Here's My View From the Bottom

16

00:01:34,270 --> 00:01:28,370

I was asleep from approximately 10 30

17

00:01:37,910 --> 00:01:34,280

p.m of January 16 1969 until at 3 24 a.m

18

00:01:39,770 --> 00:01:37,920

January 17 1969.

19

00:01:41,810 --> 00:01:39,780

at that time I was awakened by an

20

00:01:43,429 --> 00:01:41,820

unusual sound and this sound was similar

21

00:01:45,830 --> 00:01:43,439

to The Hum of an electric motor a

22

00:01:47,450 --> 00:01:45,840

Transformer that was in the process of

23

00:01:49,969 --> 00:01:47,460

going bad

24

00:01:52,550 --> 00:01:49,979

the sun was changing at an even rate

25

00:01:55,010 --> 00:01:52,560

very loud to normal or little lower

26

00:01:57,469 --> 00:01:55,020

than back to loud

27

00:02:00,350 --> 00:01:57,479

this noise was changing at a constant

28

00:02:01,609 --> 00:02:00,360

rate as far as my ears could tell

29

00:02:04,550 --> 00:02:01,619

I said

30

00:02:08,630 --> 00:02:04,560

what in the world is that noise

31

00:02:15,050 --> 00:02:08,640

I asked my wife can you hear that noise

32

00:02:19,670 --> 00:02:17,150

I went to the bedroom window lifted a

33

00:02:22,490 --> 00:02:19,680

venetian blind sled and looked in the

34

00:02:25,250 --> 00:02:22,500

direction of the sound for a few seconds

35

00:02:27,350 --> 00:02:25,260

before it came into site at about a 75

36

00:02:29,210 --> 00:02:27,360

degree angle as it was in view directly

37

00:02:32,089 --> 00:02:29,220

in front of the window and at a fairly

38

00:02:34,369 --> 00:02:32,099

high angle about 45 degrees

39

00:02:37,309 --> 00:02:34,379

I asked my wife to come and look but the

40

00:02:39,110 --> 00:02:37,319

noise outside and my back being toward

41

00:02:40,130 --> 00:02:39,120

her must have kept her from hearing me

42

00:02:42,170 --> 00:02:40,140

since

43

00:02:44,089 --> 00:02:42,180

she did not get up to look out the

44

00:02:46,729 --> 00:02:44,099

window

45

00:02:48,710 --> 00:02:46,739

I watched this object with lights all

46

00:02:51,229 --> 00:02:48,720

around the bottom moved slowly forward

47

00:02:52,910 --> 00:02:51,239

with an up and down motion which was

48

00:02:55,430 --> 00:02:52,920

also slow

49

00:02:56,990 --> 00:02:55,440

30 miles per hour varying

50

00:02:59,330 --> 00:02:57,000

not more than

51  
00:03:01,190 --> 00:02:59,340  
25 feet up and down

52  
00:03:03,170 --> 00:03:01,200  
it went forward

53  
00:03:06,350 --> 00:03:03,180  
over yard light in my neighbor's yard

54  
00:03:08,390 --> 00:03:06,360  
next door a little further forward and

55  
00:03:10,690 --> 00:03:08,400  
started banking at a left turn with the

56  
00:03:13,369 --> 00:03:10,700  
same speed in motion as before

57  
00:03:15,350 --> 00:03:13,379  
at this point the object seemed to tilt

58  
00:03:18,110 --> 00:03:15,360  
and turn instead of changing elevation

59  
00:03:20,270 --> 00:03:18,120  
except for this banking motion

60  
00:03:22,369 --> 00:03:20,280  
it was the same as it had been

61  
00:03:23,830 --> 00:03:22,379  
previously appearing to remain in the

62  
00:03:26,330 --> 00:03:23,840  
same rhythm

63  
00:03:28,009 --> 00:03:26,340

at this time it was turning the blinking

64

00:03:30,770 --> 00:03:28,019

light was the clearest and possibly

65

00:03:33,949 --> 00:03:30,780

could have been the first time I saw it

66

00:03:36,410 --> 00:03:33,959

I'm not sure but it remained

67

00:03:37,850 --> 00:03:36,420

a banking State until the object was out

68

00:03:41,089 --> 00:03:37,860

of sight

69

00:03:43,250 --> 00:03:41,099

said to my wife and I turned away from

70

00:03:46,130 --> 00:03:43,260

the window towards her did you hear that

71

00:03:47,930 --> 00:03:46,140

again louder and she replied yes

72

00:03:49,850 --> 00:03:47,940

she wanted to know what it was and I

73

00:03:51,350 --> 00:03:49,860

stated it was a UFO

74

00:03:54,289 --> 00:03:51,360

with the noise still in the background

75

00:03:56,449 --> 00:03:54,299

but getting fainter I contacted the

76

00:03:58,910 --> 00:03:56,459

telephone operator in Smithfield

77

00:04:01,009 --> 00:03:58,920

as I was telling her what I had heard

78

00:04:03,589 --> 00:04:01,019

and seen she stated I think I can hear

79

00:04:05,390 --> 00:04:03,599

it or I can hear it

80

00:04:07,610 --> 00:04:05,400

just to be sure because I was wondering

81

00:04:09,649 --> 00:04:07,620

if this little situation was a dream or

82

00:04:12,949 --> 00:04:09,659

nightmare I asked her

83

00:04:14,630 --> 00:04:12,959

you can are you sure she replied yes I

84

00:04:16,909 --> 00:04:14,640

can hear it

85

00:04:19,310 --> 00:04:16,919

during the time I was speaking with the

86

00:04:20,870 --> 00:04:19,320

telephone operator the noise was deep in

87

00:04:22,969 --> 00:04:20,880

the background

88

00:04:25,249 --> 00:04:22,979

I know he sees for perhaps five seconds

89

00:04:27,409 --> 00:04:25,259

or so and then reoccurred for a short

90

00:04:29,090 --> 00:04:27,419

time before going out of hearing

91

00:04:30,770 --> 00:04:29,100

distance

92

00:04:33,530 --> 00:04:30,780

at this point I told the telephone

93

00:04:36,890 --> 00:04:33,540

operator that I should contact someone

94

00:04:39,290 --> 00:04:36,900

and notify them of this situation

95

00:04:41,870 --> 00:04:39,300

I was trying to decide whether to notify

96

00:04:47,590 --> 00:04:41,880

law enforcement or the Air Force

97

00:04:51,950 --> 00:04:49,390

foreign

98

00:04:53,030 --> 00:04:51,960

to get Air Force Langley field Hampton

99

00:04:54,890 --> 00:04:53,040

Virginia

100

00:04:57,230 --> 00:04:54,900

the operator answered for Langley and

101  
00:04:58,969 --> 00:04:57,240  
stated what needed to be done and he

102  
00:05:01,969 --> 00:04:58,979  
connected me to the Airmen Who records

103  
00:05:02,990 --> 00:05:01,979  
UFOs and I again told him what I had

104  
00:05:04,909 --> 00:05:03,000  
seen

105  
00:05:07,010 --> 00:05:04,919  
and he wanted a description and I gave

106  
00:05:10,150 --> 00:05:07,020  
it to him

107  
00:05:14,990 --> 00:05:10,160  
when I returned to bed it was 3 30 a.m

108  
00:05:17,030 --> 00:05:15,000  
January 17th 1969.

