@ShanDScott

SEANRAASCH

@witnesscitizen

1
00:00:41,830 --> 00:00:12,460

[Music]

2
00:00:41,840 --> 00:00:55,130

thank you

3
00:01:01,010 --> 00:00:59,930

UAP news this time around is not in any

4
00:01:04,789 --> 00:01:01,020

article

5
00:01:09,109 --> 00:01:04,799

it wasn't written so I cannot narrate it

6
00:01:11,990 --> 00:01:09,119

but actually it's Gary Nolan who

7
00:01:13,789 --> 00:01:12,000

gave a presentation

8
00:01:15,410 --> 00:01:13,799

that is what's called the salt

9
00:01:17,330 --> 00:01:15,420

conference

10
00:01:18,770 --> 00:01:17,340

in New York City and this is a big

11
00:01:20,749 --> 00:01:18,780

conference like the people who attend

12
00:01:23,149 --> 00:01:20,759

this it's even said that uh like an

13
00:01:24,649 --> 00:01:23,159

advisor to the state department or

14

00:01:26,270 --> 00:01:24,659

something like that was in attendance

15

00:01:29,090 --> 00:01:26,280

people with a lot of money

16

00:01:33,249 --> 00:01:29,100

who you know may invest in some sort of

17

00:01:36,609 --> 00:01:33,259

exotic Tech per se so Gary Nolan is here

18

00:01:40,190 --> 00:01:36,619

at so Gary Nolan is at this conference

19

00:01:43,490 --> 00:01:40,200

and he gives us presentation on

20

00:01:45,590 --> 00:01:43,500

everything from Christ UFOs to uh

21

00:01:47,990 --> 00:01:45,600

extraterrestrial presence

22

00:01:50,389 --> 00:01:48,000

um not only having been here but being

23

00:01:53,810 --> 00:01:50,399

here currently

24

00:01:55,730 --> 00:01:53,820

um he talks about reverse engineering

25

00:01:59,270 --> 00:01:55,740

programs and how there was a

26
00:02:01,550 --> 00:01:59,280
whistleblower who just recently uh spoke

27
00:02:04,370 --> 00:02:01,560
up I think it was this past weekend and

28
00:02:07,850 --> 00:02:04,380
how it rocked Washington

29
00:02:10,309 --> 00:02:07,860
um so this is pretty amazing stuff

30
00:02:13,690 --> 00:02:10,319
and what also was kind of missed and all

31
00:02:17,390 --> 00:02:13,700
this is he's starting his own uh 501c3

32
00:02:19,550 --> 00:02:17,400
where he's going to write like policy

33
00:02:22,550 --> 00:02:19,560
papers for this sort of thing for

34
00:02:24,229 --> 00:02:22,560
Washington and for corporations so very

35
00:02:26,690 --> 00:02:24,239
interesting stuff I think a lot of

36
00:02:30,470 --> 00:02:26,700
what's missed here is exactly who Dr

37
00:02:33,229 --> 00:02:30,480
Gary Nolan is who is basically a leading

38
00:02:35,990 --> 00:02:33,239

doctor and scientist in in trying to to

39

00:02:38,690 --> 00:02:36,000

cure cancer basically you know it's

40

00:02:40,910 --> 00:02:38,700

pretty amazing and

41

00:02:43,729 --> 00:02:40,920

he goes to this conference with really

42

00:02:46,309 --> 00:02:43,739

important people and and puts it all out

43

00:02:47,690 --> 00:02:46,319

there you know and it's truly amazing I

44

00:02:49,790 --> 00:02:47,700

don't think we've seen anything like

45

00:02:52,550 --> 00:02:49,800

that and

46

00:02:54,309 --> 00:02:52,560

um you know the since modern ufology to

47

00:02:56,449 --> 00:02:54,319

be honest a lot of people have spoken up

48

00:02:59,210 --> 00:02:56,459

uh important people have spoken out

49

00:03:01,729 --> 00:02:59,220

about this topic

50

00:03:04,790 --> 00:03:01,739

um but not quite anyone with his

51
00:03:07,550 --> 00:03:04,800
credentials speaking uh on the types of

52
00:03:10,309 --> 00:03:07,560
platforms he's speaking on about the

53
00:03:12,290 --> 00:03:10,319
specific things he's discussing

54
00:03:14,509 --> 00:03:12,300
so it's pretty amazing

55
00:03:16,009 --> 00:03:14,519
um it's great news a lot of people are

56
00:03:17,930 --> 00:03:16,019
thinking like this is the start of

57
00:03:19,670 --> 00:03:17,940
disclosure and everything but Dr Nolan

58
00:03:22,729 --> 00:03:19,680
made it known that these are all things

59
00:03:24,470 --> 00:03:22,739
that he said before you know so it's not

60
00:03:26,809 --> 00:03:24,480
exactly new that he's saying it it's

61
00:03:29,690 --> 00:03:26,819
just where he's saying it I think that

62
00:03:31,670 --> 00:03:29,700
gives it such importance so

63
00:03:34,190 --> 00:03:31,680

um I think that's great the more we can

64

00:03:37,369 --> 00:03:34,200

normalize the conversation

65

00:03:40,670 --> 00:03:37,379

whether they're whether the people in

66

00:03:41,930 --> 00:03:40,680

the audience are you know businessmen or

67

00:03:43,369 --> 00:03:41,940

not

68

00:03:45,710 --> 00:03:43,379

um it's all good to open up the

69

00:03:48,589 --> 00:03:45,720

conversation so we'll see where that's

70

00:03:50,270 --> 00:03:48,599

headed I think that's pretty great uh we

71

00:03:53,030 --> 00:03:50,280

keep hearing good news we keep hearing

72

00:03:55,430 --> 00:03:53,040

things like this uh to some extent or

73

00:03:58,670 --> 00:03:55,440

another so hopefully some some good

74

00:04:03,350 --> 00:03:58,680

stuff comes to fruition I am not on the

75

00:04:05,710 --> 00:04:03,360

disclosure 23 2023 or bust hashtag the

76

00:04:11,089 --> 00:04:05,720

Twitter hashtag train

77

00:04:16,610 --> 00:04:14,449

it's just like I don't plan on

78

00:04:19,009 --> 00:04:16,620

if there's no disclosure like I'm not

79

00:04:21,650 --> 00:04:19,019

gonna stop looking into this myself so

80

00:04:23,150 --> 00:04:21,660

that's not gonna work for me but I hope

81

00:04:26,150 --> 00:04:23,160

it happens I hope there's some big

82

00:04:29,150 --> 00:04:26,160

reveals it certainly seems like a lot of

83

00:04:30,409 --> 00:04:29,160

people uh think there is going to be I

84

00:04:32,629 --> 00:04:30,419

don't have any inside information

85

00:04:34,189 --> 00:04:32,639

unfortunately so I don't know I'm

86

00:04:36,230 --> 00:04:34,199

working off of what's in the public just

87

00:04:39,230 --> 00:04:36,240

like you guys

88

00:04:41,330 --> 00:04:39,240

in my stance is it's all very exciting

89

00:04:43,310 --> 00:04:41,340

and I'm paying attention

90

00:04:46,430 --> 00:04:43,320

and I'm definitely hoping for the best

91

00:04:49,909 --> 00:04:46,440

doing anything I can do to help

92

00:04:52,070 --> 00:04:49,919

you know and if it doesn't happen

93

00:04:57,010 --> 00:04:52,080

you know then it doesn't happen that's

94

00:05:04,010 --> 00:05:01,610

UAP news that being said uh put the link

95

00:05:05,330 --> 00:05:04,020

to the story in the description so check

96

00:05:07,189 --> 00:05:05,340

it out

97

00:05:08,810 --> 00:05:07,199

that is actually all we have for you AP

98

00:05:11,150 --> 00:05:08,820

news so we're going to have an extended

99

00:05:12,830 --> 00:05:11,160

segment of back in time

100

00:05:15,350 --> 00:05:12,840

we're looking at a few different things

101
00:05:17,930 --> 00:05:15,360
some random newspaper clippings very

102
00:05:21,409 --> 00:05:17,940
interesting case where a couple people

103
00:05:23,930 --> 00:05:21,419
that were Associates you could say of Mr

104
00:05:26,210 --> 00:05:23,940
George adamsky a story about them we

105
00:05:28,070 --> 00:05:26,220
have a story about a UFO sighting

106
00:05:31,610 --> 00:05:28,080
reported to the Air Force by somebody

107
00:05:34,790 --> 00:05:31,620
who was associated with not only the

108
00:05:37,370 --> 00:05:34,800
Smithsonian but NASA but also a

109
00:05:39,890 --> 00:05:37,380
neurosciences research program in

110
00:05:42,350 --> 00:05:39,900
Massachusetts so that's a really great

111
00:05:44,590 --> 00:05:42,360
story also I have an interview with Mr

112
00:05:47,450 --> 00:05:44,600
Shannon Scott who I've

113
00:05:49,730 --> 00:05:47,460

come to know through Twitter he's a

114

00:05:50,749 --> 00:05:49,740

great person he's so positive breath of

115

00:05:52,790 --> 00:05:50,759

fresh air

116

00:05:54,350 --> 00:05:52,800

he's going through a lot of house stuff

117

00:05:55,670 --> 00:05:54,360

and he has been for a while so I'm

118

00:05:57,710 --> 00:05:55,680

really appreciative that he took the

119

00:06:00,830 --> 00:05:57,720

time to do this interview

120

00:06:02,570 --> 00:06:00,840

it's short and sweet what we do is we

121

00:06:04,850 --> 00:06:02,580

talk about his experience in the Navy

122

00:06:09,050 --> 00:06:04,860

where he heard of

123

00:06:10,730 --> 00:06:09,060

a crazy UFO sighting in 1971 and he

124

00:06:12,710 --> 00:06:10,740

heard it two different times serving in

125

00:06:15,890 --> 00:06:12,720

the Navy and both times to start it was

126
00:06:18,730 --> 00:06:15,900
the exact same so we talk about that and

127
00:06:23,029 --> 00:06:18,740
stay tuned till the end of this episode

128
00:06:25,309 --> 00:06:23,039
to watch some furry outtakes

129
00:06:28,309 --> 00:06:25,319
of our conversation

130
00:06:31,610 --> 00:06:28,319
and some really heartfelt comments

131
00:06:35,629 --> 00:06:31,620
so stay tuned for that

132
00:06:37,969 --> 00:06:35,639
we also have what the heck is that

133
00:06:41,900 --> 00:06:37,979
chorus

134
00:06:56,090 --> 00:06:41,910
so I hope you guys enjoy the ride

135
00:07:02,450 --> 00:06:59,570
this is a story about Carl hunrath

136
00:07:06,770 --> 00:07:02,460
in the incredible Adventures

137
00:07:08,450 --> 00:07:06,780
of Bosco hi 1952 Carl hunrath reported

138
00:07:11,809 --> 00:07:08,460

to the local police department

139

00:07:15,409 --> 00:07:11,819

Department in Racine Wisconsin that a

140

00:07:17,450 --> 00:07:15,419

mysterious man dressed in black broke

141

00:07:19,370 --> 00:07:17,460

into his home

142

00:07:21,350 --> 00:07:19,380

and gave him a shot

143

00:07:24,170 --> 00:07:21,360

of something that felt like a

144

00:07:26,029 --> 00:07:24,180

tranquilizer the person claimed I am

145

00:07:29,270 --> 00:07:26,039

Bosco and you have been chosen to enter

146

00:07:31,309 --> 00:07:29,280

our Brotherhood of galaxies not long

147

00:07:34,309 --> 00:07:31,319

after his encounter with the mysterious

148

00:07:37,790 --> 00:07:34,319

Men In Black uh hunrath actually

149

00:07:39,589 --> 00:07:37,800

developed a device that he wound up

150

00:07:42,909 --> 00:07:39,599

calling Bosco

151
00:07:47,029 --> 00:07:42,919
that he claimed could actually take down

152
00:07:49,730 --> 00:07:47,039
UFOs at the time hunrath was employed as

153
00:07:51,950 --> 00:07:49,740
a project engineer for oyster

154
00:07:54,230 --> 00:07:51,960
manufacturing who is known for its

155
00:07:57,409 --> 00:07:54,240
Sunbeam products of small electronics

156
00:07:58,210 --> 00:07:57,419
during the war oyster actually moved

157
00:08:02,150 --> 00:07:58,220
into

158
00:08:03,950 --> 00:08:02,160
avionics and that could be where hunrath

159
00:08:07,010 --> 00:08:03,960
actually developed the skills necessary

160
00:08:08,450 --> 00:08:07,020
to actually create something like Bosco

161
00:08:12,010 --> 00:08:08,460
that could

162
00:08:15,469 --> 00:08:12,020
sensibly call saucers down from the sky

163
00:08:19,610 --> 00:08:15,479

one of uh hunra's fellow employees at

164

00:08:24,050 --> 00:08:19,620

oyster was Wilbur Wilkinson who is a

165

00:08:26,529 --> 00:08:24,060

co-inventor of Bosco and he was employed

166

00:08:30,290 --> 00:08:26,539

as a foreman for oyster manufacturing

167

00:08:35,329 --> 00:08:30,300

Wilbur would subsequently follow hunrath

168

00:08:36,949 --> 00:08:35,339

into infamy in November 1952 hunrath

169

00:08:39,829 --> 00:08:36,959

actually quit his job at oyster

170

00:08:42,769 --> 00:08:39,839

manufacturing and he moved out to

171

00:08:44,690 --> 00:08:42,779

California which is where he met George

172

00:08:49,550 --> 00:08:44,700

adamski

173

00:08:52,310 --> 00:08:49,560

who is well known to be one of the first

174

00:08:54,910 --> 00:08:52,320

he isn't but he's well known to be one

175

00:08:58,250 --> 00:08:54,920

of the early Pioneers in contact

176

00:09:01,250 --> 00:08:58,260

experiences with UFOs and beings

177

00:09:04,670 --> 00:09:01,260

so hunrath metadamski and actually was

178

00:09:06,110 --> 00:09:04,680

able to bend his ear regarding Bosco and

179

00:09:08,210 --> 00:09:06,120

not only

180

00:09:10,910 --> 00:09:08,220

um did he tell him about how I could

181

00:09:14,930 --> 00:09:10,920

take down flying saucers but he also

182

00:09:17,870 --> 00:09:14,940

included how Pascal would be able to

183

00:09:22,850 --> 00:09:17,880

create enough free energy for Georgia

184

00:09:24,949 --> 00:09:22,860

damski to power his uh hamburger stand

185

00:09:27,530 --> 00:09:24,959

the only hitch in this was that his

186

00:09:30,769 --> 00:09:27,540

co-inventor Wilkinson was still back in

187

00:09:31,970 --> 00:09:30,779

Wisconsin with the invention Bosco so

188

00:09:34,250 --> 00:09:31,980

they were going to have to wait for

189

00:09:37,370 --> 00:09:34,260

Wilkinson to come out to California with

190

00:09:39,769 --> 00:09:37,380

Bosco so all the free energy and and

191

00:09:42,410 --> 00:09:39,779

greatness that brings would have to be

192

00:09:45,530 --> 00:09:42,420

on hold for the time being

193

00:09:47,870 --> 00:09:45,540

so Georgia damski seemed

194

00:09:50,750 --> 00:09:47,880

pretty

195

00:09:52,970 --> 00:09:50,760

positive to the idea of boscow and and

196

00:09:55,970 --> 00:09:52,980

hunrath and he had no issues with it

197

00:09:58,550 --> 00:09:55,980

until Apparently one night at the

198

00:10:00,829 --> 00:09:58,560

Palomar Gardens

199

00:10:04,790 --> 00:10:00,839

um there was a bit of a drinking story

200

00:10:06,949 --> 00:10:04,800

and hunrath went off the rails screaming

201
00:10:10,190 --> 00:10:06,959
about how

202
00:10:12,889 --> 00:10:10,200
um his invention Moscow could actually

203
00:10:16,610 --> 00:10:12,899
take down flag saucers and UFOs from the

204
00:10:19,930 --> 00:10:16,620
sky and I guess it was uh pretty intense

205
00:10:25,190 --> 00:10:19,940
and hostile so Georgia damski

206
00:10:28,070 --> 00:10:25,200
was cold on hunrath Bosco and Wilkinson

207
00:10:29,870 --> 00:10:28,080
from that time moving forward why

208
00:10:32,630 --> 00:10:29,880
exactly hunrath wanted to take down

209
00:10:35,150 --> 00:10:32,640
flank saucers as anybody's guess

210
00:10:38,810 --> 00:10:35,160
but it really rubbed George damski the

211
00:10:41,150 --> 00:10:38,820
wrong way and he told hunrath to get the

212
00:10:43,130 --> 00:10:41,160
hell out of his house he said there

213
00:10:45,470 --> 00:10:43,140

would be no talk of taking down any

214

00:10:47,269 --> 00:10:45,480

flying saucers

215

00:10:49,250 --> 00:10:47,279

um in front of him

216

00:10:51,530 --> 00:10:49,260

so part of a dance he's concerned with

217

00:10:53,990 --> 00:10:51,540

Bosco was if it could take down flag

218

00:10:57,050 --> 00:10:54,000

saucers then it could probably take down

219

00:10:59,449 --> 00:10:57,060

U.S military aircraft as well

220

00:11:03,350 --> 00:10:59,459

and hunrath apparently didn't care much

221

00:11:05,870 --> 00:11:03,360

as he responded who the hell cares

222

00:11:08,230 --> 00:11:05,880

so after witnessing this exchange one of

223

00:11:11,210 --> 00:11:08,240

the Dempsey's followers Lucy McGinnis

224

00:11:13,490 --> 00:11:11,220

notified authorities that hunrath had

225

00:11:16,790 --> 00:11:13,500

this device called Bosco that could

226

00:11:19,670 --> 00:11:16,800

potentially disable military aircraft

227

00:11:23,750 --> 00:11:19,680

and not long after the FBI and the Air

228

00:11:26,389 --> 00:11:23,760

Force office of special investigations

229

00:11:28,730 --> 00:11:26,399

began to look into it they went

230

00:11:30,710 --> 00:11:28,740

eventually to question adamsky at

231

00:11:32,990 --> 00:11:30,720

Palomar Gardens about boscow the device

232

00:11:36,230 --> 00:11:33,000

that could take down saucers and

233

00:11:37,850 --> 00:11:36,240

military aircraft uh Georgia damskey

234

00:11:39,949 --> 00:11:37,860

knows certain uncertain terms actually

235

00:11:44,690 --> 00:11:39,959

told them that hunrath went off the deep

236

00:11:48,110 --> 00:11:44,700

end and he was basically just

237

00:11:50,449 --> 00:11:48,120

um possessed by other worldly demons in

238

00:11:53,930 --> 00:11:50,459

practice occultism and he also called

239

00:11:56,269 --> 00:11:53,940

them an uncontrollable monster

240

00:11:59,509 --> 00:11:56,279

before unrest's relationship with the

241

00:12:02,150 --> 00:11:59,519

damski went South him and two other uh

242

00:12:03,970 --> 00:12:02,160

saucer connoisseurs actually started

243

00:12:07,490 --> 00:12:03,980

something called the adamsky foundation

244

00:12:11,889 --> 00:12:07,500

which was meant to preserve and promote

245

00:12:15,069 --> 00:12:11,899

the good professor's work in August 1953

246

00:12:18,470 --> 00:12:15,079

Bosco's co-inventor at Wilbur Wilkinson

247

00:12:21,050 --> 00:12:18,480

actually finally joined hunrath in

248

00:12:23,210 --> 00:12:21,060

California with his wife during this

249

00:12:27,710 --> 00:12:23,220

time hanrath apparently fell under the

250

00:12:31,370 --> 00:12:27,720

spell of George hunt Williamson and

251
00:12:35,750 --> 00:12:31,380
started communicating with other worldly

252
00:12:40,430 --> 00:12:35,760
entities and Baker spent a considerable

253
00:12:42,110 --> 00:12:40,440
amount of time at Hunt's place where he

254
00:12:46,069 --> 00:12:42,120
actually had a pseudo-scientific

255
00:12:47,889 --> 00:12:46,079
laboratory setup to this end Williamson

256
00:12:51,230 --> 00:12:47,899
and crew

257
00:12:52,490 --> 00:12:51,240
started using a diverse array of contact

258
00:12:54,730 --> 00:12:52,500
methods

259
00:12:59,150 --> 00:12:54,740
which included

260
00:13:01,930 --> 00:12:59,160
radio waves it included telepathy which

261
00:13:07,129 --> 00:13:01,940
we know as ce5

262
00:13:09,769 --> 00:13:07,139
it also included ingesting mescaline so

263
00:13:12,829 --> 00:13:09,779

they could enter Altered States and have

264

00:13:15,410 --> 00:13:12,839

contact that way and sometimes even they

265

00:13:17,690 --> 00:13:15,420

would use a Ouija board

266

00:13:20,030 --> 00:13:17,700

around this time they all developed

267

00:13:23,269 --> 00:13:20,040

their own space brother names

268

00:13:27,290 --> 00:13:23,279

hunrath Was Fear Khan Wilkinson was

269

00:13:29,810 --> 00:13:27,300

removed Williamson was Mark III

270

00:13:31,310 --> 00:13:29,820

Baker was marking

271

00:13:33,410 --> 00:13:31,320

now whether these characters actually

272

00:13:35,150 --> 00:13:33,420

thought that they were these space

273

00:13:37,190 --> 00:13:35,160

beings or not

274

00:13:40,129 --> 00:13:37,200

or or what their purpose and practice

275

00:13:42,949 --> 00:13:40,139

actually was isn't exactly clear but

276

00:13:46,490 --> 00:13:42,959

what we do know is that those first two

277

00:13:49,310 --> 00:13:46,500

names used

278

00:13:52,490 --> 00:13:49,320

were later mentioned in George Dempsey's

279

00:13:54,110 --> 00:13:52,500

book Inside the Spaceships so that

280

00:13:57,110 --> 00:13:54,120

summer on wrath and Wilkinson actually

281

00:13:58,610 --> 00:13:57,120

moved to Los Angeles and they got jobs

282

00:14:02,329 --> 00:13:58,620

to fund their Flying Saucer

283

00:14:05,210 --> 00:14:02,339

investigations their jobs were you know

284

00:14:07,190 --> 00:14:05,220

I believe they were electricians

285

00:14:10,389 --> 00:14:07,200

um Wilkerson actually moved his family

286

00:14:13,190 --> 00:14:10,399

into Echo Park into a rented house

287

00:14:17,030 --> 00:14:13,200

hundred found accommodations in a rooming

288

00:14:20,050 --> 00:14:17,040

house in downtown L.A November 10 1953

289

00:14:23,870 --> 00:14:20,060

hunrath found another ufologist in La

290

00:14:26,389 --> 00:14:23,880

Manon Darlene alerting her that he and

291

00:14:28,610 --> 00:14:26,399

Wilkerson were going to meet up with a

292

00:14:29,930 --> 00:14:28,620

landed Flying Saucer and asked if she

293

00:14:33,050 --> 00:14:29,940

wanted to come with

294

00:14:35,210 --> 00:14:33,060

and she politely declined

295

00:14:38,449 --> 00:14:35,220

fearing the men weren't working with a

296

00:14:40,850 --> 00:14:38,459

full set of dilithium crystals

297

00:14:45,410 --> 00:14:40,860

this is the part of the story where the

298

00:14:48,470 --> 00:14:45,420

newspaper account comes into play so

299

00:14:50,329 --> 00:14:48,480

this was in the newspaper

300

00:14:53,329 --> 00:14:50,339

and it's regarding these two people

301
00:14:56,750 --> 00:14:53,339
hanrath and Wilkerson

302
00:14:59,030 --> 00:14:56,760
and how wilkerson's wife thought that

303
00:15:02,689 --> 00:14:59,040
they were kidnapped

304
00:15:05,689 --> 00:15:02,699
by flying saucers two men missing in a

305
00:15:07,790 --> 00:15:05,699
light plane Los Angeles

306
00:15:09,769 --> 00:15:07,800
a light plane carrying two Los Angeles

307
00:15:12,949 --> 00:15:09,779
men which left the Gardena Valley

308
00:15:16,310 --> 00:15:12,959
Airport Wednesday noon with a three-hour

309
00:15:18,290 --> 00:15:16,320
fuel supply is still reported missing

310
00:15:20,269 --> 00:15:18,300
the sheriff's Arrow detail yesterday

311
00:15:22,550 --> 00:15:20,279
called off an aerial search for the

312
00:15:23,500 --> 00:15:22,560
rented single engine Cessna because of

313
00:15:25,310 --> 00:15:23,510

poor visibility

314

00:15:27,290 --> 00:15:25,320

[Music]

315

00:15:30,230 --> 00:15:27,300

aboard the missing craft were Carl E

316

00:15:35,210 --> 00:15:30,240

hunrath the pilot and wilberg Wilkinson

317

00:15:40,670 --> 00:15:38,030

why fears two kidnapped by flying saucer

318

00:15:42,949 --> 00:15:40,680

wife of one of the two former Racine men

319

00:15:45,949 --> 00:15:42,959

who disappeared in California suspects

320

00:15:50,150 --> 00:15:45,959

she says that the missing men were

321

00:15:53,030 --> 00:15:50,160

kidnapped by interplanetary Invaders

322

00:15:55,430 --> 00:15:53,040

Mrs Wilbur J Wilkinson said her husband

323

00:15:57,350 --> 00:15:55,440

and Carl hunrath who worked in Racine

324

00:15:59,449 --> 00:15:57,360

until last year

325

00:16:01,430 --> 00:15:59,459

disappeared in a rented plane from an

326

00:16:03,530 --> 00:16:01,440

airport near Los Angeles and haven't

327

00:16:05,389 --> 00:16:03,540

been heard from

328

00:16:09,290 --> 00:16:05,399

the weeks

329

00:16:13,310 --> 00:16:09,300

Wilkinson is 38th and hunrath 30.

