

1
00:00:05,090 --> 00:00:01,850
in this episode we're going to cover

2
00:00:07,909 --> 00:00:05,100
various astronauts and NASA stories in

3
00:00:11,450 --> 00:00:07,919
regards to UFO sightings either captured

4
00:00:14,030 --> 00:00:11,460
on film up in space or stories told by

5
00:00:16,189 --> 00:00:14,040
former NASA astronauts our first

6
00:00:20,210 --> 00:00:16,199
astronaut that we're going to cover is a

7
00:00:23,630 --> 00:00:20,220
doctor story Musgrave he was born August

8
00:00:27,710 --> 00:00:23,640
19th in 1935 and he served as a

9
00:00:29,990 --> 00:00:27,720
consultant to Disney imagineering and

10
00:00:33,049 --> 00:00:30,000
also applied Minds in California Dr

11
00:00:35,630 --> 00:00:33,059
Musgrave is a American physician and a

12
00:00:38,569 --> 00:00:35,640
retired NASA astronaut he's the most

13
00:00:41,209 --> 00:00:38,579

formally educated astronaut with six

14

00:00:43,910 --> 00:00:41,219

degrees Musgrave is the only astronaut

15

00:00:46,790 --> 00:00:43,920

to actually have flown aboard all five

16

00:00:49,010 --> 00:00:46,800

space shuttle missions Musgrave is

17

00:00:51,529 --> 00:00:49,020

definitely a qualified Observer as he

18

00:00:55,069 --> 00:00:51,539

has just about 17

19

00:00:58,310 --> 00:00:55,079

000 hours flying time in about 160

20

00:01:01,790 --> 00:00:58,320

different types of aircraft including 7

21

00:01:04,969 --> 00:01:01,800

500 hours in jet aircraft he's earned

22

00:01:07,550 --> 00:01:04,979

FAA ratings for instructor instrument

23

00:01:10,310 --> 00:01:07,560

instructor glider instructor as an

24

00:01:13,190 --> 00:01:10,320

accomplished parachutist he's had over

25

00:01:14,929 --> 00:01:13,200

800 free Falls including over 100

26

00:01:18,230 --> 00:01:14,939

experimental free Falls that actually

27

00:01:19,850 --> 00:01:18,240

studied human aerodynamics Musgrave is

28

00:01:23,090 --> 00:01:19,860

actually elected as scientist astronaut

29

00:01:25,370 --> 00:01:23,100

in 1967 as a part of NASA's group six

30

00:01:27,710 --> 00:01:25,380

after completing flight and academic

31

00:01:30,710 --> 00:01:27,720

training he actually worked on the

32

00:01:33,590 --> 00:01:30,720

Skylab station Musgrave participated in

33

00:01:36,410 --> 00:01:33,600

the design of all six space shuttles

34

00:01:39,410 --> 00:01:36,420

extra vehicular activity equipment a

35

00:01:43,969 --> 00:01:39,420

veteran of six space flights Dr Musgrave

36

00:01:46,630 --> 00:01:43,979

has spent over 1200 hours in space he

37

00:01:48,429 --> 00:01:46,640

flew on sts-6

38

00:01:50,109 --> 00:01:48,439

sts-51f

39

00:01:51,789 --> 00:01:50,119

sds-33

40

00:01:54,429 --> 00:01:51,799

sts-44

41

00:01:57,289 --> 00:01:54,439

sts-61 and

42

00:01:59,330 --> 00:01:57,299

sts-80 so we first see Dr Musgrave

43

00:02:03,289 --> 00:01:59,340

actually creep up in newspaper reports

44

00:02:05,569 --> 00:02:03,299

in regards to UFOs around 1970 and

45

00:02:07,670 --> 00:02:05,579

although he wasn't dismissive he did

46

00:02:10,249 --> 00:02:07,680

play the normal party line of the

47

00:02:11,690 --> 00:02:10,259

universe is too big mathematically

48

00:02:13,070 --> 00:02:11,700

speaking of course there's other

49

00:02:14,809 --> 00:02:13,080

intelligent life out there in the

50

00:02:18,229 --> 00:02:14,819

universe but he actually changed his

51
00:02:20,630 --> 00:02:18,239
