

# NTS Tour Suggested Itinerary

From: [campbell@ufomind.com](mailto:campbell@ufomind.com) (Glenn Campbell, Las Vegas)  
Date: Mon, 6 Jan 1997 20:18:27 -0800  
Subject: NTS Tour Suggested Itinerary

[Paul McGinnis offers these suggestions for our April Test Site tour. Unfortunately, if you're not signed up already, the tour is full. -- GC]

I'd like to visit the following places at the NTS (in order of priority), if possible:

- (1) the new Lyner Complex in Area 1, that will be used for "subcritical" (i.e., no nuclear explosion) weapons tests, a place that has caused arms control problems for the U.S.
- (2) the road loop (Buckboard Mesa Rd. and Pahute Mesa Rd.) through the remote Areas 19 & 20.
- (3) the new Big Explosives Experiment Facility (BEEF) in Area 5, where large scale conventional explosions will be studied.
- (4) It would be interesting taking NTS Road 9-01, Papoose Lake Road, to the Test Site border with Nellis Air Force Range, just to show that nothing is out there, and to counter Lazar's claims. (NOTE: this is a dirt road, which may be a problem for a bus.)
