Some clarifications concerning THE THOUSAND-MAN MARCH INTO AREA 51 IN 1998:

This planned event, A Thousand-Man March Into Area 51 in 1998, has been creating a lot of interest all over. And no doubt, the interest will accelerate as the date of the event approaches. We still have about 18 months to go for the event. Inquiries are coming from such places as New Zealand, Australia, Canada, etc.

Several points have to be stressed:

- 1) the event is open to everyone
- 2) a thousand people are not going to march into the facility
- 3) there will be no bloodshed; no cause for alarm!!
- 4) the event will begin at 6 a.m., on June 6, 1998
- 5) all you have to do is just SHOW UP, it's that simple;
and practically the whole world knows where the boundary is on Groom Lake Road.
- 6) the event will not be an "anti-government" rally; it will symbolize the citizens' concern on the need for 'government accountability'.....how our hard-earned tax dollars are being used, etc.
- 7) the event will be notified way in advance to Nellis Air Force Base, Lincoln County Sheriff Dept. and Nevada Highway Patrol.
- 8) our only concern is that some rogue elements may take advantage of this event as a "diversionary" event to draw attention away from their attempt to penetrate into restricted areas by using alternative approaches into the area.....while all attention is being focused on the Groom Lake Road event.
