

1  
00:00:19,100 --> 00:00:25,230  
basically I thought what can I do

2  
00:00:22,019 --> 00:00:27,420  
something with the British angle and I

3  
00:00:25,230 --> 00:00:29,518  
wanted to cover something that the UK

4  
00:00:27,420 --> 00:00:32,850  
has been well known for recently and

5  
00:00:29,518 --> 00:00:35,969  
that's the release of military files and

6  
00:00:32,850 --> 00:00:37,980  
national archive files and the you the

7  
00:00:35,969 --> 00:00:40,260  
UK's got quite a reputation for this at

8  
00:00:37,979 --> 00:00:42,718  
the moment the fact that it's got this

9  
00:00:40,259 --> 00:00:45,058  
stage release a very slow release of

10  
00:00:42,719 --> 00:00:47,160  
hundreds of thousands literally hundreds

11  
00:00:45,058 --> 00:00:49,649  
of thousands of pages of data of

12  
00:00:47,159 --> 00:00:53,308  
sightings that both military and

13  
00:00:49,649 --> 00:00:56,250  
civilian personnel have put through so

14  
00:00:53,308 --> 00:00:57,988  
all I'm going to do I've got to try to

15  
00:00:56,250 --> 00:00:59,909  
give this Michael an EXO political

16  
00:00:57,988 --> 00:01:02,189  
perspective so it's looking at the whole

17  
00:00:59,909 --> 00:01:04,859  
idea of Freedom of Information Act and

18  
00:01:02,189 --> 00:01:07,079  
military file release from a slightly

19  
00:01:04,859 --> 00:01:09,719  
different angle and weighing up is it

20  
00:01:07,079 --> 00:01:11,849  
useful for us is it is it a diversion

21  
00:01:09,719 --> 00:01:13,469  
from what we should be looking at what

22  
00:01:11,849 --> 00:01:16,709  
what angle are the government and the

23  
00:01:13,469 --> 00:01:18,359  
military and these other agencies coming

24  
00:01:16,709 --> 00:01:18,929  
from when they when they release these

25  
00:01:18,359 --> 00:01:21,209  
files

26  
00:01:18,930 --> 00:01:23,700  
what sort of view are we getting at the

27  
00:01:21,209 --> 00:01:26,879  
whole UFO and the wider exopolitical

28  
00:01:23,700 --> 00:01:32,969  
phenomena by having these files released

29

00:01:26,879 --> 00:01:34,289  
to the to the wider public so there's a

30  
00:01:32,969 --> 00:01:36,060  
lot of contradictions going on with the

31  
00:01:34,290 --> 00:01:38,159  
file release as I'm going to I'm going

32  
00:01:36,060 --> 00:01:39,509  
to say I've got some video in this but

33  
00:01:38,159 --> 00:01:40,710  
I'm going to skip all that so we push

34  
00:01:39,509 --> 00:01:43,560  
the time I think we've had to reduce

35  
00:01:40,709 --> 00:01:47,009  
everything by about an hour so I'm going

36  
00:01:43,560 --> 00:01:48,840  
to just skip through with with images as

37  
00:01:47,009 --> 00:01:50,368  
you'll see the the contradictions that

38  
00:01:48,840 --> 00:01:52,340  
come through with fire release as in the

39  
00:01:50,368 --> 00:01:54,118  
whole idea that this is to do with

40  
00:01:52,340 --> 00:01:56,100  
freeing of information

41  
00:01:54,118 --> 00:01:58,438  
making people more aware of an issue and

42  
00:01:56,099 --> 00:02:00,478  
yet I think as we'll see from some of

43  
00:01:58,438 --> 00:02:01,438

the historical things that go right back

44

00:02:00,478 --> 00:02:04,140  
to the Second World War

45

00:02:01,438 --> 00:02:05,459  
that's not always the case so I quite

46

00:02:04,140 --> 00:02:06,959  
like that quote I don't know where it

47

00:02:05,459 --> 00:02:09,299  
came from but I quite like that quote at

48

00:02:06,959 --> 00:02:11,008  
the top the truth is so fresh is that

49

00:02:09,300 --> 00:02:13,140  
she should always be a tenth to be

50

00:02:11,008 --> 00:02:15,389  
attended by a bodyguard of lies and I

51

00:02:13,139 --> 00:02:20,098  
think as we go on you should see that

52

00:02:15,389 --> 00:02:22,048  
that's that's the case so although I

53

00:02:20,098 --> 00:02:25,259  
think we've had I think we've come about

54

00:02:22,049 --> 00:02:27,540  
five or six national countries actually

55

00:02:25,259 --> 00:02:29,068  
backing to the fire release that's

56

00:02:27,539 --> 00:02:32,068  
actually formal governments when you

57

00:02:29,068 --> 00:02:33,929  
include military families and smaller

58  
00:02:32,068 --> 00:02:35,458  
organizations within governments there's

59  
00:02:33,930 --> 00:02:37,560  
many more I think it's about 12 or 13

60  
00:02:35,459 --> 00:02:39,659  
back to the official governments I think

61  
00:02:37,560 --> 00:02:42,840  
it's about five to six that have done it

62  
00:02:39,659 --> 00:02:44,340  
and that's the last time I checked but

63  
00:02:42,840 --> 00:02:47,159  
the British have certainly made a big

64  
00:02:44,340 --> 00:02:49,229  
issue over this we're one of the few

65  
00:02:47,159 --> 00:02:53,039  
places of course that has the UFO disk

66  
00:02:49,229 --> 00:02:55,649  
headed by Nick Pope cause the many of

67  
00:02:53,039 --> 00:02:58,798  
you are aware of so Nick managed the UFO

68  
00:02:55,650 --> 00:03:00,840  
desk in the 1990s and that's part of the

69  
00:02:58,799 --> 00:03:03,150  
branch of the mo D that dealt with the

70  
00:03:00,840 --> 00:03:05,789  
East files as they came in Nicky dealt

71  
00:03:03,150 --> 00:03:14,730  
with military sightings and also

72  
00:03:05,789 --> 00:03:17,009  
civilian Seguin okay all right okay so

73  
00:03:14,729 --> 00:03:18,810  
so yes a Nick was part of that and

74  
00:03:17,009 --> 00:03:21,120  
basically what's happened is the

75  
00:03:18,810 --> 00:03:23,969  
National Archives were given that were

76  
00:03:21,120 --> 00:03:25,739  
given the job of dealing with these this

77  
00:03:23,969 --> 00:03:28,680  
vast amount of files that have collected

78  
00:03:25,739 --> 00:03:30,840  
over years in various military mostly

79  
00:03:28,680 --> 00:03:33,329  
the mo D but in various military

80  
00:03:30,840 --> 00:03:35,639  
divisions and so there's been this stage

