[Music]

2  
00:00:21,120 --> 00:00:26,830  
thank you ego and the conference

3  
00:00:24,339 --> 00:00:29,800  
organizers Carol and the Exopolitics

4  
00:00:26,829 --> 00:00:32,710  
check team for inviting me to do a

5  
00:00:29,800 --> 00:00:35,170  
second presentation and I'm very

6  
00:00:32,710 --> 00:00:37,628  
grateful for that opportunity because it

7  
00:00:35,170 --> 00:00:40,390  
gives me an opportunity to present

8  
00:00:37,628 --> 00:00:44,619  
something to you which is much more

9  
00:00:40,390 --> 00:00:47,679  
optimistic much more positive for the

10  
00:00:44,619 --> 00:00:50,229  
future and I think there is many things

11  
00:00:47,679 --> 00:00:51,939  
to be optimistic about when it comes to

12  
00:00:50,229 --> 00:00:55,899  
this question of extraterrestrial life

13  
00:00:51,939 --> 00:00:59,559  
and how it affects the world and there

14  
00:00:55,899 --> 00:01:02,920  
are different nations so what I'd like

15  
00:00:59,560 --> 00:01:05,680  
to do to begin my presentation on world

16  
00:01:02,920 --> 00:01:09,570  
government policies on its a terrestrial

17  
00:01:05,680 --> 00:01:12,040  
life is to talk a little bit more about

18  
00:01:09,569 --> 00:01:13,449  
why the extraterrestrials are here in

19  
00:01:12,040 --> 00:01:17,920  
the first place there are many reasons

20  
00:01:13,450 --> 00:01:22,060  
for why but I want to just explain very

21  
00:01:17,920 --> 00:01:23,978  
quickly them possible motivations for

22  
00:01:22,060 --> 00:01:27,670  
coming here in interacting with our

23  
00:01:23,978 --> 00:01:29,739  
world and governments I want to begin

24  
00:01:27,670 --> 00:01:32,920  
with something that probably many of you

25  
00:01:29,739 --> 00:01:36,759  
are very familiar with which is typology

26  
00:01:32,920 --> 00:01:39,579  
of extraterrestrial civilizations by the

27  
00:01:36,759 --> 00:01:44,618  
Soviet astronomer dr. Nikolai Kardashev

28  
00:01:39,579 --> 00:01:46,929  
who in 1964 published the paper on what

29

00:01:44,618 --> 00:01:49,840  
different extraterrestrial civilizations

30  
00:01:46,929 --> 00:01:51,939  
would be like and he basically said that

31  
00:01:49,840 --> 00:01:54,909  
if we were to understand

32  
00:01:51,939 --> 00:01:57,459  
extraterrestrial civilizations we would

33  
00:01:54,909 --> 00:01:59,618  
do so by understanding how they use

34  
00:01:57,459 --> 00:02:01,030  
energy this is how scientists would

35  
00:01:59,618 --> 00:02:03,969  
approach the issue how do

36  
00:02:01,030 --> 00:02:06,420  
extraterrestrials use energy and he

37  
00:02:03,969 --> 00:02:09,818  
distinguished between possible

38  
00:02:06,420 --> 00:02:12,759  
extraterrestrial civilizations on the

39  
00:02:09,818 --> 00:02:15,219  
different levels or macro systems where

40  
00:02:12,759 --> 00:02:18,969  
they could use energy the planetary

41  
00:02:15,219 --> 00:02:24,550  
level the stellar or star system level

42  
00:02:18,969 --> 00:02:27,189  
or at the Galactic level one person who

43  
00:02:24,550 --> 00:02:31,439

actually made this typology very popular

44

00:02:27,189 --> 00:02:33,789

was professor Michio Kaku and he also

45

00:02:31,439 --> 00:02:38,680

elaborated a little bit and talked about

46

00:02:33,789 --> 00:02:41,378

type-0 civilizations and also explain

47

00:02:38,680 --> 00:02:44,049

what might be the different propulsion

48

00:02:41,378 --> 00:02:46,358

systems how extraterrestrials would move

49

00:02:44,049 --> 00:02:48,670

around the galaxy so he talked a little

50

00:02:46,359 --> 00:02:51,430

bit about that so what I'm going to do

51

00:02:48,669 --> 00:02:54,518

is begin with a type 0 civilization

52

00:02:51,430 --> 00:02:58,780

which is us our earth because we use

53

00:02:54,519 --> 00:03:03,000

fossil fuels we use these elements such

54

00:02:58,780 --> 00:03:06,039

as oil bioenergy uranium to fuel our

55

00:03:03,000 --> 00:03:08,348

industries to fuel our power energy

56

00:03:06,039 --> 00:03:11,620

needs around the world and we know and

57

00:03:08,348 --> 00:03:14,078

are very familiar with that type zero

58  
00:03:11,620 --> 00:03:17,469  
propulsion systems we look at our world

59  
00:03:14,079 --> 00:03:19,870  
what do we use to launch satellites or

60  
00:03:17,469 --> 00:03:23,340  
rockets into space chemical rockets

61  
00:03:19,870 --> 00:03:25,810  
ionic engines fishing power

62  
00:03:23,340 --> 00:03:27,908  
electromagnet lectura magnetic

63  
00:03:25,810 --> 00:03:31,299  
propulsion railguns these are all things

64  
00:03:27,908 --> 00:03:34,298  
that are being used or are contemplated

65  
00:03:31,299 --> 00:03:36,969  
to be used but what would a type one

66  
00:03:34,299 --> 00:03:40,290  
civilization be something that we as a

67  
00:03:36,969 --> 00:03:43,150  
planet are moving towards as we evolved

68  
00:03:40,289 --> 00:03:45,388  
they would be using energy consumption

69  
00:03:43,150 --> 00:03:48,729  
based on things such as oceans

70  
00:03:45,389 --> 00:03:51,040  
geothermal energy grid and other things

71  
00:03:48,729 --> 00:03:56,470  
other energy sources that occur at a

72  
00:03:51,039 --> 00:03:58,179  
macro level on a planetary scale what

73  
00:03:56,469 --> 00:04:00,219  
would be the propulsion systems of a

74  
00:03:58,180 --> 00:04:04,329  
type one civilization something we are

75  
00:04:00,219 --> 00:04:06,098  
moving towards there's ramjet propulsion

76  
00:04:04,329 --> 00:04:08,620  
systems which we can see there that's

77  
00:04:06,098 --> 00:04:13,209  
that's there where you have hydrogen

78  
00:04:08,620 --> 00:04:16,658  
being collected by a giant sail and you

79  
00:04:13,209 --> 00:04:19,329  
have nuclear fusion being generated

80  
00:04:16,658 --> 00:04:22,439  
through hydrogen being taken in so this

81  
00:04:19,329 --> 00:04:26,228  
is something being contemplated you have

82  
00:04:22,439 --> 00:04:28,089  
photonic drives which uses lasers highly

83  
00:04:26,228 --> 00:04:30,668  
advanced that lasers powerful laser

84  
00:04:28,089 --> 00:04:32,379  
beams for propulsion systems in space

85  
00:04:30,668 --> 00:04:35,008  
these are things that are being

86

00:04:32,379 --> 00:04:39,038  
contemplated and that Parker believes

87  
00:04:35,009 --> 00:04:41,560  
type 1 civilizations would use what

88  
00:04:39,038 --> 00:04:44,288  
about type 2 civilizations these are

89  
00:04:41,560 --> 00:04:47,089  
even more advanced because they use

90  
00:04:44,288 --> 00:04:50,930  
energy at a stellar level

91  
00:04:47,089 --> 00:04:54,049  
and we can see here how vast stellar

92  
00:04:50,930 --> 00:04:57,019  
energies are here's how big the earth is

93  
00:04:54,050 --> 00:05:01,550  
in relationship to the Sun and this is

94  
00:04:57,019 --> 00:05:03,560  
just a coronal mass ejection just one

95  
00:05:01,550 --> 00:05:07,430  
eruption of the sun's energy and look

96  
00:05:03,560 --> 00:05:10,730  
how much of dwarfs the Sun Dwarfs the

97  
00:05:07,430 --> 00:05:13,370  
earth and so with a type two

98  
00:05:10,730 --> 00:05:16,310  
civilization they would be able to use

99  
00:05:13,370 --> 00:05:19,209  
energy in vast quantities far more than

100  
00:05:16,310 --> 00:05:22,160

we at this moment could even contemplate

101

00:05:19,209 --> 00:05:24,829

they could move and even ignite stars

102

00:05:22,160 --> 00:05:27,560

this is what Kaku believes the type two

103

00:05:24,829 --> 00:05:29,689

civilizations could do with their

104

00:05:27,560 --> 00:05:32,000

propulsion systems how would a type two

105

00:05:29,689 --> 00:05:34,490

civilization travel around the galaxy

106

00:05:32,000 --> 00:05:37,850

around solar systems he thinks that they

107

00:05:34,490 --> 00:05:41,269

would use such things as antimatter so

108

00:05:37,850 --> 00:05:44,139

that's an artist depiction of an

109

00:05:41,269 --> 00:05:47,240

antimatter sail propulsion system

110

00:05:44,139 --> 00:05:49,579

another possibility would be using these

111

00:05:47,240 --> 00:05:52,069

nanoprobes something that could be

112

00:05:49,579 --> 00:05:54,079

launched using a particle accelerator on

113

00:05:52,069 --> 00:05:55,459

a place like the moon that this is how

114

00:05:54,079 --> 00:05:57,409

you could get around the galaxy

115  
00:05:55,459 --> 00:06:01,639  
launching nano plot probes

116  
00:05:57,410 --> 00:06:03,860  
according to cackle type three

117  
00:06:01,639 --> 00:06:06,139  
civilizations would be even more

118  
00:06:03,860 --> 00:06:08,780  
advanced something that for us would be

119  
00:06:06,139 --> 00:06:11,449  
almost science fiction before Kaku and

120  
00:06:08,779 --> 00:06:14,689  
for Kardashev and other astronomers this

121  
00:06:11,449 --> 00:06:17,269  
is logical this is how energy occurs and

122  
00:06:14,689 --> 00:06:21,259  
how energy would be used as you become

123  
00:06:17,269 --> 00:06:24,049  
more more evolved so they would type

124  
00:06:21,259 --> 00:06:27,110  
three civilization would use energy at a

125  
00:06:24,050 --> 00:06:30,439  
galactic level using the galactic core

126  
00:06:27,110 --> 00:06:32,509  
black holes and supernovae as super

127  
00:06:30,439 --> 00:06:35,478  
waves coming from the center of our

128  
00:06:32,509 --> 00:06:37,310  
galaxy that they can actually manipulate

129  
00:06:35,478 --> 00:06:39,050  
black holes to create things like

130  
00:06:37,310 --> 00:06:43,519  
wormholes to be able to move between

131  
00:06:39,050 --> 00:06:45,350  
different parts of our galaxy propulsion

132  
00:06:43,519 --> 00:06:48,199  
how would a type 3 an advanced

133  
00:06:45,350 --> 00:06:49,879  
civilization a type 3 civilization move

134  
00:06:48,199 --> 00:06:52,009  
well this is a really where it gets very

135  
00:06:49,879 --> 00:06:54,050  
interesting for us for our planet

136  
00:06:52,009 --> 00:06:57,228  
because we might think well how could we

137  
00:06:54,050 --> 00:06:59,569  
affect and a civilization that is using

138  
00:06:57,228 --> 00:07:00,740  
energy at this at this level and

139  
00:06:59,569 --> 00:07:04,179  
think this is where we have a very

140  
00:07:00,740 --> 00:07:08,348  
interesting explanation for why

141  
00:07:04,178 --> 00:07:11,598  
extraterrestrials might be visiting us

142  
00:07:08,348 --> 00:07:14,748  
type three civilizations according to

143

00:07:11,598 --> 00:07:18,019  
Kaku would be using energy at the Planck

144  
00:07:14,749 --> 00:07:20,659  
energy level basically they would be

145  
00:07:18,019 --> 00:07:22,218  
capable of manipulating energy to the

146  
00:07:20,658 --> 00:07:24,528  
level where they they are creating

147  
00:07:22,218 --> 00:07:27,468  
things such as black holes micro black

148  
00:07:24,528 --> 00:07:30,709  
holes wormholes being able to move

149  
00:07:27,468 --> 00:07:34,459  
between different points in the galaxy

150  
00:07:30,709 --> 00:07:36,740  
by creating artificial wormholes and so

151  
00:07:34,459 --> 00:07:41,240  
they would be capable of superluminal

152  
00:07:36,740 --> 00:07:45,978  
travel travel that occurs at faster than

153  
00:07:41,240 --> 00:07:48,439  
light speed and so this is where it gets

154  
00:07:45,978 --> 00:07:51,528  
very interesting because space time if

155  
00:07:48,439 --> 00:07:53,330  
that is something that can be bent you'd

156  
00:07:51,528 --> 00:07:55,308  
like you bend a piece of paper you know

157  
00:07:53,329 --> 00:07:57,588

I'm sure many of you know you bend a

158

00:07:55,309 --> 00:08:00,379

piece of paper and that is used to

159

00:07:57,588 --> 00:08:02,209

describe how a black hole would work

160

00:08:00,379 --> 00:08:04,459

rather than traveling across a piece of

161

00:08:02,209 --> 00:08:06,259

paper the whole length a black hole

162

00:08:04,459 --> 00:08:08,740

would work or a wormhole would work

163

00:08:06,259 --> 00:08:11,569

where you bend the paper together almost

164

00:08:08,740 --> 00:08:13,249

instantaneously so we might think well

165

00:08:11,569 --> 00:08:17,088

if this is how some advanced

166

00:08:13,249 --> 00:08:20,479

extraterrestrials operate they

167

00:08:17,088 --> 00:08:23,569

manipulate space-time could there be

168

00:08:20,478 --> 00:08:26,508

anything we do that disrupts the

169

00:08:23,569 --> 00:08:28,479

space-time continuum in our part of the

170

00:08:26,509 --> 00:08:30,468

galaxy might this be why

171

00:08:28,478 --> 00:08:33,588

extraterrestrials have a sudden interest

172  
00:08:30,468 --> 00:08:38,149  
in us I think the answer is going to be

173  
00:08:33,589 --> 00:08:41,409  
obvious nuclear weapons create gigantic

174  
00:08:38,149 --> 00:08:44,089  
disturbances in the space-time field

175  
00:08:41,408 --> 00:08:47,149  
nuclear weapons especially fusion

176  
00:08:44,089 --> 00:08:49,399  
nuclear weapons the space displaced the

177  
00:08:47,149 --> 00:08:54,980  
space-time continuum in an or in an

178  
00:08:49,399 --> 00:09:00,078  
enormous way this is why we see UFOs so

179  
00:08:54,980 --> 00:09:01,938  
often near the nuclear facilities of

180  
00:09:00,078 --> 00:09:05,508  
advanced nations whether it was the US

181  
00:09:01,938 --> 00:09:08,028  
or USSR or other places where advanced

182  
00:09:05,509 --> 00:09:11,340  
nuclear weapons are stored UFOs are

183  
