

1
00:00:07,639 --> 00:00:15,000
well thank you very much I'm Steven

2
00:00:11,519 --> 00:00:19,698
Cheryl for that much much too generous

3
00:00:15,000 --> 00:00:21,868
introduction if my late mother were here

4
00:00:19,699 --> 00:00:23,029
being my mother she would believe every

5
00:00:21,868 --> 00:00:25,679
word of it

6
00:00:23,028 --> 00:00:27,210
my late father were here being a realist

7
00:00:25,679 --> 00:00:31,649
you would probably wonder who you were

8
00:00:27,210 --> 00:00:33,989
talking about but introductions of that

9
00:00:31,649 --> 00:00:37,589
sort remind me of the small boy who fell

10
00:00:33,988 --> 00:00:40,349
headfirst into a barrel of molasses and

11
00:00:37,590 --> 00:00:43,440
when they pulled him out he licked some

12
00:00:40,350 --> 00:00:45,270
of the molasses from his face and said

13
00:00:43,439 --> 00:00:51,959
Lord make my tongue adequate to this

14
00:00:45,270 --> 00:00:55,289
occasion well actually this is not my

15
00:00:51,960 --> 00:01:00,600
night for humour and I'm not a match for

16
00:00:55,289 --> 00:01:03,539
Summa for either Steven or George so I'm

17
00:01:00,600 --> 00:01:05,989
not going to be not even going to try to

18
00:01:03,539 --> 00:01:05,989
be funny

19
00:01:06,049 --> 00:01:11,700
except my first line in this that's

20
00:01:08,849 --> 00:01:15,228
after this wonderful banquet I think

21
00:01:11,700 --> 00:01:19,439
that I have exceeded the feed limit

22
00:01:15,228 --> 00:01:23,188
bad humor you better believe it I wish

23
00:01:19,438 --> 00:01:26,879
that I were in a mood for good humor but

24
00:01:23,188 --> 00:01:31,288
I'm not we were helped in the direction

25
00:01:26,879 --> 00:01:35,478
of destroying our planet and frankly we

26
00:01:31,289 --> 00:01:39,359
appear to be doing very little about it

27
00:01:35,478 --> 00:01:42,060
decades ago visitors from other planets

28
00:01:39,359 --> 00:01:46,978
warned us about where we were headed and

29

00:01:42,060 --> 00:01:51,118
offered to help but instead we or at

30
00:01:46,978 --> 00:01:55,379
least some of us interpreted their

31
00:01:51,118 --> 00:02:00,030
visits as a threat and decided to shoot

32
00:01:55,379 --> 00:02:01,708
first and ask questions after the

33
00:02:00,030 --> 00:02:04,019
inevitable result was that some of our

34
00:02:01,709 --> 00:02:08,009
planes were lost but how many were due

35
00:02:04,019 --> 00:02:10,019
to retaliation and how many were as a

36
00:02:08,008 --> 00:02:12,048
result of our own stupidity is a moot

37
00:02:10,019 --> 00:02:12,049
point

38
00:02:14,209 --> 00:02:18,598
Wilbert Smith one of the first Canadians

39
00:02:16,949 --> 00:02:23,159
to take an active interest in the

40
00:02:18,598 --> 00:02:25,078
subject of UFOs asked the visitors about

41
00:02:23,159 --> 00:02:27,120
the accidental destruction of our

42
00:02:25,079 --> 00:02:31,370
aircraft by flying into the sinabi of

43
00:02:27,120 --> 00:02:35,400

flying saucer the response and this is

44

00:02:31,370 --> 00:02:37,530

Wilbur's words we were informed that

45

00:02:35,400 --> 00:02:39,480

although a few of our aircraft had come

46

00:02:37,530 --> 00:02:41,640

to an unfortunate end by what they

47

00:02:39,479 --> 00:02:45,780

considered the colossal stupidity of our

48

00:02:41,639 --> 00:02:50,608

pilots they were now taking corrective

49

00:02:45,780 --> 00:02:53,549

measures to avoid our aircraft I asked

50

00:02:50,609 --> 00:02:56,790

them this is still Smith I asked them

51

00:02:53,549 --> 00:02:59,549

what happened and they said well the

52

00:02:56,789 --> 00:03:03,358

fields around the saucers in order to

53

00:02:59,549 --> 00:03:06,659

hold them up in order to produce the

54

00:03:03,359 --> 00:03:08,340

gravity differential the time field

55

00:03:06,659 --> 00:03:12,209

differentials which were necessary to

56

00:03:08,340 --> 00:03:14,549

operate the ship these sometimes

57

00:03:12,209 --> 00:03:17,009

produced field combinations which

58
00:03:14,549 --> 00:03:18,719
reduced the strength of materials to the

59
