That's right, boys and girls, it's time once again for your favorite game and mine, Let's Make Fun Of Idiots!

>>On one of the last mailing lists this person brung up the Nellis Airshow and

I'm so glad he brug it up. If he hadn't brug it up, who would have?

>>he said that their might be two black projects there the b-2 and f-22

Umm....isn't a black project one that nobody knows about? Um...the B-2's are sort of operational, I think, and the F-22 is soon to be (already has been?) put into production.

>>prototype. He left a URL for the official web page and I went there.

Hey! An Official Black Projects Web Page! It probably has links to the What Really Happened at Roswell Homepage set up by our freinds at the CIA!!!

>>where I noticed that you could send Nellis AFB E-mail, so I decided to. I >>said that since MJ-12 will probably tell truth on UFOs soon that they could

MJ-12?????? Who or what is MJ-12 and why would people listen to his 'truth' about UFOs??

>>help by showing us black projects so we would get used to aliens and their >>technology. Any way I told them they should have the Black Manta and the

Blakc projects such as the B-2 and the F-22, I guess. I knew they were driven by tachyon pulse engines! It also explains the plasma weapons they're carrying!! Oh, yeah...what's the Black Manta? Sounds suspiciously like an old computer game I saw once....

>>Aurora there or at least fly the Aurora over the air show and they responded >>to me that THEY WOULD CONSIDER IT!!!!!!!!!!!!!!!

Did they really respond, or was it your alien freinds in the B-2 squadron?

>>
>> X FILE1055

As to "X FILE1055": I smell bandwagon!

Ahhhh....sweet sarcasm.....