00:09:08,028 --> 00:09:14,490  
often seen near there because

184  
00:09:11,340 --> 00:09:17,070  
if nuclear weapons especially hydrogen

185  
00:09:14,490 --> 00:09:19,680  
bombs disrupt space-time because they

186  
00:09:17,070 --> 00:09:22,379  
generate these enormous electromagnetic

187  
00:09:19,679 --> 00:09:25,769  
pulses that radiate through space-time

188  
00:09:22,379 --> 00:09:28,500  
then of course extra tracers will be

189  
00:09:25,769 --> 00:09:32,639  
coming here think of an analogy imagine

190  
00:09:28,500 --> 00:09:35,070  
a sailboat in a big lake in the sailboat

191  
00:09:32,639 --> 00:09:36,750  
you know many sailboats in this big lake

192  
00:09:35,070 --> 00:09:39,600  
and you are sailing there with your

193  
00:09:36,750 --> 00:09:41,549  
family or maybe you use sailing to

194  
00:09:39,600 --> 00:09:43,409  
conduct trade from one country to

195  
00:09:41,549 --> 00:09:45,809  
another because different countries

196  
00:09:43,409 --> 00:09:47,879  
border this big lake and you know

197  
00:09:45,809 --> 00:09:50,789  
there's maybe sometimes there's big

198  
00:09:47,879 --> 00:09:52,528  
thunderstorms and a storm and this lake

199  
00:09:50,789 --> 00:09:55,049  
gets disturbed and there are big waves

200

00:09:52,528 --> 00:09:58,289  
and you feel the boat moving but no big

201  
00:09:55,049 --> 00:10:04,500  
problem well imagine if you have say

202  
00:09:58,289 --> 00:10:07,019  
like a 1 mile wide boulder being thrown

203  
00:10:04,500 --> 00:10:09,720  
into that lake at a hypersonic velocity

204  
00:10:07,019 --> 00:10:12,210  
then you'd have tidal waves in that lake

205  
00:10:09,720 --> 00:10:15,028  
and all of a sudden your boat would be

206  
00:10:12,210 --> 00:10:17,190  
disrupted your boat could capsize well

207  
00:10:15,028 --> 00:10:19,649  
in a similar way I think we can think of

208  
00:10:17,190 --> 00:10:24,089  
what is happening in interstellar space

209  
00:10:19,649 --> 00:10:26,639  
if extraterrestrials use these type

210  
00:10:24,089 --> 00:10:29,040  
three propulsion systems where they

211  
00:10:26,639 --> 00:10:31,679  
manipulate space time when when our

212  
00:10:29,039 --> 00:10:33,389  
governments detonate hydrogen bombs or

213  
00:10:31,679 --> 00:10:36,299  
if there's an accident with hydrogen

214  
00:10:33,389 --> 00:10:39,169

bombs this would create an enormous

215

00:10:36,299 --> 00:10:40,859  
disruption which could destroy a

216

00:10:39,169 --> 00:10:43,949  
civilization extraterrestrial

217

00:10:40,860 --> 00:10:49,350  
civilizations mode of transportation for

218

00:10:43,950 --> 00:10:52,320  
a long time so what are some of the

219

00:10:49,350 --> 00:10:54,269  
cases that maybe give us an idea that

220

00:10:52,320 --> 00:10:57,500  
this is indeed why extraterrestrials are

221

00:10:54,269 --> 00:11:00,750  
here because they want us to basically

222

00:10:57,500 --> 00:11:02,639  
stop our nuclear weapons testing well

223

00:11:00,750 --> 00:11:05,730  
there are two cases that I was going to

224

00:11:02,639 --> 00:11:08,610  
mention one was George Adamski from 1952

225

00:11:05,730 --> 00:11:10,950  
and the other one was Robert Salas but I

226

00:11:08,610 --> 00:11:13,830  
think I'll skip that one because Robert

227

00:11:10,950 --> 00:11:16,890  
Fleischer did an excellent presentation

228

00:11:13,830 --> 00:11:20,209  
yesterday where he discussed saliz's

229  
00:11:16,889 --> 00:11:23,338  
work so let's begin with George Adamski

230  
00:11:20,208 --> 00:11:25,349  
he was a contactee who talked about

231  
00:11:23,339 --> 00:11:27,120  
extraterrestrials coming

232  
00:11:25,350 --> 00:11:30,149  
to the earth because they were concerned

233  
00:11:27,120 --> 00:11:33,029  
about hydrogen bombs that our world was

234  
00:11:30,149 --> 00:11:35,370  
developing hydrogen weapons and this was

235  
00:11:33,029 --> 00:11:38,480  
something the extraterrestrials thought

236  
00:11:35,370 --> 00:11:41,310  
was very dangerous for them and for us

237  
00:11:38,480 --> 00:11:44,519  
George Adamski for those who don't know

238  
00:11:41,309 --> 00:11:48,929  
was the most famous American contact D

239  
00:11:44,519 --> 00:11:52,669  
in the 1950s he began by releasing

240  
00:11:48,929 --> 00:11:55,409  
photographs of what looked like a giant

241  
00:11:52,669 --> 00:11:57,990  
mothership an extraterrestrial

242  
00:11:55,409 --> 00:12:00,079  
mothership and here you have a

243

00:11:57,990 --> 00:12:03,600  
mothership with what looks like

244

00:12:00,080 --> 00:12:07,410  
spacecraft coming out and and this is a

245

00:12:03,600 --> 00:12:10,440  
good example of what might be a type two

246

00:12:07,409 --> 00:12:12,899  
civilization where extraterrestrials

247

00:12:10,440 --> 00:12:15,510  
would travel from one solar system to

248

00:12:12,899 --> 00:12:17,959  
another using these giant or very large

249

00:12:15,509 --> 00:12:20,370  
ships motherships with smaller

250

00:12:17,960 --> 00:12:23,540  
spacecraft on them kind of like an

251

00:12:20,370 --> 00:12:26,009  
aircraft carrier that is how logically

252

00:12:23,539 --> 00:12:28,500  
extraterrestrials would be able to move

253

00:12:26,009 --> 00:12:31,080  
around our solar system and in the

254

00:12:28,500 --> 00:12:36,120  
galaxy through the equivalent of an

255

00:12:31,080 --> 00:12:38,100  
aircraft carrier Adamski claims that he

256

00:12:36,120 --> 00:12:41,700  
met this extraterrestrial author on on

257

00:12:38,100 --> 00:12:44,250  
November 20th which is the famous desert

258  
00:12:41,700 --> 00:12:46,560  
landing and there were many people that

259  
00:12:44,250 --> 00:12:52,559  
witness this six witness there were six

260  
00:12:46,559 --> 00:12:55,019  
eyewitnesses who saw Adamski meet this

261  
00:12:52,559 --> 00:12:57,599  
Adamski meeting author on who landed in

262  
00:12:55,019 --> 00:13:00,419  
one of these in one of these Scout craft

263  
00:12:57,600 --> 00:13:04,519  
and this is author on who obviously is a

264  
00:13:00,419 --> 00:13:08,159  
very attractive-looking male who was

265  
00:13:04,519 --> 00:13:10,649  
here to give a message to Adamski about

266  
00:13:08,159 --> 00:13:13,110  
the dangers of nuclear weapon testing

267  
00:13:10,649 --> 00:13:16,470  
and the important thing is that this was

268  
00:13:13,110 --> 00:13:20,610  
witnessed on November 20 which was two

269  
00:13:16,470 --> 00:13:23,310  
weeks just over two weeks after the

270  
00:13:20,610 --> 00:13:26,580  
United States tested the very first

271  
00:13:23,309 --> 00:13:31,169

hydrogen bomb which was the IV test in

272

00:13:26,580 --> 00:13:34,290

November first of 1952 so it's more than

273

00:13:31,169 --> 00:13:37,079

coincidence that Adamski did this that

274

00:13:34,289 --> 00:13:38,169

at this time that this occurred at that

275

00:13:37,080 --> 00:13:41,889

time

276

00:13:38,169 --> 00:13:44,319

so Adamski wanted a dance he was told

277

00:13:41,889 --> 00:13:45,909

that he needed to tell the peoples of

278

00:13:44,320 --> 00:13:48,790

the world and the governments that

279

00:13:45,909 --> 00:13:52,120

hydrogen bombs were very dangerous not

280

00:13:48,789 --> 00:13:56,049

only for Earth's future but also for the

281

00:13:52,120 --> 00:13:58,360

extraterrestrials now was Adamski

282

00:13:56,049 --> 00:14:00,490

someone credible is he someone that

283

00:13:58,360 --> 00:14:02,680

could be believed while it's a fantastic

284

00:14:00,490 --> 00:14:04,870

story after all you know you go out to

285

00:14:02,679 --> 00:14:07,239

the desert with some friends and you

286  
00:14:04,870 --> 00:14:08,889  
meet an extraterrestrial landing there

287  
00:14:07,240 --> 00:14:11,320  
and he tells you an incredible story

288  
00:14:08,889 --> 00:14:14,319  
about nuclear weapons is it true

289  
00:14:11,320 --> 00:14:16,930  
well a very famous investigator from

290  
00:14:14,320 --> 00:14:20,379  
Britain by the name of Timothy good did

291  
00:14:16,929 --> 00:14:25,870  
a very thorough investigation of Adamski

292  
00:14:20,379 --> 00:14:28,779  
and basically good concluded quote I

293  
00:14:25,870 --> 00:14:30,669  
take the view that he's reported

294  
00:14:28,779 --> 00:14:33,250  
encounters with spacecraft and their

295  
00:14:30,669 --> 00:14:36,399  
operators were fundamentally accurately

296  
00:14:33,250 --> 00:14:39,129  
reported so that was Timothy good

297  
00:14:36,399 --> 00:14:42,120  
basically saying that yes based on his

298  
00:14:39,129 --> 00:14:44,649  
research into the George Adamski case

299  
00:14:42,120 --> 00:14:47,500  
there was an actual meeting with

300  
00:14:44,649 --> 00:14:51,539  
extraterrestrials warning Adamski about

301  
00:14:47,500 --> 00:14:55,480  
the dangers of hydrogen bombs in his a

302  
00:14:51,539 --> 00:14:57,370  
1955 book inside the spaceships Adamski

303  
00:14:55,480 --> 00:15:01,230  
talks more about what the

304  
00:14:57,370 --> 00:15:04,539  
extraterrestrials had to say and

305  
00:15:01,230 --> 00:15:07,629  
basically it's that these are nuclear

306  
00:15:04,539 --> 00:15:09,519  
weapons incredibly powerful and

307  
00:15:07,629 --> 00:15:11,590  
dangerous and I showed this diagram

308  
00:15:09,519 --> 00:15:14,110  
yesterday but for those who did not see

309  
00:15:11,590 --> 00:15:16,139  
this this is the power of the atomic

310  
00:15:14,110 --> 00:15:20,139  
bombs the fission bombs dropped at

311  
00:15:16,139 --> 00:15:22,269  
Hiroshima and Nagasaki in they are

312  
00:15:20,139 --> 00:15:25,029  
basically these are their hydrogen bombs

313  
00:15:22,269 --> 00:15:28,419  
from the United States and Russia or

314

00:15:25,029 --> 00:15:31,720  
Soviet Union and they are in a range of

315  
00:15:28,419 --> 00:15:35,559  
1,000 times the power of the fission

316  
00:15:31,720 --> 00:15:38,259  
bombs dropped in on Japan and so here an

317  
00:15:35,559 --> 00:15:42,099  
extraterrestrial warns Adamski of the

318  
00:15:38,259 --> 00:15:45,730  
danger and I'll read this out our main

319  
00:15:42,100 --> 00:15:48,759  
purpose in coming to you at this time is

320  
00:15:45,730 --> 00:15:51,180  
to warn you of the grave danger which

321  
00:15:48,759 --> 00:15:54,370  
threatens men of Earth today

322  
00:15:51,179 --> 00:15:58,000  
knowing more than any amongst you yet

323  
00:15:54,370 --> 00:16:02,110  
realize we feel it our duty to enlighten

324  
00:15:58,000 --> 00:16:04,509  
you if we can your people may accept the

325  
00:16:02,110 --> 00:16:08,169  
knowledge we hope to give them through

326  
00:16:04,509 --> 00:16:11,709  
you and through others or they can turn

327  
00:16:08,169 --> 00:16:13,588  
deaf ears and destroy themselves the

328  
00:16:11,708 --> 00:16:17,588

choice is with the Earth's inhabitants

329

00:16:13,589 --> 00:16:22,089

we cannot dictate so that was the

330

00:16:17,589 --> 00:16:24,880

message that Adamski was given and there

331

00:16:22,089 --> 00:16:27,790

have been other cases of this and as I

332

00:16:24,879 --> 00:16:32,110

said Robert Salas is one of many

333

00:16:27,789 --> 00:16:35,049

whistleblowers saying that UFOs have

334

00:16:32,110 --> 00:16:36,068

been visiting nuclear weapon sites in

335

00:16:35,049 --> 00:16:41,198

the United States and actually

336

00:16:36,068 --> 00:16:44,948

disrupting them so if extraterrestrials

337

00:16:41,198 --> 00:16:49,299

are here and they're warning us at the

338

00:16:44,948 --> 00:16:51,278

beginning of the 1950s and late 1940s

339

00:16:49,299 --> 00:16:54,549

about the dangers of nuclear weapons and

340

00:16:51,278 --> 00:16:57,730

why we had to be very responsible what

341

00:16:54,549 --> 00:17:01,000

was the world's response to this well as

342

00:16:57,730 --> 00:17:04,120

I argued yesterday or showed with the

343  
00:17:01,000 --> 00:17:07,058  
documents the response was not to listen

344  
00:17:04,119 --> 00:17:11,289  
to them do not to cooperate at all with

345  
00:17:07,058 --> 00:17:14,709  
these visitors instead what we've seen

346  
00:17:11,289 --> 00:17:16,808  
is a attempt to coordinate the planets

347  
00:17:14,709 --> 00:17:19,929  
of to coordinate the governments of the

348  
00:17:16,808 --> 00:17:21,779  
earth in a way where international

349  
00:17:19,929 --> 00:17:26,709  
governments will keep the secrets about

350  
00:17:21,779 --> 00:17:31,720  
these objects and in some cases even try

351  
00:17:26,709 --> 00:17:33,880  
to shoot them down so how can this be

352  
00:17:31,720 --> 00:17:37,210  
done secretly how could this be done in

353  
00:17:33,880 --> 00:17:39,159  
a way with people and government

354  
00:17:37,210 --> 00:17:41,529  
representatives don't know where do you

355  
00:17:39,159 --> 00:17:44,820  
raise the money for this if you're going

356  
00:17:41,529 --> 00:17:47,289  
to have a worldwide cooperation in

357  
00:17:44,819 --> 00:17:51,428  
responding to extraterrestrials and

358  
00:17:47,289 --> 00:17:55,928  
create projects secret projects so that

359  
00:17:51,429 --> 00:17:57,850  
you can prepare yourself in case there's

360  
00:17:55,929 --> 00:18:00,250  
ever any conflict with extraterrestrials

361  
00:17:57,849 --> 00:18:02,859  
how can you do this secretly where you

362  
00:18:00,250 --> 00:18:04,759  
