I love this guy. Somebody really ought to subscribe him to the list.

It did happen, I agree, watered down technology from someone else. Given to the people of earth a bit at a time to make us pay again and again to make the fat cats at the top of the capitalist empire get richer and richer so that eventually they get global control...but what they don't realise is that once that happens the Greys will take full control from them.

This is a copy of an Email I sent around to American government branches and published in newsgroups. I ask you not to accept or reject anything you read and also take note that this information is from a very strong and reliable source. Read it, force yourself to read it all and then put together what you can in your own mind.

Dear #####,

I guess it won't matter to you that I know the truth. After all you guys think your'e so powerful in front of us little people. Well I'm not little and my sources of info are much higher than yours. From what I have found out I put together a little synopsis. Its brief in parts but at least you'll know I got you where it hurts.

History and Future.

I'm not going to bother too much with the dinosaur story except to tell you that preceding the dinosaurs an civilisation DID in fact exist but due to nuclear war they temporarily deserted the earth. The nuclear waste created

the climate that in turn mutated NORMAL looking animals like we have today, into dinosaurs. When the radiation had died down after a few million years our ancestors came back down but found that the new atmosphere was different to before and consequently they had to start a new civilisation which could live that was compatible with the new ecology. First they had to get rid of the dinosaurs ofcourse, because its not nice to have a T-Rex in your garden!

The Lord, who isn't really GOD but a being, created humans. He asked his clone workers(demon, Greys) to work for the humans but their leader Lucifer(meaning of the light/electricity/science/genetic engineering) rebelled against The Lord and said that he was made perfect and didn't want to serve imperfect humans.

Demon is an anagram of clone. Take the word CLONE the letter after C is D, the letter after L is M. Now you have CELON. Now move the E to the end and you have CLONE.

So The Greys left the Lord and fled to the moon(which is a base for them to attack us if we dont co operate) and to Earth. They said they would mislead mankind and destroy the Jews and Arabs. They travelled into the future the 20th century to carry out their task. In the mean time The Lord tried to educate humans via scripture and doctrine. To follow his word and commandments and not to be misled by the serpent(Greys).

He also created Jesus in Mary by form of a classic abduction case. Her memory of the incident was wiped and when she was realised she was pregnant, it was coined The Immaculate Conception because she was still a virgin.

A messenger of The Lord came down and told her of her son, what to name him and what he would become.

Jesus was born and a flying saucer guided 3 Kings and 3 shepards to his birthplace so that they may show worship and respect.

Jesus grew up to be a great socialist against the capitalist monopoly control of the Romans and Jews. He tried to educate people to love eachother and work for eachother. For everyone to be equal and respect eachother if they wanted to be in Heaven when the Earth's final days came.

The capitalists killed him because he was gaining support and was turning people away from thier plans. But Jesus was resurrected by a rebel alliance from the future who needed his help to save a warring planet in the early 21st century, because Jesus was the one that people waited 2000 years for to save them. He told his disciples to spread the message that he would be back.

Meanwhile the Greys had travelled to the early 20th century and had made contact with the Nazi's. They saw, due to the First World War, that the Nazi regime was a powerful and evil regime that suited their needs for worldwide domination and to mislead mankind away from their true creator. So they made a deal with the Nazi's to supply them slowly with the right technology to rule the world. Hitler started to take over parts of Europe. They were introduced to rocket technology and were introduced to Eugenics and synthetic hormones.

As the Nazi's moved into Poland the rest of Europe(England and France) waged war against Hitler and World War 2 started. The reason the Greys wanted war was so that they could abduct many humans. These people would just be declared as missing by the end of the war. Lucifer now also known as Satan, told Hitler to kill the Jews and then move towards the middle east where they would destroy the rest of the Arabs and Jews. But his was not meant to be as they couldn't move past Russia.

The Americans intervned by the end of the war and used the H-Bomb against Japan. It was the end of the war as the Nazi's didn't possess anymore power due to the fact that the Greys had now seen a better partner. The Americans.

