what am I guessed right now is Robert

5
00:00:12,150 --> 00:00:18,240
Fleischer from Germany so Robert tell us

6
00:00:15,480 --> 00:00:22,289
a little bit about yourself well you

7
00:00:18,239 --> 00:00:24,809
already said my name 33 years old I

8
00:00:22,289 --> 00:00:27,630
studied conference interpreting at the

9
00:00:24,809 --> 00:00:33,929
University of Lights ish in Germany for

10
00:00:27,629 --> 00:00:36,659
French and Spanish and in june of two

Exopolitics initiative and i'm the

13
00:00:39,420 --> 00:00:46,939
coordinator of Exopolitics germany we

14
00:00:43,710 --> 00:00:50,219

TG org that's with a k at the end

18
00:00:57,179 --> 00:01:05,219
instead of cs like in english exerpeutic

19
00:01:00,119 --> 00:01:09,989
org and on this website we have three

20
00:01:05,219 --> 00:01:13,079
sections XO knowledge is how we call it

21
00:01:09,989 --> 00:01:16,879
when we provide free and exclusive

22
00:01:13,079 --> 00:01:20,219
information about the ongoing

23
00:01:16,879 --> 00:01:23,339
developments in the area of UFOs ET

24
00:01:20,219 --> 00:01:25,469
consciousness research and all of the

25
00:01:23,340 --> 00:01:27,478
things that we need in this time of

26
00:01:25,469 --> 00:01:30,478
transition that we undergoing right now

27
00:01:27,478 --> 00:01:33,209
and then we have our XO community it's

28
00:01:30,478 --> 00:01:35,219
like Facebook in a way where people can

29

00:01:33,209 --> 00:01:40,379
connect oh I just rather see Facebook is

30
00:01:35,219 --> 00:01:42,688
like our extra community okay so they

31
00:01:40,379 --> 00:01:44,368
can find you also on Facebook yes yes

32
00:01:42,688 --> 00:01:48,478
they can also find us on Facebook

33

magazine which is a closed section only

38
00:01:57,149 --> 00:02:05,909
for our activists people who contribute

39
00:02:02,430 --> 00:02:08,939
to our cause by by doing important work

40
00:02:05,909 --> 00:02:10,920
yeah or by paying a membership fee so

41
00:02:08,939 --> 00:02:13,050
you don't have to pay in order to become

42
00:02:10,919 --> 00:02:16,079
an activist but you become you literally

43
00:02:13,050 --> 00:02:18,780

become activists by being active thanks

44

00:02:16,080 --> 00:02:20,370

for sure what we do is we because i work

45

00:02:18,780 --> 00:02:22,620

for television that's what i have to say

46

00:02:20,370 --> 00:02:26,159

my background is actually i studied

47

00:02:22,620 --> 00:02:29,420

conference interpreting but i started to

48

00:02:26,159 --> 00:02:34,848

work as a journalist at an age of 16

49

00:02:29,419 --> 00:02:37,309

which was very early and now when I look

50

00:02:34,848 --> 00:02:40,500

backwards in time you know it's really

51

00:02:37,310 --> 00:02:43,229

strange and way that that I interviewed

52

00:02:40,500 --> 00:02:45,360

politicians and the mayor and whatever

53

00:02:43,229 --> 00:02:47,609

so you were kind of a star at an early

54

00:02:45,360 --> 00:02:49,620

age Robert yeah actually when I was the

55

00:02:47,610 --> 00:02:52,050

pellet rules could tell it through when

56

00:02:49,620 --> 00:02:55,500

I was 20 years old I presented a TV show

57

00:02:52,050 --> 00:02:57,209

in my in my hometown at the regional TV

58
00:02:55,500 --> 00:02:59,250
station and that was kind of local

59
00:02:57,209 --> 00:03:01,469
celebrity in a way you know people

60
00:02:59,250 --> 00:03:03,719
treated me streets but but I actually

61
00:03:01,469 --> 00:03:06,000
I'm very happy that I you know that I

62
00:03:03,719 --> 00:03:08,219
left that behind because I had worked

63
00:03:06,000 --> 00:03:10,699
for television I network for several TV

64
00:03:08,219 --> 00:03:15,780
networks in Germany the biggest networks

65
00:03:10,699 --> 00:03:18,959
speaker TV set EF like all of the major

66
00:03:15,780 --> 00:03:20,669
TV networks in germany and i stopped

67
00:03:18,959 --> 00:03:23,069
working for telogen because I understood

68
00:03:20,669 --> 00:03:24,958