tune why did he change his tune well he

52
00:02:22,910 --> 00:02:20,640
actually went to space and he saw some

53
00:02:26,270 --> 00:02:22,920
things that he kind of described I guess

54
00:02:28,309 --> 00:02:26,280
you could say as snakes he described

55
00:02:31,430 --> 00:02:28,319
them as maybe biological type of

56
00:02:33,830 --> 00:02:31,440
entities maybe simple proteins that are

57
00:02:35,570 --> 00:02:33,840
created with amino acids so on and so

58
00:02:39,290 --> 00:02:35,580
forth but he did become a believer that

59
00:02:48,070 --> 00:02:39,300
outer space was filled with life now

60
00:02:53,270 --> 00:02:52,490
and we also have this photo

61
00:02:55,910 --> 00:02:53,280
foreign

62
00:02:57,949 --> 00:02:55,920
I suppose the video is the best here Dr

63
00:03:01,790 --> 00:02:57,959

Musgrave is quoted in a newspaper in

64
00:03:04,610 --> 00:03:01,800
1970 Flaps saucers astronaut doubts UFOs

65
00:03:06,350 --> 00:03:04,620
are from space astronaut Dr F story

66
00:03:08,229 --> 00:03:06,360
Musgrave currently a lecturer and

67
00:03:10,670 --> 00:03:08,239
student at the University of Kentucky

68
00:03:14,690 --> 00:03:10,680
said yesterday there isn't enough

69
00:03:18,350 --> 00:03:14,700
evidence to support UFOs unidentified

70
00:03:21,170 --> 00:03:18,360
flying objects the universe is 4 billion

71
00:03:23,809 --> 00:03:21,180
years old he said implying that enough

72
00:03:26,270 --> 00:03:23,819
time has passed for the evolution of

73
00:03:29,089 --> 00:03:26,280
life elsewhere in the universe that

74
00:03:32,570 --> 00:03:29,099
equals or surpasses our own intelligence

75
00:03:36,589 --> 00:03:32,580
level Dr F story Musgrave objective

76
00:03:38,869 --> 00:03:36,599
evidence lacking astronauts UFO Tales Dr

77
00:03:41,449 --> 00:03:38,879
story Musgrave NASA's senior astronaut

78
00:03:43,670 --> 00:03:41,459
novel Observatory repairman is now

79
00:03:47,030 --> 00:03:43,680
admitting that he has observed and

80
00:03:49,610 --> 00:03:47,040
photographed UFOs while in space during

81
00:03:52,670 --> 00:03:49,620
a recent sightings interviews story told

82
00:03:55,190 --> 00:03:52,680
of seeing many strange things while in

83
00:03:57,229 --> 00:03:55,200
orbit but but went on to explain in

84
00:03:59,809 --> 00:03:57,239
detail one particular object two

85
00:04:02,869 --> 00:03:59,819
separate flights he said a white 8 to 10

86
00:04:04,789 --> 00:04:02,879
foot tube like object would meet up with

87
00:04:07,850 --> 00:04:04,799
the shuttle shortly after liftoff this

88
00:04:09,830 --> 00:04:07,860

UFO would then follow the shuttle all

89

00:04:12,229 --> 00:04:09,840

around while the astronauts went about

90

00:04:14,030 --> 00:04:12,239

their duties after a couple of hours or

91

00:04:16,550 --> 00:04:14,040

days the object would then drift away

92

00:04:18,050 --> 00:04:16,560

when asked if the space snake could be a

93

00:04:20,330 --> 00:04:18,060

part of the shuttle that had broken off

94

00:04:23,450 --> 00:04:20,340

or another piece of space debris Dr

95

00:04:25,249 --> 00:04:23,460

Musgrave replied no lately many other

96

00:04:27,350 --> 00:04:25,259

astronauts are coming forward with the

97

00:04:30,350 --> 00:04:27,360

truth about seeing UFOs

98

00:04:32,749 --> 00:04:30,360

in space we have Cooper Armstrong and

99

00:04:35,330 --> 00:04:32,759

many of the younger shuttle crew members

100

