

This highway's really out there.

The Extraterrestrial Highway

A desolate desert highway. The allure of the unknown. And the possibility of that chance encounter. It's Nevada Highway 395, the newly-designated Extraterrestrial Highway that's the talk of the valley. But, since inexplicable phenomena happen randomly, we've created the ET Experience, a club and membership kit including some of the more reliable attractions along the route. So make contact. Critique the road where few have gone before. Call or write for your free ET Experience kit today. Then, get out there. (Because seeing is believing.)