330

00:16:15,530 --> 00:16:13,320

believe in flying saucers

331

00:16:17,930 --> 00:16:15,540

I don't expect to ever see my husband on

332

00:16:19,490 --> 00:16:17,940

this Earth again Mrs Wilkinson wrote in

333

00:16:23,030 --> 00:16:19,500

a letter received this morning by her

334

00:16:25,550 --> 00:16:23,040

mother Mrs Roy Keenan of 725 Madison

335

00:16:29,990 --> 00:16:28,250

Mrs Wilkinson and her three small

336

00:16:31,670 --> 00:16:30,000

daughters are expected to arrive in

337

00:16:34,009 --> 00:16:31,680

Racine next Monday

338

00:16:36,050 --> 00:16:34,019

the missing men both of whom are

339

00:16:38,389 --> 00:16:36,060

electricians and radio fans

340

00:16:40,129 --> 00:16:38,399

were described as Avid Believers in

341

00:16:42,230 --> 00:16:40,139

flying saucers

342

00:16:44,689 --> 00:16:42,240

both believe the end of the Earth was

343

00:16:48,170 --> 00:16:44,699

nearing and that strange little men from

344

00:16:50,749 --> 00:16:48,180

the planet Mazer were ready to invade

345

00:16:52,730 --> 00:16:50,759

Mrs Wilkinson told how her husband's Den

346

00:16:54,350 --> 00:16:52,740

was in line with pictures of flying

347

00:16:56,389 --> 00:16:54,360

saucers and strange pictures and

348

00:16:58,610 --> 00:16:56,399

writings

349

00:17:02,590 --> 00:16:58,620

which he thought was the language of the

350

00:17:08,449 --> 00:17:05,270

he said he knew the whereabouts of a

351

00:17:11,809 --> 00:17:08,459

flying saucer which landed recently

352

00:17:13,970 --> 00:17:11,819

the former Racine woman added

353

00:17:16,730 --> 00:17:13,980

Wilbur called me about 10 o'clock on the

354

00:17:17,929 --> 00:17:16,740

morning of November 18th Mrs Wilkinson

355

00:17:20,870 --> 00:17:17,939

said

356

00:17:23,030 --> 00:17:20,880

he asked what we were having for supper

357

00:17:26,929 --> 00:17:23,040

then he never came home

358

00:17:29,510 --> 00:17:26,939

a radio ham and a fan always an avid

359

00:17:31,549 --> 00:17:29,520

radio fan Wilkinson had a room filled

360

00:17:34,370 --> 00:17:31,559

with shortwave and other radio equipment

361

00:17:36,590 --> 00:17:34,380

when the family lived at 1638 Saint

362

00:17:39,470 --> 00:17:36,600

Claire Street

363

00:17:41,210 --> 00:17:39,480

however the electrician's wife said he

364

00:17:43,490 --> 00:17:41,220

had a tape recordings of conversations

365

00:17:47,390 --> 00:17:43,500

with men presumably from other planets

366

00:17:52,250 --> 00:17:49,669

she also said Wilkinson had a message

367

00:17:54,830 --> 00:17:52,260

supposedly received from Prince regs of

368

00:17:56,870 --> 00:17:54,840

the planet Mazer Tech to the wall near

369

00:17:59,690 --> 00:17:56,880

his radio equipment in their Los Angeles

370

00:18:01,850 --> 00:17:59,700

home Mrs Wilkinson said her husband

371

00:18:04,310 --> 00:18:01,860

really didn't seem too interested in

372

00:18:06,770 --> 00:18:04,320

flag saucers except when Carl hunrath

373

00:18:08,810 --> 00:18:06,780

came around Carl was the one who talked

374

00:18:10,490 --> 00:18:08,820

to send to come into California

375

00:18:12,289 --> 00:18:10,500

last June

376

00:18:14,570 --> 00:18:12,299

because he said he could actually show a

377

00:18:17,029 --> 00:18:14,580

flying saucer to Wilbur says husband

378

00:18:19,370 --> 00:18:17,039

convinced of course I don't quite go for

379

00:18:23,710 --> 00:18:19,380

all the Flying Saucer talk but Carl had

380

00:18:25,850 --> 00:18:23,720

convinced Wilbur they actually existed

381

00:18:27,470 --> 00:18:25,860

Wilkinson's family and friends said he

382

00:18:30,049 --> 00:18:27,480

talked very little but always was

383

00:18:31,130 --> 00:18:30,059

willing to discuss astrology or the

384

00:18:34,430 --> 00:18:31,140

hereafter

385

00:18:39,529 --> 00:18:36,350

he was described by fellow radio

386

00:18:41,450 --> 00:18:39,539

operators in Racine is odd

387

00:18:44,330 --> 00:18:41,460

however we are all trying to invent

388

00:18:46,730 --> 00:18:44,340

something new every now and then and

389

00:18:50,810 --> 00:18:46,740

I guess we are all called odd at one

390

00:18:53,270 --> 00:18:50,820

time or another one him added

391

00:18:54,650 --> 00:18:53,280

hunrat The Bachelor when he lived near

392

00:18:57,669 --> 00:18:54,660

Racine

393

00:19:00,049 --> 00:18:57,679

had his home on the Franksville Road

394

00:19:02,090 --> 00:19:00,059

Wilkinson's move from Saint Claire's

395

00:19:04,130 --> 00:19:02,100

Street to the short road before leaving

396

00:19:06,590 --> 00:19:04,140

the area

397

00:19:08,570 --> 00:19:06,600

Law Officers at Los Angeles are reported

398

00:19:10,490 --> 00:19:08,580

to have ticket and give a view of the

399

00:19:12,590 --> 00:19:10,500

saucer kidnapping

400

00:19:15,590 --> 00:19:12,600

they weren't Mrs Wilkinson that both men

401
00:19:18,470 --> 00:19:15,600
might be in for a prison term if it is

402
00:19:20,930 --> 00:19:18,480
shown they stole the plane

403
00:19:22,190 --> 00:19:20,940
Mrs Wilkinson who admitted having an

404
00:19:23,750 --> 00:19:22,200
argument with her husband the night

405
00:19:25,669 --> 00:19:23,760
before he disappeared

406
00:19:27,710 --> 00:19:25,679
still maintains that

407
00:19:35,110 --> 00:19:27,720
I just can't help but think flying

408
00:19:51,529 --> 00:19:41,420
[Music]