00:04:37,969 --> 00:04:35,340

they even told of seeing structures or

101
00:04:40,550 --> 00:04:37,979
artifacts on the moon who can we believe

102
00:04:43,430 --> 00:04:40,560
if we can't believe our own astronauts

103
00:04:45,110 --> 00:04:43,440
would they lie to us I don't think so I

104
00:04:47,930 --> 00:04:45,120
will believe them over our own

105
00:04:49,730 --> 00:04:47,940
government and news media speaking of

106
00:04:52,670 --> 00:04:49,740
the news media why aren't they reporting

107
00:04:54,230 --> 00:04:52,680
on these admissions is the OJ trial more

108
00:04:55,969 --> 00:04:54,240
important to us than the fact that we

109
00:04:58,550 --> 00:04:55,979
are not alone interesting about Dr

110
00:05:01,310 --> 00:04:58,560
Musgrave in his description of the UFOs

111
00:05:03,650 --> 00:05:01,320
and how he calls them kind of snakes or

112
00:05:04,909 --> 00:05:03,660
biological type of entities is we've

113
00:05:07,189 --> 00:05:04,919

heard that before some people have

114

00:05:10,010 --> 00:05:07,199

described UFOs as some sort of living

115

00:05:12,590 --> 00:05:10,020

organism or it seemed maybe half machine

116

00:05:15,710 --> 00:05:12,600

and half animal what's interesting about

117

00:05:18,350 --> 00:05:15,720

this is when the Air Force in I think

118

00:05:20,990 --> 00:05:18,360

it's project sign actually began

119

00:05:23,150 --> 00:05:21,000

investigating UFOs they did put together

120

00:05:24,710 --> 00:05:23,160

some pretty big reports where they kind

121

00:05:26,749 --> 00:05:24,720

of experiment with different ideas as

122

00:05:30,010 --> 00:05:26,759

far as what the UFOs could be and

123

00:05:34,189 --> 00:05:30,020

represent and one of the actual

124

00:05:36,110 --> 00:05:34,199

ideas that was taken seriously was the

125

00:05:39,350 --> 00:05:36,120

idea that some of the UFOs could be

126
00:05:41,990 --> 00:05:39,360
actual space animals Dr Valley actually

127
00:05:45,110 --> 00:05:42,000
uh was a part of the United States Air

128
00:05:46,969 --> 00:05:45,120
Force scientific Advisory Board and he

129
00:05:48,529 --> 00:05:46,979
came up with a report classifying all

130
00:05:51,590 --> 00:05:48,539
the different options for what UFOs

131
00:05:52,730 --> 00:05:51,600
could be in the following is very

132
00:05:55,790 --> 00:05:52,740
similar

133
00:05:58,550 --> 00:05:55,800
tell Dr Musgrave

134
00:06:01,730 --> 00:05:58,560
describes the objects maybe some kind of

135
00:06:04,430 --> 00:06:01,740
animal even in this celebrated case of

136
00:06:06,890 --> 00:06:04,440
incident 172 where the light was chased

137
00:06:08,330 --> 00:06:06,900
by P-51 for half an hour and which was

138
00:06:10,969 --> 00:06:08,340

reported by the pilot to be

139

00:06:13,310 --> 00:06:10,979

intelligently directed we can make this

140

00:06:15,890 --> 00:06:13,320

remark for considering that an

141

00:06:18,770 --> 00:06:15,900

intelligence capable of making

142

00:06:21,590 --> 00:06:18,780

such remarkable devices would not be

143

00:06:24,230 --> 00:06:21,600

likely to play around and so idle a

144

00:06:26,930 --> 00:06:24,240

manner as described by the pilot in this

145

00:06:28,670 --> 00:06:26,940

connection it would be well to examine

146

00:06:29,260 --> 00:06:28,680

if some of the lights observed at night

147

00:06:31,150 --> 00:06:29,270

were not

148

00:06:34,330 --> 00:06:31,160

[Music]