going to get the money from well there's

363  
00:18:02,859 --> 00:18:09,199  
a very interesting

364  
00:18:04,759 --> 00:18:13,129  
a set of books and research that's been

365  
00:18:09,200 --> 00:18:16,819  
conducted by some researchers concerning

366  
00:18:13,130 --> 00:18:19,370  
black gold well what is black gold black

367  
00:18:16,819 --> 00:18:21,679  
gold refers to large quantities of gold

368  
00:18:19,369 --> 00:18:24,919  
plundered by the Japanese Imperial Army

369  
00:18:21,680 --> 00:18:25,670  
out of China and East Asia during the

370  
00:18:24,920 --> 00:18:28,550  
Second World War

371

00:18:25,670 --> 00:18:30,830  
for safekeeping in secret locations in

372  
00:18:28,549 --> 00:18:33,740  
the Philippines in Indonesia during the

373  
00:18:30,829 --> 00:18:35,389  
Japanese occupation the quantity of

374  
00:18:33,740 --> 00:18:37,370  
black Bowl has been estimated to be

375  
00:18:35,390 --> 00:18:39,259  
between one to two million metric tons

376  
00:18:37,369 --> 00:18:41,419  
and if you think about it it actually

377  
00:18:39,259 --> 00:18:44,390  
makes a lot of sense that during the

378  
00:18:41,420 --> 00:18:47,450  
Second World War at least in Asia that

379  
00:18:44,390 --> 00:18:50,030  
there were vast quantities of gold who

380  
00:18:47,450 --> 00:18:53,180  
did this gold belong to once the

381  
00:18:50,029 --> 00:18:55,639  
Japanese plundered it moved it and then

382  
00:18:53,180 --> 00:18:58,730  
you had a change of governments in China

383  
00:18:55,640 --> 00:19:01,930  
from nationalists to communists who did

384  
00:18:58,730 --> 00:19:05,779  
this gold belong to it was now relocated

385  
00:19:01,930 --> 00:19:08,180

the lines of ownership were not clear so

386

00:19:05,779 --> 00:19:09,829

it was something that could be used by

387

00:19:08,180 --> 00:19:13,340

those countries with the power and

388

00:19:09,829 --> 00:19:15,859

influence to do so and this book is

389

00:19:13,339 --> 00:19:19,339

called the secret gold treaty it's by

390

00:19:15,859 --> 00:19:22,669

David Guyot and he explains in much more

391

00:19:19,339 --> 00:19:26,149

detail what what the historic origins of

392

00:19:22,670 --> 00:19:28,789

this black gold is and this is what

393

00:19:26,150 --> 00:19:32,660

David Guide had to say about black gold

394

00:19:28,789 --> 00:19:36,170

and the secret treaty that was used to

395

00:19:32,660 --> 00:19:38,890

make it a form of funding projects that

396

00:19:36,170 --> 00:19:42,289

could be used in extraterrestrial

397

00:19:38,890 --> 00:19:45,230

reverse engineering and I'll read this

398

00:19:42,289 --> 00:19:48,379

out the full story of the nature of gold

399

00:19:45,230 --> 00:19:50,890

has yet to be told and my guess is that

400  
00:19:48,380 --> 00:19:53,780  
it will remain hermetically sealed

401  
00:19:50,890 --> 00:19:58,190  
amongst the few for a very long time to

402  
00:19:53,779 --> 00:20:00,440  
come two things are certain however the

403  
00:19:58,190 --> 00:20:04,519  
historical official mining figures for

404  
00:20:00,440 --> 00:20:07,009  
gold are patently false and have been

405  
00:20:04,519 --> 00:20:11,089  
knowingly fabricated and thrust on an

406  
00:20:07,009 --> 00:20:13,309  
unsuspecting public second and leading

407  
00:20:11,089 --> 00:20:16,939  
on from this it is therefore evident

408  
00:20:13,309 --> 00:20:18,379  
that gold is not at all rare current

409  
00:20:16,940 --> 00:20:20,360  
statistics show

410  
00:20:18,380 --> 00:20:24,410  
above ground stocks of the metal to

411  
00:20:20,359 --> 00:20:26,449  
total about 140,000 metric tonnes the

412  
00:20:24,410 --> 00:20:28,160  
current estimate is actually about a

413  
00:20:26,450 --> 00:20:31,250  
hundred and sixty-five thousand metric

414  
00:20:28,160 --> 00:20:31,750  
tons this was written back in 2010 years

415  
00:20:31,250 --> 00:20:36,319  
ago

416  
00:20:31,750 --> 00:20:39,048  
the reality is far far higher and in all

417  
00:20:36,319 --> 00:20:41,839  
probability is well in excess of 1

418  
00:20:39,048 --> 00:20:44,119  
million tons I doubt anyone really knows

419  
00:20:41,839 --> 00:20:45,889  
for certain owing to the fact that so

420  
00:20:44,119 --> 00:20:48,459  
much is still buried in the Philippines

421  
00:20:45,890 --> 00:20:51,650  
and elsewhere in Southeast Asia that

422  
00:20:48,460 --> 00:20:54,169  
telling it all up is impossible even to

423  
00:20:51,650 --> 00:20:56,360  
this day and just to give you an

424  
00:20:54,169 --> 00:20:59,259  
estimate of these of the amount of gold

425  
00:20:56,359 --> 00:21:03,558  
we are talking about if we convert that

426  
00:20:59,259 --> 00:21:06,589  
the the total world gross domestic

427  
00:21:03,558 --> 00:21:07,990  
product is around 60 trillion dollars a

428

00:21:06,589 --> 00:21:12,288  
year all the governments of the world

429  
00:21:07,990 --> 00:21:14,288  
that's the gross domestic production for

430  
00:21:12,288 --> 00:21:17,750  
although all the countries of the planet

431  
00:21:14,288 --> 00:21:21,069  
the total estimate of black gold that

432  
00:21:17,750 --> 00:21:24,140  
has been hidden because gold is roughly

433  
00:21:21,069 --> 00:21:27,470  
\$1700 per ounce that if you convert that

434  
00:21:24,140 --> 00:21:30,669  
with this figure the total estimate of

435  
00:21:27,470 --> 00:21:34,220  
black gold that exists is is close to

436  
00:21:30,669 --> 00:21:40,038  
1000 trillion dollars so you probably

437  
00:21:34,220 --> 00:21:42,500  
have 6070 years worth of funding at

438  
00:21:40,038 --> 00:21:47,569  
these enormous levels at if you wanted

439  
00:21:42,500 --> 00:21:49,970  
to how does this cooperation occur at

440  
00:21:47,569 --> 00:21:52,908  
the international level using black gold

441  
00:21:49,970 --> 00:21:55,788  
he says this this occurred through the

442  
00:21:52,909 --> 00:21:57,140

concerted efforts of central bank's with

443

00:21:55,788 --> 00:21:59,329

the approval of seeing your government

444

00:21:57,140 --> 00:22:03,470

officials from around the world to

445

00:21:59,329 --> 00:22:05,779

manipulate national monetary policies so

446

00:22:03,470 --> 00:22:08,890

this is all the central bank's some of

447

00:22:05,779 --> 00:22:13,190

the main central banks of the planet and

448

00:22:08,890 --> 00:22:17,240

guy up goes on to say quote as we shall

449

00:22:13,190 --> 00:22:20,179

see it is almost certainly the case that

450

00:22:17,240 --> 00:22:22,640

these others are a group of nations who

451

00:22:20,179 --> 00:22:26,000

were party to a secret agreement to

452

00:22:22,640 --> 00:22:28,790

exert control over plundered World War

453

00:22:26,000 --> 00:22:31,349

two gold and other assets to ensure

454

00:22:28,789 --> 00:22:33,470

these did not enter the banking system

455

00:22:31,349 --> 00:22:36,629

or otherwise be utilized without

456

00:22:33,470 --> 00:22:39,450

nation's approval so there's a system

457  
00:22:36,630 --> 00:22:41,700  
that is supported by international banks

458  
00:22:39,450 --> 00:22:46,170  
and governments at the highest level

459  
00:22:41,700 --> 00:22:49,830  
that this money is used for covert

460  
00:22:46,170 --> 00:22:51,930  
projects things that the government's in

461  
00:22:49,829 --> 00:22:55,409  
charge of this blackbolt don't want the

462  
00:22:51,930 --> 00:22:57,779  
rest of the world to know about and Diet

463  
00:22:55,410 --> 00:23:00,900  
says that this secret agreement for

464  
00:22:57,779 --> 00:23:03,269  
moving blackballed happened in 1954

465  
00:23:00,900 --> 00:23:05,490  
which is the same year that the

466  
00:23:03,269 --> 00:23:06,900  
Bilderberg Society was created and I'll

467  
00:23:05,490 --> 00:23:09,049  
mention that a little bit more in a

468  
00:23:06,900 --> 00:23:09,050  
moment

469  
00:23:09,470 --> 00:23:15,779  
so guyot goes on to say in the light of

470  
00:23:12,930 --> 00:23:19,500  
the foregoing it is hard not to conclude

471  
00:23:15,779 --> 00:23:22,649  
that some form of secret treaty may well

472  
00:23:19,500 --> 00:23:25,650  
have been signed in 1954 that involved

473  
00:23:22,650 --> 00:23:28,290  
the recovery of world war ii plunder

474  
00:23:25,650 --> 00:23:31,140  
both European and Asian and that a

475  
00:23:28,289 --> 00:23:33,629  
portion of it was subsequently used in

476  
00:23:31,140 --> 00:23:38,220  
US military and intelligence black

477  
00:23:33,630 --> 00:23:40,260  
operations so this is where the

478  
00:23:38,220 --> 00:23:43,110  
Bilderberg Group comes in this is why

479  
00:23:40,259 --> 00:23:47,190  
it's so important because the Bilderberg

480  
00:23:43,109 --> 00:23:49,339  
Group was formed in 1954 and it involved

481  
00:23:47,190 --> 00:23:52,370  
the leading industrialists and

482  
00:23:49,339 --> 00:23:55,649  
politicians from around the world

483  
00:23:52,369 --> 00:23:57,509  
meeting in the Netherlands in the town

484  
00:23:55,650 --> 00:24:00,840  
in the Bilderberg Hotel in the

485

00:23:57,509 --> 00:24:05,670  
Netherlands in 1954 to coordinate

486  
00:24:00,839 --> 00:24:09,059  
international policies on what you might

487  
00:24:05,670 --> 00:24:12,600  
ask we don't know they don't tell us

488  
00:24:09,059 --> 00:24:16,460  
it's all secret so we have to guess and

489  
00:24:12,599 --> 00:24:20,759  
we have to kind of make analytical

490  
00:24:16,460 --> 00:24:23,819  
conclusions or try to reason on the

491  
00:24:20,759 --> 00:24:26,099  
basis of the facts that are known but

492  
00:24:23,819 --> 00:24:28,409  
one of the things that guy it says is

493  
00:24:26,099 --> 00:24:31,409  
that quote whatever else might have

494  
00:24:28,410 --> 00:24:33,450  
happened in 1954 one event cannot be

495  
00:24:31,410 --> 00:24:35,900  
overlooked this was the first ever

496  
00:24:33,450 --> 00:24:40,830  
meeting of the Bilderberg Group during

497  
00:24:35,900 --> 00:24:42,480  
29th to the 31st of May 1954 the first

498  
00:24:40,829 --> 00:24:43,779  
meeting was dominated by American

499  
00:24:42,480 --> 00:24:46,610

British and

500

00:24:43,779 --> 00:24:48,379  
participants who filled 36 of the

501

00:24:46,609 --> 00:24:51,199  
available 67 slots

502

00:24:48,380 --> 00:24:53,000  
interestingly these are the leading or

503

00:24:51,200 --> 00:24:57,500  
worthy leading industrialists and

504

00:24:53,000 --> 00:24:59,809  
politicians of the time so this black

505

00:24:57,500 --> 00:25:03,579  
gold is used for funding worldwide

506

00:24:59,809 --> 00:25:08,089  
projects and they do this by issuing

507

00:25:03,579 --> 00:25:12,740  
these bonds they issued these bonds back

508

00:25:08,089 --> 00:25:15,740  
in the 1930s and 40s and subsequently to

509

00:25:12,740 --> 00:25:18,160  
those who originally had this gold say

510

00:25:15,740 --> 00:25:22,549  
the the Nationalist government of China

511

00:25:18,160 --> 00:25:24,529  
the royal families in in other Asian

512

00:25:22,549 --> 00:25:26,960  
countries who wanted to relocate this

513

00:25:24,529 --> 00:25:29,690  
gold to a safe place in the United

514  
00:25:26,960 --> 00:25:31,549  
States and there are records showing

515  
00:25:29,690 --> 00:25:34,039  
that in fact the large quantities of

516  
00:25:31,549 --> 00:25:36,529  
gold were turned over to the United

517  
00:25:34,039 --> 00:25:41,349  
States to the Federal Reserve System in

518  
00:25:36,529 --> 00:25:44,690  
the 1930s and these bonds were issued

519  
00:25:41,349 --> 00:25:47,990  
against the gold as collateral and in

520  
00:25:44,690 --> 00:25:51,380  
these bonds create you know have

521  
00:25:47,990 --> 00:25:54,170  
deliberate inaccuracies in them and so

522  
00:25:51,380 --> 00:25:57,230  
there's an example of one bond that is a

523  
00:25:54,170 --> 00:25:59,539  
500 million dollar 1934 Federal Reserve

524  
00:25:57,230 --> 00:26:01,849  
Note issued to the original owners of

525  
00:25:59,539 --> 00:26:06,470  
the black hole so this is worth five

526  
00:26:01,849 --> 00:26:09,500  
hundred million dollars that's that's a

527  
00:26:06,470 --> 00:26:13,220  
1934 note and that was issued to the

528  
00:26:09,500 --> 00:26:15,109  
holders of this black bowl so what

529  
00:26:13,220 --> 00:26:17,420  
happens is that these bonds and the

530  
00:26:15,109 --> 00:26:19,819  
black gold becomes something that are

531  
00:26:17,420 --> 00:26:22,880  
highly valued and traded in black

532  
00:26:19,819 --> 00:26:24,799  
markets by those with the funds to be

533  
00:26:22,880 --> 00:26:27,230  
able to invest five hundred million

534  
00:26:24,799 --> 00:26:30,049  
dollars or more in this so what I want

535  
00:26:27,230 --> 00:26:33,620  
to do is play a short video describing

536  
00:26:30,049 --> 00:26:36,889  
one of these incidents in one of these

537  
00:26:33,619 --> 00:26:41,500  
seizures of black gold certificates in

538  
00:26:36,890 --> 00:26:41,500  
Italy from 2009

539  
00:26:50,329 --> 00:26:56,490  
listen to this one and ask yourself why

540  
00:26:53,400 --> 00:27:00,929  
is no one covering this story there is a

541  
00:26:56,490 --> 00:27:03,680  
fake bond scam we think two middle-aged

542

00:27:00,929 --> 00:27:06,939  
Japanese men reportedly caught trying

543  
00:27:03,680 --> 00:27:06,939  
[Music]