109  
00:05:20,270 --> 00:05:17,040  
I had not noticed any weather conditions

110  
00:05:23,749 --> 00:05:20,280  
or if the moon or any stars were shining

111  
00:05:26,930 --> 00:05:23,759  
even though it had been plenty clear

112  
00:05:33,710 --> 00:05:26,940  
enough for me to see the UFO out of my

113  
00:05:37,850 --> 00:05:36,050

I'd been unable to go back to sleep in

114

00:05:39,770 --> 00:05:37,860

just a little before 6 a.m the alarm

115

00:05:42,050 --> 00:05:39,780

clock went off and I got out of bed and

116

00:05:44,270 --> 00:05:42,060

made preparations for going to work

117

00:05:45,830 --> 00:05:44,280

I related my experience of the night to

118

00:05:49,010 --> 00:05:45,840

the two members of my driving

119

00:05:51,290 --> 00:05:49,020

combinations one from Portsmouth and one

120

00:05:55,550 --> 00:05:51,300

from Churchland as we were driving the

121

00:05:58,610 --> 00:05:55,560

NASA on the morning of 17 January 69 and

122

00:06:03,170 --> 00:06:01,010

after I arrived at work I told my fellow

123

00:06:05,810 --> 00:06:03,180

workers they seemed concerned and a good

124

00:06:09,909 --> 00:06:05,820

deal of discussion followed

125

00:06:14,689 --> 00:06:12,469

any in turn contacted the local

126

00:06:18,830 --> 00:06:14,699

newspaper

127

00:06:20,749 --> 00:06:18,840

and I told him what I had seen and heard

128

00:06:22,790 --> 00:06:20,759

during the night

129

00:06:25,129 --> 00:06:22,800

I also told them about my discussion

130

00:06:26,450 --> 00:06:25,139

with the telephone operator and what she

131

00:06:27,830 --> 00:06:26,460

had said to me during our telephone

132

00:06:29,870 --> 00:06:27,840

conversation

133

00:06:32,390 --> 00:06:29,880

I was unable to get the name of the

134

00:06:35,510 --> 00:06:32,400

telephone operator I had talked to on

135

00:06:39,650 --> 00:06:35,520

January 1769 however after trying every

136

00:06:41,210 --> 00:06:39,660

day since 1969 January I finally got an

137

00:06:44,570 --> 00:06:41,220

answer from the chief operator on

138

00:06:47,629 --> 00:06:44,580

Wednesday evening January 2269 she said

139

00:06:49,309 --> 00:06:47,639

I've had a talk at length with her and

140

00:06:51,409 --> 00:06:49,319

the only thing she could have possibly

141

00:06:53,990 --> 00:06:51,419

heard during the course of the night was

142

00:06:56,570 --> 00:06:54,000

a normal sound of an aircraft going over

143

00:06:59,150 --> 00:06:56,580

I tried to tell her that the girl had

144

00:07:00,710 --> 00:06:59,160

stated different to me and that I would

145

00:07:03,110 --> 00:07:00,720

like to talk to her

146

00:07:06,050 --> 00:07:03,120

under any circumstances with anyone

147

00:07:07,969 --> 00:07:06,060

present and get her name but

148

00:07:10,550 --> 00:07:07,979

she said it would do no good

149

00:07:11,870 --> 00:07:10,560

because you repeated the same thing over

150

00:07:15,290 --> 00:07:11,880

again

151

00:07:17,870 --> 00:07:15,300

just as if a briefing had gone on

152

00:07:19,790 --> 00:07:17,880

and that she had rehearsed her statement

153

00:07:24,529 --> 00:07:19,800

over

154

00:07:27,170 --> 00:07:24,539

January 1769 I wondered all day who else

155

00:07:28,969 --> 00:07:27,180

might have seen or heard what I had

156

00:07:31,370 --> 00:07:28,979

when I got home I started looking for

157

00:07:33,170 --> 00:07:31,380

someone and was real discouraged in a

158

00:07:36,050 --> 00:07:33,180

way when I asked my neighbors next door

159

00:07:37,550 --> 00:07:36,060

the wife stated no but she remembered

160

00:07:38,809 --> 00:07:37,560

her mother saying she had heard

161

00:07:40,309 --> 00:07:38,819

something

162

00:07:42,529 --> 00:07:40,319

sure enough the lady and her

163

00:07:45,110 --> 00:07:42,539

three-year-old granddaughter both had

164

00:07:50,330 --> 00:07:47,809

the lady stated it had awakened the girl

165

00:07:52,610 --> 00:07:50,340

and both were frightened but the lady

166

00:07:55,790 --> 00:07:52,620

did not look out of her window to see

167

00:08:01,189 --> 00:07:58,909

she said that she wished she had

168

00:08:03,230 --> 00:08:01,199

she said she would have had plenty of

169

00:08:05,330 --> 00:08:03,240

time to look

170

00:08:07,909 --> 00:08:05,340

she was she had since

171

00:08:11,510 --> 00:08:07,919

I saw what I did

172

00:08:13,790 --> 00:08:11,520

she also stated it sounded as if we're

173

00:08:18,469 --> 00:08:13,800

coming through the roof

174

00:08:22,969 --> 00:08:20,510

I asked her what it sounded like and she

175

00:08:24,770 --> 00:08:22,979

explained to me fully that it had a

176  
00:08:27,770 --> 00:08:24,780  
varying sound and when it got to a point

177  
00:08:28,670 --> 00:08:27,780  
that she thought was directly over the

178  
00:08:31,490 --> 00:08:28,680  
roof

179  
00:08:34,310 --> 00:08:31,500  
it made a loud explosion and she didn't

180  
00:08:37,070 --> 00:08:34,320  
care anymore

181  
00:08:40,370 --> 00:08:37,080  
this is something I did not hear well I

182  
00:08:44,570 --> 00:08:42,529  
I was up early and out I asked directly

183  
00:08:46,430 --> 00:08:44,580  
and called on the phone a few neighbors

184  
00:08:47,750 --> 00:08:46,440  
to ask if they had heard or seen

185  
00:08:50,110 --> 00:08:47,760  
anything

186  
00:08:53,030 --> 00:08:50,120  
finally during the evening January 18

187  
00:08:54,710 --> 00:08:53,040  
1969 I found another neighbor and she

188  
00:08:56,870 --> 00:08:54,720

stated yes

189

00:08:59,329 --> 00:08:56,880

and that the sound was loud and varying

190

00:09:00,350 --> 00:08:59,339

it was coming from almost right on the

191

00:09:02,389 --> 00:09:00,360

rooftop

192

00:09:03,650 --> 00:09:02,399

and it also frightened her four-year-old

193

00:09:06,889 --> 00:09:03,660

daughter

194

00:09:09,650 --> 00:09:06,899

and she also was scared but now wishes

195

00:09:13,250 --> 00:09:11,210

well I discussed my problem with a

196

00:09:15,410 --> 00:09:13,260

couple of aeronautical engineers in the

197

00:09:16,790 --> 00:09:15,420

building and which I work and they were

198

00:09:19,370 --> 00:09:16,800

very interested and wanted me to explain

199

00:09:21,590 --> 00:09:19,380

everything to them I did

200

00:09:23,389 --> 00:09:21,600

I drew a picture on the Blackboard and

201

00:09:25,490 --> 00:09:23,399

described its motion

202

00:09:27,470 --> 00:09:25,500

I thought quite a bit about the sound

203

00:09:29,990 --> 00:09:27,480

and knew

204

00:09:31,430 --> 00:09:30,000

in my mind what it was like but had not

205

00:09:33,889 --> 00:09:31,440

tried to make it

206

00:09:35,449 --> 00:09:33,899

well they questioned me about that so I

207

00:09:37,850 --> 00:09:35,459

described it to them but would not try

208

00:09:40,130 --> 00:09:37,860

to make it at the time

209

00:09:43,009 --> 00:09:40,140

well I went home and on the way home I

210

00:09:46,190 --> 00:09:43,019

practiced this noise

211

00:09:47,509 --> 00:09:46,200

January 20th 1969 I practiced until I

212

00:09:50,509 --> 00:09:47,519

thought I could make this noise well

213

00:09:53,389 --> 00:09:50,519

enough to imitate what I had heard on

214

00:09:55,610 --> 00:09:53,399

January 21st 69 I went to them and

215

00:09:58,250 --> 00:09:55,620

endeavored to imitate the sound of the

216

00:10:01,610 --> 00:09:58,260

flying object as I heard it I also

217

00:10:04,970 --> 00:10:01,620

learned on January 21 1969

218

00:10:06,710 --> 00:10:04,980

that an older couple in Carlton had

219

00:10:07,970 --> 00:10:06,720

heard this unusual noise and I went to

220

00:10:10,250 --> 00:10:07,980

talk with him

221

00:10:12,230 --> 00:10:10,260

they were convinced as I was that we

222

00:10:15,230 --> 00:10:12,240

heard the same noise

223

00:10:18,110 --> 00:10:15,240

taking a road map and drawing a direct

224

00:10:20,269 --> 00:10:18,120

line between Smithfield and eclipse

225

00:10:23,210 --> 00:10:20,279

Carlton Falls right on this straight

226

00:10:25,130 --> 00:10:23,220

line well my story goes on I came to the

227

00:10:27,410 --> 00:10:25,140

conclusion that I was not going to find

228

00:10:29,870 --> 00:10:27,420

anyone else that had heard this noise

229

00:10:31,850 --> 00:10:29,880

when my daughter asked me if

230

00:10:33,530 --> 00:10:31,860

I'd ask someone who I had completely

231

00:10:36,050 --> 00:10:33,540

forgotten

232

00:10:39,410 --> 00:10:36,060

I went and asked a lady and her son and

233

00:10:42,590 --> 00:10:39,420

the son stated he also heard the noise

234

00:10:44,870 --> 00:10:42,600

and today January 21st 1969 my Sunday

235

00:10:47,329 --> 00:10:44,880

school teacher told me

236

00:10:49,430 --> 00:10:47,339

not to worry that I was not the only one

237

00:10:51,889 --> 00:10:49,440

who called Langley that someone else

238

00:10:54,590 --> 00:10:51,899

heard the noise and called Langley that

239

00:10:57,949 --> 00:10:54,600

they had given this person a rough time

240

00:11:00,350 --> 00:10:57,959

I told her previously on January 19 1969

241

00:11:02,569 --> 00:11:00,360

to my story and she evidently found this

242

00:11:04,970 --> 00:11:02,579

out during the week

243

00:11:07,490 --> 00:11:04,980

my conclusion of this story is that I

244

00:11:09,769 --> 00:11:07,500

saw and heard an unidentified flying

245

00:11:11,210 --> 00:11:09,779

object and I've reported it to the

246

00:11:13,190 --> 00:11:11,220

proper authorities

247

00:11:16,610 --> 00:11:13,200

I hope my government will do research to

248

00:11:24,710 --> 00:11:20,040

an answer to this puzzle

[Music]

