Glenn,

Gee, I don't even know where to start with this. I do urge caution, however. This person, whether he is Bill Cooper or not, certainly has demonstrated skill in using psuedo-legalese, Tough-Guy-Movie quotes and misspeling. Sentence fragments too. Clearly he is no one to be messed with.

I don't know what is the scarier thought, the claims of Bill Cooper, or that the government would let a Hee-Haw reject have access to them.

Keep an eye out for any Ryder trucks.

I'll be back.
