

1
00:00:00,110 --> 00:00:08,549
despues de dos intensa jornadas hablando

2
00:00:04,830 --> 00:00:12,480
de multiple estemos entorno alpha

3
00:00:08,550 --> 00:00:15,240
nominee a la presencia start arrest ray

4
00:00:12,480 --> 00:00:18,240
a todo lo que sera la cena con los

5
00:00:15,240 --> 00:00:20,009
secretos military's la soupe ratione de

6
00:00:18,239 --> 00:00:24,448
información respecto este tipo de

7
00:00:20,010 --> 00:00:27,260
castillo nays alegado momento de cerrar

8
00:00:24,449 --> 00:00:31,320
el siglo de conferencias te ponen Sia's

9
00:00:27,260 --> 00:00:33,570
con el asunto que ha despertado mayor

10
00:00:31,320 --> 00:00:36,869
inter SE que quizá sido el más nova dos

11
00:00:33,570 --> 00:00:39,359
o en relación loss plan team en tous des

12
00:00:36,869 --> 00:00:43,199
taken grace okays el asunto de la nueva

13
00:00:39,359 --> 00:00:47,729
energía que no sois a desert AR sobre

14
00:00:43,200 --> 00:00:49,530
las promesas de san nueva energia es un

15
00:00:47,729 --> 00:00:53,069
conference e on take a ya hemos tenido

16
00:00:49,530 --> 00:00:55,140
en en esta mesa que tuvimos a year a

17
00:00:53,070 --> 00:00:57,628
year por la tarde que tuvimos en la mesa

18
00:00:55,140 --> 00:01:02,009
redonda y con Seto la mayoría de las

19
00:00:57,628 --> 00:01:04,408
preguntas de todos ustedes y que volver

20
00:01:02,009 --> 00:01:06,079
hablar knows taryn esta ocasión Centron

21
00:01:04,409 --> 00:01:10,890
dos en el asunto de la nueva energia

22
00:01:06,079 --> 00:01:13,530
LSST clear ya lo conocen ustedes pero yo

23
00:01:10,890 --> 00:01:16,590
quiero que antes de que entre y les

24
00:01:13,530 --> 00:01:19,500
habla es implement a reflection a moso

25
00:01:16,590 --> 00:01:23,130
l'unico sakay generalmente SE olvida las

26
00:01:19,500 --> 00:01:26,938
a cien por estudiar el fenomeno of knee

27
00:01:23,129 --> 00:01:29,548
con el propósito de sacar un provecho

28
00:01:26,938 --> 00:01:34,469
tecnológico del mismo es auntie Cosima

29

00:01:29,549 --> 00:01:36,689
en Espana existen varias patent A's demo

30
00:01:34,469 --> 00:01:39,239
Torres in speed ADO's en la propulsion

31
00:01:36,688 --> 00:01:42,359
de los ovis patent A's practicamente

32
00:01:39,239 --> 00:01:45,780
todas ellas Dada's de alta en los años

33
00:01:42,359 --> 00:01:48,228
assent a principio de los setenta inclus

34
00:01:45,780 --> 00:01:50,939
o alguna stacy's algunos libros

35
00:01:48,228 --> 00:01:53,728
relacionados con la propulsion de los

36
00:01:50,938 --> 00:01:56,188
omni's etches poor engine arrows como

37
00:01:53,728 --> 00:01:58,890
cuando mean get Montes oh la

38
00:01:56,188 --> 00:02:00,569
preocupación k elevado pooza callejas de

39
00:01:58,890 --> 00:02:02,549
personas que a las que mas o menos un

40
00:02:00,569 --> 00:02:04,379
rato como Antonio Rivera como es el caso

41
00:02:02,549 --> 00:02:07,590
por ejemplo de raha elf ariel's que

42
00:02:04,379 --> 00:02:09,000
también recordamos esta tarde que a

43
00:02:07,590 --> 00:02:10,460

reflection odd o tambien sobre esta

44

00:02:09,000 --> 00:02:13,430

cuestión pues bien

45

00:02:10,460 --> 00:02:15,890

see mess Priam Bulow para saber que es

46

00:02:13,430 --> 00:02:17,599

lo que NOS de para ESA nueva Energia de

47

00:02:15,889 --> 00:02:28,369

Mo's de la bienvenida con un fuerte

48

00:02:17,599 --> 00:02:33,759

blows OH Steve gear buenas tardes me

49

00:02:28,370 --> 00:02:38,950

amigos alright a lot of people wonder

50

00:02:33,759 --> 00:02:41,810

why i have been involved now with energy

51

00:02:38,949 --> 00:02:44,179

systems and trying to bring out the new

52

00:02:41,810 --> 00:02:46,280

energy systems for a new civilization on

53

00:02:44,180 --> 00:02:49,129

this planet and many people don't see

54

00:02:46,280 --> 00:02:52,550

the connection between extraterrestrial

55

00:02:49,129 --> 00:02:55,609

intelligence disclosure project and the

56

00:02:52,550 --> 00:02:57,700

orion project org and i want to just

57

00:02:55,610 --> 00:02:59,840

take a moment to make those connections

58
00:02:57,699 --> 00:03:02,509
really think it's very very important

59
00:02:59,840 --> 00:03:05,780
that people understand that these are

60
00:03:02,509 --> 00:03:10,519
three projects that i direct that are

61
00:03:05,780 --> 00:03:13,009
really all part of one strategy now many

62
00:03:10,520 --> 00:03:15,439
of you know that the whole UFO question

63
00:03:13,009 --> 00:03:18,349
has been kept secret for more than 60

64
00:03:15,439 --> 00:03:21,469
years and there are a number of reasons

65
00:03:18,349 --> 00:03:22,840
why number one in the early days they

66
00:03:21,469 --> 00:03:26,629
didn't know what they were dealing with

67
00:03:22,840 --> 00:03:30,080
number two there were reasons that were

68
00:03:26,629 --> 00:03:32,359
a theological and religious and some of

69
00:03:30,080 --> 00:03:35,990
those still continue for some people in

70
00:03:32,360 --> 00:03:38,120
the secret government for example

71
00:03:35,990 --> 00:03:41,390
there's a Jet Propulsion lab scientist

72
00:03:38,120 --> 00:03:45,950
that I know very senior who told me very

73
00:03:41,389 --> 00:03:49,729
directly that there are structures

74
00:03:45,949 --> 00:03:52,639
ancient structures on Mars connected to

75
00:03:49,729 --> 00:03:56,030
a civilization that's connected to early

76
00:03:52,639 --> 00:03:57,889
human civilization on earth and he has

77
00:03:56,030 --> 00:04:00,199
confirmed this to me and he said but the

78
00:03:57,889 --> 00:04:02,449
reason that NASA will not disclose this

79
00:04:00,199 --> 00:04:04,699
sort of information is that it would

80
00:04:02,449 --> 00:04:07,389
collapse and I'm quoting collapse the

81
00:04:04,699 --> 00:04:10,659
foundations of all the Orthodox

82
00:04:07,389 --> 00:04:16,879
religious belief systems on the planet

83
00:04:10,659 --> 00:04:19,790
so as I said bueno but this is a problem

84
00:04:16,879 --> 00:04:23,389
in some sectors of the society and so

85
00:04:19,790 --> 00:04:24,200
for example in America twenty five

86

00:04:23,389 --> 00:04:26,930
percent of the

87
00:04:24,199 --> 00:04:31,610
population believe literally the world

88
00:04:26,930 --> 00:04:34,670
is only 6,000 years old one in four

89
00:04:31,610 --> 00:04:38,150
Americans they think we wrote dinosaurs

90
00:04:34,670 --> 00:04:41,330
with saddles and there was a museum in

91
00:04:38,149 --> 00:04:44,299
Kentucky dedicated a 26 million dollar

92
00:04:41,329 --> 00:04:47,120
museum dedicated to showing how children

93
00:04:44,300 --> 00:04:50,540
were writing the the dinosaurs 6,000

94
00:04:47,120 --> 00:04:52,100
years ago so there are people who don't

95
00:04:50,540 --> 00:04:53,870
want to hear the truth about many things

96
00:04:52,100 --> 00:04:55,640
so that has been one of the reasons and

97
00:04:53,870 --> 00:04:57,649
I know it sounds insane to any educated

98
00:04:55,639 --> 00:05:01,639
person and probably to most people in

99
00:04:57,649 --> 00:05:04,339
Europe and in Spain but in America one

100
00:05:01,639 --> 00:05:15,860

in four people believe that but like

101

00:05:04,339 --> 00:05:17,569

children no miss pop eat the oats you

102

00:05:15,860 --> 00:05:20,290

don't like Sarah Palin and people like

103

00:05:17,569 --> 00:05:20,290

that so

104

00:05:25,240 --> 00:05:31,850

however there is another reason if they

105

00:05:29,870 --> 00:05:36,110

have been able to keep these a UFO

106

00:05:31,850 --> 00:05:38,290

matter secret they can provide a certain

107

00:05:36,110 --> 00:05:41,620

amount of information to the public and

108

00:05:38,290 --> 00:05:44,890

control it and spin it in a way that

109

00:05:41,620 --> 00:05:47,420

will be frightening and by

110

00:05:44,889 --> 00:05:50,120

indoctrinating over a few decades the

111

00:05:47,420 --> 00:05:52,490

populace with fear they hope to create a

112

00:05:50,120 --> 00:05:56,629

new enemy to unite the world around a

113

00:05:52,490 --> 00:05:58,970

military junta so fear is the

114

00:05:56,629 --> 00:06:01,250

mind-killer and fear is the spirit

115
00:05:58,970 --> 00:06:04,010
killer and this is their hoping that

116
00:06:01,250 --> 00:06:06,350
this sort of midbrain of humans where we

117
00:06:04,009 --> 00:06:09,800
have this fight or flight response the

118
00:06:06,350 --> 00:06:13,520
primitive amityville that this will

119
00:06:09,800 --> 00:06:15,319
cause people to give up their mind and

120
00:06:13,519 --> 00:06:19,969
their heart and their higher spiritual

121
00:06:15,319 --> 00:06:23,810
state and succumb to sort of a brave new

122
00:06:19,970 --> 00:06:25,370
world of conflict with these beans and

123
00:06:23,810 --> 00:06:28,310
this is what Verner von Braun who

124
00:06:25,370 --> 00:06:30,829
invented the rocket for Adolf Hitler his

125
00:06:28,310 --> 00:06:32,689
a spokeswoman for the last five years of

126
00:06:30,829 --> 00:06:35,629
his life said in this disclosure project

127
00:06:32,689 --> 00:06:38,870
testimony that this is a long-term plan

128
00:06:35,629 --> 00:06:41,180
to hoax a threat from outer space so

129
00:06:38,870 --> 00:06:44,000
that has been another large agenda and

130
00:06:41,180 --> 00:06:45,829
by keeping it secret enough but putting

131
00:06:44,000 --> 00:06:48,500
information out in small amounts that

132
00:06:45,829 --> 00:06:50,529
they can control they are trying to do a

133
00:06:48,500 --> 00:06:54,709
long-term psychological warfare

134
00:06:50,529 --> 00:06:56,839
operation I have a 1953 CIA document

135
00:06:54,709 --> 00:06:59,029
that explicitly talks about the

136
00:06:56,839 --> 00:07:01,969
psychological warfare value of this

137
00:06:59,029 --> 00:07:06,219
subject in this regard so there's

138
00:07:01,970 --> 00:07:12,800
another reason now the big reason in

139
00:07:06,220 --> 00:07:17,840
2009 from 19 I would say mmm 60s until

140
00:07:12,800 --> 00:07:20,150
now the big reason is because if we

141
00:07:17,839 --> 00:07:22,669
announced to the world that there are

142
00:07:20,149 --> 00:07:26,029
these things that I was showing earlier

143

00:07:22,670 --> 00:07:29,259
flying around that can be hovering and

144
00:07:26,029 --> 00:07:32,289
then go 20,000 kilometers an hour

145
00:07:29,259 --> 00:07:37,120
instantly and make right-hand turns and

146
00:07:32,290 --> 00:07:41,900
disappear and reappear 40 miles away

147
00:07:37,120 --> 00:07:46,519
any scientist with an IQ greater than

148
00:07:41,899 --> 00:07:50,810
mud dirt is going to say how are these

149
00:07:46,519 --> 00:07:56,839
things doing this and when that question

150
00:07:50,810 --> 00:08:01,930
is asked it shall be answered and when

151
00:07:56,839 --> 00:08:06,468
it is answered it means that the energy

152
00:08:01,930 --> 00:08:09,019
propulsion transportation all of these

153
00:08:06,468 --> 00:08:11,000
technologies will be known you cannot

154
00:08:09,019 --> 00:08:12,948
have a disclosure on the subject that

155
00:08:11,000 --> 00:08:14,360
we're being visited and that they've

156
00:08:12,949 --> 00:08:16,610
gone through interstellar space and

157
00:08:14,360 --> 00:08:19,250

multiples of the speed of light without

158

00:08:16,610 --> 00:08:23,449

opening up this other question of how

159

00:08:19,250 --> 00:08:25,668

and since it's been studied and it can

160

00:08:23,449 --> 00:08:27,949

be proven to be studied in reverse

161

00:08:25,668 --> 00:08:32,028

engineering programs for at least 60

162

00:08:27,949 --> 00:08:34,070

years probably longer that information

163

00:08:32,028 --> 00:08:39,769

will come out almost immediately and

164

00:08:34,070 --> 00:08:43,399

when that comes out guess what it's a

165

00:08:39,769 --> 00:08:47,839

wonderful day for Humanity than 99.999%

166

00:08:43,399 --> 00:08:52,360

of us that do not own an oil field or an

167

00:08:47,839 --> 00:08:56,209

