 Subject: UFO MUSEUM HAS AREA 51 SECTION

Greetings to all on the list:

A few items:

- 1) For all who want to see more info on Area 51, Groom, S-4, etc, in person, and who cannot reach Nevada, you are welcome to visit the UFO Museum in SF,CA where we have an "Area 51 Section".
- 2) We solicit contributions and/or loans of videos, photos, and other materials for our displays.
- 3) Anyone who wants to read about the curator's theories and experiences on the "Old Faithful" or Morning UFO may access <http://.ufomind.com/ufo.b/beckjord/> which, although we are told it is not maintained, still exists within the Ufomind website. (Thank you, Glenn...it was a good idea and effort.)
- 4) We would like to hear any info available on the August 1996 UFO video that two dudes from California shot of a "structured craft", copies of which reside with Chuck Clark, who may, or may not, go public with it at the Laughlin Conf. this weekend and coming week. Chuck speaks on Tues. Of course, some may jump on us for not reading all the digests, but if anyone knows of any relevant posts on this, please be so kind as to help us out by either posting them to us, or giving us the reference dates so we can dig them out.

Best regards to the list and the webmaster.

Erik