544  
00:27:10,819 --> 00:27:16,980  
listen to this one and ask yourself why

545  
00:27:13,890 --> 00:27:21,419  
is no one covering this story there is a

546  
00:27:16,980 --> 00:27:24,179  
fake bond scam we think two middle-aged

547  
00:27:21,419 --> 00:27:26,730  
Japanese men reportedly caught trying to

548  
00:27:24,179 --> 00:27:29,100  
cross from Italy into Switzerland with a

549  
00:27:26,730 --> 00:27:32,099  
hundred and thirty four billion dollars

550  
00:27:29,099 --> 00:27:34,109  
in bonds a hundred and thirty four

551  
00:27:32,099 --> 00:27:36,240  
billion dollars remember that number it

552  
00:27:34,109 --> 00:27:38,069  
presents two possibilities both are

553  
00:27:36,240 --> 00:27:39,990  
really bad either they're fake which

554  
00:27:38,069 --> 00:27:42,089  
means people are trying to flood the

555  
00:27:39,990 --> 00:27:44,490  
market with fake cash and it's probably

556  
00:27:42,089 --> 00:27:46,949

a country doing that because remember

557

00:27:44,490 --> 00:27:49,919

bonds are the same as cash or worse it's

558

00:27:46,950 --> 00:27:52,019

real in some country some sovereign fund

559

00:27:49,919 --> 00:27:54,840

is trying to quietly dump their reserves

560

00:27:52,019 --> 00:27:58,288

it would have to be a country if they're

561

00:27:54,839 --> 00:28:03,689

real because nobody has this much money

562

00:27:58,288 --> 00:28:05,849

that is 1% of our GDP with me now is Joe

563

00:28:03,690 --> 00:28:10,190

Wiesenthal he is a Wiesenthal he is the

564

00:28:05,849 --> 00:28:15,689

editor up so that gives you an idea of

565

00:28:10,190 --> 00:28:18,090

how this currency or this trade with the

566

00:28:15,690 --> 00:28:21,298

with these high denomination bonds

567

00:28:18,089 --> 00:28:24,449

occurs in ways where large amounts of

568

00:28:21,298 --> 00:28:29,190

money are raised through the black

569

00:28:24,450 --> 00:28:30,230

market trade in gold so that's one way

570

00:28:29,190 --> 00:28:32,820

in which there is international

571  
00:28:30,230 --> 00:28:37,740  
coordination so that there can be enough

572  
00:28:32,819 --> 00:28:39,389  
money for those nations that have

573  
00:28:37,740 --> 00:28:43,159  
created projects to deal with

574  
00:28:39,390 --> 00:28:45,270  
extraterrestrial life can do so without

575  
00:28:43,159 --> 00:28:48,990  
Parliament's and the media learning

576  
00:28:45,269 --> 00:28:52,769  
about where the money is going another

577  
00:28:48,990 --> 00:28:55,950  
important case is this incident

578  
00:28:52,769 --> 00:28:59,339  
concerning shoot to kill orders or

579  
00:28:55,950 --> 00:29:04,590  
orders that were issued in the 1950s

580  
00:28:59,339 --> 00:29:07,039  
that NATO nations and of course the US

581  
00:29:04,589 --> 00:29:11,339  
Air Force pilots were instructed to

582  
00:29:07,039 --> 00:29:12,960  
shoot at UFOs to shoot at these to try

583  
00:29:11,339 --> 00:29:15,329  
to shoot some of them down so that they

584  
00:29:12,960 --> 00:29:19,140  
could retrieve the technology and is a

585  
00:29:15,329 --> 00:29:21,539  
very interesting case that was mentioned

586  
00:29:19,140 --> 00:29:23,700  
yesterday by Joanna and I'll just

587  
00:29:21,539 --> 00:29:26,250  
elaborate a little on that which is the

588  
00:29:23,700 --> 00:29:29,670  
Milton tourist case who he was stationed

589  
00:29:26,250 --> 00:29:34,289  
in 1957 in England and he was ordered to

590  
00:29:29,670 --> 00:29:38,039  
fire a full salvo of 24 missiles he's uh

591  
00:29:34,289 --> 00:29:40,529  
his jet that Sabre jet there that had 24

592  
00:29:38,039 --> 00:29:43,920  
missiles on it and he was ordered to

593  
00:29:40,529 --> 00:29:46,889  
fire all of those missiles at a UFO

594  
00:29:43,920 --> 00:29:49,860  
mothership that that was a very large

595  
00:29:46,890 --> 00:29:52,020  
craft similar to the photo I showed you

596  
00:29:49,859 --> 00:29:54,119  
earlier by George Adamski well you had

597  
00:29:52,019 --> 00:29:56,910  
the mothership and then you had the five

598  
00:29:54,119 --> 00:29:59,939  
Scout craft or smaller objects emerging

599

00:29:56,910 --> 00:30:03,570  
from it that Taurus was ordered by

600  
00:29:59,940 --> 00:30:07,710  
superiors to foot to firing on that so

601  
00:30:03,569 --> 00:30:11,819  
after looking on that he performed a

602  
00:30:07,710 --> 00:30:14,039  
radar lock on that UFO he failed to fire

603  
00:30:11,819 --> 00:30:18,240  
the missiles so he returned to the base

604  
00:30:14,039 --> 00:30:20,519  
amidst debriefed to keep silent about

605  
00:30:18,240 --> 00:30:23,190  
the incident so just want to play

606  
00:30:20,519 --> 00:30:26,779  
another video clip which gives a little

607  
00:30:23,190 --> 00:30:26,779  
more information about it

608  
00:30:38,140 --> 00:30:42,409  
over 40 years ago

609  
00:30:40,130 --> 00:30:44,720  
Kendall resident Milton Torres says he

610  
00:30:42,409 --> 00:30:47,480  
had a close encounter that all started

611  
00:30:44,720 --> 00:30:49,460  
with this command scramble Torres and

612  
00:30:47,480 --> 00:30:52,250  
Air Force fighter pilot jumped into his

613  
00:30:49,460 --> 00:30:54,740

f-86 Sabre jet within two minutes were

614

00:30:52,250 --> 00:30:57,140

airborne he was flying from an airfield

615

00:30:54,740 --> 00:30:59,419

in Kent England headed for a target over

616

00:30:57,140 --> 00:31:01,100

East Anglia they also said that this

617

00:30:59,419 --> 00:31:04,580

would be an active fire mission that was

618

00:31:01,099 --> 00:31:06,619

like 24 rockets when Tour's looked down

619

00:31:04,579 --> 00:31:08,720

into his radar he was approaching what

620

00:31:06,619 --> 00:31:12,589

looked like an aircraft carrier in the

621

00:31:08,720 --> 00:31:14,538

sky it was a big blip if I locked on I

622

00:31:12,589 --> 00:31:19,129

had an overtake speed everything was

623

00:31:14,538 --> 00:31:22,129

going fine and about 20 seconds to go

624

00:31:19,130 --> 00:31:24,950

the circle starts shrinking was the next

625

00:31:22,130 --> 00:31:28,549

thing I know it was gone he disappeared

626

00:31:24,950 --> 00:31:30,980

he just took off Torres estimates the

627

00:31:28,548 --> 00:31:34,119

unknown aircraft had to be going Mach 10

628  
00:31:30,980 --> 00:31:36,740  
maybe five thousand miles per hour in

629  
00:31:34,119 --> 00:31:39,259  
1957 nothing went that fast

630  
00:31:36,740 --> 00:31:41,690  
nothing does now back at the base his

631  
00:31:39,259 --> 00:31:44,269  
commanders had no answers they told me

632  
00:31:41,690 --> 00:31:45,980  
that we don't know what happened we know

633  
00:31:44,269 --> 00:31:49,279  
he's officer who went off the scope

634  
00:31:45,980 --> 00:31:51,620  
completely Taurus says it was cloudy but

635  
00:31:49,279 --> 00:31:53,960  
there is no way the US military was

636  
00:31:51,619 --> 00:31:57,079  
stuck in the twilight zone that night my

637  
00:31:53,960 --> 00:32:00,590  
wingman's my radar my radar and the

638  
00:31:57,079 --> 00:32:01,579  
ground radar together three different

639  
00:32:00,589 --> 00:32:03,589  
radars

640  
00:32:01,579 --> 00:32:05,538  
known the incident was recently

641  
00:32:03,589 --> 00:32:07,369  
Declassified by the British Ministry of

642  
00:32:05,538 --> 00:32:09,859  
Defence and posted online

643  
00:32:07,369 --> 00:32:11,418  
the documents only tell Torres's version

644  
00:32:09,859 --> 00:32:14,359  
of the story which were sent to the

645  
00:32:11,419 --> 00:32:16,190  
department in 1988 the retired air man

646  
00:32:14,359 --> 00:32:18,859  
who holds three degrees and taught

647  
00:32:16,190 --> 00:32:20,929  
engineering at FIU never heard back to

648  
00:32:18,859 --> 00:32:23,418  
this day you think that it was a UFO oh

649  
00:32:20,929 --> 00:32:25,309  
absolutely the day after the mission

650  
00:32:23,419 --> 00:32:27,620  
tourist says he was debriefed by a u.s.