254  
00:12:40,430 --> 00:12:37,910  
what's up y'all thanks for joining me

255  
00:12:42,710 --> 00:12:40,440  
today I thought we would do something

256  
00:12:44,210 --> 00:12:42,720  
kind of interesting I have a little bit

257  
00:12:46,730 --> 00:12:44,220  
of variety

258  
00:12:49,129 --> 00:12:46,740  
I have some documents I think we could

259  
00:12:51,410 --> 00:12:49,139  
do maybe like a like a quick fire round

260  
00:12:53,690 --> 00:12:51,420  
of different documents like different

261  
00:12:56,150 --> 00:12:53,700  
clippings I have that I think are pretty

262  
00:12:58,790 --> 00:12:56,160  
interesting and maybe you'll think they

263  
00:13:01,610 --> 00:12:58,800

are interesting as well

264

00:13:03,949 --> 00:13:01,620

the first one here is a summary of

265

00:13:06,350 --> 00:13:03,959

observations of aerial phenomena in the

266

00:13:09,350 --> 00:13:06,360

New Mexico area December 48th through

267

00:13:11,990 --> 00:13:09,360

May 50. this was also known as something

268

00:13:14,090 --> 00:13:12,000

called project twinkle in this area

269

00:13:16,970 --> 00:13:14,100

there were green fireballs and other

270

00:13:18,730 --> 00:13:16,980

types of UFOs being seen constantly and

271

00:13:21,949 --> 00:13:18,740

and the majority of them were actually

272

00:13:24,949 --> 00:13:21,959

seen by you know security guards at Los

273

00:13:27,710 --> 00:13:24,959

Alamos or soldiers you know Holloman or

274

00:13:31,009 --> 00:13:27,720

whatever we have a this is two Brigadier

275

00:13:33,350 --> 00:13:31,019

General Joseph F Carol director of

276

00:13:35,449 --> 00:13:33,360

special investigations

277

00:13:37,550 --> 00:13:35,459

in a liaison meeting with other military

278

00:13:40,970 --> 00:13:37,560

and government intelligence

279

00:13:43,129 --> 00:13:40,980

and investigative agencies in December

280

00:13:44,509 --> 00:13:43,139

1948 it was determined that the

281

00:13:47,990 --> 00:13:44,519

frequency of unexplained aerial

282

00:13:50,090 --> 00:13:48,000

phenomena UAP

283

00:13:51,829 --> 00:13:50,100

in the New Mexico area was such that an

284

00:13:53,990 --> 00:13:51,839

organized plan of reporting these

285

00:13:55,970 --> 00:13:54,000

observations should be undertaken the

286

00:13:58,670 --> 00:13:55,980

organization and physical location of

287

00:14:00,829 --> 00:13:58,680

units of this District were most

288

00:14:01,970 --> 00:14:00,839

suitable for collecting these data

289

00:14:04,550 --> 00:14:01,980

therefore

290

00:14:05,990 --> 00:14:04,560

since December 1948 this district has

291

00:14:07,430 --> 00:14:06,000

assumed the responsibility for

292

00:14:09,410 --> 00:14:07,440

collecting and Reporting basic

293

00:14:10,910 --> 00:14:09,420

information with respect to Aerial

294

00:14:13,430 --> 00:14:10,920

phenomenon occurring in this general

295

00:14:16,190 --> 00:14:13,440

area these reports have been distributed

296

00:14:17,930 --> 00:14:16,200

to the air material command

297

00:14:20,030 --> 00:14:17,940

in accordance with air intelligence

298

agencies

301

00:14:26,690 --> 00:14:25,079

there is attached as a part of this

302

00:14:29,990 --> 00:14:26,700

summary a compilation of aerial

303

00:14:31,730 --> 00:14:30,000

phenomena sightings have occurred mostly

304

00:14:33,170 --> 00:14:31,740

in New Mexico area and have been

305

00:14:36,110 --> 00:14:33,180

reported by this district office

306

00:14:38,150 --> 00:14:36,120

subsequent to December 1948. this

307

00:14:39,949 --> 00:14:38,160

compilation of sightings is not a

308

00:14:42,769 --> 00:14:39,959

complete record of all reported

309

00:14:44,629 --> 00:14:42,779

observations but includes only those in

310

00:14:46,910 --> 00:14:44,639

which sufficient information was

311

00:14:48,889 --> 00:14:46,920

available to justify their inclusion The

312

00:14:50,569 --> 00:14:48,899

Observers of these phenomena include

313

00:14:53,810 --> 00:14:50,579

scientists

314

00:14:55,970 --> 00:14:53,820

Special Agents of the office of special

315

00:14:58,129 --> 00:14:55,980

investigations

military personnel and many other

321

00:15:13,370 --> 00:15:11,279

persons of various occupations whose

322

00:15:15,410 --> 00:15:13,380

reliability is not questioned

323

00:15:17,750 --> 00:15:15,420

this compilation sets forth the most

324

00:15:20,090 --> 00:15:17,760

important characteristics with respect

325

00:15:21,110 --> 00:15:20,100

to each observation and evaluates each

326

00:15:24,170 --> 00:15:21,120

sighting

327

00:15:27,470 --> 00:15:24,180

into one of three classifications

328

00:15:30,170 --> 00:15:27,480

green Fireball phenomenon disc or

329

00:15:35,150 --> 00:15:32,389

in three probably

330

00:15:38,329 --> 00:15:35,160

meteoric

331

00:15:41,870 --> 00:15:38,339

disc or variation this is just a perfect

332

00:15:44,329 --> 00:15:41,880

example of the many many sightings and

333

00:15:46,670 --> 00:15:44,339

experiences that Air Force personnel and

334

00:15:49,550 --> 00:15:46,680

other Personnel had in the past 12 years

335

00:15:51,350 --> 00:15:49,560

I've observed all types of weather wind

336

00:15:53,629 --> 00:15:51,360

temperature inversion false returns

337

00:15:55,069 --> 00:15:53,639

birds and numerous other objects on

338

00:15:58,069 --> 00:15:55,079

radar

339

00:16:01,430 --> 00:15:58,079

but never at Target this size

340

00:16:02,389 --> 00:16:01,440

moving with the speed and direction of

341

00:16:05,389 --> 00:16:02,399

these

342

00:16:07,790 --> 00:16:05,399

this is one of my favorite cases I think

343

00:16:10,490 --> 00:16:07,800

it's definitely not talked about enough

344

00:16:13,129 --> 00:16:10,500

just because of the sheer volume of the

345

00:16:15,290 --> 00:16:13,139

object seen by the amount of military

346

00:16:18,350 --> 00:16:15,300

