> 01:23:54,600

suggested that the temperature inversion

1917

01:23:57,890 --> 01:23:56,159

might have caused anomalous propagation

1918

01:23:59,510 --> 01:23:57,900

of the radar causing false returns

1919

01:24:00,770 --> 01:23:59,520

electronic warfare Personnel said

1920

01:24:05,090 --> 01:24:00,780

interference

1921

01:24:10,070 --> 01:24:07,490

anomalous propagation just blowing these

1922

01:24:13,669 --> 01:24:10,080

experienced people's minds now this is

1923

01:24:17,930 --> 01:24:13,679

the kicker so we go from 1950 we took us

1924

01:24:20,270 --> 01:24:17,940

1950 to 1968 still dealing with

1925

01:24:23,990 --> 01:24:20,280

anomalous propagation still baffling

1926

01:24:28,250 --> 01:24:26,149

right

1927

01:24:30,830 --> 01:24:28,260

all these times they've

1928

01:24:33,229 --> 01:24:30,840

upgraded Radars they've made new radar

1929

01:24:34,910 --> 01:24:33,239

sets throughout those years and they're

1930

01:24:36,709 --> 01:24:34,920

still dealing with this

1931

01:24:38,270 --> 01:24:36,719

they don't have their people trained to

1932

01:24:42,350 --> 01:24:38,280

recognize it

1933

01:24:46,310 --> 01:24:44,330

just terrible

1934

01:24:47,990 --> 01:24:46,320

there's no positive way to either prove

1935

01:24:50,990 --> 01:24:48,000

or disprove the presence of the reported

1936

01:24:53,630 --> 01:24:51,000

UFOs from the radar data the fact that

1937

01:24:55,070 --> 01:24:53,640

it's a GE Radars at other locations did

1938

01:24:57,110 --> 01:24:55,080

not observe the objects tends to

1939

01:24:59,030 --> 01:24:57,120

indicate a local situation the objects

1940

01:25:01,070 --> 01:24:59,040

of necessity

1941

01:25:02,630 --> 01:25:01,080

had to come from outside the observed

1942

01:25:05,689 --> 01:25:02,640

area at some time and should have been

1943

01:25:09,290 --> 01:25:05,699

observed by then if they were in fact

1944

01:25:13,970 --> 01:25:11,750

number three

1945

01:25:16,250 --> 01:25:13,980

this is a kicker

1946

01:25:18,229 --> 01:25:16,260

so after all these anomalous propagation

1947

01:25:21,229 --> 01:25:18,239

incidents we look at

1948

01:25:23,510 --> 01:25:21,239

from 50 to here 68

1949

01:25:26,050 --> 01:25:23,520

you finally get an admission from

1950

01:25:29,810 --> 01:25:26,060

somebody a colonel in the U.S Air Force

1951

01:25:31,790 --> 01:25:29,820

says the obvious in quotation marks

1952

01:25:35,330 --> 01:25:31,800

excuse

1953

01:25:37,010 --> 01:25:35,340

or explanation

1954

01:25:39,410 --> 01:25:37,020

for the sightings appears to be

1955

01:25:42,470 --> 01:25:39,420

temperature inversion

1956

01:25:44,390 --> 01:25:42,480

the rea the erratic courses taken by the

1957

01:25:47,450 --> 01:25:44,400

objects their wide variations in speed

1958

01:25:49,070 --> 01:25:47,460

150 to 2000 miles per hour and the fact

1959

01:25:50,390 --> 01:25:49,080

that known noise was heard even at low

1960

01:25:52,490 --> 01:25:50,400

altitude

1961

01:25:56,510 --> 01:25:52,500

assumed all Point towards anomalous

1962

01:26:02,750 --> 01:26:00,169

that's the obvious excuse

1963

01:26:05,450 --> 01:26:02,760

or explanation like

1964

01:26:08,209 --> 01:26:05,460

if there is nothing sneaky behind

1965

01:26:10,910 --> 01:26:08,219

anomalous propagation here

1966

01:26:13,070 --> 01:26:10,920

there would be absolutely no need for

1967

01:26:14,390 --> 01:26:13,080

this person to write excuse in

1968

01:26:18,890 --> 01:26:14,400

quotations

1969

01:26:20,209 --> 01:26:18,900

would put the obvious explanation for

1970

01:26:22,970 --> 01:26:20,219

the sightings appears to be temperature

1971

01:26:27,290 --> 01:26:24,770

but I don't think that's the true answer

1972

01:26:29,870 --> 01:26:27,300

and I don't think this guy thinks it's a

1973

01:26:35,570 --> 01:26:29,880

true answer either and I think this is

1974

01:26:39,050 --> 01:26:37,370

and what do we hear about UFOs the

1975

01:26:41,870 --> 01:26:39,060

observables right

1976

01:26:44,629 --> 01:26:41,880

wide variations in speed 150 to 2000

1977

01:26:49,010 --> 01:26:44,639

miles per hour instant acceleration

1978

01:26:55,010 --> 01:26:52,129

all these cases

1979

01:26:59,689 --> 01:26:55,020

represent

1980

01:27:02,750 --> 01:27:01,189

so

1981

01:27:04,129 --> 01:27:02,760

I thought it would be fun to go through

1982

01:27:06,649 --> 01:27:04,139

those

1983

01:27:08,090 --> 01:27:06,659

um and kind of you know get it out of my

1984

01:27:09,890 --> 01:27:08,100

system because I've been looking at

1985

01:27:12,410 --> 01:27:09,900

those for a while and I thought I would

1986

01:27:13,850 --> 01:27:12,420

go through them with you yeah it's the

1987

01:27:16,490 --> 01:27:13,860

new but old swamp gas

1988

01:27:18,430 --> 01:27:16,500

[Laughter]