651  
00:32:25,308 --> 00:32:29,029  
civilian at the airfield who told him

652  
00:32:27,619 --> 00:32:31,219  
the mission was considered highly

653  
00:32:29,029 --> 00:32:33,710  
classified and if he ever mentioned it

654  
00:32:31,220 --> 00:32:36,740  
again you will not be flying our plants

655  
00:32:33,710 --> 00:32:38,990  
anymore Taurus thinks the flying saucer

656

00:32:36,740 --> 00:32:41,359  
his radar picked up was on a mission of

657  
00:32:38,990 --> 00:32:43,069  
its own he was not looking around for

658  
00:32:41,359 --> 00:32:50,449  
something he was he was there for a

659  
00:32:43,069 --> 00:32:54,558  
reason so there you have a case of where

660  
00:32:50,450 --> 00:32:57,130  
a US Air Force pilot was told to shoot

661  
00:32:54,558 --> 00:32:59,779  
down one of these UFOs and it was a

662  
00:32:57,130 --> 00:33:02,600  
aircraft carrier size so we're talking

663  
00:32:59,779 --> 00:33:07,279  
about a mothership something very large

664  
00:33:02,599 --> 00:33:11,329  
indeed in his book need to know Timothy

665  
00:33:07,279 --> 00:33:13,158  
good describes many incidents similar to

666  
00:33:11,329 --> 00:33:18,048  
this where pilots were ordered to shoot

667  
00:33:13,159 --> 00:33:20,630  
down or shoot at UFOs in the 1950s and

668  
00:33:18,048 --> 00:33:24,200  
he also says that in the 1950s there

669  
00:33:20,630 --> 00:33:27,289  
were many many cases of where US

670  
00:33:24,200 --> 00:33:29,630

aircraft and NATO aircraft never

671

00:33:27,288 --> 00:33:33,319

returned that they were given orders to

672

00:33:29,630 --> 00:33:34,220

shoot at these UFOs and after ordering

673

00:33:33,319 --> 00:33:36,048

the engagement

674

00:33:34,220 --> 00:33:38,750

many of these simply returned now

675

00:33:36,048 --> 00:33:40,970

whether the UFOs were directly

676

00:33:38,750 --> 00:33:42,829

retaliating or whether there was some

677

00:33:40,970 --> 00:33:45,890

sort of interference as they got close

678

00:33:42,829 --> 00:33:47,779

to your foes we don't know but these

679

00:33:45,890 --> 00:33:51,140

shoot to kill orders led to many

680

00:33:47,779 --> 00:33:53,000

casualties we don't know how many of the

681

00:33:51,140 --> 00:33:58,340

UFOs were shot down but we do know that

682

00:33:53,000 --> 00:34:00,890

some have been so so that's been one of

683

00:33:58,339 --> 00:34:05,089

the policies by the governments of the

684

00:34:00,890 --> 00:34:09,200

world to coordinate in creating funding

685  
00:34:05,089 --> 00:34:11,119  
for various projects and to also try to

686  
00:34:09,199 --> 00:34:13,098  
aggressively engage with

687  
00:34:11,119 --> 00:34:14,690  
extraterrestrials but there have been

688  
00:34:13,099 --> 00:34:18,169  
other policies as well

689  
00:34:14,690 --> 00:34:21,039  
concerning governments responding to the

690  
00:34:18,168 --> 00:34:23,779  
extra-terrestrial presence visiting us

691  
00:34:21,039 --> 00:34:25,639  
well what about the question well if

692  
00:34:23,780 --> 00:34:29,510  
they're visiting us in flying saucers

693  
00:34:25,639 --> 00:34:31,579  
do they ever land do they get out do

694  
00:34:29,510 --> 00:34:33,649  
they walk amongst us it's logical right

695  
00:34:31,579 --> 00:34:36,199  
if they're visiting maybe they walk

696  
00:34:33,648 --> 00:34:38,329  
around us maybe they look like some of

697  
00:34:36,199 --> 00:34:41,329  
us maybe there are some sitting in the

698  
00:34:38,329 --> 00:34:44,588  
audience look to the person next to you

699  
00:34:41,329 --> 00:34:44,588  
you sure they're from this world

700  
00:34:45,940 --> 00:34:52,539  
well this was a serious problem

701  
00:34:48,659 --> 00:34:53,889  
according to NATO this was a very

702  
00:34:52,539 --> 00:34:56,379  
important problem and so they actually

703  
00:34:53,889 --> 00:34:59,019  
commissioned a study of this phenomenon

704  
00:34:56,378 --> 00:35:01,210  
how do we know while one man Robert Dean

705  
00:34:59,019 --> 00:35:03,489  
he worked as a command sergeant major

706  
00:35:01,210 --> 00:35:07,210  
NATO's supreme headquarters for the

707  
00:35:03,489 --> 00:35:09,098  
Allied powers in Europe and he worked in

708  
00:35:07,210 --> 00:35:12,548  
Paris and then moved to Brussels when

709  
00:35:09,099 --> 00:35:16,210  
NATO moved in that in the 1964 he says

710  
00:35:12,548 --> 00:35:19,480  
that he saw a report a NATO report

711  
00:35:16,210 --> 00:35:21,429  
called the assessment where it described

712  
00:35:19,480 --> 00:35:23,130  
human-looking extraterrestrials who

713

00:35:21,429 --> 00:35:26,048  
could infiltrate government military

714  
00:35:23,130 --> 00:35:28,059  
institutions and human society fancy

715  
00:35:26,048 --> 00:35:31,960  
that did you know that did you know that

716  
00:35:28,059 --> 00:35:33,640  
NATO commissioned the study on human

717  
00:35:31,960 --> 00:35:36,068  
looking extraterrestrials that could

718  
00:35:33,639 --> 00:35:37,929  
infiltrate NATO and walk in the

719  
00:35:36,068 --> 00:35:40,960  
corridors of NATO looking like a general

720  
00:35:37,929 --> 00:35:42,759  
or a captain you didn't know many people

721  
00:35:40,960 --> 00:35:45,039  
don't know well this is what Robert Dean

722  
00:35:42,760 --> 00:35:47,760  
said actually happened and he said that

723  
00:35:45,039 --> 00:35:51,250  
this posed the security dilemma tornado

724  
00:35:47,760 --> 00:35:54,520  
that was really greatly disturbing to

725  
00:35:51,250 --> 00:35:57,278  
senior officials so what did the NATO

726  
00:35:54,519 --> 00:36:01,690  
assessment say this is what Dean says

727  
00:35:57,278 --> 00:36:04,389

quote there was a human group that

728

00:36:01,690 --> 00:36:06,159

looked so much like us that they really

729

00:36:04,389 --> 00:36:08,920

drove the Admirals and the generals

730

00:36:06,159 --> 00:36:11,469

crazy because they determined that these

731

00:36:08,920 --> 00:36:15,369

people and they had seen them repeatedly

732

00:36:11,469 --> 00:36:18,969

they had had contact with them these

733

00:36:15,369 --> 00:36:21,548

people look so much like us they could

734

00:36:18,969 --> 00:36:24,788

sit next to you on a plane or in a

735

00:36:21,548 --> 00:36:25,989

restaurant or in a conference and you'd

736

00:36:24,789 --> 00:36:28,900

never know the difference

737

00:36:25,989 --> 00:36:31,629

and being military and being primarily

738

00:36:28,900 --> 00:36:34,599

paranoid that bothered the generals and

739

00:36:31,630 --> 00:36:36,730

the Admirals a little bit that the fact

740

00:36:34,599 --> 00:36:39,400

that these intelligent entities could be

741

00:36:36,730 --> 00:36:42,099

involved with us walking up and down the

742  
00:36:39,400 --> 00:36:44,858  
corridors of shape walking down the

743  
00:36:42,099 --> 00:36:47,200  
corridors of the Pentagon my god it even

744  
00:36:44,858 --> 00:36:52,000  
dawned on a couple of them that these

745  
00:36:47,199 --> 00:36:54,548  
guys could even be in the White House so

746  
00:36:52,000 --> 00:36:56,199  
the military were really worried and

747  
00:36:54,548 --> 00:36:58,539  
they commissioned the secret study on

748  
00:36:56,199 --> 00:37:02,899  
this NATO

749  
00:36:58,539 --> 00:37:06,469  
is the Czech Republic part of NATO now I

750  
00:37:02,900 --> 00:37:09,769  
don't know yes okay maybe some of your

751  
00:37:06,469 --> 00:37:12,169  
generals have seen this report how do we

752  
00:37:09,769 --> 00:37:14,780  
know this is really happening well

753  
00:37:12,170 --> 00:37:17,000  
there's more evidence there's this very

754  
00:37:14,780 --> 00:37:21,369  
famous case in Italy called the amici

755  
00:37:17,000 --> 00:37:24,800  
Xia or friendship case and that involved

756  
00:37:21,369 --> 00:37:28,460  
ongoing physical contact between human

757  
00:37:24,800 --> 00:37:32,150  
looking extraterrestrials and ordinary

758  
00:37:28,460 --> 00:37:34,250  
civilians up to as many as 100 mainly

759  
00:37:32,150 --> 00:37:37,360  
from Italy but also from Germany and

760  
00:37:34,250 --> 00:37:39,920  
other European countries and they looked

761  
00:37:37,360 --> 00:37:42,950  
these extra treasures looked so much

762  
00:37:39,920 --> 00:37:45,349  
like humans and they were based in

763  
00:37:42,949 --> 00:37:50,419  
underground bases in Italy and under the

764  
00:37:45,349 --> 00:37:53,269  
Adriatic and this case was revealed in

765  
00:37:50,420 --> 00:37:56,750  
2008 by an Italian researcher Stefano

766  
00:37:53,269 --> 00:38:00,139  
Brescia in his book mass contact and it

767  
00:37:56,750 --> 00:38:03,230  
was translated into English in 2009 so

768  
00:38:00,139 --> 00:38:08,809  
that's the book and basically this is

769  
00:38:03,230 --> 00:38:11,599  
when this case became known widely the

770

00:38:08,809 --> 00:38:16,849  
origins of the friendship case began in

771  
00:38:11,599 --> 00:38:19,009  
1956 when this Italian research very

772  
00:38:16,849 --> 00:38:21,739  
well-known I believe he was an engineer

773  
00:38:19,010 --> 00:38:24,109  
very highly educated said that he and

774  
00:38:21,739 --> 00:38:26,358  
two friends met with two mysterious

775  
00:38:24,108 --> 00:38:29,059  
individuals who said that they were

776  
00:38:26,358 --> 00:38:31,219  
extraterrestrials one was over eight

777  
00:38:29,059 --> 00:38:34,699  
foot tall while the other was just over

778  
00:38:31,219 --> 00:38:37,309  
three foot so here you have some atresia

779  
00:38:34,699 --> 00:38:39,319  
and his two friends meeting with these

780  
00:38:37,309 --> 00:38:41,480  
two extraterrestrials here's the eight

781  
00:38:39,320 --> 00:38:43,640  
foot one obviously and here's the other

782  
00:38:41,480 --> 00:38:46,190  
one walking with his friend who was only

783  
00:38:43,639 --> 00:38:49,309  
three foot tall but looking you know

784  
00:38:46,190 --> 00:38:53,570

like a human just one's very tall and

785

00:38:49,309 --> 00:38:55,880

one's very short some are chicha and his

786

00:38:53,570 --> 00:38:57,559

friends initially skeptical were

787

00:38:55,880 --> 00:39:00,019

eventually taken into a large

788

00:38:57,559 --> 00:39:02,719

underground base where they saw more of

789

00:39:00,019 --> 00:39:05,690

the alleged extraterrestrials they also

790

00:39:02,719 --> 00:39:07,429

saw their children being educated some

791

00:39:05,690 --> 00:39:10,730

of their advanced technologies they use

792

00:39:07,429 --> 00:39:11,419

and their spaceships finally convinced

793

00:39:10,730 --> 00:39:12,949

that they were

794

00:39:11,420 --> 00:39:15,740

having physical contact with

795

00:39:12,949 --> 00:39:17,808

extraterrestrials summer teacher and his

796

00:39:15,739 --> 00:39:21,318

friends began to help the

797

00:39:17,809 --> 00:39:23,660

extraterrestrials they began with

798

00:39:21,318 --> 00:39:26,420

material support by arranging for

799  
00:39:23,659 --> 00:39:29,779  
truckloads of fruit food and other

800  
00:39:26,420 --> 00:39:32,358  
material to be transported and unloaded

801  
00:39:29,780 --> 00:39:34,790  
at an extraterrestrial base eventually

802  
00:39:32,358 --> 00:39:37,548  
two truckloads of supplies were being

803  
00:39:34,789 --> 00:39:40,670  
delivered every month to bases in

804  
00:39:37,548 --> 00:39:45,108  
different regions of Italy where summer

805  
00:39:40,670 --> 00:39:47,960  
teacher and his assistants lived every

806  
00:39:45,108 --> 00:39:50,568  
month two truckloads of food and

807  
00:39:47,960 --> 00:39:54,500  
supplies being delivered to

808  
00:39:50,568 --> 00:39:58,000  
extraterrestrial bases somewhere in

809  
00:39:54,500 --> 00:40:01,130  
Italy well the obvious question is

810  
00:39:58,000 --> 00:40:02,838  
wouldn't the authorities of now wouldn't

811  
00:40:01,130 --> 00:40:04,640  
the police or the military have known

812  
00:40:02,838 --> 00:40:06,920  
wouldn't they have stopped it wouldn't

813  
00:40:04,639 --> 00:40:10,308  
they have tried to go in there and find

814  
00:40:06,920 --> 00:40:14,480  
out what these beings were doing well we

815  
00:40:10,309 --> 00:40:16,548  
find out that that's indeed that this

816  
00:40:14,480 --> 00:40:18,980  
was indeed known to the Italian

817  
00:40:16,548 --> 00:40:20,829  
authorities but first what evidence was

818  
00:40:18,980 --> 00:40:23,869  
there that this was actually happening

819  
00:40:20,829 --> 00:40:25,250  
well there's much physical evidence in

820  
00:40:23,869 --> 00:40:28,760  
the form of photographs there were many

821  
00:40:25,250 --> 00:40:31,159  
photographs taken of the craft that were

822  
00:40:28,760 --> 00:40:32,720  
flown by the extraterrestrials so here

823  
00:40:31,159 --> 00:40:34,639  
you have some photographs that were

824  
00:40:32,719 --> 00:40:37,459  
taken these are very some of them date

825  
00:40:34,639 --> 00:40:40,250  
from the 1950s and the 1960s very old

826  
00:40:37,460 --> 00:40:43,220  
photographs and this is a photo of one

827

00:40:40,250 --> 00:40:44,960  
of these allegedly one of these

828  
00:40:43,219 --> 00:40:46,489  
extraterrestrials again very human

829  
00:40:44,960 --> 00:40:51,349  
looking but he's supposed to be about

830  
00:40:46,489 --> 00:40:54,409  
eight foot tall a movie or documentary

831  
00:40:51,349 --> 00:40:57,700  
was made about this case and so let me

832  
00:40:54,409 --> 00:40:57,699  
just run that for you

833  
00:41:01,269 --> 00:41:14,750  
this was one in Italy in it it was done

834  
00:41:05,059 --> 00:41:16,480  
in Italian just showing some which says

835  
00:41:14,750 --> 00:41:19,088  
after 30 years

836  
00:41:16,480 --> 00:41:21,389  
silence now the truth is coming out by

837  
00:41:19,088 --> 00:41:24,500  
these witnesses

838  
00:41:21,389 --> 00:41:27,440  
and they're looking at the film evidence

839  
00:41:24,500 --> 00:41:30,608  
[Music]

840  
00:41:27,440 --> 00:41:30,608  
sometimes they speak

841  
00:41:33,050 --> 00:41:37,330

really

842

00:41:34,920 --> 00:41:39,019  
Summa to Shelly's friends

843

00:41:37,329 --> 00:41:42,759  
[Music]