personnel that were involved in seeing

347

00:16:20,689 --> 00:16:18,360

this and how many strategic area command

348

00:16:23,449 --> 00:16:20,699

bases were actually involved was

349

00:16:25,610 --> 00:16:23,459

basically four states worth Francis E

351  
00:16:28,910 --> 00:16:27,420  
area which has recently experienced a

352  
00:16:31,250 --> 00:16:28,920  
considerable number of reports

353  
00:16:33,889 --> 00:16:31,260  
pertaining to UFOs

354  
00:16:36,470 --> 00:16:33,899  
and the night of 31st July 65 several

355  
00:16:38,569 --> 00:16:36,480  
civilians of Cheyenne Wyoming reported

356  
00:16:40,430 --> 00:16:38,579  
the local radio stations various objects

357  
00:16:41,810 --> 00:16:40,440  
generally with red and green flashing

358  
00:16:43,670 --> 00:16:41,820  
lights

359  
00:16:45,829 --> 00:16:43,680  
these were relayed to the Francis E

00:17:20,569 --> 00:17:17,939

totals 148 objects 143

372

00:17:23,270 --> 00:17:20,579

personnel

373

00:17:27,289 --> 00:17:23,280

the descriptions of the objects reported

374

00:17:29,690 --> 00:17:27,299

mostly round sphere

375

00:17:31,970 --> 00:17:29,700

although there are reports of oval cigar

376

00:17:35,450 --> 00:17:31,980

shaped and pencil shaped or merely a

377

00:17:40,850 --> 00:17:38,090

v-shaped Echelon cross box and tail

378

00:17:45,370 --> 00:17:40,860

shaped formations were reported

379

00:17:50,450 --> 00:17:47,570

I can't believe people don't talk about

380

00:17:53,210 --> 00:17:50,460

that case more and that you know certain

381

00:17:54,770 --> 00:17:53,220

people haven't dug farther to you know

382

00:17:56,690 --> 00:17:54,780

get Witnesses and all that kind of stuff

383

00:17:58,370 --> 00:17:56,700

and by this point it might be too late I

384

00:18:00,350 --> 00:17:58,380

like this document for a couple reasons

385

00:18:04,789 --> 00:18:00,360

one of them is

386

00:18:07,669 --> 00:18:04,799

it includes a visit to Patel Patel

387

00:18:10,130 --> 00:18:07,679

um is definitely suspected to be

388

00:18:12,590 --> 00:18:10,140

involved in in some material recovery

389

00:18:14,330 --> 00:18:12,600

and Analysis and and all that with

390

00:18:17,390 --> 00:18:14,340

unidentified flying objects and they

391

00:18:19,070 --> 00:18:17,400

definitely uh were but I like this most

392

00:18:20,450 --> 00:18:19,080

because of what it says at the end but

393

00:18:22,250 --> 00:18:20,460

I'll read the whole thing Lieutenant EJ

394

00:18:23,510 --> 00:18:22,260

rupelt and Colonel Kirkland conferred

395

00:18:26,510 --> 00:18:23,520

with members of

396

00:18:28,669 --> 00:18:26,520

and 26 October 1951 in regard to project

397

00:18:30,529 --> 00:18:28,679

Grudge the question of whether or not

398

00:18:32,570 --> 00:18:30,539

there is enough material available on

399

00:18:34,549 --> 00:18:32,580

unidentified aerial objects to Warrant a

400

00:18:36,409 --> 00:18:34,559

detailed scientific study was discussed

401  
00:18:38,630 --> 00:18:36,419  
it was decided that there was enough

402  
00:18:41,390 --> 00:18:38,640  
material available in blank would submit

403  
00:18:44,570 --> 00:18:41,400  
a proposal to furnish consultants in the

404  
00:18:46,370 --> 00:18:44,580  
fields of astronomy applied psychology

405  
00:18:47,990 --> 00:18:46,380  
physics Etc

406  
00:18:50,090 --> 00:18:48,000  
they will also attempt to make a

407  
00:18:52,070 --> 00:18:50,100  
statistical analysis of the reports in

408  
00:18:53,270 --> 00:18:52,080  
an attempt to obtain some pattern or

409  
00:18:55,549 --> 00:18:53,280  
trend

410  
00:18:57,350 --> 00:18:55,559  
it is very reasonable to believe that

411  
00:18:58,669 --> 00:18:57,360  
some type of unusual object or

412  
00:19:00,710 --> 00:18:58,679  
phenomenon

413  
00:19:02,990 --> 00:19:00,720

is being observed as many of the

414

00:19:06,890 --> 00:19:03,000

sightings have been made by highly

415

00:19:09,409 --> 00:19:06,900

qualified sources and five May 1948

416

00:19:12,350 --> 00:19:09,419

Lieutenant Colonel James C beam and

417

00:19:13,850 --> 00:19:12,360

Alfred C loading representatives of

418

00:19:15,830 --> 00:19:13,860

intelligence Department this command

419

00:19:18,289 --> 00:19:15,840

visited your headquarters for the

420

00:19:20,630 --> 00:19:18,299

purpose of interviewing Dr peoples of

421

00:19:22,610 --> 00:19:20,640

the Watson Laboratories it was learned

422

00:19:24,590 --> 00:19:22,620

that a lieutenant Markley

423

00:19:26,750 --> 00:19:24,600

as in several instances in the past

424

00:19:28,789 --> 00:19:26,760

detected on RadarScope unidentified

425

00:19:30,049 --> 00:19:28,799

flying objects moving at an excessive

426

00:19:32,810 --> 00:19:30,059

rate of speed

427

00:19:34,070 --> 00:19:32,820

it is desired that a report be submitted

428

00:19:36,049 --> 00:19:34,080

to this headquarters giving all

429

00:19:38,450 --> 00:19:36,059

available information on these reported

430

00:19:40,430 --> 00:19:38,460

sightings future observations of this

431

00:19:42,770 --> 00:19:40,440

type should be recorded to this

432

00:19:45,169 --> 00:19:42,780

headquarters immediately why do you want

433

00:19:47,510 --> 00:19:45,179

to know about balloon so fast

434

00:19:51,049 --> 00:19:47,520

it's weird this actually comes from the

435

00:19:54,289 --> 00:19:51,059

CIA files sightings of UFOs reported at

436

00:19:57,710 --> 00:19:54,299

Los Alamos in Oak Ridge at a time when

437

00:19:59,570 --> 00:19:57,720

the background radiation count has risen

438

00:20:02,450 --> 00:19:59,580

inexplicably

439

00:20:05,210 --> 00:20:02,460

here we run out of even Blue Yonder

440

00:20:07,850 --> 00:20:05,220

explanations that might be tenable

441

00:20:10,310 --> 00:20:07,860

and we still are left with numbers of

442

00:20:13,190 --> 00:20:10,320

incredible reports from credible