81  
00:03:33,329 --> 00:03:38,430  
release of these files the the main

82  
00:03:35,639 --> 00:03:40,469  
reason you know we say was to do with

83  
00:03:38,430 --> 00:03:42,329  
enlightening the public actually it was

84  
00:03:40,469 --> 00:03:45,389  
to do with the fact that as we all know

85  
00:03:42,329 --> 00:03:48,239  
the the UFO issue is growing huge in

86

00:03:45,389 --> 00:03:51,719  
fact in Britain and Europe then the

87  
00:03:48,239 --> 00:03:53,489  
demand for the reporting of sightings

88  
00:03:51,719 --> 00:03:57,629  
has increased I think I think it's

89  
00:03:53,489 --> 00:04:00,329  
doubled since in 2008 2009 finding that

90  
00:03:57,629 --> 00:04:02,039  
in many of the European countries the

91  
00:04:00,329 --> 00:04:03,110  
media are treating the whole issue a

92  
00:04:02,039 --> 00:04:04,579  
little bit

93  
00:04:03,110 --> 00:04:07,040  
so the lod were finding ourselves

94  
00:04:04,580 --> 00:04:08,840  
totally overworked with the amount of

95  
00:04:07,039 --> 00:04:10,009  
files and they had to deal with so that

96  
00:04:08,840 --> 00:04:11,900  
was their reason they thought they'd do

97  
00:04:10,009 --> 00:04:14,239  
this release and it would save them time

98  
00:04:11,900 --> 00:04:17,590  
with the amount of ematic inquiries that

99  
00:04:14,240 --> 00:04:19,430  
they'd have to deal with and I've seen

100  
00:04:17,589 --> 00:04:21,199

one of the interesting things that

101

00:04:19,430 --> 00:04:22,850  
demonstrated this demand was when the

102

00:04:21,199 --> 00:04:25,699  
French also released their files they

103

00:04:22,850 --> 00:04:27,530  
had a huge server crash the the files

104

00:04:25,699 --> 00:04:29,479  
that they tried to give out the two days

105

00:04:27,529 --> 00:04:30,949  
there keep their their server which

106

00:04:29,480 --> 00:04:39,020  
we're dealing with the file file issues

107

00:04:30,949 --> 00:04:41,479  
actually crashed I wanted to make the

108

00:04:39,019 --> 00:04:43,039  
point that to to a lot of people a lot

109

00:04:41,480 --> 00:04:45,410  
of things to do with the the far release

110

00:04:43,040 --> 00:04:46,790  
are to do with very basic sightings this

111

00:04:45,410 --> 00:04:48,170  
is sort of an average form that you'll

112

00:04:46,790 --> 00:04:49,640  
find when you look through these

113

00:04:48,170 --> 00:04:51,050  
documents if you've got the patients

114

00:04:49,639 --> 00:04:52,669  
from all around the world these

115  
00:04:51,050 --> 00:04:54,079  
countries that have released them then

116  
00:04:52,670 --> 00:04:55,790  
most of them are to do with this it's

117  
00:04:54,079 --> 00:04:57,620  
basically look like I caught a distant

118  
00:04:55,790 --> 00:05:00,110  
light in the sky and it's a description

119  
00:04:57,620 --> 00:05:01,519  
of those so you've got a flood and it

120  
00:05:00,110 --> 00:05:05,319  
literally is if you look through the

121  
00:05:01,519 --> 00:05:08,659  
ratio 99 percent are like this however

122  
00:05:05,319 --> 00:05:10,159  
within this within the far release the

123  
00:05:08,660 --> 00:05:12,050  
way that they've staged its don't Li the

124  
00:05:10,160 --> 00:05:13,910  
way that UK have done it is they staged

125  
00:05:12,050 --> 00:05:16,579  
a certain amount of files but they've

126  
00:05:13,910 --> 00:05:18,470  
got some highlights in certain cases

127  
00:05:16,579 --> 00:05:20,479  
that actually quite a few gems in there

128  
00:05:18,470 --> 00:05:23,060  
if you have to look carefully but you

129  
00:05:20,480 --> 00:05:24,800  
need patience to look through that paola

130  
00:05:23,060 --> 00:05:27,500  
also recently is found files from New

131  
00:05:24,800 --> 00:05:28,970  
Zealand and wealthier than Thailand and

132  
00:05:27,500 --> 00:05:31,430  
they're both the same they've got a lot

133  
00:05:28,970 --> 00:05:33,050  
a huge amount of this sort of stuff but

134  
00:05:31,430 --> 00:05:36,519  
the odds the odds really good

135  
00:05:33,050 --> 00:05:36,520  
interesting case in it as well

136  
00:05:38,360 --> 00:05:41,660  
this was just a bit of joint research

137  
00:05:39,649 --> 00:05:45,679  
you can't see this if you want to go to

138  
00:05:41,660 --> 00:05:48,980  
this is the UK export excite myself this

139  
00:05:45,680 --> 00:05:51,680  
was in 2009 Roberts and I think Ollie

140  
00:05:48,980 --> 00:05:53,150  
and also the guy who does Exopolitics

141  
00:05:51,680 --> 00:05:54,879  
Poland's went through one of the

142  
00:05:53,149 --> 00:05:57,019  
releases and we all did a section on

143

00:05:54,879 --> 00:05:59,540  
what we found in the

144  
00:05:57,019 --> 00:06:01,519  
so that's quite a detailed report there

145  
00:05:59,540 --> 00:06:03,140  
it covers several pages so if you're

146  
00:06:01,519 --> 00:06:04,879  
interested in one of our takes on on

147  
00:06:03,139 --> 00:06:09,560  
this hole you can go to the UK site and

148  
00:06:04,879 --> 00:06:10,939  
and actually find that one okay this is

149  
00:06:09,560 --> 00:06:13,550  
where it gets interesting and what if

150  
00:06:10,939 --> 00:06:15,259  
you've seen the hassle initial flyer for

151  
00:06:13,550 --> 00:06:18,590  
this event I was I just going to do the

152  
00:06:15,259 --> 00:06:20,000  
whole thing on Churchill what seems to

153  
00:06:18,589 --> 00:06:23,959  
have happened is Churchill Cup has come

154  
00:06:20,000 --> 00:06:25,639  
to represent a lot of the intrigue over

155  
00:06:23,959 --> 00:06:29,659  
fire release a lot of the contradictions

156  
00:06:25,639 --> 00:06:31,279  
over fire release so basically I'll

157  
00:06:29,660 --> 00:06:32,870

crack on with with with what's that what

158

00:06:31,279 --> 00:06:34,969

happens with Churchill Wendy this is

159

00:06:32,870 --> 00:06:37,100

what we found out by going backwards and

