

1
00:00:05,990 --> 00:00:03,350
what's up everybody I'm just coming in

2
00:00:09,009 --> 00:00:06,000
for a real quick update because we had

3
00:00:11,870 --> 00:00:09,019
some interesting things across our desk

4
00:00:13,990 --> 00:00:11,880
uh last night on weaponized the podcast

5
00:00:17,870 --> 00:00:14,000
with Jeremy Corbell and George Knapp

6
00:00:21,470 --> 00:00:17,880
they released these documents from the

7
00:00:24,050 --> 00:00:21,480
Canadian MP Larry McGuire that seems to

8
00:00:27,529 --> 00:00:24,060
well be pretty obvious that he knows

9
00:00:30,589 --> 00:00:27,539
about crash retrievals and UFOs and a

10
00:00:33,590 --> 00:00:30,599
five eyes program

11
00:00:36,590 --> 00:00:33,600
um doing just that so it is extremely

12
00:00:40,670 --> 00:00:36,600
interesting also on Twitter it came up

13
00:00:43,130 --> 00:00:40,680

that uh I guess a in May so a little

14

00:00:45,709 --> 00:00:43,140

more than a month ago a Twitter user

15

00:00:47,450 --> 00:00:45,719

already posted these documents on

16

00:00:50,510 --> 00:00:47,460

Twitter which is very interesting so

17

00:00:51,410 --> 00:00:50,520

apparently somebody wants these out

18

00:00:54,350 --> 00:00:51,420

um

19

00:00:56,990 --> 00:00:54,360

but it's not really so important where

20

00:00:59,389 --> 00:00:57,000

they came from as far as who posted them

21

00:01:02,150 --> 00:00:59,399

publicly first

22

00:01:04,850 --> 00:01:02,160

the documents are just interesting in

23

00:01:07,670 --> 00:01:04,860

and of themselves

24

00:01:10,370 --> 00:01:07,680

it's dated March 22nd 2023 events

25

00:01:12,830 --> 00:01:10,380

research and development Canada in

26

00:01:16,130 --> 00:01:12,840

possession of recovered UAP material

27

00:01:18,230 --> 00:01:16,140

dear minister anad

28

00:01:20,030 --> 00:01:18,240

it has come to my attention through

29

00:01:21,410 --> 00:01:20,040

meetings with American officials that

30

00:01:23,090 --> 00:01:21,420

the United States Senate select

31

00:01:24,770 --> 00:01:23,100

committee on intelligence and Senate

32

00:01:26,990 --> 00:01:24,780

committee on armed services have been

33

00:01:28,850 --> 00:01:27,000

undertaking in-camera hearings with

34

00:01:31,429 --> 00:01:28,860

government and Military subject matter

35

00:01:34,190 --> 00:01:31,439

experts on the recovery and exploitation

36

00:01:36,530 --> 00:01:34,200

of physical material from unidentified

37

00:01:38,810 --> 00:01:36,540

aerial phenomenon

38

00:01:40,310 --> 00:01:38,820

I'm concerned that expected upcoming

39

00:01:43,609 --> 00:01:40,320

public announcements will be coordinated

40

00:01:46,130 --> 00:01:43,619

between Australia the UK the U.S which

41

00:01:47,870 --> 00:01:46,140

could damage Canada's credibility with

42

00:01:50,090 --> 00:01:47,880

our allies

43

00:01:51,230 --> 00:01:50,100

and the Canadian public on the global

44

00:01:53,030 --> 00:01:51,240

stage

45

00:01:54,889 --> 00:01:53,040

There's an opportunity to have a

46

00:01:59,030 --> 00:01:54,899

prepared communication plan in place by

47

00:02:01,190 --> 00:01:59,040

May 2023 to reduce the risk

48

00:02:03,289 --> 00:02:01,200

as minister of National Defense you may

49

00:02:05,749 --> 00:02:03,299

not be aware defense research and

50

00:02:08,389 --> 00:02:05,759

development Canada has participated in

51
00:02:11,210 --> 00:02:08,399
efforts to analyze UAP which is publicly

52
00:02:13,670 --> 00:02:11,220
traceable to circa 1950

53
00:02:15,770 --> 00:02:13,680
Wilbert Smith

54
00:02:17,750 --> 00:02:15,780
this recovered form material is studied

55
00:02:20,930 --> 00:02:17,760
through the five eyes form material

56