409
00:19:56,150 --> 00:19:54,409
what actually happened here we have

410
00:19:58,310 --> 00:19:56,160
Wilkerson

411
00:20:01,190 --> 00:19:58,320
who apparently is an into flying saucers

412
00:20:03,409 --> 00:20:01,200
until this hunrath guy comes along then

413
00:20:05,990 --> 00:20:03,419

he is

414

00:20:08,270 --> 00:20:06,000

and they invent something called Bosco

415

00:20:10,310 --> 00:20:08,280

which takes down flying saucers and they

416

00:20:12,590 --> 00:20:10,320

know that how

417

00:20:15,470 --> 00:20:12,600

hunrath moves out to Los Angeles and

418

00:20:19,010 --> 00:20:15,480

meets Georgia damskey the perfect person

419

00:20:21,470 --> 00:20:19,020

for unread to meet to not only you know

420

00:20:24,770 --> 00:20:21,480

sell his Bosco device but you know start

421

00:20:26,210 --> 00:20:24,780

mingling with contactees and and other

422

00:20:29,570 --> 00:20:26,220

ufologists

423

00:20:32,750 --> 00:20:29,580

and he actually gets Wilkerson to move

424

00:20:35,330 --> 00:20:32,760

his entire family out to Echo Park

425

00:20:38,090 --> 00:20:35,340

California

426
00:20:40,789 --> 00:20:38,100
to see a landed Flying Saucer apparently

427
00:20:43,070 --> 00:20:40,799
to his wife according to his wife

428
00:20:44,810 --> 00:20:43,080
that's a big move to move all the way

429
00:20:48,110 --> 00:20:44,820
across the country the other interesting

430
00:20:49,570 --> 00:20:48,120
thing about this a whole story is this

431
00:20:53,570 --> 00:20:49,580
is

432
00:20:55,850 --> 00:20:53,580
1952 1952 was the busiest Flying Saucer

433
00:20:59,390 --> 00:20:55,860
here in the United States of America

434
00:21:02,029 --> 00:20:59,400
Barnard to this day even that we know of

435
00:21:04,970 --> 00:21:02,039
documented

436
00:21:10,190 --> 00:21:04,980
Not only was the capital

437
00:21:12,409 --> 00:21:10,200
um flown over by UFOs but that same

438
00:21:14,450 --> 00:21:12,419

exact thing was happening all over the

439

00:21:15,890 --> 00:21:14,460

country

440

00:21:18,830 --> 00:21:15,900

sometimes

441

00:21:22,010 --> 00:21:18,840

many many times in the same day

442

00:21:27,409 --> 00:21:24,289

and it just so happens that we have

443

00:21:29,390 --> 00:21:27,419

these contact movements starting

444

00:21:32,390 --> 00:21:29,400

and this guy goes

445

00:21:36,529 --> 00:21:32,400

to see a flag saucer

446

00:21:39,169 --> 00:21:36,539

and they never come back they disappear

447

00:21:41,930 --> 00:21:39,179

and no one's ever found them all this

448

00:21:44,270 --> 00:21:41,940

time and no one's found them

449

00:21:50,270 --> 00:21:44,280

certainly if they were alive they I'm

450

00:21:56,990 --> 00:21:52,669

did they crash how come no one's found

451

00:22:02,450 --> 00:21:59,750

interesting and it reminds me of the

452

00:22:03,649 --> 00:22:02,460

Australian case where a pilot was

453

00:22:05,630 --> 00:22:03,659

actually

454

00:22:10,490 --> 00:22:05,640

on his

455

00:22:12,770 --> 00:22:10,500

intercom is communication systems with

456

00:22:16,549 --> 00:22:12,780

the tower control

457

00:22:20,930 --> 00:22:16,559

talking about a UFO around his plane

458

00:22:23,029 --> 00:22:20,940

the communications get interrupted

459

00:22:26,390 --> 00:22:23,039

and the guy disappears Frederick

460

00:22:29,390 --> 00:22:26,400

Valentine I think his name is

461

00:22:31,789 --> 00:22:29,400

is that what happened here

462

00:22:37,010 --> 00:22:34,070

very interesting apparently hunrath was

463

00:22:39,890 --> 00:22:37,020

an amateur pilot and hadn't flown for a

464

00:22:43,370 --> 00:22:39,900

long time so if you also take that into

465

00:22:45,529 --> 00:22:43,380

account if you're not really familiar

466

00:22:47,630 --> 00:22:45,539

with flying I don't think being a pilot

467

00:22:49,190 --> 00:22:47,640

is something to take lightly and if

468

00:22:52,070 --> 00:22:49,200

you're going to do that in a new place

469

00:22:54,730 --> 00:22:52,080

like you know California

470

00:22:57,770 --> 00:22:54,740

um maybe there was some

471

00:22:59,990 --> 00:22:57,780

unpreparedness uh going on there and and

472

00:23:01,669 --> 00:23:00,000

maybe they crash but still they didn't

473

00:23:03,470 --> 00:23:01,679

find the wreckage I know the world's a

474

00:23:05,630 --> 00:23:03,480

big place it could be anywhere including

475

00:23:08,390 --> 00:23:05,640

the bottom of the ocean

476

00:23:10,310 --> 00:23:08,400

um but just a really interesting case

477

00:23:14,450 --> 00:23:10,320

that

478

00:23:18,470 --> 00:23:14,460

you know takes this guy Wilbur Wilkinson

479

00:23:20,029 --> 00:23:18,480

from no interest in flag saucers to an

480

00:23:22,669 --> 00:23:20,039

avid interest

481

00:23:24,169 --> 00:23:22,679

to moving his whole life across the

482

00:23:26,630 --> 00:23:24,179

entire country

483

00:23:29,570 --> 00:23:26,640

for that interest

484

00:23:33,049 --> 00:23:29,580

only to disappear

485

00:23:40,130 --> 00:23:36,470

if you are one of those people

486

00:23:47,029 --> 00:23:43,549

you know if flag saucers or UFOs have

487

00:23:50,450 --> 00:23:47,039

any negative aspect to them

488

00:23:52,490 --> 00:23:50,460

I simply implore you to look at cases

489

00:23:54,710 --> 00:23:52,500

like this one and the case like the

490

00:23:56,990 --> 00:23:54,720

Australian pilot and other cases like

491

00:24:01,669 --> 00:23:57,000

Captain Mantel in 1948 where he went to

492

00:24:05,149 --> 00:24:01,679

chase uh what was this a UFO

493

00:24:09,289 --> 00:24:06,950

you know

494

00:24:12,230 --> 00:24:09,299

these are negative consequences whether

495

00:24:14,930 --> 00:24:12,240

they are intended or not is another

496

00:24:17,990 --> 00:24:14,940

question but someone being so influenced

497

00:24:20,210 --> 00:24:18,000

by the power of interest in UFOs to

498

00:24:23,570 --> 00:24:20,220

travel across country move his family

499

00:24:26,630 --> 00:24:23,580

across country only to disappear and

500

00:24:30,049 --> 00:24:26,640

never come back again on a trip to find

501
00:24:32,029 --> 00:24:30,059
a landed Flying Saucer is

502
00:24:35,510 --> 00:24:32,039
incredible power

503
00:24:38,870 --> 00:24:35,520
the the wife and kids wound up moving

504
00:24:43,490 --> 00:24:41,510
and so you know some people theorized or

505
00:24:44,930 --> 00:24:43,500
or guessed that maybe they went to

506
00:24:49,789 --> 00:24:44,940
Mexico

507
00:24:54,289 --> 00:24:52,250
that Wilkinson well I don't know the guy

508
00:24:56,210 --> 00:24:54,299
obviously but what kind of person would

509
00:24:57,529 --> 00:24:56,220
you have to be to move your whole family

510
00:25:03,049 --> 00:24:57,539
out

511
00:25:09,409 --> 00:25:05,390
that's a pretty terrible person

512
00:25:11,630 --> 00:25:09,419
I think they either crashed or

513
00:25:15,890 --> 00:25:11,640

I think Wilkinson's wife

514

00:25:19,669 --> 00:25:18,289

maybe something happened I'm not sure I

515

00:25:21,649 --> 00:25:19,679

think it's an interesting case because

516

00:25:25,669 --> 00:25:21,659

however you feel about

517

00:25:28,690 --> 00:25:25,679

um you know a dabsky or or contactees or

518

00:25:31,370 --> 00:25:28,700

people who you know practice ce5

519

00:25:34,669 --> 00:25:31,380

it's all a part of the picture of

520

00:25:37,310 --> 00:25:34,679

ufology and hoaxes are too

521

00:25:39,470 --> 00:25:37,320

you know and I think Georgia damski

522

00:25:41,510 --> 00:25:39,480

Maybe started with a real experience and

523

00:25:44,690 --> 00:25:41,520

then maybe started making some up but

524

00:25:47,149 --> 00:25:44,700

I'm not sure you know I'm not uh the

525

00:25:48,649 --> 00:25:47,159

go-to resource on Georgia damsky I've

526

00:25:50,990 --> 00:25:48,659

looked into his case a little bit for

527

00:25:53,090 --> 00:25:51,000

sure but I'm the kind of guy if if

528

00:25:55,010 --> 00:25:53,100

you've watched this show long enough at

529

00:25:57,950 --> 00:25:55,020

this point you realize that you know

530

00:25:59,390 --> 00:25:57,960

something's kind of like a popular well

531

00:26:01,909 --> 00:25:59,400

known already

532

00:26:04,310 --> 00:26:01,919

um I tend to kind of shy away from that

533

00:26:05,810 --> 00:26:04,320

not for any particular reason like I

534

00:26:07,970 --> 00:26:05,820

think I'm going to find something new or

535

00:26:08,690 --> 00:26:07,980

whatever that's it's just what I do it's

536

00:26:10,490 --> 00:26:08,700

like

537

00:26:12,769 --> 00:26:10,500

you know everybody said Georgia dance

538

00:26:16,549 --> 00:26:12,779

game a million different times

539

00:26:18,409 --> 00:26:16,559

um and it's a complicated and

540

00:26:21,350 --> 00:26:18,419

long story

541

00:26:23,450 --> 00:26:21,360

that if I were to cover a damski it

542

00:26:25,070 --> 00:26:23,460

would take its own you know episode and

543

00:26:27,590 --> 00:26:25,080

I'm not sure if you know that's

544

00:26:29,450 --> 00:26:27,600

something that interests me or you so

545

00:26:30,769 --> 00:26:29,460

but this story I thought was definitely

546

00:26:32,690 --> 00:26:30,779

interesting

547

00:26:34,630 --> 00:26:32,700

um and I thought it was even before I

548

00:26:37,730 --> 00:26:34,640

learned about the connection to adamski

549

00:26:40,310 --> 00:26:37,740

so basically you know the source they

550

00:26:42,590 --> 00:26:40,320

used for this story most of the story

551
00:26:44,870 --> 00:26:42,600
was a website where I where I found the

552
00:26:47,269 --> 00:26:44,880
writing um that talked about unwrath and

553
00:26:50,750 --> 00:26:47,279
and Wilkerson and and how they met at

554
00:26:52,970 --> 00:26:50,760
damsky so I can't really vouch you know

555
00:26:54,590 --> 00:26:52,980
for a lot of that stuff I wasn't there

556
00:26:55,970 --> 00:26:54,600
they're not government documents or

557
00:26:57,649 --> 00:26:55,980
whatever and even if they're government

558
00:27:00,350 --> 00:26:57,659
documents can you vouch for it I don't

559
00:27:02,750 --> 00:27:00,360
know that's another question but

560
00:27:07,010 --> 00:27:04,850
it's a party equality it's a part of the

561
00:27:08,750 --> 00:27:07,020
lower so I wanted to tell the story and

562
00:27:10,610 --> 00:27:08,760
I hope you enjoyed it so these other

563
00:27:13,669 --> 00:27:10,620

newspaper clippings that I'm gonna read

564

00:27:16,190 --> 00:27:13,679

from are an assortment

565

00:27:17,750 --> 00:27:16,200

um I think oftentimes we forget and

566

00:27:20,029 --> 00:27:17,760

especially if you don't look into the

567

00:27:22,610 --> 00:27:20,039

topic very often

568

00:27:25,669 --> 00:27:22,620

um you know you don't realize how

569

00:27:28,430 --> 00:27:25,679

serious that the military in the Air

570

00:27:30,970 --> 00:27:28,440

Force especially took flag saucers when

571

00:27:35,110 --> 00:27:30,980

they first you know arrived on the scene

572

00:27:37,190 --> 00:27:35,120

in modern ufology and Antiquity in about

573

00:27:40,190 --> 00:27:37,200

1947-ish you know

574

00:27:42,169 --> 00:27:40,200

and these articles in the newspaper you

575

00:27:43,789 --> 00:27:42,179

know clearly paint a picture of how

576
00:27:46,070 --> 00:27:43,799
serious

577
00:27:48,590 --> 00:27:46,080
um the military and the defense

578
00:27:52,430 --> 00:27:48,600
department actually took these reports

579
00:27:55,669 --> 00:27:52,440
to the point of where they'd

580
00:27:58,190 --> 00:27:55,679
you know set up huge uh camera projects

581
00:28:01,370 --> 00:27:58,200
to try and take pictures of them to have

582
00:28:04,130 --> 00:28:01,380
protocols to to chase UFOs with their