160

00:06:34,970 --> 00:06:39,620

looking into some of the files that have

161

00:06:37,100 --> 00:06:41,240

been released a lot from the actual war

162

00:06:39,620 --> 00:06:43,699

period the actual World War two period

163

00:06:41,240 --> 00:06:45,290

seem to magically disappeared but they

164

00:06:43,699 --> 00:06:49,370

seem to be referenced in in other ways

165

00:06:45,290 --> 00:06:51,590

which I'll come to I'll come to later so

166

00:06:49,370 --> 00:06:53,860

this is basically one this is one of the

167

00:06:51,589 --> 00:06:56,269

main ones that came about quite recently

168

00:06:53,860 --> 00:06:58,819

this is of course you're all aware of

169

00:06:56,269 --> 00:07:01,039

the Foo Fighters to do with this is that

170

00:06:58,819 --> 00:07:02,389

an raf bomber plane they encountered a

171

00:07:01,040 --> 00:07:03,860

silver disc it wasn't even a food

172  
00:07:02,389 --> 00:07:05,959  
fighter the small lights this was actual

173  
00:07:03,860 --> 00:07:08,389  
full-on silver discs but encountered

174  
00:07:05,959 --> 00:07:11,269  
coming back over the chat the English

175  
00:07:08,389 --> 00:07:12,800  
Channel and there was great detail given

176  
00:07:11,269 --> 00:07:15,799  
by the pilots that were flying in this

177  
00:07:12,800 --> 00:07:18,590  
plane and obviously the the report they

178  
00:07:15,800 --> 00:07:20,660  
gave was passed to the military and

179  
00:07:18,589 --> 00:07:23,569  
eventually got back to Winston Churchill

180  
00:07:20,660 --> 00:07:25,189  
himself and obviously startled him to

181  
00:07:23,569 --> 00:07:27,529  
such a degree that he gave this quote at

182  
00:07:25,189 --> 00:07:28,969  
the bottom you know which is quite a you

183  
00:07:27,529 --> 00:07:30,439  
know it's quite something to admit it

184  
00:07:28,970 --> 00:07:32,750  
socially someone like him as meant to be

185  
00:07:30,439 --> 00:07:35,000  
this brave you know this is at least I

186  
00:07:32,750 --> 00:07:36,829  
here over for the Second World War

187  
00:07:35,000 --> 00:07:38,569  
this is avenged you'd be immediately

188  
00:07:36,829 --> 00:07:40,370  
classified it will trade mass panic

189  
00:07:38,569 --> 00:07:42,889  
amongst the general population and

190  
00:07:40,370 --> 00:07:44,600  
destroy ones belief in the church so

191  
00:07:42,889 --> 00:07:47,029  
that's an interesting point on his whole

192  
00:07:44,600 --> 00:07:48,950  
idea then the practice of religion was

193  
00:07:47,029 --> 00:07:51,019  
at the center of that and as Paola said

194  
00:07:48,949 --> 00:07:52,219  
it's also to do with economics and

195  
00:07:51,019 --> 00:07:54,139  
there's several other reasons as well

196  
00:07:52,220 --> 00:07:56,930  
why people think this should be kept

197  
00:07:54,139 --> 00:07:59,180  
score I assume so there you have it one

198  
00:07:56,930 --> 00:08:01,120  
of her one of Churchill's actual strong

199  
00:07:59,180 --> 00:08:03,650  
points and saying that he actually put

200

00:08:01,120 --> 00:08:04,259  
this was discussed with Eisenhower and

201  
00:08:03,649 --> 00:08:07,229  
as this

202  
00:08:04,259 --> 00:08:10,889  
he demanded a 50-year blackout on this

203  
00:08:07,230 --> 00:08:15,140  
actual file and basically insinuating on

204  
00:08:10,889 --> 00:08:15,139  
the whole topic the whole subject itself

205  
00:08:16,430 --> 00:08:20,879  
so here's the first of the

206  
00:08:18,689 --> 00:08:23,600  
contradictions and this is one of the

207  
00:08:20,879 --> 00:08:26,879  
memos that I find her little bit strange

208  
00:08:23,600 --> 00:08:29,430  
so in 1952 which if many of you know

209  
00:08:26,879 --> 00:08:31,980  
about the USA this was the that they had

210  
00:08:29,430 --> 00:08:34,350  
a huge mass of sightings there was also

211  
00:08:31,980 --> 00:08:36,029  
a huge amount of pilots that were went

212  
00:08:34,350 --> 00:08:38,668  
missing if they went apparently up to

213  
00:08:36,029 --> 00:08:41,220  
chase UFOs very interesting year in the

214  
00:08:38,668 --> 00:08:43,970

USA and so you had discussions there

215

00:08:41,220 --> 00:08:47,070

between Churchill and and Eisenhower

216

00:08:43,970 --> 00:08:49,920

when Churchill saw the reports from the

217

00:08:47,070 --> 00:08:52,620

US press that made their way over to

218

00:08:49,919 --> 00:08:55,469

Britain he ended up passing out out a

219

00:08:52,620 --> 00:08:58,379

memo to his senior staff and basically

220

00:08:55,470 --> 00:09:01,080

said I summarized there was all this

221

00:08:58,379 --> 00:09:04,320

stuff about flying saucers and asked for

222

00:09:01,080 --> 00:09:06,240

a reply in their convenience they didn't

223

00:09:04,320 --> 00:09:07,890

write back it's just swamp gas but they

224

00:09:06,240 --> 00:09:09,659

may as well have done because when they

225

00:09:07,889 --> 00:09:11,909

when they responded they basically said

226

00:09:09,659 --> 00:09:13,919

don't worry sir nothing nothing to see

227

00:09:11,909 --> 00:09:15,689

here we've looked into this issue and

228

00:09:13,919 --> 00:09:18,409

there's absolutely nothing going on this

229  
00:09:15,690 --> 00:09:22,770  
this can all be attributed to Venus and

230  
00:09:18,409 --> 00:09:25,159  
misidentified birds in the sky so but I

231  
00:09:22,769 --> 00:09:27,779  
find all that a little strange given

232  
00:09:25,159 --> 00:09:30,209  
that we know that Winston Churchill had

233  
00:09:27,779 --> 00:09:33,000  
a sighting or was aware of an incident

234  
00:09:30,210 --> 00:09:35,370  
in World War one he can go look into

235  
00:09:33,000 --> 00:09:37,590  
that for yourself he was an admiral at

236  
00:09:35,370 --> 00:09:39,480  
that time as though certain things going

237  
00:09:37,590 --> 00:09:41,879  
on and you can find out about his the

238  
00:09:39,480 --> 00:09:44,220  