that television is not the area where

69
00:03:23,068 --> 00:03:27,030
you can freely report on things which

70
00:03:24,959 --> 00:03:31,199
are really important because the

71
00:03:27,030 --> 00:03:36,000
television is not to inform people but

72
00:03:31,199 --> 00:03:39,479
it is there to you know to divert people

73
00:03:36,000 --> 00:03:42,389
to to entertain them to make them think

74
00:03:39,479 --> 00:03:44,098
of unimportant things but I wanted to

75
00:03:42,389 --> 00:03:46,408
report on the most important things this

76
00:03:44,098 --> 00:03:49,979
please tell us what made you become

77
00:03:46,408 --> 00:03:51,899
involved in all this whatever 16 years

78
00:03:49,979 --> 00:03:55,018
old I became friends with Erich von

79
00:03:51,900 --> 00:03:57,900
Daniken Erich von Daniken is a Swiss

80
00:03:55,019 --> 00:04:00,870
author the famous bed salad all four

81
00:03:57,900 --> 00:04:03,299
wells Chariots of the Gods and whenever

82
00:04:00,870 --> 00:04:09,180
he was in my region we met in some Hotel

83
00:04:03,299 --> 00:04:11,819
you know and it's also very strange you

84
00:04:09,180 --> 00:04:14,540
know I met him after you know I waited

85
00:04:11,818 --> 00:04:16,459
for him in front of his hotel

86

00:04:14,539 --> 00:04:18,439
and there was a crowd of people that

87
00:04:16,459 --> 00:04:21,228
gathered there we wanted autographs and

88
00:04:18,439 --> 00:04:22,819
and I just waited for the people to

89
00:04:21,228 --> 00:04:24,349
leave with their autographs and then I

90
00:04:22,819 --> 00:04:26,689
started to have my conversation with

91
00:04:24,350 --> 00:04:29,600
Eric and we talked for an hour because

92
00:04:26,689 --> 00:04:32,350
I've wanted to have you know his view on

93
00:04:29,600 --> 00:04:36,320
my theory of everything that I had an

94
00:04:32,350 --> 00:04:39,229
extreme you know and then yeah so this

95
00:04:36,319 --> 00:04:40,759
is how we became friends and he's

96
00:04:39,228 --> 00:04:43,129
actually the reason why I started all of

97
00:04:40,759 --> 00:04:44,750
this why I started to work as a

98
00:04:43,129 --> 00:04:47,149
journalist as a professional TV

99
00:04:44,750 --> 00:04:48,560
journalist because I thought that there

100
00:04:47,149 --> 00:04:51,019

are so many things which are so

101

00:04:48,560 --> 00:04:53,209

important for mankind and that we never

102

00:04:51,019 --> 00:04:56,299

hear anything about in television so you

103

00:04:53,209 --> 00:04:59,209

know once you understand that it's real

104

00:04:56,300 --> 00:05:01,340

that we are being visited and it's not

105

00:04:59,209 --> 00:05:04,339

just UFOs it's not just mix for

106

00:05:01,339 --> 00:05:06,679

terrestrials you know there are so much

107

00:05:04,339 --> 00:05:10,788

more important aspects to our reality

108

00:05:06,680 --> 00:05:12,949

than we are aware of you know that

109

00:05:10,788 --> 00:05:17,209

completely changes your whole perception

110

00:05:12,949 --> 00:05:19,129

of reality changes everything and it

111

00:05:17,209 --> 00:05:22,310

could change and transform the society

112

00:05:19,129 --> 00:05:25,490

and it could make this planet a

113

00:05:22,310 --> 00:05:27,620

habitable place and a nice place to live

114

00:05:25,490 --> 00:05:29,810

you know a place where I would live

115
00:05:27,620 --> 00:05:31,908
where I would like to live where you

116
00:05:29,810 --> 00:05:34,189
know where everybody would live in in

117
00:05:31,908 --> 00:05:37,219
peace together respecting each other and

118
00:05:34,189 --> 00:05:42,139
especially being aware of certain

119
00:05:37,220 --> 00:05:44,870
principles in the universe which apply

120
00:05:42,139 --> 00:05:47,300
to everybody to to every plant store

121
00:05:44,870 --> 00:05:51,709
every human being to everything you know

122
00:05:47,300 --> 00:05:54,199
and I'm talking about especially you

123
00:05:51,709 --> 00:05:58,638
know what's what I'm most interested in