00:03:17,009 --> 00:03:21,659
point where they were no longer strong

60
00:03:18,719 --> 00:03:25,158
enough to carry the loads that the

61
00:03:21,659 --> 00:03:25,158
materials were expected to carry

62
00:03:25,750 --> 00:03:33,969
now as we know aircraft particularly the

63
00:03:30,370 --> 00:03:38,310
military type are built with a rather

64
00:03:33,969 --> 00:03:42,189
small factor of safety and in these

65
00:03:38,310 --> 00:03:44,409
regions of reduced binding the materials

66
00:03:42,189 --> 00:03:47,400
are no longer strong enough to carry the

67
00:03:44,409 --> 00:03:50,680
load and the craft simply comes apart

68
00:03:47,400 --> 00:03:55,689
when I read that I was reminded of the

69
00:03:50,680 --> 00:04:01,030
late great soprano Lily Pons who used to

70
00:03:55,689 --> 00:04:02,530
smash crystal goblets with her hi-c she

71
00:04:01,030 --> 00:04:05,819
would direct the sound at them and

72
00:04:02,530 --> 00:04:10,810
something in the sound waves would

73
00:04:05,819 --> 00:04:14,769
change the structure of the glass and it

74
00:04:10,810 --> 00:04:16,689
would fly apart well this didn't satisfy

75
00:04:14,770 --> 00:04:19,660
our military chiefs who must have

76
00:04:16,689 --> 00:04:22,740
thought that it was more important to

77
00:04:19,660 --> 00:04:25,120
secure America nuclear superiority

78
00:04:22,740 --> 00:04:28,900
even though using it would result in the

79
00:04:25,120 --> 00:04:34,000
annihilation of us all than to take the

80
00:04:28,899 --> 00:04:39,789
hint and start moving the planet back

81
00:04:34,000 --> 00:04:43,329
from the brink of global disaster they

82
00:04:39,790 --> 00:04:47,260
the military must have been and still

83
00:04:43,329 --> 00:04:49,569
are so paranoid that they feel it

84
00:04:47,259 --> 00:04:51,899
necessary to use the visitors technology

85
00:04:49,569 --> 00:04:54,610
to fight them off

86

00:04:51,899 --> 00:04:58,599
rather than welcome them as partners and

87
00:04:54,610 --> 00:05:02,050
development though they may have

88
00:04:58,600 --> 00:05:04,180
seconded a few renegades to assist them

89
00:05:02,050 --> 00:05:10,960
in what can best be viewed as diabolical

90
00:05:04,180 --> 00:05:14,850
diabolical developments Stephen has said

91
00:05:10,959 --> 00:05:17,319
that talking about UFOs is passe and

92
00:05:14,850 --> 00:05:20,470
that we should be talking or limiting

93
00:05:17,319 --> 00:05:24,189
our talk to Exopolitics both Stephen I

94
00:05:20,470 --> 00:05:28,270
agree with you in theory but in reality

95
00:05:24,189 --> 00:05:31,949
we have a problem an official US policy

96
00:05:28,269 --> 00:05:31,949
insists that UFOs don't exist

97
00:05:33,139 --> 00:05:39,079
the veil of secrecy must be lifted and

98
00:05:36,139 --> 00:05:44,779
it has to be lifted now before it is too

99
00:05:39,079 --> 00:05:49,099
late it is ironic that the US would

100
00:05:44,779 --> 00:05:51,729

begin a devastating war allegedly in

101

00:05:49,100 --> 00:05:54,740

search of weapons of mass destruction

102

00:05:51,730 --> 00:05:56,240

when the most worrisome developments in

103

00:05:54,740 --> 00:05:58,509

this field are occurring in your own

104

00:05:56,240 --> 00:05:58,509

backyard

105

00:05:58,810 --> 00:06:09,050

it is ironic it is ironic that the US

106

00:06:06,620 --> 00:06:13,240

should be fighting monstrously expensive

107

00:06:09,050 --> 00:06:13,240

wars in Iraq and Afghanistan

108

00:06:13,300 --> 00:06:19,910

allegedly to bring democracy to those

109

00:06:15,769 --> 00:06:21,859

two countries when it itself can no

110

00:06:19,910 --> 00:06:24,380

longer legitimately claim to be called a

111

00:06:21,860 --> 00:06:27,590

democracy when trillions and I mean

112

00:06:24,379 --> 00:06:30,399

thousands of billions of dollars have

113

00:06:27,589 --> 00:06:33,189

been spent on projects about which both

114

00:06:30,399 --> 00:06:35,909

the Congress and the commander-in-chief

115
00:06:33,189 --> 00:06:37,250
have been kept deliberately in the dark

116
00:06:35,910 --> 00:06:40,319
[Applause]