energy company or a power station

168

00:08:52,360 --> 00:08:58,820

however remember this little number

169

00:08:56,208 --> 00:09:01,518

there are about depending on the price

170

00:08:58,820 --> 00:09:06,769

of commodities four hundred trillion

171

00:09:01,519 --> 00:09:09,078

euros in derivatives assets and

172
00:09:06,769 --> 00:09:12,339
commodities that are traded based on

173
00:09:09,078 --> 00:09:16,069
proven oil reserves coal reserves

174
00:09:12,339 --> 00:09:20,930
natural gas reserves four hundred

175
00:09:16,070 --> 00:09:23,300
trillion euros this is a lot of chump

176
00:09:20,929 --> 00:09:26,719
change this is a lot of walking-around

177
00:09:23,299 --> 00:09:29,299
money for somebody yeah and that kind of

178
00:09:26,720 --> 00:09:32,570
money buys you a lot of corruption and a

179
00:09:29,299 --> 00:09:36,289
lot of influence and there's one more

180
00:09:32,570 --> 00:09:39,350
thing more important the money isn't

181
00:09:36,289 --> 00:09:41,689
important because the money at that

182
00:09:39,350 --> 00:09:43,399
scale your money to me and to you is

183
00:09:41,690 --> 00:09:45,680
that gee I have a daughter at Yale I

184
00:09:43,399 --> 00:09:47,299
have a daughter at Stanford you know can

185
00:09:45,679 --> 00:09:49,278
I put them through college can I you

186
00:09:47,299 --> 00:09:52,000
know feed my family while I'm doing this

187
00:09:49,278 --> 00:09:52,000
crazy stuff

188
00:09:52,690 --> 00:10:01,579
nothing easy but here's the question for

189
00:09:59,419 --> 00:10:03,289
these people who have unlimited sources

190
00:10:01,578 --> 00:10:05,809
of funding these are the people who

191
00:10:03,289 --> 00:10:08,509
print the money the printing presses

192
00:10:05,809 --> 00:10:10,518
really the central bankers the financial

193
00:10:08,509 --> 00:10:16,250
people the petrodollar the big energy

194
00:10:10,519 --> 00:10:19,190
oil cartels for them it's more about

195
00:10:16,250 --> 00:10:26,299
maintaining their relative power in the

196
00:10:19,190 --> 00:10:31,220
world but what happens when you and you

197
00:10:26,299 --> 00:10:35,838
and you and you have a generator that

198
00:10:31,220 --> 00:10:41,060
would fit on maybe this much of your of

199
00:10:35,839 --> 00:10:45,829
a table sorry that would completely run

200

00:10:41,059 --> 00:10:48,739
your house with no energy bill no

201
00:10:45,828 --> 00:10:50,419
pollution once you buy it cost no more

202
00:10:48,740 --> 00:10:53,690
than a heat pump or air conditioning

203
00:10:50,419 --> 00:10:55,429
unit and you have energy for your your

204
00:10:53,690 --> 00:10:57,380
property for as long as the machine last

205
00:10:55,429 --> 00:11:02,689
what if it's built well could be 100

206
00:10:57,379 --> 00:11:05,629
years 50 years wonderful yes well not

207
00:11:02,690 --> 00:11:09,709
for these people is wonderful for

208
00:11:05,629 --> 00:11:12,139
Humanity for Gaia the earth but here's

209
00:11:09,708 --> 00:11:13,698
another issue and this will make you a

210
00:11:12,139 --> 00:11:17,269
little uncomfortable I'm sorry I

211
00:11:13,698 --> 00:11:20,109
apologize in advance but there's a big

212
00:11:17,269 --> 00:11:23,570
element of racism in this paradigm

213
00:11:20,110 --> 00:11:27,440
because right now those of us in Europe

214
00:11:23,570 --> 00:11:31,550

and America which together maybe 600

215

00:11:27,440 --> 00:11:34,699
million people in a planet with 7

216

00:11:31,549 --> 00:11:36,769
billion consumed most of the planet's

217

00:11:34,698 --> 00:11:39,439
resources and we have these wonderful

218

00:11:36,769 --> 00:11:43,278
air-conditioned halls and cars using

219

00:11:39,440 --> 00:11:45,230
petrol but guess what now India and

220

00:11:43,278 --> 00:11:47,539
China with two and a half billion people

221

00:11:45,230 --> 00:11:50,209
want to live like this and so does

222

00:11:47,539 --> 00:11:53,719
Africa and so does all over Asia and the

223

00:11:50,208 --> 00:11:55,458
islands and why shouldn't they and the

224

00:11:53,720 --> 00:11:59,528
impoverished areas of Central and South

225

00:11:55,458 --> 00:11:59,528
America why not ah

226

00:12:00,089 --> 00:12:06,269
here's the conundrum we are in if all

227

00:12:04,649 --> 00:12:09,240
those people live like you and I do

228

00:12:06,269 --> 00:12:13,169
using the current energy paradigm long

229
00:12:09,240 --> 00:12:15,209
before we collapse the biosphere we will

230
00:12:13,169 --> 00:12:17,128
be going to Mad Max under the

231
00:12:15,208 --> 00:12:21,359
Thunderdome fighting and killing each

232
00:12:17,129 --> 00:12:24,389
other for the last barrel of oil and so

233
00:12:21,360 --> 00:12:26,818
the economic system is set up to ensure

234
00:12:24,389 --> 00:12:29,579
eighty percent of the world is in

235
00:12:26,818 --> 00:12:31,198
poverty and this is a crime not only

236
00:12:29,578 --> 00:12:33,799
against the earth we are killing but

237
00:12:31,198 --> 00:12:33,799
humanity

238
00:12:42,360 --> 00:12:47,980
so it is an act of compassion to say we

239
00:12:46,240 --> 00:12:49,840
must bring out these sciences and

240
00:12:47,980 --> 00:12:51,909
technologies along with the disclosure

241
00:12:49,840 --> 00:12:55,420
that we're not alone and along with what

242
00:12:51,909 --> 00:12:57,100
see SETI is doing SI SE TI org which is

243
00:12:55,419 --> 00:12:59,349
making diplomatic contact with these

244
00:12:57,100 --> 00:13:02,680
visitors to establish a foundation for

245
00:12:59,350 --> 00:13:04,120
universal peace not just world peace so

246
00:13:02,679 --> 00:13:06,459
these three projects are all going

247
00:13:04,120 --> 00:13:08,620
together now I'm going to focus right

248
00:13:06,460 --> 00:13:14,950
now for a little while on this energy

249
00:13:08,620 --> 00:13:18,580
question what happens when every village

250
00:13:14,950 --> 00:13:20,980
in India and Africa can have such a

251
00:13:18,580 --> 00:13:22,360
device as I described I've seen them

252
00:13:20,980 --> 00:13:25,930
I've seen them operate there's no

253
00:13:22,360 --> 00:13:28,000
question they do exist we would like to

254
00:13:25,929 --> 00:13:30,479
bring one out if we could do so we're

255
00:13:28,000 --> 00:13:35,220
trying anybody who has one let me know

256
00:13:30,480 --> 00:13:39,850
who's got the cojones excuse me to do it

257

00:13:35,220 --> 00:13:43,750
will go the distance if you will sorry

258
00:13:39,850 --> 00:13:46,480
I'm very blunt emergency dr. Mehra

259
00:13:43,750 --> 00:13:49,179
Connells now here's another point is

260
00:13:46,480 --> 00:13:51,879
that if all these villages in Africa and

261
00:13:49,179 --> 00:13:55,209
India have these energy system guess

262
00:13:51,879 --> 00:13:58,149
what where does geopolitical power come

263
00:13:55,210 --> 00:14:00,400
from not the number of people in your

264
00:13:58,149 --> 00:14:01,360
country if that were true China and

265
00:14:00,399 --> 00:14:04,059
India would be the most powerful

266
00:14:01,360 --> 00:14:08,139
countries in the world not America and

267
00:14:04,059 --> 00:14:13,169
Europe geopolitical power comes from

268
00:14:08,139 --> 00:14:13,169
your economic and technological prowess

269
00:14:13,799 --> 00:14:19,389
when we democratize these technologies

270
00:14:17,950 --> 00:14:21,700
and allow them to be available

271
00:14:19,389 --> 00:14:25,029

throughout the world we will have to put

272

00:14:21,700 --> 00:14:27,250

a seat at the geopolitical table for the

273

00:14:25,029 --> 00:14:30,339

people of Africa the people of India the

274

00:14:27,250 --> 00:14:32,320

people of China the people of Indonesia

275

00:14:30,340 --> 00:14:36,430

the people of Central America the people

276

00:14:32,320 --> 00:14:38,170

all around the world and there are

277

00:14:36,429 --> 00:14:41,549

people who don't want to share that

278

00:14:38,169 --> 00:14:44,709

power they like having it for themselves

279

00:14:41,549 --> 00:14:49,299

if this is really what the question is

280

00:14:44,710 --> 00:14:53,580

is a very fundamental issue because if

281

00:14:49,299 --> 00:14:56,879

you allow these technologies to be known

282

00:14:53,580 --> 00:14:59,040

within one generation 20 years the

283

00:14:56,879 --> 00:15:01,620

environment will be transformed we will

284

00:14:59,039 --> 00:15:03,449

have a new macro economic system the

285

00:15:01,620 --> 00:15:06,110

work week for the average person will

286
00:15:03,450 --> 00:15:09,600
fall to about 15 to 20 hours a week

287
00:15:06,110 --> 00:15:12,509
seriously manufacturing would become

288
00:15:09,600 --> 00:15:13,889
very inexpensive and the world this

289
00:15:12,509 --> 00:15:18,120
would be the tide that would lift all

290
00:15:13,889 --> 00:15:20,370
ships but the centralized power system

291
00:15:18,120 --> 00:15:23,009
we have based on super tankers bringing

292
00:15:20,370 --> 00:15:25,110
oil and central power plants burning

293
00:15:23,009 --> 00:15:28,769
coal or nuclear power or what have you

294
00:15:25,110 --> 00:15:33,769
that system is centralized but so is the

295
00:15:28,769 --> 00:15:37,379
metaphorical or the symbolic power of

296
00:15:33,769 --> 00:15:41,039
the geopolitical system and all of that

297
00:15:37,379 --> 00:15:43,860
would change tilt it is the biggest

298
00:15:41,039 --> 00:15:47,189
change in the history of the human race

299
00:15:43,860 --> 00:15:48,690
and if you added up everything from the

300
00:15:47,190 --> 00:15:52,950
mid 1800s with the dawn of the

301
00:15:48,690 --> 00:15:56,340
Industrial Revolution to today Microsoft

302
00:15:52,950 --> 00:16:00,420
computers lasers the internal combustion

303
00:15:56,340 --> 00:16:02,700
engines rockets Jets this disclosure and

304
00:16:00,419 --> 00:16:04,589
the bringing forward of these new energy

305
00:16:02,700 --> 00:16:10,340
technologies will eclipse all of them

306
00:16:04,590 --> 00:16:13,710
added together it is breathtaking and

307
00:16:10,340 --> 00:16:16,980
when I have SAT with people and who were

308
00:16:13,710 --> 00:16:18,930
very powerful they say oh yes I'll tell

309
00:16:16,980 --> 00:16:21,629
you what an admiral said who is in

310
00:16:18,929 --> 00:16:24,750
charge of kunis continental United

311
00:16:21,629 --> 00:16:27,480
States CEO in US and he said yes you're

312
00:16:24,750 --> 00:16:28,409
absolutely right this should come out it

313
00:16:27,480 --> 00:16:31,980
should have never been kept secret

314

00:16:28,409 --> 00:16:36,029
however my job really has been

315
00:16:31,980 --> 00:16:38,460
maintaining the status quo of the

316
00:16:36,029 --> 00:16:40,500
world's oil supply and energy supply it

317
00:16:38,460 --> 00:16:42,960
really is and I don't want to deal with

318
00:16:40,500 --> 00:16:47,659
a change this big I just want to retire

319
00:16:42,960 --> 00:16:47,660
and go fishing at my ranch in Wyoming

320
00:16:47,809 --> 00:16:54,299
now these people put their pants on one

321
00:16:52,049 --> 00:16:56,599
leg at a time and many of them don't

322
00:16:54,299 --> 00:16:59,429
want to take on such a huge issue and

323
00:16:56,600 --> 00:17:03,800
when they have suggested it then they're

324
00:16:59,429 --> 00:17:07,078
threatened let me tell you what happened

325
00:17:03,799 --> 00:17:09,389
to a former CIA director

326
00:17:07,078 --> 00:17:13,379
who really believed we were long past

327
00:17:09,390 --> 00:17:17,149
due for the truth the truth this is the

328
00:17:13,380 --> 00:17:17,149

subtitle of the conference here

329

00:17:17,209 --> 00:17:22,528

wonderful individual late in life he

330

00:17:20,189 --> 00:17:24,298

kind of came around you know I believe

331

00:17:22,528 --> 00:17:26,278

all people know but I know you cannot

332

00:17:24,298 --> 00:17:29,429

demonize people on this planet or

333

00:17:26,278 --> 00:17:32,220