instant that he was aware of regards

239  
00:09:41,879 --> 00:09:47,220  
this issue of course if this base is

240  
00:09:44,220 --> 00:09:49,399  
1952 there was also the numerous as we

241  
00:09:47,220 --> 00:09:53,160  
just seen at the world war two issues

242  
00:09:49,399 --> 00:09:54,629  
close relations of course between the UK

243  
00:09:53,159 --> 00:09:56,879  
and the US especially with Eisenhower

244  
00:09:54,629 --> 00:09:59,850  
Oakley the war with also with Stalin's

245  
00:09:56,879 --> 00:10:01,320  
stuff and other European leaders were

246  
00:09:59,850 --> 00:10:04,050  
aware of this issue mostly I suppose

247  
00:10:01,320 --> 00:10:05,610  
you've got the fascist leaders Adolphe

248  
00:10:04,049 --> 00:10:07,529  
Hitler and Mussolini apparently very

249  
00:10:05,610 --> 00:10:10,440  
much aware of the issues of flying

250  
00:10:07,529 --> 00:10:12,689  
saucers so you've got to ask yourself in

251  
00:10:10,440 --> 00:10:14,220  
that case given this this section here

252  
00:10:12,690 --> 00:10:17,279  
why on earth would he be

253  
00:10:14,220 --> 00:10:19,050  
and mo with just the line saying what's

254  
00:10:17,278 --> 00:10:21,689  
what's all this stuff about fall flying

255  
00:10:19,049 --> 00:10:24,149  
saucers and one idea that this was just

256  
00:10:21,690 --> 00:10:25,949  
put into the paper chain that Churchill

257

00:10:24,149 --> 00:10:27,990  
was aware that these things will

258  
00:10:25,948 --> 00:10:29,370  
practically passed around and would come

259  
00:10:27,990 --> 00:10:33,649  
out later and this if it was his way of

260  
00:10:29,370 --> 00:10:33,649  
quieting quite in the whole issue down

261  
00:10:34,879 --> 00:10:39,259  
in addition what was going on at the

262  
00:10:36,870 --> 00:10:41,970  
time just it's a bit of context for this

263  
00:10:39,259 --> 00:10:44,100  
Britain created with under Churchill for

264  
00:10:41,970 --> 00:10:47,040  
the fifties the Flying Saucer Working

265  
00:10:44,100 --> 00:10:49,528  
Party this is basically a group of

266  
00:10:47,039 --> 00:10:53,009  
high-ranking politicians and military

267  
00:10:49,528 --> 00:10:54,838  
men who basically did just as Bluebook

268  
00:10:53,009 --> 00:10:57,209  
did in the States basically made people

269  
00:10:54,839 --> 00:10:58,560  
come to the decision that's actually

270  
00:10:57,208 --> 00:11:01,198  
there's nothing much going on and the

271  
00:10:58,559 --> 00:11:04,409

whole issue as well here is this line

272

00:11:01,198 --> 00:11:07,019

that's often quoted that Nick Nick that

273

00:11:04,409 --> 00:11:12,000

the Pope mentions of the UFO issue

274

00:11:07,019 --> 00:11:13,500

having no defense significance so the

275

00:11:12,000 --> 00:11:15,539

the other point that as well as happens

276

00:11:13,500 --> 00:11:18,500

is we we know from looking through these

277

00:11:15,539 --> 00:11:20,639

files and from relating them to

278

00:11:18,500 --> 00:11:21,659

experiences that are given outside of

279

00:11:20,639 --> 00:11:23,850

the fight in other words when we've

280

00:11:21,659 --> 00:11:25,318

interviewed old military people that

281

00:11:23,850 --> 00:11:28,860

have discussed this sort of thing from

282

00:11:25,318 --> 00:11:30,568

the 40s and 50s that certain really

283

00:11:28,860 --> 00:11:32,850

interesting episodes actually haven't

284

00:11:30,568 --> 00:11:36,778

made it through the file release process

285

00:11:32,850 --> 00:11:39,659

and from there's an per se there are

286  
00:11:36,778 --> 00:11:42,899  
certain areas of the military once

287  
00:11:39,659 --> 00:11:45,389  
called de 55 which we should we think

288  
00:11:42,899 --> 00:11:47,610  
the the really juicy files to do with

289  
00:11:45,389 --> 00:11:49,860  
perhaps contacts and to do with them

290  
00:11:47,610 --> 00:11:52,620  
really interesting sightings the ones

291  
00:11:49,860 --> 00:11:54,930  
that Rubik you hot as you get moved into

292  
00:11:52,620 --> 00:11:56,578  
into the into these high-ranking

293  
00:11:54,929 --> 00:11:58,219  
military area so they don't actually

294  
00:11:56,578 --> 00:12:01,049  
make it down to the lower levels of

295  
00:11:58,220 --> 00:12:02,490  
politics to low levels of the military

296  
00:12:01,049 --> 00:12:06,588  
and hence they don't even get considered

297  
00:12:02,490 --> 00:12:06,589  
for part of a final release process

298  
00:12:07,549 --> 00:12:12,329  
also we were aware at the same time that

299  
00:12:11,070 --> 00:12:15,840  
structures were in place to deal with

300  
00:12:12,330 --> 00:12:18,030  
with certain instance so prior to all

301  
00:12:15,840 --> 00:12:21,269  
this although we see Winston Churchill

302  
00:12:18,029 --> 00:12:23,549  
asking in 1952 what's this about about

303  
00:12:21,269 --> 00:12:25,259  
flying saucers there were certain issues

304  
00:12:23,549 --> 00:12:27,209  
or structures in place to deal with the

305  
00:12:25,259 --> 00:12:29,700  
fact Wego as we'll see in a minute way

306  
00:12:27,210 --> 00:12:31,800  
back to the forties to deal with the

307  
00:12:29,700 --> 00:12:34,170  
fact that should in this case permission

308  
00:12:31,799 --> 00:12:35,939  
pilots which pilots had an encounter in

309  
00:12:34,169 --> 00:12:37,459  
the late forties and fifties there was a

310  
00:12:35,940 --> 00:12:39,750  
strict process by which they were

311  
00:12:37,460 --> 00:12:42,780  
debriefed to talk to say nothing

312  
00:12:39,750 --> 00:12:44,190  
basically threatened and so you've got

313  
00:12:42,779 --> 00:12:45,779  
this bizarre contradiction you've got

314

00:12:44,190 --> 00:12:47,370  
Winston Churchill saying oh you know I

315  
00:12:45,779 --> 00:12:49,470  
need to know more about this thing about

316  
00:12:47,370 --> 00:12:52,080  
flying saucers and yet these structures

317  
