

1
00:00:17,449 --> 00:00:24,329
it is and gentlemen good morning my name

2
00:00:21,689 --> 00:00:28,079
is Josh Homme de Burgh I am a retired

3
00:00:24,329 --> 00:00:33,349
Air Force captain during Air Force

4
00:00:28,079 --> 00:00:35,910
flight 35 32 from this to London on 28

5
00:00:33,350 --> 00:00:39,960
January 1994

6
00:00:35,909 --> 00:00:44,038
I observed with my crew a UFO in broad

7
00:00:39,960 --> 00:00:47,460
daylight near Paris we had few

8
00:00:44,039 --> 00:00:49,260
passengers on board and none of them had

9
00:00:47,460 --> 00:00:54,149
reported and that observation to the

10
00:00:49,259 --> 00:00:56,640
crew so time was 1:00 p.m. and the

11
00:00:54,149 --> 00:01:01,799
visibility was excellent with some

12
00:00:56,640 --> 00:01:05,430
altocumulus clouds that object had been

13
00:01:01,799 --> 00:01:07,620
identified initially by you Stuart who

14
00:01:05,430 --> 00:01:08,340
was in a little cockpit and by the

15
00:01:07,620 --> 00:01:11,820
co-pilot

16
00:01:08,340 --> 00:01:15,049
as a weather balloon but when I'd

17
00:01:11,819 --> 00:01:20,219
identified it it looked quite different

18
00:01:15,049 --> 00:01:24,599
in fact this UFO was in evolution and it

19
00:01:20,219 --> 00:01:28,980
looks like this with a bank angle of 45

20
00:01:24,599 --> 00:01:35,509
degrees it seemed to be a huge flying

21
00:01:28,980 --> 00:01:35,510
disc it stabilized and stopped moving

22
00:01:35,629 --> 00:01:43,319
we observe it over one minute on the

23
00:01:38,849 --> 00:01:46,709
left of our plane surprisingly totally

24
00:01:43,319 --> 00:01:52,649
stationary in the sky and it disappeared

25
00:01:46,709 --> 00:01:56,269
progressively this large object was

26
00:01:52,650 --> 00:02:00,480
below us at the altitude of 35,000 feet

27
00:01:56,269 --> 00:02:05,129
we were certain 9,000 feet at a distance

28
00:02:00,480 --> 00:02:10,679
of about 25 nautical miles the color was

29

00:02:05,129 --> 00:02:13,829
red brown with broad outlines the

30
00:02:10,679 --> 00:02:16,229
apparent diameter of this object could

31
00:02:13,830 --> 00:02:21,080
be compared to the diameter of the moon

32
00:02:16,229 --> 00:02:24,259
or the Sun that means that it was about

33
00:02:21,080 --> 00:02:28,349
1,000 feet wide

34
00:02:24,259 --> 00:02:31,949
we had no idea of the structure of the

35
00:02:28,348 --> 00:02:36,209
UFO that seemed to be embedded in a kind

36
00:02:31,949 --> 00:02:38,899
of magnetic or gravitational field with

37
00:02:36,209 --> 00:02:43,699
no lights of this war metallic structure

38
00:02:38,900 --> 00:02:47,730
which gave it a really physical pearance

39
00:02:43,699 --> 00:02:50,459
so most incredible expected is that it

40
00:02:47,729 --> 00:02:55,139
became transparent and disappeared in

41
00:02:50,459 --> 00:02:59,039
about 10 to 20 seconds my co-pilot

42
00:02:55,139 --> 00:03:01,708
chef Jared and I quickly realized that

43
00:02:59,039 --> 00:03:05,310

what we were seeing did not resemble

44

00:03:01,709 --> 00:03:09,319

anything known to us and we reported our

45

00:03:05,310 --> 00:03:12,269

sighting to Russ traffic control

46

00:03:09,318 --> 00:03:14,639

simultaneously the radar of the

47

00:03:12,269 --> 00:03:18,719

operational center of the air defense

48

00:03:14,639 --> 00:03:23,369

the coda what he stirred a 1-minute spot

49

00:03:18,719 --> 00:03:26,128

causing the track of our plane when I

50

00:03:23,370 --> 00:03:29,849

recorded the estimated position of the

51

00:03:26,128 --> 00:03:32,598

UFO on an IO nautical map I was

52

00:03:29,848 --> 00:03:37,729

surprised to realize that its position

53

00:03:32,598 --> 00:03:42,780

one knows the bars of tahini which puts

54

00:03:37,729 --> 00:03:48,988

the headquarters of the French Strategic

55

00:03:42,780 --> 00:03:51,509

Air Command this sighting has been

56

00:03:48,989 --> 00:03:54,659

studied by the French military cometa

57

00:03:51,509 --> 00:03:57,179

group under the direction of General

58

00:03:54,659 --> 00:04:00,000

Daniel 80 and with the participation of

59

00:03:57,180 --> 00:04:03,719

several honking officers of the French

60

00:04:00,000 --> 00:04:08,269

difference as well as by Japan under the

61

00:04:03,719 --> 00:04:11,989

French National Space Center yes the

62

00:04:08,269 --> 00:04:11,989

investigations determine