844

00:41:39,019 --> 00:41:42,759  
over a hundred people were involved

845

00:41:47,929 --> 00:41:50,980  
and of course you have to fill

846

00:41:59,239 --> 00:42:04,500  
so this coffee maker goes for about an

847

00:42:01,769 --> 00:42:06,838  
hour and you can find it online and

848

00:42:04,500 --> 00:42:09,989  
Google just typing are much easier and

849

00:42:06,838 --> 00:42:11,759  
you'll find it well the interesting

850

00:42:09,989 --> 00:42:14,368  
thing here is that there were senior

851

00:42:11,760 --> 00:42:15,750  
Italian diplomats and military involved

852

00:42:14,369 --> 00:42:19,440  
in the a much easier case they were

853

00:42:15,750 --> 00:42:23,780  
being briefed that in the 22 years that

854

00:42:19,440 --> 00:42:29,068  
the friendship case lasted from 1956 to

855

00:42:23,780 --> 00:42:32,130  
1978 many of senior officials met here's

856  
00:42:29,068 --> 00:42:33,480  
one of them an Italian console Alberto

857  
00:42:32,130 --> 00:42:36,390  
Parreira he met with the

858  
00:42:33,480 --> 00:42:38,730  
extraterrestrials and over all over more

859  
00:42:36,389 --> 00:42:41,039  
than a hundred people met with them so

860  
00:42:38,730 --> 00:42:42,750  
you asked the question well if two

861  
00:42:41,039 --> 00:42:44,639  
truckloads of supplies were being

862  
00:42:42,750 --> 00:42:47,760  
delivered to this extraterrestrial base

863  
00:42:44,639 --> 00:42:50,308  
in Italy why didn't the authorities do

864  
00:42:47,760 --> 00:42:52,530  
anything the authorities were conducting

865  
00:42:50,309 --> 00:42:53,760  
surveillance intelligence they were

866  
00:42:52,530 --> 00:42:56,339  
wanting to find out what the

867  
00:42:53,760 --> 00:42:58,800  
extraterrestrials were doing or maybe

868  
00:42:56,338 --> 00:43:01,980  
and think about this this is an

869  
00:42:58,800 --> 00:43:05,309  
interesting possibility maybe they saw

870  
00:43:01,980 --> 00:43:07,199  
the extraterrestrials as allies maybe

871  
00:43:05,309 --> 00:43:09,869  
there were an insurance policy against

872  
00:43:07,199 --> 00:43:14,489  
something else that maybe was more of a

873  
00:43:09,869 --> 00:43:16,559  
threat interesting possibility Italian

874  
00:43:14,489 --> 00:43:20,789  
military authorities and NATO closely

875  
00:43:16,559 --> 00:43:23,640  
monitor at all times so this was so

876  
00:43:20,789 --> 00:43:27,239  
while there were some policies of

877  
00:43:23,639 --> 00:43:31,730  
shooting down UFOs at the same time

878  
00:43:27,239 --> 00:43:31,729  
there was a policy of monitoring

879  
00:43:31,940 --> 00:43:36,659  
extraterrestrials in some basis well you

880  
00:43:34,318 --> 00:43:39,000  
might think well why is that why would

881  
00:43:36,659 --> 00:43:41,219  
you shoot at extraterrestrials flying in

882  
00:43:39,000 --> 00:43:43,710  
the sky or the pilots to shoot at them

883  
00:43:41,219 --> 00:43:45,899  
and at the same time you're allowing

884

00:43:43,710 --> 00:43:47,400  
your citizens to deliver truckloads of

885  
00:43:45,900 --> 00:43:50,700  
food and supplies to the

886  
00:43:47,400 --> 00:43:52,769  
extraterrestrials well maybe these ones

887  
00:43:50,699 --> 00:43:54,689  
were friendly maybe the ones they were

888  
00:43:52,769 --> 00:43:58,199  
shooting at maybe they didn't consider

889  
00:43:54,690 --> 00:43:59,818  
them friendly interesting possibility so

890  
00:43:58,199 --> 00:44:02,639  
they've been some international

891  
00:43:59,818 --> 00:44:04,259  
initiatives dealing with these

892  
00:44:02,639 --> 00:44:06,568  
extraterrestrial of I've covered some

893  
00:44:04,260 --> 00:44:10,770  
I'm going to go through this pretty

894  
00:44:06,568 --> 00:44:13,139  
quickly because Robert Fleischer again

895  
00:44:10,769 --> 00:44:16,349  
did an excellent job in in discovering

896  
00:44:13,139 --> 00:44:19,409  
covering some of these cases so Eric

897  
00:44:16,349 --> 00:44:23,059  
gairy as Robert mentioned was the

898  
00:44:19,409 --> 00:44:26,308

principal figure in the United Nations

899

00:44:23,059 --> 00:44:28,950

adopting an important piece of

900

00:44:26,309 --> 00:44:34,380

legislation at a General Assembly

901

00:44:28,949 --> 00:44:36,929

decision 33 42 6 and Robert went over

902

00:44:34,380 --> 00:44:39,269

that yesterday so I won't go over that

903

00:44:36,929 --> 00:44:40,318

again won't repeat that but what I want

904

00:44:39,268 --> 00:44:46,169

to give you a little bit of information

905

00:44:40,318 --> 00:44:48,088

on is what it is so Eric gairy why he

906

00:44:46,170 --> 00:44:50,670

was motivated to do this what did he

907

00:44:48,088 --> 00:44:53,429

just have a dream did he have a sighting

908

00:44:50,670 --> 00:44:56,809

of a UFO why did he all of a sudden when

909

00:44:53,429 --> 00:45:01,528

he became prime minister of Grenada in

910

00:44:56,809 --> 00:45:04,380

1974 why did he want to have his country

911

00:45:01,528 --> 00:45:06,119

be the sponsor of something that the

912

00:45:04,380 --> 00:45:09,150

world thought was ridiculous why was

913  
00:45:06,119 --> 00:45:13,528  
this why would a man risk this I want to

914  
00:45:09,150 --> 00:45:20,960  
explain why he had a secret so Eric

915  
00:45:13,528 --> 00:45:23,759  
gairy when he was deposed in 1979 he

916  
00:45:20,960 --> 00:45:25,079  
lived in New York City for a period of

917  
00:45:23,759 --> 00:45:28,740  
time and then he went to San Diego

918  
00:45:25,079 --> 00:45:31,920  
California and then he met a UFO

919  
00:45:28,739 --> 00:45:36,568  
researcher Wesley Bateman where he

920  
00:45:31,920 --> 00:45:39,659  
actually told Bateman why he sponsored

921  
00:45:36,568 --> 00:45:42,750  
this movement this initiative at the

922  
00:45:39,659 --> 00:45:45,838  
United Nations so that's so Eric there

923  
00:45:42,750 --> 00:45:48,989  
and this is what sir Eric said was his

924  
00:45:45,838 --> 00:45:51,599  
secret it was during a late evening at

925  
00:45:48,989 --> 00:45:56,038  
this nightclub after he became prime

926  
00:45:51,599 --> 00:45:58,380  
minister in 1974 that a fisherman from

927  
00:45:56,039 --> 00:46:00,809  
the North East Coast of Grenada came to

928  
00:45:58,380 --> 00:46:03,838  
him with a story that would change his

929  
00:46:00,809 --> 00:46:05,849  
life forever within minutes of hearing

930  
00:46:03,838 --> 00:46:08,038  
the fisherman story he put together a

931  
00:46:05,849 --> 00:46:10,048  
group of people he trusted a small

932  
00:46:08,039 --> 00:46:11,970  
military unit with two trucks and a

933  
00:46:10,048 --> 00:46:15,150  
photographer and they went to a beach

934  
00:46:11,969 --> 00:46:18,149  
something like this this is a beach in

935  
00:46:15,150 --> 00:46:20,009  
Grenada where there was some wreckage so

936  
00:46:18,150 --> 00:46:22,710  
so Eric went there to investigate the

937  
00:46:20,009 --> 00:46:24,579  
wreckage that this fisherman told him

938  
00:46:22,710 --> 00:46:26,949  
about

939  
00:46:24,579 --> 00:46:33,819  
and if the wreckage was covered by some

940  
00:46:26,949 --> 00:46:36,250  
top Kaba the top was revealed to was

941

00:46:33,820 --> 00:46:38,320  
removed to reveal a giant human body

942  
00:46:36,250 --> 00:46:39,250  
that was between 7 and 1/2 foot to 8

943  
00:46:38,320 --> 00:46:42,309  
feet in length

944  
00:46:39,250 --> 00:46:44,590  
fancy that eight foot wasn't that the

945  
00:46:42,309 --> 00:46:47,289  
height of this other extraterrestrial in

946  
00:46:44,590 --> 00:46:49,150  
the amateur case 8 foot while it's

947  
00:46:47,289 --> 00:46:50,949  
interesting isn't it one of the

948  
00:46:49,150 --> 00:46:53,110  
fishermen directed dr. Gary's attention

949  
00:46:50,949 --> 00:46:55,719  
to the fact that the body had six

950  
00:46:53,110 --> 00:47:00,880  
fingers on each hand the body appeared

951  
00:46:55,719 --> 00:47:03,579  
to be of a white skin man with with long

952  
00:47:00,880 --> 00:47:06,160  
white braided hair so Eric had concluded

953  
00:47:03,579 --> 00:47:08,710  
that he and his group were looking at an

954  
00:47:06,159 --> 00:47:11,559  
extraterrestrial the alien was dressed

955  
00:47:08,710 --> 00:47:14,740

in a skin-tight one-piece dark blue suit

956

00:47:11,559 --> 00:47:16,840

the footwear was attached dr. Gary said

957

00:47:14,739 --> 00:47:18,579

that one could stretch the alien suit to

958

00:47:16,840 --> 00:47:20,829

about two feet from the body after

959

00:47:18,579 --> 00:47:22,960

releasing the material it would slowly

960

00:47:20,829 --> 00:47:25,090

return to its original position on the

961

00:47:22,960 --> 00:47:31,119

body and during the course of it doing

962

00:47:25,090 --> 00:47:36,370

so emitted a low audible humming sound

963

00:47:31,119 --> 00:47:39,789

as the Sun rose it became evident to see

964

00:47:36,369 --> 00:47:44,409

Eric and he's excited group that the

965

00:47:39,789 --> 00:47:50,820

beach was covered by metal wreckage of

966

00:47:44,409 --> 00:47:53,349

various sizes so it looks like this UFO

967

00:47:50,820 --> 00:47:57,690

if it was indeed a UFO and

968

00:47:53,349 --> 00:48:00,819

extraterrestrial it had crashed maybe

969

00:47:57,690 --> 00:48:05,800

the American military got lucky

970  
00:48:00,820 --> 00:48:08,830  
maybe they shut this one down but

971  
00:48:05,800 --> 00:48:11,560  
whatever the origin whatever it was that

972  
00:48:08,829 --> 00:48:13,779  
caused that UFO to crash if it was a UFO

973  
00:48:11,559 --> 00:48:16,710  
and an extraterrestrial say Eric

974  
00:48:13,780 --> 00:48:20,050  
believed it was an extraterrestrial and

975  
00:48:16,710 --> 00:48:22,840  
the material the body that was the

976  
00:48:20,050 --> 00:48:24,640  
material on the suit wasn't something

977  
00:48:22,840 --> 00:48:27,850  
that from this world he could stretch it

978  
00:48:24,639 --> 00:48:32,289  
out two feet and it would slowly go back

979  
00:48:27,849 --> 00:48:35,139  
to the original position that's not any

980  
00:48:32,289 --> 00:48:37,090  
human material we know of so I can

981  
00:48:35,139 --> 00:48:39,279  
understand why Sir Eric thought this was

982  
00:48:37,090 --> 00:48:43,670  
an extraterrestrial

983  
00:48:39,280 --> 00:48:45,560  
maybe you think he was right but this is

984  
00:48:43,670 --> 00:48:50,420  
why Sir Eric went to the United Nations

985  
00:48:45,559 --> 00:48:54,769  
to sponsor his UN initiative so after he

986  
00:48:50,420 --> 00:48:58,250  
had the UN initiative passed in 1978

987  
00:48:54,769 --> 00:49:00,800  
there's Robert explain sir Eric

988  
00:48:58,250 --> 00:49:03,800  
travelled he was still Prime Minister he

989  
00:49:00,800 --> 00:49:06,850  
traveled to New York City on March 12 as

990  
00:49:03,800 --> 00:49:09,620  
Prime Minister of Granada to meet with

991  
00:49:06,849 --> 00:49:11,029  
Secretary General Kurt Waldheim to talk

992  
00:49:09,619 --> 00:49:15,949  
about extraterrestrial life and

993  
00:49:11,030 --> 00:49:17,900  
technology so he was Prime Minister when

994  
00:49:15,949 --> 00:49:20,419  
he got on the plane he arrived in New

995  
00:49:17,900 --> 00:49:23,050  
York City he was Prime Minister he was

996  
00:49:20,420 --> 00:49:26,809  
going to see the secretary-general as

997  
00:49:23,050 --> 00:49:29,480  
Prime Minister of Grenada that day then

998

00:49:26,809 --> 00:49:33,199  
he is told at some point the State

999  
00:49:29,480 --> 00:49:34,909  
Department the US State Department the

1000  
00:49:33,199 --> 00:49:37,969  
Security Service has come and visit him

1001  
00:49:34,909 --> 00:49:41,359  
and tell him that he has been deposed he

1002  
00:49:37,969 --> 00:49:43,489  
is no longer prime minister of Grenada

1003  
00:49:41,360 --> 00:49:48,800  
and he was taken into protective custody

1004  
00:49:43,489 --> 00:49:51,439  
and so Sir Eric told bateman quote

1005  
00:49:48,800 --> 00:49:53,750  
although the alien body was really my

1006  
00:49:51,440 --> 00:49:58,730  
only reason for arranging a one-on-one

1007  
00:49:53,750 --> 00:49:59,840  
talk with with him Kurt Waldheim he only

1008  
00:49:58,730 --> 00:50:01,099  
wanted to tell him about the

1009  
00:49:59,840 --> 00:50:05,300  
extra-terrestrial that he had discovered

1010  
00:50:01,099 --> 00:50:08,170  
and maybe he knew that NATO or the US

1011  
00:50:05,300 --> 00:50:10,490  
was shooting down extraterrestrial ships

1012  
00:50:08,170 --> 00:50:16,579

maybe he wanted to reveal that we don't

1013

00:50:10,489 --> 00:50:18,679

know he continues I was emotionally

1014

00:50:16,579 --> 00:50:20,329

reacting to the rebellion and I knew I

1015

00:50:18,679 --> 00:50:21,859

could not prove the story unless I was

1016

00:50:20,329 --> 00:50:25,639

back in Grenada and personally showed

1017

00:50:21,860 --> 00:50:28,309

him the alien body so Bateman knew now

1018

00:50:25,639 --> 00:50:29,059

the interesting thing was was this

1019

00:50:28,309 --> 00:50:31,730

coincidence

1020

00:50:29,059 --> 00:50:33,889

was he just unlucky one day his prime

1021

00:50:31,730 --> 00:50:35,150

minister going to see the

1022

00:50:33,889 --> 00:50:38,900

secretary-general of the United Nations

1023

00:50:35,150 --> 00:50:40,430

to tell him about extraterrestrials and

1024

00:50:38,900 --> 00:50:41,900

that he had a body of an

1025

00:50:40,429 --> 00:50:44,480

extraterrestrial in Grenada that he

1026

00:50:41,900 --> 00:50:48,019

wanted the secretary-general to come and

1027  
00:50:44,480 --> 00:50:52,420  
see and that same day he gets the pose

1028  
00:50:48,019 --> 00:50:57,139  
was that an accident a coincidence or

1029  
00:50:52,420 --> 00:51:00,829  
were these guys involved four years

1030  
00:50:57,139 --> 00:51:04,670  
later on October 25th the US invades

1031  
00:51:00,829 --> 00:51:06,469  
Grenada one of the first targets of the

1032  
00:51:04,670 --> 00:51:09,079  
invasion was the American Medical School

1033  
00:51:06,469 --> 00:51:12,380  
which housed the US students and the

1034  
00:51:09,079 --> 00:51:14,778  
medical school was where Bateman's where

1035  
00:51:12,380 --> 00:51:17,298  
Gary told Bateman that he took the body

1036  
00:51:14,778 --> 00:51:20,139  
for initial examination and storage and

1037  
00:51:17,298 --> 00:51:23,829  
state safekeeping

1038  
00:51:20,139 --> 00:51:26,808  
maybe coincidence nevertheless decision

1039  
00:51:23,829 --> 00:51:30,259  
33:46 was never implemented because gary

1040  
00:51:26,809 --> 00:51:34,039  
was removed the outer space committee

