They sure are still being sold at the pentagon- and they're going big items
at "dress down" casual days at DARPA in Arlington and NSA at Fort Meade.
For a few weeks late last year Area 51 posters were hot at the National
Recon Office (including some stamped CLASSIFIED- TALENT/KEYHOLE - for good
reason!) and NPIC, though they were soon outlawed.

I'm surprised no one's reported on this phenomenon earlier!