443

00:20:16,250 --> 00:20:13,200

observers here we have a memorandum for

444

00:20:18,230 --> 00:20:16,260

director of Central Intelligence through

445

00:20:19,970 --> 00:20:18,240

deputy director for intelligence subject

446

00:20:21,830 --> 00:20:19,980

UFOs

447

00:20:23,450 --> 00:20:21,840

sightings of unexplained objects at

448

00:20:25,190 --> 00:20:23,460

Great altitudes and traveling at high

449

00:20:26,870 --> 00:20:25,200

speeds in the vicinity of major U.S

450

00:20:28,789 --> 00:20:26,880

defense installations

451  
00:20:31,789 --> 00:20:28,799  
of such nature that they are not

452  
00:20:34,789 --> 00:20:31,799  
attributable to Natural phenomena or

453  
00:20:37,250 --> 00:20:34,799  
known types of aerial Vehicles it's a

454  
00:20:38,870 --> 00:20:37,260  
really interesting article

455  
00:20:41,390 --> 00:20:38,880  
um there's kind of this

456  
00:20:44,710 --> 00:20:41,400  
area of ufology where they kind of

457  
00:20:48,409 --> 00:20:44,720  
touched on the Bermuda Triangle in

458  
00:20:50,690 --> 00:20:48,419  
airplanes missing and ships missing and

459  
00:20:54,049 --> 00:20:50,700  
I found this to be pretty good

460  
00:20:55,970 --> 00:20:54,059  
as far as explaining uh that for

461  
00:20:58,669 --> 00:20:55,980  
centuries Spacemen have been visiting

462  
00:21:00,830 --> 00:20:58,679  
Earth and observing its inhabitants more

463  
00:21:02,810 --> 00:21:00,840

than that they are responsible for one

464

00:21:04,370 --> 00:21:02,820

of its most baffling Mysteries The

465

00:21:07,549 --> 00:21:04,380

Disappearance of more than one thousand

466

00:21:09,230 --> 00:21:07,559

people in nearly 100 ships and planes in

467

00:21:10,789 --> 00:21:09,240

the Triangular area of the Atlantic

468

00:21:14,750 --> 00:21:10,799

ocean known as

469

00:21:16,610 --> 00:21:14,760

limbo of the Lost

470

00:21:18,529 --> 00:21:16,620

speaking before the iris Club Wednesday

471

00:21:20,529 --> 00:21:18,539

John Wallace Spencer and Air Force

472

00:21:22,610 --> 00:21:20,539

veteran and a member of the national

473

00:21:25,190 --> 00:21:22,620

investigations committee on aerial

474

00:21:28,730 --> 00:21:25,200

phenomenon told the group that concrete

475

00:21:30,230 --> 00:21:28,740

proof of UFO crafts does exist but that

476  
00:21:32,630 --> 00:21:30,240  
the government has ordered its

477  
00:21:34,549 --> 00:21:32,640  
investigators to cover up such data

478  
00:21:35,870 --> 00:21:34,559  
sorry about that it's Air Force not the

479  
00:21:38,450 --> 00:21:35,880  
Navy

480  
00:21:40,430 --> 00:21:38,460  
moreover he noted such activity has been

481  
00:21:42,830 --> 00:21:40,440  
especially high in the area where the

482  
00:21:45,470 --> 00:21:42,840  
disappearances have occurred

483  
00:21:48,409 --> 00:21:45,480  
limbo of the Lost is not an obscure idea

484  
00:21:50,390 --> 00:21:48,419  
runs from Cape May New Jersey to the

485  
00:21:52,850 --> 00:21:50,400  
edge of the continental shelf

486  
00:21:55,610 --> 00:21:52,860  
it follows the Shelf around Florida into

487  
00:21:57,890 --> 00:21:55,620  
the Gulf through Cuba Jamaica Haiti the

488  
00:21:59,570 --> 00:21:57,900

Dominican Republic

489

00:22:01,789 --> 00:21:59,580  
and Puerto Rico

490

00:22:03,770 --> 00:22:01,799  
and the islands of the West Indies it

491

00:22:06,289 --> 00:22:03,780  
then comes up through the Bahamas and

492

00:22:07,970 --> 00:22:06,299  
then up to Bermuda it is an area well

493

00:22:10,310 --> 00:22:07,980  
traveled by commercial private military

494

00:22:12,110 --> 00:22:10,320  
craft according to Spencer

495

00:22:14,750 --> 00:22:12,120  
more baffling

496

00:22:16,430 --> 00:22:14,760  
yet despite modern technology and its

497

00:22:18,310 --> 00:22:16,440  
location the Seas have apparently

498

00:22:21,169 --> 00:22:18,320  
swallowed up ships planes and people

499

00:22:23,029 --> 00:22:21,179  
even more baffling the ghostly

500

00:22:25,669 --> 00:22:23,039  
derelicts which have been found in the

501  
00:22:28,010 --> 00:22:25,679  
area without a clue as to the fate of

502  
00:22:30,649 --> 00:22:28,020  
passengers and crew

503  
00:22:33,049 --> 00:22:30,659  
in his book by the same name Spencer

504  
00:22:35,390 --> 00:22:33,059  
lists 10 major plane disappearances in

505  
00:22:37,310 --> 00:22:35,400  
this area since 1945.

506  
00:22:39,649 --> 00:22:37,320  
perhaps one of the most interesting of

507  
00:22:42,529 --> 00:22:39,659  
which is the loss of five

508  
00:22:45,110 --> 00:22:42,539  
fighter planes and a flying boat

509  
00:22:46,669 --> 00:22:45,120  
with a loss of life of 27 men according

510  
00:22:48,890 --> 00:22:46,679  
to Spencer

511  
00:22:50,810 --> 00:22:48,900  
describing the incident Spencer noted

512  
00:22:53,029 --> 00:22:50,820  
that the five Avenger type craft took

513  
00:22:55,549 --> 00:22:53,039

off on a routine training mission

514

00:22:57,830 --> 00:22:55,559

All crew members were combat veterans

515

00:22:59,750 --> 00:22:57,840

with experience ranging from 1 to more

516

00:23:01,970 --> 00:22:59,760

than six years

517

00:23:05,270 --> 00:23:01,980

the crew took off from Fort Lauderdale

518

00:23:07,610 --> 00:23:05,280

at 2PM during the course of the flight

519

00:23:10,430 --> 00:23:07,620

several routine messages were received

520

00:23:12,529 --> 00:23:10,440

from the craft and at 5 25 PM the crew

521

00:23:15,950 --> 00:23:12,539

leader radioed in a nearly hysterical

522

00:23:19,010 --> 00:23:15,960

tone we are lost instruments are not

523

00:23:22,789 --> 00:23:19,020

working don't know where we are

524

00:23:24,409 --> 00:23:22,799

and then as if Accord were being pulled

525

00:23:26,780 --> 00:23:24,419

nothing

526

00:23:27,890 --> 00:23:26,790

Spencer related

527

00:23:30,409 --> 00:23:27,900

[Music]