1989

01:27:20,689 --> 01:27:18,440

don't let him use that crap anymore

1990

01:27:22,610 --> 01:27:20,699

anomalous propagation so that's you know

1991

01:27:24,830 --> 01:27:22,620

you got a temperature inversion the

1992

01:27:27,050 --> 01:27:24,840

radio wave or whatever from the radar

1993

01:27:28,729 --> 01:27:27,060

hits it and goes down to the ground and

1994

01:27:33,530 --> 01:27:28,739

picks up ground targets

1995

01:27:39,770 --> 01:27:36,410

interesting so

1996

01:27:41,090 --> 01:27:39,780

I don't buy it and maybe some cases are

1997

01:27:44,870 --> 01:27:41,100

but

1998

01:27:47,570 --> 01:27:44,880

um when you have people admitting that

1999

01:27:49,550 --> 01:27:47,580

it's an excuse

2000

01:27:53,689 --> 01:27:49,560

and they're still dealing with the

2001
01:27:57,410 --> 01:27:55,910
you know if they really knew that that

2002
01:27:59,149 --> 01:27:57,420
was the problem

2003
01:28:01,430 --> 01:27:59,159
you wouldn't have people reporting this

2004
01:28:02,570 --> 01:28:01,440
stuff it wouldn't be important enough to

2005
01:28:04,129 --> 01:28:02,580
report

2006
01:28:07,430 --> 01:28:04,139
you know because it would be a part of

2007
01:28:09,830 --> 01:28:07,440
the training for the radar operators

2008
01:28:12,410 --> 01:28:09,840
you know if you ever see this this is

2009
01:28:13,910 --> 01:28:12,420
what it means they would see it go I

2010
01:28:15,770 --> 01:28:13,920
don't need to make a report I was

2011
01:28:17,629 --> 01:28:15,780
trained on this

2012
01:28:19,430 --> 01:28:17,639
over the course of a couple decades they

2013
01:28:22,610 --> 01:28:19,440

never were and they reported them as

2014

01:28:24,290 --> 01:28:22,620

UFOs and obviously we saw some baffle

2015

01:28:25,790 --> 01:28:24,300

the Air Force like the bent Waters Lake

2016

01:28:28,910 --> 01:28:25,800

and Heath

2017

01:28:31,490 --> 01:28:28,920

uh cases and there's a lot more of those

2018

01:28:32,810 --> 01:28:31,500

cases like I just picked a few randomly

2019

01:28:34,669 --> 01:28:32,820

to go through

2020

01:28:37,430 --> 01:28:34,679

there's a lot more of those

2021

01:28:39,050 --> 01:28:37,440

and of course there are cases that were

2022

01:28:41,689 --> 01:28:39,060

not apparently picked up on radar that

2023

01:28:43,669 --> 01:28:41,699

people saw and described visually as

2024

01:28:46,550 --> 01:28:43,679

moving

2025

01:28:50,450 --> 01:28:46,560

you know as the objects that were picked

2026

01:28:52,790 --> 01:28:50,460

up on radar that we just went through so

2027

01:28:56,030 --> 01:28:52,800

I think

2028

01:28:59,410 --> 01:28:56,040

we're done

2029

01:29:03,169 --> 01:28:59,420

but we have one more

2030

01:29:05,090 --> 01:29:03,179

thing that we're gonna do

2031

01:29:07,490 --> 01:29:05,100

if you guys want

