If you are interested in how a UFO (or a few secret government crafts) move around both our earth and our solar system, then you must get this report!!

It's called "Movement without motion." It will explain the following in depth : How a gravity generator is constructed and what the "secret" earth element necessary is, and how, by focusing the gravity envelope, a craft can repel or attract itself to or from the earth. There are also illustrations that help you understand this document.

Call (toll free) 1-888-[removed] for recorded info on how to get a copy..

I called the number. It gave even less information than the message above, but I urge everyone to call because it's FREE, and you'll be running up this guy's phone bill.

The message said to "Send a check or money order" to the address below, but IT DID NOT SAY THE AMOUNT!

Would you buy an anti-gravity manual from this man?

Hello,

I was wondering if you could do me a favor, at this link:

<http://www.ufomind.com/area51/list/1997/jul/a19-001.shtml>

It makes reference to my old (888) number and my address, would you mind removing it? At least my address.

The initial reason my (888) number didn't have the price was because I wasn't sure what I was going to sell them for.

I've long since gotten out of the "government info" selling business.

Thanks for your understand.

-Jason Wolf