00:02:23,229 --> 00:02:20,940
program which in Canada is sponsored by

57
00:02:25,430 --> 00:02:23,239
the Canadian Forces intelligence command

58
00:02:28,550 --> 00:02:25,440
aligned with several intelligence

59
00:02:31,070 --> 00:02:28,560
sharing arrangements and treaties

60
00:02:32,690 --> 00:02:31,080
I'm writing to recommend you request a

61
00:02:34,430 --> 00:02:32,700
classified briefing containing full

62
00:02:37,670 --> 00:02:34,440
sensitive and protected program

63
00:02:38,570 --> 00:02:37,680

information from your officials on the

64

00:02:41,150 --> 00:02:38,580

government

65

00:02:46,190 --> 00:02:41,160

Canada's historical and ongoing efforts

66

00:02:50,869 --> 00:02:48,770

Canada's Chief science advisor has also

67

00:02:52,610 --> 00:02:50,879

launched the sky Canada project which is

68

00:02:55,670 --> 00:02:52,620

investigating how the government of

69

00:02:58,190 --> 00:02:55,680

Canada manages UAP reports

70

00:03:01,430 --> 00:02:58,200

they're in the process of identifying

71

00:03:03,589 --> 00:03:01,440

key Canadian stakeholder institutions

72

00:03:06,650 --> 00:03:03,599

it is essential the chief science

73

00:03:08,330 --> 00:03:06,660

advisor be given full access to defense

74

00:03:09,949 --> 00:03:08,340

programs and be briefed on the

75

00:03:14,449 --> 00:03:09,959

collaborative scientific research

76

00:03:18,229 --> 00:03:16,130

it is imperative the government of

77

00:03:20,210 --> 00:03:18,239

Canada have a Communications plan to

78

00:03:23,089 --> 00:03:20,220

respond to these upcoming public

79

00:03:24,910 --> 00:03:23,099

Revelations

80

00:03:29,270 --> 00:03:24,920

that will stem from these American

81

00:03:34,309 --> 00:03:32,330

not only are there National Security and

82

00:03:36,649 --> 00:03:34,319

Aviation safety concerns that need to be

83

00:03:38,990 --> 00:03:36,659

addressed but there will also be a

84

00:03:40,490 --> 00:03:39,000

larger debate about why there is a lack

85

00:03:43,130 --> 00:03:40,500

of transparency and accountability

86

00:03:45,649 --> 00:03:43,140

regarding UAP programs

87

00:03:47,649 --> 00:03:45,659

and policy

88

00:03:49,970 --> 00:03:47,659

I also believe there must be

89

00:03:52,490 --> 00:03:49,980
parliamentary oversight of efforts by

90

00:03:54,470 --> 00:03:52,500
government institutions and responsible

91

00:03:55,910 --> 00:03:54,480
ministers should be fully briefed on

92

00:03:58,070 --> 00:03:55,920
this program

93

00:04:00,470 --> 00:03:58,080
including releaseable to the public

94

00:04:02,570 --> 00:04:00,480
content that aligns with Allied public

95

00:04:05,690 --> 00:04:02,580
disclosures

96

00:04:08,390 --> 00:04:05,700
it is incumbent your department

97

00:04:10,070 --> 00:04:08,400
inform you of what collaborative efforts

98

00:04:11,630 --> 00:04:10,080
have occurred with our allies in the

99

00:04:13,789 --> 00:04:11,640
details of existing agreements and

100

00:04:15,830 --> 00:04:13,799
memorandums of understanding that govern

101
00:04:18,530 --> 00:04:15,840
the program and may have been

102
00:04:20,689 --> 00:04:18,540
coordinated through Global affairs

103
00:04:22,370 --> 00:04:20,699
Canada's credibility with our allies in

104
00:04:24,650 --> 00:04:22,380
the Canadian public must transcend

105
00:04:27,530 --> 00:04:24,660
politics and I firmly believe that we

106
00:04:29,749 --> 00:04:27,540
can work together in a bipartisan manner

107
00:04:32,210 --> 00:04:29,759
regardless of the classified details of

108
00:04:35,150 --> 00:04:32,220
specific form material programs the

109
00:04:36,170 --> 00:04:35,160
public Revelations by this subject

110
00:04:37,610 --> 00:04:36,180
matter

111
