-----  
Site Security Manager TRW Security Operations

Job Number: 150852

TRW Security Operations

Fairfax, VA

USA

Site Security Manager

As a Site Security Manager, you will provide overall security support to a TRW contract in Las Vegas and will report to the SIG Group Director of Security and the TRW Site General Manager (Las Vegas, Nevada).

Responsibilities include: working with the DOE customer, associate contractors and technical representatives in determining DOE security safeguards requirements and physical security systems adequate for the protection of project facilities; establishing policies and procedures necessary to assure the protection of company and project (GFE) assets including personnel and technology; establishing and maintaining liaison with local law enforcement and emergency assistance officials in the planning for emergency contingencies; design and implement an accountability system for the control and disposition of sensitive materials and substances; responding to emergencies, incidents and complaints of security concern; preparing comprehensive written reports based on investigative safeguards and security requirements; acting as staff advisory to the TRW Site General Manager on security matters; and performing other security responsibilities as directed.

Requirements include: Bachelors degree in Industrial Security or Criminal Justice; minimum of 10 years of related security experience; and specific experience in DOE Security and Safeguards, Electronic Systems and Investigative Security. Three years experience in a comparable professional security position is desired.

Please send your resume and salary requirements to:  
Mail: TRW Security Operations, 12900 Federal Systems Park  
Drive, Fairfax, VA 22033-4411  
Fax: (703) 803-5630