anywhere else everyone is educable maybe

334

00:17:29,429 --> 00:17:34,350

an almond optimist but I believe it that

335

00:17:32,220 --> 00:17:35,759

basically all of us have the spark of

336

00:17:34,349 --> 00:17:40,339

goodness within us and we can do the

337

00:17:35,759 --> 00:17:42,839

right thing and so through a lot of work

338

00:17:40,339 --> 00:17:46,009

our group had been able to reach a lot

339

00:17:42,839 --> 00:17:48,209

of officials within this majestic entity

340

00:17:46,009 --> 00:17:53,250

and one of them was a former CIA

341

00:17:48,210 --> 00:17:55,649

director named Bill Colby and Bill Colby

342

00:17:53,250 --> 00:18:00,869

was getting up there in years he was old

343
00:17:55,648 --> 00:18:05,129
and he was a member of this group he had

344
00:18:00,869 --> 00:18:09,058
concluded it was time to help us so he

345
00:18:05,130 --> 00:18:11,610
agreed through a colonel who was his

346
00:18:09,058 --> 00:18:13,339
best friend communicated to my team and

347
00:18:11,609 --> 00:18:16,798
said look we want to meet with you and

348
00:18:13,339 --> 00:18:20,038
we want to hand off one of these devices

349
00:18:16,798 --> 00:18:22,528
fully operational and about 50 million

350
00:18:20,038 --> 00:18:24,990
u.s. dollars in seed funding so you can

351
00:18:22,528 --> 00:18:30,509
get it stabilized and secure and out

352
00:18:24,990 --> 00:18:32,210
initially to the public I said good the

353
00:18:30,509 --> 00:18:34,798
week that he was going to meet with us

354
00:18:32,210 --> 00:18:38,630
they found mr. Colby floating down the

355
00:18:34,798 --> 00:18:38,629
Potomac River and he had been murdered

356
00:18:39,349 --> 00:18:47,849
yes absolutely his wife admitted as much

357
00:18:44,130 --> 00:18:50,220
to CNN now nobody knew why this sudden

358
00:18:47,849 --> 00:18:52,019
taking out of a former CIA director and

359
00:18:50,220 --> 00:18:57,538
it was never investigated as a murder it

360
00:18:52,019 --> 00:19:00,569
was an accidental drowning but it was a

361
00:18:57,538 --> 00:19:03,000
shot across the bow to others who would

362
00:19:00,569 --> 00:19:06,778
like to bring and defect from this group

363
00:19:03,000 --> 00:19:11,339
and it scared a lot of them including

364
00:19:06,778 --> 00:19:15,230
then President Clinton I mean he wasn't

365
00:19:11,339 --> 00:19:15,230
very brave but he wasn't stupid either

366
00:19:16,740 --> 00:19:22,620
would prefer to be with someone who is

367
00:19:18,058 --> 00:19:25,920
intelligent and has courage however so

368
00:19:22,619 --> 00:19:29,639
after this happened and we began to

369
00:19:25,920 --> 00:19:31,230
analyze what the dynamic of this was it

370
00:19:29,640 --> 00:19:35,270
became very clear that we were going to

371

00:19:31,230 --> 00:19:37,259
have to do some more groundwork for this

372
00:19:35,269 --> 00:19:40,500
bringing out of not only the information

373
00:19:37,259 --> 00:19:42,599
but the actual technologies that can

374
00:19:40,500 --> 00:19:48,000
give us a new civilization a new earth a

375
00:19:42,599 --> 00:19:51,178
new planetary society here and in the

376
00:19:48,000 --> 00:19:53,730
course of this analysis we said first we

377
00:19:51,179 --> 00:19:55,559
have to do we've made the contact and

378
00:19:53,730 --> 00:19:58,829
this is now ongoing as you've heard

379
00:19:55,558 --> 00:20:01,579
yesterday it is amazing and it's going

380
00:19:58,829 --> 00:20:04,619
up exponentially in the last six months

381
00:20:01,579 --> 00:20:06,178
we have to do disclosure that's been

382
00:20:04,619 --> 00:20:07,619
done people say when is disclosed you're

383
00:20:06,179 --> 00:20:09,860
going to happen I said eighty percent of

384
00:20:07,619 --> 00:20:12,239
the public already know this is real

385
00:20:09,859 --> 00:20:13,769

it's just a matter now a fit the

386

00:20:12,240 --> 00:20:15,299

official government's put in their stamp

387

00:20:13,769 --> 00:20:17,369

on it and believe me the official

388

00:20:15,299 --> 00:20:19,859

government's always lag behind us the

389

00:20:17,369 --> 00:20:22,049

people there the lagging indicator not

390

00:20:19,859 --> 00:20:27,678

the leading indicator we in this room

391

00:20:22,049 --> 00:20:27,678

are the leaders of this all of you

392

00:20:32,049 --> 00:20:38,569

and so then I said well we have to also

393

00:20:35,920 --> 00:20:41,240

lay the foundation for bringing out

394

00:20:38,569 --> 00:20:43,909

these new technologies now many people

395

00:20:41,240 --> 00:20:46,009

believe mistakenly and I was having

396

00:20:43,910 --> 00:20:47,870

someone help translate my internet

397

00:20:46,009 --> 00:20:51,140

introductory remarks thank you very much

398

00:20:47,869 --> 00:20:54,049

for your kind words but I want to be

399

00:20:51,140 --> 00:20:55,700

clear on something a lot of people think

400
00:20:54,049 --> 00:20:59,299
that these technologies have all come

401
00:20:55,700 --> 00:21:01,610
from the studying of UFOs that have been

402
00:20:59,299 --> 00:21:03,710
shot down or something this is not true

403
00:21:01,609 --> 00:21:05,959
there has been reverse engineering and

404
00:21:03,710 --> 00:21:08,450
study of these sort of technologies and

405
00:21:05,960 --> 00:21:12,170
I know men and women who have worked in

406
00:21:08,450 --> 00:21:15,730
those programs but remember the laws of

407
00:21:12,170 --> 00:21:20,390
the universe have a very nice

408
00:21:15,730 --> 00:21:22,039
coincidence they're universal and so if

409
00:21:20,390 --> 00:21:24,890
they can be developed in Alpha Centauri

410
00:21:22,039 --> 00:21:26,930
or the Pleiades or anywhere get any

411
00:21:24,890 --> 00:21:30,310
galaxy they can be developed here and

412
00:21:26,930 --> 00:21:32,840
guess what through the minds of people

413
00:21:30,309 --> 00:21:34,909
beginning in the late 1800s this

414
00:21:32,839 --> 00:21:38,990
knowledge started coming through Nikola

415
00:21:34,910 --> 00:21:42,500
Tesla for example T Townsend Brown who

416
00:21:38,990 --> 00:21:45,529
started doing in the 1920s anti-gravity

417
00:21:42,500 --> 00:21:47,059
high-voltage electromagnetic gravity

418
00:21:45,529 --> 00:21:50,389
effects where things would levitate and

419
00:21:47,059 --> 00:21:52,220
lift he then developed this with a

420
00:21:50,390 --> 00:21:54,650
professor at Princeton who worked with

421
00:21:52,220 --> 00:21:59,539
Einstein dr. B field and was called the

422
00:21:54,650 --> 00:22:01,430
B field Brown effect so these things

423
00:21:59,539 --> 00:22:05,420
were done independent of any

424
00:22:01,430 --> 00:22:10,580
extraterrestrial study of craft however

425
00:22:05,420 --> 00:22:12,289
when we did finally tragically shoot a

426
00:22:10,579 --> 00:22:14,899
few of these down starting back with

427
00:22:12,289 --> 00:22:17,059
Roswell and perhaps earlier using

428

00:22:14,900 --> 00:22:18,740
electromagnetic weapon systems we did

429
00:22:17,059 --> 00:22:20,869
study it and that augmented that

430
00:22:18,740 --> 00:22:22,609
propelled and further provided an

431
00:22:20,869 --> 00:22:24,979
augmentation to some science that was

432
00:22:22,609 --> 00:22:26,539
already being studied see so it's more

433
00:22:24,980 --> 00:22:28,309
complex than most people have been

434
00:22:26,539 --> 00:22:32,710
presented I'm trying to give you this

435
00:22:28,309 --> 00:22:37,279
background so you understand now

436
00:22:32,710 --> 00:22:41,360
eventually by 1954 and i can give you

437
00:22:37,279 --> 00:22:43,910
the month october 1954 it was decided

438
00:22:41,359 --> 00:22:45,619
that all of these technologies which had

439
00:22:43,910 --> 00:22:47,509
begun to be reported

440
00:22:45,619 --> 00:22:49,189
openly in the aerospace journals you can

441
00:22:47,509 --> 00:22:53,299
go back to the late 40s and early 50s

442
00:22:49,190 --> 00:22:57,890

and read about them absolutely they're

443

00:22:53,299 --> 00:23:01,430

there you can find them but by October

444

00:22:57,890 --> 00:23:04,130

1954 this secret government this cabal

445

00:23:01,430 --> 00:23:06,259

that had hijacked this whole issue out

446

00:23:04,130 --> 00:23:08,590

from underneath the president out from

447

00:23:06,259 --> 00:23:13,099

underneath other world governments and

448

00:23:08,589 --> 00:23:15,230

became an entity unto itself decided

449

00:23:13,099 --> 00:23:17,419

were slamming the lid on this and this

450

00:23:15,230 --> 00:23:21,140

is not going to be printed talked about

451

00:23:17,420 --> 00:23:26,179

discussed anywhere top secret black deep

452

00:23:21,140 --> 00:23:29,630

black that was October 1954 so I was not

453

00:23:26,179 --> 00:23:32,470

yet a twinkle in my father's eye when

454

00:23:29,630 --> 00:23:35,179

all of this went black but I tell people

455

00:23:32,470 --> 00:23:37,130

that the tragedy here is that since

456

00:23:35,179 --> 00:23:40,850

before I was born and now I'm a

457
00:23:37,130 --> 00:23:47,300
grandfather we have not needed oil gas

458
00:23:40,849 --> 00:23:50,299
coal or jet engines rockets or surface

459
00:23:47,299 --> 00:23:52,759
roads between cities think how many

460
00:23:50,299 --> 00:23:55,220
billions of dollars hundreds of billions

461
00:23:52,759 --> 00:23:56,869
of dollars are spent on roadways and how

462
00:23:55,220 --> 00:23:58,850
much destruction to the environment we

463
00:23:56,869 --> 00:24:01,219
haven't needed those since Eisenhower

464
00:23:58,849 --> 00:24:03,409
launched the Eisenhower interstate

465
00:24:01,220 --> 00:24:04,970
system in America that's now crisscross

466
00:24:03,410 --> 00:24:08,390
with these super highways spanning the

467
00:24:04,970 --> 00:24:10,370
whole continent now imagine what a

468
00:24:08,390 --> 00:24:13,280
civilization from another star system

469
00:24:10,369 --> 00:24:21,139
might think seeing such galactic

470
00:24:13,279 --> 00:24:24,649
stupidity boy ultimately that is the

471
00:24:21,140 --> 00:24:27,650
problem we're trying to correct it is 50

472
00:24:24,650 --> 00:24:30,410
60 years of unbelievable corruption and

473
00:24:27,650 --> 00:24:36,259
misguided policy that has become

474
00:24:30,410 --> 00:24:37,750
entrenched but doing so now is much more

475
00:24:36,259 --> 00:24:41,900
difficult than it would have been in

476
00:24:37,750 --> 00:24:45,049
1902 and if you go to the Orion project

477
00:24:41,900 --> 00:24:47,269
org it's all one word the Orion project

478
00:24:45,049 --> 00:24:50,990
o r i o n Orion like the constellation

479
00:24:47,269 --> 00:24:55,069
project org you will see a photograph of

480
00:24:50,990 --> 00:24:59,190
Nikola Tesla with a guy a self-taught

481
00:24:55,069 --> 00:25:01,169
engineer named Stubblefield standing

482
00:24:59,190 --> 00:25:03,420
with the Capitol dome of the United

483
00:25:01,170 --> 00:25:05,580
States Capitol behind them after they

484
00:25:03,420 --> 00:25:07,620
had shown members of Congress this

485

00:25:05,579 --> 00:25:10,169
generator that was like an earth battery

486
00:25:07,619 --> 00:25:11,789
some stakes in the ground and they would

487
00:25:10,170 --> 00:25:14,370
get it running and it would run itself

488
00:25:11,789 --> 00:25:20,940
from this energy field and the man was

489
00:25:14,369 --> 00:25:23,779
running his farm on it 1902 so let me go

490
00:25:20,940 --> 00:25:26,910
back we haven't needed oil and gas

491
00:25:23,779 --> 00:25:32,099
nuclear power didn't exist then since

492
00:25:26,910 --> 00:25:33,810
1902 now you talk about a crime against

493
00:25:32,099 --> 00:25:35,969
humanity and the earth this is the big

494
00:25:33,809 --> 00:25:38,309
one a huge one and is all about

495
00:25:35,970 --> 00:25:39,930
corruption of power and it's time for

496
00:25:38,309 --> 00:25:42,329
the people all of us to stand up and say

497
00:25:39,930 --> 00:25:44,640
