Truth or Rumor?

Could it be that the world's most well known new age disinformation agent is gettin' hitched? My never wrong sources have informed me that the entire town of Rachel is all a buzz about the news. The very people that he is slammin' with his constant one sided attacks, now he is gonna marry one of them?? (His latest lies called most of the Rachel women as fat!)

Could it be that he found a 'slim one' that would have his hand in marriage? Is it the "pretty assistant" that does all the work for him at the tacky and trashy turd like trailer that he calls a research center?

My god, if this is true, what will become of Psycho Glen's services for the disinformation-R-us department of spys and lies?

Will he have to get a real job or maybe two jobs to feed...what, four or five new mouths?

Whom will replace Psycho Glen? Could it be Sean Morton, the only person that knows more about anything than Glen?

I thought our dust covered little ferret of a supposed field researcher liked boys instead! Has Psycho Glen gone through a sex change?

Will he be getting married at Rachel or Sin city? If he plans to continue his spam-o-matic system of disinformation, does this mean that his wife to be will be in on the sham-to-mankind spew of lies? Maybe she can turn his sorry carcass around. If she was able to get Psycho Glen to go back to women (as God intended) I have a spark of hope that that his soul might be worth saving.