124
00:05:54,199 --> 00:06:01,639
is is mind over matter okay because the

125
00:05:58,639 --> 00:06:04,699
potential of the human being exactly the

126
00:06:01,639 --> 00:06:07,340
potential it is my conviction that the

127
00:06:04,699 --> 00:06:10,699
human potential is only limited by your

128
00:06:07,339 --> 00:06:12,709
power of imagination if you talk to

129
00:06:10,699 --> 00:06:14,210
people about UFOs who have never heard

130
00:06:12,709 --> 00:06:16,158
about you for us and especially in

131
00:06:14,209 --> 00:06:18,589
Germany people don't know anything about

132
00:06:16,158 --> 00:06:21,889
this because there is no there is no

133
00:06:18,589 --> 00:06:23,939
official statement on UFOs you those

134
00:06:21,889 --> 00:06:25,860
don't exist for the German government

135
00:06:23,939 --> 00:06:28,589
just absolutely no you know great

136
00:06:25,860 --> 00:06:31,110
britain you have files and and you know

137
00:06:28,589 --> 00:06:33,089
the UFO subject has been dealt with in

138
00:06:31,110 --> 00:06:35,040
18 countries by the military but in

139
00:06:33,089 --> 00:06:38,369
germany you know they feel like oh man

140
00:06:35,040 --> 00:06:40,170
zero so so if you talk about subjects

141
00:06:38,370 --> 00:06:41,730
like this you know the first or the last

142
00:06:40,170 --> 00:06:44,750
thing that people will tell you after

143

00:06:41,730 --> 00:06:47,700
you will have told them all the facts

144
00:06:44,750 --> 00:06:50,610
they will tell you know I can't imagine

145
00:06:47,699 --> 00:06:53,579
that you know and you see and that's it

146
00:06:50,610 --> 00:06:56,129
that's the limit you know that's the

147
00:06:53,579 --> 00:06:58,500
limit that you impose on yourself that

148
00:06:56,129 --> 00:07:01,079
the power of imagination because a

149
00:06:58,500 --> 00:07:03,000
hundred of hundred years ago scientists

150
00:07:01,079 --> 00:07:06,689
couldn't imagine that there were meteors

151
00:07:03,000 --> 00:07:09,839
falling on the on the surface of the

152
00:07:06,689 --> 00:07:11,850
earth from from the sky from from outer

153
00:07:09,839 --> 00:07:13,469
space and there was even I think the

154
00:07:11,850 --> 00:07:15,120
president of the National Academy of

155
00:07:13,470 --> 00:07:16,950
Sciences or the Royal Academy of

156
00:07:15,120 --> 00:07:19,649
Sciences of Great Britain who said that

157
00:07:16,949 --> 00:07:21,479

Only Fools believe that rocks can fall

158

00:07:19,649 --> 00:07:23,759

on the earth that come from outer space

159

00:07:21,480 --> 00:07:25,680

you know because it was beyond their

160

00:07:23,759 --> 00:07:28,709

limit of imagination good that's right

161

00:07:25,680 --> 00:07:32,819

that's right so we have to widen of a

162

00:07:28,709 --> 00:07:37,079

horizon of capacity to imagine because

163

00:07:32,819 --> 00:07:41,159

imagination is a creative process and it

164

00:07:37,079 --> 00:07:44,009

is very precious a very very precious

165

00:07:41,160 --> 00:07:47,790

process if you think about what is it

166

00:07:44,009 --> 00:07:49,709

that has that has really advanced that

167

00:07:47,790 --> 00:07:52,470

has really contributed to the advance

168

00:07:49,709 --> 00:07:54,449

but an involvement of mankind what is it

169

00:07:52,470 --> 00:07:56,820

you know the invention of the wheel the

170

00:07:54,449 --> 00:07:59,759

invention of the you know the steam

171

00:07:56,819 --> 00:08:01,949

engine the car the internet that has

172
00:07:59,759 --> 00:08:04,289
revolutionized the world but where did

173
00:08:01,949 --> 00:08:06,629
it all come from you know it did not

174
00:08:04,290 --> 00:08:09,120
come from the mind you know from

175
00:08:06,629 --> 00:08:11,550
experiences from thinking it all over

176
00:08:09,120 --> 00:08:14,819
again or something no it was inspiration

177
00:08:11,550 --> 00:08:18,210
it was imagination there are many

178
00:08:14,819 --> 00:08:20,490