583
00:28:07,909 --> 00:28:04,140
Jets all that stuff is really expensive

584
00:28:11,090 --> 00:28:07,919
and pricey and and those are big plans

585
00:28:13,789 --> 00:28:11,100
and to simply just Implement those

586
00:28:16,750 --> 00:28:13,799
you know and think that UFOs are nothing

587
00:28:19,250 --> 00:28:16,760
but meteors and planes and balloons

588
00:28:21,890 --> 00:28:19,260

seems somewhat ridiculous

589

00:28:24,169 --> 00:28:21,900

it is ridiculous

590

00:28:25,610 --> 00:28:24,179

and if there was some sort of other you

591

00:28:28,310 --> 00:28:25,620

know plan there

592

00:28:30,350 --> 00:28:28,320

like we're gonna tell the people we're

593

00:28:32,750 --> 00:28:30,360

photographing flank saucers but we know

594

00:28:36,590 --> 00:28:32,760

they're not real and we're photographing

595

00:28:43,370 --> 00:28:39,409

well that would be a huge deception

596

00:28:45,230 --> 00:28:43,380

and theft from the American taxpayers so

597

00:28:47,029 --> 00:28:45,240

I don't I really don't think that's the

598

00:28:50,330 --> 00:28:47,039

case I think they were also very

599

00:28:55,669 --> 00:28:50,340

concerned by flag saucers and you can

600

00:29:03,529 --> 00:28:58,610

in the other newspaper clipping is I'm

601
00:29:06,830 --> 00:29:03,539
just a short story about an armada of

602
00:29:10,669 --> 00:29:06,840
flank saucers that arrived one day in

603
00:29:13,130 --> 00:29:10,679
Farmington New Mexico

604
00:29:15,350 --> 00:29:13,140
this case is probably one that deserves

605
00:29:17,810 --> 00:29:15,360
maybe its own you know attention

606
00:29:21,230 --> 00:29:17,820
separate from you know reading old

607
00:29:23,029 --> 00:29:21,240
newspaper clippings but I came across it

608
00:29:27,110 --> 00:29:23,039
and

609
00:29:27,950 --> 00:29:27,120
deeper into the case on a different

610
00:29:31,730 --> 00:29:27,960
episode

611
00:29:35,330 --> 00:29:31,740
so I hope you enjoy this segment

612
00:29:36,769 --> 00:29:35,340
of back in time flying saucers are top

613
00:29:39,049 --> 00:29:36,779

secret

614

00:29:41,330 --> 00:29:39,059

the South African Department of Defense

615

00:29:43,669 --> 00:29:41,340

is labeled all information about flying

616

00:29:47,750 --> 00:29:43,679

saucers seen in South Africa in its

617

00:29:50,510 --> 00:29:47,760

files top secret not to be divulged some

618

00:29:52,610 --> 00:29:50,520

people in South Africa and Rhodesia who

619

00:29:54,350 --> 00:29:52,620

claim to have seen suspicious flying

620

00:29:56,889 --> 00:29:54,360

objects have sent the defense

621

00:29:59,870 --> 00:29:56,899

authorities completed 20-page

622

00:30:02,870 --> 00:29:59,880

questionnaires giving details

623

00:30:05,930 --> 00:30:02,880

Flying Saucer cameras are set up by Air

624

00:30:08,090 --> 00:30:05,940

Force Washington up

625

00:30:10,010 --> 00:30:08,100

the Air Force is said today it has set

626

00:30:11,750 --> 00:30:10,020

up flank saucer cameras around the

627

00:30:13,789 --> 00:30:11,760

country to clear up the mystery of

628

00:30:16,610 --> 00:30:13,799

strange objects reported from time to

629

00:30:19,070 --> 00:30:16,620

time to be flitting through the skies

630

00:30:21,169 --> 00:30:19,080

the cameras are designed to analyze

631

00:30:23,269 --> 00:30:21,179

moving lights to determine whether they

632

00:30:26,210 --> 00:30:23,279

are merely insubstantial flows or come

633

00:30:28,730 --> 00:30:26,220

from identifiable material objects

634

00:30:29,750 --> 00:30:28,740

the devices are diffraction grading

635

00:30:32,210 --> 00:30:29,760

cameras

636

00:30:34,850 --> 00:30:32,220

which separate light into its component

637

00:30:37,250 --> 00:30:34,860

parts and register them on film

638

00:30:40,010 --> 00:30:37,260

astronomers use similar equipment to

639

00:30:41,930 --> 00:30:40,020

determine the composition of stars

640

00:30:44,269 --> 00:30:41,940

with this new equipment the Air Force

641

00:30:46,909 --> 00:30:44,279

said scientists may be able to determine

642

00:30:49,190 --> 00:30:46,919

the source of unidentified lights

643

00:30:50,690 --> 00:30:49,200

an Air Force spokesman said the cameras

644

00:30:52,510 --> 00:30:50,700

were set up where saucers have

645

00:30:55,970 --> 00:30:52,520

frequently been reported in the past

646

00:30:57,409 --> 00:30:55,980

here and in California Texas and

647

00:30:59,630 --> 00:30:57,419

elsewhere

648

00:31:01,860 --> 00:30:59,640

flying saucers have been reported

649

00:31:02,990 --> 00:31:01,870

sporadically since 1947.

650

00:31:05,810 --> 00:31:03,000

[Music]

651
00:31:08,450 --> 00:31:05,820
in a new fact sheet on flying saucers

652
00:31:10,130 --> 00:31:08,460
the Air Force said the majority of all

653
00:31:12,110 --> 00:31:10,140
reported sightings have been found to

654
00:31:15,590 --> 00:31:12,120
involve either man-made objects such as

655
00:31:18,470 --> 00:31:15,600
aircraft or balloons or known phenomena

656
00:31:21,350 --> 00:31:18,480
such as meteors and planets

657
00:31:23,630 --> 00:31:21,360
so it remains to be seen why the Air

658
00:31:26,690 --> 00:31:23,640
Force is spending taxpayer money

659
00:31:28,610 --> 00:31:26,700
on this project to begin with

660
00:31:30,710 --> 00:31:28,620
[Music]

661
00:31:32,990 --> 00:31:30,720
the Air Force reaffirmed its position

662
00:31:35,330 --> 00:31:33,000
that the Unexplained aerial phenomenon

663
00:31:37,870 --> 00:31:35,340

are not a secret weapon missile or

664

00:31:40,310 --> 00:31:37,880

aircraft developed by the United States

665

00:31:42,950 --> 00:31:40,320

it also stated that

666

00:31:45,590 --> 00:31:42,960

no authentic physical evidence has been

667

00:31:48,649 --> 00:31:45,600

received establishing the existence of

668

00:31:50,930 --> 00:31:48,659

spaceships from other planets Mass

669

00:31:54,769 --> 00:31:50,940

flight of flying saucers

670

00:31:56,870 --> 00:31:54,779

Farmington New Mexico March 17th

671

00:31:59,630 --> 00:31:56,880

a mass flight of flying saucers over

672

00:32:02,330 --> 00:31:59,640

this Northwestern New Mexico oil town of

673

00:32:04,010 --> 00:32:02,340

5 000 population was reported today by

674

00:32:07,610 --> 00:32:04,020

50 persons

675

00:32:10,130 --> 00:32:07,620

including businessmen and private Pilots

676

00:32:12,470 --> 00:32:10,140

detailed accounts of the flight varied

677

00:32:14,510 --> 00:32:12,480

but editor Orville Ricketts of the

678

00:32:16,789 --> 00:32:14,520

Farmington Daily Times said he had

679

00:32:18,710 --> 00:32:16,799

collected the names of at least 50 men

680

00:32:23,810 --> 00:32:18,720

and women who witnessed the strange

681

00:32:27,590 --> 00:32:25,610

Air Force officials have been

682

00:32:29,990 --> 00:32:27,600

investigating flying saucers since they

683

00:32:31,970 --> 00:32:30,000

were first reported in 1947 but never

684

00:32:33,889 --> 00:32:31,980

have found any evidence to support the

685

00:32:35,750 --> 00:32:33,899

rumors

686

00:32:37,370 --> 00:32:35,760

the witness estimated the number of

687

00:32:39,710 --> 00:32:37,380

objects which appeared in groups

688

00:32:44,450 --> 00:32:39,720

commencing at 10 30 am and Lasting for

689

00:32:49,490 --> 00:32:46,610

the advertising manager of the times

690

00:32:51,409 --> 00:32:49,500

Clayton bodies said he was with a group

691

00:32:55,190 --> 00:32:51,419

of five businessmen who saw a mass

692

00:32:58,549 --> 00:32:57,409

body said they were all disc shaped and

693

00:33:00,049 --> 00:32:58,559

fluttered through the air without

694

00:33:02,269 --> 00:33:00,059

descending to Earth

695

00:33:04,190 --> 00:33:02,279

that it was clear with only clouds at an

696

00:33:06,409 --> 00:33:04,200

estimated altitude of twenty thousand

697

00:33:07,970 --> 00:33:06,419

feet Ricketts said with virtually no

698

00:33:10,190 --> 00:33:07,980

strong win which would have picked up

699

00:33:13,250 --> 00:33:10,200

paper or similar material and carried it

700

00:33:18,950 --> 00:33:16,389

among the saucers spotted by

701
00:33:21,950 --> 00:33:18,960
unestimated scores of persons on

702
00:33:25,130 --> 00:33:21,960
Farmington streets was one low-flying

703
00:33:26,930 --> 00:33:25,140
red hued saucer-shaped object which

704
00:33:29,810 --> 00:33:26,940
streaked across the sky and south to

705
00:33:34,070 --> 00:33:32,450
Rick had set a cross track of witnesses

706
00:33:36,590 --> 00:33:34,080
revealed that the object cleared the

707
00:33:40,730 --> 00:33:36,600
Horizon in its tremendous speed in a

708
00:33:45,769 --> 00:33:42,950
all of the objects were a silvery color

709
00:33:47,930 --> 00:33:45,779
except for the one red saucer and all

710
00:33:52,549 --> 00:33:47,940
except a ladder appeared to be an

711
00:33:54,590 --> 00:33:52,559
extremely high altitude the editor said

712
00:33:56,810 --> 00:33:54,600
Ricketts said that among the Witnesses

713
00:33:59,269 --> 00:33:56,820

were airplane pilots including one Navy

714

00:34:01,250 --> 00:33:59,279

veteran who had flown in combat in the

715

00:34:03,529 --> 00:34:01,260

Pacific during the war

716

00:34:05,930 --> 00:34:03,539

okay now I want to go over a Project

717

00:34:10,609 --> 00:34:05,940

Blue Book case

718

00:34:14,149 --> 00:34:10,619

um officially classed as unidentified

719

00:34:16,550 --> 00:34:14,159

and it's a perfect example of the kinds

720

00:34:21,589 --> 00:34:16,560

of witnesses

721

00:34:25,430 --> 00:34:23,810

those who are familiar with ufology and

722

00:34:27,649 --> 00:34:25,440

UFO reports

723

00:34:29,570 --> 00:34:27,659

know quite well

724

00:34:31,510 --> 00:34:29,580

that we see all kinds of witnesses

725

00:34:35,389 --> 00:34:31,520

whether you know they're Pilots doctors

726
00:34:36,070 --> 00:34:35,399
lawyers Air Force pilots Navy Pilots you

727
00:34:40,010 --> 00:34:36,080
know

728
00:34:44,570 --> 00:34:40,020
Senators presidents

729
00:34:49,010 --> 00:34:44,580
so that's not much of a surprise to us

730
00:34:54,470 --> 00:34:51,589
and a lot of people

731
00:34:57,770 --> 00:34:54,480
still think that if you report a flying

732
00:35:01,329 --> 00:34:57,780
saucer or some sort of encounter or

733
00:35:05,270 --> 00:35:01,339
experience you might have

734
00:35:07,490 --> 00:35:05,280
psychological issues perhaps

735
00:35:10,609 --> 00:35:07,500
but what if the person reporting

736
00:35:16,630 --> 00:35:13,970
actually works for a neuroscience

737
00:35:18,710 --> 00:35:16,640
research program

738
00:35:20,750 --> 00:35:18,720

and the people running Blue Book

739

00:35:23,750 --> 00:35:20,760

actually thought that

740

00:35:26,750 --> 00:35:23,760

their consultant Dr Alan heineck might

741

00:35:30,790 --> 00:35:26,760

actually know the witness already

742

00:35:40,310 --> 00:35:35,089

NASA and the Smithsonian

743

00:35:44,670 --> 00:35:42,770

to know

744

00:35:45,829 --> 00:35:44,680

that there are things out there

745

00:35:48,650 --> 00:35:45,839

[Music]

746

00:35:51,290 --> 00:35:48,660

and this is all I'm saying not going out

747

00:35:53,569 --> 00:35:51,300

on a limb

748

00:35:55,010 --> 00:35:53,579

they're talking about aliens and caves

749

00:35:59,810 --> 00:35:55,020

here

750

00:36:04,849 --> 00:36:02,930

when all culminated together

751
00:36:06,290 --> 00:36:04,859
that there is clearly something out

752
00:36:09,829 --> 00:36:06,300
there

753
00:36:13,010 --> 00:36:09,839
that we as human beings

754
00:36:13,020 --> 00:36:17,630
that we don't understand but

755
00:36:22,970 --> 00:36:19,430
everyone has the right to their own

756
00:36:25,670 --> 00:36:22,980
opinion that's just my 26 me

757
00:36:28,550 --> 00:36:25,680
64.