149

00:06:37,370 --> 00:06:34,340

fireflies classification 3

150

00:06:40,490 --> 00:06:37,380

extraterrestrial objects so valet starts

151
00:06:42,710 --> 00:06:40,500
with one meteors cliché then he goes to

152
00:06:45,350 --> 00:06:42,720
animals although the objects as

153
00:06:47,450 --> 00:06:45,360
described act more like animals than

154
00:06:51,290 --> 00:06:47,460
anything else there are few Reliable

155
00:06:52,790 --> 00:06:51,300
Reports on extraterrestrial animals and

156
00:06:55,670 --> 00:06:52,800
if you pay close attention to what he

157
00:06:59,570 --> 00:06:55,680
says there he says there are few

158
00:07:02,270 --> 00:06:59,580
Reliable Reports an extraterrestrial

159
00:07:04,070 --> 00:07:02,280
animals few now we all know what that

160
00:07:06,529 --> 00:07:04,080
means if you could be anything from

161
00:07:08,809 --> 00:07:06,539
three to five reports on

162
00:07:11,450 --> 00:07:08,819
extraterrestrial animals time to take

163
00:07:13,670 --> 00:07:11,460

UFOs seriously of the 20 UFOs seen by

164

00:07:15,890 --> 00:07:13,680

American and Soviet astronauts since the

165

00:07:18,710 --> 00:07:15,900

first earthian went into space more than

166

00:07:21,909 --> 00:07:18,720

a decade ago 26 space Travelers have

167

00:07:25,249 --> 00:07:21,919

either seen or photographed the unknowns

168

00:07:27,409 --> 00:07:25,259

officials of the National Aeronautics

169

00:07:30,529 --> 00:07:27,419

and Space Administration have admitted

170

00:07:32,689 --> 00:07:30,539

that the cruise was Skylab 2 and 3 have

171

00:07:34,670 --> 00:07:32,699

seen you have watching One identified

172

00:07:36,950 --> 00:07:34,680

craft for 10 minutes before it

173

00:07:39,529 --> 00:07:36,960

disappeared astronaut Jean sarin has

174

00:07:42,409 --> 00:07:39,539

said in a Los Angeles press conference

175

00:07:44,809 --> 00:07:42,419

that he believes that UFOs

176

00:07:47,689 --> 00:07:44,819

belong to someone else and that they are

177

00:07:51,050 --> 00:07:47,699

from some different civilization first

178

00:07:54,290 --> 00:07:51,060

sightings of UFOs by astronauts date

179

00:07:56,689 --> 00:07:54,300

back to February 20th 1962

180

00:07:59,870 --> 00:07:56,699

when John Glenn aboard a Mercury capsule

181

00:08:02,510 --> 00:07:59,880

saw three objects following him and then

182

00:08:05,990 --> 00:08:02,520

overtaking him at varying speeds Gordon

183

00:08:08,450 --> 00:08:06,000

Cooper ex-astronaut UFO believer 1978

184

00:08:10,309 --> 00:08:08,460

Muhammad Ali saw one eight years ago and

185

00:08:12,469 --> 00:08:10,319

eight director John Gilligan saw when

186

00:08:14,570 --> 00:08:12,479

when he was governor of Georgia but all

187

00:08:16,490 --> 00:08:14,580

these celebrity UFO sightings may be

188

00:08:18,409 --> 00:08:16,500

nothing alongside the news that former

189

00:08:21,469 --> 00:08:18,419

astronaut Gordon Cooper believes the

190

00:08:23,629 --> 00:08:21,479

alien spacecraft may be buzzing the

191

00:08:26,050 --> 00:08:23,639

earth I keep hearing these stories from

192

00:08:28,790 --> 00:08:26,060

credible sources inside the government

193

00:08:30,409 --> 00:08:28,800

and they just won't go away Cooper said

194

00:08:32,750 --> 00:08:30,419

the other day from his office in

195

00:08:35,089 --> 00:08:32,760

Glendale California where he is now vice

196

00:08:37,969 --> 00:08:35,099

president for engineering for Walt

197

00:08:39,949 --> 00:08:37,979

Disney Enterprises I can't tell you the

198

00:08:42,409 --> 00:08:39,959

names of these sources but they are

199

00:08:43,730 --> 00:08:42,419

credible and frankly I think the

200

00:08:45,949 --> 00:08:43,740

government should release the

201
00:08:49,670 --> 00:08:45,959
information these sources have Professor