1041  
00:51:30,259 --> 00:51:38,298  
office for outer space affairs never

1042  
00:51:34,039 --> 00:51:41,209  
never got the enabling support from the

1043  
00:51:38,298 --> 00:51:44,929  
relevant UN committees to move ahead and

1044  
00:51:41,208 --> 00:51:46,848  
implement so basically the attempt to

1045  
00:51:44,929 --> 00:51:48,978  
have nations of the world coordinate

1046  
00:51:46,849 --> 00:51:51,798  
releases of UFO FILES and make them

1047  
00:51:48,978 --> 00:51:54,129  
available to the public was never

1048  
00:51:51,798 --> 00:51:57,920  
formally passed by the United Nations

1049  
00:51:54,130 --> 00:52:00,949  
but nevertheless it's preceded in an

1050  
00:51:57,920 --> 00:52:03,858  
informal ad-hoc way by different nations

1051  
00:52:00,949 --> 00:52:05,959  
using creation of online digital

1052  
00:52:03,858 --> 00:52:09,078  
databases we've seen that over the last

1053  
00:52:05,958 --> 00:52:11,149  
few years and Freedom of Information Act

1054  
00:52:09,079 --> 00:52:14,630  
requests so these are some of the

1055

00:52:11,150 --> 00:52:16,309  
countries that have been doing this

1056  
00:52:14,630 --> 00:52:21,039  
Robert talked a little bit about this

1057  
00:52:16,309 --> 00:52:24,769  
yesterday so I'm just going to basically

1058  
00:52:21,039 --> 00:52:26,390  
conclude that all of this data that is

1059  
00:52:24,768 --> 00:52:29,528  
released online by different countries

1060  
00:52:26,389 --> 00:52:33,170  
involved in these online databases

1061  
00:52:29,528 --> 00:52:38,150  
including the US FBI CIA all of those

1062  
00:52:33,170 --> 00:52:40,278  
files are just raw data very low level

1063  
00:52:38,150 --> 00:52:42,608  
material they have they are not

1064  
00:52:40,278 --> 00:52:44,958  
intelligence assessments of the data

1065  
00:52:42,608 --> 00:52:47,150  
which would be very interesting to

1066  
00:52:44,958 --> 00:52:50,719  
scrutinize but they're just the raw

1067  
00:52:47,150 --> 00:52:53,959  
reports of civilian sightings of UFOs

1068  
00:52:50,719 --> 00:52:56,289  
and in similar cases like that so though

1069  
00:52:53,958 --> 00:52:58,308

they're not really groundbreaking

1070

00:52:56,289 --> 00:52:59,809  
nevertheless it's interesting that

1071

00:52:58,309 --> 00:53:01,330  
governments have this material on

1072

00:52:59,809 --> 00:53:05,440  
websites

1073

00:53:01,329 --> 00:53:08,139  
have a Camaro report Robert again did a

1074

00:53:05,440 --> 00:53:10,269  
great job in analyzing this the one

1075

00:53:08,139 --> 00:53:12,879  
thing I just want to emphasize is at the

1076

00:53:10,269 --> 00:53:15,869  
end here that the Camaro report that's

1077

00:53:12,880 --> 00:53:18,789  
the French the high-level French study

1078

00:53:15,869 --> 00:53:21,099  
it accused the United States government

1079

00:53:18,789 --> 00:53:23,349  
of engaging in a massive cover-up of the

1080

00:53:21,099 --> 00:53:26,019  
evidence so I think that's an important

1081

00:53:23,349 --> 00:53:34,089  
conclusion that the committed team came

1082

00:53:26,019 --> 00:53:37,480  
to so what is it then that we can be

1083

00:53:34,090 --> 00:53:39,340  
optimistic about if this this has been

1084  
00:53:37,480 --> 00:53:41,829  
going on extraterrestrials are visiting

1085  
00:53:39,340 --> 00:53:43,269  
us they're being shut out some of them

1086  
00:53:41,829 --> 00:53:46,239  
are living amongst us but they're being

1087  
00:53:43,269 --> 00:53:48,489  
secretly monitored by by governments to

1088  
00:53:46,239 --> 00:53:51,789  
the wall that there is a lot of funding

1089  
00:53:48,489 --> 00:53:53,589  
of this secrecy what what are things

1090  
00:53:51,789 --> 00:53:56,170  
that maybe give us optimism that our

1091  
00:53:53,590 --> 00:53:58,720  
world can change that maybe we can learn

1092  
00:53:56,170 --> 00:54:00,550  
about this phenomenon you know in a way

1093  
00:53:58,719 --> 00:54:02,919  
that is going to positively affect our

1094  
00:54:00,550 --> 00:54:04,510  
lives or one of the really positive

1095  
00:54:02,920 --> 00:54:06,820  
things that has been happening oh just

1096  
00:54:04,510 --> 00:54:11,440  
over the last three years was the

1097  
00:54:06,820 --> 00:54:15,789  
discovery of exoplanets that is planets

1098  
00:54:11,440 --> 00:54:17,860  
that outside of our solar system that

1099  
00:54:15,789 --> 00:54:19,860  
exists in other solar systems that

1100  
00:54:17,860 --> 00:54:23,160  
astronomers have now developed

1101  
00:54:19,860 --> 00:54:26,349  
sophisticated astronomical devices or

1102  
00:54:23,159 --> 00:54:28,859  
telescopes to be able to now detect

1103  
00:54:26,349 --> 00:54:32,789  
these extrasolar planets or exoplanets

1104  
00:54:28,860 --> 00:54:38,140  
as they're called so we have exobiology

1105  
00:54:32,789 --> 00:54:43,719  
Exopolitics exoplanets so this gives you

1106  
00:54:38,139 --> 00:54:46,179  
an idea of one of the one of the ideas

1107  
00:54:43,719 --> 00:54:48,969  
that is continually being debated with a

1108  
00:54:46,179 --> 00:54:50,529  
discovery of exoplanets was that as this

1109  
00:54:48,969 --> 00:54:54,099  
instruments got more and more

1110  
00:54:50,530 --> 00:54:57,820  
sophisticated for detecting exoplanets

1111  
00:54:54,099 --> 00:55:00,610  
that rather than detecting really big

1112

00:54:57,820 --> 00:55:03,550  
planets they could also now begin

1113  
00:55:00,610 --> 00:55:06,280  
detecting smaller planets rock like

1114  
00:55:03,550 --> 00:55:09,330  
planets like the earth and more

1115  
00:55:06,280 --> 00:55:12,460  
interestingly some of these planets

1116  
00:55:09,329 --> 00:55:15,279  
could be in a region of the solar system

1117  
00:55:12,460 --> 00:55:17,619  
like our earth here we have the earth

1118  
00:55:15,280 --> 00:55:21,400  
which is one astronomical unit from the

1119  
00:55:17,619 --> 00:55:23,889  
Sun Venus and Mars which are all

1120  
00:55:21,400 --> 00:55:27,910  
considered to be in the inner range

1121  
00:55:23,889 --> 00:55:31,659  
where life as we know it could exist so

1122  
00:55:27,909 --> 00:55:34,149  
these kinds of planets if they exist in

1123  
00:55:31,659 --> 00:55:37,659  
other solar systems are naturally very

1124  
00:55:34,150 --> 00:55:39,550  
interesting for scientists because these

1125  
00:55:37,659 --> 00:55:42,190  
are planets where life as we know it

1126  
00:55:39,550 --> 00:55:44,380

could exist so here's the epsilon

1127

00:55:42,190 --> 00:55:46,360

Andromeda system so you would be looking

1128

00:55:44,380 --> 00:55:52,660

for rock like planets the size of the

1129

00:55:46,360 --> 00:55:56,140

earth somewhere in this region as of

1130

00:55:52,659 --> 00:55:59,859

December 5 2011 six months ago there

1131

00:55:56,139 --> 00:56:02,980

have been over 2000 236 exoplanets that

1132

00:55:59,860 --> 00:56:05,710

have been detected so they were finding

1133

00:56:02,980 --> 00:56:08,829

more and more of them all along and it

1134

00:56:05,710 --> 00:56:13,780

was in December of last year December 5

1135

00:56:08,829 --> 00:56:16,480

that the first confirmed exoplanet that

1136

00:56:13,780 --> 00:56:18,370

could contain life as we know it was

1137

00:56:16,480 --> 00:56:21,490

found in what's called the Goldilocks

1138

00:56:18,369 --> 00:56:25,539

region and that is the the habitable

1139

00:56:21,489 --> 00:56:29,459

region like from Mars Venus Earth that

1140

00:56:25,539 --> 00:56:33,279

there was a planet found in that region

1141  
00:56:29,460 --> 00:56:35,019  
so it was found in the Kepler 2 to 5

1142  
00:56:33,280 --> 00:56:37,540  
region and it was and it was an

1143  
00:56:35,019 --> 00:56:40,960  
announcement made by NASA on December

1144  
00:56:37,539 --> 00:56:43,329  
5th so this is this was something that

1145  
00:56:40,960 --> 00:56:46,019  
was exciting scientists around the wall

1146  
00:56:43,329 --> 00:56:48,789  
because now they're saying planets

1147  
00:56:46,019 --> 00:56:50,019  
exists in other solar systems now you

1148  
00:56:48,789 --> 00:56:52,539  
might think well that's silly I mean

1149  
00:56:50,019 --> 00:56:55,650  
course they do that's logical but for

1150  
00:56:52,539 --> 00:56:58,960  
scientists logic doesn't dictate

1151  
00:56:55,650 --> 00:57:00,940  
scientific debate and investigation

1152  
00:56:58,960 --> 00:57:05,440  
there has to be hard data raw data and

1153  
00:57:00,940 --> 00:57:09,490  
the Templar telescope now gave raw data

1154  
00:57:05,440 --> 00:57:11,559  
hard data that solar systems exists or

1155  
00:57:09,489 --> 00:57:13,539  
that planets exist in other solar

1156  
00:57:11,559 --> 00:57:17,559  
systems and that some of these planets

1157  
00:57:13,539 --> 00:57:20,679  
are very much like the earth similar in

1158  
00:57:17,559 --> 00:57:24,039  
size and rocky composition not just gas

1159  
00:57:20,679 --> 00:57:27,000  
giants and so this has led to some very

1160  
00:57:24,039 --> 00:57:29,210  
prominent scientific organizations

1161  
00:57:27,000 --> 00:57:31,969  
having

1162  
00:57:29,210 --> 00:57:33,590  
on these on these issues so the Royal

1163  
00:57:31,969 --> 00:57:37,309  
Society of London has organized

1164  
00:57:33,590 --> 00:57:39,530  
conferences on guess what the societal

1165  
00:57:37,309 --> 00:57:41,989  
implications of extraterrestrial life if

1166  
00:57:39,530 --> 00:57:45,050  
there are planets in other solar systems

1167  
00:57:41,989 --> 00:57:46,489  
and some of these planets rocky planets

1168  
00:57:45,050 --> 00:57:49,130  
like the earth and they exist in the

1169

00:57:46,489 --> 00:57:53,269  
habitable region while logic tells us

1170  
00:57:49,130 --> 00:57:56,410  
that there might be could very well be

1171  
00:57:53,269 --> 00:57:58,880  
almost certainly be intelligent

1172  
00:57:56,409 --> 00:58:02,690  
extraterrestrial life in other solar

1173  
00:57:58,880 --> 00:58:06,349  
systems so we scientists have to start

1174  
00:58:02,690 --> 00:58:09,019  
thinking about this so one of the

1175  
00:58:06,349 --> 00:58:11,420  
world's leading scientific organizations

1176  
00:58:09,019 --> 00:58:14,900  
the Royal Society of London actually

1177  
00:58:11,420 --> 00:58:19,639  
organized two conferences in January 25

1178  
00:58:14,900 --> 00:58:22,329  
26 2010 and later in October 4 to 5 mm

1179  
00:58:19,639 --> 00:58:55,909  
on the societal implications of

1180  
00:58:22,329 --> 00:58:59,960  
extraterrestrial resistance of water on

1181  
00:58:55,909 --> 00:59:02,059  
Europa water on Enceladus oceans on

1182  
00:58:59,960 --> 00:59:03,860  
Titan at all suggested that

1183  
00:59:02,059 --> 00:59:05,929

life indeed probably exists elsewhere

1184

00:59:03,860 --> 00:59:06,500

and so does become a prime interest of

1185

00:59:05,929 --> 00:59:08,239

NASA

1186

00:59:06,500 --> 00:59:09,739

there's no way to ever prove that

1187

00:59:08,239 --> 00:59:12,069

there's no life elsewhere in the

1188

00:59:09,739 --> 00:59:15,739

universe very easy to come up with a

1189

00:59:12,070 --> 00:59:17,870

catastrophic scenario people who make

1190

00:59:15,739 --> 00:59:21,049

movies love that people who write

1191

00:59:17,869 --> 00:59:22,159

science fiction books love that but we

1192

00:59:21,050 --> 00:59:24,019

got to be careful not to let our

1193

00:59:22,159 --> 00:59:26,690

imagination spiral out of control

1194

00:59:24,019 --> 00:59:28,730

now if in fact the way extraterrestrial

1195

00:59:26,690 --> 00:59:30,860

life was discovered was because it was a

1196

00:59:28,730 --> 00:59:33,260

giant spaceship hovering over

1197

00:59:30,860 --> 00:59:35,150

Johannesburg or someplace like that then

1198  
00:59:33,260 --> 00:59:41,270  
my predictions would have to be altered

1199  
00:59:35,150 --> 00:59:43,940  
pretty pretty rapidly find the organisms

1200  
00:59:41,269 --> 00:59:45,860  
where life began on earth and it took

1201  
00:59:43,940 --> 00:59:47,539  
four and a half billion years for us to

1202  
00:59:45,860 --> 00:59:50,450  
evolve we've only been around for the

1203  
00:59:47,539 --> 00:59:52,130  
last just over two million years so you

1204  
00:59:50,449 --> 00:59:53,839  
have to start somewhere in life probably

1205  
00:59:52,130 --> 00:59:56,360  
starts everywhere in the same way

1206  
00:59:53,840 --> 00:59:58,519  
starting from a few compounds and became

1207  
00:59:56,360 --> 01:00:01,370  
an organism but if we were to able to

1208  
00:59:58,519 --> 01:00:03,050  
find a second life if we could compare

1209  
01:00:01,369 --> 01:00:05,329  
in contrast with the life we know about

1210  
01:00:03,050 --> 01:00:08,000  
it might be the same in which case that

1211  
01:00:05,329 --> 01:00:09,710  
would be phenomenal it might be a little

1212  
01:00:08,000 --> 01:00:11,869  
but we're all related and it's all

1213  
01:00:09,710 --> 01:00:13,820  
evolved the same way it might be

1214  
01:00:11,869 --> 01:00:15,859  
different in which case you learn a

1215  
01:00:13,820 --> 01:00:17,809  
great deal more from the contrast than

1216  
01:00:15,860 --> 01:00:21,019  
you would from the similarities if you

1217  
01:00:17,809 --> 01:00:23,150  
find the intelligent civilization you

1218  
01:00:21,019 --> 01:00:25,329  
find a life that has evolved

1219  
01:00:23,150 --> 01:00:28,400  
independently on Mars or another planet

1220  
01:00:25,329 --> 01:00:31,279  
it immediately has powerful implications

1221  
01:00:28,400 --> 01:00:31,960  
for science very few people are worried

1222  
01:00:31,280 --> 01:00:34,089  
that we'll find

1223  
01:00:31,960 --> 01:00:36,670  
something we've done so that gives you

1224  
01:00:34,088 --> 01:00:39,730  
an idea of the scientific interest that

1225  
01:00:36,670 --> 01:00:43,838  
is being growing now a report was issued

1226

01:00:39,730 --> 01:00:46,539  
in January of 2011 from the one of the

1227  
01:00:43,838 --> 01:00:48,369  
Royal Society conference conferences

1228  
01:00:46,539 --> 01:00:51,400  
held on the societal implications of

1229  
01:00:48,369 --> 01:00:52,869  
extraterrestrial life and this is what

1230  
01:00:51,400 --> 01:00:55,539  
the report said in the introduction

1231  
01:00:52,869 --> 01:00:57,670  
while scientists are obliged to assess

1232  
01:00:55,539 --> 01:01:00,130  
benefits and risks that relate to their

1233  
01:00:57,670 --> 01:01:02,619  
research the political responsibility

1234  
01:01:00,130 --> 01:01:04,088  
for decisions arising following the

1235  
01:01:02,619 --> 01:01:07,150  