528

00:23:32,810 --> 00:23:30,419

immediately A Martin Mariner flying boat

529

00:23:35,870 --> 00:23:32,820

was dispatched from the Banana River

530

00:23:38,090 --> 00:23:35,880

Naval Air Station some 75 miles from the

531

00:23:40,730 --> 00:23:38,100

last known position of The Craft

532

00:23:44,090 --> 00:23:40,740

2 disappeared Without a Trace

533

00:23:46,190 --> 00:23:44,100

380 000 square miles of Seacoast land

534

00:23:48,409 --> 00:23:46,200

and swamps were combed during the

535

00:23:50,450 --> 00:23:48,419

Intensive search yet not a trace was

536

00:23:51,830 --> 00:23:50,460

ever found of the aircrafts or the 27th

537

00:23:54,590 --> 00:23:51,840

Amendment aboard

538

00:23:56,690 --> 00:23:54,600

a naval Board of inquiry conducted a

539

00:23:59,570 --> 00:23:56,700

lengthy investigation and concluded the

540

00:24:01,909 --> 00:23:59,580

same with no logical explanation of The

541

00:24:04,070 --> 00:24:01,919

Disappearance of the craft and crew

542

00:24:07,610 --> 00:24:04,080

Spencer asserted

543

00:24:09,049 --> 00:24:07,620

the SS Marine sulfur Queen a tanker

544

00:24:12,789 --> 00:24:09,059

carrying 15

545

00:24:16,909 --> 00:24:12,799

260 tons of hot molten sulfur Brimstone

546

00:24:19,970 --> 00:24:16,919

disappeared February 4th 1963.