202
00:08:53,509 --> 00:08:49,680
NASA says that a UFO actually tailed the

203
00:08:55,250 --> 00:08:53,519
Apollo spacecraft out of Berkeley AP the

204
00:08:57,590 --> 00:08:55,260
University of California professor said

205
00:08:59,449 --> 00:08:57,600
Monday he has read National Aeronautics

206
00:09:02,090 --> 00:08:59,459
and Space Administration records that

207
00:09:04,910 --> 00:09:02,100
say unidentified flying object followed

208
00:09:09,050 --> 00:09:04,920
the Apollo 12 capsule in route to the

209
00:09:11,449 --> 00:09:09,060
Moon in November 1969. John Harter

210
00:09:13,610 --> 00:09:11,459
professor of Hydraulic Engineering he

211
00:09:15,130 --> 00:09:13,620
also is research director for the aerial

212
00:09:17,870 --> 00:09:15,140
phenomenon research organization

213
00:09:20,389 --> 00:09:17,880

headquartered in Tucson Arizona the

214

00:09:23,090 --> 00:09:20,399

Apollo 12 Crews said harder describe

215

00:09:25,610 --> 00:09:23,100

them as a flashing light that followed

216

00:09:27,290 --> 00:09:25,620

them for about one day harder said the

217

00:09:28,730 --> 00:09:27,300

transcripts made no reference to any

218

00:09:31,070 --> 00:09:28,740

close approach of the flashing lights

219

00:09:34,250 --> 00:09:31,080

nor is there any hostile display

220

00:09:37,009 --> 00:09:34,260

whatever the UFO was said the teacher

221

00:09:39,829 --> 00:09:37,019

they were too civilized for that so NASA

222

00:09:42,530 --> 00:09:39,839

as far as we're concerned is you know

223

00:09:44,870 --> 00:09:42,540

always stayed away from the UFO topic

224

00:09:48,410 --> 00:09:44,880

especially when it comes into the public

225

00:09:51,769 --> 00:09:48,420

eye NASA decided to take up a study to

226

00:09:53,509 --> 00:09:51,779

see what data would exist or what data

227

00:09:55,790 --> 00:09:53,519

could be utilized

228

00:09:58,509 --> 00:09:55,800

to actually measure the phenomenon maybe

229

00:10:01,610 --> 00:09:58,519

find some repeatability in a scientific

230

00:10:04,430 --> 00:10:01,620

experiment of some sort it was quite

231

00:10:06,470 --> 00:10:04,440

shocking and it is historic

232

00:10:08,750 --> 00:10:06,480

whether debunkers or whatever wants you

233

00:10:13,389 --> 00:10:08,760

to think that or not it is why because

234

00:10:13,399 --> 00:10:30,000

what the heck is that

235

00:10:30,010 --> 00:10:34,990

[Music]

236

00:11:21,510 --> 00:10:37,030

thank you

[Music]

240

00:16:30,769 --> 00:16:28,019

a couple hours ago we were looking at

241

00:16:33,050 --> 00:16:30,779

some video Inca was doing some Earth

242

00:16:35,689 --> 00:16:33,060

observation and we noticed an object

243

00:16:38,030 --> 00:16:35,699

that we saw in the in the video

244

00:16:39,410 --> 00:16:38,040

and we're not sure exactly what it was

245

00:16:41,090 --> 00:16:39,420

we're taking a look at that right now

246

00:16:42,290 --> 00:16:41,100

but in the interim we'd like to leave

247

00:16:45,970 --> 00:16:42,300

the KU

248

00:16:49,370 --> 00:16:45,980

and not stow it and also not do the pgsc

249

00:16:52,129 --> 00:16:49,380

cleanup activities just in case we need

250

00:16:56,870 --> 00:16:52,139

to use those systems here in the for

251
00:17:02,030 --> 00:16:58,490
parakeets run that by me again while

252
00:17:04,010 --> 00:17:03,410
it was because

253
00:17:05,750 --> 00:17:04,020
um

254
00:17:06,710 --> 00:17:05,760
like I said a few hours ago we just

255
00:17:07,250 --> 00:17:06,720
noticed

256
00:17:10,730 --> 00:17:07,260
um

257
00:17:12,770 --> 00:17:10,740
inco had seen an object in the uh video

258
00:17:14,390 --> 00:17:12,780
doing Earth observations and we just

259
00:17:16,850 --> 00:17:14,400
want to keep the KU up

260
00:17:25,870 --> 00:17:16,860
um to possibly downlink more
