CBS COVERS ARIZONA SIGHTINGS

I just received a call from the CBS network producing the Dan Rather News on CBS tonight out of Washington DC. A courier picked up my video copy of the lights seen over Awahutukee, Arizona on March 13th. Tune in to Dan Rather tonight to see this footage and a report on the Arizona mass sightings.

Strange Universe did an excellent job last night on covering the witnesses reports and videos that we assembled in Village Labs. Many thanks to Jim Dilettoso for sharing his facilities for this segment.