2032

01:29:09,890 --> 01:29:07,500

you know to look at those cases like the

2033

01:29:10,910 --> 01:29:09,900

the whole cases you just let me know I

2034

01:29:13,310 --> 01:29:10,920

have them all

2035

01:29:15,590 --> 01:29:13,320

in a Google drive folder and I can share

2036

01:29:18,290 --> 01:29:15,600

it with you

2037

01:29:19,970 --> 01:29:18,300

but I'm not gonna do it if you don't ask

2038

01:29:23,209 --> 01:29:19,980

for it

2039

01:29:26,570 --> 01:29:25,250

and there's more cases in that folder

2040

01:29:28,189 --> 01:29:26,580

that we

2041

01:29:32,330 --> 01:29:28,199

didn't even

2042

01:29:40,669 --> 01:29:37,610

so what work now is

2043

01:29:42,830 --> 01:29:40,679

pretty fun stuff a lot of people tend to

2044

01:29:45,050 --> 01:29:42,840

like this when we do it

2045

01:29:47,870 --> 01:29:45,060

so we're gonna give it a freaking

2046

01:29:54,110 --> 01:29:47,880

attract oh okay just wants to

2047

01:29:54,120 --> 01:29:57,590

files

2048

01:30:05,810 --> 01:29:59,090

you know what I don't know if I can't do

2049

01:30:10,550 --> 01:30:07,970

um but I'll put it on like my website or

2050

01:30:12,890 --> 01:30:10,560

Jose I'll contact it make sure I get

2051
01:30:14,750 --> 01:30:12,900
them to you I'm not in the right Google

2052
01:30:17,629 --> 01:30:14,760
drive folder on this computer sorry

2053
01:30:23,510 --> 01:30:20,890
sorry about that sorry sorry sorry sorry

2054
01:30:24,770 --> 01:30:23,520
all right so we got one more thing to do

2055
01:30:26,510 --> 01:30:24,780
here

2056
01:30:31,070 --> 01:30:26,520
yeah

2057
01:30:41,060 --> 01:30:33,400
you know what time it is

2058
01:30:41,070 --> 01:30:45,649
[Music]

2059
01:30:51,050 --> 01:30:48,470
all right everybody it's that time where

2060
01:30:53,870 --> 01:30:51,060
we do what the heck is that we watch UFO

2061
01:30:55,310 --> 01:30:53,880
UAP videos and we ask ourselves what the

2062
01:30:57,890 --> 01:30:55,320
heck is that

2063
01:30:59,270 --> 01:30:57,900

very rarely if ever if we come up with

2064

01:31:01,430 --> 01:30:59,280

the correct answer

2065

01:31:03,410 --> 01:31:01,440

one day we will and that's why we play

2066

01:31:05,629 --> 01:31:03,420

the game

2067

01:31:08,209 --> 01:31:05,639

you know

2068

01:31:09,530 --> 01:31:08,219

it's not about knowing what it is it's

2069

01:31:33,129 --> 01:31:09,540

about

2070

01:31:36,470 --> 01:31:35,629

oh this looks weird looks like some kind

2071

01:31:39,410 --> 01:31:36,480

of

2072

01:31:53,689 --> 01:31:39,420

satellite I don't know maybe it's a

2073

01:31:53,699 --> 01:32:26,930

approach a few of boats

2074

01:32:26,940 --> 01:32:33,720

foreign

2075

01:34:29,270 --> 01:32:46,970

[Music]

2076
01:35:43,910 --> 01:34:49,010
foreign

2077
01:35:43,920 --> 01:36:02,649
[Music]

