Subject: National Archives Record Locator

[Richard Cooley writes:]

Have you discovered the new NAIL? The U.S. National Archives and Records Administration (NARA) - Archival Information Locator (NAIL).

Type in key words, i.e., UFO's, Flying Saucers, Project "Blue Book," etc. I tried Area 51 on their search engine and got some WW II stuff. Worthwhile browsing though. Apparently you can order the available photos, movies, documents, etc. listed.
