

Line by Line

This is a whopping nearly 2 Megs of Image.
It is a large file and will take some time. Thanks to Neil Morris,
a member of the Roswell Photo Interpretation Team for taking the
time to break the message down and present it in this manner. Neil
recommends you consider the letters were typed.
Resist the temptation to add more or less letters than can possibly
by there. You should be able to use the space under the lines like
a "white board", thats the idea anyway, says Morris.