okay enough of this stupidity we're

498
00:25:42,329 --> 00:25:46,500
better and wiser than this let's unite

499
00:25:44,640 --> 00:25:49,070

together and bring out these new

500

00:25:46,500 --> 00:25:49,069

Sciences

501

00:25:56,849 --> 00:26:05,699

now if it were easy it would have been

502

00:26:00,730 --> 00:26:11,019

done in 1902 Nikola Tesla had his

503

00:26:05,700 --> 00:26:14,139

technologies suppressed Westinghouse JP

504

00:26:11,019 --> 00:26:16,839

Morgan the Rockefeller family they did

505

00:26:14,138 --> 00:26:18,699

not want this to be known because it

506

00:26:16,839 --> 00:26:21,819

would upset that their apple cart in

507

00:26:18,700 --> 00:26:27,819

1902 just like the apple cart would be

508

00:26:21,819 --> 00:26:29,888

upset in 2009 but you know what in 1902

509

00:26:27,819 --> 00:26:32,618

the world had less than two billion

510

00:26:29,888 --> 00:26:35,138

people only a fraction of them had

511

00:26:32,618 --> 00:26:37,928

electricity and we're using oil and gas

512

00:26:35,138 --> 00:26:39,819

now we have seven billion people and we

513

00:26:37,929 --> 00:26:43,450

have 1,000,000,000 motor vehicles on the

514
00:26:39,819 --> 00:26:45,428
road so we have become more addicted and

515
00:26:43,450 --> 00:26:49,389
more addicted and more addicted and more

516
00:26:45,429 --> 00:26:52,778
addicted from into this paradigm of a

517
00:26:49,388 --> 00:26:55,148
planet killing system and that is what

518
00:26:52,778 --> 00:26:59,739
we must go past and beyond and leave

519
00:26:55,148 --> 00:27:01,538
that behind whatever people will say oh

520
00:26:59,739 --> 00:27:03,308
it would be too disruptive to the

521
00:27:01,538 --> 00:27:05,558
economy what will happen to the petro

522
00:27:03,308 --> 00:27:07,329
dollar how about unemployment in the

523
00:27:05,558 --> 00:27:10,408
energy sector well there'll be new jobs

524
00:27:07,329 --> 00:27:13,449
is like saying we shouldn't bring out a

525
00:27:10,409 --> 00:27:15,100
car because people making horse

526
00:27:13,450 --> 00:27:18,700
carriages for horses would be out of

527
00:27:15,099 --> 00:27:20,498
business this is a ridiculous that

528
00:27:18,700 --> 00:27:23,919
excuse has been used it's a false

529
00:27:20,499 --> 00:27:26,829
paradigm so that people will stay in

530
00:27:23,919 --> 00:27:31,570
line with the power elite that have the

531
00:27:26,829 --> 00:27:33,849
power they have and so we have to say to

532
00:27:31,569 --> 00:27:37,259
our leaders and to each other let's find

533
00:27:33,849 --> 00:27:40,358
a way to come together those who are

534
00:27:37,259 --> 00:27:44,079
engineers and scientists those of us who

535
00:27:40,358 --> 00:27:46,538
are leaders in the new energy movement

536
00:27:44,079 --> 00:27:49,839
the public who are concerned about the

537
00:27:46,538 --> 00:27:53,169
environment in energy and those who have

538
00:27:49,839 --> 00:27:55,480
the resources financially to do this not

539
00:27:53,169 --> 00:27:56,859
any one person certainly not me can do

540
00:27:55,480 --> 00:27:59,378
all this let me tell you a little secret

541
00:27:56,858 --> 00:28:02,079
about myself I can't hook up a DVD

542

00:27:59,378 --> 00:28:04,240
player my wife has to do that I'm such a

543
00:28:02,079 --> 00:28:06,638
stupid unless it's a defibrillator for

544
00:28:04,240 --> 00:28:07,399
the heart or a respirator for the lungs

545
00:28:06,638 --> 00:28:09,468
forget

546
00:28:07,398 --> 00:28:10,819
about it i'm an idiot with machines so

547
00:28:09,469 --> 00:28:12,859
don't ask me to build one of these

548
00:28:10,819 --> 00:28:16,398
things i can't hook up my DVD player my

549
00:28:12,858 --> 00:28:19,819
wife does that for me I'm really

550
00:28:16,398 --> 00:28:22,579
terrible with such things so we need to

551
00:28:19,819 --> 00:28:24,950
combine forces we need to combine this

552
00:28:22,579 --> 00:28:26,449
effort and when we do then we're going

553
00:28:24,950 --> 00:28:31,278
to need to have the strategic leadership

554
00:28:26,450 --> 00:28:34,190
to make the run it's a huge run for the

555
00:28:31,278 --> 00:28:36,919
goal we have this goal and that's to get

556
00:28:34,190 --> 00:28:38,960

it out to the people quickly because any

557

00:28:36,919 --> 00:28:41,239

time one of these technology surfaces

558

00:28:38,960 --> 00:28:43,639

and there have been many such as the

559

00:28:41,239 --> 00:28:46,848

Stan Meyer car that was running on water

560

00:28:43,638 --> 00:28:48,738

and then he died suddenly and his work

561

00:28:46,848 --> 00:28:51,168

had a national security order slept on

562

00:28:48,739 --> 00:28:53,389

it before he died and now it's sitting

563

00:28:51,169 --> 00:28:55,129

in a warehouse somewhere with a family

564

00:28:53,388 --> 00:28:57,829

who really doesn't know what to do with

565

00:28:55,128 --> 00:29:00,378

it and it's a very complicated situation

566

00:28:57,829 --> 00:29:02,989

we've been trying to get them to help

567

00:29:00,378 --> 00:29:04,519

let us bring this back out but it's very

568

00:29:02,989 --> 00:29:06,710

difficult and you know that may not

569

00:29:04,519 --> 00:29:08,569

happen but the same technology can be

570

00:29:06,710 --> 00:29:12,319

done by this gentleman perhaps or this

571
00:29:08,569 --> 00:29:14,028
gentleman or this woman why not I don't

572
00:29:12,319 --> 00:29:16,788
have that skill set but someone here

573
00:29:14,028 --> 00:29:19,519
might and here's what will happen if

574
00:29:16,788 --> 00:29:21,969
they do and they can have a discussion

575
00:29:19,519 --> 00:29:25,128
with me and we can do this privately

576
00:29:21,969 --> 00:29:28,700
I'll sign a confidentiality agreement if

577
00:29:25,128 --> 00:29:31,548
it's a commercial issue is that we will

578
00:29:28,700 --> 00:29:36,528
put our entire strategic team behind it

579
00:29:31,548 --> 00:29:39,408
and within weeks to months it will be

580
00:29:36,528 --> 00:29:41,778
seen by billions of people we will do a

581
00:29:39,409 --> 00:29:44,149
the largest press conference in history

582
00:29:41,778 --> 00:29:47,929
and we have the people who'll get there

583
00:29:44,148 --> 00:29:50,209
and who and absolutely if we can test

584
00:29:47,929 --> 00:29:53,479
and vet this system so that the

585
00:29:50,210 --> 00:29:56,149
scientific certainty is there it will be

586
00:29:53,479 --> 00:29:59,330
disclosed rapidly long before it's

587
00:29:56,148 --> 00:30:02,959
available for sale why because if you

588
00:29:59,329 --> 00:30:05,118
sit on something like this one of three

589
00:30:02,960 --> 00:30:07,038
things are going to happen someone's

590
00:30:05,118 --> 00:30:11,838
going to come along and offer the group

591
00:30:07,038 --> 00:30:14,088
that has it more money than God has to

592
00:30:11,838 --> 00:30:19,249
buy them out this I know because I know

593
00:30:14,088 --> 00:30:21,409
people who sold out number two they will

594
00:30:19,249 --> 00:30:25,579
be ordered if they don't sell out

595
00:30:21,410 --> 00:30:27,529
to keep it quiet under threats of all

596
00:30:25,579 --> 00:30:31,549
kinds in the United States there are

597
00:30:27,529 --> 00:30:32,809
over 4,000 patents because we have

598
00:30:31,549 --> 00:30:37,909
someone in the Patent Office who was

599

00:30:32,809 --> 00:30:39,889
there a witness to this 4,000 patents on

600
00:30:37,910 --> 00:30:43,550
these kinds of technologies that have

601
00:30:39,890 --> 00:30:47,060
been falling under the National secrecy

602
00:30:43,549 --> 00:30:52,609
act and there's a title 35 section 180

603
00:30:47,059 --> 00:30:53,809
and 185 of the title law patent law in

604
00:30:52,609 --> 00:30:56,839
the united states that allows for a

605
00:30:53,809 --> 00:30:59,779
national security seizure and this has

606
00:30:56,839 --> 00:31:01,519
been abused by the power elite to keep

607
00:30:59,779 --> 00:31:03,529
these things secret once someone tries

608
00:31:01,519 --> 00:31:05,809
to get a patent so that's a whole

609
00:31:03,529 --> 00:31:13,329
problem and then there are the people

610
00:31:05,809 --> 00:31:13,329
who have just been flat-out killed now

611
00:31:14,440 --> 00:31:21,140
I've had plenty of threats directed at

612
00:31:17,180 --> 00:31:24,850
me it doesn't matter no one's going to

613
00:31:21,140 --> 00:31:24,850

stand me down and as I said yesterday

614

00:31:33,509 --> 00:31:40,329

if I have to be taken out feet first in

615

00:31:37,299 --> 00:31:49,809

a coffin then I give myself to God so be

616

00:31:40,329 --> 00:31:52,599

it this is it and unless you're willing

617

00:31:49,809 --> 00:31:54,909

to make that level of commitment get off

618

00:31:52,599 --> 00:31:58,019

the stage because I can tell you what's

619

00:31:54,910 --> 00:32:02,440

coming at you what I call politely

620

00:31:58,019 --> 00:32:05,109

murder incorporated and murder murder

621

00:32:02,440 --> 00:32:07,299

incorporated or these curves consortium

622

00:32:05,109 --> 00:32:10,349

of interests that will do anything to

623

00:32:07,299 --> 00:32:14,440

keep this information from coming out

624

00:32:10,349 --> 00:32:18,549

now this means that there has to be a

625

00:32:14,440 --> 00:32:21,759

very well thought through strategic plan

626

00:32:18,549 --> 00:32:24,279

to get something from a prototype that

627

00:32:21,759 --> 00:32:27,279

would sit on that podium that proves

628
00:32:24,279 --> 00:32:29,500
this principle of extracting energy from

629
00:32:27,279 --> 00:32:31,899
the zero point or quantum vacuum flux

630
00:32:29,500 --> 00:32:33,759
field I don't to get too technical I'm

631
00:32:31,900 --> 00:32:35,440
only a country doctor from Virginia and

632
00:32:33,759 --> 00:32:37,869
so I'm not pretend to be a physicist I

633
00:32:35,440 --> 00:32:40,029
know enough about it to get myself in

634
00:32:37,869 --> 00:32:44,469
trouble but I can describe how it works

635
00:32:40,029 --> 00:32:46,660
and basically these systems when you

636
00:32:44,470 --> 00:32:49,380
look at them and and how they're

637
00:32:46,660 --> 00:32:52,690
operating you can bring them forward

638
00:32:49,380 --> 00:32:54,330
very quickly as a prototype now it may

639
00:32:52,690 --> 00:32:56,500
take a little longer to have a

640
00:32:54,329 --> 00:32:58,929
manufacturing and distribution and all

641
00:32:56,500 --> 00:33:01,420
of that but you can certainly bring it

642
00:32:58,930 --> 00:33:03,220
out very very very quickly in terms of

643
00:33:01,420 --> 00:33:05,350
announcing it to the world and why

644
00:33:03,220 --> 00:33:09,610
because this is the message of great

645
00:33:05,349 --> 00:33:11,819
hope imagine what are people all over

646
00:33:09,609 --> 00:33:14,769
the world would say when they realize

647
00:33:11,819 --> 00:33:17,679
we're not having to destroy the planet

648
00:33:14,769 --> 00:33:22,269
to live we don't have to be back to the

649
00:33:17,680 --> 00:33:24,880
Stone Age we don't have to commit what I

650
00:33:22,269 --> 00:33:26,349
call planetes aside the deliberate

651
00:33:24,880 --> 00:33:27,850
killing of a planet in order to have

652
00:33:26,349 --> 00:33:30,730
lights and air conditioning and run

653
00:33:27,849 --> 00:33:35,169
around in cars that this would be such a

654
00:33:30,730 --> 00:33:37,630
hopeful event for all of mankind all of

655
00:33:35,170 --> 00:33:40,360
the human race and our younger

656

00:33:37,630 --> 00:33:43,660
generation people who are my children's

657
00:33:40,359 --> 00:33:44,299
age in their teens and twenties this

658
00:33:43,660 --> 00:33:48,019
would give

659
00:33:44,299 --> 00:33:51,440
a light when they look into the future

660
00:33:48,019 --> 00:33:53,750
right now they just see catastrophe so

661
00:33:51,440 --> 00:33:56,150
this would be a wonderful event for

662
00:33:53,750 --> 00:33:58,160