758
00:36:30,650 --> 00:36:28,560
Cambridge Massachusetts

759
00:36:35,510 --> 00:36:30,660
Source civilian

760
00:36:40,490 --> 00:36:37,550
number of objects one length of

761
00:36:46,069 --> 00:36:40,500
observation three to four seconds type

762
00:36:53,870 --> 00:36:49,730
photos no physical evidence no

763
00:36:57,530 --> 00:36:55,250

Dear John

764

00:36:59,990 --> 00:36:57,540

a project office at Wright Batterson Air

765

00:37:04,550 --> 00:37:00,000

Force Base has informed us of the

766

00:37:06,410 --> 00:37:04,560

receipt of report of a UFO from you

767

00:37:08,390 --> 00:37:06,420

since the Air Force Project Blue Book

768

00:37:11,089 --> 00:37:08,400

office is unable to determine the cause

769

00:37:13,430 --> 00:37:11,099

of your sighting your report has been

770

00:37:16,490 --> 00:37:13,440

sent to Jay Allen heineck Air Force

771

00:37:20,569 --> 00:37:16,500

consultant and the UFO program for his

772

00:37:25,010 --> 00:37:22,730

it is possible that you and Dr heineck

773

00:37:28,670 --> 00:37:25,020

are already acquainted Duty or

774

00:37:31,670 --> 00:37:28,680

Smithsonian slash NASA Association

775

00:37:35,089 --> 00:37:31,680

during the satellite tracking program

776

00:37:37,430 --> 00:37:35,099

sincerely Madison mjax major

777

00:37:40,190 --> 00:37:37,440

United States Air Force public

778

00:37:41,569 --> 00:37:40,200

information Division office of

779

00:37:44,150 --> 00:37:41,579

information

780

00:37:47,270 --> 00:37:44,160

Dearborn Observatory Northwestern

781

00:37:49,190 --> 00:37:47,280

University Evanston Illinois 5 January

782

00:37:51,410 --> 00:37:49,200

1965.

783

00:37:52,550 --> 00:37:51,420

major Quintanilla foreign technology

784

00:37:56,089 --> 00:37:52,560

division

785

00:37:57,410 --> 00:37:56,099

Fox 9494 Ray Patterson Air Force Base at

786

00:38:00,170 --> 00:37:57,420

Dayton Ohio

787

00:38:02,210 --> 00:38:00,180

dear major

788

00:38:06,290 --> 00:38:02,220

I finally got around to calling John who

789

00:38:08,030 --> 00:38:06,300

turned in the sighting of May 26 1964.

790

00:38:11,210 --> 00:38:08,040

the sighting was made from a location

791

00:38:13,069 --> 00:38:11,220

I'm fairly familiar with myself the

792

00:38:15,530 --> 00:38:13,079

parking lot at Sears in Cambridge

793

00:38:18,290 --> 00:38:15,540

Massachusetts which was just a few

794

00:38:21,109 --> 00:38:18,300

blocks from The Observatory

795

00:38:22,910 --> 00:38:21,119

on a very clear day

796

00:38:25,310 --> 00:38:22,920

one can see the aircraft from Logan

797

00:38:27,290 --> 00:38:25,320

airport and also from Bedford

798

00:38:29,690 --> 00:38:27,300

John indicated that this was a very

799

00:38:31,010 --> 00:38:29,700

clear day with about 0.4 cumulus

800

00:38:32,870 --> 00:38:31,020

coverage

801
00:38:34,849 --> 00:38:32,880
he was in the parking lot with his young

802
00:38:37,370 --> 00:38:34,859
two-year-old son and had been watching

803
00:38:40,010 --> 00:38:37,380
some fairchild's eye in the sky and since

804
00:38:42,170 --> 00:38:40,020
the sun had been restive in the car

805
00:38:43,790 --> 00:38:42,180
he suggested they both look up in the

806
00:38:45,589 --> 00:38:43,800
sky at the airplanes

807
00:38:47,690 --> 00:38:45,599
and it was at that moment that he saw

808
00:38:49,430 --> 00:38:47,700
this strange elliptical object go across

809
00:38:52,370 --> 00:38:49,440
the sky from about 10 degrees to the

810
00:38:54,410 --> 00:38:52,380
northeast of the horizon

811
00:38:55,670 --> 00:38:54,420
to about 40 degrees above the Southwest

812
00:38:57,890 --> 00:38:55,680
Horizon

813
00:39:01,130 --> 00:38:57,900

where it was cut off by the roof of a

814

00:39:05,089 --> 00:39:03,170

the duration of the sighting was only

815

00:39:07,550 --> 00:39:05,099

three or four seconds and the object

816

00:39:09,710 --> 00:39:07,560

moved above 50 or 60 degrees during that

817

00:39:11,930 --> 00:39:09,720

time the statement made it in his

818

00:39:14,030 --> 00:39:11,940

original letter that the object was

819

00:39:16,130 --> 00:39:14,040

moving from a thousand to three thousand

820

00:39:17,810 --> 00:39:16,140

seconds of Arc per second at a time as

821

00:39:19,730 --> 00:39:17,820

erroneous

822

00:39:21,710 --> 00:39:19,740

he was basing that on any

823

00:39:23,089 --> 00:39:21,720

miscalculations of Baker non-camera

824

00:39:25,609 --> 00:39:23,099

tracking rates

825

00:39:28,550 --> 00:39:25,619

John had been one of the men I employed

826

00:39:30,650 --> 00:39:28,560

as a satellite tracker in Iran he's a

827

00:39:31,910 --> 00:39:30,660

very reliable fellow and not at all

828

00:39:34,430 --> 00:39:31,920

excitable

829

00:39:36,410 --> 00:39:34,440

the net result of the rather long phone

830

00:39:38,690 --> 00:39:36,420

call with him is simply that the

831

00:39:40,670 --> 00:39:38,700

sighting Still Remains unidentified

832

00:39:42,650 --> 00:39:40,680

and that there is no basic discrepancy

833

00:39:45,950 --> 00:39:42,660

between the data contained in his letter

834

00:39:47,750 --> 00:39:45,960

of May 29 1964.