00:12:49,470 --> 00:12:55,230  
are in place to actually deal with that

318  
00:12:52,080 --> 00:12:57,600  
at a certain level so again is this the

319  
00:12:55,230 --> 00:12:58,889  
point I'm trying to make here is what

320  
00:12:57,600 --> 00:13:01,580  
sort of light does that throw on this

321  
00:12:58,889 --> 00:13:04,259  
whole idea of the trustworthiness of

322  
00:13:01,580 --> 00:13:10,220  
fire release and the way the British

323  
00:13:04,259 --> 00:13:13,620  
ammonia released these things this is

324  
00:13:10,220 --> 00:13:17,970  
one of the prime examples of that in

325  
00:13:13,620 --> 00:13:21,230  
1957 this is a u.s. pilot called Milton

326  
00:13:17,970 --> 00:13:24,600  
Torres who was based in the in the UK

327  
00:13:21,230 --> 00:13:27,810  
and again another contradiction but he

328  
00:13:24,600 --> 00:13:28,560

was actually ordered to a huge UFO came

329

00:13:27,809 --> 00:13:31,500  
up on radar

330

00:13:28,559 --> 00:13:33,750  
he had a state-of-the-art plane that

331

00:13:31,500 --> 00:13:36,389  
basically he was asked to go chase this

332

00:13:33,750 --> 00:13:38,490  
UFO engage the lock on with with

333

00:13:36,389 --> 00:13:40,080  
missiles near 24 states they aren't

334

00:13:38,490 --> 00:13:43,169  
missiles on board and to basically

335

00:13:40,080 --> 00:13:45,990  
attack and fire his rockets at this of

336

00:13:43,169 --> 00:13:48,120  
this UFO he think he caught up with it

337

00:13:45,990 --> 00:13:49,740  
at the end in the end the UFO

338

00:13:48,120 --> 00:13:53,429  
accelerated away it didn't have chance

339

00:13:49,740 --> 00:13:56,460  
to fire his missiles at this rocket

340

00:13:53,429 --> 00:13:58,349  
however and this guy is quite

341

00:13:56,460 --> 00:14:00,500  
interesting as we burst into tears on

342

00:13:58,350 --> 00:14:03,930  
several occasions because interestingly

343  
00:14:00,500 --> 00:14:07,080  
until the file release came out in the

344  
00:14:03,929 --> 00:14:08,399  
UK stating his case and giving an idea

345  
00:14:07,080 --> 00:14:10,509  
about its what actually happened with

346  
00:14:08,399 --> 00:14:13,360  
his jaws he he did a report and his

347  
00:14:10,509 --> 00:14:15,399  
seniors did a report he had kept totally

348  
00:14:13,360 --> 00:14:17,080  
quiet he unable to tell his son about it

349  
00:14:15,399 --> 00:14:18,699  
can't be able to sell its doubt about it

350  
00:14:17,080 --> 00:14:22,150  
and this had really cut him up inside

351  
00:14:18,700 --> 00:14:24,040  
and so when he house he saw the heard

352  
00:14:22,149 --> 00:14:25,419  
that the fire release was I don't this

353  
00:14:24,039 --> 00:14:27,669  
sort of freedom up a bit to go and be

354  
00:14:25,419 --> 00:14:30,579  
able to talk to to talk about this issue

355  
00:14:27,669 --> 00:14:32,589  
and again you know a real example there

356  
00:14:30,580 --> 00:14:34,450  
a human example of what secrecy can do

357  
00:14:32,590 --> 00:14:36,820  
the facts of people are told to to keep

358  
00:14:34,450 --> 00:14:39,100  
quiet and faithfully he that he did this

359  
00:14:36,820 --> 00:14:42,910  
but again relating it back to the whole

360  
00:14:39,100 --> 00:14:45,279  
point this by the mid fifties there's a

361  
00:14:42,909 --> 00:14:46,329  
whole although the mo D is saying that

362  
00:14:45,279 --> 00:14:48,789  
these things have no defense

363  
00:14:46,330 --> 00:14:50,200  
significance we've got a prose comment

364  
00:14:48,789 --> 00:14:52,269  
place that immediately the moment this

365  
00:14:50,200 --> 00:14:54,940  
thing is cited on radar they launched

366  
00:14:52,269 --> 00:14:59,679  
rated the art planes to go after to go

367  
00:14:54,940 --> 00:15:01,240  
after the UFO this is really interesting

368  
00:14:59,679 --> 00:15:05,500  
and I wish I wish out time to show you a

369  
00:15:01,240 --> 00:15:06,820  
clip of the video here of this but this

370  
00:15:05,500 --> 00:15:10,870  
is one of the earliest ones I could find

371

00:15:06,820 --> 00:15:12,970  
so this this this this man here mr. Hall

372  
00:15:10,870 --> 00:15:15,009  
it's based in Gateshead which is in the

373  
00:15:12,970 --> 00:15:18,279  
North East of England up in what they

374  
00:15:15,009 --> 00:15:20,259  
call Geordie Georgie lands and basically

375  
00:15:18,279 --> 00:15:22,480  
when he just sort of seven-year-old he

376  
00:15:20,259 --> 00:15:24,100  
encountered a classic gray and a

377  
00:15:22,480 --> 00:15:27,670  
sorcerer along with other kids on the

378  
00:15:24,100 --> 00:15:30,159  
street right at the start of the war he

379  
00:15:27,669 --> 00:15:33,639  
then later met this met this gray a day

380  
00:15:30,159 --> 00:15:36,009  
later and his uncle came up and hit him

381  
00:15:33,639 --> 00:15:38,860  
supposedly hit this hit this alien with

382  
00:15:36,009 --> 00:15:41,350  
a spade and they went and took this body

383  
00:15:38,860 --> 00:15:43,210  
and hit it his in the church

384  
00:15:41,350 --> 00:15:44,529  
absolutely when you when you hear him

385  
00:15:43,210 --> 00:15:46,389

there's also other witness that the come

386

00:15:44,529 --> 00:15:48,669

on the tape and and back up his story

387

00:15:46,389 --> 00:15:50,110

you know seven-year-old children don't

388

00:15:48,669 --> 00:15:52,329

don't mistake these sort of things

389

00:15:50,110 --> 00:15:54,940

he seems really sincere a lot of his

390

00:15:52,330 --> 00:15:58,360

family back report he said what is

391

00:15:54,940 --> 00:16:00,100

interesting is that even in 1940 despite

392

00:15:58,360 --> 00:16:02,320

the impression that we're given by these

393

00:16:00,100 --> 00:16:04,840

memos that or we don't really know what

394

00:16:02,320 --> 00:16:06,610

these UFOs are we're all in the dark in

395

00:16:04,840 --> 00:16:09,399

evil at nineteen forty all that time