2078
01:36:08,390 --> 01:36:05,990
that was what the heck is that

2079
01:36:10,850 --> 01:36:08,400
it was a little rushed today

2080
01:36:13,450 --> 01:36:10,860
and I tried to actually use videos that

2081
01:36:16,490 --> 01:36:13,460
are in the YouTube shorts section

2082
01:36:19,370 --> 01:36:16,500
because I just could barely find any

2083
01:36:21,830 --> 01:36:19,380
videos if they weren't in the shorts

2084
01:36:23,930 --> 01:36:21,840
um category which is just really bizarre

2085
01:36:25,970 --> 01:36:23,940
to me if you type in YouTube UFO

2086
01:36:28,610 --> 01:36:25,980
sighting cell phone or whatever and you

2087
01:36:31,010 --> 01:36:28,620
try to actually find just somebody

2088
01:36:34,250 --> 01:36:31,020

uploading one with the cell phone

2089

01:36:36,649 --> 01:36:34,260

it's actually not easy like you have to

2090

01:36:38,629 --> 01:36:36,659

really search to find those otherwise

2091

01:36:42,110 --> 01:36:38,639

there are news reports

2092

01:36:44,510 --> 01:36:42,120

it's very congested with the latest news

2093

01:36:47,450 --> 01:36:44,520

like whether it's corbel citing stuff or

2094

01:36:49,669 --> 01:36:47,460

whatever so that's very interesting

2095

01:36:52,669 --> 01:36:49,679

that it's so saturated on YouTube it's

2096

01:36:54,169 --> 01:36:52,679

hard to find somebody's UFO video that

2097

01:36:55,250 --> 01:36:54,179

they shot by themselves on his cell

2098

01:36:58,250 --> 01:36:55,260

phone

2099

01:37:00,050 --> 01:36:58,260

it's interesting like you know might not

2100

01:37:02,090 --> 01:37:00,060

mean anything but I find that very

2101
01:37:05,270 --> 01:37:02,100
interesting but there's a bunch of those

2102
01:37:07,550 --> 01:37:05,280
in YouTube shorts the problem with those

2103
01:37:11,030 --> 01:37:07,560
is I can tell a lot of them are just

2104
01:37:12,590 --> 01:37:11,040
like fake CGI or whatever and I have a

2105
01:37:15,470 --> 01:37:12,600
suspicion maybe at least one or two of

2106
01:37:17,149 --> 01:37:15,480
those that we just watched are those but

2107
01:37:18,830 --> 01:37:17,159
you know you gotta watch something so

2108
01:37:21,610 --> 01:37:18,840
and we never know what the things are

2109
01:37:25,620 --> 01:37:21,620
anyway so what's the difference so

2110
01:37:33,240 --> 01:37:25,630
I hope you enjoyed it that was

2111
01:37:33,250 --> 01:37:37,750
[Music]

2112
01:37:41,750 --> 01:37:40,189
very fun time I'm gonna get out of here

2113
01:37:45,410 --> 01:37:41,760

have a great weekend thanks to everybody

2114

01:37:49,490 --> 01:37:45,420

for being here Benji Joe's

2115

01:37:52,430 --> 01:37:49,500

um Escape VFX the Mac geek Nathan Davis

2116

01:37:58,070 --> 01:37:52,440

Lord Bass

2117

01:38:01,790 --> 01:37:59,750

um dope nose hope everything's all right

2118

01:38:04,910 --> 01:38:01,800

for you and your wife were thinking of

2119

01:38:08,689 --> 01:38:04,920

you Peter Mueller

2120

01:38:11,950 --> 01:38:08,699

um Deanna what's up Josh

2121

01:38:14,090 --> 01:38:11,960

just trying to get everybody here robo

2122

01:38:16,550 --> 01:38:14,100

1776 what up

2123

01:38:19,610 --> 01:38:16,560

Prozac boy

2124

01:38:22,310 --> 01:38:19,620

what up Jack Reynolds

2125

01:38:26,450 --> 01:38:22,320

cool will

2126

01:38:29,330 --> 01:38:26,460

what's up Karen

2127

01:38:33,050 --> 01:38:29,340

Peter what's up Jonathan what's up

2128

01:38:38,689 --> 01:38:33,060

everybody Christian what's up

2129

01:38:43,010 --> 01:38:41,689

love having surf's psych all right I

2130

01:38:46,970 --> 01:38:43,020

appreciate all you guys have a good

2131

01:38:48,850 --> 01:38:46,980

weekend and we will catch you soon