547

00:24:24,409 --> 00:24:19,980

during a trip from Texas to Virginia

548

00:24:26,690 --> 00:24:24,419

even more baffling in some respects

549

00:24:28,730 --> 00:24:26,700

than the aircraft disappearance the Seas

550

00:24:30,830 --> 00:24:28,740

yield in a life preserver

551  
00:24:33,289 --> 00:24:30,840  
a Mae West jacket

552  
00:24:35,450 --> 00:24:33,299  
and a bathtub full of debris

553  
00:24:37,909 --> 00:24:35,460  
takers of this class had served during

554  
00:24:41,450 --> 00:24:37,919  
the war with a record of never being

555  
00:24:42,950 --> 00:24:41,460  
sunk despite heavy damage even had the

556  
00:24:45,950 --> 00:24:42,960  
ship exploded there would be enough to

557  
00:24:48,370 --> 00:24:45,960  
breed a fill a junkyard

558  
00:24:51,049 --> 00:24:48,380  
and one of the 39 crew members

559  
00:24:53,330 --> 00:24:51,059  
there's no explanation

560  
00:24:55,130 --> 00:24:53,340  
again a board of inquiry concluded an

561  
00:24:58,549 --> 00:24:55,140  
investigation which could not offer any

562  
00:25:01,130 --> 00:24:58,559  
explanations as to the disappearance

563  
00:25:03,169 --> 00:25:01,140

incidents like these involving private

564

00:25:05,390 --> 00:25:03,179

Commercial and Military aircrafts and

565

00:25:07,970 --> 00:25:05,400

ships happen every day they're still

566

00:25:09,110 --> 00:25:07,980

going on the latest on which I have data

567

00:25:11,649 --> 00:25:09,120

is a ship

568

00:25:14,289 --> 00:25:11,659

the Anita which disappeared on March 23

569

00:25:16,610 --> 00:25:14,299

1973 Spencer declared

570

00:25:18,770 --> 00:25:16,620

although the author originally did not

571

00:25:20,990 --> 00:25:18,780

offer any theory of zones to why the

572

00:25:22,850 --> 00:25:21,000

disappearances have occurred an

573

00:25:26,990 --> 00:25:22,860

interview added to the book revealed is

574

00:25:29,210 --> 00:25:27,000

belief in UFO responsibility

575

00:25:30,769 --> 00:25:29,220

investigated sightings during this

576

00:25:32,750 --> 00:25:30,779

speech he further explained that he

577

00:25:35,390 --> 00:25:32,760

himself had investigated such sightings

578

00:25:37,490 --> 00:25:35,400

while a member of the Air Force NORAD

579

00:25:39,710 --> 00:25:37,500

command

580

00:25:42,110 --> 00:25:39,720

and found them to be true

581

00:25:44,450 --> 00:25:42,120

He was ordered not to disclose such

582

00:25:46,310 --> 00:25:44,460

findings

583

00:25:49,669 --> 00:25:46,320

all right nothing fancy here this is

584

00:25:51,470 --> 00:25:49,679

just a NASA Mission an STS Mission and I

585

00:25:55,010 --> 00:25:51,480

found this picture

586

00:25:57,950 --> 00:25:55,020

and the caption was unidentified object

587

00:26:01,310 --> 00:25:57,960

and I'm not saying it's a spaceship but

588

00:26:04,190 --> 00:26:01,320

it is unidentified and

589

00:26:07,370 --> 00:26:04,200

it looks like a freaking weird bolt or

590

00:26:13,250 --> 00:26:09,169

I don't know I just thought this was

591

00:26:18,350 --> 00:26:16,610

moving on they have Wilbert Smith who

592

00:26:21,169 --> 00:26:18,360

ran the Canadian UFO project called

593

00:26:24,110 --> 00:26:21,179

project magnet he inquired discreetly

594

00:26:27,409 --> 00:26:24,120

through the Canadian embassy

595

00:26:29,630 --> 00:26:27,419

in Washington DC about the UFO thing and

596

00:26:31,549 --> 00:26:29,640

he got some very interesting comments

597

00:26:33,350 --> 00:26:31,559

back the matter is the most highly

598

00:26:35,750 --> 00:26:33,360

classified subject in the United States

599

00:26:38,750 --> 00:26:35,760

rating higher even than the h-bomb

600

00:26:40,789 --> 00:26:38,760

flying saucers exist their modus

601  
00:26:42,470 --> 00:26:40,799  
operandi is unknown but concentrated

602  
00:26:45,710 --> 00:26:42,480  
effort is being made by a small group

603  
00:26:48,049 --> 00:26:45,720  
headed by Dr vanover bush

604  
00:26:49,789 --> 00:26:48,059  
the entire matter is considered by the

605  
00:26:52,730 --> 00:26:49,799  
United States authorities to be of

606  
00:26:56,090 --> 00:26:52,740  
tremendous significance 33 years later

607  
00:26:58,549 --> 00:26:56,100  
in 1983 physicist Robert starbacher in

608  
00:26:59,990 --> 00:26:58,559  
response to an inquiry about his UFO

609  
00:27:01,610 --> 00:27:00,000  
knowledge

610  
00:27:04,250 --> 00:27:01,620  
wrote a letter which appears to

611  
00:27:05,870 --> 00:27:04,260  
reinforce the claims in Smith's 1950

612  
00:27:08,630 --> 00:27:05,880  
letter

613  
00:27:14,090 --> 00:27:08,640

Washington Institute of Technology

614

00:27:15,710 --> 00:27:14,100

Sciences Dr sarbacher November 29 83

615

00:27:17,149 --> 00:27:15,720

I'm sorry I've taken so long in

616

00:27:19,010 --> 00:27:17,159

answering your letters however I've

617