396

00:16:06,610 --> 00:16:12,250

back within hours of this there was

397

00:16:09,399 --> 00:16:13,829

police military personnel scientists

398

00:16:12,250 --> 00:16:16,240

there was a complete media blackout

399

00:16:13,830 --> 00:16:18,759

along the whole of the locally and hold

400  
00:16:16,240 --> 00:16:20,798  
the UK on this issue

401  
00:16:18,759 --> 00:16:22,239  
so again you've got you've got a

402  
00:16:20,798 --> 00:16:24,100  
contradiction you've got a complete

403  
00:16:22,239 --> 00:16:26,290  
structure in place there to deal with

404  
00:16:24,100 --> 00:16:30,670  
this issue and yet the fire release the

405  
00:16:26,289 --> 00:16:31,988  
fire releases are saying otherwise so

406  
00:16:30,669 --> 00:16:33,278  
that's just as summing up the points

407  
00:16:31,989 --> 00:16:35,709  
what I saying that you've got this

408  
00:16:33,278 --> 00:16:38,798  
basics or dichotomy this splits between

409  
00:16:35,708 --> 00:16:41,498  
the two Church Churchill the Churchill

410  
00:16:38,798 --> 00:16:42,698  
memo they're saying that that these we

411  
00:16:41,499 --> 00:16:44,949  
don't know what these things are on he

412  
00:16:42,698 --> 00:16:47,289  
this this head of the you know Prime

413  
00:16:44,948 --> 00:16:50,019  
Minister header strategist of the whole

414  
00:16:47,289 --> 00:16:51,428  
of the the military in the UK wants to

415  
00:16:50,019 --> 00:16:53,589  
know what they're about the flying

416  
00:16:51,428 --> 00:16:55,808  
source of work fly source of working

417  
00:16:53,589 --> 00:16:57,279  
party also created it's basically saying

418  
00:16:55,808 --> 00:16:59,438  
there's no defense significance in these

419  
00:16:57,278 --> 00:17:01,958  
things but we have rightly mentioned in

420  
00:16:59,438 --> 00:17:04,209  
1940 we have a system set up to deal

421  
00:17:01,958 --> 00:17:06,458  
with this pilots being deep debriefed

422  
00:17:04,209 --> 00:17:08,889  
and even actively targeting as we just

423  
00:17:06,459 --> 00:17:14,828  
seen with the Milton Torres case UFOs

424  
00:17:08,888 --> 00:17:16,448  
over the UK so basically I think with

425  
00:17:14,828 --> 00:17:19,328  
all the hiking we've seen over over the

426  
00:17:16,449 --> 00:17:20,470  
fire release process I just want to get

427  
00:17:19,328 --> 00:17:21,759  
it a bit more in context because

428

00:17:20,470 --> 00:17:23,110  
everyone's two authors a lot of feels

429  
00:17:21,759 --> 00:17:24,818  
been hanging on the whole process of

430  
00:17:23,109 --> 00:17:27,548  
well are we going to see some great

431  
00:17:24,818 --> 00:17:30,278  
revelation from these things and I think

432  
00:17:27,548 --> 00:17:33,548  
I just wanted to make the point that in

433  
00:17:30,278 --> 00:17:35,019  
a way there's there might be some angles

434  
00:17:33,548 --> 00:17:37,720  
within the fire release that you could

435  
00:17:35,019 --> 00:17:39,548  
find some some gems and some lip props

436  
00:17:37,720 --> 00:17:40,778  
to little avenues through to look to the

437  
00:17:39,548 --> 00:17:43,960  
you know to find a glimmer through the

438  
00:17:40,778 --> 00:17:46,058  
whole issue of the secrecy however

439  
00:17:43,960 --> 00:17:48,490  
there's this we think you know really

440  
00:17:46,058 --> 00:17:50,319  
this thing operates on the level on many

441  
00:17:48,490 --> 00:17:52,870  
levels one one of course includes the

442  
00:17:50,319 --> 00:17:55,359

whole idea of flooding Farley's flooding

443

00:17:52,869 --> 00:17:58,808

many both the majority of the sightings

444

00:17:55,359 --> 00:18:02,048

with the more mundane the more basic

445

00:17:58,808 --> 00:18:04,619

ones of lights in the sky with you know

446

00:18:02,048 --> 00:18:07,269

you get the odd to the odd GM thrown in

447

00:18:04,619 --> 00:18:09,459

and so I put at the bottom here that the

448

00:18:07,269 --> 00:18:11,048

more likely instead of this being a

449

00:18:09,460 --> 00:18:12,880

basically full-on disinformation

450

00:18:11,048 --> 00:18:14,740

campaign which I don't I don't actively

451

00:18:12,880 --> 00:18:17,860

and I think there's use so usefulness in

452

00:18:14,740 --> 00:18:19,778

this government Farley's process but

453

00:18:17,859 --> 00:18:22,808

it's more likely that the real materials

454

00:18:19,778 --> 00:18:24,519

use which is the classic method of sort

455

00:18:22,808 --> 00:18:26,798

of handling information and

456

00:18:24,519 --> 00:18:28,960

disinformation in a way real material is

457  
00:18:26,798 --> 00:18:31,000  
used and filtered to move the data

458  
00:18:28,960 --> 00:18:34,269  
points that would not allow us to to

459  
00:18:31,000 --> 00:18:35,829  
lead to a comprehensive hypothesis that

460  
00:18:34,269 --> 00:18:39,278  
certain sections of the government were

461  
00:18:35,829 --> 00:18:41,379  
aware of the ET and UFO issue in other

462  
00:18:39,278 --> 00:18:43,690  
words by putting out these numerous file

463  
00:18:41,380 --> 00:18:45,340  
in a fairly disorganized manner complete

464  
00:18:43,690 --> 00:18:48,190  
with swamp occurs with lots of stories

465  
00:18:45,339 --> 00:18:50,619  
about fairly mundane matters that we're

466  
00:18:48,190 --> 00:18:52,659  
unable to actually put a pound together

467  
00:18:50,619 --> 00:18:54,519  
and find out what the really crucial

468  
00:18:52,659 --> 00:18:56,110  
issues which is what Exopolitics is

469  
00:18:54,519 --> 00:18:58,089  
dealing with you know that the crucial

470  
00:18:56,109 --> 00:19:01,178  
issues to do with contacts to do with

471  
00:18:58,089 --> 00:19:03,579  
disclosure and so I think it's down to

472  
00:19:01,179 --> 00:19:05,559  
us to way of how importance these issues

473  
00:19:03,579 --> 00:19:07,898  
are and how important issue with fire

474  
00:19:05,558 --> 00:19:15,428  