Winston Churchill went on to say "the destiny of man is not measured by material computation. When great forces are on the move in the world, we learn we are spirits-not animals." And he said, "There is something going on in time and space, and beyond time and space, which, whether we like it or not, spells duty."

At the end of the war the Russians and Americans found saucers and all sorts of technology in the underground Nazi bases. They tried to make contact with the Greys not knowing who they really were. Two years later in 1947 they made contact. Satan(meaning evil one in Indian, Shaytan) sent some messengers who pretended to crash in Roswell, New Mexico. They made it

look like it was a crash so that they would be taken into an American base without a problem. It was a Trojan horse tactic.

Once inside the base the sole surviving Grey telepathically communicated to the officials there that they had to cooperate or be destroyed. What was the deal? The same as the Nazi deal. To take over the world and destroy the middle east. For years the Pentagon secretly worked together with the Russians to take over the world. The kept apart in the public eye by having completely different systems, Capitalist and Communist.

During the 1950's they created the misinformation act which would make people think that Greys were Aliens and aliens were just science fiction. Tons of B-movie alien films came out. Now if you said you saw an alien or UFO then you were crazy and a liar who had watched too many SCIFI films.

JFK found out the truth about what was going on and didn't like it at all. He wanted peace. During The Bay of Pigs incident The Pentagon tried to push him to war but he didn't want it. There was also the war in Vietnam at the time. Nothing to do with America at all, but the Americans went in to encourage the war to last longer so that the Greys could abduct many Vietnamese. The reason they have to abduct humans is to use a woman's womb and impregnate her for a month. This would give a Grey a soul to think with. Without any preparation in a womb a Grey would be born dead or soulless. War is good for them as many people go missing during these times and no one bothers to account for them.

JFK was killed because he was going against the plans of the CIA, Pentagon and Mafia. All of them were due to make money from the slow release of technology which would be sold to the public slowly slowly to make more money out of the people each time. They knew of JFK's plans because they used a female as an agent to have an affair with him and find out what he knows. She was a famous actress who also died.

In the late 60's man was officially sent to the moon. JFK wanted to see what the Greys were doing there, but they hadn't told the astronauts.

Before Neil Armstrong's live transmission was aired he had said to Nasa-

NASA:           Whats there?  
                  Mission Control calling Apollo 11...

Apollo11: These "Babies" are huge, Sir! Enormous!  
                  OH MY GOD! You wouldn't believe it!  
                  I'm telling you there are other spacecraft out there,  
                  Lined up on the far side of the crater edge!  
                  They're on the Moon watching us!

A certain professor, who wished to remain anonymous, was engaged in a discussion with Neil Armstrong during a NASA symposium.

Professor:       What REALLY happened out there with Apollo 11?

Armstrong:      It was incredible, of course we had always known there was a possibility, the fact is, we were warned off!(by the Aliens). There was never any question then of a space station or a moon city.

Professor:       How do you mean "warned off"?

Armstrong:      I can't go into details, except to say that their ships were far superior to ours both in size and technology - Boy, were they big!...and menacing! No, there is no question of a space station.

Professor:       But NASA had other missions after Apollo 11?

Armstrong:      Naturally - NASA was committed at that time, and couldn't risk panic on Earth. But it really was a quick scoop and back again.

When Apollo 13 went back, it was attacked on the way and had to return.

So America grew stronger and stronger, brain washing the public. The 60's revolution was when people wanted a true freedom. A form of socialism that would liberate them. They were influenced by musicians like Jimi Hendrix and Jim Morrison, who preached a spirituality that made people love each other. Most of the influences from those days died. A new era occurred after that.

In this new era people would dance like crazy to electronic sounds, stuff

themselves with junkfood, watch movies and worship actresses, actors and popstars more than they would even think about God or Jesus.

It was the start of an era of immorality, rising youth crime rates and social decline. The Greys had finally achieved their aim of misleading mankind. But they still had more to do.

Roanld Reagan commented, "In our obsession with antagonisms of the moment, we often forget how much unites all the members of humanity. Perhaps we need some common bond. I occasionally think how quickly our differences world-wide would vanish if we were facing an alien threat from an outside world. And yet, I ask, is not an alien force already among us?". Shortly after that he was somehow quickly affected by Alzheimer's disease and forgot everything.