117
00:06:37,250 --> 00:06:40,319
[Music]

118
00:06:41,459 --> 00:06:46,539
how much has been accomplished in 60

119
00:06:44,350 --> 00:06:48,340
years of feverish activity by some of

120
00:06:46,540 --> 00:06:52,510
the most educated minds in the United

121
00:06:48,339 --> 00:06:53,949
States as America developed flying

122
00:06:52,509 --> 00:06:56,759
saucers that are visually

123
00:06:53,949 --> 00:07:02,110
indistinguishable from the visitors as

124
00:06:56,759 --> 00:07:07,719
alleged and if so what do they propose

125
00:07:02,110 --> 00:07:08,920
to do with them even more critical what

126
00:07:07,720 --> 00:07:12,160
progress has been made in the

127
00:07:08,920 --> 00:07:15,939
development of clean energy sources that

128
00:07:12,160 --> 00:07:19,030
could conceivably replace fossil fuels

129

00:07:15,939 --> 00:07:23,139
and save the planet from becoming a

130

00:07:19,029 --> 00:07:28,779
veritable wasteland well who has the

131

00:07:23,139 --> 00:07:30,370
answers someone does but apparently they

132

00:07:28,779 --> 00:07:33,339
are telling either secretaries of

133

00:07:30,370 --> 00:07:38,470
defense or presidents because they don't

134

00:07:33,339 --> 00:07:43,799
have quote a need-to-know and a story

135

00:07:38,470 --> 00:07:46,870
told by dr. Steven Greer President

136

00:07:43,800 --> 00:07:50,620
Clinton was asked a question by White

137

00:07:46,870 --> 00:07:52,990
House reporter Sarah McClendon about why

138

00:07:50,620 --> 00:07:58,899
he didn't do something about disclosure

139

00:07:52,990 --> 00:08:02,590
and Clinton replied Sarah there's a

140

00:07:58,899 --> 00:08:07,829
government inside the government and I

141

00:08:02,589 --> 00:08:11,139
don't control it excuse me

142

00:08:07,829 --> 00:08:13,089
doesn't the commander in chief and the

143

00:08:11,139 --> 00:08:14,949
person who allegedly has their finger on

144
00:08:13,089 --> 00:08:19,899
the nuclear trigger have a right to know

145
00:08:14,949 --> 00:08:22,300
what his subordinates are doing the

146
00:08:19,899 --> 00:08:27,509
people of the United States who have

147
00:08:22,300 --> 00:08:30,069
paid the bills have the right to know

148
00:08:27,509 --> 00:08:32,439
the people of the world demand to know

149
00:08:30,069 --> 00:08:37,029
because it is our descendants to whose

150
00:08:32,440 --> 00:08:39,640
lives are in mortal danger it is time

151
00:08:37,029 --> 00:08:42,819
for the people of the United States to

152
00:08:39,639 --> 00:08:46,689
launch a new war against the evil of

153
00:08:42,820 --> 00:08:49,560
lies deceit and darkness and go all out

154
00:08:46,690 --> 00:08:53,070
to win the victory of truth and

155
00:08:49,559 --> 00:08:58,239
transparency and light

156
00:08:53,070 --> 00:09:02,369
[Applause]

157
00:08:58,240 --> 00:09:02,369

[Music]

158

00:09:04,190 --> 00:09:10,800

the deltas actor does entirely from

159

00:09:07,200 --> 00:09:12,960

enough food and water Tassin that's

160

00:09:10,799 --> 00:09:15,779

glands the epidural time for me I

161

00:09:12,960 --> 00:09:19,830

usually do not receive our new bachelor

162

00:09:15,779 --> 00:09:24,379

this is at the scans Fessenden storage

163

00:09:19,830 --> 00:09:24,379

delay time stamped upon wonders here