835

00:39:49,370 --> 00:39:47,760

in that given many months later by

836

00:39:51,950 --> 00:39:49,380

telephone

837

00:39:54,230 --> 00:39:51,960

although there is only one witness he is

838

00:39:56,569 --> 00:39:54,240

entirely reliable

839

00:39:59,690 --> 00:39:56,579

and was actually trained as an observer

840

00:40:01,730 --> 00:39:59,700

was a pilot and operated a satellite

841

00:40:05,390 --> 00:40:01,740

tracking camera for three and one half

842

00:40:09,109 --> 00:40:07,250

it is for this reason that I took the

843

00:40:10,069 --> 00:40:09,119

time to talk with him as closely as I

844

00:40:12,410 --> 00:40:10,079

did

845

00:40:15,410 --> 00:40:12,420

in my phone call he talked entirely from

846

00:40:17,990 --> 00:40:15,420

memory and had no notes as my phone call

847

00:40:21,349 --> 00:40:18,000

took him entirely by surprise

848

00:40:23,569 --> 00:40:21,359

yet except in minor points the account

849

00:40:25,609 --> 00:40:23,579

was identical with that given in his

850

00:40:27,710 --> 00:40:25,619

original interview

851

00:40:29,930 --> 00:40:27,720

for the record it might be good to go

852

00:40:31,730 --> 00:40:29,940

over a few of the essential points

853

00:40:33,349 --> 00:40:31,740

he said he was fairly cynical about the

854

00:40:35,450 --> 00:40:33,359

matter of flying saucers

855

00:40:37,970 --> 00:40:35,460

although he had experience with the man

856

00:40:40,670 --> 00:40:37,980

who had seen just a few months prior to

857

00:40:43,130 --> 00:40:40,680

that a fast flat object which hovered in

858

00:40:46,250 --> 00:40:43,140

the sky and had a Falling Leaf motion

859

00:40:48,710 --> 00:40:46,260

but wasn't falling

860

00:40:50,630 --> 00:40:48,720

immediately after he had this experience

861

00:40:52,130 --> 00:40:50,640

in the Sears parking lot he made rough

862

00:40:54,170 --> 00:40:52,140

pencil notes and later made a more

863

00:40:55,370 --> 00:40:54,180

extensive resume which included in the

864

00:40:58,130 --> 00:40:55,380

letter

865

00:41:01,250 --> 00:40:58,140

the time he stated was 1943 but this was

866

00:41:03,109 --> 00:41:01,260

e-time it was actually 3 43 PM eastern

867

00:41:05,030 --> 00:41:03,119

Daylight Saving Time under very good

868

00:41:08,329 --> 00:41:05,040

conditions of visibility

869

00:41:13,130 --> 00:41:10,970

the trajectory was completely straight

870

00:41:15,710 --> 00:41:13,140

it did pass behind cumulus clouds but

871

00:41:18,109 --> 00:41:15,720

did not leave a contrail at about the

872

00:41:20,150 --> 00:41:18,119

same time there was a contrail that was

873

00:41:24,950 --> 00:41:20,160

left by high-flying plane

874

00:41:28,609 --> 00:41:27,170

at first they thought it was a vapor

875

00:41:30,290 --> 00:41:28,619

plate

876

00:41:31,730 --> 00:41:30,300

however he decided it couldn't be

877

00:41:32,930 --> 00:41:31,740

employed because it passed behind a

878

00:41:34,849 --> 00:41:32,940

cumulus cloud

879

00:41:36,829 --> 00:41:34,859

further he couldn't see where the

880

00:41:38,510 --> 00:41:36,839

thermal would have come from and the

881

00:41:39,890 --> 00:41:38,520

object wasn't flipping as it would have

882

00:41:41,810 --> 00:41:39,900

in a thermal

883

00:41:44,510 --> 00:41:41,820

he thought it could see an edge to the

884

00:41:46,849 --> 00:41:44,520

object which was not fuzzy

885

00:41:49,069 --> 00:41:46,859

it's impact toward them and there seemed

886

00:41:50,930 --> 00:41:49,079

to be a demarcation between the top and

887

00:41:52,849 --> 00:41:50,940

bottom

888

00:41:55,670 --> 00:41:52,859

when asked

889

00:41:57,410 --> 00:41:55,680

what he would have put up in the sky to

890

00:41:59,270 --> 00:41:57,420

simulate the object

891

00:42:02,390 --> 00:41:59,280

he said he would put up two purely white

892

00:42:04,910 --> 00:42:02,400

picnic plates glued together

893

00:42:06,170 --> 00:42:04,920

said the object had no bumps on it at

894

00:42:10,010 --> 00:42:06,180

all

895

00:42:12,890 --> 00:42:10,020

been

896

00:42:15,710 --> 00:42:12,900

he said that if it was an aerodynamic in

897

00:42:18,109 --> 00:42:15,720

nature it should have been in a turn

898

00:42:20,270 --> 00:42:18,119

because of its cockposition

899

00:42:21,589 --> 00:42:20,280

but it flew in a completely straight

900

00:42:24,109 --> 00:42:21,599

line

901
00:42:27,770 --> 00:42:24,119
you tried visualizing it as a sweat back

902
00:42:29,569 --> 00:42:27,780
plane but but just couldn't

903
00:42:32,750 --> 00:42:29,579
the high Den was just about the same

904
00:42:34,490 --> 00:42:32,760
shape as the front pretty good oval

905
00:42:36,050 --> 00:42:34,500
you look for a trail

906
00:42:37,190 --> 00:42:36,060
and you look for an apparent change in

907
00:42:38,690 --> 00:42:37,200
shape

908
00:42:41,810 --> 00:42:38,700
you could see aircraft at Great

909
00:42:44,089 --> 00:42:41,820
distances and identify them he saw three

910
00:42:46,069 --> 00:42:44,099
twin engine fairchild

911
00:42:48,349 --> 00:42:46,079
he saw transports coming in towards

912
00:42:52,310 --> 00:42:48,359
Hanscom and he herded transport shortly

913
00:42:54,950 --> 00:42:52,320

afterwards but no sound from this object

914

00:42:57,589 --> 00:42:54,960

he did not observe through a window but

915

00:43:00,890 --> 00:42:57,599

was leaning out of the car trying to

916

00:43:03,589 --> 00:43:00,900

point out the transports to his son

917

00:43:05,750 --> 00:43:03,599

as far as color is concerned he said the

918

00:43:07,849 --> 00:43:05,760

object was exactly the color of a

919

00:43:08,930 --> 00:43:07,859

metallic surface reflecting cumulus

920

00:43:11,510 --> 00:43:08,940

clouds

921

00:43:12,470 --> 00:43:11,520

but the cumulus at about 2500 and 8 000

922

00:43:14,870 --> 00:43:12,480

feet

923

00:43:16,910 --> 00:43:14,880

although he realizes he cannot tell

924

00:43:19,010 --> 00:43:16,920

distances and sizes

925

00:43:22,010 --> 00:43:19,020

he had the intuitive feeling that the

926

00:43:24,589 --> 00:43:22,020

object was 15 to 20 feet in diameter

927

00:43:26,809 --> 00:43:24,599

as far as apparent size was concerned

928

00:43:29,150 --> 00:43:26,819

it was one-third to one-half the size of

929

00:43:32,030 --> 00:43:29,160

a full moon in appearance the object

930

00:43:35,089 --> 00:43:32,040

appears at a very thin ellipsoid with a

931

00:43:38,390 --> 00:43:35,099

major to minor diameter ratio of

932

00:43:40,190 --> 00:43:38,400

approximately 3.5 to 1. he is naturally

933

00:43:43,069 --> 00:43:40,200

curious as to what the object might have

934

00:43:45,650 --> 00:43:43,079

been and wonders whether we could at

935

00:43:48,109 --> 00:43:45,660

this late date check radar

936

00:43:49,490 --> 00:43:48,119

I informed him that there was very

937

00:43:52,309 --> 00:43:49,500

little chance of that

938

00:43:54,050 --> 00:43:52,319

that this could have been done had we

939

00:43:56,450 --> 00:43:54,060

had immediate capability and if the

940

00:43:58,670 --> 00:43:56,460

sighting had been reported immediately

941

00:44:01,010 --> 00:43:58,680

a quizzed him about the one thousand and

942

00:44:02,750 --> 00:44:01,020

three thousand seconds of Arc per second

943

00:44:05,329 --> 00:44:02,760

and he admitted that this was a gross

944

00:44:07,250 --> 00:44:05,339

miscalculation since this will give only

945

00:44:10,190 --> 00:44:07,260

about two degrees for the total duration

946

00:44:11,569 --> 00:44:10,200

of the sighting and this is entirely out

947

00:44:14,270 --> 00:44:11,579

of the question

948

00:44:15,890 --> 00:44:14,280

he also quickly dismissed the idea that

949

00:44:16,849 --> 00:44:15,900

it might have been a goal writing a

950

00:44:18,710 --> 00:44:16,859

thermal

951
00:44:21,290 --> 00:44:18,720
he said this occurred to him at the time

952
00:44:23,690 --> 00:44:21,300
he was making the sighting but it did

953
00:44:26,450 --> 00:44:23,700
not jive with the facts

954
00:44:28,910 --> 00:44:26,460
so we have another unidentified that

955
00:44:32,390 --> 00:44:28,920
falls in the general pattern of rapidly

956
00:44:35,270 --> 00:44:32,400
flying distance straight trajectories

957
00:44:37,250 --> 00:44:35,280
despite the shortness of the observation

958
00:44:38,930 --> 00:44:37,260
considered weight must be given to the

959
00:44:41,329 --> 00:44:38,940
Excellence of the Observer who in this

960
00:44:43,010 --> 00:44:41,339
case was trained for specific tracking

961
00:44:45,050 --> 00:44:43,020
of objects in the sky

962
00:44:47,510 --> 00:44:45,060
he'll be in Washington during his State

963
00:44:49,670 --> 00:44:47,520

Department training and if any further

964

00:44:52,849 --> 00:44:49,680

questions arise I can get in touch with

965

00:44:55,550 --> 00:44:52,859

him there sincerely Alan

966

00:44:58,250 --> 00:44:55,560

MIT Massachusetts Institute of

967

00:44:59,170 --> 00:44:58,260

Technology neurosciences research

968

00:45:02,990 --> 00:44:59,180

program

969

00:45:06,290 --> 00:45:03,000

qualifications as Observer

970

00:45:09,650 --> 00:45:06,300

qualified RAF pilot in 1945 with

971

00:45:13,370 --> 00:45:09,660

approximately 200 hours and holder of

972

00:45:16,069 --> 00:45:13,380

private pilot's license college graduate

973

00:45:19,130 --> 00:45:16,079

holder of a series of jobs and Armament

974

00:45:21,410 --> 00:45:19,140

research and the Aerospace field both in

975

00:45:23,450 --> 00:45:21,420

design and production

976

00:45:26,230 --> 00:45:23,460

I also spent three and a half years in

977

00:45:29,870 --> 00:45:26,240

Iran as a satellite Observer for

978

00:45:31,910 --> 00:45:29,880

Smithsonian institution NASA

979

00:45:34,430 --> 00:45:31,920

we were operating there in Optical

980

00:45:36,710 --> 00:45:34,440

tracking station equipped with a

981

00:45:39,829 --> 00:45:36,720

standard Baker none tracking camera

982

00:45:43,250 --> 00:45:39,839

I'm presently a writer evaluator with

983

00:45:46,370 --> 00:45:43,260

MIT as shown on the letterhead my

984

00:45:49,910 --> 00:45:46,380

eyesight last tested in a rough test was

985

00:45:55,930 --> 00:45:49,920

2020. I'm available after Thursday June

986

00:46:54,730 --> 00:46:00,890

[Music]

987

00:46:54,740 --> 00:46:58,970

thank you

988

00:46:58,980 --> 00:47:11,809

[Music]

989

00:47:11,819 --> 00:47:16,200

foreign

990

00:47:16,210 --> 00:47:58,309

[Music]

991

00:47:58,319 --> 00:48:07,720

foreign

992

00:48:24,290 --> 00:48:14,550

[Music]

