

1
00:00:15,710 --> 00:00:20,939
good afternoon my name is Dewayne

2
00:00:17,670 --> 00:00:23,220
arneson I want to give a limit adjunct

3
00:00:20,939 --> 00:00:26,879
testimony to a bob is already spoken

4
00:00:23,219 --> 00:00:28,469
about after graduated from college of

5
00:00:26,879 --> 00:00:31,649
degrees in physics and math i entered

6
00:00:28,469 --> 00:00:34,229
the air force got a commission and sir

7
00:00:31,649 --> 00:00:36,750
26 years as a communication electronics

8
00:00:34,229 --> 00:00:39,898
officer impositions all over the world

9
00:00:36,750 --> 00:00:42,480
including Vietnam my highest clearance

10
00:00:39,899 --> 00:00:46,739
that held was top-secret crypto special

11
00:00:42,479 --> 00:00:49,589
compartment information talent keel for

12
00:00:46,738 --> 00:00:53,399
those are no appearances you got to be

13
00:00:49,590 --> 00:00:57,270
almost squeaky-clean to get that back in

14
00:00:53,399 --> 00:00:59,609
nineteen sixty seven of us officer in

15
00:00:57,270 --> 00:01:01,710
charge of the communications center at

16
00:00:59,609 --> 00:01:05,010
the twenty or thirty division in Great

17
00:01:01,710 --> 00:01:07,560
Falls Montana I was also the crypto

18
00:01:05,010 --> 00:01:10,859
custodian I was a top-secret control

19
00:01:07,560 --> 00:01:13,978
officer for the religion and I pastel

20
00:01:10,859 --> 00:01:16,709
nuclear launch authenticators in March

21
00:01:13,978 --> 00:01:18,390
of that particular year I can clearly

22
00:01:16,709 --> 00:01:20,640
recall a message coming through my

23
00:01:18,390 --> 00:01:23,759
communications center which basically

24
00:01:20,640 --> 00:01:27,719
said well bob has already talked about

25
00:01:23,759 --> 00:01:31,228
that UFO did in fact shut down several

26
00:01:27,719 --> 00:01:33,780
missile silos in Montana not being a

27
00:01:31,228 --> 00:01:37,078
missile type I didn't know Oscar flight

28
00:01:33,780 --> 00:01:39,599
from echo flight so I couldn't relate to

29

00:01:37,078 --> 00:01:42,149
any of those details but the fact was

30
00:01:39,599 --> 00:01:50,819
that a missile missiles were shut down

31
00:01:42,150 --> 00:01:54,270
by them later on in mid 70s about 1975 I

32
00:01:50,819 --> 00:01:57,109
was command a radar site and main which

33
00:01:54,269 --> 00:02:01,019
was adjacent to Lauren Air Force Base

34
00:01:57,109 --> 00:02:04,680
periodically my security cop and I met

35
00:02:01,019 --> 00:02:07,379
with the sack security police and on two

36
00:02:04,680 --> 00:02:11,550
cases of I can recall distinctly they

37
00:02:07,379 --> 00:02:13,579
told us that UFOs were seen over the

38
00:02:11,550 --> 00:02:15,439
nuclear weapons storage areas

39
00:02:13,580 --> 00:02:17,930
at loring air force base which was a

40
00:02:15,439 --> 00:02:20,689
sack bomber base as some of you may well

41
00:02:17,930 --> 00:02:24,080
know I don't know what the details were

42
00:02:20,689 --> 00:02:27,319
I don't know if any nukes were damaged

43
00:02:24,080 --> 00:02:30,469

or deactivated I never saw a report on

44

00:02:27,319 --> 00:02:34,549

that so I already can't say that that is

45

00:02:30,469 --> 00:02:36,349

history after retiring from the Air

46

00:02:34,550 --> 00:02:39,530

Force I want to work for Boeing as a

47

00:02:36,349 --> 00:02:41,000

computer systems analyst Bob didn't

48

00:02:39,530 --> 00:02:44,330

mention this but one of my first

49

00:02:41,000 --> 00:02:47,509

supervisors at boyne was Robert Kaminsky

50

00:02:44,330 --> 00:02:49,760

he has since passed away he was the

51

00:02:47,509 --> 00:02:52,909

engineers selected by bowing to go out

52

00:02:49,759 --> 00:02:55,939

to investigate the UFOs that the

53

00:02:52,909 --> 00:02:57,620

missiles that were shut down he living

54

00:02:55,939 --> 00:03:00,319

close by where I lived in Washington

55

00:02:57,620 --> 00:03:02,890

estate we got together frequently on

56

00:03:00,319 --> 00:03:05,930

Saturday discuss UFOs and other topics

57

00:03:02,889 --> 00:03:07,969

and he says Arnie those things were

58
00:03:05,930 --> 00:03:11,840
perfectly clean and they did not go down

59
00:03:07,969 --> 00:03:13,639
by themselves he then went on to say

60
00:03:11,840 --> 00:03:16,599
that halfway through the investigation

61
00:03:13,639 --> 00:03:20,119
the Air Force send a message which said

62
00:03:16,599 --> 00:03:23,659
stop the investigation and do not repeat

63
00:03:20,120 --> 00:03:25,670
do not send us a report he told me that

64
00:03:23,659 --> 00:03:31,039
personally on two or three different

65
00:03:25,669 --> 00:03:35,299
occasions and no no hesitation at all in

66
00:03:31,039 --> 00:03:37,340
conclusion I studied UFOs for over 60

67
00:03:35,300 --> 00:03:40,100
years believe it or not and I am

68
00:03:37,340 --> 00:03:43,129
convinced that somebody out there is

69
00:03:40,099 --> 00:03:45,229
trying to send us a message if I know

70
00:03:43,129 --> 00:03:48,879
who they were I probably would not be

71
00:03:45,229 --> 00:03:48,879
here thanks for your time

72

00:03:52,060 --> 00:03:54,120

you
