Robert Fleischer, ExoMagazin.tv.

2
00:00:07,219 --> 00:00:10,779
I have a somewhat unusual question, though I put it quite seriously.

3
00:00:11,140 --> 00:00:16,539
The military has recorded unidentified flying objects in 20 countries already.

4
00:00:16,539 --> 00:00:22,118
For decades, secret files had been kept documenting these events before they were finally disclosed.

5
00:00:22,120 --> 00:00:25,839
Official government agencies are investigating UFO activities in five countries.

6
00:00:26,019 --> 00:00:30,480
My question to Mr Seibert is: Why is nobody dealing with this subject in Germany?

7
00:00:30,800 --> 00:00:36,840
And to the speaker of the ministry of defense: What would it take for Mrs von der Leyen

8
00:00:36,850 --> 00:00:41,689
to reconsider the classification of secret UFO files that possibly do exist after all.

9
00:00:43,659 --> 00:00:49,279
- Thank you for the interesting question.
We are eager to hear the answer.

10
00:00:50,939 --> 00:00:55,259
- I can't claim to be an expert in this field by any means.

11
00:00:55,259 --> 00:00:59,000
I know that a number of people spend a lot of time contemplating this subject

12
00:00:59,009 --> 00:01:05,789
and exchange their ideas on the internet. The topic is not a central focus of the German government policies,

13
00:01:05,790 --> 00:01:09,140
not even marginally.

14
00:01:09,140 --> 00:01:14,030
We don't feel that this question is any way

15
00:01:14,030 --> 00:01:19,890
of importance to the co-existence of people in Germany or around the world.

16
00:01:19,890 --> 00:01:23,390
- One could say:
"The question does not arise"?

17
00:01:23,390 --> 00:01:26,489
- But I won't.
- The ministry of defense maybe?

18
00:01:26,700 --> 00:01:33,500
- Actually, I have nothing else to add to this...

19
00:01:34,640 --> 00:01:43,040
But I..., well I am unaware of any activities or files concerning this matter.

20
00:01:43,140 --> 00:01:49,159
Excuse me if I am unable to say anything else within this setting ...

21
00:01:49,459 --> 00:01:59,159
...I really can't say anything else about it.
After all, this matter really doesn't

22
00:01:59,159 --> 00:02:02,840
lie within our responsibilities, it really doesn't.

23
00:02:04,640 --> 00:02:06,840
UFO files were published in at least 21 countries:

24
00:02:07,120 --> 00:02:08,800
Argentina, Australia, Belgium, Brazil,

25
00:02:09,020 --> 00:02:10,840
Chile, Denmark, Ecuador, Finland,
France, Great Britain, Ireland, Italy,

26
00:02:10,979 --> 00:02:13,939
Canada, Mexico, New Zealand, Peru,
Sweden, Spain, Ukraine, Uruguay, USA

27
00:02:14,280 --> 00:02:17,520
...and in Germany nobody wants to know anything about that?