00:04:39,590 --> 00:04:37,620
and they're experts who have testified

112
00:04:41,930 --> 00:04:39,600
before Congress present an opportunity

113
00:04:43,550 --> 00:04:41,940

for the government of Canada to take a

114

00:04:46,430 --> 00:04:43,560

visible leadership role in confirming

115

00:04:47,810 --> 00:04:46,440

the existence of recovered material and

116

00:04:50,930 --> 00:04:47,820

balancing our national security

117

00:04:55,670 --> 00:04:53,330

I look forward to your response and if

118

00:04:57,409 --> 00:04:55,680

you see any further information please

119

00:05:00,530 --> 00:04:57,419

do not hesitate

120

00:05:04,730 --> 00:05:00,540

contact me directly sincerely Claire

121

00:05:09,409 --> 00:05:08,030

very interesting cc'd honorable Melanie

122

00:05:11,450 --> 00:05:09,419

Joy

123

00:05:13,490 --> 00:05:11,460

honorable Omar

124

00:05:16,670 --> 00:05:13,500

assistant Deputy minister of Science and

125

00:05:21,110 --> 00:05:16,680

Tech Dr Mona Nemer Major General Michael

126

00:05:25,370 --> 00:05:22,850

the other thing that came out today it

127

00:05:26,810 --> 00:05:25,380

came from someone who I think is usually

128

00:05:29,150 --> 00:05:26,820

kind of a skeptic

129

00:05:33,770 --> 00:05:29,160

but it's very interesting

130

00:05:37,249 --> 00:05:33,780

they tweeted it out it's Mark sikari

131

00:05:41,650 --> 00:05:37,259

according to skinwalkers at the Pentagon

132

00:05:45,469 --> 00:05:41,660

ASAP officials ASAP is a program with um

133

00:05:46,670 --> 00:05:45,479

Keller Bob Bigelow

134

00:05:49,310 --> 00:05:46,680

Etc

135

00:05:51,350 --> 00:05:49,320

ASAP officials try to find alternative

136

00:05:53,629 --> 00:05:51,360

locations to house the program and

137

00:05:56,210 --> 00:05:53,639

attempts were made to transfer it to the

138

00:05:58,370 --> 00:05:56,220

Department of Homeland Security in 2011.

139

00:05:59,810 --> 00:05:58,380

he went after the Department of Homeland

140

00:06:03,350 --> 00:05:59,820

Security records

141

00:06:05,689 --> 00:06:03,360

and this is what they found

142

00:06:07,610 --> 00:06:05,699

so they only found one document but it's

143

00:06:10,610 --> 00:06:07,620

extremely interesting

144

00:06:13,310 --> 00:06:10,620

and it's on bass and their goals for

145

00:06:14,629 --> 00:06:13,320

2011 to 2012 so this seems to confirm

146

00:06:16,610 --> 00:06:14,639

that they were trying to move this

147

00:06:18,830 --> 00:06:16,620

program to the Department of Homeland

148

00:06:21,350 --> 00:06:18,840

Security

149

00:06:25,189 --> 00:06:21,360

the document is broken up into three

150

00:06:27,770 --> 00:06:25,199

areas of interest for bass

performance liaison with civilian groups

195

00:08:38,750 --> 00:08:37,260

for aav data collection

196

00:08:41,089 --> 00:08:38,760

you know what's interesting about both

197

00:08:42,050 --> 00:08:41,099

of these documents is none of them tell

198

00:08:46,250 --> 00:08:42,060

you

199

00:08:49,329 --> 00:08:46,260

what UAP is or what aav is

200

00:08:50,990 --> 00:08:49,339

it's like so perfect for the UFO world

201
00:08:55,550 --> 00:08:51,000

obviously

202
00:09:02,030 --> 00:08:58,490

but there's plausible deniability

203
00:09:07,790 --> 00:09:03,889

but I think those doors are being broken

204
00:09:09,070 --> 00:09:07,800

down because the sink keeps running data

205
00:09:12,710 --> 00:09:09,080

keeps coming

206
00:09:15,230 --> 00:09:12,720

whistleblowers keep whistling

207
00:09:18,949 --> 00:09:15,240

the movie keeps being made

208
00:09:20,570 --> 00:09:18,959

and I'm loving every second of it

209
00:09:24,680 --> 00:09:20,580

so this is Sean

00:09:24,690 --> 00:09:35,630