reliefs are and to be very careful about

475  
00:19:07,898 --> 00:19:17,759  
the data that we handed so I just made

476  
00:19:15,429 --> 00:19:21,820  
another couple of points here that

477  
00:19:17,759 --> 00:19:24,398  
what's interesting is if you look at the

478  
00:19:21,819 --> 00:19:25,778  
there's a lot of talk about how the what

479  
00:19:24,398 --> 00:19:27,388  
Stephen Bassett one of the people that

480  
00:19:25,778 --> 00:19:29,950  
does a lot of the Exopolitics community

481  
00:19:27,388 --> 00:19:31,569  
seems totally disappointed that the USA

482  
00:19:29,950 --> 00:19:32,319  
haven't come forward and released any of

483  
00:19:31,569 --> 00:19:35,710  
their files

484  
00:19:32,319 --> 00:19:37,808  
seem pretty apart from a few Freedom of

485

00:19:35,710 --> 00:19:39,399  
Information Act not a lot of enduring

486  
00:19:37,808 --> 00:19:40,569  
certainly not they're not refusing to

487  
00:19:39,398 --> 00:19:41,979  
follow the pattern that most of the

488  
00:19:40,569 --> 00:19:44,128  
European countries and some of the Latin

489  
00:19:41,980 --> 00:19:47,798  
American countries in doing the full on

490  
00:19:44,128 --> 00:19:49,359  
file release however I find it quite

491  
00:19:47,798 --> 00:19:50,950  
strange that compared to the British who

492  
00:19:49,359 --> 00:19:53,979  
very much found fed and hyped

493  
00:19:50,950 --> 00:19:55,120  
their release of these files that when

494  
00:19:53,980 --> 00:19:57,490  
you actually look at the ones that have

495  
00:19:55,119 --> 00:19:59,378  
been made these were made the 20 member

496  
00:19:57,490 --> 00:20:02,019  
I think and some of the FBI ones if you

497  
00:19:59,378 --> 00:20:04,209  
have a look were made under the Carter

498  
00:20:02,019 --> 00:20:06,298  
mulcaster America it was very good at

499  
00:20:04,210 --> 00:20:08,710

releasing a lot of files in the USA so

500

00:20:06,298 --> 00:20:10,990

you've got things like the the general

501

00:20:08,710 --> 00:20:12,730

twining memo that basically stated that

502

00:20:10,990 --> 00:20:15,429

these crafts are officially not

503

00:20:12,730 --> 00:20:17,230

fictitious some the FBI files came to

504

00:20:15,429 --> 00:20:18,850

light recently they should have a look

505

00:20:17,230 --> 00:20:20,919

online Bruce Maccabee looked into a

506

00:20:18,849 --> 00:20:22,829

couple of these and so bizarrely

507

00:20:20,919 --> 00:20:25,059

although the USA have not released

508

00:20:22,829 --> 00:20:26,829

haven't done a formal file leases as

509

00:20:25,058 --> 00:20:28,329

such and I looked at by as if this

510

00:20:26,829 --> 00:20:30,668

they're part of this governments that

511

00:20:28,329 --> 00:20:32,888

are still clamping down through the fact

512

00:20:30,669 --> 00:20:34,250

that the USA are very efficient in some

513

00:20:32,888 --> 00:20:37,490

ways freedom of information

514  
00:20:34,250 --> 00:20:39,170  
we've got several really good memos and

515  
00:20:37,490 --> 00:20:41,599  
bits of data that have come out from

516  
00:20:39,170 --> 00:20:43,430  
that an example here if the British

517  
00:20:41,599 --> 00:20:44,869  
still holding back again despite having

518  
00:20:43,430 --> 00:20:46,880  
this reputation of being you know but

519  
00:20:44,869 --> 00:20:48,799  
that we've done this great great service

520  
00:20:46,880 --> 00:20:50,720  
to great service to Britain and to the

521  
00:20:48,799 --> 00:20:53,059  
world by doing this very organised file

522  
00:20:50,720 --> 00:20:55,190  
release interestingly again with regard

523  
00:20:53,059 --> 00:20:57,049  
to the Rendlesham case which many of you

524  
00:20:55,190 --> 00:20:59,900  
will probably be aware of a huge huge

525  
00:20:57,049 --> 00:21:02,089  
case it was only Larry Warren one of the

526  
00:20:59,900 --> 00:21:03,680  
members of who was actually present at

527  
00:21:02,089 --> 00:21:05,599  
the Rendlesham base it was only when he

528  
00:21:03,680 --> 00:21:08,269  
did a Friedman a u.s. Freedom of

529  
00:21:05,599 --> 00:21:11,059  
Information Act request that he got some

530  
00:21:08,269 --> 00:21:12,710  
of the data out from the USA that then

531  
00:21:11,059 --> 00:21:15,349  
started to trigger the interest in the

532  
00:21:12,710 --> 00:21:17,150  
whole in the whole issue right up to

533  
00:21:15,349 --> 00:21:19,369  
that point and onwards to actually past

534  
00:21:17,150 --> 00:21:21,500  
that point since he got the data the UK

535  
00:21:19,369 --> 00:21:22,759  
MOT consistently denied including in

536  
00:21:21,500 --> 00:21:24,769  
Parliament I think when Moore's Hill

537  
00:21:22,759 --> 00:21:28,279  
Morton brought it up denied that this

538  
00:21:24,769 --> 00:21:30,079  
event ever took place then magically the

539  
00:21:28,279 --> 00:21:32,809  
the Holt memo which had already come out

540  
00:21:30,079 --> 00:21:35,359  
in another form anyway arise formally in

541  
00:21:32,809 --> 00:21:37,429  
the archives so I'm just making a point

542

00:21:35,359 --> 00:21:40,309  
there that again the UK government are

543  
00:21:37,430 --> 00:21:42,890  
obscuring data and have obscured data

544  
00:21:40,309 --> 00:21:44,809  
and and again as part as part of this

545  
00:21:42,890 --> 00:21:51,320  
process they're still in control of the

546  
00:21:44,809 --> 00:21:56,210  
information flow so the final points I

547  
00:21:51,319 --> 00:21:58,189  
think I think I'm out of time nearly the

548  
00:21:56,210 --> 00:22:01,009  
I made the point that yet that the UFO

549  
00:21:58,190 --> 00:22:04,519  
UK UFO desk which I mentioned before

550  
00:22:01,009 --> 00:22:07,789  
there's run by Nick Nick Pope that was

551  
00:22:04,519 --> 00:22:09,559  
closed down in 2009 this again is very

552  
00:22:07,789 --> 00:22:12,319  
strange and somewhat contradictory when