993

00:48:30,470 --> 00:48:25,670

from

994

00:48:35,870 --> 00:48:33,109

um I started as a non-designated seaman

995

00:48:38,870 --> 00:48:35,880

but I I wanted to do something

996

00:48:40,790 --> 00:48:38,880

um career-wise so I chose to be a Master

997

00:48:43,550 --> 00:48:40,800

at Arms

998

00:48:46,609 --> 00:48:43,560

um if you know Sean Cahill he he too was

999

00:48:48,530 --> 00:48:46,619

a mastered arms so that's that's weird

1000

00:48:50,630 --> 00:48:48,540

that Lou has two best friends that are

1001
00:48:53,450 --> 00:48:50,640
Master of Arms but there's only like one

1002
00:48:55,010 --> 00:48:53,460
first ship right so yeah he just

1003
00:48:56,750 --> 00:48:55,020
collects mastered arms that's what he

1004
00:48:58,910 --> 00:48:56,760
does what happened

1005
00:49:02,329 --> 00:48:58,920
1889 joined the Navy became a Master at

1006
00:49:04,190 --> 00:49:02,339
Arms and the last gig I had was

1007
00:49:06,950 --> 00:49:04,200
independent mastered arms I was a chief

1008
00:49:10,430 --> 00:49:06,960
mastered arms on board the USS collector

1009
00:49:13,130 --> 00:49:10,440
and I retired and I remember

1010
00:49:16,930 --> 00:49:13,140
there was um I served on board the USS

1011
00:49:20,870 --> 00:49:16,940
John F Kennedy twice from night okay

1012
00:49:23,630 --> 00:49:20,880
1998 to 2001 September like

1013
00:49:25,130 --> 00:49:23,640

fourth September 4th I remember the day

1014

00:49:27,109 --> 00:49:25,140

because it obviously it wasn't that long

1015

00:49:28,190 --> 00:49:27,119

so 9 11 right so right and then the

1016

00:49:31,370 --> 00:49:28,200

second time

1017

00:49:33,770 --> 00:49:31,380

I served as the lpo which means I was

1018

00:49:37,849 --> 00:49:33,780

like the head of security

1019

00:49:40,730 --> 00:49:37,859

um for that for the carrier and

1020

00:49:43,490 --> 00:49:40,740

um while I served on board that ship it

1021

00:49:46,609 --> 00:49:43,500

was two different times

1022

00:49:48,829 --> 00:49:46,619

um I heard a story it was a rumor I

1023

00:49:51,230 --> 00:49:48,839

believe the first time I heard it I was

1024

00:49:53,270 --> 00:49:51,240

actually I was a break supervisor at the

1025

00:49:56,270 --> 00:49:53,280

time and I ran the bridge on the on the

1026

00:49:58,670 --> 00:49:56,280

John F Kennedy and I came across a watch

1027

00:50:00,290 --> 00:49:58,680

Stander uh they just go and they get

1028

00:50:03,230 --> 00:50:00,300

basically

1029

00:50:05,450 --> 00:50:03,240

qualified anybody can get qualified as a

1030

00:50:07,190 --> 00:50:05,460

corrections officer they can just go to

1031

00:50:09,410 --> 00:50:07,200

the school and you know they just

1032

00:50:10,790 --> 00:50:09,420

basically watch prisoners in in Bridge

1033

00:50:11,990 --> 00:50:10,800

so

1034

00:50:14,690 --> 00:50:12,000

um I had

1035

00:50:16,370 --> 00:50:14,700

um I don't even know who it was but they

1036

00:50:21,170 --> 00:50:16,380

told me about the story on board the

1037

00:50:23,750 --> 00:50:21,180

John F Kennedy back in 1971 that during

1038

00:50:26,450 --> 00:50:23,760

um after flight Ops

1039

00:50:28,910 --> 00:50:26,460

um somewhere in the Caribbean

1040

00:50:33,050 --> 00:50:28,920

um there was a um

1041

00:50:35,390 --> 00:50:33,060

a a UFO for our UAP whatever you want to

1042

00:50:37,309 --> 00:50:35,400

call it was above

1043

00:50:38,990 --> 00:50:37,319

John F Kennedy

1044

00:50:42,710 --> 00:50:39,000

and

1045

00:50:43,970 --> 00:50:42,720

I was told that the lookout totally

1046

00:50:46,670 --> 00:50:43,980

freaked out

1047

00:50:48,230 --> 00:50:46,680

he was like talking over the inner

1048

00:50:50,210 --> 00:50:48,240

Constitution they have we have well we

1049

00:50:52,010 --> 00:50:50,220

have um even to this day I'm sure they

1050

00:50:54,589 --> 00:50:52,020

have it's called sound sound power

1051
00:50:55,670 --> 00:50:54,599
telephones you can take a you have a

1052
00:50:57,470 --> 00:50:55,680
thing come up and you could talk into

1053
00:50:59,510 --> 00:50:57,480
the diaphragm and it creates electricity

1054
00:51:02,150 --> 00:50:59,520
right and if that breaks you can

1055
00:51:03,849 --> 00:51:02,160
actually talk right into the

1056
00:51:06,890 --> 00:51:03,859
um your headphone and it'll actually

1057
00:51:08,750 --> 00:51:06,900
transfer what you're saying so the whole

1058
00:51:12,109 --> 00:51:08,760
technology from World War II but it's

1059
00:51:13,670 --> 00:51:12,119
still I'm sure it's still around but uh

1060
00:51:16,250 --> 00:51:13,680
the people up on the bridge and

1061
00:51:18,530 --> 00:51:16,260
apparently people who uh the crypto the

1062
00:51:20,270 --> 00:51:18,540
cryptologist

1063
00:51:22,730 --> 00:51:20,280

um folk heard there was a ship up there

1064

00:51:25,490 --> 00:51:22,740

and above the ship the craft

1065

00:51:26,450 --> 00:51:25,500

and um they they went up there and they

1066

00:51:29,510 --> 00:51:26,460

saw it

1067

00:51:31,970 --> 00:51:29,520

what's up that totally blew me away now

1068

00:51:33,710 --> 00:51:31,980

the second time I heard that story it

1069

00:51:35,750 --> 00:51:33,720

was from I know who it was I know the

1070

00:51:37,670 --> 00:51:35,760

person's name I knew his rank I knew his

1071

00:51:40,370 --> 00:51:37,680

rate he was down in the brig with me as

1072

00:51:42,109 --> 00:51:40,380

well and uh he told me that story and

1073

00:51:44,510 --> 00:51:42,119

I'm thinking to myself

1074

00:51:47,270 --> 00:51:44,520

something right here because we've got

1075

00:51:49,069 --> 00:51:47,280

like thousands of people on the ship and

1076

00:51:50,809 --> 00:51:49,079

I know what it's like to spread rumors

1077

00:51:54,410 --> 00:51:50,819

on a ship I used to do it intentionally

1078

00:51:56,210 --> 00:51:54,420

in order to prank people right hey hey

1079

00:51:58,309 --> 00:51:56,220

did you hear that we're pulling in uh

1080

00:51:59,930 --> 00:51:58,319

after tomorrow yeah we're supposed to be

1081

00:52:02,150 --> 00:51:59,940

out here for a month but we're pulling

1082

00:52:05,270 --> 00:52:02,160

into Mar because we're having issues and

1083

00:52:06,829 --> 00:52:05,280

my sister-in-law's husband runs Harbor

1084

00:52:08,630 --> 00:52:06,839

Ops and they're setting up the pier

1085

00:52:10,069 --> 00:52:08,640

right now for us to pull in tomorrow so

1086

00:52:11,569 --> 00:52:10,079

we would do that we would say these kind

1087

00:52:13,970 --> 00:52:11,579

of things on the smoke deck right just

1088

00:52:16,130 --> 00:52:13,980

to spread rumors and the executive

1089

00:52:20,349 --> 00:52:16,140

officer would come over there I just

1090

00:52:28,250 --> 00:52:22,270

great

1091

00:52:33,770 --> 00:52:31,069

uh so after I heard about the story a

1092

00:52:35,210 --> 00:52:33,780

second time I'm thinking to myself we

1093

00:52:37,250 --> 00:52:35,220

all know the telephone game in

1094

00:52:38,870 --> 00:52:37,260

elementary school where you line up kids

1095

00:52:42,049 --> 00:52:38,880

and you tell them a little story and see

1096

00:52:44,750 --> 00:52:42,059

how it develops it was the same story

1097

00:52:46,970 --> 00:52:44,760

man it was the same story

1098

00:52:50,510 --> 00:52:46,980

um and then one day this was back in

1099

00:52:52,250 --> 00:52:50,520

2017 so I got into all this in 2017

1100

00:52:55,030 --> 00:52:52,260

where

1101
00:52:57,530 --> 00:52:55,040
um I was Googling or going on YouTube

1102
00:52:59,750 --> 00:52:57,540
trying to find the decommissioned video

1103
00:53:01,730 --> 00:52:59,760
of the John F Kennedy because I didn't

1104
00:53:04,930 --> 00:53:01,740
get to watch the decommissioning because

1105
00:53:07,010 --> 00:53:04,940
I was in the security uh trailer

1106
00:53:09,230 --> 00:53:07,020
coordinate security for the whole

1107
00:53:12,349 --> 00:53:09,240
Evolution right so I got people

1108
00:53:13,910 --> 00:53:12,359
everywhere on patrol and I'm still I'm

1109
00:53:17,089 --> 00:53:13,920
I'm sitting in the air conditioning I

1110
00:53:19,670 --> 00:53:17,099
didn't get to see the decommissioning so

1111
00:53:20,690 --> 00:53:19,680
um what happened I was 2017 I was

1112
00:53:23,750 --> 00:53:20,700
Googling

1113
00:53:27,710 --> 00:53:23,760

uh decommissioning John F Kennedy USS

1114

00:53:29,990 --> 00:53:27,720

John F Kennedy and I came across

1115

00:53:31,849 --> 00:53:30,000

um Dr Stephen Greer's Channel and

1116

00:53:35,030 --> 00:53:31,859

there's a cryptologist

1117

00:53:37,370 --> 00:53:35,040

who told the story the exact same story

1118

00:53:40,549 --> 00:53:37,380

that I heard well there's got to be

1119

00:53:43,970 --> 00:53:40,559

something to this right I heard it twice

1120

00:53:45,349 --> 00:53:43,980

he's telling me the exact same story

1121

00:53:48,589 --> 00:53:45,359

so

1122

00:53:50,270 --> 00:53:48,599

um of course 2017 rolls around we know

1123

00:53:52,609 --> 00:53:50,280

about those

1124

00:53:54,410 --> 00:53:52,619

um UFO videos that were released by some

1125

00:53:57,829 --> 00:53:54,420

people that we know probably right so

1126

00:54:00,410 --> 00:53:57,839

that got released and

1127

00:54:03,049 --> 00:54:00,420

um I started independent researching

1128

00:54:05,329 --> 00:54:03,059

just like everybody else sure you know

1129

00:54:07,210 --> 00:54:05,339

I'm looking up videos I'm trying to

1130

00:54:11,270 --> 00:54:07,220

study cases

1131

00:54:13,970 --> 00:54:11,280

and about it was over a year ago

1132

00:54:16,309 --> 00:54:13,980

where I was trying to get my story out I

1133

00:54:20,089 --> 00:54:16,319

sent my story to

1134

00:54:21,530 --> 00:54:20,099

um George Knapp I set my story to

1135

00:54:24,650 --> 00:54:21,540

um

1136

00:54:26,690 --> 00:54:24,660

uh Preston didn't sit my story you know

1137

00:54:32,150 --> 00:54:26,700

anybody who would listen to me I just

1138

00:54:36,410 --> 00:54:34,609

disappear I was hearing some change ago

1139

00:54:43,010 --> 00:54:36,420

I became

1140

00:54:45,609 --> 00:54:43,020

really good friends with Rob not knowing

1141

00:54:49,250 --> 00:54:45,619

Rob was good friends with Lou so

1142

00:54:51,770 --> 00:54:49,260

Lou is our common friend sure which

1143

00:54:53,930 --> 00:54:51,780

blows my mind I mean there's only a few

1144

00:54:56,990 --> 00:54:53,940

friends that Lou has right you can kind

1145

00:55:01,069 --> 00:54:58,609

so um

1146

00:55:02,630 --> 00:55:01,079

I'm talking to Rob and I said I want to

1147

00:55:05,650 --> 00:55:02,640

I'm going to interview somebody about

1148

00:55:08,930 --> 00:55:05,660

what happened so I put it on Facebook

1149

00:55:12,290 --> 00:55:08,940

USS John F Kennedy Facebook page

1150

00:55:16,730 --> 00:55:12,300

and um I said hey uh I put that video

1151
00:55:19,910 --> 00:55:16,740
from Dr Steven Greer on to that

1152
00:55:22,190 --> 00:55:19,920
um that Facebook page and then I posed

1153
00:55:23,349 --> 00:55:22,200
the question does anybody know anything

1154
00:55:25,730 --> 00:55:23,359
about

1155
00:55:28,309 --> 00:55:25,740
you know this

1156
00:55:31,430 --> 00:55:28,319
and it must have been about

1157
00:55:34,549 --> 00:55:31,440
two or three weeks I got a first

1158
00:55:36,530 --> 00:55:34,559
hand witness this guy

1159
00:55:39,650 --> 00:55:36,540
saw the craft he was there with a guy

1160
00:55:41,809 --> 00:55:39,660
freaked out well I took really good

1161
00:55:44,750 --> 00:55:41,819
notes right wow

1162
00:55:46,910 --> 00:55:44,760
um so I made a video about it

1163
00:55:48,710 --> 00:55:46,920

uh before that before I made the video

1164

00:55:51,290 --> 00:55:48,720

about it I did

1165

00:55:54,770 --> 00:55:51,300

finally go on um

1166

00:55:58,089 --> 00:55:54,780

um I contacted um

1167

00:56:01,430 --> 00:55:58,099

Martin Willis sure right Martin Willis

1168

00:56:03,290 --> 00:56:01,440

and he had me come on to show and he

1169

00:56:05,990 --> 00:56:03,300

interviewed me and I told him

1170

00:56:08,210 --> 00:56:06,000

I told him the story and then um I

1171

00:56:10,609 --> 00:56:08,220

wanted to try to dig out some

1172

00:56:13,089 --> 00:56:10,619

information so I did do my first

1173

00:56:18,470 --> 00:56:13,099

Freedom Freedom of Information

1174

00:56:22,430 --> 00:56:18,480

right and it ca I got a response like

1175

00:56:26,150 --> 00:56:22,440

quit sorry all the deck logs are missing

1176

00:56:29,450 --> 00:56:26,160

wow so I'm going oh my God so

1177

00:56:31,370 --> 00:56:29,460

I I know this really happened right and

1178

00:56:34,069 --> 00:56:31,380

just to

1179

00:56:37,130 --> 00:56:34,079

finish up on that story not too long ago

1180

00:56:39,950 --> 00:56:37,140

it was earlier last year I got a hold of

1181

00:56:41,870 --> 00:56:39,960

uh David I was talking to him on the

1182

00:56:45,230 --> 00:56:41,880

phone I said hey baby

1183

00:56:47,510 --> 00:56:45,240

even I need to talk young man so he had

1184

00:56:51,950 --> 00:56:47,520

that Story come out about USS Ronald

1185

00:56:55,450 --> 00:56:51,960

Reagan right right guess what I am I

1186

00:56:58,490 --> 00:56:55,460

know that's the same craft same problem

1187

00:57:00,710 --> 00:56:58,500

above that ship we're off the uh off the

1188

00:57:03,530 --> 00:57:00,720

porter starboard Stern uh off the port

1189

00:57:07,069 --> 00:57:03,540

and starboard of that ship and the way

1190

00:57:10,910 --> 00:57:07,079

it was described and how um

1191

00:57:12,170 --> 00:57:10,920

yeah uh I think that's a ship that does

1192

00:57:14,510 --> 00:57:12,180

reconnaissance

1193

00:57:17,630 --> 00:57:14,520

and I think that also may be the same

1194

00:57:19,849 --> 00:57:17,640

ship that does the nuclear they turn off

1195

00:57:22,190 --> 00:57:19,859

nukes and stuff like that now strong and

1196

00:57:24,410 --> 00:57:22,200

stuff like that right I think it's the

1197

00:57:26,690 --> 00:57:24,420

same right what do you think their

1198

00:57:28,670 --> 00:57:26,700

interest is in in the Navy because I

1199

00:57:30,470 --> 00:57:28,680

research a lot of uh like the older

1200

00:57:32,210 --> 00:57:30,480

cases that are available

1201

00:57:35,329 --> 00:57:32,220

um to the public like Blue Book cases

1202

00:57:38,630 --> 00:57:35,339

and there's so many

1203

00:57:40,670 --> 00:57:38,640

um from from Navy ships out in the ocean

1204

00:57:42,290 --> 00:57:40,680

my opinion is that these crafts just

1205

00:57:45,470 --> 00:57:42,300

like we had military crap that do

1206

00:57:47,630 --> 00:57:45,480

certain missions I think this uh the one

1207

00:57:51,829 --> 00:57:47,640

that's been witnessed above the Ronald

1208

00:57:53,270 --> 00:57:51,839

Reagan malstrom John F Kennedy these

1209

00:57:57,950 --> 00:57:53,280

Craft

1210

00:57:59,150 --> 00:57:57,960

um you use certain craft to complete

1211

00:58:01,309 --> 00:57:59,160

missions

1212

00:58:04,150 --> 00:58:01,319

right so this one I think this is

1213

00:58:07,430 --> 00:58:04,160

basically a reconnaissance type of craft

1214

00:58:10,250 --> 00:58:07,440

and it's been around obviously from 71

1215

00:58:11,569 --> 00:58:10,260

obviously even back in the 60s right

1216

00:58:14,650 --> 00:58:11,579

um that

1217

00:58:16,510 --> 00:58:14,660

um Air Force officer Salas

1218

00:58:19,130 --> 00:58:16,520

yeah yeah

1219

00:58:21,170 --> 00:58:19,140

he talks about that saying well the

1220

00:58:23,510 --> 00:58:21,180

witness that he was listening to on the

1221

00:58:25,930 --> 00:58:23,520

phone was describing the same crap above

1222

00:58:29,650 --> 00:58:25,940

that his new orange

1223

00:58:32,990 --> 00:58:29,660

yeah yeah and uh Mario

1224

00:58:35,930 --> 00:58:33,000

Woods who just I think um gave his

1225

00:58:38,270 --> 00:58:35,940

testimony to Arrow he was at Ellsworth

1226

00:58:42,049 --> 00:58:38,280

Air Force Base in I think South Dakota

1227

00:58:44,510 --> 00:58:42,059

his experience was in 1975 is the same

1228

00:58:49,010 --> 00:58:44,520

color too same description yeah crazy

1229

00:58:51,530 --> 00:58:49,020

theory that Rob and I have come up with

1230

00:58:53,510 --> 00:58:51,540

um when was the last detonation of a

1231

00:58:56,890 --> 00:58:53,520

nuclear weapon do you know

1232

00:59:02,450 --> 00:58:59,270

thermonuclear we're not talking about um