inventors who say that they they they

179
00:08:18,209 --> 00:08:24,180
had been thinking about the composition

180
00:08:20,490 --> 00:08:26,668
of their chemical formula and they for

181
00:08:24,180 --> 00:08:30,150
for for months or years and they never

182
00:08:26,668 --> 00:08:31,939
knew how it worked and then one day they

183
00:08:30,149 --> 00:08:34,639
they had they just had this

184
00:08:31,939 --> 00:08:36,288
side under the shower while dreaming and

185
00:08:34,639 --> 00:08:38,149
they saw the formula before their eyes

186
00:08:36,288 --> 00:08:39,769
so where does that come from you know

187
00:08:38,149 --> 00:08:41,870
that's right there is something else

188
00:08:39,769 --> 00:08:43,939
something exactly and we have to William

189
00:08:41,870 --> 00:08:46,220
to be explore exactly so what are you

190
00:08:43,940 --> 00:08:49,730
current projects or what are you going

191
00:08:46,220 --> 00:08:51,500
to do next please tell us Robert well

192
00:08:49,730 --> 00:08:55,850
what we are doing what we're currently

193
00:08:51,500 --> 00:08:58,570
doing is we are producing some some sort

194
00:08:55,850 --> 00:09:01,250
of a TV Magazine TV magazine style

195
00:08:58,570 --> 00:09:04,780
internet show which is free to watch for

196
00:09:01,250 --> 00:09:07,610
everybody on Exopolitics org slash

197
00:09:04,779 --> 00:09:10,850
magazine but it's without a at the end

198
00:09:07,610 --> 00:09:12,379
magazine without e it's in German

199
00:09:10,850 --> 00:09:16,960
language only for people in Germany

200

00:09:12,379 --> 00:09:19,909
Austria and Switzerland and we report on

201
00:09:16,960 --> 00:09:22,879
those subjects in a professional manner

202
00:09:19,909 --> 00:09:24,529
because I think that many researchers

203
00:09:22,879 --> 00:09:27,070
and many people who are active in this

204
00:09:24,529 --> 00:09:29,480
field and who have very interesting

205
00:09:27,070 --> 00:09:31,700
stories to tell many interesting

206
00:09:29,480 --> 00:09:34,580
research projects they do not

207
00:09:31,700 --> 00:09:36,830
necessarily have the capacity to provide

208
00:09:34,580 --> 00:09:41,060
their information in a professional way

209
00:09:36,830 --> 00:09:44,030
so that viewers would I would see would

210
00:09:41,059 --> 00:09:47,169
respect them as a credible source just

211
00:09:44,029 --> 00:09:49,610
because they are technically not able to

212
00:09:47,169 --> 00:09:52,519
so report on it in a professional manner

213
00:09:49,610 --> 00:09:55,120
so I think that in order to in order to

214
00:09:52,519 --> 00:09:58,039

convince people or to make people aware

215

00:09:55,120 --> 00:10:00,560

that there is something else in order to

216

00:09:58,039 --> 00:10:03,589

make them accept the possibility at

217

00:10:00,559 --> 00:10:05,389

least you need to provide and to offer

218

00:10:03,590 --> 00:10:07,610

this information in a very professional

219

00:10:05,389 --> 00:10:09,949

manner just like on television and

220

00:10:07,610 --> 00:10:13,310

that's what we're trying to do and I can

221

00:10:09,950 --> 00:10:15,470

tell you it's very expensive so expense

222

00:10:13,309 --> 00:10:17,539

a very demanding time-consuming yes

223

00:10:15,470 --> 00:10:20,389

you're doing a wonderful job thing and

224

00:10:17,539 --> 00:10:23,779

I'm sure all the people is very you know

225

00:10:20,389 --> 00:10:25,429

very long for men they feel grateful and

226

00:10:23,779 --> 00:10:27,709

it's very welcome all information that

227

00:10:25,429 --> 00:10:30,229

you have done and you're doing right now

228

00:10:27,710 --> 00:10:32,450

and let me tell you your conference was

229

00:10:30,230 --> 00:10:35,480

excellent the presentation that we that

230

00:10:32,450 --> 00:10:37,430

you have it is very professional you can

231

00:10:35,480 --> 00:10:39,170

with a team of people that really helped

232

00:10:37,429 --> 00:10:41,539

into you you know and they're working