553  
00:22:09,559 --> 00:22:13,429  
you look at the fact that the the

554  
00:22:12,319 --> 00:22:14,929  
government seemed very pleased with

555  
00:22:13,430 --> 00:22:16,640  
themselves as regards the whole fire

556  
00:22:14,930 --> 00:22:17,900

release process the the fact that

557

00:22:16,640 --> 00:22:20,210  
they've done this this this stage

558

00:22:17,900 --> 00:22:21,620  
released very organized very meticulous

559

00:22:20,210 --> 00:22:25,220  
has got a lot of press attention

560

00:22:21,619 --> 00:22:28,219  
globally and yet as this as this process

561

00:22:25,220 --> 00:22:31,100  
is just taking off then they closed down

562

00:22:28,220 --> 00:22:33,200  
the MMD discs what's what's interesting

563

00:22:31,099 --> 00:22:35,209  
is at the time they claimed this is in

564

00:22:33,200 --> 00:22:37,279  
many the broadsheet papers that the

565

00:22:35,210 --> 00:22:39,019  
reason for this was was for the Africa

566

00:22:37,279 --> 00:22:41,149  
they needed Afghan war funding I

567

00:22:39,019 --> 00:22:42,889  
actually worked out that the they gave

568

00:22:41,150 --> 00:22:43,919  
the budget for the UFO desk or I went to

569

00:22:42,890 --> 00:22:45,990  
found that some

570

00:22:43,919 --> 00:22:48,659  
I worked out that this actually would

571  
00:22:45,990 --> 00:22:50,400  
have allowed us as in the Britain to

572  
00:22:48,659 --> 00:22:53,250  
operate for a grand total of thirty

573  
00:22:50,400 --> 00:22:55,980  
minutes in Afghanistan so they decided

574  
00:22:53,250 --> 00:22:58,679  
to shut down a very valuable UFO Jessica

575  
00:22:55,980 --> 00:23:01,048  
information service so they say for 30

576  
00:22:58,679 --> 00:23:03,269  
minutes worth of fighting in Afghanistan

577  
00:23:01,048 --> 00:23:07,379  
which seems very strange very strange

578  
00:23:03,269 --> 00:23:09,210  
moves to me so I said the the a shield

579  
00:23:07,380 --> 00:23:11,669  
the whole person other reason that the

580  
00:23:09,210 --> 00:23:14,308  
UFO gets got closed down is maybe more

581  
00:23:11,669 --> 00:23:15,750  
likely down to the fasteners that the

582  
00:23:14,308 --> 00:23:18,298  
subject area was increased in an

583  
00:23:15,750 --> 00:23:22,140  
interest vastly we had a consistent from

584  
00:23:18,298 --> 00:23:24,869  
2007 doubling in reported sightings we

585  
00:23:22,140 --> 00:23:27,270  
has the media both tabloid media and

586  
00:23:24,869 --> 00:23:29,219  
broadsheet quality media in in Britain

587  
00:23:27,269 --> 00:23:30,990  
actually treating this issue with a fair

588  
00:23:29,220 --> 00:23:32,850  
bit of respect and you know the

589  
00:23:30,990 --> 00:23:36,058  
references to little green men has

590  
00:23:32,849 --> 00:23:38,428  
basically begun to fade away I think

591  
00:23:36,058 --> 00:23:40,500  
there was problems that basically they

592  
00:23:38,429 --> 00:23:42,330  
saw how this area was taking off how the

593  
00:23:40,500 --> 00:23:44,210  
fire release was actually in some ways

594  
00:23:42,329 --> 00:23:47,220  
making the whole issue more more popular

595  
00:23:44,210 --> 00:23:49,190  
and as I put down here there was a

596  
00:23:47,220 --> 00:23:52,980  
danger of the of an official body

597  
00:23:49,190 --> 00:23:55,080  
legitimizing the whole et issue so the

598  
00:23:52,980 --> 00:23:57,179  
UFO desk out to go so there was no

599

00:23:55,079 --> 00:23:58,918  
actual widget legitimizing off of this

600  
00:23:57,179 --> 00:24:05,390  
issue and in danger of becoming even

601  
00:23:58,919 --> 00:24:08,970  
wider okay we also did a section on

602  
00:24:05,390 --> 00:24:12,570  
Freedom Information Act and contact the

603  
00:24:08,970 --> 00:24:13,950  
whole issue of contacts eg contact is I

604  
00:24:12,569 --> 00:24:17,668  
think one of my favorites to do with the

605  
00:24:13,950 --> 00:24:19,380  
whole wide area of Exopolitics but not

606  
00:24:17,669 --> 00:24:20,640  
had time to do that and Natasha is going

607  
00:24:19,380 --> 00:24:23,850  
to talk about a few of those two points

608  
00:24:20,640 --> 00:24:25,620  
as well so just wanted to leave you and

609  
00:24:23,849 --> 00:24:28,349  
draw your attention to the Exopolitics

610  
00:24:25,619 --> 00:24:31,199  
Journal which I've contributed several

611  
00:24:28,349 --> 00:24:33,240  
essays to and coming out in a week's

612  
00:24:31,200 --> 00:24:36,419  
time if you're interested in the whole

613  
00:24:33,240 --> 00:24:38,038

area of alien communication to do with

614

00:24:36,419 --> 00:24:39,659

academia how they how they are looking

615

00:24:38,038 --> 00:24:41,158

at the the issue and there's another

616

00:24:39,659 --> 00:24:43,950

title there from one Natasha's to them

617

00:24:41,159 --> 00:24:45,179

the journals free to download at that

618

00:24:43,950 --> 00:24:47,130

link there if you can see it in blue

619

00:24:45,179 --> 00:24:48,140

Exopolitics journal comm you could also

620

00:24:47,130 --> 00:24:51,200

go and get

621

00:24:48,140 --> 00:24:54,130

back issues free.this the several years

622

00:24:51,200 --> 00:24:57,830

worth of back issues there as well so

623

00:24:54,130 --> 00:25:00,650

contact issues are in the UK files the

624

00:24:57,829 --> 00:25:02,480

several strange cases that puts really

625

00:25:00,650 --> 00:25:03,650

if you want more interesting ones then

626

00:25:02,480 --> 00:25:05,779

obviously it's going read it going we

627

00:25:03,650 --> 00:25:08,390

could book like your Mac instead or take

628

00:25:05,779 --> 00:25:11,299

a look at these so that's just a quick

629

00:25:08,390 --> 00:25:14,150

glimpse into the pros and cons of UK

630

00:25:11,299 --> 00:25:16,480

freedom information maps and that's me

631

00:25:14,150 --> 00:25:16,480

done I think

632

00:25:22,359 --> 00:25:24,419

you