Humanity but to do that you've got to

663
00:33:56,150 --> 00:34:00,950
have enough people who are the

664
00:33:58,160 --> 00:34:03,620
friendlies i call them within the power

665
00:34:00,950 --> 00:34:05,809
elite who want to see this happen who

666
00:34:03,619 --> 00:34:07,489
have your back now we have those I

667
00:34:05,809 --> 00:34:10,099
wouldn't be alive today if I didn't have

668
00:34:07,490 --> 00:34:12,739
a whole group of those it's not easy to

669
00:34:10,099 --> 00:34:16,460
talk about this but this is how it works

670
00:34:12,739 --> 00:34:18,289

and certainly not all of them support

671

00:34:16,460 --> 00:34:21,500

what I'm wanting to do but enough of

672

00:34:18,289 --> 00:34:23,719

them do that when we move forward with

673

00:34:21,500 --> 00:34:26,630

this information they're going to say

674

00:34:23,719 --> 00:34:33,169

great let's do it with you and we have

675

00:34:26,630 --> 00:34:34,820

now over 160 of these people who are

676

00:34:33,170 --> 00:34:37,300

very powerful around the world who would

677

00:34:34,820 --> 00:34:39,710

say if you have something like that

678

00:34:37,300 --> 00:34:44,120

we're not going to do it but will

679

00:34:39,710 --> 00:34:45,949

quickly fall in line behind you so that

680

00:34:44,119 --> 00:34:48,259

has taken 19 years for me to build that

681

00:34:45,949 --> 00:34:50,149

system and there's a whole 39 page

682

00:34:48,260 --> 00:34:52,760

strategic plan that we have where every

683

00:34:50,150 --> 00:34:55,429

line on every sheet of paper as a major

684

00:34:52,760 --> 00:34:58,160

strategic action point and this is all

685
00:34:55,429 --> 00:35:00,860
ready to roll if we can get our hands on

686
00:34:58,159 --> 00:35:04,279
something that works now we have seen

687
00:35:00,860 --> 00:35:05,690
more frauds and more crap going around

688
00:35:04,280 --> 00:35:07,430
the world looking for this stuff then

689
00:35:05,690 --> 00:35:09,470
you can shake a stick at there's a lot

690
00:35:07,429 --> 00:35:11,149
of nonsense out there but we've seen

691
00:35:09,469 --> 00:35:13,369
some of the real things to the problem

692
00:35:11,150 --> 00:35:16,670
is the people who have had those have

693
00:35:13,369 --> 00:35:18,619
said it's too dangerous i've already had

694
00:35:16,670 --> 00:35:20,539
threats and they don't want to do it one

695
00:35:18,619 --> 00:35:22,609
man whose laboratory we were in had

696
00:35:20,539 --> 00:35:24,500
amazing stuff had a dozen of these sort

697
00:35:22,610 --> 00:35:28,670
of devices there and he said to me well

698
00:35:24,500 --> 00:35:31,489
i don't mind being a little bit of

699
00:35:28,670 --> 00:35:33,650
trouble for this cabal but i don't want

700
00:35:31,489 --> 00:35:34,699
to be a major pain in their ass because

701
00:35:33,650 --> 00:35:37,369
they're going to come after me and

702
00:35:34,699 --> 00:35:39,409
they've already threatened me so what we

703
00:35:37,369 --> 00:35:41,690
need to do is find both people who

704
00:35:39,409 --> 00:35:44,119
understand the science and our inventors

705
00:35:41,690 --> 00:35:47,150
who will go the distance without fear

706
00:35:44,119 --> 00:35:50,389
and have the courage to do it and this

707
00:35:47,150 --> 00:35:52,250
has been very very difficult let me

708
00:35:50,389 --> 00:35:55,549
explain something that happened in the

709
00:35:52,250 --> 00:35:58,769
last seven months or so eight months

710
00:35:55,550 --> 00:36:06,120
and when you hear this you'll be

711
00:35:58,769 --> 00:36:08,670
astonished and you may weep I wept we

712
00:36:06,119 --> 00:36:10,859
had a man I have to be very careful

713

00:36:08,670 --> 00:36:14,730
about how much information I give about

714
00:36:10,860 --> 00:36:19,530
this situation who is assigned to a very

715
00:36:14,730 --> 00:36:23,070
compartmented classified project he was

716
00:36:19,530 --> 00:36:25,380
a civilian a brilliant inventor someone

717
00:36:23,070 --> 00:36:28,230
who knew much more than Tesla or

718
00:36:25,380 --> 00:36:30,119
Einstein or any of these people he had

719
00:36:28,230 --> 00:36:32,929
worked out down to the mathematical

720
00:36:30,119 --> 00:36:35,279
formula all the transdimensional

721
00:36:32,929 --> 00:36:37,129
technologies up to and including I'm

722
00:36:35,280 --> 00:36:40,280
going to give you a short list

723
00:36:37,130 --> 00:36:42,890
teleportation dematerialization

724
00:36:40,280 --> 00:36:47,090
anti-gravity electromagnetic gravitic

725
00:36:42,889 --> 00:36:49,409
energy from the vacuum etc and so on and

726
00:36:47,090 --> 00:36:54,240
I'm just getting started this guy is

727
00:36:49,409 --> 00:36:56,279

amazing I've been in his lab his now the

728

00:36:54,239 --> 00:36:58,469

way this works I'm explained this a

729

00:36:56,280 --> 00:37:00,660

little bit someone like that he was in

730

00:36:58,469 --> 00:37:03,329

his own company the intelligence

731

00:37:00,659 --> 00:37:06,119

community came in and stamped everything

732

00:37:03,329 --> 00:37:10,199

top secret put it in a vault he then got

733

00:37:06,119 --> 00:37:12,420

pulled in as a contractor to do special

734

00:37:10,199 --> 00:37:16,619

projects for these compartmented

735

00:37:12,420 --> 00:37:19,260

operations over the last five years we

736

00:37:16,619 --> 00:37:21,150

had convinced them to set him free and

737

00:37:19,260 --> 00:37:24,300

to work with us on these technologies

738

00:37:21,150 --> 00:37:26,490

and there were five what they call

739

00:37:24,300 --> 00:37:28,320

shepherds this is the word that's used

740

00:37:26,489 --> 00:37:31,229

in the intelligence community who were

741

00:37:28,320 --> 00:37:35,480

his shepherds who were in charge of this

742
00:37:31,230 --> 00:37:38,519
kind of classification or policy and

743
00:37:35,480 --> 00:37:41,130
they all agreed it was time to bring out

744
00:37:38,519 --> 00:37:44,009
the first level of what this gentleman

745
00:37:41,130 --> 00:37:47,039
could do which was basically an energy

746
00:37:44,010 --> 00:37:49,170
generation device that would run your

747
00:37:47,039 --> 00:37:51,539
home or you could put in your car and

748
00:37:49,170 --> 00:37:54,599
you would never have to touch a drop of

749
00:37:51,539 --> 00:37:56,309
oil and ever have an energy bill because

750
00:37:54,599 --> 00:38:00,839
he had this I mean we saw these things

751
00:37:56,309 --> 00:38:04,549
now at this point what happened is we

752
00:38:00,840 --> 00:38:09,119
said all right has this actually been

753
00:38:04,550 --> 00:38:11,509
vetted evaluated independently

754
00:38:09,119 --> 00:38:15,240
they said yes absolutely the top

755
00:38:11,509 --> 00:38:18,990
Department of Defense laboratory near

756
00:38:15,239 --> 00:38:21,118
Washington DC had taken his information

757
00:38:18,989 --> 00:38:24,709
and independently without his assistance

758
00:38:21,119 --> 00:38:28,318
just from his formula and designs and

759
00:38:24,710 --> 00:38:31,949
engineering specifications replicated

760
00:38:28,318 --> 00:38:34,469
precisely what he had and it worked when

761
00:38:31,949 --> 00:38:36,868
they did that a group of people came in

762
00:38:34,469 --> 00:38:38,639
and said leave this alone and put it in

763
00:38:36,869 --> 00:38:41,730
a vault and never let it come out again

764
00:38:38,639 --> 00:38:44,190
I know the chief scientist of this lab

765
00:38:41,730 --> 00:38:46,588
who was a very good friend of mine so

766
00:38:44,190 --> 00:38:49,769
this is a technology that has been built

767
00:38:46,588 --> 00:38:56,730
tested independently reproduced on the

768
00:38:49,768 --> 00:39:00,419
shelf ready to go in November of 2008

769
00:38:56,730 --> 00:39:02,278
this past November dr. Bravo and I and

770

00:39:00,420 --> 00:39:06,180
dr. loader or science advisor and our

771
00:39:02,278 --> 00:39:08,730
board hosted this gentleman at my home

772
00:39:06,179 --> 00:39:11,308
in Virginia I live in a country house

773
00:39:08,730 --> 00:39:16,440
near Monticello Thomas Jefferson's home

774
00:39:11,309 --> 00:39:20,460
and he came and we met for several days

775
00:39:16,440 --> 00:39:25,349
and he agreed to build that within three

776
00:39:20,460 --> 00:39:26,730
months one of these systems so that we

777
00:39:25,349 --> 00:39:31,950
would be able to have this out by this

778
00:39:26,730 --> 00:39:35,130
spring to you the people who needed the

779
00:39:31,949 --> 00:39:37,618
good people of the earth his

780
00:39:35,130 --> 00:39:41,789
intelligence Shepherds had said yes do

781
00:39:37,619 --> 00:39:46,619
it all of them all of them together I

782
00:39:41,789 --> 00:39:50,579
had met with them within three days of

783
00:39:46,619 --> 00:39:52,289
his returning to his skiff which is the

784
00:39:50,579 --> 00:39:57,119

term use for underground electronic

785

00:39:52,289 --> 00:39:58,799

eaves proof place where you cannot get

786

00:39:57,119 --> 00:40:01,619

any communications in her out but it's a

787

00:39:58,798 --> 00:40:04,710

highly classified facility he was

788

00:40:01,619 --> 00:40:09,390

reordered out of that facility and

789

00:40:04,710 --> 00:40:12,210

dropped into a rat hole in Iraq as a

790

00:40:09,389 --> 00:40:16,129

support technician this one of the most

791

00:40:12,210 --> 00:40:16,130

brilliant scientists on the world today

792

00:40:17,400 --> 00:40:22,680

he called me up and he said just over

793

00:40:20,340 --> 00:40:25,559

and over again dr. Greer just be careful

794

00:40:22,679 --> 00:40:27,329

dr. Greer just be careful dr. Greer just

795

00:40:25,559 --> 00:40:28,799

be careful he was someone who put the

796

00:40:27,329 --> 00:40:31,949

fear of God in him and he thought he had

797

00:40:28,800 --> 00:40:34,050

a clear go because these really well

798

00:40:31,949 --> 00:40:35,879

placed intelligence operatives but some

799

00:40:34,050 --> 00:40:37,410

other people from outside those five

800

00:40:35,880 --> 00:40:41,730

Shepherd's came in and said oh no you

801

00:40:37,409 --> 00:40:43,379

don't let me tell you what I have asked

802

00:40:41,730 --> 00:40:50,849

President Obama to do about this

803

00:40:43,380 --> 00:40:53,309

situation President Obama has received a

804

00:40:50,849 --> 00:40:57,719

briefing a special presidential briefing

805

00:40:53,309 --> 00:41:00,329

from me and if we had time I would read

806

00:40:57,719 --> 00:41:04,859

all of it to you in a rock your world

807

00:41:00,329 --> 00:41:06,539

but part of it has a section talking

808

00:41:04,860 --> 00:41:09,240

about these energy technologies related

809

00:41:06,539 --> 00:41:11,880

to this whole or what I talked about

810

00:41:09,239 --> 00:41:13,949

yesterday WS FM which is what the CIA

811

00:41:11,880 --> 00:41:20,340

calls at weird science and frickin magic

812

00:41:13,949 --> 00:41:22,529

and in this Ridge inul that has been

813
00:41:20,340 --> 00:41:24,840
provided to the Barack Obama

814
00:41:22,530 --> 00:41:28,070
administration and to the new CIA

815
00:41:24,840 --> 00:41:30,900
director I say look this man has told me

816
00:41:28,070 --> 00:41:33,000
he wants to do it his immediate

817
00:41:30,900 --> 00:41:35,730
shepherds and the intelligence community

818
00:41:33,000 --> 00:41:38,250
want him to do it and bring this at

819
00:41:35,730 --> 00:41:40,199
first level of this science out not the

820
00:41:38,250 --> 00:41:42,599
antigravity stuff because that does have

821
00:41:40,199 --> 00:41:46,739
some defense issues but the generation

822
00:41:42,599 --> 00:41:48,239
of energy and we need an executive order

823
00:41:46,739 --> 00:41:52,199
from the President of the United States

824
00:41:48,239 --> 00:41:54,809
to specifically order this man back to

825
00:41:52,199 --> 00:41:57,239
this country or to the United States or

826
