

1
00:00:10,150 --> 00:00:13,849
good morning ladies and gentlemen and

2
00:00:12,378 --> 00:00:17,750
members of the press

3
00:00:13,849 --> 00:00:19,820
my name is Larry Warren 20 years ago in

4
00:00:17,750 --> 00:00:21,949
1980 I was a security specialist

5
00:00:19,820 --> 00:00:25,760
assigned to RAF Bentwaters Woodbridge

6
00:00:21,949 --> 00:00:29,089
NATO Air Force facilities in suffolk

7
00:00:25,760 --> 00:00:32,509
east anglia i had a secret security

8
00:00:29,089 --> 00:00:34,039
clearance i guarded our backline nuclear

9
00:00:32,509 --> 00:00:36,350
weapons that were stored there at the

10
00:00:34,039 --> 00:00:39,948
time and without the knowledge of the

11
00:00:36,350 --> 00:00:43,719
people of Great Britain I went through

12
00:00:39,948 --> 00:00:47,899
its portion of a three-night UFO event

13
00:00:43,719 --> 00:00:50,179
where objects made incursions over OWS a

14
00:00:47,899 --> 00:00:52,429
fired gate pencil-thin beams of light

15
00:00:50,179 --> 00:00:55,070
into them and adversely affected the

16
00:00:52,429 --> 00:00:57,100
Ordnance possibly these objects were on

17
00:00:55,070 --> 00:00:59,000
the ground on two different nights

18
00:00:57,100 --> 00:01:02,420
potentially there was another life-form

19
00:00:59,000 --> 00:01:04,519
scene this is an unpopular truth these

20
00:01:02,420 --> 00:01:06,829
events were of extreme defense

21
00:01:04,519 --> 00:01:08,900
significance to not only Her Majesty's

22
00:01:06,829 --> 00:01:11,798
Government but this government as well

23
00:01:08,900 --> 00:01:14,719
and they are still shrouded in secrecy

24
00:01:11,799 --> 00:01:16,609
they are very complex they are very best

25
00:01:14,718 --> 00:01:20,538
this is more about a human rights issue

26
00:01:16,608 --> 00:01:22,429
than just a UFO issue 20 years ago this

27
00:01:20,539 --> 00:01:25,009
room would be empty I see a turn in

28
00:01:22,429 --> 00:01:26,390
history this is history in motion but

29

00:01:25,009 --> 00:01:29,060
unfortunately its history with the

30
00:01:26,390 --> 00:01:32,450
security classification I would be more

31
00:01:29,060 --> 00:01:35,030
than honored to swear under oath that I

32
00:01:32,450 --> 00:01:38,299
went experienced what I did I saw what I

33
00:01:35,030 --> 00:01:40,789
saw these events produced not only after

34
00:01:38,299 --> 00:01:43,429
numerous denials by this government a

35
00:01:40,789 --> 00:01:45,170
memo by Lieutenant Colonel Charles halt

36
00:01:43,429 --> 00:01:47,210
our deputy base commander which reads

37
00:01:45,170 --> 00:01:49,849
like science fiction it also produced

38
00:01:47,209 --> 00:01:53,239
years later an on-site audio tape he

39
00:01:49,849 --> 00:01:55,489
made as these objects performed their

40
00:01:53,239 --> 00:01:58,068
feats and did what they did in violated

41
00:01:55,489 --> 00:01:59,179
airspace these events are of extreme

42
00:01:58,069 --> 00:02:01,249
defense significance

43
00:01:59,179 --> 00:02:02,600

I hope my brothers in arms that went

44

00:02:01,248 --> 00:02:04,519

through these events will be given

45

00:02:02,599 --> 00:02:06,678

immunity at some point and be able to

46

00:02:04,519 --> 00:02:08,359

join us here it is an honor to share the

47

00:02:06,679 --> 00:02:12,020

stage with all of these people people

48

00:02:08,360 --> 00:02:13,940

and I think for all of our children my

49

00:02:12,020 --> 00:02:17,000

son Dennis god bless you son

50

00:02:13,939 --> 00:02:18,629