233

00:10:39,169 --> 00:10:43,669

twenty-four/seven tone hours a day seven

234

00:10:41,539 --> 00:10:44,919

days a week really impressed by your

235

00:10:43,669 --> 00:10:46,179

work Robert

236

00:10:44,919 --> 00:10:48,549

and I'm sure all the people that are

237

00:10:46,179 --> 00:10:52,449

listening to you and watch in this video

238

00:10:48,549 --> 00:10:55,240

we'll look for information so I wish you

239

00:10:52,450 --> 00:10:57,310

the best you're doing a great job do not

240

00:10:55,240 --> 00:10:59,528

touch and Aniyah you know I'm sure you

241

00:10:57,309 --> 00:11:01,809

have more people in Germany yes I

242

00:10:59,528 --> 00:11:04,000

measurement you exchange like huge team

243

00:11:01,809 --> 00:11:06,609

and this is the way it works folks so

244

00:11:04,000 --> 00:11:09,070

when you see something on YouTube coming

245

00:11:06,610 --> 00:11:11,019

from robber fly sure to remember that

246

00:11:09,070 --> 00:11:13,149

plenty of people working behind it and

247

00:11:11,019 --> 00:11:15,100

this is the guy who have planted

248

00:11:13,149 --> 00:11:17,289

experience on TV production but not only

249

00:11:15,100 --> 00:11:21,550

that he says his palm philosophy his

250

00:11:17,289 --> 00:11:23,559

worldview which is something very rich

251

00:11:21,549 --> 00:11:25,689

and deep and it's something that had

252

00:11:23,559 --> 00:11:27,278

touchy his life very personal that's

253

00:11:25,690 --> 00:11:28,810

what he's doing this that's what he's

254

00:11:27,278 --> 00:11:30,970

working hard that will he poured his

255

00:11:28,809 --> 00:11:33,638

heart into this and that's the vision

256

00:11:30,970 --> 00:11:36,519

that he had developed and it's evolving

257

00:11:33,639 --> 00:11:39,879
so final words for our audience Robert

258
00:11:36,519 --> 00:11:42,669
yes I would like to say that nothing is

259
00:11:39,879 --> 00:11:45,338
impossible that all the constraints and

260
00:11:42,669 --> 00:11:48,099
limits that exists they only exist in

261
00:11:45,339 --> 00:11:50,860
the in our heads in the mind in fact

262
00:11:48,100 --> 00:11:52,810
there are no limits whatsoever it's the

263
00:11:50,860 --> 00:11:57,370
power of imagination if you can imagine

264
00:11:52,809 --> 00:11:59,799
it you can do it and just keep the faith

265
00:11:57,370 --> 00:12:01,509
you know there are so many people the

266
00:11:59,799 --> 00:12:04,870
people who control this world they do

267
00:12:01,509 --> 00:12:06,879
this by imposing limits and imposing you

268
00:12:04,870 --> 00:12:08,948
know false images about what is possible

269
00:12:06,879 --> 00:12:11,470
and what is not possible and stuff

270
00:12:08,948 --> 00:12:14,259
forget about that you know the way we

271
00:12:11,470 --> 00:12:18,129

construct reality reality comes from

272

00:12:14,259 --> 00:12:20,649

inside ourselves from inside so if you

273

00:12:18,129 --> 00:12:23,679

want to change the world you need to

274

00:12:20,649 --> 00:12:26,049

change you need to begin from in from

275

00:12:23,679 --> 00:12:28,539

the inside need to start the change from

276

00:12:26,049 --> 00:12:31,149

within and when you when you have

277

00:12:28,539 --> 00:12:34,120

started that change from within you will

278

00:12:31,149 --> 00:12:36,039

suddenly see that you have you no longer

279

00:12:34,120 --> 00:12:38,589

have to fight for a change in the outer

280

00:12:36,039 --> 00:12:40,838

world but the change in the outer world

281

00:12:38,589 --> 00:12:43,870

that automatically come to you once you

282

00:12:40,839 --> 00:12:46,300

have changed your inner world that's a

283

00:12:43,870 --> 00:12:47,620

fantastic and beautiful message thank

284

00:12:46,299 --> 00:12:49,179

you Robert we're going to be in touch

285

00:12:47,620 --> 00:12:52,709

thank you very much ranaut I really

286

00:12:49,179 --> 00:12:52,708

appreciated okay bye thank you