1233

00:59:05,510 --> 00:59:02,460

an atom bomb like North Korea right

1234

00:59:06,349 --> 00:59:05,520

um because their bonds are big but ours

1235

00:59:10,549 --> 00:59:06,359

are

1236

00:59:13,849 --> 00:59:10,559

they're just uh maybe 60 years

1237

00:59:15,650 --> 00:59:13,859

yeah the megatons are up there when it

1238

00:59:17,390 --> 00:59:15,660

comes to

1239

00:59:19,730 --> 00:59:17,400

um thermonuclear

1240

00:59:23,089 --> 00:59:19,740

um using the hydrate bomb rather than an

1241

00:59:24,970 --> 00:59:23,099

atom right uh it's just I I all new

1242

00:59:26,510 --> 00:59:24,980

level of

1243

00:59:30,349 --> 00:59:26,520

destructiveness

1244

00:59:32,630 --> 00:59:30,359

sure and uh wouldn't it be cool

1245

00:59:34,309 --> 00:59:32,640

that we had a if you if you're old

1246

00:59:35,450 --> 00:59:34,319

enough to remember

1247

00:59:37,549 --> 00:59:35,460

um Superman

1248

00:59:40,789 --> 00:59:37,559

um Quest for Peace movie with

1249

00:59:42,230 --> 00:59:40,799

Christopher Reeves Blair he took he said

1250

00:59:44,690 --> 00:59:42,240

you know what

1251

00:59:48,109 --> 00:59:44,700

tired of this crap I'm taking all your

1252

00:59:50,030 --> 00:59:48,119

nukes away from all of you because no

1253

00:59:51,289 --> 00:59:50,040

one's going to give them up so it goes

1254

00:59:53,650 --> 00:59:51,299

to Russia and all these places you've

1255

00:59:56,750 --> 00:59:53,660

got this huge bag of these nukes right

1256

00:59:59,450 --> 00:59:56,760

he throws them into the sun

1257

01:00:03,230 --> 00:59:59,460

that's the only scenario I see

1258

01:00:05,210 --> 01:00:03,240

to stop nuclear um right

1259

01:00:06,530 --> 01:00:05,220

yeah the nuclear threat we have to have

1260

01:00:08,450 --> 01:00:06,540

a third party

1261

01:00:10,849 --> 01:00:08,460

there's no way we'll give up our news

1262

01:00:13,730 --> 01:00:10,859

there's no way they'll give up their

1263

01:00:17,690 --> 01:00:13,740

needs we have to have we have to have

1264

01:00:19,789 --> 01:00:17,700

somebody come and help us out uh

1265

01:00:21,589 --> 01:00:19,799

I'll share with you something that

1266

01:00:23,630 --> 01:00:21,599

really meant a lot

1267

01:00:25,490 --> 01:00:23,640

I know it meant to Lou last night

1268

01:00:29,210 --> 01:00:25,500

because the guy has been checking on me

1269

01:00:30,770 --> 01:00:29,220

day and night basically

1270

01:00:33,470 --> 01:00:30,780

um I'll tell you exactly what I told

1271

01:00:35,510 --> 01:00:33,480

them I told him I'm never in my wildest

1272

01:00:36,470 --> 01:00:35,520

dreams I would ever think I could be

1273

01:00:39,170 --> 01:00:36,480

friends

1274

01:00:41,210 --> 01:00:39,180

with my hero and I told him you're the

1275

01:00:42,410 --> 01:00:41,220

best brother and because he made a video

1276

01:00:44,809 --> 01:00:42,420

for me

1277

01:00:47,210 --> 01:00:44,819

and uh it

1278

01:00:49,730 --> 01:00:47,220

all the support I've gotten from him and

1279

01:00:50,510 --> 01:00:49,740

Rob and the families and

1280

01:00:52,190 --> 01:00:50,520

um

1281

01:00:55,910 --> 01:00:52,200

I know uh I'm good friends with

1282

01:00:57,890 --> 01:00:55,920

Christopher sharp now and he he uh he

1283

01:01:01,010 --> 01:00:57,900

tweeted it as well that you know I

1284

01:01:01,789 --> 01:01:01,020

needed some yeah support I've been very

1285

01:01:05,150 --> 01:01:01,799

sick

1286

01:01:07,549 --> 01:01:05,160

and well it's just been a

1287

01:01:10,010 --> 01:01:07,559

it's just been a dream that I I live in

1288

01:01:13,010 --> 01:01:10,020

I'm surrounded by my own Heroes you know

1289

01:01:16,069 --> 01:01:13,020

I almost I I almost kicked it seven

1290

01:01:18,650 --> 01:01:16,079

times last year I had seven horrible

1291

01:01:20,270 --> 01:01:18,660

infections where you know if I if it

1292

01:01:21,950 --> 01:01:20,280

goes untreated you just how do you stay

1293

01:01:23,809 --> 01:01:21,960

positive how do you stay positive like

1294

01:01:26,150 --> 01:01:23,819

that

1295

01:01:28,130 --> 01:01:26,160

and not just live in fear and anxiety

1296

01:01:30,349 --> 01:01:28,140

you know that like

1297

01:01:32,089 --> 01:01:30,359

that's got to be really tough man I

1298

01:01:33,530 --> 01:01:32,099

don't know

1299

01:01:35,089 --> 01:01:33,540

uh

1300

01:01:37,609 --> 01:01:35,099

I'll say this

1301

01:01:42,230 --> 01:01:37,619

there came to a point in my life

1302

01:01:45,170 --> 01:01:42,240

and Rob and Lou knows this that

1303

01:01:47,450 --> 01:01:45,180

I I imagine myself looking down on Earth

1304

01:01:49,789 --> 01:01:47,460

this was after a phone call or a meeting

1305

01:01:51,170 --> 01:01:49,799

I had with Luke and I said I was

1306

01:01:52,730 --> 01:01:51,180

thinking to myself with all the people

1307

01:01:54,710 --> 01:01:52,740

on this Earth

1308

01:01:56,990 --> 01:01:54,720

everything I've gone through would I

1309

01:01:58,490 --> 01:01:57,000

change it

1310

01:02:01,309 --> 01:01:58,500

um

1311

01:02:05,089 --> 01:02:01,319

and I and the answer is no

1312

01:02:06,230 --> 01:02:05,099

Rob heavily was saying where have you

1313

01:02:08,990 --> 01:02:06,240

been

1314

01:02:12,530 --> 01:02:09,000

all my life he's like old as dirt right

1315

01:02:13,970 --> 01:02:12,540

he's like 56 right so he's old as dirt

1316

01:02:16,069 --> 01:02:13,980

and he's like where you've been my whole

1317

01:02:17,150 --> 01:02:16,079

life I said dude look at it this way

1318

01:02:20,030 --> 01:02:17,160

instead

1319

01:02:22,010 --> 01:02:20,040

that everything that you and I have gone

1320

01:02:24,589 --> 01:02:22,020

through for the last 50 something years

1321

01:02:27,170 --> 01:02:24,599

has led to right here right now and look

1322

01:02:28,609 --> 01:02:27,180

who our friends are look who the

1323

01:02:30,770 --> 01:02:28,619

relationship that we have I wouldn't

1324

01:02:33,109 --> 01:02:30,780

want to change it uh I've been living in

1325

01:02:35,510 --> 01:02:33,119

an awesome life with my family a great

1326

01:02:39,770 --> 01:02:35,520

quality of life the support of my family

1327

01:02:41,329 --> 01:02:39,780

and friends have been um hey buddy I

1328

01:02:46,010 --> 01:02:41,339

know right

1329

01:02:46,020 --> 01:02:49,809

you're loving dogs

1330

01:02:56,630 --> 01:02:52,150

you're a big man

1331

01:03:01,430 --> 01:02:58,670

well that's good I'm sorry I'm all over

1332

01:03:03,289 --> 01:03:01,440

the place I got a dog all we can do is

1333

01:03:05,510 --> 01:03:03,299

try to be as positive as possible and

1334

01:03:07,490 --> 01:03:05,520

when I find myself negative you know I

1335

01:03:08,210 --> 01:03:07,500

look to people that are

1336

01:03:10,190 --> 01:03:08,220

um

1337

01:03:13,370 --> 01:03:10,200

you know going through things that are a

1338

01:03:15,410 --> 01:03:13,380

lot harder than me you know and and I

1339

01:03:17,390 --> 01:03:15,420

Look to them for strength for myself

1340

01:03:19,309 --> 01:03:17,400

and you know you're going to be one of

1341

01:03:21,589 --> 01:03:19,319

those people because I I highly respect

1342

01:03:24,289 --> 01:03:21,599

how you keep it all together through

1343

01:03:25,370 --> 01:03:24,299

this so thanks for talking with me

1344

01:03:27,470 --> 01:03:25,380

Shannon

1345

01:03:31,069 --> 01:03:27,480

you're so you're most certainly welcome

1346

01:03:33,130 --> 01:03:31,079

and uh thank you so much for uh spending

1347

01:03:35,390 --> 01:03:33,140

some time with me and yeah

1348

01:03:36,770 --> 01:03:35,400

thank you for doing this man I really

1349

01:03:39,650 --> 01:03:36,780

appreciate it I'm really happy you're

1350

01:03:42,289 --> 01:03:39,660

doing better so stay well man

1351

01:03:44,510 --> 01:03:42,299

thanks everybody for uh your well wishes

1352

01:03:47,210 --> 01:03:44,520

wow I'm Blown Away

1353

01:03:55,849 --> 01:03:47,220

all right guys y'all take care now all

1354

01:04:00,710 --> 01:03:58,010

oh there's some strange going on

1355

01:04:02,990 --> 01:04:00,720

but you don't listen come outside of

1356

01:04:06,170 --> 01:04:03,000

your house and if you don't see four

1357

01:04:07,970 --> 01:04:06,180

stars in alignment

1358

01:04:10,010 --> 01:04:07,980

if you don't see four stars in perfect

1359

01:04:11,990 --> 01:04:10,020

alignment

1360

01:04:14,270 --> 01:04:12,000

I don't know where you are if you're in

1361

01:04:15,349 --> 01:04:14,280

Zambia but right now if you come out of

1362

01:04:17,150 --> 01:04:15,359

your house you're going to see four

1363

01:04:19,789 --> 01:04:17,160

stars in perfect alignment you tell me

1364

01:04:22,510 --> 01:04:19,799

what what is that explain to me give me

1365

01:04:25,609 --> 01:04:22,520

a plausible scientific explanation

1366

01:04:26,750 --> 01:04:25,619

backed with scientific data tell me what

1367

01:04:28,849 --> 01:04:26,760

that is

1368

01:04:30,530 --> 01:04:28,859

explain to me because you're so smart

1369

01:04:33,589 --> 01:04:30,540

explain to me

1370

01:04:36,309 --> 01:04:33,599

most of you don't even know half or

1371

01:04:38,750 --> 01:04:36,319

quarter what's going on on this planet

1372

01:04:41,030 --> 01:04:38,760

so-called Planet we're living in I tell

1373

01:04:42,890 --> 01:04:41,040

you people these things all the time but

1374

01:04:44,329 --> 01:04:42,900

a lot of you people think everyone who

1375

01:04:45,950 --> 01:04:44,339

tells you things that you don't believe

1376

01:04:48,170 --> 01:04:45,960

in are crazy

1377

01:04:51,170 --> 01:04:48,180

but what's this you explain to me tell

1378

01:04:53,270 --> 01:04:51,180

me these things are fine they are in

1379

01:04:55,370 --> 01:04:53,280

alignment man these are stars what are

1380

01:04:59,890 --> 01:04:55,380

these things tell me you scientific

1381

01:05:06,770 --> 01:05:03,230

road right now

1382

01:05:08,809 --> 01:05:06,780

what are these things

1383

01:05:10,970 --> 01:05:08,819

all of you are driving by like it's

1384

01:05:12,770 --> 01:05:10,980

nothing I ask people here they're

1385

01:05:16,370 --> 01:05:12,780

telling me they don't know what this is

1386

01:05:18,230 --> 01:05:16,380

you tell me you're so asleep a lot of

1387

01:05:20,270 --> 01:05:18,240

you are so asleep you don't understand

1388

01:05:22,190 --> 01:05:20,280

where you are you don't understand who

1389

01:05:23,990 --> 01:05:22,200

you are you don't understand where you

1390

01:05:26,329 --> 01:05:24,000

open your eyes

1391

01:05:29,569 --> 01:05:26,339

you don't listen forget about this money

1392

01:05:31,490 --> 01:05:29,579

rubbish this you're chasing back

1393

01:05:33,770 --> 01:05:31,500

and forth every day there's something

1394

01:05:36,349 --> 01:05:33,780

going on look up

1395

01:05:39,049 --> 01:05:36,359

you don't listen now look explain

1396

01:05:41,150 --> 01:05:39,059

because you're so smart a lot of you are

1397

01:05:44,150 --> 01:05:41,160

so smart you're so intelligent tell me

1398

01:05:51,490 --> 01:05:44,160

what this is these things are so aligned

1399

01:05:51,500 --> 01:05:57,289

look at

1400

01:06:09,049 --> 01:06:00,710

this I don't believe this

1401
01:06:09,059 --> 01:06:13,789
obvious

1402
01:06:13,799 --> 01:06:18,890
ly

1403
01:06:18,900 --> 01:07:27,109
foreign

1404
01:07:31,549 --> 01:07:29,089
I hope you guys like the show I

1405
01:07:34,970 --> 01:07:31,559
certainly had a great time creating it

1406
01:07:36,349 --> 01:07:34,980
and talking to Shannon and reading these

1407
01:07:37,490 --> 01:07:36,359
stories and learning about these

1408
01:07:39,829 --> 01:07:37,500
characters

1409
01:07:41,750 --> 01:07:39,839
you know I don't always know what's

1410
01:07:43,670 --> 01:07:41,760
going on and what the truth is behind

1411
01:07:45,770 --> 01:07:43,680
these stories right but they sure are

1412
01:07:48,349 --> 01:07:45,780
interesting and and I really like

1413
01:07:51,529 --> 01:07:48,359

looking into them so I hope you enjoyed

1414

01:07:54,109 --> 01:07:51,539

looking into those stories with me

1415

01:07:56,990 --> 01:07:54,119

I know we had a short UAP News segment

1416

01:07:58,430 --> 01:07:57,000

but what are you gonna do

1417

01:07:59,569 --> 01:07:58,440

so I hope you enjoyed that I hope you

1418

01:08:01,849 --> 01:07:59,579

enjoyed the interview with Shannon

1419

01:08:02,630 --> 01:08:01,859

please subscribe like the video If you

1420

01:08:05,329 --> 01:08:02,640

haven't

1421

01:08:07,250 --> 01:08:05,339

and uh

1422

01:08:09,650 --> 01:08:07,260

to everyone in the chat thank you so

1423

01:08:12,529 --> 01:08:09,660

much for being so kind and supportive I

1424

01:08:15,770 --> 01:08:12,539

really do appreciate it

1425

01:08:18,289 --> 01:08:15,780

so peace and Stanley no the puppies that

1426

01:08:22,070 --> 01:08:18,299

you just saw yeah those are Luke those

1427

01:08:23,990 --> 01:08:22,080

are Lew's um God children oh no way yeah

1428

01:08:28,870 --> 01:08:24,000

how cool is that how many people could

1429

01:08:35,269 --> 01:08:31,849

man do I have to pick a Godfather for my

1430

01:08:41,030 --> 01:08:38,269

lose a reason why I even have these dogs

1431

01:08:43,490 --> 01:08:41,040

I was going to get a different dog but

1432

01:08:45,709 --> 01:08:43,500

he's like no you you want a dog get this

1433

01:08:47,570 --> 01:08:45,719

kind of dog but if you want like a dog

1434

01:08:49,849 --> 01:08:47,580

that's like your children get a German

1435

01:08:52,309 --> 01:08:49,859

Shepherd best decision I ever made my

1436

01:08:55,130 --> 01:08:52,319

wife and I just we love our dogs good

1437

01:08:57,470 --> 01:08:55,140

yeah my wife and I look we love our dogs

1438

01:09:00,950 --> 01:08:57,480

too man I mean they're family for sure

1439

01:09:02,930 --> 01:09:00,960

so yeah and some days like yeah just

1440

01:09:05,510 --> 01:09:02,940

just a hug from the dog we'll we'll fix

1441

01:09:08,930 --> 01:09:05,520

everything and I was telling Lou today

1442

01:09:09,709 --> 01:09:08,940

and I was telling Rob today that

1443

01:09:12,650 --> 01:09:09,719

um

1444

01:09:15,650 --> 01:09:12,660

this has been icing for me

1445

01:09:19,309 --> 01:09:15,660

it's been tough but

1446

01:09:24,050 --> 01:09:21,769

I I I don't take for granted the

1447

01:09:26,329 --> 01:09:24,060

friendships that I've developed through

1448

01:09:30,169 --> 01:09:26,339

the last year Rob and I have become

1449

01:09:32,510 --> 01:09:30,179

extremely close and there's almost not a

1450

01:09:36,530 --> 01:09:32,520

moment of the day that goes by that

1451

01:09:40,390 --> 01:09:36,540

we're not talking honestly I

1452

01:09:42,650 --> 01:09:40,400

long story short before Lou before Rob

1453

01:09:44,209 --> 01:09:42,660

for at least

1454

01:09:46,189 --> 01:09:44,219

10 years

1455

01:09:49,309 --> 01:09:46,199

I turned my phone off

1456

01:09:52,789 --> 01:09:49,319

and at all my phone calls go to my wife

1457

01:09:54,650 --> 01:09:52,799

right well since Rob's around and lose

1458

01:09:56,450 --> 01:09:54,660

around and other folks are around I get

1459

01:10:00,770 --> 01:09:56,460

phone calls all the time or text

1460

01:10:02,709 --> 01:10:00,780

messages yeah okay blue hold on I gotta

1461

01:10:05,990 --> 01:10:02,719

shoot my dog

1462

01:10:08,050 --> 01:10:06,000

get up mama there you go I got a squirt

1463

01:10:10,970 --> 01:10:08,060

gun he's like oh I'm sorry

1464

01:10:12,910 --> 01:10:10,980

we need a 95 pound dog jumping on

1465

01:10:15,709 --> 01:10:12,920

somebody

1466

01:10:18,410 --> 01:10:15,719

that's it I'd squirt my cat when it

1467

01:10:21,169 --> 01:10:18,420

won't shut up so it's fine you know what

1468

01:10:22,850 --> 01:10:21,179

they shut up right so yeah

1469

01:10:24,530 --> 01:10:22,860

just like

1470

01:10:25,550 --> 01:10:24,540

that's not

1471

01:10:26,590 --> 01:10:25,560

that's my

1472

01:10:29,030 --> 01:10:26,600

um

1473

01:10:29,750 --> 01:10:29,040

that's this is my service dog this is

1474

01:10:33,410 --> 01:10:29,760

blue

1475

01:10:36,290 --> 01:10:33,420

I have a

1476

01:10:39,490 --> 01:10:36,300

he she's trying to finish this story for

1477

01:10:46,380 --> 01:10:42,950

I am very I'm very lucky she loves me

1478

01:10:59,420 --> 01:10:55,150

[Music]