00:41:54,809 --> 00:42:00,299
someplace outside a war zone to work

827

00:41:57,239 --> 00:42:02,699
with us in a white world manhattan

828
00:42:00,300 --> 00:42:06,830
project to bring free and new energy to

829
00:42:02,699 --> 00:42:06,829
this planet we need it

830
00:42:10,800 --> 00:42:16,230
and here is what I would like each of

831
00:42:13,440 --> 00:42:18,389
you to do rather than us all being

832
00:42:16,230 --> 00:42:20,490
passive and saying oh my god what can I

833
00:42:18,389 --> 00:42:24,269
do there are all these characters out

834
00:42:20,489 --> 00:42:28,829
there we need your help go to the Orion

835
00:42:24,269 --> 00:42:30,840
project org and let President Obama know

836
00:42:28,829 --> 00:42:33,119
that you have learned of this and that

837
00:42:30,840 --> 00:42:34,920
there was a man that dr. Greer knows

838
00:42:33,119 --> 00:42:37,650
very well and have his home address his

839
00:42:34,920 --> 00:42:39,599
phone number his curriculum vitae and

840
00:42:37,650 --> 00:42:42,150
resume and know everything about him and

841
00:42:39,599 --> 00:42:45,750

that this would be the new energy

842

00:42:42,150 --> 00:42:48,420

economy Barack Obama promised us and we

843

00:42:45,750 --> 00:42:51,150

have a awesome attic fact system set up

844

00:42:48,420 --> 00:42:53,250

ready to go from the Orion project org

845

00:42:51,150 --> 00:42:55,740

where you can fill out a letter and zap

846

00:42:53,250 --> 00:42:58,469

send it right into the White House all

847

00:42:55,739 --> 00:43:01,019

of you the hundreds of you here should

848

00:42:58,469 --> 00:43:02,730

do it tonight and then tell all of your

849

00:43:01,019 --> 00:43:05,190

friends and all of your family and all

850

00:43:02,730 --> 00:43:08,639

your co-workers to do it and flood the

851

00:43:05,190 --> 00:43:13,099

White House email and fax system with

852

00:43:08,639 --> 00:43:13,099

this request please do it for us

853

00:43:22,000 --> 00:43:27,139

so we live in a very exciting time this

854

00:43:25,429 --> 00:43:29,119

whole adventure has been quite a roller

855

00:43:27,139 --> 00:43:32,440

coaster for me and my wife and family

856
00:43:29,119 --> 00:43:35,329
and for everyone with whom I work

857
00:43:32,440 --> 00:43:37,670
enormous work has gone into getting to

858
00:43:35,329 --> 00:43:40,519
us where we are today where we have

859
00:43:37,670 --> 00:43:42,500
achieved disclosure we have made contact

860
00:43:40,519 --> 00:43:44,840
and now we want to bring these energy

861
00:43:42,500 --> 00:43:47,239
technologies to the world and that can

862
00:43:44,840 --> 00:43:49,789
be done with your help I know we have

863
00:43:47,239 --> 00:43:52,039
the capacity to do it and there's a one

864
00:43:49,789 --> 00:43:53,480
of one of the most renowned physicists

865
00:43:52,039 --> 00:43:55,759
in the world who works in this area has

866
00:43:53,480 --> 00:43:58,190
said that the only group that really has

867
00:43:55,760 --> 00:44:00,140
a chance at making a run at this is the

868
00:43:58,190 --> 00:44:01,579
group that dr. Brewers put together both

869
00:44:00,139 --> 00:44:04,159
strategically and in terms of leadership

870
00:44:01,579 --> 00:44:06,199
I know we can do it but we can't do it

871
00:44:04,159 --> 00:44:10,369
alone because guess who our first level

872
00:44:06,199 --> 00:44:12,379
of protection is yes I have security and

873
00:44:10,369 --> 00:44:14,569
yes we have people in the secret

874
00:44:12,380 --> 00:44:16,550
government watching our back and yes we

875
00:44:14,570 --> 00:44:23,059
have extraterrestrial Guardian ships

876
00:44:16,550 --> 00:44:27,260
watching us and beyond angelic but you

877
00:44:23,059 --> 00:44:31,070
know the most important is you each one

878
00:44:27,260 --> 00:44:34,640
of you the reason we went public with as

879
00:44:31,070 --> 00:44:36,320
much information as we kill it and I'm

880
00:44:34,639 --> 00:44:38,329
giving you I'm really pushing the limit

881
00:44:36,320 --> 00:44:41,210
with what I'm saying today and what I've

882
00:44:38,329 --> 00:44:43,519
said at this conference is that you

883
00:44:41,210 --> 00:44:45,470
being informed and you telling others

884

00:44:43,519 --> 00:44:46,849
and millions of people around the world

885
00:44:45,469 --> 00:44:48,319
who follow what we're doing you know

886
00:44:46,849 --> 00:44:50,869
what we're doing well you know what that

887
00:44:48,320 --> 00:44:53,870
does that puts a 1 billion watt

888
00:44:50,869 --> 00:44:58,420
spotlight on our project and what

889
00:44:53,869 --> 00:45:00,739
happens when that occurs these murderers

890
00:44:58,420 --> 00:45:02,269
don't like to do things when there's a

891
00:45:00,739 --> 00:45:04,099
big spotlight they're like cockroaches

892
00:45:02,269 --> 00:45:09,460
that only come out when the lights are

893
00:45:04,099 --> 00:45:09,460
off la Cucaracha this

894
00:45:17,989 --> 00:45:22,709
so the light of truth and the light of

895
00:45:20,849 --> 00:45:24,929
disclosure and the light of everyone

896
00:45:22,710 --> 00:45:29,429
knowing about this and being aware of it

897
00:45:24,929 --> 00:45:31,379
has been our first line of protection

898
00:45:29,429 --> 00:45:33,869

and for that I thank you and I thank

899

00:45:31,380 --> 00:45:37,260

Capone and I thank the organizers of

900

00:45:33,869 --> 00:45:41,670

this conference you see this is a

901

00:45:37,260 --> 00:45:43,590

sympiotic now much of what i have to do

902

00:45:41,670 --> 00:45:45,450

obviously has been behind the scenes and

903

00:45:43,590 --> 00:45:47,070

i've been criticized for that people say

904

00:45:45,449 --> 00:45:51,210

how can you meet with these Devils I

905

00:45:47,070 --> 00:45:54,510

said because they can be transformed

906

00:45:51,210 --> 00:45:58,610

also the power of consciousness the

907

00:45:54,510 --> 00:45:58,610

power of prayer the power of goodness

908

00:46:03,519 --> 00:46:09,650

can you imagine that today seventy

909

00:46:06,920 --> 00:46:12,588

percent of this cabal would like to see

910

00:46:09,650 --> 00:46:14,088

this done now the thirty percent that

911

00:46:12,588 --> 00:46:15,380

are the most violent and ruthless have

912

00:46:14,088 --> 00:46:17,838

intimidated them just like when they

913
00:46:15,380 --> 00:46:22,640
killed CIA director Colby who was trying

914
00:46:17,838 --> 00:46:27,440
to help us but here's the point I'm

915
00:46:22,639 --> 00:46:29,900
expendable what do I mean by that you

916
00:46:27,440 --> 00:46:32,450
know after i briefed the CIA director

917
00:46:29,900 --> 00:46:34,190
for President Clinton his you know his

918
00:46:32,449 --> 00:46:35,809
best friend came to the house and said

919
00:46:34,190 --> 00:46:37,338
to my house and said I mentioned this

920
00:46:35,809 --> 00:46:38,869
yesterday he said well the president

921
00:46:37,338 --> 00:46:44,960
won't do this he'll end up like john f

922
00:46:38,869 --> 00:46:48,890
kennedy and I said no stay dommage is

923
00:46:44,960 --> 00:46:50,329
too bad he's the president I'm not I'm

924
00:46:48,889 --> 00:46:52,039
just a doctor here at the time i was

925
00:46:50,329 --> 00:46:55,848
living in north carolina running a busy

926
00:46:52,039 --> 00:46:58,550
emergency department and he says oh no

927

00:46:55,849 --> 00:47:00,830

bill clinton won't do it he said but you

928

00:46:58,550 --> 00:47:03,619

can I said what do you mean I can what

929

00:47:00,829 --> 00:47:07,989

am I chopped liver expression meaning

930

00:47:03,619 --> 00:47:12,950

I'm nothing and he basically said yes

931

00:47:07,989 --> 00:47:15,108

you see because I'm a nobody and because

932

00:47:12,949 --> 00:47:18,710

I'm not important and because I'm

933

00:47:15,108 --> 00:47:21,139

expendable and because we are the common

934

00:47:18,710 --> 00:47:24,409

people we can do it they can't here's

935

00:47:21,139 --> 00:47:26,719

the irony we're free they're not and God

936

00:47:24,409 --> 00:47:30,190

help us we need to step into that power

937

00:47:26,719 --> 00:47:30,189

and make this change happen

938

00:47:38,108 --> 00:47:43,460

now I will tell you that there are some

939

00:47:41,239 --> 00:47:44,750

areas that are valid national security

940

00:47:43,460 --> 00:47:48,318

concerns with these kinds of

941

00:47:44,750 --> 00:47:50,809
technologies of the electromagnetic wave

942
00:47:48,318 --> 00:47:54,710
it exes that would allow you to go from

943
00:47:50,809 --> 00:47:58,039
here to rule sa Afghanistan and back in

944
00:47:54,710 --> 00:48:02,420
three or four minutes this could have a

945
00:47:58,039 --> 00:48:04,430
defense application obviously however

946
00:48:02,420 --> 00:48:07,400
there are other configurations of the

947
00:48:04,429 --> 00:48:09,078
technologies that would allow us to just

948
00:48:07,400 --> 00:48:12,108
bring out the energy generation

949
00:48:09,079 --> 00:48:15,019
component initially and I see this as a

950
00:48:12,108 --> 00:48:17,170
multi-phased process although we're

951
00:48:15,018 --> 00:48:19,429
running out of time to phase it in it

952
00:48:17,170 --> 00:48:23,960
should have started to be phased in in

953
00:48:19,429 --> 00:48:29,028
1902 if the world had evolved to where

954
00:48:23,960 --> 00:48:30,769
it could have been by 1955 we would have

955
00:48:29,028 --> 00:48:34,460

not had surface roads have been like the

956

00:48:30,768 --> 00:48:36,828

Jetsons were refloating alone absolutely

957

00:48:34,460 --> 00:48:39,048

they were fully operational by then I

958

00:48:36,829 --> 00:48:41,269

have photographs from the late 50s and

959

00:48:39,048 --> 00:48:43,250

early 60s of what are called alien

960

00:48:41,268 --> 00:48:45,169

reproduction vehicles although it's a

961

00:48:43,250 --> 00:48:47,150

bit of a misnomer because they weren't

962

00:48:45,170 --> 00:48:49,130

all from studying the et craft some of

963

00:48:47,150 --> 00:48:51,410

this was coming along before we began to

964

00:48:49,130 --> 00:48:55,880

study the et craft and these vehicles

965

00:48:51,409 --> 00:48:57,858

were fully operational by then the irony

966

00:48:55,880 --> 00:49:00,769

is that as Bob dean pointed out there

967

00:48:57,858 --> 00:49:02,630

are two space programs the space program

968

00:49:00,768 --> 00:49:05,989

we know about and the space program the

969

00:49:02,630 --> 00:49:08,660

secret absolutely now my uncle worked in

970
00:49:05,989 --> 00:49:10,729
the space program we know about because

971
00:49:08,659 --> 00:49:12,528
he worked on the lunar module but you

972
00:49:10,730 --> 00:49:14,119
hear things you learn things when you're

973
00:49:12,528 --> 00:49:17,858
at that level of aerospace engineering

974
00:49:14,119 --> 00:49:21,019
at Northrop Grumman but i think that the

975
00:49:17,858 --> 00:49:22,548
caracal point here is is that a lot of

976
00:49:21,018 --> 00:49:24,048
people say let's let everything out all

977
00:49:22,548 --> 00:49:27,038
at once and i tell you i can only do so

978
00:49:24,048 --> 00:49:30,139
much I'm as young as I used to be and

979
00:49:27,039 --> 00:49:32,509
the other point is I think we need to

980
00:49:30,139 --> 00:49:34,879
walk straight perhaps before we levitate

981
00:49:32,509 --> 00:49:36,559
I would be happy just to be able to run

982
00:49:34,880 --> 00:49:39,170
this building without fossil fuels

983
00:49:36,559 --> 00:49:42,079
wouldn't you let's do that as a starting

984
00:49:39,170 --> 00:49:45,889
point that we can do this year and next

985
00:49:42,079 --> 00:49:49,400
if we get moving absolutely it can be

986
00:49:45,889 --> 00:49:50,069
done and so what I am asking you to do

987
00:49:49,400 --> 00:49:54,599
is

988
00:49:50,070 --> 00:49:57,930
help us identify number one the people

989
00:49:54,599 --> 00:50:00,119
in society and in your own circle who

