

1
00:00:00,000 --> 00:00:04,290
we need a consistency because we had

2
00:00:01,949 --> 00:00:05,759
people to kill and people to save and

3
00:00:04,290 --> 00:00:09,059
you have to be consistent when you do

4
00:00:05,759 --> 00:00:12,750
that you can't make any errors my cover

5
00:00:09,058 --> 00:00:15,480
was a toxicologist toxicologists my job

6
00:00:12,750 --> 00:00:18,240
was to attempt to recruit Soviet

7
00:00:15,480 --> 00:00:20,699
scientists this five of their country to

8
00:00:18,239 --> 00:00:22,799
come double agents and after that I

9
00:00:20,699 --> 00:00:25,230
stepped down from very high levels of

10
00:00:22,800 --> 00:00:27,330
intelligence to become the operations

11
00:00:25,230 --> 00:00:30,329
and training officer of the Department

12
00:00:27,329 --> 00:00:32,969
of Defense psychic spy you we've all had

13
00:00:30,329 --> 00:00:35,369
instances where we knew the phone with

14
00:00:32,969 --> 00:00:37,140
ring or something told us not to get in

15
00:00:35,369 --> 00:00:39,929
that plane tomorrow or whatever that

16
00:00:37,140 --> 00:00:42,689
kind of we take that particular ability

17
00:00:39,929 --> 00:00:44,969
natural ability and my job as a teacher

18
00:00:42,689 --> 00:00:48,628
is to turn it into a skill a very

19
00:00:44,969 --> 00:00:51,090
rigorous structure discipline skill well

20
00:00:48,628 --> 00:00:54,049
here in Germany you'll be back on the

21
00:00:51,090 --> 00:00:58,079
deutsche mark in one year because the

22
00:00:54,049 --> 00:01:00,780
experiment with the Euro failed ok so

23
00:00:58,079 --> 00:01:04,079
that's one thing we we firmly know that

24
00:01:00,780 --> 00:01:07,560
the Sun is going to fry us and our our

25
00:01:04,079 --> 00:01:11,310
guests is no later than 2013 a series of

26
00:01:07,560 --> 00:01:14,150
very very large solar flares that will

27
00:01:11,310 --> 00:01:17,219
cause extreme damage to human culture

28
00:01:14,150 --> 00:01:21,150
not just communication satellites and

29

00:01:17,219 --> 00:01:22,798
power grids but we're projecting upwards

30
00:01:21,150 --> 00:01:27,810
of a third of the people on the earth

31
00:01:22,799 --> 00:01:32,060
dying so we're in for some character

32
00:01:27,810 --> 00:01:35,570
building opportunities ok now diagnosis

33
00:01:32,060 --> 00:01:35,570
license you killed yourself

34
00:01:35,579 --> 00:01:39,480
what kind of question is that
