 Subject: Volunteers needed to add A51 messages to Ufomind

There have been a lot of useful messages on this mailing list lately, all of which are permanently preserved at www.ufomind.com/area51/list. However, these messages still need to be linked to the appropriate index pages on Ufomind. For example, messages regarding Philip Corso should be linked to the Corso page at www.ufomind.com/ufo/people/c/corso. A message regarding Basecamp should be linked to www.ufomind.com/area51/org/basecamp/, etc.

Anyone can do this. Just visit the mailing list archive and get the URL for an interesting message, then add it as a link to the appropriate index page (sometimes two index pages).

Volunteers are needed to look through past messages to make sure they are linked to the appropriate index pages. About half of the messages contain no significant data and don't need to be indexed, but the other half contain data or commentary that we want to remember.

If you are interested, just send me an email saying what range of messages you plan to handle (say, April 1997), then just go ahead and do it. Then let me know when you are done, so I can check that section off.

You can see the Corso (www.ufomind.com/ufo/people/c/corso) and Marrs pages (www.ufomind.com/ufo/people/m/marrs) for examples of mailing list messages linked to ufologist pages.

A few weeks from now, I hope to have a system in place to automatically link new mailing list messages to the appropriate index pages, but for now messages must be linked manually.

Glenn