They wanted the rest of the world too. But how were they going to do this. The US was going to support Israel during the third world war. The third world war was due to start in the year 1999. This was the year that the European single currency was going to come into affect. The currency that would destroy the economy. The shortage and disappearance of money from Europe in 1999-2001 created a social outcry and revolution started throughout Britain, France, Germany, Spain and Italy. People were angry about the loss of money and the downfall of the economy due to that. Violent protests ensued throughout Europe. Governments crippled.

We learnt that a man by the name of Nostradamus had forecast this all but people pushed it aside as science fiction. It was he who said.....

"Images of Gold and Silver,  
Victims of inflation, after the theft of prosperity,  
will be thrown into the fire in anger;  
exhausted and disturbed by the public debt paper and coin will be pulped"

.....we learnt that the Euro coins will be composed of a gold metal and a silver metal. But ignored the warnings.

The millenium bug which was created on purpose to start the war and cripple European and middle eastern defence systems, had ruined the economy and forced the upcoming war on to land and sea and prevent nuclear war.

The Middle east and some North African countries seeing the trouble in Europe saw the perfect opportunity to move in on Europe and attack them by ground and sea. There was a massive naval and land battle. And it was the beginning of the the third world war. Perfectly planned.

Europe fought back against the attack, this in affect was doing all the dirty work for The Pentagon by doing all the fighting for them. All that money that had disappeared was stolen by The Pentagon and Brussels so that after the war when they had enough control they could use that money to get assets and land to get even more control. That money also funded more arms for the war.

Israel fought against the Arabs states with secret American support. They had destroy the Arab states to get a hegemony over the middle east. It was essential to The Pentagon that the Arabs were taken away from the picture as they were an obstacle. They had released so much technology in the west during the 80's and 90's that they were now hitting a wall. The next era of technology used different forms of power. Nuclear power, anti gravity etc...This was technology that couldn't fall into hands of the Arabs as it could be used to devastating effect. The Arabs would also have been angered by the loss of oil sales to the west due to the knew technology.

China by now had to many of its own trouble because of the situation with Hong Kong. Hong Kong was taken on purpose as part of a strategy to make it Capitalist and then give it back to China before the third world war. This would have the effect of tearing through Chinese Communism and disabling a potential threat.

But the Russians who had been playing with the Americans, now moved in from the north to attack Britain and Germany. Bu the Germans co-operated with them. There was a small Nazi uprising aswell from the underground but had little affect. Russians invaded Britain.

This is where the war turned worse. It became nuclear. Britain attacked Russia. Libya, Iran and Syria had nuclear weapons all this time but not the long range rockets to disperse them far enough. So France and Italy were attacked and completely devastated. Millions died when the Earth rocked slightly on its axis due to the reverberations of the bombs, causing floods and earthquakes.

And during this time millions disappeared because the Greys were at work taking bodies again. Not just to prolong their race but they were also

starting new civilisations on virgin planets. This was interplanetary monopoly.

Now when the war got to its worst peak, when the Russians had settled in to Britain and gained control of northern Europe, The Greys and The Penatgon had formulated the plan to suddenly appear in the warring middle east where everyone was praying for the Messiah, as a massive light in the sky from which a Messiah would come to bring peace. Really this was a false Christ who came to control that area and create a slave population. From here no one would go anywhere and all would bear the symbol of control. A symbol tattooed on to their head or hands which would make them recognisable anywhere they went, so that if they tried to escape they would be sent back to this area to be killed. All the people in this area would be interbred with the Greys to create a new race. Again the Greys had achieved their goal.

Meanwhile in Europe and America(where there was also a massive revolution and economic disaster) the Generals, Government and the Russian control in Europe attempt to create a one world government excluding the area where the Greys are conducting their project to create a new race. In this new world people would work like slaves, having nothing, paying everything. But little did they know that the Greys would come after them too.

And so ends the story.

And what happened to Jesus? He was still to come, but it was upto the people to fight for their rights first by co-operating and forgetting their differences. Uniting together and fighting for freedom.