00:27:21,230 --> 00:27:19,020

moved my office and have had to make a

618

00:27:22,870 --> 00:27:21,240

number of extended trips to answer your

619

00:27:25,730 --> 00:27:22,880

last question in your letter of October

620

00:27:27,470 --> 00:27:25,740

1483 there's no particular reason I feel

621

00:27:29,810 --> 00:27:27,480

I shouldn't or couldn't

622

00:27:32,149 --> 00:27:29,820

answer any and all of your questions

623

00:27:34,070 --> 00:27:32,159

I'm delighted to answer all of them to

624

00:27:36,110 --> 00:27:34,080

the best of my ability regarding

625

00:27:37,549 --> 00:27:36,120

verification that persons you list were

626  
00:27:39,950 --> 00:27:37,559  
involved

627  
00:27:41,690 --> 00:27:39,960  
I can say only this John Von Neumann was

628  
00:27:47,690 --> 00:27:41,700  
definitely involved

629  
00:27:49,789 --> 00:27:47,700  
and I think Dr Robert Oppenheimer also I

630  
00:27:52,070 --> 00:27:49,799  
did receive some official reports when I

631  
00:27:54,470 --> 00:27:52,080  
was in my office at the Pentagon but all

632  
00:27:56,029 --> 00:27:54,480  
of these were left there at the time we

633  
00:27:57,950 --> 00:27:56,039  
were never supposed to take them out of

634  
00:27:59,810 --> 00:27:57,960  
the office I recall the interview with

635  
00:28:01,490 --> 00:27:59,820  
Dr Brenner of the Canadian embassy I

636  
00:28:03,169 --> 00:28:01,500  
think the answers I gave him were the

637  
00:28:04,730 --> 00:28:03,179  
ones you listed naturally I was more

638  
00:28:07,490 --> 00:28:04,740

familiar with the subject matter under

639

00:28:09,409 --> 00:28:07,500

discussion at that time about the only

640

00:28:11,570 --> 00:28:09,419

thing I remember at this time is that

641

00:28:13,850 --> 00:28:11,580

certain materials reported to have come

642

00:28:15,950 --> 00:28:13,860

from flying saucer crashes were

643

00:28:18,049 --> 00:28:15,960

extremely light and very tough

644

00:28:20,690 --> 00:28:18,059

I'm sure our Laboratories analyze them

645

00:28:22,370 --> 00:28:20,700

very carefully

646

00:28:24,110 --> 00:28:22,380

there were reports that instruments or

647

00:28:26,269 --> 00:28:24,120

people operating these machines were

648

00:28:27,890 --> 00:28:26,279

also very lightweight sufficient to

649

00:28:30,529 --> 00:28:27,900

withstand the tremendous deceleration

650

00:28:32,510 --> 00:28:30,539

and acceleration associated with their

651  
00:28:34,490 --> 00:28:32,520  
machinery

652  
00:28:36,590 --> 00:28:34,500  
I remember in talking with some of the

653  
00:28:38,870 --> 00:28:36,600  
people at the office that I got the

654  
00:28:40,909 --> 00:28:38,880  
impression these aliens were constructed

655  
00:28:43,130 --> 00:28:40,919  
like certain insects we have observed on

656  
00:28:44,750 --> 00:28:43,140  
Earth where and because of the low mass

657  
00:28:46,909 --> 00:28:44,760  
the inertial forces involved in

658  
00:28:49,070 --> 00:28:46,919  
operation of these instruments would be

659  
00:28:51,649 --> 00:28:49,080  
quite low

660  
00:28:54,289 --> 00:28:51,659  
I still do not know why the high order

661  
00:28:58,130 --> 00:28:54,299  
of classification has been given and why

662  
00:29:00,169 --> 00:28:58,140  
the denial of existence of these devices

663  
00:29:04,190 --> 00:29:00,179

all right also that's all we got for

664

00:29:14,390 --> 00:29:04,200

your UAP UFO fix today I'm Sean roster

665

00:29:14,400 --> 00:29:18,290

thank you

666

00:29:18,300 --> 00:29:26,590

[Music]

667

00:29:35,330 --> 00:29:30,730

what's the reason the secrets to be kept

668

00:29:40,870 --> 00:29:35,340

I so dry like you've never

669

00:29:49,149 --> 00:29:44,830

let us not neglect

670

00:29:56,990 --> 00:29:51,550

waiting for another

671

00:29:57,000 --> 00:30:08,510

back and forth like I'm wrong

672

00:30:08,520 --> 00:30:14,710

I'm still in love with you

673

00:30:14,720 --> 00:30:18,529

thank you

674

00:30:27,250 --> 00:30:22,690

all in the dark my soul can't see

675

00:30:28,810 --> 00:30:27,260

what it mean to be Faithfully

676  
00:30:31,630 --> 00:30:28,820  
understood

677  
00:30:36,669 --> 00:30:31,640  
respectfully

678  
00:30:36,679 --> 00:30:40,450  
waiting through the summer

679  
00:30:48,889 --> 00:30:43,610  
boy even for another

680  
00:30:53,330 --> 00:30:48,899  
thank you back and forth like I'm wrong

681  
00:30:57,529 --> 00:30:53,340  
back and forth like I'm wrong

682  
00:30:57,539 --> 00:31:01,880  
foreign

683

[Music]

684  
00:31:27,889 --> 00:31:15,660  
[Applause]

685  
00:31:27,899 --> 00:31:32,950  
this part of it all

686  
00:31:39,010 --> 00:31:34,970  
[Music]

687  
00:31:47,389 --> 00:31:39,020  
I'm still in love with you

688  
00:31:52,310 --> 00:31:50,240

the best part of it all

689

00:31:56,870 --> 00:31:52,320

[Music]

690

all right