990
00:49:57,929 --> 00:50:03,329
are supportive of new energy research

991
00:50:00,119 --> 00:50:06,420
number two if anyone here knows of an

992
00:50:03,329 --> 00:50:08,009
inventor or an engineer who actually can

993
00:50:06,420 --> 00:50:10,230
do this or has done it that has

994
00:50:08,010 --> 00:50:12,990
something ready to be evaluated and will

995
00:50:10,230 --> 00:50:16,679
cooperate with a very fast-moving

996
00:50:12,989 --> 00:50:19,439
strategic plan to move it out they need

997
00:50:16,679 --> 00:50:21,480
to get hold of me immediately and number

998

00:50:19,440 --> 00:50:23,880
three if anyone here knows of some

999
00:50:21,480 --> 00:50:28,070
people who can provide the startup

1000
00:50:23,880 --> 00:50:31,079
funding that's clean not corrupt money

1001
00:50:28,070 --> 00:50:32,670
clean money I've turned away tens of

1002
00:50:31,079 --> 00:50:36,389
millions of dollars because I knew it

1003
00:50:32,670 --> 00:50:39,840
was dirty I'm being modest I turned away

1004
00:50:36,389 --> 00:50:48,119
two billion dollars I tell you this

1005
00:50:39,840 --> 00:50:51,600
story I can tell you money means nothing

1006
00:50:48,119 --> 00:50:53,009
to me back when i first got involved

1007
00:50:51,599 --> 00:50:57,869
with this the head of Army Intelligence

1008
00:50:53,010 --> 00:51:03,150
approached me and he wanted me to fold

1009
00:50:57,869 --> 00:51:06,420
my operation into his and he offered me

1010
00:51:03,150 --> 00:51:10,559
a two billion dollar fund for my

1011
00:51:06,420 --> 00:51:13,050
personal use if I would do so and I said

1012
00:51:10,559 --> 00:51:18,139

no thank you i'd rather be independent

1013

00:51:13,050 --> 00:51:18,140
and he was not happy

1014

00:51:23,820 --> 00:51:31,420
he then went to my wife now you have to

1015

00:51:27,849 --> 00:51:34,690
understand my wife is this sort of Earth

1016

00:51:31,420 --> 00:51:39,099
Mother Ivy league-educated but very

1017

00:51:34,690 --> 00:51:43,179
down-to-earth of epitomizes noblesse

1018

00:51:39,099 --> 00:51:45,670
oblige when she was in the Peace Corps

1019

00:51:43,179 --> 00:51:49,329
they called her Saint m she's this

1020

00:51:45,670 --> 00:51:50,800
beautiful kind spiritual beautiful

1021

00:51:49,329 --> 00:51:54,579
person without whom I could not have

1022

00:51:50,800 --> 00:52:04,510
done this she's really the wind beneath

1023

00:51:54,579 --> 00:52:13,539
my wings oh and in and in four weeks we

1024

00:52:04,510 --> 00:52:15,520
celebrate our 30th anniversary so so and

1025

00:52:13,539 --> 00:52:22,119
believe me she deserves a medal for that

1026

00:52:15,519 --> 00:52:23,619
30 years with me oi okay so so he the

1027
00:52:22,119 --> 00:52:27,190
head of Army Intelligence went to my

1028
00:52:23,619 --> 00:52:30,069
wife and said well you know we would

1029
00:52:27,190 --> 00:52:33,280
like we have a special shield like a

1030
00:52:30,070 --> 00:52:36,070
crest for your husband so he can be

1031
00:52:33,280 --> 00:52:39,160
joined in the top nine people involved

1032
00:52:36,070 --> 00:52:41,350
with these projects and you can you

1033
00:52:39,159 --> 00:52:43,509
convince your husband to do that he

1034
00:52:41,349 --> 00:52:45,069
didn't mention money to her at all he

1035
00:52:43,510 --> 00:52:49,870
mentioned this thing it was flattery and

1036
00:52:45,070 --> 00:52:52,330
ego stuff and she came to me and she was

1037
00:52:49,869 --> 00:52:54,460
very sweet Jesus oh he was so nice and

1038
00:52:52,329 --> 00:52:56,639
he had such wonderful things to say

1039
00:52:54,460 --> 00:53:00,010
about you and they so much one I said

1040
00:52:56,639 --> 00:53:04,779
Emily you know he's a devil with forked

1041
00:53:00,010 --> 00:53:11,830
tongue I said no way Jose ain't going to

1042
00:53:04,780 --> 00:53:17,500
happen and she said oh okay later I had

1043
00:53:11,829 --> 00:53:19,480
other offers and so that was in 1992 so

1044
00:53:17,500 --> 00:53:21,940
for 17 years I have been offered up to

1045
00:53:19,480 --> 00:53:23,710
multiple billions of dollars I have had

1046
00:53:21,940 --> 00:53:27,010
my life threatened and my best friend

1047
00:53:23,710 --> 00:53:29,530
murdered and I have been reviled and

1048
00:53:27,010 --> 00:53:32,200
ridiculed and everything done to me up

1049
00:53:29,530 --> 00:53:34,150
until I just before coming here horrible

1050
00:53:32,199 --> 00:53:34,719
death threats and people staking out my

1051
00:53:34,150 --> 00:53:38,380
house

1052
00:53:34,719 --> 00:53:43,348
and you know what i am only redoubling

1053
00:53:38,380 --> 00:53:43,349
my effort screw these people yep

1054
00:53:54,528 --> 00:54:00,059
there goes this I will promise you as

1055

00:53:57,329 --> 00:54:03,960
soon as we find one of these systems

1056
00:54:00,059 --> 00:54:06,650
energy systems that is legitimate can be

1057
00:54:03,960 --> 00:54:09,509
independently verified and reproduced

1058
00:54:06,650 --> 00:54:12,119
that's the cynic 10 of science

1059
00:54:09,509 --> 00:54:14,759
reproducibility and is ready for prime

1060
00:54:12,119 --> 00:54:17,059
time we will come out with it and no

1061
00:54:14,759 --> 00:54:19,650
amount of money no amount of threats

1062
00:54:17,059 --> 00:54:21,660
nothing will deter us from doing that

1063
00:54:19,650 --> 00:54:25,318
and if they give me a national security

1064
00:54:21,659 --> 00:54:27,778
order to stand down I will go on CNN and

1065
00:54:25,318 --> 00:54:29,429
the BBC and your Spanish network and I

1066
00:54:27,778 --> 00:54:33,920
will tear it up in front of 1 billion

1067
00:54:29,429 --> 00:54:33,919
people live and say screw them

1068
00:54:40,509 --> 00:54:44,778
because here's a little simple legal

1069
00:54:42,650 --> 00:54:48,680

fact and those of you who and I'm

1070

00:54:44,778 --> 00:54:52,159
getting route up here sorry this is how

1071

00:54:48,679 --> 00:54:53,838
I am very passionate I'm nice until I'm

1072

00:54:52,159 --> 00:55:02,328
not nice and then it's kind of hell on

1073

00:54:53,838 --> 00:55:09,170
wheels but then these people these

1074

00:55:02,329 --> 00:55:14,298
people are the Rogues not us we're not

1075

00:55:09,170 --> 00:55:16,519
the Rogues we're the good people of the

1076

00:55:14,298 --> 00:55:18,579
earth wanting to create a better world

1077

00:55:16,518 --> 00:55:22,098
for our children and our children's

1078

00:55:18,579 --> 00:55:24,410
children's children going into the

1079

00:55:22,099 --> 00:55:26,989
future half a million years can you hear

1080

00:55:24,409 --> 00:55:28,969
the children calling you they're waiting

1081

00:55:26,989 --> 00:55:35,028
they're waiting in a cosmic waiting room

1082

00:55:28,969 --> 00:55:37,309
coming to this planet you can see it you

1083

00:55:35,028 --> 00:55:40,789
can feel it this is our sacred

1084
00:55:37,309 --> 00:55:42,890
obligation and so I have to say this

1085
00:55:40,789 --> 00:55:45,259
because many people have said how can

1086
00:55:42,889 --> 00:55:47,868
you put these sort of documents out on

1087
00:55:45,259 --> 00:55:49,460
the street and in books how could you

1088
00:55:47,869 --> 00:55:52,519
bring out a hundred and ten people with

1089
00:55:49,460 --> 00:55:54,108
top-secret SC I special compartment and

1090
00:55:52,518 --> 00:55:55,998
intelligence security clearances and

1091
00:55:54,108 --> 00:56:00,170
bring their testimony out to a billion

1092
00:55:55,998 --> 00:56:04,699
people which we have done ah here's what

1093
00:56:00,170 --> 00:56:08,088
we did in nineteen ninety eight eleven

1094
00:56:04,699 --> 00:56:11,058
years ago after we determined that the

1095
00:56:08,088 --> 00:56:13,068
President of the United States multiple

1096
00:56:11,059 --> 00:56:15,559
of them had been denied access to these

1097
00:56:13,068 --> 00:56:19,219
projects that at least one of them had

1098
00:56:15,559 --> 00:56:21,559
been murdered over this issue I have a

1099
00:56:19,219 --> 00:56:23,509
document to this effect I know two of

1100
00:56:21,559 --> 00:56:25,489
the people who set up the logistics who

1101
00:56:23,509 --> 00:56:30,380
killed Jack Kennedy I know the person

1102
00:56:25,489 --> 00:56:31,880
they're old guys now that they have lied

1103
00:56:30,380 --> 00:56:34,789
to the Senate Intelligence Committee

1104
00:56:31,880 --> 00:56:39,289
they have deceived your government the

1105
00:56:34,789 --> 00:56:41,719
European Union and even high officials

1106
00:56:39,289 --> 00:56:43,910
in the United Kingdom and in the British

1107
00:56:41,719 --> 00:56:48,588
royal family that I have connections to

1108
00:56:43,909 --> 00:56:50,629
in addition you have people like Lord

1109
00:56:48,588 --> 00:56:52,400
Hill Norton who came out publicly with

1110
00:56:50,630 --> 00:56:53,210
the disclosure project material as you

1111
00:56:52,400 --> 00:56:55,340
have seen

1112

00:56:53,210 --> 00:56:59,119
and he said to me I was sitting at his

1113
00:56:55,340 --> 00:57:00,650
house in Hampshire in England and he was

1114
00:56:59,119 --> 00:57:03,859
sitting here and I'm sitting here and he

1115
00:57:00,650 --> 00:57:05,960
was a very short man well most people

1116
00:57:03,860 --> 00:57:08,300
are short compared to me but but he was

1117
00:57:05,960 --> 00:57:12,380
about five foot two had steely blue eyes

1118
00:57:08,300 --> 00:57:18,470
and he was a five star Admiral and very

1119
00:57:12,380 --> 00:57:21,769
feisty and what happened is that as we

1120
00:57:18,469 --> 00:57:23,779
were sitting there and he was really

1121
00:57:21,769 --> 00:57:25,489
wanting me to tell him everything I have

1122
00:57:23,780 --> 00:57:28,730
been sharing with President Clinton and

1123
00:57:25,489 --> 00:57:32,659
all these people ice he eventually said

1124
00:57:28,730 --> 00:57:34,099
to me it was very typical of what I've

1125
00:57:32,659 --> 00:57:36,619
heard from many of these officials he

1126
00:57:34,099 --> 00:57:39,710

said you know I was head of the Ministry

1127

00:57:36,619 --> 00:57:41,329

of Defence for Great Britain I am a five

1128

00:57:39,710 --> 00:57:45,590

star Admiral what they used to call a

1129

00:57:41,329 --> 00:57:47,029

sea lord in England and I used to be

1130

00:57:45,590 --> 00:57:49,490

head of the military committee for NATO

1131

00:57:47,030 --> 00:57:54,530

and they never told me about any of

1132

00:57:49,489 --> 00:57:56,569

these things and he asked me why I'm

1133

00:57:54,530 --> 00:58:00,380

porque what do I be left out of this and

1134

00:57:56,570 --> 00:58:02,510

I said my friend you're in the same boat

1135

00:58:00,380 --> 00:58:04,460

as the CIA director I met within the

1136

00:58:02,510 --> 00:58:07,610

president I said unless you've been

1137

00:58:04,460 --> 00:58:09,980

brought up through the system they don't

1138

00:58:07,610 --> 00:58:12,230

tell you so it doesn't matter what your

1139

00:58:09,980 --> 00:58:13,639

rank is or position is whether you came

1140

00:58:12,230 --> 00:58:15,289

up through the system and they tested

1141
00:58:13,639 --> 00:58:17,839
you for whether you will go with the

1142
00:58:15,289 --> 00:58:20,329
agenda of secrecy and destruction and

1143
00:58:17,840 --> 00:58:22,970
warfare and then they will put you any

1144
00:58:20,329 --> 00:58:24,049
information you want little by little by

1145
00:58:22,969 --> 00:58:25,969
little they'll give you little bits

1146
00:58:24,050 --> 00:58:27,260
until you violate their trust and then

1147
00:58:25,969 --> 00:58:30,379
they'll either kill you or kick you out

1148
00:58:27,260 --> 00:58:32,000
of the program but you were assessed the

1149
00:58:30,380 --> 00:58:37,010
first thing they do is someone like you

1150
00:58:32,000 --> 00:58:41,000
is a soul biopsy what is this a soul

1151
00:58:37,010 --> 00:58:43,340
biopsy the medical term biopsy take a

1152
00:58:41,000 --> 00:58:45,500
