Reverse Speech a new tool of communication, that is said to reveal the subconscious. I've been dabbling with it for about six months and had mixed results. I could pick up a few words, but nothing really very definitive. I felt like I was missing out on some key words, so I decided to try some upgrades to my hardware and software.

Man! What a difference! The old 8-bit sound card was replaced with a Sound Blaster 32 PnP (Plug-in and Pray) card. I also upgraded the computers speakers to a mid-line 10 amp Creative #CS120 and for software, I 'm trying the Creative Wave Studio 3.12 version. The speakers are of some disappointment, however I adapted a nice Fisher stereo headset from my metal detector, and now I'm picking up much more ! The final piece of equipment is a cassette tape recorder to record to and from. Make sure that you record away from your computer and about 5 feet away from your TV or you'll pick up some 'white noise'. I have a remote mic with a recorder on/off function. This keeps the sound byte a little cleaner.

I'll be posting my findings on sound bytes of clean recordings I've taken off the two hour special on TLC "Alien Secrets-Area 51" . I have a long list of sound bytes to reprocess (Lazar,Campbell,Sweetman,a couple of mystery figures',Freidman,Sweetmnan,Huff,Knapp...you get the idea.) and since this is a new science, that should be repeatable by others, it should pass the peer test. Also, I'll gladly help anyone that wants to do the same thing!

I'll post these with some of the setting definitions, the original text,

and then the reversal itself. Depending on the nature of the reversal, I'll post a short summary. If anyone has any suggestions on how I can improve the posting format, let me know. The reversals are of how I hear them. I won't taint them one way or the other. (Even though I know Psycho Glen is a disinformation agent, I'll let my objectiveness stay in control of my desire to 'pop him like a pimple') Hopefully, the speech reversals will provide some new insight into the key players surrounding Area 51.

Go to <http://www.reversespeech.com> for info and some Wave files.

I'll be posting the first reversals in a few days.