detection of extraterrestrial life

1236  
01:01:04,088 --> 01:01:09,489  
cannot and should not rest with them any

1237  
01:01:07,150 --> 01:01:12,010  
such decision will require a broad

1238  
01:01:09,489 --> 01:01:14,769  
societal dialogue and a proper political

1239  
01:01:12,010 --> 01:01:16,660  
mandate if extraterrestrial life happens

1240  
01:01:14,769 --> 01:01:19,150

to be detected a coordinated response

1241

01:01:16,659 --> 01:01:21,819  
that takes into account all of the

1242

01:01:19,150 --> 01:01:25,570  
related sensitivities should already be

1243

01:01:21,820 --> 01:01:27,940  
in place well that's fantastic

1244

01:01:25,570 --> 01:01:30,730  
because what's that telling us is that

1245

01:01:27,940 --> 01:01:33,539  
what we are doing here is in fact

1246

01:01:30,730 --> 01:01:36,338  
exactly what these Royal Society

1247

01:01:33,539 --> 01:01:38,559  
scientists are saying we should be doing

1248

01:01:36,338 --> 01:01:40,570  
we are debating the data we are debating

1249

01:01:38,559 --> 01:01:42,250  
the evidence we are looking at the

1250

01:01:40,570 --> 01:01:45,460  
possibilities of extraterrestrial life

1251

01:01:42,250 --> 01:01:48,369  
and what can and should be done about

1252

01:01:45,460 --> 01:01:53,500  
this and this scientists agree with us

1253

01:01:48,369 --> 01:01:55,809  
this is exactly what we are doing so we

1254

01:01:53,500 --> 01:01:59,650  
should be doing this far more regularly

1255  
01:01:55,809 --> 01:02:03,250  
around the world so what I'm going to do

1256  
01:01:59,650 --> 01:02:06,639  
now is spend the the last few minutes

1257  
01:02:03,250 --> 01:02:11,469  
that I have here in just going over some

1258  
01:02:06,639 --> 01:02:13,659  
of the conclusions extraterrestrials are

1259  
01:02:11,469 --> 01:02:16,689  
visiting our world and warning us of the

1260  
01:02:13,659 --> 01:02:17,920  
dangers of nuclear weapons both to them

1261  
01:02:16,690 --> 01:02:20,500  
and us

1262  
01:02:17,920 --> 01:02:22,780  
by temporarily defective deactivating

1263  
01:02:20,500 --> 01:02:24,909  
them they're trying to give us a message

1264  
01:02:22,780 --> 01:02:28,030  
they're trying to tell us wake up these

1265  
01:02:24,909 --> 01:02:33,579  
things are dangerous not only to you but

1266  
01:02:28,030 --> 01:02:35,589  
to us close coordination exists at the

1267  
01:02:33,579 --> 01:02:37,690  
international level in maintaining UFO

1268  
01:02:35,588 --> 01:02:40,480  
secrecy and funding for extraterrestrial

1269  
01:02:37,690 --> 01:02:41,909  
projects through organ organizations

1270  
01:02:40,480 --> 01:02:43,809  
such as the Bilderberg Group and

1271  
01:02:41,909 --> 01:02:44,989  
international central banking

1272  
01:02:43,809 --> 01:02:47,599  
institution

1273  
01:02:44,989 --> 01:02:51,979  
so there is international coordination

1274  
01:02:47,599 --> 01:02:54,769  
at a very senior level to make sure that

1275  
01:02:51,980 --> 01:02:58,579  
the truth about extraterrestrial life in

1276  
01:02:54,769 --> 01:03:01,759  
UFOs is kept from the public and that in

1277  
01:02:58,579 --> 01:03:03,829  
secret vast amounts of money are moved

1278  
01:03:01,760 --> 01:03:06,380  
from one part of the earth to other

1279  
01:03:03,829 --> 01:03:09,049  
parts of the earth the fund projects

1280  
01:03:06,380 --> 01:03:17,570  
that have been set up to deal with these

1281  
01:03:09,050 --> 01:03:20,450  
questions in secret and here's the thing

1282  
01:03:17,570 --> 01:03:22,039  
that is really fascinating some

1283

01:03:20,449 --> 01:03:24,710  
extraterrestrial beings are living

1284  
01:03:22,039 --> 01:03:26,690  
amongst us with knowledge of military

1285  
01:03:24,710 --> 01:03:29,510  
institutions that closely monitor

1286  
01:03:26,690 --> 01:03:32,780  
extraterrestrial activities so since the

1287  
01:03:29,510 --> 01:03:34,700  
1950s we know of cases of

1288  
01:03:32,780 --> 01:03:37,400  
extraterrestrials living amongst us

1289  
01:03:34,699 --> 01:03:40,239  
according to the a much easier case we

1290  
01:03:37,400 --> 01:03:43,010  
know according to Robert Dean that NATO

1291  
01:03:40,239 --> 01:03:45,949  
commissioned a study that looked at this

1292  
01:03:43,010 --> 01:03:47,810  
problem so the military have been

1293  
01:03:45,949 --> 01:03:51,439  
studying this problem for 50 years of

1294  
01:03:47,809 --> 01:03:53,029  
Gamow or so so now we should be looking

1295  
01:03:51,440 --> 01:03:55,849  
at this may be the extraterrestrials

1296  
01:03:53,030 --> 01:03:58,430  
that they have been among us

1297  
01:03:55,849 --> 01:04:00,650

silently because they're waiting for us

1298

01:03:58,429 --> 01:04:02,809

waiting for a time when it would be safe

1299

01:04:00,650 --> 01:04:07,220

to come forward and begin begin to talk

1300

01:04:02,809 --> 01:04:11,719

to us one of the things that the machiya

1301

01:04:07,219 --> 01:04:14,539

case the organiser of the amateur circus

1302

01:04:11,719 --> 01:04:17,929

Bruno Sammartino wanted to do was to

1303

01:04:14,539 --> 01:04:21,920

create galactic diplomacy classes where

1304

01:04:17,929 --> 01:04:24,949

some of these extraterrestrials these

1305

01:04:21,920 --> 01:04:27,440

friendly extraterrestrials would do

1306

01:04:24,949 --> 01:04:28,909

classes people would come it would be

1307

01:04:27,440 --> 01:04:31,130

done in secret they would give classes

1308

01:04:28,909 --> 01:04:34,179

and they would talk about life on their

1309

01:04:31,130 --> 01:04:36,500

world life in the in the galaxy

1310

01:04:34,179 --> 01:04:38,359

unfortunately this never happened why it

1311

01:04:36,500 --> 01:04:40,489

never happened I suspect maybe the

1312  
01:04:38,360 --> 01:04:43,700  
authorities said no no that's going a

1313  
01:04:40,489 --> 01:04:45,739  
bit too far you can talk with them you

1314  
01:04:43,699 --> 01:04:47,539  
can see them you can give them food and

1315  
01:04:45,739 --> 01:04:51,559  
fruit and all of that but don't go too

1316  
01:04:47,539 --> 01:04:53,750  
far but maybe that is something that we

1317  
01:04:51,559 --> 01:04:55,699  
can do now maybe it maybe it's time do

1318  
01:04:53,750 --> 01:04:57,670  
you think it's time would you like to

1319  
01:04:55,699 --> 01:05:00,368  
who would like to attend glasses

1320  
01:04:57,670 --> 01:05:01,778  
classes run by extraterrestrials on life

1321  
01:05:00,369 --> 01:05:04,869  
in the galaxy raise your hand if you'd

1322  
01:05:01,778 --> 01:05:05,289  
like to attend the class okay look at

1323  
01:05:04,869 --> 01:05:08,349  
that

1324  
01:05:05,289 --> 01:05:13,809  
most of you okay I would I definitely

1325  
01:05:08,349 --> 01:05:16,269  
would one of the things that came up in

1326  
01:05:13,809 --> 01:05:18,849  
the a massive case was that these

1327  
01:05:16,268 --> 01:05:20,709  
extraterrestrials were helping us they

1328  
01:05:18,849 --> 01:05:22,269  
were helping us deal with great global

1329  
01:05:20,710 --> 01:05:25,539  
problems and one of the things that they

1330  
01:05:22,268 --> 01:05:27,338  
wanted to encourage was world peace this

1331  
01:05:25,539 --> 01:05:28,930  
was an important thing because I think

1332  
01:05:27,338 --> 01:05:31,568  
they understood that with our world

1333  
01:05:28,929 --> 01:05:32,759  
peace we probably would never learn the

1334  
01:05:31,568 --> 01:05:38,608  
truth

1335  
01:05:32,760 --> 01:05:41,619  
well we don't really have territorial

1336  
01:05:38,608 --> 01:05:44,230  
conflict that an intern interstate level

1337  
01:05:41,619 --> 01:05:48,119  
anymore maybe now's a good a time as any

1338  
01:05:44,230 --> 01:05:50,858  
for these secrets that come out

1339  
01:05:48,119 --> 01:05:53,760  
documents concerning UFO reports are

1340

01:05:50,858 --> 01:05:56,650  
being increasingly released on on online

1341  
01:05:53,760 --> 01:05:58,599  
databases by national governments that

1342  
01:05:56,650 --> 01:06:01,599  
are fulfilling part of the United

1343  
01:05:58,599 --> 01:06:06,099  
Nations General Assembly thirty-three

1344  
01:06:01,599 --> 01:06:08,759  
four to six in an ad hoc manner so the

1345  
01:06:06,099 --> 01:06:11,140  
information is getting out there

1346  
01:06:08,759 --> 01:06:12,909  
governments are releasing some of the

1347  
01:06:11,139 --> 01:06:15,068  
information low-level material I I

1348  
01:06:12,909 --> 01:06:17,679  
consider because are they're just

1349  
01:06:15,068 --> 01:06:20,259  
basically witness reports but the fact

1350  
01:06:17,679 --> 01:06:21,759  
that it's on a government database kind

1351  
01:06:20,259 --> 01:06:23,949  
of gives these reports a certain degree

1352  
01:06:21,759 --> 01:06:27,460  
of legitimacy and the interesting thing

1353  
01:06:23,949 --> 01:06:31,778  
is the the press love it the press want

1354  
01:06:27,460 --> 01:06:34,088

to reduce stories on these government

1355

01:06:31,778 --> 01:06:36,429

releases of these files because for the

1356

01:06:34,088 --> 01:06:38,619

press it's interesting it's newsworthy

1357

01:06:36,429 --> 01:06:43,179

and indeed that's how the Milton Taurus

1358

01:06:38,619 --> 01:06:44,890

case became widely known and the

1359

01:06:43,179 --> 01:06:46,690

worldwide scientific community is

1360

01:06:44,889 --> 01:06:48,548

putting increasing resources into

1361

01:06:46,690 --> 01:06:52,619

studying the political implications of

1362

01:06:48,548 --> 01:06:55,179

extraterrestrial life this is the most

1363

01:06:52,619 --> 01:06:59,318

exciting thing that I think is happening

1364

01:06:55,179 --> 01:07:01,480

now for people who work in any official

1365

01:06:59,318 --> 01:07:03,699

capacity whether it's a university or

1366

01:07:01,480 --> 01:07:06,670

whether it's a think-tank or government

1367

01:07:03,699 --> 01:07:08,798

or bureaucratic department that now the

1368

01:07:06,670 --> 01:07:09,470

scientific community is finally turn

1369  
01:07:08,798 --> 01:07:13,730  
around

1370  
01:07:09,469 --> 01:07:16,519  
saying it's a good idea for us to meet

1371  
01:07:13,730 --> 01:07:18,050  
like this and talk about the societal

1372  
01:07:16,519 --> 01:07:20,449  
and political implications of

1373  
01:07:18,050 --> 01:07:23,240  
extraterrestrial life that's a good idea

1374  
01:07:20,449 --> 01:07:24,019  
because we know they're out there

1375  
01:07:23,239 --> 01:07:27,289  
somewhere

1376  
01:07:24,019 --> 01:07:29,599  
and while I don't know what I'd say that

1377  
01:07:27,289 --> 01:07:31,789  
they're here nevertheless they're open

1378  
01:07:29,599 --> 01:07:34,550  
to the possibility that extraterrestrial

1379  
01:07:31,789 --> 01:07:36,469  
life exists out here and one day may

1380  
01:07:34,550 --> 01:07:39,530  
visit us and that's a good thing because

1381  
01:07:36,469 --> 01:07:41,269  
it means that people like me who used to

1382  
01:07:39,530 --> 01:07:42,740  
work in universities or do work in

1383  
01:07:41,269 --> 01:07:45,679  
universities we don't have to lose our

1384  
01:07:42,739 --> 01:07:48,409  
jobs or give up our careers and all that

1385  
01:07:45,679 --> 01:07:50,149  
goes with it because we embrace this

1386  
01:07:48,409 --> 01:07:52,009  
information we think well that there's a

1387  
01:07:50,150 --> 01:07:54,349  
lot of credibility in it that it

1388  
01:07:52,010 --> 01:07:56,990  
actually be safe one day to do

1389  
01:07:54,349 --> 01:07:59,660  
Exopolitics in a university that there

1390  
01:07:56,989 --> 01:08:01,879  
might be a department of Exopolitics

1391  
01:07:59,659 --> 01:08:04,239  
wouldn't that be great a department of

1392  
01:08:01,880 --> 01:08:07,940  
Exopolitics maybe in prague university

1393  
01:08:04,239 --> 01:08:10,309  
okay who would do a degree in excel

1394  
01:08:07,940 --> 01:08:12,970  
politics at Prague University hands up

1395  
01:08:10,309 --> 01:08:18,338  
okay right here we have a few of you

1396  
01:08:12,969 --> 01:08:22,309  
good so what does the future hold for us

1397

01:08:18,338 --> 01:08:26,469  
we as a planet on the verge of enormous

1398  
01:08:22,310 --> 01:08:29,870  
changes and these enormous changes

1399  
01:08:26,469 --> 01:08:32,359  
involve us dealing with the possibility

1400  
01:08:29,869 --> 01:08:37,189  
that extraterrestrial life not only

1401  
01:08:32,359 --> 01:08:38,960  
exists but is visiting us so what I'd

1402  
01:08:37,189 --> 01:08:42,818  
like to do is give you a whole a

1403  
01:08:38,960 --> 01:08:47,480  
Hawaiian metaphor for how we can prepare

1404  
01:08:42,819 --> 01:08:51,650  
for this huge wave of information and

1405  
01:08:47,479 --> 01:08:55,278  
truth coming our way which is the

1406  
01:08:51,649 --> 01:08:57,338  
reality of extraterrestrials and that if

1407  
01:08:55,279 --> 01:09:00,890  
you don't agree that they're here

1408  
01:08:57,338 --> 01:09:03,350  
they're coming that this information is

1409  
01:09:00,890 --> 01:09:05,719  
something we can't escape forever and

1410  
01:09:03,350 --> 01:09:07,310  
that we as individuals have to prepare

1411  
01:09:05,719 --> 01:09:10,279

ourselves and I want to congratulate

1412

01:09:07,310 --> 01:09:13,370

everyone here because everyone here you

1413

01:09:10,279 --> 01:09:17,060

are all pioneers because you have had

1414

01:09:13,369 --> 01:09:18,588

the courage to come in and be confronted

1415

01:09:17,060 --> 01:09:20,900

with information that maybe you don't

1416

01:09:18,588 --> 01:09:22,609

agree with everything maybe you think 95

1417

01:09:20,899 --> 01:09:23,278

percent of everything we say up here is

1418

01:09:22,609 --> 01:09:25,230

just

1419

01:09:23,279 --> 01:09:27,990

nonsense and made-up or maybe you think

1420

01:09:25,229 --> 01:09:29,489

95% of it is true doesn't matter the

1421

01:09:27,989 --> 01:09:33,358

thing is that you have the courage to

1422

01:09:29,489 --> 01:09:35,548

come here and listen and in that

1423

01:09:33,359 --> 01:09:37,740

listening you are preparing yourselves

1424

01:09:35,548 --> 01:09:40,560

for something and what is it that is

1425

01:09:37,739 --> 01:09:43,259

coming our way well I want to leave you

1426  
01:09:40,560 --> 01:09:45,870  
with this image for what is coming our

1427  
01:09:43,259 --> 01:09:48,180  
way and in many ways I want to say that

1428  
01:09:45,869 --> 01:09:50,329  
all of you in this audience are like

1429  
01:09:48,180 --> 01:09:50,329  
this

1430  
01:10:25,569 --> 01:10:31,210  
so thank you all very much

1431  
01:10:28,210 --> 01:10:31,210  
Aloha