piece they take a look at your soul and

1153
00:58:43,340 --> 00:58:48,440
they want to see if you're a stand-up

1154
00:58:45,500 --> 00:58:50,170
guy a good person and you're not going

1155
00:58:48,440 --> 00:58:53,510
to go along with a criminal enterprise

1156
00:58:50,170 --> 00:58:55,280
they're not going to tell you because if

1157
00:58:53,510 --> 00:58:58,550
they did they'd have to do to you what

1158
00:58:55,280 --> 00:59:00,470
they did the Lord Mountbatten and what

1159
00:58:58,550 --> 00:59:03,019
they did the John F Kennedy and what

1160
00:59:00,469 --> 00:59:05,419
they did to Bill Colby they would have

1161
00:59:03,019 --> 00:59:08,230
killed you so they protected you by

1162
00:59:05,420 --> 00:59:10,430
keeping you out of the loop

1163
00:59:08,230 --> 00:59:12,858
because you would not go along with that

1164
00:59:10,429 --> 00:59:14,598
agenda would you he says you're bloody

1165
00:59:12,858 --> 00:59:18,768
right I wouldn't not for one damn minute

1166
00:59:14,599 --> 00:59:21,769
I said what that's why they didn't tell

1167
00:59:18,768 --> 00:59:25,009
you now after I'd gone all over the

1168
00:59:21,768 --> 00:59:27,068
world and met with people like this we

1169

00:59:25,010 --> 00:59:30,740
made an assessment that these programs

1170
00:59:27,068 --> 00:59:34,548
were illegal unconstitutional in every

1171
00:59:30,739 --> 00:59:37,009
country apriori they could not use the

1172
00:59:34,548 --> 00:59:38,989
law to protect themselves and the same

1173
00:59:37,010 --> 00:59:41,778
applies with these technologies if they

1174
00:59:38,989 --> 00:59:44,088
issue any inventor a national security

1175
00:59:41,778 --> 00:59:46,849
order he needs to get hold of me so I

1176
00:59:44,088 --> 00:59:49,009
can take him by the hand and rip that

1177
00:59:46,849 --> 00:59:50,210
thing up and say these people have no

1178
00:59:49,010 --> 00:59:52,510
legal standing because they're the

1179
00:59:50,210 --> 00:59:52,510
criminals

1180
00:59:59,858 --> 01:00:05,768
this knowledge that you have received

1181
01:00:02,119 --> 01:00:08,568
this weekend at this conference is

1182
01:00:05,768 --> 01:00:12,318
knowledge about really a sacred

1183
01:00:08,568 --> 01:00:14,748

responsibility a call to action a call

1184

01:00:12,318 --> 01:00:17,088

to do something about this not only

1185

01:00:14,748 --> 01:00:20,689

peaceful contact with interstellar

1186

01:00:17,088 --> 01:00:22,190

visitors and disclosure but seeing that

1187

01:00:20,690 --> 01:00:24,079

we lay the foundation for these

1188

01:00:22,190 --> 01:00:26,659

technologies to come out to be used for

1189

01:00:24,079 --> 01:00:29,059

peaceful energy generation to save our

1190

01:00:26,659 --> 01:00:31,368

planet from the abyss that is going into

1191

01:00:29,059 --> 01:00:33,349

and to alleviate the suffering of the

1192

01:00:31,369 --> 01:00:35,778

planet because for most of the people on

1193

01:00:33,349 --> 01:00:37,459

the planet today a third of the planets

1194

01:00:35,778 --> 01:00:40,639

population lives on less than two

1195

01:00:37,458 --> 01:00:43,518

dollars a day it's already a cataclysm

1196

01:00:40,639 --> 01:00:46,159

it's already terrible and if we have any

1197

01:00:43,518 --> 01:00:48,468

compassion for those people we will say

1198
01:00:46,159 --> 01:00:50,778
we will make an effort for them for all

1199
01:00:48,469 --> 01:00:55,159
the children of the earth because it is

1200
01:00:50,778 --> 01:00:58,039
only when there is justice and only when

1201
01:00:55,159 --> 01:01:02,478
there is a certain decent standard of

1202
01:00:58,039 --> 01:01:06,170
living that we can become a civilized

1203
01:01:02,478 --> 01:01:08,088
society living in peace we cannot have

1204
01:01:06,170 --> 01:01:10,159
peace where eighty percent of the

1205
01:01:08,088 --> 01:01:11,630
population is in poverty where there are

1206
01:01:10,159 --> 01:01:13,159
two or three hundred families and

1207
01:01:11,630 --> 01:01:16,338
corporations that have half of the

1208
01:01:13,159 --> 01:01:19,940
world's net worth and wealth this is not

1209
01:01:16,338 --> 01:01:22,400
a sustainable situation so there are a

1210
01:01:19,940 --> 01:01:27,039
thousand reasons to do this that are all

1211
01:01:22,400 --> 01:01:27,039
good reasons and the only reason not to

1212
01:01:27,548 --> 01:01:34,518
our fears our timidity our weakness and

1213
01:01:32,509 --> 01:01:37,969
this is the time where I'm telling you

1214
01:01:34,518 --> 01:01:41,179
we have to transcend that we have to

1215
01:01:37,969 --> 01:01:42,769
look across to that far horizon that we

1216
01:01:41,179 --> 01:01:44,808
were going to make it together we're on

1217
01:01:42,768 --> 01:01:47,748
this planet together schoolhouse earth

1218
01:01:44,809 --> 01:01:49,849
and we are going to make it through the

1219
01:01:47,748 --> 01:01:52,838
only question is how much difficulty how

1220
01:01:49,849 --> 01:01:55,430
much tumult how much catastrophe and

1221
01:01:52,838 --> 01:01:57,708
this is totally dependent on what we do

1222
01:01:55,429 --> 01:02:00,108
with our free will this is the sphere of

1223
01:01:57,708 --> 01:02:03,018
free will the ETS are not going to land

1224
01:02:00,108 --> 01:02:05,150
and make this happen for us then we

1225
01:02:03,018 --> 01:02:09,308
would learn nothing as I trying to

1226

01:02:05,150 --> 01:02:11,680
impose Jeffersonian democracy in Iraq

1227
01:02:09,309 --> 01:02:14,150
silly

1228
01:02:11,679 --> 01:02:16,339
they're wanting us to do this so that we

1229
01:02:14,150 --> 01:02:18,829
become a peaceful civilization and then

1230
01:02:16,340 --> 01:02:23,180
the cosmos will open wide its arms and

1231
01:02:18,829 --> 01:02:28,279
embrace us so we have these tests before

1232
01:02:23,179 --> 01:02:30,109
us contact disclosure new energy and the

1233
01:02:28,280 --> 01:02:34,160
promise of all of these things is that

1234
01:02:30,110 --> 01:02:36,680
as we pass through this journey over the

1235
01:02:34,159 --> 01:02:39,409
coming months in few years we will have

1236
01:02:36,679 --> 01:02:43,960
laid the foundation for a civilization

1237
01:02:39,409 --> 01:02:47,119
that will be here unbroken in peace for

1238
01:02:43,960 --> 01:02:49,720
500,000 years that's the era that is

1239
01:02:47,119 --> 01:02:49,719
just opened

1240
01:02:59,349 --> 01:03:05,989

and that's the vision we should share

1241
01:03:03,590 --> 01:03:08,119
from heart to heart with our loved ones

1242
01:03:05,989 --> 01:03:11,479
and our co-workers and the president of

1243
01:03:08,119 --> 01:03:12,980
Spain and your Parliament I don't is the

1244
01:03:11,480 --> 01:03:16,610
Parliament I'm sorry I may be using the

1245
01:03:12,980 --> 01:03:20,150
wrong word but we have to educate our

1246
01:03:16,610 --> 01:03:21,619
leaders but not wait for them many

1247
01:03:20,150 --> 01:03:25,280
people say are you waiting I said I'm

1248
01:03:21,619 --> 01:03:28,369
not waiting on anybody forget that if I

1249
01:03:25,280 --> 01:03:30,650
made any mistake during the run-up to

1250
01:03:28,369 --> 01:03:32,390
the disclosure project is that i gave

1251
01:03:30,650 --> 01:03:35,900
the clinton administration in the US

1252
01:03:32,389 --> 01:03:40,639
Congress too much time I gave them six

1253
01:03:35,900 --> 01:03:45,829
years I'm giving Barack Obama less than

1254
01:03:40,639 --> 01:03:47,150
a year and I have announced to him now

1255
01:03:45,829 --> 01:03:49,579
I'm going to say something here I have

1256
01:03:47,150 --> 01:03:57,760
not said publicly get me in more trouble

1257
01:03:49,579 --> 01:03:57,759
who cares if within

1258
01:04:04,329 --> 01:04:12,230
if within a year of his taken office

1259
01:04:09,099 --> 01:04:16,160
they have not taken taken definitive

1260
01:04:12,230 --> 01:04:18,858
action on these issues we are going to

1261
01:04:16,159 --> 01:04:22,009
form together the Council on

1262
01:04:18,858 --> 01:04:24,679
interplanetary relations and we're going

1263
01:04:22,010 --> 01:04:28,210
to formalize contact and bypass these

1264
01:04:24,679 --> 01:04:28,210
useless governments in the world

1265
01:04:44,079 --> 01:04:46,799
haha

1266
01:05:05,309 --> 01:05:08,059
thank you

1267
01:05:12,820 --> 01:05:19,730
number two where it is getting started

1268
01:05:16,780 --> 01:05:23,420
we're going to make open contact and we

1269
01:05:19,730 --> 01:05:27,590
have at least one g8 country that has

1270
01:05:23,420 --> 01:05:30,889
written me a document how I wish I could

1271
01:05:27,590 --> 01:05:32,630
read it too it is the most important

1272
01:05:30,889 --> 01:05:35,929
document in the history of the UFO

1273
01:05:32,630 --> 01:05:37,700
subject and the irony is I am not at

1274
01:05:35,929 --> 01:05:42,349
liberty to disclose it I'm head of the

1275
01:05:37,699 --> 01:05:44,089
damn disclosure project this is a

1276
01:05:42,349 --> 01:05:46,549
gentleman's agreement because is a

1277
01:05:44,090 --> 01:05:48,260
delicate negotiation but in this

1278
01:05:46,550 --> 01:05:50,960
document imagine this coming from the

1279
01:05:48,260 --> 01:05:54,140
most senior ranks of a major government

1280
01:05:50,960 --> 01:05:57,889
in the world they have said we wish to

1281
01:05:54,139 --> 01:06:00,920
go on a long term journey together to

1282
01:05:57,889 --> 01:06:03,650
make contact with these extraterrestrial

1283

01:06:00,920 --> 01:06:07,610
civilizations will you work with us and

1284
01:06:03,650 --> 01:06:10,130
I said yes so we have at least one major

1285
01:06:07,610 --> 01:06:12,260
government who wants to do it and you

1286
01:06:10,130 --> 01:06:14,210
know what if Obama doesn't get on board

1287
01:06:12,260 --> 01:06:17,980
he's going to be left behind in the dust

1288
01:06:14,210 --> 01:06:17,980
of history just that simple

1289
01:06:26,980 --> 01:06:33,670
and number three we are going to persist

1290
01:06:30,639 --> 01:06:37,690
in identifying these new energy

1291
01:06:33,670 --> 01:06:40,300
technologies and I have been told here

1292
01:06:37,690 --> 01:06:42,909
in Spain there may be one or two of

1293
01:06:40,300 --> 01:06:45,490
these waiting to come forward I hope

1294
01:06:42,909 --> 01:06:47,739
what I've heard this week is true I've

1295
01:06:45,489 --> 01:06:50,799
had some wonderful meetings and if it is

1296
01:06:47,739 --> 01:06:53,229
we will be the carrier vehicle to launch

1297
01:06:50,800 --> 01:06:55,359

it to the world and there is no force on

1298

01:06:53,230 --> 01:06:57,940

the planet that will stop us but we will

1299

01:06:55,358 --> 01:06:59,679

need your help and will you help us will

1300

01:06:57,940 --> 01:07:01,840

you join with us when we call tell

1301

01:06:59,679 --> 01:07:11,469

everyone we have this don't let it fall

1302

01:07:01,840 --> 01:07:15,760

apart don't let it get lost because we

1303

01:07:11,469 --> 01:07:19,269

stand on the morn the edge of eternity a

1304

01:07:15,760 --> 01:07:21,520

time where this planet will become one

1305

01:07:19,269 --> 01:07:24,219

of the great jewels in the diadem of the

1306

01:07:21,519 --> 01:07:26,079

cosmos a place of peace a place of

1307

01:07:24,219 --> 01:07:27,969

abundance a place of enlightenment and

1308

01:07:26,079 --> 01:07:31,960

we all of us and our children that

1309

01:07:27,969 --> 01:07:35,589

coming behind us from the other side we

1310

01:07:31,960 --> 01:07:38,050

will become ambassadors in the future to

1311

01:07:35,590 --> 01:07:40,780

other worlds that have come this way and

1312

01:07:38,050 --> 01:07:42,519

are coming the way we have come and so

1313

01:07:40,780 --> 01:07:44,670

the cycle of life continues in the

1314

01:07:42,519 --> 01:07:49,050

universe and we are all part of that

1315

01:07:44,670 --> 01:07:49,050

thank you for joining me god bless you

1316

01:08:19,210 --> 01:08:21,270

you
