Dear Tony:

Thank you for sending me the information from the Air Force. I read your excerpts and will visit the site in a little while.

I wanted to let you know about a section on my web site titled "Project Open Mind." ["Are Some Alien Abductions Government Mind Control Experiments?"]

It covers the very topic you mention, but brings into account information concerning the UFO phenomenon as well as some unusual military type abductions. I think you will find it interesting.

If you feel it would be beneficial to others, please pass along my web site address. Thank you very much.
